Notifications

All statements in this publication are announcements of present policy only and are subject to change without prior notice. Nothing contained in this publication is intended to create nor shall be construed as creating a contract, either express or implied, or guarantee for any term or for any specific procedures.

Eastern Kentucky University is an Equal Opportunity/Affirmative Action employer and educational institution and does not discriminate on the basis of age, race, color, religion, sex, sexual orientation, disability, national origin or Vietnam era or other veteran status in the admission to, or participation in, any educational program or activity which it conducts. Any complaint arising by reason of alleged discrimination should be directed to the Equal Opportunity Office of Eastern Kentucky University (Jones Building, Room 106, CPO 37A, Richmond, KY 40475-3102, 859-622-8020 v/tdd), or to the Director of the Office for Civil Rights, U.S. Department of Education, Philadelphia, PA.

The Board of Regents of Eastern Kentucky University does hereby reaffirm the University’s commitment to providing educational opportunities to all qualified students regardless of economic or social status and ensuring that participation in all University sponsored activities will be administered in a way that furthers the principles of equal employment and educational opportunities.

Eastern Kentucky University does not discriminate on the basis of disability in the admission or access to educational opportunities, programs or activities. The Director of Services for Individuals with Disabilities, Turley House, Room 1, Eastern Kentucky University, Richmond, Kentucky 40475, coordinates compliance with all federal, state and local laws and regulations concerning access for disabled individuals. Requests for information concerning the Americans with Disabilities Act and other federal and state laws relating to disabilities and the rights provided thereunder, as well as all requests for accommodations based upon disability should be directed to this office.

Eastern Kentucky University is committed to providing a healthy and safe environment for its students, faculty and staff through its compliance with the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendment of 1989. In accordance with these laws, students, faculty and staff are hereby notified of the standards of conduct which shall be applicable while on University property, on University business or at University sponsored activities.

By University rules and regulations, federal laws, state laws, and local ordinances, students, faculty and staff are prohibited from the unlawful possession, use, dispensation, distribution, or manufacture of illicit drugs on University property, on University business and/or at University sponsored activities.

Any member of the student body, faculty or staff who violates the University’s standards of conduct shall be subject to appropriate disciplinary action up to and including expulsion and/or termination. In addition to disciplinary sanctions, students or employees may face prosecution and imprisonment under federal and/or state laws which make such acts felony or misdemeanor crimes. The specifically defined standards of conduct, the disciplinary procedures and possible sanctions appear in the Student Handbook and the Faculty Handbook.

Expulsion of a student is permanent separation and removal from the University. The sanction of expulsion must be approved by the University president or the president’s designee; it requires a student to be withdrawn or failed from all classes, suspended from the residence halls or graduate housing (if applicable), banned from all University facilities (and subject to arrest for trespassing), rendered ineligible to register for any University class, and prohibited from participating in University activities. The student’s transcript will indicate that the student was expelled, with the notation: “Expelled - Ineligible to Return”.

Continuous efforts are made to make students, faculty and staff aware of the on-campus and off-campus programs which provide information and professional services on matters related to the abuse of alcohol and drugs. For additional information individuals should contact the Eastern Kentucky University Counseling Center.

Federal Regulations

(as amended)
PUBLIC LAW 93-380

This is to serve notice to all students of Eastern Kentucky University of the rights and restrictions regarding the maintenance, inspection, and release of student records contained in the Family Educational Rights and Privacy Act of 1974 (FERPA), as amended. The University is composed of five colleges and offers a wide variety of services to students. Each college and service requires the maintenance of some records concerning students enrolled in a particular college or participating in a nonacademic service. The location and type of record maintained by the University depends upon the field of study or service in which the student is enrolled. The following is a list of the types of records maintained by the University for students:

1. Grade reports
2. Transcripts
3. Curriculum information
4. Applications for graduation
5. Correspondence with students, if any
6. Withdrawal records, if applicable
7. Admission forms
8. ACT test scores
9. Student teacher evaluations, if applicable
10. Letters of recommendation, if applicable
11. Nominations for awards if applicable
12. Biographical data
4. Notification of Rights Under FERPA for Postsecondary Institutions: The Family Educational Rights and Privacy affords students certain rights with respect to their education records. All EKU students are informed of their FERPA rights each year during the fall term through an email notification sent to their official EKU email address. Each student’s FERPA rights are:

1. Access to Records: In general, the records maintained by the University are available only to the student, to University personnel with legitimate educational interests, to other institutions where the student is seeking financial aid, and to authorized representatives of the Comptroller General of the U.S., the Secretary of Education, or an administrative head of an education agency, in connection with an audit or evaluation of federally support programs, and as provided by Section 164.283 of the Kentucky Revised Statutes. However, information may be released by the institution to appropriate persons in connection with an emergency if the knowledge of such information is necessary to protect the health or safety of a student or other persons. Records may also be furnished in compliance with a judicial order or pursuant to a subpoena with the consent of the student.

Students may inspect and review all records pertaining to them within forty-five (45) days of making request for same, except for (1) records created or maintained by a physician, psychiatrist, psychologist or other recognized professional or paraprofessional acting or assisting in a professional capacity in connection with treatment of the student (except that the student may have these records reviewed by a physician or appropriate professional designated by the student), (2) financial records of the student’s parents, (3) confidential letters and recommendations put in the files prior to January 1, 1975, and (4) confidential recommendations relating to admission, applications for employment, or honors, if the student has waived his/her right to review such records. Where a particular record cannot be reviewed by a student without revealing confidential information relating to other students, the records custodian will inform the student, upon request, of the contents of the record pertaining to that student.

Parents who claim a student as a dependent may present their federal tax declaration, in lieu of having the student’s written consent, to gain access to information concerning their children’s grades.

2. Disciplinary Records: Disciplinary records are defined as those records (maintained in any format) which relate exclusively to violations of University General Regulations Governing Student Behavior which have been adjudicated through the office of Student Rights and Responsibilities. Complaints to the Office of Student Rights and Responsibilities which have been dismissed or withdrawn by the University are not considered disciplinary records. A student disciplinary record includes and is limited to: 1) violation report, 2) student notification letter, 3) sanction sheet, 4) notice of hearing, 5) students right form, 6) roll call of hearing participants in any hearing, 7) documents presented as evidence during any hearing, 8) record of Student Disciplinary Council hearing; 9) appeal letter with accompanying documents; and 10) final disposition of appeal.

3. Directory Information: The University may release information without the student’s consent where the information is classified as “directory information.” The following categories of information have been designated by the University as directory information: name, address (excluding EKU residence hall room number), telephone listing (excluding cell phone), email address, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, academic level (undergraduate or graduate), academic class (freshman, sophomore, junior, or senior), dates of attendance, enrollment status, degrees and awards received, student photo or likeness, and the most recent previous education institution attended by the student. Students who do not wish such information released without their consent should notify the Student Records Office in writing. Any such request should be sent to the Registrar, Office of Academic Records/Transcripts, Eastern Kentucky University, Student Success Building Room 239, CPO 58, 521 Lancaster Avenue, Richmond, Kentucky 40475-3158.

4. Notification of Rights Under FERPA for Postsecondary Institutions: The Family Educational Rights and Privacy affords students certain rights with respect to their education records. All EKU students are informed of their FERPA rights each year during the fall term through an email notification sent to their official EKU email address. Each student’s FERPA rights are:

1) The right to inspect and review the student’s education records within 45 days of the day the University receives a request for access. Students should submit request to the registrar, dean, head of the academic department, or other appropriate official, written requests that identify the record(s) they wish to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2) The right to request the amendment of the student’s education records that the student believes are inaccurate or misleading.

Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write the University official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the University decides not to amend the record as requested by the student, the University will notify the student of the decision

13. Evaluation forms, if applicable
14. Weekly student teacher logs, if applicable
15. Mid-term evaluation, if applicable
16. Records of school visitations, if applicable
17. Physical education requirement waivers
18. Field training evaluations and correspondence, if applicable
19. Professional conduct agreements and liability insurance coverage
20. Disciplinary Records
and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate education interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the University discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are: Family Policy Compliance Office, U.S. Department of Education, 600 Independence Avenue SW, Washington, DC 20202-4605.

5. Procedures for Challenge: A student who believes that any record maintained by the University pertaining directly to that student is inaccurate, misleading, or otherwise violative of the right of privacy of the student as provided by Title IV of Pub. L. 90-247, as amended, and Pub. L. 93-380 as amended by Senate Joint Resolution 40 (1974) may request a hearing before a panel of three persons appointed by the President of the University. The panel may direct that appropriate action be taken to correct, explain, or expunge the record(s) challenged.

Request for hearings should be addressed to the Office of University Counsel, Eastern Kentucky University, Coates Room 205, CPO 40A, 521 Lancaster Avenue, Richmond, Kentucky 40475-3102.

Student Right-To-Know Act
(Pub. L. 101-542)
Eastern Kentucky University
1999-2000

Section 103 of the Student Right-To-Know and Campus Security Act of 1990 (Public Law 101-542) as amended by the Higher Education Technical Amendments of 1991 (Public Law 102-26) requires public disclosure of relevant graduation rate information for students enrolled in colleges and universities receiving federal financial assistance annually beginning July 1, 1993. Graduation rate information is published each year in the University Handbook for Students or may be obtained upon request from the Office of the Senior Vice President for Academics and Provost, Coates Administration Building, Room 110, CPO 30A, 521 Lancaster Avenue, Richmond, Kentucky 40475-3102.

Introduction

Eastern Kentucky University is a regional, coeducational, public institution of higher education offering general and liberal arts programs, pre-professional and professional training in education and various other fields at both the undergraduate and graduate levels. Located in Richmond, Madison County, Kentucky, Eastern Kentucky University has a distinguished record of more than a century of educational service to the Commonwealth.

Situated near the heart of the Bluegrass, Richmond is served by a network of major highways which makes Eastern Kentucky University easily accessible from all parts of Kentucky and surrounding states. Richmond is 26 miles southeast of Lexington, Kentucky. Interstate Highways 1-75 (north-south) and I-64 (east-west) make the metropolitan areas of Cincinnati, 112 miles to the north, and Louisville, 110 miles to the west, within convenient distance by automobile. Richmond is also served by U.S. Route 25 from south Eastern Kentucky and Kentucky Route 52 from the east and west. The Kentucky Turnpike and the Mountain, Hal Rogers, and Cumberland Parkways provide even greater accessibility by automobile since the city is located near the convergence of these arterial highways into the interstate system.

Richmond, the county seat of Madison County, is an expanding community of approximately 30,000 population. In and around Richmond are many areas of historic and scenic interest. Boonesborough State Park, birthplace of Kentucky, is located 12 miles to the north. Many other historical places are within easy driving distance. Scenic and recreational areas surround this section of the state.

History

The Kentucky General Assembly of 1906 enacted legislation establishing the Eastern Kentucky State Normal School. Governor J. C. Beckham signed the bill into law on March 21, 1906. On May 7 of that year, the Normal School Commission, meeting in Louisville, selected the campus of the old Central University, founded in 1874, in Richmond, Kentucky, as the site of the new school. On June 2, 1908, Ruric Nevel Roark was chosen President of the Normal School and the training of teachers was begun.

In 1922, Eastern Kentucky University became a four-year institution known as the Eastern Kentucky State Normal School and Teachers College. The first degrees were awarded by this institution in 1925. In 1928, the College was accredited by the Southern Association of Colleges and Secondary Schools. In 1930, the General Assembly renamed the school the Eastern Kentucky State Teachers College.

In 1935, a graduate program was approved at Eastern, leading to the Master of Arts degree in Education. In 1948, the General Assembly removed the word “Teachers” from the name of the college and granted the college the right to award nonprofessional degrees.

The most significant day since its founding came for Eastern on February 26, 1966, when Governor Edward T. Breathitt signed into law a bill renaming the institution Eastern Kentucky University (EKU) and sanctioning the awarding of graduate degrees in academic fields other than education.

During this period of time, Eastern Kentucky University has increased rapidly in size and stature. Beginning with a few students engaged in short review and certificate courses, the University today serves thousands of Kentuckians. The curriculum leads to associate degrees, baccalaureate degrees, and an expanding graduate program that currently offers degrees at the master’s level in many other fields as well as the already well-established Master of Arts degree in Education and the various fifth- and sixth-year leadership programs in education. Specialist degree programs have been implemented in education and psychology.

In 2008, EKU offered its first doctoral degree, the Doctor of Education (Ed.D.). Since that time, EKU also offers the Doctor of Nursing Practice (DNP) and the Occupational Therapy Doctorate (OTD).

Ever-mindful of the purpose of its founding, Eastern continues to recognize its historic function of preparing quality teachers for the elementary and secondary schools of the Commonwealth. However, a strong liberal arts curriculum leading to appropriate degrees, together with pre-professional courses in several areas and graduate programs, enable Eastern to serve the Commonwealth as a regional comprehensive university.

Mission Statement

As a school of opportunity, Eastern Kentucky University fosters personal growth and prepares students to contribute to the success and vitality of their communities, the Commonwealth, and the world.

Eastern Kentucky University is committed to access, equal opportunity, dignity, respect, and inclusion for all people, as integral to a learning environment in which intellectual creativity and diversity thrives.

Core Values

Eastern Kentucky University’s values shall permeate the mission and will be the fiber of the institution for it to achieve its vision.

Since its inception in 1874, Eastern Kentucky University (then known as Central University) has been driven by core values. Although its mission has evolved and expanded to meet the changing needs of citizens of the Commonwealth (and increasingly other places in the world), core values are still an integral part of the University community. Values are the code of organizational conduct. They guide decision-making in all parts of the University. They direct our actions and must inspire all of us in the EKU community to be true to them. The EKU community is committed to embodying these values in our policies and procedures in our day-to-day activities to accomplish our mission and achieve our vision. EKU has been and will continue to be guided by the following values when planning strategies and implementing decisions regarding the University community’s teaching, scholarly, and service activities.

Intellectual Vitality, which is characterized by knowledge, scholarly inquiry, creativity, critical thinking, and curiosity, all with a global perspective;

Sense of Community, which is characterized by a supportive environment with strong relationships and a commitment to service, shared governance, collaboration, and unity of purpose;

Cultural Competency, which is characterized by equitable opportunities and treatment, mutual respect, and the inclusion and
celebration of diverse peoples and ideas;

**Stewardship of Place**, by which the University enhances the intellectual capacity, economic vitality, environmental sustainability, and quality of life of the communities it serves;

**Accountability**, which is characterized by fiscal responsibility, operational transparency, and responsiveness to the needs of internal and external stakeholders; and

**Excellence**, which is achieved through integrity, continuous quality improvement, and a focused emphasis on the personal and professional growth of students, faculty, and staff.

**Vision**

Eastern Kentucky University will be a premier university dedicated to innovative student engagement and success, advancing Kentucky, and impacting the world.

The vision expresses the principal ideal to which the University aspires and toward which it continually works. This vision statement for the University Strategic Plan was developed after gathering input from external and internal constituents, including top-down and bottom-up perspectives of EKU’s future.

**Institutional Goals**

Eastern Kentucky University’s institutional goals give substance to our core values, vision statement, and mission statement. The goals impact all facets of university life, and accomplishment of them will help Eastern to become a leading comprehensive university in the Commonwealth with a national reputation for excellence.

- Academic Excellence
- Commitment to Student Success
- Institutional Distinction
- Financial Strength
- Campus Revitalization
- Service to Communities and Region

**Strategic Directions**

**Make No Little Plans: A Vision for 2020**

With input from the University communities and the Strategic Planning Steering Committee, this plan outlines the areas we need to add, emphasize, or grow in order to achieve our vision of being a premier university dedicated to innovative student engagement and success, advancing Kentucky, and impacting the world.

**Strategic Goal 1: Academic Excellence**
- Strategic Direction 1.1: Invest in Our Faculty
- Strategic Direction 1.2: Promote Innovative Instruction and Programming
- Strategic Direction 1.3: Strengthen Academic Programs

**Strategic Goal 2: Commitment to Student Success**
- Strategic Direction 2.1: Invest in Our Students
- Strategic Direction 2.2: Focus on Strategic Enrollment
- Strategic Direction 2.3: Increase Efforts to Retain and Graduate Students

**Strategic Goal 3: Institutional Distinction**
- Strategic Direction 3.1: Invest in Our Staff
- Strategic Direction 3.2: Advance the EKU Brand
- Strategic Direction 3.3: Create a Dynamic, Diverse, and Inclusive University Culture

**Strategic Goal 4: Financial Strength**
- Strategic Direction 4.1: Optimize Campus Resources
- Strategic Direction 4.2: Increase External Support
- Strategic Direction 4.3:

**Strategic Goal 5: Campus Revitalization**
- Strategic Direction 5.1: Initiate and complete EKU Revitalization plan, which includes rehabilitation of existing facilities and construction of new ones with a focus on the EKU student experience.

**Strategic Goal 6: Service to Communities and Region**
- Strategic Direction 6.1: Become the 1st-Choice Partner in Regional Educational, Economic, Cultural, and Social Development
- Strategic Direction 6.2: Become Nationally Prominent in Fields with Regional Relevance
- Strategic Direction 6.3: Bring EKU to Our Service Region
- Strategic Direction 6.4: Bring Our Service Region to EKU

ADMISSION TO THE UNIVERSITY

GENERAL REQUIREMENTS FOR UNDERGRADUATE ADMISSION

All applicants must provide an application and evidence of appropriate scholastic achievement through prior educational experience.

Please note that certain degree programs have special admission requirements. Admission to the University does not mean automatic admission to all degree programs.

The completed application and all required supporting documentation must be received by the University no later than:
- August 1 for fall enrollment
- December 1 for spring enrollment
- May 1 for summer enrollment

To apply for undergraduate admission to Eastern Kentucky University (EKU), submit completed application materials noted below and the $35 application fee to: Office of Admissions, Whitlock Bldg. 112, CPO 54, 521 Lancaster Avenue, Eastern Kentucky University, Richmond, KY 40475-3154.

ADMISSION REQUIREMENTS FOR FIRST-TIME FRESHMEN

FULL ADMISSION

Students who meet the following criteria will be granted full admission to the University:

Have graduated from an accredited high school earning a minimum cumulative high school grade point average of 2.5 on a 4.0 scale.¹

AND

Have submitted a minimum ACT or SAT score of:²
• ACT English: 15+ or SAT Evidence Based Reading/Writing: 480
• ACT Math: 16+ or SAT Math 470
• ACT Reading: 15+ or SAT Evidence Based Reading/Writing: 480

AND

Meet the Kentucky Pre-College Curriculum

AND

Have submitted an official six-semester high school transcript, or a General Equivalency Diploma (GED), or documentation indicating completion of an EKU approved home-school or distance learning high school program.³

¹All students must submit official test scores at the time of application.
²Adult Learners (21 years of age or older) may use Residual ACT, Compass Test, or University Placement Exam results in place of ACT or SAT scores.
³Students must submit final high school transcripts that show graduation.

DIRECTED ADMISSION

Students who meet the criteria for full admission and have ACT (or equivalent SAT) subject scores below 18 in English or 20 in reading, or are missing Pre-College Curriculum requirements, will be granted admission to the University in this category.

Students who have an ACT (or equivalent SAT) subject scores below 16 in Mathematics, 15 in English, or 15 in Reading will be granted Success First Admission for the summer term only and must successfully complete directed coursework to remain enrolled for the fall term. Students who subsequently to admission submitted test scores demonstrating proficiency at or above the indicated scores will be permitted to register for fall classes.

SUCCESS FIRST ADMISSION

Students who do not meet the specified criteria for full or directed admission and have a high school GPA of 2.0 on a 4.0 scale may be granted admission to the University through the Success First Initiative. Students will be admitted to associate level programs initially until they demonstrate academic success. Refer to Success First Initiatives on page 44 in the College Readiness section for further details.

NOTE: All admitted students must meet the state-mandated college readiness standards for all subjects prior to registering for classes, or they must enroll in required preparatory coursework beginning their first academic semester.

ADMISSION ON APPEAL

Students who apply but are denied admission to the University may submit a written appeal to the Admissions Appeals Committee.

The committee will carefully consider all aspects of the applicant’s situation, including academic record and desire to attend EKU, as presented in the appeal request.

If granted admission by the committee, students will partner with an academic success coach and sign a Student Success Agreement specifying academic expectations and requirements for remaining enrolled at the University.

The admissions appeal form and information regarding the appeals process can be found on the EKU Admissions website or in the Office of Admissions. For more information regarding the Student Success Agreement, see page 42 of the catalog.

EASTERN BRIDGE SUCCESS FIRST PROGRAM

Refer to the Developmental Education and College Readiness section on page 41.

REQUIREMENTS FOR INTERNATIONAL STUDENTS

International applicants must also submit:

(1) International application for admission and application fee.
(2) TOEFL Scores-minimum requirement 530 (paper based), 195 (computer based), or 72 (internet based with no band score below 16) OR Official IELTS Scores- must have at least 5.0 in all categories and 6.0 overall. Prospective Japanese students may qualify with an Eiken test score of Pre-1. Eastern Kentucky University will accept completion of level 112 from any English Language Services (ELS) program in lieu of TOEFL/IELTS Scores. Students may submit ACT or SAT scores with reading and English scores for consideration as demonstrated language proficiency.

ACT sub-scores of an 18 in English or 18 in Reading.
REQUIREMENTS FOR ADMISSION AS A TRANSFER STUDENT

To be admitted as a transfer student, you must:

1. Submit a final official transcript from each regionally accredited institution you have attended. Eastern Kentucky University does not accept credits from institutions that are not regionally accredited. Note that the transcript must be sent from the student’s institution to Eastern Kentucky University’s Office of Admissions. Hand-carried transcripts will not be accepted.

2. Have a 2.0 grade point average (GPA) on a 4.0 scale on all work from accredited institutions.

3. Provide evidence that you are eligible to return to any institution you have previously attended when good academic standing is not indicated on the official transcript.

4. Students with less than 24 college academic credits awarded since high school graduation will be considered first time freshmen for admissions purposes and will need to also submit ACT scores and high school transcripts. A student’s college coursework and academic performance will be considered in determining admisibility. While ACT scores are not required for transfer students with greater than 24 credit hours earned since high school graduation, you are encouraged to submit scores for proper course placement in English, mathematics, and reading courses if not evidenced by your college academic record.

*Note: If you are admitted as a transfer student, your cumulative GPA will include hours attempted and quality points earned from all regionally accredited institutions. The Academic Advising Office and the academic department of your major will determine the applicability of your courses to your academic program.

*Note: Eastern Kentucky University subscribes fully to the policies of the “General Education Transfer Agreement” of the Kentucky Council on Postsecondary Education. Thus, Eastern Kentucky University will apply courses transferred from Kentucky public institutions to its general education requirements in accord with those policies.

REQUIREMENTS FOR READMISSION

All previously enrolled EKU undergraduate students who have not attended Eastern Kentucky University for a period longer than 24 months must apply and be approved for readmission to the University before being allowed to continue taking classes.

Students who wish to return to EKU, who have an overall GPA that is equal to or greater than 1.5 and less than a 2.0, will return on Academic Probation status. These students will be assigned an academic coach in the Office of University Advising, and will develop an academic success plan with their coach before being allowed to register for classes. Continued enrollment is contingent upon adherence to their signed academic Student Success Agreement and meeting EKU Academic Standards Policy.

Students who wish to return to EKU but left with a GPA of less than a 1.5 must appeal for readmission through the Readmission Appeals Committee, in addition to submitting an application for readmission to the Office of Admissions. The form and instructions for an appeal for readmission can be found on the EKU Registrar’s website (http://www.registrar.eku.edu/Forms; Academic Standing/Readmit Appeals Form).

If the student’s appeal is approved he/she will be readmitted upon submitting an application for readmission. Both the application to the Office of Admissions, and the appeal to the Readmission Appeal Committee may be submitted simultaneously. The Readmission Appeal Committee may require an in-person interview during the appeal consideration process. If their appeal to return to EKU is approved these students will return on Academic Probation status. They will be assigned an academic coach in the Office of University Advising, and will develop an academic success plan with their coach before being allowed to register for classes. Continued enrollment is contingent upon adherence to their signed academic Student Success Agreement and meeting EKU Academic Standards Policy.

If a student has attended another institution since leaving EKU, and has been out of the University for longer than 24 months, his/her return to EKU will be considered under the readmission guidelines above instead of the student being considered a transfer student.

Students who have received a Developmental Dismissal must submit documentation (a transcript or official test scores) indicating that proficiency has been earned for any needed developmental coursework before they may be readmitted to the University.

See the “Stopping Out” procedure in Section Four for additional information.

OTHER TYPES OF ADMISSION

1. High School Specials

Students who have one unit less than the number required for high school graduation with superior grades (i.e., 3.0+ grade point average) may be admitted upon the written recommendation of the high school principal or guidance counselor.

2. EKU Dual Credit
EKU’s dual credit program is open to high school juniors and seniors, residing within Kentucky, who meet eligibility requirements, and whose school is partnering with EKU through a memorandum of agreement. Dual credit programs are designed to reduce degree cost and time to degree for Kentucky students. Academically strong high school students may qualify for reduced or free tuition. (See EKU Now! section below.)

Dual Credit students may enroll in a maximum of 2 courses per fall and spring semester of their junior and senior years in high school at the reduced dual credit tuition rate. They may also take advantage of the EKU “Summer 2” term, for a maximum of one course, at the reduced dual credit tuition rate, during the summer. A maximum of eight courses in total may be taken at the dual credit tuition rate.

Students may enroll at any EKU campus offering applicable courses. Courses may include general education courses or departmentally approved introductory courses for specific majors. Students may attend approved EKU courses on high school campuses via face-to-face, E-Presence, or online instruction. Students are required to meet all course pre-requisites.

EKU Dual Credit courses offered in the high school, are to be composed only of students enrolled for EKU Credit.

To qualify for EKU’s Dual Credit Program, high school juniors or seniors must have a 3.0 high school GPA and have ACT/PLAN scores on file with EKU at the time of application. Students must have minimum ACT/PLAN sub-scores of 18 in English and 20 in Reading, with a minimum ACT/PLAN composite score of 20.

To apply for EKU Dual Credit, students must submit an online Dual Credit application, ACT scores and a high school transcript by the application deadline specified for each semester. A new application and supporting documentation must be submitted each academic year to continue. EKU waives the application fee for dual credit admission.

Dual Credit students will attend special advising sessions and register for courses during a specified period prior to the beginning of an academic semester. Advising and registration sessions will be available on each of EKU’s participating campuses.

Continued participation in EKU’s Dual Credit program is dependent upon successful completion of courses. Dual credit students are expected to maintain a 2.0 minimum cumulative EKU GPA. Students who earn a “D” or an “F” in a course(s) will be required to successfully repeat the course(s) and earn a 2.0 term GPA in order to continue in the dual credit program. Students who elect to repeat a course will contact the Office of the Registrar for registration approval and assistance. Students repeating courses will be charged full dual credit tuition.

**EKU Now!** is a scholarship program for dual credit students which provides the opportunity for qualifying juniors and seniors to earn free college credit. High school juniors and seniors with a 3.0 high school GPA, ACT/PLAN composite score of 21 and above, and ACT/PLAN scores of 18 in English, 19 in Math, and 20 in Reading are eligible to receive a dual credit scholarship for one course per semester. This scholarship will pay full dual credit tuition. EKU Now! participants who successfully maintain academic eligibility may earn scholarships for up to five free EKU courses and may include one summer course.

EKU Now! participants who maintain a minimum 3.5 unweighted high school GPA and a 23 ACT composite can earn an additional four dual credit scholarships, one per semester, tuition free. These students will be designated Whitlock Scholar Candidates. Additional information regarding Whitlock Scholars can be obtained by calling 859-622-6532.

All dual credit students are responsible for the cost of textbooks and parking permits when applicable. Students electing to use the Student Recreation Center may request that this fee be added to their accounts.

**NOTE:** KYOTE or COMPASS test scores, as well as EKU Placement Test scores, PARCC and Smarter Balanced scores, may be substituted for ACT sub-scores. EKU Dual Credit scholarships will be applied after any KY Dual Credit Scholarships offered through KHEAA.

Additional information on COMPASS or KYOTE college readiness scores, is available from EKU Academic Testing 859-622-1281, or visit http://www.developmentaleducation.eku.edu/program-description.

SAT conversion scores will be determined by EKU’s Department of Academic Testing.

Exceptions to the junior/senior status will be taken into consideration when a student meets one of the dual credit scholarship levels. Exceptions must be approved in writing by the high school principal. A student’s academic and social maturity should be considered for the success of the student. The request will be routed through the Office of the Senior Vice President for Academics and Provost for final approval. These students may enroll in one course per semester prior to their junior and senior years in high school.

Exceptions to the high school GPA requirement for juniors and seniors will be taken into consideration upon the written recommendation of the high school principal. The request will be routed through the Office of the Senior Vice President for Academics and Provost for final approval. High schools may have a maximum of 2% of their EKU Dual Credit enrollment (or two students, whichever is higher) participating under the high school GPA exception.

3. **Visiting Students**

If you are a student at another institution and wish to enroll at Eastern Kentucky University as a visiting, or “transient,” student, you may be admitted by submitting an official transcript or a statement indicating that you are eligible to return to your institution.

4. **Admission as a Non-Degree Student**

Upon submission of an application, you may be admitted as a non-degree student. If so admitted,

1. Your eligibility for enrollment in specific courses will be dependent upon meeting the stated course prerequisites.
2. You must meet with an academic advisor to be advised and receive a RAC number;
3. You will not be eligible to receive financial assistance awards.

If you subsequently decide to pursue a degree, you must reapply for admission as a degree seeker. If you are thus admitted,

1. You will be required to remediate all pre-college curriculum deficiencies and to satisfy all Eastern Kentucky University developmental requirements.
5. O’Donnell Scholarship Recipients

If you are at least 65 years of age, you may be admitted to Eastern Kentucky University with a waiver of tuition. You need submit only an application for admission.

6. Home-Schooled Students

   Eastern Kentucky University applies the same admissions requirements to home-schooled students as those who graduate from a public or private high school. Students who meet our criteria will be granted an admissions status as established by the current admissions policy: Full Admit, Provisional Admit, Probationary Admit, or Special Admit.

   Home-schooled students are subject to the secondary education standards established by the Kentucky Department of Education and the Kentucky Council on Post Secondary Education. This includes meeting the curriculum guidelines of the State approved Pre-College Curriculum.

   In order to gain admission to Eastern Kentucky University, in addition to the application and application fee, these students must submit a notarized copy of their official transcript demonstrating they have met the PCC curriculum and have a minimum accumulative GPA of 2.0 on a 4.0 scale. They must also submit an official ACT score report.

7. International Baccalaureate

   Students who complete the International Baccalaureate Diploma may present their official exam results for demonstration of completion of secondary education. Based on the exam scores received, students will qualify for advanced academic placement (See Section Four General Academic Information or www.testing.eku.edu).

KENTUCKY PRE-COLLEGE CURRICULUM

The Kentucky Pre-College Curriculum (PCC) is defined by the Kentucky Council on Postsecondary Education (CPE) as a prescribed set of high school courses required for admission to an associate or baccalaureate degree program at a Kentucky public university. Students under 21 years of age must complete the PCC if they are admitted to the University as a degree seeking student or transfer in with less than 24 credit hours or with a GPA less than 2.0 on a 4.0 scale. The Pre-College Curriculum better prepares students for college-level work and reflects high school graduation requirements. Students admitted to the University with PCC deficiencies must complete courses to remediate these deficiencies. Pre-College Curriculum deficiencies must be remediated within the first 24 hours of enrollment, excluding developmental hours. Specific courses are designated to remediate PCC deficiencies in each content area.

PCC requirements, established by the state, are four credits of English/Language Arts, three credits of Mathematics, three credits of Social Studies, three credits of Science, one-half credit of health, one-half credit of physical education, one credit of History and Appreciation of Visual, Performing Arts, and two credits or demonstrated competency of a World Language.

Students with a pre-college curriculum deficiency in World Languages are required to complete six credit hours of an approved World Language within 24 hours of enrollment. All six credit hours must be earned in the same World Language. Students with PCC deficiencies in other subject areas (English, Mathematics, Social Studies, Science) will remediate those needs by following the EKU General Education curriculum.

If you have any questions concerning Kentucky Pre-College Curriculum requirements, please contact the Office of Academic Advising, the Office of Admissions, or the Office of Academic Readiness.

STUDENT RESIDENCY

Since registration and other fees and residence hall room costs are subject to change periodically, no attempt is made in this publication to itemize these costs. This information is available from the Office of Admissions prior to the beginning of each academic year.

Any veteran of the Armed Forces of the United States or National Guard who is eligible for Post-9/11 GI Bill® benefits who enrolls as a student in the university as a non-Kentucky resident will be charged no more than the maximum tuition reimbursement provided under the Post-9/11 GI Bill® to public universities for eligible Kentucky residents. Veterans must submit a DD-214 or VA Certificate (Letter) of Eligibility for Post 9-11 (Chapter 33) GI Bill® benefits through the Office of Military and Veterans Affairs to the Office of Admissions to validate their eligibility for this provision.

STATUTORY AUTHORITY: KRS 164.020(8)

NECESSITY, FUNCTION, AND CONFORMITY: KRS 164.020(8) requires the Council on Postsecondary Education to determine tuition and approve the minimum qualifications for admission to a state-supported postsecondary education institution and authorizes the Council to set different tuition amounts for residents of Kentucky and for nonresidents. This administrative regulation establishes the procedure and guidelines for determining the residency status of a student who is seeking admission to, or who is enrolled at, a state-supported postsecondary education institution.

Section 1. Definitions.
which a course of studies is offered, and includes a semester, quarter, or single consolidated summer term as defined by the institution.

(2) “Continuous enrollment” means enrollment in a state-supported postsecondary education institution at the same degree level for consecutive terms, excluding summer term, since the beginning of the period for which continuous enrollment is claimed unless a sequence of continuous enrollment is broken due to extenuating circumstances beyond the student’s control, such as serious personal illness or injury, or illness or death of a parent.

(3) “Degree level” means enrollment in a course or program which could result in the award of a:
(a) Certificate, diploma, or other program award at an institution;
(b) Baccalaureate degree or lower, including enrollment in a course by a nondegree-seeking postbaccalaureate student;
(c) Graduate degree or graduate certification other than a first-professional degree in law, medicine, dentistry, or “Pharm. D”; or
(d) Professional degree in law, medicine, dentistry, or “Pharm. D”.

(4) “Dependent person” means a person who cannot demonstrate financial independence from parents or persons other than a spouse and who does not meet the criteria for independence established in Section 5 of this administrative regulation.

(5) “Determination of residency status” means the decision of a postsecondary education institution that results in the classification of a person as a Kentucky resident or as a nonresident for admission and tuition assessment purposes.

(6) “Domicile” means a person’s true, fixed, and permanent home and is the place where the person intends to remain indefinitely, and to which the person expects to return if absent without intending to establish a new domicile elsewhere.

(7) “Full-time employment” means continuous employment for at least forty-eight (48) weeks at an average of at least thirty (30) hours per week.

(8) “Independent person” means a person who demonstrates financial independence from parents or persons other than a spouse and who meets the criteria for independence established in Section 5 of this administrative regulation.

(9) “Institution” means an entity defined by KRS 164.001(12) if the type of institution is not expressly stated and includes the Kentucky Virtual University, the Council on Postsecondary Education, and the Kentucky Higher Education Assistance Authority.

(10) “Kentucky resident” means a person determined by an institution for tuition purposes to be domiciled in, and a resident of, Kentucky as determined by this administrative regulation.

(11) “Nonresident” means a person who:
(a) Is domiciled outside Kentucky;
(b) Currently maintains legal residence outside Kentucky; or
(c) Is not a Kentucky resident as determined by this administrative regulation.

(12) “Parent” means one (1) of the following:
(a) A person’s father or mother; or
(b) A court-appointed legal guardian if:
1. The guardianship is recognized by an appropriate court within the United States;
2. There was a relinquishment of the rights of the parents; and
3. The guardianship was not established primarily to confer Kentucky residency on the person.

(13) “Preponderance of the evidence” means the greater weight of evidence or evidence that is more credible and convincing to the mind.

(14) “Residence” means the place of abode of a person and the place where the person is physically present most of the time for a noneducational purpose in accordance with Section 3 of this administrative regulation.

(15) “Student financial aid” means all forms of payments to a student if one (1) condition of receiving the payment is the enrollment of the student at an institution, and includes student employment by the institution or a graduate assistantship.

(16) “Sustenance” means:
(a) Living expenses, such as room, board, maintenance, and transportation; and
(b) Educational expenses, such as tuition, fees, books, and supplies.

Section 2. Scope.

(1) State-supported postsecondary education institutions were established and are maintained by the Commonwealth of Kentucky primarily for the benefit of qualified residents of Kentucky. The substantial commitment of public resources to postsecondary education is predicated on the proposition that the state benefits significantly from the existence of an educated citizenry. As a matter of policy, access to postsecondary education shall be provided so far as feasible at reasonable cost to a qualified individual who is domiciled in Kentucky and who is a resident of Kentucky.

(2) In accordance with the duties established in KRS 164.020, the Council on Postsecondary Education may require a student who is neither domiciled in, nor a resident of, Kentucky to meet higher admission standards and to pay a higher level of tuition than resident students.

(3) Unless otherwise indicated, this administrative regulation shall apply to all student residency determinations, regardless of circumstances, including residency determinations made by:
(a) The state-supported institutions for prospective and currently-enrolled students;
(b) The Southern Regional Education Board for contract spaces;
(c) Reciprocity agreements, if appropriate;
(d) The Kentucky Virtual University;
(e) Academic common market programs;
(f) The Kentucky Educational Excellence Scholarship Program; and
(g) Other state student financial aid programs, as appropriate.

Section 3. Determination of Residency Status; General Rules.

(1) A determination of residency shall include:
(a) An initial determination of residency status by an institution:
1. During the admission process;
2. Upon enrollment in an institution for a specific academic term; or
3. For admission into a specific academic program;
(b) A reconsideration of a determination of residency

Section Two - Admission and Residency

Status by an institution based upon a changed circumstance; or
(c) A formal hearing conducted by an institution upon request of a student after other administrative procedures have been completed.

(2) An initial determination of residency status shall be based upon:
(a) The facts in existence when the credentials established by an institution for admission for a specific academic term have been received and during the period of review by the institution;
(b) Information derived from admissions materials;
(c) If applicable, other materials required by an institution and consistent with this administrative regulation; and
(d) Other information available to the institution from any source.

(3) An individual seeking a determination of Kentucky residency status shall demonstrate that status by a preponderance of the evidence.

(4) A determination of residency status shall be based upon verifiable circumstances or actions.

(5) Evidence and information cited as the basis for Kentucky domicile and residency shall accompany the application for a determination of residency status.

(6) A student classified as a nonresident shall retain that status until the student is officially reclassified by an institution.

(7) A student may apply for a review of a determination of residency status once for each academic term.

(8) If an institution has information that a student’s residency status may be incorrect, the institution shall review and determine the student’s correct residency status.

(9) If the Council on Postsecondary Education has information that an institution’s determination of residency status for a student may be incorrect, it may require the institution to review the circumstances and report the results of that review.

(10) An institution shall impose a penalty or sanction against a student who gives incorrect or misleading information to an institutional official, including payment of nonresident tuition for each academic term for which resident tuition was assessed based on an improper determination of residency status. The penalty or sanction may also include:
(a) Student discipline by the institution through a policy written and disseminated to students; or
(b) Criminal prosecution.

Section Five. Determination of Whether a Student is Dependent or Independent.

(1) In a determination of residency status, an institution shall first determine whether a student is dependent or independent. This provision shall be predicated on the assumption that a dependent person lacks the financial ability to live independently of the person upon whom the student is dependent, and therefore, lacks the ability to form the requisite intent to establish domicile.

A determination that a student is independent shall be one (1) step in the overall determination of whether a student is or is not a resident of Kentucky.

(2) In determining the dependent or independent status of a person, the following information shall be considered, as well as other relevant information available when the determination is made:
(a) Whether the person has been claimed as a dependent on the federal or state tax returns of a parent or other person for the year preceding the date of application for a determination of residency status; or
(b) Whether the person has financial earnings and resources independent of a person other than an independent spouse necessary to provide for the person’s own sustenance.

(3) An individual who enrolls at an institution immediately following graduation from high school and remains enrolled shall be presumed to be a dependent person unless the contrary is evident from the information submitted.

(4) Domicile may be inferred from the student’s permanent address, parent’s mailing address, or location of high school of graduation.

(5) Marriage to an independent person domiciled in and who is a resident of Kentucky shall be a factor considered by an institution in determining whether a student is dependent or independent.

(6) Financial assistance from, or a loan made by, a parent or family member other than an independent spouse, if used for sustenance of the student:
(a) Shall not be considered in establishing a student as independent; and
(b) Shall be a factor in establishing that a student is dependent.

Section Four. Presumptions Regarding Residency Status.

(1) In making a determination of residency status, it shall be presumed that a person is a nonresident if:
(a) A person is, or seeks to be, an undergraduate student and admissions records show the student to be a graduate of an out-of-state high school within five (5) years prior to a request for a determination of residency status;
(b) A person’s admissions records indicate the student’s residence to be outside of Kentucky when the student applied for admission;
(c) A person moves to Kentucky primarily for the purpose of enrollment in an institution;
(d) A person moves to Kentucky and within twelve (12) months enrolls at an institution more than half time;
(e) A person has a continuous absence of one (1) year from Kentucky; or
(f) A person attended an out-of-state higher education institution during the past academic year and paid instate tuition at that institution.

(2) A presumption arising from subsection (1) of this section shall only be overcome by preponderance of evidence sufficient to demonstrate that a person is domiciled in and is a resident of Kentucky.
Section 6. Effect of a Determination of Dependent Status on a Determination of Residency Status.

(1) The effect of a determination that a person is dependent shall be:
   (a) The domicile and residency of a dependent person shall be the same as either parent. The domicile and residency of the parent shall be determined in the same manner as the domicile and residency of an independent person; and
   (b) The domicile and residency of a dependent person whose parents are divorced, separated, or otherwise living apart shall be Kentucky if either parent is domiciled in and is a resident of Kentucky regardless of which parent has legal custody or is entitled to claim that person as a dependent pursuant to federal or Kentucky income tax provisions.

(2) If the parent or parents of a dependent person are Kentucky residents and are domiciled in Kentucky, but subsequently move from the state:
   (a) The dependent person shall be considered a resident of Kentucky while in continuous enrollment at the degree level in which currently enrolled; and
   (b) The dependent person’s residency status shall be reassessed if continuous enrollment is broken or the current degree level is completed.

Section 7. Member or Former Member of Armed Forces of the United States, Spouse and Dependents; Effect on a Determination of Residency Status.

(1) A member, spouse, or dependent of a member whose domicile and residency was Kentucky when inducted into the Armed Forces of the United States, and who maintains Kentucky as home of record and permanent address, shall be entitled to Kentucky residency status:
   (a) During the member’s time of active service; or
   (b) If the member returns to this state within six (6) months of the date of the member’s discharge from active duty.

(2) (a) A member of the armed services on active duty for more than thirty (30) days and who has a permanent duty station in Kentucky shall be classified as a Kentucky resident and shall be entitled to in-state tuition as shall the spouse or a dependent child of the member.
   (b) A member, spouse, or dependent of a member shall not lose Kentucky residency status if the member is transferred on military orders while the member, spouse, or dependent requesting the status is in continuous enrollment at the degree level in which currently enrolled.

(3) Membership in the National Guard or civilian employment at a military base alone shall not qualify a person for Kentucky residency status under the provisions of subsections (1) and (2) of this section. If a member of the Kentucky National Guard is on active duty status for a period of not less than thirty (30) days, the member shall be considered a Kentucky resident, as shall the spouse or a dependent child of the member.

(4) A person eligible for benefits under the federal Post-9/11 Veterans Educational Assistance Act of 2008, 38 U.S.C. 3301-3325, or any other educational benefits provided under Title 38 of the United States Code shall be entitled to Kentucky resident status for purposes of tuition charged at state-supported institutions.

(5) A person’s residency status established pursuant to this section shall be reassessed if the qualifying condition is terminated.

Section 8. Status of Nonresident Aliens; Visas and Immigration.

(1) (a) A person holding a permanent residency visa or classified as a political refugee shall establish domicile and residency in the same manner as another person.
   (b) Time spent in Kentucky and progress made in fulfilling the conditions of domicile and residency prior to obtaining permanent residency status shall be considered in establishing Kentucky domicile and residency.

(2) A person holding a nonimmigrant visa with designation A, E, G, H-1, H-4 if accompanying a person with an H-1 visa, I, K, L, N, R, shall establish domicile and residency the same as another person.

(3)(a) An independent person holding a nonimmigrant visa with designation B, C, D, F, H-2, H-3, H-4 if accompanying a person with an H-2 or H-3 visa, J, M, O, P, Q, S, TD, or TN shall not be classified as a Kentucky resident because that person does not have the capacity to remain in Kentucky indefinitely and therefore cannot form the requisite intent necessary to establish domicile as defined in Section 1(6) of this administrative regulation.
   (b) A dependent person holding a visa as described in paragraph (a) of this subsection, but who is a dependent of a parent holding a visa as described in subsection (2) of this section, shall be considered as holding the visa of the parent.
   (c) A dependent person holding a visa described in subsection (2) of this section or paragraph (a) of this subsection, if a parent is a citizen of the United States and is a resident of and domiciled in Kentucky, shall be a resident of Kentucky for the purposes of this administrative regulation.

(4) A person shall be a Kentucky resident for the purpose of this administrative regulation if the person graduated from a Kentucky high school and:
   (a) Is an undocumented alien;
   (b) Holds a visa listed in subsections (2) or (3)(a) of this section; or
   (c) Is a dependent of a person who holds a visa listed in subsections (2) or (3)(a) of this section.

