Notifications

All statements in this publication are announcements of present policy only and are subject to change without prior notice. Nothing contained in this publication is intended to create nor shall be construed as creating a contract, either express or implied, or guarantee for any term or for any specific procedures.

Eastern Kentucky University is an Equal Opportunity/Affirmative Action employer and educational institution and does not discriminate on the basis of age, race, color, religion, sex, sexual orientation, disability, national origin or Vietnam era or other veteran status in the admission to, or participation in, any educational program or activity which it conducts. Any complaint arising by reason of alleged discrimination should be directed to the Equal Opportunity Office of Eastern Kentucky University (Jones Building, Room 106, CPO 37A, Richmond, KY 40475-3102, 859-622-8020 v/tdd), or to the Director of the Office for Civil Rights, U.S. Department of Education, Philadelphia, PA.

The Board of Regents of Eastern Kentucky University does hereby reaffirm the University’s commitment to providing educational opportunities to all qualified students regardless of economic or social status and ensuring that participation in all University sponsored activities will be administered in a way that furthers the principles of equal employment and educational opportunities.

Eastern Kentucky University does not discriminate on the basis of disability in the admission or access to educational opportunities, programs or activities. The Director of Services for Individuals with Disabilities, Turley House, Room 1, Eastern Kentucky University, Richmond, Kentucky 40475, coordinates compliance with all federal, state and local laws and regulations concerning access for disabled individuals. Requests for information concerning the Americans with Disabilities Act and other federal and state laws relating to disabilities and the rights provided thereunder, as well as all requests for accommodations based upon disability should be directed to this office.

Eastern Kentucky University is committed to providing a healthy and safe environment for its students, faculty and staff through its compliance with the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendment of 1989. In accordance with these laws, students, faculty and staff are hereby notified of the standards of conduct which shall be applicable while on University property, on University business or at University sponsored activities.

By University rules and regulations, federal laws, state laws, and local ordinances, students, faculty and staff are prohibited from the unlawful possession, use, dispensation, distribution, or manufacture of illicit drugs on University property, on University business and/or at University sponsored activities.

Any member of the student body, faculty or staff who violates the University’s standards of conduct shall be subject to appropriate disciplinary action up to and including expulsion and/or termination. In addition to disciplinary sanctions, students or employees may face prosecution and imprisonment under federal and/or state laws which make such acts felony or misdemeanor crimes. The specifically defined standards of conduct, the disciplinary procedures and possible sanctions appear in the Student Handbook and the Faculty Handbook.

Expulsion of a students is permanent separation and removal from the University. The sanction of expulsion must be approved by the University president or the president’s designee; it requires a student to be withdrawn from all classes, suspended from the residence halls or graduate housing (if applicable), banned from all University facilities (and subject to arrest for trespassing), rendered ineligible to register for any University class, and prohibited from participating in University activities. The student’s transcript will indicate that the student was withdrawn by the University.

Continuous efforts are made to make students, faculty and staff aware of the on-campus and off-campus programs which provide information and professional services on matters related to the abuse of alcohol and drugs. For additional information individuals should contact the Eastern Kentucky University Counseling Center.

Federal Regulations

(as amended)
PUBLIC LAW 93-380

This is to serve notice to all students of Eastern Kentucky University of the rights and restrictions regarding the maintenance, inspection, and release of student records contained in the Family Educational Rights and Privacy Act of 1974 (FERPA), as amended. The University is composed of five colleges and offers a wide variety of services to students. Each college and service requires the maintenance of some records concerning students enrolled in a particular college or participating in a nonacademic service. The location and type of record maintained by the University depends upon the field of study or service in which the student is enrolled. The following is a list of the types of records maintained by the University for students:

1. Grade reports
2. Transcripts
3. Curriculum information
4. Applications for graduation
5. Correspondence with students, if any
6. Withdrawal records, if applicable
7. Admission forms
8. ACT test scores
9. Student teacher evaluations, if applicable
10. Letters of recommendation, if applicable
11. Nominations for awards if applicable
12. Biographical data
13. Evaluation forms, if applicable
14. Weekly student teacher logs, if applicable
15. Mid-term evaluation, if applicable
16. Records of school visitations, if applicable
17. Physical education requirement waivers
18. Field training evaluations and correspondence, if applicable
19. Professional conduct agreements and liability insurance coverage
20. Disciplinary Records

1. Access to Records: In general, the records maintained by the University are available only to the student, to University personnel with legitimate educational interests, to other institutions where the student is seeking financial aid, and to authorized representatives of the Comptroller General of the U.S., the Secretary of Education, or an administrative head of an education agency, in connection with an audit or evaluation of federally support programs, and as provided by Section 164.283 of the Kentucky Revised Statutes. However, information may be released by the institution to appropriate persons in connection with an emergency if the knowledge of such information is necessary to protect the health or safety of a student or other persons. Records may also be furnished in compliance with a judicial order or pursuant to a subpoena or with the consent of the student.

Students may inspect and review all records pertaining to them within forty-five (45) days of making request for same, except for (1) records created or maintained by a physician, psychiatrist, psychologist or other recognized professional or paraprofessional acting or assisting in a professional capacity in connection with treatment of the student (except that the student may have these records reviewed by a physician or appropriate professional designated by the student.), (2) financial records of the student’s parents, (3) confidential letters and recommendations put in the files prior to January 1, 1975, and (4) confidential recommendations relating to admission, applications for employment, or honors, if the student has waived his/her right to review such records. Where a particular record cannot be reviewed by a student without revealing confidential information relating to other students, the records custodian will inform the student, upon request, of the contents of the record pertaining to that student.

Parents who claim a student as a dependent may present their federal tax declaration, in lieu of having the student’s written consent, to gain access to information concerning their children’s grades.

2. Disciplinary Records: Disciplinary records are defined as those records (maintained in any format) which relate exclusively to violations of University General Regulations Governing Student Behavior which have been adjudicated through the office of Student Rights and Responsibilities. Complaints to the Office of Student Rights and Responsibilities which have been dismissed or withdrawn are not considered disciplinary records. A student disciplinary record includes and is limited to: 1) violation report, 2) student notification letter, 3) sanction sheet, 4) notice of hearing, 5) students right form, 6) roll call of hearing participants in any hearing, 7) documents presented as evidence during any hearing, 8) record of Student Disciplinary Council hearing; 9) appeal letter with accompanying documents; and 10) final disposition of appeal.

3. Directory Information: The University may release information without the student’s consent where the information is classified as “directory information.” The following categories of information have been designated by the University as directory information: name, address (excluding EKU residence hall room number), telephone listing (excluding cell phone), email address, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, academic level (undergraduate or graduate), academic class (freshman, sophomore, junior, or senior), dates of attendance, enrollment status, degrees and awards received, student photo or likeness, and the most recent previous education institution attended by the student. The University may release information without the student’s consent where the information is necessary to protect the health or safety of a student or other persons. Records may also be furnished in compliance with a judicial order or pursuant to a subpoena or with the consent of the student.

Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write the University official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

4. Notification of Rights Under FERPA for Postsecondary Institutions: The Family Educational Rights and Privacy affords students certain rights with respect to their education records. All EKU students are informed of their FERPA rights each year during the fall term through an email notification sent to their official EKU email address. Each student’s FERPA rights are:

(1) The right to inspect and review the student’s education records within 45 days of the day the University receives a request for access. Students should submit to the registrar, dean, head of the academic department, or other appropriate official, written requests that identify the record(s) they wish to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

(2) The right to request the amendment of the student’s education records that the student believes are inaccurate or misleading.

Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write the University official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.
If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate education interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the University discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

(4) The right to file a complaint with the U.S. Department of Education concerning allege failures by the University to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are: Family Policy Compliance Office, U.S. Department of Education, 600 Independence Avenue SW, Washington, DC 20202-4605.

5. Procedures for Challenge: A student who believes that any record maintained by the University pertaining directly to that student is inaccurate, misleading, or otherwise violative of the right of privacy of the student as provided by Title IV of Pub. L. 90-247, as amended, and Publ. L. 93-380 as amended by Senate Joint Resolution 40 (1974) may request a hearing before a panel of three persons appointed by the President of the University. The panel may direct that appropriate action be taken to correct, explain, or expunge the record(s) challenged.

Request for hearings should be addressed to the Office of University Counsel, Eastern Kentucky University, Coates Room 205, CPO 40A, 521 Lancaster Avenue, Richmond, Kentucky 40475-3102.

Student Right-To-Know Act
(Pub. L. 101-542)
Eastern Kentucky University
1999-2000

Section 103 of the Student Right-To-Know and Campus Security Act of 1990 (Public Law 101-542) as amended by the Higher Education Technical Amendments of 1991 (Public Law 102-26) requires public disclosure of relevant graduation rate information for students enrolled in colleges and universities receiving federal financial assistance annually beginning July 1, 1993. Graduation rate information is published each year in the University Handbook for Students or may be obtained upon request from the Office of the Provost and Vice President for Academic Affairs, Coates Administration Building, Room 110, CPO 30A, 521 Lancaster Avenue, Richmond, Kentucky 40475-3102.
Introduction

Eastern Kentucky University is a regional, coeducational, public institution of higher education offering general and liberal arts programs, pre-professional and professional training in education and various other fields at both the undergraduate and graduate levels. Located in Richmond, Madison County, Kentucky, Eastern Kentucky University has a distinguished record of more than a century of educational service to the Commonwealth.

Situated near the heart of the Bluegrass, Richmond is served by a network of major highways which makes Eastern Kentucky University easily accessible from all parts of Kentucky and surrounding states. Richmond is 26 miles southeast of Lexington, Kentucky. Interstate Highways 1-75 (north-south) and I-64 (east-west) make the metropolitan areas of Cincinnati, 112 miles to the north, and Louisville, 110 miles to the west, within convenient distance by automobile. Richmond is also served by U.S. Route 25 from south Eastern Kentucky and Kentucky Route 52 from the east and west. The Kentucky Turnpike and the Mountain, Hal Rogers, and Cumberland Parkways provide even greater accessibility by automobile since the city is located near the convergence of these arterial highways into the interstate system.

Richmond, the county seat of Madison County, is an expanding community of approximately 30,000 population.

In and around Richmond are many areas of historic and scenic interest. Boonesborough State Park, birthplace of Kentucky, is located 12 miles to the north. Many other historical places are within easy driving distance. Scenic and recreational areas surround this section of the state.

History

The Kentucky General Assembly of 1906 enacted legislation establishing the Eastern Kentucky State Normal School. Governor J. C. Beckham signed the bill into law on March 21, 1906. On May 7 of that year, the Normal School Commission, meeting in Louisville, selected the campus of the old Central University, founded in 1874, in Richmond, Kentucky, as the site of the new school. On June 2, 1908, Ruric Nevel Roark was chosen President of the Normal School and the training of teachers was begun.

In 1922, Eastern Kentucky University became a four-year institution known as the Eastern Kentucky State Normal School and Teachers College. The first degrees were awarded by this institution in 1925. In 1928, the College was accredited by the Southern Association of Colleges and Secondary Schools. In 1930, the General Assembly renamed the school the Eastern Kentucky State Teachers College.

In 1935, a graduate program was approved at Eastern, leading to the Master of Arts degree in Education. In 1948, the General Assembly removed the word “Teachers” from the name of the college and granted the college the right to award nonprofessional degrees.

The most significant day since its founding came for Eastern on February 26, 1966, when Governor Edward T. Breathitt signed into law a bill renaming the institution Eastern Kentucky University (EKU) and sanctioning the awarding of graduate degrees in academic fields other than education.

During this period of time, Eastern Kentucky University has increased rapidly in size and stature. Beginning with a few students engaged in short review and certificate courses, the University today serves thousands of Kentuckians. The curriculum leads to associate degrees, baccalaureate degrees, and an expanding graduate program that currently offers degrees at the master’s level in many other fields as well as the already well-established Master of Arts degree in Education and the various fifth- and sixth-year leadership programs in education. Specialist degree programs have been implemented in education and psychology.

In 2008, EKU offered its first doctoral degree, the Doctor of Education (Ed.D.). Since that time, EKU also offers the Doctor of Nursing Practice (DNP) and the Occupational Therapy Doctorate (OTD).

Ever-mindful of the purpose of its founding, Eastern continues to recognize its historic function of preparing quality teachers for the elementary and secondary schools of the Commonwealth. However, a strong liberal arts curriculum leading to appropriate degrees, together with pre-professional courses in several areas and graduate programs, enable Eastern to serve the Commonwealth as a regional comprehensive university.

Mission Statement

As a comprehensive public institution, Eastern Kentucky University prepares students to lead productive, responsible, and enriched lives. To accomplish this mission, the University emphasizes:

1. Student Success,
2. Regional Stewardship, and
3. Critical and Creative Thinking and Effective Communication.

Core Values

Since its inception in 1874, Eastern Kentucky University (then known as Central University) has been driven by core values. Although its mission has evolved and expanded to meet the changing needs of citizens of the Commonwealth (and increasingly other places in the world), core values are still an integral part of the University community. Values are the code of organizational conduct. They guide decision-making in all parts of the University. They direct our actions and must inspire all of us in the EKU community to be true to them. The EKU community is committed to embodying these values in our policies and procedures in our day-to-day activities to accomplish our mission and achieve our vision. EKU has been and will continue to be guided by the following values when planning strategies and implementing decisions regarding the University community’s teaching, scholarly, and service activities.

Civic Responsibility and Civility

We believe that it is the duty of Eastern Kentucky University to deliver to our students an understanding of how the knowledge taught to them can benefit the citizens of southeastern Kentucky, the Commonwealth of Kentucky, the nation, and the world. Civic responsibility is a value that will show those who acquire it how to influence democratic decision-making and to reap the rewards of participatory democracy and active citizenship. At the heart of civic responsibility lies another value: civility. The University community strives to propagate the understanding and practice of civility in public discourse and social life by encouraging the adoption of techniques of democratic conflict resolution that rely on reason and public debate rather than on violence and aggression.
Diversity and Dignity

Members of the EKU community expect one another to adopt high moral principles and professional standards both inside and outside of the university setting. We hold ourselves to the responsibility of dignity as exemplified by a proper sense of pride and self-respect in fulfilling the University’s mission. We honor and pursue a university community climate that respects and celebrates the diversity of peoples and seeks to embrace all individuals and prohibits judgments based on race, ethnicity, religion, socioeconomic status, gender, sexual orientation, and physical disabilities.

Excellence and Innovation

Achievement of high standards can only be attained through ongoing assessment and continuous improvement. The promotion of academic excellence is the foundation for institutional excellence and vice versa. An environment that fosters innovation at all levels and rewards creativity is critical to the success of the University and its population.

Opportunity and Access

The EKU community is dedicated to the idea that its history and tradition are embedded in Appalachian values, foremost of which are the belief in the sovereignty and uniqueness of the individual and the belief that a university education is of great value and should be available to anyone who wants to pursue it.

Shared Governance and Collaboration

The EKU community accepts as true that leadership characterized by vision and embedded with participatory decision-making at all levels is the emblem of an effective university. We are committed to providing an atmosphere in which we pursue our joint aspirations in the spirit and practice of collegiality and collaboration at all levels of the organization.

Student Success

The EKU community acknowledges that its students, faculty, staff and alumni are the source of its strength: They determine the spirit, eminence, and efficacy of the institution. The future of EKU directly hinges on the success of its students, so our most central core value is “student success” — in the classroom, at work, and on the world stage where students will represent the collective efforts of the EKU community.

Vision

The vision expresses the principal ideal to which the University aspires and toward which it continually works. This vision statement for the 2011-2015 University Strategic Plan was developed after gathering input from external and internal constituents, including top-down and bottom-up perspectives of EKU’s future.

Eastern Kentucky University will be an accessible, nurturing, and academically rigorous center of learning and scholarship that transforms lives and communities and enables them to adapt and succeed in a dynamic, global society.

Institutional Goals

Eastern Kentucky University’s institutional goals give substance to our core values, vision statement, and mission statement. The goals impact all facets of university life, and accomplishment of them will help Eastern to become a leading comprehensive university in the Commonwealth with a national reputation for excellence. (These goals are not listed in any particular order or suggested priority as accomplishment of each one is a necessary step toward the successful achievement of our vision and fulfillment of our mission.)

- Maximize student success.
- Build and sustain the University’s capacity for excellence.
- Create and maintain an inclusive, equitable, and diverse environment.
- Collaborate with the University’s regional community partners to promote academic achievement, economic development, and quality of life.

Strategic Directions

2011-2015 Planning Cycle

To direct the University’s actions toward achieving the Vision, to support the University’s Mission and Institutional Goals, and to function effectively within an environment of challenges and opportunities, Eastern Kentucky University has selected the following Strategic Directions for the 2011-2015 Strategic Plan. These Directions serve to focus our work to realize our Goals and will guide us over the next four years. (Please note: the Goals and Strategic Directions are not listed in any particular order or suggested priority.)

Goal 1: Maximize student success.

Strategic Direction 1.1: Emphasize and improve critical and creative thinking and effective communication on the part of students.

Strategic Direction 1.2: Improve student recruitment, retention, graduation, and career transitions.

Strategic Direction 1.3: Expand student opportunities for engagement, leadership, and scholarship.

Strategic Direction 1.4: Demonstrate faculty excellence in teaching and scholarship, staff excellence in support of academics and student services, and student excellence in academic achievement.

Goal 2: Build and sustain the University’s capacity for excellence.

Strategic Direction 2.1: Improve financial capacity and flexibility to support strategic priorities while ensuring transparency and accountability.

Strategic Direction 2.2: Reach and maintain salary equity with benchmark and comparable institutions.

Strategic Direction 2.3: Support and increase online and regional-campus enrollments and programs.
Strategic Direction 2.4: Improve the University’s environmental impact and the quality and maintenance of University facilities.

Strategic Direction 2.5: Increase support for professional development, service, scholarly activity, and external funding pursuits in order to improve teaching, service, and scholarship.

Strategic Direction 2.6: Increase support for staff for professional development, focused training, and recognition for service excellence to improve performance on behalf of academics and student services.

Goal 3: Create and maintain an inclusive, equitable, and diverse environment.

Strategic Direction 3.1: Improve recruitment and retention of diverse students, faculty, staff, and University administrators.

Strategic Direction 3.2: Build a climate of respect for diversity, inclusion, and equity, including the enhancement of multicultural and international experiences.

Goal 4: Collaborate with the University’s regional community partners to promote academic achievement, economic development, and quality of life.

Strategic Direction 4.1: Provide guidance, assistance, and curriculum expertise for P-12 schools in order to increase the motivation of the region’s elementary and secondary students and working adults in seeking post-secondary education, and to increase their success in earning a college degree.

Strategic Direction 4.2: Collaborate with regional partners to improve health, economic development, research and development, cultural opportunities, and environmental sustainability.
SECTION TWO

Admission and Residency
ADMISSION TO THE UNIVERSITY

GENERAL REQUIREMENTS FOR UNDERGRADUATE ADMISSION

All applicants must provide an application and evidence of appropriate scholastic achievement through prior educational experience.

Please note that certain degree programs have special admission requirements. Admission to the University does not mean automatic admission to all degree programs.

The completed application and all required supporting documentation must be received by the University no later than:
- August 1 for fall enrollment
- December 1 for spring enrollment
- May 1 for summer enrollment

To apply for undergraduate admission to Eastern Kentucky University (EKU), submit completed application materials noted below and the $35 application fee to: Office of Admissions, Whitlock Bldg. 112, CPO 54, 521 Lancaster Avenue, Eastern Kentucky University, Richmond, KY 40475-3154.

ADMISSION REQUIREMENTS FOR FIRST-TIME FRESHMEN

FULL ADMISSION

Students who meet the following criteria will be granted full admission to the University:

Have graduated from an accredited high school earning a minimum cumulative high school grade point average of 2.5 on a 4.0 scale.1

OR

Have submitted a minimum ACT composite score of 20 or SAT combined verbal/critical reading score of 950 or higher.2

AND

Meet the Kentucky Pre-College Curriculum

AND

Have submitted an official six-semester high school transcript, or a General Equivalency Diploma (GED), or documentation indicating completion of an EKU approved home-school or distance learning high school program.3

1 All students must submit official test scores at the time of application.
2 Adult Learners (21 years of age or older) may use Residual ACT, Compass Test, or University Placement Exam results in place of ACT or SAT scores.
3 Students must submit final high school transcripts that show graduation.

DIRECTED ADMISSION

Students who meet the criteria for full admission and have ACT (or equivalent SAT) subject scores below 18 in English or 20 in reading, or are missing Pre-College Curriculum requirements, will be granted admission to the University in this category.

SUCCESS FIRST ADMISSION

Students who do not meet the specified criteria for full or directed admission and have a high school GPA of 2.0 on a 4.0 scale may be granted admission to the University through the Success First Initiative. Students will be admitted to associate level programs initially until they demonstrate academic success. Refer to Success First Initiatives on page 43 in the College Readiness section for further details.

NOTE: All admitted students must meet the state-mandated college readiness standards for all subjects prior to registering for classes, or they must enroll in required preparatory coursework beginning their first academic semester.

ADMISSION ON APPEAL

Students who apply but are denied admission to the University may submit a written appeal to the Admissions Appeals Committee.

The committee will carefully consider all aspects of the applicant’s situation, including academic record and desire to attend EKU, as presented in the appeal request.

If granted admission by the committee, students will partner with an academic success coach and sign a Student Success Agreement specifying academic expectations and requirements for remaining enrolled at the University.

The admissions appeal form and information regarding the appeals process can be found on the EKU Admissions website or in the Office of Admissions. For more information regarding the Student Success Agreement, see page xx of the catalog.

FIRST STEPS TO COLLEGE SUCCESS

Refer to the Developmental Education and College Readiness section on page 43.

REQUIREMENTS FOR INTERNATIONAL STUDENTS

International applicants must also submit:

(1) International application for admission and application fee.
(2) TOEFL Scores-minimum requirement 500 (paper based), 173 (computer based), or 61 (internet based) OR Official IELTS Scores- must have at least 5.0 in all categories and 5.0 overall. Eastern Kentucky University English Language Program Level 7 will take the place of TOEFL Scores only if completed at Eastern Kentucky University. English 101 and 102 with a minimum grade of a C at an equally accredited institution. ACT sub-scores of an 18 in English or 18 in Reading OR SAT sub-score of 470 in Critical Reading, or 430 in Writing will also be sufficient to meet the English Language Requirement.
(3) Declaration and Certification of Finances and a supporting bank letter, showing financial support to attend Eastern
To be admitted as a transfer student, you must:

1. Submit an official transcript from each regionally accredited institution you have attended. Eastern Kentucky University does not accept credits from institutions that are not regionally accredited. Note that the transcript must be sent from the student’s institution to Eastern Kentucky University’s Office of Admissions. Hand-carried transcripts will not be accepted.

2. Have a 2.0 grade point average (GPA) on a 4.0 scale on all work from accredited institutions.

3. Provide evidence that you are eligible to return to any institution you have previously attended when good academic standing is not indicated on the official transcript.

4. Students with less than 24 college academic credits awarded since high school graduation will be considered first time freshmen for admissions purposes and will need to also submit ACT scores and high school transcripts. A student’s college coursework and academic performance will be considered in determining admissibility. While ACT scores are not required for transfer students with greater than 24 credit hours earned since high school graduation, you are encouraged to submit scores for proper course placement in English, mathematics, and reading courses if not evidenced by your college academic record.

*Note: If you are admitted as a transfer student, your cumulative GPA will include hours attempted and quality points earned from all regionally accredited institutions. The Academic Advising Office and the academic department of your major will determine the applicability of your courses to your academic program.

*Note: Eastern Kentucky University subscribes fully to the policies of the “General Education Transfer Agreement” of the Kentucky Council on Postsecondary Education. Thus, Eastern Kentucky University will apply courses transferred from Kentucky public institutions to its general education requirements in accord with those policies.

**Requirements for Readmission**

All previously enrolled EKU undergraduate students who have not attended Eastern Kentucky University for a period longer than 24 months must apply and be approved for readmission to the University before being allowed to continue taking classes. Effective Fall 2012, students who wish to return to EKU, who have an overall GPA that is greater than 1.0 but less than 2.0, will return on Academic Probation status. These students will be assigned an academic coach in the Office of University Advising, and will develop an academic success plan with their coach before being allowed to register for classes. Continued enrollment is contingent upon adherence to their signed academic success contract and meeting EKU Academic Standards Policy.

Students who wish to return to EKU but left with a GPA of less than a 1.0 must appeal for readmission through the Readmission Appeals Committee, in addition to submitting an application for readmission to the Office of Admissions. The form and instructions for an appeal for readmission can be found on the EKU Registrar’s website (http://www.registrar.eku.edu/Forms; Academic Standing/Readmit Appeals Form).

If the student’s appeal is approved he/she will be readmitted upon submitting an application for readmission. Both the application to the Office of Admissions, and the appeal to the Readmission Appeal Committee may be submitted simultaneously. The Readmission Appeal Committee may require an in-person interview during the appeal consideration process. If their appeal to return to EKU is approved these students will return on Academic Probation status. They will be assigned an academic coach in the Office of University Advising, and will develop an academic success plan with their coach before being allowed to register for classes. Continued enrollment is contingent upon adherence to their signed academic success contract and meeting EKU Academic Standards Policy.

If a student has attended another institution since leaving EKU, and has been out of the University for longer than 24 months, his/her return to EKU will be considered under the readmission guidelines above instead of the student being considered a transfer student.

Students who have received a Developmental Dismissal must submit documentation (a transcript or official test scores) indicating that proficiency has been earned for any needed developmental coursework before they may be readmitted to the University.

See the “Stopping Out” procedure in Section Four for additional information.

**Other Types of Admission**

1. **High School Specials**

   Students who have one unit less than the number required for high school graduation with superior grades (i.e., 3.0+ grade point average) may be admitted upon the written recommendation of the high school principal.

2. **EKU Dual Credit**

   EKU’s dual credit program is open to high school juniors and seniors, residing within Kentucky, who meet eligibility requirements, and whose school is partnering with EKU through a memorandum of agreement. Dual credit programs are designed to reduce degree cost and time to degree for Kentucky
students. Academically strong high school students may qualify for reduced or free tuition. (See EKU Now! section below.)

Dual Credit students may enroll in a maximum of 2 courses per fall and spring semester of their junior and senior years in high school at the reduced dual credit tuition rate. They may also take advantage of the EKU “Summer 2” term, for a maximum of one course, at the reduced dual credit tuition rate, during the summer. Students enrolling in more than two courses in the fall or spring semesters, or more than one course during the Summer 2 term, will be charged full undergraduate tuition for the additional coursework. A maximum of eight courses in total may be taken at the dual credit tuition rate.

Students may enroll at any EKU campus offering applicable courses. Courses may include general education courses or departmentally approved introductory courses for specific majors. Students may attend approved EKU courses on high school campuses via face-to-face, ITV, or online instruction. Students are required to meet all course pre-requisites.

To qualify for EKU’s Dual Credit Program, high school juniors or seniors must have a 3.0 high school GPA and have ACT scores on file with EKU at the time of application. Students must have minimum ACT subscores of 18 in English and 20 in Reading, with a minimum ACT composite score of 21.

To apply for EKU Dual Credit, students must submit a Dual Credit application, ACT scores and a high school transcript by the application deadline specified for each semester. A new application and supporting documentation must be submitted each academic year to continue. EKU waives the application fee for dual credit admission.

Dual Credit students will attend special advising sessions and register for courses during a specified period prior to the beginning of an academic semester. Advising and registration sessions will be available on each of EKU’s participating campuses.

Continued participation in EKU’s Dual Credit program is dependent upon successful completion of courses. Dual credit students are expected to maintain a 2.0 minimum cumulative EKU GPA. Students who earn a “D” or an “F” in a course(s) will be required to successfully repeat the course(s) and earn a 2.0 term GPA in order to continue in the dual credit program. Students who elect to repeat a course will contact the Office of the Registrar for registration approval and assistance.

**EKU Now!** is a scholarship program for dual credit students which provides the opportunity for qualifying juniors and seniors to earn free college credit. High school juniors and seniors with a 3.0 high school GPA, ACT composite score of 21 and above, and ACT scores of 18 in English, 19 in Math, and 20 in Reading are eligible to receive a dual credit scholarship for one course per semester. This scholarship will pay full dual credit tuition. EKU Now! participants who successfully maintain academic eligibility may earn scholarships for up to five free EKU courses and may include one summer course.

EKU Now! participants who maintain a minimum 3.5 high school GPA and a 24 ACT composite can earn an additional four dual credit scholarships, one per semester, tuition free. These students will be designated Whitlock Scholar Candidates. Additional information regarding Whitlock Scholars can be obtained by calling 859-622-6532.

All dual credit students are responsible for the cost of textbooks, parking permits, course fees and late registration fees, when applicable. Students enrolled in 5 or more credit hours on the Richmond campus will have access to the Student Recreation Center for the standard fee. Students taking fewer than 5 credit hours, may elect to use the Student Recreation Center and may request that this fee be added to their accounts.

NOTE: KYOTE or COMPASS test scores may be substituted for ACT sub-scores. Additional information on COMPASS or KYOTE college readiness scores, is available from EKU Academic Testing 859-622-1281, or visit http://www.developmentaleducation.eku.edu/program-description.

SAT conversion scores will be determined by EKU’s Department of Academic Testing.

3. **Visiting Students**

If you are a student at another institution and wish to enroll at Eastern Kentucky University as a visiting, or “transient,” student, you may be admitted by submitting an official transcript or a statement indicating that you are eligible to return to your institution.

4. **Admission as a Non-Degree Student**

Upon submission of an application, you may be admitted as a non-degree student. If so admitted,

(1) Your eligibility for enrollment in specific courses will be dependent upon meeting the stated course prerequisites.

(2) You must meet with an academic advisor to be advised and receive a RAC number;

(3) You will not be eligible to receive financial assistance awards.

If you subsequently decide to pursue a degree, you must reapply for admission as a degree seeker. If you are thus admitted,

(1) You will be required to remediate all pre-college curriculum deficiencies and to satisfy all Eastern Kentucky University developmental requirements.

5. **O’Donnell Scholarship Recipients**

If you are at least 65 years of age, you may be admitted to Eastern Kentucky University with a waiver of tuition. You need submit only an application for admission.

6. **Home-Schooled Students**

Eastern Kentucky University applies the same admissions requirements to home-schooled students as those who graduate from a public or private high school. Students who meet our criteria will be granted an admissions status as established by the current admissions policy: Full Admit, Provisional Admit, Probationary Admit, or Special Admit.

Home-school students are subject to the secondary education standards established by the Kentucky Department of Education and the Kentucky Council on Post Secondary Education. This includes meeting the curriculum guidelines of the State approved Pre-College Curriculum.

In order to gain admission to Eastern Kentucky University, in addition to the application and application fee, these students must submit a notarized copy of their official transcript demonstrating they have met the PCC curriculum and have a minimum accumulative GPA of 2.0 on a 4.0 scale. They must also submit an official ACT score report.
7. **International Baccalaureate**

Students who complete the International Baccalaureate Diploma may present their official exam results for demonstration of completion of secondary education. Based on the exam scores received, students will qualify for advanced academic placement (See Section Four General Academic Information or www.testing.eku.edu).

**KENTUCKY PRE-COLLEGE CURRICULUM**

The Kentucky Pre-College Curriculum (PCC) is defined by the Kentucky Council on Postsecondary Education (CPE) as a prescribed set of high school courses required for admission to an associate or baccalaureate degree program at a Kentucky public university. Students under 21 years of age must complete the PCC if they are admitted to the University as a degree seeking student or transfer in with less than 24 credit hours or transfer in with a GPA less than 2.0 on a 4.0 scale. The Pre-College Curriculum better prepares students for college-level work and reflects high school graduation requirements. Students admitted to the University with PCC deficiencies must complete courses to remediate these deficiencies. Pre-College Curriculum deficiencies must be remediated within the first 24 hours of enrollment, excluding developmental hours. Specific courses are designated to remediate PCC deficiencies in each content area.

PCC requirements, established by the state, are four credits of English/Language Arts, three credits of Mathematics, three credits of Social Studies, three credits of Science, one-half credit of health, one-half credit of physical education, one credit of History and Appreciation of Visual, Performing Arts, and two credits or demonstrated competency of a World Language.

Students with a pre-college curriculum deficiency in World Languages are required to complete six credit hours of an approved World Language within 24 hours of enrollment. All six credit hours must be earned in the same World Language. Students with PCC deficiencies in other subject areas (English, Mathematics, Social Studies, Science) will remediate those needs by following the EKU General Education curriculum.

If you have any questions concerning Kentucky Pre-College Curriculum requirements, please contact the Office of Academic Advising, the Office of Admissions, or the Office of Academic Readiness.

**STUDENT RESIDENCY**

Since registration and other fees and residence hall room rents are subject to change periodically, no attempt is made in this publication to itemize these costs. This information is available from the Office of Admissions prior to the beginning of each academic year.

RELATES TO: KRS Chapter 13B, 164.020, 164.030, 164A.330(6)

STATUTORY AUTHORITY: KRS 164.020(8)

NECESSITY, FUNCTION, AND CONFORMITY: KRS 164.020(8) requires the Council on Postsecondary Education to determine tuition and approve the minimum qualifications for admission to a state-supported postsecondary education institution and authorizes the Council to set different tuition amounts for residents of Kentucky and for nonresidents. This administrative regulation establishes the procedure and guidelines for determining the residency status of a student who is seeking admission to, or who is enrolled at, a state-supported postsecondary education institution.

Section 1. Definitions.

(1) “Academic term” means a division of the school year during which a course of studies is offered, and includes a semester, quarter, or single consolidated summer term as defined by the institution.

(2) “Continuous enrollment” means enrollment in a state-supported postsecondary education institution at the same degree level for consecutive terms, excluding summer term, since the beginning of the period for which continuous enrollment is claimed unless a sequence of continuous enrollment is broken due to extenuating circumstances beyond the student’s control, including serious personal illness or injury, or illness or death of a parent.

(3) “Degree level” means enrollment in a course or program which could result in the award of a:
   (a) Certificate, diploma, or other program award at an institution;
   (b) Baccalaureate degree or lower, including enrollment in a course by a nondegree-seeking postbaccalaureate student;
   (c) Graduate degree or graduate certification other than a first-professional degree in law, medicine, dentistry, or “Pharm. D”;
   (d) Professional degree in law, medicine, dentistry, or “Pharm. D”.

(4) “Dependent person” means a person who cannot demonstrate financial independence from parents or persons other than a spouse and who does not meet the criteria for independence established in Section 5 of this administrative regulation.

(5) “Determination of residency status” means the decision of a postsecondary education institution that may include a formal hearing that results in the classification of a person as a Kentucky resident or as a nonresident for admission and tuition assessment purposes.

(6) “Domicile” means a person’s true, fixed, and permanent
home and is the place where the person intends to remain indefinitely, and to which the person expects to return if absent without intending to establish a new domicile elsewhere.

(7) “Full-time employment” means continuous employment for at least forty-eight (48) weeks at an average of at least thirty (30) hours per week.

(8) “Independent person” means a person who demonstrates financial independence from parents or persons other than a spouse and who meets the criteria for independence established in Section 5 of this administrative regulation.

(9) “Institution” means an entity defined by KRS 164.001(12) if the type of institution is not expressly stated and includes the Kentucky Virtual University, the Council on Postsecondary Education, and the Kentucky Higher Education Assistance Authority.

(10) “Kentucky resident” means a person determined by an institution for tuition purpose to be domiciled in and a resident of Kentucky as determined by this administrative regulation.

(11) “Nonresident” means a person who:
(a) Is domiciled outside by Kentucky;
(b) Currently maintains legal residence outside Kentucky; or
(c) Is not a Kentucky resident as determined by this administrative regulation.

(12) “Parent” means one (1) of the following:
(a) A person’s father or mother; or
(b) A court-appointed legal guardian if:
   1. The guardianship is recognized by an appropriate court within the United States;
   2. There was a relinquishment of the rights of the parents; and
   3. The guardianship was not established primarily to confer Kentucky residency on the person.

(13) “Preponderance of the evidence” means the greater weight of evidence or evidence that is more credible and convincing to the mind.

(14) “Residence” means the place of abode of a person and the place where the person is physically present most of the time for a noneducational purpose in accordance with Section 3 of this administrative regulation.

(15) “Student financial aid” means all forms of payments to a student if one (1) condition of receiving the payment is the enrollment of the student at an institution, and includes student employment by the institution or a graduate assistantship.

(16) “Sustenance” means living expenses including room, board, maintenance, transportation, and educational expenses including tuition, fees, books, and supplies.

Section 2. Scope.
(1) State-supported postsecondary education institutions were established and are maintained by the Commonwealth of Kentucky primarily for the benefit of qualified residents of Kentucky. The substantial commitment of public resources to postsecondary education is predicated on the proposition that the state benefits significantly from the existence of an educated citizenry. As a matter of policy, access to postsecondary education shall be provided so far as feasible at reasonable cost to a qualified individual who is domiciled in Kentucky and who is a resident of Kentucky.

(2) The Council on Postsecondary Education may require a student who is neither domiciled in nor a resident of Kentucky to meet higher admission standards and to pay a higher level of tuition than resident students.

(3) This administrative regulation shall apply to all student residency determinations regardless of circumstances, including residency determinations made by the state-supported institutions for prospective and currently-enrolled students; the Southern Regional Education Board for contract spaces; reciprocity agreements, if appropriate; the Kentucky Virtual University; academic common market programs; the Kentucky Educational Excellence Scholarship Program; and other state student financial aid programs, as appropriate.

Section 3. Determination of Residency Status; General Rules.
(1) A determination of residency shall include:
(a) An initial determination of residency status by an institution during the admission process or upon enrollment in an institution for a specific academic term or for admission into a specific academic program;
(b) A reconsideration of a determination of residency status by an institution based upon a changed circumstance; or
(c) A formal hearing conducted by an institution upon request of a student after other administrative procedures have been completed.

(2) An initial determination of residency status shall be based upon:
(a) The facts in existence when the credentials established by an institution for admission for a specific academic term have been received and during the period of review by the institution;
(b) Information derived from admissions materials;
(c) If applicable, other materials required by an institution and consistent with this administrative regulation;

(d) Other information available to the institution from any source.

(3) An individual seeking a determination of Kentucky residency status shall demonstrate that status by a preponderance of the evidence.

(4) A determination of residency status shall be based upon verifiable circumstances or actions.

(5) Evidence and information cited as the basis for Kentucky domicile and residency shall accompany the application for a determination of residency status.

(6) A student classified as a nonresident shall retain that status until the student is officially reclassified by an institution.

(7) A student may apply for a review of a determination of residency status once for each academic term.

(8) If an institution has information that a student’s residency status may be incorrect, the institution shall review and determine the student’s correct residency status.

(9) If the Council on Postsecondary Education has information that an institution’s determination of residency status for a student may be incorrect, it may require the institution to review the circumstances and report the results of that review.

(10) An institution shall impose a penalty or sanction against a student who gives incorrect or misleading information...
to an institutional official, including payment of nonresident tuition for each academic term for which resident tuition was assessed based on an improper determination of residency status. The penalty or sanction may also include:
(a) Student discipline by the institution through a policy written and disseminated to students; or
(b) Criminal prosecution.

Section 4. Presumptions Regarding Residency Status.
(1) In making a determination of residency status, it shall be presumed that a person is a nonresident if:
(a) A person is, or seeks to be, an undergraduate student and admissions records show the student to be a graduate of an out-of-state high school within five (5) years prior to a request for a determination of residency status;
(b) A person’s admissions records indicate the student’s residence to be outside of Kentucky at the time of application for admission;
(c) A person moves to Kentucky primarily for the purpose of enrollment in an institution;
(d) A person moves to Kentucky and within twelve (12) months enrolls at an institution more than half time;
(e) A person has a continuous absence of one (1) year from Kentucky; or
(f) A person attended an out-of-state higher education institution during the past academic year and paid instate tuition at that institution.
(2) A presumption arising from subsection (1) of this section shall only be overcome by preponderance of evidence sufficient to demonstrate that a person is domiciled in and is a resident of Kentucky.

Section 5. Determination of Whether a Student is Dependent or Independent.
(1) In a determination of residency status, an institution shall first determine whether a student is dependent or independent. This provision is predicated on the assumption that a dependent person lacks the financial ability to live independently of the person upon whom the student is dependent and therefore lacks the ability to form the requisite intent to establish domicile.
A determination that a student is independent shall be one (1) step in the overall determination of whether a student is or is not a resident of Kentucky.
(2) In determining the dependent or independent status of a person, the following information shall be considered as well as other relevant information available at the time the determination is made:
(a) Whether the person has been claimed as a dependent on the federal or state tax returns of a parent or other person for the year preceding the date of application for a determination of residency status; or
2. Whether the person is no longer claimed by a parent or other person as a dependent or as an exemption for federal and state tax purposes; and
(b) Whether the person has financial earnings and resources independent of a person other than an independent spouse necessary to provide for the person’s own sustenance.

(3) An individual who enrolls at an institution immediately following graduation from high school and remains enrolled shall be presumed to be a dependent person unless the contrary is evident from the information submitted.
(4) Domicile may be inferred from the student’s permanent address, parent’s mailing address, or location of high school of graduation.
(5) Marriage to an independent person domiciled in and who is a resident of Kentucky shall be a factor considered by an institution in determining whether a student is dependent or independent.
(6) Financial assistance from or a loan made by a parent or family member other than an independent spouse, if used for sustenance of the student:
(a) Shall not be considered in establishing a student as independent; and
(b) Shall be a factor in establishing that a student is dependent.

Section 6. Effect of a Determination of Dependent Status on a Determination of Residency Status.
(1) The effect of a determination that a person is dependent shall be:
(a) The domicile and residency of a dependent person shall be the same as either parent. The domicile and residency of the parent shall be determined in the same manner as the domicile and residency of an independent person; and
(b) The domicile and residency of a dependent person whose parents are divorced, separated, or otherwise living apart shall be Kentucky if either parent is domiciled in and is a resident of Kentucky regardless of which parent has legal custody or is entitled to claim that person as a dependent pursuant to federal or Kentucky income tax provisions.
(2) If the parent or parents of a dependent person are Kentucky residents and are domiciled in Kentucky but subsequently move from the state:
(a) The dependent person shall be considered a resident of Kentucky while in continuous enrollment at the degree level in which currently enrolled; and
(b) The dependent person’s residency status shall be reassumed if continuous enrollment is broken or the current degree level is completed.

Section 7. Member of Armed Forces of the United States, Spouse and Dependents; Effect on a Determination of Residency Status.
(1) A member, spouse, or dependent of a member whose domicile and residency was Kentucky at the time of induction into the Armed Forces of the United States, and who maintains Kentucky as home of record and permanent address, shall be entitled to Kentucky residency status:
(a) During the member’s time of active service; or
(b) If the member returns to this state within six (6) months of the date of the member’s discharge from active duty.
(2) A member of the armed services on active duty for more than thirty (30) days and who has a permanent duty station in Kentucky shall be classified as a Kentucky resident and shall be entitled to in-state tuition.
Section 9. Beneficiaries of a Kentucky Educational Savings Plan Trust. A beneficiary of a Kentucky Educational Savings Plan Trust shall be granted residency status if the beneficiary meets the requirements of KRS 164A.330(6).

Section 10. Criteria Used in a Determination of Residency Status.

(a) A determination of Kentucky domicile and residency shall be based upon verifiable circumstances or actions.
(b) A single fact shall not be paramount, and each situation shall be evaluated to identify those facts essential to the determination of domicile and residency.
(c) A person shall not be determined to be a Kentucky resident by the performance of an act that is incidental to fulfilling an educational purpose or by an act performed as a matter of convenience.
(d) Mere physical presence in Kentucky, including living with a relative or friend, shall not be sufficient evidence of domicile and residency.
(e) A student or prospective student shall respond to all requests for information regarding domicile or residency requested by an institution.

The following facts, although not conclusive, shall have probative value in their entirety and shall be individually weighted, appropriate to the facts and circumstances in each determination of residency:

(a) Acceptance of an offer of full-time employment or transfer to an employer in Kentucky or contiguous area while maintaining residence and domicile in Kentucky;
(b) Continuous physical presence in Kentucky while in a nonstudent status for the twelve (12) months immediately preceding the start of the academic term for which a classification of Kentucky residency is sought;
(c) Filing a Kentucky resident income tax return for the calendar year preceding the date of application for a change in residency status; or 2. Payment of Kentucky withholding taxes while employed during the calendar year for which a change in classification is sought;
(d) Full-time employment of at least one (1) year while living in Kentucky;
(e) Attendance as a full-time, nonresident student at an out-of-state institution based on a determination by that school that the person is a resident of Kentucky;
(f) Abandonment of a former domicile or residence and
(b) Notification shall be made by registered mail, receipt requested.

(3) A reconsideration of a determination of residency status for

(2) If a student fails to notify an institutional official of a change in residency, an institutional official may investigate and evaluate the student’s residency status.

(3)(a) If a student fails to provide, by the date specified by the institution, information required by an institution in a determination of residency status, the student shall be notified by the institution that the review has been canceled and that a determination has been made.

(b) Notification shall be made by registered mail, return receipt requested.

(c) Notification shall be made within ten (10) calendar days after the deadline for receipt of materials has passed.

(4)(a) The formal hearing conducted by an institution and the final recommended order shall be a final administrative action with no appeal to the Council on Postsecondary Education.

(b) A formal administrative hearing conducted by the Council on Postsecondary Education for residency determinations related to eligibility for the Academic Common Market and Regional Contract Programs shall be conducted pursuant to the provisions of KRS Chapter 13B and 13 KAR 2:070. The recommended order issued by the President of the Council shall be a final administrative action.

(5) A student shall not be entitled to appeal a determination of residency status if the determination made by an institution is because a student has failed to meet published deadlines for the submission of information as set forth in subsection (3) of this section. A student may request a review of a determination of residency status in a subsequent academic term.

Section 13. Institutional Responsibilities. Each institution shall:

(1) Provide for an administrative appeals process that includes a residency appeals officer to consider student appeals of an initial residency determination and which shall include a provision of fourteen (14) days for the student to appeal the residency appeals officer’s determination;

(2) Establish a residency review committee to consider appeals of residency determinations by the residency appeals officer. The residency review committee shall make a determination of student residency status and notify the student in writing within forty-five (45) days after receipt of the student appeal;

(3) Establish a formal hearing process as described in Section 14 of this administrative regulation; and

(4) Establish written policies and procedures for administering the responsibilities established in subsections (1), (2), and (3) of this section and that are:

(a) Approved by the institution’s governing board; 

(b) Made available to all students; and

(c) Filed with the council.

(1) A student who appeals a determination of residency by a residency review committee shall be granted a formal hearing by an institution if the request is made by a student in writing within fourteen (14) calendar days after notification of a determination by a residency review committee.

(2) If a request for a formal hearing is received, an institution shall appoint a hearing officer to conduct a formal hearing. The hearing officer shall:

(a) Be a person not involved in determinations of residency at an institution except for formal hearings; and

(b) Not be an employee in the same organizational unit as the residency appeals officer.

(3) An institution shall have written procedures for the conduct of a formal hearing that have been adopted by the board of trustees or regents, as appropriate, and that provide for:

(a) A hearing officer to make a recommendation on a residency appeal;
(b) Guarantees of due process to a student that include:
   1. The right of a student to be represented by legal counsel; and
   2. The right of a student to present information and to present testimony and information in support of a claim of Kentucky residency; and
   (c) A recommendation to be issued by the hearing officer.
(4) An institution’s formal hearing procedures shall be filed with the Council on Postsecondary Education and shall be available to a student requesting a formal hearing.

Section 15. Cost of Formal Hearings.
(1) An institution shall pay the cost for all residency determinations including the cost of a formal hearing.
(2) A student shall pay for the cost of all legal representation in support of the student's claim of residency.

Adopted effective April 5, 1991; Amended effective May 16, 1996; Amended effective June 16, 1997; Amended effective July 13, 1998; Amended effective June 7, 1999; Amended effective November 12, 2002; Amended effective April 2, 2010.

RESIDENCY APPEALS POLICY AND PROCEDURES

1. BASIS FOR RESIDENCY CLASSIFICATION

   The Commonwealth of Kentucky has established a process and corresponding criteria for the determination of residency classification for students seeking admission to, or enrolled in, public institutions of higher education. The Council on Postsecondary Education (hereinafter referred to as “CPE”) has established Kentucky Administrative Regulation 13 KAR 2:045 (hereinafter referred to as “the Regulation”) to be followed by all public institutions of higher education in the Commonwealth concerning residency classification. This Regulation can be found in the current Undergraduate Catalog and the current Graduate Catalog and copies are available upon request from the Office of Admissions, located in the Whitlock Building, Room 112 or by calling (859) 622-21-6 or 1-800-465-9191.

2. INSTITUTIONAL ADMINISTRATION OF THE RESIDENCY POLICY

   The Council on Postsecondary Education authorizes each institution to establish a procedure for the determination of residency classification based upon the Regulation.

   2.1 Office of Admissions
   The Office of Admissions, Whitlock Building, Room 112, CPO 54, 521 Lancaster Avenue, Richmond, KY 40475-3154, at Eastern Kentucky University serves as the coordinating office for institutional implementation of the Regulation. Instructions for filing applications for reclassification and copies of the Regulation are available in this office. Also, Admissions staff members are available to answer questions regarding policy and procedures.

   2.2 Initial Classification
   The initial determination of residency status is made by the University based upon the credentials submitted by an applicant for admission to the University in accordance with the Regulations.

2.3 Appeal of Residency Status

   Once an initial classification of residency is made by the Office of Admissions, it is the student’s responsibility to initiate an appeal of such classification. Request for reclassification must be filed with the Office of Admissions NO LATER THAN THIRTY (30) CALENDAR DAYS after the first full day of classes of the fall or spring academic term for which reclassification is sought or not later than ten (10) calendar days after the first day of class for the summer term. Requests for reclassification are to be made in affidavit form on the form available from the Office of Admissions. A student may apply only once during an academic term. A student classified as a non-resident will retain that status until a change is brought about by successful appeal. If an appeal results in a change of classification, the change will not be effective earlier than the semester during which the appeal is filed. If a student is initially classified non-resident but does not enroll the semester for which the student originally applied, the residency classification will be reassessed for subsequent semesters.

   2.4 Affidavit (Application for Reclassification)
   Affidavits will not be accepted unless the form is fully completed, properly signed and notarized. In no case will a decision be granted without an affidavit and all required supporting documentation.

   2.5 Documentation
   Because of the variety of factors related to establishing residency for tuition purposes, the number of documents required to complete an appeal may vary from case to case. In all cases, the University may require certification of authenticity of documents. It is the appealing student’s responsibility to provide sufficient documentation to clarify circumstances related to the appeal. In all cases, circumstances related to establishing domicile must be verifiable.

   2.6 Review of the Residency File by the Residency Appeals Officer
   A Residency Appeals Officer designated by the University shall review the affidavit and documentation and notify the student, in writing, within fourteen (14) days of making a determination. Students who do not agree with the Residency Appeals Officer’s determination may appeal his/her residency status to the University’s Residency Review Committee within fourteen (14) days of the Residency Appeals Officer’s determination.

3. UNIVERSITY RESIDENCY REVIEW COMMITTEE

   Pursuant to the Regulation, Eastern Kentucky University has a Residency Review Committee (hereinafter referred to as the “Committee”) to review and evaluate student affidavits for reclassification and to consider changes in the residency classification.

   3.1 Timely Appeal
   The Student must notify the Residency Appeals Officer in writing, if he or she wishes his/her case to be reviewed by the Committee, within fourteen (14) calendar days after notification of the Residency Appeals Officer’s determination. The Residency Appeals Officer shall immediately forward the request and the student’s residency file to the Chair of the Committee.

   3.2 Committee Membership
   The Residency Review Committee shall be comprised of
three members: the Associate Vice President for Enrollment Management; a member of the Faculty-at-Large, who shall be appointed annually by the Faculty Senate; and a member of the student body, who shall be appointed by the Office of the Vice President for Student Affairs from a list of students recommended by the Student Association.

3.3 Determination of the Committee
The Committee shall issue a written decision citing the section of the Regulation on which the decision is based. The Committee may vote to defer a case for additional documentation, or the Committee may make a decision contingent upon conditions prescribed by the Committee. The Chair of the Committee will then determine when and whether contingencies are met.

3.4 Notification of Decision
The Committee shall make a determination of student residency status and notify the student, in writing, within forty-five (45) days after receipt of the student appeal. Decisions denying appeals are communicated to the student by certified mail, return receipt requested. In all cases where the Committee reaches a determination granting in-state residency status, copies of the letter of notification will be sent to the Office of Admissions, Student Accounting Services, the Registrar’s Office, and Student Financial Assistance.

4. REQUEST FOR FORMAL HEARING
Pursuant to the Regulation, the University shall provide a formal hearing in the event a student wishes to appeal the determination of the Residency Review Committee.

4.1 Timely Request
A student who wishes to appeal the determination of the Committee shall be granted a formal hearing by the University if the student notifies the Office of the Associate Vice President for Enrollment Management, Whitlock Building, Room 340, CPO 63, Richmond, KY 40475-3163, in writing, within fourteen (14) calendar days after notification of the Residency Review Committee’s determination. The Assistant Vice President for Enrollment Management shall immediately forward the request and the student’s residency file to the Office of the President.

4.2 The Hearing Officer
Upon receipt of a request for a formal hearing, the University President shall appoint a Hearing Officer to conduct the hearing. The Hearing Officer shall not be a person involved in determinations of residency at a public institution of higher education in Kentucky (including the Kentucky Commonwealth Virtual University) and shall not be an employee of the same organizational unit as the Residency Appeals Officer.

4.3 Formal Hearing Procedures
The hearing shall be conducted in accordance with the following procedures:

4.3.1 Notice of Hearing
4.3.1.a. The University shall conduct the hearing as soon as practicable and shall give notice of the hearing to the parties not less than twenty (20) days in advance of the date set for the hearing. A reasonable effort shall be made to schedule the hearing on a date that is convenient to all parties involved.
4.3.1.b. The hearing notice shall be served on all parties by certified mail, return receipt requested, to the last known addresses of the parties, or by personal service.

4.3.1.c. The notice shall be in plain language and shall include:
- the date, time and place of the hearing;
- the name, official title, and mailing addresses of the Hearing Officer;
- the names, official titles, mailing addresses, and, if available, telephone numbers of all parties involved in the hearing, including the counsel or representative of the University; and
- a statement advising the student of his/her right to legal counsel.

4.3.2. Hearing Procedure
4.3.2.a. The Hearing Officer shall conduct the hearing and all related proceedings in a manner which will promote the orderly and prompt conduct of the hearing.

4.3.2.b. To the extent necessary for the full disclosure of all relevant facts and issues, the Hearing Officer shall give all parties the opportunity to respond, present evidence and argument, conduct cross-examination, and submit rebuttal evidence.

4.3.2.c. Any party to the hearing may participate in person or be represented by counsel. A student shall pay for the cost of all legal representation in support of the student’s claim or residency. Legal counsel for the student must file a notice of appearance with the Hearing Officer prior to the date of the hearing.

4.3.2.d. The Hearing Officer may conduct all or part of the hearing by telephone, television, or other electronic means, if each party to the hearing has an opportunity to hear, and if technically feasible, to see the entire proceeding as it occurs, and if each party agrees.

4.3.2.e. The hearing shall be open to the public unless specifically closed pursuant to a provision of law. If the hearing is conducted by telephone, television, or other electronic means, and is not closed, public access shall be satisfied by giving the public an opportunity, at reasonable times, to hear or inspect the University’s records.

4.4 Findings of Fact; Evidence; Recording of Hearing; Burden of Proof
4.4.1. Findings of fact shall be based exclusively on the evidence on the record.
4.4.2. All testimony shall be made under oath or affirmation.
4.4.3. Objections to evidence presented may be made by any party and shall be noted in the record.
4.4.4. The University shall be responsible for having all testimony, motions and objections in a hearing accurately and completely recorded. Any person, upon request, may receive a copy of the recording or a copy of the transcript, if the hearing has been transcribed, at the
discretion of the University, unless the hearing is closed by law. The University may prepare a transcript of a hearing or a portion of a hearing upon request but the party making the request shall be responsible for the transcription costs. The form of all requests and fees charged shall be consistent with KRS 61.870 to 61.884.

4.4.5. Unless otherwise provided by state or federal law, the student appealing the residency decision has the burden of proving the student’s right to having his/her residency status changed. The student has the ultimate burden of proof of persuasion as to this issue to be shown by a preponderance of evidence in the record. Failure to meet the burden of proof is grounds for a recommended order from the Hearing Officer.

4.5 Prohibited Communications
4.5.1. The Hearing Officer shall not communicate off the record with any party to the hearing or any other person who has a direct or indirect interest in the outcome of the hearing, concerning any substantive issue, while the hearing is pending.

4.6. Recommended Order
4.6.1. The Hearing Officer shall complete and submit to the University President, no later than sixty (60) days following receipt of the student’s residency file, a written recommended order which shall include the Hearing Officer’s findings of fact, conclusion of law, and recommended disposition of the hearing.

4.6.2. A copy of the Hearing Officer’s recommended order shall also be sent to each party in the hearing. Each party shall have fifteen (15) days from the date the recommended order is mailed within which to file exceptions to the recommendations with the University President. The recommended order may be sent by regular mail to the last known address of the party.

4.7. Final Order
4.7.1. In making the final order, the University President shall consider the record including the recommended order and any exceptions filed by, or on behalf of, the student.

4.7.2. The University President may accept the recommended order of the Hearing Officer and adopt it as the University’s final order, or he or she may reject or modify, in whole or in part, the recommended order, or he or she may send the matter, in whole or in part, back to the Hearing Officer for further proceedings as appropriate.

4.7.3. The final order shall be in writing. If the final order differs from the recommended order, it shall include separate statements of findings of fact and conclusions of law.

4.7.4. The University President shall render a final order within thirty (30) days after receipt of the recommended order unless the matter is sent back to the Hearing Officer for further proceedings.

4.7.5. A copy of the final order shall be transmitted to each party or to his/her attorney of record by certified mail, return receipt requested, sent to the last known address of the parties, or by personal service. A copy of the final order shall also be sent to the Office of Admissions, Student Accounting Services, the Registrar’s Office, and Student Financial Assistance.

5. RECORDS

All official files and materials relating to a student’s appeal of an initial residency determination shall be returned to the Office of Admissions to be placed with the application for admissions at whatever point in the process the appeals procedure is terminated.

OFFICE OF FINANCIAL AFFAIRS AND TREASURER

The office of Finance and Administration coordinates the following areas of University operations: 1) Accounting and Financial Services, 2) Budgeting, 3) Facilities Services, 4) Human Resources, 5) Information Technology, 6) Purchases and Stores, 7) Student Accounting Services, and 8) University Card Services. Additionally, the following contractual departments report to the University through the Office of Finance and Administration: 1) EKU Dining Services, and 2) EKU Bookstore.

Students may view the mission statement of each of the above areas by visiting the Office of Finance and Administration web page at http://www.financialaffairs.eku.edu.

FINANCIAL OBLIGATIONS OF THE STUDENT

Any student or former student who is indebted to the University and who fails to make satisfactory settlement within a time limit prescribed is liable for administrative action. Students who are indebted to the University may not register at the University nor will their transcript be released until the debt is paid. Any student indebted to the University who cannot meet his or her financial obligations within the time limit prescribed is responsible for calling on the division of Student accounting Services and explaining the reasons for failure to pay. Students who fail to pay their account balance in a timely manner may also be liable for additional collection costs incurred by the University in collecting the amount owed.

REFUND POLICY

No refund can be made on certain class fees and optional fees as established by the Eastern Kentucky University Board of Regents. Students wishing to withdraw from courses must do so online via EKUDirect (on the EKU home page at www.eku.edu). When a student officially withdraws from the University or from any course or courses for which hourly rates apply, tuition and fees will be adjusted in the following manner:

<table>
<thead>
<tr>
<th>Time Period*</th>
<th>Refund</th>
</tr>
</thead>
<tbody>
<tr>
<td>During add/drop period for any class</td>
<td>100%</td>
</tr>
<tr>
<td>(for full semester classes = 1st week)</td>
<td></td>
</tr>
<tr>
<td>From end of 1st week through end of 2nd week of class</td>
<td>75%</td>
</tr>
<tr>
<td>From end of 2nd week through end of 3rd week of class</td>
<td>50%</td>
</tr>
<tr>
<td>From end of 3rd week through end of 4th week of class</td>
<td>25%</td>
</tr>
<tr>
<td>After the 4th week of class</td>
<td>0%</td>
</tr>
</tbody>
</table>

*Partial semester courses vary in length and the percentage of refunds and the effective dates will be modified accordingly. This policy applies to refundable fees only; non-refundable fees are not included. In no case shall a refund of rent be made to a person who remains a student but moves from University housing at his or her convenience.

An appeals process exists for students who feel that individual circumstances warrant exceptions from published policy. Financial appeals may be submitted if a student had an unforeseeable and unavoidable situation during the semester the charges were incurred that prevented them from attending classes and completing the semester. All appeal letters should be submitted by the student in writing clearly stating the reason for the appeal.

Documentation should be attached to all appeal letters to validate the situation. Circumstances that do not qualify for financial appeal include pre-existing conditions, routine pregnancy, employment opportunities and financial hardship, including denial of financial aid. In most cases, any refund that is the result of an approved appeal will be returned to the source of the payment, the student, the financial aid lender, or a third party entity. Financial appeals should be submitted to the Financial Appeals Committee, Whitlock Building CPO 60, 521 Lancaster Avenue, Richmond, KY 40475.

Refunds for reduction in course load for part-time students will be at the same percentage rate as for students who officially withdraw from the University; however, if the reduction in course load results from the cancellation of a class or from the student having been permitted to enroll for a class for which he or she was not eligible, a full refund will be made of the registration fee for the course being dropped.

BARNES & NOBLE AT EKU BOOKSTORE

- Faculty receptions

The Barnes & Noble at EKU Bookstore is your headquarters for officially licensed EKU merchandise!

The Barnes & Noble at EKU Bookstore works diligently with departments, faculty and staff to ensure that textbooks and products required for each class are readily available to students. Textbook requests are required from the departments and faculty by these dates:

<table>
<thead>
<tr>
<th>Date</th>
<th>For the upcoming session(s)</th>
</tr>
</thead>
<tbody>
<tr>
<td>March 1</td>
<td>SUMMER sessions</td>
</tr>
<tr>
<td>April 1</td>
<td>FALL semester</td>
</tr>
<tr>
<td>October 1</td>
<td>SPRING semester</td>
</tr>
</tbody>
</table>

Textbook requests are required by the above dates for the following reasons:

- to allow ample time to receive all textbooks from the publishers in a timely manner
- to give out the most cash back to students during Book Buyback
- Book Buyback begins directly before Finals Week
- If faculty use the same textbook in the next session,
students will receive up to 50% back on their textbooks. But only if the textbook adoption is on file!

• to allow time to review orders and make any additional corrections if needed

Regular EKU Bookstore hours are:

Monday-Thursday  7:45 a.m. - 6:00 p.m.
Friday           7:45 a.m. - 5:00 p.m.
Saturday         1:00 a.m. - 3:00 p.m.

The Bookstore is open extended hours during the beginning and end of each semester and during special events.

UNIVERSITY CARD SERVICES
114 Powell Building
Phone: (859) 622-2179
CardServices@eku.edu

University Card Services provides students with a variety of services regarding their EKU student identification card, the Colonel 1 Card. This identification card is used for meal plans, Colonel Cash, laundry facilities within residence halls, and at the EKU Bookstore. In addition, EKU has partnered with Higher One for refund disbursements and to add optional banking solutions. University Card Services is responsible for issuing new and replacement identification cards. The Office will troubleshoot any issues that students may have with their card or on-campus accounts associated with their card. For questions related to HigherOne accounts, students may call the Colonel 1 Card customer support line at 800-815-5448. Students, faculty, and staff may purchase meal plans and add funds to their accounts in the University Card Services Office.

The Colonel 1 Card allows students access to the following:

• Athletic events
• University library facilities
• Check cashing
• Campus recreation
• University sponsored events
• Student Health Services

The Colonel 1 Card has three different accounts associated with the card:

• Colonel Cash - A prepaid account that can be used at EKU Dining Services locations, the EKU Bookstore, and laundry facilities within residence halls. Balances on this account will carry over from year-to-year.
• Meal Plans - EKU Dining Services has several different meal plans to accommodate students’ needs. Meal plans can be used at any EKU Dining Services location.

Please check with EKU Dining Services regarding terms and conditions associated with meal plans. Please note that EKU Dining Services follows the same refund schedule, for full term, which is outlined by the University. (See refund Policy above.) EKU’s Colonel Compass www.colonelscompass.eku.edu/ lists all important dates and deadlines associated with each term.

• Optional Flex - A prepaid account that can be used at any EKU Dining Services location. Please check with EKU Dining Services regarding terms and conditions associated with this account.

Acceptable methods of payment for meal plans, Optional Flex, or Colonel Cash accounts are cash, check, Visa, MasterCard, or University student account (meal plans only).

The Card Services office is open during the following normal business hours:

Monday - Thursday  8:00 a.m. - 5:00 p.m.
Friday             8:00 a.m. - 4:30 p.m.

The Colonel 1 Card is the property of Eastern Kentucky University and is issued for convenience. It must be presented (or surrendered) upon request by authorized officials of the University. This card is to be returned upon termination of the holder’s relationship with the University. Any expenditure associated with the use of this card is the responsibility of the holder until it is reported lost/stolen.

A fee will be charged for damage made to the identification card or if the card is lost or stolen. The loss of a card must be reported immediately to the University Card Services, 114 Powell Student Center, (859) 622-2179 or CardServices@eku.edu.

EKU DINING SERVICES
17 Powell Building
Phone: (859) 622-3691
Fax: (859) 622-6226
www.ekudining.com

EKU Dining Services offers a variety of dining alternatives including fresh food options, an assortment of brand restaurants, catering, and athletic concessions. It is the goal of EKU dining to provide high quality and satisfying dining experiences for the whole campus community.

The Fresh Food Company and Stratton Café offer freshly cooked foods in a comforting atmosphere. The Fountain Food Court blends the signature brands Grille Works and Zoca Fresh Mex with the famous national brands Chick-Fil-A, Jump Asian Express, and Subway. Java City at the Crabble library and Einstein Bros. Bagels in the Moore Building offer gourmet coffees, bakery items, as well as grab & go salads and sandwiches. Starbucks is located nearby in the Weaver Building. EKU Dining Services also operate five convenience stores throughout campus including the P.O.D. (Provisions On Demand) in the Fountain Food Court.

In order to provide better convenience to students, the C3 Express stores in Telford, Keene, and Martin Hall stay open late and the Fountain Food Court is open until 2 a.m.

EKU Dining Services also provides full-service catering. The dedicated catering staff provides a variety of services for both on-campus and off-campus events. A special Student Catering Guide is available to accommodate the dynamic requirements of students. Tremendous emphasis is placed on actively measuring customer satisfaction, responding to a changing environment, and continuous improvement. EKU Dining Services is dedicated to helping the EKU campus thrive!
DIVISION OF STUDENT AFFAIRS

Dr. Claire Good
Interim Vice President of Student Affairs and Dean of Students
SSB 540 (859) 622-1721
www.studentaffairs.eku.edu

The Division of Student Affairs has a significant role in all aspects of the students’ experience at EKU. “Student Affairs helps set the stage for Student Success.” Each department in the Division of Student Affairs offers programs and services that provide students with opportunities for success through the integration of their academic pursuits with the learning experiences gained outside of the classroom. The mission of EKU’s Student Affairs division is to provide quality services, leadership experiences, and learning opportunities that promote personal development and student success.

The Division of Student Affairs includes the following departments: 1) Campus Recreation/Intramurals, 2) Career Services, 3) Community Service and Student Engagement, 4) Counseling Center, 5) Education Pays, 6) First Year Programs, 7) Greek Life, 8) Meditation Chapel, 9) Multicultural Student Affairs, 10) Student Health Services, 11) Student Health Promotion and Education, 12) Student Involvement and Leadership, 13) University Housing.

Campus Recreation
Fitness and Wellness Center, SRC 105
Phone: (859) 622-1244 Fax: (859) 622-6754
www.campusrec.eku.edu

The Department of Campus Recreation provides a variety of diverse facilities and recreational opportunities to the university community. The department promotes wellness for students, faculty and staff by encouraging the development of lifelong skills and positive attitudes through health education, fitness programs, adventure programs, intramural sports, and massage therapy.

Campus Recreation oversees the operation of the FITNESS AND WELLNESS CENTER. The Fitness and Wellness Center is a state-of-art facility which includes:

- Full line of weight and fitness equipment
- Locker Rooms
- Climbing Wall
- Bouldering Wall
- Group Exercise Room
- Multipurpose gymnasiums
- Indoor Track
- Student Lounge with computers
- Full Swing Golf Simulator

The department is also responsible for the Burke Wellness Center, Begley and Weaver gymnasiums, outdoor basketball courts and intramural field complex.

The Fitness Program offers a variety of group fitness classes each week and are taught by trained, motivated and friendly instructors. All fitness levels are welcome and each group fitness class is offered at no charge. Examples of group fitness classes are step, yoga, pilates, group cycling, and much more.

For those who need a more personal touch, we offer very affordable personal training by certified personal trainers. Personal training is a great way to attain one-on-one instruction incorporating exercise plans, goal-setting and health education.

Adventure Programs offers a wide variety of trips and workshops each semester. Previous trips have included: hiking and camping, backpacking, kayaking/canoeing, spelunking, white water rafting, climbing, canyoneering. The climbing and bouldering walls are an exciting and engaging alternative to traditional exercise. In addition, Adventure Programs provides an extensive amount of outdoor equipment so you may embark on your own adventures. Examples of outdoor rental equipment are tents, mountain bikes, kayaks, cook stoves, canoes and much more.

Intramural Sports have been a campus tradition at EKU for over 50 years. Students play with their friends or organizations and compete against fellow Eastern students. Examples of activities offered are flag-football, soccer, volleyball, corn hole, dodge ball, golf, basketball, and much, much more. There are also numerous individual and dual events.

Massage Therapy offers several modalities such as relaxation, hot stone, deep tissue, therapeutic massage. It is a holistic therapy that reduces the heart rate, lowers blood pressure, increases blood circulation and lymph flow, relaxes muscles, improves range of motion, and increases endorphins, the body’s natural painkillers. It has been said that, “Massage is to the human body what a tune-up is for a car.”

Health Education (H.E.A.T.) is a peer education program geared towards empowering students with knowledge and facts concerning health issues. Health education presents information on alcohol, obesity, sex, drug abuse, eating disorders, tobacco, and much more. The aim is not to enforce ideas but to assist students in making better informed decisions by providing students with the proper tools, knowledge, and self-worth.

Career Services
Whitlock Building 463
Phone: (859) 622-1568 Fax: (859) 622-1570
career@eku.edu
www.career.eku.edu

EKU Career Services assists students who are seeking employment and/or clarifying their career direction. The staff is available by appointment to discuss individual job search questions.

Career Exploration

For students who have a tentative career direction or major in mind, Career Services can help by providing information on what opportunities are available with their major, career paths, supply and demand, destinations of past graduates, salaries, and potential employers. Career assessment tools and career counseling appointments are available to help students expand their self-awareness of “best fit” career options according to their personality, strengths, interests and values.

Part-Time Job Program

The Part-Time Job Program gives students the opportunity to obtain part-time, temporary and summer employment with local and regional businesses. Students who participate in the program gain real world experience in the workforce while networking in the community. The Part-time Job Program is open to all currently enrolled EKU students.

Job Search Preparation

The Career Services staff offers individual appointments, workshops, online tools and other resources to help students with career and job search preparation. They can help with resumes and cover letters, tips on job search strategies, professional dress,
dining etiquette, interviewing skills, networking, social media and application to graduate and professional schools.

Connecting with Employers
Career Services assists students in identifying and connecting with potential employers through job/career fairs, on-campus interviews, individual appointments, online tools and other resources. EKU JobLink is an easy to use and innovative system that gives students and alumni access to jobs postings and employers targeting EKU students.

Education Pays Center
The Education Pays Center is funded by the Kentucky Cabinet for Families and Children to assist qualifying students to develop academic skills, explore careers, and acquire job skills. The Education Pays Center’s office is located at Weaver 202; the phone number is (859) 622-6684.

Community Service and Student Engagement
128 Powell Building
Phone: (859) 622-3855
www.communityservice.eku.edu

Who We Are
The Office of Community Service and Student Engagement, located within the Office of Student Life, directs the University’s community service programs. The Office coordinates a variety of service opportunities throughout the year that EKU students, faculty, and staff can participate in both on and off campus.

Whether it’s to fulfill a class requirement or just to get involved, students looking for volunteer opportunities can visit the Office of Community Service and Student Engagement to get connected with local volunteer and leadership opportunities that meet their individual needs and fit their busy schedules! From working to protect sea turtles over spring break to building a home for a family over the summer in Honduras, to planting trees on reclaimed mine sites in eastern Kentucky to making fleece blankets and pillows on campus for children, there are a multitude of opportunities to give back locally, nationally, and internationally! Please contact us to find out more about the different ways you can get actively involved in your world through service!

The Office also serves as a resource to the campus for all things service related! Need to volunteer for a class? Want real-world, hands-on experience related to your major or a possible career? Want to explore a new part of the country or world? Interested in planning a service and need some assistance? Just call, email, or stop by! We are always happy to help!

What We Do
• Promote a culture of service to the EKU community to enhance student learning and personal development while teaching the need for civic responsibility and life-long service.
• Offer diverse programming ranging from one-time service events to on-going year-long opportunities meeting a range of needs in our local communities.
• Expose EKU students to diverse cultures and populations through community service activities.
• Provide a centralized location for EKU students, faculty and staff to connect with local community agencies.
• Educate students, faculty, and staff on how to plan, organize, and carry out community service events.

• Work with Registered Student Organizations (RSO’s), Living Learning Communities, and individual students to counsel and connect them with local volunteer and leadership opportunities.
• Provide local community partners with an accessible location on the EKU campus to publicize volunteer opportunities and recruit student leaders.

Counseling Center
Whitlock Building 571
Phone: (859) 622-1303 Fax: (859) 622-1305
www.counseling.eku.edu

The University Counseling Center offers services designed to promote the success of students in achieving their academic, social and personal goals. The Counseling Center staff consists of psychologists and counselors who provide personal and career counseling both individually and in groups. Counseling is offered on a short-term basis. Referral is provided when the need for counseling services is beyond the role and scope of the Counseling Center. Substance abuse assessment and counseling are also available at the Counseling Center. Psychiatric services are available on a limited basis for students receiving counseling in the Counseling Center where medication is indicated. Counseling relationships are considered confidential as delineated by the APA Code of Ethics and, to the extent permitted by law, federal and Kentucky state law. Counseling services are available to students who are officially enrolled and taking classes at the time the service is provided.

Counseling Services
Counseling is viewed as another form of learning while in college. Typical college student concerns that may result in counseling are: adjustment to college, interpersonal conflicts, dealing with loss, test anxiety, time management, stress, academic pressures, anxiety, depression, motivation, substance abuse, traumatic experiences, eating concerns and choice of a major.

Students can make appointments by calling (859) 622-1303 or dropping by the Counseling Center.

Career Counseling Seminar (GCS 199 - one credit hour)
This course is offered each semester for students who are unsure of their major and career direction. Forty sections are offered each year and are taught by the Counseling Center staff and part-time staff.

“Tuesdays with the Counseling Center”
The Counseling Center offers workshops to address top mental health concerns. Top student issues include: stress management, procrastination, time management, ingredients of effective relationships, study skills and test anxiety.

Services for Faculty and Staff
The Counseling Center staff also provides consultation to the University community on referral and how to be most helpful to the distressed student. When a faculty member wishes to refer a student for immediate help, it is recommended that the faculty member call and speak with a counselor for consultation to discuss the appropriate action. A downloadable document called “The Decision Making Tree” offers step-by-step guidelines on how to respond to students in distress at the Counseling Center website at: http://www.counseling.eku.edu/
Greek Life
Powell Student Center 136
Phone: (859) 622-2050 Fax: (859) 622-6598
www.greeklife.eku.edu

Why Get Involved in Greek Life?
Your time spent at college could be the most important years of your life. You not only have the opportunity to further your education, but you also have the opportunity to:
• Develop your sense of self
• Develop new friendships
• Make new memories
• Discover who you are and who you want to become

Social Greek fraternities and sororities offer such an involvement opportunity here at EKU. Being a part of a social fraternity or sorority will provide opportunities for you to:
• Meet new people
• Make new friends
• Improve your community
• Be a part of a brotherhood or sisterhood steeped in tradition

Being Greek is more than just wearing letters on your chest. It is about experiences that you will have while in college. Experiences that will mold you, shape you, and last longer than the four years of college itself. Greek organizations are well-rounded combinations of experiences that will enhance your out-of-the-classroom experience at EKU. GO GREEK!

Leadership
Membership in the Greek community at Eastern Kentucky University provides an outlet for exercising responsibility, creativity, and leadership. Greek Life also fosters the development of cooperation and acceptance of responsibility as part of leadership development. A member’s campus involvement contributes to the growth and success of their chapter and certainly provides opportunities for personal development and future success. Greek organizations provide many leadership opportunities which will help one prepare for the challenges of the working world. Greek members continue to learn how to work with others efficiently whether it is a study group, homecoming float, community service project, intramurals, or a social event.

Scholarship
As a member of a Greek organization, you will be charged with continuing a fraternity’s or sorority’s tradition of scholastic excellence. This effort is achieved through programs aimed at enhancing study habits, time management skills, and overall academic achievement. The overall Greek Life GPA is consistently above the undergraduate GPA.

Philanthropy
All sororities and fraternities sponsor national and local philanthropies. Giving back to the local community through service is a very important component to Greek Life. Many non-profit organizations benefit from the service and fund-raising efforts of EKU Greek members.

Social Involvement
Social involvement is an integral part of the Greek experience. The activities provide opportunities for meeting new people and developing lasting relationships.

Meditation Chapel
University Chaplain
Phone: (859) 622-1723
www.studentaffairs.eku.edu/chapel/

The Chapel of Meditation is the realization of a dream begun in 1968 when the Eastern Kentucky University Alumni Association adopted the Century Fund Project to finance a non-denominational chapel. The chapel stands as a testimonial of the love and devotion of the alumni, faculty, students and friends, commemorating the 100th anniversary of higher education on the Eastern Kentucky University campus.

The chapel is non-sectarian and is open to students, faculty, staff, alumni, and friends of the University for meditation, prayer, and spiritual reflection. The chapel is also used for several other events such as:
• Weddings
• Memorial services
• Sorority and fraternity events
• Religious organization events and services
• Academic department meetings
• Honor Society events
• Athletic events

The University Chaplain’s office is located in the basement of the chapel. The Chaplain coordinates the various activities of the chapel and is available to perform weddings. The Chaplain also attends to students, staff and faculty with questions about spiritual matters or spirituality. Besides providing a peaceful and serene setting for prayer and meditation, the chapel is used to house various student organization meetings and services, weddings, and annual memorial services.

The Office of Multicultural Student Affairs is an office that seeks to bring issues of cultural diversity to the foreground of campus conversation through educational programs and services. As a department within the Division of Student Affairs, this office exists primarily to serve all students as they question personal and collective notions of race, gender, ethnicity, nationality, religion, sexuality, ability and culture. The office promotes life-long learning and global citizenship by providing workshops, films and events on cultural awareness, sensitivity and competence. Multicultural Student Affairs encourages the utilization of campus resources, participation in campus life, understanding and respecting cultural differences, and promoting tolerance, inclusiveness and celebration of diversity.

Multicultural Student Affairs is actively engaged in collaborative efforts with other departments and academic areas on campus including Women and Gender Studies, African-African-American Studies, Appalachian Studies, Chautauqua Lecture Series, Criminal Justice and Police Studies, the Honors Program, International Education, the Departments of English, Communications, History, Foreign Languages and Humanities, Nursing, Philosophy and Religion and the College of Education.

In addition, OMSA encourages student engagements and leadership by providing support to various registered student organizations such as American Sign Language Association, EKU Gospel Ensemble, Black Union, Capoeira Dance and Martial

The mission of Student Health Services at Eastern Kentucky University is to provide our students with the best quality acute ambulatory medical care in a compassionate environment, while providing education on healthy lifestyles from which our students can benefit for the rest of their lives.

Student Health Services has three primary goals: first, to address any acute medical condition that threatens health, interferes with function, reduces performance, and serves as an obstacle to learning and personal growth; second, to educate our student body on healthy lifestyle choices that promote wellness and reduce the chances of disease—the preventive approach; third, to serve as a source of information and access to community based assistance programs. Services provided at the Health Center include:
- Outpatient acute medical care
- Allergy shots
- Basic laboratory tests
- Certain immunizations
- X-Ray requests
- Tuberculosis skin testing
- Health education
- AIDS education/testing referral

To make an appointment to see a provider, please go to the SHS website and click on the icon at the bottom left corner of the home page: “Schedule Online Appointment.”

A variety of free pamphlets, booklets, and other materials are available at the SHS. Students may utilize the computer terminal with Internet access in the SHS lobby to look up health related topics of interest.

University Housing
Whitlock Building 552
Phone: (859) 622-1515 Fax: (859) 622-8384
www.housing.eku.edu

University Housing is dedicated to providing a variety of housing options that best meet the needs of all Eastern Kentucky University students. The residence halls are living-learning environments dedicated to supporting students’ ability to live, learn, work, and play while attending Eastern Kentucky University.

All single, full-time undergraduate students under the age of 21 prior to the first day of classes, having fewer than 60 credit hours, or having lived in a residence hall less than four academic semesters (fall/spring) are required to live in University residence hall facilities. Exception is made for students residing with their parent(s) at their parent’s principle residence within 50 miles of the Richmond campus. Students living with parents must submit a verification form which is available through the housing office or at www.housing.eku.edu. Students may request exemption to the residency requirement under specific circumstances to the Director.

Each residence hall is equipped with the following services that come as part of the basic room rental rate:
- All major network and major cable stations are offered
- All premium channels are available at an additional charge
- Enhanced services and premium channels are available at an additional charge

Cable Television

All major network and major cable stations are offered with any cable-ready television at no cost. Enhanced services and premium channels are available at an additional charge. For additional information, contact the College Cable Services, Inc. at 800-472-2054 ext. 222.
SECTION THREE - STUDENT SUPPORT AND SERVICES

Phone Services
Basic phone service is provided for all residents. Each room is equipped with one phone line. Residents are asked to provide their own touch tone phone. In order to dial long distance, students may use any calling card. Enhanced phone features are available at an additional charge. For additional information on enhanced services or long distance, contact EKU Telecommunication Services at (859) 622-1903.

Laundry Rooms
Several washers and dryers are located in every residence hall. All the machines are operated by coin or Colonel Dollars.

ResNet
All rooms come equipped with two high-speed internet connections. Wireless network access is also available. For more information about equipping your computer for Internet access, visit www.resnet.eku.edu.

Study Rooms
Within most residence halls are open, quiet rooms in which to study.

Vending
All residence halls are serviced with a variety of drink and snack vending machines. The machines are coin operated, and many accept Colonel Dollars as well.

Social, educational, and service-learning programs are offered and organized by University Housing staff in all of our residence halls. These programs range from movie nights on the residence hall floors to volunteering for Habitat for Humanity. Most often, the RAs on each floor host social programming so that the residents can get to know each other and enjoy their housing experience even more. Many of the University Housing programs are open to all campus residents.

There are multiple residence halls on campus which include male, female, and coed living arrangements:

Male Residence Halls: Martin Hall (South Wing), Dupree Hall
Female Residence Halls: Burnam Hall, Martin Hall (North Wing), and Todd Hall.
Coed Residence Halls: Case Hall, Clay Hall, Combs Hall, Commonwealth Hall, Keene Hall, McGregor Hall, Palmer Hall, Sullivan Hall, Telford Hall, Walters Hall, and Brockton apartments.

ADDITIONAL STUDENT SERVICES

The International Alumni Association
Richards Alumni House
Phone: (859) 622-1260 Fax: (859) 622-6620 www.eku.edu/alumni

The Eastern Kentucky University International Alumni Association serves as a link between the University and its alumni by maintaining records, fostering communication, and sponsoring programs and activities designed to enhance this relationship.

All Eastern Kentucky University degree recipients and former students with 25 or more credit hours are considered alumni of EKU. The International Alumni Association is served by a board of 25 alumni volunteers, representing the diversity of our alumni constituency, who meet three times annually. Their work includes selection of the Alumni Awards, Alumni Scholarship recipients and other duties.

In addition to active Alumni Chapters, the Alumni Association coordinates multiple gatherings across the nation to encourage alumni and friends of EKU to come together.

Other regular Association activities include Alumni Weekend held annually in April and Fall Homecoming. These events bring alumni back to campus to reconnect with their classmates as well as giving the opportunity to see students and learn about our academic programming.

The International Alumni Association helps to publish an Alumni Directory, usually every five years. This directory is a compilation of information about alumni including their name, class year, occupation and contact information.

Computer and Related Resources
Combs Building 209
Phone: (859) 622-1411 Fax: (859) 622-2266
www.it.eku.edu

Upon admission, students are issued an E-Key, electronic account, which provides secure access to Blackboard, EKU email, campus computers, and various other electronic resources. For information on activating your E-Key see: webapps.eku.edu/stumail

IT (Information Technology) provides technology laboratories for student use in numerous campus locations, including a small cluster in each residence hall. Over 400 state-of-the-art computers are available for student use. All locations provide laser printing, some in color. Assistance with computer-related projects and assignments is available in our staffed labs—Crabbe Library, Combs Classroom Building, Powell Building, and the Whitlock Building. Laptops, projectors and other types of technology related equipment are available for student checkout from the Technology Commons, located on the first floor of the Powell Building.

The IT Helpdesk provides information and solutions to computer-related problems. Please call (859) 622-3000 or come to Combs Classroom Building Room 209 to contact a Consultant. ResNet provides information and solutions to computer-related problems for students. Please call (859) 622-3050, email resnet@eku.edu, or come to Combs Classroom Room 230 to contact the ResNet staff.

The EKU Computer Store, conveniently located in the Whitlock Building, sells technology-related equipment (computers, printers, cameras, and accessories) and software at academic discount pricing. The store also provides a print station for digital photography, a fax machine, and CD duplication. It is open Monday through Friday from 8:00 a.m. - 4:00 p.m.

EKUDirect is an IT service that provides internet access to student records and many University business functions such as registration, bill payment, advising information, and automobile registration. Through EKUDirect, students can do business with the University anytime from anywhere.

IT provides e-mail and web space for personal websites to all students. IT provides an email antispam solution. To view your trapped spam or increase your level of filtering aggressiveness please login to antispam.eku.edu. Information on how to activate your student email is available on EKU’s web page www.eku.edu. Information is also available via the web about how to change/reset your password.

Wireless access is available in all academic buildings, residence halls and many outdoor environments. The wireless network is based on the 802.11n standard and provides up to 54 Mbps connectivity. Both secured and unsecured (limited access) wireless is available. For PC configuration information, go to
In support of student learning, eight computer classroom laboratories maintained by IT are available for reservation by instructors to enhance the classroom experience of their students. IT is responsible for the Blackboard Online Learning System used by many of our instructors to enhance the student learning experience with web-related teaching, messaging, and testing.

EKU Printing Services, located in the Coates Building, offers assistance to students and student organizations in designing and reproducing their projects with a professional appearance. Same-day service for most projects (e.g., coil and spiral binding, multiple page copying, poster and banner printing, color copying, laminating, and 3-hole punching) is available at a reasonable cost. PDF files are preferred, but projects can be processed from most desktop publishing and word processing software.

IT provides high speed internet access in all of the residence halls (ResNet) and free computer anti-virus software. Our antivirus software must be used in order to connect to ResNet so please do not purchase anything prior to arriving on campus. If you do, it needs to be removed before you put EKU’s antivirus on your computer. You will need to connect to the campus Ethernet and download Symantec and our network login software--Clean Access, in order to connect to the network in your residence hall. Only after you successfully connect to the wired connection in your room will you be able to connect to your buildings wireless. For computers to be used in the residence halls, IT requires the following:

**Required Hardware/Software**
- 10 or 10/100 Ethernet card Network cable (RJ45 CAT5)
- (25’ recommended length)
- EKU version of Symantec Antivirus*
- Cisco Clean Access Agent*
- Operating system updates (Windows or Apple)
- *Must be downloaded free from EKU once in a residence hall.

**Minimum Computer Requirements**

The mission of the Eastern Kentucky University Police Department is to enhance the quality of life by providing a safe and secure environment through professional service to the community. The success of our mission depends on this partnership utilizing a community policing philosophy. The department places high priority on honesty and integrity and values the need for effective and open communication with the community we serve. We value our employees and are committed to their professional development.

The University offers a variety of informational programs that inform students and employees on safety and security issues, including how to report crimes and how to prevent crimes. These programs are available on request by student groups, employees, or individuals. These programs include, but are not limited to:

- Crime Prevention and Security Awareness
- Drug and Alcohol Abuse Education Program
- Sexual Assault Prevention
- Residence Hall Security

The University Police provide 24-hour patrols of the Eastern Kentucky University campus buildings, parking lots, residence hall exteriors, and campus grounds. University police officers have full authority on all University property and concurrent jurisdiction on all roads and streets adjacent to the campus. The University Police also have the authority to investigate crimes committed on University property anywhere in the state.

