## Online Academic Programs E-Campus Learning

Eastern Kentucky University offers students the opportunity to earn a variety of degrees and/or certificates through EKU Online. These

are well established EKU academic programs provided through online interactions, discussion boards, and engaging interactive and multi-media learning methodologies.

While the EKU Online student will have a program coordinator through the academic department offering their desired degree/certificate, EKU's Office of e-Campus Learning serves as the primary contact for admission, financial aid, registration, degree audit, and general advising questions; centralizing all student services crucial to the distance-learning student. More information can be found at [www.ekuonline.eku.edu](http://www.ekuonline.eku.edu) (<http://www.ekuonline.eku.edu>)

## EKU Graduate Certificates and Professional Certification/Endorsement Programs

### EKU University Level Certificates

These certificates are awarded by the University, and students receive a formal certificate produced in the same manner as a degree diploma. Students completing these programs must apply for graduation and are assessed a graduation fee. Students earning only certificates do not receive caps and gowns and do not participate in the commencement ceremony. The university graduation fee partially offsets the production and mailing of diplomas and certificates. The University absorbs cap and gown costs for degree earners. Application deadlines for completing university certificates follow the same time line as degree graduation.