(5) (a) Except as provided in paragraph (b) of this subsection, a person who has petitioned the federal government to reclassify visa status shall continue to be ineligible until the petition has been granted by the federal government.
   (b) A person who has petitioned the federal government to reclassify his or her visa status based on marriage to a Kentucky resident and who can demonstrate that the petition has been filed and acknowledged by the federal government, may establish Kentucky domicile and residency at that time.

Section 9. Beneficiaries of a Kentucky Educational Savings Plan Trust. A beneficiary of a Kentucky Educational Savings Plan Trust shall be granted residency status if the beneficiary meets the requirements of KRS 164A.330(6).

Section 10. Criteria Used in a Determination of Residency Status.

(1)(a) A determination of Kentucky domicile and residency shall
be based upon verifiable circumstances or actions.
(b) A single fact shall not be paramount, and each situation shall be evaluated to identify those facts essential to the determination of domicile and residency.
(c) A person shall not be determined to be a Kentucky resident by the performance of an act that is incidental to fulfilling an educational purpose or by an act performed as a matter of convenience.
(d) Mere physical presence in Kentucky, including living with a relative or friend, shall not be sufficient evidence of domicile and residency.
(e) A student or prospective student shall respond to all requests for information regarding domicile or residency requested by an institution.

(2) The following facts, although not conclusive, shall have probative value in their entirety and shall be individually weighted, appropriate to the facts and circumstances in each determination of residency:
(a) Acceptance of an offer of full-time employment or transfer to an employer in Kentucky or contiguous area while maintaining residence and domicile in Kentucky;
(b) Continuous physical presence in Kentucky while in a nonstudent status for the twelve (12) months immediately preceding the start of the academic term for which a classification of Kentucky residency is sought;
(c)1. Filing a Kentucky resident income tax return for the calendar year preceding the date of application for a change in residency status; or 2. Payment of Kentucky withholding taxes while employed during the calendar year for which a change in classification is sought;
(d) Full-time employment of at least one (1) year while living in Kentucky;
(e) Attendance as a full-time, nonresident student at an out-of-state institution based on a determination by that school that the person is a resident of Kentucky;
(f) Abandonment of a former domicile or residence and establishing domicile and residency in Kentucky with application to or attendance at an institution following and incidental to the change in domicile and residency;
(g) Obtaining licensing or certification for a professional and occupational purpose in Kentucky;
(h) Payment of real property taxes in Kentucky;
(i) Ownership of real property in Kentucky, if the property was used by the student as a residence preceding the date of application for a determination of residency status;
(j) Marriage of an independent student to a person who was domiciled in and a resident of Kentucky prior to the marriage; and
(k) The extent to which a student is dependent on student financial aid in order to provide basic sustenance.

(3) Except as provided in subsection (4) of this section, the following facts, because of the ease and convenience in completing them, shall have limited probative value in a determination that a person is domiciled in and is a resident of Kentucky:
(a) Kentucky automobile registration;
(b) Kentucky driver’s license;
(c) Registration as a Kentucky voter;
(d) Long-term lease of at least twelve (12) consecutive months

(4) The absence of a fact contained in subsection (3) of this section shall have significant probative value in determining that a student is not domiciled in or is not a resident of Kentucky.

Section 11. Effect of a Change in Circumstances on Residency Status.
(1) If a person becomes independent or if the residency status of a parent or parents of a dependent person changes, an institution shall reassess residency either upon a request by the student or a review initiated by the institution.
(2) Upon transfer to a Kentucky institution, a student’s residency status shall be assessed by the receiving institution.
(3) A reconsideration of a determination of residency status for a dependent person shall be subject to the provisions for continuous enrollment, if applicable.

Section 12. Student Responsibilities.
(1) A student shall report under the proper residency classification, which includes the following actions:
(a) Raising a question concerning residency classification;
(b) Making application for change of residency classification with the designated office or person at the institution; and
(c) Notifying the designated office or person at the institution immediately upon a change in residency.
(2) If a student fails to notify an institutional official of a change in residency, an institutional official may investigate and evaluate the student’s residency status.
(3)(a) If a student fails to provide, by the date specified by the institution, information required by an institution in a determination of residency status, the student shall be notified by the institution that the review has been canceled and that a determination has been made.
(b) Notification shall be made by registered mail, return receipt requested.
(c) Notification shall be made within ten (10) calendar days after the deadline for receipt of materials has passed.
(4)(a) The formal hearing conducted by an institution and the final recommended order shall be a final administrative action with no appeal to the Council on Postsecondary Education.
(b) A formal administrative hearing conducted by the Council on Postsecondary Education for residency determinations related to eligibility for the Academic Common Market and Regional Contract Programs shall be conducted pursuant to the provisions of KRS Chapter 13B and 13 KAR 2:070. The recommended order issued by the President of the Council shall be a final administrative action.
(5) A student shall not be entitled to appeal a determination of residency status if the determination made by an institution is because a student has failed to meet published deadlines for the submission of information as set forth in subsection (3) of this section. A student may request a review of a determination of residency status in a subsequent academic term.

Section 13. Institutional Responsibilities. Each institution shall:
(1) Provide for an administrative appeals process that includes a

(1) A student who appeals a determination of residency by a residency review committee shall be granted a formal hearing by an institution if the request is made by a student in writing within fourteen (14) calendar days after notification of a determination by a residency review committee.

(2) If a request for a formal hearing is received, an institution shall appoint a hearing officer to conduct a formal hearing. The hearing officer shall:

(a) Be a person not involved in determinations of residency at an institution except for formal hearings; and
(b) Not be an employee in the same organizational unit as the residency appeals officer.

(3) An institution shall have written procedures for the conduct of a formal hearing that have been adopted by the board of trustees or regents, as appropriate, and that provide for:

(a) A hearing officer to make a recommendation on a residency appeal;
(b) Guarantees of due process to a student that include:
   1. The right of a student to be represented by legal counsel; and
   2. The right of a student to present testimony and information in support of a claim of Kentucky residency; and
(c) A recommendation to be issued by the hearing officer.

(4) An institution’s formal hearing procedures shall be filed with the Council on Postsecondary Education and shall be available to a student requesting a formal hearing.

Section 15. Cost of Formal Hearings.

(1) An institution shall pay the cost for all residency determinations including the cost of a formal hearing.

(2) A student shall pay for the cost of all legal representation in support of the student’s claim of residency.

Residency appeals officer to consider student appeals of an initial residency determination and which shall include a provision of fourteen (14) days for the student to appeal the residency appeals officer’s determination;

(2) Establish a residency review committee to consider appeals of residency determinations by the residency appeals officer. The residency review committee shall make a determination of student residency status and notify the student in writing within forty-five (45) days after receipt of the student appeal;

(3) Establish a formal hearing process as described in Section 14 of this administrative regulation; and

(4) Establish written policies and procedures for administering the responsibilities established in subsections (1), (2), and (3) of this section and that are:

(a) Approved by the institution’s governing board;
(b) Made available to all students; and
(c) Filed with the council.

RESIDENCY APPEALS POLICY AND PROCEDURES

1. BASIS FOR RESIDENCY CLASSIFICATION

The Commonwealth of Kentucky has established a process and corresponding criteria for the determination of residency classification for students seeking admission to, or enrolled in, public institutions of higher education. The Council on Postsecondary Education (hereinafter referred to as “CPE”) has established Kentucky Administrative Regulation 13 KAR 2:045 (hereinafter referred to as “the Regulation”) to be followed by all public institutions of higher education in the Commonwealth concerning residency classification. This Regulation can be found in the current Undergraduate Catalog and the current Graduate Catalog and copies are available upon request from the Office of Admissions, located in the Whitlock Building, Room 112 or by calling (859) 622-21-6 or 1-800-465-9191.

2. INSTITUTIONAL ADMINISTRATION OF THE RESIDENCY POLICY

The Council on Postsecondary Education authorizes each institution to establish a procedure for the determination of residency classification based upon the Regulation.

2.1 Office of Admissions

The Office of Admissions, Whitlock Building, Room 112, CPO 54, 521 Lancaster Avenue, Richmond, KY 40475-3154, at Eastern Kentucky University serves as the coordinating office for institutional implementation of the Regulation. Instructions for filing applications for reclassification and copies of the Regulation are available in this office. Also, Admissions staff members are available to answer questions regarding policy and procedures.

2.2 Initial Classification

The initial determination of residency status is made by the University based upon the credentials submitted by an applicant for admission to the University in accordance with the Regulations.

2.3 Appeal of Residency Status

Once an initial classification of residency is made by the Office of Admissions, it is the student’s responsibility to initiate an appeal of such classification. Request for reclassification must be filed with the Office of Admissions NO LATER THAN THIRTY (30) CALENDAR DAYS after the first full day of classes of the fall or spring academic term for which reclassification is sought or not later than ten (10) calendar days after the first day of class for the summer term. Requests for reclassification are to be made in affidavit form on the form available from the Office of Admissions. A student may apply only once during an academic term. A student classified as a non-resident will retain that status until a change is brought about by successful appeal. If an appeal results in a change of classification, the change will not be effective earlier than the semester during which the appeal is filed. If a student is initially classified non-resident but does not enroll the semester for which the student originally applied, the residency classification will be reassessed for subsequent semesters.

2.4 Affidavit (Application for Reclassification)

Adopted effective April 5, 1991; Amended effective May 16, 1996; Amended effective June 16, 1997; Amended effective July 13, 1998; Amended effective June 7, 1999; Amended effective November 12, 2002; Amended effective April 2, 2010; Amended effective June 9, 2015.
Affidavits will not be accepted unless the form is fully completed, properly signed and notarized. In no case will a decision be granted without an affidavit and all required supporting documentation.

2.5 Documentation
Because of the variety of factors related to establishing residency for tuition purposes, the number of documents required to complete an appeal may vary from case to case. In all cases, the University may require certification of authenticity of documents. It is the appealing student’s responsibility to provide sufficient documentation to clarify circumstances related to the appeal. In all cases, circumstances related to establishing domicile must be verifiable.

2.6 Review of the Residency File by the Residency Appeals Officer
A Residency Appeals Officer designated by the University shall review the affidavit and documentation and notify the student, in writing, within fourteen (14) days of making a determination. Students who do not agree with the Residency Appeals Officer’s determination may appeal his/her residency status to the University’s Residency Review Committee within fourteen (14) days of the Residency Appeals Officer’s determination.

3. UNIVERSITY RESIDENCY REVIEW COMMITTEE
Pursuant to the Regulation, Eastern Kentucky University has a Residency Review Committee (hereinafter referred to as the “Committee”) to review and evaluate student affidavits for reclassification and to consider changes in the residency classification.

3.1 Timely Appeal
The Student must notify the Residency Appeals Officer in writing, if he or she wishes his/her case to be reviewed by the Committee, within fourteen (14) calendar days after notification of the Residency Appeals Officer’s determination. The Residency Appeals Officer shall immediately forward the request and the student’s residency file to the Chair of the Committee.

3.2 Committee Membership
The Residency Review Committee shall be comprised of three members: the Associate Vice President for Enrollment Management; a member of the Faculty-at-Large, who shall be appointed annually by the Faculty Senate; and a member of the student body, who shall be appointed by the Office of the Vice President for Student Affairs from a list of students recommended by the Student Association.

3.3 Determination of the Committee
The Committee shall issue a written decision citing the section of the Regulation on which the decision is based. The Committee may vote to defer a case for additional documentation, or the Committee may make a decision contingent upon conditions prescribed by the Committee. The Chair of the Committee will then determine when and whether contingencies are met.

3.4 Notification of Decision
The Committee shall make a determination of student residency status and notify the student, in writing, within forty-five (45) days after receipt of the student appeal. Decisions denying appeals are communicated to the student by certified mail, return receipt requested. In all cases where the Committee reaches a determination granting in-state residency status, copies of the letter of notification will be sent to the Office of Admissions, Student Accounting Services, the Registrar’s Office, and Student Financial Assistance.

4. REQUEST FOR FORMAL HEARING
Pursuant to the Regulation, the University shall provide a formal hearing in the event a student wishes to appeal the determination of the Residency Review Committee.

4.1 Timely Request
A student who wishes to appeal the determination of the Committee shall be granted a formal hearing by the University if the student notifies the Office of the Associate Vice President for Enrollment Management, Whitlock Building, Room 340, CPO 63, Richmond, KY 40475-3163, in writing, within fourteen (14) calendar days after notification of the Residency Review Committee’s determination. The Assistant Vice President for Enrollment Management shall immediately forward the request and the student’s residency file to the Office of the President.

4.2 The Hearing Officer
Upon receipt of a request for a formal hearing, the University President shall appoint a Hearing Officer to conduct the hearing. The Hearing Officer shall not be a person involved in determinations of residency at a public institution of higher education in Kentucky (including the Kentucky Commonwealth Virtual University) and shall not be an employee of the same organizational unit as the Residency Appeals Officer.

4.3 Formal Hearing Procedures
The hearing shall be conducted in accordance with the following procedures:

4.3.1. Notice of Hearing
4.3.1.a. The University shall conduct the hearing as soon as practicable and shall give notice of the hearing to the parties not less than twenty (20) days in advance of the date set for the hearing. A reasonable effort shall be made to schedule the hearing on a date that is convenient to all parties involved.

4.3.1.b. The hearing notice shall be served on all parties by certified mail, return receipt requested, to the last known addresses of the parties, or by personal service.

4.3.1.c. The notice shall be in plain language and shall include:
• the date, time and place of the hearing;
• the name, official title, and mailing addresses of the Hearing Officer;
• the names, official titles, mailing addresses, and, if available, telephone numbers of all parties involved in the hearing, including the counsel or representative of the University; and
• a statement advising the student of his/her right to legal counsel.

4.3.2. Hearing Procedure
4.3.2.a. The Hearing Officer shall conduct the hearing and all related proceedings in a manner which will promote the orderly and prompt conduct
of the hearing.

4.3.2.b. To the extent necessary for the full disclosure of all relevant facts and issues, the Hearing Officer shall give all parties the opportunity to respond, present evidence and argument, conduct cross-examination, and submit rebuttal evidence.

4.3.2.c. Any party to the hearing may participate in person or be represented by counsel. A student shall pay for the cost of all legal representation in support of the student’s claim or residency. Legal counsel for the student must file a notice of appearance with the Hearing Officer prior to the date of the hearing.

4.3.2.d. The Hearing Officer may conduct all or part of the hearing by telephone, television, or other electronic means, if each party to the hearing has an opportunity to hear, and if technically feasible, to see the entire proceeding as it occurs, and if each party agrees.

4.3.2.e. The hearing shall be open to the public unless specifically closed pursuant to a provision of law. If the hearing is conducted by telephone, television, or other electronic means, and is not closed, public access shall be satisfied by giving the public an opportunity, at reasonable times, to hear or inspect the University’s records.

4.4 Findings of Fact; Evidence; Recording of Hearing; Burden of Proof

4.4.1. Findings of fact shall be based exclusively on the evidence on the record.

4.4.2. All testimony shall be made under oath or affirmation.

4.4.3. Objections to evidence presented may be made by any party and shall be noted in the record.

4.4.4. The University shall be responsible for having all testimony, motions and objections in a hearing accurately and completely recorded. Any person, upon request, may receive a copy of the recording or a copy of the transcript, if the hearing has been transcribed, at the discretion of the University, unless the hearing is closed by law. The University may prepare a transcript of a hearing or a portion of a hearing upon request but the party making the request shall be responsible for the transcription costs. The form of all requests and fees charged shall be consistent with KRS 61.870 to 61.884.

4.4.5. Unless otherwise provided by state or federal law, the student appealing the residency decision has the burden of proving the student’s right to having his/her residency status changed. The student has the ultimate burden of proof of persuasion as to this issue to be shown by a preponderance of evidence in the record. Failure to meet the burden of proof is grounds for a recommended order from the Hearing Officer.

4.5 Prohibited Communications

4.5.1. The Hearing Officer shall not communicate off the record with any party to the hearing or any other person who has a direct or indirect interest in the outcome of the hearing, concerning any substantive issue, while the hearing is pending.

4.6. Recommended Order

4.6.1. The Hearing Officer shall complete and submit to the University President, no later than sixty (60) days following receipt of the student’s residency file, a written recommended order which shall include the Hearing Officer’s findings of fact, conclusion of law, and recommended disposition of the hearing.

4.6.2. A copy of the Hearing Officer’s recommended order shall also be sent to each party in the hearing. Each party shall have fifteen (15) days from the date the recommended order is mailed within which to file exceptions to the recommendations with the University President. The recommended order may be sent by regular mail to the last known address of the party.

4.7. Final Order

4.7.1. In making the final order, the University President shall consider the record including the recommended order and any exceptions filed by, or on behalf of, the student.

4.7.2. The University President may accept the recommended order of the Hearing Officer and adopt it as the University’s final order, or he or she may reject or modify, in whole or in part, the recommended order, or he or she may send the matter, in whole or in part, back to the Hearing Officer for further proceedings as appropriate.

4.7.3. The final order shall be in writing. If the final order differs from the recommended order, it shall include separate statements of findings of fact and conclusions of law.

4.7.4. The University President shall render a final order within thirty (30) days after receipt of the recommended order unless the matter is sent back to the Hearing Officer for further proceedings.

4.7.5. A copy of the final order shall be transmitted to each party or to his/her attorney of record by certified mail, return receipt requested, sent to the last known address of the parties, or by personal service. A copy of the final order shall also be sent to the Office of Admissions, Student Accounting Services, the Registrar’s Office, and Student Financial Assistance.

5. RECORDS
All official files and materials relating to a student’s appeal of an initial residency determination shall be returned to the Office of Admissions to be placed with the application for admissions at whatever point in the process the appeals procedure is terminated.

OFFICE OF FINANCIAL AFFAIRS AND TREASURER

The office of Finance and Administration coordinates the following areas of University operations: 1) Accounting and Financial Services, 2) Budgeting, 3) Facilities Services, 4) Human Resources, 5) Information Technology, 6) Purchases and Stores, 7) Student Accounting Services, and 8) University Card Services. Additionally, the following contractual departments report to the University through the Office of Finance and Administration: 1) EKU Dining Services, and 2) EKU Bookstore.

Students may view the mission statement of each of the above areas by visiting the Office of Finance and Administration web page at http://www.financialaffairs.eku.edu.

FINANCIAL OBLIGATIONS OF THE STUDENT

Any student or former student who is indebted to the University and who fails to make satisfactory settlement within a time limit prescribed is liable for administrative action. Students who are indebted to the University may not register at the University nor will their transcript or diploma be released until the debt is paid. Any student indebted to the University who cannot meet his or her financial obligations within the time limit prescribed is responsible for calling on the division of Student accounting Services and explaining the reasons for failure to pay. Students who fail to pay their account balance in a timely manner may also be liable for additional collection costs incurred by the University in collecting the amount owed.

REFUND POLICY

No refund can be made on certain class fees and optional fees as established by the Eastern Kentucky University Board of Regents. Students wishing to withdraw from courses must do so online via EKUDirect (on the EKU home page at www.eku.edu). When a student officially withdraws from the University or from any course or courses for which hourly rates apply, tuition and fees will be adjusted in the following manner:

<table>
<thead>
<tr>
<th>Time Period*</th>
<th>Refund</th>
</tr>
</thead>
<tbody>
<tr>
<td>During add/drop period for any class (for full semester classes = 1st week)</td>
<td>100%</td>
</tr>
<tr>
<td>From end of 1st week through end of 2nd week of class</td>
<td>75%</td>
</tr>
<tr>
<td>From end of 2nd week through end of 3rd week of class</td>
<td>50%</td>
</tr>
<tr>
<td>From end of 3rd week through end of 4th week of class</td>
<td>25%</td>
</tr>
<tr>
<td>After the 4th week of class</td>
<td>0%</td>
</tr>
</tbody>
</table>

*Partial semester courses vary in length and the percentage of refunds and the effective dates will be modified accordingly. This policy applies to refundable fees only; non-refundable fees are not included. In no case shall a refund of rent be made to a person who remains a student but moves from University housing at his or her convenience.

FINANCIAL APPEALS

An appeals process exists for students who feel that individual circumstances warrant exceptions from published policy. Financial appeals may be submitted if a student had an unforeseeable and unavoidable situation during the semester the charges were incurred that prevented them from attending classes and completing the semester. All appeal letters should be submitted by the student in writing clearly stating the reason for the appeal.

Documentation should be attached to all appeal letters to validate the situation. Circumstances that do not qualify for financial appeal include pre-existing conditions, routine pregnancy, employment opportunities and financial hardship, including denial of financial aid. In most cases, any refund that is the result of an approved appeal will be returned to the source of the payment, the student, the financial aid lender, or a third party entity. Financial appeals should be submitted to the Financial Appeals Committee, Whitlock Building CPO 60, 521 Lancaster Avenue, Richmond, KY 40475.

Refunds for reduction in course load for part-time students will be at the same percentage rate as for students who officially withdraw from the University; however, if the reduction in course load results from the cancellation of a class or from the student having been permitted to enroll for a class for which he or she was not eligible, a full refund will be made of the registration fee for the course being dropped.

Colonel 1 Card Office
Powell Building 1st Floor
Phone: (859) 622-2179 Fax: (859) 622-6226

The Colonel Card 1 Office provides students with a variety of services regarding their EKU student identification card, the Colonel 1 Card. This identification card is used for meal plans, Colonel Cash, campus vending machines, laundry rooms in residence halls, at the EKU Bookstore, and at the EKU Computer Store. In addition, EKU has partnered with Higher One for refund disbursements and to add optional banking solutions.

The Colonel 1 Card Office is responsible for issuing new and replacement identification cards. The Colonel 1 Card Office will troubleshoot any issues that a student may have with their card or accounts associated with their card. Students, faculty, and staff may purchase meal plans and add money to their accounts in the Colonel 1 Card Office.

The Colonel 1 Card will allow students access to the following:

• Athletic events
• University Library facilities
• Cashing checks
• Campus recreation
• University sponsored events
• Student Health Services

The Colonel 1 Card has three different accounts associated with the card:

• Colonel Cash - This is a prepaid account that can be used at the EKU Dining Services locations, the EKU Bookstore, the EKU Computer Store, campus vending machines, and laundry rooms in the residence halls. This account will carry balances over from year-to-year.
• Meal Plans - EKU Dining Services has several different meal plans to accommodate any student’s needs. Meal plans can be used at any EKU Dining Services location. Please check with EKU Dining Services regarding terms and conditions associated with meal plans. Please note that EKU Dining Services follows the same refund schedule, for full term, which is outlined by the University. (See Refund Policy above.) EKU’s Colonel Compass http://www.eku.edu/compass/deadlines/lists all important dates and deadlines associated with each term.
• Optional Flex - This is a prepaid account that can be used at any EKU Dining Services location. Please check with EKU Dining Services regarding terms and conditions associated with this account.

Acceptable methods of payment for meal plans, Optional Flex, or Colonel Cash accounts are cash, check, Visa, Mastercard, or University student account (meal plans only).

The Colonel 1 Card Office is open during the following normal business hours:

Monday, Wednesday, Thursday 8:00 a.m. - 5:00 p.m.
Tuesday 8:00 a.m. - 6:00 p.m.
Friday 8:00 a.m. - 4:30 p.m.

The Colonel 1 Card is property of EKU and is issued for convenience. It must be presented (or surrendered) upon request by authorized officials of the University. This card is to be returned upon termination of the holder’s relationship with the University. Any expenditure associated with the use of this card is the responsibility of the holder until it is reported lost/stolen. A fee will be charged for damage made to the identification card or if the card is lost or stolen. The loss of a card must be reported immediately to the Colonel 1 Card Office, Powell Student Center, (859) 622-2179.

EKU Dining Services
17 Powell Building
Phone: (859) 622-3691 Fax: (859) 622-6226
www.ekudining.com

EKU Dining Services offers a variety of dining alternatives including fresh food options, an assortment of brand restaurants, catering, and athletic concessions. It is the goal of EKU dining to provide high quality and satisfying dining experiences for the whole campus community.

The Fresh Food Company and Stratton Café offer freshly cooked foods in a comforting atmosphere. The Fountain Food Court blends the signature brands Grille Works and Zoca Fresh Mex with the famous national brands Chick-Fil-A, Jump Asian Express, and Subway. Java City at the Crabbe library and Einstein Bros. Bagels in the Moore Building offer gourmet coffees, bakery items, as well as grab & go salads and sandwiches. Starbucks is located nearby in the Weaver Building. EKU Dining Services also operate five convenience stores throughout campus including the P.O.D. (Provisions On Demand) in the Fountain Food Court.

In order to provide better convenience to students, the C3 Express stores in Telford, Keene, and Martin Hall stay open late and the Fountain Food Court is open until 2 a.m.

EKU Dining Services also provides full-service catering. The dedicated catering staff provides a variety of services for both on-campus and off-campus events. A special Student Catering Guide is available to accommodate the dynamic requirements of students. Tremendous emphasis is placed on actively measuring customer satisfaction, responding to a changing environment, and continuous improvement. EKU Dining Services is dedicated to helping the EKU campus thrive!
Who We Are

The Office of Community Service and Student Engagement, located within the Office of Student Life, directs the University’s community service programs. The Office coordinates a variety of service opportunities throughout the year that EKU students, faculty, and staff can participate in both on and off campus.

We value our employees and are committed to their professional development. The mission of the Eastern Kentucky University Police Department is to enhance the quality of life by providing a safe and secure environment through professional service to the community. The success of our mission depends on this partnership utilizing a community policing philosophy. The department places high priority on honesty and integrity and values the need for effective and open communication with the community we serve. We value our employees and are committed to their professional development.

The University also serves as a resource to the campus for all things service related! Need to volunteer for a class? Want real-world, hands-on experience related to your major or a possible career? Want to explore a new part of the country or world? Interested in planning a service and need some assistance? Just call, email, or stop by! We are always happy to help!

What We Do

- Promote a culture of service to the EKU community to enhance student learning and personal development while teaching the need for civic responsibility and life-long service.
- Offer diverse programming ranging from one-time service events to on-going year-long opportunities meeting a range of needs in our local communities.
- Expose EKU students to diverse cultures and populations through community service activities.
- Provide a centralized location for EKU students, faculty and staff to connect with local community agencies.
- Educate students, faculty, and staff on how to plan, organize, and carry out community service events.
- Work with Registered Student Organizations (RSO’s), Living Learning Communities, and individual students to counsel and connect them with local volunteer and leadership opportunities.
- Provide local community partners with an accessible location on the EKU campus to publicize volunteer opportunities and recruit student leaders.

The University Police provide 24-hour patrols of the Eastern Kentucky University campus buildings, parking lots, residence hall exteriors, and campus grounds. University police officers have full authority on all University property and concurrent jurisdiction on all roads and streets adjacent to the campus. The University Police also have the authority to investigate crimes committed on University property anywhere in the state.

The Eastern Kentucky University Police Department includes 25 sworn police officers, 4 dispatchers, and 19 student cadet officers. The University Police has jurisdiction over all campus owned, leased or controlled property, on all roads through and adjacent to campus, and anywhere in the state if a crime is committed on campus. They have police cruisers that patrol throughout campus and are highly visible along with bicycle patrol and foot patrol officers.

The campus police department also houses 2 full-time detectives whose primary responsibilities are investigations.
and working closely with surrounding agencies. The Eastern Kentucky University Police Department has an excellent working relationship with state, local, and federal law enforcement agencies and other emergency providers.

**Parking and Transportation Services**

[www.parking.eku.edu](http://www.parking.eku.edu)

Eastern Kentucky University Parking and Transportation Services provides parking and transportation options in support of the University’s mission, by providing quality customer service and proper management of parking and transportation resources. This mission is accomplished by enforcing applicable parking rules and regulations, providing safe and efficient transportation services, conveying a positive attitude, and requiring the highest standards of personal and professional conduct.

Parking Services provides parking information, issues parking permits for the campus community and visitors, coordinates parking for special events, and enforces parking rules and regulations.

Transportation Services provides day and evening shuttle transportation and motor pool/fleet services.

See the Parking and Transportation website ([www.parking.eku.edu](http://www.parking.eku.edu)) for additional parking and transportation information including parking regulations, shuttle schedules, and hours of operation.

**Student Automobiles**

In order to facilitate parking for all students, faculty, and staff, Eastern Kentucky University requires the registration of motor vehicles utilizing campus parking facilities. Vehicle registration information can be obtained by contacting the Parking Office (859) 622-1063 or by logging on [www.parking.eku.edu](http://www.parking.eku.edu).

During the registration period, prior to the first day of classes, students registering for classes may park in any legal, non-reserved parking space in all areas, except employee parking lots (Zone E) which are marked by yellow signs, and the Powell West Visitor Lot.

After the commencement of classes, residential hall lots (Zone B), which are marked by blue signs, are restricted to residence hall permits 24 hours per day, seven days a week. Enforcement of employee and commuter parking zone regulations begins at 2:00 a.m. Monday-Friday. Commuter permits are also valid from 4:30 p.m. to 7:00 p.m. in employee (Zone E) parking lots. The Case Lot, Jones Lot, and a section of the Martin Lot are exceptions to this rule and are reserved for employees only until 9:00 p.m. Evening parking for vehicles without permits is available in the Alumni Coliseum Lot from 4:30 p.m. to 2:00 a.m., Monday through Friday, and all day Saturday and Sunday.

Visitors may obtain temporary permits 24 hours a day, 7 days a week at the Parking Office or Police Dispatch Center located in Mattox Hall, behind the Whitlock Building. Short term temporary parking permits, not to exceed 5 days, are available to individuals who have not registered a vehicle.

**Student Publications**

Eastern Kentucky University provides a variety of laboratory experiences through student publications. The Eastern Progress Advisory Board has been established to provide professional involvement in the activities of the Eastern Progress, the University’s student newspaper. Academic and support units coordinate the institutional support of student publications but do not govern the content. The courts have consistently held that where a tradition of student decision making exists in student publications, those publications are afforded the same Constitutional First Amendment protection as other publications.

Concomitant with those rights, go certain responsibilities, which also accrue to the student publications. Accordingly, the responsibility for the content of the publications is that of the student editors and writers and not Eastern Kentucky University or its Board of Regents.

**The Eastern Progress**, a 10,000-circulation weekly newspaper, is the official student publication of the University and all students are encouraged to take advantage of the journalism and advertising training it offers. The Progress has consistently been rated as an All American Newspaper by Associated Collegiate Press and a Medalist paper by Columbia Scholastic Press Association. Since 1987, the Progress has won more than 20 national awards, including four national Pacemakers and three Gold Crown awards. It was recognized as the Best All-Around Campus Newspaper by the Society of Professional Journalists in

**Aurora** is a magazine of student writings published by its student staff to encourage interest in literary activity. Aurora accepts poems, one-act plays, short stories, prose sketches, and essays from any Eastern student. Editions are published in the fall (online by the ENG 420 class) and spring (hard copy). Cash prizes are awarded for the best works (fiction and poetry) at the time of the spring publication.

To ensure that students gain the most from their college experience, the Division of Student Success offers a wealth of academic support resources, student services and social enrichment opportunities to foster exploration, discovery, growth and achievement. By fully engaging in all aspects of your education, you’ll receive an immeasurable return on your investment of time and dedication throughout your life.
The Bratzke Student-Athlete Academic Success Center provides an academic support program and a multifaceted academic resource for all student-athletes competing on NCAA varsity teams on EKU's campus. The Center provides opportunities and services to enhance the student-athlete’s academic performance, as well as monitoring progress to ensure all student-athletes meet their academic eligibility requirements as determined by the NCAA, OVC, and EKU.

Bratzke Center programs include academic advising, academic monitoring, mentoring, supervised studying, tutoring, and personal counseling, as well as referrals to other academic support programs on campus. Each student athlete’s academic progress is monitored closely, throughout their EKU enrollment to facilitate graduating with the highest grade point average possible, while maintaining NCAA eligibility throughout their collegiate athletic career.

The Bratzke Center also sponsors a Life Skills program designed to promote student-athlete growth in five commitment areas: academics, athletics, personal development, service, and career development. Throughout the year the Center plans and coordinates outreach activities for student-athletes in support of the local community and Eastern Kentucky.

The Student Success Center is the one-stop resource for answers to any questions students may have during their college experience. Tutors, mentors, and advisors are on staff and are trained to assist not only with courses, but also with financial aid, registration, test preparation, etc. The workshops in the Chellgren Success Series are designed to help students with study skills, time management, choosing a major, and more.

The Student Success Center also provides support for students on academic probation and provides interventions for the Fourth Week Progress Reports.

Located on the ground floor of the Crabbe Library, the Student Success Center also has a great study area for students with comfortable furniture and computers and printing services.

The Office of Admissions is responsible for recruitment and admission of qualified undergraduate students to EKU. This office is also responsible for the processing of applications for new as well as readmitted, transfer, and international students. Students who have questions regarding their residency status may address their inquiry to the Office of Admissions (admissions@eku.edu).

The Department of Campus Recreation provides a variety of diverse facilities and recreational opportunities to the university community. The department promotes wellness for students, faculty and staff by encouraging the development of lifelong skills and positive attitudes through health education, fitness programs, adventure programs, intramural sports, and massage therapy.

The Fitness and Wellness Center is a state-of-art facility which includes:

- Full line of weight and fitness equipment
- Group Exercise Room
- Locker Rooms
- Multipurpose gymnasiums
- Indoor Track
- Climbing Wall
- Student Lounge with computers
- Bouldering Wall
- Full Swing Golf Simulator

The department is also responsible for the Burke Wellness Center, Begley and Weaver gymnasiums, outdoor basketball courts and intramural field complex.

The Fitness Program offers a variety of group fitness classes each week and are taught by trained, motivated and friendly instructors. All fitness levels are welcome and each group fitness class is offered at no charge. Examples of group fitness classes are step, yoga, pilates, group cycling, and much more.

For those who need a more personal touch, we offer very affordable personal training by certified personal trainers. Personal training is a great way to attain one-on-one instruction incorporating exercise plans, goal-setting and health education.

Adventure Programs offers a wide variety of trips and workshops each semester. Previous trips have included: hiking and camping, backpacking, kayaking/canoeing, spelunking, white water rafting, climbing, canyoneering. The climbing and bouldering walls are an exciting and engaging alternative to traditional exercise. In addition, Adventure Programs provides an extensive amount of outdoor equipment so you may embark on your on adventures. Examples of outdoor rental equipment are tents, mountain bikes, kayaks, cook stoves, canoes and much more.

Intramural Sports have been a campus tradition at EKU for over 50 years. Students play with their friends or organizations and compete against fellow Eastern students. Examples of activities offered are flag-football, soccer, volleyball, corn hole, dodge ball, golf, basketball, and much, much more. There are also numerous individual and dual events.

Massage Therapy offers several modalities such as relaxation, hot stone, deep tissue, therapeutic massage. It is a holistic therapy that reduces the heart rate, lowers blood pressure, increases blood circulation and lymph flow, relaxes muscles, improves range of motion, and increases endorphins, the body’s natural painkillers. It has been said that, “Massage is to the human body what a tune-up is for a car.”

Health Education (H.E.A.T.) is a peer education program geared towards empowering students with knowledge and facts concerning health issues. Health education presents information on alcohol, obesity, sex, drug abuse, eating disorders in tobacco, and much more. The aim is not to enforce ideas but to assist students in making better informed decisions by providing students with the proper tools, knowledge, and self-worth.
The Center for Career and Cooperative Education
Ms. Gladys T. Miller, Director
Whitlock Building 468
(859) 622-1296

The Center assists students in achieving their career-related goals. Services include career exploration, job-search planning, and the development of job search tools/resources for co-op/internships, part-time jobs and full-time professional positions.

Co-op and Applied Learning (Internships)

Cooperative Education (Co-op) and Applied Learning provide the student with an opportunity to blend theory with practice resulting in a balanced education. Learning within the classroom is combined with practical on the job training in business, industry, and/or government. Acceptance of a co-op/applied learning position for academic credit is contingent upon a suitable learning agreement between the employer and the university.

Eligibility:
• Faculty Coordinator approval
• Completion of a minimum of 30 credit hours prior to enrolling; transfer students required to complete at least one semester at EKU
• Minimum of 2.0 grade point average (GPA); some departments require a higher GPA
• Salary (for co-op jobs) must be within State and Federal wage guidelines

Academic Credit:
• Determined by the academic college or department
• May earn .5 to 8 hours credit per semester
• Minimum of 80 hours of employment for each semester hour of academic credit, including .5 half credit (students must work to the end of the semester). Co-op is 16 weeks for spring and fall semesters and 12 weeks for summer term.
• Internships have more flexibility, but must be pre-approved.
• Maximum of eight semester hours toward meeting requirements for the associate degree and sixteen hours toward the bachelor’s degree.
• Credit awarded for co-op/applied learning/internships only when the student is enrolled in the University and in compliance with the Center for Career and Cooperative Education
• Students who are not able to complete their experience in one semester will receive a grade of IP and be allowed one calendar year to successfully complete all requirements. Students who do not successfully complete a co-op experience within the one calendar year maximum timeframe will receive a grade of “F” or “U” depending upon the grade mode.

Work Requirements:
• A supervisor assigned by the employer to provide direction and coordination on the job; also responsible for submitting midterm and final evaluation reports on the student
• Grades assigned by the Faculty Coordinator in accordance with criteria established by the Center for Career and Cooperative Education and the student’s academic college/department.

Program Options:
• Parallel plan: students work part-time for multiple semesters (three or more semesters) while maintaining a full-time course load.
• Alternating plan: students employed full-time, alternating classroom training with work-based training for a period of two or more semesters, following the employer’s schedule. Students may also work full-time during the summer semester (twelve weeks) but must also work in their co-op position during the fall and/or spring semesters
• Special plans: developed to meet the needs of the student and employer
• Students typically will return to the same location for each assignment with increasing responsibilities; however, may be allowed to work for several employers in varying situations as long as the work is related to the student’s career goals and those of the program
• Students participating in the Applied Learning (Internship) Program must meet the eligibility requirements of the Co-op Program, but may choose to work only one semester in either a paid or non-paid assignment or in any assignment that does not meet the Cooperative Education multiple term or length requirements.

Career Services assists students in achieving their career-related goals. Services include career exploration, job-search planning, and the development of job search tools/resources for part-time jobs and full-time professional positions.

Career Exploration
Students who need major and career guidance are provided assistance with their decision making. The Center can provide information about opportunities, career paths, labor and market information, salaries, and potential employers. Career assessment tools and career counseling appointments are available to help students expand their self-awareness of “best fit” career options according to students’ personality, strengths, interests and values.

Part-Time Job Program
The Part-Time Job Program gives students opportunities to obtain part-time, temporary, and summer employment with local and regional businesses. Students who participate in the program gain experience in the workforce while networking in the community. The Part-time Job Program is open to all currently enrolled EKU students.

Job Search Preparation
The Center staff offers individual appointments, workshops, online tools and other resources to help students with career and job-search preparation. They can help with resumes and cover letters, tips on job search strategies, professional dress, dining etiquette, interviewing skills, networking, social media, and applications to graduate and professional schools.

Connecting with Employers
The Center staff assists students in identifying and connecting with potential employers through job/career fairs, on-campus interviews, individual appointments, online tools, and other resources. The Center’s C3 Express database is an easy to use and innovative system that gives students and alumni access to jobs postings and employers targeting EKU students.
Counseling Center
Whitlock Building 571
Phone: (859) 622-1303 Fax: (859) 622-1305
www.counseling.eku.edu

The University Counseling Center offers services designed to promote the success of students in achieving their academic, social and personal goals. The Counseling Center staff consists of psychologists and counselors who provide personal and career counseling both individually and in groups. Counseling is offered on a short-term basis. Referral is provided when the need for counseling services is beyond the role and scope of the Counseling Center. Substance abuse assessment and counseling are also available at the Counseling Center. Psychiatric services are available on a limited basis for students receiving counseling in the Counseling Center where medication is indicated. Counseling relationships are considered confidential as delineated by the APA Code of Ethics and, to the extent permitted by law, federal and Kentucky state law. Counseling services are available to students who are officially enrolled and taking classes at the time the service is provided.

Counseling Services
Counseling is viewed as another form of learning while in college. Typical college student concerns that may result in counseling are: adjustment to college, interpersonal conflicts, dealing with loss, test anxiety, time management, stress, academic pressures, anxiety, depression, motivation, substance abuse, traumatic experiences, eating concerns and choice of a major. Students can make appointments by calling (859) 622-1303 or dropping by the Counseling Center.

Career Counseling Seminar (GCS 199 - one credit hour)
This course is offered each semester for students who are unsure of their major and career direction. Forty sections are offered each year and are taught by the Counseling Center staff and part-time staff.

“Tuesdays with the Counseling Center”
The Counseling Center offers workshops to address top mental health concerns. Top student issues include: stress management, procrastination, time management, ingredients of effective relationships, study skills and test anxiety.

Services for Faculty and Staff
The Counseling Center staff also provides consultation to the University community on referral and how to be most helpful to the distressed student. When a faculty member wishes to refer a student for immediate help, it is recommended that the faculty member call and speak with a counselor for consultation to discuss the appropriate action. A downloadable document called “The Decision Making Tree” offers step-by-step guidelines on how to respond to students in distress at the Counseling Center website at: http://www.counseling.eku.edu/

EKU Housing
Whitlock Building 552
Phone: (859) 622-1515 Fax: (859) 622-8384
www.housing.eku.edu

EKU Housing is dedicated to providing a variety of housing options that best meet the needs of all Eastern Kentucky University students. The residence halls are living-learning environments dedicated to supporting students’ ability to live, learn, work, and play while attending Eastern Kentucky University.

All single, full-time undergraduate students under the age of 21 prior to the first day of classes, having fewer than 60 credit hours, or having lived in a residence hall less than four academic semesters (fall/spring) are required to live in University residence hall facilities. Exception is made for students residing with their parent(s) at their parent’s principle residence within 50 miles of the Richmond campus. Students living with parents must submit a verification form which is available through the housing office or at www.housing.eku.edu. Students may request exemption to the residency requirement under specific circumstances to the Director.

Each residence hall is equipped with the following services that come as part of the basic room rental rate:

Cable Television
All major network and major cable stations are offered with any cable-ready television at no cost. Enhanced services and premium channels are available at an additional charge. For additional information, contact the College Cable Services, Inc. at 800-472-2054 ext. 222.

Phone Services
Basic phone service is provided for all residents. Each room is equipped with one phone line. Residents are asked to provide their own touch tone phone. In order to dial long distance, students may use any calling card. Enhanced phone features are available at an additional charge. For additional information on enhanced services or long distance, contact EKU Telecommunication Services at (859) 622-1903.

Laundry Rooms
Several washers and dryers are located in every residence hall. All the machines are operated by coin or Colonel Dollars.

ResNet
All rooms come equipped with two high-speed internet connections. Wireless network access is also available. For more information about equipping your computer for Internet access, visit www.resnet.eku.edu.

Study Rooms
Within most residence halls are open, quiet rooms in which to study.

Vending
All residence halls are serviced with a variety of drink and snack vending machines. The machines are coin operated, and many accept Colonel Dollars as well.

Social, educational, and service-learning programs are offered and organized by University Housing staff in all of our residence halls. These programs range from movie nights on the residence hall floors to volunteering for Habitat for Humanity. Most often, the RAs on each floor host social programming so that the residents can get to know each other and enjoy their housing experience even more. Many of the University Housing programs are open to all campus residents.

There are multiple residence halls on campus which include male, female, and coed living arrangements:

Male Residence Halls: Martin Hall (South Wing), Dupree Hall
**SCHOLARSHIPS**

$1,900 for the 2016-17 academic year. Full-time students will receive up to $950 per semester, by the Kentucky Higher Education Assistance Authority (KHEAA). It is given to students enrolled for a minimum of six hours. The grant is awarded to students who demonstrate exceptional need, and priority is given to Federal Pell Grant recipients. The average Federal SEOG award at Eastern Kentucky University is generally $550 for the academic year.

VOCATIONAL REHABILITATION (OVR).

EKU supports the efforts of OVR to serve eligible individuals with disabilities. The Kentucky Office of Vocational Rehabilitation provides vocational rehabilitation services to eligible individuals with disabilities. Individuals receiving OVR services may also contact the EKU Disabilities Office for academic accommodation. For more information about eligibility criteria call the Office of Vocational Rehabilitation toll free at 1-800-372-7172 or (502) 564-7172, or visit the website at www.ovr.ky.gov.

GRANTS

Grants are considered gift aid and do not usually have to be repaid.

The Federal Pell Grant is the largest grant program. The maximum award is $5,815 for 2016-17.

The Federal Supplemental Educational Opportunity Grant (SEOG) is awarded to students who demonstrate exceptional need, and priority is given to Federal Pell Grant recipients. The average Federal SEOG award at Eastern Kentucky University is generally $550 for the academic year.

The College Access Program Grant (CAP) is awarded to eligible Kentucky residents. The amount of this grant is determined by the Kentucky Higher Education Assistance Authority (KHEAA). It is given to students enrolled for a minimum of six hours. Full-time students will receive up to $950 per semester, $1,900 for the 2016-17 academic year.

SCHOLARSHIPS

Eastern Kentucky University offers a range of academic scholarships designed to reward scholastic achievement and enhance the university community through the attraction of academically talented students.

Unless noted otherwise in the specific description, each of these scholarships is awarded for eight consecutive regular semesters of full-time undergraduate work to students earning their first undergraduate Bachelor degree, provided a satisfactory grade point average is maintained.

In addition to the general scholarship program described below, the University also awards a number of scholarships funded through private funds administered in the Eastern Kentucky University Foundation. Students need to complete the scholarship application form to be considered for all foundation scholarships the University awards (www.scholarships.eku.edu).

Some discipline specific scholarships are awarded based on selection processes within the appropriate academic department. If the department housing the major indicated on the application form awards such scholarships, you will receive information from that department.

In addition to completing the scholarship application, it is also necessary to apply for admission to the university and for financial aid. All necessary forms are available through the Office of Admissions. If you have a question, or need admission forms, please call 1-800-465-9191, or send an email to admissions@eku.edu. Scholarship applications are available online at www.scholarships.eku.edu.

