The Center for Inclusive Excellence and Global Engagement (CIEGE) is a student-centered campus hub in the lower level of the Powell Student Center. Through programming, mentorship, and co-curricular engagement, the CIEGE works to celebrate, affirm, support, and provide a sense of belonging for students at Eastern Kentucky University. CIEGE imagines and supports a campus environment where students will be inclusive thinkers that are confident, responsible, global minded with a strong sense of belonging from admission to graduation and beyond. The CIEGE promotes life-long learning and global citizenship by providing programs, workshops, study groups, panel discussions and events that celebrate our diverse community.