The Eastern Kentucky University Police Department includes 25 sworn police officers, 4 dispatchers, and 19 student cadet officers. The University Police has jurisdiction over all campus owned, leased or controlled property, on all roads through and adjacent to campus, and anywhere in the state if a crime is committed on campus. They have police cruisers that patrol throughout campus and are highly visible along with bicycle patrol and foot patrol officers.

The campus police department also houses 2 full-time detectives whose primary responsibilities are investigations and working closely with surrounding agencies. The Eastern Kentucky University Police Department has an excellent working relationship with state, local, and federal law enforcement agencies and other emergency providers.

**Student Publications**

Eastern Kentucky University provides a variety of laboratory experiences through student publications. The Eastern Progress Advisory Board has been established to provide professional involvement in the activities of the Eastern Progress, the University’s student newspaper. Academic and support units coordinate the institutional support of student publications but do not govern the content. The courts have consistently held that where a tradition of student decision making exists in student publications, those publications are afforded the same Constitutional First Amendment protection as other publications. Concomitant with those rights, go certain responsibilities, which also accrue to the student publications. Accordingly, the responsibility for the content of the publications is that of the student editors and writers and not Eastern Kentucky University or its Board of Regents.

**The Eastern Progress**, a 10,000-circulation weekly newspaper, is the official student publication of the University and all students are encouraged to take advantage of the journalism and advertising training it offers. The Progress has consistently been rated as an All American Newspaper by Associated Collegiate Press and a Medalist paper by Columbia Scholastic Press Association. Since 1987, the Progress has won more than 20 national awards, including four national Pacemakers and three Gold Crown awards. It was recognized as the Best All-Around Campus Newspaper by the Society of Professional Journalists in 1997 and 1998. Reach the Progress online at www.easternprogress.com.

**Aurora** is a magazine of student writings published by its student staff to encourage interest in literary activity. Aurora accepts poems, one-act plays, short stories, prose sketches, and essays from any Eastern student. Editions are published in the fall (online by the ENG 420 class) and spring (hard copy). Cash prizes are awarded for the best works (fiction and poetry) at the time of the spring publication.

All undergraduate students are assigned an academic advisor through the Office of University Advising. Designated departmental faculty and college staff serve as advisors to students with declared majors. Staff advisors in the University Advising Office serve as advisors for students seeking an Associate of General Studies degree, for exploratory students, and for students with developmental needs.

Academic advising is a dialogue between student and advisor to promote responsible and appropriate choices and facilitate a successful academic experience. The Office of University Advising collaborates with students, faculty, and staff across campus to develop a meaningful academic plan tailored to a student’s needs and goals. University Advising serves students, faculty, and staff by:

• Providing year-round academic advising and student support to each EKU student.
• Providing advising tools and referring students to appropriate campus resources.
• Facilitating the Early Alert Program to identify at-risk students.
• Providing customized academic planning and advising to at-risk and exploratory students and students experiencing academic difficulty.
• Assisting with academic recovery for students.
• Assisting in the withdrawal process for students.
• Collaborating with the Counseling Center and the Center for Career and Co-op to assist student in clarifying educational, career, and life goals.
• Collaborating with Center for Career and Co-op and Career Services to facilitate the major exploration process.
• Coordinating campus-wide advising functions through Eastern Academic Retention Network (EARN) meetings and the Undergraduate Advising Committee.
• Coordinating advising resources for the Summer Orientation Program in conjunction with the Office of First Year Programs and the Registrar.

For more information visit the University Advising website at www.advising.eku.edu or call (859) 622-2276.

Bratzke Student-Athlete Academic Success Center
Dr. Eugene J. Palka, Director
Alumni Coliseum 103
(859) 622-6648

The Bratzke Student-Athlete Academic Success Center provides an academic support program and a multifaceted academic resource for all student-athletes competing on NCAA varsity teams on EKU’s campus. The Center provides opportunities and services to enhance the student-athlete’s academic performance, as well as monitoring progress to ensure all student-athletes meet their academic eligibility requirements as determined by the NCAA, OVC, and EKU.

Bratzke Center programs include academic advising, academic monitoring, mentoring, supervised studying, tutoring, and personal counseling, as well as referrals to other academic support programs on campus. Each student athlete’s academic progress is monitored closely, throughout their EKU enrollment to facilitate graduating with the highest grade point average possible, while maintaining NCAA eligibility throughout their collegiate athletic career.

The Bratzke Center also sponsors a Life Skills program designed to promote student-athlete growth in five commitment areas: academics, athletics, personal development, service, and career development. Throughout the year the Center plans and coordinates outreach activities for student-athletes in support of the local community and Eastern Kentucky.

Office of Financial Aid
Ms. Shelley S. Park, Director
Whitlock Building 251
Phone: (859) 622-2361 Fax: (859) 622-2019
Email: finaid@eku.edu

Financial assistance is available to help students offset the cost of their college education. There are five types of financial aid: grants, loans, employment, entitlements, and scholarships. The grants, loans, and federal work study programs are need-based. To determine how much money and for which programs the student qualifies, he/she must complete the Free Application for Federal Student Aid each year.

Entitlements include but are not limited to resources from the Veterans Administration and Vocational Rehabilitation. Scholarships are awarded from the University as well as outside sources. For information regarding entitlements, students should contact the Division of Student Financial Assistance at (859) 622-2361. This office can guide the student to the proper source depending on the type of entitlement or scholarship the student is interested in pursuing.

For scholarship information, students should contact the Scholarship Office in the Whitlock Building, Room 346 (859) 622-8032

VOCATIONAL REHABILITATION (OVR). EKU supports the efforts of OVR to serve eligible individuals with disabilities. The Kentucky Office of Vocational Rehabilitation provides vocational rehabilitation services to eligible individuals with disabilities. Individuals receiving OVR services may also contact the EKU Disabilities Office for academic accommodation.

For more information about eligibility criteria call the Office of Vocational Rehabilitation toll free at 1-800-372-7172 or (502) 564-7172, or visit the website at www.ovr.ky.gov.

Grants
Grants are considered gift aid and do not usually have to be repaid.

The FEDERAL PELL GRANT is the largest grant program. The maximum award is $5,550 for 2013-14.

The FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT (SEOG) is awarded to students who demonstrate exceptional need, and priority is given to Federal Pell Grant recipients. The average Federal SEOG award at Eastern Kentucky University is generally $550 for the academic year.

The COLLEGE ACCESS PROGRAM GRANT (CAP) is awarded to eligible Kentucky residents. The amount of this grant is determined by the Kentucky Higher Education Assistance Authority (KHEAA). It is given to students enrolled for a minimum of six hours. Full-time students will receive up to $950 per semester, $1,900 for the 2013-14 academic year.

Scholarships
Eastern Kentucky University offers a range of academic scholarships designed to reward scholastic achievement and enhance the university community through the attraction of academically talented students.

Unless noted otherwise in the specific description, each of these scholarships is awarded for eight consecutive regular semesters of full-time undergraduate work to students earning their first undergraduate Bachelor degree, provided a satisfactory grade point average is maintained.

In addition to the general scholarship program described below, the University also awards a number of scholarships funded through private funds administered in the Eastern Kentucky University Foundation. Students need to complete the scholarship application form to be considered for all foundation scholarships the University awards (www.scholarships.eku.edu).

Some discipline specific scholarships are awarded based on selection processes within the appropriate academic department. If the department housing the major indicated on the application form awards such scholarships, you will receive information from that department.

In addition to completing the scholarship application, it is also necessary to apply for admission to the university and for financial aid. All necessary forms are available through the Office of Admissions. If you have a question, or need admission forms, please call 1-800-465-9191, or send an email to admissions@eku.edu. Scholarship applications are available online at www.scholarships.eku.edu.

Except for the book award to participants in the Honors Program, the university does not make multiple awards of the described scholarships. Recipients will receive the highest award for which they apply, are eligible and selected.

The following information is applicable to freshmen enrolling at Eastern Kentucky University for the first-time in the Fall semester, 2012.

Transfer Scholarship: Students need to apply for admission to be considered automatically for scholarships. To be considered for the fall semester, students must apply for admission by June 15th. This non-renewable scholarship provides up to $1000.00 for an academic year toward tuition and fees.

Student Loans

The FEDERAL PERKINS LOAN is a 5 percent simple interest loan awarded to exceptionally needy students. This loan is made to undergraduates, as well as post-baccalaureate and graduate students. Repayment begins nine months after the student ceases to be enrolled on at least a half time basis. There are certain occupations which allow a student to cancel a percentage of the money they borrow from this program. Contact the Loan Accounts Office in the Whitlock Building, Room 216, for more information regarding the cancellation and deferment options. All first time Federal Perkins Loan borrowers must be enrolled for thirty (30) days before their first Perkins disbursement can be released.

The FEDERAL DIRECT SUBSIDIZED LOAN PROGRAM is a need based program available to students who are enrolled at least half time. This loan is for undergraduate, graduate and post-baccalaureate students. The interest rate is fixed and is not to exceed 8.25%. Contact the Office of Student Financial Assistance after July 1 for the current year interest rate.

The Federal Government pays the interest while the student is enrolled at least half time. A student has six months after ceasing to be enrolled as a half time student before repayment begins.

All first time Federal Direct Loan borrowers (subsidized as well as unsubsidized) must complete entrance counseling before their loan can be processed. Counseling can be completed at www.studentloans.gov.

The FEDERAL DIRECT UNSUBSIDIZED LOAN PROGRAM is not based on need. It has a different interest rate as the Federal Direct Subsidized Loan Program, and the student is responsible for paying the interest on this loan.

The unsubsidized and the subsidized loan cannot exceed the maximum amount allowable by a student’s classification. For example:

First Year Students - $5,500 is the annual loan limit for the unsubsidized and subsidized Direct Loan program. No more than $3,500 of this amount may be in subsidized loans. All first time Federal Direct Loan borrowers must be enrolled for thirty (30) days before the first disbursement can be released.

Second Year Students - $6,500 is the annual loan limit a student can borrow. No more than $4,500 of this amount may be in subsidized loans.

*NOTE: This is the maximum amount ($6,500) that a student working on an Associate Degree is eligible to receive.

Third and Fourth Year Students - $7,500 is the annual loan limit. No more than $5,500 of this amount may be in subsidized loans.

Graduate Students - $20,500 is the annual loan limit. No more than $8,500 of this amount can be in subsidized loans.

Independent students may be eligible for an ADDITIONAL UNSUBSIDIZED FEDERAL DIRECT LOAN. An independent student could borrow up to an additional:

Freshman/sophomore - $4,000
Junior/senior - $5,000

Keep in mind that the unsubsidized and subsidized Direct Loans combined cannot exceed the student’s cost of education minus all other student financial assistance.

*Each annual loan limit is for one award year (12 month period; i.e., fall, spring, and summer).

To apply for a Federal Direct Subsidized or Unsubsidized Loan, all students must complete a Free Application for Federal Student Aid. After the student is evaluated for all federal programs, his/her eligibility for the Direct Loan program is determined. The Office of Student Financial Assistance will certify the loan and electronically submit the information to the U.S. Department of Education (DOE). If the student has a signed Master Promissory Note (MPN) on file at DOE, the loan funds will be sent to Eastern Kentucky University on the specified disbursement dates. If the student does not have a signed MPN on file at DOE, a MPN must be signed electronically at www.studentloans.gov.

Post-Baccalaureate Students—Students returning to work on a second undergraduate degree are not automatically eligible for the senior annual loan limit of $7,500. Each student must submit documentation which indicates how many hours that student has working on an Associate Degree is eligible to receive.

The FEDERAL DIRECT PLUS LOAN program enables parents to borrow the cost of education minus other aid for their student who is enrolled for at least 6 hours. This is not a need based loan. As long as the parent who is applying for the loan is credit worthy, the loan is usually approved. The interest rate is fixed at 7.9%. Interest begins to accrue 60 days after the loan is fully disbursed. The parent must complete the PLUS application process at www.studentloans.gov each year. If the parent has a
signed Master Promissory Note (MPN) on file at DOE, the loan funds will be sent to EKU on the specified disbursement dates. If the parent does not have a signed MPN on file at DOE, an MPN must be signed electronically at www.studentloans.gov.

The STUDENT AID SOCIETY (Emergency Loan) program is designed to provide emergency short-term loans to students. It must be repaid. Students may borrow a small amount of money on a personal note at a legal rate of interest for a one month period. Money is made available through contributions of the University, alumni, private organizations and many individual friends of the University.

You must be enrolled as a full-time student, have a 2.0 (“C”) overall grade point average, a means of repayment, and must not have a past due balance. All students are eligible to apply for these short-term loans regardless if they are receiving other forms of financial aid. An application form obtained from the Loan Accounts Office in the Whitlock Building, Room 210 must be completed.

The loan must usually be repaid within four weeks, and the student is charged an interest rate of 2 percent. Students who have delinquent loans will have their grades sealed in the Registrar and will not be allowed to register for the next semester. Delinquent loans will be collected through a collection agency. Any additional expenses incurred in the collection of the note will be added to the student’s repayment.

Student Employment

Eastern Kentucky University offers its students two employment programs. One is the federal work study program which provides part-time jobs to students who have financial need as determined by the Application for Federal Student Aid. This program is federally funded. The other is the EKU institutional work program. Eastern Kentucky University provides funds to employ students who want to work on-campus, but do not qualify for the federal work study.

Both of these programs employ students on a part-time basis, and students are paid every two weeks for the hours they have worked. Their job schedule is built around their class schedule. A variety of jobs are available including typing, filing, farm work, food service, resident hall assistants, tutorial work, as well as community service jobs. Contact EKU’s Student Employment Office for more information at Whitlock Building, Room 219, hours 8:00 a.m. - 5:00 p.m.; phone (859) 622-1760 or 622-1756.

Office of First Year Programs
Dr. Lori Beth Miller, Director
Whitlock Building 372
Phone: (859) 622-1682
E-mail: FYP@eku.edu
www.firstyear.eku.edu

The mission of the Office of First Year Programs is to aid in the transition to college for first year students and their family members by providing useful and timely information in a professional manner. The Office of First Year Programs is committed to encouraging first year students to grow socially and academically and to respect themselves and all others in the Eastern Kentucky University community. First Year Programs is committed to delivering orientation services and transition programming to all new students and their families.

Orientation

Orientation is phase one of the first year experience for new students. During Orientation, students and families visit campus, meet with faculty, staff, and students, and learn more about life at Eastern Kentucky University. Students also register for their first semester of classes. Representatives from many areas are available during Orientation to answer questions about financial aid, tuition payment, housing, dining services, and tutoring services. There are various dates and schedules for first year, transfer and non-traditional students.

Colonel Camp

Colonel Camp was established in 2007 to allow new students to get a jump start on college life at EKU. Colonel Camp serves as a bridge between Orientation and New Student Days and aims to connect new students to campus, current student leaders, and their peers. The camp occurs before Move-In Day in August and provides the participants with the opportunity to serve other new students as volunteers during Move-in.

New Student Days

The New Student Days (NSD) program is phase two of the first year experience at Eastern Kentucky University. New Student Days programming kicks off on the Sunday before classes start and continues throughout the first weeks of classes. NSD is a required program for all new students and is incorporated into the curriculum of the student success seminars.

The purpose of this program is to enable students to meet other new students and participate in a wide variety of campus activities. The President’s Picnic, educational sessions, and social events are just some of the highlights. All new students are required to attend.

EKU Reads Program

The EKU Reads program is designed to provide new students with a common introduction to academic life at Eastern Kentucky University. Each fall semester Eastern Kentucky University engages in campus-wide discussions of the selected book. First-year English courses and student success seminars also utilize the book in class discussions throughout the semester. The EKU Reads program is facilitated by a faculty committee in collaboration with First Year Programs.

Family Programs

The Eastern Family Network began in the summer of 2000 to get parents and other family members involved in Eastern Kentucky University. By informing family members about campus happenings, we hope they will be supportive and engaged in the educational process with their student. First Year Programs also facilitates planning Family Weekend, a spring Family Network event, a Family guide, a monthly newsletter and a Family resource page on the First Year Programs website.

Office of Military and Veterans Affairs
Allen Back, Director
317 Lancaster Avenue, Burnam House
Phone: (859) 622-2345 Fax: (859) 622-5076
www.va.eku.edu

The Office of Military and Veterans Affairs serves student veterans by assisting with admissions, obtaining VA benefits and credit for military training, and serving as an advocate for veterans issues throughout the campus community. Student veterans or
eligible dependents will need to apply directly to the Veterans Administration to obtain a letter of eligibility. This can be done online at www.gibill.va.gov. Upon receipt of the letter, bring or send a copy to the Veterans Affairs Office on the main campus along with a Course Enrollment Form (CEF). The CEF must be submitted each semester for which benefits are desired. The CEF is available online at www.soto.eku.edu/veterans.

The Post 9-11 GI Bill will pay 100% of tuition and fee costs for undergraduate, graduate, and online instruction provided the service member has 36 months of active federal service. Veterans with less than 36 months of service will receive a prorated amount based on number of months served on active duty beyond initial training. Basic Allowance for Housing (BAH) is based upon E-5 with dependents for the 40475 zip code and is also prorated. Online-only Post 9-11 student veterans will draw BAH at one half of the national BAH average. All out-of-state veterans who are Post 9-11 GI Bill eligible will receive in-state tuition and fees rates.

Veterans needing assistance in obtaining a copy of their Joint Service Transcripts or CCAF transcripts should email ekuveteransaffairs@eku.edu or call 859-622-2345.

Survivors' and Dependents' Educational Assistance
DEA (Chapter 35) provides education and training opportunities to eligible dependents and survivors of certain veterans. For more information on DEA eligibility visit www.gibill.va.gov.

Children of Kentucky War Veterans
If you are the child of a Kentucky War Veteran you may also be entitled to a tuition waiver in addition to your DEA benefits. Under the provision of KRS 164.505 and 164.515 children of Kentuckians who were killed in military action or who were permanently and totally disabled in wartime military services are eligible for this waiver. For additional information contact the Kentucky Department of Veterans Affairs, Tuition Waiver Coordinator at (800) 928-4012.

NOVA Program (TRiO Student Support Services)
Ms. Jane Tinsley, Director
Turley House 2
Phone: (859) 622-1047
Fax: (859) 622-1074
www.nova.eku.edu

The NOVA Program is a Student Support Services/TRiO project with the legislative purpose to facilitate persistence and graduation of eligible learners. NOVA pre-identifies first-year EKU students who demonstrate a potential for success in college and who meet the economic and/or first-generation-college-student eligibility criteria. The NOVA service delivery design is a holistic retention plan based on the learner’s needs for success. NOVA provides instruction in Student Success Seminar and Leadership Dynamics and provides the following support services throughout the learner’s EKU academic career from orientation to graduation:

- Instruction in Academic Orientation, Leadership Development and Peer Mentoring
- Academic Advising
- Financial Aid and Financial Literacy Consulting
- Scholarship and Grant Aid Award
- Personal and Career Consulting
- Graduate School Planning

NOVA learners earn a degree from EKU at a statistically significant higher rate as compared to other EKU students from the same background. NOVA is located on the second and third floors of the Turley House and is open from 8:00 a.m. - 4:30 p.m. Monday-Friday. Please visit www.nova.eku.edu or phone (859) 622-1047.

STUDENT OUTREACH AND TRANSITION OFFICE
(SOTO)
Ms. Lisa Cox, Director
Whitlock Building 442
Phone: (859) 622-7686
www.nova.eku.edu

This one-stop transitional center is designed for transfer, non-traditional and re-entry students (away from EKU for over 2 years). The Student Outreach and Transition Office provides comprehensive support to students from initial inquiry through registration for their first semester of classes, serving as an advocate to promote their needs along the way. Prospective students receive individualized consulting services in the areas of admissions, degree audits, major selection, academic bankruptcy, credit transfer process, degree completion via distance learning, and course registration prior to their first semester. This office also provides students with answers to basic questions regarding filing for financial aid, financial aid appeals, securing veterans’ benefits, and receiving credit for prior learning. Evening appointments are available to better serve the needs of adult learners.

SOTO also serves as a hub for diverse students and houses the Rodney Gross Scholars program for African American students from Kentucky. SOTO houses a bi-lingual Hispanic/Latino retention specialist who is available to answer questions and refer students to appropriate resources. SOTO also has dedicated study areas that include computer access and tutoring assistance upon request.

Colonel Connection Program
The Colonel Connection Program facilitates the transfer process from other colleges to EKU, and eases students’ transition to and timely graduation from EKU. The program is available to students who are currently enrolled at another institution (e.g., a community college) and intend to transfer to EKU to complete a baccalaureate degree. Students must apply for admission to EKU, meet all admission requirements, and be accepted to EKU before enrolling in the Colonel Connection program.

Upon admission and completion of the Colonel Connection program agreement, participating students are granted continuous access to EKU’s DegreeWorks degree audit system, allowing them to view their individualized degree plan and progress towards an EKU baccalaureate degree. The degree audit is then kept current through regular submission of transcripts to EKU for credit evaluation. (Note: Colonel Connection students may not enroll in EKU coursework without first requesting visiting-student status
When ready to transfer to EKU, the student must apply for admission to the university as a degree-seeking student for the term in which they wish to begin.

To maintain enrollment in the Colonel Connection program, a student must:
- maintain a minimum 2.0 grade-point average (GPA) on all college-level work completed to date;
- complete, with a grade of C or better, no fewer than six (6) credits in the most recent fall/spring semester; and
- meet with an assigned EKU advisor at least twice per academic year to discuss their progress and plans for transfer and graduation.

Students who fail to meet any of the above standards will be given one fall or spring semester to comply, after which they will be disenrolled from the Colonel Connection program.

Upon enrollment in the Colonel Connection program, participants will have a catalog year associated with their student record designating the academic year for their degree program as well as General Education and University graduation requirements. Should graduation requirements subsequently change, students may request a move to the current Catalog through the Registrar’s Office. The catalog year may be found on the student’s DegreeWorks degree audit.

Students who fail to maintain their enrollment in the Colonel Connection program may apply for readmission to the program; however, their catalog year will be based on the date of re-enrollment.

For further information regarding the Colonel Connection program, contact the EKU Student Outreach and Transition Office (SOTO).

APPLIED CRITICAL AND CREATIVE THINKING (ACCT)

The ACCT is a program-directed University baccalaureate degree graduation requirement intended to showcase the unique experiential and applied components of all undergraduate degrees at EKU. The goal of the ACCT is to ensure that students integrate into their degree program experiences and/or courses that demonstrate applied critical and creative thinking skills. Any course or experience used to meet this requirement may also be used to satisfy program requirements. Options to satisfy this requirement vary by degree program and will be determined by the program. The ACCT experience is expected to be at least a 3 credit hour course, or an experience that requires equivalent effort. Students should refer to the program requirements for their majors, as listed in this Catalog, or listed on their DegreeWorks degree audit, for specific information on the ACCT requirement.

ACADEMIC BANKRUPTCY

Academic Bankruptcy of EKU Work

Academic bankruptcy allows undergraduate students who are returning to Eastern Kentucky University after remaining out for an extended period of time to remove from their GPA a portion of the work attempted during prior college enrollment(s). EKU offers this option of academic renewal because it recognizes that some students fail to perform satisfactorily due to immaturity or to other factors that interfere with their academic performance.

Students considering academic bankruptcy should make careful note of the following policy conditions:

(a) The student must not have attended Eastern Kentucky University or any other institution of higher education for a period of at least two consecutive years sometime after attempting work to be bankrupted.

(b) The student must be currently enrolled as a degree-seeking student at EKU.

(c) The student must not have previously declared bankruptcy of EKU work. Bankruptcy can only be declared once.

(d) Only semesters where the term GPA is below 2.0 will be considered for bankruptcy.

(e) Within eligible terms (see d. above), only courses with grades of “D” or “F,” or the equivalent, may be bankrupted.

(f) During his/her first semester after being readmitted a student requesting bankruptcy must attain a minimum of a 2.0 term GPA. The student must earn no grade lower than a “C” on at least 12 hours of 100-level (or higher) EKU coursework, and pass any college readiness courses. All courses and grades, including repeated courses, will be counted in the qualifying term GPA. For the purpose of determining bankruptcy a grade of “S” is acceptable.

(g) A student who does not enroll in 12 credit hours of 100-level or higher coursework during his or her first term back at EKU will have his/her enrollment in the subsequent semester combined with that of the first to determine bankruptcy. All academic work attempted in the term that includes the twelfth credit hour is affected by the above grade restrictions.

(h) Before formally requesting consideration for bankruptcy, the student must confer with bankruptcy experts in the Registrar’s Office to determine which semesters may qualify for bankruptcy and what the impact to the student’s GPA will be. The student will then complete and sign the Academic Bankruptcy form.

If bankruptcy is granted the bankrupted class(es):

• Will remain visible on the transcript, but with a “S” designation.
• Will not be counted in the student’s GPA.
• Will not count as earned hours, they will no longer contribute toward degree progression. (Note that Financial Aid will continue to count bankrupted hours as attempted hours.)
• Will be included in the separate GPA calculation which is done when determining graduation honors.
• Will be prevented by DegreeWorks from meeting any degree requirements (including the 42 hour upper division requirement). However, the dean of the college of the student’s major may waive major, supporting, and general education requirements met by bankrupted courses in which the student received at least a “C” or higher grade. Note that this does not add back any credit hours from bankrupted courses, the student will be required to substitute enough elective courses to obtain the minimum number of credit hours required to graduate.

TRANSFER STUDENTS

Academic Bankruptcy of Transferred Work

Student success is an EKU priority. The General Academic Information section provides students with key information to help them succeed on the path toward completing a degree. All students should become familiar with the General Academic Information section of the Catalog as well as specific college and departmental program requirements. Being unaware of these regulations and requirements does not exempt a student from complying with the requirements.
Academic bankruptcy of transfer coursework undergraduate students who have been out of higher education for an extended period to void a portion of their earlier work attempted at other institutions. EKU offers this option because it recognizes that some students fail to perform satisfactorily due to immaturity or to other factors that interfere with their academic performance.

To qualify for transfer bankruptcy, a student must meet the following conditions:

(a) The student must not have attended Eastern Kentucky University or any other institution of higher education for a period of at least two consecutive years sometime after attempting the work to be bankrupted.

(b) Students may request to bankrupt any or all semesters of prior work. However, all EKU bankruptcy restrictions and rules listed in the general academic bankruptcy section of this catalog apply.

(c) After being readmitted, the student must attain a minimum of a 2.0 GPA with no grade lower than a "C" on at least 12 hours of college-level (i.e., 100 or above) EKU courses and pass any attempted college readiness courses. All courses and grades, including repeated courses, will be counted when determining eligibility for academic renewal. A grade of "S" is also acceptable for meeting academic renewal. All work attempted in the academic term that includes the twelfth hour is affected by these grade restrictions.

(d) The student must submit a completed Academic Bankruptcy request form to the Office of the Registrar. All students are strongly encouraged to meet with a bankruptcy expert in the Registrar’s Office. Together, they will identify the transfer institutions from which work is to be bankrupted, as well as the specific semesters that are to be bankrupted. Students may request to bankrupt any or all semesters of prior work, but all work from a given semester will be bankrupted if the student requests to bankrupt that semester and if the request is approved. The student may not have previously declared transfer bankruptcy at EKU.

(e) Any academic work earned before completion of a baccalaureate degree is not eligible for bankruptcy once the degree has been awarded.

(f) The student must be currently enrolled as a degree-seeking student at EKU.

(g) If transfer bankruptcy is granted, the bankrupted work will remain on the transcript; but it will not be counted in the student’s GPA and will not count toward degree requirements, including the upper division hours requirement. However, the dean of the college in which the student is enrolled may waive major, supporting, and general education requirements met by bankrupted courses while requiring the student to substitute enough elective courses to obtain the minimum number of credit hours required to graduate.

(h) Grades for course work approved for academic bankruptcy will be included in the separate GPA calculation performed to determine students who will graduate with Latin Honors.

(i) Transfer students who have participated in academic bankruptcy (or academic renewal) at a previous institution, and have not yet earned a baccalaureate degree, may have the affected transfer coursework brought into EKU as it was recorded by the previous institution, or instead havethe course work applied through EKU’s academic bankruptcy policy - whichever results in a more favorable outcome for the student.

ACADEMIC INTEGRITY

EKU students are expected to adhere to the highest standards of academic integrity. Students who are found guilty of academic dishonesty will be sanctioned in a manner that is appropriate to the infraction. Sanctions may range from receiving a failing grade on the assignment to being assigned a failing grade in the course. Stronger sanctions are possible in the event a case is assigned to the Student Disciplinary Council. Students who are assigned a grade of “F” or “FX” in a course due to academic dishonesty will not be permitted to withdraw from the course.

For a full description of academic dishonesty, including plagiarism, cheating, and fabrication, refer to the Academic Integrity Policy at http://www.policies.eku.edu/academic/academic_integrity/4.1.3_academic_integrity_br_6.06.pdf

ACADEMIC READINESS

The Developmental Education and College Readiness Program at Eastern Kentucky University helps students achieve academic success in college-level courses by developing or enhancing skill level proficiencies in the areas of reading, writing, and mathematics. Proficiencies in these areas are measured by student performance on the ACT, SAT, and EKU placement tests. In addition, students may earn developmental proficiency in English composition, reading, or mathematics via COMPASS scores, or via KYOTE (KentuckY Online Testing) scores. Students needing additional preparation, identified through testing, are required to enroll in college readiness or developmental education coursework. College readiness is defined by minimum ACT subscores of 18 in English, 19 in mathematics, and 20 in reading.

Developmental Education and College Readiness courses offered at Eastern Kentucky University include:

· ENG 090 Basic Writing
· ENG 095 Developmental Composition
· ENR 090 Developmental Reading I
· ENR 095 Developmental Reading II
· ENG 101 Reading, Writing and Rhetoric.
· ENG 101R Reading, Writing and Rhetoric (Supported)
· ENR 116 Strategies for College Reading
· MAT 090A, 090B, 090C Prealgebra
· MAT 095A, 095B, 095C Developmental Algebra I

Each zero-level developmental course is, or has modules which add up to, three-hours of institutional credit. The credit hours for courses beginning with a zero course number, like 090, 095, or 098, do not apply toward graduation but do count toward enrollment status for purposes of financial aid eligibility and full-time student status.

Note: Students take MAT098 to prepare for MAT107. MAT098 is not required of students needing to meet developmental mathematics requirements. MAT 098 is not a developmental class; however it is a zero-level course and therefore does not count
Students transferring to Eastern Kentucky University with an Associate of Arts, Associate of Science, Associate of Applied Sciences, and Associate of Science in Nursing degree, or equivalent, will be considered proficient in the three basic skill areas of English (writing), mathematics, and reading. Please see Section Six of this Catalog for descriptions of these courses.

Developmental and College Readiness Enrollment and Completion Requirements & Developmental Dismissal

Following are the policies concerning developmental enrollment and completion requirements for degree seeking students:

1) All full- or part-time students with developmental needs in two or more areas are required to take GSD 101: Foundations of Learning in the first semester of enrollment.

2) All full-time students, including transfer students, with developmental level college reading requirements as identified by the ACT, SAT, EKU placement testing, or other state-approved assessment are required to enroll in the specified developmental course(s) during their first and each subsequent semester of enrollment, excluding summer, until all developmental requirements are completed.

3) Part-time students, including transfer students, are required to enroll in any needed developmental course(s) during their first and each subsequent semester, until the developmental requirement is fulfilled, and before attempting course work which carries academic credit, other than GSD 101 or other required Student Success Seminars.

4) Students with developmental requirements are allowed a maximum of two consecutive terms of University enrollment per developmental course, excluding summer, to successfully complete each required course.

5) Students who failed to demonstrate continuous, progressive enrollment in required developmental courses will have a registration hold placed on their record. These students are required to meet with the Director of Academic Readiness to establish toward completion of college readiness.

6) Withdrawal from a developmental course counts as one semester of University enrollment toward the attempted completion of developmental requirements.

7) Each semester of enrollment at the University counts as an attempt toward completion of a developmental requirement, even if a student has not enrolled in the needed developmental course.

Students not completing all developmental requirements within 45 hours will be Developmentally Dismissed

8) Students with developmental requirements must complete all required developmental courses by the end of the term in which they attempt their 45th credit hour, including developmental hours.

Grades in College Readiness and Developmental Courses

- Developmental course grades are not included in the calculation of GPAs.
- Developmental course grades include the grades “A,” “B,” “C,” and “F.” There are no course grades of “D” in developmental courses or ENG 101R.
- 100 level college readiness courses with normal grading do count in the calculation of GPA and as degree counting free electives or general education (as appropriate)

SUCCESS FIRST INITIATIVE

The Success First Initiative grants admission to students who may face challenges as new or returning students based upon their established academic record. This program applies to the following students:

- New first-time students (including transfers with less than 24 college credits) with high school GPAs between 2.0 and 2.49 (unweighted on a 4.0 scale) and ACT Composite scores between 15 to 19 or SAT equivalent.
- Readmitted students with an EKU GPA of between 1.0 and 1.99
- Veterans admitted through the Veterans Bridge to College Success (VBCS) program.

The Success First Initiative is administered through a variety of programs across campus. Success First students work closely with their assigned advisors to achieve the following:

- Sign a Student Success Agreement that acknowledges the expectations and conditions for participation in the program and for continued enrollment at the University.
- Take and complete all development course requirements in the sequence directed during their first academic year. Success First student must obtain a grade of at least “C” in all developmental coursework and pass each developmental course within two attempts.
- Meet with assigned academic advisor each semester before registering for classes and enroll in courses only as agreed upon during this consultation. Note: Success First students must consult with their advisor before making any further schedule changes, especially before dropping a course.
- Achieve satisfactory academic progress (SAP) in order to retain financial aid.

Success First students who drop below a 2.0 GPA are subject to university-wide rules for minimal academic standards (see page 43). All Success First students will be placed in the Associate of General Studies (AGS) program until they obtain 30 college-level credit hours and demonstrate satisfactory academic performance, which is defined as two consecutive semesters with a term GPA of 2.0 or above and satisfactory completion of all developmental coursework.

**Eastern Bridge**

Eastern Bridge is a transition-to-college program designed to support the academic success of students entering the University with one or more college readiness needs in English composition, mathematics, and/or reading. Students are required to complete any needed courses in developmental education, as well as GSD 101: Foundations of Learning. Program courses are selected based on ACT, SAT or placement test scores.

The program is offered during the second session of the summer semester on the Richmond campus, and in the fall semester on the Corbin campus. For more information, contact the EKU Office of Academic Readiness at (859) 622-1892.

**Academic Restrictions for Students with Developmental**
Requirements

- New first-time freshmen with college readiness needs in two or more developmental areas (English composition, reading, or mathematics) will be enrolled in the Associate of General Studies Degree program. The Office of Academic Advising will assist these students in creating linkages to departments of academic interest.
- Students affected by the above policy who would be rendered ineligible for specific scholarship opportunities, or who would be denied entrance into academic programs with proven student retention success, may petition for permission to declare a baccalaureate degree program. Letters of petition should be sent to the EKU Office of the Registrar after the student has been admitted into EKU.
- Students with two or more developmental area requirements are restricted to 13 hours of University enrollment, unless otherwise specified by admission status.
- Students enrolled in any MAT 090 section (Prealgebra) cannot enroll in any course with the following prefixes: AST, BIO, CHE, CIS, CNM, CSC, FOR, GLY, NAT, PHY, SCI, or STA.

ACADEMIC STANDARDS

Academic Achievement Awards and Recognitions

Dean’s List: The dean’s list is one of several ways in which the University recognizes students who achieve academic excellence. The dean’s list is published after each regular (fall/spring) semester. Eligibility requirements for the dean’s list are as follows:

<table>
<thead>
<tr>
<th>Hours Attempted with Regular Grading</th>
<th>Minimum Term GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>12</td>
<td>3.75</td>
</tr>
<tr>
<td>13</td>
<td>3.65</td>
</tr>
<tr>
<td>14 or more</td>
<td>3.50</td>
</tr>
</tbody>
</table>

Students attempting fewer than 12 semester hours under the regular grading system are not eligible for the dean’s list. Courses below the 100 level will not be counted in determining eligibility for the Dean’s List.

Dean’s Award: As a further recognition of academic excellence, the University presents the Dean’s Award to students who have achieved the Dean’s List and/or the President’s Award (see below) three times. Students receiving the Dean’s award are presented with a recognition pin by the appropriate academic dean.

President’s Award: The highest recognition of academic achievement for a regular semester (fall/spring) is the President’s Award. This award is given to students who complete a full time course load during a regular semester (fall/spring), with normal grading (excluding developmental coursework), and who attain a 4.0 grade point average for that semester. Students receiving the President’s Award receive a letter of recognition from the President. In addition, the division of Public Relations and Marketing distributes the names of the recipients to appropriate news media, including their hometown newspaper.

Good Academic Standing

For the purposes of transferability, a student is considered to be in good academic standing at Eastern Kentucky University when that student maintains a grade point average that permits the student to re-enroll in the institution on a full-time basis and in the duly designated academic program.

Minimum Academic Standards

Satisfactory Progress: Degree-seeking students shall be considered as making satisfactory progress so long as they remain in good academic standing (2.0 cumulative GPA) and enroll in courses required or allowed in their chosen academic program.

Students having difficulty meeting academic standards are strongly advised to reduce or eliminate part-time jobs and other extracurricular activities which may detract from their studies, or to reduce the number of hours for which they are enrolled. To make timely progress toward degree students are expected to earn at least 15 credit hours per fall/spring semester.

Good Academic Standing: Students are expected to maintain at least a 2.0 cumulative grade point average (GPA) while enrolled at EKU. The actions described below pertain to students whose cumulative GPA falls below 2.0. Once a student’s cumulative GPA returns to 2.0 or above, he/she is once again in good academic standing.

Academic Probation: Students who earn a cumulative GPA of less than 2.0 will be placed on Academic Probation after the close of that semester. While on academic probation, students may not enroll in more than 13 credit hours in either fall or spring terms or more than a total of six hours during a full (12-week) summer term. Students who are on Academic Probation and cease continuous enrollment, and subsequently wish to return to the institution, must apply for readmission and will be held to those readmission criteria (please refer to the Requirements for Readmission section of the Catalog).

Academic Suspension: At the end of a semester on academic probation, students must have earned a semester GPA of at least 2.0 or raised their cumulative GPA to 2.0. Students not meeting the semester or cumulative GPA requirement will be placed on academic suspension. Students may not enroll in classes at EKU while academically suspended. Students who are academically suspended for the first time may not enroll in classes at EKU for one full semester (summer is counted with the next fall semester if a student is academically suspended at the end of the spring term). Students may be academically suspended up to three times during their academic career at EKU. The second academic suspension is for one calendar year and a third academic suspension is for two calendar years. An academically suspended student will return to EKU on academic probation if his/her cumulative GPA is less than 2.0 at the time of his/her return. Previously suspended students are subject to EKU requirements for readmission (please refer to the Requirements for Readmission section of the Catalog).

Academic Dismissal: Students who have been academically suspended three times must maintain a semester GPA of 2.0 or better each semester after they return. Students who have been academically suspended three times, and after returning are unable to maintain a semester GPA of 2.0, will be academically dismissed from EKU for a period of five calendar years and are subject to EKU requirements for readmission (please refer to the Requirements for Readmission section of the Catalog).

Attending Another School While Suspended or Dismissed: During the time a student is academically suspended or dismissed from EKU, course work earned at another nationally accredited college or university will be considered for transfer credit when the student returns to EKU. Students are responsible for requesting that an official transcript of any transfer course work be sent to
the EKU Office of Admissions when they apply for readmission to EKU. Students should consult with their advisor or college for the applicability of course work taken at another institution to their degree program at EKU. In some circumstance acceptance of transfer work may be subject to requirements of prior approval by the department chair of the student’s major.

**Appealing Academic Standing:** Students may appeal an academic suspension if they believe that catastrophic circumstances beyond their control prevented them from being academically successful. They may appeal their academic suspension to the University Admissions Appeal Committee. For their petition to be considered, students must provide a written appeal with appropriate supporting documentation. Students may not appeal an academic dismissal.

**First-Time Freshmen Mid-Term Grade Review Process**

The first semester for first-time freshmen is pivotal to academic success and graduation. All first-time freshmen will have their mid-term grades reviewed by the Office of University Advising and the Registrar during their first semester at EKU. If all reported mid-term grades are F, FN, U, or UN (indicating non-attendance and/or failure to meet course requirements) the student will be required to participate in an intervention program that includes the following:

- a study skills workshop
- a student success agreement
- a registration hold
- students will be moved from a baccalaureate program into the Associate of General Studies major until they have earned a 2.0 term GPA.

First semester new students who fail to attend the required workshop, fail to respond to communication from the University, and/or to comply with their success agreement will be academically suspended at the end of the semester. First-time students who cease participation in courses during their first semester at EKU, and as a result are failing all classes at midterm, will be considered to have withdrawn from the University. Accordingly, these withdrawn students will have any future course registration cancelled and their student record inactivated.

**CERTIFICATES**

**EKU University-Awarded Certificate**

At EKU a long-term certificate program that requires at least one year to complete and results in the awarding of a certificate is called a university certificate. Undergraduate-level university certificates require 24 or more hours, while graduate-level university certificates require 18 or more hours. University certificates are issued by the University and printed on diploma stock. University certificates are automatically recorded on student transcripts. Students who complete a university certificate must apply for graduation at the dean’s office of the college offering the university certificate, and pay applicable fees to cover certificate processing and mailing costs. University certificates are not awarded at the Commencement ceremony and certificate-only earners do not participate in Commencement.

**EKU Department-Awarded Certificate**

A short-term certificate program that requires less than one year to complete and results in the awarding of a certificate is considered a department/college certificate. Undergraduate department/college certificates require 12-23 hours. Graduate-level department/college certificates require 12-17 hours. Department/college certificates are issued by the academic department or college; the student does not formally apply for graduation and no processing fee is required. Department/college certificates may be noted on student transcripts at the request of the department/college. Department/college certificates are not awarded at the Commencement ceremony.

**CLASS ATTENDANCE**

The University expects all students to be officially registered before the end of the add/drop period for each course, and to attend all class meetings. Research shows that students who regularly attend class are more likely to succeed. EKU students are responsible for course work covered during all class periods, specifically any work missed during any absence from class, including the first class meeting. Each instructor will record absences and deal with them in a manner consistent with departmental policy for that course. Since attendance policies vary among departments and for courses within departments, students must be familiar with the policy printed on the course syllabus.

If a student presents the instructor with an adequate and documented reason for an absence, the instructor normally will give the student an opportunity to make up the work missed, if this is feasible. Adequate reasons involve circumstances beyond the student’s control, such as personal illness, critical illness, or death in the immediate family, or participation in an approved University activity. No absence of any nature will be construed as relieving the student from responsibility for the timely completion of all work assigned by the instructor. Initiating the request to make up class work is the student’s responsibility.

**Absence from Class Due to Participation in an EKU Sponsored Event:** A student who participates in an EKU sponsored event should complete and process a Student Absence from Class form before the sponsored event. This form explains the student’s absence, it does not excuse the student from responsibility for content covered during the approved absence.

**First Day of Class Attendance:** This enrollment verification process gives EKU instructors the authority to request disenrollment of a student for non-attendance on the first day of class. Faculty may request these drops only during the first week of the term. This process is designed to ensure clear reinforcement of the message that class attendance at EKU is important. Students who know they will be absent should contact their instructor or the academic department office PRIOR TO THE 1st CLASS MEETING to explain their absence and request that the instructor not drop them from the class. Faculty are expected by the University to exercise their authority to drop a student for being absent on the first day of class. However, students are responsible for monitoring their class schedule and should never assume that missing the first day of class will automatically result in removal from that class. A student who never attends a class but remains enrolled will receive a failing grade in the course.

**CLASSIFICATION OF STUDENTS**

A student’s classification is determined by the number of semester hours earned, as follows:
Students are expected to earn at least 15 credit hours per term (or 30 hours per academic year) and take only those classes needed for their declared degree program as listed on their Degree Works planner. Baccalaureate degree seeking students will apply for graduation, after declaring their desired baccalaureate degree program, their desired degree. The EKU baccalaureate degree standard is a completion timeframe of 4 years for a 120 credit hour program. To make appropriate progress toward their degree, students are expected to create a semester-by-semester degree pathway in the Degree Works academic planner, and to have this academic plan reviewed and approved by an advisor. Required Graduation Application and Evaluation To assist students with completing their degree on schedule, EKU professional advisors/graduation experts will review the student’s academic progress and Degree Works graduation plan for future terms. After declaring their desired baccalaureate degree program, students are expected to create a semester-by-semester degree pathway in the Degree Works academic planner, and to have this academic plan reviewed and approved by an advisor. During the graduation evaluation the student’s current registration and Degree Works plan for future terms will be examined – to determine whether the student is on-track and efficiently headed toward graduation. The student will be informed if he or she cannot meet the graduation goal declared on the graduation application, advised how to get back on-track, and given a new graduation timetable.

GRADUATION & COMMENCEMENT INFORMATION

Application for Graduation

EKU is dedicated to all students making timely progress toward their desired degree. The EKU baccalaureate degree standard is a completion timeframe of 4 years for a 120 credit hour program. After declaring their desired baccalaureate degree program, students are expected to create a semester-by-semester degree pathway in the Degree Works academic planner, and to have this academic plan reviewed and approved by an advisor. To make appropriate progress toward their degree, students are expected to earn at least 15 credit hours per term (or 30 hours per academic year) and take only those classes needed for their declared degree program as listed on their Degree Works planner. Students must be aware that changing majors is likely to prolong their completion timeframe of 4 years for a 120 credit hour program. After declaring their desired baccalaureate degree program, students are expected to create a semester-by-semester degree pathway in the Degree Works academic planner, and to have this academic plan reviewed and approved by an advisor. Required Graduation Application and Evaluation To assist students with completing their degree on schedule, EKU professional advisors/graduation experts will review the student’s academic progress and Degree Works graduation plan for future terms. During the graduation evaluation the student’s current registration and Degree Works plan for future terms will be examined – to determine whether the student is on-track and efficiently headed toward graduation. The student will be informed if he or she cannot meet the graduation goal declared on the graduation application, advised how to get back on-track, and given a new graduation timetable.

Applying for Graduation: 90th hour Pre-Graduation Review

To assist students with completing their degree on schedule, EKU professional advisors/graduation experts will review the student’s academic progress and Degree Works graduation plan to determine the earliest, reasonable graduation semester. Baccalaureate degree seeking students will apply for graduation, and thus trigger this official graduation evaluation, during the semester in which they enroll in their 90th credit hour. The timing of this pre-graduation review is designed to be early enough to allow students to make any needed changes and avoid a graduation delay. Once evaluation has been triggered, a registration hold will be placed on the student’s record pending submission of their graduation application. This hold is lifted automatically after the student submits a graduation application, online, through EKUDirect. Each degree and University certificate-seeking student shall apply for graduation using the online graduation application located within each student’s EKUDirect secure student services account. At the time of application each student shall have created, and have approved by an advisor, a Degree Works academic plan for every semester up through the proposed graduation term. During the graduation evaluation the student’s current registration and Degree Works plan for future terms will be examined – to determine whether the student is on-track and efficiently headed toward graduation. The student will be informed if he or she cannot meet the graduation goal declared on the graduation application, advised how to get back on-track, and given a new graduation timetable. Results from the graduation evaluation will be documented on the student’s Degree Works. Students will receive reminders when it is time to apply for graduation and initiate the graduation evaluation. Students are expected to heed warnings and follow any instructions posted on their Degree Works audit as a result of this official graduation evaluation. Students who apply to graduate without having the appropriate academic plan in Degree Works will be expected to submit the plan before being evaluated and before registering for the next semester. Each student’s degree will be awarded by the University at the first opportunity to do so upon completion of requirements for the student’s declared program, per the student’s graduation application. Students are expected to earn their baccalaureate degree no later than 6 years after initial matriculation as a first-time degree-seeking student. Final graduation clearance, degree certification on behalf of the University, and production of diplomas is completed by the Office of the Registrar.

Changing Major after Applying to Graduate

After applying to graduate and having a graduation semester confirmed by the University, students are expected to maintain their declared program of study, and thus graduate on schedule. Each student is expected to carefully review how any proposed change to a declared program of study would impact his or her approved graduation timetable and future financial assistance, if relevant. Given the gravity of such changes, only in extreme situations and after careful consultations with the student’s professional advisor and/or written permission from a graduation evaluator would a change that would delay graduation be considered.

Deferral of Graduation Date

Students who are not successful in completing all graduation requirements by their approved graduation date, but for whom the University determines the graduation goal is still easily within reach, will have their graduation term automatically deferred to the next semester. Students can have their graduation deferred for a maximum of two sequential semesters. After that time the original graduation application will be cancelled and the student will be required to submit a new application for graduation, pay a new application fee, and have a revised Degree Works graduation plan approved by the graduation evaluator.

Commencement Participation

Commencement ceremonies are conducted at the conclusion of the fall and spring semesters, prior to final grade processing. The Commencement ceremony represents a celebratory gathering of all degree candidates who are expected to complete their academic requirements by the official degree-conferral date as established by the University. Attendance at Commencement is optional. Participation in the Commencement ceremony does not represent confirmation of degree completion (“graduation”). After final grades are processed and reviewed, degrees will be conferred. Students earning only a certificate, either university or departmental, do not receive caps and gowns and do not participate in the Commencement ceremony. For additional information regarding Commencement, please refer to the registrar’s Web site at www.registrar.eku.edu/graduationInformation/.

Graduation Fee

There is a graduation application fee for each diploma and/or university certificate sought; the appropriate fee is assessed to the student’s EKU account upon receipt of the graduation application. This graduation fee only partially offsets the cost of production and mailing of diplomas and certificates. The University absorbs cap, tassel, and gown costs for degree-earners who participate in the Commencement ceremony. Only students who are participating at Commencement receive complimentary regalia. Complimentary regalia will

Senior — 90 or more semester hours earned
Junior — 60 - 89 semester hours earned
Sophomore — 30 - 59 semester hours earned
Freshman — 0 - 29 semester hours earned

SECTION FIVE - GENERAL ACADEMIC INFORMATION
not be mailed to students who graduate but choose not to walk at Commencement. Refer to the Graduation Information website for more details regarding graduation fees and/or commencement.

**Degree Conferral Date**

The Board of Regents of Eastern Kentucky University approves the conferring of degrees three times per year. These conferral dates represent confirmation that all degree and/or university certificate requirements have been met by that date. The formal conferral date is posted to the student’s academic transcript and is the date printed on the diploma and certificate. Below are the EKU degree/certificate conferral dates:

- **Fall** — December 31
- **Spring** — May 31
- **Summer** — Date that summer term final grades are due to the Registrar’s Office, (usually during the first week of August).

For information see the Graduation Information website at: www.registrar.eku.edu/GraduationInformation/diplomas/

**Diploma and University Certificate Production**

Diplomas and University Certificates are produced in-house and are mailed to students after confirmation of degree completion. The graduation confirmation process takes several weeks to complete. Therefore, students should expect to receive their diploma 6-9 weeks after the end of finals week.

**Associate Degree Honors**

**With Distinction and With High Distinction**

Students earning an Associate Degree are graduated “With Distinction” if they attain a cumulative GPA of at least 3.5, but less than 3.7, on all semester hours transferred to and attempted at Eastern Kentucky University and if they complete a minimum of 32 semester hours at Eastern Kentucky University.

Students earning an Associate Degree are graduated “With High Distinction” if they attain a cumulative grade point average (GPA) of 3.7 or higher on all semester hours transferred to and attempted at Eastern Kentucky University and if they complete a minimum of 32 semester hours at Eastern Kentucky University.

For purposes of honors recognition, all semester hours transferred to and attempted at Eastern Kentucky University - including those which are subsequently repeated or bankrupted - shall be included when calculating the GPA used to award academic honors. Because of timing, honors GPA calculations (solely for the purpose of recognition at the commencement ceremony) can not include the final semester’s course work as these calculations occur weeks before the term has finished. Therefore, students should expect to receive their diploma 6-9 weeks after the end of finals week.

**Baccalaureate Degree Honors**

**Latin Honors: Cum Laude, Magna Cum Laude, Summa Cum Laude**

Eastern Kentucky University recognizes graduating baccalaureate degree students who have achieved distinguished academic records by awarding their degree with Latin Honors. There are three levels of Latin Honors: Cum laude (“with praise”), Magna Cum laude (“with great praise”), and Summa Cum laude (“with highest praise”). All students earning Latin honors must take at least 25% their of degree applicable course work at Eastern Kentucky University.

All semester hours transferred to and attempted at Eastern Kentucky University (including those which are subsequently repeated or bankrupted) will be used in calculating each Latin Honor grade point average (GPA). Latin honors GPA calculation— for purposes of designating which students may wear a Latin Honors sash at the graduation commencement ceremony—does not include the final semester’s course work as these calculations occur weeks before the term has finished. Once a student’s final semester has concluded and final grades are available, these grades will be included in the calculations to award the permanent designation of Latin Honors on a student’s diploma and transcript.

**Cum Laude:** Students earning Cum Laude must attain at least a cumulative GPA of at least 3.5, but less than a 3.7, on all semester hours transferred to and attempted at Eastern Kentucky University. Additionally, a minimum of 25% of all degree applicable course work must be taken at Eastern Kentucky University.

**Magna Cum Laude:** Students earning Magna Cum Laude must attain at least a cumulative GPA of at least 3.7, but less than a 3.9, on all semester hours transferred to and attempted at Eastern Kentucky University. Additionally, a minimum of 25% of all degree applicable course work must be taken at Eastern Kentucky University.

**Summa Cum Laude:** Students earning Summa Cum Laude must attain at least a cumulative GPA of at least 3.9, or higher, on all semester hours transferred to and attempted at Eastern Kentucky University. Additionally, a minimum of 25% of all degree applicable course work must be taken at Eastern Kentucky University.

**Honors Scholars Program**

Students are graduated as Honors Scholars if they successfully complete Eastern Kentucky University’s Honors Program, satisfy all comprehensive and program requirements for an undergraduate degree from this University, and graduate with a cumulative GPA of at least 3.0. Honors Scholars are designated at commencement with a maroon mortarboard.

**Honors Scholars Program**

Students are graduated as Honors Scholars if they successfully complete Eastern Kentucky University’s Honors Program, satisfy all comprehensive and program requirements for an undergraduate degree from this University, and graduate with a cumulative GPA of at least 3.0. Honors Scholars are designated at commencement with a maroon mortarboard.

**Chautauqua Lecture Series**

Dr. Minh Nguyen, Coordinator
Case Annex 157
(859) 622-8667

Imagine that none of the following Chautauqua Lecturers had ever visited our campus: Kwame Anthony Appiah, Chuck D, Angela Davis, Richard Dawkins, Michael Eric Dyson, Sylvia Earl, Daniel Ellsberg, The American Spiritual Ensemble, Eric Foner, Robert George, Carol Gilligan, Temple Grandin, Brian Greene, Tyrone Hayes, Deidre McCloskey, Irshad Manji, N. Gregory Mankiw, Eric Metaxas, Richard Muller, R. Carlos Nakai, Martha Nussbaum, Richard Rodriguez, Peter Singer, Ben Sollee, Nadine Strossen, Ron Suskind, Trinh T. Minh-Ha, and Kenji Yoshino. The intellectual life of our campus and community would have been less vibrant. Our program provides campus and community members an opportunity to interact with some of the leading
 thinkers and activists of our time. As is often the case, these thinkers and activists inform us, engage us, challenge us, infuriate us, move us, and entertain us. With our minds refreshed and our intellectual curiosity renewed, the experience is potentially transformative. At Chautauqua events, members of the audience see how speakers from various professions and disciplines tackle provocative but vital issues. And they are encouraged to do so themselves. They see how it is possible to engage in creative, critical, but civil discourse. And they are encouraged to do the same. Our program aims to address both local concerns and global imperatives, and extend the students’ liberal arts education beyond the classroom. By striking a balance between the local and the global, we help serve the students’ regional needs. By sharpening their critical and creative thinking skills, expanding their liberal arts education, and adding an international dimension to it, we enhance their chance for success beyond Appalachia. For more information, visit www.chautauqua.eku.edu or contact Chautauqua Lecture Coordinator Dr. Minh Nguyen at minh.nguyen@eku.edu.

**Teaching Certification**

All students seeking initial teacher certification, regardless of the college in which they are enrolled, must meet the requirements for admission to professional education, complete an approved teaching curriculum, and pass the required PRAXIS tests as determined by the major/minor to be recommended for certification. For specific information regarding teacher certification requirements, please refer to the EKU Teacher Education Services.

Eastern Kentucky University awards baccalaureate degrees, but it is the Education Professional Standards Board (EPSB) for Kentucky that is responsible for issuing teacher certification. The EKU Office of Teacher Education Services sends certification recommendations to EPSB.

**COURSE TYPES**

**Course by Special Arrangement**

A Course by Special Arrangement (CBSA) is a course that is part of an approved curriculum program but is being offered to a student during a term or at a time when circumstances prevent the course from being a part of the department’s regular class schedule. A CBSA should be employed only in cases of extreme scheduling conflict when no substitution is appropriate or available. Prior to registration, students must file the CBSA Petition. This petition requires the signature/approval of the instructor, program chair, and dean. An additional $100 per semester hour fee is assessed in addition to regular tuition and fees. Faculty are compensated at $100 per semester hour. An independent study course cannot be a Course by Special Arrangement.

**Independent Study Course**

Independent study courses, which are distinct from Course by Special Arrangement and special topics courses, are designed to provide an opportunity for a student to pursue a research/study interest not available through any of the courses offered in a program at EKU. Independent study courses must be under the supervision/direction of a faculty member with appropriate qualifications for the course content and must be guided by an approved research or project plan. Independent study courses must follow the prescribed Independent Study protocol and be approved in advance of enrollment. The independent study course must be appropriately designated as such in the *Catalog*. Independent study courses should not be used as a mechanism to teach a course not offered in a given semester or as a substitution for program requirements, though they may, with appropriate approval, fulfill such requirements. Independent study courses are not intended to be a mechanism for enrolling in a course for which a student would otherwise be ineligible. Tuition and fees for independent study courses are computed at the same rate as other regular on-campus courses.

**Service Learning**

Courses that have been officially recognized as including service-learning within their curriculum are designated with the letter “S” following the course prefix and number. Service-learning is defined as:

An academic experiential educational method in which students participate in an organized service activity that meets identified community needs and reflects on the service activity in such a way as to:

• gain further understanding of course content,
• develop critical thinking skills, and
• develop an enhanced sense of civic responsibility

Students will be required to participate in at least 5 hours of community service per credit hour of course credit.

**Special Topics Courses**

Special topics courses are designed to offer the opportunity for students to study specialized areas within a discipline. These courses are created with normal class enrollment expectations. The topic of study is designated by the course section title, and may or may not vary with each offering. Students may repeat a special topics course (for the purpose of earning additional course credit) only if the specific course title is different with each subsequent enrollment.

**Student Success Seminars**

Every student seeking a baccalaureate degree must complete a 1-3 credit Student Success Seminar. (This requirement may be waived for transfer students with 30 or more credits.)

1. Student will have a practical understanding of General Education and their academic options at EKU.
2. Students will be able to identify academic resources and support services important for academic success.

**DECLARING A PROGRAM OF STUDY**

**Changing Major/Minor/Concentration**

Because changing majors generally lengthens students’ time to degree, students are limited to changing their major only one time per year.

Once a student has applied to graduate she/he is expected to follow her/his degree plan that has been certified by a college graduation expert.

Students may declare or change their currently declared major, minor, or concentration, after careful review and advisement by completing the appropriate form and obtaining the written approval of the department chair or advisor of their desired new program. (Read below regarding programs that have specific entrance requirements).

The “Declaration of Program of Study” form is available...
DEGREE INFORMATION AND REQUIREMENTS

EKU Academic Residency Requirement

A minimum of 25% of coursework applied toward the completion of any major core requirements, minors, and/or EKU certificates must be earned at EKU.

Catalog

For all graduation requirements, including general education, students will be governed by the Catalog in use at the time they enter the University or declare a new major. Each student has a catalog year associated with their student record, designating the academic year for the Catalog dictating their program, General Education, and University graduation requirements. The catalog year for each student may be found on the student’s DegreeWorks report. Completion of the program will vary according to student status (i.e. transfer students, developmental students) and student load each semester. To make timely progress toward a degree full-time students are expected to earn at least 15 credit hours per semester.

Colleges will make available to students through appropriate advising any additional non-curricular requirements that apply to the specified major.

DEGREE AUDIT

DegreeWorks is a degree audit report available to students and advisors online via EKUDirect (student web and faculty web). It is an audit which shows the requirements for a student’s program and how completed and in-progress courses apply to that program. Students should contact their academic advisor if they have questions concerning degree requirements or their DegreeWorks report. Questions can also be emailed directly to the Degree Works programmers at reg.dgw@eku.edu

Curriculum Guides-Academic Plans: Curriculum guides for each program are printed in this catalog and part of the DegreeWorks Academic Planner. All students should create an academic plan in DegreeWorks, maintain and follow that plan. Completion of the program will vary according to student status (i.e. transfer students, developmental students) and student load each semester. To make timely progress toward a degree full-time students are expected to earn at least 15 credit hours per semester.

Colleges will make available to students through appropriate advising any additional non-curricular requirements that apply to the specified major.

Comprehensive Associate Degree Requirements

To qualify for an associate degree, students must satisfy the following requirements:

1. Complete all requirements in the degree program as established by appropriate University committees.
2. Complete University academic requirements, including basic skills proficiencies in English, reading, and mathematics; and general education, as established by appropriate University committees for each degree program.
3. Complete a minimum of 60 semester credit hours.
4. Earn a minimum grade point average (GPA) of 2.0 on all college-level work taken at Eastern Kentucky University. In addition, transfer students must earn a minimum GPA of 2.0 on the combined transfer work and Eastern Kentucky University work.
5. Earn a minimum of 15 semester hours through Eastern Kentucky University.
6. Earn the credits applicable to major and supporting degree requirements within eight years prior to the date the degree is awarded. Credits more than eight years old may be used to meet general education, upper division, and free elective areas. The college dean of a student’s major may validate individual eight-year-old (or older) coursework as meeting major and/or supporting degree requirements.
7. Students enrolled in MAT 090 are not permitted to enroll in any course with the following prefixes: AST, BIO, CHE, CIS, CNM, CSC, FOR, GLY, NAT, PHY, SCI or STA.

Degree Requirement Notes:

*General Education Requirements for Associate Degrees: Students in associate degree programs must earn a minimum of 15 hours in courses approved for general education. These hours must include ENG 101 and ENG 102 or their equivalent. The nine additional hours must include one course in each of the following General Education Elements: 3A, 3B, or 3A/B (Arts and Humanities); 5A, or 5B (Social and Behavioral Sciences); and 2 (Mathematics), 4A (Life Science with Lab), or 4B (Physical Science with Lab).

Comprehensive Baccalaureate Degree Requirements:

To qualify for a baccalaureate degree, students must satisfy the following requirements:

1. Complete all requirements in the degree program as established by appropriate University committees.
2. Complete University academic requirements, as established by appropriate University committees for each degree program, that includes:
   A) Basic skills proficiencies in English, reading and mathematics
   B) Student Success Seminar (or equivalent course)
   C) A writing-intensive course
   D) One of the university approved Wellness courses
   E) General Education;
   F) The Applied Critical and Creative Thinking (ACCT) requirement.
3. Complete a minimum of 120 semester credit hours, with at least 42 hours at the 300 level or above.
4. Earn a minimum grade point average (GPA) of 2.0 on all college-level work taken at Eastern Kentucky University.
In addition, transfer students must earn a minimum GPA of 2.0 on the combined transfer work and Eastern Kentucky University work.

5. Earn a minimum of 30 semester hours through EKU if the student is pursuing a 120 hour degree program. If the degree program sought requires greater than 120 semester hours, the minimum EKU residency credit shall be no less than 25% of the total program hours.\(^6\)

6. Earn the credits applicable to the major and supporting degree requirements within eight years prior to the date the degree is awarded. Credits more than eight years old may be used to meet general education, upper division and free elective requirements, as well as major requirements for the General Studies degree. The college dean of a student’s major may validate individual 8-year-old courses to count for non-General Studies major and supporting requirements.

Degree Requirement Notes:
\(a\) Students enrolled in MAT 090 are not permitted to enroll in any course with the following prefix: AST, BIO, CHE, CTS, CNM, CSC, FOR, GLY, NAT, PHY, SCI or STA.
\(b\) Transfer students with 30 or more hours will not be required to take the Student Success Seminar class.
\(c\) General Education Requirements for Baccalaureate Degrees: The General Education Program consists of 36 hours of course work in six Elements: 1. Communication, 2. Mathematics, 3. Arts and Humanities, 4. Natural Sciences, 5. Social and Behavioral Sciences, and 6. Diversity of Perspectives and Experiences. Students must earn the specified number of hours in each of these course categories. See the General Education section in this Catalog for more detailed information about general education requirements.
\(d\) Individual major programs decide which courses or experiences can be used to satisfy the ACCT requirement. Refer to program descriptions in Section 5 of this catalog for more information.
\(e\) Hours Required for a Baccalaureate Degree: The University requires a minimum of 120 semester hours to earn a baccalaureate degree. In most cases this minimum is also the maximum. While there is no upper limit beyond 120 semester hours which may be set as a particular major program’s requirements, each program or program change is approved through the University’s committee system and any program requiring beyond 120 semester hours will require substantiation of additional requirements.
\(f\) According to AACSB International business accreditation standards, students enrolled in University baccalaureate degree programs, other than those within the School of Business, will not receive credit toward their degrees for more than 25 percent of their undergraduate programs in credit hours in courses offered through the School of Business and/or business courses (courses commonly taught in school of business) transferred from other colleges and universities or taken from other units within Eastern Kentucky University. Students who desire to take business courses are encouraged to enroll in the Business minor.
\(g\) Degree programs offered by the College of Business and Technology have more stringent residency requirements. Please refer to degree requirements in the College of Business and Technology section of this Catalog.

DEGREE PROGRAM DEFINITIONS

A. Major (Baccalaureate): Thirty semester hours is the minimum requirement for a baccalaureate degree major. A course that meets a core program requirement for a major may also fulfill, at the same time, a University graduation requirement; with the exception that a course cannot be used to meet both a major core requirement and a general education area.

B. Concentrations (Baccalaureate): A concentration (synonymous with an option, emphasis, specialty or track) represents a collection of courses offering a student the opportunity to develop a focus within the broader area of their major program. There will be a common grouping of courses (a minimum of 21 semester hours) shared by the major core and its associated concentration. The concentration adds onto the major core an additional 12-18 semester hours of specified coursework to develop the desired expertise. Concentrations may, or may not, be a required component of the program of study. Deviations from the 12-18 hour concentration may be granted by the Council on Academic Affairs when unusual program requirements dictate.

C. Minor (Baccalaureate): Minors require a minimum of 18 semester hours. A list of specified courses may be added for students seeking a teaching certification extension in the minor. A student may not declare a minor with the same subject matter (course prefix) as his/her declared major program of study. The same course credit may be applied for both major core or supporting requirements and a student’s minor. A minor course that is a required part of major core cannot also be used to fulfill a general education requirement.

D. Supporting Courses: Supporting courses are courses that are outside the degree program that provide necessary skills or knowledge. A course cannot be listed as a supporting course if it is offered by the home department of the degree program, unless it is tied by prefix to a different degree program. Supporting courses that are approved as general education courses may be used to fulfill both supporting and general education requirements.

Concurrent (Dual Degrees) and Subsequent Degrees

Concurrent Degrees: A student may qualify to earn two degrees concurrently (dual degrees) by completing all requirements for both degrees, including major, supporting, and general education requirements. Courses used in one degree program may also be used in the other. The student has the responsibility to file a separate graduation application for each degree being sought. If the two degrees are in the same college, the student must file two applications in the office of the college dean. If they are different colleges, one application must be filed in each dean’s office. Please refer to the “Application for Graduation” section of this catalog for more details.

Concurrent Associate Degrees: If two 60 credit hour associate degrees are pursued concurrently, a minimum of 75 credit hours must be earned. If one or both of the associate degrees has program requirements in excess of 60 hours, the degree program with the highest number of required hours will be considered the student’s first associate degree, and the hours required to earn the second associate degree shall be 25% of the second program’s total hours.

Concurrent Baccalaureate Degrees: If two 120-credit-hour baccalaureate degrees are pursued concurrently, a minimum of 150 credit hours must be earned. If one or both of the baccalaureate degrees has program requirements exceeding 120 hours, the degree program with the highest number of required hours will be considered the student’s first baccalaureate degree, and the hours required to earn the second baccalaureate degree shall be 25% of the second program’s total hours.

Concurrent Baccalaureate and Associate Degree: The minimum number of hours required for concurrently earning an associate and a baccalaureate degree is the number required by the baccalaureate degree. Associate degree earners are expected to complete that degree prior to completion of their baccalaureate degree. Specifically, Associate of General Studies (AGS) seekers must declare, and earn, the AGS before graduating with any baccalaureate degree.

Subsequent Degrees: Students having earned one degree, either from Eastern Kentucky University or from another regionally accredited institution, may subsequently pursue an
SECTION FIVE - GENERAL ACADEMIC INFORMATION

Additional degree, either associate or baccalaureate, by completing all requirements of the subsequent degree, including major, supporting, and general education requirements. For students who earn their first degree at EKU, hours earned prior to the awarding of a first baccalaureate or associate degree may be counted toward the minimum required to earn a subsequent baccalaureate or associate degree.

Students must earn at least 16 approved semester hours at EKU for an associate degree beyond those required for the earlier degree. A subsequent baccalaureate degree requires at least 32 approved hours earned at EKU beyond those required for the earlier degree.

Students who have completed a previous degree elsewhere and apply to Eastern Kentucky University, should have official transcripts from the institutions previously attended sent to Eastern Kentucky University’s Admissions Office.

Multiple Majors/Minors

Students pursuing baccalaureate degrees other than General Studies may consider more than one major and/or minor. All requirements for the declared major and/or minor must be completed by the time the initial degree is awarded. Associate degrees are not eligible for minors or second/multiple majors.

Students are required to declare a primary degree program (specific baccalaureate degree and first major). This program of study is that which will be recorded on the diploma, and which will determine the degree awarded by the University. A second or additional major represents a further emphasis of study and shall be designated on the student’s academic transcript. Earning a second or other major, however, is not to be considered as completion of an additional or distinct degree program.

Double Majors vs. Dual Degrees: A student pursuing one degree, but two major areas of study, is said to have a “double major”. To complete a double major the student must earn all hours required by the degree program of their first major plus any additional course(s) needed to fulfill only the major and supporting requirements of the second major. A student who fulfills all requirements for two complete degree programs, earning no fewer than 150 credit hours is said to be a “dual degree candidate”.

Students who wish to earn two baccalaureate degrees (dual degrees) should refer to the Concurrent Degree policy. Note that associate degrees are not eligible for minors or second/multiple majors.

Awarding Subsequent Majors/Minors: EKU does not award a subsequent major/minor/concentration after an initial degree is conferred unless the student completes a subsequent degree program. While multiple majors, minors and certificates earned by a student are formally posted to the student’s academic transcript, only the degree earned and one major will be printed on the diploma. Students interested in pursuing multiple majors, minors, certificates and/or concentrations should contact the Office of Academic Advising and Retention, a college advising office, or the department of interest for additional information.

ENROLLMENT AND CLASS SCHEDULE

Academic Load

Enrollment in Fall/Spring Terms: To make timely progress toward their degree, full-time students are expected to earn 15-16 credit hours each fall/spring semester or 30 credit hours per academic year. Full-time student status requires a minimum of 12 credit hours during a fall or spring term. Students carrying fewer than 12 credit hours are considered part time. A student who has established a superior record may be permitted to enroll for more than 18 hours by the dean of the college of the student’s first major.

The absolute maximum load for an undergraduate student is 21 credit hours.

Enrollment in Summer Term: For enrollment verification and financial aid during the summer semester, an undergraduate student must be registered in at least 12 credit hours to be considered a full-time student. Enrolling in more than 12 credit hours is restricted to students who have established a superior academic record. Permission to enroll in more than 12 credit hours during the summer must be granted by the dean of the college of the student’s first major. The absolute maximum summer enrollment is 15 hours.

Financial Aid and Enrollment Verification: Please note that, for financial aid, enrollment verification, and loan consideration, full-time status requires a minimum of twelve semester hours in any academic term.

The limitations above apply to all enrollments or combinations of enrollments for the term specified, including campus classes, regional campus classes, online study, and enrollments at other institutions. The Registrar will not record credits beyond these maximums.

Note: Students who are not on good standing academically have lower maximum enrollment limits. Please refer to the section on Minimum Academic Standards.

Class Schedule Changes

Dropping a Class - 1st Week of Class: If students wish to add courses to their schedule, they must do so by the date published in the Colonel’s Compass for that term. If a student drops a course by the end of a term’s Schedule Change Period (add/drop), the course will not appear on the student’s grade report or transcript. Course drops are executed online through EKUDirect.

Withdrawing from a Class

See Withdrawal section on page 61.

Final Examinations

If a student is scheduled for more than three final examinations on the same day, the student may request, through the college dean, that the fourth examination be rescheduled.

First Day of Class Attendance

All instructors are expected to participate in the First Day Attendance-Faculty Drop process. For information regarding faculty dropping students for missing the first day of class, see Class Attendance section on page 45 of the Catalog.

Late Registration Fee

Students whose initial registration for the term does not occur until on or after the first day of class will be assessed a non-refundable $50 late registration fee.

GENERAL EDUCATION REQUIREMENTS

The mission of general education is to promote learning that is central to the intellectual pursuits associated with our educational programs and to enable students to make informed choices about
matters of public and personal significance in a diverse, democratic society and global community. The general education program helps students to become informed, independent thinkers by developing competencies in communication, quantitative analysis, and critical thinking by helping them understand and appreciate the diversity of culture, individuals, the natural environment, and the global society. Courses that are used to satisfy the program’s Major Requirements cannot also be used to satisfy General Education requirements.

Some courses may be listed in more than one General Education category. However, no single course can be used to satisfy more than one General Education requirement.

Changing General Education Requirements

The following General Education program became effective fall 2012. Students in previous General Education programs may move forward to this catalog at any time. However, because the 2012 General Education program is highly integrated with new University requirements, and (a majority of programs have been revised accordingly), students moving into the newest catalog, for any reason, will be held to the new General Education, and University graduation requirements, as well as major requirements as listed in this Catalog. Students will have one catalog year governing all graduation conditions. To see how a Catalog change will impact their progress toward degree, students are expected to first run a “What-If” DegreeWorks audit and study the impact of a Catalog change. Once a student has moved forward to a new catalog year they cannot move back to a previous year.

NOTE: The courses listed award three hours of credit, unless a number appears in parentheses following the course name. This number represents the hours awarded for such courses. Courses with an “L” are laboratory classes and one credit hour unless otherwise noted. Course numbers followed by (^) have prerequisites or other restrictions on enrollment. Refer to Course Descriptions in Section 6 of this Catalog for specific restrictions.

Auditing Courses: A student may audit a course (i.e., take it without credit) with the permission of the instructor and the dean of the college involved if the course has been approved to be taken Audit. The Registrar’s Office can verify whether a course is approved to be taken as Audit. After registering for the course as usual, students must obtain the “audit a course” form from the Registrar’s Office, obtain the appropriate signatures and return it to that office, Whitlock 239. Fees are the same as for courses taken for credit. Students enrolled for audit must comply with the attendance policy of the instructor or no course entry will be made on their academic record.

Changes to Transcript: Once a degree has been posted to the transcript, changes will not be made to courses or grades that were earned prior to the posting of the degree.

Credit/No Credit (CR/NC) Coursework: The grade of “CR” (credit) is awarded as recognition of appropriate scores on AP, IB, CLEP or other proficiency exams. This grade is also given for prior learning assessment as well as all transferred international coursework.

Undergraduate course work with CR grades may be used to fulfill major, minor, certificate, supporting program, and/or concentration area requirements, (unless explicitly prohibited by the appropriate academic department), to a maximum of 20% of the credit hours required for the academic program. Exceptions to this limit may be authorized by the Dean/Associate Dean of the college offering the program. There is no limit to the number of CR credit hours used to meet general education areas or to serve as free electives.

*If Foreign Language is used to meet the requirement, it is strongly recommended that students take two courses in the same language. A student with a foreign language PCC need must take two terms of the same language.

Level): Each developmental course is numbered 090 or 095. These are institutional-credit courses. Credit hours for a zero-level course do not apply toward graduation; however, zero-level courses do count toward enrollment status for purposes of financial aid eligibility and full-time student status. Grades for 090 and 095 developmental courses include A, B, C, and F. (Note: MAT 098 is a zero-level course but is not a developmental course.)

Equivalent Courses: Equivalent or cross listed courses are those in which credit will be earned for just one course. Equivalent courses may or may not be cross-listed in the schedule. Should there be a second enrollment in an equivalent or cross listed course, the student will either be disenrolled from the course or have credit removed at the end of the semester. Upon a change of major, permission for enrollment and credit for the second course, when required in the new major, must be obtained in advance from the college dean of the new major. In that instance, credit for the first taking will be removed.

Failure Due to Academic Dishonesty (FX): This grade is a sanction for repeated violations of the Academic Integrity (AI) Policy. The “FX” grade denotes failure in the course due to academic dishonesty and is a permanent grade reflected on the student’s transcript. A student assigned an “FX” grade will not be permitted to drop or withdraw from the course.

Grade Appeals: If a student believes that the final grade assigned in a course is unjustified, that student should consult the instructor seeking a satisfactory explanation. If, after doing so, the student still feels that the grade is unjustified, the student may appeal the grade, in writing, to the department chair. A written appeal must be filed with the chair within 30 days after the beginning of the next semester (exclusive of summer session). Refer to the University Handbook for Students for the complete policy concerning grade appeals.

Grade Changes: All grade changes must be made by the following deadlines: for fall semester grades—the last day of regular classes (prior to finals week) for the following spring semester; and for spring and summer semester grades—the last day of regular classes (prior to finals week) for the following fall semester.

Grade Point Average (GPA): The GPA is a calculation of the sum of total quality points earned, divided by the total attempted course credits. Quality points are determined by multiplying the numerical value for each grade earned, times the credit hours for the course.

Each student has a cumulative GPA reflecting his/her overall academic performance, as well as a term GPA indicating achievement for the current semester. Grades for all non-zero level EKU and transfer courses are included in a student’s overall GPA calculation. The GPA is used to measure a student’s academic standing. Successful completion of any degree or certificate program requires a minimum of a 2.0 overall as well as institutional GPA. The official EKU GPA is truncated at two decimal places; GPAs are never rounded numbers.

Each student can view his/her GPA through his/her secure online EKUDirect self-service account. In EKUDirect the GPA appears on the Official Grade Report, the student transcript, and on each student’s DegreeWorks degree audit. Each student is expected to monitor their GPA through these sources. Note that a separate GPA calculation is done for determining Latin Honors. Refer to the Latin Honor section of this catalog for rules regarding
Incomplete Grade Contract: When a student has extenuating circumstances that impede him/her from completing a course, an incomplete grade may be awarded. The incomplete grade cannot be used simply because a student has failed to complete the work in the course or as a means of raising the student’s grade by doing additional work after the grade report time. An Incomplete Grade Contract may be initiated by a student (undergraduate and graduate) or faculty member prior to the last day of class when a student wishes to pursue an incomplete grade. If the instructor agrees that the student has extenuating circumstances beyond his/her control and the instructor agrees to assign an incomplete grade, the instructor will identify on the Incomplete Grade Contract all outstanding assignments and/or conditions needed to complete the course.

A degree cannot be awarded to a student with any incomplete EKU courses on his/her record. Any student who is a pending graduate with unresolved EKU incomplete grades (“I”) will be given the choice of either accepting an “F” for the course (or “NC” for unresolved “IP” grades) or being deferred to the next term for completion of the course because of extenuating circumstances.

The following procedure applies when an instructor has agreed to assign a grade of “I” for students who are unable to complete the course because of extenuating circumstances.

1. On the Incomplete Grade Contract, the instructor will identify all outstanding assignments and/or other conditions needed to complete the course. The instructor will secure all the necessary signatures. The student’s signature is not required for the contract to be enforced.

2. The Incomplete Grade Contract must be received by the Registrar’s Office no later than 30 days past the deadline for final grade submission. While the faculty will be able to submit the “I” grade through the online grade submission process, any “I” grade that is not accompanied by an Incomplete Grade Contract within 30 days of the advertised final grade submission deadline will be converted to an “F.”

3. A copy of the contract will be mailed to the student by the Registrar’s Office, giving the student a 10 day window in which to decline the incomplete grade.

4. Any student receiving a grade of “I” must coordinate with the instructor to satisfy all outstanding work. However, all outstanding work must be completed by the student and a Grade Change form must be submitted by the instructor to the Registrar’s Office by the last day of classes of the regular semester (fall/spring) immediately following the term in which the incomplete grade was originally assigned. If a grade change is not submitted by the established deadline, the incomplete will automatically default to a failing (“F”) grade.

5. If, due to extenuating circumstances, a student is unable to complete the contracted course work to fulfill the incomplete course by the established time line, the student has the option of requesting a one-time, one semester extension to the incomplete deadline. The student must initiate the request through the instructor before the established deadline. Approval of the extension of an incomplete grade is not automatic and depends on the student’s unique circumstances.

Throughout this Catalog, specific grade requirements are to be interpreted precisely as stated. Thus, if a requirement specifies that a grade of at least “C” is required, a “C-” will not satisfy the requirement. If it is intended that “C-” is to be allowed, “C-” will be listed rather than “C.” This applies to all specific grade requirements.

The grade point average (GPA) is based on those courses in which a student earned grades of “A,” “B,” “C,” “D,” “F,” or “U.” To calculate the GPA, one first figures the number of hours attempted in courses numbered 100 or above that award any of these grades. Next, one obtains the total grade points for each of these courses. This is figured by multiplying the grade points for each grade by the number of credit hours of the course. For example, a student earning a “B” in ENG 101, a three-hour course, would earn nine grade points. Finally, the total grade points are divided by the hours attempted. To meet graduation requirements of at least a 2.0 GPA, students must earn at least twice as many grade points as they have hours attempted.

First-Time Freshmen Mid-Term Grade Review: See Academic Standards, 54.

Submission of Mid-Term Grades: Faculty will provide mid-term grades via the Banner (EKU Direct) system for all students in undergraduate-credit, full-semester courses by the end of the eighth week. In the case of non-standard courses, faculty will enter mid-term grades by the mid-point of the course and before the last day to withdraw from the course, as published on the Colonel’s Compass.

Latin Honors GPAs.

In-Progress Grades: Instructors may assign a grade of “IP” in certain approved courses in which it might reasonably take students more than a single semester to complete all requirements. A student assigned an “IP” grade for internship, practicum, or self-paced courses must complete requirements within the calendar year after the “IP” is awarded to receive credit. If requirements are not completed by the deadline, the Registrar will change the “IP” grade to “NC” (NO CREDIT), and the student must register again for the course to receive credit.

Approval of the extension of an incomplete grade is not automatic and depends on the student’s unique circumstances.

In the case of non-standard courses, faculty will enter mid-term grades by the mid-point of the course and before the last day to withdraw from the course, as published on the Colonel’s Compass.
Mid-term grades are not required for the following types of classes: non-gradable laboratory sections, co-op, practicums, and internships.

**Military Activation:** A student who is called to active duty or whose spouse/legal guardian is called to active duty may be unable to complete courses in which they enrolled. If military activation affects the ability of a student to complete a course, the University provides several options, including withdrawal from the course and/or University or taking an incomplete and completing the course(s) following completion of active duty.

A student who volunteers for military service during a semester makes the decision to join the military instead of being a student, and does so while the semester is in progress, (instead of completing the semester and then joining), is not eligible for Military Withdraw, Military Incomplete, or to receive a grade early in the semester. The spouse of a student who volunteers for military service and cannot complete a semester will not be eligible for Military Withdraw, Military Incomplete, or to receive a grade early in the semester.

Students with military status (Active, Reserves, National Guard) at the beginning of the semester, or spouses of such students, finding it necessary to leave the University because of required active military duty must complete one (1) of the following:

**Option 1 – Receive a Grade**

1. When military activation occurs after the 12th week of the semester, the instructor has the option of assigning the student a grade in the class based upon work completed. That grade would be submitted during normal final grade submission, and no additional work would be required of the student.

2. The request for assignment of a grade based on coursework completed must be made in writing and must be approved by the Chair of the Department and the Dean of the College in which the course(s) is offered. A copy of activation papers must be attached.

**Option 2 – Receive an Incomplete Due to Military Activation**

1. The affected student will petition the faculty members to request an assignment of a grade of “IM” in course(s) currently enrolled.

2. If the instructor feels that the portion of the semester remaining, and volume of uncovered material is such that it can be made up in a reasonable amount of time and effort, a grade of “Incomplete for Military Activation” may be given.

3. The instructor completes an Incomplete Grade Contract and notes on the contract that this is due to military activation. The student shall provide a copy of the military orders and the instructor must ensure that a copy of the student’s military orders is attached to then Incomplete Grade Contract. Without a copy of these orders the student cannot receive the “Incomplete for Military Activation” grade.

4. The Incomplete Grade Contract shall be processed as normal.

5. Once the Registrar’s Office receives a copy of the military orders an “IM” grade will be recorded.

6. The student has two (2) years from the date of military discharge to complete an “IM” grade. The student, upon completion of active military duty, must follow up with the faculty member. If the faculty member is no longer with the University or is on leave from the University, the student should contact the Department Chair for determining how to fulfill the Incomplete Grade Contract. If the student does not make contact within 2 years of leaving the University, the “IM” turns to a “W.”

7. Upon completion of coursework, the instructor will submit a change of grade form.

**Option 3 – Receive a Military Withdrawal from the Course or from the University**

1. Students choosing to withdraw from specific courses or from the University must send a letter requesting a withdrawal and enclose a copy of the military activation notification. The letter must include the following information:
   - Student name and Student EKU ID Number
   - A statement that the student wishes to withdraw completely from the University OR listing the individual courses for withdrawal.
   - Student’s signature (mandatory) and the date

2. The Office of the Registrar staff will process the withdrawal which also triggers a 100% refund in all tuition and course fees. Room and board fees will be prorated.

3. If a student requests an incomplete and the faculty declines to grant an “IM,” then the student will have to withdraw.

For additional information regarding Military Incomplete status please see the Military Activation Web site at: http://www.registrar.eku.edu/registration/military/.

**Pass-Fail (“P” - “F”) Option** The Pass-Fail option encourages students to take courses they might otherwise avoid because of lack of background or concern for lowering their grade point average (GPA). Not all courses are approved to be taken Pass-Fail. The Registrar’s Office can verify whether a course is approved to be taken as Pass-Fail.

Students who have earned 30 or more semester hours of credit with a minimum GPA of 2.0 may choose the Pass-Fail (“P” - “F”) option for a total of 15 hours of free electives. These hours must be exclusive of general education, major, minor, and other course requirements for graduation. Eligible courses must belong exclusively to the category, free electives. Hours passed under the Pass-Fail option will not be used in the computation of GPA’s; however, hours failed (“F”) will be used.

Students may choose the Pass-Fail option for one course per semester with a maximum of five credit hours per semester. Students may repeat a course using the Pass-Fail option only if the previous taking was also Pass-Fail.

Students may select the “Pass-Fail” option by completing the Audit/Pass-Fail registration form, available from the Registrar’s Office. Students may change to or from the Pass-Fail option by the date specified each semester in the Colonel’s Compass. The student must submit to the Registrar’s Office the completed form authorizing the change their registered course to Pass/Fail.

**Repeating Courses:** Undergraduate students may repeat college-level courses. In those courses, the last grades earned will replace those earned earlier in the student’s term and cumulative GPA calculations. The repeated course and grade will still appear on the transcript but with a notation indicating that the course has been repeated. If a student attempts to repeat a course and replace the grade but then withdraws from the course, that course attempt will not be counted among those for which grade replacement is available.

A student may enroll in the same course for a third or subsequent time only under unusual circumstances and with the written permission of the dean of the college of the student’s first major. If a student-enrolls in a course for a third or subsequent time
without approval, the student will be administratively withdrawn from the course.

If a student attempts to repeat a course and replace the grade but then withdraws from the course, the taking will not be counted among those for which grade replacement is available.

For GPA calculation, a grade of “S,” “CR,” or “P” will not replace a grade of any “C,” “D,” or “F” (earned in normal grading) grades. A “P” will replace an “F” when the “F” was earned under the Pass-Fail option.

**Satisfactory- Unsatisfactory ("S" - "U") Grading System:**
Some courses are approved to be taught exclusively on a “Satisfactory” ("S") or “Unsatisfactory” ("U") basis. Each student enrolled in the class will receive either a grade of “S” or “U.” Hours passed under the Satisfactory-Unsatisfactory option will not be used in the computation of GPA’s; however, hours failed ("U") will be used.

**NON-TRADITIONAL ACADEMIC CREDIT**
Students who have educational experiences other than university instruction may attempt to earn academic credit by examination, prior learning assessment, and/or military training and experience.