Except for the book award to participants in the Honors Program, the university does not make multiple awards of the described scholarships. Recipients will receive the highest award for which they apply, are eligible and selected.

The following information is applicable to freshmen enrolling at Eastern Kentucky University for the first-time in the Fall semester, 2014.

Transfer Scholarship: Students need to apply for admission to be considered automatically for merit scholarships. To be considered for the fall semester, students must apply for admission by June 15th. To be considered for the spring semester, students must apply for admission by November 15th. To be considered for the summer semester, students must apply for admission by April 15th. The transfer scholarship qualifications and requirements for this scholarship can be found at www.scholarships.eku.edu.

AWARDS

Four-year awards can vary up to $52,000. Merit scholarships are awarded automatically upon admission to EKU. Applicants must apply prior to February 1st to receive priority for scholarships. We will continue to award after February 1st until funds are exhausted. The last date for scholarship upgrades is March 1st. There are no upgrades after that date. Students that are in a 100% online degree program are not eligible for merit scholarships. Requires maintenance of a certain grade point average to retain, dependent upon the amount of the award and student must be enrolled in a minimum of 12 credit hours each semester. If a student does not return for a semester, then the scholarship is considered forfeited and cannot be reinstated.

To determine your eligibility, please refer to our scholarship calculator at www.scholarships.eku.edu/estimator. Students should input their unweighted high school GPA and their ACT SAT scores. Many academic departments offer scholarships. Check with the department of your intended major or program to learn more about these options. Private donors, corporations and a wide range of organizations also have endowed scholarships. Discover more at www.scholarships.eku.edu.

Number of Awards: Limited
J.W. Thurman Alumni Scholarship: Applicants must be a dependent child of an EKU graduate. Applicants must score at least an 18 composite on the ACT exam and have a minimum high school grade point average of 2.8. Applicants may use the University’s foundation scholarship form and check the block indicating the application is for the J. W. Thurman Alumni Scholarship, and mail the application to the EKU Scholarship Office.

Alumni Fund Scholarship: Applicants must be incoming freshmen with an ACT score of at least an 18 and a high school GPA of 3.0. Students that demonstrate financial need to the University through the FAFSA application shall be given priority. Applicants must be involved in at least three extracurricular activities.

Honors Program Award: Students who are accepted into the University Honors Program will receive books-on-loan for up to eight consecutive semesters, provided they remain in the Honors Program.

Dr. Rodney Gross Scholarship: The Dr. Rodney Gross Diversity Scholarship provides financial assistance to high-achieving students from all segments of society: Alaskan, Native, Asian, Native Hawaiian or other Pacific Islander, Hispanic, or Latino. Applications may be obtained by contacting the Scholarship Office by phone (859) 622-8032 or via the web at www.scholarships.eku.edu.

EKU Retention Scholarship (Contingent on outside funding): Students completing their freshman year with a 2.0 grade point average or better and returning for the following fall term may apply for the competitive Retention Scholarship. If applicants have been enrolled in developmental courses they must have earned at least a grade of a “C” or better and be degree seeking students. This non-renewable scholarship provides up to $1000.00 for an academic year toward tuition and fees. Applications may be obtained by contacting the Scholarship office by phone (859) 622-8032 or via the web at www.scholarships.eku.edu.

STUDENT LOANS

The Federal Perkins Loan is a 5 percent simple interest loan awarded to exceptionally needy students. This loan is made to undergraduates, as well as post-baccalaureate and graduate students. Repayment begins nine months after the student ceases to be enrolled on at least a half time basis. There are certain occupations which allow a student to cancel a percentage of the money they borrow from this program. Contact the Loan Accounts Office in the Whitlock Building, Room 216, for more information regarding the cancellation and deferment options. All first time Federal Perkins Loan borrowers must be enrolled for thirty (30) days before their first Perkins disbursement can be released.

The Federal Direct Subsidized Loan Program is a need based program available to students who are enrolled at least half time. This loan is for undergraduate, and post-baccalaureate students. The interest rate is fixed and is not to exceed 8.25%. Contact the Office of Student Financial Assistance after July 1 for the current year interest rate.

The Federal Direct Unsubsidized Loan Program is not based on need. It has a different interest rate as the Federal Direct Subsidized Loan Program, and the student is responsible for paying the interest on this loan. The unsubsidized and the subsidized loan cannot exceed the maximum amount allowable by a student’s classification. For example:

First Year Students - $5,500 is the annual loan limit. No more than $3,500 of this amount may be in subsidized loans. All first time Federal Direct Loan borrowers must be enrolled for thirty (30) days before the first disbursement can be released.

Second Year Students - $6,500 is the annual loan limit a student can borrow. No more than $4,500 of this amount may be in subsidized loans.

*NOTE: This is the maximum amount ($6,500) that a student working on an Associate Degree is eligible to receive.

Third and Fourth Year Students - $7,500 is the annual loan limit. No more than $5,500 of this amount may be in subsidized loans.

Graduate Students - $20,500 is the annual loan limit. No more than $8,500 of this amount can be in subsidized loans.

Independent students may be eligible for an additional unsubsidized funds. An independent student could borrow up to an additional:

- Freshman/sophomore - $4,000
- Junior/senior - $5,000

Keep in mind that the unsubsidized and subsidized Direct Loans combined cannot exceed the student’s cost of education minus all other student financial assistance.

*Each annual loan limit is for one award year (12 month period; i.e., fall, spring, and summer).

To apply for a Federal Direct Subsidized or Unsubsidized Loan, all students must complete a Free Application for Federal Student Aid. After the student is evaluated for all federal programs, his/her eligibility for the Direct Loan program is determined. The Office of Student Financial Assistance will certify the loan and electronically submit the information to the U.S. Department of Education (DOE). If the student has a signed Master Promissory Note (MPN) on file at DOE, the loan funds will be sent to Eastern Kentucky University on the specified disbursement dates. If the student does not have a signed MPN on file at DOE, a MPN must be signed electronically at www.studentloans.gov.

Post-Baccalaureate Students—Students returning to work on a second undergraduate degree are not automatically eligible for the senior annual loan limit of $7,500. Each student must submit documentation which indicates how many hours that student has toward the second degree.

The Federal Direct Plus Loan program enables parents to borrow the cost of education minus other aid for their student who is enrolled for at least 6 hours. This is not a need based loan. As long as the parent who is applying for the loan is credit worthy, the loan is usually approved. The interest rate is fixed and not to exceed 9%. Interest begins to accrue 60 days after the loan is fully disbursed. The parent must complete the PLUS application process at www.studentloans.gov each year. If the parent has a signed Master Promissory Note (MPN) on file at DOE, the loan funds will be sent to EKU on the specified disbursement dates. If the parent does not have a signed MPN on file at DOE, an MPN must be signed electronically at www.studentloans.gov.

The Student Aid Society (Emergency Loan) program is designed to provide emergency short-term loans to students. It must be repaid. Students may borrow a small amount of money on a personal note at a legal rate of interest for a one month period. Money is made available through contributions of the University, alumni, private organizations and many individual friends of the
STUDENT EMPLOYMENT

Eastern Kentucky University offers its students two employment programs. One is the federal work study program which provides part-time jobs to students who have financial need as determined by the Application for Federal Student Aid. This program is federally funded. The other is the EKU institutional work program. Eastern Kentucky University provides funds to employ students who want to work on-campus, but do not qualify for the federal work study.

Both of these programs employ students on a part-time basis, and students are paid every two weeks for the hours they have worked. Their job schedule is built around their class schedule. A variety of jobs are available including typing, filing, farm work, food service, resident hall assistants, tutorial work, as well as community service jobs. Contact Human Resources for more information at the Jones Building, Room 203, between 8:00 a.m. – 4:30 p.m. (M-F), or by phone at 859-622-5094, Option.

Office of First Year Programs
Dr. Lori Beth Miller, Director
Whitlock Building 372
Phone: (859) 622-2285
E-mail: FYP@eku.edu
www.firstyear.eku.edu

The mission of the Office of First Year Programs is to aid in the transition to college for first year students and their family members by providing useful and timely information in a professional manner. The Office of First Year Programs is committed to encouraging first year students to grow socially and academically and to respect themselves and all others in the Eastern Kentucky University community. First Year Programs is committed to delivering orientation services and transition programming to all new students and their families.

Orientation

Orientation is phase one of the first year experience for new students. During Orientation, students and families visit campus, meet with faculty, staff, and students, and learn more about life at Eastern Kentucky University. Students also register for their first semester of classes. Representatives from many areas are available during Orientation to answer questions about financial aid, tuition payment, housing, dining services, and tutoring services. There are various dates and schedules for first year, transfer and high achiever students.

Colonel Camp

Colonel Camp was established in 2007 to allow new students to get a jump start on college life at EKU. Colonel Camp serves as a bridge between Orientation and New Student Days and aims to connect new students to campus, current student leaders, and their peers. The camp occurs before Move-In Day in August and provides the participants with the opportunity to serve other new students as volunteers during Move-in.

New Student Days

The New Student Days (NSD) program is phase two of the first year experience at Eastern Kentucky University. New Student Days programming kicks off on the Sunday before classes start and continues throughout the first weeks of classes. NSD is a required program for all new students and is incorporated into the curriculum of the student success seminars.

The purpose of this program is to enable students to meet other new students and participate in a wide variety of campus activities. The President’s Picnic, educational sessions, and social events are just some of the highlights. All new students are required to attend.

Family Programs

The Eastern Family Network began in the summer of 2000 to get parents and other family members involved in Eastern Kentucky University. By informing family members about campus happenings, we hope they will be supportive and engaged in the educational process with their student. First Year Programs also facilitates planning Family Weekend, a spring Family Network event, a Family guide, a monthly newsletter and a Family resource page on the First Year Programs website.

First Year Courses

Ms. Leslie Valley, Coordinator
Whitlock Building 346
(859) 622-7322

Every student seeking a baccalaureate degree or Associates Degree in General Studies (AGS) must complete a 1-3 credit Student Success Seminar.

- Full time students must complete the Student Success Seminar during their first semester.
- Part time students are strongly encouraged to complete the Student Success Seminar during their first semester, and must complete it within their first 18 credits.
- Students who earn a grade of “W,” “F,” or “FN” in a Student Success Seminar must repeat the course the following term.
- Transfer students who have 30 or more transfer credits upon admission to EKU may have this requirement waived. (Some majors require all students to take a Student Success Seminar, regardless of transfer status.)

The purpose of this first-year course is to form a solid foundation for a student’s academic experience. These courses provide a firm foundation in the structure and functions of the university, how to succeed in college, how to choose and/ or succeed in a major, how to make the most of the academic curriculum, and how to think critically and solve problems.
**Office of International Student and Scholar Services**

Whitlock Building 455  
(859) 622-1478  
www.international.eku.edu

The Office of International Student and Scholar Services (OISSS) provides services, programs and resources to assist international students and visitors with their transition to campus and to life in the United States. Eastern Kentucky University has more than 300 international students studying at both the undergraduate and graduate levels representing approximately 50 nations.

OISSS supports international students and works with campus partners in providing educational, social and cultural programs which promote cross-cultural understanding and contribute to campus internationalization.

The office also has a dedicated staff who works directly with “sponsored” students studying at EKU through various governmental programs or scholarships. Finally, the office provides immigration visa advising to our international population and also serves to keep the university in compliance with federal immigration regulations.

**Meditation Chapel**

University Chaplain  
Phone: (859) 622-1723  
www.studentaffairs.eku.edu/chapel/

The Chapel of Meditation is the realization of a dream begun in 1968 when the Eastern Kentucky University Alumni Association adopted the Century Fund Project to finance a non-denominational chapel. The chapel stands as a testimonial of the love and devotion of the alumni, faculty, students and friends, commemorating the 100th anniversary of higher education on the Eastern Kentucky University campus.

The chapel is non-sectarian and is open to students, faculty, staff, alumni, and friends of the University for meditation, prayer, and spiritual reflection. The chapel is also used for several other events such as: Weddings, Memorial Services, Sorority & Fraternity events, Honor Society Events, Academic department meetings, Athletic events, Religious organization events & services.

The University Chaplain’s office is located in the basement of the chapel. The Chaplain coordinates the various activities of the chapel and is available to perform weddings. The Chaplain also attends to students, staff and faculty with questions about spiritual matters or spirituality. Besides providing a peaceful and serene setting for prayer and meditation, the chapel is used to house various student organization meetings and services, weddings, and annual memorial services.

**Office of Military and Veterans Affairs**

317 Lancaster Avenue, Burnam House  
Phone: (859) 622-2345 Fax: (859) 622-5076  
www.va.eku.edu

The Office of Military and Veterans Affairs serves student veterans by assisting with admissions, obtaining VA benefits and credit for military training, and serving as an advocate for veterans’ issues throughout the campus community.

To utilize VA education benefits and to obtain a Certificate of Eligibility, student veterans or eligible dependents will need to apply directly to the Veterans Administration online at www.gibill.va.gov. Upon receipt of the certificate, please bring, mail, or fax (859-622-5076) a copy to the Veteran Affairs office on the main campus at 317 Lancaster Avenue. Additionally, a Course Enrollment Form must be submitted online each semester for which benefits will be used, at www.va.eku.edu/course.

The Post 9-11 GI Bill® will pay 100% of tuition and fee costs for undergraduate, graduate, and online instruction provided the service member has 36 months of active federal service. Veterans with less than 36 months of service will receive a prorated amount based on number of months served on active duty beyond initial training. Basic Allowance for Housing (BAH) is based upon E-5 with dependents for the 40475 zip code and is also prorated. Online-only Post 9-11 student veterans will draw BAH at one half of the national BAH average. All veterans who are eligible for benefits under the federal Post-9/11 Veterans Educational Assistance Act of 2008 (38 U.S.C. Section 3301 et seq.), or any other federal law authorizing educational benefits for veterans, will receive in-state tuition and fees.

Veterans needing assistance in obtaining a copy of their Joint Service Transcripts or CCAF transcripts should email ekuveteransaffairs@eku.edu or call 859-622-2345.

**VA Regulations for Aviation Courses**

Any student using GI Bill® benefits and enrolling in an aviation course must be registered before the start date of each course. This restriction includes flight labs as well as lecture courses. Adding an aviation course after the start date will result in course tuition and fees not being fully funded by the VA and can create a debt for the student.

Students using GI Bill® benefits to fund an aviation course must complete each course and/or flight lab within one year of initial registration; failure to do so will result in the student being assigned a grade of NC (No Credit). Students using GI Bill® benefits must repay to the VA the cost (including a portion of stipends for living expenses) related to any course in which a grade of NC is earned.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at http://www.benefits.va.gov/gibill.

**Kentucky National Guard Tuition Award Program**

Active members of the Kentucky National Guard can utilize the Kentucky National Guard Tuition Award Program if they meet all eligibility criteria. Members must maintain all minimum standards, be eligible for all positive personnel actions, and have completed basic training or its equivalent. Eligible members will be awarded up to in-state tuition for full or part-time study at any Kentucky public college while funds are available. Members must apply to utilize the Kentucky National Guard Tuition Award Program each semester. The deadline to apply for the Fall semester is April 1, and the deadline to apply for the Spring semester is October 1.

The application is available online at https://ky.ngb.army.mil/tuitionstudent. For additional information, members can contact the Boone National Guard at (502) 607-1039.

**Survivors’ and Dependents’ Educational Assistance**

DEA (Chapter 35) provides education and training opportunities to eligible dependents and survivors of certain veterans. For more information on DEA eligibility visit www.gibill.va.gov.

**Children of Kentucky War Veterans**

If you are the child of a Kentucky War Veteran you may also be entitled to a tuition waiver in addition to your DEA benefits. Under the provision of KRS 164.505 and 164.515 children of Kentuckians who were killed in military action or who were permanently and totally disabled in wartime military services are eligible for this waiver. For additional information contact the Kentucky Department of Veterans Affairs, Tuition Waiver Coordinator at (800) 928-4012.

The EKU Cultural Center seeks to bring issues of cultural diversity to the forefront of campus conversation through educational programs and services. The Center serves all students as they question personal and collective notions of race, gender, economic status, language, nationality, ethnicity, religion, sexual orientation, age, exceptionality and culture. The Center encourages the utilization of campus resources, participation in campus life, understanding and respecting cultural differences, and encouraging tolerance and inclusiveness.

The Center is actively engaged in collaborative efforts with other departments and academic areas on campus and provides co-curricular learning experiences. Our Center also focuses on helping students from under-represented groups feel welcomed and supported so that cultural barriers are minimized and to help all students become more culturally competent to prepare them to enter an increasingly diverse workforce.

The center promotes life-long learning and global citizenship by providing programs, workshops, diversity trainings, study groups, panel discussions and events on cultural awareness, sensitivity and competence.

Located within the new E.K.U. Cultural Center in the Powell Student Center, the Cultural Center is actively engaged in collaborative efforts with other departments and academic areas on campus including Women and Gender Studies, African/African-American Studies, Appalachian Studies, International Education, and Campus Ministries. The center also supports the efforts of various Eastern Kentucky University student organizations such as Men of Color Mentorship Program, Black Student Union, M.S.A. (Muslim Student Association), M.A.R. (Men Against Rape), Eastern Kentucky University Gospel Ensemble, OWLS (Older, Wiser, Learners), S.I.S.T.A., Pride Alliance, International Student Association, the National Pan-Hellenic Council (N.P.H.C.) EKU Capoeira Club, Latino Student Association, Saudi Student Association, Feminists for Change, African/African American Studies Group, the Alphabet Lounge Student Group, the Minority Colligate Connection and Collegiate Black and Christian.

TRIO Programs

Educational Talent Search Program
Ms. Lisa Sons, Director
Telford House
(859) 622-5425
www.ets.eku.edu
ETS@eku.edu

The Educational Talent Search (ETS) Program is a TRIO project funded by the U.S. Department of Education. Talent Search has been at Eastern Kentucky University since 1985. The program serves 6th grade through 12th grade students who have the interest and abilities to further their education beyond high school. Two-thirds of the participants must meet federal income guidelines, and be in the first-generation in their family to pursue a post-secondary education. The goal of the program is to assist participants as they transition from middle school to high school, and on to a post-secondary educational institution. Educational Talent Search offers services related to the following areas: academic information, career resources, exposure to college campuses, career sites and cultural activities, financial literacy, financial aid program information, mentoring, tutoring and personal development activities. Educational Talent Search also offers assistance to out-of-school adults in identifying additional support services. ETS offers assistance for high school completion through referrals to GED programs and local high schools. Services are also available for those who are enrolling in postsecondary institutions for the first time or for those who are returning to school. For more detailed information, contact the Educational Talent Search Program at (859) 622-5425 or check out the Educational Talent Search Program’s website at www.ets.eku.edu.

McNair Scholars Program
Mr. Rich Richmond, Director
Jones 409
(859) 622-6249

The McNair Scholars Program at Eastern Kentucky University is a federal initiative funded through the U.S. Department of Education. The McNair Scholars Program encourages and assists undergraduate students from disadvantaged backgrounds who aim to enter careers that require doctoral achievement. Professional staff members provide supportive supplemental advising, offer holistic academic counseling, and facilitate structured training opportunities that enhance participants’ readiness for graduate school applications and preparation for graduate school achievement.

Services provided by the program include:
- PhD faculty mentoring
- Supportive supplemental advising
- Holistic academic counseling
- Seminars and scholarly activities that prepare participants for graduate level achievement
- Paid summer research internships
- Conference and presentation opportunities
- Graduate school application preparation and support
- EKU Scholarships

Additional information about the McNair Scholars program can be found on the website at www.mcnaireku.edu.

The NOVA Program is a Student Support Services/TRiO project with the legislative purpose to facilitate persistence and graduation of eligible learners. NOVA pre-identifies first-year EKU students who demonstrate a potential for success in college and who meet the economic and/or first-generation-college-student eligibility criteria. The NOVA service delivery design is a holistic retention plan based on the learner’s needs for success. NOVA provides instruction in Student Success Seminar and Leadership Dynamics and provides the following support services throughout the learner’s EKU academic career from orientation to graduation:

- Instruction in Academic Orientation, Leadership Development and Peer Mentoring
- Academic Advising
- Financial Aid and Financial Literacy Consulting
- Scholarship and Grant Aid Award
- Personal and Career Consulting
- Graduate School Planning
- Service Learning
- Peer Mentoring
- Living Learning Community
- Registered Student Organization
- Academic Assistance and Monitoring

NOVA learners earn a degree from EKU at a statistically significant higher rate as compared to other EKU students from the same background. NOVA is located on the second and third floors of the Turley House and is open from 8:00 a.m. - 4:30 p.m. Monday-Friday. Please visit www.nova.eku.edu or phone (859) 622-1047.

Upward Bound Program
Ms. Tamara Stewart, Director
Patterson House
(859) 622-1080

The Upward Bound Program, a TRIO project funded by the U.S. Department of Education, has been at Eastern Kentucky University since 1965. Its purpose is to motivate and prepare for college traditionally underrepresented students from low-income families and those in which neither parent holds a bachelor’s degree. UB offers a rigorous academic program, mentoring, academic support, individual and group tutoring, and workshops in a variety of educational, motivational, and college preparatory topics. Students are chosen from ten high schools in the nine counties of Casey, Estill, Garrard, Jackson, Lee, Lincoln, Madison, Powell, and Wolfe. They spend their sophomore, junior, and senior years in the program, attending Saturday Academies and in-school workshops throughout the academic year to provide academic assistance as well as financial aid and college admission information. During the summer, a six week residential program includes academic classes, cultural and educational trips, plus social and recreational activities. Tutor Advisors and instructors assist students with their studies and other program activities. Interested students from the above counties should contact their high school guidance counselor or visit the website at www.upwardbound.eku.edu

The mission of Student Health Services at Eastern Kentucky University is to provide our students with the best quality acute ambulatory medical care in a compassionate environment, while providing education on healthy lifestyles from which our students can benefit for the rest of their lives.

Student Health Services has three primary goals: first, to address any acute medical condition that threatens health, interferes with function, reduces performance, and serves as an obstacle to learning and personal growth; second, to educate our student body on healthy lifestyle choices that promote wellness and reduce the chances of disease—the preventive approach; third, to serve as a source of information and access to community based assistance programs. Services provided at the Health Center include:

- Outpatient acute medical care
- Allergy shots
- Basic laboratory tests
- Certain immunizations
- X-Ray requests
- Tuberculosis skin testing
- Health education
- AIDS education/testing referral

To make an appointment to see a provider, please go to the SHS website and click on the icon at the bottom left corner of the home page: “Schedule Online Appointment.”

A variety of free pamphlets, booklets, and other materials are available at the SHS. Students may utilize the computer terminal with Internet access in the SHS lobby to look up health related topics of interest.

Community Service

The Community Service program coordinates a variety of service opportunities throughout the year that EKU students, faculty, and staff can participate in both on and off campus. Whether it’s to fulfill a class requirement or just to get involved, students looking for volunteer opportunities can visit to get connected with local volunteer opportunities that meet their individual needs and fit their busy schedules.

There are five main ways you can engage with the Community Service program at EKU:

- Volunteer with Saturdays for Service: Since 2004, EKU students been partnering with local entities for service opportunities. Each event is a one time commitment, working with a different community partners, either in Richmond or nearby in our service region. Saturdays for Service occur on the first Saturday of each month. Transportation is provided.
- Commit to a Community Partner: Our office has a variety of community partners within driving distance of campus. By signing up through OrgSync a student can commit to volunteering one time or regularly, by themselves or with a group of friends. This is a great way to fulfill volunteer requirements for class, connect with the community, learn about yourself, or gain experience for after college. Opportunities vary and are continuous, so a time can be found that works with each person’s schedule. You can learn about these many opportunities through our Part Time Job & Volunteer Fair hosted during Welcome Week.
- Immerse and Serve on an Alternative Break: Alternative break trips are offered year round (fall, winter, spring, summer, and even weekends). Each trip has a focus on a particular social issue, such as (but not limited to) disaster relief, poverty, education reform, hunger, and environmental stewardship. Students learn about the social issues and then perform week-long projects with local non-profit organizations.
- Join in on a Day of Service: Day of service events include onetime events throughout the academic year. Major Days of Service include 9/11 Day of Service and Remembrance & Martin Luther King Jr. Day. Throughout the year these days of service include both on and off campus on time opportunities to serve and support our community.

Students interested in taking a more action in service have the opportunity to take up student leadership positions including joining some of our service-focused RSOs and the Service Council. For more information visit: www.communityservice.eku.edu or www.facebook.com/EKUcommunityservice.

Fraternity & Sorority Life

Eastern Kentucky University is home to a vibrant fraternity and sorority community comprised of three governing councils: Interfraternity Council, National Pan-Hellenic Council (NPHC), and Panhellenic Council.

Our over 25 chapters are values-based organizations focusing on scholarship, service, leadership, and life.

- Scholarship – Each chapter has scholastic standards members are required to meet. Additionally, chapters implement academic success plans including study hours, incentives, and much more. As a result, members of the fraternity and sorority community consistently boast a collective grade point average above their non-affiliated counterparts. In Spring 2014, they earned a 3.0412!
- Service – Greeks regularly dedicate their time, talent, and treasure to bettering the world in which we live. This is accomplished through philanthropy and community service efforts.
Each chapter holds a minimum of one signature philanthropy event each year to raise money for their selected cause. Additionally, members complete countless hours of community service both together as a chapter and individually.

- **Leadership** – Holding a leadership position in a student organization is a great way to develop personal leadership skills, to network, and to build your resume. Many notable leadership positions on campus are held by members of fraternities and sororities including: Orientation Leaders, GURUs, Student Government Association officers, and Student Athletes. Additionally, the fraternity and sorority community gives members many opportunities to lead within the chapters and in the community. Each chapter also has a development program including workshops on how to become an effective leader. The leadership skills you build at Eastern Kentucky University can help you be successful in the future.

- **Life** – Membership is a lifelong commitment. Fraternity and sorority women value brotherhood/sisterhood and being together for support and fellowship. To join a Greek organization is to find your home away from home. At EKU, members engage in a variety of activities together. Students will attend regular chapter meetings, plan annual philanthropy events, and participate in brotherhood/sisterhood activities. Brotherhood/sisterhood activities might include movie nights, road trips, social gatherings, or spontaneous hang outs on the chapter’s floor in Dupree or Todd Hall. Notable community traditions include Greek Sing, a song and dance competition; Homecoming, including the construction of floats for the parade and celebration of the Football Team; and participation in various intramural sports.

Students interested in joining a fraternity or sorority can visit www.greeklife.eku.edu to learn about upcoming recruitment events. You can also follow us on Twitter for updates: @EKUGreekLife. Be Greek!

**Leadership**

Leadership development programs are a new and exciting opportunity to get involved with at EKU. Whether you consider yourself a leader or have always held a great interest in leading, our leadership development programs are created to serve emerging to advanced student leaders. Our co-curricular programs focus on helping you cultivate skills that will bolster your collegiate experience as well as help you be better prepared for successfully leading in life after graduation. We offer a variety of leadership development programs to allow you to grow in your leadership abilities in an assortment of formats including retreats, ropes courses, workshops, conferences, and the Colonel Leadership Internship. The semester kicks off with the Leadership Social and the Emerging Leaders Program, an opportunity for first-year students to begin their leadership journey at EKU. Students who are looking to further bolster their leadership talents can participate in the Leadership Certificate Programs. Please visit www.studentlife.eku.edu for further information on the upcoming list of leadership programs.

**Registered Student Organizations**

EKU currently has over 230 Registered Student Organizations (RSOs) available for students. The 230 RSOs are categorized into 10 specific areas: departmental, governance, religious, honorary, residence hall, service, sports, fraternities/sororities, and special interest organizations. All of our student organizations are identified, created, and led by EKU students. Joining an organization is a wonderful opportunity to make a difference, meet others, and develop your personal leadership skills. Many of our RSOs will showcase who they are and invite you to be a part of their organization at the Student Involvement Fair during Welcome Week. For the complete list of organizations and to learn organization meeting times, information, and upcoming events, please visit www.eku.orgsync.com.

**Student Activities**

Student Life hosts dozens of events each semester aimed at educating, entertaining, and meeting the needs of EKU students. We host various guests including comedians, singer/songwriters, and illusionists that are free for students to attend. We also have many programs in which we collaborate with various departments across campus to enhance the out-of-classroom experience. We encourage you to explore our upcoming events at www.studentlife.eku.edu, or by following us on Facebook at www.facebook.com/EKUOSL.

**STUDENT OUTREACH AND TRANSITION OFFICE (SOTO)**

Ms. Lisa Cox, Director
Whitlock Building 442
Phone: (859) 622-7686
www.soto.eku.edu

This one-stop transitional center is designed for transfer, non-traditional and re-entry students (away from EKU for over 2 years). The Student Outreach and Transition Office provides comprehensive support to students from initial inquiry through registration for their first semester of classes, serving as an advocate to promote their needs along the way. Prospective students receive individualized consulting services in the areas of admissions, degree audits, major selection, academic bankruptcy, credit transfer process, degree completion via distance learning, and course registration prior to their first semester. This office also provides students with answers to basic questions regarding filing for financial aid, financial aid appeals, and receiving credit for prior learning. Evenings appointments are available to better serve the needs of adult learners.

SOTO also serves as a hub for diverse students with access to a bi-lingual/Latino Recruitment and Retention Specialist who is available to answer questions and refer students to appropriate resources. SOTO is also home to the Rodney Gross Scholars program. Scholars have access to dedicated study areas that include computer access, mentoring and tutoring assistance upon request.

**Colonel Connection Program**

The Colonel Connection Program facilitates the transfer process from other colleges to EKU, and eases students’ transition to and timely graduation from EKU. The program is available to students who are currently enrolled at another institution (e.g., a community college) and intend to transfer to EKU to complete a baccalaureate degree. Students must apply for admission to EKU, meet all admission requirements, and be accepted to EKU before enrolling in the Colonel Connection program.

Upon admission and completion of the Colonel Connection program agreement, participating students are granted continuous access to EKU’s DegreeWorks degree audit system, allowing them to view their individualized degree plan and progress towards an EKU baccalaureate degree. The degree audit is then kept current through regular submission of transcripts to EKU for credit.
The Office of Student Rights and Responsibilities will:

• Provide information to all students relating to the General Regulations for Student Behavior,
• Adjudicate all reports of alleged violations of the General Regulations for Student Behavior and the Policy for Academic Integrity in a consistent manner,
• Facilitate due process rights set forth by the University Handbook for Students, and
• Ensure fair and impartial hearings.

The Office of Student Rights and Responsibilities will:

• Ensure fair and impartial hearings.
• Facilitate due process rights set forth by the University Handbook for Students, and
• Ensure fair and impartial hearings.

When ready to transfer to EKU, the student must apply for admission to the university as a degree-seeking student for the term in which they wish to begin.

To maintain enrollment in the Colonel Connection program, a student must:

• maintain a minimum 2.0 grade-point average (GPA) on all college-level work completed to date;
• complete, with a grade of C or better, no fewer than six (6) credits in the most recent fall/spring semester; and
• meet with an assigned EKU advisor at least twice per academic year to discuss their progress and plans for transfer and graduation.

Students who fail to meet any of the above standards will be given one fall or spring semester to comply, after which they will be disenrolled from the Colonel Connection program.

Upon enrollment in the Colonel Connection program, participants will have a catalog year associated with their student record designating the academic year for their degree program as well as General Education and University graduation requirements. Should graduation requirements subsequently change, students may request a move to the current Catalog through the Registrar’s Office. The catalog year may be found on the student’s DegreeWorks degree audit.

Students who fail to maintain their enrollment in the Colonel Connection program may apply for readmission to the program; however, their catalog year will be based on the date of re-enrollment.

For further information regarding the Colonel Connection program, contact the EKU Student Outreach and Transition Office (SOTO).

Student Rights and Responsibilities

1 Turley House
Phone: (859) 622-1500

The Office of Student Rights and Responsibilities and Eastern Kentucky University is a community of shared academic values, foremost of which is a strong commitment to intellectual honesty, honorable conduct, and respect for others. In order to meet these values, students at Eastern Kentucky University are expected to adhere to the highest standards of academic integrity. When becoming a part of the University community, the student enjoys social, cultural, and educational opportunities. He or she also assumes the role of a citizen of the community and agrees to abide by the regulations and standards of conduct operative in the University community. The Office of Student Rights and Responsibilities provides a fair and impartial student judicial system for students, faculty and staff of Eastern Kentucky University.

The Office of Student Rights and Responsibilities will:

• Provide information to all students relating to the General Regulations for Student Behavior,
• Adjudicate all reports of alleged violations of the General Regulations for Student Behavior and the Policy for Academic Integrity in a consistent manner,
• Facilitate due process rights set forth by the University Handbook for Students, and
• Ensure fair and impartial hearings.

All undergraduate students are assigned an academic advisor through the Office of University Advising. Designated departmental faculty and college staff serve as advisors to students with declared majors. Professional advisors in the Office of University Advising serve as advisors for students seeking an Associate of General Studies degree, for exploratory students, and for students with two or more college readiness needs.

Academic advising is a dialogue between student and advisor to promote responsible and appropriate choices and facilitate a successful academic experience. The Office of University Advising collaborates with students, faculty, and staff across campus to develop a meaningful academic plan tailored to a student’s needs and goals. University Advising serves students, faculty, and staff by:

• Providing year-round academic advising and student support to each EKU student.
• Providing advising tools and referring students to appropriate campus resources.
• Facilitating the Early Alert Program to identify at-risk students.
• Providing customized academic planning and advising to at-risk and exploratory students and students experiencing academic difficulty.
• Assisting with academic recovery for students.
• Assisting in the withdrawal process for students.
• Collaborating with the Counseling Center and the Center for Career and Co-op to assist student in clarifying educational, career, and life goals.
• Collaborating with the Center for Career and Co-op to facilitate the major exploration process.
• Coordinating campus-wide advising functions through Eastern Academic Retention Network (EARN) meetings and the Undergraduate Advising Committee.
• Coordinating advising resources for the Summer Orientation Program in conjunction with the Office of Admissions and the Registrar.

GENERAL ACADEMIC INFORMATION

Student success is an EKU priority. The General Academic Information section provides students with key information to help them succeed on the path toward completing a degree. All students should become familiar with the General Academic Information section of the Catalog as well as specific college and departmental program requirements. Being unaware of these regulations and requirements does not exempt a student from complying with the requirements.

APPLIED CRITICAL AND CREATIVE THINKING (ACCT)

The ACCT is a program-directed University baccalaureate degree graduation requirement intended to showcase the unique experiential and applied components of all undergraduate degrees at EKU. The goal of the ACCT is to ensure that students integrate into their degree program experiences and/or courses that demonstrate applied critical and creative thinking skills. Any course or experience used to meet this requirement may also be used to satisfy program requirements. Options to satisfy this requirement vary by degree program and will be determined by the program. The ACCT experience is expected to be at least a 3 credit hour course, or an experience that requires equivalent effort. Students should refer to the program requirements for their majors, as listed in this Catalog, or listed on their DegreeWorks degree audit, for specific information on the ACCT requirement.

ACADEMIC BANKRUPTCY

ACADEMIC BANKRUPTCY OF EKU WORK

Academic bankruptcy allows undergraduate students who are returning to Eastern Kentucky University after remaining out for an extended period of time to remove from their GPA a portion of the work attempted during prior college enrollment(s). EKU offers this option of academic renewal because it recognizes that some students fail to perform satisfactorily due to immaturity or to other factors that interfere with their academic performance.

Students considering academic bankruptcy should make careful note of the following policy conditions:

a. The student must not have attended Eastern Kentucky University or any other institution of higher education for a period of at least two consecutive years sometime after attempting work to be bankrupted.
b. The student must be currently enrolled as a degree-seeking student at EKU.
c. The student must not have previously declared bankruptcy of EKU work. Bankruptcy can only be declared once.
d. Only semesters where the term GPA is below 2.0 will be considered for bankruptcy.
e. Within eligible terms (see d. above), only courses with grades of “D” or “F,” or the equivalent, may be bankrupted.
f. During his/her first semester after being readmitted a student requesting bankruptcy must attain a minimum of a 2.0 term GPA. The student must earn no grade lower than a “C” on at least 12 hours of 100-level (or higher) EKU coursework, and pass any college readiness courses. All courses and grades, including repeated courses, will be counted in the qualifying term GPA. (*)If it takes more than one semester to complete the necessary 12 credit hours, the student must maintain a consistent 2.0 term GPA since being readmitted.) For the purpose of determining bankruptcy a grade of “S” is acceptable.
g. A student who does not enroll in 12 credit hours of 100-level or higher coursework during his or her first term back at EKU will have his/her enrollment in the subsequent semester combined with that of the first to determine bankruptcy. All academic work attempted in the term that includes the twelfth credit hour is affected by the above grade restrictions.
h. Before formally requesting consideration for bankruptcy, the student must confer with bankruptcy experts in the Registrar’s Office to determine which semesters may qualify for bankruptcy and what the impact to the student’s GPA will be. The student will then complete and sign the Academic Bankruptcy form.
i. Any academic work used to complete a baccalaureate degree is not eligible for bankruptcy once the degree has been awarded.

If bankruptcy is granted, the bankrupted class(es):

• Will remain visible on the transcript, but with a “S” designation.
• Will not be counted in the student's GPA.
• Will not count as earned hours. (Note that Financial Aid will continue to count bankrupted hours as attempted hours.)
• Will be included in the separate GPA calculation which is done when determining graduation honors.
• Will be prevented by DegreeWorks from meeting any degree requirements (including the 42 hour upper division requirement). However, the dean of the college of the student’s major may waive major, supporting, and general education requirements met by bankrupted courses. Note that this does not add back any credit hours from bankrupted courses, the student may be required to complete additional elective courses to obtain the minimum number of credit hours required to graduate.

ACADEMIC BANKRUPTCY OF TRANSFERRED WORK

Academic bankruptcy of transfer coursework undergraduate students who have been out of higher education for an extended period to void a portion of their earlier work attempted at other institutions. EKU offers this option because it recognizes that some students fail to perform satisfactorily due to immaturity or to other factors that interfere with their academic performance.

To qualify for transfer bankruptcy, a student must meet the following conditions:

a. The student must not have attended Eastern Kentucky University or any other institution of higher education for a period of at least two consecutive years sometime after attempting the work to be bankrupted.
b. Students may request to bankrupt prior work. However, all EKU bankruptcy restrictions and rules listed in the general academic bankruptcy section of this catalog apply.
c. After being admitted to EKU, the student must attain a minimum of a 2.0 GPA with no grade lower than a “C” on at least 12 hours of college-level (i.e., 100 or above) EKU courses and pass any attempted college readiness courses. All courses and grades, including repeated courses, will be counted when determining eligibility for academic renewal. A grade of “S” is also acceptable for meeting academic renewal eligibility. All work attempted in the academic term that includes the twelfth hour is affected by these grade restrictions.

d. The transfer student must submit a completed Academic Bankruptcy request form to the Office of the Registrar. All students should consult with a bankruptcy expert in the Registrar’s Office. Together, they will identify the transfer institutions from which work is to be bankrupted, as well as the specific semesters that are to be bankrupted.

e. The student may not have previously declared transfer bankruptcy at EKU.

f. Academic work earned before completion of a baccalaureate degree is not eligible for bankruptcy once the degree has been awarded.

g. The student must be currently enrolled as a degree-seeking student at EKU.

h. If transfer bankruptcy is granted, the bankrupted work:
   • will remain on the transcript.
   • will not be counted in the student’s GPA.
   • will not count toward degree requirements, including the upper division hours requirement. However, the dean of the college in which the student is enrolled may waive major, supporting, and general education requirements met by bankrupted courses. Note that this does not add back any credit hours from bankrupted courses; the student may be required to complete additional elective courses to obtain the minimum number of credit hours required to graduate.

i. Grades for course work approved for academic bankruptcy will be included in the separate GPA calculation performed to determine students who will graduate with Latin Honors.

j. Transfer students who have participated in academic bankruptcy (or academic renewal) at a previous institution, and have not yet earned a baccalaureate degree, may petition through the University Exception process to either have the affected transfer coursework brought into EKU as it was recorded by the previous institution, or have the coursework applied through EKU’s academic bankruptcy policy.

ACADEMIC INTEGRITY

EKU students are expected to adhere to the highest standards of academic integrity. Students who are found guilty of academic dishonesty will be sanctioned in a manner that is appropriate to the infraction. Sanctions may range from receiving a failing grade on the assignment to being assigned a failing grade in the course. Stronger sanctions are possible in the event a case is assigned to the Student Disciplinary Council. Students who are assigned a grade of “F” or “FX” in a course due to academic dishonesty will not be permitted to withdraw from the course.

For a full description of academic dishonesty, including plagiarism, cheating, and fabrication, refer to the section entitled Academic Integrity Policy in the University Handbook for Students.
precedence over attempting coursework which carries academic credit, other than GSD 101 or other required Student Success Seminars.

4) Students with developmental requirements are allowed a maximum of two consecutive terms of University enrollment per developmental course, excluding summer, to successfully complete each required course.

5) Students who fail to demonstrate continuous, progressive enrollment in required developmental courses will have a registration hold placed on their record and may face Developmental Dismissal. These students are required to meet with the Director of Academic Readiness to establish an academic plan toward completion of college readiness.

6) Withdrawal from a developmental course counts as one semester of University enrollment toward the attempted completion of developmental requirements.

7) Each semester of enrollment at the University counts as an attempt toward completion of a developmental requirement, even if a student has not enrolled in the needed developmental course.

8) Students with developmental or college readiness requirements must complete all required developmental or college readiness courses by the end of the term in which they attempt their 45th credit hour, including developmental hours. Students not completing all developmental or college readiness requirements within 45 hours will be Developmentally Dismissed.

9) Students with developmental-level needs in English composition, math, or reading should consult with an academic advisor or academic program mentor to determine whether needs may be remediated via a credit-bearing, one-hundred level college readiness course.

Grades in College Readiness and Developmental Courses

- Grades in developmental courses numbered 090 or 095 are not included in the calculation of GPAs.
- Grades in developmental courses numbered 090 or 095 include the grades “A,” “B,” “C,” and “F.” There are no course grades of “D” in developmental courses or in ENG 101R.
- Students completing co-requisite coursework or credit-bearing-courses-with-support as a means of remediating developmental-level needs must earn a grade of A, B, or C in order to pass the class.
- 100-level college readiness courses with normal grading do count in the calculation of the GPA as free electives or general education courses that count toward degree completion (as appropriate).

SUCCESS FIRST INITIATIVE

The Success First Initiative grants admission to students who may face challenges as new or returning students as indicated by their established academic record. This program applies to the following students:

- New first-time students (including transfers with less than 24 college credits) with high school GPAs between 2.0 and 2.49 (unweighted on a 4.0 scale) and ACT Composite scores between 15 to 19 or SAT equivalent.
- Readmitted students with an EKU GPA of between 1.0 and 1.99
- Veterans admitted through the Veterans Bridge to College Success (VBCS) program.
- New first-time freshmen admitted through the Eastern Bridge program.
- The Success First Initiative is administered through a variety of programs across campus. Success First students work closely with their assigned advisors to achieve the following:
  - Sign a Student Success Agreement acknowledging the expectations and conditions for participation in the program and for continued enrollment at the University.
  - Obtain a minimum grade of “C” in all developmental or college readiness coursework and pass each within two attempts.
  - Meet with the assigned academic advisor each semester before registering for classes and enroll in courses only as agreed upon during this consultation. Note: Success First students are required to consult with their advisor before making any schedule changes. (A student who fails to involve an advisor and/or academic program coordinator in course schedule decision making may have an Advising or Developmental education held placed on his or her account.)
  - Achieve satisfactory academic progress (SAP) in order to retain financial aid.

Success First students who drop below a 2.0 GPA are subject to university-wide rules for minimum academic standards (see page 41), and may receive consideration for dismissal from the University, as well. All Success First students will be placed in the Associate of General Studies (AGS) program until they obtain 30 college-level credit hours and demonstrate satisfactory academic performance, or until they are released by the program via the Office of Academic Readiness. Satisfactory academic performance is defined as two consecutive semesters with a term GPA of 2.0 or above and satisfactory completion of all developmental or college readiness-level coursework.

EASTERN BRIDGE

Eastern Bridge is a high-school-to-college transition program designed to support the academic success of students entering the University with one or more college readiness needs in English composition, mathematics, and/or reading or entering the University with a high school GPA less than 2.49.

Eastern Bridge Students are required to:

- Work with the program coordinator to enroll in needed developmental education or college readiness courses. Course placement will be based on ACT, SAT, or KYOTE test scores.
- Enroll in needed developmental education or college readiness courses, in the appropriate sequence, during the first semester & subsequent spring and fall semesters of enrollment until all needs are remediated. (Students who fail to demonstrate continuous, progressive enrollment in required developmental or college readiness courses, or who fail to complete required developmental or college readiness-level coursework within 45 attempted hours of enrollment, will receive a Developmental Dismissal.)
- Sign a Student Success Agreement acknowledging the expectations and conditions for participation in the program and for continued enrollment at the University.
- Obtain a minimum grade of “C” in all developmental or college readiness coursework and pass each within two attempts.
Academic Restrictions for Students with Developmental Requirements

- New first-time freshmen with college readiness needs in two or more developmental or college readiness areas (English composition, reading, or mathematics) will be enrolled in the Associate of General Studies Degree program. The Office of Academic Advising will assist these students in creating linkages to departments of academic interest.
- Students affected by the above policy who would be rendered ineligible for specific scholarship opportunities, or who would be denied entrance into academic programs with proven student retention success, may petition for permission to declare a baccalaureate degree program. Letters of petition should be sent to the EKU Office of the Registrar after the student has been admitted into EKU.
- Students with two or more developmental area requirements are permitted to enroll in up to 16 hours of University coursework. Advisors should work closely with these students to ensure that students have (a) taken EKU placement tests before registering; (b) received information on available tutoring and student support services; and (c) utilized the Academic Planner in DegreeWorks to prepare a progress-to-degree course map for completing required general education and major area courses.
- Notes: Students successfully completing 090-level courses in English composition, reading, or mathematics should take EKU placement tests in an attempt to test out of the 095-level course sequence.
- 090-level developmental courses in English composition, reading, and mathematics are offered only during the summer, as part of the Eastern Summer Bridge program.
- Students enrolled in any MAT 090 section (Prealgebra) cannot enroll in any course with the following prefixes: AST, BIO, CHE, CIS, CSC, FOR, GLY, NAT, PHY, SCI, or STA.
- Students enrolled in ENR 090 or ENR 095 may be restricted in course registration based on academic department course prerequisites.

Academic Standards

Academic Achievement Awards and Recognitions

Dean’s List: The dean’s list is one of several ways in which the University recognizes students who achieve academic excellence. The dean’s list is published after each standard (fall/spring/summer) semester. Eligibility requirements for the dean’s list are as follows:

<table>
<thead>
<tr>
<th>Hours Earned with Regular Grading</th>
<th>Minimum Term GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>12</td>
<td>3.75</td>
</tr>
<tr>
<td>12</td>
<td>3.65</td>
</tr>
<tr>
<td>14 or more</td>
<td>3.50</td>
</tr>
</tbody>
</table>

Students earning fewer than 12 semester hours under the regular grading system are not eligible for the dean’s list. Courses below the 100 level will not be counted in determining eligibility for the Dean’s List.

Dean’s Award: As a further recognition of academic excellence, the University presents the Dean’s Award to students who have achieved the Dean’s List and/or the President’s Award (see below) three times. Students receiving the Dean’s award are presented with a recognition pin by the appropriate academic dean.

President’s Award: The highest recognition of academic achievement for a semester (fall/spring/summer) is the President’s Award. This award is given to students who complete a full time course load (minimum of 12 institutional credit hours earned) during a semester (fall/spring/summer), with normal grading (excluding developmental coursework), and who attain a 4.0 grade point average for that semester. Students receiving the President’s Award receive a letter of recognition from the President. In addition, the division of Public Relations and Marketing distributes the names of the recipients to appropriate news media, including their hometown newspaper.

Good Academic Standing

Minimum Academic Standards

Satisfactory Progress: Degree-seeking students shall be considered as making satisfactory progress so long as they remain in good academic standing (2.0 cumulative GPA) and enroll in courses required or allowed in their chosen academic program. Students having difficulty meeting academic standards are strongly advised to reduce or eliminate part-time jobs and other extracurricular activities which may detract from their studies, or to reduce the number of hours for which they are enrolled. To make timely progress toward degree students are expected to earn at least
15 credit hours per fall/spring semester

Good Academic Standing: Students are expected to maintain at least a 2.0 cumulative grade point average (GPA) while enrolled at EKU. The actions described below pertain to students whose cumulative GPA falls below 2.0. Once a student’s cumulative GPA returns to 2.0 or above, he/she is once again in good academic standing.

Academic Probation: Students who earn a cumulative GPA of less than 2.0 will be placed on Academic Probation after the close of that semester. While on academic probation, students may not enroll in more than 15 credit hours in either fall or spring terms or more than a total of six hours during a full (12-week) summer term. Students who are on Academic Probation and cease continuous enrollment, and subsequently wish to return to the institution, must apply for readmission and will be held to those readmission criteria (please refer to the Requirements for Readmission section of the Catalog).

Intervention for New First-Time Freshmen on Probation: Because a student’s academic performance in his/her first semester at EKU is predictive of overall success and graduation, EKU is increasing the support given to students whose cumulative GPA is less than 2.0 at the end of the first semester. New first-time freshmen whose cumulative GPA is less than 2.0 will be required to participate in prescribed intervention strategies and will be placed on First Semester Probation, with a requirement of earning an cumulative 2.0 or higher term GPA in the second semester to prevent academic suspension.

Academic Suspension: At the end of a semester on academic probation, students must have earned a semester GPA of at least 2.0 or raised their cumulative GPA to 2.0. Students not meeting the semester or cumulative GPA requirement will be placed on academic suspension. Students may not enroll in classes at EKU while academically suspended. Students who are academically suspended for the first time may not enroll in classes at EKU for one full semester (summer is counted with the next fall semester if a student is academically suspended at the end of the spring term). Students may be academically suspended up to three times during their academic career at EKU. The second academic suspension is for one calendar year and a third academic suspension is for two calendar years. An academically suspended student will return to EKU on academic probation if his/her cumulative GPA is less than 2.0 at the time of his/her return. Suspended students are subject to EKU requirements for readmission after they have sat out their mandatory suspension period (please refer to the Requirements for Readmission section of the Catalog).

Academic Dismissal: Students who have been academically suspended three times must maintain a semester GPA of 2.0 or better each semester after they return. Students who have been academically suspended three times, and after returning are unable to maintain a semester GPA of 2.0, will be academically dismissed from EKU for a period of five calendar years and are subject to EKU requirements for readmission (please refer to the Requirements for Readmission section of the Catalog).

Attending Another School While Suspended or Dismissed: During the time a student is academically suspended or dismissed from EKU, course work earned at another regionally accredited college or university will be considered for transfer credit when the student returns to EKU. Students are responsible for requesting that an official transcript of any transfer course work be sent to the EKU Office of Admissions when they apply for readmission to EKU. Students should consult with their advisor or college for the applicability of course work taken at another institution to their degree program at EKU. In some circumstance acceptance of transfer work may be subject to requirements of prior approval by the department chair of the student’s major.

Appealing Academic Standing: Students may appeal an academic suspension if they believe that catastrophic circumstances beyond their control prevented them from being academically successful. They may appeal their academic suspension to the University Admissions Appeal Committee. For their petition to be considered, students must provide a written appeal with appropriate supporting documentation. Students may not appeal an academic dismissal.

First-Time Freshmen Mid-Term Grade Review Process

The first semester for first-time freshmen is pivotal to academic success and graduation. All first-time freshmen will have their mid-term grades reviewed by the Office of University Advising and the Registrar during their first semester at EKU. If all reported mid-term grades are F, FN, U, or UN (indicating non-attendance and/or failure to meet course requirements) the student will be required to participate in an intervention program that includes the following:

- a study skills workshop
- a student success agreement
- a registration hold
- students will be moved from a baccalaureate program into the Associate of General Studies major until they have earned a 2.0 term GPA.

First semester new students who fail to attend the required workshop, fail to respond to communication from the University, and/or to comply with their success agreement will be academically suspended at the end of the semester. First-time students who cease participation in courses during their first semester at EKU, and as a result are failing all classes at midterm, will be considered to have withdrawn from the University. Accordingly, these withdrawn students will have any future course registration cancelled and their student record inactivated.

Academic Standing Noted on Transcript

A student’s academic standing (good standing, academic probation, academic suspension, or academic dismissal) is determined at the conclusion of each semester and is noted term by term on the student’s transcript.

Expulsion is the permanent separation of a student from the institution. Expulsion at EKU is restricted to the most egregious academic or disciplinary offenses. Expulsion, due to its permanent nature, is noted on the official transcript with the comment, “Expelled – ineligible to return”.

Details of due process that can lead to expulsion of a student can be found in the Eastern Kentucky University Handbook for Students. For process and sanction details refer to the Office of Student Conduct and Community Standards page http://studentrights.eku.edu/student-conduct

CERTIFICATES

EKU University-Awarded Certificate

At EKU a long-term certificate program that requires at least one year to complete and results in the awarding of a certificate is called a university certificate. Undergraduate-level university certificates require 24 or more hours, while graduate-level university certificates require 18 or more hours. University certificates are issued by the University and printed on diploma...
stock. University certificates are automatically recorded on student transcripts. Students who complete a university certificate must apply for graduation at the dean’s office of the college offering the university certificate, and pay applicable fees to cover certificate processing and mailing costs. University certificates are not awarded at the Commencement ceremony and certificate-only earners do not participate in Commencement.

EKU Department-Awarded Certificate

A short-term certificate program that requires less than one year to complete and results in the awarding of a certificate is considered a department/college certificate. Undergraduate department/college certificates require 12-23 hours. Graduate-level department/college certificates require 12-17 hours. Department/college certificates are issued by the academic department or college; the student does not formally apply for graduation and no processing fee is required. Department/college certificates may be noted on student transcripts at the request of the department/college. Department/college certificates are not awarded at the Commencement ceremony.

CLASS ATTENDANCE

Students must be registered in a class in order to attend and participate. Individuals not registered are prohibited from doing so.

Research shows that students who regularly attend class are more likely to succeed. The University expects all students to be officially registered before the end of the add/drop period for each course, and to attend all class meetings. EKU students are responsible for course work covered during all class periods, specifically any work missed during any absence from class, including the first class meeting. Each instructor will record absences and deal with them in a manner consistent with departmental policy for that course. Since attendance policies vary among departments and for courses within departments, students must be familiar with the policy printed on the course syllabus.

If a student presents the instructor with an adequate and documented reason for an absence, the instructor normally will give the student an opportunity to make up the work missed, if this is feasible. Adequate reasons involve circumstances beyond the student’s control, such as personal illness, critical illness, or death in the immediate family, or participation in an approved University activity. No absence of any nature will be construed as relieving the student from responsibility for the timely completion of all work assigned by the instructor. Initiating the request to make up class work is the student’s responsibility.

Absence from Class Due to Participation in an EKU Sponsored Event: A student who participates in an EKU sponsored event should complete and process a Student Absence from Class form before the sponsored event. This form explains the student’s absence, it does not excuse the student from responsibility for content covered during the approved absence.

First Day of Class Attendance: This process is designed to ensure clear reinforcement of the message that class attendance at EKU is important. Faculty are expected by the University to drop a student for being absent on the first day of class during the first week of the term. Students who know they will be absent should contact their instructor or the academic department office PRIOR TO THE 1st CLASS MEETING to explain their absence and request that the instructor not drop them from the class. However, students are responsible for monitoring their class schedule and should never assume that missing the first day of class will automatically result in removal from that class. A student who never attends a class but remains enrolled will receive a failing grade in the course.

CLASSIFICATION OF STUDENTS

A student’s classification is determined by the number of semester hours earned, as follows:

- Freshman 0 - 29 semester hours earned
- Sophomore 30 - 59 semester hours earned
- Junior 60 - 89 semester hours earned
- Senior 90 or more semester hours earned

GRADUATION & COMMENCEMENT INFORMATION

Application for Graduation

EKU is dedicated to all students making timely progress toward their desired degree. The EKU baccalaureate degree standard is a completion timeframe of 4 years for a 120 credit hour program. After declaring their desired baccalaureate degree program, students are expected to create a semester-by-semester degree pathway in the Degree Works academic planner, and to have this academic plan reviewed and approved by an advisor. To make appropriate progress toward their degree, students are expected to earn at least 15 credit hours per term (or 30 hours per academic year) and take only those classes needed for their declared degree program as listed on their Degree Works planner. Students must be aware that changing majors is likely to prolong time toward degree, and they should make such changes only after serious discussion with an advisor or department or program chair (see Changing Major section of this catalog for more details). Due to specific program requirements, students who transfer into EKU with more than 60 hours may require more than two years at EKU to complete a baccalaureate degree.

Applying for Graduation: 90th Hour Pre-Graduation Review Required Graduation Application and Evaluation

To assist students with completing their degree on schedule, EKU professional advisors/graduation experts will review the student’s academic progress and Degree Works graduation plan to determine the earliest, reasonable graduation semester. Baccalaureate degree seeking students will apply for graduation, and thus trigger this official graduation evaluation, during the semester in which they enroll in their 90th credit hour. The timing of this pre-graduation review is designed to be early enough to allow students to make any needed changes and avoid a graduation delay. Once evaluation has been triggered, a registration hold will be placed on the student’s record pending submission of their graduation application. This hold is lifted automatically after the student submits a graduation application, online, through EKUDirect.

Each degree and University certificate-seeking student shall apply for graduation using the online graduation application located within each student’s EKUDirect secure student services account. At the time of application each student shall have created, and have approved by an advisor, a Degree Works academic plan for every semester up through the proposed graduation term.
During the graduation evaluation the student’s current registration and Degree Works plan for future terms will be examined – to determine whether the student is on-track and efficiently headed toward graduation. The student will be informed if he or she cannot meet the graduation goal declared on the graduation application, advised how to get back on-track, and given a new graduation timetable.

Results from the graduation evaluation will be documented on the student’s Degree Works. Students will receive reminders when it is time to apply for graduation and initiate the graduation evaluation. Students are expected to heed warnings and follow any instructions posted on their Degree Works audit as a result of this official graduation evaluation. Students who apply to graduate without having the appropriate academic plan in Degree Works will be expected to submit the plan before being evaluated and before registering for the next semester.

Each student’s degree will be awarded by the University at the first opportunity to do so upon completion of requirements for the student’s declared program, per the student’s graduation application. Students are expected to earn their baccalaureate degree no later than 6 years after initial matriculation as a first-time degree-seeking student.

Final graduation clearance, degree certification on behalf of the University, and production of diplomas are completed by the Office of the Registrar.

Changing Major after Applying to Graduate

After applying to graduate and having a graduation semester confirmed by the University, students are expected to maintain their declared program of study, and thus graduate on schedule. Each student is expected to carefully review how any proposed change to a declared program of study would impact his or her approved graduation timetable and future financial assistance, if relevant. Given the gravity of such changes, only in extreme situations and after careful consultations with the student’s professional advisor and/or written permission from a graduation evaluator would a change that would delay graduation be considered.

Deferral of Graduation Date

Students who are not successful in completing all graduation requirements by their approved graduation date, but for whom the University determines the graduation goal is still easily within reach, will have their graduation term automatically deferred to the next semester. Students can have their graduation deferred for a maximum of two sequential semesters. After that time the original graduation application will be cancelled and the student will be required to submit a new application for graduation, pay a new application fee, and have a revised Degree Works graduation plan approved by the graduation evaluator.

Commencement Participation

Commencement ceremonies are conducted at the conclusion of the fall and spring semesters, prior to final grade processing. The Commencement ceremony represents a celebratory gathering of all degree candidates who are expected to complete their academic requirements by the official degree-conferral date as established by the University. Attendance at Commencement is optional. Participation in the Commencement ceremony does not represent confirmation of degree completion (“graduation”). After final grades are processed and reviewed, degrees will be conferred. Students earning only a certificate, either university or departmental, may not participate in the Commencement ceremony. For additional information regarding Commencement, please refer to the registrar’s website at www.registrar.eku.edu/graduationInformation/.

Graduation Fair (Grad Fest)

There is a graduation fair (Grad Fest) on campus each fall and spring semester. This is an important event for all graduating students. At Grad Fest, students will conclude all needed graduation tasks, including picking up pre-ordered academic regalia. For additional information, please refer to the Grad Fest website at http://registrar.eku.edu/gradfest

Graduation Fee

There is a graduation application fee for each diploma and/or university certificate sought; the appropriate fee is assessed to the student’s EKU account upon receipt of the graduation application. This graduation fee only partially offsets the full cost of commencement celebrations and production and mailing of diplomas and certificates.

Graduation Academic Regalia

Students order and pay for commencement regalia (cap, tassel, hood, and gown) through the EKU Barnes & Noble bookstore (http://registrar.eku.edu/graduation). Students earning University Latin Honors receive a complimentary Honors Sash; this regalia will be available at the Registrar’s table during Grad Fest. Students graduating from the Honors Program will receive a complimentary maroon mortarboard from the Honors Program office. Refer to the Graduation Information website for more details regarding graduation fees and/or commencement.

Degree Conferral Date

The Board of Regents of Eastern Kentucky University approves the conferring of degrees four times per year. These conferral dates represent confirmation that all degree and/or university certificate requirements have been met by that date. The formal conferral date is posted to the student’s academic transcript and is the date printed on the diploma and certificate. Below are the EKU degree/certificate conferral dates:

Locking Academic History (After Degree Has Been Awarded)

Once a degree has been conferred the academic record of all work contributed to the awarded baccalaureate, master’s, or doctoral degree is locked. No course grades may be repeated or replaced for any classes used toward the conferred degree.

The Office of the Registrar takes great care to ensure that each student’s academic record is accurate. Any student who believes an error has occurred should immediately bring this to the attention of the Office of the Registrar. Students have one calendar year after a degree is awarded to identify any item on their
academic record believed to be in error. After that time the record is considered to be permanent. Please note that grade challenges have a different timetable and must always be directed to the chair of the department which offered the course in question. For details regarding the timetable and process for grade challenges please refer to the student handbook at http://studentaffairs.eku.edu/studenthandbook.

**Diploma and University Certificate Production**

Diplomas and University Certificates are produced and mailed to students after all final grades are reviewed and it has been confirmed that all degree requirements have been met. The graduation confirmation process takes several weeks to complete. Therefore, students should expect to receive their diploma 6-8 weeks after the end of finals week. Students who are indebted to the University will not have their transcript or diploma released until the debt is paid. Any questions regarding student financial obligations should be directed to EKU Student Accounting Services.

**Associate Degree Honors**

**With Distinction and With High Distinction**

Students earning an Associate Degree are graduated “With Distinction” if they attain a cumulative GPA of at least 3.5, but less than 3.7, on all semester hours transferred to and attempted at Eastern Kentucky University and if they complete a minimum of 30 semester hours at Eastern Kentucky University.

Students earning an Associate Degree are graduated “With High Distinction” if they attain a cumulative grade point average (GPA) of 3.7 or higher on all semester hours transferred to and attempted at Eastern Kentucky University and if they complete a minimum of 30 semester hours at Eastern Kentucky University.

For purposes of honors recognition, all semester hours transferred to and attempted at Eastern Kentucky University - including those which are subsequently repeated or bankrupted - shall be included when calculating the GPA used to award academic honors. Because of timing, honors GPA calculations (solely for the purpose of recognition at the commencement ceremony) cannot include the final semester’s course work. In-progress hours will be used to attempt to meet the 30 semester hours at Eastern Kentucky University requirement. Calculations for the permanent designation of honors on the diploma and transcript will include the final semester grades.

**Baccalaureate Degree Honors**

**Latin Honors: Cum Laude, Magna Cum Laude, Summa Cum Laude**

Eastern Kentucky University recognizes graduating baccalaureate degree students who have achieved distinguished academic records by awarding their degree with Latin Honors. There are three levels of Latin Honors: Cum laude (“with praise”), Magna Cum laude (“with great praise”), and Summa Cum laude (“with highest praise”). All students earning Latin honors must take at least 25% of their degree applicable course work at Eastern Kentucky University.

All semester hours transferred to and attempted at Eastern Kentucky University (including those which are subsequently repeated or bankrupted) will be used in calculating each Latin Honor grade point average (GPA). Latin honors GPA calculation— for purposes of designating which students may wear a Latin Honors sash at the graduation commencement ceremony—does not include the final semester’s course work as these calculations occur weeks before the term has finished. Once a student’s final semester has concluded and final grades are available, these grades will be included in the calculations to award the permanent designation of Latin Honors on a student’s diploma and transcript.

**Cum Laude:** Students earning Cum Laude must attain at least a cumulative GPA of at least 3.5, but less than a 3.7, on all semester hours transferred to and attempted at Eastern Kentucky University. Additionally, a minimum of 25% of all degree applicable course work must be taken at Eastern Kentucky University.

**Magna Cum Laude:** Students earning Magna Cum Laude must attain at least a cumulative GPA of at least 3.7, but less than a 3.9, on all semester hours transferred to and attempted at Eastern Kentucky University. Additionally, a minimum of 25% of all degree applicable course work must be taken at Eastern Kentucky University.

**Summa Cum Laude:** Students earning Summa Cum laude must attain at least a cumulative GPA of at least 3.9, or higher, on all semester hours transferred to and attempted at Eastern Kentucky University. Additionally, a minimum of 25% of all degree applicable course work must be taken at Eastern Kentucky University.

**Honors Scholars Program**

Students are graduated as Honors Scholars if they successfully complete Eastern Kentucky University’s Honors Program, satisfy all comprehensive and program requirements for an undergraduate degree from this University, and graduate with a cumulative GPA of at least 3.0. Honors Scholars are designated at commencement with a maroon mortarboard.

**Course Types**

**Course by Special Arrangement**

A Course by Special Arrangement (CBSA) is a course that is a required part of an approved curriculum program but is being offered to a student during a term or at a time when circumstances prevent the course from being a part of the department’s regular class schedule. A CBSA will be approved only if it is within the last two semesters of a student’s pending graduation, and if the course meets a degree requirement that cannot be fulfilled by any other mechanism, including independent study. Prior to registration, students must file the CBSA Petition. This petition requires the signature/approval of the instructor, program chair, and dean. An independent study course cannot be a Course by Special Arrangement. Tuition and fees for CBSA courses are computed at the same rate as other regular on-campus courses.

**Independent Study Course**

Independent study courses, which are distinct from Course by Special Arrangement and special topics courses, are designed to provide an opportunity for a student to pursue a research/study interest not available through any of the courses offered in a program at EKU. To qualify to enroll in an independent study course, students must have a GPA of 2.5 or higher. Independent study courses must be under the supervision/direction of a faculty member with appropriate qualifications for the course content and must be guided by an approved research or project plan. Independent study courses must follow the prescribed Independent Study protocol and be approved in advance of enrollment. The independent study course must be
appropriately designated as such in the Catalog. Independent study courses should not be used as a mechanism to teach a course not offered in a given semester or as a substitution for program requirements, though they may, with appropriate approval, fulfill such requirements. Independent study courses are not intended to be a mechanism for enrolling in a course for which a student would otherwise be ineligible. Tuition and fees for independent study courses are computed at the same rate as other regular on-campus courses.

Service Learning

Courses that have been officially recognized as including service-learning within their curriculum are designated with the letter “S” following the course prefix and number. Service-learning is defined as:

An academic experiential educational method in which students participate in an organized service activity that meets identified community needs and reflects on the service activity in such a way as to:

• gain further understanding of course content,
• develop critical thinking skills, and
• develop an enhanced sense of civic responsibility

Students will be required to participate in at least 5 hours of community service per credit hour of course credit.

Special Topics Courses

Special topics courses are designed to offer the opportunity for students to study specialized areas within a discipline. These courses are created with normal class enrollment expectations. The topic of study is designated by the course section title, and may or may not vary with each offering. Students may repeat a special topics course (for the purpose of earning additional course credit) only if the specific course title is different with each subsequent enrollment.

Student Success Seminars

Every student seeking a baccalaureate degree or Associates Degree in General Studies (AGS) must complete a 1-3 credit Student Success Seminar.

• Full time students must complete the Student Success Seminar during their first semester.
• Part time students are strongly encouraged to complete the Student Success Seminar during their first semester, and must complete it within their first 18 credits.
• Students who earn a grade of “W,” “F,” or “FN” in a Student Success Seminar must repeat the course the following term.
• Transfer students who have 30 or more transfer credits upon admission to EKU may have this requirement waived. (Some majors require all students to take a Student Success Seminar, regardless of transfer status.)

Declaring a Program of Study

Changing Major/Minor/Concentration

Because changing majors generally lengthens students’ time to degree, students are limited to changing their major only one time per year.

Once a student has applied to graduate she/he is expected to follow her/his degree plan that has been certified by a college graduation expert.

Students may declare or change their currently declared major, minor, or concentration, after careful review and advisement by completing the appropriate form and obtaining the written approval of the department chair or advisor of their desired new program. (Read below regarding programs that have specific entrance requirements).

The “Declaration of Program of Study” form is available through www.forms.eku.edu, as well as the Registrar’s website. When the requested change is received by the Registrar’s Office it will be processed, and a new advisor will be assigned by the Office of University Advising within 10 business days.

Students who request a change of major will be moved into the current program for the desired major, per the Catalog in force at the time the request was received. The student will be subject to all program and University graduation requirements, including General Education, as listed in the current Catalog.

Some programs of study require specific admission criteria, and have a formalized admission process. These programs require a separate application for admission. Please refer to the program requirements section of this catalog to determine whether a program has a specific admissions processes or criteria.

When declaring a major, all degree-seeking students shall declare as a first major an EKU degree program, or a university certificate if that is the student’s only educational goal.

Degree Audit

DegreeWorks is a degree audit report available to students and advisors online via EKUDirect (student web and faculty web). It is an audit which shows the requirements for a student’s program and how completed and in-progress courses apply to that program. Students should contact their academic advisor if they have questions concerning degree requirements or their DegreeWorks report. Questions can also be emailed directly to the Degree Works programmers at reg.dgw@eku.edu

Curriculum Guides-Academic Plans: Curriculum guides for each program are printed in this catalog and part of the DegreeWorks Academic Planner. All students should create an academic plan in DegreeWorks, maintain and follow that plan. Completion of the program will vary according to student status (i.e. transfer students, developmental students) and student load each semester. To make timely progress toward a degree full-time students are expected to earn at least 15 credit hours per semester. Colleges will make available to students through appropriate advising any additional non-curricular requirements that apply to the specified major.

Degree Information and Requirements

EKU Academic Residency Requirement

A minimum of 25% of coursework applied toward the completion of any major core requirements, minors, and/or EKU certificates must be earned at EKU.

Catalog

For all graduation requirements, including general education,
students will be governed by the Catalog in use at the time they enter the University or declare a new major. Each student has a catalog year associated with their student record, designating the academic year for the Catalog dictating their program, General Education, and University graduation requirements. The catalog year for each student may be found on the student’s Degree Works degree audit. If in a subsequent year any graduation requirements change, students may elect to complete the later requirements by requesting the Registrar’s Office move them to the current Catalog. Students who stop out for more than two years will meet all graduation requirements in place at the time they reenroll. Students who stop out for fewer than two years may elect to be returned to the graduation requirements in place at the time they declared their major by submitting a request to the Registrar’s Office.

The above refers only to curricular requirements. With respect to policy requirements, all students are governed by current University policies that have been approved by appropriate University committees.

**Comprehensive Associate Degree Requirements**

To qualify for an associate degree, students must satisfy the following requirements:

1. Complete all requirements in the degree program as established by appropriate University committees.
2. Complete University academic requirements, including basic skills proficiencies in English, reading, and mathematics; any applicable PCC; general education; and a student success seminar, as established by appropriate University committees for each degree program.
3. Complete a minimum of 60 semester credit hours.
4. Earn a minimum grade point average (GPA) of 2.0 on all college-level work taken at Eastern Kentucky University. In addition, transfer students must earn a minimum GPA of 2.0 on the combined transfer work and Eastern Kentucky University work.
5. Earn a minimum of 15 semester hours through Eastern Kentucky University.
6. Earn the credits applicable to major and supporting degree requirements within eight years prior to the date the degree is awarded. Credits more than eight years old may be used to meet general education, upper division, and free elective requirements. The college dean of a student’s major may validate individual eight-year-old (or older) coursework as meeting major and/or supporting requirements.
7. Students enrolled in MAT 090 are not permitted to enroll in any course with the following prefix: AST, BIO, CHE, CIS, CNM, CSC, FOR, GLY, NAT, PHY, SCI or STA.

**Degree Requirement Notes:**

A The Kentucky PreCollege Curriculum (PCC) is defined and prescribed by the Kentucky Council on Postsecondary Education (CPE). Six hours of the same World Language must be completed within 24 credit hours of enrollment. Applies to students under 21 when first admitted, and/or transferred into EKU fewer than 24 credit hours. See Degree Works to confirm whether a student has a PCC requirement. PCC deficiencies must be remediated within the first 24 hours of enrollment, excluding developmental hours.

b General Education Requirements for Associate Degrees: General Education Requirements consist of 36 hours of course work in six Elements: 1. Communication; 2. Mathematics; 3. Arts and Humanities; 4. Natural Sciences; 5. Social and Behavioral Sciences; and 6. Diversity of Perspectives and Experiences. Students must earn the specified number of hours in each of these course categories. See the General Education section in this Catalog for more detailed information about general education requirements.

c Individual major programs decide which courses or experiences can be used to satisfy the ACCT requirement. Refer to program descriptions in Section 5 of this catalog for more information.

d Hours Required for a Baccalaureate Degree: The University requires a minimum of 120 semester hours to earn a baccalaureate degree. In most cases this minimum is also the maximum. While there is no upper limit beyond 120 semester hours which may be used as a particular major program’s requirements, each program or program change is approved through the University’s committee system and any program requiring beyond 120 semester hours will require substantiation of additional requirements.

f According to AACSB International business accreditation standards, students enrolled in University baccalaureate degree programs, other than those within the School of Business, will not receive credit toward their degrees for more than 25
Concurrent (Dual Degrees) and Subsequent Degrees

Concurrent Degrees: A student may qualify to earn two degrees concurrently (dual degrees) by completing all requirements for both degrees, including major, supporting, and general education requirements. Courses used in one degree program may also be used in the other. The student has the responsibility to file a separate graduation application for each degree being sought. If the two degrees are in the same college, the student must file two applications in the office of the college dean. If they are different colleges, one application must be filed in each dean’s office. Please refer to the “Application for Graduation” section of this catalog for more details.

Concurrent Associate Degrees: If two 60 credit hour associate degrees are pursued concurrently, a minimum of 75 credit hours must be earned. If one or both of the associate degrees has program requirements in excess of 60 hours, the degree program with the highest number of required hours will be considered the student’s first associate degree, and the hours required to earn the second associate degree shall be 25% of the second program’s total hours. Students seeking only an associate degree may not declare a minor.

Concurrent Baccalaureate Degrees: If two 120-credit-hour baccalaureate degrees are pursued concurrently, a minimum of 150 credit hours must be earned. If one or both of the baccalaureate degrees has program requirements exceeding 120 hours, the degree program with the highest number of required hours will be considered the student’s first baccalaureate degree, and the hours required to earn the second baccalaureate degree shall be 25% of the second program’s total hours.

Concurrent Baccalaureate and Associate Degree: The minimum number of hours required for concurrently earning an associate and a baccalaureate degree is the number required by the baccalaureate degree. Associate degree earners are expected to complete that degree prior to completion of their baccalaureate degree. Specifically, Associate of General Studies (AGS) seekers must declare, and earn, the AGS before graduating with any baccalaureate degree.

Subsequent Degrees: Students having earned one degree, either from Eastern Kentucky University or from another regionally accredited institution, may subsequently pursue an additional degree, either associate or baccalaureate, by completing all requirements of the subsequent degree, including major, supporting, and general education requirements. For students who earn their first degree at EKU, hours earned prior to the awarding of a first baccalaureate or associate degree may be counted toward the minimum required to earn a subsequent baccalaureate or associate degree.

Students must earn at least 16 approved semester hours at EKU for an associate degree beyond those required for the earlier degree. A subsequent baccalaureate degree requires at least 32 approved hours earned at EKU beyond those required for the earlier degree.

Students who have completed a previous degree elsewhere and apply to Eastern Kentucky University, should have official transcripts from the institutions previously attended sent to Eastern Kentucky University’s Admissions Office.

Multiple Majors/Minors

Students pursuing baccalaureate degrees other than General Studies may consider more than one major and/or minor. All requirements for the declared major and/or minor must be completed by the time the initial degree is awarded. Associate degrees are not eligible for minors or second/multiple majors.

Students are required to declare a primary degree program (specific baccalaureate degree and first major). This program of study is that which will be recorded on the diploma, and which will determine the degree awarded by the University. A second or additional major represents a further emphasis of study and shall be designated on the student’s academic transcript. Earning a second or other major, however, is not to be considered as completion of an additional or distinct degree program.

Double Majors vs. Dual Degrees: A student pursuing one degree, but two major areas of study, is said to have a “double major”. To complete a double major the student must earn all hours required by the degree program of their first major plus any additional course(s) needed to fulfill only the major and supporting requirements of the second major. A student who fulfills all requirements for two complete degree programs, earning no fewer than 150 credit hours is said to be a “dual degree candidate”. Students who wish to earn two baccalaureate degrees (dual degrees) should refer to the Concurrent Degree policy. Note that associate degrees are not eligible for minors or second/multiple majors.

Awarding Subsequent Majors/Minors: EKU does not
award a subsequent major/minor/concentration after an initial degree is conferred unless the student completes a subsequent degree program. While multiple majors, minors and certificates earned by a student are formally posted to the student’s academic transcript, only the degree earned and one major will be printed on the diploma. Students interested in pursuing multiple majors, minors, certificates and/or concentrations should contact the Office of Academic Advising and Retention, a college advising office, or the department of interest for additional information.

ENROLLMENT AND CLASS SCHEDULE

ACADEMIC LOAD

The limitations below apply to all enrollments or combinations of enrollments for the term specified, including campus classes, regional campus classes, online study, and enrollments at other institutions. The Registrar will not record credits beyond these maximums.

Enrollment in Fall/Spring Terms: To make timely progress toward their degree, full-time students are expected to earn 15-16 credit hours each fall/spring semester or 30 credit hours per academic year (Fall/Winter/Spring/Summer). Full-time student status requires a minimum of 12 credit hours during a fall or spring term. Students carrying fewer than 12 credit hours are considered part time. A student who has established a superior record may be permitted to enroll for more than 18 hours by the dean of the college of the student’s first major. The absolute maximum load for an undergraduate student is 21 credit hours.

Enrollment in Summer Term: For enrollment verification and financial aid during the summer semester, an undergraduate student must be registered in at least 12 credit hours to be considered a full-time student. Enrolling in more than 12 credit hours is restricted to students who have established a superior academic record. Permission to enroll in more than 12 credit hours during the summer must be granted by the dean of the college of the student’s first major. The absolute maximum summer enrollment is 15 hours.

Financial Aid and Enrollment Verification: Please note that, for financial aid, enrollment verification, and loan consideration, full-time status requires a minimum of twelve semester hours in any academic term.

Note: Students who are not on good standing academically have lower maximum enrollment limits. Please refer to the section on Minimum Academic Standards.

CLASS SCHEDULE CHANGES

Dropping a Class - 1st Week of Class: If students wish to add courses to their schedule, they must do so by the date published in the Colonel’s Compass for that term. If a student drops a course by the end of a term’s Schedule Change Period (add/drop), the course will not appear on the student’s grade report or transcript. Course drops are executed online through EKUDirect.

Late Enrollment

Students who wish to add a class to their schedule after the published deadline to do so, must secure the permission of the instructor of the course, the department chair, and the dean of the college offering the course. The student shall complete the Request for Late Enrollment and submit it to the instructor of the class.

If enrollment is approved, the instructor passes the form onto the appropriate department office for further processing. The Request for Late Enrollment form is available on the Registrar’s website.

WITHDRAWING FROM A CLASS

See Withdrawal section on page 63.

FINAL EXAMINATIONS

If a student is scheduled for more than three final examinations on the same day, the student may request, through the college dean, that the fourth examination be rescheduled.

FIRST DAY OF CLASS ATTENDANCE

All instructors are expected to participate in the First Day Attendance-Faculty Drop process. For information regarding faculty dropping students for missing the first day of class, see Class Attendance section on page 45 of the Catalog.

FEE FOR INITIAL REGISTRATION AFTER CLASSES BEGIN

Students whose initial registration for the term does not occur until on or after the first day of class will be assessed a non-refundable $50 late initial registration fee.

GENERAL EDUCATION REQUIREMENTS

The mission of general education is to promote learning that is central to the intellectual pursuits associated with our educational programs and to enable students to make informed choices about matters of public and personal significance in a diverse, democratic society and global community. The general education program helps students to become informed, independent thinkers by developing competencies in communication, quantitative analysis, and critical thinking by helping them understand and appreciate the diversity of culture, individuals, the natural environment, and the global society. Courses that are used to satisfy the program’s Major Requirements cannot also be used to satisfy General Education requirements.

Some courses may be listed in more than one General Education category. However, no single course can be used to satisfy more than one General Education requirement.

Changing General Education Requirements

The following General Education program is highly integrated with University requirements, therefore students moving into the newest catalog will be held to these General Education and University graduation requirements, as well as major requirements as listed in this Catalog.
Students will have one catalog year governing all graduation conditions. To see how a Catalog change will impact their progress toward degree, students are expected to first run a “What-If” DegreeWorks audit and study the impact of a Catalog change. Once a student has moved forward to a new catalog year they cannot move back to a previous year.

The courses listed award three hours of credit, unless a number appears in parentheses following the course name. This number represents the hours awarded for such courses. Courses with an “L” are laboratory classes and one credit hour unless otherwise noted. Course numbers followed by (\(^{\text{^}}\)) have prerequisites or other restrictions on enrollment. Refer to Course Descriptions in Section Seven of this Catalog for specific restrictions.

### GRADES

**Auditing Courses:** A student may audit a course (i.e., take it without credit) with the permission of the instructor and the dean of the college involved if the course has been approved to be taken Audit. The Registrar’s Office can verify whether a course is approved to be taken as Audit. After registering for the course as usual, students must obtain the “audit a course” form from the Registrar’s Office, obtain the appropriate signatures and return it to that office, Whitlock 239. Fees are the same as for courses taken for credit. Students enrolled for audit must comply with the attendance policy of the instructor or no course entry will be made on their academic record.

**Changes to Transcript:** Once a degree has been posted to the transcript, changes will not be made to courses or grades that were earned prior to the posting of the degree. Students have one calendar year in which to bring to the Registrar’s attention an error on their transcript. This does not include any challenge based upon an unsatisfactory grade. Refer to the student handbook for the appropriate process for grade challenges (http://studentaffairs.eku.edu/studenthandbook).

**Credit/No Credit (CR/NC) Coursework**

The grade of “CR” (credit) is awarded as recognition of appropriate scores on AP, IB, CLEP or other proficiency exams and prior learning assessment. International coursework transferred to EKU will be recorded as CR/NC. Existing EKU students who complete an EKU-approved/sponsored study abroad program, and have a completed Study Abroad Pre-Approval form on file in the EKU Office of International Student and Scholar Services, may receive a regular letter grade for the international coursework taken while participating in the sanctioned study abroad experience.

Undergraduate course work with CR grades may be used to fulfill major, minor, certificate, supporting program, and/or concentration area requirements, (unless explicitly prohibited by the appropriate academic department), to a maximum of 20% of the credit hours required for the academic program. Exceptions to this limit may be authorized by the Dean/Associate Dean of the college offering the program. There is no limit to the number of CR credit hours used to meet general education areas or to serve as free electives.

**Developmental College Readiness Coursework (Zero-Level):** Each developmental course is numbered 090 or 095. These are institutional-credit courses. Credit hours for a zero-level course do not apply toward graduation; however, zero-level courses do count toward enrollment status for purposes of financial aid eligibility and full-time student status. Grades for 090 and 095 developmental courses include A, B, C, and F. (Note: MAT 098 is a zero-level course but is not a developmental course.)

**Equivalent Courses**

Equivalent or cross listed courses are those in which credit will be earned for just one course. Equivalent courses may or may not be cross-listed in the schedule. Should there be a second enrollment in an equivalent or cross listed course, the student will either be disenrolled from the course or have credit removed at the end of the semester. Upon a change of major, permission for enrollment and credit for the second course, when required in the new major, must be obtained in advance from the college dean of the new major. In that instance, credit for the first taking will be removed.

**Failure Due to Academic Dishonesty (FX):** This grade is a sanction for repeated violations of the Academic Integrity (AI) Policy. The “FX” grade denotes failure in the course due to academic dishonesty and is a permanent grade reflected on the student’s transcript. A student assigned an “FX” grade will not be permitted to drop or withdraw from the course. A student who wishes to repeat a course in which an FX grade was applied may do so for the purpose of rehabilitating his/her GPA. The course may only be repeated at EKU. Repeating an FX course will not remove the FX grade from the student’s transcript.

**Grade Appeals:** If a student believes that the final grade assigned in a course is unjustified, that student should consult the instructor seeking a satisfactory explanation. If, after doing so, the student still feels that the grade is unjustified, the student may appeal the grade, in writing, to the department chair. A written appeal must be filed with the chair within 30 days after the beginning of the next semester (exclusive of summer session).

Grade Changes: All grade changes must be made by the following deadlines: for fall semester grades—the last day of regular classes (prior to finals week) for the following spring semester; and for spring and summer semester grades—the last day of regular classes (prior to finals week) for the following fall semester.

Grade Point Average (GPA): The GPA is a calculation of the sum of total quality points earned, divided by the total attempted course credits. Quality points are determined by multiplying the numerical value for each grade earned, times the credit hours for the course.

Each student has a cumulative GPA reflecting his/her overall academic performance, as well as a term GPA indicating achievement for the current semester. Grades for all non-zero level EKU and transfer courses are included in a student’s overall GPA calculation. The GPA is used to measure a student’s academic standing. Successful completion of any degree or certificate program requires a minimum of a 2.0 overall as well as institutional GPA. The official EKU GPA is truncated at two decimal places; GPAs are never rounded numbers.

Each student can view his/her GPA through his/her secure online EKUDirect self-service account. In EKUDirect the GPA appears on the Official Grade Report, the student transcript, and on each student’s DegreeWorks degree audit. Each student is expected to monitor their GPA through these sources. Note that a separate GPA calculation is done for determining University graduation standing. Successful completion of any degree or certificate program requires a minimum of a 2.0 overall as well as institutional GPA. Any student receiving a grade of “I” must coordinate with the instructor to satisfy all outstanding work. However, all outstanding work must be completed by the student and a Grade Change form must be submitted by the instructor to the Registrar’s Office by the last day of classes of the regular semester (fall/spring) immediately following the term in which the incomplete grade was originally assigned. If a grade change is not submitted by the established deadline, the incomplete will automatically default to a failing (“F”) grade.

If, due to extenuating circumstances, a student is unable to complete the contracted course work to fulfill the incomplete course by the established time line, the student has the option of requesting a one-time, one semester extension to the incomplete deadline. The student must initiate the request through the instructor before the established deadline. Approval of the extension of an incomplete grade is not automatic and depends on the student’s unique circumstances.

Incomplete Grade Contract: When a student has extenuating circumstances that impede him/her from completing a course, an incomplete grade may be awarded. The incomplete grade cannot be used simply because a student has failed to complete the work in the course or as a means of raising the student’s grade by doing additional work after the grade report time. An Incomplete Grade Contract may be initiated by a student (undergraduate and graduate) or faculty member prior to the last day of class when a student wishes to pursue an incomplete grade. If the instructor agrees that the student has extenuating circumstances beyond his/her control and the instructor agrees to assign an incomplete grade, the instructor will identify on the Incomplete Grade Contract all outstanding assignments and/or conditions needed to complete the course.

The following procedure applies when an instructor has agreed to assign a grade of “I” for students who are unable to complete the course because of extenuating circumstances.

1. On the Incomplete Grade Contract, the instructor will identify all outstanding assignments and/or other conditions needed to complete the course. The instructor will secure all the necessary signatures. The student’s signature is not required for the contract to be enforced.

2. The Incomplete Grade Contract must be received by the Registrar’s Office no later than 30 days past the deadline for final grade submission. While the faculty will be able to submit the “I” grade through the online grade submission process, any “I” grade that is not accompanied by an Incomplete Grade Contract within 30 days of the advertised final grade submission deadline will be converted to an “F.”

3. A copy of the contract will be mailed to the student by the Registrar’s Office, giving the student a 10 day window in which to decline the incomplete grade.

4. Any student receiving a grade of “I” must coordinate with the instructor to satisfy all outstanding work. However, all outstanding work must be completed by the student and a Grade Change form must be submitted by the instructor to the Registrar’s Office by the last day of classes of the regular semester (fall/spring) immediately following the term in which the incomplete grade was originally assigned. If a grade change is not submitted by the established deadline, the incomplete will automatically default to a failing (“F”) grade.

5. If, due to extenuating circumstances, a student is unable to complete the contracted course work to fulfill the incomplete course by the established time line, the student has the option of requesting a one-time, one semester extension to the incomplete deadline. The student must initiate the request through the instructor before the established deadline. Approval of the extension of an incomplete grade is not automatic and depends on the student’s unique circumstances.

Military Activation: A student who is called to active duty or whose spouse/legal guardian is called to active duty may be unable to complete courses in which they enrolled. If military activation affects the ability of a student to complete a course, the University provides several options, including withdrawal from the course and/or University or taking an incomplete and completing the course(s) following completion of active duty. A student who volunteers for military service during a semester makes the decision to join the military instead of being a student, and does so while the semester is in progress, (instead of completing the semester and then joining), is not eligible for Military Withdraw, Military Incomplete, or to receive a grade early in the semester. The spouse of a student who volunteers for military service and cannot complete a semester will not be eligible for Military Withdraw, Military Incomplete, or to receive a grade early in the semester.

Students with military status (Active, Reserves, National Guard) at the beginning of the semester, or spouses of such students, finding it necessary to leave the University because of required active military duty must complete one (1) of the following:

Option 1 – Receive a Grade
1. When military activation occurs after the 12th week of the semester, the instructor has the option of assigning the student a grade in the class based upon work completed. That grade would be submitted during normal final grade submission, and no additional work would be required of the student.

2. The request for assignment of a grade based on coursework completed must be made in writing and must be approved by the Chair of the Department and the Dean of the College in which the course(s) is offered. A copy of activation papers must be attached.

Option 2 – Receive an Incomplete Due to Military Activation
1. The affected student will petition the faculty members to request an assignment of a grade of “IM” in course(s) currently enrolled.

2. If the instructor feels that the portion of the semester remaining, and volume of uncovered material is such that it can be made up in a reasonable amount of time and effort, a grade of “Incomplete for Military Activation” may be given.

3. The instructor completes an Incomplete Grade Contract and notes on the contract that this is due to military activation. The student shall provide a copy of the military orders and the instructor must ensure that a copy of the student’s military orders is attached to then Incomplete Grade Contract. Without a copy of these orders the student cannot receive the “Incomplete for Military Activation” grade.