**A. ACE Credit**

Based upon recommendation of the American Council on Education (ACE), EKU will award credit to individuals who have completed certain non-university experiences, such as workplace or military training. Work evaluated on an ACE transcript as Lower Division will be recorded as 100- or 200-level only. Work evaluated on an ACE transcript as Upper Division will be recorded as 300-level credit. EKU will not award credit from an ACE transcript unless the work has been evaluated as Lower Division or Upper Division. Submit appropriate paperwork to the Registrar’s Office. Students can have a copy of their ACE transcript sent to the Registrar’s Office, Whitlock CPO 58, 521 Lancaster Avenue, Richmond, KY 40475-3158. Students can petition for specific course credit by first contacting the Student Outreach & Transition Office.

**B. Credit-By-Examination**

1. Credit-by-examination is credit given through documentation and evaluation of learning, knowledge, or skills-based experience.

2. Following are the conditions which apply to receiving credit-by-examination:

   a) Only admitted and active degree seeking EKU students may have credit-by-examination recorded onto an EKU Transcript.
   
   b) Academic credit earned by external examinations and challenge tests (such as AP, IB, CLEP®) shall not be considered as credit earned at EKU and will not apply toward the residency credit requirement for an associate or baccalaureate degree.
   
   c) Only tests taken within the past five years will be considered for credit review.
   
   d) Credit awarded through credit-by-examination which is general in nature, not course-specific, has no inherent guarantee of meeting specific EKU degree requirements, since these are program and college specific decisions.
   
   e) Credit earned by examination is recorded as “CR”, (no letter grade); it has no effect upon the overall GPA.
   
   f) Proficiency examination credit is eligible for transfer to EKU if it is from a nationally-recognized standardized test, earned at a college or university from which EKU accepts transfer credit, or at an EKU-recognized testing site, and is recorded on an official transcript.
   
   g) Departmental or institutional specific challenge tests, presented on the official transcript of an institution from which EKU accepts transfer credit may be accepted in transfer - upon the review and approval of the academic department most closely related to the subject matter.
   
   h) A student may attempt to earn credit-by-examination in a course only once in a six-month period.
   
   i) A student will not receive academic credit for a course-specific College Level Examination Program (CLEP®) or departmental examination in an area in which advanced course work has already been completed, and EKU credit recorded.
   
   j) EKU students attempting a foreign language CLEP exam at the 100-299 level in their native tongue will not have academic credit awarded by EKU.
   
   k) Special fees are assessed for credit-by-examination and must be paid prior to taking an examination. Refer to the Testing Office website for fee information (www.testing.eku.edu.).

l) Students seeking to have AP or IB credit recorded on their EKU academic record should have score reports sent to the EKU Office of Academic Testing before they have earned their first 30 credit hours at EKU.

3. Eastern Kentucky University credit-by-examination may be earned through any of the following methods:

   a) Advanced Placement Program (APP):
   The Advanced Placement Program consists of courses of study and special examinations open to students in high school. The courses are presented during the student’s junior and senior years; the examinations are administered during the month of May each year. The chart below indicates the manner in which EKU accepts Advanced Placement Program examinations as credit. For additional information on credit-by-exam courses, please go to www.testing.eku.edu. Information about the Advanced Placement Program can be found at www.collegeboard.com/ap.

A student must complete the Credit-by-Examination form without equivalent courses at EKU. In order to receive credit, students must follow the following guidelines. No credit is given for exams taken for success building. EKU accepts credit for these examinations according to the guidelines for credit-by-examination, and how to register for exams. Please contact 859-622-1281 for testing information. Test administration fee is $25. (Note: the student will pay a $77 fee by credit card to CLEP as they take the online test in the Academic Testing Center.)

Eastern Kentucky University recognizes and awards academic credit to admitted active EKU students, per the following table of CLEP examination scores. For more details on credit-by-examination, and how to register for such exams please refer to www.testing.eku.edu.

b) College Level Examination Program (CLEP®):

The College Board offers a College-Level Examination Program (CLEP®) that includes tests for various subject areas. These tests recognize a student's comprehensive subject knowledge acquired through independent or prior study. EKU accepts credit for these examinations according to the following guidelines. No credit is given for exams without equivalent courses at EKU. In order to receive credit, a student must complete the Credit-by-Examination form available from the Office of Academic Testing, Student Success Building, Room 340. Information about the College Level Examination Program (CLEP®) can be found at www.testing.eku.edu/CBE/. The Office of Academic Testing administers CLEP® tests for currently enrolled EKU students. Please contact 859-622-1281 for testing information. Test administration fee is $25. (Note: the student will pay a $77 fee by credit card to CLEP as they take the online test in the Academic Testing Center.)

c) DANTES (Defense Activity for Non-Traditional Educational Support):

EKU allows credit-by-examination for some course
work through DANTES testing. Credit will be awarded for those examinations listed below when scores are obtained at the indicated levels. Students need to send their official DANTES score report to the Office of Academic Testing in the Whitlock Building, room 327 for processing of credit. A processing fee is required. Information about DANTES examinations is available at www.testing.eku.edu.

d) Departmental Examinations:
A number of academic departments at Eastern Kentucky University have developed their own examinations for credit as an extension of the CLEP® program. These examinations are similar in nature to the CLEP® exams. EKU does not accept transfer credit coursework given credit through academic department proficiency exams. Enrolled Eastern Kentucky University students interested in attempting to earn credit through departmental examinations should contact the Office of Academic Testing, Whitlock 327. For information on the exams that are available for challenge, costs, and procedures for registering call (859) 622-1281 or visit www.testing.eku.edu.

e) International Baccalaureate Credit:
The International Baccalaureate Organization’s Diploma Programme was created in 1968. It is a demanding pre-university course of study that leads to examinations. It is designed for highly motivated secondary school students aged 16 to 19. The program has earned a reputation for rigorous assessment, much like the Advanced Placement (AP) Program. For information regarding the IB program, please visit the website at www.ibo.org.

IB credit is awarded by earning the required score in a specific subject area. To receive credit the student must furnish the Office of Admissions with an official IB transcript issued directly from the International Baccalaureate Organization. Course credit awarded through the IB program will apply toward degree requirements. There will not be a specific letter grade associated with the credit earned through IB course work. A designation of CR (credit) will be awarded, and the grade point average will not be affected. Eastern Kentucky University awards credit for IB course work in the following manner:

C. Credit for Prior Learning

Students wishing to demonstrate competence attained through educational experiences other than university instruction, may also attempt to earn academic credit in certain undergraduate courses by completing a portfolio to document prior learning. Enrolled degree-seeking EKU students may earn credit through Prior Learning Assessment, for learning from documented life experience employment, homemaking, military experience, company-sponsored training, community service, volunteer activities, independent research, and travel study. There will be a limit to the number of credit hours awarded for prior learning. These credits may be applied toward an undergraduate degree program. All students wishing to pursue Credit for Prior Learning should contact the department chair or program coordinator for his/her program.

D. Military Credits

EKU will award credit to individuals who have successfully completed military service school courses, as well as award credit for Military Occupational Specialties (MOS’s), based upon recommendation of the American Council on Education (ACE). To receive academic credit at EKU, military credits must be evaluated by ACE with a lower level or upper level college equivalency.

Students may receive Military Science and Leadership course credit and/or credit for PHE 180 for having completed Basic Training (BT) and Advanced Individual Training (AIT). PHE 180 may be used to satisfy the Wellness graduation requirement. Students must submit a copy of their military transcripts or DD Form-214 (Discharge Verification Certificate) through the EKU Veterans Center.

Students can have a copy of their ACE transcript sent from their respective service education centers to the EKU Office of Military & Veteran Affairs, Burnam House, 521 Lancaster Avenue, Richmond, KY 40475.
Army, Navy, USMC, and Coast Guard Veterans can order transcripts online at: https://jst.doded.mil/official.html

Air Force Veterans must request transcripts by letter. Include student’s full name (former name if appropriate), date of birth, social security number, service component, current address, Eastern Kentucky University Veterans Center address and the student’s signature. Send transcript request to: CAF/RRR, 130 West Maxwell Blvd., Maxwell AFB, AL 36112-6613.

PRE-PROFESSIONAL PROGRAMS

EKU has a number of programs that will help prepare students for professional schools following graduation. These schools generally do not require a specific major, provided that their prerequisite courses are taken. All professional schools are highly competitive in their admissions process. Thus, students should aim for strong GPA and professional school admission test scores. Students are encouraged to seek a major that they feel comfortable with, that they have a strong aptitude for, that is interesting and challenging, and that provides additional career options. Students should meet with the Office of Pre-Professional Advising as early as possible after enrolling at EKU. The Pre-Professional Advisor will assist the pre-professional student with selecting a major and provide information and advice regarding professional school admissions and requirements.

Descriptions of the following pre-professional programs may be found on the pages noted:

- Pre-Dentistry 81
- Pre-Engineering 79
- Pre-Forestry 79
- Pre-Law 79
- Pre-Medical Science 80
- Pre-Optometry 79
- Pre-Pharmacy 80
- Pre-Veterinary 81

Three-Two Curricula: In addition to standard pre-professional curricula, Eastern Kentucky University may approve specially arranged combined curricula. Students approved for these curricula complete the first three years of requirements at EKU. At the end of these three years, they enroll in one of several highly rated professional schools. After the first year of professional study, they transfer the work back in order to secure a Bachelor of Arts or a Bachelor of Science degree from Eastern Kentucky University. This plan may shorten by one year the time needed for obtaining both a baccalaureate and a professional degree.

STUDY ABROAD CREDIT

**Dual Degree Agreements Between Eastern Kentucky University and Foreign Exchange Institutions**

The following policies and procedures shall govern arrangements to award dual degrees to foreign students who attend Eastern Kentucky University and to EKU students who attend foreign exchange institutions under the auspices of exchange agreements or other agreements:

1. The dual bachelor’s degree agreement shall be developed by the deans of participating colleges in cooperation with appropriate representatives from foreign exchange institutions and shall be submitted to the Provost for final approval.
2. The deans and department chairs shall determine exactly which courses need to be taken by the foreign candidates to complete the major in each given field of study, and these courses must be specified. Likewise, they shall determine which courses EKU students must take at the foreign institution to complete their EKU degrees.
3. Dual degree agreements will normally require at least one full academic year in residence at the host institution (25% of the total semester hours) and three years at the home institution (75% of the total semester hours). However, other variations may be approved by the deans of the colleges for their respective colleges.
4. Each institution shall accept all course work from the other either as elective credit or as credit for required courses, based on transfer equivalency evaluations.
5. If dual degrees are awarded concurrently, the program must at a minimum meet SACS, CPE, and the college, departmental, and program requirements for general education, either by taking the general education courses or by transfer credit or by a combination of these means. If the foreign degree is awarded a year or semester in advance, then the candidate will be awarded post-baccalaureate status and the general education requirement will no longer be applicable.
6. A copy of each dual degree agreement approved by the Provost shall be kept on file in the International Education Office, and that office shall also maintain a file of EKU students who are attending foreign exchange institutions under dual degree agreement as well as foreign students who are attending EKU under dual degree agreement.

**Study Abroad Programs**

Eastern encourages all students to take advantage of study abroad opportunities. All EKU students planning to participate in a study abroad experience should complete the Course Pre-Approval Form. This form must be completed and endorsed by the EKU International Programs Office before the student is approved to participate in a study abroad program. Students have several options for study abroad at EKU, varying in place, field of study, duration of stay, and cost.

Students may study in English-speaking countries abroad through the Cooperative Center for Study Abroad (CCSA), a consortium of colleges and universities through the US. CCSA offers two-week programs during the winter break and two- and four-week programs in the summer, mid-May through August. Programs are offered in Australia, Belize, England, Ghana, India, Ireland, Jamaica, Scotland and South Africa. CCSA also offers eight-week internships and a full semester program at the University of East Anglia in Norwich, England. The web address for CCSA is www.ccsa.cc.

The Kentucky Institute for International Study (KIIS), a consortium of Kentucky, Indiana, and Ohio colleges and universities, offers courses in non-English speaking countries. KIIS offers five-week summer programs in Austria, Brazil, Cameroon, China, Costa Rica, Denmark, Ecuador, France, Germany, Greece, Italy, Japan, Mexico, Puerto Rico, Spain and Turkey. Additionally, KIIS offers semester-long programs in...

For students who are interested in additional semester-long study abroad options, EKU is affiliated with Arcadia University, AustraLearn, and The School for International Training.

TRANSFER STUDENT INFORMATION

Credits Accepted in Transfer

Eastern Kentucky University accepts credits transferred from regionally accredited postsecondary institutions, credits earned by examination from nationally recognized tests that meet EKU standards, and it awards credits for certain types of military experiences. Additionally, EKU will award credit for non-collegiate training experiences provided the training occurred under a University approved articulation agreement.

International transfer credits from institutions with which Eastern Kentucky University does not have an articulation or exchange agreement are recorded as free elective credits at the lower division level after they have been evaluated by an outside accrediting agency (e.g. World Education Services or Silney and Associates). Students may present supporting documents from transfer courses recorded as free electives to appeal to department chairpersons for departmental credit.

Kentucky General Education Transfer Agreement

In an effort to promote a seamless transfer between Kentucky two-year and four-year public institutions, the Kentucky Council on Postsecondary Education (CPE) developed a policy to facilitate the transfer of credits from one Kentucky public college or university to another. This policy, implemented in 1996, and revised in 2011, is called the General Education Transfer Agreement and allows for the automatic transfer of a block of courses to satisfy general education degree requirements, in addition to articulating individual courses as meeting statewide general education categories.

Students transferring to EKU from another Kentucky public college or university may be (1) category certified, or (2) core certified, or (3) fully certified in general education by the Registrar of the school where the course work was taken. EKU will honor any of these designations and is guaranteed to apply the KY public school transferred general education courses into EKU’s General Education curriculum in a manner that best serves the transferring student.

The General Education Transfer Agreement also applies to students transferring from EKU to another Kentucky public university. For additional details regarding this agreement please refer to the EKU Student Outreach & Transfer Office (SOTO) (http://soto.eku.edu/transferstudents) or the CPE website (http://www.cpe.ky.gov/policies/academiccredit/Transfer/)

NOTE: After initial transfer to EKU students may not transfer in further general education certification unless they earn a subsequent AA or AS degree at a KCTCS institution. Students may transfer in further general education certificate after their initial enrollment at EKU, only if they return to a KCTCS institution for a period of at least one semester.

Transferring General Education Courses from a Private or Out-of-State School

EKU will honor transfer general education courses from regionally accredited out-of-state or Kentucky private colleges and universities. Students may bring in documentation (school catalog listings of courses with relevant general education designations) to the EKU Registrar’s Office. The transfer general education courses will then be applied toward the student’s EKU general education requirements where needed and as appropriate.

Transfer Credit Evaluation Process

When an acceptable transfer course, which has never been evaluated before, is presented to EKU for consideration, EKU records the course as acceptable for credit but un Evaluated. The Transfer Center contacts the student and requests course descriptions and syllabus information for review. The Transfer Center forwards the course description to the appropriate academic department for their review and consideration. The academic department determines whether an exact equivalency, a subject/ discipline elective, or a generic free elective is appropriate depending on course content and learning objectives. In some instances the department will request that the student provide a syllabus in order to evaluate the course. The academic department or Transfer Center can recommend that a course be considered for general education applicability even if an exact equivalency is not awarded. Students wishing to appeal the evaluation of transfer credit should consult with the Student Outreach and Transition Office.

Transfer Credits/Courses

Eastern Kentucky University accepts credit in transfer from other institutions with regional accreditation status. EKU also participates in and subscribes to the principles of the Kentucky Council on Postsecondary Education statewide transfer agreements. EKU accepts credits transferred from all public institutions in Kentucky accredited by SACS, or similar regional accreditation bodies, and will apply them to the general education and program requirements to the maximum extent specified in these agreements. Credits not identified in these agreements will be applied to degree requirements as deemed appropriate. Lower division courses taken at a community or junior college are accepted in transfer as the coursework is evaluated by the EKU content expert.

Eastern Kentucky University will also award credit to students for non-collegiate sponsored instruction and training programs provided an articulation agreement exists between the University and the institutions or organizations providing the instruction. Articulation agreements must be officially approved according to the University policy for such agreements and must be signed by both EKU and the collaborating institutions/organizations. A copy of the signed agreements must be on file in the Office of the Provost (original), the Office of the Registrar, and the Dean’s Office of the College which initiated the agreement. Articulation agreements must be in place prior to the non-collegiate instruction or training in order for credit to be considered. In all instances, consideration will only be given to those courses/training programs whose content provides competencies equivalent or comparable to courses and educational experiences offered by EKU.

Currently enrolled students who desire to take courses elsewhere and transfer them back to Eastern Kentucky University should consult with the EKU Transfer Center and also obtain the approval of their college dean prior to enrolling. The University will not take responsibility for courses transferred without prior
approval. Students should be aware that there are limits to the number of credit hours a student may earn in any one term (see Academic Load, page 50).

Credit and grades earned in transfer are posted to the student’s EKU transcript. Students with transfer credit should note that they must successfully complete all their curriculum requirements as well as earn a cumulative and institutional (EKU) GPA of 2.00 in order to graduate with a degree or University certificate from EKU.

Degree-seeking transfer students who have already attained a post-secondary or graduate-level degree will have that earned degree noted in their EKU academic record.

Details of the academic work counting toward a degree earned at another institution will not be posted, course by course, onto the EKU transcript; only the earned degree is recorded from the official transfer school transcript.

International Student Transfer Credit Pre-Approval

Each EKU international student may submit official transcripts and have recorded in transfer all previously earned appropriate credit from other institutions of higher education, at the time the student is admitted into EKU. After initial admission into EKU an international student, who subsequently wishes to enroll at another institution, for the purpose of earning additional transfer credit, must have prior approval from EKU before accumulating additional transfer coursework.

The Registrar will not record onto an existing international student’s EKU academic record any transfer credit for which the student has not secured prior approval. This prior-approval form serves to notify the College of the student’s major and the Center for International Education of the international student’s intention to enroll at another institution, and to establish the applicability of the anticipated transfer credit toward the student’s major – before the student enrolls at the non-EKU institution.

A maximum of 21 credit hours may be earned by any EKU student, (through any means), in any fall or spring term; dean’s approval (secured on a different form) is required for a student to enroll in 19 through 21 credit hours. During the summer 15 credit hours is the absolute maximum an EKU student may earn; dean’s approval (secured on a different form) is required to enroll in 13 through 15 credit hours.

UNDECLARED STUDENTS

If students are academically exploring and are not ready to declare a major, they will be enrolled as an undeclared student. A major should be declared as soon as students decide on their field of interest. Students must officially declare a major prior to registration during the semester in which they register for their 45th hour. Until a major is declared, students’ curriculum will include general education courses appropriate for most baccalaureate programs. In addition, students will be encouraged to take exploratory electives that will allow them to sample disciplines they may like to select as a major.

WITHDRAWAL

Withdrawing and Financial Aid

Federal Financial Aid regulations require students to earn credit from classes funded by financial aid. Financial aid regulations do not distinguish between receiving a “W” in a course, or an “F” in a course. In both cases tuition is paid with financial aid funds and in both cases the student did not earn credit.

Students, advisors, and instructors should note therefore that multiple withdrawals can impede appropriate progress toward degree and thus negatively impact a student’s ability to retain financial aid.

IMPORTANT: Withdrawing from a class may result in the student being responsible for both tuition charges and a late withdrawal fee. Refer to the Colonel’s Compass for tuition refund dates. A class with a “W” grade will count as an attempted class for Federal Financial Aid calculations.

Withdrawing from a Class

Students are allowed to withdraw from classes through the 12th week of a full semester. Partial semester classes have pro-rated withdrawal deadlines. See the Colonel’s Compass for all withdrawal deadlines. Whether withdrawing from a single class, a few individual classes, or all withdrawals are executed online through EKUDirect. A student will be assigned a grade of “W” for each withdrawn course. A “W” will appear on the grade report and transcript.

1. Withdrawal between 2nd Week – 12th Week: A student may officially withdraw from a full-semester course online through EKUDirect from the close of the Schedule Change Period, also called the Add/Drop Period (for full-semester classes the add-drop period is the 1st week of class), through the end of the 4th week of a regular (fall/spring) semester with no withdrawal fee applied.

Beginning with the fifth week of the term, and until the end of the twelfth week of full-semester classes, students will be assessed a $50 per credit hour fee after withdrawing from a course (up to a maximum of $150 for a typical 3 credit hour course).

WARNING: The Add/Drop Period and the withdrawal period for partial-semester classes can be significantly shorter. Always refer to the Colonel’s Compass website for all drop and withdrawal deadlines.

2. Late Withdrawal Petitions: After the withdrawal deadline has passed only students who are the victim of extraordinary circumstances may request a late withdrawal. The deadline for filing a petition for withdrawal under extraordinary circumstances is the last day of the full semester following the term from which the student is seeking withdrawal. The student should complete a withdrawal petition form (available from the Registrar’s website) and should include justification and documentation for the withdrawal. If approved, the Registrar will assign the grade of “W” and will notify the instructor of the class. For details refer to the Registrar’s website (www.registrar.eku.edu).

All course withdrawals approved by the Compassionate Withdrawal Committee will be assessed a $50 per credit hour fee, to a limit of $150 per course. The Compassionate Withdrawal Committee is not authorized to consider any appeals of the $50 per credit hour course withdrawal fee. Only the Office of Student Accounting Services may consider late withdrawal fee appeals.

Students who are assigned a grade of “F” or “FX” in a course due to academic dishonesty will not be permitted to withdraw from the course.
3. **Withdrawal Deadlines for Partial Semester and Summer Classes:** Specific calendar dates for withdrawal deadlines for partial semester and summer classes are available on the EKU Web site (see Colonel’s Compass). The withdrawal deadline for all courses should be printed on course syllabi, are published in the Colonel's Compass, and also may be obtained by contacting the Registrar’s Office. Refer to Section 3 of this Catalog for the University’s Tuition Refund Policy.

**Withdrawing from the University**

Eastern Kentucky University (EKU) is strongly committed to supporting students in achieving success in their intellectual and extracurricular endeavors. Students finding it necessary to withdraw from the University may withdraw from all courses online using EKUDirect up to the twelfth week of a full semester. Students are not allowed to withdraw from a course or from the University after the twelfth week of a regular term; after that time students must appeal to the Commpassionate Withdrawal Committee for an official withdrawal. A grade of “W” is assigned for each withdrawn class. Students who leave the University without an official withdrawal are subject to the grade of “F”

**Dining Services Refund for Students Withdrawing from the University:**

1. For Colonel Card dollars, a refund of the full remaining account balance (greater than $10) will be made. If there is a balance due to the University these monies will be applied to that account.

2. For Meal Memberships, a pro-rated refund proportional to the time remaining in the semester will be given. Refunds will only be given to students who are officially withdrawing from the University. Optional flex dollars are non-refundable.

For Colonel Card dollars refund, please send or fax a request to: Dining Accounts Office, Attention: Jeremy Raines, 114 Powell Building, Richmond, KY 40475. For Meal Memberships, you will automatically be refunded as of the date you officially withdraw from the University.

**Housing Refund for Students Withdrawing from the University:** For Housing refunds, a pro-rata refund proportional to the time remaining in the semester will be made. The procedure is that a copy of the activation papers along with a copy of the request to be withdrawn should be sent to The Director of Housing, Whitlock CPO 51, Eastern Kentucky University, 521 Lancaster Avenue, Richmond, Kentucky 40475-3151.

**Withdrawals Due to Exceptional Situations**

When physical or mental illness, or other extraordinary circumstances, intrude upon a student’s ability to successfully meet the requirements of his or her course of study, such that the student is unable to avail themselves of standard methods for withdrawing from the University, per the above described timeframe, the student may complete a request for a Medical Withdrawal or a Compassionate Withdrawal.

**Compassionate Withdrawal**

After the twelfth week, a student who is the victim of extraordinary circumstances which do not qualify him/her for a Medical Withdrawal may petition for a late withdrawal from the University. The student must appeal to the Compassionate Withdrawal Committee through the Registrar’s Office. The deadline for filing a petition for withdrawal under extraordinary circumstances (Compassionate Withdrawal) is the last day of the full semester following the term from which the student is seeking withdrawal. The student must complete a Withdrawal Petition Form and should include justification and documentation for the withdrawal. If approved by the committee, the Registrar will assign grades of “W” and will notify the instructors of the class. For forms and more details, refer to the Registrar’s website (www.registrar.eku.edu).

**Medical Withdrawal**

**Voluntary Medical Withdrawal**

Students may request a Medical Withdrawal from EKU when serious physical or mental health issues prevent the student from continuing with coursework in the current semester. The severity and duration of the medical problems must be such that it would be unreasonable to expect the student to make up missed class work. A Medical Withdrawal is appropriate only when “incompletes” or other arrangements with instructors are not possible. A request for a medical withdrawal can only be considered when the request is to withdraw from all classes in the current semester and will not be granted if final exams have been taken for that semester. This policy does not address withdrawal from individual classes.

Requests for a Medical Withdrawal requires thorough and credible documentation by the appropriate healthcare provider. Details regarding the process and standards for approval are found on the Registrar’s website; [http://registrar.eku.edu/withdrawal-information](http://registrar.eku.edu/withdrawal-information). The deadline for filing a petition for a Medical Withdrawal is the last day of the term from which the student is seeking withdrawal.

If the request to take a medical leave of absence is due to physical issues, the appropriate documenting healthcare provider is a licensed medical practitioner with knowledge of the student’s past medical history and who is presently working with the student to resolve current physical health issues. The medical practitioner should be the student’s primary health care provider at the time of the request for Medical Withdrawal, and should not be a family member. If the medical situation involves emergency hospitalization, documentation from the emergency room physician or hospitalist is required in lieu of the preceding information.

If the request is due to mental health reasons, the appropriate documenting healthcare provider would be a licensed psychiatrist, psychologist or counselor with knowledge of the student’s past mental health history and who is presently working with the student to resolve the current mental health problems and should not be a family member. Taking a Medical Withdrawal of at least one full semester away from the University will enhance the likelihood of success upon the student’s return.

The student will be obligated to adhere to the requirements for returning from a medical leave (see details on Registrar’s website: [http://registrar.eku.edu/withdrawal-information](http://registrar.eku.edu/withdrawal-information)). The student is expected to provide documentation that the physical or mental health condition has been treated and symptoms that required withdrawal from the University are sufficiently resolved to allow the student to return to the University.

A Medical Withdrawal is designed for academic purposes, **not financial purposes;** it allows the student the opportunity to protect his/her academic standing with the University by preventing the
Students who stop out or are withdrawn for more than 24 months must be formally readmitted to the University by holding and having the hold removed before they will be able to register.

**Students who have received a “W” grade in all classes during a semester are considered to have “stopped out.” Students must be on good academic standing to qualify for stop out.**

*A student who completes a semester at Eastern Kentucky University but does not return for the following term is considered to have “stopped out.” Students must submit college transcripts. All students who have attended another college/university must reactivated before they can once again register for classes. Refer to Section Two of this Catalog for details regarding readmission. The academic record for withdrawn students must be reviewed if applicable and based on the regular, published, refund guidelines, effective as of the date the completed withdrawal form was received by the Registrar’s Office.

For details on the process to request a Medical Withdrawal refer to the Registrar’s website at www.registrar.eku.edu.

**Involuntary Medical Withdrawal**

Eastern Kentucky University may place a student on an Involuntary Medical Withdrawal for reasons of personal or community safety. The University may require a student to take medical leave of absence, if in the judgment of the Student Assistance & Intervention Team (SAIT), and in coordination with the Director of Student Health Services and/or the Director of the EKU Counseling Center, the student, (a) poses a threat to the lives or safety of himself/herself or other members of the EKU community or (b) has displayed behaviors associated with a medical or mental health condition that seriously interferes with the student’s ability to function and/or seriously interferes with the educational pursuits of other members of the EKU community. Detailed information regarding the process for determining the necessity of an Involuntary Medical Withdrawal can be found on the Registrar’s website: www.registrar.eku.edu.

**Military Withdrawals from the University**

See Military Activation section on page 55

**Stopping Out and Returning to EKU**

Students who either stop out* or officially withdraw** and are academically eligible to return to the University, may return to the University without reapplying if they have been gone for 24 or fewer months and have an overall GPA of 2.0 or higher. Students who have stopped out or withdrawn and have a GPA of less than 2.0 must apply for readmission and will be held to EKU readmission criteria (please refer to Requirements for Readmission section of the Catalog). All regular registration deadlines apply to stop-out students, and they should contact their last assigned advisor, or department chair of their major, to schedule an advising appointment in preparation for their return to EKU. To register for classes, students can log in to their EKU Direct account. Students with a registration hold must contact the office that applied the hold and have the hold removed before they will be able to register.

Students who stop out or are withdrawn for more than 24 months must be formally readmitted to the University by submitting a readmission application to the Office of Admissions. Refer to Section Two of this Catalog for details regarding readmission. The academic record for withdrawn students must be reactivated before they can once again register for classes.

All students who have attended another college/university since attending Eastern Kentucky University, regardless of the length of their absence, must submit college transcripts.

*A student who completes a semester at Eastern Kentucky University but does not return for the following term is considered to have “stopped out.” Students must be on good academic standing to qualify for stop out.

**Students who have received a “W” grade in all classes during a semester are considered to have “withdrawn” from the University.

**WRITING INTENSIVE COURSES**

All baccalaureate degree seeking students who enter the University are required to successfully complete one writing intensive course following completion of General Education Element 1B. Writing intensive courses may be general education courses as well as major or supporting courses. Writing-intensive courses are designated with the suffix “W” following the course prefix and number (e.g., HUM 300W). W and non-W versions of the same course (e.g., HUM 300W and HUM 300) are considered equivalent for the purposes of satisfying course requirements for prerequisites, major courses, minor courses, and supporting courses. Credit will not be awarded for W and non-W versions of the same course. A previously-taken non-W version of a course will not be used to satisfy the writing intensive baccalaureate degree requirement.

Transfer students who are (full) general education certified and/or transfer students who have earned an associates degree (including AAS) or a baccalaureate degree are not required to complete a writing intensive course. The waiver of the writing requirement applies only to students transferring from institutions where the language of instruction is English.

**Writing Intensive Courses Available:**

The writing intensive courses available each semester may be viewed via the online schedule by selecting all courses in the “Subject” box and writing intensive courses in the “Attribute” box.

### EKU UNDERGRADUATE CERTIFICATES AND PROFESSIONAL CERTIFICATION/ENDORSEMENT PROGRAMS

#### 1. EKU Departmental Level Certificates —
These certificates are awarded by the individual academic department, not the University.

- Advanced Emergency Medical Care  
- African/African-American Studies  
- Basic Emergency Medical Technician  
- Emergency Management  
- Financial Literacy  
- French Conversation and Culture  
- German Conversation and Culture  
- Japanese Conversation and Culture  
- Labor and Employment  
- Post-Masters Psychiatric Mental Health Nursing Practitioner-Family Certificate  
- Productivity, Innovation and Technology  
- School Safety  
- Spanish Conversation and Culture  
- Veterans Studies  
- Women and Gender Studies

#### 2. EKU University Level Certificates —
These certificates are awarded by the University, and students receive a formal certificate produced in the same manner as a degree diploma. Students completing these programs must apply for graduation and are assessed a graduation fee. Students earning only certificates do not receive caps and gowns and do not participate in the commencement ceremony. The university graduation fee partially offsets the production and mailing of diplomas and certificates. The University absorbs cap and gown costs for degree earners. Application deadlines for completing university certificates follow the same time line as degree graduation.

3. Professional Certification and Endorsement Preparation
   Programs —
   These are programs of study which do not lead to a degree or to an EKU awarded recognition but instead prepare the student, upon recommendation from EKU, for professional endorsement or certification by the Commonwealth of Kentucky Education Professional Standards Board.
   • Agriculture Education Teaching
   • Career and Technical Education
   • Career and Technical School Principal
   • Dance (Minor in Dance Certification - Teaching)
   • Driver Education (teaching certification endorsement)
   • Instructional Computer Technology (teaching certification endorsement)
   • School Safety Endorsement
   • Teaching English as a Second Language (teaching certification endorsement)

*Post-Bacc. Acceptance into this program requires that the student has already earned a baccalaureate degree. For more details, see the relevant department’s sections of this Catalog or contact the department offering the certificate.

Note: This list may not be all-inclusive. For a comprehensive list of EKU certifications concerning teaching, please see the College of Education.

Online Academic Programs

EKU Online

Eastern Kentucky University offers students the opportunity to earn a variety of degrees and/or certificates through EKU Online. These are well established EKU academic programs provided through online interactions, discussion boards, and engaging interactive and multi-media learning methodologies.

While the EKU Online student will have a program coordinator through the academic department offering their desired degree/certificate, EKU’s Office of e-Campus Learning serves as the primary contact for admission, financial aid, registration, degree audit, and general advising questions; centralizing all student services crucial to the distance-learning student. ACADEMIC READINESS AND TESTING

Kathy Williams, Interim Director
Whitlock Building 355
(859) 622-8860

The Office of Academic Readiness and Testing plans, implements and supports programs and services for students transitioning from high school or the workplace to the University. Offices include Developmental Education, College Readiness, Academic Testing, Academic Skills, and First Step to College Success. The unit provides program coordination and transition and testing services that support the goals of current and potential students, as well as the University community. Services allow students to build needed skills and/or demonstrate knowledge base for admission to the University or University programs. The unit also provides assessment to ensure appropriate course placement to maximize student success.

Developmental Education and College Readiness helps students achieve academic success by developing or enhancing skill level proficiencies. The program provides opportunities for skill development through courses and programs designed to improve essential skills in writing, reading and mathematics. Additional information about Developmental Education and College Readiness may be found at www.developmentaleducation.eku.edu.

Academic Testing is responsible for the coordination, administration, and planning of academic assessments that are requested by the University and educational community. The types of testing provided by the office include national tests, state assessments, and locally developed exams. Special need accommodations are available upon request. Additional information about Academic Testing may be found at www.testing.eku.edu.

College Readiness and Academic Skills programs and services transition students to the University. Programs and services include the First Step to College Success program, and advising for Special Admissions students. Additional information about these programs and services may be found at www.developmentaleducation.eku.edu/firststep/ and www.academicskills.eku.edu/

COUNCIL ON ACADEMIC AFFAIRS

Dr. Janna P. Vice, Council Chair

The Council on Academic Affairs is the major policy-making body for the academic programs of the University. All college curriculum committees report to the Council. Major actions of the Council are reviewed by the Faculty Senate and subsequently presented to the President of the University and the Board of Regents for final approval. Council membership is comprised of the Deans, or their designees; the Registrar; the Chair of the Faculty Senate; the Director of Academic Advising; the Director of the Honors Program; a representative of the Chair of Chairs Association; a faculty representative from the Academic Quality Committee of the Faculty Senate; two student representatives
from the Student Government Association; and the Associate Provost for Diversity Planning (non-voting), the Associate Vice President of Student Affairs and Dean of Students (non-voting), the Associate Vice President and Dean of Enrollment (non-voting), and the Director of Admissions (non-voting). The Provost and Vice President for Academic Affairs serves as Chair of the Council.

**Graduate Education and Research**

Dr. Jerry Pogatshnik, Associate Vice President of Research and Dean of Graduate Education  

Dr. Jaleh Rezaie, Associate Dean  
Whitlock Building 310  
(859) 622-1742

The Office of Graduate Education & Research is comprised of the Graduate School, the Division of Sponsored Programs, the Division of Natural Areas and the McNair Scholars Program. The Graduate School is responsible for the administrative oversight of EKU’s master’s specialist and doctoral programs. The Graduate School provides opportunities for undergraduate students to get a head start in obtaining a graduate degree through our concurrent enrollment and 3+2 programs. Interested students are encouraged to contact the Graduate School for more information. Additional information is also posted on the Graduate School website at gradschool.eku.edu.

The Division of Sponsored Programs assists EKU faculty and staff in seeking and managing grants, contracts, and other agreements that support EKU’s mission. The Division of Sponsored Programs is also responsible for managing the university’s research compliance programs including review of the use of human subjects or animals in research and responsible conduct of research by faculty, staff and students. Information is available on the Sponsored Programs website at www.research.eku.edu.

The Division of Natural Areas and McNair Scholars program are described below.

**Natural Areas**

Dr. Melinda Wilder, Director  
Case Annex 105  
(859) 622-1476

Eastern Kentucky University is responsible for the protection and management of three natural areas in Kentucky that serve as outdoor settings for all levels of environmental education and ecological research. These are: Lilley Cornett Woods (Letcher County) and Maywoods Environmental and Educational Laboratory (Garrard County). The Division of Natural Areas is responsible for coordinating the research, educational programs, development, and use of these areas, and provides coordinating and consulting services on the management of natural areas owned by public agencies and private organizations. The EKU Center for Environmental Education, established in 2002, is involved in a variety of community and educational outreach programs through the University, public school districts, public schools of central and eastern Kentucky, and the Kentucky University Partnership in Environmental Education (a partnership of state universities).

Lilley Cornett Woods, the oldest and most studied protected tract of old-growth forest in eastern Kentucky, is a Registered Natural Landmark (U.S. Department of Interior). The Woods is used primarily for base-line ecological research and advanced undergraduate and graduate instruction by the University and other institutions of higher education. Public use is limited to guided tours in this unique forest.

Maywoods Environmental and Educational Laboratory is used by the University and elementary and secondary schools for environmental education. This 1700-acre forested natural area is an official State Wildlife Refuge used to attract and protect native wildlife through approved wildlife management programs. On-site facilities provided for use of Maywoods as an off-campus conference and workshop location for the University.

The Division also provides on-campus coordination of University affiliation with the marine science program at the Gulf Coast Research Laboratory (Mississippi).

Natural areas under the supervision of the Division are available for use by the general public for passive recreation activities such as hiking and wildlife photography. For further information about the use and availability of these natural areas, please call (859) 622-1476 or visit the website, www.naturalareas.eku.edu.

**Honors Program**

Dr. David W. Coleman, Interim Director  
Case Annex 168  
(859) 622-1403

The Honors Program seeks to provide intellectually stimulating, interdisciplinary courses for students with excellent academic backgrounds and/or exceptional potential for superior performance in college. These courses are taught in small classes that replace the university’s general education and university requirements. The Honors Program also supports the efforts of EKU Honors students to understand and, in the context of their honors theses, undertake ethical, innovative, sophisticated, independent research. Regardless of the student’s major, the courses taken in the Honors Program will apply to the student’s general education and university requirements; participation in the EKU Honors Program will not delay a student’s progress to degree. Any honors student who successfully completes the minimum required hours of honors coursework and graduates with a cumulative grade point average of at least 3.0 will qualify as an “Honors Scholar.” The University will recognize this achievement at commencement, on the academic transcript and on the student’s diploma, where the phrase “Honors Scholar” will appear.

For information about eligibility and admissions to EKU Honors, consult our website or contact us at (859) 622-2924.

Students entering the EKU Honors Program in their first semester of college will be required to complete 25 hours of honors coursework including HON 100, HON 102/103, and HON 420. Students entering the EKU Honors Program as a currently enrolled or transfer student (with typically no more than 45 hours completed at the time of program enrollment) will be required to complete 18 hours of honors coursework including HON 420. It is the policy of EKU Honors to automatically accept all students transferring from an acknowledged honors program or college; honors transfer students must include in their application to the program a letter from their current honors director or dean indicating that they are in good standing in that program upon applying to EKU Honors.
Flexibility in EKU Honors

Upon admission to the program, students entering the EKU Honors Program will elect to fulfill their general education and university requirements in one of two ways. They may either 1) complete the 34-hour Honors Core in its entirety which will fulfill all university and general education requirements (except for the University Wellness Requirement) OR 2) apply their Advanced Placement, dual enrollment, and other pre-college/college credit to their general education and university requirements, using their honors coursework to complete the remainder of these requirements. ALL honors students must complete either 18 or 25 hours of honors coursework, as detailed above, regardless of the option utilized to fulfill their general education and university requirements. Students entering the EKU Honors Program will receive individualized plans from an EKU Honors advisor as to how they will fulfill their general education, university, and EKU Honors requirements.

**Libraries**

Ms. Betina Gardner, Dean
Library 202A
(859) 622-1778
library.eku.edu

EKU Libraries includes the John Grant Crabbe Library and several branch libraries.

The main library complex, located in the heart of the Richmond campus, features a Java City Library Cafe, an Instructional Development Center, the University Archives, a large computer lab and many other exciting resources and services. EKU Libraries houses a 760,000 volume print collection, subscribes to hundreds of online databases and provides access to over 20,000 online academic journals and a growing collection of online books. The main library complex also houses EKU’s Law Library.

Branch Libraries Locations

1. Elizabeth K. Baker Music Library – Foster Basement
2. Wolford K. White Justice and Safety Library – Stratton Building
3. Business Library and Academic Commons – Business and Technology Center
4. Law Library – Crabbe Library, 3rd floor

Library services include individual or group library instruction sessions; reference services via phone, email and online chat; laptop checkout; interlibrary loan; courier services for extended campus students; and much more. Additionally, spaces are available (by reservation or drop in) for meetings and study groups. For more information, call 622-1790 or visit us on the Web at www.library.eku.edu/, where you can search our catalog, get research help and discover the many resources available at EKU Libraries.

**McNair Scholars Program**

Mr. Rich Richmond, Director
Jones 409
(859) 622-6249

The McNair Scholars Program at Eastern Kentucky University is a federal initiative funded through the U.S. Department of Education. The McNair Scholars Program encourages and assists undergraduate students from disadvantaged backgrounds who aim to enter careers that require doctoral achievement. Professional staff members provide supportive supplemental advising, offer holistic academic counseling, and facilitate structured training opportunities that enhance participants’ readiness for graduate school applications and preparation for graduate school achievement.

**Services provided by the program include:**

- PhD faculty mentoring
- Supportive supplemental advising
- Holistic academic counseling
- Seminars and scholarly activities that prepare participants for graduate level achievement
- Paid summer research internships
- Conference and presentation opportunities
• Graduate school application preparation and support
• EKU Scholarships

Additional information about the McNair Scholars program can be found on the website at www.mcnair.eku.edu.

REGISTRAR
Ms. M. Tina Davis, University Registrar
Whitlock Building 239
(859) 622-2320

The Office of the Registrar serves and supports students and faculty, as well as the larger campus community. The primary responsibilities of the Registrar include: upholding the University Catalog with fairness and consistency, serving as the custodian of student academic records, being a primary academic and student support unit, and functioning as a compliance specialist for federal and state regulations. The Registrar’s Office assists students, prepares the schedule of classes, manages the enrollment of all students, and is charged with the maintenance, security and integrity of student and University academic records, including student transcripts.

The Registrar’s Office also administers the minimum scholastic standards of the University, posts transfer credit, oversees degree audit services, monitors and safeguards academic data integrity, determines NCAA student-athlete academic eligibility, coordinates commencement exercises, degree confirmation and the production and delivery of diplomas, and oversees the scheduling of academic space.

For additional information and a more detailed listing of services, please review the Registrar’s Office website at www.registrar.eku.edu. For registration assistance email: registration@eku.edu.

UNIVERSITY DIVERSITY OFFICE AND THE OFFICE OF THE ASSOCIATE PROVOST FOR DIVERSITY PLANNING

Dr. Sandra Moore, Associate Provost for Diversity Planning
Jones 407
(859) 622-6587

The Office for University Diversity and the Office of the Associate Provost for Diversity Planning is responsible for the development, implementation, and evaluation of the Eastern Kentucky University Comprehensive Diversity Plan (EKUCDP). The EKUCDP was ratified by the EKU Board of Regents and is in compliance with the Statewide Diversity Policy. The University Diversity Office collaborates with EKU units in the development of their diversity plans and directs the University Diversity Faculty Recruitment and Retention Incentive Plan/Funds. The Associate Provost for Diversity Planning is EKU’s liaison to the Council on Postsecondary Education and the Committee for Equal Opportunity in support of the Commonwealth’s diversity, desegregation and equal opportunities plans for postsecondary education. The Associate Provost for Diversity Planning also chairs the EKU Diversity Planning Council and has oversight and reporting responsibility for the University Diversity Committee.

MULTI-DISCIPLINARY EDUCATION

AFRICAN/AFRICAN-AMERICAN STUDIES
Dr. Salome C. Nnoromele, Director
Miller 109/110
(859) 622-1299

African/African-American Studies is an interdisciplinary program that explores the histories, societies, and cultures of Africans and people of African descent throughout the Diaspora. Courses are offered from a broad range of disciplines, including the arts and humanities, social sciences, law enforcement, education, and health sciences. The program awards an undergraduate minor and a certificate in African/African-American Studies.

The Center for Appalachian Regional Engagement and Stewardship (CARES) is to promote quality of life throughout EKU’s 22-county service region and beyond by building and sustaining ongoing relationships that link university and community resources. The Center’s efforts focus on the five areas identified by the Kentucky Council on Postsecondary Education:

- economic and workforce development;
- education;
- environment;
- collaborative government; and
- health, wellness, and safety.

Through an ongoing dialogue with community members throughout the service region the Center seeks, to pinpoint community needs in these five areas and identify and coordinate the use of community, regional, and university resources to serve those needs. In addition, the Center publishes a peer-reviewed academic journal and offers academic minors, internships, and service-learning opportunities to provide further educational opportunities for faculty and students in teaching and learning, research, and service. By doing so, the Center represents EKU’s continued commitment to its service region and to Appalachia.

**Minor In Appalachian Studies**
appalachianstudies.eku.edu
Dr. Alice Jones, Coordinator
Case Annex 109
(859) 622-1424

The minor in Appalachian Studies is a multidisciplinary program that brings together courses taught by a diverse group of teachers/scholars from the social sciences and humanities, art, biology, environmental studies, social work, and health sciences. Students must select a group of courses tailored to their personal and academic goals in consultation with the Coordinator of the Appalachian Studies minor. The minor in Appalachian Studies requires a minimum of 18 credit hours of approved courses as follows:

- Fifteen (15) hours of electives from at least three different programs.
- Seminar in Appalachian Studies (3 credit hours).

Students may also select content relevant special topics or independent studies courses with the approval of the Coordinator of the Appalachian Studies minor.

The following courses have been approved by the Appalachian Studies Advisory Board:

- APP 200 Introduction to Appalachia
- APP 340 Environmental Economics
- APP 350 Special Topics: Appalachia
- APP 355 Rural Crime & Justice
- APP 363 Images of Appalachia in Film & Song

**Minor in Environmental Sustainability and Stewardship**
www.green.eku.edu/ENV
Dr. Alice Jones, Coordinator
Case Annex 109
(859) 622-1424

Environmental Stewardship is an ethic that embodies responsible care and respect for the natural environment through conservation, preservation, restoration, and responsible individual and collective behavior. Environmental Sustainability implies a cross-generational commitment to this responsibility, and to its economic, and political, and social dimensions. Considerations include—but are not limited to—ecological system function, climate change, energy use, natural resource and ecosystems/land use, and human health and well-being.

The minor in Environmental Sustainability and Stewardship (ENV) emphasizes:

- Scientific understanding of the natural laws that govern the functioning of the biosphere;
- Human connections to the physical and natural world;
- Environmental ethics, values and behavior and how they are expressed in individuals, communities, societies, and institutional structures
- Technological and economics to sustainability and stewardship; and
- Practical service and experience that links sustainability & stewardship theory to the real world, and to the student’s major and career plans

A student may minor in Environmental Sustainability and Stewardship by completing a minimum of 18 semester hours, with a minimum of 3 hours from each of the following categories:

**Human Connections to the Physical and Natural World**

**MILITARY AND VETERANS STUDIES**
Allen Back, Program Director  
(859) 622-2345

The Veterans Studies (VTS) Inter-Departmental Minor is a multi-disciplinary program that provides veterans and non-veteran students a foundation of understanding regarding military structure, culture, combat, and the psychological and physiological changes resulting from military service. The VTS Minor facilitates an environment of inquiry about the transformative nature of military service to include the return civilian life. The Minor provides students the knowledge necessary to improve services for veterans and their interaction and relations with veterans. Veterans may also find VTS helpful in better understanding their own service experience. VTS elective course offerings are divided into three dimensions-Cultural, Institutional, and Relational- spanning multiple disciplines.

**Minor in Veterans Studies**
Core Requirement.............................................3 hours
VTS 200 – Intro to Veterans Studies
  OR
  VTS 300 – Veterans in Society

NOTE: Students earning “A” or “B” in VTS 300 will be awarded credit for VTS 200, earning six hours of credit; thus completing General Education Element 6. Those earning “C” or “D” will earn three hours credit for VTS 300, completing only half of the Element 6 requirements.

Electives........................................................12 hours
Students must take VTS 200 (or VTS 300) before beginning elective studies. Students must take a minimum of one course from each dimensional elective listed below. Students may substitute VTS 349, 350, or 490 as the fourth dimensional elective.

VTS Dimensional Electives:

  Cultural (3-6): BEM 460, Advanced Film Genre: Veterans in Film (This special topic only); ENG 374; ENG 386W; or WGS 304.

  Institutional (3-6): HIS 412; MSL 303; PLS 375; POL 320; or POL 415.

  Relational (3-6): VTS 300, Veterans in Society, CDF 331; CDF 437; SOC 313; SWK 440; PSY 308; or PSY 410.

  OR substitute 3 hours of special topics courses as approved by the Director of Veterans Studies. Students interested in researching a specific veterans issue within the confines of a non-listed course may petition the Director for VTS credit.

Capstone Requirement......................................3 hours
VTS 400 – Veterans Studies Capstone Seminar. Students must have completed all VTS electives or may be simultaneously enrolled with final elective.

Total Curriculum Requirements................................18 hours

Inter-Departmental Certificate in Veterans Studies

The Veterans Studies (VTS) Inter-Departmental Certificate is a multi-disciplinary certificate that provides veterans and non-veteran students a foundation of understanding regarding military structure, culture, combat, and the psychological and physiological changes resulting from military service. The VTS Certificate facilitates an environment of inquiry about the transformative nature of military service to include the return civilian life. Veterans may also find VTS helpful in better understanding their own service experience. VTS elective course offerings are divided into three dimensions -Cultural, Institutional, and Relational- spanning multiple disciplines.

Core Requirements...........................................3 hours
VTS 200 – Intro to Veterans Studies
  OR
  VTS 300 – Veterans in Society

NOTE: Students earning “A” or “B” in VTS 300 will be awarded credit for VTS 200, earning six hours of credit; thus completing General Education Element 6. Those earning “C” or “D” will earn three hours credit for VTS 300, completing only half of the Element 6 requirements.

Electives.........................................................9 hours
Students must take VTS 200 (or VTS 300) before beginning elective studies which consists of one course from each dimensional elective listed below. Students may substitute VTS 349, 350, or 490 as one of the dimensional electives.

VTS Dimensional Electives:

  Cultural (3): BEM 460, Advanced Film Genre: Veterans in Film (This special topic only); ENG 374; ENG 386W; or WGS 304.

  Institutional (3): HIS 412; MSL 303; PLS 375; POL 320; or POL 415.

  Relational (3): VTS 300, Veterans in Society, CDF 331; CDF 437; SOC 313; SWK 440; PSY 308; or PSY 410.

  OR substitute 3 hours of special topics courses as approved by the Director of Veterans Studies. Students interested in researching a specific veterans issue within the confines of a non-listed course may petition the Director for VTS credit.

Concentration in Military Studies
Associate of General Studies (A.G.S.) Military Studies Concentration

The A.G.S. Military Studies concentration is a multi-disciplinary option within the Associates of General Studies program. Students may combine Military Science and Leadership (MSL) coursework and military service credits based upon the American Council on Education (ACE) recommendations presented on official transcripts from AARTS, SMART, CCAF, or CGI. Completion of the Military Studies concentration serves as a foundation for a bachelor’s degree and can be used to qualify a student for entry in the Military Science and Leadership Advanced Course upon approval by the Department of the Army.

Military Studies Concentration..............................12 hours
A total of 12 hours of a combination of: MSL courses, military services (ACE) credit, PHE 190, or PLS 375; at least 3 of the 12 hours must be earned in residence at EKU.

WOMEN AND GENDER STUDIES
Dr. Lisa Day, Director
Keith 121
(859) 622-2913

EKU Women and Gender Studies (WGS) is a multidisciplinary program offering both a minor and a certificate.
WGS acquaints students with the growing research on women and gender studies by addressing the intersections of gender, race, class, sexualities, and abilities and by promoting active learning and social engagement. By analyzing competing perspectives and integrating knowledge across traditional academic boundaries, students learn to identify and examine gender-based assumptions and biases and to recognize their consequences on individual, social, and cultural levels.

**Minor in Women and Gender Studies**

A student may complete an interdisciplinary Women and Gender Studies minor by taking 18 hours as indicated below.

**Core Requirements**

- 6 hours
  - WGS 201 and 400.

**Electives**

Twelve hours from the following courses:
- CMS 400
- MSC 490 (Topic: Seminar in Computer Science: Women and Technology)
- ENG 550 (Topic: Scribbling Women)
- HIS 300A-C (Topics relating to women and gender)
- HON 312 (Topic: Culture and Child Development)
- 316 (Topic: Biology and Gender)
- NAT 310 (Topic: Women and Science)
- PHI 390 (Topics: Platonist Perspectives; Existentialism and Postmodernism)

**Total Curriculum Requirements**

- 18 hours
  - WGS 201 and 400.

**Certificate in Women and Gender Studies**

A student may complete an Interdisciplinary Women and Gender Studies certificate by taking 12 hours as indicated below:

**Core Requirements**

- 6 hours
  - WGS 201 and 400.

**Electives**

Six hours from the following courses:
- CMS 400
- MSC 490 (Topic: Seminar in Computer Science: Women and Technology)
- ENG 550 (Topic: Scribbling Women)
- HIS 300A-C (Topics relating to women and gender)
- HON 312 (Topic: Culture and Child Development)
- 316 (Topic: Biology and Gender)
- NAT 310 (Topic: Women and Science)
- PHI 390 (Topics: Platonist Perspectives; Existentialism and Postmodernism)
- WGS 132, 232, 300, 301, 302, 303, 304, 305, 310, 331, 345, 349, 378, 399, 420, 445, 446, 451, 495, 591, 592.

**Total Curriculum Requirements**

- 12 hours

NOTE: The topics listed for ENG 550, HIS 300A-C, HON 312, HON 316, NAT 310, and PHI 390 are examples of specific classes approved for the Women and Gender Studies minor and certificate. Other topics may be approved for the minor as they are offered. Average GPA of courses applied to the minor must be 2.25 or better.

### THE NOEL STUDIO FOR ACADEMIC CREATIVITY

**Dr. Russell Carpenter, Director**

Crabbe Library

(859) 622-7330

The Noel Studio for Academic Creativity serves the EKU community as a collaborative, innovative learning experience designed to improve communication and research skills. With integrated programs in teaching and learning, undergraduate research, and applied creative thinking, the Noel Studio is dedicated to the development of effective communication skills and practices across disciplines. This program provides student support for writing, research, and oral communication and faculty development in a central, technologically sophisticated space located in the heart of the Crabbe library. In the Noel Studio, trained consultants offer individual and small-group consultations to students and members of the EKU community seeking to refine specific projects and assist students in enhancing their research and communication skills.

### TEACHING AND LEARNING CENTER

**Dr. Hal Blythe, Co-Director**

**Dr. Charlie Sweet, Co-Director**

Keen Johnson 2

(859) 622-6519

The Teaching & Learning Center (TLC) serves as the faculty development arm of the Noel Studio by delivering, coordinating, and promoting faculty development at EKU. Online and in person, the TLC provides support for EKU’s talented and dedicated professors. Helping EKU’s excellent faculty become even better instructors is a central TLC goal. Ultimately, EKU students benefit from the TLC’s work, as they experience the enriched learning environments created by EKU’s exemplary—and always developing—teaching faculty.

### OFFICE OF UNDERGRADUATE RESEARCH

**Dr. Darrin Smith, Coordinator**

Memorial Science 161B

(859) 622-8380

The Office for Undergraduate Research (OUR) is the research arm of the Noel Studio. The OUR coordinates and promotes undergraduate research at EKU, managing such events as Posters-at-the-Capitol and the Undergraduate Presentation Showcase. In addition, the OUR assists faculty in mentoring student research projects, encouraging collaborations, publicizing the ongoing undergraduate research activities of the academic departments, developing grant proposals, and representing EKU at regional and national undergraduate research conferences.

### Minor in Applied Creative Thinking

**Dr. Russell Carpenter, Director**

Crabbe Library

859-622-7330

The Minor in Applied Creative Thinking is offered for students in all disciplines. The minor consists of 18 hours of courses.

**Requirements**

- 18 hours

  - CRE 101 and CRE 400 (CRE 400 must be taken after the completion of the other five courses)
  - 12 hours from a list of potential courses listed on the Noel Studio website at: http://studio.eku.edu/proposedminor-applied-creative-thinking
  - Or from the following potential courses:
    - ART 100, ART 152, ART 153, ART 164, ART 376, BEM
Students pursuing the minor in Applied Creative Thinking must earn a “C” or above in all courses counting toward the minor.

Center for Pre-Professional Advising

Ms. Sharon Lee
New Science Building Room 2108
(859) 622-7894

EKU has a number of programs that will help prepare students for professional schools following graduation. These schools generally do not require a specific major, provided that their prerequisite courses are taken. All professional schools are highly competitive in their admission process. Thus, students should aim for strong GPA and professional school admission test scores. Students are encouraged to seek a major that they find interesting and challenging, that they have a strong aptitude for, and that provides additional career options. Students should meet with the Center for Pre-Professional Advising as early as possible after enrolling at EKU. The Pre-Professional Academic Advisor will assist the pre-professional student with selecting a major, and provide information and advice regarding professional school admissions and requirements.

Pre-Professional programs include the following areas:

- Pre-Dentistry
- Pre-Engineering
- Pre-Law
- Pre-Medical Science
- Pre-Optometry
- Pre-Pathology Assistant
- Pre-Pharmacy
- Pre-Physical Therapy
- Pre-Physician Assistant
- Pre-Veterinary

Three-Two Curricula: In addition to standard pre-professional curricula, Eastern Kentucky University may approve specially arranged combined curricula. Students approved for these curricula complete the first three years of requirements at EKU. At the end of these three years, they enroll in one of several highly rated professional schools. After the first year of professional study, they transfer the work back in order to secure a Bachelor of Arts or a Bachelor of Science degree from Eastern Kentucky University. This plan may shorten, by one year, the time needed to obtain both a baccalaureate and a professional degree.

The Center for Career and Cooperative Education

Ms. Gladys Johnson, Director
Whitlock Building 463
(859) 622-1296

The Center for Career and Cooperative Education assists students in achieving their career-related goals. Services include career exploration, job-search planning, and the development of job search tools/resources for part-time jobs, cooperative education experiences, internships, and full-time professional positions.

Cooperative Education (Co-op) and Applied Learning provide the student with an opportunity to blend theory with practice resulting in a balanced education. Learning within the classroom is combined with practical on the job training in business, industry, and/or government. Acceptance of a co-op/applied learning position for academic credit is contingent upon a suitable learning agreement between the employer and the university.

Eligibility:
- Faculty Coordinator approval
- Completion of a minimum of 30 credit hours prior to enrolling; transfer students required to complete at least one semester at EKU
- Minimum of 2.0 grade point average (GPA); some departments require a higher GPA
- Salary (for co-op jobs) must be within State and Federal wage guidelines

Academic Credit:
- Determined by the academic college or department
- May earn .5 to 8 hours credit per semester
- Minimum of 80 hours of employment for each semester hour of academic credit, including .50 half credit (students must work to the end of the semester). Co-op is 16 weeks for spring and fall semesters, and 12 weeks for summer term. Internships have more flexibility, but must be pre-approved.
- Maximum of eight semester hours toward meeting requirements for the associate degree, and sixteen hours toward the bachelor’s degree.
- Credit awarded for co-op/applied learning/internships only when the student is enrolled in the University and in compliance with the Center for Career and Cooperative Education

Work Requirements:
- A supervisor assigned by the employer to provide direction and coordination on the job; also responsible for submitting periodic and final evaluation reports on the student
- Grades assigned by the Faculty Coordinator in accordance with criteria established by the Center for Career and Cooperative Education and the student’s academic college/department.

Program Options:
- Parallel plan: students work part-time for multiple semesters (three or more semesters) while maintaining a full-time course load.
- Alternating plan: students employed full-time, alternating classroom training with work-based training for a period of two or more semesters, following the employer’s schedule. Students may also work full-time during the summer semester (twelve weeks), but must also work in their co-op position during the fall and/or spring semesters
- Special plans: developed to meet the needs of the student and employer
- Students typically will return to the same location for each assignment with increasing responsibilities; however, may be allowed to work for several employers in varying situations as long as the work is related to the student’s career goals and those of the program
SECTION SIX - ACADEMIC DIVISIONS
•

Students participating in the Applied Learning Program
must meet the eligibility requirements of the Co-op Program,
but may choose to work only one semester in either a paid or
non-paid assignment or in any assignment that does not meet
the Cooperative Education multiple term or length
requirements.

Career Exploration
For students who have a tentative career direction or major in
mind, the Center can provide information about opportunities that
are available with their major, career paths, supply and demand,
destinations of past graduates, salaries, and potential employers.
Career assessment tools and career counseling appointments are
available to help students expand their self-awareness of “best
fit” career options according to students’ personality, strengths,
interests and values.
Part-Time Job Program
The Part-Time Job Program gives students opportunities
to obtain part-time, temporary, and summer employment with
local and regional businesses. Students who participate in the
program gain experience in the workforce while networking in
the community. The Part-time Job Program is open to all currently
enrolled EKU students.
Job Search Preparation
The Center staff offers individual appointments, workshops,
online tools and other resources to help students with career and
job-search preparation. They can help with resumes and cover
letters, tips on job search strategies, professional dress, dining
etiquette, interviewing skills, networking, social media, and
applications to graduate and professional schools.
Connecting with Employers
The Center assists students in identifying and connecting
with potential employers through job/career fairs, on-campus
interviews, individual appointments, online tools, and other
resources. The Center database is an easy to use and innovative
system that gives students and alumni access to jobs postings and
employers targeting EKU students.

MOCK TRIAL
Mr. Thomas Parker, Coach
Keen Johnson 201
(859) 622-7698
EKU’s nationally-ranked mock trial program affords students
the chance to learn about legal process in a simulation format.
Students play the roles of witnesses and attorneys, competing
against teams from other schools in tournaments held across the
nation. Mock trial develops critical thinking and communication
skills, teaches students to work as members of a team, and requires
students to respond creatively to unexpected challenges during
rounds of competition. Students receive two hours of academic
credit (POL 466A and B) per term. Auditions for positions on the
team are held each Fall.

INTERNATIONAL EDUCATION
Mr. William Holmes, Director
Whitlock Building 455
(859) 622-1478
In 2012 EKU created a Center for International Education
(CIE) to house the various aspects of International Education:
study abroad; international student services; and ESL. The
new CIE provides immigration and orientation assistance to
international students and visitors and attempts to foster a
greater commitment and involvement in international education
throughout the institution.
Eastern Kentucky University has approximately 340
international students studying at both the undergraduate and
graduate levels. These students represent approximately 50 nations.
The International Services Coordinator serves as Designated
School Official (DSO) to advise all international students on
maintaining legal immigration status while in the USA. The
Director of International Education facilitates international
ventures and exchanges across the curriculum, assists with
arrangements for visiting faculty, scholars, researchers, and
develops new study abroad programs around the world for
domestic students.

Minor in International Studies
The globalization of the economy, increased cross-cultural
relations, instantaneous reporting from world-wide media outlets,
cross-border ecological crises, and political transformations
are all making international studies more important in this
rapidly changing world. As such, the international studies minor
encourages students to begin thinking and acting within a global
perspective, in order to meet these current challenges. Courses in
the minor deal with topics as diverse as the relations of the United
States with other countries, critical language studies, international
economics, cultures and religions of Latin America or Asia.
The minor consists of 21 credit hours across a number
of disciplines, providing a broad-based, general exposure to
international issues through a solid set of three core courses. A
commitment to foreign language and/or international experience is
an integral part of the minor. A wide range of electives rounds off
the minor.
Core Courses........................................................................9 hours
GEO 100, HIS 347, POL 220.
Study Abroad or Foreign Language..................................6 hours
Six credit hours from either a Study Abroad course (through
Eastern Kentucky University or another accredited university,
with credit transferred back to EKU), or six credit hours of
foreign language at or above the 200 level. Students may split
this requirement by taking 3 credit hours of Study Abroad and
3 credit hours of a foreign language at or above the 200 level.
Electives................................................................................6 hours
Six credit hours from among the following courses (Note:
Many of these courses, including all College of Business
upper division courses have prerequisites): ANT 250, CMS
375, COM 300, COM 345 or ENG 345, ECO 394, 395, EME
530, FCC 220, 222, 226, 227, FIN 330, GBU 201, GEO
202, 205, 302, 322, 347, HIS 320, 350, 365, 375, 378, 384,
474, 475, HUM 300, 350, 360, MGT 430, MKT 400, PHI

**STUDY ABROAD AND EXCHANGES**

Jennifer White, Study Abroad Coordinator
Whitlock Building 455
(859) 622-1478

Studying abroad is the right choice for you. Eastern Kentucky University encourages all students to take advantage of study abroad opportunities and join the top 1% of American students who do. The Center for International Education has, or will find, options of a short-term winter, summer, semester or year abroad that will fit any major/minor, country of interest and budget. The Center for International Education manages institutional scholarship funds that can help to bring study abroad within financial reach.

**Study Abroad:**

Short term summer, spring break and winter break program options are available through the Cooperative Center for Study Abroad (CCSA), the Kentucky Institute for International Studies (KiOS), The Knowledge Exchange Institute (KEI), Arcadia University (AU), Globalinks Learning Abroad (GLA) the School For International Training (SIT), as well as any number of EKU faculty-led programs that are created yearly. We can help find a summer, semester, or year-long program for any student in any major.

- **KEI** www.keaibroad.org works to develop affordable, all-inclusive programs that integrate courses, internships and cultural interaction. KEI’s goal is to provide education abroad programs that allow students to complete major-specific and general education requirements, gain practical experience and enhance their understanding of the world through cultural and social immersion. KEI offers programs that focus on business, economics, international relations, foreign languages, regional studies, psychology, sociology, anthropology, archeology, communications, journalism, media, visual arts, performing arts, graphic design and fashion design as well as science, math, engineering, medicine, health and computer science. KEI continues to expand its offerings to include other academic majors and professions.

- **CCSA** (www.ccsa.cc) is a consortium of colleges and universities throughout the USA that offers programs in the English-speaking world. The programs are directed and taught by member institution faculty. CCSA offers two-week programs during the winter break and two- and four-week programs in the summer, mid-May through August. Programs are offered in Australia, Belize, England, Ghana, India, Ireland, Jamaica, Scotland and South Africa. CCSA also offers eight-week internships and a full semester program at the University of East Anglia in Norwich, England.

- **KIIS** (www.kiis.org) is a consortium of Kentucky, Indiana, and Ohio colleges and universities that offers courses in non-English speaking countries. KIIS offers five-week summer programs in Austria, Brazil, Cameroon, China, Costa Rica, Denmark, Ecuador, France, Germany, Greece, Italy, Japan, Mexico, Puerto Rico, Spain and Turkey. Additionally, KIIS offers semester-long programs in France, Germany, Spain and Mexico.

- **SIT** (http://www.sit.edu/studyabroad) SIT prepares students to be interculturally effective leaders, professionals, and citizens. In so doing, SIT fosters a worldwide network of individuals and organizations committed to responsible global citizenship. SIT fulfills this mission with field-based academic study abroad programs for undergraduates and accredited master’s degrees and certificate programs for graduates and professionals.

**Institutional Exchanges:**

Exchanges allow for the most immersive experience abroad possible. EKU has a number of direct, institution-to-institution exchanges in a variety of countries. We are also a member of The Magellan Exchange organization (www.magellanexchange.org) through which EKU students can study at any one of 16 partner institutions around the world. Students on these exchanges have the opportunity to use their financial aid to pay regular tuition and fees at EKU but go abroad to a partner institution where they will take classes alongside local students. Language instruction is predominately in English but opportunities to begin, or to perfect, foreign language abilities is possible through taking classes offered in the local language. Students from the partner institutions in turn come to EKU for a semester or year. Partner institutions are located in Germany, South Korea, France, Belgium, Denmark, Costa Rica, the Netherlands, Finland, Mexico, Spain and Austria. For more information on Magellan exchange options as well as our direct exchange agreements, please contact the Study Abroad Coordinator or Director of International Education for an appointment.

**For More Information:**

Feel free to stop into the new EKU Center for International Education in the Whitlock Building Room 455 any time to pick up brochures on all the programs offered. Students interested in study abroad, whether summer, semester or exchange, are encouraged to make an appointment with the Study Abroad Coordinator at 622-1478 or studyabroad@eku.edu as soon as possible to discuss all options, application procedures, course approval, and costs.

**ENGLISH AS A SECOND LANGUAGE (ESL)**

EKU’s English as a Second Language Program is currently being restructured and will not be in operation for the 2013-2014 school year. As information becomes available regarding the next start date, tuition, fees and application procedures, it will be posted on the Center for International Education’s website.

The Associate Dean of University Programs facilitates the EKU’s Office of Regional Stewardship seeks to support and advance community engagement on an institution-wide basis while addressing community-articulated needs throughout EKU’s 22-county service region. The goal of the Office of Regional Stewardship is to identify community and regional needs in five areas:

• Economic, including workforce, development
• Education
• Environment
• Collaborative government
• Health, wellness, and safety

In addition to identifying service region needs, the Office of Regional Stewardship coordinates the identification and utilization of community, regional, and university resources to serve those needs. By “connecting the dots” the Office Regional Stewardship assists in relationship building and reciprocal engagement between the institution and the region and communities that EKU serves and, in doing so, facilitates service, applied learning and applied scholarship opportunities for EKU faculty and staff while also enhancing student learning.

GENERAL EDUCATION
Dr. Garett Yoder, Coordinator
NSB 3166
(859) 622-1527

The mission of the General Education program is to promote learning that is central to the intellectual pursuits associated with our educational programs and to enable students to make informed choices about matters of public and personal significance in a diverse, democratic society and global community.

The general education program helps students to become informed, independent thinkers by developing competencies in communication, quantitative analysis, and critical thinking by helping them understand and appreciate the diversity of culture, individuals, the natural environment, and the global society. See Section Four of this Catalog for detailed information on courses.

FIRST YEAR COURSES
Ms. Erin Barnett, Associate Director
Miller 206
(859) 622-7322

A Student Success Seminar is required of all first-time entering students and new transfer students with less than 30 credit hours earned during the first semester of enrollment. The purpose of this first-year course is to form a solid foundation for a student’s academic experience. These courses provide a firm foundation in the structure and functions of the university, how to succeed in college, how to choose and/or succeed in a major, how to make the most of the academic curriculum, and how to think critically and solve problems. This requirement can be fulfilled by enrolling in a 1 to 3 credit Student Success Seminar.

BACCALAUREATE DEGREES IN GENERAL AND INDIVIDUALIZED STUDIES

The General Studies degree program is designed for students intending to complete a baccalaureate degree whose educational objectives are not aligned with a more traditional degree program. The Bachelor of General Studies degree is intended to establish the foundation for a lifetime of continual learning and offers flexibly scheduled, highly individualized curricula. Through individualized advising, the program helps students define their educational goals and design interdisciplinary curricula drawing on a variety of course offerings. The program is also intended to allow a student who has completed most of the requirements of a major but has not yet completed the major of an approved program to complete a baccalaureate degree in a timely manner. Transfer credits from technical programs will be applied to this degree; however they may not apply to other degree programs at the University. In addition to the baccalaureate degree requirements on page 46 of this Catalog, the following are required for students seeking a General Studies degree:

1. Students must have 18 hours within an individual college outside of and in addition to General Education requirements to receive their General Studies degree.
2. Any courses ordinarily accepted for credit by Eastern Kentucky University may be chosen as hours to apply to the 120 hours required for graduation.
3. Students seeking a General Studies degree must have 60 credits from a regionally accredited institution which may include completion of an AA, AS, or AAS degree.
4. Students pursuing a General Studies degree are not permitted to declare a double major, minor, or concentration.
5. Students pursuing a General Studies degree may simultaneously pursue a departmental or University-level certificate.
6. Students will be considered a member of the College in which they have their 18 hour major requirement.
7. The B.A. General Studies degree is intended to be a first
baccalaureate degree and is not appropriate for a concurrent or secondary baccalaureatedegree.

8. The Professional Track for the B.A. in General Studies degree program provides a baccalaureate degree opportunity for students in General Studies seeking professional skills to improve their prospects for employment and advancement. The Professional Track incorporates upper-level courses from a variety of disciplines, allowing students considerable flexibility to focus on particular areas of interest within the concentration.

**MAJOR REQUIREMENTS**

An application, with a plan of study conforming to the program requirements listed below, must be approved by the program coordinator before the student may declare this major.

Core Courses ................................................................... 36 hours

A cohesive plan of study with a minimum of 36 hours in an area of emphasis will constitute the core of the student’s major; 18 of the 36 hours shall be at the upper division level. A maximum of 18 hours from a single academic discipline can be applied to the area of emphasis.

**Senior Project:**

A senior project is mandatory. The student must enroll in at least 21 hours of coursework (including the senior project),
following the approval of their BIS plan of study.

Free Electives .................................................................42-44 hours

TOTAL HOURS TO COMPLETE DEGREE .......... 120 hours

The Associate of General Studies degree provides students, especially adult learners, the opportunity to pursue a flexible degree program to meet their unique interests, career goals, and academic needs. Reflecting EKU’s commitment to a liberal arts education, the degree allows students to concentrate in an area of interest while selecting from a wide variety of courses to meet personal, educational, or career goals. This degree is designed for students for whom this will be their first college degree and who wish to advance in their careers, change careers, pursue a lifelong interest beyond their careers, or use the degree as a pathway to a baccalaureate degree. Students who are admitted as “Special Admittance/Conditional Admittance” (see page 10 of the Catalog), will be initially admitted into the Associate of General Studies degree program.

OPPORTUNITIES
The Associate of General Studies degree has become more attractive with the growth of business and industry in the area and with the increase of minimum educational requirements for employment or promotion. In addition to those students wishing to enhance their employability, other students will find the program offers numerous opportunities to seek a degree for their own personal satisfaction. The degree allows students to gain confidence in their abilities by earning a degree at the associate level prior to enrolling in a baccalaureate program. The associate degree provides opportunities for students who wish to consolidate previously earned credits to complete their first degree. Serving students from a varied background of college readiness, this degree provides students a defined path to success in earning one or more degrees. Upon successful completion of EKU’s Associate of General Studies degree, the student will have met all General Education requirements, which will apply toward a four-year program at EKU or any other regional Kentucky institution.

UNIVERSITY GRADUATION REQUIREMENTS

Keith 129  
(859) 622-2244

The Educational Talent Search Program, a TRIO project funded by the U.S. Department of Education, has been at Eastern Kentucky University since 1985. The goal of the program is to assist participants with postsecondary potential from designated Central Kentucky counties to continue in, and graduate from, secondary schools and to then enroll in postsecondary educational programs. Educational Talent Search assists students who want to attend postsecondary institutions by offering services related to the following areas: academic information, career materials, cultural diversity activities, financial aid program resources, and personal development activities. Educational Talent Search also offers assistance to participants in identifying additional support services. The Educational Talent Search Program offers assistance for high school completion through referrals to GED programs and local high schools. Services are also available for those who are enrolling in postsecondary institutions for the first time or for those who are returning. For more detailed information, contact the Educational Talent Search Program at (859) 622-5425 or check out the Educational Talent Search Program’s website at www.ets.eku.edu.

**Upward Bound Program**

Ms. Tamara Stewart, Director  
Patterson House  
(859) 622-1080

The Upward Bound Program, a TRIO project funded by the U.S. Department of Education, has been at Eastern Kentucky University since 1965. Its purpose is to motivate and prepare for college traditionally underrepresented students from low-income families and those in which neither parent holds a bachelor’s degree. UB offers a rigorous academic program, mentoring, academic support, individual and group tutoring, and workshops in a variety of educational, motivational, and college preparatory topics. Students are chosen from ten high schools in the nine counties of Casey, Estill, Garrard, Jackson, Lee, Lincoln, Madison, Powell, and Wolfe. They spend their sophomore, junior, and senior years in the program, attending Saturday Academies and in-school workshops throughout the academic year to provide academic assistance as well as financial aid and college admission information. During the summer, a six week residential program includes academic classes, cultural and educational trips, plus social and recreational activities. Tutor Advisors and instructors assist students with their studies and other program activities. Interested students from the above counties should contact their high school guidance counselor or visit the website at www.upwardbound.eku.edu
The College of Arts and Sciences offers baccalaureate and masters programs in a wide range of disciplines encompassing the arts, the humanities, the social and behavioral sciences, and the natural and mathematical sciences. The college also offers associate degrees in paralegal studies and science for engineering; preprofessional programs in engineering, optometry, pharmacy, and medical sciences; and certificate programs in French, German, Japanese, and Spanish. The College of Arts and Sciences also is principally responsible for the University’s general education program through which all University students are provided the opportunity to develop the skills, the knowledge, and the discernment essential to the full development of each person as an individual and as a member of society.

Through its many disciplines the College of Arts and Sciences strives to provide all students an excellent education with the most complete and current resources; to provide service to the University and to the community through its academic programs, through such facilities as the Psychology Clinic, and through the professional development and cultural opportunities sponsored by the College; and to encourage and support research and scholarship in all the disciplines included in the College.

**DEGREES OFFERED**

The College of Arts and Sciences offers the following baccalaureate degrees: Bachelor of Arts, Bachelor of Science, Bachelor of Fine Arts, Bachelor of Music, Bachelor of Social Work, Bachelor of Individualized Studies, and Bachelor of General Studies. The Associate of Arts is offered in Paralegal Studies and the Associate of Science in Science for Engineering.

**COLLEGE DEGREE REQUIREMENTS**

General University degree requirements as set forth in Section Four of this Catalog as well as specific course requirements set forth in the descriptive curricula must be met by students completing programs administered by the College of Arts and Sciences. All students graduating with majors in the College of Arts and Sciences must have a 2.0 GPA in the major exclusive of any supporting courses. Students pursuing a minor in the College must have a minimum 2.0 GPA in the minor. At least twenty-five percent of the courses in the major must be taken at Eastern Kentucky University. In addition, individual programs may have specific requirements that exceed College requirements. Students should consult with an advisor or department chair to learn the particular requirements of a program.

**AFFILIATED ACTIVITIES AND RESOURCES**

**GULF COAST RESEARCH LABORATORY**

Eastern Kentucky University is affiliated with the Gulf Coast Research Laboratory, Ocean Springs, Mississippi. This affiliation provides undergraduate and graduate students with the opportunity to take courses and conduct research in marine sciences at an established, well equipped laboratory located on the Gulf of Mexico. Students electing to study at Gulf Coast Research Laboratory do not pay out-of-state tuition.

Courses are taught at Gulf Coast Research Laboratory, only during the summer. The Laboratory furnishes the staff for course work and research. Applications for the program and additional information are available in the departments of Biological Sciences, Chemistry, and Earth Sciences and in the Division of Natural Areas.

**TECHNOLOGY INFORMATION CENTER**

The College of Arts & Sciences Technology Information Center (TIC) is a Computer Center that offers a wide variety of services to faculty, staff and students. Located in Memorial Science 270, the Center houses a variety of technological equipment including 21 PCs all of which are connected to the Internet by a 1 GIG connection to quality laser printers, flatbed and slide/film scanners, black and white and color laser printing (including color poster printing), wide format printing and a film recorder (places digital images on film). Software packages available in the Center include Microsoft Office, Adobe Photoshop, Dreamweaver MX (for website development), SPSS and SAS as well as many “course specific” software programs.

We provide technical assistance to faculty and staff in the areas of computer-related problems, workshops for a wide variety of software packages, web development assistance and training in SmartBoard Technology. The Center can be reserved by faculty, staff, and graduate assistants for computer-based classes and workshops. The Center is also equipped with a SmartBoard, making it an excellent room for teaching.
PRE-PROFESSIONAL PROGRAMS

EKU has a number of programs that will help prepare students for professional schools following graduation. These schools generally do not require a specific major, provided that their prerequisite courses are taken. All professional schools are highly competitive in their admissions process. Thus, students should aim for strong GPA and professional school admission test scores. Students are encouraged to seek a major that they feel comfortable with, that they have a strong aptitude for, that is interesting and challenging, and that provides additional career options. For additional information including contact information for advisors, students should visit the Pre-Professional Advising pages at http://www.cas.eku.edu.

PRE-LAW

A broadly-based liberal education will best prepare one to study law, and therefore no fixed pre-law curriculum is prescribed. Students interested in attending law school should explore the detailed and helpful information available at (http://www.americanbar.org/groups/legal_education/resources/pre_law.html. As the site indicates, successful law students have “analytic and problem-solving skills, critical reading abilities, writing skills, oral communication and listening abilities, general research skills, task organization and management skills, and the values of serving faithfully the interests of others while also promoting justice.”

Students interested in going to law school or exploring the possibility of doing so should make an appointment with the University Pre-law Advisor as early in their academic career as possible. The Pre-law Advisor is located in the Department of Government. The Pre-law Advisor can guide the student in selecting courses consistent with the American Bar Association recommendations, plus provide valuable information on law schools, the Law School Admission Test, and typical admission procedures.

Admission to an accredited law school is dependent upon a good undergraduate record with an earned baccalaureate degree and a competitive score on the Law School Admission Test. Further information on appropriate pre-law curricula and the law-school application process can be found at pre-law links on the EKU Department of Government homepage located at http://www.government.eku.edu.

PRE-PATHOLOGY ASSISTANT

Students with an interest in pursuing a career as a Pathology Assistant may achieve admission to a graduate school program by graduating in any science major, such as Chemistry (B.S. or B.A. Pre-Pathology Assistant Concentration), Biology (B.S.), Forensic Science (B.S.) or other science degree, provided certain pre-requisites are met. Because Pathology Assistant programs differ in their individual requirements students are encouraged to check the web pages and contact the schools of their choice to determine which courses to take after consulting with their pre-pathology assistant advisor. The application process may begin in the fall or spring of the senior year, depending on the program. Admission requirements may include minimum GRE scores, a high undergraduate GPA, extensive shadowing and pathology experience, leadership potential, a strong sense of empathy, and a community and university service record. Admission to professional schools is highly competitive and depends on a good balance among each of these areas.

PRE-PHARMACY

It is recommended for students interested in pharmacy to complete a four year degree with a B.A. (Pre-Pharmacy Option) in chemistry. The chemistry pages in this Catalog list the appropriate courses for this option. An advisor from the Chemistry Department familiar with the pharmacy admissions process will be assigned. Students interested in pharmacy may major in any subject provided certain pre-requisite courses are taken. While it is possible for students to be admitted to a pharmacy school after just two years of undergraduate training, the competitive nature of these programs suggest students should complete their major in preparation for pharmacy school.

Pharmacy schools differ in their individual requirements, so students should check the web pages of the pharmacy school of their choice, and then determine which courses to take after consulting their pre pharmacy advisor. The application process typically begins in the fall of the senior year. Pharmacy schools require the PCAT and they look for students with leadership potential, a strong sense of empathy, a community and university service record, and extensive experience shadowing pharmacists or working as a pharmacy technician. Admission to pharmacy schools depends on a good balance among each of these areas in addition to strong PCAT scores and a high GPA.

PRE-MEDICAL SCIENCE

Students with career interests in allopathic medicine, osteopathic medicine, or podiatry may achieve admission to professional schools by graduating in any major, provided certain prerequisites are met. Typically, students pursue either the Bachelor of Science degree in Biology (Pre-Medical Sciences Option) or the Bachelor of Art (Pre-Medical Option) or Bachelor of Science (Pre-Medical Option) degree in Chemistry. Students pursuing degrees in either department will complement their studies with appropriate courses in humanities, social sciences, and communications. Courses in mathematics and physics will also be required. All students interested in these areas are urged to visit the Department pages in this Catalog, or go on-line to find details of these major programs More information may be found at the EKU pre-professional web page at http://www.cas.eku.edu.

Students interested in medical school should consult the medical-school admission requirements for their schools of interest or those published in the MSAR (Medical School Admissions Requirements) book.

Students in Biology or Chemistry pre-med options are assigned to a pre-medical sciences advisor in their Department. These advisors work closely with each student to help plan programs of study and prepare for the process of gaining admission to the chosen professional school. EKU also has a Pre-Medical Advisory Committee. This committee assists students in their application process and prepares committee letters of evaluation for them. The application process typically lasts over a year, so it is important for students to contact the chair of the Pre-Medical Advisory Committee by the end of their junior year.

Each medical school requires an admission exam, either the MCAT for medical schools or the GRE or MACAT for podiatry schools. These professional schools also look for students with leadership potential, a strong sense of empathy, a community and university service record, and extensive experience.
shadowing professionals in these fields. Admission to professional schools is highly competitive and depends on a good balance among each of these areas, in addition to strong MCAT and a high GPA.

**Pre-Dentistry**

Students interested in dentistry are encouraged to major in either Chemistry (B.A. or B.S., Pre-Dental Option) or Biology (B.S., Pre-Medical Sciences option), although dental schools will accept students from any academic background, provided certain prerequisites are met. Students are encouraged to check individual dental schools for details of their requirements.

Students majoring in either Biology or Chemistry will be assigned an advisor in their department who is familiar with dental-school admissions procedures. Pre-Dentistry students should make use of the Pre-Medical Advisory Committee. This committee assists them in their application process and prepares letters of evaluation for them. The application process typically lasts over a year, so it is important for students to contact the chair of the Pre-Medical Advisory Committee by the end of their junior year. More information may be found at http://cas.eku.edu.

Dental schools require the DAT admission exam, and they look for students with leadership potential, a strong sense of empathy, a community and university service record, and extensive experience shadowing dentists. Admission to dental schools is highly competitive and depends on a good balance among each of these areas, in addition to strong DAT scores and a high GPA.

**Pre-Optometry**

Students interested in admission to optometry school may complete any degree program, but typically they major in either Chemistry (B.A., Pre-Optometry option) or Biology (B.S., Pre-Medical Sciences option). See the Department pages in this Catalog for details of these programs. Refer to specific optometry school admission requirements for listings of appropriate prerequisite courses. Students in Chemistry or Biology will be assigned an advisor knowledgeable about optometry admissions procedures who will assist them in their application process. This process typically begins in the fall of the senior year. Optometry schools require the OAT exam, and look for students with leadership potential, a strong sense of empathy, a community and university service record, and extensive experience shadowing optometrists.

Admission to optometry schools is highly competitive and depends on a good balance among each of these areas in addition to strong OAT scores and a high GPA.

There are no Kentucky optometry schools, but colleges of optometry at Indiana University at Bloomington, the University of Alabama at Birmingham, and Southern College of Optometry at Memphis, all have contracts with Kentucky for a limited number of spaces for Kentucky residents. Students accepted under this program are exempt from the out-of-state tuition charge at these schools. For residents of Kentucky to be accepted under the Kentucky quota, application must be made directly to one or both of the contract schools.

**Pre-Veterinary Medicine**

Students who have career interest in veterinary medicine may fulfill admission requirements of specific veterinary schools by pursuing either the Biology major (B.S., Pre-Veterinary Science option) or the Agriculture major (B.S.). See the Department pages in this Catalog for details of these programs. Refer to specific veterinary schools for listings of appropriate prerequisite courses. Students should complement their studies with appropriate courses in humanities, social sciences, communications, and agriculture. Courses in mathematics and physics will also be required.

Students in Biology will be assigned an advisor knowledgeable about veterinary-school admissions procedures who will assist them in their application process. Applications generally must be submitted by October 1st of the senior year. Veterinary schools typically require the GRE, and they look for students with leadership potential, a strong sense of empathy, a community and university service record, and extensive experience shadowing veterinarians. Admission to these schools is highly competitive, more so than admission to medical schools, and depends on a good balance among each of these areas in addition to strong GRE scores and a high GPA. For more information, please refer to http://www.cas.eku.edu.

No Kentucky institution has a program in veterinary medicine; however, the Commonwealth has contracts to allocate a limited number of places in Auburn University’s College of Veterinary Medicine and Tuskegee University’s School of Veterinary Medicine to Kentucky residents. Students accepted under this program are exempt from the out-of-state tuition charge at these schools. For residents of Kentucky to be accepted under the Kentucky quota, application must be made directly to one or both of the contract schools.

**Pre-Engineering**

There are two pre-engineering curricula offered by the College of Arts and Sciences, described below. Students interested in a particular engineering program should see the pre-engineering advisor in either the Department of Physics and Astronomy or the Department of Chemistry.

**Two-Two Option**

In the first pre-engineering curriculum, referred to as the Two-Two Option, students spend two years at EKU taking basic science, mathematics, and general-education courses. Students then transfer their credits to the engineering school of their choice. Students can usually complete a degree in engineering after two years of additional course work at the engineering school.

**Three-Two Option**

In the second curriculum - the Three-Two Option, which is a Dual-Degree program, students spend three years at EKU and then take two years of work in engineering at the University of Kentucky, Auburn University, or another university with an accredited engineering program earning both a baccalaureate degree from EKU in Physics or Chemistry and an engineering degree from the engineering school. The additional year spent at EKU allows students to do more work in a science major, thus improving the breadth of their background.

All students pursuing a Dual-Degree Engineering Program in the Department of Physics and Astronomy should pursue the Engineering Physics Option of the Physics B.S. program. Because preferred general education and supporting courses may vary.