4. The Incomplete Grade Contract shall be processed as normal.

5. Once the Registrar’s Office receives a copy of the military orders an “IM” grade will be recorded.

6. The student has two (2) years from the date of military discharge to complete an “IM” grade. The student, upon completion of active military duty, must follow up with the faculty member. If the faculty member is no longer with the University or is on leave from the University, the student should contact the Department Chair for determining how to fulfill the Incomplete Grade Contract. If the student does not make contact within 2 years of leaving the University, the “IM” turns to a “W.”

7. Upon completion of coursework, the instructor will submit a change of grade form.

Option 3 – Receive a Military Withdrawal from the Course or from the University
1. Students choosing to withdraw from specific courses or from the University must send a letter requesting a withdrawal and enclose a copy of the military activation notification. The letter must include the following information:
   - Student name and Student EKU ID Number
   - A statement that the student wishes to withdraw completely from the University OR listing the individual courses for withdrawal.
   - Student’s signature (mandatory) and the date

2. The Office of the Registrar staff will process the withdrawal which also triggers a 100% refund in all tuition and course fees. Room and board fees will be prorated.

3. If a student requests an incomplete and the faculty declines to grant an “IM,” then the student will have to withdraw. For additional information regarding Military Incomplete status please see the Military Activation Web site at: http://www.registrar.eku.edu/registration/military/.

Pass-Fail (“P” - “F”) Option: The Pass-Fail option encourages students to take courses they might otherwise avoid because of lack of background or concern for lowering their grade point average (GPA). Not all courses are approved to be taken Pass-Fail. The Registrar’s Office can verify whether a course is approved to be taken as Pass-Fail.

Students who have earned 30 or more semester hours of credit with a minimum GPA of 2.0 may choose the Pass-Fail (“P” - “F”) option for a total of 15 hours of free electives. These hours must be exclusive of general education, major, minor, and other course requirements for graduation. Eligible courses must belong to the Colonel’s Compass.

- The Office of the Registrar will provide mid-term grades via the Banner (EKU Direct) system for all students in undergraduate-credit, full-semester courses by the end of the eighth week. In the case of non-standard courses, faculty will enter mid-term grades by the mid-point of the course and before the last day to withdraw from the course, as published on the Colonel’s Compass.

- Mid-term grades are not required for the following types of classes: non-gradable laboratory sections, co-op, practicums, and internships.

First-Time Freshmen Mid-Term Grade Review: See Academic Standards, 45.
Students may repeat a course using the Pass-Fail option only if the previous taking was also Pass-Fail.

Students may select the “Pass-Fail” option by completing the Audit/Pass-Fail registration form, available from the Registrar’s Office. Students may change to or from the Pass-Fail option by the date specified each semester in the Colonel’s Compass. The student must submit to the Registrar’s Office the completed form as authorization to change their registered course to Pass/Fail.

**Repeating Courses:** Students may repeat college-level courses. In those courses, the highest grades earned will replace a lower grade in calculations of the student’s term and cumulative GPA. This grade replacement occurs irrespective of whether the lower grade was earned in the original taking of the course or in a repeat enrollment.

The repeated course and grade will still appear on the transcript but with a notation indicating whether the grade is included in, or excluded from, the student’s GPA. If a student attempts to repeat a course and replace the grade but then withdraws from the course, that course attempt will not be counted among those for which grade replacement is available.**

Students who repeat a course in which they earned a failing grade, and fail the course again, will have the most recent failing grade included in the GPA.

A student may enroll in the same course for a third time (second repeat) only under extraordinary circumstances and with permission of the dean of their major. Students seeking permission for a third enrollment shall first meet with an academic or college advisor to review why they have not previously been successful in the course, and to assess whether the student is in an appropriate major.

For GPA calculation, a grade of “S,” “CR,” “NC” or “P” will not replace a grade of any “C,” “D,” “FN,” “F” or “FX” (earned in normal grading) grades. A “P” will replace an “F” only when the “F” was earned under the Pass-Fail option. An “S” will replace a “U” or “UN” when earned under the Satisfactory-Unsatisfactory grading option.

*Some professional programs (e.g. Nursing and Occupational Science) have licensure, regulation, and accreditation requirements with restrictive time limitations for applying a course toward a degree. In those programs the best grade for a course may be excluded because it is outside the required time frame. Students should speak with a major advisor or refer to the relevant portion of this catalog to determine if such time restriction apply to any required course for their major.

**Some courses may not allow the best grade to stand if the student has been required to repeat a corequisite lecture, clinical, or lab experience. In those situations it is the most recent grade earned from both co-requisite courses that will be used to calculate the term and cumulative GPA. Courses with these requirements will be identified as such in individual course descriptions found in the back of this catalog.

**Satisfactory-Unsatisfactory ("S" - "U") Grading System:**
Some courses are approved to be taught exclusively on a “Satisfactory” ("S") or “Unsatisfactory” ("U") basis. Each student enrolled in the class will receive either a grade of “S” or “U.” Hours passed under the Satisfactory-Unsatisfactory option will not be used in the computation of GPA’s; however, hours failed (“U”) will be used.

**NON-TRADITIONAL ACADEMIC CREDIT**
Students who have educational experiences other than university instruction may attempt to earn academic credit through the following learning assessment mechanisms.

A. **ACE Credit**
Based upon recommendation of the American Council on Education (ACE), EKU will award credit to individuals who have completed certain non-university experiences, such as workplace or military training. Work evaluated on an ACE transcript as Lower Division will be recorded as 100- or 200-level only. Work evaluated on an ACE transcript as Upper Division will be recorded as 300-level credit. EKU will not award credit from an ACE transcript unless the work has been evaluated as Lower Division or Upper Division. Submit appropriate paperwork to the Registrar’s Office. Students can have a copy of their ACE transcript sent to the Registrar’s Office, Whitlock CPO 58, 521 Lancaster Avenue, Richmond, KY 40475-3158. Students can petition for specific course credit by first contacting the Student Outreach & Transition Office.

B. **Credit-By-Examination**
1. Credit-by-examination is credit given through documentation and evaluation of learning, knowledge, or skills-based experience.
2. Following are the conditions which apply to receiving credit-by-examination:
   a. Only admitted and active degree seeking EKU students may have credit-by-examination recorded onto an EKU Transcript.
   b. Academic credit earned by external examinations and challenge tests (such as AP, IB, CLEP®) shall not be considered as credit earned at EKU and will not apply toward the residency credit requirement for an associate or baccalaureate degree.
   c. Only credit earned and recorded within a five year window will be considered for EKU academic credit.
   d. Credit-by-examination earned at a prior institution and submitted to EKU for review within five years of the exam date will be considered for academic credit.
   e. Credit awarded through credit-by-examination which is general in nature, not course-specific, has no inherent guarantee of meeting specific EKU degree requirements, since these are program and college specific decisions.
   f. Credit earned by examination is recorded as “CR” and is not assigned a letter grade; it has no effect upon the overall GPA.
   g. Proficiency examination credit recorded on an official transcript is eligible for transfer to EKU if it is from a nationally-recognized standardized test, earned at a college or university from which EKU accepts transfer credit, or earned at an EKU-recognized testing site. 
   h. Departmental or institution specific challenge tests presented on the official transcript of an institution from which EKU accepts transfer credit may be accepted in transfer - upon the review and approval of the academic department most closely related to the subject matter.
   i. A student may attempt to earn credit-by-examination in a course only once in a six-month period.
   j. A student will not receive academic credit for a course-specific College Level Examination Program (CLEP®) or departmental examination in an area in which advanced course work has already been completed, and EKU credit recorded.
   k. EKU students attempting a foreign language CLEP exam at the 100-299 level in their native tongue will not have academic credit awarded by EKU.
   l. Special fees are assessed for credit-by-examination and must be paid prior to taking an examination. Refer to the Testing
Office website for fee information (www.testing.eku.edu/fees).

m. Students seeking to have AP or IB credit recorded on their EKU academic record should have score reports sent to the EKU Office of Academic Testing before they have earned their first 30 credit hours at EKU. AP or IB scores submitted for credit will not be given consideration after students have earned 30 credit hours.

3. Eastern Kentucky University credit-by-examination may be earned through any of the following methods:

a) **Advanced Placement Program (APP):**

The Advanced Placement Program consists of courses of study and special examinations open to students in high school. The courses are presented during the student’s junior and senior years; and are administered during the month of May. The chart below indicates the manner in which EKU accepts Advanced Placement Program examinations as credit. Updates may be found online at http://www.testing.eku.edu/advanced-placement-program-app

b) **College Level Examination Program (CLEP®):**

The College Board offers a College-Level Examination Program (CLEP®) that includes tests for various subject areas. These tests recognize a student’s comprehensive subject knowledge acquired through independent or prior study. EKU accepts credit for these examinations according to the following guidelines. No credit is given for exams without equivalent courses at EKU. In order to receive credit, a student must complete the Credit-by-Examination form available from the Office of Academic Testing, Whitlock, Room 340. Information about the College Level Examination Program (CLEP®) can be found at [www.testing.eku.edu/clep](http://www.testing.eku.edu/clep). The Office of Academic Testing administers CLEP® tests for currently enrolled EKU students. Please contact 859-622-1281 for testing information. Test administration fee is $25. (Note: the student will pay a $80 fee by credit card to CLEP as they take the online test in the Academic Testing Center.) Updates on fees may be found online at [www.testing.eku.edu](http://www.testing.eku.edu).

Eastern Kentucky University recognizes and awards academic credit to admitted active EKU students, per the following table of CLEP examination scores. For more details on CLEP credit-by-examination, and how to register for such exams please refer to [www.testing.eku.edu](http://www.testing.eku.edu).

The International Baccalaureate Organization’s Diploma Programme was created in 1968. It is a demanding pre-university course of study that leads to examinations. It is designed for highly motivated secondary school students aged 16 to 19. The program has earned a reputation for rigorous assessment, much like the Advanced Placement (AP) Program. For information regarding the IB program, please visit the website at www.ibo.org. IB credit is awarded by earning the required score in a specific subject area. To receive credit a student must furnish the Office of Admissions with an official IB transcript issued directly from the International Baccalaureate Organization. Course credit awarded through the IB program will apply toward degree requirements. There will not be a specific letter grade associated with the credit earned through IB course work. A designation of CR (credit) will be awarded, and the grade point average will not be affected. Eastern Kentucky University awards credit for IB course work in the following manner:

C. CREDIT FOR PRIOR LEARNING

1. Belief that college-level learning can occur outside of the university/faculty interactions has been firmly established within higher education.

2. Workplace, community, volunteer activities, and military training can supplement and augment a student’s preparation for EKU academic courses and provide a valuable lead into the adult student’s program of study.

3. Portfolio assessment, co-op credit, nationally standardized exams (e.g. College Level Examination Program (CLEP), DANTES Subject Standardized Tests), ACE evaluation, and departmental challenge exams can target specific EKU courses where adult learners can demonstrate course subject mastery and gain academic credit for prior learning experiences.

D. CREDIT FOR PRIOR LEARNING THROUGH PORTFOLIO ASSESSMENT

1. Belief that college-level learning can occur outside of the
university/faculty interactions has been firmly established within higher education.

2. Workplace, community, volunteer activities, and military training can supplement and augment a student’s preparation for EKU academic courses and provide a valuable lead into the adult student’s program of study.

3. Portfolio assessment can target specific EKU courses where adult learners can demonstrate course subject mastery and gain academic credit for prior learning experiences.

To create a portfolio, students align their acquired knowledge and skills with specific student learning outcomes, as stated on a course syllabus. Students complete a course, CAEL 100, to learn how to document their learning of required outcomes. Students who successfully complete CAEL 100 earn 3 credits toward free electives. After completion of CAEL 100, students may submit a portfolio for additional academic credit. Faculty members evaluate the student’s portfolio and determine whether or not the student has offered sufficient evidence that the learning outcomes have been met. If the portfolio is evaluated as acceptable, students earn additional credits for the course on which they based their portfolio.

Students may learn about EKU’s portfolio process at (http://finish.eku.edu/)

E. MILITARY CREDITS

EKU will award credit to individuals who have successfully completed military service school courses, as well as award credit for Military Occupational Specialties (MOS’s), based upon recommendation of the American Council on Education (ACE). To receive academic credit at EKU, military credits must be evaluated by ACE with a lower level or upper level college equivalency.

Students may receive Military Science and Leadership course credit and/or credit for PHE 180 for having completed Basic Training (BT) and Advanced Individual Training (AIT). PHE 180 may be used to satisfy the Wellness graduation requirement. Students must submit a copy of their military transcripts or DD Form-214 (Discharge Verification Certificate) through the EKU Veterans Center.

Students can have a copy of their ACE transcript sent from their respective service education centers to the EKU Office of Military & Veteran Affairs, Burnam House, 521 Lancaster Avenue, Richmond, KY 40475.

Army, Navy, USMC, and Coast Guard Veterans can order transcripts online at: https://jst.doded.mil/official.html

Air Force Veterans must request transcripts by letter. Include student’s full name (former name if appropriate), date of birth, social security number, service component, current address, Eastern Kentucky University Veterans Center address and the student’s signature. Send transcript request to: CAF/RRR, 130 West Maxwell Blvd., Maxwell AFB, AL 36112-6613.

PRE-PROFESSIONAL PROGRAMS

EKU has a number of programs that will help prepare students for professional schools following graduation. These schools generally do not require a specific major, provided that their prerequisite courses are taken. All professional schools are highly competitive in their admissions process. Thus, students should aim for strong GPA and professional school admission test scores. Students are encouraged to seek a major that they feel comfortable with, that they have a strong aptitude for, that is interesting and challenging, and that provides additional career options. Students should contact the Center for Pre-Professional Advising as early as possible after enrolling at EKU. The Pre-Professional Advisor will assist the pre-professional student with selecting a major and provide information and advice regarding professional school admissions and requirements.

Descriptions of the following pre-professional programs may be found on the pages noted:

Pre-Dentistry ................................................................. 89
Pre-Law .................................................................88
Pre-Medical Science ....................................................... 88
Pre-Optometry ............................................................ 89
Pre-Pharmacy .............................................................. 88
Pre-Veterinary ............................................................ 89

Transfer-Back Curricula: In addition to standard pre-professional curricula, Eastern Kentucky University may approve specially arranged combined curricula. Students approved for these curricula complete the first three years of requirements at EKU. At the end of these three years, they enroll in one of several highly rated professional schools. After the first year of professional study, they transfer the work back in order to secure a Bachelor of Arts or a Bachelor of Science degree from Eastern Kentucky University. This plan may shorten by one year the time needed for obtaining both a baccalaureate and a professional degree.

STUDY ABROAD CREDIT

DUAL DEGREE AGREEMENTS BETWEEN EASTERN KENTUCKY UNIVERSITY AND FOREIGN EXCHANGE INSTITUTIONS

The following policies and procedures shall govern arrangements to award dual degrees to foreign students who attend Eastern Kentucky University and to EKU students who attend foreign exchange institutions under the auspices of exchange agreements or other agreements:

1. The dual bachelor’s degree agreement shall be developed by the deans of participating colleges in cooperation with appropriate representatives from foreign exchange institutions and shall be submitted to the Provost for final approval.

2. The deans and department chairs shall determine exactly which courses need to be taken by the foreign candidates to complete the major in each given field of study, and these courses must be specified. Likewise, they shall determine which courses EKU students must take at the foreign institution to complete their EKU degrees.

3. Dual degree agreements will normally require at least one full academic year in residence at the host institution (25% of the total semester hours) and three years at the home institution (75% of the total semester hours). However, other variations may be approved by the deans of the colleges for their respective colleges.

4. Each institution shall accept all course work from the other either as elective credit or as credit for required courses, based on transfer equivalency evaluations.

5. If dual degrees are awarded concurrently, the program must at a minimum meet SACS, CPE, and the college, departmental, and
program requirements for general education, either by taking the general education courses or by transfer credit or by a combination of these means. If the foreign degree is awarded a year or semester in advance, then the candidate will be awarded post-baccalaureate status and the general education requirement will no longer be applicable.

A. A copy of each dual degree agreement approved by the Provost shall be kept on file in the International Education Office, and that office shall also maintain a file of EKU students who are attending foreign institutions under dual degree agreement as well as foreign students who are attending EKU under dual degree agreement.

STUDY ABROAD PROGRAMS

Eastern encourages all students to take advantage of study abroad opportunities. All EKU students planning to participate in a study abroad experience should complete the Course Pre-Approval Form. This form must be completed and endorsed by the EKU Education Abroad Office (Keith 129) before the student is approved to participate in a study abroad program. Students have several options for study abroad at EKU, varying in place, field of study, duration of stay, and cost.

Students may study in English-speaking countries abroad through the Cooperative Center for Study Abroad (CCSA), a consortium of colleges and universities through the US, CCSA offers two-week programs during the winter break and two- and four-week programs in the summer, mid-May through August. Programs are offered in Australia, Belize, England, Ireland, Scotland and South Africa. CCSA also offers eight-week internships and a full semester program at the University of East Anglia in Norwich, England. The web address for CCSA is www.ccса.cc.

The Kentucky Institute for International Studies (KIIS), a consortium of Kentucky, Indiana, and Ohio colleges and universities, offers courses in non-English speaking countries. KIIS offers five-week summer programs in Austria, Chile, China, Costa Rica, Cuba, Denmark, Ecuador, France, Germany, Greece, Italy, Japan, Mexico, Spain, Tanzania, and Turkey. The web address for KIIS is www.kiis.org.

For students who are interested in additional semester-long study abroad options EKU is affiliated with Arcadia University, Knowledge Exchange Institute, CISabroad, SOL Education Abroad, University Studies Abroad Consortium, and The School for International Training. In addition, EKU has multiple exchange partners worldwide. Students should visit http://studyabroad.edu/ for more information.

TRANSFER STUDENT INFORMATION

CREDITS ACCEPTED IN TRANSFER

Eastern Kentucky University accepts credits transferred from regionally accredited postsecondary institutions, credits earned by examination from nationally recognized tests that meet EKU standards, and it awards credits for certain types of military experiences. Additionally, EKU will award credit for non-collegiate training experiences provided the training occurred under a University approved articulation agreement.

International transfer credits from institutions with which Eastern Kentucky University does not have an articulation or approval to participate in a study abroad program. Students have several options for study abroad at EKU, varying in place, field of study, duration of stay, and cost.

The Kentucky General Education Transfer Agreement

In an effort to promote a seamless transfer between Kentucky two-year and four-year public institutions, the Kentucky Council on Postsecondary Education (CPE) developed a policy to facilitate the transfer of credits from one Kentucky public college or university to another. This policy, implemented in 1996, and revised in 2011, is called the General Education Transfer Agreement and allows for the automatic transfer of a block of courses to satisfy general education degree requirements, in addition to articulating individual courses as meeting statewide general education categories.

Students transferring to EKU from another Kentucky public college or university may be (1) category certified, or (2) core certified, or (3) fully certified in general education by the Registrar of the school where the course work was taken. EKU will honor any of these designations and is guaranteed to apply the KY public school transferred general education courses into EKU’s General Education curriculum in a manner that best serves the transferring student.

The General Education Transfer Agreement also applies to students transferring from EKU to another Kentucky public university. For additional details regarding this agreement please refer to the EKU Student Outreach & Transfer Office (SOTO) (http://soto.eku.edu/transfertudents) or the CPE website (http://www.cpe.ky.gov/policies/academicinit/Transfer/).

NOTE: After initial transfer to EKU students may not transfer in further general education certifications unless they earn a subsequent AA or AS degree at a KCTCS institution. Students may transfer in further general education certifications after their initial enrollment at EKU, only if they return to a KCTCS institution for a period of at least one semester.

TRANSFERRING GENERAL EDUCATION COURSES FROM A PRIVATE OR OUT-OF-STATE SCHOOL

EKU will honor transfer general education courses from regionally accredited out-of-state or Kentucky private colleges and universities. Students may bring in documentation (school catalog listings of courses with relevant general education designations) to the EKU Registrar’s Office. The transfer general education courses will then be applied toward the student’s EKU general education requirements where needed and as appropriate.

TRANSFER CREDIT EVALUATION PROCESS

When an acceptable transfer course, which has never been evaluated before, is presented to EKU for consideration, EKU records the course as acceptable for credit but unevaluated. The Transfer Center contacts the student and requests course descriptions and syllabus information for review. The Transfer Center forwards the course description to the appropriate academic department for their review and consideration. The academic department determines whether an exact equivalency, a subject/ discipline elective, or a generic free elective is appropriate depending on course content and learning objectives. In some instances the department will request that the student provide a
Students are admitted into EKU and are expected to complete their studies at the EKU transcript; only the earned degree is recorded from another institution will not be posted, course by course, onto the EKU transcript. Currently enrolled students who desire to take courses elsewhere and transfer them back to Eastern Kentucky University should consult with the EKU Transfer Center and also obtain the approval of their college dean prior to enrolling. The University will not take responsibility for courses transferred without prior approval. Students should be aware that there are limits to the number of credit hours a student may earn in any one term (see Academic Load, page 50).

Eastern Kentucky University accepts credit in transfer from other institutions with regional accreditation status. EKU also participates in and subscribes to the principles of the Kentucky Council on Postsecondary Education statewide transfer agreements. EKU accepts credits transferred from all public institutions in Kentucky accredited by SACS, or similar regional accreditation bodies, and will apply them to the general education and program requirements to the maximum extent specified in these agreements. Credits not identified in these agreements will be applied to degree requirements as deemed appropriate. Lower division courses taken at a community or junior college are accepted in transfer as the coursework is evaluated by the EKU content expert.

Eastern Kentucky University will also award credit to students for non-collegiate sponsored instruction and training programs provided an articulation agreement exists between the University and the institutions or organizations providing the instruction. Articulation agreements must be officially approved according to the University policy for such agreements and must be signed by both EKU and the collaborating institutions/organizations. A copy of the signed agreements must be on file in the Office of the Senior Vice President for Academics and Provost (original), the Office of the Registrar, and the Dean’s office of the College which initiated the agreement. Articulation agreements must be in place prior to the non-collegiate instruction or training in order for credit to be considered. In all instances, consideration will only be given to those courses/training programs whose content provides competencies equivalent or comparable to courses and educational experiences offered by EKU.

Credit and grades earned in transfer are posted to the student’s EKU transcript. Students with transfer credit should note that they must successfully complete all their curriculum requirements as well as earn a cumulative and institutional (EKU) GPA of 2.0 in order to graduate with a degree or University certificate from EKU.

Degree-seeking transfer students who have already attained a post-secondary or graduate-level degree will have that earned degree noted in their EKU academic record. Details of the academic work counting toward a degree earned at another institution will not be posted, course by course, onto the EKU transcript; only the earned degree is recorded from the official transfer school transcript.

INTERNATIONAL STUDENT TRANSFER CREDIT PRE-APPROVAL

It is an institutional expectation that once international students are admitted into EKU they are expected to complete their program of study using credit earned only at EKU.

Each EKU international student may submit official transcripts and have recorded in transfer all previously earned appropriate credit from other institutions of higher education, at the time the student is admitted into EKU. After initial admission into EKU an international student, who subsequently wishes to enroll at another institution, for the purpose of earning additional transfer credit, must have prior approval from EKU before accumulating additional transfer coursework.

The Registrar will not record onto an existing international student’s EKU academic record any transfer credit for which the student has not secured prior approval. This prior-approval form serves to notify the College of the student’s major and the Office of International Student and Scholar Services of the student’s intention to enroll at another institution, and to establish the applicability of the anticipated transfer credit toward the student’s major – before the student enrolls at the non-EKU institution.

A maximum of 21 credit hours may be earned by any EKU student, (through any means), in any fall or spring term; dean’s approval (secured on a different form) is required for a student to enroll in 19 through 21 credit hours. During the summer 15 credit hours is the absolute maximum an EKU student may earn; dean’s approval (secured on a different form) is required to enroll in 13 through 15 credit hours.

EXPLORATORY STUDENTS

If students are academically exploring and are not ready to declare a major, they will be enrolled as an exploratory student. A major should be declared as soon as students decide on their field of interest. Students must officially declare a major prior to registration during the semester in which they register for their 45th hour. Until a major is declared, students’ curriculum will include general education courses appropriate for most baccalaureate programs. In addition, students will be encouraged to take exploratory electives that will allow them to sample disciplines they may like to select as a major.

WITHDRAWAL

WITHDRAWING AND FINANCIAL AID

Federal Financial Aid regulations require students to earn credit from classes funded by financial aid. Financial aid regulations do not distinguish between receiving a “W” in a course, or an “F” in a course. In both cases tuition is paid with financial aid funds and in both cases the student did not earn credit.

Students, advisors, and instructors should note therefore that multiple withdrawals can impede appropriate progress toward degree and thus negatively impact a student’s ability to retain financial aid.

IMPORTANT: Withdrawing from a class may result in the student being responsible for both tuition charges and a late withdrawal fee. Refer to the Colonel’s Compass for tuition refund dates. A class with a “W” grade will count as an attempted class for Federal Financial Aid calculations.

WITHDRAWING FROM A CLASS

Students are allowed to withdraw from classes through the
12th week of a full semester. Partial semester classes have pro-rated withdrawal deadlines. See the Colonel’s Compass for all withdrawal deadlines. Whether withdrawing from a single class, a few individual classes, or all withdrawals are executed online through EKUDirect. A student will be assigned a grade of “W” for each withdrawn course, and a “W” will appear on the grade report and transcript.

### Section Five - General Academic Information

#### Withdrawals Due to Exceptional Situations

When physical or mental illness, or other extraordinary circumstances, intrude upon a student’s ability to successfully meet the requirements of his or her course of study, such that the student is unable to avail themselves of standard methods for withdrawing from the University, per the above described timeframe, the student may complete a request for a Medical Withdrawal or a Compassionate Withdrawal.

### Compassionate Withdrawal

After the twelfth week, a student who is the victim of extraordinary circumstances which do not qualify him/her for a Medical Withdrawal may petition for a late withdrawal from the University. The student must appeal to the Compassionate Withdrawal Committee through the Registrar’s Office. The deadline for filing a petition for withdrawal under extraordinary circumstances (Compassionate Withdrawal) is the last day of the full semester following the term from which the student is seeking withdrawal. The student may complete a request for a Medical Withdrawal or a Compassionate Withdrawal.

### Medical Withdrawal

Students may request a Medical Withdrawal from EKU when serious physical or mental health issues prevent the student from continuing with coursework in the current semester. The severity and duration of the medical problems must be such that it would be unreasonable to expect the student to make up missed class work. A Medical Withdrawal is appropriate only when “incompletes” or other arrangements with instructors are not possible. A request for a medical withdrawal can only be considered when the request is

---

**Voluntary Medical Withdrawal**

Students are not allowed to withdraw from a course or from the University after the twelfth week of a regular term; after that time students must appeal to the Compassionate Withdrawal Committee for an official withdrawal. A grade of “W” is assigned for each withdrawn class. Students who leave the University without an official withdrawal are subject to the grade of “F.”

For Colonel Card dollars or meal memberships please refer to the Student Accounting Services refund page: http://colonelscompass.eku.edu/deadlines-adddrop-refunds

**Housing Refund for Students Withdrawing from the University:**

For Housing refunds, please submit a written request to the Director of Housing, Whitlock CPO 51, Eastern Kentucky University, 521 Lancaster Avenue, Richmond, Kentucky 40475-3151. Housing refunds are only applicable for a limited period of time at the beginning of the semester.

**Withdrawals Due to Exceptional Situations**

When physical or mental illness, or other extraordinary circumstances, intrude upon a student’s ability to successfully meet the requirements of his or her course of study, such that the student is unable to avail themselves of standard methods for withdrawing from the University, per the above described timeframe, the student may complete a request for a Medical Withdrawal or a Compassionate Withdrawal.

**Compassionate Withdrawal**

After the twelfth week, a student who is the victim of extraordinary circumstances which do not qualify him/her for a Medical Withdrawal may petition for a late withdrawal from the University. The student must appeal to the Compassionate Withdrawal Committee through the Registrar’s Office. The deadline for filing a petition for withdrawal under extraordinary circumstances (Compassionate Withdrawal) is the last day of the full semester following the term from which the student is seeking withdrawal. The student must complete a Withdrawal Petition Form and should include justification and documentation for the withdrawal. If approved, the Registrar will assign the grade of “W” and will notify the instructor of the class. For details refer to the Registrar’s website (www.registrar.eku.edu).

All course withdrawals approved by the Compassionate Withdrawal Committee will be assessed a $50 per credit hour fee, to a limit of $150 per course. The Compassionate Withdrawal Committee is not authorized to consider any appeals of the $50 per credit hour course withdrawal fee. Only the Office of Student Accounting Services may consider late withdrawal fee appeals.

Students who are assigned a grade of “F” or “FX” in a course due to academic dishonesty will not be permitted to withdraw from the course.

**Medical Withdrawal**

Students may request a Medical Withdrawal from EKU when serious physical or mental health issues prevent the student from continuing with coursework in the current semester. The severity and duration of the medical problems must be such that it would be unreasonable to expect the student to make up missed class work. A Medical Withdrawal is appropriate only when “incompletes” or other arrangements with instructors are not possible. A request for a medical withdrawal can only be considered when the request is

to withdraw from all classes in the current semester and will not be granted if final exams have been taken for that semester. This policy does not address withdrawal from individual classes.

Requests for a Medical Withdrawal requires thorough and credible documentation by the appropriate healthcare provider. Details regarding the process and standards for approval are found on the Registrar’s website; http://registrar.eku.edu/withdrawal-information. The deadline for filing a petition for a Medical Withdrawal is the last day of the term from which the student is seeking withdrawal.

If the request to take a medical leave of absence is due to physical issues, the appropriate documenting healthcare provider is a licensed medical practitioner with knowledge of the student’s past medical history and who is presently working with the student to resolve current physical health issues. The medical practitioner should be the student’s primary health care provider at the time of the request for Medical Withdrawal, and should not be a family member. If the medical situation involves emergency hospitalization, documentation from the emergency room physician or hospitalist is required in lieu of the preceding information.

If the request is due to mental health reasons, the appropriate documenting healthcare provider would be a licensed psychiatrist, psychologist or counselor with knowledge of the student’s past mental health history and who is presently working with the student to resolve the current mental health problems and should not be a family member. Taking a Medical Withdrawal of at least one full semester away from the University will enhance the likelihood of success upon the student’s return.

The student will be obligated to adhere to the requirements for returning from a medical leave (see details on Registrar’s website: http://registrar.eku.edu/withdrawal-information). The student is expected to provide documentation that the physical or mental health condition has been treated and symptoms that required withdrawal from the University are sufficiently resolved to allow the student to return to the University.

A Medical Withdrawal is designed for academic purposes, not financial purposes: it allows the student the opportunity to protect his/her academic standing with the University by preventing the student from failing all courses for that semester. Providing that the requested withdrawal is approved, tuition charges will be adjusted if applicable and based on the regular, published, refund guidelines for all classes, effective as of the date the completed withdrawal form was received by the Registrar’s Office.

For details on the process to request a Medical Withdrawal refer to the Registrar’s website at www.registrar.eku.edu.

**INVOLUNTARY MEDICAL WITHDRAWAL**

Eastern Kentucky University may place a student on an Involuntary Medical Withdrawal for reasons of personal or community safety. The University may require a student to take medical leave of absence, if in the judgment of the Student Assistance & Intervention Team (SAIT), and in coordination with the Director of Student Health Services and/or the Director of the EKU Counseling Center, the student, (a) poses a threat to the lives or safety of himself/herself or other members of the EKU community or (b) has displayed behaviors associated with a medical or mental health condition that seriously interferes with the student’s ability to function and/or seriously interferes with the educational pursuits of other members of the EKU community. Detailed information regarding the process for determining the necessity of an Involuntary Medical Withdrawal can be found on the Registrar’s website: www.registrar.eku.edu.

**MILITARY WITHDRAWALS FROM THE UNIVERSITY**

See Military Activation section on page 56.

**STOPPING OUT AND RETURNING TO EKU**

Students who either stop out* or officially withdraw** and are academically eligible to return to the University, may return to the University without reapplying if they have been gone for 24 or fewer months and have an overall GPA of 2.0 or higher. Students who have stopped out or withdrawn and have a GPA of less than 2.0 must apply for readmission and will be held to EKU readmission criteria (please refer to Requirements for Readmission section of the Catalog). All regular registration deadlines apply to stop-out students, and they should contact their last assigned advisor, or department chair of their major, to schedule an advising appointment in preparation for their return to EKU. To register for classes, students can log in to their EKU Direct account. Students with a registration hold must contact the office that applied the hold and have the hold removed before they will be able to register.

Students who stop out or are withdrawn for more than 24 months must be formally reenrolled to the University by submitting a reenrollment application to the Office of Admissions. Refer to Section Two of this Catalog for details regarding reenrollment. The academic record for withdrawn students must be reactivated before they can once again register for classes.

All students who have attended another college/university since attending Eastern Kentucky University, regardless the length of their absence, must submit college transcripts.

*A student who completes a semester at Eastern Kentucky University but does not return for the following term is considered to have “stopped out.” Students must be on good academic standing to qualify for stop out.

**Students who have received a “W” grade in all classes during a semester are considered to have “withdrawn” from the University.

**WELLNESS REQUIREMENT**

Every student seeking a first baccalaureate degree must successfully complete the Wellness Requirement. Students who enter the University with a baccalaureate degree from a regionally accredited university are exempt from the Wellness requirement.

The goals of Wellness courses are: for students to comprehend basic wellness concepts and facts; demonstrate the ability to evaluate health information and resources; analyze interrelationships among wellness dimensions (psychological, social, physical, spiritual), and among societal, cultural, economic and environmental factors and wellness; integrate wellness knowledge and make informed wellness choices. Physical education activity courses do not fulfill the above Wellness learning goals and therefore will not meet the Wellness requirement.

Students who are Veterans can satisfy their Wellness Requirement and obtain credit for PHE 180 by submitting their military service transcripts to the EKU Veterans Affairs Office. For further information contact EKUVeteransAffairs@eku.edu or
The Wellness course options are listed on each student’s degree audit report. Wellness courses available each semester may be viewed via the online schedule by selecting all courses in the “Subject” box and Wellness courses in the “Attribute” box.

WRITING INTENSIVE COURSES

Every student seeking a first baccalaureate degree must successfully complete one writing intensive course following completion of General Education Element 1B. Writing intensive courses may be general education courses as well as major or supporting courses. Students who enter the University with a baccalaureate degree from a regionally-accredited university are exempt from the writing-intensive requirement.

Writing-intensive courses are designated with the suffix “W” following the course prefix and number (e.g., HUM 300W). W and non-W versions of the same course (e.g., HUM 300W and HUM 300) are considered equivalent for the purposes of satisfying course requirements for prerequisites, major courses, minor courses, and supporting courses. Credit will not be awarded for W and non-W versions of the same course. A previously-taken non-W version of a course will not be used to satisfy the writing intensive baccalaureate degree requirement.

Writing Intensive Courses Available:

Writing intensive course options are listed on each student’s degree audit report. The writing intensive courses available each semester may be viewed via the online schedule by selecting all courses in the “Subject” box and writing intensive courses in the “Attribute” box.

2. E K U U n i v e r s i t y L e v e l C e r t i f i c a t e s — These certificates are awarded by the University, and students receive a formal certificate produced in the same manner as a degree diploma. Students completing these programs must apply for graduation and are assessed a graduation fee. Students earning only certificates do not receive caps and gowns and do not participate in the commencement ceremony. The university graduation fee partially offsets the production and mailing of diplomas and certificates. The University absorbs cap and gown costs for degree earners. Application deadlines for completing university certificates follow the same time line as degree graduation.

Online Academic Programs

E-Campus Learning

Eastern Kentucky University offers students the opportunity to earn a variety of degrees and/or certificates through EKU Online. These are well established EKU academic programs provided through online interactions, discussion boards, and engaging interactive and multi-media learning methodologies.

While the EKU Online student will have a program coordinator through the academic department offering their desired degree/certificate, EKU’s Office of e-Campus Learning serves as the primary contact for admission, financial aid, registration, degree audit, and general advising questions; centralizing all student services crucial to the distance-learning student. STATE AUTHORIZATION COMPLIANCE REQUIREMENTS BY STATE

ALABAMA

TEACHER EDUCATION PROGRAMS: Applicants for an Alabama certificate based on reciprocity must meet Alabama’s test requirements and submit a valid, renewable professional educator certificate/license issued by another state at the degree level, grade level, and in the teaching field or area of instructional support for which an Alabama certificate is sought and for which an Alabama certificate is sought and for which Alabama issues a certificate. Applicants for Alabama certification in an area of administration must also document at least three years of full-time employment as an administrator in a P – 12 school system(s). See www.alsde.edu

NURSING: State approval of a program to offer Alabama licensed nurses opportunities for advanced degrees does not indicate eligibility for approval to practice as an advanced practice nurse in Alabama. Applicants for approval in Alabama are required to meet the Alabama requirements for national certification, graduation from a specific-type program for the advanced practice approval, and completion of the appropriate application. Any program offering a pre-licensure track to Alabama students shall meet the requirements of the Alabama regulations for pre-licensure programs or the graduates may not be eligible to take the licensure examination required by the Alabama Board of Nursing to enter the practice. See www.abn.alabama.gov

INDIANA

This institution is authorized by:
The Indiana Board for Proprietary Education
101 W. Ohio Street, Suite 670
Indianapolis, IN 46204-1984

LOUISIANA

Eastern Kentucky University is currently licensed by the Board of Regents of the State of Louisiana. Licenses are renewed by the State Board of Regents every two years. Licensed institutions have met minimal operational standards set forth by the state, but licensure does not constitute accreditation, guarantee the transferability of credit, nor signify that programs are certifiable by any professional agency or organization.

MINNESOTA

REGISTRATION DISCLOSURE: Eastern Kentucky University is registered with the Minnesota Higher Education pursuant to sections 136A.61 to 136A.71. Registration is not an endorsement of the institution. Credits earned at the institution may not transfer to all other institutions.

DEGREE STANDARDS: The General Education Standards for EKU’s Associate of Arts and Bachelor of Arts degrees are different from Minnesota’s Degree Standards for General Education. In most circumstances Minnesota students should have enough elective courses to meet Minnesota’s Degree Standards but some students may be required to take additional courses to meet these standards. Minnesota students should review these degree standards at http://www.ohe.state.mn.us/mPg.cfm?pageID=201

OREGON

Online students residing in Oregon are eligible for refunds pursuant OAR 583-030-0035(18) (c): “After classes begin for a term, a student who withdraws from a course is eligible for a partial refund through the middle week of the term. Refunds shall be based on unused instructional time and shall be prorated on a weekly basis for schools using a semester, quarter or nontraditional calendar.

Terms that are 17 weeks in length require a refund through week 9.
Terms that are 10 weeks in length require a refund through week 5.
Terms that are 8 weeks in length require a refund through week 4.
Terms that are 5 weeks in length require a refund through week 3.
Terms that are 2 weeks in length require a refund through week 1.

Partial refunds will occur through the middle week of any given term, and prorated on a weekly basis as stipulated above.

WASHINGTON

Eastern Kentucky University is authorized by the Washington Student Achievement Council and meets the requirements and minimum education standards established for degree-granting institutions under the Degree-Granting Institutions Act. This authorization is subject to periodic review and authorizes Eastern Kentucky University to offer field placement components for specific degree programs. The Council may be contacted for a list of currently authorized programs. Authorization by the Council does not carry with it an endorsement by the Council of the institution or its programs. Any person desiring information about the requirements of the act or the applicability of those requirements to the institution may contact the Council at P.O. Box 43430, Olympia, WA 98504-3430.

ACADEMIC READINESS AND TESTING
Ms. Kathy Williams, Director
Whitlock Building 326
(859) 622-2306

The Office of Academic Readiness and Testing plans, implements and supports programs and services for students transitioning from high school or the workplace to the University, as well as new and continuing students seeking improve academic performance.

Academic Readiness and Testing encompasses Developmental Education, College Readiness, Academic Testing, Tutoring, and Eastern Bridge freshman transition programming. The unit provides program coordination, academic improvement, and transition and testing services that support the goals of current and potential students, as well as the University community. Services allow students to build needed skills and/or demonstrate knowledge base for admission to the University or University programs. The unit also provides assessment to ensure appropriate course placement to maximize student success, and coordinates tutoring efforts across campus.

Developmental Education and College Readiness helps students achieve academic success by developing or enhancing skill level proficiencies. The program provides opportunities for skill development through courses and programs designed to improve essential skills in writing, reading and mathematics, as well as via tutoring services. Additional information about Developmental Education and College Readiness may be found at www.devemplentaleducation.eku.edu.

Academic Testing is responsible for the coordination, administration, and planning of academic assessments that are requested by the University and educational community. The types of testing provided by the office include national tests, state assessments, and locally developed exams. Special need accommodations are available upon request. Additional information about Academic Testing may be found at www.testing.eku.edu.

College Readiness programs and services transition students to the University and provide new and continuing students with support for academic success. Programs and services include the First Step to College Success program, advising for Special Admissions students, tutor training, and tutoring coordination. Additional information about these programs and services may be found at http://www.transition.eku.edu/

CHAUTAUQUA LECTURE SERIES
Dr. Eric Liddell, Coordinator
Case Annex 157
(859) 622-2267

Imagine that none of the following Chautauqua Lecturers had ever visited our campus: Kwame Anthony Appiah, Chuck D, Angela Davis, Richard Dawkins, Michael Eric Dyson, Sylvia Earl, Daniel Ellsberg, The American Spiritual Ensemble, Eric Foner, Robert George, Carol Gilligan, Temple Grandin, Brian Greene, Tyrone Hayes, Deidre McCloskey, Irshad Manji, N. Gregory Mankiw, Eric Metaxas, Richard Muller, R. Carlos Nakai, Martha Nussbaum, Richard Rodriguez, Peter Singer, Ben Sollee, Nadine Strossen, Ron Suskind, Trinh T. Minh-Ha, and Kenji Yoshino. The intellectual life of our campus and community would have been less vibrant. Our program provides campus and community
members an opportunity to interact with some of the leading thinkers and activists of our time. As is often the case, these thinkers and activists inform us, engage us, challenge us, infuriate us, move us, and entertain us. With our minds refreshed and our intellectual curiosity renewed, the experience is potentially transformative. At Chautauqua events, members of the audience see how speakers from various professions and disciplines tackle provocative but vital issues. And they are encouraged to do so themselves. They see how it is possible to engage in creative, critical, but civil discourse. And they are encouraged to do the same. Our program aims to address both local concerns and global imperatives, and extend the students’ liberal arts education beyond the classroom. By striking a balance between the local and the global, we help serve the students’ regional needs. By sharpening their critical and creative thinking skills, expanding their liberal arts education, and adding an international dimension to it, we enhance their chance for success beyond Appalachia. For more information, visit www.chautauqua.eku.edu or contact Chautauqua Lecture Coordinator Dr. Minh Nguyen at minh.nguyen@eku.edu.

**COUNCIL ON ACADEMIC AFFAIRS**

Dr. Sherry Robinson, Council Chair

The Council on Academic Affairs is the major policy-making body for the academic programs of the University. All college curriculum committees report to the Council. Major actions of the Council are reviewed by the Faculty Senate and subsequently presented to the President of the University and the Board of Regents for final approval. Council membership is comprised of the Deans, or their designees; the Registrar; the Chair of the Faculty Senate; the Director of Academic Advising; the Director of the Honors Program; a representative of the Chair of Chairs Association; a faculty representative from the Academic Quality Committee of the Faculty Senate; two student representatives from the Student Government Association; the Vice President of Retention and Graduation (non-voting), and the Director of Admissions (non-voting). The Vice Provost serves as Chair of the Council.

**GENERAL EDUCATION**

Dr. Garett Yoder, Coordinator

NSB 3166

(859) 622-1527

The mission of the General Education program is to promote learning that is central to the intellectual pursuits associated with our educational programs and to enable students to make informed choices about matters of public and personal significance in a diverse, democratic society and global community. The general education program helps students to become informed, independent thinkers by developing competencies in communication, quantitative analysis, and critical thinking by helping them understand and appreciate the diversity of culture, individuals, the natural environment, and the global society. See Section Four of this Catalog for detailed information on courses.

**GENERAL STUDIES**

Dr. Gill Hunter, General Studies Coordinator

Mattox 208

(859) 622-3097

**BACHELOR OF ARTS (B.A.) GENERAL STUDIES**

CIP: 24.0102

The General Studies degree program is designed for adult learners and students intending to complete a baccalaureate degree whose educational objectives are not aligned with a more traditional degree program. There are two tracks from which students can choose: General Track and Professional Track.

In addition to the baccalaureate degree requirements in Section 5 of this Catalog, the following are required for students seeking a General Studies degree:

1. The B.A. General Studies degree is intended to be a first baccalaureate degree and is not appropriate for a concurrent or secondary baccalaureate degree.
2. Any courses ordinarily accepted for credit by Eastern Kentucky University may be chosen as hours to apply to the 120 hours required for graduation.
3. In order to declare a General Studies major students must have previously earned 60 credits from a regionally accredited institution.
4. Students pursuing a General Studies degree are not permitted to declare a double major.
5. Students pursuing a General Studies degree are encouraged to declare minors and/or certificates.
6. Students in the General Track will graduate from and be considered alumni of a specific college based on either (a) the student’s preference (If a student has at least 18 credits in a college, excluding General Education credits, then he/she may request to be affiliated with that college); OR (b) if the student has no preference, then affiliation is based on the college in which the greatest number of credits are earned (excluding General Education credits).
7. The college from which the student graduates will not be included in the degree name. Degree names on diplomas will be Bachelor of Arts General Studies or Bachelor of Arts General Studies: Professional Track. (The Professional Track transcripts will also list the concentration.)
8. Students in the Professional Track will graduate from and be considered alumni of the college that offers the student’s chosen concentration.

**UNIVERSITY GRADUATION REQUIREMENTS**

**Free Electives**

- 42 hours

**TOTAL HOURS TO COMPLETE DEGREE** .............120 hours
The Associate of General Studies degree provides students, especially adult learners, the opportunity to pursue a flexible degree program to meet their unique interests, career goals, and academic needs. Reflecting EKU’s commitment to a liberal arts education, the degree allows students to concentrate in an area of interest while selecting from a wide variety of courses to meet personal, educational, or career goals. This degree is designed for students for whom this will be their first college degree and who wish to advance in their careers, change careers, pursue a lifelong interest beyond their careers, or use the degree as a pathway to a baccalaureate degree. Students who are admitted as “Special Admittance/Conditional Admittance” (see page 10 of the Catalog), will be initially admitted into the Associate of General Studies degree program.

OPPORTUNITIES
The Associate of General Studies degree has become more attractive with the growth of business and industry in the area and with the increase of minimum educational requirements for employment or promotion. In addition to those students wishing to enhance their employability, other students will find the program offers numerous opportunities to seek a degree for their own personal satisfaction. The degree allows students to gain confidence in their abilities by earning a degree at the associate level prior to enrolling in a baccalaureate program. The associate degree also provides opportunities for students who wish to consolidate previously earned credits to complete their first degree. Serving students from a varied background of college readiness, this degree provides students a defined path to success in earning one or more degrees. Upon successful completion of EKU’s Associate of General Studies degree, the student will have met all General Education requirements, which will apply toward a four-year program at EKU or any other regional Kentucky institution.

UNIVERSITY GRADUATION REQUIREMENTS
General Education .............................................36 hours
Standard General Education program (Elements 1-6 inclusive, per Section Four of this Catalog).
Student Success Seminar (GSD 101; waived for transfers with 24+ hours) ................................................3 hours
Total Hours University Graduation Requirements....39 hours

MAJOR REQUIREMENTS
• Students should refer to their DegreeWorks audit for General Education course selections.
• Students should consult with an advisor to choose an appropriate General Education math course.
• AGS students must earn a cumulative GPA of 2.0 on all work earned at EKU, as well as an overall GPA of 2.0 on combined transfer and EKU graded coursework.
• AGS students must complete at least 15 semester hours at EKU.
• AGS students must complete an approved 12-hour emphasis with an overall 2.0 GPA within an individual college beyond the General Education requirement.
Core Courses ..........................................................12 hours

Courses are within an individual College and exclusive of general education requirements. One of the concentrations below may be used to fulfill this requirement

Optional Departmental Concentration ..................12 hours

Students may select a concentration of interest (see list below). Students with a declared departmental concentration will be advised by faculty of that department and will be officially affiliated with that department. The A.G.S. concentration will be reflected on the student’s transcript.

Graduate Education and Research

Dr. Jerry Pogatshnik, Associate Vice President of Research and Dean of Graduate Education
Whitlock Building 310
(859) 622-1742

The Office of Graduate Education & Research is comprised of the Graduate School, the Division of Sponsored Programs, the Division of Natural Areas and the McNair Scholars Program. The Graduate School is responsible for the administrative oversight of EKU’s master’s and doctoral programs. The Graduate School provides opportunities for undergraduate students to get a head start in obtaining a graduate degree through our concurrent enrollment and 3+2 programs. Interested students are encouraged to contact the Graduate School for more information. Additional information is also posted on the Graduate School website at gradschool.eku.edu.

The Division of Sponsored Programs assists EKU faculty and staff in seeking and managing grants, contracts, and other agreements that support EKU’s mission. The Division of Sponsored Programs is also responsible for managing the university’s research compliance programs including review of the use of human subjects or animals in research and responsible conduct of research by faculty, staff and students. Information is
available on the Sponsored Programs website at www.research.eku.edu.

The Division of Natural Areas and McNair Scholars program are described below.

HONORS PROGRAM
Dr. David W. Coleman, Director
University Building 137
(859) 622-2924

The mission of the EKU Honors Program is to provide its students with the best intellectual resources available at the university in order to empower them to attain their highest academic and professional goals. We develop the whole student by way of our interdisciplinary, small classes, our support of student research and travel to regional and national conferences, and our offering of a wide variety of cultural and out-of-classroom experiences.

Regardless of the student’s major, the courses taken in the Honors Program will apply to the student’s general education and university requirements; participation in the EKU Honors Program should not delay a student’s progress to degree. Any honors student who successfully completes the minimum required hours of honors coursework and graduates with a cumulative grade point average of at least 3.20 will qualify as an “Honors Scholar.” The University will recognize this achievement at commencement, on the academic transcript, and on the student’s diploma, where the phrase “Honors Scholar” will appear.

For information about eligibility and admissions to EKU Honors, consult our website (www.honors.eku.edu) or contact us at (859) 622-2924.

EKU Honors Curriculum

Students enter the EKU Honors Program under one of three curriculum tracks. Students entering EKU Honors in their first semester of college will complete either the Honors Flex or the Honors Core curriculum. Students who enter their first semester of college with six or more credit hours of AP, IB, or dual credit, or those students who declare certain majors, will be placed in the Honors Flex curriculum. Students entering their first semester of college with fewer than six credit hours of prior coursework or who are not declaring an applicable major will be placed in the Honors Core curriculum. Honors Program advisors will assist students in making this distinction.

The Honors Flex curriculum requires 25 hours of Honors coursework, designed to complement the credits the student is bringing into EKU. The Honors Core curriculum requires 34 hours of Honors coursework and allows students to complete their General Education and University Requirements (excluding the Wellness requirement) in six fewer hours than other students. Both curriculum tracks begin with Honors Seminar (HON 100) and Honors Rhetoric (HON 102/103) and end with the Honors Thesis (HON 420).

Students entering EKU Honors as a currently enrolled EKU student or as a transfer student are placed in the Current & Transfer curriculum track. This requires 18 hours of Honors coursework, designed to complement the credits the student has already completed, and also ends with the Honors Thesis (HON 420).

All Honors Program students will receive an Honors advisor in addition to their major advisor, who will assist students in creating individualized plans as to how they will fulfill their general education, university, and EKU Honors requirements.

EKU Honors Courses

All students entering EKU Honors in their first semester will complete:
HON 100 Succeeding in Honors................................. 1 hr.
HON 102 Honors Rhetoric ..................................... 6 hrs.
HON 103 Honors Communication ............................ 3 hrs.

(HON 102 and HON 103 are linked courses and are only taught together; the total classroom contact hours for HON 102 and HON 103 is 6 hours.)

All students in EKU Honors have the option of fulfilling General Education requirements with Honors Seminars. The following list includes Honors Seminars and the General Education elements they fulfill.

To graduate as an Honors Scholar, all students must complete:

HON 420 Thesis Project and Seminar ...................... 6 hrs.

GPA Requirements

To remain active and eligible in EKU Honors, students must maintain the following minimum grade point averages:

Students Entering EKU Honors in Fall 2015 and thereafter:
• 3.00 cumulative GPA up to 60 completed hours
• 3.20 cumulative GPA after 60 completed hours and to graduate as an Honors Scholar

Students Who Entered EKU Honors Prior to Fall 2015:
• 2.50 cumulative GPA for 36-71 attempted hours
• 2.75 cumulative GPA for 72 or more attempted hours
• 3.00 cumulative GPA to graduate as an Honors Scholar

Annual Review of Students, Honors Probation, and Honors Dismissal

At the end of each spring semester, the academic records of all EKU Honors students are reviewed. Students will be notified at their local permanent address listed in the Banner system of the university and at their official EKU student email address if they
are placed on Honors Probation or dismissed from EKU Honors. If it is determined that a student is not making progress toward completing Honors coursework requirements, that student will be dismissed from EKU Honors for being inactive.

Students entering EKU Honors in Fall 2015 and thereafter will be notified and placed on probation if their cumulative GPA falls under the following thresholds:

- 3.00 for up to 60 completed hours
- 3.20 after 60 completed hours

Students who entered EKU Honors before Fall 2015 will be notified and placed on probation if their cumulative GPA falls under the following thresholds:

- 2.50 for 24 or more hours attempted
- 3.00 for 36 or more hours attempted

Students will be placed on Honors Probation for one semester (not including summer). At the end of the probationary semester, a student’s academic record will be reviewed. If the student’s GPA does not improve during the probationary semester, the student may be removed from EKU Honors.

Students who are on Honors Probation should not enroll for more than 15 hours of coursework and should plan to meet with the Honors Program Coordinator to discuss a plan to improve their academic performance.

Exceptions to these eligibility policies may be recommended by the Honors Director but must be approved by the Honors Advisory Committee.

Eastern Kentucky University Libraries includes the John Grant Crabbe Main Library, centrally located on University Drive, and two branch locations: the Elizabeth K. Baker Music Library in the Foster Building and the Business Library and Academic Commons in the Business and Technology Complex. EKU Libraries provides help, study spaces, collections, and technology designed around the academic needs of EKU’s students. EKU Libraries supports EKU regional campus and online students as well and provides a full range of services equivalent to those offered at the Main Library for these distance learners.

The Main Library offers a variety of study spaces, ranging from a large collaborative area on the first floor to the Silent Study Zone on the very top floor. Noise levels are also monitored on the Quiet fourth floor to ensure plenty of silent space for individual study. In addition to spaces designed for quiet and group study, an outdoor area is available on the Noel Reading Porch, adjacent to the Library Plaza. Refreshments are available in the Java City Library Café or the vending machines on the first floor. To learn more about EKU Libraries’ spaces or to make a reservation, visit library.eku.edu/reserve-rooms. The Main Library is open late during the fall and spring semesters and offers 24 hour study space and extended hours at the end of fall and spring.

The Main Library also includes the Learning Resources Center in support of the College of Education; the Law Library; the Noel Studio for Academic Creativity; and Special Collections and Archives. EKU Libraries collects resources to best serve students, faculty, and staff. To search the online catalog and discover the collections of libraries worldwide, visit library.eku.edu; even if EKU Libraries does not own the item you need, library staff can get it for you when you need it.

Technology is available throughout the Main Library and branches. The Main Library includes a large computer lab and computers throughout the building, a color printer, a cloud printer, fax machine, and a 3D printer available for student use. Visit library.eku.edu/technology-showcase to explore the emerging technologies EKU Libraries faculty and staff are currently collecting.

There are many ways to get help from librarians. Virtual reference services are available online or in person and research assistance is available whether you are an online student, located at a regional campus, or taking classes at the Richmond campus. Students are invited to visit one of our Help Desks, call (859) 622-6594, text (859) 903-0848, e-mail reference.library@eku.edu, tweet @ekulibaskus, or chat with us and also check out our frequently asked questions at libanswers.eku.edu.

**The Noel Studio for Academic Creativity**

Dr. Russell Carpenter, Director
Crabbe Library
(859) 622-7330

The Noel Studio for Academic Creativity serves the EKU community as a collaborative, innovative learning experience designed to improve communication and research skills. With integrated programs in teaching and learning, undergraduate research, and applied creative thinking, the Noel Studio is dedicated to the development of effective communication skills and practices across disciplines. This program provides student support for writing, research, and oral communication and faculty development in a central, technologically sophisticated space located in the heart of the Crabbe library. In the Noel Studio, trained consultants offer individual and small-group consultations to students and members of the EKU community seeking to refine specific projects and assist students in enhancing their research and communication skills.

**Teaching and Learning Center**

Dr. Hal Blythe, Co-Director
Dr. Charlie Sweet, Co-Director
Keen Johnson 2
(859) 622-6519

The Teaching & Learning Center (TLC) serves as the faculty development arm of the Noel Studio by delivering, coordinating, and promoting faculty development at EKU. Online and in person, the TLC provides support for EKU’s talented and dedicated professors. Helping EKU’s excellent faculty become even better instructors is a central TLC goal. Ultimately, EKU students benefit from the TLC’s work, as they experience the enriched learning environments created by EKU’s exemplary—and always developing—teaching faculty.
**Undergraduate Research and Creative Endeavors**

Dr. Jonathan Gore, Coordinator  
Cammack 116  
(859) 622-1115

Undergraduate Research and Creative Endeavors is a collaborative program through the Office of Graduate Education and Research and the Noel Studio. URCE coordinates and promotes undergraduate research and creative endeavors at EKU, managing such events as Posters-at-the-Capitol and the University Poster Showcase. In addition, URCE assists faculty in mentoring student research projects, encouraging collaborations, publicizing the ongoing undergraduate research activities of the academic departments, developing grant proposals, and representing EKU at regional and national undergraduate research conferences. URCE also facilitates the publication of an online journal for undergraduate research, *The Kentucky Journal of Undergraduate Scholarship*.

**University Diversity Office**

Timothy Forde, Ph.D., MPH  
Chief Diversity Officer and Special Assistant  
to the Executive Vice President  
Jones 407  
(859) 622-6587

The University Diversity Office is responsible for the development, implementation, and evaluation of the Eastern Kentucky University Comprehensive Diversity Plan (EKUCDP). The EKUCDP was ratified by the EKU Board of Regents and is in compliance with the Statewide Diversity Policy. The University Diversity Office collaborates with EKU units in the development of their diversity plans and directs the University Diversity Faculty Recruitment and Retention Incentive Plan/Funds. The Chief Diversity Officer is EKU's liaison to the Council on Postsecondary Education and the Committee for Equal Opportunity in support of the Commonwealth's diversity, desegregation and equal opportunities plans for postsecondary education. The Chief Diversity Officer also co-chairs the EKU University Diversity Committee and Minority Retention Initiative Team.

**University Registrar**

Ms. M. Tina Davis, University Registrar  
Whitlock Building 239  
(859) 622-2320

The Office of the Registrar serves and supports students and faculty, as well as the larger campus community. The primary responsibilities of the Registrar include: upholding the University Catalog with fairness and consistency, serving as the custodian of student academic records, being a primary academic and student support unit, and functioning as a compliance specialist for federal and state regulations. The Registrar's Office assists students, prepares the schedule of classes, manages the enrollment of all students, and is charged with the maintenance, security and integrity of student and University academic records, including student transcripts.

The Registrar's Office also administers the minimum scholastic standards of the University, posts transfer credit, oversees degree audit services, monitors and safeguards academic data integrity, determines NCAA student-athlete academic eligibility, coordinates commencement exercises, degree confirmation and the production and delivery of diplomas, and oversees the scheduling of academic space. The Registrar reports directly to the Senior Vice President for Academics and Provost.

For additional information and a more detailed listing of services, please review the Registrar's Office website at www.registrar.eku.edu. For registration assistance email: registration@eku.edu.

SCHOOL OF APPLIED SCIENCES AND TECHNOLOGY

Dr. William E. Davis, Associate Dean  
Business and Technology Center 214  
(859) 622-1574

EKU’s School of Applied Sciences and Technology is comprised of the Department of Agriculture; the Department of Applied Engineering & Technology; and the Department of Military Science and Leadership (Army ROTC).

DEPARTMENT OF AGRICULTURE

Chair  
Dr. John Settimi  
(859) 622-2228  
Carter 2

Faculty  
J. Domenghini, E. Fredrickson, C. Hagan, M. McDermott, B. Pratt and A. Sexten

The Department of Agriculture offers Bachelor of Science and Associate of Applied Science degrees in Agriculture and Horticulture. Concentrations in the Agriculture degree program include Agribusiness Management, Pre-Veterinary Medicine, Animal Sciences, Agriculture Energy Systems Management, and Agronomy, Soils and Natural Resources. Concentrations in the Horticulture program include Agribusiness Management, Fruit and Vegetable Production, Landscape and Nursery, and Turfgrass Management. The Department also offers a joint degree program for Career and Technical Education - Agriculture Education Concentration. Minors are offered in agriculture and horticulture. Students may receive the Associate degree and then continue for a Bachelor degree with no loss of credit. Students must obtain a
“C” average in Department classes. The Pre-Veterinary Medicine program has an excellent veterinary school acceptance rate. More detailed information can be obtained by reading the section on Pre-Veterinary medicine.

Students have ample opportunities to personalize their education. Academic credit can be earned for Cooperative Education. Students may receive up to eight hours of Co-Op credit for the Associate Degree and 12 for the Bachelor of Science Degree. Students can also obtain credit for experiential learning in the Department’s facilities through practicum courses. In addition, students are encouraged to participate in Independent Studies with faculty mentors.

DEPARTMENT GOALS

The Department of Agriculture’s vision is to be the first choice of students interested in addressing issues relating to food, energy and the human environment within a sound economic framework.

The mission of the Department of Agriculture is to provide programs designed to develop leaders, entrepreneurs and educators for the global challenges in which agriculture plays a significant role. Areas of study include Pre-Veterinary Medicine, Agriculture Education, Agricultural Business, Food Production, the Human Environment, and Energy Production and Management.

Programs in the Department stress the latest technical information with applications through required laboratories and practicums at the University farms or through cooperative education. The Department operates greenhouses, a plant nursery and specimen garden and turf plots to support the instructional program in horticulture. The University owns and operates approximately 1000 acres devoted to the programs in agriculture. This includes state of the art facilities for beef, dairy, swine, sheep and crop enterprises used in our laboratory.

The Department will also provide service to the University, community, region, profession, and industry; provide opportunities for faculty/staff/student collaboration in scholarly and creative activities; and engage in continuous improvement processes to ensure its programs, services, and infrastructure are current and relevant.

EUK Farms will provide a technologically current, high quality learning environment for instruction. It will demonstrate agricultural practices and techniques that are consistent with the instructional program, are environmentally sound and have practical application. Information will also be disseminated to the regional agricultural community. EUK Farms will also promote and conduct service activities such as field days, tours, seminars, demonstrations, meetings, and open houses to serve the needs of diverse consumer groups.

PROGRAM OBJECTIVES

AGRICULTURE

Graduates in the agriculture program are well trained for careers in many diverse aspects of agriculture such as government agencies (Kentucky Department of Agriculture, USDA, Cooperative Extension Service, NRCS), 4-H programs, soil conservation, farm management and operations, agribusiness including agriculture financial agencies/institutions, sales, feed sales, food plant supervision, retail-store management, technical service, Career and Technical Education, and the livestock industry, to name a few. Students can also continue their education in graduate school or in veterinary medicine.

HORTICULTURE

With the abundance of hands-on practical experiences graduates in the horticulture programs pursue careers in the regional and local food industry, the turf industry as golf course superintendents, sports turf managers, sales and service areas, professional landscape industry, the nursery industry, and in the greenhouse industry.

CAREER AND TECHNICAL EDUCATION - AGRICULTURE EDUCATION CONCENTRATION

Graduates of the BS degree program in Career and Technical Education - Agriculture Education Concentration are prepared for teaching careers in secondary schools. They are prepared to lead programs in horticulture and agriculture and to advise their chapter’s FFA members in carrying out their annual program of activities.

Numerous opportunities are available for extracurricular activities to complement the academic training. These include the Agriculture Club, Horticulture Club, Delta Tau Alpha (honorary society), student chapter of the Golf Course Superintendents Association of America, Agronomy Club, and Pre-Vet Club. Numerous local and national trips are taken to expand students’ learning experiences.

**Pre-Professional**

**Pre-Veterinary Medicine Pathways**

For students who have a strong interest in veterinary medicine, the Department of Agriculture offers two concentrations in this program of study. Each concentration is tailored to meet the entrance requirements for either Auburn University School of Veterinary Medicine or Tuskegee Institute School of Veterinary Medicine.

These schools have seats specifically designated for Kentucky residents. The student may be advised differently when applying to other veterinary schools since entrance requirements vary. Upon completion of the degree, the student is also awarded a Minor in Chemistry.

**Pathway 1: Pre-Veterinary Transfer Concentration – B.S. in Agriculture**

The student intends to apply and hopes to transfer to a school of veterinary medicine after their 3rd year at EKU. Students who intend to follow this pathway declare a B.S. in Agriculture as their major and the pre-vet transfer option as the concentration.

Students can then complete the B.S. degree from EKU by transferring credits from the first year of veterinary school back to EKU. Students not accepted after the junior year may elect to stay at EKU and change to the concentration below and reapply to a school of veterinary medicine.

**Pathway 2: General Pre-Veterinary Concentration – B.S. in Agriculture**

Student intends to earn a B.S. degree in Agriculture at EKU and applies for admission into a school of veterinary medicine. Students will typically apply to a school of veterinary medicine during the fall of their senior year at EKU. Students who intend to follow this pathway declare a B.S. in Agriculture as their major and the general pre-vet option as the concentration.

**Admission into Auburn or Tuskegee Schools of Veterinary Medicine**

Kentucky is a member of the Southern Regional Educational Board Plan under which legal Kentucky residents attend Auburn University School of Veterinary Medicine or Tuskegee Institute School of Veterinary Medicine. The program is funded by an appropriation of the General Assembly to the Kentucky Council on Post-Secondary Education. A limited number of students who have completed pre-veterinary requirements are selected on a competitive basis by Auburn or Tuskegee each year and are exempt from out-of-state tuition. Both veterinary schools have similar entrance requirements, including a GRE examination.

Students should have a grade point average of 3.4 to be competitive. Students need to pass all pre-veterinary required courses with a grade of “C” or better. Courses in organic chemistry and physics must have been completed within six years of entry into the school of veterinary medicine. Students applying to Auburn use the Veterinary Medical College Application Service (VMCAS). Students apply directly to Tuskegee. Application deadlines for both are October 1. Students are expected to gain veterinary experience by working directly with a D.V.M.

Candidates earning a degree that leads to pre-service teacher certification must take the PRAXIS Series (Professional Assessments for Beginning Teachers) and PLT (Principles of Learning and Teaching) exams as a requirement for graduation. Candidates are encouraged to review the schedule for PRAXIS and PLT registration deadlines prior to beginning the senior year (http://www.kyepsb.net/assessment/index.asp AND www.ets.org/praxis). Specialty exams are required for each certification area sought and it may take more than one test date to complete all requirements. Candidates should confer with their education advisor/counselor to determine the most optimal time to take required exams. Career and Technical Education concentrations require all pre-service students to meet the general education knowledge for initial teacher preparation requirements (see College of Education section of this Catalog).

MINORS

MINOR IN AGRICULTURE
Requirements.................................................................18 hours
A minor consists of 18 hours of agriculture classes arranged between the Department Chair and the student seeking the minor. The objective is to meet the student’s need for a minor. Six or more hours shall be upper division courses and a minimum of six hours are to be taken at EKU. Courses counted toward a horticulture major may not be counted toward a minor. Transfer classes are to be evaluated by the Department Chair.

MINOR IN HORTICULTURE
Requirements.................................................................18 hours
A minor consist of 18 hours of ornamental horticulture classes arranged between the Department Chair and the student seeking the minor. The objective is to meet the student’s need for a minor. Six or more hours shall be upper division courses and a minimum of six hours are to be taken at EKU. Courses counted toward an agriculture major may not be counted toward a minor. Transfer classes are to be evaluated by the Department Chair.

MINOR IN SOILS
Requirements.................................................................18 hours
A core of courses consisting of 18 hours may be taken for a minor in soils. Courses are AGR 130, 131(1), 215, 216(1), 340, 345; 349(1) or 410(1), and 416. At least six hours must be taken at EKU. Transfer classes are to be evaluated by the Department Chair. No more than nine hours of course work taken toward a major may be counted toward the soils minor.

Faculty

DEPARTMENT GOALS

The Department of Applied Engineering and Technology seeks to provide an educational experience relevant to current and future societal needs to meet global economic and industrial trends. Programs in Applied Engineering and Technology prepare professionals for careers in Applied Engineering Management, Aviation, and Network Security and Electronics through the Bachelor of Science degree programs; prepare technicians for careers in Applied Engineering and Computer Electronics Technology through concentrations in the Associate of Applied Science in Technology degree program; prepare professionals for careers in Career and Technical Education through certification, Associate of Applied Science, Bachelor of Science and Master of Science degree programs; prepare professionals for advanced career opportunities in Applied Engineering and Technology Management through the Master of Science degree program; and to provide programs of quality instruction and professional services to the University and to the community.

Federal Aviation Administration

AVIATION
The EKU aviation program offers a Bachelor of Science degree in Aviation with three concentrations: Aerospace Management, Aerospace Technology, and Professional Flight. These concentrations combine courses in business management, communication, math, computer science and general education. The Aerospace Management Concentration prepares students for exciting professional careers in all aspects of the aerospace industry from a management perspective whereas the Professional Flight Concentration prepares students for careers as pilots. The Professional Flight Program is an FAA Part 141 approved Flight School and the only university program to offer 100 hours of multi-engine flight coupled with the 1000 hour restricted ATP certificate. The Aerospace Technology (AT) degree is a degree-completion concentration. By adding upper division aerospace management and operations studies, the Bachelor’s degree AT concentration is specifically designed to complete a two-year community college degree with a heavy technical aviation course load. Examples of aviation technical degrees include Airframes & Power Plants (A&P), a two-year helicopter and/or airplane proflight degree, any two-year career technical (CTE) degree partnered with a local flight school, any two-year air traffic control program, and/or any two-year aerospace management program, and/or two-year Unmanned Aircraft Systems (UAS) programs. Additionally, non-degreed airline pilots with the Airline Transport Pilot (ATP) certificate may complete their bachelor’s degree with this concentration.

American Council for Construction Education

CONSTRUCTION MANAGEMENT
Graduates of the Construction Management program are prepared for careers with general contracting firms, starting in a variety of management positions. Typical entry-level positions include: assistant project manager, estimator, superintendent, project scheduler, cost engineer, and field engineer. The Construction Management program is accredited by the American Council for Construction Education. Graduates of this program will

Back to Table of Contents
have oral, written and graphic communication skills for successful performance in a construction environment; possess functional computer skills including the utilization of general and construction application software; apply mathematical and scientific skills in the management and execution of construction projects; apply the concepts of management, accounting, economics and ethics in the management and execution of construction projects; possess a basic understanding of the science of materials and the methods by which they are placed into service; possess the essential plan reading, quantity takeoff and pricing skills to function as a junior estimator; be able to prepare a project budget, analyze cost reports and make cash flow projections for a project; be able to prepare a project schedule, monitor progress toward completion, and update the schedule as needed; possess a basic knowledge of OSHA standards and be able to establish and enforce a safety plan on a job site, be able to interpret site plans, establish horizontal and vertical control on a site, and perform layout for buildings and utilities; be able to administer situations on a project site, including evaluation of subcontractor pay requests, writing of purchase orders, and recording change orders, subcontracts, shop drawings, and daily reports; and perform in an acceptable manner in internship work assignments.

APPLIED ENGINEERING MANAGEMENT

Graduates of the Applied Engineering Management Program are prepared for professional careers in technology related businesses. These businesses offer many opportunities to pursue exciting, challenging and rewarding careers that require technical knowledge and managerial skills. Applied Engineering Management prepares individuals for entry-level positions that may include: manufacturing engineer, production engineer, industrial supervisor, industrial engineer, industrial technician, and quality engineer.

Graduates of Applied Engineering Management will be able to relate terminology, techniques and methodology to technical managerial concepts; demonstrate the ability to formulate and apply technical problem solving and managerial concepts; and be able to apply the concepts of mathematics and the physical sciences to solve technical problems. The BS degree program in Applied Engineering Management is accredited by the Association of Technology, Management, and Applied Engineering.

NETWORK SECURITY AND ELECTRONICS

Graduates of the Network Security and Electronics program are prepared for a career in the high-tech computer electronics industry. Coursework in the program provides students with the knowledge and skills needed for installing, configuring, maintaining, and managing computer network systems and security, and digital electronic devices.

Graduates of this program will demonstrate proficiency in basic networking skills relevant to LAN/WAN environments, demonstrate proficiency in basic computing skills, demonstrate fundamental knowledge in electricity/electronics, and demonstrate effective communication skills while conveying information to technical and non-technical audiences. The Network Security and Electronics program is accredited by the Association of Technology, Management, and Applied Engineering.

CAREER AND TECHNICAL EDUCATION

Engineering/Technology Education Concentration

Graduates of the Engineering/Technology Education concentration of the B.S. degree program in Career and Technical Education are prepared for teaching careers at the middle school and high school levels. An Engineering/Technology Education teacher is prepared to enjoy a career that is rewarding in many ways. The opportunity to plan and guide the learning experiences of students in the use of robots, computers and other "high tech" equipment in problem solving and production activities are rewards found in few other professions.

Graduates of the Engineering/Technology Education concentration of the Career and Technical Education program will complete a student teaching experience in a professional setting; will be able to prepare a portfolio that includes instructional material development, samples of assessment and a professional growth plan; and will be able to demonstrate technical competence in the areas of 1) basic engineering/technology, 2) civil engineering/technology, 3) electrical engineering/technology, and 4) mechanical/industrial engineering technology.

Technical Education Concentration

Graduates of the Technical Education concentration of the B.S. degree program in Career and Technical Education are prepared for teaching careers in secondary schools and post-secondary technical colleges in technical areas such as: computer electronics, computer aided drafting (CAD), graphic arts and other technical occupational areas. A concentration is also offered in Occupational Training Development for those interested in training for business and industry.

Graduates of the Technical Education concentration of the Career and Technical Education program will be able to plan and implement instruction for technical education courses; be able to develop and analyze assessment instruments for technical education courses; be able to develop and apply appropriate teaching strategies for technical education courses; be able to complete a Practicum in Career and Technical Teaching in a professional setting; and will be able to demonstrate occupational/technical competence by obtaining discipline-specific expertise.

Occupational Training and Development Concentration

Graduates of the Occupational Training and Development concentration of the B.S. degree program in Career and Technical Education are prepared to plan and implement instruction for technical courses in a business and industry setting; are able to develop and analyze assessment instruments for technical courses; are able to develop and apply appropriate teaching strategies for technical courses; and are able to complete a Practicum in Career and Technical Teaching.

The BS program in Career and Technical Education is accredited by the National Council for Accreditation of Teacher Education.

ASSOCIATE OF APPLIED SCIENCE

The Department of Applied Engineering and Technology also offers Associate of Applied Science degree programs (two-year programs) in Technology and Career and Technical Education. The Associate of Applied Science degree in Technology offers the student a choice of technical concentration: Applied Engineering or Computer Electronics. The AAS degree program in Technology is accredited by the Association of Technology, Management, and...
ASSOCIATE OF APPLIED SCIENCE - TECHNOLOGY

Applied Engineering

Graduates of the program concentration are prepared to become applied engineering technicians who work in product design, research and development, manufacturing, and service related jobs. Students will become familiar with the technologies that are essential for business and industry wanting to remain competitive in a global economy.

Graduates will demonstrate proficiency in the fundamentals of chemistry/physics, electricity and electronics, manufacturing processes, lean, quality, practical statistical methods, and computer aided drafting or design applications to communicate and solve design problems.

Computer Electronics

Graduates of the Computer Electronics (CE) program concentration are prepared for rewarding careers as computer electronic technicians in the public and private sector. Computer Electronics program graduates are qualified to obtain jobs in a wide variety of information technology, manufacturing and service industries. These jobs require skilled technicians for installing, troubleshooting and maintaining microprocessor-based systems, programmable logic controllers, computer hardware and software.

Graduates of the CE concentration of the AAS in Technology program will demonstrate fundamental knowledge in electricity/electronics at the technician’s level; demonstrate proficiency in basic computing skills; demonstrate proficiency in basic networking skills relevant to LAN/WAN environments; and demonstrate effective communication skills while conveying information to technical and non-technical audiences.

ASSOCIATE OF APPLIED SCIENCE - CAREER AND TECHNICAL EDUCATION

The Career and Technical Education Associate of Applied Science Degree program is designed for in-service technical teachers employed in area technical centers and post-secondary technical schools. Graduates of the Career and Technical Education AAS degree program will be able to plan and implement instruction for technical education courses; develop and analyze assessment instruments for technical education courses; develop and apply appropriate teaching strategies for technical education courses; and complete a Practicum in Career and Technical Teaching.

MINORS

The department also offers minors in Applied Engineering Management, Aviation Administration, Aviation (Flight), Computer Electronics Technology, Construction Management, and Quality Assurance.

ENDORSEMENT/CERTIFICATES

A university certificate in Land Surveying, and a Career and Technical Education certificate program for in-service technical teachers are also offered by the Department of Applied Engineering and Technology.

Students accepted to the 3+2 Accelerated Dual Degree Program are able to complete their B.S. degree and M.S. degree within five calendar years because of the accelerated curriculum and because nine semester hours of graduate coursework will apply to both the undergraduate B.S. degree and the graduate M.S. degree. Only undergraduate students of proven academic ability will be considered for the program. Students should be aware that, in order to maintain their progress in the accelerated 3+2 program, careful coordination with their advisor is required. Depending upon undergraduate progress at the time of 3+2 admission, some summer-school classes may be needed.

Admission Requirements:
Students interested in this program must satisfy all the following conditions:
1. Junior or Senior standing
2. Overall grade point average (GPA) of at least 3.0 at the time of admission to the 3+2 program
3. Approval from department and Graduate School (see the form at http://gradschool.eku.edu/graduate-school-forms)
4. Must maintain an overall undergraduate and graduate grade point average (GPA) of at least 3.0 to continue in the 3+2 program.

Note: VA Regulations for Aviation Courses
Any student using GI Bill® benefits and enrolling in an aviation
course must be registered before the published add/drop deadline of each
course. This restriction includes flight labs as well as lecture courses.
Adding an aviation course after the published add/drop deadline will result
in course tuition and fees not being fully funded by the VA and can create a
debt for the student.
Students using GI Bill® benefits to fund an aviation course
must complete each course and/or flight lab within one year of initial
registration; failure to do so will result in the student being assigned a
grade of NC (No Credit). Students using GI Bill® benefits must repay to the
VA the cost (including a portion of stipends for living expenses) related to
any course in which a grade of NC is earned.
Note: Students must take an Aviation exit examination, AVN 467,
before graduation. Also, one 3-credit course from the Gen Ed requirements
must be a Writing Intensive course with a suffix of “W.” AVN 470 must be
taken by proflight students seeking the new 1000-hour Restricted ATP
certification. AVN 490 is recommended for all Airplane Professional Flight
Students.

**Reserve Officer Training Corps (ROTC)**

Getting a degree does not necessarily guarantee employment, however, taking Army ROTC will. The Reserve Officer Training Corps (ROTC) is a premier leadership-training program that prepares you to be a leader in any organization or business. ROTC enhances any Bachelors or Masters Degree program by making you better at time management, setting goals, making decisions, building teams, influencing others, and achieving success. The skills you develop in ROTC give you an advantage over your job-seeking peers; and at the end of the program you will have a full-time job waiting for you as a Commissioned Officer in the United States Army or part time in the Army Reserve or National Guard.

**Career Opportunities**

Students who graduate from Eastern’s Army ROTC program are commissioned as Second Lieutenants and serve with other dedicated young men and women in our nation’s defense. As new Lieutenants, officers serve in a variety of branches, such as Aviation, Armor, Infantry, Transportation, Military Police, Engineers, as Army Nurses, to name but a few, and have the opportunity to travel worldwide. Starting salary for an active duty Lieutenant is over $40,000, plus full individual and family medical coverage and 30 days paid vacation annually. For those who desire only a part-time commitment, the Guaranteed Reserve Forces Duty option gives students assurance they will be able to serve their country from home, adding stability to their chosen civilian career.

**Leadership Development**

EKU’s Department of Military Science and Leadership has a proud reputation dating back to 1936. The program has commissioned over 2,200 officers. The program’s unique approach to leadership development gives each student multiple opportunities to refine their own leadership skills and receive individualized performance feedback. Training is designed around a hands-on, experiential learning curriculum. Besides learning how to lead, students build their confidence by learning to rappel, negotiate EKU’s Challenge Course, fire the M-16 rifle and/or M-4 Carbine, complete water survival training, and other adventure type activities. Students also learn to live the seven Army Values – Loyalty, Duty, Respect, Selfless Service, Honor, Integrity, and Personal Courage by demonstrating these values as they participate in the Cadet Battalion, the Pershing Rifles Drill Team/Color Guard, Ranger Company, and Raider Team.

**Scholarships and Simultaneous Membership**

Eligible students may compete for a variety of ROTC Scholarships available on-campus and through the Army Reserves and Army National Guard. These fully funded scholarships pay 100% tuition, a $1,200 annual book allowance, and a $300-$500 monthly tax-free living allowance. Four-year scholarship students also receive free room and board. Members of the National Guard or Army Reserves who join ROTC under the Simultaneous Membership Program (SMP) may also receive a $350 monthly SMP Kicker in addition to the tax-free ROTC living allowance, Montgomery GI Bill® benefits, and E-5 drill pay.

**Eligibility and Obligations**

Students may enroll in any of the MSL 100-200 level courses without obligation. Students who desire to seek a commission must sign a contract before entering the Advanced Leadership Course (MSL 300-400 courses); they must also meet
certain age, physical fitness, medical, citizenship, security clearance and military experience requirements. Military experience can be satisfied in a variety of methods (check with the ROTC Scholarship and Enrollment Officer at (859) 622-1215 for details). Students contracting into the Advanced Leadership Course will incur a military service obligation upon graduation.

Scholar-Athlete-Leader

Becoming an Army Officer doesn’t just happen; it requires a level of commitment, determination, and selflessness that few civilian careers will ever demand. Army Officers are intellectually curious, mentally adroit, physically robust, and possess a willingness and passion to take charge and make the right things happen. If you are a Scholar-Athlete-Leader who wants to join the world’s most sophisticated Army, then join EKU ROTC—“Where Leadership Excellence Begins.”

## MINOR

### MINOR IN MILITARY LEADERSHIP (ARMY)

**Requirements** ................................................................. 21 hours

A minor in Military Leadership is available to students from any College who wish to obtain a commission as an officer in the United States Army, Army Reserve, or Army National Guard. Students must satisfactorily complete both the Basic Course and the Advanced Course requirements. The Basic Course requirement is to complete either 1) Basic Training or 2) The Leader Training Course or 3) MSL 101, 102, 201, and 202, or four years of JROTC. The Advanced Course requirement is 21 hours of advanced military science and leadership (MSL 301, 302, 303, 310, 401, 402).

### AIR FORCE ROTC SCHOLARSHIPS

The types of financial assistance available through Air Force ROTC are briefly described below. For further details on eligibility and requirements, contact the Department of Aerospace Studies, 203 Barker Hall, University of Kentucky, Lexington, KY, 40506-0028, (859) 257-7115; or visit https://afrotc.as.uky.edu/ for more information. Additional information is also listed in this Bulletin under Aerospace Studies.

**High School Scholarship Program (HSSP).** Scholarships are available to those qualified and selected students who enroll in the Air Force ROTC program. These scholarships cover tuition and laboratory fees, provide an allowance for books, and provide a graduated nontaxable subsistence allowance ranging from $300 to $500 per month. Qualified high school students can apply for four-year Air Force ROTC scholarships. Applicants for four-year scholarships are evaluated on the basis of the following criteria: a composite score on the ACT, or a composite score on the SAT; the applicant’s high school academic record; class ranking; extracurricular and athletic activities; personal interview; and ability to qualify on an Air Force medical examination. High school students who meet the basic eligibility requirements for a four-year scholarship must submit an application anytime **May 1st through December 1** of the year prior to enrollment in the program (usually the spring of their Junior year into the Fall of their Senior year).

All selections for four-year scholarships are made at Air Force ROTC headquarters. Students meet regularly scheduled boards from September to February (which is dependent upon when they officially apply). High school students should apply online at: www.afrotc.com. For additional information, contact the Air Force ROTC detachment, 203 Barker Hall, University of Kentucky, Lexington, KY 40506-0028, or by phone at (859) 257-7115.

**In College Scholarship Program (ICSP).** Scholarships are awarded to students enrolled as cadets currently in the Air Force ROTC program on a competitive basis. Depending on the particular scholarship program, selection may be made on campus by the Air Force ROTC detachment commander or at Air Force ROTC headquarters. Scholarships may be awarded for up to three and a half years of study. Students interested in these scholarships should call (859) 257-7115 for the latest information. (Freshman Students are not eligible for an ICSP until they have completed one full-time semester of college education. Typically Freshman ICSP scholarships will be given starting Spring Semester of their freshman year, and students in the program could be awarded a scholarship from Spring Semester freshman status through Spring Semester sophomore status. Furthermore, the HQ AFROTC ICSP is an in college scholarship program available to students pursuing a degree in a critical area needed by the Air Force. These scholarships can be up to three and a half years. These scholarships are awarded on a competitive basis for those who qualify. ICSP scholarships have historically been awarded to cadets pursuing academic majors in electrical and computer engineering, nursing, and certain foreign language studies. Selections for these particular in college scholarship programs are made at Air Force ROTC headquarters. Critical areas are updated every year and are subject to change without notice. For current information, call (859) 257-7115. Information is current as of January 2015 and is subject to change.

**AEROSPACE STUDIES (AIR FORCE ROTC)**

The Department of Aerospace Studies provides a campus education program through which qualified students can simultaneously earn an Air Force commission and a college degree. Faculty members are experienced, active duty Air Force officers with advanced degree.

**Admission to the Program**

- Non-scholarship freshmen and sophomores may register for Air Force Studies (AFS) courses without incurring a military commitment.
- Students with a minimum of five semesters of school remaining in a graduate or undergraduate status may qualify for Air

Force ROTC. For more information, call (859) 257-7115.

Requirements
• An academic major in aerospace studies is not offered. However, by successfully completing the Air Force ROTC program, a qualified student may concurrently earn a commission as an active duty Air Force Second Lieutenant while completing requirements for a degree. Students may enroll in some Aerospace Studies courses without joining the Air Force ROTC cadet corps. For more information, call (859) 257-7115.

AFROTC Curriculum
The AFROTC curriculum consists of both academic classes and leadership laboratory or seminar classes.
• The General Military Course (GMC) is a two-year course normally taken during the freshman and sophomore years.
• The Professional Officer Course (POC) is a two-year course normally taken during the junior and senior years. Along with academic classes each semester, all cadets also take leadership laboratory classes.

In the GMC, there are four academic classes:

Freshman Semesters
• AFS 111 offered in Fall semesters
• AFS 113 offered in Spring semesters

Sophomore Semesters
• AFS 211 offered in Fall semesters
• AFS 213 offered in Spring semesters

These cover two main themes – the development of air power and the contemporary Air Force in the context of the U.S. military organization. The GMC academic classes are open to any UK student.

In the POC, there are four academic classes:

Junior Semesters
• AFS 311 offered in Fall semesters
• AFS 313 offered in Spring semesters

Senior Semesters
• AFS 411 offered in Fall semesters
• AFS 413 offered in Spring semesters

These cover Air Force management and leadership and national security studies.

NOTE: Entry into the POC years is competitive and is based on
• Air Force Officer Qualifying Test scores
• Grade-point average
• Evaluation by the AFROTC Detachment Commander
• Only physically qualified students in good academic standing may compete for entry into the POC.
• Typically, these courses are for those cadets who have already completed the courses in the GMC, but the courses are open to any UK students.

Students enrolled as cadets are required to be involved once a week in a 1-credit-hour course in the cadet corps training program designed to simulate a typical Air Force organization and its associated functions. This course is known as Leadership Laboratory. Cadets are required to take all of the Leadership Laboratories each semester (fall and spring only) concurrent with their AFS courses listed above. UK students taking the courses electively are not required to take Leadership Laboratory but are also welcome. If there are questions please refer to 859-257-7115 for further inquiries on the matter.

GMC Years:
Freshman Semesters
• AFS 112 (Fall)
• AFS 114 (Spring)

Sophomore Semesters
• AFS 212 (Fall)
• AFS 214 (Spring)

POC Years:
Junior Semesters
• AFS 312 (Fall)
• AFS 314 (Spring)

Senior Semesters
• AFS 412 (Fall)
• AFS 414 (Spring)

The leadership laboratories are largely cadet-planned and conducted under the concept that they provide leadership training experiences that will improve the cadets’ capabilities as Air Force officers. This also involves three hours of physical training each week. Leadership laboratory is open to students who are members of the Air Force Reserve Officer Training Corps or are eligible to pursue a commission as determined by the Air Force ROTC Detachment Commander.

Field Training
Field training is offered at Maxwell Air Force Base in Alabama. Students receive officer training and leadership development with other students. Simultaneously, the Air Force has an opportunity to evaluate each student as a potential member of its officer corps. Field training courses include cadet orientation, survival training, officer training, aircraft and aircrew orientation, physical training, organizational and functional aspects of an Air Force base, career orientation, small arms familiarization, first aid, and other supplemental training.

Scholarships
Students interested in AFROTC scholarships should refer to the Student Financial Aid, Awards, and Benefits section of this Bulletin or call (859) 257-7115. Information is subject to change.
SCHOOL OF BUSINESS

Dr. William E. Davis, Associate Dean
Business and Technology Center 214
(859) 622-1574

EKU’s School of Business is comprised of the Department of Accounting, Finance, and Computer Information Systems; the Department of Management, Marketing, and International Business; and the Master of Business Administration Program.

MISSION OF EKU’S SCHOOL OF BUSINESS

EKU’s School of Business provides quality accredited business programs that generate educational and experiential opportunities for students, businesses, and the professional community in a technologically dynamic global environment.

VISION OF EKU’S SCHOOL OF BUSINESS

EKU’s School of Business…a premier teaching and learning center…enhancing students’ lives, transforming communities, making a difference!

GOALS OF EKU’S SCHOOL OF BUSINESS

• Provide high quality teaching
• Provide excellent advising services
• Recruit and retain faculty members who are academically or professionally qualified as defined by AACSB
• Emphasize its commitment to stewardship of place by increasing partnerships, student projects, and involvement with business, community, and educational entities

Graduates of EKU’s School of Business (the undergraduate and graduate programs in business administration at Eastern Kentucky University) have joined the ranks of the nation’s top business schools. EKU’s School of Business, located in the College of Business and Technology, has received accreditation by the Association to Advance Collegiate Schools of Business International (AACSB) for its undergraduate and graduate programs in business administration. Less than five percent of the world’s business schools have achieved this elite distinction.

AACSB International accreditation represents the highest standard of achievement for business schools worldwide and is the hallmark of excellence in business education. Institutions that earn accreditation confirm their commitment to quality and continuous improvement through a rigorous and comprehensive peer review.

To achieve accreditation, EKU’s School of Business satisfied a wide range of quality standards related to strategic management of resources, interactions of faculty and students in the educational process, and achievement of learning goals in degree programs.