ANTHROPOLOGY

Anthropology is the study of human diversity. It explores the meaning of being human – from the study of culture and social relations, to human biology and physical evolution, to language, to music and art and to vestiges of human habitation. Anthropology addresses fascinating questions such as how peoples' behavior changes over time, how and why people from distant parts of the world and dissimilar cultures are in many ways similar, how the human species has evolved over millions of years, and how individuals understand and operate successfully in distinct cultural settings. Anthropology includes four sub-fields: cultural anthropology, physical anthropology, archaeology, and linguistics. The Anthropology program at EKU offers exposure to all of these sub-fields, with the opportunity to specialize, if so desired. Two great reasons to study anthropology include: 1) study topics are intellectually exciting; and 2) Anthropology prepares students for excellent jobs and opens doors to various career paths. Anthropological study provides training particularly well suited to intellectually exciting; and 2) Anthropology prepares students for excellent jobs and opens doors to various career paths. BACHELOR OF SOCIAL WORK (B.S.W.)

SOCIAL WORK

CIP Code: 44.0701

The Social Work Program prepares students for beginning generalist social work practice. The primary purpose of the social work profession is to enhance human well being. Social workers help meet the basic human needs of all people and empower those who are vulnerable, oppressed, or living in poverty. Social workers help identify and manage the environmental forces that create, contribute to, and address problems in living. Social workers are an integral part of most non-profit agencies and also offer their services and knowledge in private practice. The social work program has been continuously accredited by the Council on Social Work Education since 1977.

ADMISSION AND PROGRESSION

Any student who is accepted by the University Admissions Office and declares his/her major as social work will be classified as a pre-social work major. Admission to pre-social work does not guarantee admission to the Professional Social Work Program. Admission to the program is required for progression in the major beginning with SWK 350 and 354. To be admitted students must have earned at least 32 hours of college credit, meet the minimum program GPA requirement of 2.50, complete SWK 210 and
other supporting course work with a minimum grade of “C,” and successfully complete application procedures. Students choosing to double-major must declare social work as the first major. For admission requirements and procedures contact the Social Work Program office, (859) 622-1645.

MISSION AND GOALS

The Social Work Program provides a student-centered, collaborative and dynamic environment that prepares students for competent and ethical generalist bachelor level practice. The Program goals are to: (1) provide a fluid curriculum grounded in a liberal arts perspective that appreciates the history of the profession and the needs of the region with different size systems in a variety of settings; (2) integrate into the Program the values of the social work profession and socialization into those values through self assessment and self awareness; (3) integrate social work ethical principles throughout the Program and curriculum; and (4) provide an environment that promotes critical understanding of oppression, populations at-risk, economic and social justice.

Bachelor of Arts (B.A.)

SOCILOGY
CIP Code: 45.1101

The sociology program provides students with an advanced understanding of social structure, social institutions, human groups, social stratification, social interaction, social relationships, social deviance (crime, juvenile delinquency), and social change. Sociology faculty are skilled in teaching the theoretical foundations of sociology and methods of social research, while they teach students to think critically. The broad knowledge base of sociology, combined with basic skills in research methods and analysis, contributes to a person’s flexibility in a rapidly changing economy where specialized jobs often become outdated. Students who major in sociology possess the advantage of a more general foundation upon which to adapt to changes in the labor market, because they are taught to think critically, communicate effectively, and respond constructively to the challenges and opportunities they will encounter. A major in sociology provides a gateway to many different careers. Many sociology graduates move into professional careers in the following areas: social services, law enforcement, human relations, law and legal services, policy analysis, teaching, and health fields. Others find employment in management and administrative careers in government agencies as well as in a wide range of private sector firms. Still others work to achieve their goals in less traditional careers such as grassroots activism or private entrepreneurship.

Minors

MINOR IN ANTHROPOLOGY

A student may minor in Anthropology by taking a minimum of 18 hours as follows: ANT 120, 200, 201, and one upper division course in each of: Archaeology, Cultural Anthropology, and Physical Anthropology. Neither ANT 351W nor ANT 395 will count toward the minor.

MINOR IN ARCHAEOLOGY

A student may minor in Archaeology by taking a minimum of 18 hours as follows: ANT 200, 351W and twelve hours of upper
division archaeology electives selected from ANT 321, 341, 355, 357, 360, 439, 470, 471, and 490 (if archaeological topic).

**MINOR IN Deviance/Criminology**

A student may minor in Deviance/Criminology by completing the following courses: SOC 131, 313, 340, 375, and nine hours from ANT 380, FOR 301, HEA 345, CRJ 325, CRJ 331, or PSY 308. Note that some of the required and elective courses have prerequisites.

**MINOR IN Social Welfare**

A student may minor in Social Welfare by completing the following courses: SOC 131 and 15 hours of sociology electives, 12 of which must be upper division. Three hours of upper division anthropology may be applied to the 15 hours.

**Concentrations**

**Anthropology Concentration in the Associate of General Studies Degree**

BACHELOR OF FINE ARTS (B.F.A.)
ART/DESIGN STUDIO OPTIONS
CIP Code: 50.0702

Upon completion of a Baccalaureate of Fine Arts (B.F.A.)
degree with an Option in Ceramics, Graphic Design, Jewelry and
Metals, Painting, Photography, Printmaking or Sculpture, students
will be able to apply elements and principles of art and design, be
more aware of the influences of perception and observation, and be
able to use a variety of media and techniques to communicate ideas
effectively and expressively. Students will demonstrate critical and
creative thinking by analysis and research, both verbal and written,
of their own or others’ art and design works, with an understanding
of historical and contemporary concepts, theories, methods,
periods and styles.

The B.F.A. degree prepares students for professional careers
as artists and designers of listed Options below. Students will
demonstrate professional practice, writing, portfolio development
and presentation for employment in art and design studios,
companies, or freelancing, and for applications to graduate schools,
exhibitions, competitions, grants, and fellowships.

BFA Admission Requirements
All students who are accepted by the Office of Admissions
and seek a baccalaureate fine arts degree are admitted to the
University as a pre-BFA major and must select from at least one
pre-BFA option area in Ceramics, Graphic Design, Jewelry and
Metals, Painting, Photography, Printmaking or Sculpture.
Pre-BFA students are eligible to apply to the BFA degree
program after completing 15 credit hours of Studio Foundation
courses.

When applying for the BFA program, pre-BFA students must
have completed or be enrolled in the courses specified for their
declared Pre-BFA option.

Students are also required to submit an application,
statement of goals, and portfolio for review by the BFA Entrance
Review Committee once the minimum requirements have been
met, usually by the fourth or fifth semester, depending on the
Option area (transfer students must meet equivalent minimum
requirements and complete a minimum of 24 hours in Art and/or
Design). Students will be notified of the results and can meet with
their area supervisor. Students not accepted to the BFA degree
program may re-apply at a later date or seek another degree
program. Portfolio requirements include examples of drawing,
2D and 3D works (from a variety of courses), as well as examples
specific to an Option area. Students wishing to pursue the BFA
degree should average and maintain a 3.0 GPA and earn a grade of
“C” or higher in all major and supporting course requirements in
order to apply to, and complete the BFA degree program. Consult
with a departmental advisor, area supervisor, or visit our website
at www.art.eku.edu to obtain a copy of the “Entrance Criteria and
Degree Requirements for the BFA in Art and Design.”

Progression Requirements
Once students are admitted to the BFA degree program, they
are eligible to take upper division courses that require “admission
to the BFA” as listed in the course descriptions of this Catalog
and are expected to participate in all major and supporting course
requirements, including a BFA exhibition and review. Any BFA
student whose major GPA falls below 3.0, or who earns a grade
lower than “C” in a major or supporting course requirement course,
will be placed on BFA probation. Once on BFA probation students
have one semester to either raise the major GPA to the required
3.0, or to retake the course in which he/she earned a low grade and
pass with a “C” or higher. If any student on BFA probation fails to
meet either of the above conditions, he/she will be removed from
the BFA program. Such students may reapply at a later date or seek
another degree program.

PRE-BACHELOR OF FINE ARTS (PRE-B.F.A.)

  Hours are included within the 36 hr. General Education requirement above.

**Professional Education Requirements........................34 hours**

- EDF 103, 203, 319 or 319W, 413, SED 401 or 401S, ESE 561, 490, 499(12) and 3 hours of Applied Learning Co-op (Field Experiences): EDF 349Q(0.5), 349R(0.5); EMS 349Q(0.5), 349R(0.5), 349(1).

**TOTAL HOURS TO COMPLETE DEGREE …….131-135 hours**

*A preparatory course in mathematics (MAT 109) may be required before admission to calculus.*

Candidates earning a degree that leads to teacher certification must take the PRAXIS Series (Professional Assessments for Beginning Teachers) and PLT (Principles of Learning and Teaching) exams as a requirement for graduation. Candidates are encouraged to review the schedule for PRAXIS and PLT registration deadlines prior to beginning the senior year (http://www.kyepsb.net/assessment/index.asp AND www.ets.org/praxis). Specialty exams are required for each certification area sought and may take more than one test date to complete all requirements. Candidates should confer with their education advisor/counselor to determine the optimal time to take required exams.

**MINOR IN BIOLOGY**

A student may qualify for a minor in biology by completing 21 semester hours to include BIO 111, 112, 318, 319 and five additional hours selected from those 300 through 500 level courses normally taken for one of the majors in the department.

A Minor in Biology will prepare students pursuing a teaching degree to seek certification to teach Biology at the secondary level. Students pursuing any degree offered by the Department of Biological Sciences may not declare a Minor in Biology. Teacher certification with a minor in biology requires the same 21 semester hours of course work stipulated in the above paragraph.

Accelerated 3+2 Dual Degree Program
CIP Code: 40.0501

Students may apply for admission to the 3+2 program in their junior or senior year. Students are able to complete their B.A. degree and M.S. degree within 5 calendar years because of the accelerated curriculum and because 9 semester hours of 700-level graduate coursework will apply to both the undergraduate B.A. degree and the graduate M.S. degree. Only undergraduate students of proven academic ability will be considered for the program. Entrance requirements for the 3+2 must adhere to the same requirements for the M.S. Chemistry Program in the Graduate Catalog, except entrance examinations (e.g. GRE) are not required for the 3+2 option. Students must fulfill all graduation requirements listed below. Students admitted into the program will remain coded as undergraduate until fulfilling their BA requirements. Students admitted into the 3+2 program must complete the Chemistry BA degree with a minimum 3.0 GPA to be allowed to proceed with graduate program coursework.

Admission Requirements:
Students interested in this option must satisfy all the following conditions:
1. Junior or Senior standing
2. Overall grade point average (GPA) of at least 3.0 at the time of admission to the 3+2 option
3. Approval from department and Graduate School (see the form at http://gradschool.eku.edu/graduate-school-forms)
4. Must maintain an overall undergraduate and graduate grade point average (GPA) of at least 3.0 to continue in the 3+2 option.

Program Requirements
Students in 3+2 Accelerated Dual Degree Option must complete the listed Forensic Science (B.S.) program requirements along with the same requirements for the Chemistry M.S. Program (presented in the Graduate Catalog: listing at http://gradschool.eku.edu/graduate-catalog). Nine (9) credit hours of 700-level graduate coursework (CHE 715 and 770) are applicable to the undergraduate degree.

UNIVERSITY GRADUATION REQUIREMENTS

- General Education ................................................................. 36 hrs.
- Student Success Seminar (ASO 100; waived for transfers with 30+ hrs.) .......... 1 hr.
- Wellness ...................................................................................... 3 hrs.
- Writing Intensive Course (hrs. incorporated into Major/Supporting/Gen Ed/Free Electives category)
- Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)
- ACCT - Chemistry majors will select one of the following (based on specific option): some combination of CHE 349, 349A-N, 495A and/or 495B for at least 3 credit hours, HON 420, CHE 515 (or 715), or ESE 499. (Credit hours are incorporated into program requirements below.)

Total hours University Graduation Requirements .......................... 40 hours
The B.A. Chemistry degree, Pre-Pharmacy option, completes all pre-requisites required for application to pharmacy school. While students may apply for admission to pharmacy school after pursuing this degree for three years, a significant number of applicants elect to remain at EKU and first complete their B.A. Chemistry degree.

Students accepted into pharmacy school after three years as a Chemistry major will have completed 80% of the B.A. Chemistry degree. As such these students, upon completion of pharmacy school, may transfer pharmacy coursework back to EKU, to be used in lieu of outstanding EKU Chemistry course requirements; and thereby complete the BA Chemistry degree. The student’s record will be reviewed for completion by the Registrar, and providing all other University requirements are met, the student will be awarded an EKU B.A. Chemistry degree. Students interested in transferring back pharmacy coursework can enquire by emailing registrar@eku.edu.

Accelerated 3+2 Dual Degree Program
CIP Code: 40.0501

Students accepted to the 3+2 Accelerated Dual Degree Option
are able to complete their B.S. degree and M.S. degree within 5
calendar years because of the accelerated curriculum and because
9 semester hours of 700-level graduate coursework will apply to
both the undergraduate B.A. degree and the graduate M.S. degree.
Only undergraduate students of proven academic ability will be
considered for the program. Students should be aware that, in
order to maintain their progress in the accelerated 3+2 program,
careful coordination with their advisor is required. Depending
upon undergraduate progress at the time of 3+2 admission, some
summer-school classes may be needed.

Admission Requirements:
Students interested in this option must satisfy all the following
conditions:
1. Junior or Senior standing
2. Overall grade point average (GPA) of at least 3.0 at the
time of admission to the 3+2 option
3. Approval from department and Graduate School (see the
form at http://gradschool.eku.edu/graduate-school-forms)
4. Must maintain an overall undergraduate and graduate grade
point average (GPA) of at least 3.0 to continue in the 3+2
option.

Program Requirements

Students in 3+2 Accelerated Dual Degree Option must
complete the listed Chemistry (B.A.) program requirements along
with the same requirements for the M.S. Chemistry Program
(presented in the Graduate Catalog: listing at http://gradschool.eku.
edu/graduate-catalog). Nine (9) credit hours of 700-level graduate
coursework (Biochemistry, Pre-medical, or Pre-Dental Option:
CHE 715 and 770 or Chemistry Option: CHE 715 and 774/774L)
are applicable to the undergraduate degree.

Minors

MINOR IN CHEMISTRY

A student may minor in chemistry by completing CHE 111,
111L, 112, 112L, 361, and 361L, plus any two additional courses* from the following list: CHE 325 (co-requisite CHE 325L), 362 (co-requisite CHE 362L), 430, 431, 450, 501, 520, 570, and FOR 440.

TEACHING CERTIFICATE FOR CHEMISTRY MINOR

Students may seek a minor in chemistry in conjunction with
the completion of a teaching certificate**, which will
qualify them to teach chemistry at the secondary level. The
teaching minor in chemistry must be coupled with a
secondary teaching certificate in another discipline. For students with a middle school science emphasis, requirements are met. Students enrolled in a teaching program other than science who desire teaching certification in chemistry will be required to take ESE 561.

The minor will be considered an add-on certificate and cannot be recommended until the secondary teaching program area of certification has been processed. Appropriate praxis exams must be completed for each area of certification being recommended.

*See Course Descriptions for prerequisite and corequisite requirements.

**Candidates earning a degree that leads to teacher certification must take the PRAXIS Series (Professional Assessments for Beginning Teachers) and PLT (Principles of Learning and Teaching) exams as a requirement for graduation. Candidates are encouraged to review the schedule for PRAXIS and PLT registration deadlines prior to beginning the senior year (http://www.kyepsb.net/assessment/index.asp AND www.ets.org/praxis). Specialty exams are required for each certification area sought and it may take more than one test date to complete all requirements.

***Candidates should confer with their education advisor/counselor to determine the optimal time to take required exams.

Bachelor of Arts (B.A.)
  Economics
  CIP Code: 45.0601

Upon completion of a degree in Economics students will:
1) demonstrate a solid knowledge of modern microeconomic
and macroeconomic theory; 2) demonstrate the capacity to apply
their knowledge of economic theory to issues of public policy
and to problems faced by decision makers in the private sector;
3) demonstrate the capacity to do empirical work in economics,
including problem formulation, the retrieval and documentation
of data, and statistical techniques; 4) demonstrate the capacity
to communicate effectively. Additionally, students will be prepared
for careers in government and business. Recent graduates are
employed in commercial and investment banking, insurance, sales,
manufacturing, retailing, and all levels of government.

MAJOR REQUIREMENTS

Students must earn no fewer than twelve upper-division hours in the major at EKU. A minimum grade of “C” is required in all courses counted towards the major.

Core Courses ........................................................................... 21 hours

Required Options: (select one)

General Economics ................................................................. 12 hours
Twelve hours of upper division economics courses.

Applied Economics ............................................................... 12 hours
ECO 300; 9 hrs of upper division economics courses.

International Economics ........................................................ 12 hours
ECO 394, 395; 6 hrs of upper division economics courses.

Supporting Course Requirements:

Supporting course requirements must be approved by the advisor in consultation with the Chair of the Department of Economics. Note that fewer free electives may be required for an option if any of the approved additional supporting hours are also general education courses.

General Economics Option: ................................................... 18 hours
MAT 211(Element 2); 18 hours of courses approved by the advisor. (Note that fewer free electives will be required for this option if any of the approved additional supporting hours are also general education courses.)

Applied Economics Option: ................................................... 18 hours
MAT 107(Element 2) or 211(Element 2); 18 hours of courses approved by the advisor.

International Economics Option: ......................................... 12 hours
MAT 107(Element 2) or 211(Element 2); 6 hrs of courses approved by the advisor; one of the following: (1) 12 hrs of foreign language (Element 6), (2) 12 hrs of area studies to be pre-approved by the advisor and the Chair, or (3) 12 hrs from the core and elective courses listed in the International Studies minor.

MAJOR REQUIREMENTS

The intent of the Globalization and International Affairs (GLO) major is to create an interdisciplinary major that focuses on the nature of globalization and its impacts on individuals, communities, regions, and nations, and to assist in broadening the international horizons of EKU students. The program will graduate culturally aware students who are comfortable in a variety of international public-sector, private-sector, and non-profit positions. GLO students will possess an enhanced awareness of worldwide economic and political events and will be able to assess their impacts on international affairs. Upon completion of the GLO degree, graduates will be able to: (1) analyze cultural, economic, geographical, historical, political and social forces affecting globalization, (2) identify factors which impede or encourage globalization, (3) evaluate the impacts of increasing globalization on individuals, communities, regions, and nations, (4) integrate globalization ideas and concepts from the various disciplines into a unified whole, and (5) compete well for international positions or for domestic positions requiring international expertise.

Accelerated 3+2 Dual Degree Program

CIP Code: 13.1305

Students accepted to the 3+2 Accelerated Dual Degree Option are able to complete their B.A. degree and M.A. degree within 5 calendar years because up to 9 semester hours of graduate-level coursework will apply to both the undergraduate B.A. degree and the graduate M.A. degree. Only undergraduate students of proven academic ability will be considered for the program. Students should be aware that, in order to maintain their progress in the accelerated 3+2 program, careful coordination with their advisor is required.

Entrance requirements for the 3+2 adhere to the requirements for the M.A. English Program in the Graduate Catalog. Students admitted into the program will remain coded as undergraduate until fulfilling their BA requirements. Students admitted into the 3+2 program must complete the English BA degree with a minimum 3.0 GPA to be allowed to proceed on with graduate program coursework. Students must fulfill all graduation requirements listed below.

Students may apply to the Graduate School for admission to the 3+2 program in their junior or senior year. Approval of both the department and Graduate School is required (see the form at http://gradschool.eku.edu/graduate-school-forms).

English Program Special Admission Requirements:

Literature, Creative Writing, or Technical Writing Emphasis and overall grade point average (GPA) of at least 3.0 at the time of admission to the 3+2 option.

DEPARTMENT OF FOREIGN LANGUAGES AND HUMANITIES

Chair
Dr. Abbey Poffenberger

Case Annex 368

Faculty

Mission and Goals

The Department of Foreign Languages & Humanities is a multi-disciplinary unit which offers a variety of programs through which students gain new insights into other cultures, and develop the language skills necessary for participation and leadership in the global community. Our major and minor programs in Comparative Humanities provide students with opportunities to explore the literary and cultural heritage of other peoples and to acquire a critical understanding of their own heritage. The French and Spanish programs prepare the students to communicate in two major world languages which are both spoken on several continents. Our French and Spanish teaching degrees help meet the increasingly critical need for foreign language teachers in Kentucky. We also offer certificate programs primarily for non-language majors with emphasis on basic conversation skills and cultural understanding, currently available in French, German, Japanese, and Spanish. The department helps students to fulfill General Education requirements in Blocks III and VIII through course offerings in French (FRE), German (GER), Japanese (JPN), Latin (LAT), Spanish (SPA), and occasionally other languages such as Arabic (as FLS courses); through foreign culture and civilization courses (FCC); and also through the basic sequence of Humanities courses (HUM). All our courses, whether in language, literature, culture, or humanities, strive to foster an atmosphere in which students can experience the joy of learning and intellectual fulfillment while developing deeper understanding and appreciation of cultural diversity.

1. Certain courses are inappropriate for students with native or near-native fluency in a particular language. Native speakers of a foreign language (i.e. a language other than English) are welcome to take our courses at an appropriate skill level. However, such students cannot be given credit for introductory courses (100/200 level), in their native language either by enrolling in the course or by taking an exam for credit. Exceptions to this restriction, such as heritage speakers who need to take a lower level course to correct language deficiencies, must be approved by the relevant foreign language faculty in consultation with the chair. Other exceptions may apply, at the discretion of the coordinator and foreign language faculty in conjunction with the chair.

2. Students who transfer credits must earn no fewer than 15 upper-division hours in the major and 9 upper-division hours in the minor at EKU, the exact minimum to be determined by the department chair in consultation with the faculty in the major area.

3. Eastern Kentucky University students are required to obtain the department chair’s written prior approval of any course work they plan to transfer back to EKU for application to the major or minor.

4. A grade of “C” or higher is required in each course to be applied toward the major and minor.

5. Students in teaching programs must attain a minimum 2.75 GPA in their teaching major to be recommended for student teaching.

6. French and Spanish majors must attain a minimum 2.75 GPA in the major, and must also pass a departmental proficiency exam which covers spoken and written language, culture, and literature. Teaching majors must pass the proficiency exam to be recommended for student teaching. Students will ordinarily take the exam no later than in the first semester of their senior year.

BACHELOR OF ARTS (B.A.)

GEOGRAPHY
CIP Code: 45.0701

Program Objectives

The mission of the Bachelor of Arts in Geography is to sustain a progressive and supportive environment where students can grow intellectually and professionally by: 1) providing a comprehensive and modern curriculum that affirms geography’s historic position at the center of a strong liberal arts tradition; 2) providing a scholastic and experiential foundation that prepares all students to live and work in the information age of a global society; and 3) promoting integrative and holistic geographic perspectives on regional issues (local, regional, and global) through interdisciplinary collaboration in research and teaching. The program values the fundamental joy of learning, all types of intellectual exploration, and pedagogical innovation. Geographic knowledge, theories, and methods provide analytical techniques applicable to a wide range of questions asked over a broad spectrum of occupations. A bachelor’s degree in geography provides marketable skills and the broad perspectives on environment and society that enable graduates to move beyond
entry-level positions. Geography also provides a sound foundation for students who plan to enter graduate work in a variety of fields, from geography to business, land use planning, law, and medicine. The potential for practicing geography in private enterprise and government has grown considerably in recent years. In fact, the U.S. Department of Labor identified geotechnology as one of the three most important emerging and evolving fields along with nanotechnology and biotechnology. The Department of Geography and Geology at EKU is committed to preparing its students for careers in geography as demonstrated by its high quality curriculum, involving undergraduates in faculty research, and its rich history of securing student internships. All students should emerge from the geography major at EKU with realistic ideas about how to implement their geographic knowledge and skills in occupational pursuits in a variety of settings.

Bachelor of Arts in Political Science

Political Science is the study of power, conflict, and war, and of the human endeavor to maintain peace, order, and cooperation, and of the principles and ethics that guide that effort. It is the study of governments, in the United States and in other countries, and of the making and carrying out of laws and policies, by Presidents and governors, legislatures, courts, and the administrative agencies and civil service they oversee, and of the media and journalists who observe them and inform us of their actions. It is the study of cities and counties, and of their efforts to maintain and develop communities, politically, socially, and economically. It is the study of public agencies and services, and the special ways they must be organized and managed. It is the study of human values and beliefs, how they are formed and expressed in the public arena, in voting and elections, in political parties, and in the activities of organized interests, both self-seeking and public-spirited. The ancient Greek philosopher, Aristotle, said that politics is "the master science" because it influences how all other knowledge is used in society.

The objective of the political science program is to develop graduates who understand political institutions and behavior, and who in the process become able writers, speakers, thinkers, and informed students of human conflict, organization, and governance. With such knowledge and skills, graduates are well prepared for a variety of careers. Professions to which such abilities are obviously relevant include public service in government and non-profit service agencies, law, education, journalism, and military command. But political science graduates have succeeded as well in careers in a variety of different areas of business, including banking, investment management, extractive and manufacturing industries, insurance, and sales. And political science is a natural minor to accompany other majors in which such knowledge and skills are important, including social work, public health and health administration, parks and recreation, business management, and all the other social sciences.

Paralegal Program

Paralegals are paraprofessionals who must work under the supervision of an attorney. The law prohibits paralegals from engaging in the practice of law. Completion of the Paralegal Science/Studies major and/or receipt of a degree or certificate in Paralegal Science/Studies does not entitle one to practice law or render legal advice, except as provided by law.

The paralegal programs offer a Bachelor of Arts degree and Post-Baccalaureate Certificate in paralegal science and an associate of arts degree in paralegal studies. The objectives of the programs are: (1) to create, implement, and maintain a strong, flexible program directed to the quality education of occupationally competent paralegals; (2) to provide a paralegal education program
that leads to employment of its graduates by a wide range of employers; (3) to provide paralegals with a well-rounded, balanced education founded on a beneficial mix of general education, theory, and practical courses stressing understanding and reasoning rather than rote learning of facts; (4) to support the general principles of ethical legal practice, professional responsibility, and the prohibitions against the unauthorized practice of law by a lay person; (5) to provide an educational program that is responsive to the varied needs of the state of Kentucky and the region and contributes to the overall advancement of the legal profession; (6) to provide a program which instills respect for the legal profession and its foundations, institutions, and quest for justice; and (7) to maintain equality of opportunity in the educational program without discrimination or segregation on the grounds of race, color, religion, natural origin, or sex.

Paralegal Degree Requirements
Paralegal majors, minors, and certificates must attain a minimum grade of “C” in all major and supporting courses, a minimum grade of “C” must be earned in LAS 210 before taking LAS 220. A minimum grade of “C” must be earned in LAS 220 before being admitted to any of the upper division requirements. Paralegal majors, minors, and certificates must take a minimum of ten (10) semester credits of courses from Major/Minor requirements in a traditional in-person or ITV format. No courses taken in an online or web-based format can count toward this ten (10) semester credit requirement.

Paralegal Transfer Students
Transfer students must take a minimum of 15 semester hours of paralegal (LAS) courses at EKU to earn a paralegal degree.

Accelerated 3 + 2 Dual Degree Program
CIP Code: 45.1001

Students accepted to the 3+2 Accelerated Dual Degree Option are able to complete their B.A. degree and M.P.A. degree within 5 calendar years because up to 9 semester hours of graduate-level coursework will apply to both the undergraduate B.A. degree and the graduate M.P.A. degree. Only undergraduate students of proven academic ability will be considered for the program. Students should be aware that, in order to maintain their progress in the accelerated 3+2 program, careful coordination with their advisor is required.

Entrance requirements for the 3+2 adhere to the requirements for the M.P.A. Public Administration Program in the Graduate Catalog. Students admitted into the program will remain coded as undergraduate until fulfilling their BA requirements. Students admitted into the 3+2 program must complete the Political Science BA degree with a minimum 3.0 GPA to be allowed to proceed on with graduate program coursework. Students must fulfill all
graduation requirements listed below.

Students may apply to the Graduate School for admission to the 3+2 program in their junior or senior year. Approval of both the department and Graduate School is required (see the form at http://gradschool.eku.edu/graduate-school-forms.

Minors

MINOR IN LEGAL STUDIES

The Legal Studies Minor is an interdisciplinary program with a liberal arts focus that provides students with the opportunity to study the law, legal ideas/concepts, and legal systems/processes from a variety of perspectives. The minor is designed to provide a broad conceptual framework to explore legal studies and complement a chosen major of study. While the minor may be appropriate for those considering attending law schools, it is not a “pre-law” program and does not provide legal or paralegal training.

Core Requirement......................................................3 hours
- LGS 300

Electives.....................................................................12 hours
- OR substitute 3 hours of special topics courses as approved by the Director of Legal Studies.
- Students are strongly advised to enroll in LGS 300 before beginning Legal Studies elective studies. Students may not take more than six hours of electives with the same course prefix. Students may not count Legal Studies electives towards any other major or minor.

Co-op or Research Requirement..................................3 hours
- LGS 349 or LGS 400

Total Curriculum Requirements..................................18 hours

MINOR IN PARALEGAL STUDIES

A student may minor in Paralegal Studies by completing a total of 18 hours as follows: LAS 210, 220, 300 or 300W, 350, 355, and 410.

MINOR IN POLITICAL SCIENCE
A student may minor in political science by completing POL 101 plus 15 hours of which nine hours must be in courses numbered 300 or above. No more than three hours of POL 349 may count toward the minor.

**MINOR IN PUBLIC ADMINISTRATION**

A student may minor in public administration by completing a total of 18 hours as follows: POL 101, POL 370, POL 374, and nine hours from POL 332 or POL 333, POL 371, POL 373, POL 376, POL 377, and POL 565. **HISTORY**
*CIP Code: 54.0101*

**Program Objectives**

Upon successful completion of this program, graduates will be able to: 1) demonstrate knowledge of U.S. history, European history, and selected aspects of non-Western history at a high level; 2) demonstrate their ability to write effectively (all students in the program will complete term papers as part of their major requirements); and 3) execute a major research project utilizing both primary and secondary sources. All students in the baccalaureate program will submit prior to graduation a formal research project which includes both primary and secondary sources. In addition to pursuing careers in education, graduates of this degree program have found employment in business, journalism, public history, library work, government and law. A history degree is excellent preparation for law school as well as graduate programs in library science, public history and many other fields. Many employers value the research, writing and analytical skills developed through the study of history.

Candidates earning a degree that leads to teacher certification must take the PRAXIS Series (Professional Assessments for Beginning Teachers) and PLT (Principles of Learning and Teaching) exams as a requirement for graduation. Candidates are encouraged to review the schedule for PRAXIS and PLT registration deadlines prior to beginning the senior year (http://www.kyepsb.net/assessment/index.asp AND www.ets.org/praxis). Specialty exams are required for each certification area sought and it may take more than one test date to complete all requirements. Candidates should confer with their education advisor/counselor to determine the optimal time to take required exams.

SECOND MAJOR IN HISTORY

A student may complete a second major in history by completing the major requirements listed above.

Minor

MINOR IN HISTORY

Students majoring in other disciplines may minor in History by completing the following courses: HIS 202 and 203; HIS 231, HIS 246, or HON 210W; HIS 232, HIS 247 or HON 311W; nine hours upper division history with three hours in each of the upper-division areas described in the major (refer to major for specific course listings in each area).

MAJOR REQUIREMENTS

All courses must be completed with a grade of at least “C” and the student must meet the GPA requirements listed in the College of Education section under The Office of Teacher Education Services. At least five upper-division courses which satisfy the major requirements must be completed at EKU.

Core Courses ..................................................30 hours
  MAT 124(4) or 124H(4); 214; 224(4) or 224H(4); 301, 306, 308, 334, 380(4)*, MAE 475. (If Math Teaching majors begin their mathematics education with MAT 124 then 3 cr. hr. from MAT 124 will be used to fulfill General Education Element 2.) (A preparatory course in mathematics (MAT 109) may be required before admission to calculus.)

Options:

Mathematics Teaching ......................................10-13 hours
  MAT 225 or 225H and one of the following combinations:
  - General Combination: MAT 315 and three additional hours of courses chosen from CSC 300, 320; any MAT course numbered 300 or above (except for 303, 349, 475, 501, 502), or any STA course numbered 300 or above (except for 349, 500, 503).
  - Statistics Combination: STA 320, STA 370 or 520;
    STA 375 or 585.

Computer Science/Mathematics Teaching ............15 hours
  CSC 190, 191, 195, 310; one of CSC 250, 330, 340.

Supporting Course Requirements:

Mathematics Teaching Option .........................9 hours
  CSC 104; CSC 160, 177, or 190; STA 270.

Computer Science/Mathematics Teaching Option ... 6 hours

MINORS

MINOR IN ACTUARIAL SCIENCE
A student may minor in actuarial science by completing a total of 21 semester hours as follows: MAT 124 or 124H; MAT 224 or 224H; STA 270; STA 320; STA 370; STA 385; and STA 520.

MINOR IN MATHEMATICAL SCIENCES
A student may minor in mathematical sciences by completing a minimum of six hours in each of computer science, mathematics, and statistics for a total of 18 hours as follows: computer science—two of CSC 160, 190, 191; mathematics—MAT 261 and 262, or MAT 124 or 124H, and 224 or 224H; and statistics—two of STA 270, 320, 370, 500, 501, 575.

MINOR IN MATHEMATICS
A student may minor in mathematics by completing 18 hours including MAT 124 or 124H; 224 or 224H; and ten hours selected from MAT 214; 225 or 225H; 306; an approved MAT 480; STA 370 or 520; or any MAT course numbered 300 or above (except for MAT 349).

MINOR IN MATHEMATICS/TEACHING
A student may minor in mathematics teaching by completing a minimum of 20 semester hours as follows: MAT 124 or 124H; MAT 214; MAT 224 or 224H; MAT 301; MAT 334; and STA 270. All courses must be completed with a grade of at least “C” and the GPA in the courses used for the minor must be at least 2.75. The teaching minor in mathematics must be coupled with a secondary teaching major in another discipline.

Candidates earning a degree that leads to teacher certification must take the PRAXIS Series (Professional Assessments for Beginning Teachers) and PLT (Principles of Learning and Teaching) exams as a requirement for graduation. Candidates are encouraged to review the schedule for PRAXIS and PLT registration deadlines prior to beginning the senior year (http://www.kyepsb.net/assessment/index.asp AND www.ets.org/praxis). DEPARTMENT OF MUSIC

Chair
Mr. Rob James
(859) 622-3266
Foster 101

Faculty

Mission Statement
The Department of Music is a community of teaching scholars and performing artists who provide undergraduate and graduate music degree programs of high quality with public concert of an artistic level for the citizens of the Commonwealth.

Baccalaureate Degree

BACHELOR OF MUSIC (B.M.)
MUSIC
CIP Code: 50.0901

Program Objectives
Upon successful completion of the Bachelor of Music program, graduates will be able to perform a recital in their major applied area, communicate effectively about the theoretical concepts in music, identify and analyze musical works from diverse cultures and historical periods. In addition, all music education majors will demonstrate the ability to sing and play a variety of instruments, develop lesson plans, and engage in effective teaching during a student teaching semester. All theory and composition students will demonstrate composition skills and present original compositions in public recitals as well as identifying an area of advanced analysis of musical works through a senior project. All music industry students will demonstrate music technology skills, identify trends in the many facets of this business field, and demonstrate an ability to work with professionals through cooperative learning experiences. All performance majors will prepare two performance recitals and analyze repertoire presented on those recitals, in addition to identifying different pedagogical approaches in their area.

A number of recent graduates of the Bachelor of Music program are furthering their education at graduate schools across the country, preparing to be performers and college/public school teachers. Many graduates are public school teachers across the country, performers/conductors in the church music field, professional composers or arrangers, on Broadway, in U.S. service bands, in professional orchestras, university professors, and music industry professionals in the recording, manufacturing, marketing, computer software, and sales fields.

Admission to the Music Major Program

Admission to the Bachelor of Music programs requires an audition and theory placement interview. The student is expected to demonstrate acceptable levels of achievement in performance in terms of intonation, tone quality and rhythmic accuracy. Incoming students will be expected to perform two selections of contrasting styles. May be accepted on probationary status at the discretion of the applied teacher and the department chair.

Bachelor of Music Core Requirements

APPLIED MUSIC

All music majors must complete a minimum of seven semesters of applied lessons with at least three of the semesters at the upper division levels (numbered 300 or 400). Applied students must complete a jury examination at the end of each semester. Each major is required to enroll in applied music every semester of full-time enrollment.

Solo Recital Performance
Each major is expected to perform the equivalent of a half recital (MUS 399) during the course of study, either separately or as the result of at least four (4) appearances on student recitals (Fridays).

Ensemble Requirements
Each major is expected to enroll in a major ensemble reflecting the major applied area of study every semester of full-time enrollment. Wind and percussion majors will enroll in MUS 256 Marching Band, MUS 255A or B/MUS 455A or B Symphonic or Concert Band, or MUS 235/435 Symphony Orchestra. With permission of the Department Chair, MUS 254/454 may be submitted for the major ensemble requirement for wind and percussion majors. Orchestral string majors will enroll in MUS 235/435 Symphony Orchestra or MUS 236/436 String Orchestra. Some string bass majors may be assigned to MUS 255A/455A Symphonic Band pending auditions. Guitar majors will enroll in MUS 257/457 Guitar Ensemble. Vocal majors will enroll in MUS 225/425 Concert Choir or MUS 226/426 University Singers. Keyboard majors may substitute accompaniment (MUS 313 or 513) for ensemble credits. Even if the student plans to study in two or more applied areas, one of them must be declared the major.

Recital Attendance
All majors are expected to attend 16 recitals including the Friday recitals and other departmental concerts held throughout the semester (MUS 101) for at least six semesters. Performances off campus must receive approval by department chair.

MUSIC EDUCATION

All wind and percussion majors must complete at least three semesters of MUS 256. All Music Education majors must elect MUS 383. Students enrolling in more than three ensembles...
should receive permission for such participation from their applied teacher, ensemble director, and advisor. All wind and percussion majors require a corequisite small and large ensembles with their applied lessons. Voice/string majors have a corequisite large ensemble required with applied lessons and must demonstrate experience in small choral/string ensembles.

**MUSIC PERFORMANCE**

All performance majors must pass an audition beyond the entrance audition. They will be on probationary status for one to four semesters. At the end of the probationary period, the student may re-audition for full candidacy. The Audition Committee will consist of at least three members of the music faculty, including the applied teacher. All performance majors must give a full recital (MUS 499) in addition to the half recital required of all majors. Vocal performance majors must elect foreign language as part of their Gen. Ed. studies.

**MUSIC INDUSTRY**

All music industry majors must complete six credits of Co-op (MUS 349). All Co-op projects must be approved by the Co-op office, department chair, and Co-op coordinator.

**MUSIC THEORY AND COMPOSITION**

Theory and composition majors must complete two credits of beginning composition (MUS 283) and eight credits of advanced composition (MUS 483). Composition students will include the performance of their compositions as part of the recital requirement. All theory and composition majors must elect additional piano studies. Theory students will complete a senior thesis or project (MUS 499) as part of this degree program.

BACHELOR OF SCIENCE (B.S.)
PHYSICS
CIP Code: 40.0801

Program Objectives
Upon completion of this program the graduate will: 1) be
able to apply mathematics to analyze problems in Physics; 2) be
able to use fundamental physical results, such as conservation
laws, to study physical systems; 3) be able to analyze important
processes occurring in physical systems. Additionally, graduates
of this program will 1) be prepared for employment in Physics or
a related field in the public or private sector; 2) be prepared for
admission to a graduate program in Physics or a related field.

**Total Hours University Graduation Requirements** ......128-139 hours

*A preparatory course (MAT 109) in mathematics may be required before admission to MAT 124.

Candidates earning a degree that leads to teacher certification must take the PRAXIS Series (Professional Assessments for Beginning Teachers) and PLT (Principles of Learning and Teaching) exams as a requirement for graduation. Candidates are encouraged to review the schedule for PRAXIS and PLT registration deadlines prior to beginning the senior year (http://www.kyepsb.net/assessment/index.asp AND www.ets.org/praxis). Specialty exams are required for each certification area sought and it may take more than one test date to complete all requirements. Candidates should confer with their education advisor/counselor to determine the optimal time to take required exams.

**Associate Degree**

**SCIENCE FOR ENGINEERING (A.A.S.)**

*CIP Code: 14.9999*

Program Objectives

Upon completion of this program the graduate will: 1) be able to apply mathematics to analyze problems in the physical sciences; 2) be able to use fundamental physical results, such as conservation laws, to study physical systems; 3) be able to apply analytical techniques to the analysis of structures and/or mechanisms. Additionally, graduates of this program will: 1) be prepared for employment in the engineering technology career in the public or private sector; 2) be prepared for entrance into a B.S. program in engineering or a related field.

Minors

MINOR IN PHYSICS

A student may complete a minor in physics by taking PHY
201, 202, and a minimum of eight additional hours of physics 300-
level or above for a total of 18 hours. PHY 131 may be substituted
for PHY 201, and PHY 132 may be substituted for PHY 202.

MINOR IN PHYSICS/TEACHING

A student may complete a teaching minor in physics by taking
PHY 201 and 202 plus eleven additional hours in PHY or AST
numbered 300 or above. PHY 131 may be substituted for PHY
201 and PHY 132 may be substituted for PHY 202. The teaching
minor in physics must be coupled with a teaching major in biology,
chemistry, computer science/mathematics, earth science, or
mathematics.

Candidates earning a degree that leads to teacher certification
must take the PRAXIS Series (Professional Assessments for
Beginning Teachers) and PLT (Principles of Learning and
Teaching) exams as a requirement for graduation. Candidates
are encouraged to review the schedule for PRAXIS and PLT

PSYCHOLOGY

CIP Code: 42.0101

Program Objectives

Upon completion of the Psychology degree graduates will:
1) show breadth and depth in their understanding of the major
   concepts, theoretical perspectives, empirical findings, and
   historical trends in psychology; 2) use critical and creative thinking
   and skeptical inquiry when critiquing and applying research
   methods in psychology; 3) respect and use critical and creative
   thinking, skeptical inquiry, and the scientific approach when
   solving problems related to behavior and mental processes; 4)
   understand and apply psychological principles in many areas of
   life including personal, social and organizational; 5) be able to
   weigh evidence, tolerate ambiguity, act ethically, and reflect other
   values that are the underpinnings of psychology; 6) demonstrate
   information competence and the ability to use technology for many
   purposes; 7) be able to communicate and collaborate effectively;
   8) understand and apply knowledge of human diversity to better
   people’s lives; 9) develop insight into their own and others’
   behavior and mental processes and apply effective strategies for
   self-management and self-improvement; 10) pursue realistic ideas
   about how to implement their psychological knowledge, skills, and
   values in occupational pursuits in a variety of settings that meet
   personal goals and societal needs.

• ACCT – Psychology majors will fulfill ACCT with PSY 400 or
   401 or 579 (Credit hours may be incorporated into Major or
   Supporting requirements)

Total Hours University Graduation Requirements……42 hours

MAJOR REQUIREMENTS

A minimum grade of “C” is required in all courses counted toward
the major.

Core Courses............................................................. 43-45 hours

a) PSY 200, 250 or 250W, 258, 309(4) or 309W, 310

b) At least 3 hours from each of the following groups:
   1. Biological Bases of Behavior: PSY 311, 315, 315L
   3. Developmental: PSY 312, 314, 316
   4. Social/Personality: PSY 300, 305, 308
   5. Skills: PSY 319, 405, 406, 490, 590
   6. Capstone: 400 or 401 or 579
c) And 12 hours of psychology electives. At least 3 hours must be numbered 400 or above. (PSY 280, 402 and 403 may not be used as a psychology elective.)
d) PSY 499 Senior Exit Course in Psychology...........0 hours
Free Electives..........................................................33-35 hours

TOTAL HOURS TO COMPLETE DEGREE..............120 hours

Important Note for Transfer Students and Students who have changed their major: You should allow at least four semesters to complete the required psychology courses. It is strongly recommended that you take PSY 258 during your FIRST semester.

SECOND MAJOR IN PSYCHOLOGY
Requirements are the same for a first or a second major in psychology.

BACHELOR OF SCIENCE (B.S.)
ANIMAL STUDIES
CIP Code: 30.9999

Faculty
R. Brubaker (Psychology), E. Fredrickson (Agriculture), B. Freed (Anthropology, Sociology, & Social Work), A. Lawson (Psychology), R. Lorden (Psychology), P. Kopacz (English), S. McSpirit (Anthropology, Sociology, & Social Work), R. Mitchell (Psychology), L. Newhart (Philosophy & Religion), L. Noblitt (Government), B. Pratt (Agriculture), S. Sumithran (Biology), and S. Tsiang (English)

Program Objectives
Animal Studies (ANS) is an interdisciplinary major that concentrates on nonhuman animals, their interactions and relationships with people, and the mutual influences humans and nonhuman animals have on each other’s existence, evolution, and history. Students in Animal Studies receive training in sciences, humanities, and applied fields. Within their cross-disciplinary training, students will choose to emphasize at least one of these areas of study. Graduates of the program will gain knowledge of and be able to evaluate ideas about nonhuman animals, humans, and their mutual influences informatively from diverse perspectives. Upon completion of the ANS degree, graduates will be able to (1) analyze contexts and events concerning animals knowledgeably and from diverse points of view; (2) elucidate the motives and consequences for diverse human-animal interactions; (3) evaluate the impacts of human uses of and attitudes toward animals on individuals and communities, and on evolution and history; (4) integrate cross-disciplinary ideas into an awareness of divergent perspectives on animals and humans; and (5) use skills and expertise in understanding animals and humans to obtain employment.

UNIVERSITY GRADUATION REQUIREMENTS
• General Education .............................................36 hours
• Student Success Seminar (GSO 100 or GSD 101; waived for transfers with 30+ hrs.)..............1-3 hours
• Wellness.................................................................3 hours

• ACCT - Animal Studies majors will fulfill ACCT with ANS 400 or PSY 401. (Credit hours may be incorporated into program requirements below.)

Total Hours University Graduation Requirements...40-42 hours

MAJOR REQUIREMENTS
Core Courses ..................................................53-55 hours
ANS 200, and courses in the following groups:
1. Arts & Humanities(12 hours): ANS 320; PHI 381; SOC 300; ANS 310, 497, or three hours of a relevant arts or humanities course.
2. Science (14 hours): ANT 306 or 371; BIO 319; BIO 316 or 550; PSY 333.
3. Application (12 hours): AGR 125; ANT 370; LGS 306 or WLD 380; three hours of a relevant applied learning or study abroad course.
4. Capstone: ANS 400 or PSY 401 or other relevant thesis option.
5. Electives: an additional 9-11 hours in relevant courses, as approved by student’s advisor or department head.
A minimum grade of “C” is required in all courses counted toward the major.

Supporting Course Requirements .........................3 hours
ANT 120(Element 5B), 201; BIO 112(Element 4)
\[g\] = Course also satisfies a General Education element. Hours are included within the 36 hr. General Education requirement above.

DEPARTMENT OF AGRICULTURE

CHAIR
Dr. JOHNN SETTIMI
(859) 622-2228
CARTER 2

Faculty
S. Black, E. Fredrickson, C. Hagan, M. McDermott, B. Pratt and L. Rincker

The Department of Agriculture offers Bachelor of Science and Associate of Applied Science degrees in Agriculture and Horticulture. Options in the Agriculture degree program include Agribusiness Management, Pre-Veterinary Medicine, Agriculture Systems Management, Agronomy, Soils and Natural Resources, Dairy Herd Management and Livestock Production. Options in the Horticulture program include a Business Minor, Floriculture/Greenhouse Management, Landscape Horticulture and Turfgrass Management. The Department also offers a joint degree program for Career and Technical Education - Agriculture Education Option. Minors are offered in soils, agriculture and horticulture. Students may receive the Associate degree and then continue for a Bachelor degree with no loss of credit.

The Pre-Veterinary Medicine program has an excellent veterinary school acceptance rate. More detailed information can be obtained by reading the section on Pre-Veterinary medicine.

Students will earn academic credit for their Cooperative Education and practicum experiences. Students may receive credit for 8 hours of practicum classes for the Associate Degree and 12 for the Bachelor of Science Degree. Practicum classes are 301, 302, 349 and 389. Students must obtain a “C” average in Department classes.

Programs in the department stress the latest technical information with applications through required laboratories and practicums at the University farms or through cooperative education. The Department operates greenhouses, a plant nursery and specimen garden and turf plots to support the instructional program in horticulture. The University owns and operates approximately 1000 acres devoted to the programs in agriculture. This includes state of the art facilities for beef, dairy, swine, sheep and crop enterprises used in our laboratory in both the horticulture and agriculture enterprises through the work study program.

DEPARTMENT GOALS

The Department of Agriculture will provide outstanding instruction in agricultural programs to prepare students for participation in the regional, national, and global agricultural economy. A technologically current, high quality learning environment will be provided through instruction, laboratories, practicums, and experimental projects.

The Department will also provide service to the University, community, region, profession, and industry; provide opportunities for faculty/staff/student collaboration in scholarly and creative activities; and engage in continuous improvement processes to ensure its programs, services, and infrastructure are current and relevant.

EKU Farms will provide a technologically current, high quality learning environment through instruction, laboratories, practicums, and experimental projects.

The Division of Farms will demonstrate technologically current sound agricultural practices and techniques that are consistent with the instructional program, are environmentally sound and provide practical application and disseminate the information to the regional agricultural community. The Division will also promote and conduct service activities such as field days, tours, seminars, demonstrations, meetings, and open houses to serve the needs of diverse consumer groups.

PROGRAM OBJECTIVES

AGRICULTURE

Graduates in the agriculture program are well trained for careers in many diverse aspects of agriculture such as government agencies (Kentucky Department of Agriculture, USDA, Cooperative Extension Service, NRCS), 4-H programs, soil conservation, farm management and operations, agribusiness including agriculture financial agencies/institutions, sales, feed sales, food plant supervision, retail-store management, technical service, Career and Technical Education, and the livestock industry, to name a few. Students can also continue their education in graduate school or in veterinary medicine.

HORTICULTURE

With the abundance of hands-on practical experiences graduates in the horticulture programs pursue careers in the turf industry as golf course superintendents, sports turf managers, sales and service areas, professional landscape industry, the nursery industry, and in the floriculture/greenhouse industry.

CAREER AND TECHNICAL EDUCATION - AGRICULTURE EDUCATION OPTION

Graduates of the BS degree program in Career and Technical Education - Agriculture Education Option are prepared for teaching careers in secondary schools. They are prepared to lead programs in horticulture and agriculture and to advise their chapter’s FFA members in carrying out their annual program of activities.

Numerous opportunities are available for extracurricular activities to complement the academic training. These include the Agriculture Club, Horticulture Club, Delta Tau Alpha (honorary society), student chapter of the Golf Course Superintendents Association of America, Agronomy Club, and Pre-Vet Club. Numerous local and national trips are taken to expand students’ learning experiences.

UNIVERSITY GRADUATION REQUIREMENTS

- General Education ..................................................36 hours
This curriculum entails all requirements necessary for teacher certification for agriculture education.

Candidates earning a degree that leads to teacher certification must take the PRAXIS Series (Professional Assessments for Beginning Teachers) and PLT (Principles of Learning and Teaching) exams as a requirement for graduation. Candidates are encouraged to review the schedule for PRAXIS and PLT registration deadlines prior to beginning the senior year (http://www.kyepsb.net/assessment/index.asp AND www.ets.org/praxis). Specialty exams are required for each certification area sought and it may take more than one test date to complete all requirements. Candidates should confer with their education advisor/counselor to determine the most optimal time to take required exams.

Minors

MINOR IN AGRICULTURE
Requirements............................................................18 hours
A minor consists of 18 hours of agriculture classes arranged between the Department Chair and the student seeking the minor. The objective is to meet the student’s need for a minor. Six or more hours shall be upper division courses and a minimum of six hours are to be taken at EKU. Courses counted toward a horticulture major may not be counted toward a minor. Transfer classes are to be evaluated by the Department Chair.

MINOR IN HORTICULTURE
Requirements............................................................18 hours
A minor consists of 18 hours of ornamental horticulture classes arranged between the Department Chair and the student seeking the minor. The objective is to meet the student’s need for a minor. Six or more hours shall be upper division courses and a minimum of six hours are to be taken at EKU. Courses counted toward an agriculture major may not be counted toward a minor. Transfer classes are to be evaluated by the Department Chair.

MINOR IN SOILS
Requirements............................................................18 hours
A core of courses consisting of 18 hours may be taken for a minor in soils. Courses are AGR 130, 131(1), 215, 216(1), 340, 345; 349(1) or 410(1), and 416. At least 6 hours must be taken at EKU. Transfer classes are to be evaluated by the Department Chair. No more than 9 hours of course work taken toward a major may be counted toward the soils minor.

Pre-Professional

Pre-Veterinary Medicine Pathways

For students who have a strong interest in veterinary medicine, the Department of Agriculture offers 2 options in this program of study. Each option is tailored to meet the entrance requirements for either Auburn University School of Veterinary Medicine or Tuskegee Institute School of Veterinary Medicine. These schools have seats specifically designated for Kentucky residents. The student may be advised differently when applying to other veterinary schools since entrance requirements vary. Upon completion of the degree, the student is also awarded a Minor in Chemistry.

Pathway 1: Pre-Veterinary Transfer Option – B.S. in Agriculture

The student intends to apply and hopes to transfer to a school of veterinary medicine after their 3rd year at EKU. Students who intend to follow this pathway declare a B.S. in Agriculture as their major and the pre-vet transfer option as the concentration.

Students can then complete the B.S. degree from EKU by transferring credits from the first year of veterinary school back to EKU. Students not accepted after the junior year may elect to stay at EKU and change to the option below and then reapply to a school of veterinary medicine.
Pathway 2: General Pre-Veterinary Option – B.S. in Agriculture

Student intends to earn a B.S. degree in Agriculture at EKU and applies for admission into a school of veterinary medicine. Students will typically apply to a school of veterinary medicine during the fall of their senior year at EKU. Students who intend to follow this pathway declare a B.S. in Agriculture as their major and the general pre-vet option as the concentration.

Admission into Auburn or Tuskegee Schools of Veterinary Medicine

Kentucky is a member of the Southern Regional Educational Board Plan under which legal Kentucky residents attend Auburn University School of Veterinary Medicine or Tuskegee Institute School of Veterinary Medicine. The program is funded by an appropriation of the General Assembly to the Kentucky Council on Post-Secondary Education. A limited number of students who have completed pre-veterinary requirements are selected on a competitive basis by Auburn or Tuskegee each year and are exempt from out-of-state tuition. Both veterinary schools have similar entrance requirements, including a GRE examination.

Students should have a grade point average of 3.4 to be competitive. Students need to pass all pre-veterinary required courses within a grade of “C” or better. Courses in organic chemistry and physics must have been completed within six years of entry into the school of veterinary medicine. Students applying to Auburn use the Veterinary Medical College Application Service (VMCAS). Students apply directly to Tuskegee. Application deadlines for both are October 1. Students are expected to gain veterinary experience by working directly with a D.V.M.

AVIATION

The EKU aviation program offers a Bachelor of Science degree in Aviation with three options: Aerospace Management, Aerospace Technology, and Professional Flight. These options combine courses in business management, communication, math, computer science and general education. The Aerospace Management Option prepares students for exciting professional careers in all aspects of the aerospace industry from a management perspective whereas the Professional Flight Option prepares students for careers as pilots. The Professional Flight Program is an FAA Part 141 approved Flight School.

The Aerospace Technology (AT) degree is degree-completion concentration. By adding upper division aerospace management and operations studies, the Bachelor’s degree AT concentration is specifically designed to complete a 2-year community college degree with a heavy technical aviation course load. Examples of aviation technical degrees include Airframes & Power Plants (A&P), a 2-year helicopter and/or airplane professional degree, or any 2-year career technical (CTE) degree partnered with a local flight school. Additionally, non-degreed airline pilots with the Airline Transport Pilot (ATP) certificate may complete their bachelor’s degree with this concentration.

NETWORK SECURITY AND ELECTRONICS

Graduates of the Network Security and Electronics program are prepared for a career in the high-tech computer electronics industry. Coursework in the program provides students with the knowledge and skills needed for configuring, maintaining, and managing computer network systems and security, and digital electronic devices.

Graduates of this program will demonstrate proficiency in basic networking skills relevant to LAN/WAN environments, demonstrate proficiency in basic computing skills, demonstrate fundamental knowledge in electricity/electronics, and demonstrate effective communication skills while conveying information to technical and non-technical audiences. The Network Security and Electronics program is accredited by the Association of Technology, Management, and Applied Engineering.

CONSTRUCTION MANAGEMENT

Graduates of the Construction Management program are prepared for careers with general contracting firms, starting in a variety of management positions. Typical entry-level positions include: assistant project manager, estimator, superintendent, project scheduler, cost engineer, and field engineer. The Construction Management program is accredited by the American Council for Construction Education. Graduates of this program will have oral, written and graphic communication skills for successful performance in a construction environment; possess functional computer skills including the utilization of general and construction application software; apply mathematical and scientific skills in the management and execution of construction projects; apply the concepts of management, accounting, economics and ethics in the management and execution of construction projects; possess a basic understanding of the
Technology
Business and school levels. An Engineering/Technology Education teacher are prepared for teaching careers at the middle school and high degree program in Career and Technical Education Graduates of the Engineering/Technology Education option demonstrate expertise in electronic and Web publishing. demonstrate an understanding of printing processes and methods; technical competence during a cooperative education experience; and publishing processes and procedures. They will demonstrate an understanding of printing processes and methods; and perform in an acceptable manner in internship work assignments.

APPLIED ENGINEERING MANAGEMENT
Graduates of the Applied Engineering Management Program are prepared for professional careers in technology related businesses. These businesses offer many opportunities to pursue exciting, challenging and rewarding careers that require technical knowledge and managerial skills. Applied Engineering Management prepares individuals for entry-level positions that may include: manufacturing engineer, production engineer, industrial supervisor, industrial engineer, industrial technician, and quality engineer.

Graduates of Applied Engineering Management will be able to relate terminology, techniques and methodology to applied technical managerial concepts; demonstrate the ability to formulate and apply technical problem solving and managerial concepts; and be able to apply the concepts of mathematics and the physical sciences to solve technical problems. The BS degree program in Applied Engineering Management is accredited by the Association of Technology, Management, and Applied Engineering.

GRAPHIC COMMUNICATIONS MANAGEMENT
Graduates of the Graphic Communications Management program are prepared for a balance of technical skills and managerial competence to obtain successful careers in the printing and publishing industries. This four-year degree program provides up-to-date instruction for a high tech future in the third largest of manufacturing industries.

Graduates of the Graphic Communications Management program will demonstrate advanced competencies in printing and publishing processes and procedures. They will demonstrate technical competence during a cooperative education experience; demonstrate an understanding of printing processes and methods; and demonstrate expertise in electronic and Web publishing.

CAREER AND TECHNICAL EDUCATION
Engineering/Technology Education Option
Graduates of the Engineering/Technology Education option of the B.S. degree program in Career and Technical Education are prepared for teaching careers at the middle school and high school levels. An Engineering/Technology Education teacher is prepared to enjoy a career that is rewarding in many ways. The opportunity to plan and guide the learning experiences of students in the use of robots, computers and other “high tech” equipment in problem solving and production activities are rewards found in few other professions.

Graduates of the Engineering/Technology Education Option of the Career and Technical Education program will complete a student teaching experience in a professional setting; will be able to prepare a portfolio that includes instructional material development, samples of assessment and a professional growth plan; and will be able to demonstrate technical competence in the areas of 1) basic engineering/technology, 2) civil engineering/technology, 3) electrical engineering/technology, and 4) mechanical/industrial engineering technology.

Technical Education Option
Graduates of the Technical Education option of the B.S. degree program in Career and Technical Education are prepared for teaching careers in secondary schools and post-secondary technical colleges in technical areas such as: computer electronics, computer aided drafting (CAD), graphic arts and other technical occupational areas. An option is also offered in Occupational Training Development for those interested in training for business and industry.

Graduates of the Technical Education Option of the Career and Technical Education program will be able to plan and implement instruction for technical education courses; be able to develop and analyze assessment instruments for technical education courses; be able to develop and apply appropriate teaching strategies for technical education courses; be able to complete a Practicum in Career and Technical Teaching in a professional setting; and will be able to demonstrate occupational/technical competence by obtaining discipline-specific expertise.

Occupational Training and Development Option
Graduates of the Occupational Training and Development option of the B.S. degree program in Career and Technical Education are prepared to plan and implement instruction for technical courses in a business and industry setting; are able to develop and analyze assessment instruments for technical courses; are able to develop and apply appropriate teaching strategies for technical courses; and are able to complete a Practicum in Career and Technical Teaching.

The BS program in Career and Technical Education is accredited by the National Council for Accreditation of Teacher Education.

ASSOCIATE OF APPLIED SCIENCE
The Department of Applied Engineering and Technology also offers Associate of Applied Science degree programs (two-year programs) in Technology and Career and Technical Education. The Associate of Applied Science degree in Technology offers the student a choice of technical concentration in four options: Computer Aided Drafting, Computer Electronics, Digital Imaging Design, and Quality Assurance. The AAS degree program in Technology is accredited by the Association of Technology, Management, and Applied Engineering.
ASSOCIATE OF APPLIED SCIENCE - TECHNOLOGY

Computer Aided Drafting
Graduates of the Computer Aided Drafting (CAD) program option are prepared for careers as drafters or designers who use computer aided drafting and design systems to generate drawings. Graduates obtain jobs in technology based businesses.

Graduates of the CAD option of the AAS in Technology program will be able to apply 2D software applications to communicate and solve design problems; apply 3D software applications to communicate and solve design problems; and will be able to convert orthographic and pictorial sketch information into detailed 2D/3D Computer Aided Drafting drawings that meet or exceed current industry standards.

Computer Electronics
Graduates of the Computer Electronics (CE) program option are prepared for rewarding careers as computer electronic technicians in the public and private sector. Computer Electronics program graduates are qualified to obtain jobs in a wide variety of information technology, manufacturing and service industries. These jobs require skilled technicians for installing, troubleshooting and maintaining microprocessor-based systems, programmable logic controllers, computer hardware and software.

Graduates of the CE option of the AAS in Technology program will demonstrate fundamental knowledge in electricity/electronics at the technician’s level; demonstrate proficiency in basic computing skills; demonstrate proficiency in basic networking skills relevant to LAN/WAN environments; and demonstrate effective communication skills while conveying information to technical and non-technical audiences.

Digital Imaging Design
Graduates of the Digital Imaging Design (DID) program option are prepared with skills to create well designed images and documents for the printing and publishing industries and for the World Wide Web.

Graduates of the DID option of the AAS in Technology program will demonstrate competency in digital imaging design processes and procedures; be able to create documents for publication using software common to the industry; be able to create documents for the world-wide-web using software common to the industry; and will demonstrate competence in the common printing process.

Quality Assurance
Graduates of the Quality Assurance (QA) program option are prepared for careers in technology based businesses as quality assurance technicians. Their task is to assist in controlling and monitoring the process so that a quality product is produced.

Graduates of the QA option of the AAS in Technology program will demonstrate proficiency in the fundamentals of practical statistical methods as applied to quality concepts and techniques; apply principles and make calculations in the areas of sampling and reliability; and will be able to anticipate, recognize, and evaluate the impacts of quality assurance efforts.

ASSOCIATE OF APPLIED SCIENCE - CAREER AND TECHNICAL EDUCATION
The Career and Technical Education associate of applied science degree program is designed for in-service technical teachers employed in area technical centers and post-secondary technical schools. Graduates of the Career and Technical Education AAS degree program will be able to plan and implement instruction for technical education courses; develop and analyze assessment instruments for technical education courses; and complete a Practicum in Career and Technical Teaching.

MINORS

ENDORSEMENT/CERTIFICATES
An endorsement in Instructional Computer Technology, a university certificate in Land Surveying, and a Career and Technical Education certificate program for in-service technical teachers are also offered by the Department of Applied Engineering and Technology.

Accelerated 3+2 Dual Degree Program
CIP Code: 15.0612

Students accepted to the 3+2 Accelerated Dual Degree Program
are able to complete their B.S. degree and M.S. degree within
5 calendar years because of the accelerated curriculum and
because 9 semester hours of graduate coursework will apply
to both the undergraduate B.S. degree and the graduate M.S.
degree. Only undergraduate students of proven academic ability
will be considered for the program. Students should be aware
that, in order to maintain their progress in the accelerated 3+2
program, careful coordination with their advisor is required.
Depending upon undergraduate progress at the time of 3+2
admission, some summer-school classes may be needed.

Admission Requirements:
Students interested in this option must satisfy all the following:
1. Junior or Senior standing
2. Overall grade point average (GPA) of at least 3.0 at the
time of admission to the 3+2 program
3. Approval from department and Graduate School (see the
form at http://gradschool.eku.edu/graduate-school-

**Accelerated 3+2 Dual Degree Program**

CIP Code: 52.2001

Students accepted to the 3+2 Accelerated Dual Degree Program are able to complete their B.S. degree and M.S. degree within 5 calendar years because of the accelerated curriculum and because 9 semester hours of graduate coursework will apply to both the undergraduate B.S. degree and the graduate M.S. degree. Only undergraduate students of proven academic ability will be considered for the program. Students should be aware that, in order to maintain their progress in the accelerated 3+2 program, careful coordination with their advisor is required. Depending upon undergraduate progress at the time of 3+2 admission, some summer-school classes may be needed.

**Admission Requirements:**

Students interested in this option must satisfy all the following conditions:

1. Junior or Senior standing
2. Overall grade point average (GPA) of at least 3.0 at the time of admission to the 3+2 program
3. Approval from department and Graduate School (see the form at http://gradschool.eku.edu/graduate-school-forms)

Department of Communication

Chair
Dr. Elizabeth Hansen
(859) 622-1871
Combs 317

Faculty

The Department of Communication offers four-year Bachelor of Arts degree programs in four areas: Broadcasting and Electronic Media, Communication Studies, Journalism, and Public Relations.

Department Goals

The Department of Communication’s student-centered program seeks to transform lives through excellence in instruction, advising, scholarship, and service. The department strives to produce creative and effective communicators by providing cutting-edge programs emphasizing hands on and practical learning. Empowered by this experience, students are prepared to work, lead and serve in a global society.

Program Objectives

Broadcasting and Electronic Media

Graduates of the Broadcasting and Electronic Media program pursue careers in the broadcasting/film industry, as well as in cable companies, industrial and corporate video facilities, advertising agencies, and production houses. Students in the General Option must demonstrate excellence in their ability to produce and edit either audio or video material to create a variety of projects. Students in the News Option must demonstrate excellence in gathering information, writing, and visual story-telling that meets accepted journalistic standards using a variety of visual platforms. Students in the Film Techniques and Technology Option must demonstrate excellence in writing, visualizing, shooting, editing, and cinematic story telling.

Journalism

Graduates of the Journalism program find jobs with newspapers, newsletters, magazines, online publications, businesses, governmental public information offices, and advertising firms. Journalism majors must be able to accurately gather information, analyze it, and present it to audiences using a variety of media platforms.

Public Relations

Graduates of the Public Relations program pursue careers with corporations, non-profit organizations, education, government, and public relations agencies. Activities include providing appropriate counsel, writing and producing news releases, speeches and newsletters, using social media and planning events. Students must demonstrate excellence in research, planning, communication and evaluation of public situations using a variety of platforms to meet standards for public relations education as published by the Public Relations Society of America.

Communication Studies

Graduates of the Communication Studies (CMS) program pursue careers in labor relations, human resources, tourism, banking, corporate relations, sales, and many other professional contexts. Communication Studies students learn how to successfully demonstrate and promote effective human communication, including relationship building and maintenance, resolving conflict, persuading and negotiating, professional speaking, communication training and development, and leadership skills. CMS students must exhibit cognitive and behavioral learning by demonstrating (a) sufficient knowledge about various
human communication processes and (b) satisfactory skills related to communication competency.

MINORS

The department also offers minors in Advertising, Broadcast News, Broadcasting and Electronic Media, Communication Studies, Dispute Resolution, Journalism, Public Relations, and Visual Media.

MEDIA PRODUCTIONS

The student newspaper, The Eastern Progress, is housed in the Department of Communication. Numerous video productions and films are also produced within the department. Majors and non-majors can receive academic credit for work on some productions.

REQUIREMENTS

Some courses may require special skills and equipment such as the ability to keystroke a minimum of 25 words per minute. Instructors will notify students of these requirements at the first class meeting.

Students may earn up to 16 credit hours toward their degree by enrolling in cooperative education courses. Credit for additional practical experience may be earned through practicums. Students majoring or minoring in the Department of Communication are required to attain a minimum grade of “C” in all courses (core and supporting) for a major or minor and a 2.25 or better GPA in all courses (core and supporting) required for the major or minor.

DEPARTMENT OF MILITARY SCIENCE AND LEADERSHIP

(ARMY ROTC)

Lieutenant Colonel Ralph Hudnall
Chair and Professor of Military Science
524 Begley, (859) 622-1205, Ralph.hudnall@eku.edu

Military Science and Leadership Faculty
Major Grant Montgomery, Mr. Allen Back, Major Jamie Carta, Master Sergeant Michael Davenport, Mr. Richard Sirry, Sergeant First Class Randy Shorter, Mr. Matt Palumbo, Major Eddie Simpson at the University of the Cumberlands, and Major Clifton Goins at Union College.

Reserve Officer Training Corps (ROTC)

Getting a degree doesn’t necessarily guarantee employment, however, taking Army ROTC will. The Reserve Officer Training Corps (ROTC) is a premier leadership-training program that prepares you to be a leader in any organization or business. ROTC enhances any Bachelors or Masters Degree program by making you better at time management, setting goals, making decisions, building teams, influencing others, and achieving success. The skills you develop in ROTC give you an advantage over your job-seeking peers; and at the end of the program you will have a full-time job waiting for you as a Commissioned Officer in the United States Army or part time in the Army Reserve or National Guard.

Career Opportunities

Students who graduate from Eastern’s Army ROTC program are commissioned as Second Lieutenants and serve with other dedicated young men and women in our nation’s defense. As new Lieutenants, officers serve in a variety of branches, such as Aviation, Armor, Infantry, Transportation, Military Police, Engineers, as Army Nurses, to name but a few, and have the opportunity to travel worldwide. Starting salary for an active duty Lieutenant is over $40,000, plus full individual and family medical coverage and 30 days paid vacation annually. For those who desire only a part-time commitment, the Guaranteed Reserve Forces Duty option gives students assurance they will be able to serve their country from home, adding stability to their chosen civilian career.

Leadership Development

EKU’s Department of Military Science and Leadership has a proud reputation dating back to 1936. The program has commissioned over 2,200 officers. The program’s unique
approach to leadership development gives each student multiple opportunities to refine their own leadership skills and receive individualized performance feedback. Training is designed around a hands-on, experiential learning curriculum. Besides learning how to lead, students build their confidence by learning to rappel, negotiate EKU’s Challenge Course, fire the M-16 rifle and/or M-4 Carbine, complete water survival training, and other adventure type activities. Students also learn to live the 7 Army Values – Loyalty, Duty, Respect, Selfless Service, Honor, Integrity, and Personal Courage by demonstrating these values as they participate in the Cadet Battalion, the Pershing Rifles Drill Team/Color Guard, Ranger Company, and Raider Team.

Scholarships and Simultaneous Membership
Eligible students may compete for a variety of ROTC Scholarships available on-campus and through the Army Reserves and Army National Guard. These fully funded scholarships pay 100% tuition, a $1,200 annual book allowance, and a $300-$500 monthly tax-free living allowance. Four-year scholarship students also receive free room and board. Members of the National Guard or Army Reserves who join ROTC under the Simultaneous Membership Program (SMP) may also receive a $350 monthly SMP Kicker in addition to the tax-free living allowance, Montgomery GI Bill benefits, and E-5 drill pay.

Eligibility and Obligations
Students may enroll in any of the MSL 100-200 level courses without obligation. Students who desire to seek a commission must sign a contract before entering the Advanced Leadership Course (MSL 300-400 courses); they must also meet certain age, physical fitness, medical, citizenship, security clearance and military experience requirements. Military experience can be satisfied in a variety of methods (check with the ROTC Scholarship and Enrollment Officer at (859) 622-1215 for details). Students contracting into the Advanced Leadership Course will incur a military service obligation upon graduation.

Scholar-Athlete-Leader
Becoming an Army Officer doesn’t just happen; it requires a level of commitment, determination, and selflessness that few civilian careers will ever demand. Army Officers are intellectually curious, mentally adroit, physically robust, and possess a willingness and passion to take charge and make the right things happen. If you are a Scholar-Athlete-Leader who wants to join the world’s most sophisticated Army, then join EKU ROTC— “Where Leadership Excellence Begins.”

Minor

MINOR IN MILITARY LEADERSHIP (ARMY)

Requirements...............................................................21 hours
A minor in Military Leadership is available to students from any College who wish to obtain a commission as an officer in the United States Army, Army Reserve, or Army National Guard. Students must satisfactorily complete both the Basic Course and the Advanced Course requirements. The Basic Course requirement is to complete either 1) Basic Training or 2) The Leader Training Course or 3) MSL 101, 102, 201, and 202, or 4 years of JROTC. The Advanced Course requirement is 21 hours of advanced military science and leadership (MSL 301, 302, 303, 310, 401, 402).

AIR FORCE RESERVE OFFICER TRAINING CORPS (AFROTC)

Lt. Col. Greg Franklin
Commander, AFROTC Detachment 290 and Professor of Aerospace Studies
University of Kentucky (Host School)
859-257-7115

AIR FORCE Faculty
Capt. J. Colella, 1st Lt. J. Cozad

Air Force Reserve Officer Training Corps provides a means for college students to pursue an Air Force commission as an active duty officer while achieving their academic goals in their chosen fields of study. AFROTC provides the Air Force with educated officers and provides students with well-paying, challenging positions after graduating from college. Air Force ROTC improves and strengthens the qualities of decision-making, responsibility, and maturity in its students and helps them develop lasting leadership skills.

Commission and Active Duty Requirements
All students who successfully complete the 4-year AFROTC program will be commissioned as Second Lieutenants in the active duty Air Force. Once commissioned, officers typically incur a four-year service commitment. Some career fields, like flying operations, require service commitments ranging from 6-10 years.

Admission to the Program
The two major phases of the 4-year curriculum are the General Military Course (GMC) and the Professional Officer Course (POC). The GMC covers an introduction to the contemporary Air Force and the history of air power and is usually completed during the first two years of college.

The GMC is open to all full-time students. Those enrolled in this program are required to participate in a weekly one-hour academic class (at the University of Kentucky), a weekly two-hour leadership laboratory (at UK), and three one-hour physical training sessions per week (at EKU or UK depending on class size). The leadership laboratory provides practical training in areas such as military customs and courtesies, uniform wear, drill and ceremonies, and group leadership projects. GMC students incur no military obligation unless they have been selected for and accepted an AFROTC scholarship. There are limited opportunities for college sophomores to start the GMC by enrolling in the freshman and sophomore courses simultaneously (contact the Professor of Aerospace Studies for approval).

Students interested in enrolling in the GMC should register for the AFROTC academic course (AFS 111/113 and leadership laboratory (AFS 112/114) in the same manner they register for other college courses at EKU. Note: Scheduled physical training sessions are part of the leadership laboratory curriculum.

The last two years of the AFROTC curriculum is called the Professional Officer Course (POC) and is usually completed during the student’s junior and senior year in college. There are limited circumstances under which a portion of the POC can be completed as a graduate student (contact the Professor of Aerospace Studies for approval). The POC curriculum covers Air Force leadership...
and management, U.S. defense policy, and military law.

Entrance into the POC requires completion of the GMC curriculum and competitive selection for attendance at a 4-week field training encampment held in the summer immediately after completing the GMC.

MINOR IN AEROSPACE STUDIES

Requirements.................................................................19 hours

AFS 311, 312, 313, 314, 411, 412, 413, 414, and three hours of an elective approved by the Dean of the College of Business and Technology and the Professor of Aerospace Studies.
SCHOOL OF BUSINESS

EKU’s School of Business is comprised of the Department of Accounting, Finance, and Computer Information Systems; the Department of Management, Marketing, and Administrative Communication; and the Master of Business Administration Program.

MISSION OF EKU’S SCHOOL OF BUSINESS

EKU’s School of Business provides quality accredited business programs that generate educational and experiential opportunities for students, businesses, and the professional community in a technologically dynamic global environment.

VISION OF EKU’S SCHOOL OF BUSINESS

EKU’s School of Business...a premier teaching and learning center...enhancing students’ lives, transforming communities, making a difference!

GOALS OF EKU’S SCHOOL OF BUSINESS

• Provide high quality teaching
• Provide excellent advising services
• Recruit and retain faculty members who are academically or professionally qualified as defined by AACSB
• Emphasize its commitment to stewardship of place by increasing partnerships, student projects, and involvement with business, community, and educational entities

Graduates of EKU’s School of Business (the undergraduate and graduate programs in business administration at Eastern Kentucky University) have joined the ranks of the nation’s top business schools. EKU’s School of Business, located in the College of Business and Technology, has received accreditation by the Association to Advance Collegiate Schools of Business International (AACSB) for its undergraduate and graduate programs in business administration. Less than 5 percent of the world’s business schools have achieved this elite distinction.

AACSB International accreditation represents the highest standard of achievement for business schools worldwide and is the hallmark of excellence in business education. Institutions that earn accreditation confirm their commitment to quality and continuous improvement through a rigorous and comprehensive peer review. Founding members of the agency include many Ivy League Schools, including Columbia, Cornell, Dartmouth, Harvard and Yale; and such top-ranked schools as the University of California at Berkeley, the University of Chicago and Northwestern also hold AACSB accreditation.

To achieve accreditation, EKU’s School of Business satisfied a wide range of quality standards related to strategic management of resources, interactions of faculty and students in the educational process, and achievement of learning goals in degree programs.

BETA GAMMA SIGMA

Founded as a national organization in 1913, Beta Gamma Sigma is an international honor society that provides the highest recognition a business student anywhere in the world can receive in an undergraduate or master’s program at a school accredited by AACSB International. With the global expansion of accreditation by AACSB International, membership is no longer limited to those who have studied in the U.S. or Canada.

The mission and objectives of Beta Gamma Sigma are to encourage and honor academic achievement in the study of business and personal and professional excellence in the practice of business, to foster an enduring commitment to the founding principles and values of honor and integrity, to encourage the pursuit of wisdom and earnestness, to support the advancement of business thought and practice to encourage lifelong learning, and to enhance the value of Beta Gamma Sigma for student and alumni members in their professional lives.

To be eligible for Beta Gamma Sigma, students must be in the top 7 percent of the junior class, top 10 percent of the senior class, or the top 20 percent of the MBA program.

BACHELOR OF BUSINESS ADMINISTRATION AND BACHELOR OF SCIENCE IN RISK MANAGEMENT AND INSURANCE DEGREE REQUIREMENTS

General University requirements, as well as specific course requirements set forth in the description of curricula, must be met by students completing associate and baccalaureate business programs administered by the College of Business and Technology. See programs under each department for major requirements. Student Success Seminar (BTO 100) is required in all Business programs. The requirements for the Bachelor of Business Administration (BBA) and the Bachelor of Science in Risk Management and Insurance degrees are as follows:

1. A cumulative 2.0 GPA must be maintained in all work taken in the BBA and BS Risk Management and Insurance programs.
2. Hours earned by correspondence study are accepted upon written approval of the Dean. However, not more than 25 percent of the total hours applied toward a degree may be earned via correspondence or telecourse instruction, military credit, or credit by examination.
3. To ensure the integrity of business programs to provide a sound overall educational experience, not more than 50 percent of undergraduate course work shall be completed in the EKU’s School of Business programs. However, up to nine semester hours of economics and up to six semester hours of mathematics/statistics will not be included in this 50 percent. Decisions to allow students to take more than 50% of undergraduate course work within EKU’s School of Business will be made judiciously.
4. At least 50 percent of the business course credit hours required for the BBA and BS Risk Management and Insurance degrees must be completed at EKU.
5. The BBA and BS Risk Management and Insurance degrees will only accept credits for business courses at the upper division level transferred from other colleges and universities accredited by the Association to Advance Collegiate Schools of Business International (AACSB). As completely as possible, it will apply these credits to the student’s degree...
program. To ensure that they earn appropriate credits, students are strongly advised to see the College of Business and Technology Advising Office and also obtain the Dean’s approval prior to enrolling in any course work they plan to transfer. The University will not take responsibility for courses transferred without prior approval.

6. A “C” or better is required for the BBA programs and the B.S. in Risk Management and Insurance degree in the following courses: (See specific degree requirements for each major)

**BACHELOR OF BUSINESS ADMINISTRATION**

**BBA Supporting Courses:** CIS 212 or CSC 104, ECO 230 and 231, MAT 107 and/or 211, QMB 240 (if required by major), and PSY 200 or 200W or SOC 131.

**BBA Pre-Business Core:** ACC 201, 202, GBU 204, and QMB 200.

**BBA Core:** CCT 300W, CIS 300, FIN 300, MGT 300, 370, MKT 300, and GBU 480.

**BACHELOR OF SCIENCE IN RISK MANAGEMENT AND INSURANCE**

**BS Supporting Courses:** MAT 211 (or MAT 107 combined with QMB 240) and ECO 230;

**BS Pre-Business Core:** ACC 201, 202, GBU 204, and QMB 200.

**BS Risk Management and Insurance Core:** CCT 300W, CIS 300, FIN 300, MGT 300, MKT 300, INS 370, and INS 374.

CCT 300W should be taken in first six hours of upper division course work. BBA students must complete all business core courses prior to taking GBU 480. Students are urged to review carefully all course prerequisites, including the 60-hour rule before scheduling 300-level business courses. Failure to satisfy prerequisites may result in the student being administratively withdrawn from courses.

7. At least 12 hours in the major must be earned at EKU. A grade of “C” or better is required for each course in the major.

8. Students must choose a major field at the time they enter a School of Business program. Students must meet with and have schedules approved by the academic advisor.

9. A second major can be completed in EKU’s School of Business or in another program of the University. A third business major is not permitted. Because business students take the business core, they are limited to selected minors offered by EKU’s School of Business. Free elective requirements for bachelor’s degree programs in EKU’s School of Business cannot be met by choosing courses taught in Business. (See No. 4, BBA and BS Risk Management and Insurance under degree requirements.)

10. Students choosing to double-major must declare the BBA or BS Risk Management and Insurance degree as the first major.

**PREREQUISITE STRUCTURE IN EKU’S SCHOOL OF BUSINESS**

EKU’s School of Business curriculum is highly structured and carefully integrated. The content and methodology utilized in upper-division courses are based upon the assumption that students enrolled in these courses have matriculated through a specific series of lower-division courses which provide students with competencies needed for successful participation in upper-division business courses.

**ENROLLMENT IN UPPER-DIVISION EKU’S SCHOOL OF BUSINESS COURSES**

To enroll in the following upper-division **business-core** courses (CCT 300W, CIS 300, FIN 300, MKT 300, MGT 300, 370, and GBU 480) students must have:

1. completed ACC 201, 202, and ECO 230 with a grade of “C” or better in each course;
2. completed a minimum of 60 hours (or enrolled in enough additional course work to complete their 60th credit hour) with a cumulative 2.0 GPA; and
3. met all specific prerequisite(s) for each course.

To enroll in other upper-division business courses, students are required to have met the specific prerequisite(s) for each course and have earned an overall 2.0 GPA. Students majoring in other departments whose planned curriculum includes selected business courses (by virtue of agreements of sponsoring departments with a business program) must also adhere to all specified course prerequisites. Students majoring in programs other than business cannot earn more than 25 percent of their total degree requirements in courses with business prefixes.

**Course Repeat Policy**

Courses may be repeated **once**. Second or subsequent repeats (maximum of three enrollments) must be requested on a College Exception form approved by the Dean of the College. Exceptions will only be considered under unusual circumstances. An enrollment is counted as a repeat if a previous enrollment in the course resulted in a passing or failing grade or a “W” due to withdrawing from the course.

**BACHELOR OF BUSINESS ADMINISTRATION AND BACHELOR OF SCIENCE IN RISK MANAGEMENT AND INSURANCE**

The Department of Accounting, Finance, and Information Systems provides a Bachelor of Business Administration and a Bachelor of Science in Risk Management and Insurance which offer unique programs of study. The BBA and BS in Risk Management and Insurance are the only undergraduate insurance degrees in Kentucky. Students in these programs must meet prerequisites as noted.

**BACHELOR OF SCIENCE IN BUSINESS AND MARKETING EDUCATION/TEACHING**

The Department of Management, Marketing, and...
Administrative Communication, in cooperation with the College of Education, provides programs leading to certificates qualifying graduates to teach business subjects in grades 5-12. For admission requirements, see Admission to Teacher Education and Admission to Student Teaching sections in the College of Education portion of this Catalog. Also see Policies and Requirements sections in the same portion of this Catalog. Students in these programs must meet the business prerequisites as noted. Students interested in business teacher certification should consult the Chair of the Department of Management, Marketing, and Administrative Communication.

Business and Marketing Education/Teaching requires all students to meet the general education knowledge for initial teacher preparation requirements (see College of Education section of this Catalog).

TRANSFER STUDENTS AND STUDENTS FROM OTHER EKU COLLEGES

BBA and BS program requirements for transfer students are the same as those for students enrolling initially at EKU. Transfer students must have completed at least 60 semester hours of course work and all the requirements listed above to be eligible for upper-division business courses.

EKU’s School of Business considers lower-division credits transferred to EKU as lower division, even if EKU offers what appears to be a comparable course at the upper-division level. However, the dean of the College of Business and Technology may accept individual courses at EKU if the courses are validated using acceptable validation techniques. CLEP® and departmental exams are examples of possible validation techniques. With specified courses in real estate and accounting, the successful completion of advanced courses in the subject field for which the transfer course is a foundation or supporting requirement is an acceptable validation method. A successfully validated lower-division transfer course may not be utilized to fulfill the 43-hour upper-division graduation requirement.

CERTIFIED PUBLIC ACCOUNTANT (CPA)

The Kentucky legislature has mandated that students taking the CPA exam in the year 2000 and thereafter must have completed 150 semester hours. Therefore, accounting graduates seeking the CPA designation will need to complete additional undergraduate or graduate hours.

Since its founding in 1906, Eastern Kentucky University has maintained a strong interest in and commitment to the preparation of teachers.

The Professional Education Programs at Eastern Kentucky University are dedicated to preparing the highest quality educators and related professionals for Kentucky and beyond. Our graduates integrate content, effective pedagogical skills, and dispositions that foster life-long growth and learning. Being true to our heritage as a school of opportunity, Eastern Kentucky University provides a climate that supports, challenges, and enriches students aspiring to careers in a diverse society.

Professional Education at Eastern Kentucky University is a university-wide function. The programs of elementary education (P-5), middle grades education (5-9), special education, interpreter training, deaf and hard of hearing, interdisciplinary early childhood education and communication disorders are located in the College of Education. The college also has graduate degree and certificate programs in most of these areas, as well as in Counseling and Educational Leadership. Candidates in these programs are advised in the College of Education. Secondary teaching programs are located in their respective colleges with candidates receiving academic advisement from the college of their major and educational counseling in the College of Education.

Model Laboratory School is operated as a department in the College of Education to: (1) provide quality and innovative education for its students, P-12; (2) provide pre-service education for prospective teachers in the College; (3) serve as an experimental testing ground for curriculum development and dissemination; (4) provide a setting for research; and (5) provide in-service education for area school systems.

Policies and Procedures

Professional Education Majors
To be recommended for certification, all candidates must meet the requirements for admission to professional education, complete a College of Education approved teaching curriculum, and pass the required PRAXIS tests, PLT exam, or Kentucky test as determined by the major/minor.

General Education Knowledge for Initial Teacher Preparation
All teacher education candidates will possess theoretical and practical understanding generally expected of a person receiving experiences in the liberal arts and sciences. General education for initial teacher preparation includes developing knowledge related to the arts, communications, history, literature, mathematics, philosophy, sciences, and the social studies, from multicultural and global perspectives.

Teacher education candidates are advised to consult with their advisor (and educational counselor as assigned) early in their program for proper course selection in meeting general education knowledge requirements for initial teacher certification and general education requirements as defined by the University. The General Education Knowledge for Initial Teacher Preparation requirements are shown on the Degree Works report in a separate block. Each category must reflect a plus sign to indicate completion of the requirement. General education waivers, core certified statements, or general education certified statements do not apply to this section. All requirements in this area must be met prior to graduation.

Credits
To be applied to degree programs, credits more than eight years old must be validated by the Dean.

Credit for Transfer Work
Allowance of transfer credit by the University Office of Admissions and/or the Office of Academic Advising does not necessarily mean that all such credit will be applied toward admission to professional education or a degree from the College of Education. Therefore, candidates should read and follow closely the transfer credits/courses section in Part Three of this Catalog.
Credit for Transient Work
Undergraduate students or students (candidates) pursuing initial certification in programs housed in the College of Education who wish to take course work at another higher education institution must have prior written approval from their advisor, their department chair, and the Dean of the College if they wish to apply that credit to their degree program. Candidates must be in good academic standing at EKU with an overall GPA of 3.0 or higher to be considered for approval to take a course at another institution. Transient forms are initiated with the Tracking Specialist, Office of Education Services (coeadvising@eku.edu).

Overload
In the College of Education, overloads are discouraged and must be approved by the dean. Requests for overloads must contain the student’s overall GPA and the number of hours being attempted, including those to be taken at other higher education institutions or through correspondence. A candidate must have an overall GPA of 3.0 or higher to be considered for approval to take an overload. Send requests to coeadvising@eku.edu.