BETA GAMMA SIGMA

Founded as a national organization in 1913, Beta Gamma Sigma is an international honor society that provides the highest recognition a business student anywhere in the world can receive in an undergraduate or master’s program at a school accredited by AACSB International. With the global expansion of accreditation by AACSB International, membership is no longer limited to those who have studied in the U.S. or Canada.

The mission and objectives of Beta Gamma Sigma are to encourage and honor academic achievement in the study of business and personal and professional excellence in the practice of business, to foster an enduring commitment to the founding principles and values of honor and integrity, to encourage the pursuit of wisdom and earnestness, to support the advancement of business thought and practice to encourage lifelong learning, and to enhance the value of Beta Gamma Sigma for student and alumni members in their professional lives.

To be eligible for Beta Gamma Sigma, students must be in the top seven percent of the junior class, top ten percent of the senior class, or the top 20 percent of the MBA program.

BACHELOR OF BUSINESS ADMINISTRATION AND BACHELOR OF SCIENCE IN RISK MANAGEMENT AND INSURANCE DEGREE REQUIREMENTS

General University requirements, as well as specific course requirements set forth in the description of curricula, must be met by students completing associate and baccalaureate business programs administered by the College of Business and Technology. See programs under each department for major requirements. Student Success Seminar (BTO 100) is required in all business programs. The requirements for the Bachelor of Business Administration (BBA) and the Bachelor of Science in Risk Management and Insurance degrees are as follows:

1. A cumulative 2.0 GPA must be maintained in all work taken in the BBA and BS Risk Management and Insurance programs.
2. Hours earned by correspondence study are accepted upon written approval of the Dean. However, not more than 25 percent of the total hours applied toward a degree may be earned via correspondence or telecourse instruction, military credit, or credit by examination.
3. To ensure the integrity of business programs to provide a sound overall educational experience, not more than 50 percent of undergraduate course work shall be completed in the EKU’s School of Business programs. However, up to nine semester hours of economics and up to six semester hours of mathematics/statistics will not be included in this 50 percent. Decisions to allow students to take more than 50 percent of undergraduate course work within EKU’s School of Business will be made judiciously.
4. At least 50 percent of the business course credit hours required for the BBA and BS Risk Management and Insurance degrees must be completed at EKU.
5. The BBA and BS Risk Management and Insurance degrees will only accept credits for business courses at the upper
division level transferred from other colleges and universities accredited by the Association to Advance Collegiate Schools of Business International (AACSB). As completely as possible, it will apply these credits to the student’s degree program. To ensure that they earn appropriate credits, students are strongly advised to see the College of Business and Technology Advising Office and also obtain the Dean’s approval prior to enrolling in any course work they plan to transfer. The University will not take responsibility for courses transferred without prior approval.

6. A “C” or better is required for the BBA programs and the B.S. in Risk Management and Insurance degree in the following courses: (See specific degree requirements for each major)

**BACHELOR OF BUSINESS ADMINISTRATION**

**BBA Supporting Courses:** CIS 212 or INF 104, ECO 230 and 231, MAT 112 or 211, and PSY 200 or 200W or SOC 131.

**BBA Pre-Business Core:** ACC 201, 202, GBU 204, and QMB 200.

**BBA Core:** CCT 300W, CIS 300, FIN 300, GBU 480, MGT 300, 370, and MKT 300.

**BACHELOR OF SCIENCE IN RISK MANAGEMENT AND INSURANCE**

**BS Supporting Courses:** CIS 212, or INF 104; ECO 230, and MAT 112 or 211,

**BS Pre-Business Core:** ACC 201, 202, GBU 204, and QMB 200.

**BS Risk Management and Insurance Core:** CCT 300W, CIS 300, FIN 300, MGT 300, MKT 300, RMI370, and RMI374.

CCT 300W should be taken in first six hours of upper division course work. BBA students must complete all business core courses prior to taking GBU 480. Students are urged to review carefully all course prerequisites, including the 60-hour rule before scheduling 300-level business courses. Failure to satisfy prerequisites may result in the student being administratively withdrawn from courses.

7. At least 12 hours in the major must be earned at EKU. A grade of “C” or better is required for each course in the major.

8. Students must choose a major field at the time they enter a School of Business program. Students must meet with and have schedules approved by the academic advisor.

9. A second major can be completed in EKU’s School of Business or in another program of the University. A third business major is not permitted. Because business students take the business core, they are limited to selected minors offered by EKU’s School of Business. Free elective requirements for bachelor’s degree programs in EKU’s School of Business cannot be met by choosing courses taught in Business. (See No. 4, BBA and BS Risk Management and Insurance under degree requirements.)

10. Students choosing to double-major must declare the BBA or BS Risk Management and Insurance degree as the first major.

**PREREQUISITE STRUCTURE IN EKU’S SCHOOL OF BUSINESS**

EKU’s School of Business curriculum is highly structured and carefully integrated. The content and methodology utilized in upper-division courses are based upon the assumption that students enrolled in these courses have matriculated through a specific series of lower-division courses which provide students with competencies needed for successful participation in upper-division business courses.

**ENROLLMENT IN UPPER-DIVISION EKU’S SCHOOL OF BUSINESS COURSES**

To enroll in the following upper-division business-core courses (CCT 300W, CIS 300, FIN 300, MGT 300, MKT 300, 370, and GBU 480) students must have:

1. completed ACC 201, 202, and ECO 230 with a grade of “C” or better in each course;

2. completed a minimum of 60 hours (or enrolled in enough additional course work to complete their 60th credit hour) with a cumulative 2.0 GPA;

3. met all specific prerequisite(s) for each course.

To enroll in other upper-division business courses, students are required to have met the specific prerequisite(s) for each course and have earned an overall 2.0 GPA. Students majoring in other departments whose planned curriculum includes selected business courses (by virtue of agreements of sponsoring departments with a business program) must also adhere to all specified course prerequisites. Students majoring in programs other than business cannot earn more than 25 percent of their total degree requirements in courses with business prefixes.

**Course Repeat Policy**

Courses may be repeated once. Second or subsequent repeats (maximum of three enrollments) must be requested on a College Exception form approved by the Dean of the College. Exceptions will only be considered under unusual circumstances. An enrollment is counted as a repeat if a previous enrollment in the course resulted in a passing or failing grade or a “W” due to withdrawing from the course.

**BACHELOR OF BUSINESS ADMINISTRATION AND BACHELOR OF SCIENCE IN RISK MANAGEMENT AND INSURANCE**

The Department of Accounting, Finance, and Information Systems provides a Bachelor of Business Administration and a Bachelor of Science in Risk Management and Insurance which offer unique programs of study. The BBA and BS in Risk Management and Insurance are the only undergraduate insurance degrees in Kentucky. Students in these programs must meet prerequisites as noted.

**BACHELOR OF SCIENCE IN BUSINESS AND MARKETING EDUCATION/TEACHING**

The Department of Management, Marketing, and International
Business, in cooperation with the College of Education, provides programs leading to certificates qualifying graduates to teach business subjects in grades 5-12. For admission requirements, see Admission to Teacher Education and Admission to Student Teaching sections in the College of Education portion of this Catalog. Also see Policies and Requirements sections in the same portion of this Catalog. Students in these programs must meet the business prerequisites as noted. Students interested in business teacher certification should consult the Chair of the Department of Management, Marketing, and International Business.

Business and Marketing Education/Teaching requires all students to meet the general education knowledge for initial teacher preparation requirements (see College of Education section of this Catalog).

TRANSFER STUDENTS AND STUDENTS FROM OTHER EKU COLLEGES

BBA and BS program requirements for transfer students are the same as those for students enrolling initially at EKU. Transfer students must have completed at least 60 semester hours of course work and all the requirements listed above to be eligible for upper-division business courses.

EKU’s School of Business considers lower-division credits transferred to EKU as lower division, even if EKU offers what appears to be a comparable course at the upper-division level. However, the dean of the College of Business and Technology may accept individual courses at EKU if the courses are validated using acceptable validation techniques. CLEP® and departmental exams are examples of possible validation techniques. With specified courses in real estate and accounting, the successful completion of advanced courses in the subject field for which the transfer course is a foundation or supporting requirement is an acceptable validation method. A successfully validated lower-division transfer course may not be utilized to fulfill the 43-hour upper-division graduation requirement.

CERTIFIED PUBLIC ACCOUNTANT (CPA)

The Kentucky legislature has mandated that students taking the CPA exam in the year 2000 and thereafter must have completed 150 semester hours. Therefore, accounting graduates seeking the CPA designation will need to complete additional undergraduate or graduate hours.

EU: A LEGACY OF PREPARING EDUCATIONAL PROFESSIONALS SINCE 1874

COLLEGE OF EDUCATION STRATEGIC PLAN 2016-2020

Vision
The College of Education will be a premier college dedicated to innovative student engagement and success, advancing Kentucky, and impacting the world.

Mission
As a school of opportunity, the College of Education prepares and empowers learners to become dynamic partners in diverse communities.

Values
The College of Education’s values permeate the mission and allow the college to achieve its vision:

• ethical decision-making, which is characterized by integrity, intentional stewardship of resources, and social responsibility;
• intellectual vitality, which is characterized by quality instruction & research, critical and innovative thinking, and on-going assessment;
• equity, which is characterized by sensitivity, respect, fairness, accommodation, and impartiality for all;
• collaboration, which is characterized by respectful, reciprocal accountability and service to local & global communities; and
• reflective practice, which is characterized by goal setting, self-evaluation, and a deep understanding of critical concepts and principles within one’s discipline.

The College of Education is well known for preparing effective professionals for the disciplines within our college. At Eastern Kentucky University we strive to continuously learn and develop the most effective ways to prepare teachers, leaders, and other professionals for the variety of school and professional settings that exist today.

In order to achieve our Vision for 2016-2020, the College of Education will focus on four Strategic Goals.

• Academic Excellence - We will achieve academic excellence through investing in students, staff, and faculty to support their professional growth.

• Cultural Competency - We will demonstrate our commitment to cultural competency through recruiting diverse candidates, faculty, and staff and providing structured opportunities for education and interaction with people from diverse backgrounds.

• Stewardship of Place - We will demonstrate our commitment to the development of stewardship of place through collaboration within the College, University, and community through advocacy, civic engagement, and stewardship.

• Experiential Education - We will achieve experiential education through infusing clinical experiences throughout our programs.

Strategic Initiatives and Strategies define the primary goals, outline our work for the next five years, and ensure we achieve our primary goals.

Ongoing Commitment is to prepare every candidate to be successful in all aspects of his/her professional career.

Ongoing Commitments

• Our curriculum is designed by faculty to meet educational goals of all candidates and is focused on candidate outcomes integrated in a clinical model.

• Our programs are focused on embracing individual differences in every aspect of the educational process.

EDUCATION AS THE NEW “CLINICAL” PROFESSION

“Teaching as a clinical profession means that education candidates are expected to become knowledgeable and to the fullest extent possible experts in the school learning sciences. Similarly, teacher education candidates are expected to become competent and also to the fullest extent possible excellent diagnosticians in the academic development of their school age students. Drawing from a scholarly knowledge base, more than adequate in scope and depth, teacher education candidates study with seasoned expert faculty in the College Education including MODEL to refine diagnostic skills.
and learn to prescribe instructional strategies that will improve school age student performance in Kentucky and beyond.” Dr. James Bliss

Since its founding in 1906, Eastern Kentucky University has maintained a strong interest in and commitment to the preparation of teachers.

The Professional Education Programs at Eastern Kentucky University are dedicated to preparing the highest quality educators and related professionals for Kentucky and beyond. Our graduates integrate content, effective pedagogical skills, and dispositions that foster life-long growth and learning. Being true to our heritage as a school of opportunity, Eastern Kentucky University provides a climate that supports, challenges, and enriches students aspiring to careers in a diverse society.

Professional Education at Eastern Kentucky University is a university-wide function. The programs of elementary education (P-5), middle grades education (5-9), special education, interpreter training, deaf and hard of hearing, and communication disorders are located in the College of Education. The college also has graduate degree and licensure programs in most of these areas, as well as in Counseling and Educational Leadership. Candidates in these programs are advised in the College of Education. Secondary 8-12, Grades 5-12, Birth – Primary (interdisciplinary early childhood education), and P-12 teaching programs are located in their respective colleges with candidates receiving academic advisement from the college of their major as well as a supplemental advisor from the College of Education.

### Model Laboratory School

Model Laboratory School is one of the few remaining lab schools nationally, and the only one in Kentucky. EKU’s Model offers a full P-12 educational curriculum. Model is one of only a handful of lab schools left that serves a P-12 population. When the current building for Model was completed in the 1960s, it was a state-of-the-art facility allowing for individual and small group observations, demonstration teaching, and student teaching. Today, teacher educators agree not only that clinical teaching experiences are crucial in preparing teachers, but also that they should begin early in preparation programs. High standards in clinical teaching experiences require the kinds of settings only laboratory schools like Model can provide.

Universities are changing preparation programs for all school personnel significantly to include a variety of clinical experiences that are developmental in sequence and provide opportunity for shaping the knowledge, skill, and disposition sets of future educational professionals. Kentucky’s Education Professional Standards Board enacted a regulation requiring 200 clinical hours for initial teacher preparation prior to the professional semester.
or student teaching. In addition, clinical hours have been initiated for graduate or advanced preparation programs. As a result, a lab school, such as EKUs Model, plays a vital role in serving this new clinical preparation model for all educators. Additionally, it provides a site for research-based practices to prepare those planning to enter the profession and to retool currently practicing educators to enhance student engagement, learning, and achievement at all P-12 levels.

The Migrant Education Program, housed in the College of Education and directed by Michael Hay, is a supplemental education program that provides support for migrant children and their families. This program works to ensure that the appropriate academic services are offered to help migrant children do well in school and that they receive the needed levels of tutoring and instruction that will promote them to the next grade level. Migrant Education staff works with other school and community agencies to provide social and health needs that families may require. Visit the Migrant Education Program at http://migrated.eku.edu/.

**Policies and Procedures**

**Professional Education Majors**

To be recommended for certification, all candidates must meet the requirements for admission to professional education, complete a College of Education approved teaching curriculum, and pass the required PRAXIS II tests, PLT exam, or Kentucky test as established by the Education Professional Standards Board.

**Credits**

To be applied to degree programs, credits more than eight years old must be validated by the Dean.

**Credit for Transfer Work**

Allowance of transfer credit by the University Office of Admissions and/or the Office of Academic Advising does not necessarily mean that all such credit will be applied toward admission to professional education or a degree from the College of Education. Therefore, candidates should read and follow closely the transfer credits/courses section in Section Five of this Catalog.

**Credit for Transient Work**

Undergraduate students or students (candidates) pursuing initial certification in programs housed in the College of Education who wish to take course work at another higher education institution must have approval from the Dean of the College if they wish to apply that credit to their degree program. Candidates must be in good academic standing at EKU. Transient forms are initiated with the Tracking Specialist, Office of Education Services (coeadvising@eku.edu).

**Overload**

In the College of Education, overloads must be approved by the candidate’s department chair. Requests for overloads must contain the student’s overall GPA and the number of hours being attempted, including those to be taken at other higher education institutions. Send requests to coeadvising@eku.edu.

**Planned Curriculum**

Planned curricula in the College of Education are maintained in Degree Works, a comprehensive set of web-based academic advising, degree audit, and transfer articulation tools that help candidates and their advisors negotiate program requirements. Changes in the planned curriculum, initiated on the College Exception form, must include a recommendation for change by the advisor and be approved by the department chair and the Dean of the College. Changes approved verbally by phone or otherwise will not be honored unless the planned curriculum is officially altered to reflect such approval. It is the candidate’s responsibility to register for the proper courses so that all requirements are satisfied at the time of expected graduation. Completion of all course work on the candidate’s planned curriculum is required for graduation.

**Progressing in Professional Education**

Candidates shall not enroll in any educator preparation program courses restricted to admitted candidates.

**Application for Graduation**

Candidates must file an application for graduation in accordance with university policy found in the Graduation and Commencement Information section of this catalog. Applications for graduation are available online through EKU Direct.

**Student Teaching**

Since student teaching is especially demanding, candidates are encouraged to avoid taking any other courses during CED 499 The Professional Semester.

**Admission to the College of Education**

*Preparing a Community of Exemplary Professionals*

- Upon admission to the College of Education, students are assigned an advisor. Candidates must enroll in Academic Orientation, EDO 100, during the first semester. Candidates are advised to enroll in EDF 203, Schooling and Society, during their freshman year. EDF 310 will be required for students who have an equivalent transfer course for EDF 203 or EDF 219.
- Secondary education majors will follow the prescribed curriculum and requirements of another academic college and the policies for professional education stated elsewhere in this Catalog. The College of Education cooperates closely with the
other colleges in matters pertaining to admission to professional education and clinical education.

**STUDENT SUCCESS**

**Staff**

A. Coates-Groves, C. Chapman (Director)

Our goal is to recruit and support completion of high-quality candidates from a broad range of backgrounds and diverse populations.

**ADVISING - coeadvising@eku.edu**

Bert Combs 423  
(859) 622-1828

The CPEP Office of Student Success is committed to serving the needs of students. Students are assisted with advising through consultations with staff. Staff support first-year and transfer students in their transition to college. Academic coaching, tracking and graduation checkout services are provided to students as they progress through their degree programs. Recruitment and retention efforts for the College of Education are coordinated by CPEP Student Success staff. The Office of Student Success coordinates all marketing efforts for the College of Education.

**LICENSURE AND CERTIFICATION**

**Staff:**

K. Alexander, K. Dickens, L. Lanter, M. Moore (Director)

Located in Bert Combs 425, the Center for the Preparation of Educational Professionals (CPEP) Office of Licensure and Certification is responsible for the coordination of admission to initial and advanced professional education programs and the review and recommendation for initial and advance licensure.

In addition, applications for licensure for teachers, school personnel (principals, supervisors, superintendents, counselors, pupil personnel directors, business administrators, librarians, and speech pathologists) are also processed by a certification official in the Office of Licensure and Certification.

To be recommended for licensure/certification, all candidates seeking initial teacher certification, regardless of the college in which they are enrolled, must meet the requirements for admission to professional education, complete an approved teaching program, and pass the required PRAXIS II tests, PLT exam or Kentucky test as established by the Education Professional Standards Board.

Candidates are advised to enroll in EDF 203, Foundations of Education, during their freshmen year.

**TEACHER ADMISSION**

Bert Combs 425  
(859) 622-1832

**ADMISSION REQUIREMENTS and APPLICATION PROCESS**

**Admission to Professional Education**

Professional education admission standards represent our goal to recruit candidates who have high academic achievement and ability. We welcome you to the profession.

Admission to the University (academic college) is not synonymous with admission to professional education. Candidates will apply for admission to professional education in the College of Education’s Office of Licensure and Certification (Combs 425). Formal applications will be accepted based upon completion of the following requirements:

**A. Hours**

- Candidates must complete 30 hours of credit (excluding developmental level courses).

**B. Admission Test Requirement**

Candidates must have a passing score on the following tests:

- Core Academic Skills for Educators (CASE): Reading (156); Writing (162); Mathematics (150).

**C. GPA and Grade Requirements**

- A cumulative grade point average 2.75 on a 4.0 scale; or a grade point average of 3.0 on a 4.0 scale on the last thirty hours of credit completed.
- A grade of “C” or higher in EDF 203 (A state criminal history background check approved by the College of Education must be completed prior to the first day of class).
- “S” grade in EDF 310 and a grade of “B” or higher in EDF 203 is required for all transfer candidates.

Undergraduate degree candidate GPA is based on the hours attempted as shown on the official EKU transcript. Post degree certification candidate GPA is based on all undergraduate course work and on the hours attempted as shown on the official EKU transcript.

**D. Demonstrate an Overall Disposition Essential to Being an Effective Teacher**

Candidates must demonstrate proficiency in oral and written communication including:

- Critical thinking: A grade of “C” or higher in ENG 102 or HON 102 with a grade of “B” or higher in ENG 105 (those earning a “C” must also take ENG 102).
- Creativity: A grade of “C” or higher in EDF 203.
- Collaboration: A grade of “C” or higher in EDF 203.
- Communication: A grade of “C” or higher in CMS 100 or CMS 210.

**E. Professional Code of Ethics, Character Fitness Declaration, and Professional Dispositions**

- Candidates must review the Professional Code of Ethics for Kentucky School Certified Personnel established in 16 KAR 1:020 and sign a COE Professional Code of Ethics for Kentucky
College of Education

Declaration form.
• Candidates must review the character and fitness questionnaire contained in Section III of the TC-1 and sign a COE Character and Fitness Declaration form. EKU College of Education requires a state criminal history background check approved* by the College of Education as a condition of admission. Under certain circumstances, a national criminal history background check may be required as a condition of admission.
• Candidates must demonstrate understanding of professional dispositions expected of professional educators. Candidates must review and sign a COE Professional Dispositions Declaration form.

* “Approved” is a formal review process of the professional character and fitness declaration and criminal records report. Professional disposition issues or violations of the professional code of ethics will be referred to the Professional Education Admission Committee. Any misrepresentation of facts, by omission or addition, may result in the denial of admission to teacher education.

F. Recommendations
Candidates must submit satisfactory pre-service professional disposition reviews from two EKU faculty members including the EDF 203 or EDF 310 instructor and the advisor or another EKU faculty member.
• Candidates must complete and sign a Candidate Statement of Commitment Regarding Professional Dispositions form.

G. Student Behavior
• Candidates preparing to work in schools as teachers or other professional school personnel must demonstrate dispositions necessary to help all students learn.
• Candidates must demonstrate acceptable social behavior at the University and in the community-at-large.* A candidate interview may be required by the Professional Education Admissions Committee.
• Candidate admission status may be reevaluated if the candidate is placed on either academic or social probation or has a record of criminal conviction(s).* A candidate interview may be required by the Professional Education Admissions Committee.

*The Office of Licensure and Certification will contact the Eastern Kentucky University Office of Student Rights and Responsibilities to obtain records of infractions committed by candidates for admission to professional education. The Office of Licensure and Certification may also contact the Administrative Office of the Courts to obtain a criminal records check for each candidate for admissions to professional education.

H. Clinical Experiences
• CED 100 - Clinical I: Introduction to the Education Profession with a grade of “B” or higher.

Progressing in Professional Education
The Office of Licensure and Certification will process the formal “Application for Admission to Professional Education.”
The Professional Education Admissions Committee (PEAC) will review applications, supporting documentation, and other relevant materials brought before the committee and will take appropriate action concerning the student’s admission to the professional education program. The candidate will be notified of the committee’s decision. Candidates shall not enroll in any educator preparation program courses restricted to admitted candidates.

Selectivity during Preparation
Professional education programs have established transition points for program progression and monitors candidates’ advancement from admissions through completion. During these transitions, candidates’ must show evidence of developing content knowledge, pedagogical content knowledge, pedagogical skills, and the integration of technology in each of these domains. [CAEP Standard 3]

CERTIFICATION - coecert@eku.edu
Bert Combs 425
(859) 622-1829

 Selection at Completion
Prior to recommending any candidate for licensure, candidates’ must demonstrate an understanding of the expectations of the profession, including codes of ethics, professional standards of practice, and relevant laws and policies. [CAEP Standard 3]

Application for Licensure/Certification

Exams
Prior to recommendation for licensure, candidates must complete PRAXIS II Series (Professional Assessments for Beginning Teachers) and PLT (Principles of Learning and Teaching) exams.

NOTE: Kentucky educator licensure/certification requirements are subject to change. Before registering for the test(s), please check the Education Professional Standards Board (EPSB) website at www.epsb.ky.gov for current test requirements and current cut scores. You may also contact the EPSB Division of Professional Learning and Assessment at (502) 564-5778.

Applying for Licensure
Kentucky certification is based upon the completion of an approved teacher preparation program, including student teaching and applicable tests. This process requires a recommendation from a certification official in the Office of Licensure and Certification.

Certification
Applications may be obtained from the EPSB website at http://www.epsb.ky.gov/certification/index.asp. Applications for licensure should be filed in the Office of Licensure and Certification, Bert Combs 425, prior to graduation as follows: May graduates by April 1; August graduates by July 1; December graduates by November 1. Applications for certification are not processed until all requirements are met.
Candidates must also request and send an official transcript to the EPSB. Be sure that you note “Hold for Degree” if your degree has not been posted at the time you complete the request form. You may access the EKU transcript request form at http://registrar.eku.edu/Transcripts. The recipient of the transcript will be the EPSB. You will be asked to provide their mailing address:

Preparing a Community of Exemplary Professionals

Clinically based professional education programs create varied and extensive opportunities for candidates to connect what they learn while being guided by skilled clinical educators. Performance-based assessments, at key points in the program, are designed to demonstrate candidates’ development of the knowledge, skills, and professional dispositions associated with a positive impact on the learning and development of all P-12 students. [CAEP Standard 2]

The Clinical Model at Eastern Kentucky University is designed to meet the needs of learners in today’s schools and provide teacher candidates with the content, pedagogy, and assessment skills needed to assure they meet the needs of all learners. Eastern Kentucky University’s Professional Education Program provides a framework that supports our candidates’ development of content knowledge, practice, and professional behaviors. This is accomplished through high quality instruction, engaging course-learning tasks, and clinical learning experiences requiring candidates to think critically and creatively, communicate effectively, and act fairly. Our candidates will be prepared to effect change in the culture of learning in their classrooms, in our region, and beyond.

Clinical I: CED 100: Introduction to the Education Profession (10 hours in laboratory clinical)

Clinical Experiences begin with the first semester of the program, Introduction to the Education Profession (Clinical I). This laboratory based clinical includes guided walkthroughs at all levels of P-12 education. Candidates also spend 6 hours in a classroom assisting and helping a teacher. While teacher candidates are introduced to all levels of public school education, they are also introduced to the profession, expectations, and dispositions of professional educators including the ethics of educators. Teacher candidates are guided to consider whether this is the right career choice, and, if it is, what level or specific licensure area interests them.

Clinical II: CED 200: Understanding the Learner (minimum of 10 school based clinical hours)

Clinical II provides laboratory based clinical experiences in the corequisite course(s). Teacher candidates are placed in a classroom for a minimum of 10 clinical field hours. Candidates assist the teacher, provide individual student help, and tutor students as needed. Teacher candidates are also expected to spend at least 2 of the 10 hours helping with an after-school event (Family Fun Night, Saturday School Festival, theater or dance events, art shows/ exhibits, musical events, Odyssey of the Mind events or practice, rehearsals etc).

Clinical III: CED 300: Curriculum and Instructional Design (minimum of 50 school based clinical hours)

Clinical III focuses on curriculum and instructional design in a school based clinical, with a focus on using formative assessment in the classroom. Teacher candidates observe and assist their assigned cooperating clinical teacher while learning the principles of curriculum and instructional design. Teacher candidates plan, teach and reflect on a minimum of 3 formal lessons in their assigned classroom. It is recommended that teacher candidates and cooperating teachers begin this clinical experience using co-teaching strategies and working together. The clinical educator and cooperating clinical teacher provide feedback using a formal observation instrument. Teacher candidates in need of more mentoring are provided additional time and support to improve performance before advancing.

Clinical IV: CED 400: Diagnosis and Prescription (minimum of 50 school based clinical hours)

In Clinical IV, teacher candidates focus on diagnosis and prescription of student behavior and academic performance in this school based clinical. Teacher candidates develop and implement a student improvement plan for behavior using Applied Behavior Analysis and an academic improvement plan for achievement based on student learning data. In addition teacher candidates plan, teach and reflect on a minimum of three formal lessons observed by their clinical educator and cooperating clinical teacher.

Clinical V: CED 450 Practice Teaching- Residency I (formerly Methods) (minimum of 80 school based clinical hours)

CED 450, Clinical V, Residency I, requires a minimum of 80 school based clinical experiences. Candidates are expected to practice teaching for full days on their clinical schedules. This is the first part of the yearlong clinical or residency. Candidates will demonstrate expertise at planning, teaching, assessing achievement, writing units, developing professional growth plans, reflecting on outcomes, and collaborating with teachers at their assigned clinical placement school. Teacher candidates plan, implement and reflect on a minimum of 3 formal lesson plans during this clinical. All other lessons candidates are assigned to teach include lesson planning and writing. Candidates focus on improving student achievement while considering the student growth goals for their individual classroom. Monitoring and tracking student success with a plan for re-teaching throughout the duration of the year-long residency is required.

Clinical VI: The Professional Semester

CLINICAL PLACEMENT

The Professional Semester and Clinical Experiences
ekufieldplacement@eku.edu
ekustudentteaching@eku.edu
Bert Combs 427
(859) 622-8620

- The Office of Clinical Experiences receives and evaluates all applicants for the professional semester, determines appropriate professional disposition of the applicant, and provides continuous assessment of the applicant’s pre-teaching and teaching experiences during the professional semester.
- This Office recognizes that cultural diversity is a fact of American life and teachers function in a pluralistic cultural
environment. Experience in multi-cultural settings provides valuable enrichment for the proper development of effective teachers. That philosophy guides the candidate assignments.

- Candidates are discouraged from taking any other courses during the professional semester.
- Candidates of senior standing (90 hours or more with a minimum of 12 semester hours residence at EKU) may enroll in the professional semester if they have satisfied the following requirements:

**Application for The Professional Semester**
1. Applicants must be admitted to the professional education program prior to the application semester.
2. Applicants must file an application during the first four weeks of the semester prior to the term in which professional teaching is desired.
3. Applications filed will be evaluated and processed for approval or disapproval.

**Evaluation of application will include in part:**
1. The planned curriculum. Each applicant must have an active Degree Works plan which reflects any and all approved changes.
2. All prerequisites in professional education and pre-professional teaching semester curricula in the applicant’s area as prescribed by the Catalog, must be completed prior to the professional semester.
3. Recommendation made by the applicant’s advisor.
4. A record or report from a valid and current medical examination, which shall include a tuberculosis (TB) risk assessment.

**5. Professional Code of Ethics, Character Fitness Declaration, and Professional Dispositions:**

- Candidates must review the Professional Code of Ethics for Kentucky School Certified Personnel established in 16 KAR 1:020 and sign a new COE Professional Code of Ethics for Kentucky Declaration form.
- Candidates must review the character and fitness questionnaire contained in Section III of the CA-1 incorporated by reference in 16 KAR 2:010 and sign a new COE Professional Character and Fitness Declaration form. KRS 161.042 requires a state and national criminal records check as a condition for admission to student teaching. Applicants must process a criminal records check in the district in which student teaching will occur and submit a copy of the report to the Office of Clinical Experiences for approval* by the College of Education.
- Candidates must demonstrate understanding of professional dispositions expected of professional educators. Candidates must review and sign a new COE Professional Dispositions Declaration form.

*“Approval” is a formal review process of the professional character and fitness declaration and criminal records report. Professional disposition issues or violations of the professional code of ethics will be referred to the Professional Education Admission Committee. Any misrepresentation of facts, by omission or addition, may result in the denial of admission to student teaching and revocation of admission to teacher education. Approval is required prior to entry in the professional teaching experience.

6. Behavior that relates to the moral, ethical, social, and personal standards of professional competency. The applicant’s comportment will be subject to review and appraisal by the department responsible for the professional semester recommendation and the College of Education.

**7. Academic Requirements:** Undergraduate degree students’ GPAs are based on the hours attempted as shown on the official EKU transcript. Post degree certification students’ GPAs are based on all undergraduate course work and on the hours attempted as shown on the official EKU transcript.

- All programs: A cumulative grade point average of 2.75 on a 4.0 scale; or a grade point average of 3.0 on a 4.0 scale on the last thirty hours of credit completed. Instructional Technology: Candidates must complete EDF 204 with a grade of “C” or higher; candidates enrolled in a P-12 music education program will take MUS 384 with a grade of “C” or higher; Clinical Experiences: CED 100, 200, 300, 400, 450 with a grade of “B” or higher in each course.
- Elementary and Middle Grade: Minimum 2.75 GPA with a grade of “C” or higher in courses in the “core and supporting course requirements,” area(s) of academic emphasis, “professional education requirements” (see program display for a list of courses), teaching minor(s), and certification endorsement(s).
- Secondary: Minimum 2.75 GPA in teaching major(s), minor(s), area(s) of academic emphasis, and certification endorsement(s). See program area for specific course grade requirements; and a minimum 2.75 GPA with a grade of “C” or higher in courses in “professional education requirements” (see program display for a list of courses). A minimum of seventy-five percent of major and seventy-five percent of supporting course requirements must be completed prior to the professional semester. Individual program areas may require a higher percentage of credit hours completion prior to the professional semester.
- Special Education: Minimum 2.75 GPA with a grade of “C” or higher in courses in the “major, core, and option,” “elementary/middle grade and supporting course requirements,” area of academic emphasis, professional education requirements (see program display for a list of courses), teaching minor(s), and certification endorsement(s).

8. Candidates must submit satisfactory pre-service disposition reviews from their advisor and a designated methods instructor as part of the application process.
9. Candidates must submit satisfactory pre-service disposition reviews from one cooperating teacher and one university supervisor at the end of the professional semester experience.
10. Minimum of 200 hours of field experiences in a variety of Primary-12 school settings which allow the candidate to participate in the following:

A. Engagement with diverse populations of students which include (1) Students from a minimum of two different ethnic or cultural groups of which the candidate would not be considered a member; (2) students from different socioeconomic groups; (3) English language learners; (4) Students with disabilities; and (5) Students from across elementary, middle school, and secondary grade levels.
B. Observation in schools and related agencies, including but not limited to: Family Resource Centers or Youth Service Centers.
C. Student Tutoring.
D. Interaction with families of students.
Clinical experience hours are submitted and performance evaluated during the term the candidate enrolls in a clinical course. In order to qualify for admission to the professional semester candidates must demonstrate that they have met all clinical performance requirements as evidenced on performance-based assessments to demonstrate candidates’ development of the knowledge, skills, and professional dispositions that are associated with a positive impact on the learning and development of P-12 students and earn a grade of B or higher in each clinical course.

11. Other requirements as found in the appropriate department presentation.

Faculty

All students who are accepted by EKU’s Admissions Office and declare their major as Deaf Studies or as ASL and English Interpretation are admitted as “pre-Deaf Studies” or as “pre-Interpretation” majors. However, admission to the University as a “pre-Deaf Studies” or “pre-Interpretation major” does not guarantee admission to the Deaf Studies program or the ASL and English interpretation program. Specific admission criteria for each program are explained below.

Transfers from Other Colleges and Universities

Only the freshman and sophomore-level core courses (i.e., courses in ASL 101, 102, 201, and 202, 225), and interpreting (ITP 215W, 220) with the exception of ASL 205] may be transferred from other colleges to satisfy requirements for majors or minors within the Department of ASL and Interpreter Education. Courses for which credit is to be transferred must be essentially equivalent to the courses offered at Eastern Kentucky University. For transfer students seeking admission to the ASL and English Interpretation program, requests to waive ASL 105 and 106 may be considered on a case-by-case basis.

Admission Criteria

- Overall GPA of 2.5 or higher by the end of the semester preceding application, and
- ASL 106 with a grade of “Satisfactory”, and
- ASL 201 and 202 with a grade of “B” or higher, and ITP 215W and 220 with a grade of “C” or higher and
- Completed the Degrees of Reading Power Language Test, and
- Completed an admission interview by the ITP Interview Committee.

The ITP Interview Committee will select and rank applicants using the following criteria: 1) signing skills, (2) GPA, (3) score on the Degree of Reading Power Language Test, (4) interview score, (5) disposition score. The ITP Interview Committee will determine the number of students admitted to the program in order to maintain an appropriate student-faculty ratio and based on available resources.

Program Objective

The objectives (or outcomes) of this program are:

1. Students of the program will develop critical and creative thinking skills.
2. Students of the program will develop competency in ASL.
3. Students of the program will develop competency in English.
4. Students of the program will possess a generalist level of knowledge in professional issues, theories, and multicultural dynamics related to the interpreting profession.
5. Students of the program will demonstrate ethical and culturally competent decision-making in various interpreter settings.
6. Students of the program will demonstrate at least entry-level competency in interpreting between ASL and English.
7. Students of the program will be able to critically assess their own work and use creative problem-solving to continually develop themselves after they leave the program.

The Deaf Studies program is a multidisciplinary program that provides students with a foundation in American Sign Language (ASL) skills, a broad understanding of Deaf people’s histories, literature, and cultures, as well as knowledge of educational and legal issues affecting Deaf people. It will expand students’ understanding of what it means to be human. The Deaf Studies program is designed to allow students to complete a second major, or minor in another discipline therefore preparing them to specialize in service to Deaf people within their chosen discipline. The Deaf Studies degree does not prepare students to become professional interpreters, or ASL teachers upon graduation. The program may help prepare students to serve the diverse language and cultural needs of Deaf people in their chosen careers. These careers may include counselors, government specialists, community service coordinators/advocates, medical personnel, and law enforcement personnel. This program also prepares students for graduate study in Deaf studies, interpretation, ASL studies, and teaching ASL.

Program Objectives

Upon completion of this program the graduate will:

1. Communicate in American Sign Language.

2. Demonstrate a broad knowledge of Deaf people’s histories and cultures.

3. Demonstrate critical thinking skills related to topics in Deaf Studies.

4. Demonstrate analytical and thematic awareness of Deaf arts and literature.

5. Describe the diversity within Deaf communities.

6. Explain the history and dynamics of various forms of oppression.

7. Integrate knowledge of Deaf Studies with other disciplines of the student’s choosing.

grade of “Satisfactory” is required for ASL 105, 106, and 205 and a grade of “B” or higher is required for all remaining American Sign Language skills courses (ASL 201, 202, 301, 302, 305, 306, 310).

Deaf Studies Requirements…………………………………21 hours
ASL 225, 325, 380, 390, 425, 4855, ITP 215W. A grade of “C” or higher is required for all Deaf Studies courses.

Free Electives…………………………………………………………35 hours
(Students are expected to create a reasoned plan of free elective courses, such as selecting a second major or adding a minor.)

TOTAL HOURS TO COMPLETE DEGREE.................120 hours
Note: ASL 101 & 102 are not included as core courses for the Deaf Major. Therefore students who enter ASL 101 & 102, for the purpose of fulfilling General Education, and subsequently decide to declare the Deaf Studies major, may continue to use ASL 101 & 102 to fulfill Gen. Ed. Element 6. At least 42 hours in the degree must be upper division courses.

AMERICAN SIGN LANGUAGE (ASL) STUDIES
The minor in American Sign Language teaches communication competency in a visual language. Students become knowledgeable about aspects of the Deaf and hard-of-hearing community. For careers working with the public, this minor is beneficial for understanding and communicating with Deaf and hard-of-hearing people. This minor does not prepare students to interpret, nor fulfill the pre-admission and admission process for the ASL and English Interpretation Program.

A grade of “C” or higher is required in each course while maintaining a 2.75 GPA or higher in the minor.

Candidates earning a degree that leads to teacher certification must take the PRAXIS Series (Professional Assessments for Beginning Teachers) and PLT (Principles of Learning and Teaching) exams to be recommended for licensure in Kentucky. Candidates are encouraged to review the schedule for PRAXIS and PLT registration deadlines prior to beginning the senior year (www.education.eku.edu/curriculum/). For information on the following endorsement programs, go to the Curriculum and Instruction website at www.education.eku.edu/curriculum/.

PRAXIS DISCLAIMER: Candidates seeking licensure in Kentucky must complete the appropriate PRAXIS content exam(s). Kentucky educator certification requirements are subject to change. Before registering for the test(s), please check the Education Professional Standards Board website at www.edpsb.ky.gov for current test requirements and current cut scores. You may also contact the Division of Professional Learning and Assessment at (502) 564-5778 or (888) 598-7667 (toll free).

ENDORSEMENTS PREPARATION PROGRAMS

These are programs of study which do not lead to a degree or to an EKU awarded recognition but instead prepare the candidate, upon recommendation from EKU, for professional endorsement by the Commonwealth of Kentucky Education Professional Standards Board. In some cases, the endorsement may be earned as part of a degree program.

For information on the following endorsement programs, go to the Curriculum and Instruction website at www.education.eku.edu/curriculum/.

ASSOCIATE DEGREE

ASSOCIATE OF GENERAL STUDIES (A.G.S.)
GENERAL STUDIES

The Associate of General Studies degree provides students, especially adult learners, the opportunity to pursue a flexible degree program to meet their unique interests, career goals, and academic needs. Reflecting EKU’s commitment to a liberal arts education, the degree allows students to concentrate in an area of interest while selecting from a wide variety of courses to meet personal, educational, or career goals. This degree is designed for students for whom this will be their first college degree and who wish to advance in their careers, change careers, pursue a lifelong interest beyond their careers, or use the degree as a pathway to a baccalaureate degree. Students who are admitted as “Special Admittance/Conditional Admittance” will be initially admitted into the Associate of General Studies degree program.

UNIVERSITY GRADUATION REQUIREMENTS

General Education .............................................36 hours
Standard General Education program (Elements 1-6 inclusive, per Section Four of this Catalog). Students should refer to their DegreeWorks audit for General Education course selections.

**EKU Strategic Direction 6.4** Bring Our Service Region to EKU

**CHS SD 6.4.1** CHS will offer college programs, activities, and events to encourage travel to EKU campus that improve health and quality of life.

**ADMISSION REQUIREMENTS FOR COLLEGE**

The College of Health Sciences accepts applications from all persons who are qualified for admission to the University. All applicants must provide evidence of their ability to meet the academic standards established by the various programs. Due to enrollment limitations of some programs, applications should be made early. Applications received after the deadline of a program will be processed and admissions recommended on a space available basis. Specific entrance requirements for each program are shown in the departmental sections of this Catalog.

**ADMISSION POLICIES**

1. Students must meet requirements and be admitted by the University before being considered for enrollment in programs within the College of Health Sciences. Specific admission criteria are provided under each of the Health Sciences programs. The student is responsible for obtaining information for the application process including department deadlines.
2. Transfer work must be from an accredited institution and with a minimum grade of “C” in major and supporting courses. The applicant must be eligible to return to the last institution attended.
3. Work taken more than eight years previously must be approved by the Dean of the College.
4. In the event that a student is not accepted for a program, the student who wishes to reapply must submit a new application and related materials that will be considered when a new class is accepted.

Students desiring to complete collegiate work required for admission to professional programs may complete this work at any accredited college or university. Students are urged to carefully plan their course of study to be consistent with the individual program’s curriculum progression plan of study. Students who plan to complete coursework before declaring a major in a College of Health Sciences program should consult with the individual program directors or with the College of Health Sciences Advisors.

Students who have not reached a decision on a specific health science major may obtain counseling/guidance from individual program directors in the College of Health Sciences or from College of Health Sciences Advisors.

The programs in the College of Health Sciences are designed to prepare graduates for practice in health and human services professions. Most require licensure and/or certification after graduation and prior to practice. A criminal record (excluding minor traffic violations) may make a person ineligible for licensure or certification in these professions. Students with such a history should contact the licensing or certifying body prior to enrollment to determine whether this might be the case.

**CLINICAL AGENCY PLACEMENT REQUIREMENTS**

Placement in clinical sites for certain programs in the College of Health Sciences requires students to meet specific clinical agency placement requirements. Clinical agency placement requirements for certain programs (particularly those involving direct patient contact and/or practice with children) require a criminal background check and/or a urine drug screen. Students whose results from these screenings do not meet clinical agency placement requirements will be unable to participate in clinical experiences which are required for satisfactory progression and completion of the program. Other requirements may include documentation of tuberculosis screenings indicating student is free of disease, specific immunizations, certifications, student professional liability insurance purchased through the University [see Student Liability (Malpractice) Insurance], and individual health insurance. Specific requirements for individual programs may be obtained by contacting the departmental office.

**READMISSION POLICIES**

After being admitted to one of the programs in the College, students who withdraw or who are unable to progress due to being unsuccessful in one or more courses must submit application for readmission according to the guidelines for the specific program.

**Readmission to the program is not guaranteed to any student.**

**READMISSION APPEAL PROCESS**

The student who has been denied readmission may appeal the decision following these guidelines:

1. Notify the chair of the program’s readmission committee of the desire to appeal the decision and to provide additional pertinent information to support the appeal. The committee chair will schedule a time for the student to appear before the committee to present the appeal. A student who has agreed to a time for a meeting of the departmental readmission committee and who does not appear at that meeting may forfeit the right to present evidence beyond that furnished in
the original application for readmission.

2. The student will be notified within five working days of the committee’s decision.

3. If the student is not satisfied with the decision, the student shall schedule an appointment to present the appeal to the Department Chair. The student will be notified within five working days of the Department Chair’s decision.

4. If the student is not satisfied with the decision of the Department Chair, the student shall submit a written appeal to the Dean of the College of Health Sciences. If the Dean determines there are extenuating circumstances surrounding the student’s request for readmission and/or if the procedure for readmission has not been followed, a meeting of the College’s Readmission Committee will be scheduled. A time will be appointed for the student to appear before the committee to present the appeal. A student who has agreed to a time for a meeting of the College Readmission Committee and who does not appear at that meeting may forfeit the right to present evidence beyond that furnished in the original application for readmission.

5. Decisions of the College Readmission Committee are binding. The student will be notified of the decision within five working days.

**STUDENT AGREEMENT STATEMENT**

Programs in the College of Health Sciences may require a student to sign an agreement statement that encompasses professional expectations related to the program. This statement is to be signed when the student enters courses in the major.

**STUDENT LIABILITY (MALPRACTICE) INSURANCE**

All students whose programs require participation in clinical learning experiences must purchase and maintain liability insurance through the University during the entire clinical experience. Proof of such insurance coverage must be furnished to the department before the clinical experience is scheduled to begin. The University has arranged for appropriate insurance coverage at a modest cost to the student. Further information may be obtained at the student’s major departmental office.