Planned Curriculum
Planned curricula in the College of Education are prepared by the Tracking Specialist, Office of Teacher Education Services (Bert Combs 423). Candidates in teaching programs must make application for a planned curriculum upon notification of admission to the Professional Education program. Candidates in non-teaching programs (special education and communication disorders) must apply for a planned curriculum upon completion of the 60th hour for B.S. degrees. Changes in the planned curriculum, initiated on the College Exception form, must include a recommendation for change by the advisor and be approved by the department chair and the Dean of the College. Changes approved verbally by phone or otherwise will not be honored unless the planned curriculum is officially altered to reflect such approval. It is the candidate’s responsibility to register for the proper courses so that all requirements are satisfied at the time of expected graduation. Completion of all course work on the candidate’s planned curriculum is required for graduation.

Progressing in Professional Education
Candidates shall not enroll in any educator preparation program courses restricted to admitted candidates.

Application for Graduation
Candidates must file an application for graduation in the Office of Teacher Education Services (Bert Combs 423). May and August graduates must file an application during the preceding October; December graduates must file an application during the preceding April.

Student Teaching
Since student teaching is especially demanding, candidates are not allowed to take any other courses (including correspondence and transient courses) while student teaching. Credit for unfinished correspondence course(s) will not be allowed during the student teaching semester.

Retroactive Permission
Candidates should not ask for retroactive permission.

Admission to the College of Education
• Upon admission to the College of Education, students are assigned an advisor. Candidates must enroll in Academic Orientation, EDO 100, during the first semester. Candidates are advised to enroll in EDF 103, Introduction to Education, during their freshman year and in EDF 203, Schooling and Society, during their sophomore year. However, students should not enroll in EDF 103 until all developmental requirements have been met. EDF 310 will be required for students who have an equivalent transfer course for EDF 203.
• Secondary education majors will follow the prescribed curriculum and requirements of another academic college and the policies for professional education stated elsewhere in this Catalog. The College of Education cooperates closely with the other colleges in matters pertaining to admission to professional education and student teaching.

OFFICE OF EDUCATIONAL RESEARCH, ASSESSMENT AND TECHNOLOGY

Director
Dr. Paul Erickson
(859) 622-1265
Bert Combs, Room 416

Preparing Highly Effective Professional Educators
Preparation of professional school and community personnel is a dynamic and complex activity, and one that requires the College of Education to plan and evaluate on a continuing basis. The Office of Educational Research, Assessment and Technology collects and analyzes data on applicant qualifications, candidate and graduate performance, and unit operations to evaluate and improve professional education programs at EKU. The unit, with involvement of the internal and external community implements an assessment system that reflects the conceptual framework, program goals, and incorporates candidate proficiencies outlined in national and state standards.

The unit has a responsibility to ensure that professional education programs at EKU are of the highest quality. Meeting this responsibility requires using information technologies in the systematic gathering and evaluation of information and making use of that information to strengthen the professional education programs at EKU.

To teach, to learn, to help others teach and learn.

The Office of Educational Research, Assessment and Technology has responsibility for the management, development, and integration of instructional technology, distance learning initiatives, and the College of Education Internet/Intranet/Web connections and presence. The Office provides leadership in the ongoing process of integrating, developing, and managing the College Knowledge Initiative; oversees the integration, development, and implementation of short- and long-range strategic plans for information technology in the College; prepares user hardware/software documentation and provides user training on computer hardware/software for the College of Education.
OFFICE OF TEACHER EDUCATION SERVICES
Advising, Teacher Admission, Field Placement, and Certification

To teach, to learn, to help others teach and learn.

ADVISING - coeadvising@eku.edu
Bert Combs 423
(859) 622-1828

The Office of Teacher Education Services offers academic advisement and information designed to help undergraduate candidates to begin or continue their studies in the College of Education. The certification officer will make referrals and serve as a liaison to graduate coordinators for candidates obtaining additional certifications and/or ranks.

TEACHER ADMISSION - teacher.admissions@eku.edu
Bert Combs 425
(859) 622-1828

The Office of Teacher Education Services is responsible for admitting candidates to professional education programs at EKU. In addition, certification applications for teachers and school personnel (principals, supervisors, superintendents, counselors, pupil personnel directors, business administrators, librarians, and speech pathologists) are processed through the Office of Teacher Education Services.

To be recommended for certification, all candidates seeking initial teacher certification, regardless of the college in which they are enrolled, must meet the requirements for admission to professional education, complete an approved teaching curriculum, and pass the required PRAXIS tests, PLT exam, or Kentucky test as determined by the major/minor.

Candidates are advised to enroll in EDF 103, Introduction to Education, during their freshman year and in EDF 203, Schooling and Society, during their sophomore year. However, candidates should not enroll in EDF 103 until all developmental requirements have been met. EDF 310 will be required for candidates who have an equivalent transfer course for EDF 203.

ADMISSION REQUIREMENTS and APPLICATION PROCESS

Admission to Professional Education
Admission to the University (academic college) is not synonymous with admission to professional education. Candidates will apply for admission to professional education in the College of Education’s Office of Teacher Education Services (Combs 423). Formal applications will be accepted based upon completion of the following requirements:

A. Hours

• Candidates must complete 30 hours of credit (excluding developmental level courses).

B. Admission Test Requirement

• Candidates must have a passing score on the following test:

PRAXIS I - Preprofessional Skills Test (PPST) Reading 176; Math 174; Writing 174

C. GPA and Grade Requirements

• Minimum overall 2.75 GPA on all undergraduate course work is required for admission and program exit.
• Minimum 2.75 GPA on college work at EKU is required for admission and program exit.
• A grade of “C” or higher in EDF 203.
• Satisfactory grade in EDF 310 for transfer candidates having completed EDF 203 at another institution.

Undergraduate degree candidate GPA is based on the hours attempted as shown on the official EKU transcript. Post degree certification candidate GPA is based on all undergraduate course work and on the hours attempted as shown on the official EKU transcript.

D. Demonstrate an Overall Disposition Essential to Being an Effective Teacher

• Critical thinking: A grade of “C” or higher in ENG 102 or HON 102 with a grade of “B” or higher in ENG 105 (those earning a “C” must also take ENG 102).
• Creativity: A grade of “C” or higher in EDF 203.
• Collaboration: A grade of “C” or higher in EDF 203.
• Communication: A grade of “C” or higher in CMS 100 or CMS 210.

E. Mathematics Requirement

Candidates must complete a college level mathematics course of MAT 105 or above (exclusive of MAT 201 and 202) with a grade of “C” or higher.

F. Examinations

• Candidates must achieve satisfactory results on examinations taken in EDF 103/310 and 203 and on other examinations which may be required by the Professional Education Admissions Committee.
• Candidates must demonstrate proficiency in oral and written communication including evidence of satisfactory speech and hearing screening. Screening is provided by the Speech-Language-Hearing Clinic in Wallace 278.
• Candidates scoring below minimum requirements on the tests for oral and written communication shall be required to improve their competencies to an acceptable level before admission to professional education. This may include therapy, tutoring, and enrollment in credit or non-credit remediation courses.
• Any deaf/hard of hearing candidate unable to pass the speech and hearing screening who can benefit from remediation should receive it. Documentation concerning remediation and communication competency (oral or manual) must be provided to the Speech-Language-Hearing Clinic. The Clinic, in consultation with faculty of the Deaf and Hard of Hearing Program, will submit a recommendation for consideration for admission to the Office of Teacher Education Services. This should include documentation of communication competence.

G. Recommendations of Professional Dispositions
• Candidates must submit satisfactory pre-service disposition reviews from two EKU faculty members including the EDF 203 or EDF 310 instructor and the advisor or another EKU faculty member.

• Candidates must complete and sign a Candidate Statement of Commitment Regarding Dispositions form.

II. Professional Code of Ethics and Character Fitness Declaration

Candidates must complete and sign a “Personal and Professional Fitness Declaration” form. This process includes a review of the Professional Code of Ethics for Kentucky School Personnel established in 16 KAR1:020.

NOTE: Based on your disclosure, an interview by the Professional Education Admission Committee may be required.

I. Student Behavior

• Candidates must have no physical or psychological impairments that would preclude teaching success.

• Candidates preparing to work in schools as teachers or other professional school personnel must demonstrate dispositions necessary to help all students learn.

• Candidates must demonstrate acceptable social behavior at the University and in the community-at-large.* A candidate interview may be required by the Professional Education Admissions Committee.

• Candidate admission status may be reevaluated if the candidate is placed on either academic or social probation or has a record of criminal conviction(s).* A candidate interview may be required by the Professional Education Admissions Committee.

*The Office of Teacher Education Services will contact the Eastern Kentucky University Office of Judicial Affairs to obtain records of infractions committed by candidates for admission to professional education. The Office of Teacher Education Services may also contact the Administrative Office of the Courts to obtain a criminal records check for each candidate for admissions to professional education.

Progressing in Professional Education

The Office of Teacher Education Services will process the formal “Application for Admission to Professional Education.” The Professional Education Admissions Committee will review applications, supporting documentation, and other relevant materials brought before the committee and will take appropriate action concerning the student’s admission to the professional education program. The candidate will be notified of the committee’s decision.

Candidates shall not enroll in any educator preparation program courses restricted to admitted candidates.

FIELD PLACEMENT
Student Teaching and Field Experiences

ekustudentteaching@eku.edu
Bert Combs 425
(859) 622-1828

• The Office of Teacher Education Services receives and evaluates all applicants for student teaching, determines appropriate disposition of the application, and provides continuous assessment of the applicant’s pre-teaching and teaching experiences during the professional semester.

• This Office recognizes that cultural diversity is a fact of American life and teachers function in a pluralistic cultural environment. Experience in multi-cultural settings provides valuable enrichment for the proper development of effective teachers. That philosophy will guide the candidate assignments.

• Candidates are not allowed to take any other courses (including correspondence and transient courses) while student teaching. Credit for unfinished correspondence courses will not be allowed during the student teaching semester.

• Candidates of senior standing (90 hours or more with a minimum of 12 semester hours residence at EKU) may enroll in student teaching if they have satisfied the following requirements:

Application for Student Teaching

1. Applicants must be admitted to the professional education program prior to the application semester.

2. Applicants must file an application during the first four weeks of the semester prior to the term in which student teaching is desired.

3. Applications filed will be evaluated and processed for approval or disapproval.

Evaluation of application will include in part:

1. The planned curriculum. Each applicant must have an approved planned curriculum on file with the Office of Teacher Education Services.

2. All prerequisites in professional education and pre-student teaching curricula in the applicant’s area as prescribed by the Catalog, must be completed prior to student teaching.

3. Recommendation made by the applicant’s advisor.

4. A record or report from a valid and current medical examination, which shall include a tuberculosis (TB) risk assessment. Candidates with any significant deviation from normal physical and psychological well-being will be referred to a proper examining physician.

5. Professional Code of Ethics and Character and Fitness Declaration. Each applicant must complete and sign a new “Personal and Professional Fitness Declaration” form. Based on your disclosure, an interview by the Professional Education Admission Committee may be required.

6. Behavior that relates to the moral, ethical, social, and personal standards of professional competency. The applicant’s comportment will be subject to review and appraisal by the department responsible for the student teaching recommendation and the College of Education. Applicants must process a criminal background check (KRS.161.042 or changes as adopted).

7. Academic Requirements: Undergraduate degree students’ GPAs are based on the hours attempted as shown on the official EKU transcript. Post degree certification students’
GPAs are based on all undergraduate course work and on the hours attempted as shown on the official EKU transcript.

8. Computer Literacy: Candidates must complete EDF 204, CSC 104, or CIS 212 with a grade of “C” or higher; candidates enrolled in a P-12 music education program will take MUS 384 with a grade of “C” or higher.

Faculty
J. Austin, R. Biggin, J. Bliss, R. Cleveland, P. Erickson, C. Hausman, J. Hearn, T. Shepperson, R. Skepple, S. Thompson, W. Phillips, N. Powell, T. Wallace, and D. West,

To teach, to learn, to help others teach and learn.

The Department of Educational Leadership and Policy Studies offers degree and non-degree graduate programs. The department offers a doctoral degree (Ed.D.) in leadership and policy studies, a Master’s Degree, and a Specialist Degree. Certification programs include the principalship, supervisor, superintendent, and pupil personnel services. Through completion of the degree or certification programs, students may earn a change in their rank status.

DEPARTMENT OF COUNSELING AND EDUCATIONAL PSYCHOLOGY

Chair
Dr. Larry Sexton
(859) 622-1124
Bert Combs 417

Faculty

The Department of Counseling and Educational Psychology offers degree and non-degree graduate programs.

The Counseling and Educational Psychology unit offers graduate programs in school counseling and in mental health counseling. This unit also provides graduate instruction in the common core areas required of many Master’s degree programs in education and related fields, such as human development and learning, tests and measurement, and research. More complete information concerning the counseling programs can be reviewed by accessing the Counseling and Educational Psychology Department website at www.cel.eku.edu/cep/.

DEPARTMENT OF AMERICAN SIGN LANGUAGE & INTERPRETER EDUCATION

Chair
Dr. Laurence Hayes
(859) 622-4966
Wallace 216

Faculty

All students who are accepted by EKU’s Admissions Office and declare their major as Deaf Studies or as ASL and English Interpretation are admitted as “pre-Deaf Studies” or as “pre- Interpretation” majors. However, admission to the University as a “pre-Deaf Studies” or “pre-Interpretation major” does not guarantee admission to the Deaf Studies program or the ASL and
English interpretation program. Specific admission criteria for each program are explained below.

**Transfers from Other colleges and Universities**

Only the freshman and sophomore-level core courses [i.e. courses in ASL (ASL 101, 102, 201, and 202, 225, 210), and interpreting (ITP 215, 220)] may be transferred from other colleges to satisfy requirements for majors or minors within the Department of ASL and Interpreter Education. Courses for which credit is to be transferred must be essentially equivalent to the courses offered at Eastern Kentucky University.

**ADMISSION TO ASL AND ENGLISH INTERPRETATION PROGRAM**

**Admission Criteria**

- GPA of 2.5 or higher by end of semester preceding application.
- ASL 201, 202, and ITP 215, 220 with a grade of “C” or higher and a GPA of 2.5 or higher for these four classes.
- Completed the Degrees of Reading Power Language Test, and
- Completed an admission interview by the ITP Interview Committee.

The ITP Interview Committee will select and rank applicants using the following criteria: 1) signing skills, (2) GPA, (3) score on the Degree of Reading Power Language Test, (4) interview score, (5) disposition score. The ITP Interview Committee will determine the number of students admitted to the program in order to maintain an appropriate student-faculty ratio and based on available resources.

**Application Information**

- Enrollment is limited.
- Application to the ITP does not guarantee acceptance.
- The ITP accepts students for the fall semester of all even years (i.e., 2008, 2010). Deadline for application is March 15th every even year.

**Progression and Retention in the Program**

- A grade of C or higher is required for all ITP and ASL courses with a 2.5 GPA in the major.
- Upon successful and timely completion of ITP 470 Pre-Practicum, a student will be permitted to take ITP 495 Practicum only with written recommendations from the ITP faculty and the department.

**Admission to Deaf Studies Program**

**Admission Criteria**

- ASL 201, 202, 210 with a grade of “B” or higher and
- ASL 225, ITP 215/215W, with a grade of “C” or higher

**Program Goal**

The goal of the ASL and English Interpretation program is to provide a strong foundation for students entering the career of professional interpreting for the deaf and hard of hearing.

**Program Objectives**

The goal of the ASL-English Interpretation Major is to prepare professional interpreters who are competent, ethical, and life-long learners. The objectives (or outcomes) of this program are:

1. Students of the program will develop critical and creative thinking skills.
2. Students of the program will develop competency in ASL and English.
3. Students of the program will possess a generalist level of knowledge in professional issues, theories, and multicultural dynamics related to the interpreter profession.
4. Students of the program will demonstrate ethical and culturally competent decision-making in various interpreter settings.
5. Students of the program will demonstrate at least entry-level competency in interpreting between ASL and English.
6. Students of the program will be able to critically assess their own work and use creative problem-solving to continually develop themselves after they leave the program.

**BACHELOR OF SCIENCE (B.S.) ASL AND ENGLISH INTERPRETATION**

**CIP Code: 16.1603**

**UNIVERSITY GRADUATION REQUIREMENTS**

**Free Electives** .................................................. 6 hours

**TOTAL HOURS TO COMPLETE DEGREE ..........127 hours**

*Note: ASL 101 & 102 are major core courses and will not count toward Gen. Ed. Element 6. Therefore ASL & English Interpretation majors are expected to fulfill Element 6 with courses other than ASL 101 & 102.*
The Deaf Studies program is a multidisciplinary program that provides students with a foundation in American Sign Language (ASL) skills, a broad understanding of Deaf people’s histories, literature, and cultures, as well as knowledge of educational and legal issues affecting Deaf people. It will expand students’ understanding of what it means to be human. The Deaf Studies program is designed to allow students to potentially complete a second major, or minor in another discipline therefore preparing them to specialize in service to Deaf people within their chosen discipline. The Deaf Studies degree does not prepare students to become professional interpreters, or ASL teachers upon graduation. The program may help prepare students to serve the diverse language and cultural needs of Deaf people in their chosen careers. These careers may include counselors, government specialists, community service coordinators/advocates, medical personnel, and law enforcement personnel. This program also prepares students for advanced study in Deaf studies, interpretation, Deaf history, ASL studies, and teaching ASL.

Program Objectives

Upon completion of this program the graduate will: 1) Communicate in American Sign Language beyond an intermediate level (as measured by the SLPI:ASL or ASLPI); 2) Demonstrate a broad knowledge of Deaf people’s histories and cultures; 3) Demonstrate critical thinking skills related to topics in Deaf Studies; 4) Demonstrate analytical and thematic awareness of Deaf arts and literature; 5) Describe the diversity within deaf communities; 6) Explain the history and dynamics of various forms of oppression; 7) Integrate knowledge of Deaf Studies with other disciplines of the students’ choosing.

Minor

AMERICAN SIGN LANGUAGE (ASL) STUDIES

The minor in American Sign Language teaches communication competency in a visual language. Students become knowledgeable about aspects of the hard-of-hearing and deaf community. For careers working with the public, this minor is beneficial for understanding and communicating with the deaf and hard-of-hearing. This minor does not prepare students to interpret, nor fulfill the pre-admission and admission process for the Interpreter Training Program.

Associate Degree in General Studies

The Associate of General Studies degree provides students, especially adult learners, the opportunity to pursue a flexible degree program to meet their unique interests, career goals, and academic needs. Reflecting EKU’s commitment to a liberal arts education, the degree allows students to concentrate in an area of interest while selecting from a wide variety of courses to meet personal, educational, or career goals. This degree is designed for students for whom this will be their first college degree and who wish to advance in their careers, change careers, pursue a lifelong interest beyond their careers, or use the degree as a pathway to a baccalaureate degree. Students who are admitted as “Special Admittance/Conditional Admittance” (see page 10 of the Catalog), will be initially admitted into the Associate of General Studies degree program.

UNIVERSITY GRADUATION REQUIREMENTS

General Education .........................................................36 hours
Standard General Education program (Elements 1-6 inclusive, per Section Four of this Catalog). Students should refer to their DegreeWorks audit for General Education course selections.

Total Hours University Graduation Requirements...........39 hours

MAJOR REQUIREMENTS
• AGS students must earn a cumulative GPA of 2.0 on all work earned at EKU, as well as an overall GPA of 2.0 on combined transfer and EKU graded coursework.
• AGS students must earn at least 15 semester hours at EKU.
• AGS students will declare either a college of focus for their core courses or a departmental concentration prior to registration during the semester in which they register for their 45th hour.
• AGS students must complete an approved 12-hour emphasis with an overall 2.0 GPA within an individual college outside of the General Education requirement.

Core Courses....................................................................12 hours
Courses must be within an individual College and exclusive of general education requirements. The optional departmental concentration (see below) may be substituted for this area.

Education Concentration.........................................................13 hours
EDF 103, SED 104, EDF 203, EDF 204, and EDF 205

Students planning to apply for admission to the Teacher Education Program after completing the AGS degree should also Enroll in CMS 100 or 210, BIO 102 or PHY 102, and HIS 202. Students should confer with a College of Education Advisor to determine the required math course for each specific program.

ADMISSION TO COMMUNICATION DISORDERS PROGRAM

Any student who is accepted by Eastern Kentucky
University’s Admissions Office may declare their major as communication disorders (CD). The student will be assigned to a program advisor and will be classified as a “Pre-CD” major. However, a Pre-CD status does not guarantee admission into the CD undergraduate program. Pre-CD majors will be restricted to enrollment in the following major CDS courses: CDS 275 and 360. To apply for admission to the CD undergraduate program, students must meet the following minimum criteria:

1. at least 27 credit hours earned on 100-level courses or higher,
2. a 3.0 GPA on a 4.0 scale, and
3. at least a 21 composite score on the ACT. Once admitted to the CD program, the student must earn a grade of “C” or higher in CDS 275 or equivalent transferred course before registering for any CDS courses in the major requirements. Transfer students do not have to be enrolled in university courses at the time of submitting an application for admission. The CD program admits 30 new undergraduate students each year. Applicants are ranked by the GPA x ACT composite score. The most qualified applicants are admitted. Application forms are available from Wallace 245 or visit the CD program website at ed.edu; telephone (859) 622-4442. Completed applications and all required documentation must be submitted by February 14 to the CD Program Coordinator.

It should be noted that enrollment in the graduate program in Communication Disorders is also limited. Admission into the graduate program does not guarantee admission into the graduate program. Refer to the Graduate Catalog for information on admission to the graduate program.

Students must purchase professional liability insurance prior to enrollment in CDS 374, 474, and 541. Further, that insurance coverage must be maintained throughout enrollment in these courses.

**College of Health Sciences**

Dr. Deborah Whitehouse, Dean  
Rowlett 203

**MISSION STATEMENT**

The mission of the College of Health Sciences is to prepare outstanding health and human service professionals and leaders who are critical and creative thinkers and effective communicators.

**VISION**

The College of Health Sciences will be nationally recognized as a center for outstanding teaching, scholarship, service and educational outreach by actively shaping and improving the health and well being of individuals, families, and communities.

**CORE VALUES**

The College adheres to the University Core Values set forth in the 2011-2015 Strategic Plan as follows:

- Excellence and innovation through intellectual rigor and academic excellence among faculty and students
- Dignity and diversity through culturally sensitive human services and care
- Civic responsibility and civility through community and professional service
- Opportunity and access through learner-focused services and outreach
- Collaboration through interdisciplinary and cooperative efforts among faculty, students and the community
- Ethical and professional responsibility

**GOALS**

**Academic Planning Group Strategic Directions:**

**EKU Goal 1: Maximize student success**

**CHS SD 1.1:** The College of Health Sciences will provide nationally recognized, high quality, accredited, and approved programs as evidenced by our graduates meeting or exceeding national pass rates (or national pass rate means) on licensure exams, certifications, and standardized exam results. (EKU 1.2)

**CHS SD 1.2:** The College of Health Sciences will support and review faculty/student scholarly activities. (EKU 1.4)

**CHS SD 1.3:** All college departments will have a professional development plan. (EKU 1.4)

**CHS SD 1.4:** All college departments will assess teaching effectiveness and use the results to make improvements. (EKU 1.4)

**CHS SD 1.5:** All college departments will assess advising effectiveness, either through the advising survey or tool of their choosing, and then use the results to improve advising within the department. (EKU 1.4)

**EKU Goal 2: Build and sustain the University’s capacity for excellence**

**CHS SD 2.1:** The Administrative Council for the College of Health Sciences will annually examine measures related to our financial effectiveness to include: workload, class size, programs, and faculty and staff issues. (EKU 2.1)

**CHS SD 2.2:** The College of Health Sciences will increase access to selected high-quality programs, both online and at regional campuses. (EKU 2.3)

**EKU Goal 3: Create and maintain an inclusive, equitable, and diverse environment.**

**CHS SD 3.1:** The College of Health Sciences will demonstrate commitment to diversity through inclusive program curriculum and learning opportunities incorporating multicultural experiences. (EKU 3.2)

**EKU Goal 4: Collaborate with the University’s regional community partners to promote academic achievement, economic development, and quality of life.**

**CHS SD 4.1:** The College of Health Sciences will continue and enhance quality collaborations with regional partners such as the Bluegrass Community Health Center, Service Learning Projects, Fieldwork, Clinicals and Collaborative Research opportunities. (EKU 4.2)

**ADMISSION REQUIREMENTS FOR COLLEGE**

The College of Health Sciences accepts applications from all persons who are qualified for admission to the University. All applicants must provide evidence of their ability to meet the academic standards established by the various programs. Due to enrollment limitations of some programs, applications should be made early. Applications received after the deadline of a program will be processed and admissions recommended on a space available basis. Specific entrance requirements for each program are shown in the departmental sections of this Catalog.
ADMISSION POLICIES

1. Students must meet requirements and be admitted by the University before being considered for enrollment in programs within the College of Health Sciences. Specific admission criteria are provided under each of the Health Sciences programs. The student is responsible for obtaining information for the application process including department deadlines.

2. Transfer work must be from an accredited institution and with a minimum grade of “C” in major and supporting courses. The applicant must be eligible to return to the last institution attended.

3. Work taken more than eight years previously must be approved by the Dean of the College.

4. In the event that a student is not accepted for a program, the student who wishes to reapply must submit a new application and related materials that will be considered when a new class is accepted.

Students desiring to complete collegiate work required for admission to professional programs may complete this work at any accredited college or university. Students are urged to carefully plan their course of study to include the disciplines and subject areas described in the individual programs and the college advisor.

Students who have not reached a decision on a specific health science major may obtain counseling/guidance from individual program directors in the College of Health Sciences.

The programs in the College of Health Sciences are designed to prepare graduates for practice in health and human services professions. Most require licensure and/or certification after graduation and prior to practice. A criminal record (excluding minor traffic violations) may make a person ineligible for licensure or certification in these professions. Students with such a history should contact the licensing or certifying body prior to enrollment to determine whether this might be the case.

Placement in certain clinical sites, particularly those that involve practice with children, requires a background check by the Kentucky State Police to determine whether the student has a criminal history that would prevent their participation in that clinical experience.

READMISSION POLICIES

After being admitted to one of the programs in the College, students who withdraw or who are dismissed due to failure of one or more courses must submit application for readmission according to the guidelines for the specific program. Readmission to the program is not guaranteed to any student.

READMISSION APPEAL PROCESS

The student who has been denied admission may appeal the decision following these guidelines:

1) Notify the chair of the program’s readmission committee of the desire to appeal the decision and to provide additional pertinent information to support the appeal. The committee chair will schedule a time for the student to appear before the committee to present the appeal. A student who has agreed to a time for a meeting of the departmental readmission committee and who does not appear at that meeting may forfeit the right to present evidence beyond that furnished in the original application for readmission.

2) The student will be notified within five working days of the committee’s decision.

3) If the student is not satisfied with the decision, the student shall schedule an appointment to present the appeal to the Department Chair. The student will be notified within five working days of the Department Chair’s decision.

4) If the student is not satisfied with the decision of the Department Chair, the student shall submit a written appeal to the Dean of the College of Health Sciences. If the Dean determines there are extenuating circumstances surrounding the student’s request for readmission and/or if the procedure for readmission has not been followed, a meeting of the College’s Readmission Committee will be scheduled. A time will be appointed for the student to appear before the committee to present the appeal. A student who has agreed to a time for a meeting of the College Readmission Committee and who does not appear at that meeting may forfeit the right to present evidence beyond that furnished in the original application for readmission.

5) Decisions of the College Readmission Committee are binding. The student will be notified of the decision within five working days.

STUDENT AGREEMENT STATEMENT

Programs in the College of Health Sciences may require a student to sign an agreement statement that encompasses professional expectations related to the program. This statement is to be signed when the student enters courses in the major.

STUDENT LIABILITY (MALPRACTICE) INSURANCE

All students whose programs require participation in clinical learning experiences must purchase and maintain liability insurance through the University during the entire clinical experience. Proof of such insurance coverage must be furnished to the department before the clinical experience is scheduled to begin. The University has arranged for appropriate insurance coverage at a modest cost to the student. Further information may be obtained at the student’s major departmental office.

CLINICAL FACILITIES

The University maintains formal contracts with many health care Human Services and Educational agencies located throughout Kentucky and the southeastern United States. Almost every specialty within the entire health care spectrum is available for use in providing high quality experiences for students enrolled in the programs. A list of cooperating agencies is available through the Office of the Dean.

The University is not liable for, nor is there a fund from which payment can be made for those who are inconvenienced or incur expenses based upon canceled classes, assignments, or clinical placements, etc.

BLOODBORNE PATHOGENS AND HEPATITIS B STATEMENT

The College of Health Sciences attempts to impart the principles and practice of infection control to its students who may have future occupational exposure to bloodborne pathogens. To this end, students majoring in athletic training, medical laboratory science and technology, nursing, and occupational therapy are required to receive education in universal precautions and the Occupational Safety and Health Administration’s (OSHA) Bloodborne Pathogens Standard Regulations. Students will be responsible for obtaining the Hepatitis B vaccination before participation in the clinical training phase of their respective programs when indicated. Students who may potentially be exposed to blood and body fluids are required by most of our clinical agencies to have obtained the Hepatitis B vaccine. If this requirement is placed upon the student, it will be strictly enforced. Please see the departmental student handbook for further clarification.

DEGREE REQUIREMENTS

The students are responsible for selection and registration for courses needed for reasonable progress toward their degree or certificate that will enable the students to satisfy requirements for graduation.

General University requirements described in Section Four of this Catalog, and specific course requirements set forth in the description of curricula, must be met by students completing associate and baccalaureate programs administered by the College of Health Sciences. See programs under each department for major and minor requirements. All first-year students in the College of Health Sciences must enroll in the Student Success Seminar (HSO 100).

Besides the general University requirements, specific degree requirements for the College of Health Sciences are as follows.

Baccalaureate Degree

1. A minimum grade of “C” in each ATR, CDF, EHS, FCS, FRM, MLS, NFA, OTS, PHE, REC course and selected CHS courses is required.

2. Students pursuing a baccalaureate degree in any health sciences major shall be allowed to declare a minor or a second major outside the College of Health Sciences. Any student who chooses to pursue a minor or second major must have as their primary advisor a faculty member from the College of Health Sciences.

Associate Degree

1. A minimum grade of “C” in each CDF, MLT course and selected CHS courses is required.

2. A minimum of 15 hours in courses approved for general education is required for all associate degree programs. These hours include ENG 101 and 102, or their equivalent. The nine additional hours must include approved one course in each of the following categories: Element 3A, 3B, 3A/B (Arts and Humanities); 4 (Natural Sciences); and 2, 5A, 5B
(Mathematics and/or Social/Behavioral Sciences). For certain curricula, individual requirements are waived if they are satisfied in the major program.

3. In addition, a student success seminar (HSO 100) is required for all associate degree programs. (Waived for transfers with 30+ hours)

Appeals

Appeals procedures are detailed in the Departmental and University Handbooks and in the department sections.

**Minor**

**INTERDISCIPLINARY MINOR IN GERONTOLOGY**

Gerontology is the scientific study of the aging process. It includes: a) the study of physical, mental, and social changes in older people as they age; b) the investigation of the changes in society resulting from the aging population; and c) the application of this knowledge to policies and programs. Population projections indicate that the over 65 population will rise to almost 70 million, or one-fifth of the total United States population, by the year 2030. Students in virtually every academic discipline will need specialized information and training in gerontology in order to deal successfully with the needs of an aging society.

A student may complete an Interdisciplinary Gerontology minor by taking 27 hours (including prerequisites) as indicated below. Required courses include the following 12 hours: NUR 250; SOC 415*; BIO 310*; and PSY 316.* An additional six hours of electives shall be selected from the courses listed below.

CHS 570; HEA 593; NFA 509; REC 411S; and SWK 457.

*Indicates the course has a prerequisite.

**DIVISION OF CONTINUING EDUCATION AND DEVELOPMENT**

**Director**

Kathy Hall

(859) 622-2143

Perkins 215

The Division of Continuing Education and Development in the College of Health Sciences was formed in 1977 in order to help meet the needs of nurse professionals for mandatory continuing education in the state of Kentucky. Although nursing has continued to be the largest enrollment group, many of the activities are also of interest and applicable to the other health-related professional programs in the College of Health Sciences. The mission of the Division of Continuing Education is to provide quality continuing education activities which promote excellence in professional practice. Programming is designed to meet the assessed needs of health professionals in the surrounding community and region and focuses on the enhancement of clinical competence, professional development, and/or personal growth.

The Division is nationally accredited by the American Nurses Credentialing Center and approved by the Kentucky Board of Nursing. Continuing education is seen as an integral component of the life-long process of learning. Health and human services professionals seek quality continuing education opportunities in order to function competently in a continuously changing health care environment. Continuing education provides a holistic approach to health—encompassing the physical, intellectual, social, and spiritual aspects and focusing on the restoration, maintenance and/or promotion of health.

A variety of teaching-learning approaches are used such as lecture, discussion, and experiential group work. In an effort to reach as many participants as possible, learning activities are accessible through independent study approaches, distance education opportunities, on-line programs, as well as both on and off-campus presentations. Continuing education contact hours are awarded for successful completion of these activities. For further information, contact the Division of Continuing Education and Development, 202 Perkins Building, (859) 622-2143.

**HEALTH SCIENCES LEARNING RESOURCE CENTER**

**Director**

Raglena Salmans

(859) 622-2091

Rowlett 310

The Health Sciences Learning Resource Center is a multi-media library, study, and computer center for the College of Health Sciences. It provides support to the instructional needs of the faculty through multi-media resources, equipment, and other services. The primary purpose of the Center is to provide the student the opportunity to reinforce previous learning of clinical/classroom content through independent review of multi-media materials and computer-aided instructional software.

Students also have access to other resources such as anatomical models and charts, interactive video resources, professional articles, e-mail, the internet, literature searches, bibliographic manager, epidemiology mapping courseware and word processing. The Learning Resource Center is located in the Rowlett Building, Room 310.

**PRE-PROFESSIONAL PROGRAMS**

Students interested in a pre-professional allied health program such as physical therapy may complete a degree in the College of Health Sciences or any other degree offering and include the supporting science courses that are required for admission to the professional program. Supporting science courses for physical therapy may include but not be limited to the following:

1. 2 semesters general physics with labs - equal to that taken by science majors
2. 2 semesters general chemistry with labs - equal to that taken by science majors
3. 2 semesters general biology, animal biology or zoology, with laboratory (botany, ecology or entomology are not acceptable). It is strongly recommended that 1 semester of the biology sequence be comparative or human anatomy with laboratory.
4. 2 semesters of psychology (general and developmental are preferred)
5. 1 semester of statistics (minimum of 3 credits including calculations of central tendency, measures of variability, and hypothesis testing)
6. 1 semester of medical terminology (minimum of 2 credits, 3
DEPARTMENT OF ASSOCIATE DEGREE NURSING (RN)

Chair
Dr. Peggy T. Tudor
(859) 622-1942
Rowlett 220

Faculty

The Department of Associate Degree Nursing, established in 1965, is approved by the Kentucky Board of Nursing and accredited by the National League for Nursing Accrediting Commission. The nursing program leading to an Associate of Science in Nursing (A.S.N.) degree is four semesters in length. The program prepares the graduate to function as a generalist registered nurse (R.N.) to practice in a variety of positions in various clinical settings in Kentucky and across the nation.

The philosophy of the Department of Associate Degree Nursing guides the program of study.

The faculty believe Nursing is an art and science expressed through therapeutic and caring relationships which promote optimal physical, psychological and spiritual health and well-being. The core values of caring, diversity, ethics, excellence, holism, integrity, and patient centeredness are reflected in the curriculum. The curriculum promotes the attainment of the educational outcomes of Human Flourishing, Nursing Judgment, Professional Identity, and Spirit of Inquiry.

Student Learning Outcomes
Upon completion of the program, the ASN graduate will:
1. Advocate for patients and families in ways that promote their self-determination, integrity, and ongoing growth as diverse human beings. (Human Flourishing)
2. Using the nursing process as a critical thinking tool, make judgments in practice, substantiated with evidence, that integrate nursing science in the provision of safe, quality care and promote the health of patients within a family context. (Nursing Judgment)
3. Express one’s identity as a nurse through actions that reflect integrity, a commitment to evidence-based practice, effective communication, caring, advocacy, and safe, quality care for diverse patients within a family context. (Professional Identity)
4. Examine the evidence that underlies clinical nursing practice to improve the quality of care for patients and families. (Spirit of Inquiry)

Admission Requirements and Procedures
All students who are admitted to EKU and declare their major as associate degree nursing are admitted as pre-associate degree nursing majors. However, admission to the University does not guarantee admission to the Associate Degree Nursing Program.

Students are eligible to be considered for admission to the Associate Degree Nursing Program only after having been admitted to the University. Applications for the Associate Degree Nursing program are available through the department office or online at www.adn.eku.edu.

Applications are considered for admission who have:
1. Met University requirements for proficiency in English, reading and mathematics.
2. Met the Pre-College Curriculum requirements.
3. A high school or college (cumulative and EKU) GPA of 2.5 on a 4.0 scale.
4. Grades of “C” or better in any supporting courses that have been completed.
5. Completed the Nursing Assessment (A2) exam with a minimum score of 75 in specified areas of Reading, Vocabulary, Grammar and Math. Students may contact the nursing office to schedule the Assessment Exam.
6. In addition to the academic criteria required for admission, applicants must meet the standards written into the Commonwealth of Kentucky Nurse Practice Act. Specifically, the Nurse Practice Act requires that each student be of good moral and ethical character, good mental and physical health, and be academically qualified to fulfill the role and responsibilities of a person licensed to practice as a professional nurse.

Applications are considered for the fall semester (received by March 1) and for the spring semester (received by October 1). Applications received after the deadline will be processed on a space availability basis. The Department Admissions Committee will evaluate each applicant’s academic history and select those applicants who are the most academically qualified. Should there be more qualified applicants than spaces available, admission becomes competitive and applicants will be ranked according to the admission scoring rubric found on the department’s website. Admission to the program is limited and completion of eligibility criteria does not ensure admission into the program.

Students Transferring from Another Nursing Program
Transfer students must meet the following criteria in addition to admission criteria of Eastern Kentucky University and the Department of Associate Degree Nursing:
1. The nursing credits transferred must be comparable to Department nursing credits for a maximum of 16 semester hours credit.
2. A complete course outline must be submitted for each nursing course being evaluated for transfer credit.
3. Transfer credits must meet passing standards of the nursing program.
program from which they are transferred.
4. Transfer credits must be from a nationally accredited program.

Each transfer student’s application will be evaluated on an individual basis by the Department Chair and the Department Admissions Committee.

Progression in the Program
In order for students to follow the established progression of the program sequence, they must:

1. Meet all prerequisites.
2. Maintain a cumulative and EKU GPA of 2.0 on a 4.0 scale.
3. Complete all major courses and supporting courses with a “C” or better.

Clinical Requirements
Transportation to all clinical experiences is the responsibility of the student. Students are expected to adhere to all Department and clinical agency policies and must meet all clinical agency placement requirements.

Before a student can progress to a clinical experience the following requirements must be met:

1. Proof of professional liability insurance purchased through the University.
2. Proof of CPR for the Health Care Professional.
3. Proof of Rubella, Rubeola, and Mumps immunity.
4. Proof of Hepatitis B immunity.
5. Proof of negative TB skin test or chest X-ray.
6. Proof of Varicella immunity.
7. Documentation of adult TDaP vaccine (Tetanus, Diphtheria, Acellular Pertussis)
8. Documentation of annual influenza vaccine.
9. Documentation of the CHS-approved Criminal Background Check.
10. Other documentation as required by specific clinical facilities, i.e. Drug Screening.

Readmission Policies and Procedures
A student who fails to progress in the nursing curriculum is dismissed from the program and must apply and be processed through the Admissions/Progression Committee. This committee represents the Department of Associate Degree Nursing and has the authority in readmission decisions for the department.

Readmission to a nursing course is not guaranteed to any student. The student is advised to refer to the Department Student Handbook for specific procedures concerning readmission.

DEPARTMENT OF
BACCALAUREATE AND GRADUATE
NURSING

Chair
Dr. Mary Clements
(859) 622-1956

Faculty

The nursing program leads to a baccalaureate degree. General education in the sciences and liberal arts provides the basis for and is correlated with the major in nursing. The collegiate program is devoted to a combination of physical, biological and social sciences, and humanities as deemed essential to the preparation of the professional nurse. The nursing component is composed of instruction in nursing theory and the application of nursing theory in the clinical setting under the guidance of nursing faculty. Thus, nursing is learned through a combination of formal classroom instruction and supervised experiences in hospitals, clinical agencies, and a variety of community settings. The nursing program prepares the individual to function as a generalist and lays the foundation for graduate study in clinical specialties, research, teaching, supervision, and/or administration. Graduates of the program earn a baccalaureate degree in nursing (BSN) and are eligible to make application to the national licensure examination (NCLEX). Graduates of the program who successfully write the NCLEX examination are licensed to practice as registered nurses.

The baccalaureate nursing program is based upon the belief that preparation for professional nursing encompasses a broad liberal, general, and professional education. The mission of the department is congruent with the mission of the college and university; to promote student success by providing high quality, accessible learning opportunities which encourage students to act independently, to think critically, to communicate effectively, and to prepare professional or advanced levels of nursing with integrity, enlightenment and creativity; and to collaborate with regional partners to promote health.
Professional Nursing Practice Outcomes

Upon completion of the baccalaureate nursing program the BSN graduate:

1. Treats patients as holistic, unique and self-directive with the right to make decisions for themselves concerning health matters.
2. Uses the nursing process to provide, manage, and evaluate culturally competent primary, secondary, and tertiary prevention for diverse clients across the life span in a variety of settings.
3. Uses evidence-based nursing practice, critical thinking, research methodologies, informatics, and healthcare technology to provide therapeutic interventions, predict outcomes, and influence the delivery of health care.
4. Assumes a leadership role in health care by communicating and collaborating with patients, health care professionals, and health care systems.
5. Supports safe, quality, responsible, and economic interdisciplinary health care as a consumer and sociopolitical advocate within multiple health care systems.
6. Promotes the ethical and legal practice of professional nursing.
7. Demonstrates self-care, professionalism, accountability, and competence in nursing practice, with a commitment to advancing the profession of nursing.

Admission and Progression Requirements

All students who are accepted by EKU’s Admissions Office and declare their major as baccalaureate nursing (four-year nursing) are admitted to the University as pre-baccalaureate nursing majors. However, admission to the freshman year does not guarantee admission to the laboratory nursing courses. Students seeking to enter NSC 232, 242, and 252 in the third semester of the curriculum must meet minimum program GPA requirements of 2.5 and have department chair approval. Spaces in these courses are limited and are reserved for students whose academic record indicates they are more likely to be eligible to be considered for and admitted to the clinical nursing courses. To be eligible to be considered for admission to the clinical nursing courses, students must have completed the first three semesters of college work as outlined in the curriculum plan and have submitted a complete department application. All prerequisite courses must be completed with a grade of “C”/2.0 or better, and a minimum cumulative GPA of 2.5 on a 4.0 scale must be obtained. For the prelicensure nursing program, [Nursing Pre-RN (B.S.N.)], some prerequisite courses (BIO 171, BIO 273/MLT 209, BIO 301, CHE 105, NFA 201, NSC 232, NSC 242, and NSC 252) must have been taken within five years prior to the time application is made for admission to the clinical nursing courses unless an exception has been approved by the department. For the prelicensure Nursing (B.S.N.) Second Degree Option, the courses in BIO 171, BIO 273/MLT 209, BIO 301, and NFA 201 must have been taken within five years prior to the time application is made for admission to the option unless an exception has been approved by the department. Completion of eligibility criteria does not guarantee admission to the clinical nursing courses. Admission to the clinical courses is competitive and based on review of the applicants’ academic history by the Baccalaureate Nursing Admission/Readmission Committee. Spaces are limited and the most qualified applicants will be selected for admission.

In addition to the academic criteria required for admission, the student must meet the standards written into the Commonwealth of Kentucky Nurse Practice Act. Specifically, the Nurse Practice Act requires that each student be of good moral and ethical character, good mental and physical health, and be academically qualified to fulfill the role and responsibilities of a person licensed to practice as a professional nurse. Students must meet all clinical agency placement requirements.

For progression, students must earn a grade of “C”/2.0 or better in all nursing and supporting courses. Students who fail to meet the requirements for progression must apply for readmission through the Baccalaureate Admission/Readmission Committee. Readmission to a nursing course is not guaranteed to any student. Please refer to the Baccalaureate Nursing Student Handbook for specific information on readmission procedures. The program reserves the right to alter the suggested plan as necessary to enhance a quality educational program. Students interested in entering graduate study may apply to the Graduate School.

For additional admission information please refer to the Selection Criteria at http://www.bsn.nursing.eku.edu/bsn.

Transfers from Other Colleges and Universities

Academic credits earned at other accredited colleges or universities are transferable upon approval of the appropriate department at Eastern Kentucky University. Official transcripts are to be submitted by the student to the Office of the Registrar. Credits more than eight years old must be approved.

Transfer students must submit copies of all transcripts along with their application to the program. These transcripts will be considered a part of the application process and are necessary to determine admission and placement.

Students wishing to transfer nursing courses from another accredited institution must have a grade equivalent of “C”/2.0 or better in any nursing course to be transferred. In addition, the applicant must submit complete course outlines and/or syllabi. This material should be submitted well in advance of expected matriculation to provide time for necessary evaluation.

Specific Degree Requirements for Bachelor of Science in Nursing Degree

In addition to the general requirements for the baccalaureate degree, students must earn a grade of “C”/2.0 or better in all nursing and supporting courses.

Plan for Registered Nurses (RN-BSN-MSN)
The Department of Baccalaureate and Graduate Nursing offers the opportunity for registered nurses to earn both the baccalaureate and masters degree in nursing. Admission requirements include an Associate Degree in Nursing (or 3 year diploma program), and a free and unrestricted R.N. license in Kentucky (or recognized compact state) with no Kentucky Board of Nursing imposed restrictions on practice, voluntary or otherwise. Students who are interested in continuing in the M.S.N. program after completion of the B.S.N. should take the Graduate Record Examination or Miller Analogies Test and make application for graduate studies during the senior year. Students must complete the B.S.N and be admitted to graduate studies to continue into the M.S.N. program.

Plan for B.S.N. Second Degree Option
The Department of Baccalaureate and Graduate Nursing offers students who already hold a non-nursing bachelor’s degree from a regionally accredited institution the opportunity to complete the Bachelor of Science in Nursing degree in a specially sequenced progression plan for second-degree students. Second degree students must have completed supporting course requirements (BIO 171, 273 or MLT 209, BIO 301, NFA 201, and STA 215 or approved substitutions) prior to admission to the Second Degree Option nursing major. Students with a non-nursing bachelor’s degree who apply for admission are admitted as pre-nursing second bachelor’s degree majors. Admission as a pre-nursing second bachelor’s degree student does not guarantee admission to the B.S.N. Second Degree Option major. Classes are admitted one time per year. Spaces are limited and admission is competitive and based on a review of all required material submitted with the application packet and the entire academic history.

DEPARTMENT OF MEDICAL LABORATORY SCIENCE
Interim Chair
Students who meet the upper division program requirements will be accepted into the program within the enrollment limits determined by the number of practicum openings. The department reserves the right to accept only the best qualified applicants who meet the upper division program requirements.

Medical Laboratory Science (MLS) Program

All students who are admitted to the University by the EKU Admissions Office and declare their major as medical laboratory science (MLS) are assigned pre-MLS major status. Admission to the upper-division MLS program requires an overall grade point average (GPA) of 2.5 with a grade of “C”/2.0 or better in each of the required supporting courses. Transfer students must maintain a GPA of 2.5 in courses at EKU as well as an overall GPA of 2.5 for admission to the upper division program.

Students who meet the upper division program requirements will be accepted within the enrollment limits determined by the number of practicum openings. The department reserves the right to accept only the best qualified applicants who meet the upper division program requirements.

Medical Laboratory Technology (MLT) Program

All students who are admitted to the University by the EKU Admissions Office and declare their major as medical laboratory technology (MLT). For admission to the MLT program, a high school graduate must meet a minimum of two of the following three criteria:

1. ACT minimum standard score of 18.
2. Minimum high school grade point average (GPA) of “B.”
3. Projected rank of upper third of high school graduating class.

Students who meet the minimum criteria will be accepted into the program within the enrollment limits determined by the number of practicum openings. The department reserves the right to accept only the best qualified applicants who meet the minimum criteria. While awaiting acceptance, students will be assigned pre-MLT major status.

Students who are transfers or changes of major must have attained a minimum GPA of 2.25 overall on a minimum of 12 hours attempted. Any transfer student not having the minimum GPA will be assigned to the pre-MLT major until the minimum GPA is attained.

Progression Policy

The Department of Medical Laboratory Science limits the number of major courses which may be repeated. Students are allowed only one repeat per major course and a total of not more than two repeats in all major courses combined. In addition, a supporting course may usually be repeated only once.

To remain in the upper division MLS program, a student must maintain an overall GPA of 2.5 with a grade “C”/2.0 or better in each of the supporting and major courses of the curriculum.

A GPA of 2.25 is required to remain in the MLT program. In addition, students must earn a grade of “C”/2.0 or better in each of the major and supporting courses of the MLT curriculum. Students not meeting the minimum requirements will be assigned pre-MLT major status and have the opportunity to enroll in general education and supporting courses in order to establish an acceptable GPA.

DEPARTMENT OF ENVIRONMENTAL HEALTH SCIENCE

Interim Chair

Dr. Carolyn Harvey

(859) 622-3078

Faculty

The Environmental Health Science program offers the Bachelor of Science degree. Established in the early 1970’s, the program is currently the state’s only accredited program and one of only 30 such programs in the United States accredited by the National Environmental Health Science and Protection Council. The program includes extensive study of the physical, chemical and biological threats to human health and focuses on both engineered barriers and behavioral changes required for protecting and enhancing human health. The program includes general education and support courses in biology, chemistry, and mathematics, plus a variety of environmental health courses dealing with air quality, water quality, wastewater disposal and...
treatment, hazardous and solid waste management, risk assessment and epidemiology, industrial hygiene, control of disease vectors, food hygiene, radiological health, environmental health program planning and law, and toxicology. During upper division study, the student must complete six credit hours of supervised field experience with appropriate agencies, industries, consulting companies, etc. Also, cooperative education opportunities are available to all students who may wish to gain experience in addition to credit hours.

Eastern Kentucky University’s Environmental Health Science graduates are qualified for positions with federal, state, and local government departments of environmental health, as well as public health protection agencies such as the United States Public Health Service, the Environmental Protection Agency, Food and Drug Administration, Department of Energy, and Occupational Safety and Health Administration. Graduates are also qualified for employment in private industry and environmental consulting firms. This work may include quality control, industrial hygiene and safety, loss control and risk assessment, or many other facets of environmental health consultation. The demand for qualified environmental health practitioners is currently high and exceeds the number of graduates from accredited programs and projected to increase over the next decade.

Progression Criteria
A student majoring or minor in environmental health science must achieve a grade of “C”/2.0 or better in all EHS and supporting courses.

DEPARTMENT OF EXERCISE AND SPORT SCIENCE

Chair
Dr. Jack Rutherford
(859) 622-1887
Moberly 231

Faculty

The Department of Exercise and Sport Science offers Bachelor of Sciences degrees in Athletic Training, Sport Management, and Physical Education with three program options: General, Teaching P-12, and Fitness and Wellness Management. The department also offers a Minor in Dance (non-teaching), a Minor in Physical Education (non-teaching), and a Minor in Coaching (non-teaching).

Students who transfer from another college or university must earn a minimum of 12 hours at EKU in their major. Students who transfer from another college or university must earn a minimum of six hours at EKU in their minor.

Pre-Athletic Training

Students who want to apply for admission to the professional program in Athletic Training should enroll as a pre-athletic training student within the Department of Exercise and Sport Science in the fall of the freshman (or first) year at Eastern Kentucky University. Students may make formal application for admission to the Athletic Training (AT) Program after successful completion of the pre-athletic training requirements.

Students are expected to complete the pre-athletic training program requirements during the first two semesters on campus and formally apply for admission during the spring semester of the freshman year. Transfer students with 24 or more transferring credit hours (100 level or higher) who meet the admission requirements may apply for admission into the AT Program at the
time they are accepted to the University. The number of admissions annually is limited and completion of the pre-athletic training requirements does not automatically ensure acceptance into the AT Program. Should the number of qualified applicants exceed the number of clinical spaces available, the procedure for determining which students are accepted is described on the AT Program website in the application packet.

**Athletic Training**

The Athletic Training Program (AT) at Eastern Kentucky University is currently accredited by the Commission on Accreditation of Athletic Training Education (CAATE). The program utilizes a continuum of didactic and clinical experiences, as set forth in the CAATE Standards and Guidelines for the Athletic Trainer, to prepare the student as an entry-level Athletic Trainer. Upon successful completion of the program, the student will have the knowledge base and clinical skills required for challenging the Board of Certification Examination.

The professional phase of the Athletic Training Major consists of six semesters of academic course work and clinical practicum courses. Clinical practicum experiences will occur within the University’s NCAA Division I-A (Football Division I-AA) athletics program, area high schools, area and regional universities/colleges, sports medicine clinics, and other off-campus general medical and clinic rotation sites affiliated with and selected by the AT Program. Transportation to all off campus clinical sites, as well as any specific requirements of the clinical site (e.g. immunizations, uniforms, etc.) is the responsibility of the student. All students accepted into the professional program must show proof of current health provider CPR certification and first aid or EMT-B and professional liability insurance annually. Students are required to be involved in professional athletic training organizations at the local, state, and national level. All of these requirements are explained further in the Athletic Training Student Handbook, which is provided to all prospective students and reviewed during ATR 100 by the AT Faculty as part of the course. This handbook is available from the program director upon request as well as on the website.

Curriculum requirements, including admissions requirements, may change as needed to comply with current accreditation, college, and/or university standards. Students seeking admission or admitted to the program are advised to keep themselves adequately informed of changes in order to complete requirements in a timely manner. Information on curricular changes will be announced in advance by the Department, and will be published in Department publications and/or the Athletic Training Student Handbook or AT Program website. These may be obtained from the Program Director.

All AT Program requirements, including course and clinical requirements, admissions, retention, and graduation requirements may change as needed to comply with current accreditation, college, and/or university standards. Students seeking admission to the AT Program are advised to keep themselves adequately informed of revisions in order to complete requirements in a timely manner. Information pertaining to revisions in the AT Program will be announced in advance by the AT Program Director and will be published in the Athletic Training Student Handbook and on the Athletic Training website. The AT Student Handbook may be obtained from the Director of the AT Program or found in the Student Handbook. For additional information regarding the AT Program application process, admissions, retention, graduation criteria, the transfer policy, clinical education guidelines and policies, or information on scholarship opportunities for students matriculating through the program, please refer to the AT Program website at [www.athletictraining.eku.edu](http://www.athletictraining.eku.edu).

**Admission Requirements and Procedures**

Admission to the AT Program at Eastern Kentucky University is competitive and should not be confused with admission to the University, College, or Department. The program requirements that must be met prior to application are as follows:

1. Must have earned a minimum of 24 semester hours (100 level or higher) prior to acceptance.
2. Must have a minimum cumulative GPA of 2.5 on a 4.0 scale.
3. Successful completion (minimum grade of “C”) of the pre-athletic training program courses: ATR 100, 225, BIO 171, have current CPR-PR and First Aid certification, and PHE 180 & 212.
4. Any developmental course requirements must have been completed at the time of application. For transfer students, any University developmental course requirements determined after admission must have been completed prior to admission into the AT Program. Additional information on transfer student policy is posted on the AT Program website.
5. Documentation of ability to successfully meet the Technical Standards of the AT Program and provide evidence of a completed AT Program physical examination and evidence of immunization/vaccination as outlined in the AT Program application packet found on the AT website.

Students are required to complete and submit the application form and other application materials for the AT Program during the spring semester. Application materials are available online on the AT program website.

**Program Admission Impaction**

Should the number of qualified applicants exceed the number of clinical placements available in the professional AT program, the candidates will be ranked via the admission scoring rubric found in the Athletic Training Program application packet on the AT Program website and admitted to the AT program in rank order of score according to the rubric.

**Progression and Retention in the Athletic Training Program**

After admission to the AT Program, students will be evaluated, both academically and clinically, each semester. Students must have satisfactory academic and clinical practicum evaluations (2.5 cumulative GPA, with a “C” or higher in all major and supporting courses, including a “B” or higher in all practicum courses) to progress to the subsequent level of the program. If evaluations or grades are unsatisfactory, the student will be placed on academic probation and given one semester to improve in these areas to a satisfactory level. Two successive unsatisfactory semester evaluations or two semesters below a 2.5 GPA will result in dismissal of the student from the program. Students must provide evidence of CPR-PR and First Aid or EMT-B Certification annually while in the professional program.

**Sport Management**

The major in Sport Management is designed to prepare the student for financial and administrative careers within recreational and professional sports programs, fitness centers, and other sport
related organizations. The complexities and challenges of sports at all level require a well-prepared individual with qualifications in such diversified responsibilities as sports programming, supervision, management, facility planning, promotions, and purchasing.

The Sport Management major provides a quality educational experience that will prepare the student in a unique way for a career in the rapidly evolving arena of sport. This experience will be as unique as Eastern itself. Students will receive cutting-edge instruction in a practical major of study that will culminate in an internship experience giving the student the “hands-on” experience necessary to secure employment within the industry. The internship courses are offered cooperatively with a variety of sport organizations, including professional sports teams, college athletic departments, and community organizations, or by direction of the student.

Students majoring in Sport Management are strongly encouraged to also declare a minor in Business and take the additional nine hours required for the additional program.

The Dance Certification Minor*** is designed for students who are already in a Teacher Education Program as a chance to add a Dance Certification to their degree. With an additional 23 hours, students will gain the knowledge necessary to effectively teach the Dance Core Content and Program of Studies in the schools as mandated by the state of KY and tested by the CATS exams. Teachers will find that they will be able to use dance to teach concepts in other core content areas or to teach dance for its own value. Since the state of KY has few trained dance specialists, this certification will be an asset to those graduates seeking a teaching job. To be recommended for certification at the completion of the program, candidates must be eligible for initial teaching certification prior to making application for the dance restricted base certificate. An overall program GPA of 2.5 or higher is required for certification.

DEPARTMENT OF FAMILY AND CONSUMER SCIENCES

Chair
Dr. Diane Leggett
(859) 622-3445
Burrier 102

Faculty

The Department of Family and Consumer Sciences is accredited by the Council for Accreditation of the American Association of Family and Consumer Sciences. The Department offers four Bachelor of Science (B.S.) degree programs. These are General Dietetics; Family and Consumer Sciences Education; Child and Family Studies with options in Child Development, Family Studies, Interdisciplinary Early Childhood Education, and Apparel Design and Merchandising. Minors are offered in: Apparel
Design and Merchandising, Child and Family Studies, Family and Consumer Sciences, Foodservice Administration, and Nutrition. Information on the Master of Science (M.S.) in Community Nutrition and the Master of Arts in Teaching (M.A.T.) for Family and Consumer Sciences Education may be found in the 2013-14 EKU Graduate Catalog. Students following a first or second major, minor or associate degree must maintain a “C” average in departmental courses (CDF, FCS, FRM, NFA prefixes). Certain degree programs may have a higher GPA requirement.

The mission of the Department of Family and Consumer Sciences is to prepare professionals and leaders who improve the quality of individual, family, and community life through critical and creative thinking and effective communication.

Professional Liability Insurance
Students enrolling in the following classes — CDF 236, 246, 310, 327S, 349, 349Q, 349R, 349T, 351, 399, 405, 406, 441, 443, 450, 499, 541, 544, 741, 744, 849, FCS 330B, 330C, 330D, 349, NFA 326, 349, 830, 831, and 835 in the Department of Family and Consumer Sciences — are required to register for student Professional Liability Insurance. This fee is listed in each semester’s schedule of classes. Please see the section on Student Liability Insurance for the College of Health Sciences.

Criminal Records
Students are required to observe and/or interact with young children or school age children in a number of courses offered by the department. Therefore, students enrolled in these courses — CDF 236, 246, 310, 327S, 349, 349Q, 349R, 349T, 351, 399, 405, 406, 441, 443, 450, 499, 541, 544, 741, 744, and 849 — must have a criminal record check and child abuse neglect (CAN) check performed. Students with a criminal or CAN record may be required to drop the course and select another major.

Youth Leader Report (YLR)
Students are required to observe and/or interact with young children or school age children in the following courses – CDF 236, 246, 310, 327S, 349, 349Q, 349R, 349T, 351, 399, 405, 406, 441, 443, 450, 499, 541, 544, 741, 744, and 849. Therefore, students enrolled in these courses are required to submit a negative TB test. Students will be permanently dis-enrolled from the course if the negative tests results are not submitted by the deadline.

Tuberculosis (TB) Skin Tests
Students are required to observe and/or interact with young children or school age children in the following courses — CDF 236, 246, 310, 327S, 349, 349Q, 349R, 349T, 351, 399, 405, 406, 441, 443, 450, 499, 541, 544, 741, 744, and 849. Therefore, students enrolled in these courses are required to submit a negative TB test. Students will be permanently dis-enrolled from the course if the negative tests results are not submitted by the deadline.

Accreditations and Approvals
The Department of Family and Consumer Sciences has several accreditations. All B.S. degrees are accredited by the Council for Accreditation of the American Association of Family and Consumer Sciences. The Burrier Child Development Center is accredited by the National Association for the Education of Young Children. The B.S. degree in Dietetics is also accredited by the National Council on Family Relations.

Baccalaureate Degrees
BACHELOR OF SCIENCE (B.S.) AREA MAJOR
APPAREL DESIGN AND MERCHANDISING
CIP Code: 52.1902

Program Objectives
Upon completion of a degree in Apparel Design and Merchandising graduates will demonstrate critical/creative thinking by: 1) identifying cultural influences on the apparel/textile industry and consumer; 2) applying design principles to visual merchandising and/or apparel design projects; 3) developing apparel and textile products based on target customer need; and 4) communicating ideas and information effectively to the target audience. Graduates are prepared to work in a variety of merchandising and design positions. Recent graduates have been employed in retail management, technical design, visual merchandising, and theatrical costume design. Metropolitan areas provide the most job opportunities. Entry level positions include management trainee, assistant manager, and design assistant.

Two years after graduation students can expect to be employed in positions such as retail manager, district supervisor of stores, technical designer, design journeyman, and visual merchandiser.

CHILD AND FAMILY STUDIES
CIP Code: 19.0701

The Family Studies option prepares graduates to work with individuals and families in a variety of social service settings. Positions are available in family resource centers, community agencies, profit and non-profit organizations that provide services for children, youth, adults and families. The Interdisciplinary Early Childhood Education option leads graduates to Kentucky public school certification for teaching children birth through age five. Graduates learn to prepare individual education plans for children who experience developmental delays and support plans to assist families of those children. IECE majors will teach in private agencies serving infants to two years and public school settings (Pre-K, three and four year olds, and kindergarten not connected with primary programs for first through third grade). To be granted a degree in Child and Family Studies students must have a “C” or better in all CDF courses.

Admission and Progression Requirements for Child and Family Studies Options Child Development and IECE

All students who are accepted by EKU’s Admission office and declare their major as Child and Family Studies are admitted to the University as pre-Child and Family Studies majors. However, admission to the pre-Child and Family Studies program does not guarantee admission to the Child and Family Studies program. To be admitted to the Child and Family Studies program the following criteria must be met: 1) Minimum of 45 hours with a 2.75 overall GPA and an ACT 18 or 3.2 overall GPA and an ACT 17 and 2) GPA of 3.0 in the following courses CDF 147, 246, 310, 363, 399 (3-6), 405, 406, 450(9)**. Admit should be to the Family Studies Program Director for a change from the pre-Child and Family Studies program to the Child and Family Studies program.

GENERAL DIETETICS PROGRAM

The dietetics program leads to a baccalaureate degree in General Dietetics. The undergraduate program in dietetics is accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND), which is an agency of the Academy of Nutrition and Dietetics. Upon completion of the BS in General Dietetics, the student will be issued a Verification Statement which makes the graduate eligible to apply for and complete an Accredited Dietetic Internship. Most internship programs are 9-12 months long and include supervised practice in all areas of the dietetics profession. Some internships are included within a Master’s Degree program and are therefore generally 2 years long.

Once the Dietetic Internship has been successfully completed, the student is eligible to take the national registration exam to become a registered dietitian (RD). Upon successful completion of the RD Exam, the student is then a Registered Dietitian.

Admission and Progression Requirements

All students who are accepted by EKU’s Admissions Office and declare their major as dietetics are admitted to the University as pre-dietetics majors. However, admission to the pre-dietetics program does not guarantee admission to the dietetics program. To be admitted to the dietetics program the following criteria must be met: (1) complete a minimum of 45 semester hours; (2) attain a minimum cumulative GPA of 2.75 on a 4.0 scale; (3) earn a “C” or better in CHE 101/101L and 102 or their equivalents if taken at another school; (4) earn a “B” or better in NFA 121, 201, and 202. Once these requirements have been met, the student must apply to the Dietetics Program Director for a change from the pre-dietetics program to the dietetics program. No 400-level NFA courses may be taken prior to being admitted to the dietetics program.

After admission to the dietetics program the student must meet the following criteria to receive a BS Degree and be granted a verification statement: (1) attain a minimum cumulative GPA of 3.0 on a 4.0 scale; (2) earn a “C” or better in all major and supporting courses (other than those NFA courses in which a “B” or better is required per admission criteria).

The Department of Health Promotion and Administration is comprised of programs in: Ancillary Health Management, Health Care Administration and Informatics, and Public Health. Admission to all programs is based on the regular admission policies of the University. Specific policies related to each discipline can be found following the program heading as listed.

PUBLIC HEALTH

Public Health offers the Bachelor of Science degree in Public Health with two program options: Community Health, School Health P-12 (Teaching). Students who complete the Community Health option are prepared to determine the health needs of the community and plan and implement effective programs to improve the health of the populations they serve. Community Health Educators may work in Public Health Departments, Volunteer Organizations, Hospitals, and Family Resource Centers. Students in the School Health Option are prepared to teach core content health topics in public school system grades P-12 and a variety of health related agencies.

A student may choose a minor in Community Health (non-teaching) or in School Health P-12 (Teaching). The Bachelor of Science program in Public Health is accredited by the Council on Education for Public Health and has met national standards for accreditation from the Society of Public Health Educators, American Association for Health Education, National Council for the Accreditation of Teacher Education, and Kentucky Department of Education.

Students who transfer from another college or university must earn a minimum of 12 hours at EKU in the major. Students who transfer from another college or university must earn a minimum of six hours at EKU in the minor. Students who are accepted by the EKU Admissions Office and declare their major as Public Health with an option in Community Health must maintain an overall GPA of 2.25 with a grade of “C” or better in all of the required major and supporting courses found in the Public Health Curriculum. Students in the Public Health option in School Health P-12 (Teaching) must meet the graduation requirements set by the College of Education.

Professional Liability Insurance

Students enrolling in HEA 463 in the Department of Health Promotion and Administration are required to register for Student Professional Liability Insurance. This fee is listed in each semester’s schedule of classes. Please see the section on Student Liability Insurance for the College of Health Sciences.

HEALTH SERVICES ADMINISTRATION

The department offers a baccalaureate degree in Health Services Administration with options in Ancillary Health Management and Health Care Administration and Informatics.

Ancillary Health Management Option

This degree progression option gives individuals with a previously completed college degree the opportunity to obtain the management skills needed to become a healthcare supervisor or manager.

Health Care Administration and Informatics Option

This option gives individuals interested in the administrative aspects of healthcare an interdisciplinary curriculum designed to provide a balance between businesses, healthcare and information technology. This option is accredited by the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM).

Pre-HSA Curriculum

All students who are accepted by the EKU Admissions Office and declare their major as Health Services Administration are initially placed into a pre-HSA curriculum. The curriculum includes: ACC 201; BIO 171, 301; CSC 104 or CIS 212; CMS 100 or 210; HSA 100, 200; MAT 105 or 107; STA 215 or 270.

Students may apply for HSA program admission when the following requirements are met:
- Cumulative GPA of 2.50 or higher
- Completion of each course in the Pre-HSA curriculum with a grade of C or better
- Completion of general education requirements (at least 75%)
- Completion of HSA 302, 303, and 401 with a grade of C or better Health Sciences

Students who meet the minimum requirements will be accepted into the program within the enrollment limits determined by the faculty. The Program reserves the right to accept only the best qualified applicants who meet the minimum requirements.

Admission/Progression Criteria

All majors utilize the regular admission policy of the University for students taking courses offered during the first semester of the program. In order to continue in the program and to enroll in major courses, the student must meet the following criteria: (1) maintain an overall (cumulative) GPA of 2.5 on a 4.0 scale and (2) complete all major and support courses with a minimum grade of “C” after a maximum of two attempts.

A student who is not allowed to continue in the major may appeal the decision by presenting the reasons in writing to the Program’s Admission and Progression Committee. The student may appeal this committee’s decision to the College Admission Committee by submitting a written request to the Dean of Health Sciences. The decision of this committee shall be final.
Professional Practice Experience
An important part of the curriculum is professional practice experience in which the student is required to spend part of a semester at a hospital or other health care facility for observation and supervised practice of the skills required for entry into the profession.

Some sites may require physical examinations and/ or proof of immunizations. The student is responsible for these medical expenses and for living expenses and travel involved in relocation for these assignments.

DEPARTMENT OF

OCCUPATIONAL THERAPY

Chair
Dr. Colleen Schneck
(859) 622-3300
Dizney 103

Faculty

The Department of Occupational Therapy provides a continuum of educational experiences that prepare a student at the undergraduate level for a career as a non-credentialed health and human service professional and at the graduate level for a career as an occupational therapist. Undergraduate students can enter the Occupational Science program, receive a Bachelor of Science degree, and apply for admission to the master’s program in Occupational Therapy. Individuals with a baccalaureate degree in another field and who have completed the required prerequisite courses can apply for admission to the transition program (See Graduate Catalog). After completing the Master of Science degree in Occupational Therapy, students are eligible to take the occupational therapy national certification examination.

The Occupational Therapy program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE), 4720 Montgomery Lane, Bethesda, MD 20824, (301) 652-2682, www.aota.org. Certification for the occupational therapy profession is provided through the National Board for Certification in Occupational Therapy (NBCOT), 800 S. Frederick Ave., Suite 200, Gaithersburg, MD 20877, www.nbcot.org.

Baccalaureate Degree in Occupational Science (BS)

Occupational science, an evolving social science, is the study of human occupation. Occupational scientists study why and how we occupy our time through activity, organize ourselves through activity patterns and habits, respond to the context in which occupations occur, and create meaning through occupations.

Students may combine the study of human occupation with other areas of interest through electives or a minor, including but not limited to, horses, humans and health, psychology, child and family studies, biology, community health, gerontology, and business. While many graduates of the Occupational Science program apply for entry into the Occupational Therapy Master’s program, some may choose other graduate education options or seek employment in non-credentialed health care, education or community positions. These careers may include case manager, independent living skills coordinator, activity coordinator, medical sales representative, senior citizen program coordinator, mental health associate, and job coach for persons with developmental disabilities.

The five themes of the occupational science curriculum are occupation, reasoning, diversity, communication, and professional identity. Interwoven are the curriculum elements of concepts and knowledge, active community learning experiences, integrative seminars, and authentic assessment and portfolio development. A value inherent in the curriculum model is that learning is optimal when educators guide student immersion in personally meaningful challenges that are processed in a supportive environment.
Graduates of the Occupational Science program meet the following outcomes:
1. Apply knowledge of occupational science to address the needs of individuals and society.
2. Demonstrate the reasoning required of health and human service professionals.
3. Collaborate with diverse people, communities, agencies and disciplines.
4. Demonstrate skillful use of communication.
5. Demonstrate professionalism.

Admission and Progression Requirements
All students who are accepted by EKU’s Admission office and declare their major as Occupational Science are admitted to the University as pre-Occupational Science majors; however, admission to the University does not guarantee admission to the Occupational Science program. Admission is competitive and based on a review of the applicants’ academic history by the department’s Admission, Progression and Retention Committee. Students seeking consideration for admission to the Occupational Science program must meet the following requirements by May in the semester preceding the Fall semester start of the junior year:

1. Completion of 60 hours of coursework, including prerequisites courses
2. Overall GPA of 3.0 or above
3. A minimum of 3 “B”s and 1 “C” in the following prerequisite courses or their equivalents (BIO 171, BIO 301, STA 215, PSY 200)
4. No more than 1 repeat per course in the following prerequisites or their equivalents (BIO 171, BIO 301, STA 215, PSY 200)

Application to the Occupational Science Program does not guarantee acceptance in to the program.

Students seeking admission to the Occupational Science program and progression to the junior year must follow this process:
1. By March 15th prior to progressing to the junior year of the Occupational Science program, all students must submit an Admissions and Advising Form to the Department Chair.
2. Transfer students must be fully admitted to the University by March 15th to be considered for admission to the Occupational Science Program. Students are responsible for submitting their official transcripts to the Office of the Registrar.
3. Based on a competitive admissions review, students will be informed of admission to Occupational Science program after Spring semester grades are posted.
4. Students admitted to the Occupational Science program will then be allowed to register for the junior year classes.

To progress to senior year, all junior academic year required major and support courses must be completed with a grade of “C” or better.

Graduate program requirements must be completed with a grade of “C” or better as well as completion of general education and university requirements for graduation.

For additional admission information please refer to the Selection Criteria at http://www.ot.uky.edu/

Enrollment in the Master of Science program in Occupational Therapy is limited. Completion of the undergraduate program in Occupational Science does not guarantee admission into the graduate program in Occupational Therapy. Refer to the Graduate Catalog for admission requirements and procedures regarding application to the Master of Science program in Occupational Therapy.

MS Transition Program
The Transition to Masters Program is a one year undergraduate program designed to prepare students who have completed a Bachelor’s degree, in something other than Occupational Science, for entrance into the MS in Occupational Therapy program.

This transition program is a one year undergraduate, post-baccalaureate program consisting of the following courses: BIO 271, 371, OTS 362, 402, 422, 430, 478W, and 499.

Admission to the MS Transition Program is competitive and acceptance to EKU undergraduate admissions does NOT mean acceptance into the MS Transition Program. If accepted as a candidate for the prerequisite transition year, you must be enrolled in all Fall transition courses (as an undergraduate) by July 1st of each year. To be eligible to take transition-year courses, you must be accepted as a potential student for the MS degree. If selected as a potential student you are guaranteed a place in the MS in Occupational Therapy program if you maintain a GPA of 3.0, complete all prerequisite courses with a “C” or better and are accepted by the graduate school. For more details refer to the EKU Occupational Therapy departmental website.

Appeals
Students may petition for a waiver of any regulations. Appeals regarding waiver of a regulation should be addressed to the Admissions and Progression Committee. Appeal of grade should be addressed to the Academic Practices Committee. See the University Student Handbook for details of the appeal procedures.

MINOR IN HORSES, HUMANS AND HEALTH

This interdisciplinary minor offers students a chance to explore the horse-human-health connection through various professions and perspectives. Students interested in working in the equine industry may pair this minor with any major to develop their interests and career paths. An elective in human development offers students the ability to tailor their academic study to individual needs. A student may complete this minor by taking 18 hours (including prerequisites/corequisites) as indicated below.

Minor Requirements .................................................. 18 hours
OTS 205, REC 210*, AGR 250, OTS 479S, ANS 497* (topic: the horse), and one elective in human development from the following: CDF 235, CDF 342, CDF 441, HEA 285, OTS-421*, PSY 280, or SED 104.

DEPARTMENT OF RECREATION AND PARK ADMINISTRATION

Chair
Dr. Jon McChesney
(859) 622-1833
Begley 403

Faculty
M. Bradley, M. Gerken, S. Jones, J. McChesney, and R. Sharp

The Department of Recreation and Park Administration offers the Bachelor of Science degree in Recreation and Park Administration with four options: Tourism & Resort Recreation, Natural Resources & Recreation Management, Recreation Management and Programming, and Therapeutic Recreation. The department also offers a minor in Recreation and Park Administration.

Students who transfer from another college or university must earn a minimum of 12 hours at EKU in their major. Students who transfer from another college or university must earn a minimum of six hours at EKU in their minor.

Graduates of the Tourism & Resort Recreation option find career opportunities in local, state, federal and private agencies that promote tourism, travel agencies, convention services, resort supervision and management, cruise lines, amusement and theme parks, as well as other commercial recreation agencies.

Graduates of the Natural Resources & Recreation Management option offers a wide variety of career opportunities such as park ranger, interpretive naturalist, camp director, recreation forester, fish and wildlife positions, and youth and adult outdoor recreation programming positions.

Graduates of the Recreation Management and Programming option find professional careers available in local, state, county and federal agencies, park management, golf course management, recreation supervision, aquatics, cultural arts programming, athletic programming, YMCA and YWCA, Boy Scouts and Girl Scouts, 4-H, and various other private and public agencies providing park, recreation and leisure services.

Graduates of the Therapeutic Recreation option find one of the fastest growing areas in the field of recreation and leisure services. Professionals in TR design programs to meet the needs of special populations, people with physical or developmental disabilities, and people with temporary or permanent psychiatric disorders. TR professionals work in children’s hospitals, mental health institutions and psychiatric hospitals, rehabilitation clinics, nursing homes, medical care facilities, transitional living facilities, group homes, camps, community-based programs, and community residential agencies.

The BS degree in Recreation and Park Administration provides 15 credit hours of direct hands-on field experience. The senior practicum (12 credit hours) serves as an excellent transition from school to work, and many students are hired directly out of their practicum.

Students majoring or minoring in Recreation and Park Administration are required to attain a minimum grade of “C” in all REC courses and a 2.5 or better average in all REC courses. All REC core and REC option courses must be completed prior to enrollment in REC 463, Senior Practicum.

The College of Justice and Safety at Eastern Kentucky University is one of the largest of its type in the United States and is one of the five colleges that comprise the academic structure of the University. Within the College of Justice & Safety is the School of Justice Studies, and the School of Safety, Security, & Emergency Management. Faculty in the College are nationally and internationally known for their teaching, research, service and experience. Professors have backgrounds as police officers, paramedics, corrections directors, juvenile justice administrators, safety and security consultants, arson investigators, military officers, lawyers, scholars, probation and parole officers, and FBI agents.

The Commonwealth of Kentucky named the College of Justice & Safety as the first Program of Distinction at Eastern Kentucky University in 1998. The Program of Distinction has funded a new annex, new degree programs, upgraded classrooms and computer labs, provided additional research opportunities for faculty and students, as well as scholarship opportunities for students majoring in programs offered by the college.

Certificate, associate, baccalaureate, and master’s degree programs are offered by the College of Justice and Safety. Several courses and some complete programs are also available online.

The College is committed to a career ladder concept by providing opportunities for students enrolled in or completing associate (two-year) degree programs to transfer to a corresponding baccalaureate (four-year) program within the same department with little or no loss of credit.

Most programs in the College are housed in the Stratton Building, an outstanding and unique facility which includes two annexes, a remodeled shared entrance; renovated library and classrooms with new technology, 250-seat auditorium, two computer labs and a cafeteria. The Fire Science programs have additional offices, classroom, and labs in Ashland Building and the Emergency Medical Care program has offices, classrooms and labs in the Dizney Building.

In addition to its academic departments, the College houses two nationally recognized research and service centers: the Justice & Safety Center (JSC), and the Training Resource Center (TRC). The JSC works to serve the nation’s public safety and security communities by providing research and evaluation, technology prototype development and testing, and training and technical assistance. The TRC is an adult professional development program which provides training for social, human and juvenile justice service professionals, and develops quality educational experiences for at-risk and delinquent youth.

**ADMISSION TO THE COLLEGE**

Students seeking admission to the College of Justice and Safety must meet general University requirements and should indicate their intention to major in a program of the College.

After being admitted to the College, a student will be assigned to a professional advisor, in the new Academic & Advising Center, who will assist in selecting the proper courses leading to the desired degree.

**DEGREE REQUIREMENTS**

General University degree requirements appear in Section Four of this Catalog, and specific requirements for each of the degree programs offered by the College of Justice and Safety appear below; both sets of requirements must be met by students completing associate and baccalaureate programs. Unless otherwise specified, all programs in the College of Justice and Safety require a grade of “C” or better for all required major and supporting courses. See the program descriptions under each department for specific major and minor requirements. Common to all programs is the Student Success Seminar.

**MAJOR AND MINOR CREDIT MINIMUM**

Unless otherwise specified, regardless of the advanced standing under which the student may have been admitted or what credits have transferred, 18 hours of advanced course work (courses numbered 300 or above) applied for credit toward the major subject for a baccalaureate degree, nine hours of advanced course work applied for credit toward the major subject for an associate degree, and six hours of advanced course work toward major subject for a minor must be earned at Eastern.
Baccalaureate Degrees

College of Justice and Safety Residency Requirement

The College of Justice and Safety requires that students graduating with a baccalaureate degree from the School of Justice Studies, or the School of Safety, Security, and Emergency Management, must earn a minimum of 18 upper division credit hours in the home department of their major.

Online Course Work

The major requirements for the B.S. degree, as well as coursework required for professional certificates (see below), are to be completed online. Admission to pursue Bachelor of Science (B.S.) major requirements online further requires a composite ACT score of 20 or higher. Students with composite ACT scores of 18 or 19 may be admitted on a probationary basis but are required to furnish a writing sample. Though students transferring from another accredited institution are not required to submit test scores, such students must meet EKU’s requirements for admission as a transfer student. In addition, transfer students must have an overall 2.5 or greater grade point average (GPA) on a 4.0 scale on all work from accredited institutions. Transfer students with overall GPAs less than 2.5 but at least 2.0 may be admitted on a probationary basis but are required to furnish a writing sample. The requirement that B.S. students must earn a minimum of 30 of the last 36 hours through EKU is waived for students pursuing the B.S. major requirements online. However, for the B.S. degree, a minimum of 32 hours must be earned through EKU. Contact the Undergraduate Online Program Coordinator for additional details.

Baccalaureate Degrees

College of Justice and Safety Residency Requirement

The College of Justice and Safety requires that students graduating with a baccalaureate degree from the School of Justice Studies, or the School of Safety, Security, and Emergency Management, must earn a minimum of 18 upper division credit hours in the home department of their major.

Admission Procedure: Emergency Medical Care  
Students who have been admitted to the University and College of Justice and safety and declare a major in Emergency Medical Care are admitted to the Pre-Emergency Medical Care Program. Admission to the Pre-Emergency Medical Care Program does not guarantee admission to the Advanced Emergency Medical (paramedic) sequence.

Pre-Emergency Medical Care students are accepted each semester. Students are selected for admission into the Advanced Emergency Medical Care Program once a year for the following fall semester. Selection is made based on the admission matrix. Criteria include: GPA, entrance exam scores, pre-requisite course grades and completion. Information meetings will be held. Please refer to the EMC webpage for additional information.

Additional Requirements

NREMT-P TO ASSOCIATE OF PARAMEDICINE (ASP) DEGREE PROGRAM

Admission Requirements:  
Current holders of National Registry of Emergency Medical Technicians – Paramedic (NREMT-P or State credentialing as defined by the program) certification may earn the Associate of Paramedicine (ASP) degree through an accelerated program offered by the EMC department. Applicants for admission into this accelerated program are accepted each semester.

Program  
Students admitted into the NREMT-P to ASP program will be required to take all general education and supporting coursework for the Associate of Science Paramedicine (A.S.P.).

Core Courses:  
EMC 380 and 382.  
After successful completion of both EMC 380 and 382, students will receive 18 credit hours which include EMC 335, 340, 342, 352, 360, 362.
EMC 105, 110, 225, 240.  
Credit for EMC 105, 110, 225, 240 is available through successful completion of department proficiency examinations.
EMC 104, 310, 315, and 320.  
Current and maintained certification in AHA CPR for Healthcare Professionals, ACLS-EP, PALS (and/or PEPP), and certification in PHTLS (or ITLS) may result in credit for EMC 104, 310, 315, and 320.

Supporting and General Education Courses are required:  
General Education Elements:  
Element 1. ENG 101, 102; Element 3. Arts and Humanities (3 credit hours); and Element 5B and Social Behavioral Sciences ( 3 credit hours);  
Supporting Courses:  
BIO 171, 301.

A total of 64 credit hours are required to obtain the Paramedicine (A.S.P.). Students must also obtain a minimum grade of “C” in all EMC courses, and BIO 171, 301. Students must also maintain an overall EKU GPA of 2.0 on a 4.0 scale.

Transferring Paramedic Credit into the EMC Program  
Effective January 2013 the National Registry has instituted a policy requiring that all candidates for certification must complete coursework from a CoAEMSP nationally accredited paramedic program. The EKU EMC program therefore has instituted the following policy, effective with the 2012/13 academic year.

Time Limit for Program Completion  
To maintain EKU’s status as a CoAEMSP nationally-accredited paramedic program students must progress through their EMC advanced sequence of classes (200-level and 300-level courses, as well as the required BIO 171 and 301) within a specified time limit. Each student must successfully complete all of these courses before they are eligible to take the NREMT skill and didactic examinations to obtain the NREMT Paramedic Card. National accreditation standards dictate that this must all be completed within a designated time window. The start
of an individual student’s time limitation (“advanced sequence and testing clock”) will be determined by the student’s program advisor.

Credit from a CoAEMSP Accredited Paramedic Program

Students with transfer credit from a CoAEMSP accredited paramedic program may have this credit used to fulfill a portion of their major and supporting program requirements. Such work will be evaluated by EMC faculty for comparability and content; students may be required to complete departmental exams to gauge subject mastery and to assist with appropriate course placement.

Credit NOT from a CoAEMSP Accredited Paramedic Program

Coursework accepted by EKU but earned through participation in a program that is not CoAEMSP accredited cannot be used to advance a student through EKU’s nationally accredited EMC program. Such credit may fulfill general education and elective areas; but it cannot be applied toward the EMC major and supporting program requirements.

However a student who has earned a National Registry Paramedic Card may be allowed to use non CoAEMSP accredited transfer credit in partial fulfillment of major requirements. Earning the National Registry paramedic related transfer coursework. Students without this paramedic credential, and without CoAEMSP accredited transfer courses, must progress through the EKU EMC program by completing EKU coursework.

Pre-Homeland Security
Admission Requirements
Students who have been admitted to the University and declare a major in Homeland Security are enrolled in the Pre-Homeland Security Program. Enrollment in the Pre-Homeland Security Program does not guarantee admission to the B.S. in Homeland Security. Pre-Homeland Security Program students are accepted each semester.

Students enrolled in the Pre-Homeland Security Program and desiring admission to the B.S. in Homeland Security major, must have completed a minimum of 45 total credits and have a 2.5 minimum EKU GPA, including completion of the lower-division courses of HLS 101, HLS 201, HLS 225 and SEC 210. The lower-division courses must be completed with a grade of C or better. B.S. in Homeland Security students are accepted each semester. Students seeking admission to the B.S. in Homeland Security must submit the EKU Change of Major Form to the Homeland Security program coordinator with a DegreeWorks audit attached.

Students admitted to the B.S. in Homeland Security must maintain a 2.5 minimum EKU GPA. Students falling below the minimum GPA will be placed in academic probation for one semester. If after one semester in academic probation the student does not regain the 2.5 minimum EKU GPA, they will be withdrawn from the major. Students withdrawn from the major due to an EKU GPA lower than 2.5 are not eligible for readmission to the B.S. in Homeland Security.

### Cooperative Education/Internship (Applied Learning)

Courses are numbered according to the following plan:

<table>
<thead>
<tr>
<th>Course Number</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>000-099</td>
<td>are remedial non-degree credit courses</td>
</tr>
<tr>
<td>100-199</td>
<td>are primarily for freshmen</td>
</tr>
<tr>
<td>200-299</td>
<td>are primarily for sophomores</td>
</tr>
<tr>
<td>300-399</td>
<td>are primarily for juniors</td>
</tr>
<tr>
<td>400-499</td>
<td>are primarily for seniors</td>
</tr>
<tr>
<td>500-599</td>
<td>are primarily for seniors and are linked with 700 level graduate courses</td>
</tr>
</tbody>
</table>

A student may not take a course numbered more than one year above his/her classification level without advisor permission. To take courses numbered 300 and above in The School of Business see the College of Business and Technology section for requirements for BBA degree.

Special approval must be obtained from the dean of the college offering a 500-level course in order for junior-level students to enroll. (Students of less than junior status or unapproved juniors cannot be admitted to a 500-level course and will be disenrolled by the Registrar if such an enrollment occurs.)

### Course Descriptions

The semester hours which may be earned by successful completion of a course are indicated in parentheses immediately following the course title, e.g., (3).

A course is offered during the semester indicated by the term-offering designation immediately following the credit hours earned:

1. Fall Semester
2. Spring Semester
3. By Announcement

A course is offered during the indicated semester or by announcement on the assumption there will be adequate enrollment. If a course does not obtain adequate enrollment, it is subject to cancellation. The University reserves the right to cancel any course if the enrollment is not sufficient, to divide a course if the enrollment is too large for efficient instruction, and to change instructors when necessary.

The description of the course format for courses which include a laboratory experience is found at the end of the course description. A course which consists of three hours of classroom lecture and two hours of laboratory per week is described as “3 Lec/2 Lab.”

Courses approved for general education are noted as such by the phrase “Gen. Ed.” and a number following the course description. The number refers to the general education block to which the course may be applied. Letters in brackets [ ] designate Kentucky statewide General Education core coding. See General Education Requirements in Section Four.

### Cooperative Education/Internship (Applied Learning)

XXX — 349 Applied Learning

Students may register for additional hours of applied learning and cooperative education beyond those specified in each course description. However, courses students are taking will then fall into a repeat cycle where the last course taken replaces the former course so that no more than the limit noted may be counted toward a degree program, minor, or certificate.

ACC 349 Applied Learning in Accounting. (5-8) A. Prerequisites: minimum GPA of 2.25 and 60 credit hours completed. Collaboration and communication skills required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required for each credit hour. Three hours may be used as a major elective. Additional hours may be used to fulfill the 150-hour CPA exam requirement. May be repeated for a total of 16 credit hours.

ACC 350 Accounting Information Systems. (3) I, II. Prerequisite: A minimum grade of “C” in ACC 202 and (CIS 212 or CSC 104) An introduction to managerial, financial, and cost accounting information systems. Topics include AIS components, transaction cycles, system development, internal controls, and the audit process. The course stresses problem solving, critical thinking, and computer application skills.

ACC 425 Accounting Theory. (3) I, II. Prerequisites: ACC 302 with a grade of “C” or better and CCT 300W. An emphasis on conceptual understanding of accounting principles using literature published by the AICPA, FASB, and current writers. Accounting history, SEC, legal liability, conceptual framework, SFAS’s and APB’s.

ACC 440 Legal Aspects of Accounting. (3) I, II. Prerequisites: Senior standing (90 hours or more) and GBU 204 with a grade of “C” or better. Law as it relates to the accounting profession.

ACC 441 Accounting Information Systems I. (3) I, II. Prerequisites: ACC 302, 350, and GBU 204 with grades of “C” or better. Professional ethics; accountants’ legal responsibility; internal control; general arrangement and procedure of an audit; asset accounts; liability accounts; operating accounts; the audit report.

ACC 490 Special Problems in Accounting. (1-6) A. May be taken under different sub-topics to a cumulative maximum of six hours. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

ACC 501 International Accounting and Combinations. (3) II. Prerequisite: ACC 302 with a minimum grade of “C”. Advanced study in accounting and fiscal procedures for institutions in federal, state, county, and municipal governments.

ACC 523 Taxation of Corporations. (3) A. Prerequisites: ACC 301, ACC 322, or ACC 322S, and GBU 204 with grades of “C” or better. An introduction to federal tax procedures and state and local tax issues. Prerequisite: junior standing or department approval.

ACC 525 Forensic Accounting. (3) A. Prerequisites: ACC 201 with a grade of “C” or better and GBU 204 with a grade of “C” or better. A study of the investigation of accounting principles. Applications and techniques used in forensic accounting. Prerequisite: senior standing.

ADM 102 Introductory Apparel Production. (3) I, II. Basic principles of apparel production, selection, alteration, and fitting of commercial patterns.

ADM 119 Introduction to Apparel Design and Merchandising. (3) I. An introductory study of apparel and textile producers, designers, merchandisers, retailers, consumer characteristics, consumer behavior, and ethical issues. Information sources about the industry and consumers are examined. Exploration of career opportunities.

ADM 201 Introduction to Textiles. (3) I, II. Introduction to fabrics, yarns, fibers, colors, and textile applications. Emphasis on consumer use.

ADM 203 Pattern Alteration and Fitting. (3) II. Prerequisite: ADM 102. A basic study of pattern alteration and fitting commercial patterns.

ADM 210 Dress, Appearance, and Culture. (3) A. Prerequisites: CDF 132 and PSY 200. Social, cultural, and psychological factors which influence beliefs, attitudes and choices regarding appearance and dress of individuals and groups.

ADM 222 Fashion Illustration. (3) A. Methods and materials for clothing illustration, including sketching of the elongated fashion figure and computer-aided design. Illustration, color and fabric rendering of original designs and clothing lines.

ADM 300 Apparel and Textile Sourceing. (3) I. Prerequisites: ADM 102 and 103. Study of domestic and international apparel and textile sources of supply. Examines topics related to textile/apparel production, manufacturing, import/export, retailing and consumption.

ADM 310 Historical Costume and the Social Order. (3) I. Cross-listed as WGS 310. Prerequisite: ADM 102 or 201. History of dress from ancient Egypt through the 20th century. Factors which influence the style of dress are studied and relationship between costume of the past and current modes. Credit will not be awarded for both ADM 310 and WGS 310.

ADM 312 Flat Pattern Draping Design. (3) A. Prerequisites: ADM 102 and 103. Study of drapery and development of apparel designs through flat pattern and draping techniques.

ADM 313 Apparel Design and Quality. (3) I. A study of apparel selection including terminology, selection of ready-to-wear, factors in selection, levels of sewn products, and principles of design and aesthetics of dress.

ADM 319 Apparel Merchandising. (3) A. Prerequisites: ADM 119 and ECO 230. The merchandising of apparel, including merchandise control, buying procedures, vendors, vendor relations, planning assortments and budgets for basic and fashion categories. Practice in merchandise mathematics.

ADM 339 Visual Merchandising. (3) I. Prerequisites: junior standing or department approval. Principles and techniques used in the display of fashion merchandise and their application in planning and actual display of fashion goods for store windows and interiors.

ADM 349 Applied Learning in Apparel. (5-8) A. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester. Total hours: eight, associate; sixteen, baccalaureate. Minimum of 80 hours work required for each academic credit.

ADM 349 A-N Cooperative Study: Apparel. (5-8) A. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester. Total hours: eight, associate; sixteen, baccalaureate. Minimum of 80 hours work required for each academic credit.

ADM 411 Advanced Apparel Production. (3) A. Prerequisites: ADM 102 or department approval. Tailoring and other advanced apparel production techniques. Exploration of appropriate production techniques for specialty fabrics.

ADM 412 Advanced Apparel Design. (3) A. Prerequisites: ADM 201 and 312 or department approval. Solving design problems through fabric selection, patterning techniques, and apparel production methods. Presentation of design concepts in a portfolio.

ADM 413 Apparel Product Development. (3) I. Prerequisites: ADM 102, 210, 300, 313, 349. Problem solving and the development of sewn products and services in the apparel industry.

ADM 414 Apparel Design and Merchandising Practicum. (6) A. Prerequisites: ADM 312 or 319, 413 and 2.0 cumulative GPA. Supervised practicum studying apparel design and/or merchandising in manufacturing, design, retail or wholesale firms.

ADM 419 Special Problems in ADM. (1-3) A. Prerequisites: 3.0 GPA and department approval. The student selects a problem and works under the
supervision of the instructor. Students must have the independent study proposal form approved by faculty supervisor prior to chair approval. May be repeated to a maximum of six hours provided topics differ.

ADM 550 ADM Topics: 1-3. A course designed to offer specialized instruction in numerous areas related to applied management thinking, and fashion. May be repeated to a maximum of six hours provided topics vary.

AED - Art Education

AED 360 Introduction to Materials Inquiry. (3) A. Students will explore processes and materials used in K-12 programs, will present exploration results through seminar-style discussion and demonstrations, and will begin to understand and practice developmentally appropriate teaching strategies through peer teaching. Credit will not be awarded for both AED 360 and ART 360.

AED 361 Art Teaching: Grades P-8. (3) I. Prerequisites: Major in Art Education. Developmentally-appropriate curriculum, materials, and methods for the P-8 art program. Minimum of 20 field/clinical hours. Credit will not be given for both EME 361 and AED 361.

AED 561 Materials Inquiry in Art Education. (3) A. Formerly AED 460. Prerequisite: AED 360 and open to junior and senior art students who plan to teach. Corequisite: EMS 349Q. Diversified inquiry into materials and processes in the elementary and secondary schools. Maximum number of repeatable hours: 6. Credit will not be awarded for both ART 460 or AED 460 and AED 561.

AEM—Applied Engineering Management

Dr. Dennis Field, Coordinator

AEM 195 Computer Aided Drafting. (3) I. Prerequisite: ENG 102, or ENG 105(B), or HON 102, or HON 102W. A study of the computer-aided drafting (CAD) software commands. Content will include basic fundamentals, drawing and editing commands, input/output methods, and industry applications. 2 Lec/2 Lab.

AEM 201 Metallic Material Processes. (3) I, II. Introduction to manufacturing processes involving metallic materials. Families of processes covered are casting, molding, forming, separating, conditioning, assembling, and finishing. 2 Lec/2 Lab.

AEM 202 Introduction to Quality. (3) I, II. Prerequisite: STA 215 or 270 and MAT 107 or higher or mathematics. Role of statistical thinking in modern quality control. Methods for problem solving, data collection, and process improvement. Deriving actionable conclusions from data analyses. Understanding, quantifying, and reducing variation to improve business performance.

AEM 242 Furniture and Cabinet Construction. (3) A. Prerequisite: TEC 141. Principles of furniture and cabinet construction, elements of structural design, advanced woodworking operations, care and sharpening of tools, related technical information, furniture and cabinet construction, and wood finishing. 2 Lec/2 Lab.

AEM 301 Non-Metallic Material Processes. (3) II. Introduction to manufacturing processes used to shape or form wood, plastic, and composite materials. Families of processes covered are casting, molding, forming, separating, conditioning, assembling, and finishing. 2 Lec/2 Lab.

AEM 308 Methods of Lean Operations. (3) I, II. Prerequisite: STA 215 or 270 and MAT 107 or higher. Examination of lean principles, such as value mapping, continuous flow, continuous improvement, determinants of standard work and standard work. Concepts and implementation of pull, line balancing, lean accounting, FMEA, time studies, and total productive maintenance.

AEM 349 Computer Communications in Industry. (3) I, II. Prerequisites: ENG 102 and TEC 161. A conceptual approach to computer aided communication systems typically applied in industrial environments. Emphasis will be placed on utilizing computer technology to integrate text and graphics in the preparation of documents and presentation materials. Credit will not be awarded for both AEM 310 and AEM 310W.

AEM 310W Computer Communications in Industry. (3) I. Prerequisites: ENG 102 or ENG 105(B) or HON 102, TEC 161. An approach to computer aided written communication typically applied in the industrial environment. Emphasis will be placed on utilizing computer technology to integrate text and graphics in the preparation of documents and presentation materials. Credit will not be awarded for both AEM 310W and AEM 310.

AEM 320 Warehousing and Material Handling. (3) I. Prerequisite: ADM 202 and 308. A laboratory oriented course that examines basic warehouse layout configurations, material flow, an a critical evaluation of the application of computers to control material flow, plus the use of computer simulation to analyze layout options for scheduling, picking and material tracking. 2 Lec/2 Lab.

AEM 332 Process Control and Auditing. (3) I. Prerequisites: AEM 201 and TEC 190. A study of Statistical Process Control methods and procedures in industry, and auditing as a method of evaluating the documentation, implementation, and effectiveness of a Quality System.

AEM 336 Reliability and Sampling. (3) A. Prerequisite: AEM 202. An overview of reliability, testing, and sampling theories. Topics include component and system reliability, product safety, sampling plans, control charts, and standards.

AEM 349 A-N Cooperative Study: Industrial Technology. (5-8) I, II. Prerequisite: departmental approval. An advanced study and research experience, including field placements related to academic studies. One to eight hours credit per semester. Total hours: eight, associate, sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

AEM 349 A-N Cooperative Study: Industrial Technology. (5-8) I, II. Prerequisite: departmental approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate, sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

AEM 352 Automated Technology Devices. (3) A. Prerequisite: EET 251. The electronic hardware used in computer integrated manufacturing. Topics include PLCs, interfacing devices, sensors, data entry and bar coding, motors, ADCs, and DACs. 2 Lec/2 Lab.

AEM 371 Hydraulics and Pneumatics. (3) II. Principles of the operation, construction, control, and application of hydraulic and pneumatic components and circuits. The study of control applications includes manual, mechanical, fluid, electrical, and computer controlled fluid circuits. 2 Lec/2 Lab.

AEM 382 Advanced Material Processing. (3) A. Prerequisites: AEM 201 and 301. A laboratory course involving advanced material processing which includes project planning and management, machining, welding, precision layout, and measuring. Students will design and fabricate projects that include two-part mold designs, CNC machining, and multi-process welding. 2 Lec/2 Lab.

AEM 383 CAD/CAM Integration. (3) A. Prerequisites: AEM 201. The use of computer application software to link data bases created with computer aided design software and computer numerical controlled machine tools. 2 Lec/2 Lab.

AEM 390 Advanced Computer Aided Design. (3) A. Prerequisite: AEM 195. A study of advanced topics in three-dimensional computer aided design. The content will include advanced modeling and rendering. 2 Lec/2 Lab.

AEM 392 Computer Aided Machine Drawing. (3) I. Prerequisite: AEM 195. Computer generated detail and assembly drawings. Topics include threads and fasteners, gearing and cams, and dimensioning and tolerancing. 2 Lec/2 Lab.

AEM 395 Special topics in AEM; (2-3) Prerequisite: AEM 202, Department approval, junior or higher standing. Explores emerging technologies in the area of applied engineering. May be repeated up to a maximum of 9 hours provided subject matter is different each time.

AEM 397 Advanced Machine Drawing. (3) A. Prerequisites: AEM 390 and 392. Advanced machine drawing applications to include detail and assembly drawings, threads and fasteners, gearing and cams. Emphasis on shape description. 2 Lec/2 Lab.

AEM 406 Integration. (3) I, II. Prerequisite: AEM 202. A senior course which examines consumer demand characteristics, product bill materials, establishing sales and operations plans, planning and controlling inventory in the supply chain.

AEM 408 Human Resource Development. (3) I, II. Topics in human relations and production management. To be scheduled the semester before graduation.

AEM 467 Comprehensive Exam for BS in AEM (0) A. Prerequisite: Consent of Advisor. Registration is required of all Applied Engineering Management B.S. majors during their last semester. A comprehensive assessment exam is required prior to graduation.

AEM 499 Senior Capstone Project. (3) II. Prerequisite: AEM 310, 352, 407, and Senior Standing. A synthesis experience involving the application of theory in solving a realistic industrial problem. Emphasis is placed upon proposal, solution, justification, report and presentation. 2 Lec/2 Lab.

AEM 506 Six Sigma Quality. (3) A. Prerequisite: AEM 202. A study of six sigma methodology and current practices with an emphasis on key quality drivers and statistical methods for world-class products and companies.

AEM 530 Design of Experiments. (3) A. Prerequisite: AEM 202. Principles and practices of efficient experiment design for industry. Topics include the philosophy of experiment design, comparison of various designs, hypothesis testing, and the analysis of data.

Dr. Salome Nnoromele, Director

AFA 201 African/African-American Studies

2013-2014 EKU UNDERGRADUATE CATALOG 279

**AFA 202 The African-American Experience.** (3) A. An overview of the historical, social, political, and cultural factors that have helped shape the experiences of African Americans in the United States. It fulfills a core requirement for African-American Studies. Credit will not be awarded for both AFA 202 and 202W. Gen. Ed. Element 6.

**AFA 202W The African-American Experience.** (3) A. Prerequisite: ENG 102, or ENG 105(B), or HON 102(B). An overview of the historical, social, political, and cultural factors that have helped shape the experiences of African Americans in the United States. It fulfills a core requirement for African-American Studies. Credit will not be awarded for both AFA 202 and 202W. Gen. Ed. Element 6.

**AFA 225 African/African-American Health Issues.** (3) A. Cross-listed as EHS 225. Provides the student with an understanding of the medical and public health issues relative to the maintenance of health conditions both in the United States and Africa. Credit will not be awarded for both AFA 225 and EHS 225.

**AFA 304 Slavery in the Americas.** (3) A. Cross-listed as HIS 304. The history of slavery, both labor, and freedom in the Western Hemisphere. Special attention will be given to anti-slavery and abolitionist movements. Credit will not be awarded for both AFA 304 and HIS 304.

**AFA 305 African American History.** (3) A. Cross-listed as HIS 305. African history to 1500: Europe, Africa, and the Americas; trans-Atlantic and domestic slave trades; American slavery; emancipation; post-emancipation developments and initiatives; persistence of black nationalism. Credit will not be awarded for both AFA 305 and HIS 305.

**AFA 330 U.S. South and Black Education.** (3) A. Cross-listed as EDF 330. This course introduces the major themes of Black populations pursuing educational opportunities in Southern States in the U.S. Students will acquire knowledge about historical events, people and policies shaping the evolution of Blacks in education. Credit will not be awarded for both AFA 330 and EDF 330. Gen. Ed. VIII.

**AFA 345 Minority Group Politics.** (3) A. Cross-listed as POL 345. Examination and comparison of various theories, strategies, forms of participation, leadership styles, and concepts (e.g. Black Power) of minority group politics. Credit will not be awarded for both AFA 345 and POL 345. Gen. Ed. VIII.

**AFA 346 Diversity and Criminal Justice.** (3) A. Cross-listed as CJR 345. Prerequisite: departmental approval. Contemporary race, gender, and other diversity issues and their relevance to criminal offenders, crime victims, and the criminal justice system. Includes such issues as the civil rights and women’s movements, and equal opportunity. Credit will not be awarded for both AFA 346 and CJR 345.

**AFA 347 Special Topics in AFA Studies.** (3) A. Specialized study of selected topics not available in traditional course offerings. May be retaken with different topics to a maximum of six hours.

**AFA 349 Applied Learning in AFA Studies.** (2-3) A. Work in a cooperative placement related to student’s academic interests. May earn a maximum of three hours. A minimum of 80 hours work required for each semester hour credit.

**AFA 360 Literature of Africa.** (3) A. Prerequisite: ENG 102, 105(B), or HON 102. Cross-listed as ENG 360. Survey of the genres and components of African literature, oral and written; study of how key concepts in African thought, culture and experiences are reflected in the literatures composed by writers from Africa or of African origin. Credit will not be awarded for both AFA 360 and ENG 360. Gen. Ed. Element 6.

**AFA 361 African-American Literature.** (3) A. Cross-listed as ENG 361. Survey of selected works of African-American literary traditions. Credit will not be awarded for both AFA 361 and ENG 361. General Education Element 6.

**AFA 367 African Caribbean Literatures.** (3) A. Prerequisite: ENG 102 or 105(B) or HON 102. Cross-listed as ENG 367. A study of selected literatures written by Caribbean writers of African descent. Credit will not be awarded for both AFA 367 and ENG 367. General Education Element 6.

**AFA 372S Blacks in Madison County (3) A.** Leadership Seminar is open to students who are members of the Air Force Reserve Officer Training Corps or are eligible to pursue a commission as determined by the Professor of Aerospace Studies.

**AFA 111 Aerospece Studies I. (1) I.** This course deals with the Air Force in the contemporary world through a study of the total force structure, strategic offensive and defensive forces, general purpose forces, and aerospace forces.

**AFA 112 Leadership Seminar.** (1) I. Introduces Air Force customs and courtesies, drill and ceremonies, and wear of the uniform. The course also includes a discussion of career opportunities in the Air Force.

**AFA 113 Aeropace Studies I. (1) II. A.** A continuation of AFS 111.

**AFA 114 Leadership Seminar.** (1) I. A course designed to develop managerial skills including superior/subordinate relationships, communications, customs and courtesies, basic drill movements and career progression requirements. Credit will not be granted toward the requirements for the degree. Pass-Fail only.

**AFA 211 Aerospace Studies II. (1) I.** This course is a study of air power from balloons and dirigibles through to the jet age. It is an historical review of air power employment in military and nonmilitary operations in support of national objectives; and look at the evolution of air power concepts and doctrine.

**AFA 212 Leadership Seminar.** (1) I. Air Force customs, courtesies, and opportunities are emphasized. The cadet is prepared for individual, flight, and squadron movements in drill and ceremonies.

**AFA 213 Aerospace Studies II. (1) II. A.** A continuation of AFS 211.

**AFA 214 Leadership Seminar.** (1) I. Emphasis on preparing cadets for attendance at field training during succeeding summer.

**AFA 311 Aerospace Studies III. (3) I.** Prerequisite: acceptance into the professional officer course. A study of management functions with emphasis on the environment. Individual motivational and behavioral process, communication, and group dynamics are included for the development of professional skills.

**AFA 312 Leadership Seminar.** (1) I. Involves the cadets in advanced leadership experiences to prepare for active duty. Cadet responsibilities include planning, organizing, directing, coordinating, and controlling the activities of the cadet corps and preparing briefings and written communications.

**AFA 313 Aerospace Studies III. (3) II.** Prerequisite: AFS 311. A study of leadership with specific emphasis on the Air Force leader. Includes theoretical, professional, and communicative aspects. In addition, military justice and administrative law are discussed within the context of the military organization.

**AFA 314 Leadership Seminar.** (1) II. Cadets continue preparations for fulfilling leadership positions as an active duty Air Force officer.

**AFA 411 Aerospace Studies IV. (3) I.** Prerequisites: AFS 311 and 313. A study of the military profession, civil-military interactions, communication skills, framework of defense policy, and formulation of defense strategy.

**AFA 412 Leadership Seminar.** (1) I. Involves the cadets in higher level advanced leadership experiences. In addition, the cadets receive a final block of instruction for Initial Commissioned Service.

**AFA 413 Aerospace Studies IV. (3) II.** Prerequisite: AFS 411. Continues the study of strategy and the management of space forces, formulation and implementation of U.S. defense policy, defense organization, and case studies in defense policy making.

**AFA 414 Leadership Seminar.** (1) II. University of Kentucky (859) 257-7115

Leadership Seminar is open to students who are members of the Air Force Reserve Officer Training Corps or are eligible to pursue a commission as determined by the Professor of Aerospace Studies.
SECTION SIX - COURSE DESCRIPTIONS

Care of horses.

AGR 255 Companion Animal Management. (A) Care and management of dogs, cats, rabbits, birds, reptiles and tropical fish. Companion animal breeds, behavior, nutrition, genetics and reproduction will be emphasized.

AGR 300 Travel Study in Agriculture, Technology. (1-6) A travel course for groups and individuals in agriculture and horticulture to study new and emerging technologies in agriculture and horticulture, structural organizations of agricultural enterprises, and interpersonal and intercultural relationships. May be taken once for a maximum of 4 credit hours.

AGR 302 Directed Work Experience. (1-4) I, II. Agriculture majors only; minimum sophomore standing or departmental approval. A minimum of three hours per week per hour of credit using university or other approved facilities. May be taken for a maximum of 4 credit hours.

AGR 302E Crops Option. (3) A. Prerequisite: AGR 125 and 126. History, importance, and trends associated with the sheep industry; systems of selecting, breeding, feeding, marketing, and management of beef cattle. 1 Lec/2 Lab.

AGR 303 Animal Health Laboratory. (1) I. Corequisite: AGR 216. Introduction to veterinary science. (2) A. Prerequisite: AGR 125 or 126: History, importance, and trends associated with the sheep industry; systems of selecting, breeding, feeding, marketing, and management of beef cattle. 1 Lec/2 Lab.

AGR 306 The Global Society's Food Supply. (3) I, II. Prerequisite: ECO 230. An introduction to the factors that influence population growth and food production. Credit will not be awarded for both AGR 306 and OHO 404. 3 Lec/2 Lab.

AGR 308C Swine Option. (1-6) A. Prerequisite: AGR 125 or 126. History, importance, and trends associated with the sheep industry; systems of selecting, breeding, feeding, marketing, and management of beef cattle. 1 Lec/2 Lab.

AGR 309 Agricultural Economics. (3) I, II. Prerequisite: ECO 230. An introduction to the economic environment of the agribusiness sector. Examines the role of agriculture in the U.S. and the world economies. Includes concepts and principles concerning individual agribusiness decision making.

AGR 310 Principles of Agribusiness Management. (3) I. Prerequisite: AGR 308. Organization and operation of the farm related to agricultural business with emphasis on budgeting, enterprise selection, financial statements, and resource management. Includes microcomputer applications and survey of government regulations that are applicable to topic.

AGR 311 Agriculture Metal Fabrication. (2) A. Principles and techniques of arc and TIG welding, and production skills related to a livestock herd or enterprise. 2 Lec/2 Lab.

AGR 312 Aquaculture and Management of Grasslands and Pastures (4) A. Prerequisites: AGR 130 and 131, and Junior Standing. Examination of grasslands and pastures from an ecological perspective and practical applications on wildlife and livestock management. 3 Lec/2 Lab.

AGR 318 Soil/Water Conservation Technology. (3) A, I. Principles and procedures for basic surveying and soil-water conservation systems. This will include how rainfall, run-off, erosion, contours, ponds, lagoons, drainage, and irrigation interact with the desired conservation system. 2 Lec/2 Lab.

AGR 319 Renewable and Sustainable Energy Systems. (3) II. Cross-listed as ENV 319. Prerequisite: ENG 102 or ENG 105B or HON 102; and MAT 105 or higher. Principles of energy and how those needs potentially can be met in the future will be discussed. Comparisons of existing energy sources (fossil fuels, nuclear power) with renewable sources (biomass, solar, wind, tidal). Credit will not be awarded for both AGR 319 and ENV 319.

AGR 321 Feeds and Feeding. (4) I. Feeds used in livestock feeding, including harvesting, storage, feeding characteristics, and ration formulation from these feedstuffs. 3 Lec/2 Lab.

AGR 327 Beef Production. (4) I. Prerequisites: AGR 125 and 126. History, importance, and trends associated with the beef cattle industry; systems of selecting, breeding, feeding, marketing, and management of beef cattle. 3 Lec/2 Lab.

AGR 328 Swine Production. (4) A. Prerequisites: AGR 125 and 126. History, importance, and trends associated with the swine industry; systems of selecting, breeding, feeding, marketing, and management of swine. 3 Lec/2 Lab.

AGR 330 Animal Production. (2) A. Principles of growing, fattening, feeding, and marketing of dairy cattle, beef cattle, sheep, swine, and goats. 1 Lec/2 Lab.

AGR 340 Conservation of Agricultural Resources. (3) A. Cross-listed as ENV 341. Prerequisite: any ENV or AGR course and Junior Standing. Conservation of soils and their fertility, erosion control, and soil conservation methods for individual farms, water supply and distribution, problems of water and air pollution, problems resulting from the population explosion. Credit will not be awarded for both AGR 340 and ENV 341.

AGR 345 Sustainable Agroecosystems. (3) A, I. Prerequisites: any course in chemistry, AGR 130, and 131; or OHO 131 and 132 or BIO 131. A comprehensive study of new technology related to crop, and pest management practices which could enhance economic returns, environmental quality, and the resource base for the short and long term.

AGR 349 Applied Learning in Agriculture. (5-8) A. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

AGR 349 A-N Cooperative Study. Agriculture. (5-8) A. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight; associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

AGR 350 Agricultural Marketing. (3) A. Prerequisite: AGR 308. A study of concepts, principles and practices of marketing as related to the agribusiness system. Emphasis on agricultural input, production and processing/manufacturing sectors. Includes agriculture futures commodity market theory, mechanisms and practical applications. 3 Lec/2 Lab.

Additional topics include University regulations, publications, and support areas. Open to all students during their first two semesters of enrollment at EKU; beyond that, only students with fewer than 30 semester hours earned.

AST—Astronomy Dr. Jerry Cook, Chair

AST 130 Introductory Astronomy. (3) I, II. Prerequisite: MAT 105 or higher. Elementary survey course; study of Moon, Sun, and eclipses; Solar System; near stars and Milky Way. Non-laboratory. Credit will not be awarded for both AST 130 and AST 135. Gen. Ed. V.B.

AST 133 Astronomy Transition Lab. (1) I, II. Prerequisite: AST 130 or departmental approval. A transition laboratory that will allow students with credit for AST 130 to gain credit for a laboratory science course that is equivalent to AST 135. 2 Lab. Gen. Ed. E-4 [NS].

AST 135 Introductory Astronomy. (3, I, II. Prerequisite: MAT 105 or higher, or ACT mathematics subscore of 20 or higher, or departmental approval. Elementary survey course; study of Moon, Sun, and eclipses; Solar System; near stars and Milky Way. Credit will not be awarded for both AST 135 and AST 130. 2 Lec/2 Lab. Gen. Ed. E-4.

AST 230 Stars, Black Holes: the Cosmos. (3) A. Prerequisites: MAT 105 or higher, or ACT mathematics subscore of 20 or higher, or departmental approval; and ENG 102 or ENG 105(B) or HON 102. An introductory survey course for non-science majors interested in studying the origin and evolution of the Universe, of galaxies, and of stars as well as quasars, pulsars, and Black Holes. Non-laboratory. Gen. Ed. VII (NS).

ASTR - Athletic Training Dr. Jack Rutherford, Chair

ATR 100 Introduction to Athletic Training. (1) I. For students who will be applying for admission to the Athletic Training Education Program. Students will receive an introduction to professional organizations and issues, in addition to instruction and assessment of clinical skills necessary for progress to the next clinical training experience. 3 Lec/2 Lab. Gen. Ed. V.

ATR 201 Practicum I. (3) I. Prerequisite: PHE 212 and EMC 104 or EMC 110. Corequisite: ATR 211. This first practicum course provides the student with clinical skill based opportunities within a variety of athletic training settings. Classroom and laboratory sessions are designed to introduce the learner to specific educational competencies and clinical proficiencies. The proficiencies will be practiced and assessed to given specific standards of achievement and linked to courses previously taken. This practicum requires students to complete a minimum of 25 hours and a maximum of 35 hours per week as assigned by their preceptor.

ATR 301 Practicum III. (3) I. Prerequisite: ATR 202. This second practicum course provides the student with clinical skill based opportunities within a variety of athletic training settings. Classroom and laboratory sessions are designed to introduce the learner to specific educational competencies and clinical proficiencies. The proficiencies will be practiced and assessed to given specific standards of achievement and linked to courses previously taken. This practicum requires students to complete a minimum of 25 hours and a maximum of 35 hours per week as assigned by their preceptor.

ATR 311 Therapeutic Modalities. (4) I. Prerequisite: ATR 211. Study and practice related to physical effects, indications, and contraindications of therapeutic modalities. 3 Lec/2 Lab.

ATR 312 Therapeutic Exercise. (4) II. Prerequisite: ATR 311. Study and development of therapeutic exercise programs. Emphasis on understanding the influence of the pathological status of a tissue on its response to various types of activity. 3 Lec/2 Lab.

ATR 322 Therapeutic Interventions. (3) II. Prerequisite: ATR 311. Study of the therapeutic use of drugs in patients, including pharmacokinetics, pharmacodynamics, and routes of administration, in addition to the legal, moral and ethical implications of drug administration by the athletic trainer. Further study will include the principles and practices of intervention with respect to injury and rehabilitation.

ATR 398 Pre-Season Practicum in Athletic Training. (3). A. Prerequisites: ATR 202, Pre-season clinical experience in athletic training, requires students to complete a minimum of 30 hours and a maximum of 48 hours weekly during pre-season athletic camps at an EKU affiliated clinical site from August 1 Summer until Day before Fall Semester classes start. Credit will not be awarded for both ATR 398 and PHE 398.

ATR 401S Practicum V (3) I. Prerequisite: ATR 302. This fifth practicum course provides the student with clinical skill based opportunities within a variety of athletic training settings. Classroom and laboratory sessions are designed to introduce the learner to specific educational competencies and clinical proficiencies. The proficiencies will be practiced and assessed to given specific standards of achievement and linked to courses previously taken. Includes a minimum of 15 service-learning hours. This practicum requires students to complete a minimum of 25 hours and a maximum of 35 hours per week as assigned by their preceptor.

ATR 402 Practicum VI. (3) II. Prerequisite: ATR 401. This sixth practicum course provides the student with clinical skill based opportunities within a variety of athletic training settings. Classroom 2013-2014 EKU UNDERGRADUATE CATALOG
and laboratory sessions are designed to introduce the learner to specific educational competencies and aeronautical knowledge. The competencies will be practiced and assessed to given specific standards of achievement and linked to courses previously taken. This practicum requires students to complete a minimum of 10 and a maximum of 30 hours per week as assigned by an FAA instructor, at each of their three four-week clinical rotations with physicians, physician assistants or NPs, physical therapist and athletic training settings.

A VN 320 Flight Training Analysis II. (2) A. Prerequisite: appropriate flight credentials. A study of aeronautical information and instructional background necessary for becoming instrument flight instructors. Included in the course is teaching methodology, instrument interpretations, and instrument flight procedures.

A VN 320A Flight Training Techniques II. (1) A. Prerequisites: departmental approval and an overall GPA of 2.0. Flight training to prepare students for FAA examinations.

A VN 325 Aircraft Systems. (3) I, II. A study of electrical, mechanical and hydraulic systems, design and performance standards, capabilities and limitations, and conformance to FAA specifications.

A VN 330 Human Factors and Crew Resource Management. (3) A. Prerequisite: AVN 315. An integrated approach in the study of relations between the pilot, selection, training, flight deck design, machine compatibility, and safety. Emphasis is placed on human factors research enhancing compatibility of pilots and accident prevention.

A VN 331A Commercial Pilot-MEL: Flight I. (1) Prerequisite or corequisite: AVN 193A and 222A with “S” grade and overall 2.0 GPA. First twenty dual flight hours leading to the FAA commercial pilot MEL certification using FAA-approved Part 141 flight training syllabus.

A VN 332A Commercial Pilot-MEL: Flight II. (1) A. Prerequisite: AVN 330A, 331A and overall 2.0 GPA. Twenty-two Student CRM time building flight hours leading to the FAA commercial pilot MEL certification using FAA-approved Part 141 flight training syllabus.

A VN 333A Commercial Pilot-MEL: Flight III. (1) A. Prerequisite: AVN 332A and overall 2.0 GPA. Twenty-two Student CRM time building flight hours leading to the FAA commercial pilot MEL certification using FAA-approved Part 141 flight training syllabus.

A VN 334A Commercial Pilot—MEL: Flight IV. (1) A. Prerequisite: AVN 330A and overall 2.0 GPA. Eleven Student CRM time building flight hours and ten PDPIC dual flight hours leading to the FAA commercial pilot MEL certification using FAA-approved Part 141 flight training syllabus.

A VN 335 Weather and Navigation. (3) I, II. A comprehensive analysis of weather conditions and patterns as they apply to flight.

A VN 340 Airport Management. (3) I, II. A study of guidelines for aviation management and administrative functions including problems, trends, and planning regarding operation of airports.

A VN 349 Applied Learning in Aviation. (5-8) A. Prerequisite: coordinator approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. A minimum of 80 hours work required for each academic credit.

A VN 349 A-N Cooperative Study: Aviation. (5-8) A. Prerequisite: coordinator approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. A minimum of 80 hours work required for each academic credit.

A VN 350 Air Transportation. (3) A. A survey of the historical development of the air transportation system covering facilities, impact of regulations, problems encountered, and future requirements.

A VN 360 Problems In Aviation Administration. (3) I, II. Designed for utilization of aviation industry case studies to introduce the techniques, methods, and procedures for problem
solving.

AVN 380 Aeronautical Navigation. (3) 3. 4 hours each week.

AVN 400 Multi-Engine Pilot: Ground. (1) A. Prerequisite: appropriate flight credentials. The course is designed to provide appropriate aeronautical knowledge about multi-engine aircraft to facilitate successful completion of the multi-engine flight component.

AVN 400A Multi-Engine Pilot: Flight (1) A. Prerequisite: departmental approval and an overall GPA of 2.0. A one hour laboratory course integrated with AVN 400 consisting of the dual and solo flight hours required for FAA certification.

AVN 401 Airline Management. (3) A. Prerequisite: AVN 350 with a “C” or better. Acquaint student with the development, administrative and operational factors peculiar to FAR Part 121 Airline Operations. Emphasis is placed on practical market analysis, finance, marketing, the competitive plans, aircraft selection, aircraft acquisition, route structure, timetable and pertinent regulatory requirements.

AVN 402 Corporate and Business Aviation. (3) A. The study of the operation of a corporate flight department. Course content includes the work of management, mobility, aircraft and equipment evaluation, maintenance, flight operations, administration and fiscal considerations.

AVN 410 Air Traffic Control. (3) I, II. A study of the national air traffic control system with emphasis on basic air traffic control procedures; the role of centers, approach control, towers, and flight service centers; communications; navigation procedures, facilities.

AVN 415 Instructor Pilot-SEL: Ground. (3) A. Prerequisite: AVN 192, AVN 220, and AVN 300 with “C” grade or better and overall 2.0 GPA. Prepares student pilots for the FAA Certified Flight Instructor (CFI) Fundamentals of Instruction (FOI) written exams.

AVN 415A Instructor Pilot-SEL: Flight. (1) A. Prerequisite: AVN 304A with “S” grade. Prepares student pilots for the FAA CFI SEL certification and integrates a flight simulation syllabus. One hour laboratory course.

AVN 416 Commercial Pilot—ME: Flight. (1) A. Prerequisite: AVN 421 and AVN 415 with a “C” or better, AVN 304A and 305A with “S” grade, and overall 2.0 GPA. Twenty-five flight hours and 10 flight simulation hours leading to the FAA commercial multi-engine add-on and multi-engine instructor ratings using FAA-approved Part 141 flight training syllabus.

AVN 422A Commercial and Instructor Pilot—ME: Flight. (1) A. Prerequisite: AVN 421 and AVN 334A with “C” and “S” grades respectively, and overall 2.0 GPA. Ten dual flight hours and ten flight simulation leading to the FAA Multi-Engine instructor rating using FAA-approved Part 141 flight training syllabus.

AVN 425 Advanced Aerodynamics. (3) A. Prerequisite: PHY 101 and MAT 107 or higher. Applied theories of flight and flight factors, including a study of the principles of aircraft performance, stability and control, and operational data.

AVN 435 Turbine Aircraft Systems. (3) A. Prerequisite: AVN 325 with a “C” or better or instructor approval. Emphasis on the functioning theory and integral components of gas turbine (jet) engines. Additionally, provides a study of electrical, mechanical and hydraulic systems as they relate to turbine engine aircraft.

AVN 460 Aviation Legislation. (3) I, II. Prerequisite: junior standing (at least 60 hours). A study of the civil law as it pertains to aviation and includes the history of aviation in the United States and the history and potential future directions of the aviation industry. A study of governmental responsibility for aviation accidents.

AVN 467 Comprehensive Exam for BS in Aviation (0) A. Prerequisite: Consent of Advisor. Registration in AVN 467 is required of all B.S. undergraduate B.S. (Aviation) students for the term in which they wish to take their comprehensive examination, including the exit exam and advisor approved certification or license.

AVN 480 Glass Cockpit Technologies. (1) A. Prerequisite: AVN 222A and 300. Provides an integrated approach to the theory, technology, and operations of “Glass” cockpit technologies to prepare student pilots to successfully operate “glass” cockpit aircraft.

AVN 495 Internship. (1-3) A. Prerequisite: departmental approval. Students will work under departmental supervision in a private or public agency engaged in aviation activities.

AVN 498 Independent Study. (1-3) A. Prerequisite: AVN major with senior standing. Student must have the independent study proposal form approved by faculty supervisor and program coordinator prior to enrollment. May be taken to a maximum of six hours.

BEM—Broadcasting and Electronic Media

Dr. Elizabeth Hansen, Chair

BEM 240 Basic Media Skills. (3) I, II. An examination of the audio, lighting, and web-based skills needed by broadcast professionals in today’s integrated media marketplace.

BEM 295 Video Production I. (4) I, II. Training in non-studio video production and editing. Includes applied aesthetics and production of dramatic informational or experimental work on video. Introduction to techniques, styles, and image structure. Requires weekly projects. 3 Lab hours.

BEM 300 Performance in Electronic Media. (3) I, II. Prerequisite: BEM 240 and CMS 210. Study of the communicator’s role in electronic media. Stresses performance practice in performance areas, including radio and television production, microphone and television camera techniques with an added emphasis on phonetics and pronunciation.

BEM 301 Broadcast Newswriting. (3) I, II. Prerequisites: ENG 102 (or 105B) or HON 102. Study of the elements of news for the electronic media. Includes broadcast newswriting style, development of sources, interviewing, story types and formats, liberal arts emphasis. Practice in gathering, writing and evaluating news for broadcast.

BEM 343 Audio Practicum. (1-3) I, II. Prerequisite: BEM 240. Supervised practical experience on the staff of a radio or other audio facility. May be taken to a maximum of three hours. One hour may be counted toward the major.

BEM 349 Applied Learning in Broadcasting and the Electronic Media. (5-8) A. Prerequisites: junior standing, “B” average in all courses within the department, and departmental approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen baccalaureate. A minimum of 180 hours required for each academic credit. One hour may be used to satisfy major requirements within the department.

BEM 350 Cinema History I. (3) A. Prerequisite: ENG 102 or ENG 105B or HON 102. Historical survey of cinema from its origins to 1939. Examines developments in directing, acting, editing, and other areas of cinema as an art form. Feature length and short films viewed. Gen. Ed. E-3A. 2 Lab hours.

BEM 351 Cinema History II. (3) A. Prerequisite: ENG 102 or ENG 105B or HON 102. Historical survey of cinema from 1939 to present. Includes theories, styles, and critical positions related to the sound film and considers origins and implications for future directions. Feature length and short films viewed. Gen. Ed. E-3A. 2 Lab hours.

BEM 352 Film Techniques & Technology. (3) I, II. Prerequisite and/or Corequisite: BEM 350 or ENG 105B. The study of various techniques employed in traditional/electronic film production. Emphasis on the study of social, economic, technological and political factors and their effects on the development of cinematic techniques.

BEM 353W The Art and Craft of Screenwriting. (3) A. Prerequisite: ENG 101 and 102 (or 105) or HON 102. Conceiving, structuring, writing and marketing the contemporary American screenplay. Requires developing and writing original screenplays for marketing in the contemporary film environment. Credit will not be awarded for both BEM 353W and 353.

BEM 370 Electronic Cinema Production. (4) I, II. Prerequisites: BEM 240, 295, and 352 with a minimum grade of “C”. Principles and procedures behind single-camera dramatic productions recorded and edited on videotape. Requires group and individual portfolio projects involving a critical and artistic understanding of sound-image relationships. Includes multi camera production, directing and producing. 3 Lab hours.

BEM 373 Electronic Cinema Practicum. (1-3) I, II. Prerequisite: BEM 370. Supervised practicum experience in film production, including other aspects of film-style production. May be retaken to a maximum of three hours. One hour may be counted toward the major.

BEM 375 Writing for the Electronic Media. (3) I, II. Prerequisites: ENG 101 and 102 (or 105B) or HON 102. Examination of the specialized forms of writing for the electronic media. Emphasizes both visual and verbal planning elements as well as practical
experience in writing commercial, public service, narrative, and promotional copy.

EN 395 Video Production II. (4) I, II. Prerequisite: EN 394. This course is designed to provide students with advanced skills in video production and post production. Topics include video editing, audio editing, and video production techniques.

BIO 100 Introductory Biology. (3) I, II. Prerequisite: Completion of all developmental requirements. This course will deal with introductory principles of biology and the application of these principles to real-world situations. Credit will be awarded to students who have credit for BIO 101 or 102. 2 Lec/2 Lab. Gen. Ed. E-4.

BIO 101 Essentials of Biology. (3) I, II. ONLINE ONLY. Prerequisite: Completion of all developmental requirements. Biological principles and applications as related to life on earth from the molecular to ecosphere scale; current topics in genetics, evolution, ecology, plant and animal diversity, and human biology will be discussed. Credit will not be awarded to students who have credit for both BIO 100 or 101. 2 Lec/2 Lab. Gen. Ed. E-4.

BIO 105 Biology for Teachers. (3) I, II. Prerequisite: Completion of all developmental requirements; pre-teaching or teaching elementary and middle school education majors only, or departmental approval. This inquiry-based, conceptual approach to biological sciences course for teaching majors. Topics include the nature of science, cell biology, biodiversity, inheritance, ecology, ecosystems, evolution and adaptation. May not be used to satisfy area, major, or minor requirements. Credit will not be awarded to students who have credit for both BIO 100 or 101.

BIO 110 Cell and Molecular Biology. (4) I, II. Prerequisite: Completion of all developmental requirements. An introduction to cellular and molecular biology as they apply to plants, animals, and microbes; the molecular basis of life, cellular structure and function, and genetic and molecular biology. Designed for biology majors. Credit will not be awarded to students who have credit for both BIO 111 and BIO 121.

BIO 113 Human Anatomy. (3) I, II. Prerequisite: Completion of all developmental requirements. A study of the human body and appropriate correlations with body functions. 2 Lec/2 Lab. Gen. Ed. VII (NS).

BIO 215 Insects and Society (3A). An introduction to insects and their influence on human society. Impacts of insects on our food supply, homes and health, as well as the influence of insects on culture, world history, and the long-term maintenance of the earth’s critical support systems. May not be used to satisfy biology major or minor requirements. Gen. Ed. VII.

BIO 271 Advanced Human Anatomy. (3) I, II. Prerequisite: BIO 171 and departmental approval. An advanced study of human anatomy. Emphasis is placed on the musculoskeletal and nervous systems and their anatomical and functional relationships. May not be used to satisfy area, major, or minor requirements. 2 Lec/2 Lab.

BIO 273 Clinical Microbiology. (4) I, II. Prerequisite: BIO 171. A study of microorganisms as causative agents in diseases of humans with emphasis on differentiation and culture, types of diseases, modes of transmission, prophylactic, therapeutic and epidemiological considerations. May not be used to satisfy area, major, or minor requirements. Credit will not be awarded for both BIO 273 and CLT 209. 2 Lec/4 Lab. Gen. Ed. VII (NS).

BIO 300 Economic Plants. (3) I, II. Economic consideration of plants as sources of food, medicine, and other products; the origin, domestication, cultivation, and culture of plants; deleterious plants; aspects of aesthetics and effect on society and world events. May not be used to satisfy area, major, or minor requirements, except the biology (teaching) major and minor. 2 Lec/2 Lab.

BIO 301 Human Physiology. (3) I, II. Functions of human life processes at the cellular, tissue, and organ-system levels of organization with emphasis on homeostatic mechanisms will be considered in this course. May not be used to satisfy area, major, or minor requirements. Gen. Ed. VII (NS).

BIO 303 Human Heredity and Society. (3) I, II. Inheritance of human traits, including blood groups, sex and sex-related traits, lethal factors, mental capacities, and metabolic disorders; pedigrees, family traits, and population trends. A current background in general biology (BIO 100 or NAT 101) is recommended but not required. Credit may not be used to satisfy area, major, or minor requirements. Gen. Ed. VII (NS).

BIO 304 Birds of Kentucky. (3) A. Popular consideration of the avifauna of eastern and central United States with emphasis on birds of Kentucky and especially birds of the local area. Field trips required. May not be used to satisfy area, major, or minor requirements. 2 Lec/2 Lab.

BIO 310 Biology of Aging. (3) A. Prerequisite: BIO 100 or NAT 101 or BIO 171 or instructor approval. System by system approach to the biological effects of the aging process on the human body. May not be used to satisfy area, major, or minor requirements in the Department of Biological Sciences. Gen. Ed. VI. Fullfill University Wellness requirement.

BIO 315 Genetics. (4) I, II. Prerequisite: BIO 111 or departmental approval. Discussion of Mendelian genetics, molecular genetics, population genetics. Emphasis on critical thinking skills and logic through experimental analysis. Laboratory will include experimental manipulation of prokaryotic and eukaryotic organisms. 3 Lec/3 Lab.

BIO 316 Ecology. (4) I, II. Prerequisite: BIO 112. Basic concepts and principles as applied to the study of organisms or groups of organisms in their interrelationships to each other and to their environments. 2 Lec/4 Lab.

BIO 318 General Botany. (4) I, II. Prerequisites: BIO 111 or 112. Both courses are recommended. Structure and functions of vascular plants; morphology, classification, life histories, ecology and evolution of autotrophs, plantlike protists, and fungi. 3 Lec/3 Lab. Credit will not be awarded for both BIO 318 and 131.

BIO 319 General Zoology. (4) I, II. Prerequisite: BIO 111 or 112. Both courses are recommended. Morphology, physiology, comparative anatomy, development, life history, evolution, and diversity of animals. 3 Lec/3 Lab. Credit will not be awarded for both BIO 319 and 141.

BIO 320 Principles of Microbiology. (4) I, II. Prerequisites: BIO 111 and CHE 112; or departmental approval. A study of bacteria and other microorganisms, their morphology, development and function; techniques of classification, cultivation and identification; physiology, nutrition, and genetics; role of microbes in medicine, agriculture, and industry. 2 Lec/4 Lab.

BIO 328 Plant Physiology. (4) II. Prerequisite: BIO 308 and CHE 112; or instructor approval. Application of elementary physical and biological principles to the understanding of plant processes involved in the assimilation, metabolism, and regulation of growth and development. 2 Lec/4 Lab.

BIO 331 Cell Biology. (3) I. Prerequisites: BIO 111 and CHE 112. An introduction to the structure and function of plant and animal cells, with emphasis on the structure and function of cell organelles. An overview of molecular techniques used in the study of cellular metabolism. 2 Lec/4 Lab.

BIO 335 Plant Systematics. (3) II. Prerequisites: BIO 111, 112, and 318. Identification, classification and phylogeny of vascular plants; principles of taxonomy. 1 Lec/4 Lab.

BIO 340 Marine Biology. (3) II. Prerequisite: instructor approval. An introduction to marine biology, which will include an extended field trip to a marine ecosystem and will involve collection, identification, study of the ecology and life histories of marine organisms. 2 Lec/3 Lab.
BIO 342 Comparative Vertebrate Anatomy. (4) I. Prerequisites: BIO 112 and 319. Phyllology and morphology of the classes of vertebrates. Comparative studies of organs and systems of vertebrate animals based principally on the dogfish, Neoturus, and 2 Lec/4 Lab.

BIO 348 Vertebrate Physiology. (3) I, II. Prerequisites: BIO 111 and CHE 112; and PHY 131 or 201. Command of human physiology through an integrated study of the physical, chemical, and cellular aspects of physiological systems across vertebrates. Group work and critical thinking will be stressed utilizing human case studies and computer simulations. 3 Lec.

BIO 349 Applied Learning in Biology. (5-8) A. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours of employment required for each semester hour of academic credit. May not be used to satisfy area, major, or minor requirements.

BIO 349 A-N Cooperative Study: Biology. (5-8) A. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours of employment required for each semester hour of academic credit. May not be used to satisfy area, major, or minor requirements.

BIO 371 Neuroanatomy. (3) I, II. Prerequisite: BIO 171 or instructor approval. Anatomy of the nervous system and the relationships to functions of special sense organs. May be used to satisfy area, major, or minor requirements in the Department of Biological Sciences. 2 Lec/2 Lab.

BIO 378 Human Physiology Laboratory. (I, II) Prerequisite or Corequisite: BIO 301. A series of laboratory exercises which will allow students to demonstrate some of the typical physiological processes of animals as these relate to human physiology. May not be used to satisfy area, major, or minor requirements. 2 Lab. Gen. Ed. 13 with BIO 378.

BIO 399 Trends in The Biological Sciences. (1-4) A. Prerequisite: instructor approval. A presentation of selected topics in the biological sciences as reflective of new developments and current trends in scientific advancement. May be retaken to a maximum of six hours. Gen. Ed. 15 or 16.

BIO 490 Biology Seminar. (I, II) Prerequisite: junior or senior standing in biology. Students and members of the faculty meet to present, discuss, and exchange ideas on selected topics, based on the scientific literature for the biological sciences.

BIO 495 Evolutionary Application and Theory. (I, II) Prerequisite: BIO 315 and junior or senior standing. Discussion of topics relating to evolutionary theory with special emphasis on the impact of evolution in everyday life. This is a course that builds upon evolutionary concepts learned throughout the biology curriculum. 2 Lab.

BIO 511 Experimental Approaches in Molecular Biology. (3) I. Prerequisite: BIO 111. Laboratory experience-based course in molecular biology techniques. Subject will be introduced in a lecture setting and practical laboratory training. Techniques will include PCR-based methodologies; immunological approaches; basic protein and nucleic acid manipulations. 1 Lec/4 Lab.

BIO 514 Evolution. (3) I, II. Prerequisites: BIO 112 and 315 or departmental approval. A study of Darwinism, the history of life in the context of contemporary biology, and the evidences and mechanisms of evolutionary change, with particular emphasis on human evolution and the challenges of teaching and understanding evolution in modern society.

BIO 521 Plant Ecology. (4) A. Prerequisites: BIO 316, and 318, or 335 or departmental approval. Ecological concepts and principles relevant to eastern terrestrial ecosystems. Required weekend field trips and an extended field trip in the region. 2 Lec/4 Lab.

BIO 522 Vertebrate Biology. (4) I. Prerequisite: instructor approval. Development and composition of grasslands; phyllology, classification, and identification of grasses. Emphasis on North American grasses and grasslands with field trips to native and managed grasslands. 4 Lec/4 Lab.

BIO 525 Aquatic and Wetland Plants. (3) A. Prerequisites: BIO 111, 112, and 318. Collection, systematics, distribution, ecology, and reproduction of aquatic and wetland plants. 1 Lec/4 Lab.

BIO 527 Immunology. (3) A. Prerequisites: BIO 320 and CHE 361; or instructor approval. Characteristics of immune reactions at the molecular level and in vivo. Nature and interactions of antibodies and their components, and hyperimmunization. 2 Lec/3 Lab.

BIO 528 Virology. (3) A. Prerequisite: BIO 320. Fundamentals of classification, structure, and pathogenesis of viruses. Host-virus interactions and their applications to medicine and industry. Viral related areas of immunology, cell culture procedures, and applications will be introduced. 2 Lec/3 Lab.

BIO 529 Microbiology in Everyday Life. (3) I, II. Prerequisite: BIO 100, 102, 111, 112 or departmental approval in medicine, agriculture, and industry; emphasis on teaching microbiology in the classroom. Course open only to Biology-Teaching or Education majors.

BIO 530 Microbial Physiology and Genetics. (3) Prerequisites: BIO 315, 320, and CHE 361; or instructor approval. A study of microbial genetics, metabolism, nutrition, and the effects of chemical and physical environments upon microorganisms in their habitats, with emphasis upon microbes of economic, human, and industrial importance.

BIO 531 Principles of Molecular Biology. (4) A. Prerequisites: BIO 315, CHE 361, and 366; or instructor approval. An in-depth study of the structure, function, and biochemistry of nucleic acids and proteins. Laboratory experiences will involve manipulations of DNA and protein molecules for the purpose of isolation, purification, and structural modification. 2 Lec/4 Lab. Credit will not be awarded for both BIO 531 and 531S.

BIO 531S Principles of Molecular Biology. (4) A. Prerequisites: BIO 315, CHE 361, and 366; or instructor approval. An in-depth study of the structure, function, and biochemistry of nucleic acids and proteins enhanced with a service-learning component. Laboratory experiences will involve manipulations of DNA and protein molecules for the purpose of isolation, purification, and structural modification. Credit will not be awarded for both BIO 531S and BIO 531. 2 Lec/4 Lab.

BIO 532 Conservation Biology. (3) L. Prerequisite: BIO 316 or instructor approval. Examination of principles and practices of conserving global biodiversity. Causes, consequences and rates of extinction. Application of philosophical, biological, sociological, and legal principles to the conservation of genes, species and ecosystems.

BIO 533 Bioinformatics: Principles and Applications. (3) I. Prerequisite: BIO 315. An exposure to the theory and practice of bioinformatics, as they relate to laboratory (Cell and Molecular Biology, Biochemistry) and field (Evolutionary and Population Biology) research applications in the life sciences. Discussion and utilization of the prevalent approaches and methodologies currently used in Bioinformatics.

BIO 535 Pathogenic Microbiology. (4) A. Prerequisite: BIO 320 or departmental approval. Studies in the field of advanced clinical microbiology with emphasis on morphology, cultivation, biochemical and physiological characteristics of bacterial diseases; aspects of pathogenesis, epidemiology, and control measures of bacterial and mycotic diseases. 2 Lec/4 Lab.

BIO 536 Dendrology. (3) I. Prerequisite: BIO 111, 112, and 318 or departmental approval. Woody plant taxonomy with emphasis on field identification of trees and shrubs, propagation methods and winter conditions; habitats and distributions; economic importance; forest regions of North America. 1 Lec/4 Lab.

BIO 542 Freshwater Invertebrates. (3) A. Prerequisites: BIO 112 and 319 or departmental approval. Collection, systematics, distribution, behavior, ecology, and life histories of freshwater invertebrates. 2 Lec/3 Lab.

BIO 546 Histology. (I, II) Prerequisite: BIO 111. Microscopic anatomy of normal vertebrate cells, tissues, and organs. 2 Lec/4 Lab.

BIO 547 Comparative Vertebrate Embryology. (4) Prerequisite: BIO 111. Genetics, fertilization, morphogenesis, and organogenesis of the frog, bird, and mammal. Particular emphasis is placed on mammalian development. 2 Lec/4 Lab.

BIO 550 Ethology. (4) A. Prerequisites: BIO 111 and 112. Advanced study of behavior with emphasis on inherited behavioral patterns in relation to the evolution and ecology of animals. 3 Lec/2 Lab.

BIO 552 Hormones and Behavior. (3) A. Prerequisites: BIO 111 and 112. Provide an understanding of modern-day issues in endocrinology by exploring the effects of hormones on behavior within all taxa.

BIO 553 Mammmalogy. (3) A. Classification, natural history, field methods, and distribution of mammals. 1 Lec/2 Lab. BIO 316 or 342 recommended prior to enrollment.

BIO 554 Ornithology. (A) Prerequisite: BIO 111 and 112 or departmental approval. Avian biology with emphasis on field identification of local avifauna, anatomy, physiology, ecology, evolution, migration, economic importance, distribution, and behavioral patterns. Early morning field trips required. 2 Lec/4 Lab.

BIO 555 Behavioral Ecology. (3) A. Prerequisite: BIO 316 or instructor approval. How behavior is influenced by natural selection in relation to ecological conditions. Emphasis on quantitative and experimental methods and on integrating theoretical ideas with field and laboratory evidence.

BIO 556 Herpetology. (3) A. Prerequisite: BIO 112 and 319. A phylogenetic examination of morphological, ecological, and behavioral diversification of fishes of the world, with special attention to the Appalachian fauna. Laboratory devoted to anatomy, identification, and reproductive strategies. 2 Lec/4 Lab.

BIO 558 Freshwater Ecology. (3) A. Prerequisite: BIO 316 or instructor approval. Ecology of lakes and streams with special reference to physical, chemical, and biological factors. To include a variety of methods and instruments. 2 Lec/3 Lab-Disc.

BIO 561 Fisheries Biology. (3) A. Prerequisites: BIO 112 and 316. Methods for assessment and analysis of fish populations and aquatic habitats, including age and growth, fecundity, food habits, and yield. Emphasis on economic and ecological importance of management decisions. 2 Lec/4 Lab.

BIO 598 Special Problems. (I-3) I, II. Prerequisites: junior or senior standing; students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. Independent research in the biological sciences, under the guidance of a faculty member, which allows students to design a research problem and make experimental observations and conclusions. May be retaken to a maximum of four hours.

BIO 599 Topics in Biological Sciences. (1-6)
A. Prerequisites: BIO 111 and 112 and departmental approval. Special topics in the biological sciences of current interest to faculty and students will be presented through lecture, discussion, and reports. May be retaken to a maximum of six hours.

BTO—Business and Technology Orientation Dr. Robert Rogow, Dean

BTO 100 Academic Orientation. (1) I, II. Designed to orient the student to university academic life and afford background for career choice and preparation. Included are University regulations and calendar, catalog details, registration, various career opportunities, and program requirements. Open to all students during their first two semesters of enrollment at EKU; beyond that open to students with fewer than 30 semester hours earned. (1 Lec/1 Lab for School of Business Majors Only.)

BTS—Business and Technology Seminar Dr. Robert Rogow, Dean

BTS 300 Professional Skills Seminar. (0) I, II. Required of all Business and Technology students who have earned at least 90 hours. Credit (CR) will be given when students have attended and/or completed department-sponsored activities regarding professional skills and careers. BTS 400 College to Careers Seminar. (0) I, II. Prerequisite: AGR 305 or BTS 300. Required of all Business and Technology students who have earned at least 90 hours. Credit (CR) will be given when students have attended the annual College of Business and Technology’s Student Success: College to Careers Conference.

CAH—Arts and Sciences Interdisciplinary Dr. John Wade, Dean

CAH 515 Topics in Humanities. (1-3) A. An experimental course designed to investigate relevant topics in Arts and Humanities.

CCT—Corporate Communication and Technology Dr. Lana Carnes, Chair

CCT 201 Professional Communication. (3) I, II. Prerequisites: ENG 101 and 102 (or 105). Principles and practices of modern professional communication; various types of professional letters and reports are studied; emphasis on writing letters and reports.

CCT 300W Managerial Reports. (3) I. II. Prerequisites: ENG 101 and 102 (or 105), ACC 201, 202 and ECO 230 with a grade of “C” or better in each course; Junior Standing (A minimum of 60 hours) with an overall minimum 2.0 GPA. A writing intensive study of applications of communication theory, research methods, and information technology to communication within organizations. Includes common communication tasks faced by managers; communication task and audience analysis; collecting, organizing, analyzing, and interpreting data. Emphasis is written and oral reporting.

CCT 302I Desktop Publishing for the Business Office. (3) I, II. Prerequisite: CCT 200 or 250 or CIS 212. Development of business document design techniques using Windows and desktop publishing software.

CCT 303 Office Systems Management and Support. (3) A. Prerequisite: CCT 200 or 250 or CIS 212 or 210. Provides opportunities for students to study, understand, and experience a wide range of activities appropriate for modern office operations. Refinement and application of skills and knowledge for effective and efficient management of office systems and technology.

CCT 304S Applied Entrepreneurship and Service Learning. (3) A. Prerequisite: CCT 101. Provides entrepreneurship opportunities for students to apply skills and knowledge in the integration of new business development, aid to existing businesses, and service learning strategies for the EKU region.

CCT 310 International Business Communication. (3) A. Prerequisites: ENG 101 and 102 (or 105). Characteristics of cultural differences that alter communication symbols and meanings for international business activity. Topics include culture profiles and conducting business, business protocol, international documents/U.S. documents, negotiation strategies, and oral presentations to intercultural business audiences.

CCT 349 Applied Learning in Corporate Communication and Technology. (5-8) A. Prerequisites: minimum GPA of 2.25 and 30 hours for associate degree, 60 hours for baccalaureate degree. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work for each credit hour. Three hours required in Office Systems Technology. Three hours may be used as an upper division business elective in the undergraduate program. May be repeated up to 8 credit hours for the associate degree and 16 credit hours for undergraduate program.

CCT 349 A-N Cooperative Study: Corporate Communication and Technology. (5-8) A. Prerequisite: minimum GPA of 2.25 and 30 hours for associate degree, 60 hours for baccalaureate degree. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work for each credit hour. Three hours required in Office Systems Technology. Three hours may be used as an upper division business elective in the undergraduate program. May be repeated up to 8 credit hours for the associate degree and 16 credit hours for undergraduate program.

CCT 490 Special Problems in Corporate Communication and Technology. (1-4) A. May be retaken under different sub-topics to a cumulative maximum of 12 credit hours. Topics include special topics, seminars. Students must have the independent study proposal form approved by department chair prior to enrollment.

CCT 520 Corporate Training. (3) A. Prerequisite or Corequisite: 90 hours credit completed. This course applies theories of learning and instructional development to office systems employee education and skills training. Topics include instructional design; strategy, technology; and the implementation, evaluation, and management of training in an organizational environment.

CCT 550 Integrated Corporate Communication. (3) A. Prerequisite: senior or graduate standing. Examines effective integrated communication skills to achieve organizational objectives. Emphasizes analysis and application of communication process and strategies for managerial decision-making. Examines change process, corporate culture, and negotiation issues. Provides corporate training component.

CCT 570 Web Design for Offices. (3) A. Prerequisites: CCT 250 or CIS 212 or CSC 104. Advanced development of business document design techniques with emphasis on the design and multi-media resources. Geared for education, small offices or businesses, personal use, and not-for-profit organizations.

CCT 580 Office Technology Seminar. (3) A. Prerequisites: CCT 250 or CSC 104 or CIS 212 and CCT 300W or CCT 201, 90 credit hours completed. This capstone course requires synthesis and applications of concepts related to current office systems topics.

CDF—Child and Family Studies

Dr. Diane Leggett, Chair

CDF 132 Introduction to the Family. (3) I, II. Cross-listed as WGS 132. Ecological and systems approach applied to public and private family concepts; historical changes and current models; family and personal relationships among individuals, families, consumers, and communities; status of women, men, children and the elderly; public policy related to changes in the family. Credit will not be awarded for both CDF 132 and WGS 132.

CDF 147 Role of EC Educator. (2) I, II. An introduction to the profession: Exploration of the qualities, expectations, and responsibilities of an EC professional. Relationships among early learning standards, interdisciplinary fields, professional organizations, & philosophical approaches. Requires 5 hours of field experience.

CDF 210 Special Topics in Early Childhood Education. (1-3) A. Selected topics in child development and early childhood program planning. May be retaken to a maximum of six hours provided topics vary.

CDF 232 Identity and Sexuality. (3) I, II. Cross-listed as WGS 232. An exploration of the changing attitudes about and among men/women and their effect on choices and interpersonal relationships. Emphasis will be on promotion and maintenance of positive mental, physical, emotional, and sexual development. Credit will not be awarded to students who have credit for HEA 375 or WGS 232. Gen. Ed. Block VIII, and Gen. Ed. Element 6.

CDF 235 Child Development: Conception-Eight Years. (3) I, II. Developmental characteristics and theory pertinent to children conception to age eight. Special emphasis on early childhood theoretical frameworks.

CDF 236 Interaction and Guidance. (3) I, II. Overview of guidance strategies in fostering children’s social competency within group or individually. Adults’ role in various interactions (e.g. parent-child, teacher-child) and resources for working with families/parents (e.g. parent education workshop) will be explored.

CDF 243 Introduction to Family Life Programs. (3) A. Prerequisite or Corequisite: CDF 232. Examines and evaluates programs which focus on fostering partnerships with families through the public, private, and nonprofit sectors to support family and individual well-being. Career development and opportunities explored.

CDF 246 Creative Activities and Materials for Young Children. (3) I, II. Prerequisite: CDF 235 or department approval. Survey of learning experiences in various curriculum areas. Planning activities, including techniques and materials, to provide environment appropriate to the age and background of young children for the individual child based on age, ability, culture and ethnicity.

CDF 299 Case Study: Observational Assessment. (1) A. Survey of observational methods applied to individual studies. Open to transfer students only.

CDF 310 Observation and Assessment in ECE. (3) I, II. Prerequisite: CDF 235. Corequisite: CDF 349. Authentic assessment approaches through observation of children in natural environments. Intentional planning and implementation of Developmentally Appropriate Practice in EC settings. Special emphasis on linking assessment to the EC curricular program.

CDF 327S Family Involvement with Young Children. (3) I, II. Prerequisites: CDF 235 or CDF 244 and 246, 234, 246 or CDF 345 or departmental approval. Study of effective relationships with families. Methods and materials useful in fostering family life education, including adult learning principles. Experiences include implementing family service plans, planning discussion groups, conducting home visits, and parent-teacher conferences. Includes 15
SECTION SIX - COURSE DESCRIPTIONS

service learning hours.

CDF 331 Marriage and Intimate Relationships. (3) I. Cross-listed as WGS 331. The process within and types of intimate relationships in contemporary times. Topics include singleness, partner selection, marriage, divorce, remarriage, long-term enduring marriage, and factors which affect the success of relationships. Credit will not be awarded for both CDF 331 and WGS 331.

CDF 342 Child and Adolescent Development. (3) II. Study of U.S. youth, utilizing systems theory and a course perspective approach. Effects of economic, social, and technological change on policies and programs affecting youth of diverse backgrounds.

CDF 346 Play-Based Assessment for Early Childhood Program Planning. (3) II. Prerequisites: CDF 343 and 344; or department approval. Overview of play-based assessment and examination of tools emphasizing a transdisciplinary approach. Use of information collected from screening and arena-based assessment for program planning in center and home based settings.

CDF 349 Applied Learning in Child Development. (5-8) A. Prerequisite: department approval. Field experience and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit. Maximum supervision credit may be counted in major requirements toward degree.

CDF 349 A-N Cooperative Study: Child Development. (5-8) A. Prerequisite: department approval. Enrolled in a child development program and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit. Maximum supervision credit may be counted in major requirements toward degree.

CDF 349T Applied Learning in ECE 1 (5) A. Corequisite: CDF 327S. Collaborate with teachers in educational early childhood classroom(s) and assist with instructional planning and teaching. Minimum of 80 hours field experience required.

CDF 351 Practicum for Early Childhood Practitioners. (3) A. Prerequisites: department approval, 2.5 cumulative GPA, minimum grade of “C” in all courses with “CDF” prefix. Enrollment limited to students who have earned a Child Development Associate credential with college credit. Teaching experience in early childhood programs emphasizing emergent curriculum, documentation, project work, and family involvement. Meetings for collaborative planning/preparation.

CDF 363 Early Childhood Literacy (3) I, II. Prerequisite: Admission to Child & Family Studies or department Approval. An exploration of the emergent literacy development of young children within the language-rich context of play. Emphasis on state and national language arts standards, 2nd language learners, literacy assessment, and assessment for literacy instruction. Course material presented within tectoreal context.

CDF 399 Early Childhood Practicum. (0-6) III. Prerequisites: Admission to Child and Family Studies or departmental approval. Corequisite CDF 349. Supervised practicum experience in programs serving young children & families. Focus on organizations at the public, private and non-profit sectors. Open to A.A.S. and B.S. child development students only. Minimum of 100 hours of field experience.

CDF 405 Program Planning for Infants and Toddlers. (3) I, II. Formerly CDF 344. Prerequisite: Admission to Child and Family Studies or department approval. Corequisite CDF 349. Planning, implementation, and evaluation of developmentally and culturally appropriate environments for infants and toddlers. Emphasis is placed on the caregiver-infant relationship, intentional teaching and curriculum/program assessment, laboratory and field experiences, and environmental needs for infants and toddlers. Credit will not be awarded for both CDF 344 and 405.

CDF 406 Program Planning for Preschool Children. (3) I, II. Formerly CDF 343. Prerequisites: Admission to Child and Family Studies or department approval. Corequisite CDF 349. Planning, implementation, and evaluation of developmentally and culturally appropriate environment for preschool children. Emphasis on intentional teaching, curriculum/program assessment, inquiry learning, documentation, project work, collaborative work with families/communities, and various programs (e.g. Montessori, Head Start, HighScope). Credit will not be awarded for both CDF 406 and 343.

CDF 407, 408, 409 Professional Practices for Professional Practice. (3) II. Prerequisite: junior standing. Professionals working with individuals and families today must develop cultural competency. With a focus on sensitivity and respect, this course provides an overview of cultural diversity in society, including race, gender, socioeconomic status, sexual orientation, religion, and other forms of diversity.

CDF 437 Family Stress and Resilience. (3) I, II. Prerequisites: CDF 247 or 327S, 248 or 343 or 344 or 327 or 327S; 3.0 GPA in major, and minimum of “C” in all courses with a CDF prefix; senior standing. Supervised practicum experience in family life education, family resources and community-based programs serving individuals and families in the public, private, and nonprofit sectors.

CDF 441 Family Dynamics in Adulthood and Aging. (3) A. Individual and familial development from young adulthood through death. Particular focus on changing family roles as members age. Emphasis on social changes affecting life satisfaction, living environments, and social relations of the middle-aged and elderly.

CDF 443 Family Studies Practicum. (9) A. Prerequisites: CDF 327 or 327S, 328 or 343 or 344 or 327; 3.0 GPA in major, and minimum of “C” in all courses with a CDF prefix; senior standing. Supervised practicum experience in family life education, family resources and community-based programs serving individuals and families in the public, private, and nonprofit sectors.

CDF 449 Special Problems in Child Development. (1-3) A. Prerequisites: department approval and a 3.0 GPA (major). May be retaken to a maximum of six hours provided topics vary. The student chooses a problem and works under the supervision of the instructor. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

CDF 450 Early Childhood Practicum. (9) I, II. Prerequisites: CDF 247 or 327 or 327S, 248 or 343 or 406 and 246 and 345, 3.0 GPA in major requirements, and minimum grade of “C” in all courses with a CDF prefix. Practicum focusing on designing and equipping the environment, implementing learning experiences, developing strategies for guiding young children, and arranging effective communication for family involvement. Meetings for collaborative planning and reflection. Corequisites: CDF 422, 243, and 247 or 327 or 327S.

CDF 499 Supervised Teaching ECE. (12) I, II. Prerequisites: completion of all major courses, supporting courses, special education minor, and professional practicum in programs for children ages birth through five years focusing on organizing environments for learning, planning and implementing developmentally appropriate curricula, selecting and implementing guidance strategies, assessing individual strengths and concerns of children and their families and colleagues for the benefit of children.

CDF 501 Prenatal and Infant Development. (3) I, II, A. Growth and development from conception to three years. In-depth study of theories and issues related to development during the first three years and before birth. Impact of family, education, and community will be explored.

CDF 538 Research Analysis in Child and Family Studies. (3) I. Prerequisites: CDF 235 and six hours in CDF, or department approval. Students will acquire the skills required to read and evaluate professional research literature in child and family studies by examining current studies. Students will also compare and contrast the treatment of current issues in their field in both popular and professional writing.

CDF 541 Infant-Toddler Development and Group Care. (3) A. Growth and development from conception to three years. Emphasis on family intervention, appropriate policies and practices for group care, assessment, disabilities, multicultural and gender issues, and caregiver professional growth.

CDF 544 Early Childhood Development and Program Planning. (3) A. Theory pertinent to early childhood development and learning including constructivism, socially-mediated intelligence, multiple intelligences and creativity. Emphasis on emergent curriculum and teaching strategies reflecting social collaboration such as webbing, project work, and multimedia documentation.

CDF 547 Organization and Administration of Early Childhood Programs. (3) I. Prerequisites: CDF 247 or 247, 343, or 406 or 248, and 344 or 405 or department approval. Review of the theories influencing the definition of goals, philosophies and rationales for establishment of early childhood programs (0-5), study of the procedures for organizing early childhood programs, and discussion of the management processes for administering quality early childhood programs.

CDF 550 Child and Family Studies Topics: (1-3) A. Study of various topics in child and family studies selected to meet student needs and interests. May be retaken to a maximum of six hours provided topics vary.

CDS—Communication Disorders and Sciences Dr. Debbie Haydon, Chair

CDF 090 Speech-Language Laboratory. (3) A. Clinical approach to communication problem(s). Individualized remediation of articulation, fluency, language, and/or voice problems. Concurrent enrollment in Speech-Language-Hearing Clinic may be required. Institutional credit, cannot be used toward graduation.

CDS 250 Phonetics. (3) I. Prerequisite: admission to CDS program. Study of the articulatory postures and movements used to produce standard English and defective sounds. Introduction of the International Phonetic Alphabet and practice in using it to transcribe both normal and defective speech.

CDS 273 Observation in Communication Disorders. (1) I, II. Prerequisite: admission to CDS program. Supervised clinical observation of therapy and/or diagnostic services for individuals with communication disorders. Instruction in report writing and observing in various settings. Students must complete 25 clock hours of observation by the end of this semester.

CDS 275 Introduction to Communication Disorders. (3) I. Introduction to the nature and causes of speech, language, and hearing disorders. An overview of the field of communication disorders and sciences.

CDS 285 Anatomy and Physiology of Speech and Hearing Mechanism. (3) I. Prerequisite: admission to CDS program. Introduction to the
anatomical and physiological bases of hearing, respiration, phonation, resonance, and articulation.

CDS 360 Normal Speech and Language Development. (3) II. Normal speech and language acquisition from birth through the developmental years; basic linguistic concepts and theories; language differences.

CDS 365 Language Disorders: Assessment. (3) I. Prerequisite: admission to the CDS program. Prerequisite/Corequisite: CDS 360. Methods of assessing language content/form/use. Assessment techniques will include standardized tests, language sampling and analysis, and observational techniques and scales.

CDS 372 Methods and Materials in Communication Disorders. (3) II. Prerequisite: admission to the CDS program. Overview of scope of practice and credentials for service delivery; management of therapy sessions; clinical policies and procedures; Code of Ethics; precautions for infectious disease control; development of therapy materials and oral mechanism examination kit.

CDS 374 Practicum in Speech Pathology. (3) I. Prerequisites: CDS 360 and 365. Study of language impairment in children and principles for remediation.

CDS 465 Disorders of Fluency. (3) I, II. Prerequisite: admission to the CDS program. Lectures and selected readings in the theoretical, etiological, and developmental views of assessment and management of stuttering problems in children.

CDS 471 Advanced Practicum in Speech Pathology. (3) II. Prerequisites: Overall 3.0 GPA and CDS 374, or Clinic Director approval. Advanced supervised clinical practice in communication disorders services. May be retaken to a maximum of six credit hours.

CDS 475 Voice Disorders. (3) I. Prerequisite: admission to the CDS program. Lectures and selected readings in etiological perspectives of functional and organic voices disorders; assessment, classification, and treatment designs for vocal-pathologies in children.

CDS 485 Audiologic Evaluation. (3) II. Prerequisite: CDS 380. Fundamentals of audimetric assessment, immittance measurement, and electrophysiology via lecture and integrated lab simulations. Techniques for audimetric data collection, interpretation, and reporting. Lec/Lab.

CDS 487 Aural Rehabilitation. (3) I. Prerequisite: CDS 380 or departmental approval. Fundamentals of aural habilitation/rehabilitation in the form of amplification (hearing aids, cochlear implants, assistive listening devices), speech reading, auditory-visual/kinesiethetic perception, pediatric rehab techniques, counseling, treatment management.

CDS 488 Practicum in Audiology. (1, 2) I, II. Prerequisites: Overall 3.0 GPA or Clinic Director approval. Supervised clinical practice in audiology. May be taken to a maximum of two credit hours.

CDS 520 Augmentative and Alternative Communication Systems. (3) A. An overview of various approaches to aided non-verbal systems of communication. Various devices and symbol systems will be discussed.

CDS 525 Literate Language. (3) I. Prerequisites: CDS 360, CDS 365, and CDS 464 or departmental approval. Study of language disorders in children and principles for remediation in written language.

CDS 530 Therapeutic Relationships in Special Education. (3) II. Prerequisite: admission to CD program or departmental approval. Overview of therapeutic relationship between individuals with disabilities, their families, and professionals. Emphasis on empathetic listening, interviewing skills, and change process.

CDS 541 School Services in Communication Disorders. (3) II. Prerequisites: Overall 3.0 GPA, and admission to CDS program; or departmental approval. Organization and management of speech-language therapy services in the schools. Lec/Lab.

CDS 571 Neural Bases of Communication. (3) I. Prerequisites: admission to the CDS program or instructor approval. A study of neuroanatomical and neurophysiologic bases of communication including developmental issues and neurologic deficits resulting in communication disorders.

CHE 100 Inquiry Chemistry for Teachers. (3) A. Prerequisite: completion of all developmental requirements; pre-teaching or teaching elementary and middle school education majors only. Activity-oriented chemistry; elements, molecules, solutions, acids and bases, reactions, environmental topics. Credit will not be awarded to students who have credit for CHE 101 or CHE 105 or CHE 111. 2 Lec/2 Lab. Gen. Ed. E-4 [NS].

CHE 101 Introductory Chemistry I (3) I, II. Prerequisite: completion of all developmental requirements. Prerequisite or Corequisite: CHE 101L and MAT 098 or higher. For students who plan to take no more than one year of chemistry. Basic principles of structure and properties of matter, chemical nomenclature and reactivity. Relates chemistry concepts to everyday life phenomena. A withdrawal from CHE 101 must be matched by a withdrawal from CHE 101L. Gen. Ed. E-4 with CHE 101L.

CHE 101L Introductory Chemistry Lab I. (1) I, II. Prerequisite: completion of all developmental requirements. Prerequisite or Corequisite: CHE 101 and MAT 098 or higher. Laboratory component of CHE 101. Basic laboratory techniques, methods of separation, types of chemical reactions, solution preparation and standardization, titrations, stoichiometry, states of matter. Prepares students for further studies in chemistry. One year of high school chemistry is recommended. A withdrawal from CHE 111 must be matched by a withdrawal from CHE 111L. Gen. Ed. E-4 with CHE 111L. [NS].

CHE 111L General Chemistry Lab I. (1) I, II. Prerequisite or Corequisite: CHE 111L and ACT math score of 22 or SAT math score of 530 or MAT 107 (C or better) or departmental approval. Fundamentals of atomic and molecular structure and reactivity, stoichiometry, states of matter. Prepares students for further studies in chemistry.

CHE 112 General Chemistry II. (3) I, II. Prerequisite or Corequisite: CHE 111L and 111L (C or better). Prerequisite or Corequisite: CHE 112L or CHE 112HL (C or better). Continuation of CHE 111L. Kinetics and equilibrium, solution chemistry, energy changes in chemical reactions, descriptive inorganic chemistry. Prepares students for further studies in chemistry. A withdrawal from CHE 112 must be matched by a withdrawal from CHE 112L. Gen. Ed. E-4 with CHE 112L or CHE 112HL. [NS].

CHE 112L General Chemistry Lab II. (1) I, II. Prerequisites: CHE 111 and 111L (C or better). Prerequisite or Corequisite: CHE 112L or CHE 112HL (C or better). Laboratory component of CHE 112. Kinetics, equilibrium, UV-VIS spectroscopy, introductory qualitative and quantitative analysis, electrochemistry, virtual labs on computer. 3 Lab. Gen. Ed. E-4 with CHE 112L. [NS].

CHE 200 Volunteering in Chemistry. (0) A. An exposure to chemistry outreach activities, including, but not limited to exploring chemical research projects, organizing chemistry community service, and assisting other chemistry departmental events. Students can choose the focus of the volunteering in each semester. Passing grade achieved for attending 80% of the designated activities in each semester.

CHE 325 Analytical Chemistry. (3) A. Prerequisite: CHE 112 and 112L (C or better). Prerequisite or Corequisite: CHE 325L. Introduces chemical analysis (with statistical evaluations) focusing on the principles of stoichiometry, chemical equilibrium, titrimetric and spectrophotometric analysis, potentiometry, and analytical separation processes. A withdrawal from CHE 325 must be matched by a withdrawal from CHE 325L. Gen. Ed. E-4 with CHE 325L. [NS].

CHE 349 Applied Learning in Chemistry. (0.5-8) A. Prerequisite: CHE 112 and 112L (C or better). Prerequisite or Corequisite: CHE 349L. Lab component of CHE 349. Advanced laboratory technical skills, laboratory equipment, operation, data recording, and interpretation. Credit will be awarded for either CHE 349L or CHE 349LH. C, or better. Supervised laboratory work related to academic course work.CHE 349LH will be matched by a withdrawal from CHE 349L.

CHE 350 Analytical Chemistry Lab. (2) A. Prerequisite: CHE 112 and 112L (C or better). Prerequisite or Corequisite: CHE 350. Lab component of CHE 350. Lab course designed to introduce the principles of wet chemical techniques and basic instruments, instrumental analysis through CHE 350L. Lab component of CHE 350L. 4 Lab. Gen. Ed. E-4 with CHE 350L. [NS].

CHE 394 A-N Cooperative Study. (1-6) A. Application to the cooperative study program.

CDS 380 Introduction to Clinical Audiology. (3) I. Prerequisite: admission to CDS program. Physics of sound, anatomy & physiology of hearing, auditory pathologies, and introduction of basic audiological assessment.

CDS 384 Language Disorders: Intervention. (3) II. Prerequisites: CDS 360 and 365. Study of language impairment in children and principles for remediation.

CDS 468 Analytic P. (3) I, II. Prerequisite: CDS 460. Clinical problems, test design, and report writing. A withdrawal from CHE 101 must be matched by a withdrawal from CHE 101L. Gen. Ed. E-4 with CHE 101L.

CDS 480 Language & Communication. (3) I. Prerequisite: CDS 365. Language, culture, and communication. Lec. Lab.

CDS 491 Seminar in Communication Disorders. (3) I, II. Prerequisite: CDS 365. Seminar on a topic of special interest to students and faculty. May be retaken for credit for up to three credit hours.

CDS 492 Internship in Communication Disorders. (3) I, II. Prerequisites: CDS 365, overall 3.0 GPA, and admission to CDS program; or departmental approval. Internship in Communication Disorders. May be repeated for credit for up to six credit hours.

CDS 495 Master's Project. (1-6) A. Prerequisite: approval of the proposal by the Department of Communication Disorders. A minimum of 80 hours of employment required for each semester hour of academic credit. May not be used to satisfy area, major or minor requirements.

CDS 499A-N Cooperative Study. (1-6) A. Application to the cooperative study program.
CHE 349 A-N Cooperative Study: Health Sciences. (.5-8) A.

CHE 351 Analytical Chemistry I. (3) A.
Prerequisites: CHE 325 and 325L. Chemical analysis, synthetic methods, computational chemistry, and molecular modeling. Topics vary according to student needs. Credit will not be awarded for both CHE 351 and 551.

CHE 352 Analytical Chemistry II. (3) A.
Prerequisites: CHE 351 (or better). Prerequisite or Corequisite: CHE 352L. Laboratory experiments in analytical chemistry: instrumental analysis, chromatography, spectrophotometry, spectrometry, and interpretation of mass spectral data. Credit will not be awarded for both CHE 352 and 552.

CHE 353A Chemical Laboratory. (1) A.
Prerequisite or Corequisite: CHE 353 or 431 or departmental approval. Experimental techniques characteristic of biochemical research. Verification and characterization of proteins and nucleic acids; use of computers in modeling biochemical data. 3 Lab. Credit will not be awarded for both CHE 432 and CHE 532.

CHE 414 Inorganic Chemistry. (3) A.
Prerequisite: CHE 362 and 524 (or C or better). Principles of inorganic chemistry with emphasis on symmetry, chemical bonding, including atomic and molecular orbital theory, and application of these principles to acid-base, coordination, organometallic, bioinorganic and materials chemistry are included. Credit will not be awarded for both CHE 450 and 550.

CHE 454 Physical Chemistry I. (3) A.
Prerequisite: CHE 361 (or better). Prerequisite or Corequisite: CHE 364L and 524 and PHY 131 or 201 (or C or better in each course). A study of thermodynamic properties in physical and chemical systems; electrochemical potential; chemical equilibrium; reaction rates and mechanisms of chemical reactions. Credit will not be awarded for both CHE 574 and CHE 471.

CHE 457L Physical Chemistry Lab I. (1) A.
Prerequisite: CHE 325 and 325L (or C or better in each course). Prerequisites or Corequisites: CHE 457 and CHE 385 (or C or better in each course). Laboratory component of CHE 574. Experimental work to illustrate principles of physical chemistry that include thermodynamics, chemical equilibrium, and reaction kinetics. 3 Lab.

CHE 458 Physical Chemistry II. (3) A.
Prerequisite: CHE 361 (or better). Prerequisite or Corequisite: CHE 575L and MAT 224 and PHY 132 and 202 or the equivalent. An introduction to quantum mechanics as applied to model, atomic, and molecular systems; applications of atomic and molecular spectroscopy; introduction to computational chemistry. Credit will not be awarded for both CHE 575 and CHE 472.

CHE 459B Chemistry Laboratory Independent Research. (1-3) A.
Prerequisite: CHE 112 and departmental approval. Techniques and objectives of chemical research. Problems in all fields of chemistry. May be retaken to a maximum of nine hours. Credit will not be awarded for both CHE 459 and 459B.

CHE 501A-Chemometrics: A special topic. (1-3) A.
Prerequisite: departmental approval. Topics to be chosen from current and/or specialized area of chemistry based on interests and/or need: A: Analytical, B: Biochemistry, C: Inorganic, D: Organic, or E: Physical. May be retaken to a maximum of six hours.

CHE 501L Chemometrics Lab: 1-3. (1) A.
Prerequisite: departmental approval. Laboratory experiences chosen from specialized areas of chemistry including advanced chemical instrumentation / analysis, synthetic methods, computational chemistry, or molecular modeling. Topics vary according to student needs. May be retaken to a maximum of two hours. 3 Lab.

CHE 515 Synthetic & Analytical Methods. (5) A.
Prerequisites: CHE 362, 362L, 425 (or FOR 411), 425L (or FOR 411L) (C or better in each course). Prerequisite or Corequisite: CHE 450 (or C or better). Synthesis, isolation, purification, and characterization (including spectroscopy and other analytical methods) of inorganic and organic compounds and mixtures. Other methods include handling of air and moisture sensitive compounds and molecular computations. 3 Lectures and 2 Lab.

CHE 520 Mass Spectrometry. (3) A.
Cross-listed with FOR 475. Credit: CHE 362. Topics include types of mass spectrometers; qualitative and quantitative mass spectrometry, different ionization processes (including chromatography systems), and interpretation of mass spectral data. Credit will not be awarded for both CHE 520 and FOR 475.

CHE 570 Biophysical Chemistry I. (4) I.
Prerequisite: CHE 361 (or C or better), BIO 111 or higher (C or better), and either MAT 124 or MAT 261. Prerequisite or Corequisite: PHY 131 and 201. An introduction to physical and chemical explanations of biological phenomenon and physical chemistry theories and methodologies applied on biological systems. Topics include thermodynamics, chemical equilibrium, kinetics, quantum chemistry, spectroscopy, and selected topics. 6 Lect / Lab / Rec. Credit will not be awarded for both CHE 570 and CHE 770. Credit will not be awarded for both CHE 570 and CHE 470.

CHE 574 Physical Chemistry I. (3) A.
Prerequisite: CHE 361 (or C or better). Prerequisites or Corequisites: CHE 574L and MAT 224 and PHY 131 or 201 (or C or better in each course). A study of thermodynamic properties in physical and chemical systems; electrochemical potential; chemical equilibrium; reaction rates and mechanisms of chemical reactions. Credit will not be awarded for both CHE 574 and CHE 471.

CHE 575L Physical Chemistry Lab I. (1) A.
Prerequisite: CHE 325 and 325L (C or better in each course). Prerequisites or Corequisites: CHE 575 and CHE 385 (or C or better in each course). Laboratory component of CHE 574. Experimental work to illustrate principles of physical chemistry that include thermodynamics, chemical equilibrium, and reaction kinetics. 3 Lab.

CHE 585 Survey of Medical Terminology. (1) I, II, A.
Independent study, modular design paced by class meetings includes word roots, prefixes, suffixes, and general medical terms. Credit will not be awarded for both CHE 105 and CHE 585 (or C or better in each course). An introduction to disease process and management. Includes a survey of disease of the major body systems.

CHE 601A-B-Chemistry Seminar: A special topic. (1-3) A.
Prerequisite: CHE 112 and departmental approval. Seminar experiences in the discipline of chemistry with faculty mentor that will require each student to present a formal research report. May be retaken to a maximum of three hours. 3 Lab. Credit will not be awarded for both CHE 485 and 485B.

CHE 601L Chemistry Seminar Lab: 1-3. (1) A.
Prerequisite: CHE 112 and departmental approval. Laboratory experiences chosen from specialized areas of chemistry including advanced chemical instrumentation / analysis, synthetic methods, computational chemistry, or molecular modeling. Topics vary according to student needs. May be retaken to a maximum of two hours. 3 Lab.
credit.

CIS 400 Electronic Business Planning and Practice. (3) A. Prerequisite: CIS 250 with a grade of “C” or better. Introduction to advanced business planning concepts. Topics include advanced data mining, database management, and simulation. Three hours may be used as a major elective. May be repeated for a total of six credit hours.

CIS 410 Project Management. (3) A. Prerequisite: CIS 215 or CIS 240 with a grade of “C” or better. Project management concepts and techniques. Topics include project planning, scheduling, and control. Three hours may be used as a major elective. May be repeated for a total of six credit hours.

CIS 420 Forensic Computing: Network Analysis. (3) I, II. Prerequisite: CIS 320 or CIS 325 with a grade of “C” or higher. Introduction to computer forensics, in the context of managing computer networking and data management. Students learn tools and techniques to investigate network logs, network traffic, and web sites to conduct a forensic investigation. Three hours may be used as a major elective. May be repeated for a total of six credit hours.

CIS 430 Business Data Mining I (3) A. Prerequisite: CIS 212 or CIS 308 and QMB 200 or STA 270, all with a grade of “C” or above. Introduces the basic concepts and practical business applications of data mining. Topics include: data types, data patterns, data preprocessing, data cleaning, outlier analysis, features reduction, feature discretization, data integration, data mining process, model estimation, Bayesian inference, regression analysis, classification, and prediction.

CIS 436 Advanced Data Base Management. (3) A. Prerequisite: CIS 335; CIS 215 or CIS 340 with a grade of “C” or better in each course. An in-depth study of modern data base management to include advanced and current database topics. Coverage includes advanced data modeling and relational database system implementation to include current technologies and techniques; database design, database applications development for electronic business.

CIS 475 Advanced Telecommunications. (3) A. Prerequisite: CIS 212 or CIS 340 with a grade of “C” or better in each course. An in-depth study of telecommunications and networking to include installation and configuration, managing resources connectivity, running applications, monitoring and optimization, trouble shooting, and resources.

CIS 480 Information Security Implementation. (3) I, II. Prerequisite: CIS 215, CIS 340, CIS 380 and CIS 335 with a grade of “C” or better in each class. An in-depth study of systems development life cycle with an emphasis on implementation of an IS project. Students develop program specifications, tests plans, code and text a mixed-language software application, and provide system documentation.

CIS 500 Management Information Systems. (3) I, II. Prerequisite: ACC 201, 202, CIS 215 or CIS 104 and ECO-230 with a grade of “C” or better in each course; junior standing (a minimum of 60 hours) with an overall minimum of 2.0 GPA. Role of information systems in supporting managers, decision making and organizational goals; planning and managing e-business systems; global competition; social and ethical issues.

CIS 320 Forensic Computing: Acquisitions (3) A. Prerequisite: CIS 212 or CIS 240 or CIS 104 with a grade of “C” or better and junior standing. Provide students with an understanding of digital forensics as used in corporate investigations and criminal/civil litigation. Students learn basic tools and techniques to properly initiate a computer forensics investigation, then acquire and analyze that evidence. Three hours may be used as a major elective. May be repeated for a total of six credit hours.

CIS 325 Forensic Computing: Acquisitions (3) A. Prerequisite: CIS 212 or CIS 240 or CIS 104 with a grade of “C” or better and junior standing. Students will understand the portion of the digital investigation beginning with digital evidence acquisition, then analysis of the evidence, and finally reporting results – implementing various forensic hardware and software including write...
SECTION SIX - COURSE DESCRIPTIONS

HON 102. The study of the techniques and principles of formal argumentative discourse. Emphasis on developing, presenting, defending, and opposing positions on controversial questions through intensive writing and oral communication. Credit will not be awarded for both CMS 205W and CMS 205.

CMS 300 Business and Professional Speaking. (3) I, II. Prerequisite: CMS 205W and CMS 200. A supra-level course, in which students organize and deliver business presentations, learn and practice professional electronic/telephonic communication protocols, and conduct business meetings.

CMS 305 Research Design in Communication Studies. (3) I, II. Prerequisites: CMS 205W and MAT 105 or 106 or 107 or 108 or 109 or 124 or 124H or 211. An introduction to the techniques of experimental, survey, textual, and ethnography research designs as each pertains to the study of human communication.

CMS 310 Small Group Communication. (3) I, II. Prerequisites: CMS 200 and 210. Introduction to theories of small group communication. Exposure to various typologies with special emphasis on the role of communication in the development of group norms, roles, leadership styles, problem-solving techniques and decision-making techniques.

CMS 315 Communication Studies Practicum. (1-3) I, II. Prerequisite: instructor approval. Supervised practical experience in organizational, human service, or dispute resolution communication contexts. May be retaken for a maximum of nine hours.

CMS 320 Persuasion. (3) I, II. Prerequisites: CMS 205W or departmental approval. A study of the communication components that contribute to the initiation, perpetuation, and resolution of conflict. Emphasis on building appropriate communication skills for productive conflict management.

CMS 335 Advanced Public Speaking. (3) I, II. Prerequisite: CMS 210 or departmental approval. An advanced study of the invention, organization, style, delivery, and audience adaptation of various types of speeches.

CMS 349 Applied Learning in Communication Studies. (5-8) A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester, to a maximum of 80 hours employment required for each semester hour credit.

CMS 350 Organizational Communication. (3) I. Prerequisite: CMS 250. Survey of theories and empirical literature dealing with communication behavior as it occurs within the context of organizations. Students examine communicative behaviors through case study and field observation. Topics include communication networks, climate, and satisfaction.

CMS 353 Health Communication. (3) A. Prerequisites: CMS 200, 205W, and 210. A survey of recent development in the field of health communication. Emphasis is on the role of interpersonal communication and family narrative in the health care setting, patient provider interactions, and multicultural health awareness.

CMS 375 Intercultural Communication. (3) A. Prerequisites: CMS 200, 205W, and 210. A study of the communication process across cultures with emphasis on intercultural perceptions, values, and language problems as well as nonverbal expression in personal and professional settings.

CMS 400 Communication and Gender (3) A. Prerequisites: CMS 200, 205W, and 210. Focuses on relationships between communication and gender, race, and social class. Emphasis on gender roles and the role of communication in the development and in society in and in our personal and professional interactions.

CMS 410 Human Communication Theory. (3) A. General overview of the theoretical approaches informing research or communication. The goals of the class include developing and understanding the role of theory in the research process and the ability to critique theories.

CMS 420 Negotiation. (3) A. Prerequisites: CMS 210, 205W, 210, and senior standing. This course combines comprehensive theory and practice in resolving conflicts using the negotiation process. Extensive role-playing activities will be utilized to develop these skills.

CMS 425 Communication and Mediation. (3) A. Prerequisites: CMS 200, 205, 210, 250, and senior standing. The study of mediation as an alternative dispute resolution technique. Involves the analysis and practice of communication skills applicable to the mediation process. Extensive mediation role-plays are an integral part of the course.

CMS 485S Communication Training and Development. (3) I, II. Prerequisite: CMS 200W, 205, 250, and senior standing. Study of relationships between communication and leadership skills and organizational/social change. Focus on leadership roles, theories, and qualities. Additional emphasis on career exploration and leadership. Credit will not be awarded to students who have credit for CMS 406 or 485.

CMS 490 Special Topics in Communication. (1-3) A. Prerequisite: department approval. Special topics beyond the scope of regularly offered courses. May be retaken to a maximum of nine hours provided the subject matter differs each time. Specific topics included in the schedule.

CMS 301 Writing and Reporting News. (3) I, II. Prerequisites: CMS 200W, 205, and 210 or 105 or HON 105 or 102. Study of the elements of news for print and electronic media; style, structure, sources, interviewing, story types, libel and ethics. Practice in gathering, writing and evaluating news.

CMS 499 Independent Work. (3-6) A. Prerequisite: CMS 200W, 205, and senior standing. Study of relationships between communication and leadership skills and organizational/social change. Focus on leadership roles, theories, and qualities. Additional emphasis on career exploration and leadership. Credit will not be awarded to students who have credit for CMS 495 and CMS 490. Special topics in leadership.

CNM 101 Cosmos and Evolution I: An Exploration of Nature. (3) I, II. This science course integrates the biological and physical sciences by exploring centrally significant ideas that attempt to explain major events that have transformed the universe, the earth, and life on earth. 2 Lec/2 Lab.

CNM 301E Cosmos and Evolution II: An Exploration of Nature. (3) I, II. This science course integrates the biological and physical sciences by exploring centrally significant ideas that attempt to explain major events that have transformed the universe, the earth, and life on earth. 2 Lec/2 Lab.

CNM 499 Independent Work. (3-6) A. Prerequisite: cumulative GPA 2.5 up to last semester of program in B.I.S. degree. Independent research and/or field work required for the program of B.I.S. degree. Student must have the independent study proposal form approved by the student’s B.I.S. Advisory Committee.

CNM 599 Ecology and the Environment for Teachers. (3) A. Prerequisite: BIO 102 or CHE 100 or GLY 102 or PHY 102 or departmental approval. Introduces pre-service teachers to ecology and the environment through an interdisciplinary approach beginning with the physical environment, progressing to the whole ecosystem, and onto analyses of environmental issues. Classroom teaching strategies will be modeled.

COM—Communication

Dr. Elizabeth Hansen, Chair

COM 200 Mass Media and Society. (3) I, II. Introduction to mass media issues. Analyzes mass media impact on social, political and economic sectors of American and world societies. Considers issues and trends, including ethics, legal controls, violence and censorship. Gen. Ed. E-5B. Credit will not be awarded for both COM 200 and 200W.

COM 200W Mass Media and Society. (3) I, II. Prerequisites: ENG 102, or ENG 105B, or HON 102. Introduction to mass media issues. Analyzes mass media impact on social, political and economic sectors of American and world societies. Considers issues/ trends, including ethics, legal controls, violence and censorship. Gen. Ed. E-5B. Credit will not be awarded for both COM 200W and COM 200.

COM 201 Writing and Reporting News I. (3) I, II. Prerequisites: ENG 101 and 102 or 105 or HON 105 or 102. Study of the elements of news for print and electronic media; style, structure, sources, interviewing, story types, libel and ethics. Practice in gathering, writing and evaluating news.

COM 499 Independent Work. (3-6) A. Prerequisite: department approval. Special topics beyond the scope of regularly offered courses. May be retaken to a maximum of nine hours provided the subject matter differs each time. Specific topics included in the schedule.

COM 300 International Media. (3) I, II. Development and operations of world mass communication channels and agencies. Comparative analysis of media, media practices, and flow of news and entertainment throughout the world. Print, public affairs, radio, and television systems will be studied in terms of relevant social, political, economic, geographic, and cultural factors.

COM 301 Writing and Reporting News II. (3) I, II. Prerequisite: COM 201. Advanced study of news for print and broadcast media. Includes source development, deadline reporting, visual reporting, electronic news sources, in-depth reporting. Introduction to court and government reporting. Special topics beyond the scope of regularly offered courses. May be retaken to a maximum of six hours.

CNM—Arts and Sciences Interdisciplinary

Dr. John Wade, Dean

CNM 101 Cosmos and Evolution I: An Exploration of Nature. (3) I, II. This science course integrates the biological and physical sciences by exploring centrally significant ideas that attempt to explain major events that have transformed the universe, the earth, and life on earth. 2 Lec/2 Lab.

CNM 301E Cosmos and Evolution II: An Exploration of Nature. (3) I, II. This science course integrates the biological and physical sciences by exploring centrally significant ideas that attempt to explain major events that have transformed the universe, the earth, and life on earth. 2 Lec/2 Lab.
SECTION SIX - COURSE DESCRIPTIONS

105(B) or HON 102. Introduction to copywriting and production for electronic, print and other advertising media. Emphasis on advertising strategy, motivation, appeals, visualization and layout. Applies research and communication theory to creation of advertising. Credit will not be awarded for both COM 325 and 325S.

COM 325S Advertising Copy and Promotion. (3) I, II. Prerequisites: ENG 102 or ENG 105(B) or HON 102. Using a service-learning-based approach, students learn copywriting and production for electronic, print and other advertising media. Topics include advertising writing and practice, motivation, appeals, visualization and layout, applied research and communication theory. Credit will not be awarded for both COM 325 and 325S.

COM 330 Sportswriting and Reporting. (3) I, II. Writing and producing of game, feature and interview stories for print and broadcast. Includes play by play, sports commentary and analysis.

COM 345 Literature and Film. (3) A. Cross-listed as ENG 345. Prerequisites: ENG 102 (or 105B) or HON 102. Examination of the relationships between film and literature through a comparative study of the stylistic and technical elements of the two media. Credit will not be awarded for both COM 345 and ENG 345.

COM 349 Applied Learning in Multi-Media Studies. (5-8) A. Prerequisites: junior standing, “B” average in all courses within the department, and departmental approval. Work under faculty and field supervisor in areas related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen baccalaureate. A minimum of 80 hours work required for each academic credit. May not satisfy major or minor requirements within the department.

COM 349 A-N Cooperative Study: Multi-Media Studies. (5-8) A. Prerequisites: junior standing, “B” average in all courses within the department, and departmental approval. Work under faculty and field supervisor in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen baccalaureate. A minimum of 80 hours work required for each academic credit. May not satisfy major or minor requirements within the department.

COM 390 Fund raising. (3) I, II. An overview of fund raising, including planning, organization, management, and marketing, and the common sense needed to raise money from private sources.

COM 400 Studies in Communications: ___ (1-3) A. Prerequisite: will vary with course offering. Study of specific areas of communications through workshops, short courses, institutes, or through the presentation of a specific course which examines timely, topical, or specialized concerns in the field. Specific topic included in schedule. May be retaken to a maximum of nine hours.

COM 405 Media Law. (3) A. Prerequisite: COM 200 or 200W or department approval. Examination of legal philosophies relating to the media, including press freedom, copyright, libel, slander, privacy, free press/fair trial, and regulation. Emphasizes the legal rights and responsibilities of the media.

COM 415 Media Ethics. (3) A. Prerequisite: COM 200 or 200W or department approval. Examination of legal philosophies relating to the media, including press freedom, copyright, libel, slander, privacy, free press/fair trial, and regulation. Emphasizes the legal rights and responsibilities of the media. Includes development of ethical decision-making skills.

COM 420 Mass Communications Research. (3) I, II. Prerequisite: PUB 380 with a grade of “C” or higher or department approval. Introduction to the research process, research approaches, basic statistics, and applied research in the field of mass communications.

COM 430 Media Planning and Buying. (3) I, II. An introduction to the process of media planning and buying. Emphasis on basic measurements and calculations, reach and frequency, strategy, evaluation, and budgeting.

COM 430 Legislative Reporting. (3) A. Prerequisite: COM 201 or department approval. Reporting on the state legislature for print and broadcast media. Counts as JOU/BEM elective.

COM 445 Broadcast and Cable Promotion. (3) I, II. Study of broadcast and/or cable promotion in the areas of writing, production and promotion, and public relations. Includes exercises in promotions.

COM 471 Media Sales. (3) A. Prerequisites: mathematical ability, general computer skills, and sales promotion. Study of the principles of both print and electronic media sales. Includes case studies in both print and broadcast sales development (local, regional, and national), pricing, production, promotion, and basic sales campaigns.

COM 490 Media Campaigns. (3) A. Prerequisites: COM 325 or 425. Design and execution of creative and media campaigns directed at both mass and target audiences. Emphasis on budgeting, research, creative strategy, and evaluation. Students produce professional quality advertising materials for national competition. Credit will not be awarded for both COM 490 and MKT 426.

COM 550 Readings in Mass Communications. (3) A. Prerequisites: instructor approval and senior standing. Critical reading of selected books and articles related to mass communications. Features reviews and seminar discussions of readings chosen to reflect individual student’s interests.

CUL 100 Independent Study in Communication. (1-3) A. Prerequisites: Completion of at least 90 hours; students must have the Independent Study Proposal Form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of three hours, providing additional study projects differ.

CON—Construction Management

Mr. Wayne Reynolds, Coordinator

CON 121 Introduction to Construction. (3) I, II. A survey of the construction industry. Nature, scope, and general characteristics of the industry with an emphasis on careers, safety, and typical contracting methods.

CON 201 Materials and Methods of Construction I. (3) I, II. Composition, manufacture and grades of construction materials and building products with emphasis on wood, metal, glass, plastic, plumbing, finishing, and plastic materials. Methods, including safety, involved in the placement and installation of these materials.

CON 202 Materials and Methods of Construction II. (3) I, II. Composition, manufacture, and grades of construction materials and building products with an emphasis on concrete and masonry. Methods, including safety, involved in the placement and installation of these materials. 2 Lec/2 Lab.

CON 211 Plane Surveying. (3) I, II. Prerequisite: MAT 108 with a minimum grade of “C”. Principles of surveying, including the measurement of distances, elevations, and angles. Calculations for the various operations, including traverse computations. Introduction to the use of surveying instruments and note keeping. 2 Lec/2 Lab.

CON 250 Structural Systems and Materials I. (3) I. Prerequisite: DES 122. Emphasis on building systems and materials for residential structures. An understanding of the properties of structural materials and their appropriate applications. Laws, codes, and standards will be addressed along with the role of the structural engineer. 2 Lec/2 Lab.

CON 294 Construction Graphics. (3) A. Basic principles of residential and small commercial building; styles of architecture; a comparative study of structural systems and the preparation of working drawings. 2 Lec/2 Lab.

CON 303 Statics and Strength of Materials. (3) I, II. Prerequisites: MAT 108 or 124 with a minimum grade of “C”, and PHY 131 or 201. Study of loads, forces and their effects on rigid bodies and structures at rest. Computation of equilibrium reactions, internal forces, shearing moments, couples, friction, stress, strain, and deformation. Finding centroids and moments of inertia.

CON 307 Soils and Foundations. (3) I. Prerequisite: CON 303. A study of soil mechanics as it relates to foundations construction. Topics include soil classification, engineering properties, compaction testing, types of foundation systems, and methods of foundation construction.

CON 320 Construction Surveying. (3) I, II. Prerequisite: CON 221. The application of surveying skills as they relate to horizontal and vertical control on construction projects. Activities include building layout, centerline staking, earthwork computations, and slope staking. The use of electronic instruments is emphasized. 2 Lec/2 Lab.

CON 321 Boundary Surveying. (3) I. Prerequisite: CON 221. This course introduces students to the principles of boundary surveying and provides them with the basic knowledge and skill to practice boundary surveying under the supervision of a registered professional surveyor.

CON 322 Construction Structural Design. (3) I, II. Prerequisites: CON 221 and MAT 261 and MAT 117. A study of the design of beams and columns using steel and wood. Principles of structural design related to the design of temporary structures used in the construction process.

CON 323 Estimating I. (3) I, II. Prerequisites: CON 201, 202, and MAT 108 with a grade of “C”. A study of the materials and labor required in the construction of commercial projects. Experience is gained in reading drawings, calculating material quantities, and listing work items in a standardized format. 2 Lec/2 Lab.

CON 324 Mechanical/Electrical Systems. (3) I, II. Prerequisites: CON 201 and 21 additional hours of CON courses. A study of heating, air-conditioning, electrical power distribution, and lighting for horizontal and vertical construction. Basic fundamentals of water supply, waste drainage, electrical circuits, and heat loss/gain calculations are studied. 2 Lec/2 Lab.

CON 349 Applied Learning in Construction Management. (5-8) A. Prerequisites: 30 hours of credit including 9 credit hours of CON courses with a 2.0 GPA and departmental approval. Transfer students must have completed at least one semester of full-time work at EKU. Work under faculty and field supervisors in placements related to construction management.

CON 349 A-N Cooperative Study: Construction Management. (5-8) A. Prerequisites: 30 hours of credit including 9 credit hours of CON courses with a 2.0 GPA and departmental approval. Transfer students must have completed at least one semester of full-time work at EKU. Work under faculty and field supervisors in placements related to construction management.

CON 401 Special Problems in Construction Management. (1-3) A. An independent study course for exceptional upper division undergraduate students. A study proposal will be developed by the student and approved by the faculty supervisor and department chair prior to enrollment. May be retaken provided the topic of study is different.

CON 420 Engineering Economy. (3) I, II. Junior Class Restriction. A systematic application of engineering economy to design, selection of construction materials, and construction methods. A study of first costs, operating and maintenance costs, service life, and replacement costs.

CON 423 Estimating II. (3) I, II.
SECTION SIX - COURSE DESCRIPTIONS

COR 349 Applied Learning in Corrections and Juvenile Justice. (5-6) A. Prerequisites: 30 hours of college coursework and departmental approval. Work under faculty and field supervisors, in placements related to academic studies. Total hours: six, baccalaureate. Minimum of 80 hours work experience is required for each academic credit.

COR 350 Rehabilitation Strategies for Adult and Juvenile Offenders (3) A. Cross-listed as CRJ 360. Debates the rehabilitative goal of corrections and juvenile justice. Examines contemporary strategies and their effectiveness in controlling/changing offender behavior. Credit will not be awarded to students who have credit for COR 350 or CRJ 360.

COR 375 Applied Skills Practicum. (1-6) A. Prerequisites: Departmental approval. Designed primarily for four-year students, and professionals where COR 349 is inappropriate, this course provides the student with opportunity to integrate academic knowledge with a field experience.

COR 410 Female Offenders (3) A. Formerly COR 423. Examines the roles of policy and practice has impacted female arrests and incarceration. Explores gendered pathways to crime and the importance of gender-specific programming. Credit will not be awarded for both COR 410 and CRJ 423: “Women in Corrections.”

COR 412 Exploring the Death Penalty (3) A. Formerly COR 320. Introduction to the history and use of the death penalty in the US. Examines purpose, fairness, and efficacy of death penalty through balanced coverage of the debate. Credit will not be awarded to students who have credit for COR 320: “Exploring the Death Penalty.”

COR 413 Addressing Mental Health and Substance Abuse Needs of Adult Offenders (3) A. Formerly COR 320. Cross-listed as CRJ 413. Examines etiology and effects of substance abuse/mental health problems of adult offenders. Describes intervention strategies. Credit will not be awarded to students who have credit for COR 320: “Addressing Mental Health and Substance abuse needs of adult offenders” or CRJ 413.

COR 420 Diversity in Corrections (3) A. Formerly COR 423. Cross-listed as AFA 346, CRJ 345, WGS 345. Focuses on issues, status, and special needs of “non-mainstream” sub-populations within the US correctional system, both inmates and personnel. Credit will not be awarded to students who have credit for COR 421 “Diversity in Corrections.”

COR 421 Intervening with Juvenile Sex Offenders (3) A. Formerly COR 423. Provides comprehensive overview of field of juvenile sex offenders and the risk they pose. Focuses on etiology, evaluation, assessment, treatment, and management of juvenile sex offenders. Credit will not be awarded to students who have credit for COR 423: “Intervening with Juvenile Sex Offenders.”

COR 423 Topical Seminar: ___. (3-1) A. Intensive study of selected topics related to corrections and juvenile justice. May be retaken to a maximum of twelve hours on different topics.

COR 4508 Service Learning in Corrections: Integrating Academic and Community-Based Service. (3) A. Prerequisites: Departmental approval. Intensive study of selected topics on corrections and juvenile justice. Students will engage in an experiential, or service, activity related to the topic. May be retaken for a maximum of six hours on different topics.

COR 460 Independent Study. (1-6) A. Prerequisites: Departmental approval. Individual study and/or research on a problem pertaining to corrections and/or juvenile justice. Student must have the independent study proposal form approved by the faculty supervisor and department chair prior to enrollment.

COR 470 Delinquency and Crime Prevention. (3) A. Prerequisites: COR 201 and 300 or departmental approval. Explores various strategies for prevention of adult and juvenile crime with particular attention to the theoretical and empirical bases for these approaches. Students will develop a crime prevention plan.

CRE—Creative Thinking

CRJ 101 Introduction to Applied Creativity (3). A. An introductory course establishing a foundation in creative thinking through instruction in basic theories and practices. Concentration on basic language and fundamental and powerful concepts in creativity studies.

CRJ 300 Pedagogy of Creativity Studies (3). A. Prerequisite: ENG 102 or departmental approval. An examination of pedagogical theories and practical strategies in the field of creativity studies. Emphasis on application of these approaches.

CRJ 400 Creativity Studies Project (3). A. Prerequisites: coordinator approval; CRJ 101(C) and 12 hours of courses on CRE list. Requires portfolio, project, and presentation in the culminating creativity experience.

CRJ 490 Independent Study: Creative Thinking (3). A. Prerequisite: ENG 102 or departmental approval; student must consult with the faculty supervisor and have the independent study proposal form approved by faculty supervisor and program coordinator prior to enrollment. An independent study course focusing on a particular project or area in creative thinking of value to the field and interest to the student.

CRJ—Criminal Justice

Dr. Preston Elrod, Chair

CRJ 101 Introduction to Criminal Justice. (3). A. A general overview of the criminal justice system including a description of the major agencies: police, prosecution, courts, and corrections, and an analysis of their interdependence in the criminal justice process.

CRJ 204 Foundations of Corrections (3) A. An overview of the evolution, structure, and functioning of corrections in the United States. Examines correctional processes, populations, and issues.

CRJ 301 Drugs, Crime and Society. (3) A. Prerequisites: CRJ 101 with a grade of “C” or better, sophomore standing or departmental approval. An examination of drug trafficking, the connection between drug use and other types of crime, and a review of drug control policies, including the impact of the media and politics.

CRJ 302 Living and Working in Prison (3) A. Cross-listed as COR 302. Prerequisite: Junior or Senior standing. Examines inmate subcultures and violence in prisons. Analyzes prison environment for correctional officers. Explores life behind bars/offender difficulties in reentering society. Credit will not be awarded for both CRJ 302 and COR 302.

CRJ 303 The Offender in the Community (3) A. Cross-listed as COR 303. Prerequisite: Junior or Senior standing. Examines inmate subcultures and violence in prisons. Analyzes prison environment for correctional officers. Explores life behind bars/offender difficulties in reentering society. Credit will not be awarded for both CRJ 303 and COR 303.

CRJ 305 Domestic Violence. (3) A. Cross-listed as WGS 305. Prerequisites: CRJ 101 with a grade of “C” or better, sophomore standing, or departmental approval. Examination of the theoretical and empirical literature on violence against women, children, and elders. Addresses such issues as physical violence, child abuse, domestic violence, and elder abuse.
and sexual abuse of children, courtship violence, domestic violence, marital rape, and elder abuse. Credit will not be awarded for both CRJ 305 and WGS 305.

CRJ 311 Juvenile Justice System (3) A.
Cross-listed as COR 311. Prerequisite: Junior or Senior standing. Examines the evolution of the juvenile justice system, its pivotal role in the criminal justice system, and the function and responsibilities of the key personnel within them.

CRJ 313 Criminal Justice Ethics. (3) A.
Prerequisites: CRJ 101 with a grade of “C” or better, sophomore standing, or departmental approval. Examines the moral, legal and normative obliga-tions of the state and criminal justice professionals. Surveys the philosophies and theories of ethics and deviance. Credit will not be awarded for both CRJ 313 and 313S.

CRJ 313S Criminal Justice Ethics. (3) A.
Prerequisites: CRJ 101 with a grade of “C” or better, sophomore standing, or departmental approval. Examines the moral, legal and normative obligations of the state and criminal justice professionals. Surveys the philosophies and theories of ethics and deviance enhanced with a service-learning component. Credit will not be awarded for both CRJ 313 and 313S.

CRJ 314D State and Society (3) A.
Prerequisite: Junior or Senior standing. Critically examines law in everyday life. Law infuses popular media, constructs (and constrains) identity, and pervades language. In turn, media, identity, and discourse constitute and permeate understandings of law. Particular attention is paid to the law’s role in practices and discourses of resistance and in exerting social control.

CRJ 315 Administration of Justice. (3) A.
Prerequisites: CRJ 101 with a grade of “C” or better, sophomore standing, or departmental approval. Examines theories of organization and management as they relate to criminal justice practice. Organizational life, leadership, workflow management, bureaucracy, resource management, and other critical administrative issues are addressed.

CRJ 323 Legal and Ethical Issues in Adult Corrections (3) A.
Cross-listed as COR 323. Prerequisite: Junior or Senior standing. An overview of legal court decisions related to adult corrections. Examines ethical issues surrounding adult correctional contexts and practices. Credit will not be awarded for both CRJ 323 and COR 323.

CRJ 325 White Collar Crime. (3) A.
Prerequisites: CRJ 101 with a grade of “C” or better, sophomore standing, or departmental approval. A review and analysis of the upper world crimes of business and government committed in the course of legitimate occupations and financial activities.

CRJ 331 Perspectives on Crime and Delinquency. (3) A.
Prerequisite: Junior or Senior standing. Overview of crime and its control. Examines law making, law breaking, and the social response from theoretical perspectives including social, economic, cultural, symbolic, psychological and biological. Includes historical and contemporary developments. Credit will not be awarded for both CRJ 331 and CRJ 331W.

CRJ 331W Perspectives on Crime and Delinquency (3) A.
Prerequisites: ENG 102 or ENG 105 or HON 102 and CRJ 101 with a grade of “C” or better, sophomore standing, or departmental approval. Overview of crime and its control. Examines law making, law breaking, and the social response from theoretical perspectives including social, economic, cultural, symbolic, psychological and biological. Includes historical and contemporary developments.

CRJ 345D Diversity and Criminal Justice. (3) A.
Cross-listed as AFA 346 and WGS 345. Prerequisites: sophomore standing or departmental approval. Contemporary race, gender, and other diversity issues that affect offenders, victims, society, and the criminal justice system. Emphasizes domestic and international human rights and social justice issues of protection and human development. (This course provides credit in Women and Gender Studies and in the African/African-American Program.) Credit will not be awarded to students who have credit for AFA 346 or WGS 345.

CRJ 350 International and Comparative Criminal Justice Systems. (3) A.
Prerequisites: CRJ 101 with a grade of “C” or better, sophomore standing, or departmental approval. A survey of selected world criminal justice systems including police, courts, and corrections. Cross-national and cross-cultural criminality from several perspectives will be examined.

CRJ 355 Rural Crime and Justice. (3) A.
Prerequisite: sophomore standing. Survey of rural crime and justice issues, crime trends, policing and control of rural crime with particular attention given to Kentucky and Appalachian counties. Credit will not be awarded for both CRJ 355 and APP 355.

CRJ 360 Rehabilitation Strategies for Adult and Juvenile Offenders (3) A.
Cross-listed as COR 360. Prerequisite: Junior or Senior standing. Debates the role of rehabilitation, reintegration, correction, and education in criminal justice. Emphasizes specific strategies and interventions employed by juvenile and criminal justice. Examines contemporary strategies and their effectiveness in controlling/change offender behavior. Credit will not be awarded for both CRJ 360 and COR 360.

CRJ 388 Criminal Justice Research (3) A.
Prerequisite: Junior or Senior standing. Overview of the research process, with emphasis on finding, using, and evaluating criminal justice research. Examination of both qualitative and quantitative social science research methods and procedures appropriate to the study of crime policy and criminal justice. Credit will not be awarded to students who have credit for COR 388 or CRJ 388W.

CRJ 388W Criminal Justice Research (3) A.
Prerequisite: ENG 102, or ENG 105, or HON 102 and CRJ 101 or COR 201 with a grade of C or better, sophomore standing, or departmental approval. Overview of the research process, with emphasis on finding, using and evaluating criminal justice research. Examination of both quantitative and qualitative social science research methods and procedures appropriate to the study of crime policy and criminal justice. Credit will not be awarded to students who have credit for COR 388 or CRJ 388.

CRJ 400 Applied Criminal Justice Analysis. (3) A.
Prerequisite: Junior or Senior standing. Analytical and statistical concepts and procedures relevant to crime and criminal justice data. Includes quantitative and qualitative techniques.

CRJ 401 Organized Crime. (3) A.
Prerequisites: CRJ 101 with a grade of “C” or better, sophomore standing, or departmental approval. History, scope, and methods of control of organized crime. Emphasis on local, regional, national and international control of organized crime. Cultural and social implications of the presence of organized crime are examined. Credit will not be awarded to students who have credit for CRJ 388 or CRJ 388W.

CRJ 403 Crime Mapping. (3) A.
Prerequisite: sophomore standing. The purpose of this class is to introduce the student to theoretical and practical aspects of crime mapping and the spatial analysis of crime. Using the research and data collected in this class the student will provide hands-on training in crime mapping processes. 3 Lec/2 Lab.

CRJ 406 Critical Issues in Criminal Justice. (3) A.
Prerequisites: CRJ 101 with a grade of “C” or better, sophomore standing, or departmental approval. Examination of the criminal justice system and process with an emphasis on problems and trends. This course provides an analytical overview of justice and its response to the needs of society. May be taken for a maximum of six hours on different topics.

CRJ 410 Alcohol and the Law. (3) A.
Prerequisite: sophomore standing. This course is an overview of the history of alcohol and prohibition in the U.S. Subtopics include: the American temperance tradition, moderation vs. prohibition, government enforced morals, and the interconnection among religion, politics and the law.

CRJ 412 Gender, Class and Race. (3) A.
Prerequisite: Junior or Senior standing. Critically examines gender, class and race and their interactions as they pertain to crime, offending, victimization, and punishment. This course will lead students to an understanding of how the criminal justice apparatus operates within larger social, political, and economic systems of oppression and domination over marginalized populations.

CRJ 413 Addressing Mental Health and Substance Abuse Needs of Adult Offenders (3) A.
Formerly: COR 320. Prerequisite: Junior or Senior standing. Examines etiology and effects of substance abuse/mental health problems of adult offenders. Describes intervention strategies. Credit will not be awarded to students who have credit for COR 413 or COR 320.

CRJ 415 Prostitution and Criminal Justice. (3) A.
Prerequisite: sophomore standing. This course is an analytic overview of the history of prostitution in the United States. Subtopics that will be included are: the American reform tradition, deviance, social control, legalization, regulation vs. prohibition, factors affecting prostitution and juvenile justice. Examines contemporary strategies and their effectiveness in controlling/change offender behavior. Credit will not be awarded for both CRJ 360 and COR 360.

CRJ 422 Human Trafficking. (3) A.
Prerequisite: Junior or Senior standing. Critically examines the global problem of human trafficking. Using a historical and comparative framework, this course reveals variation in human trafficking patterns in different regions of the world and efforts to combat human trafficking by means of prevention, protection, prosecution, and partnerships.

CRJ 423 Field Experience. (3) A.
Prerequisites: instructor and departmental approval, sophomore standing. Designed to broaden the educational experience through appropriate observational work assignments. (Also offered for pre-service students in non- sworn positions.) May be retaken 1 time for 6 total credit hours.

CRJ 425 Criminal Gangs. (3) A.
Prerequisite: Junior or Senior standing. Course examines single purpose criminal gangs that commit crimes for profit for a short time period and organized criminal gangs that have extensive supporting networks and long histories of criminal activity such as adult street gangs, prison gangs, outlaw motorcycle gangs and drug trafficking organizations.

CRJ 460 Independent Study. (1-3) A.
Prerequisites: departmental approval, sophomore standing. Individual study and/or research on a problem pertaining to criminal justice. Student must have the independent study proposal form approved by faculty supervisor and departmental chair prior to enrollment. May be retaken for a maximum of six hours.

CRJ 490 Senior Seminar. (3) A.
Prerequisites: senior standing and completion of CRJ 331, CRJ 388 and at least 21 hours of CRJ coursework or departmental approval. Capstone course consisting of development and production of a senior level research paper grounded in relevant criminal justice literature. Emphasis on integration of knowledge acquired in previous courses.

CSC—Computer Science
Dr. Ka-Wing Wong, Chair

CSC 104 Computer Literacy with Software Applications. (3) I, II. A non-technical survey of
**CSC 105 Software Applications Topics:**

(1-3) A. Selected topics in software applications. Topics vary with offering. May be retaken with advisor approval to a maximum of nine hours provided the topics differ.

**CSC 110 Introduction to the Internet:**

(1, I, II) Introduction to the Internet and the Internet processing tools. The course emphasizes the use of the World Wide Web as an information broadcasting and retrieval tool.

**CSC 120 Introduction to Multimedia:**

(3, I, II) Introduction to multimedia technology and computerized visual communication. Topics include video editing, media file processing, video streaming, computer graphics, computer animation, and multimedia presentation.

**CSC 123 Exploring Virtual Worlds:**

(3, A) Exploration of the technologies used in virtual environment development. Focus on the social and economic consequences of virtual reality and the role of the World Wide Web as an e-commerce tool.

**CSC 160 Introduction to Programming:**

(3) A. Prerequisite: MAT 098 or higher, or a minimum score of 22 on the mathematics portion of the ACT, a minimum of 590 on the mathematics portion of the SAT, or a minimum grade of “C” in CSC 195. Object-oriented programming, recursion, arrays, inheritance, file input/output, exception handling, multi-thread programming, GUI, object-oriented design. 3 Lec (1 Lab when taught in large lecture sections). Gen. Ed. VII (QS).

**CSC 165 Introduction to Computer Organization:**

(3) I, II. Prerequisite: CSC 191 with a minimum grade of “C.” An introduction to computer control and design. Gen.Ed. VIII (QS).

**CSC 174 Introduction to FORTRAN:**

(3, I, II) Prerequisite: completion of all mathematics developmental requirements. Introductory programming in FORTRAN, input/output, decision, loops, arrays, subroutines, functions, files. Gen. Ed. VII (QS).

**CSC 177 Introduction to Visual Basic:**

(3, I, II) Prerequisite: MAT 098 or higher, or a minimum score of 22 on the mathematics portion of the ACT, or a minimum score of 510 on the mathematics portion of the SAT. Introduction to Visual Basic programming in the environment. Gen.Ed. VIII (QS).

**CSC 185 Intro to Computer Concepts:**

(3) I, II. Prerequisite: MAT 098 or higher, or a minimum score of 22 on the mathematics portion of the ACT, or a minimum score of 510 on the mathematics portion of the SAT or a minimum grade of “C” in CSC 160, 174, 177, 185 or 187. Introduction to problem solving with computers using an object-oriented programming language. Concepts include data types, input/output, classes, control structures, objects, and inheritance. Gen. Ed. VII (QS).

**CSC 191 Object-Oriented Programming:**

(3) I, II. Prerequisite: a minimum grade of “C” in CSC 190 and a minimum of 25 on the mathematics portion of the ACT, a minimum of 590 on the mathematics portion of the SAT, or a minimum grade of “C” in CSC 185. Object-oriented programming, recursion, arrays, inheritance, file input/output, exception handling, multi-thread programming, GUI, object-oriented design. Gen. Ed. VII (QS).
six hours of Computer Science major courses. In addition, transfer students must have completed at least one semester of full-time coursework at EKU. Work in placements related to academic studies. A minimum of three hours may be applied toward the Computer Science technology option degree only. Credit does not apply to general Computer Science major or minor requirements. Total hours: eight, associate, sixteen, baccalaureate. A minimum of 80 hours of employment is required for each semester hour of academic credit. Credit may only be awarded in the semester in which the work is completed.

CSC 349 A-N Cooperative Study: Computer Science. (5-8) I, II; (1-6) SUMMER ONLY. Prerequisite: students must have successfully completed 30 semester hours of course work including six hours of Computer Science major courses. In addition, transfer students must have completed at least one semester of full-time course work at EKU. Work in placements related to academic studies. A maximum of three hours may be applied toward the Computer Science technology option degree only. Credit does not apply to general Computer Science major or minor requirements. Total hours: eight, associate, sixteen, baccalaureate. A minimum of 80 hours of employment is required for each semester hour of academic credit. Credit may only be awarded in the semester in which the work is completed.

CSC 350 Principles of Programming Languages. (3) I, II. Prerequisites: CSC 200 and 310, or permission of the instructor. A minimum of "C" in both courses. The principles used in the design and implementation of programming languages. Language descriptions, structural implementations, and specialized features of languages.

CSC 360 Computer Org & Architecture. (3) A. Prerequisite: CSC 191 with a minimum grade of "C". Information representation, instruction set architecture, assembly language, instruction execution, basic instruction set, data path, control unit, memory and storage organization, and processor performance evaluation. Credit will not be awarded for both CSC 360 and 370.

CSC 370 Computer Architecture. (3) A. Prerequisite: CSC 200. Information representation, Boolean algebra and combinational logic, memory and storage, elementary machines, addressing schemes, storage addressing, computer organization, memory and storage organization, overlap and pipeline processing, parallel processing, and performance evaluation. Credit will not be awarded for both CSC 360 and 370.

CSC 390 Advanced Programming Techniques with C. (3) A. Prerequisite: CSC 191, with a minimum grade of "C". Advanced programming with a selected programming language, with appropriate applications. May be taken to a maximum of six hours, provided the languages are different.

CSC 400 Operating Systems. (3) I, II. Prerequisites: CSC 320, CSC 360 or 370. Overall structure of multiprogramming systems, details of addressing techniques, memory-management, file system design and management, traffic control, interprocess communication, system module design, interfaces.

CSC 401 Network and System Programming. (3) A. Prerequisites: CSC 302, CSC 370 or EET 254. Technical programming in the UNIX and the Internet environments: shell scripts, TCP/IP, HTML, CGI, and JavaScript. Survey of Internet protocols.

CSC 425 Compiler Construction. (3) I, II. Prerequisites: CSC 320 and 350. Basic concepts of lexical analysis and syntax analysis. A programming team project will implement these concepts.

CSC 440 Applied Software Engineering. (3) A. Prerequisites: A minimum grade of "C" in CSC 340. Techniques and tools for software requirements, software design, software testing, and software project planning as a team project for majors in computer science.

CSC 460 Computer Network & System Administration. (3) A. Prerequisite: CSC 310 with a minimum grade of "C". Introduction to the subject of computer networks and layered protocols, architecture of data communication systems, point-to-point networks, local networks, end-to-end protocols and internetworking. Introduction to server-side technology to create interactive web pages.

CSC 490 Seminar in Computer Science. (1-3) A. Prerequisite: departmental approval. For advanced students in computer science. Subject announced when offered. May be retaken to a maximum of 12 hours, provided that the topics are different.

CSC 491 Game Design Capstone. (3) A. Prerequisite: CSC 316 and senior status. Level design, storyboarding, character modeling, game scripting, game interface design, audio effects, marketing, and ethics. Students will work in groups to develop a computer game term project.

CSC 494 Innovative Problem Solving. (1-3) A. Prerequisite: Departmental approval. An individually developed project related to an innovative solution of a problem provided by the software industry. The result is to be presented in open forum. May be retaken to a maximum of 6 hours provided the topics are different.

CSC 495 Independent Work. (1-3) I, II. Prerequisite: departmental approval. Directed study/research on a problem or area chosen in consultation with the instructor. (3) I, II. Prerequisite: Departmental approval. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours.

CSC 507 Seminar in Computer Science: (1-3) A. Prerequisite: departmental approval. Topics vary with offering. May be retaken with advisor approval, provided the topics are different.

CSC 510 Computer and Information Organization in Education. (3) A. Introduction to design and implementation of World Wide Web applications for teachers. Development of interactive on-line class notes and testing materials.

CSC 520 Multimedia Systems and Forensics. (3) A. Prerequisite: CSC 310. Integration of multimedia technologies, signal processing and compression of images, audio, and video, multimedia programming, and multimedia knowledge. Forensics. (3) A. Prerequisite: CSC 310. Introduction to multimedia technologies, signal processing and compression of images, audio, and video, multimedia programming, and multimedia knowledge. Forensics.

CSC 530 Concepts of Programming Systems. (3) A. Prerequisites: three hours of a programming language or department approval. The top-down design of algorithms, structured programming, computer languages, programs, subroutines, files and lists. Programs will be written in a high level language. Credit does not apply to the B.S. degree in Computer Science.

CSC 535 Discrete Structure. (3) A. Prerequisite: CSC 107 or equivalent. Corequisites: CSC 350. Logic, sets, functions, Boolean logic, probability and their applications, number theory, recursion, math induction proofs with application of these topics to computer science.

CSC 538 Computer Crime and Forensics. (3) A. Intructory course on computer crime and forensics. Computer criminal evidence collection, analysis and handling; computer forensics tools; data acquisition; digital evidence control; Windows and Linux systems investigation; email investigation; network forensics; computer forensic report writing.

CSC 540 Integrated DB Applications. (3) A. Prerequisite: CSC 310 with a minimum grade of "C". Techniques for creating and maintaining an integrated database application. Topics include architecture of a client/server database, creation of named program units stored in the database and in the workstation file system, development of application packages, and transactions.

CSC 542 Internet Forensics (A). Prerequisite: CSC 322 with a minimum grade of "C". This course covers the basic knowledge and skills necessary to analyze Internet-based applications artifacts for digital evidence recovery. The topics include popular Web browsers, instant messengers, and social media apps.

CSC 544 Database Admin and Security. (3) A. Prerequisite: CSC 310 with a minimum grade of "C". This course covers database management system concepts, database system architecture, installation and setup, data management, performance monitoring and tuning, backup and recovery, database security models and management, database auditing.

CSC 545 Theory of Database Systems. (3) A. Prerequisite: a minimum grade of "C" in CSC 310. Models and principles of database systems. Database languages. The logical and physical design as well as the implementation and use of database systems.

CSC 546 Artificial Intelligence. (3) A. Prerequisites: CSC 310 with a minimum grade of "C" or CSC 530. The use of programming languages to model concepts selected from artificial intelligence. The application of heuristics to problem solving. Perception and pattern recognition.

CSC 547 Network Forensics and Investigation (3) A. Prerequisite: CSC 460. Introduction to Windows network forensics. Topics include: Windows network structure; Windows password/authentication mechanisms; Windows ports and services; Liveanalysis techniques; Windows registry structure and evidence; Forensic analysis of events logs; Network forensics tools and reporting.

CSC 548 Personal Electronic Device Forensics. (3) A. Prerequisites: CSC 332. Introduction to personal electronic device forensics. Topics include architecture, functionality, operating systems and implementation of PEDs (cell phones, PDAs, iPods, MP3 music players, GPS devices), recovering evidence from PEDs, and hostile forensic and booby-trapping techniques.

CSC 549 Computer Forensics Capstone. (3) A. Prerequisite: CSC 332. Project course. Students apply learned digital forensic knowledge, techniques, and software and hardware tools to work on a team project on a case for digital evidence collection, handling, analysis, and reporting.

CSC 550 Graphics Programming. (3) A. Prerequisites: CSC 332. Project course. Students apply learned digital forensic knowledge, techniques, and software and hardware tools to work on a team project on a case for digital evidence collection, handling, analysis, and reporting.

CSC 565 Topics in Multimedia. (3) A. Prerequisite: departmental approval. For advanced students in computer science. Subject announced when offered. May be retaken to a maximum of six hours, provided the topics are different.

CSC 597 Computer Forensics Capstone. (3) A. Prerequisite: CSC 332. Project course. Students apply learned digital forensic knowledge, techniques, and software and hardware tools to work on a team project on a case for digital evidence collection, handling, analysis, and reporting.

CSC 595 Interoperability and Integration (3) A. Prerequisite: CSC 332. Project course. Students apply learned digital forensic knowledge, techniques, and software and hardware tools to work on a team project on a case for digital evidence collection, handling, analysis, and reporting.

CSC 597 Computer Forensics Capstone. (3) A. Prerequisite: CSC 332. Project course. Students apply learned digital forensic knowledge, techniques, and software and hardware tools to work on a team project on a case for digital evidence collection, handling, analysis, and reporting.

CETE—Career and Technical Education Dr. Charles Gagel, Coordinator

CETE 164 Orientation to Career and Technical Education. (3) A. Introduction to new technical teachers in areas of principles of instruction, lesson planning, oral instruction, instructional media, demonstrations, evaluation and follow-up. Satisfactory-unsatisfactory grading.

CETE 303 Career and Technical Education Staff Exchange. (2-9) A. Prerequisite: departmental approval. For in-service career and technical teachers enrolled in an approved staff exchange program designed to update technical skills and knowledge in an occupational setting. Assignments include verifying contact hours, site visit, narrative summary, and lesson development. First week of exchange is equal to two semester hours of credit with one additional semester hour of credit for each additional week. Satisfactory-unsatisfactory grading.

CETE 204 Related Science, Mathematics, and Technology in Occupations I. (3) A. Offered only through written examination. Applicant must be eligible for vocational teaching certificate.

CETE 205 Manipulative Skills in Occupations I. (3) A. Offered only through technical competence examination; applicant must be eligible for
vocational/teaching certificate.

CTE 206 Related Knowledge: Occupations I (3) A. Orientation to written examination, applicant must be eligible for vocational teaching certificate.

CTE 261 Foundations of Career and Technical Education. (3) A. In-service career and technical education. A study of the historical, philosophical, economical, sociological, and psychological foundations of career and technical education related to elementary, secondary, and post-secondary education. Credit will not be awarded for both CTE 261 and 262.

CTE 262 Foundations of Career and Technical Education (Pre-Service). (3) A. Corequisite: EDF 310 (1)—Enrollment in a late term section is preferred. For pre-service career and technical teachers. A study of the historical, philosophical, economical, sociological, and psychological foundations of career and technical education related to elementary, secondary, and postsecondary education. Credit will not be awarded for both CTE 261 and 262.

CTE 302 New Developments in Industry. (1-6) A. Concurrent enrollment in approved industry sponsored courses and supervised work credit for each week of enrollment (minimum of 20 class hours per week). Student required to present proof of completion and to develop a teaching unit on the new development. May be retaken provided the industry sponsored school is different. Graduates must have successfully completed 30 semester hours of course work and transfer students must have completed at least one semester of full-time course work at EKU with a GPA of 3.0. 

CTE 305 Manipulative Skills in Occupations II. (3) A. Offered only through technical community college. Applicant must be eligible for vocational/teaching certificate.

CTE 306 Related Knowledge: Occupations II. (3) A. Offered only through written examinations; applicant must be eligible for vocational/teaching certificate.

CTE 361 Course Materials in Career and Technical Education. (3) A. The preparation of instructional materials and instructional techniques, including the development and use of instructional media. The content will include the development of curricula at appropriate levels of education and appropriate laboratory activities.

CTE 363 Evaluation in Career and Technical Education. (4-12) A. Prerequisites: CTE 361, 363, 364. Observation, participation and supervised teaching in vocational and technical education. Includes experiences in lesson planning, classroom management, record keeping, development and use of instructional materials and directed teaching in approved centers. Students are graded on a satisfactory-unsatisfactory basis.

DES—Design Mr. Herb Goodman, Chair

DES 121 The Interior Environment. (3) A. An introduction to the profession: relationship to allied fields, contemporary developments, professional organizations, career options and philosophical approaches. Introduction to the principles and elements of design, programming, space planning, and decorative ornamentation. Open only to non-Interior Design majors.

DES 222 Graphic Communication in ID. (3) I. Emphasis on graphic communication as part of the design process for interior designers. Integration of drawing skills employed in graphic representational methods used to analyze and describe interiors and conceptualize design.

DES 226 Computers and Interior Design. (3) I. Focuses on instruction in CAD software (AutoCAD) with brief introductions to word processing, presentation, and rendering software as well as an examination of the role of e-mail and the Internet in the profession of interior design. Studio.

DES 222 Interior Design Studio I. (3) I. Prerequisites: ART 100, 152, 153; DES 122. A study of two and three-dimensional design theories including color theory and spatial organization and their application to interior design. Both graphic and model making techniques utilized. Studio meets for 3 hours twice a week.

DES 225 Interior Materials. (3) II. An investigation of the interior finish materials and component systems used in the design profession; their properties, performance, availability, application, and installation techniques, as well as health and life safety issues and the appropriate trade sources.

DES 226 Interior Design Studio II. (3) II. Prerequisite: DES 222. The study of the concepts and requirements of interior design. Programming, human factors, space planning, and study of functional and aesthetic aspects of residential environments will be explored. Studio meets for 3 hours twice a week.

DES 250 Introduction to Graphic Design. (3) I, II. Prerequisites: ART 100 and 152. Introduction to the field of professional graphic design and its conceptual and technical makeup. A portfolio review will determine an individual's week of DES 250 to determine enrollment for DES 350 and 351.

DES 317 Interior Design Studio Tour I. (1-3) A. A prerequisite: 30 hours in the Interior Design major or approval. A tour planned for interior design students to observe the operation of establishments and experiences in the field. A portfolio of student work presented at end of course. Special project required.

DES 319 Seminar in Interior Design I. (1-3) A. A study of technical information relevant to interior design. Course content to be determined by student interest and needs. May be retaken to a maximum of six hours provided the content is different. Corequisite: DES 350.

DES 322 Interior Design Studio III. (3) I. Prerequisites: DES 226 and 330. Major GPA 3.0, and admission to the BFA program. Corequisites: DES 325. Research analysis, programming, space planning, and human factors in residential and/or small-scale commercial design. Laptops and CAD software required. Studio meets for 3 hours twice a week.

DES 325 Professional Practice in ID. (3) I. Corequisite: DES 322. An examination of the profession of interior design including history, procedures, documents, organizations, trade resources, certification, management, and ethics.

DES 326 Interior Design Studio IV. (3) II. Prerequisite: DES 322; Major GPA 3.0, and admission to the BFA program. Research, analysis, organization, advance programming in large-scale commercial and/or residential design, emphasizing special populations, and resulting in functional and aesthetic design solutions. Studio meets for 3 hours twice a week.

DES 327 Interior Design I. (3) I. Prerequisite or Corequisite: ARH 390 and 391. The study of the history and theory of architecture, interiors, and decorative arts from the Renaissance through the nineteen century. An examination of the significance and application to current design problems.

DES 328 History of Interior Design II. (3) II. Prerequisite: DES 327. The study of the history and theory of architecture, interiors, and decorative arts from the nineteenth century through the present day. An examination of the significance and application to current design problems.

DES 330 Lighting Design. (3) II. Prerequisite: CON 250. Introduction to lighting with an emphasis on theory, codes, and practical application/selection of lighting to enhance space. Integration of lighting issues that are essential and specific to the industry and profession of interior design.

DES 332 Housing Alternatives for Elderly. (3) A. Examination of the housing options and alternatives for the elderly population resulting in an awareness of and responsiveness to the needs of the user.

DES 349 Applied Learning in Art & Design (5-8) A. Work in a professional environment related to academic studies. One to eight hours credit per semester or summer. A minimum of 80 hours employment required for each semester hour credit. Students must have successfully completed 30 semester hours of course work and transfer students must have completed at least one semester of full-time course work at EKU with a GPA of 3.0.

DES 350 Typographic Study I. (3) II. Prerequisite: DES 250. Corequisite: DES 151. Departmental approval and 3.0 GPA in ART, ARI, and DES courses. Introduction to the use of letterforms in graphic design and visual culture. Students will research typographic history and will develop an understanding of visual hierarchy in graphic design.

DES 351 Sophomore Studio. (3) I, II. Prerequisite: DES 250. Corequisite: DES 350. Departmental approval and 3.0 GPA in ART, ARI, and DES courses. An exploration of visual communication issues and applications in graphic design. The relationship of visual form to meaning, type and image relationships will be examined.

DES 352 Image Making. (3) II. Prerequisites: DES 350, 351, Major GPA 3.0, and admission to the BFA program. Corequisites: DES 353. An advanced integration of various techniques and materials, both traditional and computerized, to promote understanding of the importance of imagery within the field of graphic design.

DES 353 Production for Graphic Design. (3) II. Prerequisites: DES 350, 351, Major GPA 3.0, and admission to the BFA program. Corequisite: DES 352. Exploration of materials, surface graphics, marketing, and production problems as the refinement and integration of many design principles.

DES 354 Typography II. (3) A. Prerequisites: DES 352, 353, Major GPA 3.0, and admission to the BFA program. Corequisite: DES 451. Advanced study of typography as an expressive medium. Special attention to multi-page document work, advanced issues of typography in scale as well as its usage in new media and alternative situations.

DES 421 Supervised Field Experience in ID. (6) SUMMER ONLY. Prerequisites: open to Interior Design BFA students only, DES 325 and 326, minimum 2.25 overall GPA, and Major GPA. Observation of an interior design firm’s operation, with performance in assigned tasks. Students are placed with an architecture or interior design firm for a continuous full time ten-week experience.

DES 422 Interior Design Studio V. (3) I. Prerequisites: DES 326 and 328, Major GPA 3.0, and admission to the BFA program. Advanced studio experience in interior design with emphasis on one
or more of the following: residential, exhibit/retail, hospitality, office, historic preservation and adaptive-use. Studio meets 3 hours twice a week.

DESI 424 Issues in Interior Design. (3) A. Prerequisite: junior standing or departmental approval. Individual and group investigation of current responsibilities and issues relevant to the field of interior design. Studio meets 3 hours twice a week.

DESI 426 Interior Design Studio VI. (3) I, II. Prerequisites: DES 421 and 422, Major GPA 3.0, and admission to the BFA program. Corequisite: ART 499. Advanced studio experiences in interior design requiring students to design a comprehensive large-scale project. Studio meets for 3 hours twice a week.

DESI 450 Professional Practices in Graphic Design. (3) I, II. Prerequisites: DES 354, 451, Major GPA 3.0, and admission to the BFA program. Corequisite: DES 453. This course examines the professional standards and practices specific to the field of graphic design.

DESI 517 New Media. (3) A. Prerequisites: DES 352 and 353, Major GPA 3.0, and admission to the BFA program. Corequisite: DES 354. Introduction to the artistic and technical issues of multimedia through website creation and animation.

ECO 230 Statistical Methods for Economics I. (3) A. Prerequisite: MAT 107. Business and economic applications of frequency distributions, measures of location, variation; probability, sampling, estimation, test of hypothesis, linear regression, index numbers, and time series analysis. Credit will not be awarded to students who have taken ECO 232 and 340. ECO 230 and 232 may not be retaken to a maximum of six hours. Minimum 80 percent required for each academic credit hour.

ECO 230 Statistical Methods for Economics I. (3) A. Prerequisite: MAT 107. Business and economic applications of frequency distributions, measures of location, variation; probability, sampling, estimation, test of hypothesis, linear regression, index numbers, and time series analysis. Credit will not be awarded to students who have taken ECO 232 and 340. ECO 230 and 232 may not be retaken to a maximum of six hours. Minimum 80 percent required for each academic credit hour.

ECO 230 Principles of Microeconomics. (3) I, II. Prerequisites: ENG 095, ENR 095, and MAT 095; or equivalent. Microeconomic principles, including the study of opportunity cost, consumer and producer choices, market demand and supply, pricing and resource allocation, comparative advantage and international trade. Gen. Ed. E-5B.

ECO 231 Principles of Macroeconomics. (3) I, II. Prerequisite: ENG 095, ENR 095, and MAT 095; or equivalent. Macroeconomic principles, including the study of measures of national economic performance, determinants of aggregate production, employment and prices, monetary and fiscal policy, balance of payments, economic growth and development. Gen. Ed. E-5B.

ECO 300 Managerial Economics. (3) A. Prerequisite: ECO 230 or equivalent. Studies concepts that are directly applicable to business decision making including cost and production, profits, demand and pricing, capital budgeting and investment, and forecasting.

ECO 314 Sports Economics. (3) A. Prerequisite: ECO 230 and departmental approval. Economics applied to sports. Topics include collective versus competitive behavior, pricing strategies, government subsidies of sports ventures and venues and sports labor markets.

ECO 315 Economic Policy Analysis. (3) A. Prerequisite: ECO 230. Foundations and rationale for economic policy, including market failure and income inequality. Objectives, evaluation and analysis of selected policies in areas such as international trade, environment, education, health care, welfare, social security, and economic development.

ECO 420 Research Methods II. (3) II. Prerequisite: ECO 230. Research methods in economics. (.5-3) A. Prerequisite: MAT 107. Business and economic applications of frequency distributions, measures of location, variation; probability, sampling, estimation, test of hypothesis, linear regression, index numbers, and time series analysis. Credit will not be awarded to students who have taken ECO 232 and 340. ECO 230 and 232 may not be retaken to a maximum of six hours. Minimum 80 percent required for each academic credit hour.

ECO 340 Environmental Economics. (3) A. Cross-listed as APP 340 and ENV 340. Prerequisite: ECO 230. Applications of basic economic analysis to a study of the environment and environmental problems. Major topics include benefit-cost analysis for environmental decision making, the potential for market-based solutions to environmental problems, and the role and development of environmental policy. Credit will only be awarded for ECO 340, or APP 340, or ENV 340.

ECO 345 Topics in Economics. (1-3) A. Prerequisite: to be announced. Selected topics for study. Variable topics across semesters. May be retaken to a maximum of six hours, provided the subject matter differs each time.

ECO 349 Applied Learning in Economics. (5-3) A. Prerequisite: minimum GPA 2.25. Co-curricular work experience under faculty and field supervisors. Training plan required. May be retaken to a maximum of six hours. Minimum 80 hours work required for each academic credit hour. May not count towards major.

ECO 360 Industrial Organization. (3) A. Prerequisite: ECO 230 or equivalent. Studies the strategic interactions of firms in imperfectly competitive markets, market performance, and public policy.

ECO 365 Public Finance. (3) A. Prerequisite: ECO 230. Economics of the public sector, including the scope of and rationale for government, public goods and externalities, voting behavior, public choice, taxes and subsidies, and transfer payments.

ECO 370 Health Care Economics. (3) II. Prerequisite: ECO 230 or departmental approval. Introduction to health economics, including the study of the demand for and production of medical care, health care planning, regulation, finance and evaluation.

ECO 394 International Economics. (3) I, II. Prerequisite: ECO 230 or 231 and junior standing. An introduction to international trade and investment theory emphasizing international business, international trade theory, trade and investment patterns, payments system, balance of payments, international companies, and international issues.

ECO 395 Economics of Developing Countries. (3) A. Prerequisites: (ECO 230 or 231) and junior standing. Economics of development including: theories of growth, income distribution, investment in human capital, alleviation of poverty, strategies for growth; study of selected countries.

ECO 395W Economics of Developing Countries (3) A. Prerequisites: ECO 230 or 231 and junior standing; ENG 102 or ENG 105(B) or HON 102. Economics of development including: theories of growth, income distribution, investment in human capital, alleviation of poverty, strategies for growth; study of selected countries. Credit will not be awarded for both ECO 395W and 395.

ECO 410 History of Economic Thought. (3) A. Prerequisites: three hours of ECO. The history of economic ideas from Adam Smith through J. M. Keynes.

ECO 420 Research Methods II. (3) II. Prerequisite: ECO 320 or departmental approval. Problems of heteroscedasticity, serial correlation, and endogeneity in the linear statistical model; nonlinear models and modern time series models. Formulation and execution of empirical research project.

ECO 430 Mathematical Economics. (3) A. Prerequisites: three hours of ECO and MAT 124, 211, or 261. Mathematical formulations of economic theories. Models of the consumer, the firm, markets,
EDF 203 Introduction to Education. (1) Prerequisite: ECO 330, 331, and senior standing, or departmental approval. Reading, analysis and discussion of selected economics topics. Preparation of student research paper.

EDF 402 Business Cycles. (3) A. Prerequisite: ECO 231. Growth, instability, inflation, business cycle theories, spending and saving decisions, government expenditures and tax patterns, prices, output, and employment, historical cyclical patterns, economic forecasting.

EDC 560 Special Problems in Economics. (1-4) A. Prerequisite: advisor/departmental approval. Independent work, special workshop, special topics or seminar. Must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

ECO 590 Regional Economics. (3) A. Prerequisite: three hours of ECO. Analysis of patterns of regional growth and development. Use of economic models for regional forecasting and policy evaluation; the problems of marginal areas in developed economies.

EDE—Educational Studies

Dr. Dorie Combs, Chair

EDF 103 Introduction to Education. (1) I, II. An exploration of the professional qualities and expectations of a teacher/educator. Roles, responsibilities and challenges in the field of education will be reviewed. Eight hours of field experiences in schools are required. For pre-education and non-education majors.

EDF 200 Schools and Our Society. (3) I, II. Prerequisite: Score accepted by the Kentucky Education Professional Standards Board on one of the approved tests: ACT, PSAT, SAT, GRE. An introduction to social and cultural influences on schools, the purposes of schooling, the governance, financing, and administration of schools, and the role of the individual as an educator. 15 hours of field experience required.

EDF 203 Philosophical & Historical Foundation of Education. (3) I, II. Prerequisite: Background check per Teacher Education Services approved procedure, must be ordered and paid for by the first day of class. Prerequisite or Corequisite: EDF 103 with a minimum grade of “C” or enrolled in EDF 103. Corequisite: EDF 340Q. An introduction to social and cultural influences on schools, the purposes of schooling, the governance, financing, and administration of schools, and the role of the individual as an educator. Minimum 12 hours of field experience required. 2 Lec/2 Lab.

EDF 204 Emerging Instructional Technologies. (3) I, II. Technological applications to education, training, and instruction within educational and human services settings. Students examine, develop, and/or evaluate emerging instructional technologies. For individuals interested in exploring technological applications in teaching and learning.

EDF 205 Creative Learning and Teaching. (3) I, II. An introduction to the basic theories and principles of creativity as applied to development of your own creative thinking and how teachers, professionals and parents can encourage creativity in others.

EDF 310 Transition to Education. (1-3) I, II. Prerequisite: Background check, per Teacher Education Services approved procedure, must be ordered and paid for by the first day of class. Corequisite: EDF 340Q. Transition to professional education at EKU. Required of students who have an equivalent transfer course for EDF 203. 12 hours of field experience required.

EDF 319 Human Development and Learning. (3) I, II. Prerequisite: admission to professional education. Corequisite: EDF 340R. The study of theories and principles of human development and learning as applied to the classroom. Credit will not be awarded to students who have credit for EDF 320 or EDF 319W.

EDF 319W Human Development and Learning. (3) I, II. Prerequisite: ENG 101 and 102, or HON 105 with a minimum grade of “C”, or ENG 105 with a minimum grade of “B”, admission to professional education. Theories and principles of human development and learning as applied to the classroom. Credit not awarded to students with credit for EDF 320 or EDF 319.

EDF 320 Human Development and Learning for Vocational Education. (3) I, II. The study of theories and principles of human development and learning as applied within vocational-industrial technical education classrooms. Credit will not be awarded for both EDF 320 and EDF 319.

EDF 330 U.S. South and Black Education. (3). A. Cross-listed as AFA 330. This course introduces the major themes of Black populations pursuing educational opportunities in Southern States. Students will acquire knowledge about historical events, people and policies shaping the evolution of Blacks in education. Credit will not be awarded for both EDF 330 and AFA 330. Gen. Ed. VIII.

EDF 340Q Applied Learning in Education I. (5) I, II. Corequisites: EDF 203 or EDF 310. Collaborate with educators to observe and analyze education practices and theories of teaching and learning within various settings. Minimum of 40 hours field experience required.

EDF 439R Applied Learning in Education II. (5) I, II. Corequisites: EDF 319. Collaborate with educators to observe and analyze education practices and theories of teaching and learning within various settings. Minimum of 40 hours field experience required.

EDF 443 Assessment in Education. (3) I, II. Prerequisite: admission to teacher education. Corequisites: EDF 320 or EDF 319W. Procedures for assessing pupil growth in skills, attitudes, aptitudes, and understandings. Assessment construction, analysis, item analysis. Marking systems, and authentic assessment systems will be addressed.

EDO—Education Orientation

Dr. William Phillips, Dean

EDO 100 Academic Orientation. (1) I. Designed to orient the student to university academic life and afford background for career choice and preparation. Included are University regulations and calendar, catalog details, registration and preregistration, student opportunities, and program requirements. Open to all students during their first two semesters of enrollment at EKU; beyond that open to students with fewer than 30 semester hours earned.

EES—Essential Elements of Success

EES 250 Basic Social Intelligence Skills (3) I, II. A focus on human relationships and researched-based social skills. Students learn to operationalize theories into social intelligence skills and practice initiating, observing, listening, evaluating, and responding in ways that promote positive interactions and relationships. Gen. Ed. Element 1C [OC].

EES 300 Advanced Social Intelligence Skills (3) I, II. Prerequisite: Junior standing. Prerequisite or Corequisite: EES 250 or departmental approval. This is an advanced course that builds on the core skills presented in Basic Social Intelligence Skills. It provides additional knowledge and skills for successfully engaging in more complex social and professional interactions and relationships.

EES 310 Critical Thinking (3) A. Prerequisite: Junior or Senior standing. This course will address the application of critical thinking skills within various fields of study. Students will learn critical thinking skills and how to integrate them into a successful career.

EET—Electricity and Electronics Technology

Dr. Vigen Chandra, Coordinator

EET 251 Electricity and Electronics. (3) I, II. Prerequisite: Grade of at least “C” in MAT 093 or a minimum math ACT score of 18 or a minimum high school math score of 26. Principles of basic electricity, circuit operation, and electronics. Topics include electrical components, measurements, power, characteristics of AC-DC, basic circuit laws, circuit simulation, magnetism, energy conversion, and sources. 2 Lec/2 Lab.

EET 252 Digital Electronics. (3) I, II. Prerequisite: grade of at least “C” in MAT 090 or equivalent. A survey of digital electronics fundamentals and applications. Topics include number systems, digital mathematics, logic families, logic gates, multiplexers, demultiplexers, comparators, counters, decoders, displays, and converters. 2 Lec/2 Lab.

EET 253 Microprocessor Control Systems. (3) A. Prerequisite: EET 251. The operation and application of microprocessor-based control systems in electro-mechanical project environments. Topics include data, address, and control signals; memory; interfacing digital and analog devices; ports; and data communications. 2 Lec/2 Lab.

EET 257 Electronic Devices and Circuits. (3) A. Prerequisite: EET 251. An analysis of the characteristics of solid state devices and the common circuits that utilize these devices. Emphasis on problem solving supplemented by laboratory activities and demonstration of electronic circuits and devices. 2 Lec/2 Lab.

EET 349 A N-A Cooperative Study: CET/CEN. (1-8) I, II. Prerequisite: departmental approval, sophomore (30-59 hours) or higher standing and minimum of 2.0 GPA. Work under faculty and field supervisors in placements related to academic studies in Computer Electronics Technology (CET) or Computer Electronic Networking (CEN). 1-8 credit hours per semester or summer. Transfer students must have completed at least 12 hours of coursework at EKU. A minimum of 80 hours work required for each academic credit.

EET 350 Industrial Electronics I. (3) A. Prerequisite: EET 257. Principles of timing, power control circuitry, transducers, and programmable controllers in commercial and industrial applications. 2 Lec/2 Lab.

EET 351 Programmable Logic Controllers. (3) A. Prerequisite: EET 251 or 252. The study of programmable logic controllers (PLCs). PLC functioning theory, selection, wiring, and programming. 2 Lec/2 Lab.

EET 452 Electrical Power & Drives. (3) A. Prerequisites: (MAT 108 or higher), (PHY 101), and EET 257. Principles of electromagnetic induction as applied to the generation, distribution, conversion, control, and measurement of electrical power. Analysis of the electronics used for electrical drives. Installation, programming and maintenance of digital drives. 2 Lec/2 Lab.

EHS—Environmental Health Science

Dr. Carolyn Harvey, Interim Chair

EHS 225 African/African-American Health Issues. (3) I. Cross-listed as AFA 225. Provides the student with an understanding of the medical and public health issues relevant to the maintenance of health conditions both in the United States and Africa. Credit will not be awarded for both EHS 225 and AFA
EHS 230 EHS Diseases and Hazards of Leisure. (3) II. Provides the student with an understanding of the biological, chemical and physical threats to health during the recreational, amusement, travel and tourist environments.

EHS 280 Introduction to Environmental Health Science. (3) I. Components of environmental health, including water and waste treatment, air pollution, food sanitation, vector control, solid waste disposal, and general sanitation problems.

EHS Professional Standards. (1) A. Corequisite: EHS 335. Provides the student with the personal and professional tools to succeed as an environmental health professional. Information related to required professional certifications, ethical demands, and professional standards and practices will be provided.

EHS 290 Seminar in Environmental Health. (2) II. A. Prerequisite: departmental approval. Discussion and analysis of literature related to selected current environmental health problems.

EHS 300 Water Supplies and Waste Disposal. (4) I, II. Prerequisite: EHS 280, BIO 320 or MLT 209 and MLT 211. Drinking water safety in both individual and larger public systems. Maintenance of raw water quality, water purification, delivery systems, and surveillance. Techniques for collection, treatment, and disposal of sewage are also discussed.

EHS 330 Environmental Control of Disease Vectors. (3) II. Prerequisite: BIO 111. The identification and control of arthropods, arachnids, rodents, and other vectors of disease. Review of significance of vector borne diseases. Safe use of pesticides will also be discussed.

EHS 335 Hazardous and Solid Waste Management. (3) II. Prerequisites: CHE 111, 111L and EHS 280, or departmental approval. Corequisite: EHS 285. Nature of hazardous waste and methods for their disposal to protect health and the environment and to prevent contamination of groundwater. The environmental health and safety aspects of solid waste collection, treatment and disposal, and regulations governing waste management are also discussed.

EHS 340 Industrial Hygiene. (3) I, II. Prerequisites: BIO 110, CHE 111, 111L and EHS 280, or departmental approval. The impact of the workplace on safety and health, and methods for avoiding work-related illnesses. Emphasis will be on the evaluation and the control of the work environment to protect worker health.

EHS 345 Organized Industrial Hygiene. (3) II. Prerequisite: EHS 340 or departmental approval. In-depth discussion of the chemical and physical hazards of the workplace and their evaluation and to provide hands-on experience in industrial hygiene sampling and analysis.

EHS 349 Applied Learning in Environmental Health Science. (5-6) A. Prerequisite: departmental approval. Work in placements related to academic studies. One to six hours credit per semester or summer. A minimum of 80 hours work required for academic credit.

EHS 349 A-N Cooperative Study: Environmental Health Science. (5-6) A. Prerequisite: departmental approval. Work in placements related to academic studies. One to six hours credit per semester or summer. A minimum of 80 hours work required for academic credit.

EHS 355 CBR Terrorism & Environmental Health. (3) II. This course will provide students with environmental health principles required to protect individuals and communities in times of war, general emergencies and disaster, both natural and human, due to chemical and biological threats.

EHS 360 Air Pollution and Health. (4) A. Prerequisites: CHE 112, 112L and EHS 280; or departmental approval. Health effects of air pollution, including a discussion of the primary sources of airborne pollutants, their transport and transformation, the control of air pollution, state and national standards.

EHS 370 Risk Assessment and Environmental Epidemiology. (3) I, II. Prerequisites: EHS 280 and STA 215; or departmental approval. The use of data to define the health effects of exposed individuals or populations to hazardous materials and situations.

EHS 380 Food Hygiene. (3, I) Prerequisites: EHS 280 or departmental approval. A study of the health effects of food-borne disease, including an in-depth discussion of the physical, chemical, and biological factors that cause an estimated 76 million cases of food-borne illnesses annually in the U.S. An examination of the food processing and food service industry’s failings and efforts to prevent food-borne illness will be the primary focus.

EHS 390 EHS Special Problems in Environmental Health. (1-4) A. Prerequisite: departmental approval. For independent work, or special workshops, or special topics as they relate to environmental health issues and problems. May be retaken for maximum of eight hours.

EHS 395 Environmental Problem Analysis. (3, I) Prerequisites: EHS 335, 340, and MAT 107 or 109; or departmental approval. Application of the student’s knowledge gained from technical course work to analyze environmental problems. Emphasis is on logically solving environmental health issues that the student can expect when working in the field.

EHS 425 Environmental Health Program Planning. (3) A. Prerequisites: EHS 280 and 335. Administration, planning, implementation, and evaluation of environmental health programs. Discussion of training, promotion, and evaluation activities, and the role of the environmental health specialist dealing with community, state, and regional agencies.

EHS 440 Environmental and Industrial Toxicology. (3, II) Prerequisites: CHE 112, 112L and EHS 290; or departmental approval. Health effects and nature of toxic substances with discussion of dose-response relationships, latency, target organs, and potential exposures in the environment.

EHS 460 Housing and Institutional Environments. (3) Prerequisite: EHS 280 or departmental approval. Corequisite: EHS 485. Discusses the requirements for healthful housing means of attaining and maintaining these requirements. Reviews environmental health concerns relating to personal care, day-care centers, schools, hospitals, nursing homes, and prisons. Describes surveillance, evaluative, and corrective methods.

EHS 463 Field Experience in Environmental Health. (6) Prerequisites: EHS 300, 335, 380, and departmental approval. Supervised and directed field experience in local, state, regional environmental health agencies, or with appropriate industries. Eight to twelve weeks full-time required depending on work place.

EHS 485 EHS Professional Practice Seminar. (1) A. Prerequisite: 90 hours. Corequisite: EHS 460. Provides the graduating student a certification and licensure review for their required state and national exams. The student will also be taught how to develop professional success strategies and long range career plans.

EHS 498 Independent Study in Environmental Health. (1-3) A. Prerequisite: student must have the independent study proposal form approved by faculty supervisor and department coordinator prior to enrollment. Opportunity for individual work on an environmental health research problem in a supervised environment.

EHS 510 Radiological Health (3) A. Provides the student with the principles of health effects from ionizing radiation, including radiation sources, detection, measurement, dosimetry, and safety devices. Student will be able to identify, evaluate and control radiation in the work environment; implement a radiation monitoring program; establish emergency plans for actions to be taken in event of radiological accident; develop risk assessment and communication program. Credit will not be awarded for both EHS 510 and 410.

ELE—Elementary Education

Dr. Dorie Combs, Chair

ELE 322 Physical Education in the Elementary School. (2) I, II. Prerequisite: EDF 203 with a “C” or higher or EDF 310 with an “S”; admission to professional education. The study of the role of movement for the elementary school child; philosophy, principles, purposes and programs of elementary physical education. Educational dance, educational gymnastics, and educational games are emphasized.

ELE 349 Applied Learning: Elementary School Teaching. (1) I, II. Corequisites: ELE 446 or 446W and ELE 491, 492, and 493. Collaborate with teachers in elementary level classroom(s) and assist with instructional planning and teaching. Minimum of 80 hours field experience required.

ELE 361 Art in the Elementary Grades P-5. (3) I, II. Prerequisite: EDF 203 with a “C” or higher or EDF 310 with an “S”; admission to professional education. Fundamental concepts of art education and techniques used in KERA. Exploration of art materials, processes, and activities for children in the elementary grades including those with special needs. Ten field/clinical hours.

ELE 365 Health Education P-5. (2, I, II) Prerequisite: EDF 203 with a “C” or higher or EDF 310 with an “S”; admission to professional education. A study of curriculum design, teaching/learning strategies, resources, and evaluation procedures in elementary school health education. Topics include drugs, mental health, family living, nutrition, fitness, consumerism, environment, disease, and personal health. Ten field/clinical hours.

ELE 445 Foundations of Reading/ Language Arts. (3) I, II. Cross-listed as EMG 445. Prerequisites: junior standing; 2.75 GPA; and admission to professional education. Corequisite or Prerequisite: EDF 319 or 319W. An overview of reading/language arts components P-5, teacher competencies, organization and planning for instruction. Twenty field/clinical hours. Credit will not be awarded to students who have credit for EMG 445, EMG 445W or ELE 445W.

ELE 445W Foundations of Reading/ Language Arts. (3) I, II. Cross-listed as EMG 445W. Prerequisites: junior standing; 2.75 GPA; ENG 101 and 102, or HON 102 with a minimum grade of “C”; or ENG 105 with a minimum grade of “B”, admission to professional education. Corequisite or Prerequisite: EDF 319 or 319W. An overview of reading/language arts components P-5, teacher competencies, organization and planning for instruction. Twenty hours of field/clinical experiences. Credit will not be awarded to students who have credit for EMG 445, EMG 445W, or ELE 445.

ELE 446 Reading and Language Arts P-5. (3, I, II. Prerequisites: EDF 319, EDF 413; ELE 490, ELE 445 or 445W with a grade of “C” or higher and admission to professional education. Corequisite or Prerequisite: SED 402. Corequisite: ELE 349. Emphasis on theory, curriculum, teaching techniques and materials, instructional planning, assessment and use of resources. Credit will not be awarded to students who have received credit for ELE 446S and/or ELE 446W.

ELE 446S Reading and Language Arts P-5. (3) I, II. Prerequisites: EDF 319, EDF 413, ELE 445 or 445W, ELE 490 with a grade of “C” or higher; and
admission to professional education. Corequisite: ELE 349. Prerequisite or Corequisite: SED 402. Emphasis on theory, curriculum, teaching techniques and materials, instructional planning, assessment and use of results. A minimum of 15 service learning hours. Credit will not be awarded for both ELE 446E and ELE 446E.

ELE 446W Reading and Language Arts P-S, I, II. Prerequisites: EDF 139, EDF 413, ELE 445 or 445W, ELE 490 with a grade of “C” or higher and admission to professional education. Prerequisite or Corequisite: SED 402. Corequisite: ELE 349. Emphasis on theory, curriculum, teaching techniques and materials, instructional planning, assessment and use of results. Introduction to the application of scientific methods for the examination of physical evidence in the criminal justice system; an overview of the forensic analysis of firearms, fingerprints, drugs, blood, hair, fibers, paint, glass, arson, debris, etc.

FOR 401 Forensic Professional Practice. (3) I. Prerequisite or Corequisite: FOR 411. Introduces professional practices and expectations for forensic scientists. Includes discussion of professional organizations, certification, ethics, QA/QC, accreditation, technical writing, data treatment and interpretation.

FOR 411 Instrumental Analysis. (3) A. Cross-listed with CHE 425. Prerequisites: CHE 325, 325L, 325L, 362, 362L, PHY 132 (or 202); MAT 124 (or better in each course). Prerequisite or Corequisite: CHE 411L. Fundamental principles of the operation and application of analytical instrumentation including spectoscopy, chromatography, electrochemistry, and mass spectrometry found throughout industrial, government, forensic, and/or research environments are presented. Credit will not be awarded for both FOR 411 and CHE 425.

FOR 411L Forensic Instrumental Lab (1) A. Prerequisite: BIO 111 (or better); Prerequisite or Corequisite: FOR 411. Lab component of FOR 411. Lab providing hands-on experience operating instrumentation most commonly used in forensic science analytical laboratories, including UV-visible, infrared, Raman, X-ray fluorescence, and atomic absorption spectrophotometric techniques plus thin-layer, gas, and liquid chromatographic separation techniques. Credit will not be awarded for both FOR 411L and CHE 425L. 3 Lab.

FOR 412. Forensic Trace Evidence. (2) II. Prerequisites: FOR 411, 411L, 451L, and 451L. 1 Credit or better in each course). Prerequisites or Corequisite: FOR 412L. Introduction to forensic trace evidence and the instruments and techniques used for the analysis of paint, glass, fibers, fire debris, and other materials commonly encountered in the trace section of a crime laboratory.

FOR 412L Forensic Trace Evidence Lab. (1) II. Prerequisites: FOR 411, 411L, 451, and 451L. Prerequisite or Corequisite: FOR 412. Lab component of FOR 412. Use of microscopes and various instruments for examination of forensic trace evidence materials. 3 Lab.

FOR 420 Forensic DNA Analysis. (1) I. Prerequisite: BIO 111 and CHE 362 (C or better). Introduction to Forensic DNA analysis including DNA structure and function, methods for extraction, quantitation, amplification, separation, and profile creation; statistical basis for matching; information on CODIS.
FOR 430 Forensic Analytical Toxicology. (3). Prerequisites: FOR 411 and 411L or CHE 425 and 425L (C or better for each course) or departmental approval. Study of the chemistry, biochemical activity, isolation and identification of drugs of forensic interest in biological materials. (1-3) A.

FOR 440 Drug Chemistry. (3). I. Prerequisite: CHE 362 (C or better). Discusses aspects of drug chemistry relevant to understanding the properties, physiological effects, and techniques used for the separation, analysis, and identification of drugs. Emphasis is on controlled substances. Independent.

FOR 442L Drugs and Toxicology Lab. (1). II. Prerequisites: FOR 411 and 411L or CHE 425 and 425L (C or better). Introduces techniques and instrumentation used for the chemical separation and analysis of drugs in both solid dosage and toxicological samples. 3 Lab.

FOR 451 Forensic Microscopic Analysis. (2). I. Prerequisite or Corequisite: FOR 411, 411L, and 451L (C or better). Introduction to concepts of forensic microscopic analysis; identification and characterization of trace evidence, such as glass, hair, fiber, and soil. Independent.

FOR 460 Selected Topics in Forensic Science. (1-3) A. Prerequisite: instructor approval. Topics will be chosen from areas of current interest and may be retaken for credit when new topics are offered. Topics and credit will be announced prior to each offering.

FOR 465 Expert Witness Testimony. (2). A. Prerequisite: FOR 411 with a "C" or better or departmental approval. Topics include the underlying theory of expert witness testimony, qualifications of scientific experts, ethical issues relating to expert witness testimony, and elements of expert witness discovery and courtroom testimony. Videotaping of expert witness testimony is also included. Credit will not be awarded for both FOR 465 and 465W. 4 Lab.

FOR 465W Expert Witness Testimony. (3). A. Prerequisites: ENG 102 or ENG 105 or HON 102 and FOR 411L and FOR 411L(C) or departmental approval. Theory and purpose for expert witness testimony, qualifications of scientific experts, ethical issues, and practical aspects of expert witness discovery and courtroom testimony. Videotaping of expert witness testimony is also included. 3-5 Lab. Credit will not be awarded for both FOR 465W and 465.

FOR 475 Mass Spectrometry. (3). C. Cross-listed with CHE 520. Prerequisite: CHE 362. Topics include types of mass spectrometers; quantitative and qualitative mass spectrometry, different ionization processes, sample inlet systems, (including chromatography systems), and interpretation of mass spectral data. Credit will not be awarded for both FOR 475 and CHE 520.

FOR 490 Introduction to Research. (1-3) A. Prerequisite: FOR 411 or departmental approval. Instruction to laboratory research in one of the areas of forensic science. May be taken to a maximum of six hours, but only three hours may be counted toward the major requirements. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. Independent.

FOR 499 Forensic Science Capstone (3). A. Prerequisites: FOR 411, 411L, and 465W and 6 hours of 400-level or above FOR or CHE or BIO courses from within the student’s option (C or better in each course). Capstone experience that provides overview of the investigative process from collection of evidence at a mock crime scene, through analysis, data interpretation, and presentation of results in a mock courtroom setting. 2 Lec./ 3 Lab.

FRE—French Dr. Abby Paffenberger, Chair

FRE 102 Conversational French II. (3). I, II. Recommended: FRE 101 or equivalent proficiency. Students entering FRE 102 by referral or placement, with two years high school French or equivalent, receive three hours credit. Students entering FRE 101 if they make an “A" in 102.) Continuing work on communicative skills and correct usage, with introduction to reading short passages on relevant French and francophone cultural topics. Laboratory work required. Gen. Ed. Block VIII and Gen. Ed. E-6.

FRE 201 Intermediate Conversational French I. (3). I, II. Recommended: FRE 102 or equivalent proficiency (e.g. with two or three years of successful high school French.) French conversation, grammar, and communicative language skills, with increased emphasis on developing basic writing and reading skills. Taught in a context of French and francophone cultures. Laboratory work required. Students entering FRE 201 by referral or placement receive six hours credit for FRE 101 and 102 if they make an “A" or "B" in 201. Gen. Ed. Block VIII and Gen. Ed. E-6.

FRE 202 Intermediate Conversational French II. (3). I, II. Recommended: FRE 201 or equivalent proficiency (e.g. with three or four years of successful high school French.) French conversation, grammar, and communicative language skills, with continued emphasis on writing skills and on reading authentic texts. Taught in context of French and francophone cultures. Laboratory work required. Students entering FRE 202 by referral or placement receive nine hours credit for FRE 101, 102, and 201 if they make an “A” or “B” in 202. Gen. Ed. Block VIII and Gen. Ed. E-6.

FRE 295 Independent Work in French. (1-3) A. Prerequisite: FRE 204 or FRE 210. May be retaken to a maximum of 9 hours provided the topic is different. May be retaken to a maximum of 12 hours provided the topic is different.

FRE 310 Topics in Culture:_____. (1-3) A. Prerequisite: FRE 204 or FRE 210 or equivalent proficiency with departmental approval. Emphasis on communicative proficiency in context of topics selected from French or francophonescultural heritage, such as cinema, news media, culture, or the arts. Taught in French. May be retaken to a maximum of 12 hours provided the topic is different.

FRE 312 French Literary Studies:_____. (3). A. Prerequisite: FRE 204 or FRE 210 or equivalent proficiency with departmental chair approval. A selected topic from the major French authors and literary movements. Taught in French. May be retaken to a maximum of nine hours, if content is different.

FRE 314 Masterpieces of French Theater. (3). A. Prerequisite: FRE 204 or FRE 210 or equivalent proficiency with department chair approval. Survey of French lyric poetry, with emphasis on the 16th and 17th centuries. Taught in French.

FRE 320 French for Work and Travel. (3). A. Prerequisite: FRE 204 or FRE 210 or equivalent proficiency with departmental approval. Develops oral and written communication skills for application in diverse careers, international travel, and interaction with the French-speaking peoples of the world. Taught in French.

FRE 340 French Phonetics. (3). A. Prerequisite: FRE 204 or FRE 210 or equivalent proficiency with departmental chair approval. Intensive practice in the spoken language with emphasis on improving pronunciation and aural comprehension. The sound system of French is taught through phonetic exercises.

FRE 350 French Conversation. (3). A. Prerequisite: FRE 204 or FRE 210 or equivalent proficiency with department chair approval. Intensive practice in conversation with emphasis on vocabulary building and improving fluency in the language. Taught in French.

FRE 360 French Grammar in Context. (3). A. Prerequisite: FRE 204 or FRE 210 or equivalent proficiency with department chair approval. A communicative approach to French grammar in meaningful context, using authentic spoken and written language, within the framework of French and francophone cultures.

FRE 370 French Language Studies:_____. (3). A. Prerequisite: FRE 204 or FRE 360 or equivalent proficiency with departmental approval. Emphasis on applied language skills with designated topics in oral or written French such as composition, stylistics, or linguistics. Taught in French. May be retaken to a maximum of 9 hours provided the topic is different.

FRE 495 Independent Work in French. (1-3) A. Prerequisite: departmental approval. May be counted toward major or minor only with permission of department chair. May be retaken to a maximum of six hours if content is different. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.
FRM—Family Resource Management
Dr. Diane Leggett, Chair

FRM 352 The Family as Consumers. (3) I, II. Family resource management across the life course. Resource allocation and decision-making to attain family goals and financial wellbeing; time; money; human capital; and asset management. Corequisite: FSE 101 and FSE 120. Examine current systems models, role of family economics in marital/family satisfaction and multiple family forms. Credit will not be awarded for both FRM 352 and FIN 201.

EGR 432 Enhancing Work and Family Resources. (3)A. Prerequisites: NFA 321 and FRM 352. Concentration on value identification/ clarification, the decision making process, family resource management and the management process by individuals and families. Group projects and supervised field experiences with community programs.

FRM 456 Special Problems in Family Economics and Management. (1-3)A. Prerequisite: departmental approval. The student chooses a problem and works under the supervision of the instructor. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be repeated to a maximum of six hours provided topics vary.

FSE—Fire and Safety Engineering Technology
Mr. Paul English, Coordinator

FSE 101 Fire Prevention. (3) A. An introduction to fire and safety related codes; fire prevention methods; mechanical systems; and engineering protection methods. An in-depth look at the Life Safety Code, the function and testing of fire related building components.

FSE 120 Fire Behavior and Combustion. (3) A. Introduction to the chemistry and dynamics of fire; building code terminology and concepts that are applied to the physical and chemical properties of the development and spread of fire in a structure; hazardous materials and the Computer Fire Analysis.

FSE 200 Applied Fire and Safety Analysis (3) A. Cross-listed as OSH 200. Analytical and statistical concepts and procedures for the treatment of fire and safety related data. Includes quantitative and qualitative techniques, descriptive and inferential statistics. Credit will not be awarded for both FSE 200 and OSH 200.

FSE 201 Building Construction. (3) A. A review of the analysis of building construction methods and terminology using a service learning approach. A systems approach to designing building fire safety; the Life Safety Code; the function of and testing of rated building components, evaluating plans for code compliance. Credit will not be awarded for both FSE 201 and FSE 201S.

FSE 221 Fire Protection Systems. (3) A. Prerequisites: FSE 101, FSE 120. Introduction to fire detection, protection, control systems and extinguishment. Fixed and portable systems of the following types will be studied: automatic sprinklers, standpipes, dry chemical, foam, halogenated agents, fire alarm systems and detection.

FSE 223 Fire and Emergency Scene Operations. (3) A. Prerequisite: FSE 201 or FSE 201S. Principles of Incident Management including emergency scene decisions, strategies, and tactics. Utilizing emergency control resources such as personnel, equipment, time, money and fuel.

FSE 224 Human Behavior In Fire.(3) Prerequisites: FSE 101 and FSE 120. Examine current and past research on human behavior, systems models, life safety education and building design to determine interactions emergency situations. Develop a best practice building life safety system.

FSE 225 Legal Aspects of Fire Protection and Safety. (3) A. Cross-listed as OSH 225. A study of legislative and legal decisions relating to personnel practices, employee safety, and public protection. Emphasizes the legal responsibilities, liabilities, and authority of the fire service. Credit will not be awarded for both FSE 225 and OSH 225.

FSE 230 Fire Prevention Organization and Management. (3) A. Prerequisite: FSE 101. An introduction to management issues related to fire prevention systems. Overview of the requirements for fire prevention codes, managing inspections, relations with public and officials and implementation of fire education programs.

FSE 250 Introduction to Fire Arson and Explosion Investigations. (3) A. An introduction to fire, arson, and explosion investigation. Topics include a historical overview of arson and terrorism statues, sources of information, the federal role in fire and explosion investigation, explosives and improvised explosive devices.

FSE 260 Proving Criminal Acts. (3) A. A study of crimes and the methodical steps in the investigation and proving of criminal acts. Explore defenses/legal remedies to enable the student to understand the obligations of managing an investigation.

FSE 280 Constitutional Criminal Procedure. (3) A. An exploration of the legal implications of obtaining evidence directly from the suspect. Fourth, Fifth, and Sixth Amendments, and rules of evidence are discussed as they relate to the investigation of criminal acts.

FSE 300W Technical Report Writing for Emergency Services (3) A. Prerequisite: ENG 102 and FSE 200. Develop oral and written communication skills specific to the public service sector. Master technical writing skills and related applied knowledge.

FSE 305 Hazardous Materials. (3) A. Prerequisite: FSE 120. Cross-listed with OSH 305. Study of hazardous material problems in transportation, storage, handling, and use of hazardous materials. Emphasis will be placed on the principles and systems.

FSE 320 Principles of Emergency Services. (3) A. An overview of organizational and management practices in the fire and safety fields. Emphasis on supervision and leadership styles, motivation, morale, and organizational behavior.

FSE 322 Fire Protection Structures and System Design (3) A. Prerequisite: FSE 221. Analysis and evaluation of specific code requirements related to the design, inspection, testing and maintenance of fire protection systems. Design projects will be included.

FSE 325 Principles of Criminal Investigation. (3) A. Prerequisites: FSE 300 or FSE 300W, FSE 260, and FSE 280. A detailed study of the investigative procedure as it applies to fire, arson, explosion and other personal property crimes.

FSE 339 Learning in Fire and Safety Engineering. (5-8) A. Cross-listed with OSH 349. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit. Credit will not be awarded for both FSE 349 and OSH 349.

FSE 349 A-N Cooperative Study: Fire and Safety Engineering. (5-8) A. Cross-listed with OSH 349 A-N. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit. Credit will not be awarded for both FSE 349 A-N and OSH 349 A-N.

FSE 350 Fire Arson and Explosion Investigation I. (3) A. Prerequisite: FSE 120. An in-depth study in the analysis of fire, arson, and explosion scenes. Emphasis will be placed on the principles and techniques of scene preservation and analysis, management of investigative functions, documentation of the scene, and determination of the cause and origin of fire.

FSE 355 Fire Dynamics. (3) A. Prerequisites: CHE 101 (or higher), FSE 120, and MAT 107 (or higher). An introduction to fire-related measurement techniques, advanced fire and combustion concepts and associated terminology. This course includes basic numerical methods for understanding fire dynamics.

FSE 360 Fire Protection Hydraulics and Water Supply (3) A. Prerequisites: FSE 120 and MAT 107 or higher. A study of water and motive power in motion, Bernoulli’s and Pascal’s theorems; water distribution systems, velocity, friction loss, pump and nozzle pressures required for fire protection.

FSE 365 Instructional Methodology for Emergency Service. (3) A. Course provides students with opportunities to develop presentation skills used in classroom instruction. Develop lesson plans, prepare audio-visual aids and props for the class. Prepare evaluation methodology. One to eight credits will be earned for development of learning objectives during delivery of presentations.

FSE 370 Electrical and Mechanical Systems Failure Analysis. (3) A. Overview of design criteria for electrical and mechanical systems and components related to fire safety via laboratory experiments, exemplar components and photographs that depict system and component failures that result in fire. Learning opportunities include engaging in destructive and non-destructive analysis of components and systems.

FSE 375 Emergency Service Resource Management. (3) A. Introduction to management issues related to obtaining and accounting for resources. Included are financial management processes, acquisition strategies, strategies for maintenance of effort and resource prioritization, resource replacement planning and processes to audit program success.

FSE 380 Fire and Explosion Scene Analysis. (3) A. Prerequisite: FSE 350. An in-depth study of fire, arson, and explosive investigations. Emphasis will be placed on the principles and techniques of scene preservation, analysis, management of investigations, documentation of the scene and determination of cause and origin.

FSE 400 Advanced Emergency Services. (3) A. Prerequisites: FSE 300 or FSE 300W, and FSE 320. A study of environmental management including the identification and analysis of key managerial issues confronting contemporary fire services managers. Application in current methods and plans related to ongoing and developing evaluative public fire/emergency services organizations.

FSE 420 Environmental Law and Management. (3) I, II. Prerequisite: FSE 225. Review and analysis of laws affecting the environment including the Clean Water Act, Clean Air Act, RCRA and CERCLA. Additionally, study of these laws and related policies/practices will be covered as related to safety. Credit will not be awarded for both FSE 420 and EHS 425.
GEO 100 Regions and Nations of the World. (3) A. Survey of the physical, cultural, and economic geography of the world's major regions, with an emphasis on regions undergoing change and currently of international concern. Credit will not be awarded for both GEO 100 and GEO 200. Gen. Ed. E-5B.

GEO 115 Hollywood Weather. (3) A. This non-technical introduction to atmosphere processes examines how meteorological events are portrayed in popular movies. Topics may include severe weather events, climate change, and weather's impact on human systems.

GEO 306 World Travel. (3) A. Examines the development of travel and tourism through the history of global exploration, the formation of popular tourism destinations around the world, and the emerging structure of the international tourism industry. Prerequisite: GEO 210 Introduction to Physical Geography. (3) A. Study of natural processes operating at the earth's surface with special emphasis on weather and climate and landforms as explanations for how and why physical and human phenomena vary from place to place. 2 Lec/2 Lab. Gen. Ed. JVB or VII (NS). [NS].

GEO 300 Geography:__; (3) A. Designed for study of special topics. The specific orientation (cultural, physical, field studies, etc.) will follow course title. May be retaken to a maximum of nine hours provided subject matter differs each time.

GEO 302 Global Environmental Problems. (3) A. Cross-listed as ENV 302. Prerequisite: ENG 102 or ENG 105(B) or HON 102, and MAT 105; or departmental approval. Examination of environmental problems and conservation strategies in the context of global change, with case studies from exemplary world regions including desert, mountain, and island biomes. Credit will not be awarded for both GEO 302 and ENV 302.

GEO 304 Travel and Tourism Industry. (3) A. Prerequisite: GEO 205 or departmental approval. Examination of the industry as a system: the suppliers, the intermediaries, and the market. Theoretical underpinnings of the tourism system are included along with principal publications and practices.

GEO 305 Tourism Development. (3) A. An in-depth study of the planning process, the determination of marketing strategies, and the economic impact of tourism development.

GEO 315 Meteorology. (3) I, II. Prerequisite: MAT 107 or higher. This course focuses on important phenomena and physical processes that occur in Earth’s atmosphere, including atmospheric dynamics, radiation, stability, moisture, wind systems, and weather systems.

GEO 321 Urban Geography. (3) A. Study of city functions, patterns, and past and current problems confronting the city, including the problems of planning, zoning, community housing, shopping centers, and urban renewal.

GEO 322 World Geopolitics. (3) A. Study of world political structures and events organized by territorial and regional frameworks. Specific attention to forces of global political change, including globalization processes, conflict and peace, ethnic separation, and international mediation.

GEO 325 Environmental Land Use Planning. (3) A. Prerequisites: ENG 102 or ENG 105(B) or HON 102, and MAT 105. Examines how principles of landscape ecology, resource conservation, and environmental impact analysis are incorporated into land use decisions and public policy. Emphasizes practical application at the site and regional scales. Credit will not be awarded for both GEO 325 and GEO 325S.

GEO 325S Environmental Land Use Planning. (3) A. Cross-listed as ENV 325S. Prerequisites: ENG 102 or ENG 105(B) or HON 102, and MAT 105, or departmental approval. Examines how principles of landscape ecology, resource conservation, and environmental impact analysis are incorporated into land use decisions and public policy. Emphasizes practical application at the site and regional scale. Credit will not be awarded to students who have credit for GEO 325 or ENV 325S.

GEO 330 Economic Geography. (3) A. Geographic patterns and processes of production, trade, finance, and other services at local, regional, and global scales.

GEO 343 Geography of Kentucky. (3) A. Topical-regional approach to the physical characteristics, cultural complexity, and economic aspects of Kentucky with an emphasis on understanding the state's historical development and current environmental, economic, and social issues from a geographic perspective.

GEO 347 Regional Geography:__; (3) A. Physical, cultural, and economic geography of a selected region (e.g., Africa, North America, Oceania) with emphasis on current geographic problems. May be retaken to a maximum of 12 hours provided subject matter differs each time.

GEO 349 Applied Learning in Geography. (5-8) A. Prerequisite: departmental approval. Work in placement related to academic studies. One to eight hours credit per semester or summer. Total hours for baccalaureate, 16. A minimum of 80 hours employment required for each semester hour credit. No more than six hours may count toward the major. No more than six hours may count toward the major. No more than six hours may count toward the major. No more than six hours may count toward the major. No more than six hours may count toward the major. No more than six hours may count toward the major.

GEO 349 A-N Cooperative Study: Geography. (5-8) A. Prerequisite: departmental approval. Work in placement related to academic studies. One to eight hours credit per semester or summer. Total hours for baccalaureate, 16. A minimum of 80 hours employment required for each semester hour credit. No more than six hours may count toward the major.

GEO 455 GIS Cartography. (3) A. Prerequisite: GEO 210, GLY 102, GLY 107, GLY 108, GLY 109, GLY 172, or GEO 304. Principles of cartography and design for GIS applications. Hands-on emphasis using ArcGIS. 2 Lec/2 Lab.

GEO 456 Remote Sensing. (3) I. Prerequisite: GEO 210, GLY 102, GLY 107, GLY 108, GLY 109, GLY 172, or GEO 304. Principles, data sources, acquisition, interpretation, analysis, and application of geographic imagery, including maps, air photos, shuttle photography, and satellite digital data. Hands-on emphasis using ERDAS software. 2 Lec/2 Lab.

GEO 458 Advanced Geographic Imagery. (3) II. Prerequisite: GEO 456. Characteristics, interpretation, integration and applications of advanced geographic imagery, including remote sensing and GIS digital data. Attention on satellite and multispectral imagery, including image processing. Hands-on emphasis. 2 Lec/2 Lab.

GEO 490 Senior Seminar. (3) A. Prerequisite: senior standing or departmental approval. A capstone course for majors that integrates students' academic experiences with their career development options.

GEO 495 Practicum. (3-6) A. Prerequisite: GEO major. Students will work under departmental supervision in governmental, corporate, or private enterprises which are engaged in applied geography. Determination of the number of hours will be made by the department, depending upon the range and depth of activities to be engaged in. May not be retaken.

GEO 498 Independent Study. (1-3) A. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours.

GEO 501 Advanced Geography:__; (3) A. Prerequisite: departmental approval. In-depth study of physical, cultural, economic, and geographic technique (GIS) themes. May be retaken to a maximum of six hours if subject matter differs each time.

GEO 525 Seminar in Planning:__; (3) A. In-depth study of urban or regional planning topics, such as growth management and land use. May be retaken to a maximum of six hours provided subject matter differs each time.

GEO 597 Special Studies in Geography. (1-3) A. Prerequisite: departmental approval. Directed work in geography. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.
GER—German
Dr. Abbey Poffenberger, Chair

GER 101 Conversational German I. (3) I, II. Prerequisite: all required developmental reading and writing courses. Beginning German conversation, grammar, and language skills. Emphasis on speaking and listening comprehension, with introduction to basic written forms. Taught within the context of Germanic cultures. Laboratory work required. Gen. Ed. Block VIII and Gen. Ed. E-6.

GER 102 Conversational German II. (3) I, II. Recommended: GER 101 or equivalent proficiency. Continuation of GER 101. (Students entering GER 102 by referral or placement receive three hours credit for GER 101 if they make an “A” in 102.) Continuing work on basic communicative skills. Taught within the context of Germanic cultures. Laboratory work required. Gen. Ed. Block VIII and Gen. Ed. E-6.

GER 201 Intermediate Conversational German I. (3) I, II. Recommended: GER 102 or equivalent proficiency. German conversation, grammar, and other language skills with increased emphasis on developing basic writing and reading skills. Taught in a cultural context. Laboratory work required. Students entering GER 201 by referral or placement receive six hours credit for GER 101 and 102 if they make an “A” or “B” in 201. Gen. Ed. Block VIII and Gen. Ed. E-6.

GER 202 Intermediate Conversational German II. (3) I, II. Recommended: GER 201 or equivalent proficiency. German conversation, grammar, and other language skills with continuing emphasis on reading and writing skills. Taught in a cultural context. Laboratory work required. Students entering GER 202 by referral or placement receive nine hours credit for GER 101, 102, and 201 if they make an “A” or “B” in 202. Gen. Ed. Block VIII and Gen. Ed. E-6.

GER 240 Beginning Conversation. (3) A. Recommended: GER 201 or equivalent proficiency with department chair approval. Topics for conversation drawn from everyday situations. (Waived in case of demonstrable oral proficiency, but not open to students who have native or near-native fluency in German.)

GER 295 Independent Work in German. (1-3) A. Prerequisite: GER 202 or equivalent proficiency. May be retaken to a maximum of 9 hours if content is different. Prior to enrollment, student must have the independent study proposal approved by faculty supervisor and department chair.

GER 310 Topics in German. (3) A. Prerequisite: GER 240 or equivalent proficiency with department chair approval. Topics for conversation drawn from contemporary German life.

GER 495 Independent Work in German. (1-3) A. Prerequisite: departmental approval. May be counted toward major or minor only with permission of department chair. May be retaken to a maximum of 6 hours if topic is different. Selected topics in German language, literature, or culture.

GLO 340 Intermediate Conversation. (3) A. Prerequisite: GER 240 or equivalent proficiency with department chair approval. Topics for conversation drawn from contemporary German life.

GLO—Globalization and International Affairs
Dr. Gyan Pradhan, Chair

GLO 201 Introduction to Globalization. (3) A. Prerequisites: Completion of all developmental requirements. An introduction to the multi-faceted dimensions of globalization, including positive and negative aspects of globalization and some of the many cultural, economic, geographical, historical, political, ideological and social forces affecting globalization.

GLO 490 Globalization Senior Seminar.

GLO—Geography & Geology
Dr. John White, Chair

GLO 102 Earth Science for Teachers. (3) I, II. Prerequisite: pre-teaching and teaching elementary and middle school education majors only or departmental approval. This inquiry-based course for teachers integrates content, pedagogy and technology to explore Earth as an integrated set of systems and as part of the Solar System. Credit will not be awarded for both GLO 102 and GLO 302. 1 Lec/4 Lab. Gen. Ed. E-4.

GLO 107 Gold and Diamonds. (3) I, II. The geology of gold and diamonds, including mineralogy, natural occurrence, exploration, and mining. The impact of gold, diamonds, and other important earth materials on the environment, history, and society will also be discussed. 2 Lec/2 Lab. Gen. Ed. E-4.

GLO 108 Plate Tectonics: The Active Earth. (3) I, II. Investigation of the Earth as it exists and functions today, the materials that compose the Earth, the processes that act upon and within the Earth, and the interrelationship of both materials and processes with human activity. 2 Lec/2 Lab. Gen. Ed. E-4.

GLO 109 Great Moments in Earth History. (3) I, II. Investigation of the origin of the Earth as a planet and its evolutionary development of physical and biological systems through time. Important turning points in the Earth’s history will be emphasized. 2 Lec/2 Lab. Gen. Ed. E-4.

GLO 172 Geology and Human Health. (3) I, II. This course is designed to help students understand how their interacting geological and environmental systems can impact their health, and to use this information to make informed, intelligent decisions about their behavior and choices related in everyday life. 2 Lec/2 Lab. Gen. Ed. E-4.

GLO 210 Introduction to Geochemistry. (3) I. Prerequisite or Corequisite: ACT math score of 22, or SAT math score of 530, or MAT 107, or departmental approval. An introduction to the chemical behavior of the Earth, and the processes that act upon and within the Earth, and the interrelationship of both materials and processes with human activity. 2 Lec/2 Lab. Gen. Ed. E-4.

GLO 302 Earth Science. (3) A. Introduction to the universe and our solar system, the Earth’s atmospheric and climatic elements, its physical processes and features, organic development, and natural resources. Credit will not be awarded for both GLY 302 and GLO 102. Gen. Ed. VII (NS).

GLO 303 Environmental Geoscience. (3) A. Cross-listed as ENV 303. Prerequisite: any general education geology course or departmental approval. Investigation of the Earth as a complex set of interconnected systems that cycle elements, water, and earth materials over geologic and human time scales. The course emphasizes global environmental changes that occur on the planet because of human actions. Credit will not be awarded for both GLO 303 and ENV 303.

GLO 304 The World Ocean. (3) I, II. Investigation of the geologic, physical, biogeochemical, and biological processes that occur within the oceans of the world. The course emphasizes connections between these processes, and how those connections interact with our planet’s life. 2 Lec/2 Lab. Gen. Ed. E-4.

GLO 305 Dinosaurs. (3) A. The rise, diversification, and extinction of this prominent group of organisms. This course attempts to explore how scientists make inferences about the past, including the use and limitations of physical evidence and the nature of science. Credit will not be awarded for both GLY 305 and WRT 302. Gen. Ed. VII (NS).

GLO 309 Mineralogy. (4) I. Prerequisite: any general education geology course or departmental approval. Study of minerals commonly encountered in rocks and soils with minor emphasis on ore deposits, mineral geochemistry, crystallography, classification, physical properties, optical properties, and geologic environment. Laboratory develops the ability to identify minerals in hand specimens and thin sections. 3 Lec Lab.

GLO 315 Hydrology. (3) I, II. Interrelationships between Earth’s systems and the occurrence and character of water in streams, lakes, and groundwater. Focuses on fundamental understanding of hydrologic processes and reservoirs, interaction between surface waters and groundwater and relationships between human activity and these reservoirs.

GLO 349 A-N Cooperative Study. Geology. (3-5) I, II; (1-6) SUMMER ONLY. Work in placements related to academic studies. Total hours for baccalaureate, sixteen. A minimum of 80 hours of employment required for each semester hour of academic credit. May not be used to satisfy area, major, or minor requirements.

GLO 349 A-N Cooperative Study. Geology. (3-5) I, II; (1-6) SUMMER ONLY. Work in placements related to academic studies. Total hours for baccalaureate, sixteen. A minimum of 80 hours of employment required for each semester hour of academic credit. May not be used to satisfy area, major, or minor requirements.

Development of skills concerning business formations, incorporation, corporate finance, corporate operation, securities, regulatory compliance, merger, acquisitions, sales and terminations.

LAS 380 Administrative Agency Practice, (3) A. Prerequisite: LAS 220. Practical paralegal skill development in administrative law and procedure. Forms, documents, pleadings, and techniques for administrative regulatory compliance; case processing; informal and formal administrative advocacy, emphasizing the systems approach.

LAS 385 Legal Administration and Computer Applications, (3) I, II. Prerequisites: LAS 220 and CIS 212 or CSC 104 or equivalent. The study of law office administration and the utilization of specific law office computer applications.

LAS 399 Paralegal Internship, (3) I, II. Prerequisites: completion of 18 hours of major (LAS) courses including LAS 300 or director approval (prior written application is required.

LAS 410 Paralegal Seminar, (3) A. Prerequisite: completion of 18 hours of major (LAS) courses or director approval. Professional ethics, analysis of the internship experience, transition to the law office and current issues facing the paralegal profession.

LAS 490 Independent Study of Law, (1-3) A. Prerequisite: director approval. Individual research, skill development, and study in an area of law or paralegal practice. Student must have independent study proposal form approved by faculty supervisor and departmental chair prior to enrollment. May be retaken to a maximum of six hours.

LAS 515 Municipal Law Practice, (3) A. Prerequisite: LAS 220 or director approval. Practical legal problems confronting municipal officials including: government and public official liability, ordinances, tax levies, bonding, zoning, soliciting, licensing, open meetings, personnel, cutback management, elections, and other issues.

LGS 300 Introduction to Legal Studies
SECTION SIX - COURSE DESCRIPTIONS

(3) A. Prerequisite: ENG 102, ENG 105, or HON 102. Examination of foundations and liberal arts perspectives. Topics include comparative and historical introduction to forms, institutions, processes, and systems of law along with research methods for understanding questions of law and justice.

LGS 305 Special Topics: (3) A. Prerequisite: LGS 300. Exploration of topics not covered in the existing LGS curriculum. May be taken for a maximum of six hours provided that subject matter is different from semester to semester. Formerly LGS 301. Formerly LGS 306. Animals and the Law, (3) A. Formerly LGS 306. The study of topics that relate to the status of animals under the law. The course focuses upon cases, legislation, and cultural values toward animism around the world. Credit will not be awarded to students who have credit for LAS 306.

LGS 349 Applied Learning for Legal Studies (5-8) A. Prerequisite: LGS 300. Work or volunteer in an area related to Legal Studies. A minimum of 80 hours employment required for each semester hour credit. No more than 3 hours may count toward LGS program.

LGS 400 Legal Studies Senior Seminar (3) A, Prerequisites: upper level status and at least six hours of LGS electives. Conduct research in an area related to Legal Studies, write a research paper, and present an oral presentation on research conducted. No more than 3 hours may count toward LGS program.

LIB—Library Science
Dr. Dorie Combs, Chair

LIB 301 Children's Literature and Related Materials. (3) I, II. Prerequisite: junior standing; 2.75 GPA; admission to Professional Education. Survey course designed to acquaint P-S teachers with print and non-print media for the school curriculum and with techniques to encourage lifelong reading. Credit will not be awarded for both LIB 301 and 301S.

LIB 301S Children's Literature and Related Materials. (3) I, II. Prerequisite: junior standing; 2.75 GPA; admission to Professional Education. Survey course designed to acquaint P-S teachers with print and non-print media for the school curriculum and with techniques to encourage lifelong reading. Credit will not be awarded for both LIB 301 and 301S.

LIB 315 Adolescent Literature and Resources. (3) A. Formerly LIB 501. A course designed with inquiry-based methodologies to future teachers' knowledge of adolescents, adolescent literature, and resources. Topics include genres, censorship, diverse authors, assessment, and multiple literacies to increase motivation, understanding and appreciation of adolescent literature. Credit will not be awarded for both LIB 401 and 501.

MAE—Mathematics Education
Dr. Daniel Mundfrom, Chair

MAE 301 Mathematics for Elementary Teachers III (3) A. Prerequisites: MAT 201 and one of MAT 107, 108, 109, 124, 211 or 261, with a C or better in each. Prerequisite/corequisite: MAT 202. The course emphasizes conceptual understanding and communication of mathematical topics in the K – 5 Kentucky Core Curriculum. Topics include problem solving and technology. Credit does not apply toward Middle Grades Mathematics Teaching degree content requirements.

MAE 305 Problem Solving and Technology. (3) A. Prerequisite: MAT 201. Pre/corequisite: MAT 202. The course will enable students to use technology effectively in the mathematics classroom and explore topics to deepen mathematical understanding.

MAE 475 Math Teaching Senior Seminar. (3) Prerequisite: MAT 475. Prerequisites: admission to teacher education program and a minimum 2.75 GPA in major and supporting course requirements for MAT teaching major. Emphasis on the interrelationship between mathematical topics. Problem solving with technology. Special emphasis on a topic selected jointly with the instructor. Credit will not be awarded for both MAE 475 and MAT 475.

MAE 480 Math Ed Seminar: ____ (1-3). A. Prerequisite: different approval. Advanced undergraduate topics in mathematics education. May be retaken to a maximum of nine hours, provided the topics are different.

MFA 872 Mathematics in the Curriculum. (3). A. Cross-listed as EME 872. Exploration of trends, concepts, and issues, and integration of mathematics programs. Research findings are examined and multisensory materials are presented. Credit does not apply toward M.S. (non-teaching) degree requirements for programs offered within this department. Credit is not allowed with EME 872.

MAT—Mathematics
Dr. Daniel Mundfrom, Chair

MAT 090A Prealgebra A (1) Institutional Credit. I, II. Corequisites: MAT 090B, MAT 090C. Whole number and integer arithmetic, order of operations, introduction to solving equations, and a strong study skills component of the course. Three lecture hours may count toward Gen. Ed. E-2.

MAT 090B Prealgebra B (1) Institutional Credit. I, II. Corequisite and/or Prerequisite: MAT 090A. Corequisite: MAT 090C. Fraction and decimal arithmetic, ratio and proportion, basic percent concepts, measurement, and radicals. Three lecture hours may count toward Gen. Ed. E-2.

MAT 090C Prealgebra C (1) Institutional Credit. I, II. Corequisite and/or Prerequisites: MAT 090A, 090B. Basic algebraic concepts such as solving linear equations, graphing equations in two variables, understanding algebraic expressions, polynomials and exponents. 1 Lab. One lecture hour may count toward Gen. Ed. E-2.

MAT 095A Introductory Algebra A (1) Institutional Credit. I, II. Prerequisite: MAT 090C or score of 550 on the SAT math portion of the SAT or a minimum score of 22 on the mathematics portion of the ACT or a minimum score of 510 on the math portion of the SAT or a passing score on an EKU MAT 107 Prerequisite Skills Test. Real and complex number systems, operations with real and rational numbers, integer and rational exponents, polynomial, rational, exponential, and radical expressions, linear equations and inequalities, graphs of functions and relations, exponential and logarithmic functions, systems of equations, matrices. Use of graphing calculators. 1 Lecture hour may count toward Gen. Ed. E-2.

MAT 095B Introductory Algebra B (1) Institutional Credit. I, II. Prerequisite: MAT 095A or score of 500 on the SAT math portion of the ACT or a minimum score of 550 on the mathematics portion of the SAT. Credit is not allowed with both MAT 105 and 109.

MAT 106 Applied Finite Mathematics. (1-2) I, II. Prerequisite: completion of all University developmental requirements. Introduction to the application of mathematics to real-world problems. Topics are from various branches of discrete mathematics such as graph theory, game theory, probability, geometry, and problems from the social sciences. 1 Lecture hour may count toward Gen. Ed. E-2.

MAT 107 College Algebra. (3) I, II. Prerequisite: MAT 098 with a minimum grade of “C” or a minimum score of 22 on the mathematics portion of the ACT or a minimum score of 510 on the math portion of the SAT or a passing score on an EKU MAT 107 Prerequisite Skills Test. Real and complex number systems, operations with real and rational numbers, integer and rational exponents, polynomial, rational, exponential, and radical expressions, linear equations and inequalities, graphs of functions and relations, exponential and logarithmic functions, systems of equations, matrices. Use of graphing calculators. 3 Lecture hours may count toward Gen. Ed. E-2.

MAT 108 Trigonometry. (3) I, II. Prerequisite: MAT 107 with a minimum grade of “C” or a minimum score of 22 on the mathematics portion of the ACT or a minimum score of 510 on the math portion of the SAT or a passing score on an EKU MAT 107 Prerequisite Skills Test. Radians and degrees, properties of trigonometric functions, multiple angle expressions, triangle solutions, inverse functions, complex numbers. Use of graphing calculators. 3 Lecture hours may count toward Gen. Ed. E-2.

MAT 109 PreCalculus Mathematics. (5, 1) I, II. Prerequisite: MAT 107 with a minimum grade of “C” or a minimum score of 23 on the mathematics portion of the ACT or a minimum score of 550 on the math portion of the SAT. Polynomial, rational, exponential, logarithmic, and trigonometric functions and inverses. Sequences and series, systems of linear and nonlinear equations and inequalities, the complex number system, vectors, the binomial theorem, mathematical induction, and conic sections. Use of graphing calculators. 3 Lecture hours may count toward Gen. Ed. E-2.

MAT 115 Introduction to Mathematics. (1) I, II. Prerequisite: MAT 107 with a minimum grade of “C” or a minimum score of 23 on the mathematics portion of the ACT or a minimum score of 550 on the mathematics portion of the SAT. Use of Mathematics. Numeric, algebraic, and symbolic capabilities, two dimensional and three dimensional graphics with animation, decisions, looping, and list manipulation.

MAT 116 Problem Solving with Mathematics. (2) A. Prerequisite: MAT 115. Basic concepts include functional programming, procedural programming, rule-based programming, recursion, numerics, and graphics programming.

MAT 117 MathExcel Lab for Calculus I. (1-2). I, II. Prerequisite/Corequisite: MAT 124 or 124H or 211 or 261. This lab is to accompany a regular lecture class in Calculus 1 & 2. Lab

MAT 124 Calculus I. (4, I, II. Prerequisite: MAT 109 with minimum grade of “C” or a minimum score of 510 on the math portion of the ACT or a minimum score of 590 on the math portion of the SAT. Functions, limits and continuity, derivatives and applications, introduction and integration to and use of the computer package Mathematica or other appropriate technology. Gen. Ed. E-2.

MAT 124H Honors Calculus I. (4). A. Prerequisites: score of 27 on the ACT mathematics test or score of 640 on the SAT math test and the equivalent...
of MAT 109; or departmental approval. Functions, limits and continuity, derivatives and applications, integration, curve interpretation and use of the computer. "Mathematics or other appropriate technology. The material is treated in greater depth and with more rigor than in MAT 124. Challenging problems and special projects will be assigned. Credit will not be awarded to students who have credit for MAT 121 or MAT 121H or MAT 124. Gen. Ed. E-2.

MAT 201 Mathematical Concepts for Middle and Elementary School Teachers I. (3) L. Prerequisites: MAT 107 or 108 or 109 or 124 or 211 or 261 with a minimum grade of "C." A score accepted by the Kentucky Education Professional Standards Board on one of the approved tests: ACT, PPST, SAT, GRE, MAT, and a passing score on a Mastery Exam. (The MAT 107 course requirement can be met by a college course in precalculus or calculus, or by a combination of MAT 106 and a 23 or higher on the mathematics portion of the ACT.) Concepts stressed over manipulation. Sets and functions, whole numbers, integers, rational numbers, decimals and real numbers, numeration, and elementary number theory.

MAT 202 Mathematical Concepts for Middle and Elementary School Teachers II. (3) I, II. Prerequisites: MAT 107 or 108 or 109 or 124 or 211 or 261 and MAT 201 with a C or better in each, and a passing score on a mastery test. (The MAT 107 course requirement can be met by a college course in precalculus or calculus, or by a combination of MAT 106 and a 23 or higher on the mathematics portion of the ACT.) Concepts stressed over manipulation. Geometry, measurement, metric system, probability and basic statistics.

MAT 224H Honors Calculus III. (4) II. Prerequisite: MAT 224H with a minimum grade of "C." Fundamental integration techniques, power series, improper integrals, convergence of integrals and infinite series, polar and parametric equations, and use of Mathematica or other appropriate technology. The material is treated in greater depth and with more rigor than in MAT 225. Challenging problems and special projects will be assigned. Credit will not be awarded to students who have credit for MAT 225, 225H, or MAT 224H. Gen. Ed. E-2.

MAT 225 Calculus III. (4) I, II. Prerequisite: MAT 224 or (MAT 224H) with a minimum grade of "C." Functions of several variables, limits and continuity, partial derivatives, multiple integrals, vector calculus including Green’s, Divergence, and Stoke’s theorems, cylindrical and spherical coordinates, and use of Mathematica. Credit will not be awarded for both MAT 225 and 225H.

MAT 225H Honors Calculus III. (4) II. Prerequisite: MAT 224H with a minimum grade of "C." Functions of several variables, limits and continuity, partial derivatives, multiple integrals, vector calculus including Green’s, Divergence, and Stoke’s theorems, cylindrical and spherical coordinates, and use of Mathematica. Credit will not be awarded for both MAT 225 and 225H.

MAT 226 Calculus with Applications for Science I. (3) I, II. Prerequisite: MAT 107 or 124H with a minimum grade of "C," or MAT 108 with a minimum grade of "C," or OR a minimum score of 23 on the mathematics portion of the ACT, or a minimum score of 550 on the math portion of the SAT. Functions and graphs, differentiation, integration, and exponential and logarithmic functions. Credit will not be awarded to students who have credit for MAT 211. Gen. Ed. E-2.

MAT 226C Calculus with Applications for Science II. (3) I, II. Prerequisite: MAT 226 or 226H. Integral calculus with applications, introduction to differential equations, functions of several variables. Credit will not be awarded to students who have credit for MAT 212 or 224H or 224H.

MAT 301 Logic and Set Theory. (3) A. Prerequisites: MAT 214, 224 or 224H with a minimum grade of "C." Fundamental concepts of set theory, relations, functions, cardinality, introduction to advanced mathematics.

MAT 302 Mathematical Models and Applications. (3) A. Prerequisites: MAT 107, MAT 203, and STA 270. The course emphasizes conceptual understanding and use of mathematical topics through modeling, problem solving, and technology. Topics include algebra, geometry, probability, statistics, and real-world situations. Credit does not count toward the B.S. in mathematics or the B.S. in mathematics teaching nor the mathematics minor.

MAT 306 Discrete Mathematics. (3) I, II. Prerequisites: MAT 214, MAT 224, STA 270 with minimum grades of "C" and at least 2.5 GPA in all mathematics courses. Counting principles, permutations, combinations, recurrence relations, graphs, representations of graphs as matrices, trees, networks, difference equations, and linear programming.

MAT 308 Modern Algebra I. (3) I. Prerequisite: MAT 300 with a minimum grade of "C." (2.0) Groups, cyclic and permutation groups, homomorphisms, subgroups and factor groups, ring theory, number theory problems. Credit will not be awarded to students who have credit for MAT 122 or MAT 122H. Gen. Ed. E-2.

MAT 224H Honors Calculus II. (4) A. Prerequisite: MAT 124H with a minimum grade of "C." Euclid’s parallel postulate, axiom systems, finite geometries.

MAT 349 A-N Cooperative Study: Mathematics. (5-8) I, II; (1-6) SUMMER ONLY. Prerequisite: departmental approval. Work in placements related to academic studies. Credit does not apply to major or minor requirements. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours of employment are required for each semester hour of academic credit.

MAT 353 Differential Equations. (3) A. Prerequisite: MAT 224 or 224H with a minimum grade of "C." Differential equations of first order, applications, singular solutions, linear equations with constant coefficients, miscellaneous methods for equations of higher order, solution in series, total differential equations, qualitative methods, systems of linear differential equations, the computer algebra systems.

MAT 359 Mathematics in a Historical Setting. (4) A. Prerequisite: Corequisite: MAT 301 or departmental approval. The history of mathematics from ancient beginnings until modern times is studied through problems and through the lives and times of mathematicians. Throughout the course, examples of study skills and literacy enhancement techniques relevant to mathematics will be demonstrated.

MAT 408 Modern Algebra II. (3) A. Prerequisite: MAT 308 with a minimum grade of "C." Ring homomorphisms, polynomial rings, unique factorization domains, principal ideal domains, finite fields, field extensions, algebraic extensions, Galois theory, and geometric construction.

MAT 415 Analysis. (3) A. Prerequisite: MAT 315 with a minimum grade of "C." The Riemann integral, the Lebesgue integral, metric spaces, differentiation, sequences and series of functions, allied topics.

MAT 498 Seminar in Mathematics. (1-3) A. Prerequisite: departmental approval. Advanced topics in mathematics. May be taken to a maximum of nine hours, provided the topics are different.

MAT 495 Independent Work. (1-3) A. Prerequisite: departmental approval. Directed study/ research on a problem or area chosen in consultation with instructor. Final paper required. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours.

MAT 498 Mathematics Capstone. (1) A. Cross-listed as STA 498. Prerequisite: senior status as either a Mathematics or Statistics major. Designed to enable students to synthesize and integrate their mathematical and statistical knowledge. Students will learn how to conduct research and present the results. Credit will not be awarded for both MAT 498 and STA 498.

MAT 501 Applications of Mathematics for P-9 Teachers. (3) A. Prerequisite: MAT 303. Topics in the application of mathematical models appropriate for teachers of grades P-9. Credit does not apply toward B.S. or B.S. (teaching) degree requirements for programs offered within this department.

MAT 502 Geometry with Technology for P-9 Teachers. (3) A. Prerequisites: MAT 203, 205. Topics in geometry appropriate for teachers of grades P-9. Credit does not apply toward either B.S. or B.S. (teaching) degree requirements for programs offered within this department.

MAT 505 Foundations of Mathematics. (3) A. Prerequisite: MAT 308 with a minimum grade of "C." The nature of mathematical thought;
SECTION SIX - COURSE DESCRIPTIONS

logical systems; axiomatic concepts and methods;
consideration of the work of Hilbert, Peano, Whitehead, Russell.

MAT 506 Number Theory. (3). A.
Prerequisite: MAT 301 with a minimum grade of
at least “C.” Fundamental properties of integers,
linear Diophantine equations, linear and quadratic
comparisons, and congruences.

MAT 507 Seminar in Mathematics. (1-3). A.
Prerequisite: departmental approval. Topics
vary with offering. May be retaken with advisor
approval, provided the topics are different. Credit
towards degree requirements will depend on course
content.

MAT 520 Mathematical Statistics I. (3). I.
Cross-listed as STA 520. Prerequisite: MAT 224 or
225H or 225 or 225H; and STA 215 or 270 or 370 or
CRJ 400 or ECO 220 or ECO 848 or EPY 842 or HEA
450 or PSY 309 or QMB 200. Descriptive statistics,
discrete and continuous probability distributions for
one and two variables, functions of random variables,
sampling distributions, expectations and generating
functions. Credit will not be awarded for both MAT
520 and STA 520.

MAT 525 Vector Analysis with Applications. (3).
Prerequisite: MAT 225 or 225H with a minimum
grade of “C.” Algebra and geometry of vectors;
vector functions of a single variable; line,
surface, and volume integrals; Divergence Theorem,
Stokes’ Theorem, Green’s Theorem; generalized orthogonal
coordinate systems; non-Euclidean; Lagrange’s
Multiplier; Vector Series; solutions to boundary value problems.

MAT 535 Modern College Geometry II. (3)
A. Prerequisite: MAT 334 with a minimum grade of
“C.” The influence of the axioms of parallelism
and geometry, development from axioms and models,
Euclidean geometry, absolute geometry, hyperbolic
geometry, consistency of postulates.

MAT 540 Introductory Applied
Mathematics. (3). Prerequisite: MAT 353 with a
minimum grade of “C.” Techniques and applications of
vector: analysis, matrix theory, linear and
autonomous systems of differential equations, special
functions, operational methods, Sturm-Liouville theory;
Fourier series.

MAT 550 Applications of Complex
Analysis. (3). A. Prerequisite: MAT 225 or 225H
with a minimum grade of “C.” Continuity,
differentiation, integration, residues, poles, and
applications to the evaluation of real integrals.
Applications of conformal mappings to boundary value
problems in heat, electrostatic potential, and fluid flow.
Emphasis throughout on computational techniques and
applications.

MAT 555 Graph Theory. (3). A. Prerequisite: MAT 308 or
CSC 320 with a minimum grade of
“C.” Introduction to the theory and applications of
graph theory. Topics will include trees, planarity,
connectivity, flows, matching, and coloring.

MAT 560 Point Set Topology. (3). A.
Prerequisite: MAT 301 with a minimum grade of
“C.” An introduction to topology with emphasis on
Euclidean and other metric spaces. Mappings,
homeomorphism, compactness, connectedness, compactness
of new spaces, relationship to analysis.

MGT—Management

Dr. Lana Carnes, Chair

MGT 201 Introduction to Golf
Management. (3). I, II. Prerequisite: MAT 301
and PGA tests accompanying MGT
201. Introduction to human learning, the teaching
process, and the elements of the game. Topics include
laws, principles, the golf swing, biomechanics, and teaching technologies. The course
also addresses golf club performance variables.

MGT 203 Golf Operations I. (3) I, II.
Prerequisite (Effective Spring 2012): admission to
PGM program, MGT 201, 202, 203, and successful
completion of all level 1 PGA exams. The introduction
golf operations; policies and procedures;
effectively managing staff resources; and
measuring overall performance. The course will also introduce
merchandising and inventory management concepts.

MGT 205 Analysis of the Golf Swing. (3) I,
II. Prerequisite (Effective Spring 2012): admission to
the PGA program, MGT 201, 202, 203, and PGA tests that
accompany each class. The fundamental concepts of
operations, maintenance, planning and financing of
the golf car fleet; the concepts involved in developing a
facility’s strategic plan, project planning, tournament promotion, and tournament software
programs will also be presented.

MGT 204 Golf Operations II. (3) I, II.
Prerequisite (Effective Spring 2012): admission to
PGM program, MGT 201, 202, 203, and successful
completion of all level 1 PGA exams. The introduction
golf operations; policies and procedures;
effectively managing staff resources; and
measuring overall performance. The course will also introduce
merchandising and inventory management concepts.

MGT 206 Golf Operations and
Administrative Study. (3). A.
MGT 349 A-N Cooperative Study:
(Effective Spring 2012): admission to the PGA
program, MGT 201, 202, 203, 204, 205, and the PGA tests
that accompany each class. The recruitment and
management of human resources; Understanding
issues of a PGA Professional faces; a performance system
for supervising employees and delegating responsibilities;
and career development strategies and examples of
career-enhancing actions will be presented.

MGT 207 Advanced Golf Instruction &
Special Programs. (3) I, II. Prerequisite (Effective
Spring 2012): admission to the PGA program,
MGT 201, 202, 203, 204, 205, 206 and the PGA tests
that accompany each class. Emphasizes the integration of
learning, teaching, and game elements. Covers
etymology of the mental game and more advanced
shading techniques. Club-fitting procedures will be covered
and the development of instructional programs will be
introduced.

MGT 208 PGA Seminar. (2) I, II.
Prerequisites: admission to the PGA program,
MGT 201, 202, 203, 204, 205, 206 and the PGA tests
that accompany each class. Emphasizes the integration of
learning, teaching, and game elements. Covers
etymology of the mental game and more advanced
shading techniques. Club-fitting procedures will be covered
and the development of instructional programs will be
introduced.

MGT 300 Principles of Management. (3)
I, II. Prerequisites: ACC 201, 202, and ECO 230 with a
grade of “C” or better in each course; junior standing
(minimum of 60 hours) with an overall minimum
grade point average of 2.0 GPA. Management principles with emphasis on
organization theory and behavior, human resources and
diversity, communications, production/operations
management and quality issues, business ethics,
development of management thought, management in
the global arena, and management

MGT 320 Human Resource Management.
(3) I, II. Prerequisite: MGT 300 or MGT 301. Survey
of principles and practices in the areas of human
resource planning, job analysis, recruitment, selection,
training and development, performance appraisal,
compensation, labor relations, and diversity.

MGT 330 Small Business Management.
(3) A. Prerequisite: MGT 300 or MGT 301. Small
business organization, location, financing, accounting,
record-keeping, forms, unit costs, merchandising,
credit, and

MGT 340 Management Science. (3)
I, II. Prerequisite: QMB 200. Decision making
approaches and quantitative techniques with an
emphasis on the formulation and application of models
and the practical solution methods available.

MGT 349 Applied Learning in
Management. (5-8) A. Prerequisites: minimum GPA
2.25 and 60 credit hours. Co-op Coordinator approval is
required. Approved work experience directly related to
academic major and/or career goals. Minimum of
80 hours work required for each credit hour. May be
used for upper division business electives and/or free
electives as approved. Will not count as Management
elective. Management Majors (all options) are limited to
a maximum of nine co-op hours counting toward
degree. Co-op hours may be repeated up to nine hours.

MGT 370 Operations Management. (3)
I, II. Prerequisite: MGT 300. Practical approaches for
improving productivity of operations using methods
designed for quality management, sales forecasting,
facility layout and location, human resource planning
and scheduling, and inventory control.

MGT 375 Supply Chain Management
(3). A. Prerequisites: MGT 340. An introduction to
business processes from end-user through original
suppliers that add value for customers and other
stakeholders. Topics include: integration and strategic
partnering, procurement and outsourcing strategies,
value-added services, and value-added challenges.

MGT 400 Organization Theory. (3)
I, II. Prerequisite: MGT 300 or MGT 301. Principles of
organization design as they relate to goals and strategy
formulation, environmental conditions, technology, job
design, control systems, and decision making.

MGT 406 Continuous Improvement in
Organizations. (3). A. Prerequisites: MGT 300 and
QMB 200 or MGT 301. Advanced methods
and techniques used to analyze change, monitor, and
analyze organizational performances, control
resources, and otherwise direct the management of
complex organizations.

MGT 410 Labor Relations. (3)
I. Prerequisite: MGT 320. Study of labor-management
relationships including union organization campaigns,
contract negotiations, grievance and arbitration
procedures, labor-management cooperation, and union-
free environments.

MGT 425 Compensation Management.
(3) II. Prerequisite: MGT 320. Advanced study of the
human resource function of employee compensation.
Topics include job analysis and evaluation,
compensation surveys, pay structures, budgeting, pay
for performance systems, benefits administration, and
federal regulation of compensation management.

MGT 430 International Management. (3)
A. Prerequisite: MGT 300 or MGT 301. The study
careers. Credit will not be awarded for both MGT 301
and 300.
of management of international organizations with emphasis on techniques, processes and structures. Topics include organizational culture, leadership, ethics, decision-making, and human resource management.

MGT 440 Human Resource Development. (3) I. Prerequisite: MGT 320. Advanced study of human resource management functions aimed directly at enhancing organizational effectiveness. Topics include training needs analysis; training program design, implementation, and evaluation; performance management and appraisal; and costing human resource development programs.

MGT 445 Employee Recruitment and Selection. (3) II. Prerequisite: MGT 320. Advanced study of the human resource function of staffing. Topics include: recruitment, the design and implementation of effective selection procedures which comply with federal/state requirements; analysis and reporting of employee data.

MKT 450 Management Seminar. (1-3) A. May be retaken under different sub-topics to a cumulative maximum of nine hours. Selected topics in contemporary management literature.

MGT 465 Innovation and Entrepreneurship. (3) I. Prerequisite: MGT 300 or MGT 301. An emphasis on the role of innovation and entrepreneurship in the creation and management of new ideas, concepts, techniques, processes, methods, ventures, and knowledge.

MGT 480 Organization Behavior. (3) I, II. Prerequisite: MGT 300 or MGT 301. Determinants and consequences of behavior in business organizations are analyzed in the contemporary language of integrative social systems and models. Interdependence of economic, social, and behavioral factors is emphasized.

MUS 556 Choral Music Literature. (3) A. Prerequisites: MUH 371 and 372 and music majors only. Survey of choral music literature from the 15th century to the present.

MUS 564 Advanced Instrumental Conducting. (2) A. Prerequisite: MUS 367 or equivalent. Development of skills in score reading, preparation, interpretation, and conducting of representative orchestral or band works.

MUS 565 Advanced Choral Conducting. (2-3) A. Prerequisite: MUS 368 or equivalent. Development of skills in score reading, preparation, interpretation, and conducting of representative choral works.

MUS 586 Workshop in Instrumental Music. (1-4) A. Topics in band or orchestra procedures. May be retaken to a maximum of four hours.

MUS 590 Pedagogy of Theory. (2) A. Prerequisite: MUS 399 and music majors only. Comparative study of theory systems with emphasis on presentation and illustrative exercises dealing with related theoretical problems.

MUS 591 Workshop in Choral Music. (1-4) A. Techniques, literature, and materials pertinent to a particular area or areas of preparation and performance of choral music. Topics to be announced. May be retaken to a maximum of four hours.

NAT—Natural Science

TBA, Chair

NAT 300 Science as a Human Endeavor. (3) I, II. Using examples from biological and physical science this course investigates the scientific community, its structure, methods, and philosophy. Emphasis is on scientific revolutions that have affected perceptions of space, time, and cause.

NAT 310 Topics in the Natural Sciences. (1-3) A. Selected interdisciplinary topics and topics of current interest in the natural sciences. May be retaken to a maximum of three hours provided topic is different each time.

NAT 380 Science and Society. (3) I, II. By investigating incidences in which scientific knowledge interacts with society, this course attempts to understand the involvement of science with government, technology, human population, energy, the environment, and the future. Credit will not be awarded for both NAT 380 and 380W. Gen. Ed. VII (NS).

NAT 380W Science and Society (3) I, II. Prerequisite: ENGL 101 or HON 102. A writing-intensive exploration of instances in which scientific knowledge interacts with society, this course attempts to understand the involvement of science with government, religion, government, technology, human population, energy, the environment, and the future. Credit will not be awarded for both NAT 380 and 380W. Gen. Ed. VII (NS), VIII.

NET—Network Security and Electronics

Dr. Vigyan Chandra, Coordinator

NET 302 PC Troubleshooting & Construction. (3) I, II. Prerequisite: TEC 161 or CSC 104 or higher or CJS 212. Construction, operation and troubleshooting microprocessors, system memory, computer architecture, video types, monitors, hard drives, mice, cabling, notebook computers and printers, modern operating systems, and application programs. Problem-solving computer systems to specific requirements. 2 Lect/2 Lab.

NET 303 LANs & PC Communications. (3) I, II. Prerequisite: TEC 161 or CSC 104 or higher or CJS 212 and a grade of C or better on MAT 095 or a minimum math ACT score of 18 or a minimum SAT math score of 490. Installing, configuring, managing, and troubleshooting network and computer systems communications hardware and software. 2 Lect/2 Lab.

NET 343 Network Switches & Routers. (3) A. Prerequisite: NET 303 or CIS 375. Concepts of internetworking, switching, IOS routing, VLAN’s, access lists, and WAN protocols are covered in a combination of lecture, demonstration, and laboratory. 2 Lect/2 Lab.

NET 344 Advanced Network Switches & Routers (3) A. Prerequisite: NET 343. Configuring and troubleshooting small to mid-sized switched LANs. Principles of switch and router startup, configuration and management, VLAN Tagging, STP, advanced routing, WAN, scaling IP address space. Configure, apply and verify Access Control Lists. 2 Lect/2 Lab.

NET 349 Applied Learning in NET (1-8) I, II. Formerly EET 349. Prerequisite: departmental approval, sophomore (30-59 hours) or higher standing and minimum of 2.0 GPA. Work under faculty and field supervisors in placements related to academic studies. Transfer students must have completed at least 12 hours of coursework at EKU. A minimum of 80 hours work required for each academic credit. Credit will not be awarded for both NET 349 and EET 349.

NET 354 Microcomputer & Network Security. (3) I, II. Prerequisite: MUS 399 and music majors only. Section 6.7.5 Security considerations in computer systems and networks using appropriate hardware and software. Topics include malware, encryption, VPNs, ACLs, firewalls, Wi-Fi, and secure protocols. Testing, configuring, managing and troubleshooting security in network systems. 2 Lect/2 Lab.

NET 367A Exit Exam for Minor in Computer Electronics Technology (0) A. Prerequisite: Consent of Advisor. Registration in NET 367A is required of all undergraduate A.A.S. students in the Technology program specializing in Computer Electronics program for the term in which they wish to take their comprehensive examination.

NET 367B Exit Exam for Minor in Computer Electronics Technology (0) A. Prerequisite: Consent of Advisor. Registration in NET 367B is required of all undergraduate students in the Minor for Computer Electronics Technology program for the term in which they wish to take their comprehensive examination.

NET 395 Special Topics in NET. (2-3) A. Prerequisite: departmental approval, sophomore (30-59 hours) or higher standing, and (EET 252 or NET 303) Emerging technologies in the area of Network security and electronics (NET): May be repeated up to a maximum of 9 hours provided subject matter differs each time. Lec/Lab.

NET 399 Associate Degree Capstone. (3) II. Prerequisite: departmental approval and sophomore (30-59 hours) standing with a minimum of 24 semester hours of NET coursework completed. A project and research oriented course which serves as a capstone experience at the Associate Degree level. Design, implementation, analysis, and troubleshooting of electronic and computer technology related systems, and managing a technical project.

NET 403 Advanced LANS and PC Communication. (3) A. Prerequisite: NET 303 or CIS 375. This course will cover installation, configuration, troubleshooting and maintaining common server platforms. The participants will be given the opportunity to setup and manage network hardware, operating systems and applications. 2 Lect/2 Lab.

NET 440 Fiber-optics & Communications. (3) A. Prerequisite: (MAT 108 or higher), (PHY 101), and (EET 257). Principles of communication over fiber and other wired/wireless media; digital and analog data transmission; modulation and multiplexing of data. Communication system components, safety, testing and troubleshooting of fiber-optic and communication systems. 2 Lect/2 Lab.

NET 454 Wireless/WAN Security. (3) A. Prerequisites: (NET 303 or CIS 375) and NET 354 Security considerations in wireless and WANS. Wi-Fi,
SECTION SIX - COURSE DESCRIPTIONS

NFA—Nutrition, Foods, and Food Administration Dr. Diane Leggett, Chair

NFA 121 Introduction to Food Composition and Preparation. (3) I, II. A beginning food science course covering food composition and the relationship of scientific processes and principles to food preparation. Lecture and laboratory experiences.

NFA 201 Essentials of Nutrition. (3) I, II. A scientific study of the essential nutrients and their application in meeting nutritional needs of all ages. Consideration is given to food selection, nutrition misinformation, obesity, and other common dietary problems. Gen. Ed. VI. Fullks University Wellness requirement.

NFA 202 Introduction to Dietetics. (1) I. A professional orientation course describing the roles of the practitioner in administrative, clinical, and community dietetics, along with relationships to other health professions.

NFA 301 Bio Nutrition. (3) A. Prerequisites: CHE 102 or 112/112L; and NFA 201. Structures and chemical properties of CHO, PRO, fat and nucleic acids, vitamins, coenzymes, minerals, and water related to metabolic processes.

NFA 303 Nutrition Education and Counseling. (3) A. Pre-requisite: NFA 201. Discussion, practice, and application of nutrition-related education and counseling procedures and health behavior theories to develop communication and counseling skills for work with individuals and groups.

NFA 317 Nutrition in the Life Cycle. (3) I, II. Study of dietary needs adapted to periods of the life cycle.

NFA 321 Meal Management. (3) A. Prerequisites: NFA 121 and 201. Food management, planning, preparation, and service of meals through management of time, energy, money, and efficient use of equipment. Consideration is given to nutritional needs, food habits, and social customs of family groups.

NFA 323 Experimental Foods. (3) A. Prerequisites: NFA 121 and CHE 102 or equivalent. Advanced food science course concerning the study of the reactions and interactions of food components in complex food systems during preparation, processing, and preservation. Lecture and laboratory experiences.

NFA 325 Quantity Food Production. (3) I. Prerequisite: NFA 121. Corequisite: NFA 326. Standards, principles, and techniques for managing throughout the functional subsystems of a food service setting; emphasis on quality, quantity, and cost control.

NFA 326 Field Experiences in Quantity Food Production. (3) I. Prerequisite: NFA 325. Corequisite: NFA 325. Supervised field experience in the technical application of theory presented in NFA 325.

NFA 344 Institutional Purchasing. (3) I. Prerequisite: NFA 325 and 326 or departmental approval. Principles and methods of purchasing foods and equipment for various types of quantity food services; emphasis on specifications and factors affecting quality; food cost control. Field trips included.

NFA 349 Applied Learning in Nutrition, Foods, and Food Administration. (1.5-8) A. Prerequisite: instructor approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

NFA 349 A-N Cooperative Study: Nutrition, Foods, and Food Administration. (1-5) A. Prerequisite: instructor approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

NFA 401 Food Nutrition. (3) I. Prerequisites: NFA 301 and BIO 301. Study of the functions, requirements, and interrelations of macronutrients in normal nutrition; integration and regulation of energy metabolism and balance.

NFA 403 Medical Nutrition Therapy II. (3) I, II. Prerequisite or Corequisite: NFA 401. Analysis and application of nutrition assessment, documentation, and modified feeding practices including enteral and parenteral nutrition with application for therapeutic management of gastrointestinal disorders.

NFA 404 Human Nutrition II. (3) II. Prerequisite: NFA 401. Study of the functions, requirements, and interrelations of essential and non-essential micronutrients in normal nutrition and wellness.

NFA 411 Community Nutrition. (3) A. Prerequisite: NFA 201 and 317. Survey of services, legislation, assessment, other relevant activities, and the role of nutritionists in various community settings. Development of educational resources for different populations. Field experience in community programs and settings to include individual and family nutrition counseling.

NFA 412 Research Applications in Nutrition. (3) I. Prerequisite: admission to General Dietetics Program; or departmental approval. Evaluation, interpretation, and application of professional and research literature in nutrition/dietetics. Emphasis on making ethical, evidence-based practice decisions.

NFA 415 Seminar in the Dietetics Profession. (1-3) A. Prerequisites: NFA 401 and departmental approval. Current concepts and trends in dietetics and review of recent research. Topics include, but are not limited to professional, ethics, marketing, quality assurance and preparing for a dietetic internship.

NFA 416 Special Problems in Nutrition. (1-3) A. Prerequisites: NFA 401 and departmental approval. The student chooses a problem and works under the supervision of an instructor. May be retaken to a maximum of six hours provided the topics vary. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

NFA 445 Food Service Organization and Management. (3) A. Prerequisites: NFA 325, 326. Administrative functions within a food service system. Emphasis in top management responsibilities; financial and time management; quality assurance, legislation, labor unions, merchandising, networking, and human resource management.

NFA 449 Onsite Foodservice Management. (3) I. Prerequisite: Junior standing. A study of the benefits and characteristics of successful onsite food and beverage enterprises.

NFA 500 Nutrition Concepts and Issues. (3) A. Fundamental principles of human nutrition and their application in meeting nutritional needs of all ages. Not open to dietetic or food service administration majors.

NFA 505 Maternal and Infant Nutrition. (3) A. Prerequisite: NFA 317 or equivalent. Nutritional requirements prior to and during pregnancy, lactation, and infancy. Survey the effects of dietary toxicants, deficiency and excesses of nutrients. Field experience.

NFA 507 Child and Adolescent Nutrition. (3) A. Prerequisite: NFA 201. Nutritional needs, problems, dietary habits, and motivations of the toddler through adolescent years. Field experience.

NFA 509 Nutrition and Aging. (3) A. Prerequisite: NFA 201. The theories of causes of aging; nutritional requirements, dietary intakes and effects of nutrition on the rate of biological aging. Field experience.

NFA 517 Sports Nutrition. (3). A. Prerequisite: NFA 201 or 500/700. Relationship of nutrition to optimal sports performance. Examines energy use during exercise metabolism, specific nutrients and dietary strategies for the prevention and treatment of sports injuries, and sports nutrition during training, conditions requiring special consideration, controversial and potentially dangerous nutritional practices of athletes.

NSC—Nursing (Baccalaureate) Dr. Judy Short, Chair

NSC 232 Health Assessment and Promotion I. (3) I. Prerequisite: taken in semester immediately prior to expected enrollment in NSC 380 and students must meet minimum program GPA requirements of 2.5 or department approval. Development of assessment and health promotion skills be used with clients throughout the life cycle.

NSC 242 Communication in Nursing. (3) I, II. Prerequisite: sophomore standing and minimum 2.5 cumulative GPA requirement or department approval. Therapeutic communication processes, theories, and techniques for building nurse client relationships throughout the life cycle. Development of beginning skills in nursing informatics and oral communication.

NSC 252 Intro to Professional Nursing. (3) I, II. Prerequisite: sophomore standing and minimum 2.5 cumulative GPA requirement or department approval. Nursing science foundation using selected concepts and constructs. Emphasis on past and current knowledge to be used with clients throughout the life cycle.

NSC 332 Clinical Drug Therapy. (3) I, II, A. Prerequisites: NSC 332, 350, and 380 with a grade of “C” or better. Corequisite: NSC 386. Foundation for applying drug knowledge in client care, with emphasis on increasing therapeutic effects and decreasing adverse effects. Includes study of selected drug classes, prototypes and individual drugs.

NSC 331 Clinical Pharmacology for the RN. (3) A. Prerequisite: RN status. Builds on a basic foundation of drug knowledge with an emphasis on both the therapeutic and adverse effects of drug therapy. Includes the study of selected individual drugs, drug classes, and current prototypes.

NSC 332 Health Assessment and Promotion II. (2) I, II, A. Prerequisites: NSC 232, 242, and 252 with a grade of “C” or better and admission to the baccalaureate nursing major. Corequisite: NSC 350 and 380. Development of physical assessment skills and evaluation of health patterns for clients throughout
and manage care in today's complex health systems. The importance of leadership in health care management is explored through evidence-based practice and decision-making. A focus is placed on the application of critical thinking and decision making required of the professional nurse.

Nursing Program (NSC 337) Introduction to Professional Nursing

Prerequisites: RN status and admission to the RN-BSN option. Focuses on professional nursing roles and the baccalaureate nursing major. Corequisite: NSC 332 and 380. Provides a framework for interpreting structural and functional changes associated with disease, facilitating critical thinking and decision making required of the professional nurse.

Nursing and Health Disparities (NSC 370)

Prerequisite: senior standing or departmental approval. Explores the social, economic, political, and historical context of health disparities experienced by groups with an emphasis on racial/ethnic, gender and socioeconomic aggregates. Explores contributing factors and potential solutions to domestic and global health disparities.

Short Topics in Clinical Nursing (NSC 378)

Prerequisites: NSC 392 and 396. Provides enrichment learning for upper division nursing students and RN-BSN students. Each segment of the course describes the current trends in nursing practice and clinical practice including relevant pathologic processes and usual nursing management. Emphasis on in-depth study of current interest topics. May be taken to a maximum of 6 hours credit.

Adult Health Nursing I (NSC 380)

Prerequisites: NSC 232, 242, and 252 with a grade of “C” or better and admission to the baccalaureate nursing major. Corequisite: NSC 332 and 350. Uses nursing process to develop practice solutions for selected adult health issues.

Perspectives in Professional Nursing I (NSC 381)

Prerequisite: NSC 381. Advanced concepts and skills for professional nursing practice.

Adult Health Nursing II (NSC 386)

Prerequisites: NSC 332, 350, and 380 with a grade of “C” or better. Corequisite: NSC 330. Uses nursing process to develop practice solutions for selected adult health issues.

Nursing Research (NSC 390W)

Prerequisites: STA 215 or 270 with a grade of “C” or better. Focuses on quantitative and qualitative research methods to frame complex health problems, integrating legal, ethical and economic concepts.

Application of Nursing Theory (NSC 396)

Prerequisites: NSC 480, 484, and 486 with minimum grades of “C.” Corequisite: NSC 495. Prepares student to apply theory to specific patient situations. Provides theoretical and conceptual framework for applying nursing process to practice situations.

Independent Study (NSC 498)

Prerequisite: must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. Directed study or research on an issue or area of interest to nursing. Must be taken to a maximum of 6 hours credit.

Early Childhood Health Care (NSC 500)

Prerequisite: education major or instructor approval. Focuses on the development of competencies necessary for health management of young children (ages birth through five years) with special health care needs. Aids for non-healthy professional care in the community or classroom.

NUR—Nursing (Associate)

Dr. Peggy Tudor, Chair

NUR 114 Nursing Concepts I (8) I, II

Prerequisite: Admission to the Associate Degree Nursing Program. Provides fundamental theoretical, clinical, and laboratory nursing concepts. Student learning outcomes are human flourishing, nursing judgment, professional identity, and spirit of inquiry.

NUR 124 Nursing Concepts II—Med-Surg (5) I, II

Prerequisites: NUR 114, ENG 102, NFA 201, BIO 171, all with a grade of “C” or better. Builds upon previously learned concepts and skills. Provides theories and concepts for applying the nursing process while caring for patients experiencing selected health issues.

NUR 126 Nursing Concepts II—Perinatal (5) I, II

Prerequisites: NUR 114, ENG 102, NFA 201, BIO 171, all with a grade of “C” or better. Applies the nursing process to address families during the childbearing experience. Builds upon previously learned concepts and skills. Provides theories and concepts for applying the nursing process while caring for families throughout the childbearing experience.

NUR 200 Dosage Calculation for Nursing (3) I

Prerequisite: develops competency in dosage calculations and provides progression in application for nonparamorteral medications.

NUR 201 Dosage Calculation for Nursing II (3) I, II

Prerequisite: NUR 117 (S) or NUR 200 (C or better). Develops competency in dosage calculations of intravenous therapies. Emphasis on IV medication on titration calculations including pediatric, obstetric, and clinical care dosages.

NUR 215 Clinical Techniques in Nursing (1-6) A

Prerequisites: NUR 120, 121, 122, and 123 or 124 & 126 or equivalent with a grade of “C” or better. Supervised practice in department approved agency. The number of hours will depend on the range and depth of activities. May be taken to a maximum of 6 hours.

NUR 217 Strategies for Success in Nursing (3) I, II

Prerequisite: Readmission to the ADN program. Explores strategies to develop habits which promote success. Required for students readmitted to the ADN program after being unsuccessful in an NUR core course.

Prerequisites: NUR 124, 126; ENG 102, BIO 301, SOC 131, all with a grade of “C” or better. Provides theories and concepts for applying nursing judgment while caring for adult and pediatric patients experiencing selected complex health issues.

NUR 234 Nursing Concepts III—Psy (5) I, II

Prerequisites: NUR 124, 126, ENG 102, BIO 301, SOC 131, all with a grade of “C” or better. Provides theories and concepts for applying nursing judgment while caring for patients with a focus on psychosocial mental health.

NUR 240 Nursing Concepts IV—Med-Surg (5) I, II

Prerequisites: NUR 232, 234, and BIO 273 or MLT209/211, all with a grade of “C” or better. Corequisite: NUR 241. Provides theory and concepts for applying nursing judgment for the care of groups of patients experiencing selected complex health issues. Must be taken during the last semester of the ADN program.

NUR 247 Holism, Health, and Success (1, 2)

Prerequisite: NUR 232, 234, and BIO 273 or MLT209/211. Corequisite: NUR 240 & NUR 255. Clinical immersion synthesizing nursing judgment in caring for groups of patients experiencing complex health issues. Must be taken during the last semester of the ADN program.

NUR 250 Introduction to Gerontology (3)

Prerequisites: must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. Directed study or research on an issue or area of interest to nursing. Must be taken to a maximum of 6 hours credit.

NUR 255 Trends and Issues in Nursing (2)

Prerequisites: NUR 232 and 234, each with a grade of “C” or better. Corequisite: NUR 241. Focuses on current issues and trends in nursing. Ethical, legal, and professional responsibilities and career opportunities are examined.

NUR 265 Independent Study (1-6) A

Directed study on an issue or area of interest to nursing. May be taken to a maximum of six hours credit.

NUR 300 Individual Clinical Enrichment (1-6) A

Prerequisite: departmental approval. Integrates theory and practice through collaborative partnerships to enhance clinical nursing competencies.

OHO—Ornamental Horticulture

Dr. John Settini, Chair

OHO 115 Operation of Horticultural Equipment (2) I

Prerequisite: laboratory and field experiences related to horticultural power equipment, and their safe operation, including hydraulics, electricity, chemical, and maintenance facilities.
SECTION SIX - COURSE DESCRIPTIONS

Lec/2 Lab.

OHO 131 Principles of Horticulture. (3) I. Corequisite: OHO 132. Introduction to the major divisions of horticulture with emphasis on plant growth, propagation, reproduction, and soil-water relationships. Exploration of the various phases of horticulture and the related employment opportunities in the field. 3 Lec/2 Lab.

OHO 132 Horticulture Laboratory. (1) I. Corequisite: OHO 131. Laboratory, greenhouse, and field work which applies the principles of nursery, turf, and greenhouse management taught in the classroom. 1 Lec/2 Lab.

OHO 301 Directed Work Experience. (1-4) I, II. A minimum of three hours per week per credit using university or other approved facilities. May be taken for a maximum of 4 credit hours. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

OHO 349 Applied Learning in Horticulture. (2-5) B. Work under faculty and field supervisors in placements related to academic studies. One to eight credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. In addition, students must spend at least 80 hours employment required for each academic credit.

OHO 351 Turfgrass Management. (4) I. Prerequisite: AGR 215. The establishment and maintenance of green spaces utilizing turfgrass species and understanding the applicable intensities of culture. Relationships of environmental factors and cultural practices are emphasized. 3 Lec/2 Lab.

OHO 353 Sports Turf Management. (3) A. Management techniques for today’s specialized athletic fields. The agronomic aspects of football, soccer, baseball, and some specialty fields are presented. Field trips and classroom exercises develop a practical understanding of field construction and management. 1 Lec/2 Lab.

OHO 364 Irrigation Systems. (2) I. An introduction to irrigation systems, their design and installation for efficient water utilization in crop production and maintenance. Overhead, drip, and subirrigation systems are evaluated.

OHO 365 Advanced Floral Design. (2-4) A. The study and practice of advanced floral design techniques; includes construction of conventional and contemporary floral designs. 1 Lec/2 Lab.

OHO 366 Deciduous Shade Trees and Narrow Leaf Evergreens. (3) II. Study of deciduous trees and narrow leaf evergreens including their identification, cultivation, ornamental features, environmental adaptation, utilization, and management in the landscape. 3 Lec/2 Lab.

OHO 367 Herbaceous Ornamental Plants. (3) A. Identification, culture, and landscape use of bulbs, annuals, and herbaceous perennials, including ornamental grasses. 3 Lec/2 Lab.

OSH 200 Applied Fire and Safety Analysis. (3) A. Cross-listed as FSE 200. Analytical and statistical concepts and procedures for the treatment of fire and safety related data. Includes regression, data analysis and qualitative techniques, descriptive and inferential statistics. Credit will not be awarded for both OSH 200 and FSE 200.

OSH 225 Legal Aspects of Fire Protection and Safety. (3) A. Cross-listed as FSE 225. A study of legislative and legal decisions relating to personnel practices, employee safety, and public protection. Emphasizes the legal responsibilities, liabilities, and authority of the fire service practitioner. Credit will not be awarded for both OSH 225 and FSE 225.

OTS 413 Equine Assisted Activity. (3) A. Explores equine assisted therapy, occupational, and other health and wellness activities. Credit will not be awarded for both OTS 479 and 479W.

OTS 414 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

OTS 415 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

OTS 416 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

OTS 416 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

OTS 417 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

OTS 418 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

OTS 419 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

OTS 420 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

OTS 421 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

OTS 422 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

OTS 423 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

OTS 424 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

OTS 425 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

OTS 426 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

OTS 427 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

OTS 428 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

OTS 429 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

OTS 430 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

OTS 431 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

OTS 432 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

OTS 433 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

OTS 434 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

OTS 435 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

OTS 436 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

OTS 437 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

OTS 438 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

OTS 439 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

OTS 440 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

OTS 441 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

OTS 442 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

OTS 443 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

OTS 444 Early Child Sensorimotor Development. (3) A. Prerequisite: consent of advisor. A study of the development of the infant's sensorimotor systems and the development of movement. Credit will not be awarded for both OTS 404 and 404S.

Basic introduction to modern symbolic logic: propositional logic, first order predicate logic, proofs and metatheorems, and evaluation of properties of formal logic systems. Gen. Ed. VII (Q5).

PHI 381 Animal Ethics. (3) A.
An examination of major theories of animal welfare and rights; consideration of issues involving the use of animals as food and other goods, animal experimentation, wildlife, endangered species, hunting, animals and sport, pets, and zoopark.

PHI 383 Health and Biomedical Ethics. (3) A.
An examination of ethical issues surrounding problems that arise in health-related fields and whose resolution calls for moral judgments. Typical problems would include: euthanasia, experimentation with humans, behavior control, genetic engineering, and distribution of health care facilities. Credit will not be awarded for both PHI 383 and PHI 383W.

PHI 383W Health and Biomedical Ethics. (3) A.
Prerequisite: ENG 102 or 105(B) or HON 102.
An examination of the value-issues which surround problems that arise in health-related fields and whose resolution calls for moral judgments. Typical problems would include: euthanasia, experimentation with humans, behavior control, genetic engineering, and distribution of health care facilities. Credit will not be awarded for both PHI 383 and PHI 383W.

PHI 385 Environmental Ethics. (3) A.
Cross-listed as ENV 385. Prerequisite: ENG 102 or 105(B) or HON 102. An examination of historical and contemporary views of the values and rights of nature. Possible topics include animal rights, conservationism, the land ethic, stewardship, deep ecology, ecoligism, and indigenous approaches to the environment. Credit will not be awarded for both PHI 385 and ENV 385.

PHI 402 Inquiry Physics for Teachers. (3, I, II).
Prerequisite: PHI 105. MAT 108 or higher and departmental approval. Topics on mechanics, Newton's Laws, energy, sound, light, electricity, magnetism, and nuclear phenomena. 4 Lec/Lab. Gen. Ed. E-4.

PHI 490 Independent Work in Philosophy. (1-3) I, II.
Prerequisite: consult with department chair prior to enrollment. Individual research and reading on a specified philosophical problem chosen by the student and instructor. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours if topic is different.

PHI 499 Senior Thesis. (3) A.
Prerequisite: consult with department chair before enrolling. Supervised, independent thesis for seniors majoring in philosophy.

PHI 551 Classical Theory. (3) A.
Cross-listed as POLL 551. Examination of Western political thought from Plato to Aquinas. Credit will not be awarded to students who have credit for POLL 551, POLL 551W or PHI 551W.

PHI 552W Modern Political Theory. (3) A.
Cross-listed as POLL 552W. Examination of Western political theory from Plato to Aquinas. Credit will not be awarded to students who have credit for POLL 552, POLL 552W or PHI 552W.

PHI 553 Contemporary Political Theory. (3) A.
Cross-listed as POLL 553. Examination of Western political theory from the mid-twentieth century to the present. Credit will not be awarded to students who have credit for POLL 553, POLL 553W or PHI 553W.

PHI 553W Contemporary Political Theory. (3) A.
Cross-listed as POLL 553W. Prerequisite: ENG 102 or 105(B) or HON 102. Examination of Western political theory from the mid-twentieth century to the present. Credit will not be awarded to students who have credit for POLL 553, POLL 553W or PHI 553W.

PHI 557 Philosophy of Art. (3) A.
Examination of the major philosophical theories of art and beauty and the place of aesthetic language in the general area of value judgments. Representative classes of art will be considered.

PHI 580 Special Topics in Philosophy. (1-3) A.
Prerequisite: consult with department chair before enrolling. Detailed examination of a problem-area or a school of philosophy in the history of philosophy or the thought on one outstanding philosopher. May be retaken to a maximum of fifteen hours if the topic is different.

PHI 581 Animal Ethics. (3) A.
Examination of the value-issues which surround problems that arise in health-related fields and whose resolution calls for moral judgments. Typical problems would include: euthanasia, experimentation with humans, behavior control, genetic engineering, and distribution of health care facilities. Credit will not be awarded for both PHI 383 and PHI 383W. 6 Lec/Lab. Gen. Ed. VIII (Option 3).

PHI 583 Health and Biomedical Ethics. (3) A.
Cross-listed as ENV 385. Prerequisite: ENG 102 or 105(B) or HON 102. An examination of historical and contemporary views of the values and rights of nature. Possible topics include animal rights, conservationism, the land ethic, stewardship, deep ecology, ecoligism, and indigenous approaches to the environment. Possible topics include animal rights, conservationism, the land ethic, stewardship, deep ecology, ecoligism, and indigenous approaches to the environment. Credit will not be awarded for both PHI 385 and ENV 385.

PHI 590 Special Topics in Philosophy. (1-3) A.
Prerequisite: consult with department chair before enrolling. Detailed examination of a problem-area or a school of philosophy in the history of philosophy or the thought on one outstanding philosopher. May be retaken to a maximum of fifteen hours if the topic is different.
224. Fundamental laws and principles for linear circuits whose elements consist of passive and active components are presented. Determination of the sinusoidal steady state responses using the algebra of complex numbers.

**PHY 349 Applied Learning in Physics.** (5-8) A. Work in placements related to academic studies. A minimum of 80 hours employment is required for each semester hour of academic credit. Total hours: eight, associate; sixteen, baccalaureate. Hours earned in PHY 349 will not apply toward a physics major or minor.

**PHY 349 A-N Cooperative Study: Physics.** (5-8) A. Work in placements related to academic studies. A minimum of 80 hours employment is required for each semester hour of academic credit. Total hours: eight, associate; sixteen, baccalaureate. Hours earned in PHY 349 will not apply toward a physics major or minor.

**PHY 375 Thermodynamics.** (3) A. Prerequisite: PHY 202 or departmental approval. Corequisite: MAT 224. Study of temperature, thermodynamic systems, ideal gases, first and second law of thermodynamics, Carnot cycle, Kelvin temperature scale, entropy.

**PHY 402 Physics Optics.** (3) A. Prerequisite: PHY 202 or departmental approval. Corequisite: MAT 224. Wave motion, interference, Fresnel and Huygens diffraction, electromagnetic radiation, dispersion, polarization, double refraction, dispersion, Lasers, polarizers.

**PHY 406 Advanced Physics Laboratory.** (3) A. Prerequisite: PHY 132 or 202 or departmental approval. Experiments in mechanics, optics, electricity, magnetism, atomic and nuclear physics. Computer simulations of physical situations. Measurement and data analysis techniques, including error analysis. 5 Lab/Lab.

**PHY 410 Independent Study in Physics.** (1-6) A. Prerequisite: PHY 202 or departmental approval. Special laboratory experiments, development of new equipment, physics education research, or solution of special mathematical problems related to physics. May be taken to a maximum of six hours provided subject matter is different each time. Student must have the independent study form approved by faculty supervisor and department chair prior to enrollment.

**PHY 411 Special Topics in Physics.** (1-6) A. Prerequisite: PHY 202 or departmental approval. Special topics in physics of current interest to faculty and students will be presented through lecture, discussion, and reports. May be taken to a maximum of six hours provided subject matter is different each time.

**PHY 421 Electricity and Magnetism I.** (3) A. Prerequisites: MAT 225 and PHY 310, or departmental approval. Electrostatics in vacuum and dielectrics, solutions of Laplace’s and Poisson’s equations, magnetic fields, induced EMF’s, magnetic materials, and Maxwell’s equations.

**PHY 422 Electricity and Magnetism II.** (3) A. Prerequisites: PHY 421 or departmental approval. Maxwell’s equations, electromagnetic waves in insulators and conductors, energy and momentum, electromagnetic radiation, dipole radiation, special relativity, special applications of classical mechanics.

**PHY 460 Classical Mechanics.** (4) A. Prerequisite: PHY 310 or departmental approval. Corequisite: MAT 353. Applications of calculus to the principles of classical mechanics. Topics include rectilinear motion in 1-D, motion in 3-D, Newton’s laws, non-central forces, many-bodied systems, rigid bodies, Lagrangian mechanics, and other topics related to classical mechanics.

**PHY 470 Quantum Mechanics.** (3) A. Prerequisite: PHY 404 or departmental approval. Basic principles of wave mechanics, solutions of Schrodinger wave equation for simple systems, interpretation of solutions and application to atomic and molecular problems.

**PHY 506 Physics for High School Teachers.** (3) A. Credit given toward major or minor only in teaching programs. Topics from general and modern physics to prepare teachers to teach high school physics and give classroom demonstrations. 2 Lec/3 Lab.

**PLS—Police Studies Dr. Preston Eldred, Chair**

**POLS 103 Police, Order Maintenance and Crime.** (3) A. Overview of the role of the police. The historical development of police, police functions and bureaucratic organization are examined. Police misconduct, discretion and effectiveness receive special attention.

STA 369, STA 469, STA 479 Introduction to Statistical Reasoning. (3) I, II. Prerequisite: completion of all University developmental requirements. Introduction to descriptive statistics, normal distributions, linear correlation and regression, sampling, experiments, chance phenomena, one- and two- sample estimation and hypothesis testing, chi-square tests, and use of statistical software. Gen. Ed. VII (QS).

STA 270 Applied Statistics I. (3) I, II. Prerequisite: MAT 170 or a minimum score of 23 on the mathematics portion of the ACT or SAT math score of 550. Measures of central tendency and dispersion, discrete and continuous distributions, binomial distributions, normal distributions, frequency distributions, linear correlation and regression, probability, sampling distributions, point and interval estimates, hypothesis testing, and use of statistical software. Gen. Ed. VII (QS).

STA 270L Lab for Applied Stats I: ______. (1) A. Corequisite: STA 270. This lab is to accompany regular lecture class in STA 270, topics will vary. 2 Lab.

STA 320 Applied Statistics II. (3) II. Prerequisite: STA 215 or 270 or COR 400 or CRJ 400 or ECO 220 or ECO 420 or EPY 842 or HEA 450 or QMB 200. Review of estimation and hypothesis testing, simple and multiple regression, model building, analysis of variance, contingency tables, elementary experimental design, classical time series analysis, and use of statistical software.

STA 349 Applied Learning in Statistics. (1-8) I, II; (1-6) SUMMER ONLY. Prerequisite: departmental approval. Work in placements related to academic studies. Does not apply to major or minor requirements. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours of employment is required for each semester hour of academic credit.

STA 349 A-N Cooperative Study: Statistics. (1-8) A, B; (1-6) SUMMER ONLY. Prerequisite: departmental approval. Work in placements related to academic studies. Does not apply to major or minor requirements. Total hours: associate; sixteen, baccalaureate. A minimum of 80 hours of employment is required for each semester hour of academic credit.

STA 370 Applied Probability. (3) II. Prerequisites: MAT 224 or 224H or 225, and MAT 375 or STA 215 or 270 or COR 400 or CRJ 400 or ECO 220 or EPY 842 or HEA 450 or QMB 200; or departmental approval. Intuitive and axiomatic development of probability, set theory, counting techniques, conditional probability, Bayes Theorem, discrete distributions including binomial and bivariate cases, multinomial distributions, Markov Chains, and emphasis on applications.

STA 385 Probability for Actuaries. (1) A. Prerequisite: STA 370 or 520. Review of elementary probability theory; various probability distributions, moment generating functions, transformations, order statistics, and applications of probability concepts in a risk management context. Preparation for Exam P.

STA 490 Seminar in ______. (1-3) A. Prerequisite: departmental approval. Topic announced at the time of offering. May be retaken to a maximum of 12 hours, provided the topics are different.

STA 495 Independent Work. (1-3) A. Prerequisite: departmental approval. Directed study/research on a problem or area chosen in consultation with instructor. Final paper required. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours.

STA 498 Statistics Capstone. (1) A. Cross-listed as MAT 498. Prerequisite: senior status as either Mathematics or Statistics major and department chair approval to enable students to synthesize and integrate their mathematics and statistical knowledge. Students will learn how to conduct research and present the results. Credit will not be awarded for both STA 498 and MAT 498.

STA 500 Applied Statistical Inference. (3) A. Designed for students in all areas. A general background in statistical methods including normal distribution, point and interval estimation, hypothesis testing, linear correlation and regression, analysis of variance, and use of statistical software.

STA 501 Nonparametric Statistics. (3) A. Prerequisite: STA 215 or 270 or 501 or 502 or 503 or 504 or 507 or 575 or 582 or 583 or 587 or 588 or 589 or 590 or 592 or 594 or 595 or 596 or 597 or 598 or 599. Topics in statistics appropriate for research in the social sciences and applied disciplines. Required of all majors.

STA 501A-N Cooperative Study: Statistics. (1-3) A. Corequisite: SPA 300 or equivalent proficiency with department chair approval. Topics in statistics appropriate for research in the social sciences and applied disciplines. Required of all majors.

STA 502 Statistics with Technology for P-9 Teachers. (3) A. Topics in statistics appropriate for teachers of grades P-9. Credit does not apply toward B.S. or B.S. Teaching Education requirements for programs offered within this department.

STA 507 Seminar in Statistics: ______. (1-3) A. Prerequisite: departmental approval. Topics vary with offering. May be retaken with advisor approval, provided that the topics are different. Credit