**CLINICAL FACILITIES**

The University maintains formal contracts with many health care Human Services and Educational agencies located throughout Kentucky and the United States. Almost every specialty within the entire health care spectrum is available for use in providing high quality experiences for students enrolled in the programs. A list of cooperating agencies is available through the Office of the Dean.

The University is not liable for, nor is there a fund from which payment can be made for those who are inconvenienced or incur...
expenses based upon canceled classes, assignments, or clinical placements, etc.

**BLOODBORNE PATHOGENS AND HEPATITIS B STATEMENT**

The College of Health Sciences attempts to impart the principles and practice of infection control to its students who may have future occupational exposure to bloodborne pathogens. To this end, students majoring in medical laboratory science and technology, nursing, and occupational therapy are required to receive education in universal precautions and the Occupational Safety and Health Administration’s (OSHA) Bloodborne Pathogens Standard Regulations. Students will be responsible for obtaining the Hepatitis B vaccination before participation in the clinical training phase of their respective programs when indicated. Students who may potentially be exposed to blood and body fluids are required by most of our clinical agencies to have obtained the Hepatitis B vaccine. If this requirement is placed upon the student, it will be strictly enforced. Please see the departmental student handbook for further clarification.

**DEGREE REQUIREMENTS**

The students are responsible for selection and registration for courses needed for reasonable progress toward their degree or certificate that will enable the students to satisfy requirements for graduation.

General Academic Information described in Section Five of this Catalog, and specific course requirements set forth in the description of curricula, must be met by students completing associate and baccalaureate programs administered by the College of Health Sciences. See programs under each department for major and minor requirements. All first-year students in the College of Health Sciences must enroll in the Student Success Seminar (HSO 100).

**Appeals**

Appeals procedures are detailed in the Departmental and University Handbooks and in the department sections.

**HEALTH SCIENCES LEARNING RESOURCE CENTER**

**Director**

Mrs. Raglena Salmans
(859) 622-2091
Rowlett 310

The Health Sciences Learning Resource Center is a multi-media library, study, and computer center for the College of Health Sciences. It provides support to the instructional needs of the faculty through multi-media resources, equipment, and other services. The primary purpose of the Center is to provide the student the opportunity to reinforce previous learning of clinical/classroom content through independent review of multi-media materials and computer-aided instructional software.

Students also have access to other resources such as anatomical models and charts, interactive video resources, professional articles, e-mail, the internet, literature searches, bibliographic manager, epidemiology mapping courseware and word processing. The Learning Resource Center is located in the Rowlett Building, Room 310.

**DEPARTMENT OF ASSOCIATE DEGREE NURSING (RN)**

**Chair**

Mrs. Beth Gamble
(859) 622-1942
Rowlett 220

**Faculty**

J. Brown, M. Carlton, C. Frazer, B. Gamble, M. Gibson, C. Hubbard, S. O’Neal, K. Petrey, M. Powell, A. Potts, S. Sutherland and C. Hackney

The Department of Associate Degree Nursing, established in 1965, is approved by the Kentucky Board of Nursing and accredited by the Accreditation Commission for Education in Nursing (ACEN). The nursing program leading to an Associate of Science in Nursing (A.S.N.) degree is four semesters in length. The program prepares the graduate to function as a generalist registered nurse (R.N.) to practice in a variety of positions in various clinical settings in Kentucky and across the nation. Graduates of the program are eligible to apply for the national licensure examination NCLEX-RN); after successful completion of the exam, graduates are licensed as registered nurses.

The philosophy of the Department of Associate Degree Nursing guides the program of study.

The faculty believe Nursing is an art and science expressed through therapeutic and caring relationships which promote optimal physical, psychological and spiritual health and well-being. The core values of caring, diversity, ethics, excellence, holism, integrity, and patient centeredness are reflected in the curriculum. The curriculum promotes the attainment of the educational outcomes of Human Flourishing, Nursing Judgment, Professional Identity, and Spirit of Inquiry.

**Student Learning Outcomes**

Upon completion of the program, the ASN graduate will:

1. Advocate for patients and families in ways that promote their self-determination, integrity, and ongoing growth as diverse human beings. (Human Flourishing)
2. Using the nursing process as a critical thinking tool, make judgments in practice, substantiated with evidence, that integrate nursing science in the provision of safe, quality care and promote the health of patients within a family context. (Nursing Judgment)
3. Express one’s identity as a nurse through actions that reflect integrity, a commitment to evidence-based practice, effective communication, caring, advocacy, and safe, quality care for diverse patients within a family context. (Professional Identity)
4. Examine the evidence that underlies clinical nursing practice to improve the quality of care for patients and families. (Spirit of Inquiry)

**Admission Requirements and Procedures**

All students who are admitted to EKU and declare their major as associate degree nursing are admitted as pre-associate degree nursing majors. However, admission to the University does not guarantee admission to the Associate Degree Nursing Program.
Students are eligible to be considered for admission to the Associate Degree Nursing Program only after having been admitted to the University. Applications for the Associate Degree Nursing program are available through the department office or online at www.adn.uky.edu.

Applicants are eligible to be considered for admission who have:

1. Met University requirements for proficiency in English, reading and mathematics.
2. Met the Pre-College Curriculum requirements.
3. A high school or college (cumulative and EKU) GPA of 2.5 on a 4.0 scale.
4. Grades of “C” or better in any supporting courses that have been completed.
5. Completed the Nursing Assessment (A2) exam with a minimum score of 75 in specified areas of Reading, Vocabulary, Grammar and Math. Students may contact the nursing office to schedule the Assessment Exam.
6. In addition to the academic criteria required for admission, applicants must meet the standards written into the Commonwealth of Kentucky Nurse Practice Act. Specifically, the Nurse Practice Act requires that each student be of good moral and ethical character, good mental and physical health, and be academically qualified to fulfill the role and responsibilities of a person licensed to practice as a professional nurse. Students must meet all clinical agency placement requirements.

Applications are considered for the fall semester (received by March 1) and for the spring semester (received by October 1). Applications received after the deadline will be processed on a space availability basis. The Department Admissions Committee will evaluate each applicant’s academic history and select those applicants who are the most academically qualified. Should there be more qualified applicants than spaces available, admission becomes competitive and applicants will be ranked according to the admission scoring rubric found on the department’s website. Admission to the program is limited and completion of eligibility criteria does not ensure admission into the program.

Students Transferring from Another Nursing Program

Transfer students must meet the following criteria in addition to admission criteria of Eastern Kentucky University and the Department of Associate Degree Nursing:

1. The nursing credits transferred must be comparable to Department nursing credits for a maximum of 16 semester hours credit.
2. A complete course outline and/or syllabi must be submitted for each nursing course being evaluated for transfer credit.
3. Transfer credits must meet passing standards of the nursing program from which they are transferred.
4. Transfer credits must be from a nationally accredited program.

Each transfer student’s application will be evaluated on an individual basis by the Department Chair and the Department Admissions Committee.

Progression in the Program

In order for students to follow the established progression of the program sequence, they must:

1. Meet all prerequisites.
2. Maintain a cumulative and EKU GPA of 2.0 on a 4.0 scale.
3. Complete all major courses and supporting courses with a “C” or better.

Clinical Requirements

Transportation to all clinical experiences is the responsibility of the student. Students are expected to adhere to all Department and clinical agency policies and must meet all clinical agency placement requirements. To be compliant with Joint Commission regulations, clinical agency contractual agreements, and ensure a safe clinical environment the following items are required before a student can progress to a clinical experience:

1. Proof of professional liability insurance purchased through the University.
2. Proof of CPR for the Health Care Professional.
3. Proof of Rubella, Measles (Rubella), and Mumps immunity.
4. Proof of Hepatitis B immunity.
5. Proof of negative Tuberculosis screening.
6. Proof of Varicella immunity.
7. Documentation of adult TDaP vaccine (Tetanus, Diphtheria, Acellular Pertussis)
8. Documentation of annual influenza vaccine.
9. Documentation of the CHS-approved Criminal Background Check.
10. Documentation of the CHS-approved Drug Screening.
11. Proof of Personal Health Insurance.
12. Other documentation as required by specific clinical facilities.

Readmission Policies and Procedures

A student who fails to progress in the nursing curriculum is dismissed from the program and must apply and be processed through the Admissions/Progression Committee. This committee represents the Department of Associate Degree Nursing and has the authority in readmission decisions for the department. Readmission to a nursing course is not guaranteed to any student. The student is advised to refer to the Department of Associate Degree Nursing Student Handbook for specific procedures concerning readmission.

Faculty

The nursing program leads to a baccalaureate degree. General education in the sciences and liberal arts provides the basis for and is correlated with the major in nursing. The collegiate program is devoted to a combination of physical, biological and social sciences, and humanities as deemed essential to the preparation of the professional nurse. The nursing component is composed of instruction in nursing theory and the application of nursing theory in the clinical setting under the guidance of nursing faculty. Thus, nursing is learned through a combination of formal classroom instruction and supervised experiences in hospitals, clinical agencies, and a variety of community settings. The nursing program prepares the individual to function as a generalist and lays the foundation for graduate study in clinical specialties, research, teaching, supervision, and/or administration. Graduates of the program earn a baccalaureate degree in nursing (BSN) and are eligible to make application to the national licensure examination (NCLEX). Graduates of the program who successfully write the NCLEX examination are licensed to practice as registered nurses.

The baccalaureate nursing program is based upon the belief that preparation for professional nursing encompasses a broad liberal, general, and professional education. The mission of the department is congruent with the mission of the college and university; to promote student success by providing high quality, accessible learning opportunities which encourage students to act independently, to think critically, to communicate effectively, and to practice professional or advanced levels of nursing with integrity, enlightenment and creativity; and to collaborate with regional partners to promote health.

Professional Nursing Practice Outcomes
Upon completion of the baccalaureate nursing program the BSN graduate:

1. Treats patients as holistic, unique and self-directive with the right to make decisions for themselves concerning health matters.
2. Uses the nursing process to provide, manage, and evaluate culturally competent primary, secondary, and tertiary prevention for diverse clients across the life span in a variety of settings.
3. Uses evidence-based nursing practice, critical thinking, research methodologies, informatics, and healthcare technology to provide therapeutic interventions, predict outcomes, and influence the delivery of health care.
4. Assumes a leadership role in health care by communicating and collaborating with patients, health care professionals, and health care systems.
5. Supports safe, quality, responsible, and economic interdisciplinary health care as a consumer and sociopolitical advocate within multiple health care systems.
6. Promotes the ethical and legal practice of professional nursing.
7. Demonstrates self-care, professionalism, accountability, and competence in nursing practice, with a commitment to advancing the profession of nursing.

Admission and Progression Requirements
All students who are accepted by EKU’s Admissions Office and declare their major as baccalaureate nursing (four-year nursing) are admitted to the University as pre-baccalaureate nursing majors. However, admission to the freshman year does not guarantee admission to the laboratory nursing courses. Students seeking to enter NSC 232, 242, and 252 in the third semester of the curriculum must meet minimum program GPA requirements of 2.5 and have department chair approval. Spaces in these courses are limited and are reserved for students whose academic record indicates they are more likely to be eligible to be considered for admission to the clinical nursing courses. To be considered for admission to the clinical nursing courses, students must have completed the first three semesters of college work as outlined in the curriculum plan and have submitted a complete department application. All prerequisite courses must be completed with a grade of “C”/2.0 or better, and a minimum cumulative GPA of 2.5 on a 4.0 scale must be obtained. For the prelicensure nursing program, [Nursing Pre-RN (B.S.N.)], some prerequisite courses (BIO 171, BIO 273/MLS 209, BIO 301, CHE 105, NFA 201, NSC 232, 232L, 242, and 252) must have been taken within five years prior to the time application is made for admission to the clinical nursing courses unless an exception has been approved by the department. For the prelicensure Nursing (B.S.N.) Second Degree Concentration, the courses in BIO 171, BIO 273/MLS 209, BIO 301, and NFA 201 must have been taken within five years prior to the time application is made for admission to the concentration unless an exception has been approved by the department.

Completion of eligibility criteria does not guarantee admission to the clinical nursing courses. Admission to the clinical courses is competitive and based on review of the applicants’ academic history by the Baccalaureate Nursing Admission/Readmission Committee. Spaces are limited and the most qualified applicants will be selected for admission.

In addition to the academic criteria required for admission, the student must meet the standards written into the Commonwealth of Kentucky Nurse Practice Act. Specifically, the Nurse Practice Act requires that each student be of good moral and ethical character, good mental and physical health, and be academically qualified to fulfill the role and responsibilities of a person licensed to practice as a professional nurse. Students must meet all clinical agency placement requirements.

For progression, students must earn a grade of “C”/2.0 or better in all nursing and supporting courses. Students who fail to meet the requirements for progression must apply for readmission through the Baccalaureate Admission/Readmission Committee.
Readmission to a nursing course is not guaranteed to any student. Please refer to the Baccalaureate Nursing Student Handbook for specific information on readmission procedures. The program reserves the right to alter the suggested plan as necessary to enhance a quality educational program. Students interested in entering graduate study may apply to the Graduate School.

For additional admission information please refer to the Selection Criteria at http://www.bsn-gn.eku.edu/bsn.

Transfers from Other Colleges and Universities

Academic credits earned at other accredited colleges or universities are transferable upon approval of the appropriate department at Eastern Kentucky University. Official transcripts are to be submitted by the student to the Office of the Registrar. Credits more than eight years old must be approved.

Transfer students must submit copies of all transcripts along with their application to the program. These transcripts will be considered a part of the application process and are necessary to determine admission and placement.

Students wishing to transfer nursing courses from another accredited institution must have a grade equivalent of “C”/2.0 or better in any nursing course to be transferred. In addition, the applicant must submit complete course outlines and/or syllabi. This material should be submitted well in advance of expected matriculation to provide time for necessary evaluation.

Specific Degree Requirements for Bachelor of Science in Nursing Degree

In addition to the general requirements for the baccalaureate degree, students must earn a grade of “C”/2.0 or better in all nursing and supporting courses.

Plan for B.S.N. Second Degree Concentration

The Department of Baccalaureate and Graduate Nursing offers students who already hold a non-nursing bachelor’s degree
from a regionally accredited institution the opportunity to complete the Bachelor of Science in Nursing degree in a specially sequenced progression plan for second-degree students. Second degree students must have completed supporting course requirements (BIO 171, 273 or MLS 209, BIO 301, NFA 201, and STA 215 or approved substitutions) prior to admission to the Second Degree Concentration nursing major. Students with a non-nursing bachelor’s degree who apply for admission are admitted as pre-nursing second bachelor’s degree majors. Admission as a pre-nursing second bachelor’s degree student does not guarantee admission to the B.S.N. Second Degree Concentration major. Classes are admitted one time per year. Spaces are limited and admission is competitive and based on a review of all required material submitted with the application packet and the entire academic history.

The Environmental Health Science program offers the Bachelor of Science degree. Established in the early 1970’s, the program is currently the state’s only accredited program and one of only 30 such programs in the United States accredited by the National Environmental Health Science and Protection Council. The program includes extensive study of the physical, chemical and biological threats to human health and focuses on both engineered barriers and behavioral changes required for protecting and enhancing human health. The program includes general education and support courses in biology, chemistry, and mathematics, plus a variety of environmental health courses dealing with air quality, water quality, wastewater disposal and treatment, hazardous and solid waste management, risk assessment and epidemiology, industrial hygiene, control of disease vectors, food hygiene, radiological health, environmental health program planning and law, and toxicology. During upper division study, the student must complete three credit hours of supervised field experience with appropriate agencies, industries, consulting companies, etc. Also, cooperative education opportunities are available to all students who may wish to gain experience in addition to credit hours.

Eastern Kentucky University’s Environmental Health Science graduates are qualified for positions with federal, state, and local government departments of environmental health, as well as public health protection agencies such as the United States Public Health Service, the Environmental Protection Agency, Food and Drug Administration, Department of Energy, and Occupational Safety and Health Administration. Graduates are also qualified for employment in private industry and environmental consulting firms. This work may include quality control, industrial hygiene and safety, loss control and risk assessment, or many other facets of environmental health consultation. The demand for qualified environmental health practitioners is currently high and exceeds the number of graduates from accredited programs and projected to increase over the next decade.

Progression Criteria

A student majoring or minoring in environmental health science must achieve a grade of “C”/2.0 or better in all EHS and supporting courses.
DEPARTMENT OF EXERCISE AND SPORT SCIENCE

Chair
Dr. Eric Fuchs
(859) 622-8173
Moberly 109

Faculty

The Department of Exercise and Sport Science offers Bachelor of Science degrees in Sport Management, and Physical Education with three program concentrations: P-12 Teaching Physical Education and Health, Physical Fitness and Wellness Management, and Pre-Athletic Training/Pre-Physical Therapy. The department also offers minors in Dance (non-teaching), Physical Education (non-teaching), and Coaching (non-teaching).

Students who transfer from another college or university must earn a minimum of 12 hours at EKU in their major. Students who transfer from another college or university must earn a minimum of six hours at EKU in their minor.

Sport Management

The major in Sport Management prepares the student for administrative careers in recreational and competitive sports programs, fitness centers, and other sport-related organizations. The complexities and challenges of sports require a well-prepared professional with qualifications in sports programming, supervision, management, facility planning, promotions, and purchasing.

The Sport Management major provides a quality educational experience that will prepare the student for a career in the rapidly changing arena of sport. The students receives cutting-edge instruction in a practice major of study that culminates in an internship experience that gives the student the “hands-on” experience necessary to secure employment within the industry. The internship is offered cooperatively with a variety of sport organizations, including professional sports teams, college athletic departments, and community organizations.

Students majoring in Sport Management are strongly encouraged to also declare a minor in Business and take the additional nine hours required for the minor.

MINOR

MINOR IN ENVIRONMENTAL HEALTH SCIENCE

A student may minor in environmental health science by completing, with a grade of “C” or better, EHS 280, 380, 530 and an additional nine hours selected from EHS courses with advisor approval for a minimum of 18 hours.

**Professional Education Requirements:**
- P-12 Teaching PE & Health Concentration: 38 hours
- Pre-Athletic Training/Pre-Physical Therapy: 24 hours

**Free Electives:**
- Physical Fitness & Wellness Management: 12-14 hours
- Pre-Athletic Training/Pre-Physical Therapy: 1-2 hours

### Minor Requirements

**Minor in Coaching (Non-Teaching)**
- **Minor Requirements**
  - PHE 212, 301, 383(1), 423; HEA 202(3); two classes from PHE 261(2), 360(2), 361(2), 362(2), 420(2); one class from PHE 224, 305. Current CPR certification required at the time of graduation.

**Minor in Dance (Non-Teaching)**
- **Minor Requirements**
  - PHE 200, 300*, 345(2), and PHE 250(1)/350(1)/450(1)
  - Modern Dance I, II, III (min 3, max 6) and six-nine hours electives from the following: PHE 214(1), 230(1), 271(1), 314(1), 330(1), 355(1), 418, 435, 471, or KHP 396 (at UK).
PHE 300 must be completed prior to the University of KY’s KHP 396.

Minor in Dance Certification (Teaching)

The Dance Certification Minor*** is designed for students who are already in a Teacher Education Program as a chance to add a Dance Certification to their degree. With an additional 23 hours, students will gain the knowledge necessary to effectively teach the Dance Core Content and Program of Studies in the schools as mandated by the state of KY and tested by the CATS exams. Teachers will find that they will be able to use dance to teach concepts in other core content areas or to teach dance for its own value. Since the state of KY has few trained dance specialists, this certification will be an asset to those graduates seeking a teaching job. To be recommended for certification at the completion of the program, candidates must be eligible for initial teaching certification prior to making application for the dance restricted base certificate. An overall program GPA of 2.5 or higher is required for certification.

Minor Requirements ................................. 23 hours
PHE 200, 250(1), 300* with a grade of “C” or higher,
345(2), 355(1), 471**, 418, KHP 396* (taken at University of Kentucky); 3 hours from skills courses PHE 390 (dance classes), PHE 214(1), 230(1), 271(1), 314(1), 330(1), 350(1), or 450(1).

PHE 300 and two hours of skills courses must be completed prior to enrolling in KHP 396.

**Must have PHE 300 and KHP 396 before enrolling in PHE 471.

***Must meet College of Education Teacher Education Program requirements.

Minor in Physical Education (Non-Teaching)

Minor Requirements ................................. 18 hours
Six hours from PHE 201, 212, 301, 315, 320, 325, 407, 423, 467, 562, 575; and six hours skill courses from the following:
PHE 220(2), 224, 241(1), 250(1), 300, 305, 306, 340, 345(2), 365(2), 435, 450(1); three hours approved by the department chair.

DEPARTMENT OF FAMILY AND CONSUMER SCIENCES

Chair
Dr. Dana Keller Bush
(859) 622-3445
Burrier 102

Faculty

The Department of Family and Consumer Sciences is accredited by the Council for Accreditation of the American Association of Family and Consumer Sciences. The Department offers four Bachelor of Science (B.S.) degree programs: General Dietetics; Family and Consumer Sciences Education; Child and Family Studies with Concentrations in Child Development, Family, Interdisciplinary Early Childhood Education; and Apparel Design and Merchandising. Minors are offered in: Apparel Design and Merchandising, Child and Family Studies, Family and Consumer Sciences, Foodservice Administration, and Nutrition. Information on the Master of Public Health with Public Health Nutrition Concentration and the Master of Arts in Teaching (M.A.T.) for Family and Consumer Sciences Education may be found in the 2015-2016 EKU Graduate Catalog. Students following a first or second major, minor or associate degree must maintain a “C” average in departmental courses (CDF, FCS, FRM, NFA prefixes). Certain degree programs may have a higher GPA requirement.

The mission of the Department of Family and Consumer Sciences is to prepare professionals and leaders who improve the quality of individual, family, and community life through critical and creative thinking and effective communication.

Professional Liability Insurance

Students enrolling in the following classes — CDF 246, 310, 327S, 349, 351, 399, 405, 406, 443, 450, 541, 544, 741, 744, 849, FCS 349, NFA 326, 349, 380, 831, and 835 in the Department of Family and Consumer Sciences — are required to register for student Professional Liability Insurance. This fee is listed in each semester’s schedule of classes. Please see the section on Student Liability Insurance for the College of Health Sciences.

Criminal Records

Students are required to observe and/or interact with young children or school age children in a number of courses offered by the department. Therefore, students enrolled in these courses — CDF 246, 310, 327S, 349, 351, 399, 405, 406, 443, 450, 541, 544, and 849 — must have a criminal record check and child abuse neglect (CAN) check performed. Students with a criminal or CAN record may be required to drop the course and select another major.

Tuberculosis (TB) Skin Tests

Students are required to observe and/or interact with young children or school age children in the following courses — CDF 246, 310, 327S, 349, 351, 399, 405, 406, 443, 450, 541, 544, and 849. Therefore, students enrolled in these courses are required to submit a negative TB test. Students will be permanently dis-enrolled from the course if the negative tests results are not submitted by the deadline.

Youth Leader Report (YLR)

Students are required to observe and/or interact with young children or school age children in the following courses — CDF 246, 399, 443, and 450 — must have a Youth Leader Background check performed. Students with a criminal record may be required to drop the course and select another major.

Accreditations and Approvals

The Department of Family and Consumer Sciences has several accreditations. All B.S. degrees are accredited by the Council for Accreditation of the American Association of Family and Consumer Sciences. The Burrjer Child Development Center is accredited by the National Association for the Education of Young Children. The B.S. degree in Dietetics is also accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND). The Family Studies Concentration in the Child and Family Studies B.S. is approved by the National Council on Family Relations.
Baccalaureate Degrees

Bachelor of Science (B.S.) Apparel Design and Merchandising
CIP Code: 52.1902

Program Objectives
Upon completion of a degree in Apparel Design and Merchandising, graduates will demonstrate critical/creative thinking by: 1) identifying cultural influences on the apparel/textile industry and consumer; 2) applying design principles to visual merchandising and/or apparel design projects; 3) developing apparel and textile products based on target customer need; and 4) communicating ideas and information effectively to the target audience. Graduates are prepared to work in a variety of merchandising and design positions. Recent graduates have been employed in retail management, visual merchandising, and theatrical costume design. Metropolitan areas provide the most job opportunities. Entry level positions include management trainee, assistant manager, and design assistant. Two years after graduation students can expect to be employed in positions such as retail manager, district supervisor of stores, technical designer, design journeyman, and visual merchandiser.

Bachelor of Science (B.S.) Child and Family Studies
CIP Code: 19.0701

The Family Studies Concentration prepares graduates to work with individuals and families in a variety of social service settings. Positions are available in family resource centers, community agencies, profit and non-profit organizations that provide services for children, youth, adults and families. The Interdisciplinary Early Childhood Education concentration leads graduates to Kentucky public school certification for teaching children birth through age five. Graduates learn to prepare individual education plans for children who experience developmental delays and support plans to assist families of those children. IECCE majors will teach in private agencies serving infants to two years and public school settings (Pre-K, three and four year olds, and kindergarten not connected with primary programs for first through third grade). To be granted a degree in Child and Family Studies students must have a “C” or better in all CDF and supporting courses.

Admission and Progression Requirements for Child and Family Studies Concentrations Child Development and IECCE
All students who are accepted by EKU’s Admission office and declare their major as Child and Family Studies are admitted to the University as pre-Child and Family Studies majors. However, admission to the pre-Child and Family Studies program does not guarantee admission to the Child and Family Studies program. To be admitted to the Child and Family Studies program the following criteria must be met: 1) Minimum of 45 hours with a 2.75 overall GPA, 2) GPA of 3.0 in the following courses CDF 203, 235, 236, 246, 310, 327S with a grade of “C” or better in each course. Once these requirements have been met, the student must apply to the Child and Family Studies Program Director for a change from the pre-Child and Family Studies program to the Child and Family Studies program.

TOTAL HOURS TO COMPLETE DEGREE ........... 124 hours

Candidates earning a degree that leads to teacher certification
must take the PRAXIS Series (Professional Assessments for
Beginning Teachers) and PLT (Principles of Learning and
Teaching) exams to be recommended for licensure in Kentucky.
Candidates are encouraged to review the schedule for PRAXIS
and PLT registration deadlines prior to beginning the senior year
The General Dietetics program leads to a Bachelor of Science degree in General Dietetics. The program is accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND), an agency of the Academy of Nutrition and Dietetics, as a Didactic Program in Nutrition and Dietetics (DPND). Students completing the DPND earn a Verification Statement, which provides eligibility to complete an accredited Dietetic Internship. Acceptance to a Dietetic Internship requires application and program matching through a competitive process. A strong academic record, work experience, and service/leadership in extracurricular activities are essential for obtaining a dietetic internship. Dietetic internships are 6 to 12 months long and include supervised practice in various areas of the dietetics profession. After completion of the internship, the student is eligible to take the national registration exam to become a Registered Dietitian (RD). In most states, including Kentucky, RD status is sufficient to obtain a state license to practice as a dietitian. Registered Dietitians (RD) work with individuals and groups of all ages to improve health and wellness. Dietitians find employment in a variety of professional settings, including hospitals, long term care facilities, outpatient clinics, health departments, food companies, wellness programs, public health and regulatory agencies, cooperative extension, food service (including hospital, long term care, school, college/university, and prisons), private practice, sales, and research. In these settings, RDs provide medical nutrition therapy; menu planning; recipe and product development; individual counseling related to nutrition and diet; nutrition education to groups and individuals; community nutrition program development, implementation, and evaluation; and research.

Graduates who do not complete a dietetic internship find employment opportunities in public health, food service, cooperative extension, sales, and research. With the DPND verification statement, graduates are eligible to take the national Dietetic Technician registration exam, and earn the credential Dietetic Technician Registered (DTR). Graduates of the DPND may also seek admission to graduate programs to earn an advanced degree.

The program’s mission, goals, and objectives can be found on the Department of Family and Consumer Sciences website. Also available on the website is information about costs related to the program.

Admission and Progression Requirements

All students who are accepted by EKU’s Admissions Office and declare their major as dietetics are considered for admission to the University as pre-dietetics majors. However, admission to the pre-dietetics program does not guarantee admission to the dietetics program. To be admitted to the dietetics program the following criteria must be met: (1) complete a minimum of 45 semester hours; (2) attain a minimum cumulative GPA of 3.0 on a 4.0 scale; (3) earn a “B” or better in CHE 101/101L, CHE 102/102L, ACC 201, STA 215, and BIO 171 or their equivalents if taken at another school; (4) earn a “B” or better in NFA 121, 201, 202, and 317. In addition, a program application form must be submitted. Should there be more qualified applicants than spaces available, applicants will be ranked according to an admission scoring rubric. The application form, admission scoring rubric, and application deadlines are available on the Department of Family & Consumer Science website.

After admission to the dietetics program the student must meet the following criteria to receive a BS Degree and be granted a verification statement: (1) attain a minimum cumulative GPA of 3.0 on a 4.0 scale; (2) earn a “C” or better in all major and supporting courses (other than those courses in which a “B” or better is required per admission criteria).

DEPARTMENT OF HEALTH PROMOTION AND ADMINISTRATION

Chair
Dr. Michael Ballard
(859) 622-1915
Begley 420

Faculty

The Department of Health Promotion and Administration is comprised of programs in: Ancillary Health Management, Health Care Administration and Informatics, and Public Health. Admission to all programs is based on the regular admission policies of the University. Specific policies related to each discipline can be found following the program heading as listed.

BACCALAUREATE DEGREES

HEALTH SERVICES ADMINISTRATION

The department offers a baccalaureate degree in Health Services Administration with concentrations in Ancillary Health Management and Health Care Administration and Informatics.

Ancillary Health Management Concentration
This degree progression concentration gives individuals with

a previously completed college degree the opportunity to obtain the management skills needed to become a healthcare supervisor or manager.

Health Care Administration and Informatics Concentration
This concentration gives individuals interested in the administrative aspects of healthcare an interdisciplinary curriculum designed to provide a balance between businesses, healthcare and information technology. This concentration is accredited by the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM).

Pre-HSA Curriculum
All students who are accepted by the EKU Admissions Office and declare their major as Health Services Administration are initially placed into a pre-HSA curriculum. The curriculum includes: ACC 201; BIO 171, 301; INF 104 or CIS 212; INF 314 or CIS 230; CMS 100 or 210; HSA 100, 200; MAT 105 or 114; STA 215 or 270.

Students may apply for HSA program admission when the following requirements are met:

- Cumulative GPA of 2.75 or higher
- Completion of each course in the Pre-HSA curriculum with a grade of C or better after a maximum of two attempts.
- Exception: The following courses are indicators of student success in the program. Therefore, no more than one of the following courses can be taken for a second attempt: BIO 171, BIO 301; MAT 105; STA 215; ACC 201; INF 314.
- Combined GPA of 3.0 or higher in the following courses: HSA 100, 200, 302, 303, 401; BIO 171, BIO 301; STA 215
- Completion of general education requirements (at least 75%)

Students who meet the minimum requirements will be accepted into the program within the enrollment limits determined by the faculty. The Program reserves the right to accept only the best qualified applicants who meet the minimum requirements.

Admission/Progression Criteria
All majors utilize the regular admission policy of the University for students taking courses offered during the first semester of the program. In order to continue in the program and to enroll in major courses, the student must meet the following criteria: (1) maintain an overall (cumulative) GPA of 2.5 on a 4.0 scale and (2) complete all major and support courses with a minimum grade of “C” after a maximum of two attempts.

A student who is not allowed to continue in the major may appeal the decision by presenting the reasons in writing to the Program’s Admission and Progression Committee. The student may appeal this committee’s decision to the College Admission Committee by submitting a written request to the Dean of Health Sciences. The decision of this committee shall be final.

Professional Practice Experience
An important part of the curriculum is professional practice experience in which the student is required to spend part of a semester at a hospital or other health care facility for observation and supervised practice of the skills required for entry into the profession.

Some sites may require health screening such as physical examinations and/or proof of immunizations. The student is responsible for these medical expenses and for living expenses and travel involved in relocation for these assignments.

Public Health offers the Bachelor of Science degree in Public Health with a Community Health Concentration, a Pre-Professional Concentration, and the Bachelor of Science degree in Public Health and Master of Public Health Accelerated 3 + 2 Dual Degree Accelerated Pathway with a Community Health concentration and a Pre-Professional Concentration. Students who complete the Community Health concentration, the Pre-Professional Concentration, or the accelerated pathway are prepared to determine the health needs of the community and plan and implement effective programs to improve the health of the populations they serve. Community Health Educators may work in Public Health Departments, Volunteer Organizations, Hospitals, and Family Resource Centers. Students who complete the Pre-Professional Concentration receive training in Public Health along with preparation for professional health related graduate programs such as medicine, dentistry, osteopathy, veterinary medicine, or physician assistant. Students in the Pre-Professional Concentration will be assigned to a Public Health advisor and should also meet with an advisor from the Center for Pre-Professional Advising to ensure adequate preparation for professional entrance exams and the professional school application process. Students are responsible for ensuring they have the correct prerequisites for the professional program of their choice.

A student may choose a minor in Community Health (non-teaching) or in School Health P-12 (Teaching). The Bachelor of Science program in Public Health is accredited by the Council on Education for Public Health and has met national standards for accreditation from the Society of Public Health Educators, American Association for Health Education, National Council for the Accreditation of Teacher Education, and Kentucky Department of Education.

Students who transfer from another college or university must earn a minimum of 12 hours at EKU in the major. Students who transfer from another college or university must earn a minimum of six hours at EKU in the minor. Students who are accepted by the EKU Admissions Office and declare their major as Public Health with a concentration in Community Health or Pre-Professional Concentration must maintain an overall GPA of 2.25 with a grade of “C” or better in all of the required major and supporting courses found in the Public Health Curriculum.

**Professional Liability Insurance**

Students enrolling in HEA 463 in the Department of Health Promotion and Administration are required to register for student Professional Liability Insurance. This fee is listed in each semester’s schedule of classes. Please see the section on Student Liability Insurance for the College of Health Sciences.

Students may apply for admission to the Accelerated 3+2 Dual Degree program in their junior or senior year. When applying for admission, the student must select either a Community Health concentration or a Pre-Professional concentration. Students are able to complete their B.S. degree and M.P.H degree within 5 calendar years because of the accelerated curriculum and because 9 semester hours of 800-level graduate coursework will apply to both the undergraduate B.S. degree and the pre-professional M.P.H degree. Only undergraduate students of proven academic ability will be considered for the program.

Entrance requirements for the 3+2 program must adhere to the same requirements for the Master of Public Health Program in the Graduate Catalog, except entrance exams (e.g. GRE) are not required for the 3+2 program. Students must fulfill all graduation requirements listed below. Students admitted into the program will remain coded as undergraduate until fulfilling their B.S. requirements. Students admitted into the 3+2 program must complete the Public Health BS degree with a minimum 3.0 GPA to be allowed to proceed with graduate program coursework.

Students who complete the Pre-Professional Concentration receive training in Public Health along with preparation for professional health-related graduate programs such as medicine, dentistry, osteopathy, veterinary medicine, or physician assistant. Students in the Pre-Professional Concentration will be assigned to a Public Health advisor and should also meet with an advisor from the Center for Pre-Professional Advising to ensure adequate preparation for professional entrance exams and the professional school application process. Students are responsible for ensuring they have the correct prerequisites for the professional program of their choice.

Admission Requirements:
Students interested in this program must satisfy all the following conditions:
1. Junior or Senior standing
2. Overall grade point average (GPA) of at least 3.0 at the time of admission to the 3+2 program
3. Approval from department and Graduate School (see the form at [http://gradschool.eku.edu/graduate-school-forms](http://gradschool.eku.edu/graduate-school-forms))
4. Must maintain an overall undergraduate and graduate grade point average (GPA) of at least 3.0 to continue in the 3+2 program.

Faculty
S. Altheide, P. Campbell and I. El-Amouri

Medical Laboratory Science (MLS) Program
All students who are admitted to the University by the EKU Admissions Office and declare their major as medical laboratory science (MLS) are assigned pre-MLS major status. Admission to the upper-division MLS program requires an overall grade point average (GPA) of 2.5 with a grade of “C”/2.0 or better in each of the required supporting courses. Transfer students must maintain a GPA of 2.5 in courses at EKU as well as an overall GPA of 2.5 for admission to the upper division program.

Students who meet the upper division program requirements will be accepted within the enrollment limits determined by the number of practicum openings. The department reserves the right to accept only the best qualified applicants who meet the upper division program requirements.

Progression Policy
The Department of Medical Laboratory Science limits the number of major courses which may be repeated. Students are allowed only one repeat per major course and a total of not more than two repeats in all major courses combined. In addition, a supporting course may usually be repeated only once.

To remain in the upper division MLS program, a student must maintain an overall GPA of 2.5 with a grade “C”/2.0 or better in each of the supporting and major courses of the curriculum.

DEPARTMENT OF OCCUPATIONAL SCIENCE AND OCCUPATIONAL THERAPY

Chair
Dr. Colleen Schneck
(859) 622-3300
Dizney 103

Faculty

The Department of Occupational Science and Occupational Therapy provides a continuum of educational experiences that prepare a student at the undergraduate level for a career as a non-credentialed health and human service professional and at the graduate level for a career as an occupational therapist. Undergraduate students can enter the Occupational Science program, receive a Bachelor of Science degree, and apply for admission to the master’s program in Occupational Therapy. Individuals with a baccalaureate degree in another field and who have completed the required prerequisite courses can apply for admission to the transition program (See Graduate Catalog). After completing the Master of Science degree in Occupational Therapy, students are eligible to take the occupational therapy national certification examination.

The Occupational Therapy program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE), 4720 Montgomery Lane, Suite 200, Bethesda, MD 20814-3449, (301) 652-2682, www.acoteonline.org. Certification for the occupational therapy profession is provided through the National Board for Certification in Occupational Therapy (NBCOT), 12 South Summit, Suite 100, Gaithersburg, MD 20877-4150, www.nbcot.org.

Baccalaureate Degree in Occupational Science (BS)

Occupational science, an evolving social science, is the study of human occupation. Occupational scientists study why and how we occupy our time through activity, organize ourselves through activity patterns and habits, respond to the context in which occupations occur, and create meaning through occupations.

Students may combine the study of human occupation with other areas of interest through electives or a minor, including but not limited to, Horses, Humans and Health, Psychology, Child and Family Studies, Biology, Community Health, Gerontology, and Business. While many graduates of the Occupational Science program apply for entry into the Occupational Therapy Master’s program, some may choose other graduate education options or seek employment in non-credentialed health care, education or community positions. These careers may include case manager, independent living skills coordinator, activity coordinator, medical sales representative, senior citizen program coordinator, mental health associate, and job coach for persons with developmental disabilities.

The five themes of the occupational science curriculum are occupation, reasoning, diversity, communication, and professional identity. Interwoven are the curriculum elements of concepts and knowledge, active community learning experiences, integrative seminars, and authentic assessment and portfolio development. A value inherent in the curriculum model is that learning is optimal when educators guide student immersion in personally meaningful challenges that are processed in a supportive environment. Graduates of the Occupational Science program meet the following outcomes:

1. Apply knowledge of occupational science to analyze self and others as occupational beings to promote health and wellness.
2. Analyze the dynamics of context and occupation across the lifespan.
3. Demonstrate the use of varied types of reasoning required of health professionals.
4. Analyze the purpose and demonstrate the methods of scholarly inquiry.
5. Examine dimensions of diversity.
6. Assess how diversity influences occupational opportunity and participation of individuals, populations and organizations.
7. Evaluate communication skills and abilities using the ideas and language of occupational science.
8. Demonstrate observation and interview skills.
9. Synthesize knowledge of societal health concerns and professional responsibilities.
10. Appraise actions as a student, advocate, educator, leader and researcher.

Admission and Progression Requirements

All students who are accepted by EKU’s Admission office and declare their major as Occupational Science are admitted to the University as pre-Occupational Science majors; however, admission to the University does not guarantee admission to the Occupational Science program. Admission is competitive and based on a review of the applicants’ academic history by the department’s Admission, Progression and Retention Committee. Students seeking consideration for admission to the Occupational Science program must meet the following requirements by May in the semester preceding the Fall semester start of the junior year:

1. Completion of 60 hours of coursework, including prerequisites courses
2. Overall GPA of 3.0 or above
3. A minimum of 4 “B”s and 1 “C” in the following prerequisite courses or their equivalents (BIO 171, 301, HSA 200, STA 215, PSY 200)
4. No more than 1 repeat per course in the following prerequisites or their equivalents (BIO 171, 301, HSA 200, STA 215, PSY 200)

Application to the Occupational Science Program does not guarantee acceptance in to the program.

Students seeking admission to the Occupational Science program and progression to the junior year must follow this process:

1. By March 15th prior to progressing to the junior year of the Occupational Science program, all students must submit an Application for Admission to the Department Chair.
2. Transfer students must be fully admitted to the University by March 15th to be considered for admission to the Occupational Science Program. Students are responsible for submitting their official transcripts to the Office of the Registrar.
3. Based on a competitive admissions review, students will be
informed of admission to Occupational Science program after Spring semester grades are posted.

4. Students admitted to the Occupational Science program will then be allowed to register for the junior year classes.

To progress to senior year, all junior academic year required major and support courses must be completed with a grade of “C” or better.

To graduate, all senior academic year required major and support courses must be completed with a grade of “C” or better as well as completion of general education and university requirements for graduation.

For additional admission information please refer to the Selection Criteria at http://www.ot.eku.edu/

Enrollment in the Master of Science program in Occupational Therapy is limited. Completion of the undergraduate program in Occupational Science does not guarantee admission into the graduate program in Occupational Therapy. Refer to the Graduate Catalog for admission requirements and procedures regarding application to the Master of Science program in Occupational Therapy.

MS Transition Program

The Transition to Masters Program is an undergraduate program designed to prepare students who have completed a Bachelor’s degree, in something other than Occupational Science, for entrance into the MS in Occupational Therapy program.

This transition program is a one year undergraduate, post-baccalaureate program consisting of the following courses: BIO 271, 371, OTS 362, 402, 422, 430, 478W, and 499.

Admission to the MS Transition Program is competitive and acceptance to EKU undergraduate admissions does NOT mean acceptance into the MS Transition Program. If accepted as a candidate for the prerequisite transition year, students must be enrolled in all Fall transition courses (as an undergraduate) by July 1st of each year. To be eligible to take transition-year courses, students must be accepted as a potential student for the MS degree. If selected as a potential student you are guaranteed a place in the MS in Occupational Therapy program if you maintain a GPA of 3.0, complete all prerequisite courses with a “C” or better and are accepted by the graduate school. For more details refer to the EKU Occupational Therapy departmental website.

Appeals

Students may petition for a waiver of any regulations. Appeals regarding waiver of a regulation should be addressed to the Admissions and Progression Committee. Grade Appeals should be addressed to the Academic Practices Committee. See the University Student Handbook for details of the appeal procedures.

MINOR IN HORSES, HUMANS AND HEALTH

This interdisciplinary minor offers students a chance to explore the horse-human-health connection through various professions and perspectives. Students interested in working in the equine industry may pair this minor with any major to develop their interests and career paths. An elective in human development offers students the ability to tailor their academic study to individual needs. A student may complete this minor by taking 18 hours (including prerequisites/corequisites) as indicated below.

DEPARTMENT OF RECREATION AND PARK ADMINISTRATION

Chair
Dr. Jon McChesney
(859) 622-1833
Begley 407

Faculty
M. Bradley, B. Clark, M. Gerken, S. Jones, and J. McChesney

The Department of Recreation and Park Administration offers the Bachelor of Science degree in Recreation and Park Administration with four concentrations: Tourism & Resort Recreation, Natural Resources & Recreation Management, Recreation Management and Programming, and Therapeutic Recreation. The department also offers a minor in Recreation and

Bachelor of Science (B.S.) Occupational Science

CIP Code: 51.2306
students who transfer from another college or university must earn a minimum of 12 hours at EKU in their major. Students who transfer from another college or university must earn a minimum of six hours at EKU in their minor.

Graduates of the Tourism & Resort Recreation concentration find career opportunities in local, state, federal and private agencies that promote tourism, travel agencies, convention services, resort supervision and management, cruise lines, amusement and theme parks, as well as other commercial recreation agencies.

Graduates of the Natural Resources & Recreation Management concentration find a wide variety of career opportunities such as park ranger, interpretive naturalist, camp director, recreation forester, fish and wildlife positions, and youth and adult outdoor recreation programming positions.

Graduates of the Recreation Management and Programming concentration find professional careers available in local, state, county and federal agencies, park management, golf course management, recreation supervision, aquatics, cultural arts programming, athletic programming, YMCA and YWCA, Boy Scouts and Girl Scouts, 4-H, and various other private and public agencies providing park, recreation and leisure services.

Graduates of the Therapeutic Recreation concentration find one of the fastest growing areas in the field of recreation and leisure services. Professionals in TR design programs to meet the needs of special populations, people with physical or developmental disabilities, and people with temporary or permanent psychiatric disorders. TR professionals work in children’s hospitals, mental health institutions and psychiatric hospitals, rehabilitation clinics, nursing homes, medical care facilities, transitional living facilities, group homes, camps, community-based programs, and community residential agencies.

The BS degree in Recreation and Park Administration provides 15 credit hours of direct hands-on field experience. The senior internship (12 credit hours) serves as an excellent transition from school to work, and many students are hired directly out of their internship.

Students majoring or minoring in Recreation and Park Administration are required to attain a minimum grade of “C” in all REC courses and a 2.5 or better average in all REC courses. All REC core and REC concentration courses must be completed prior to enrollment in REC 463, Senior Internship or Rec 473 Therapeutic Recreation Internship.

2016-2017 EKU UNDERGRADUATE CATALOG
The College of Justice and Safety at Eastern Kentucky University is one of the largest of its type in the United States and is one of the six colleges that comprise the academic structure of the University. Within the College of Justice & Safety is the School of Justice Studies, and the School of Safety, Security, & Emergency Management. Faculty in the College are nationally and internationally known for their teaching, research and service.

The Commonwealth of Kentucky named the College of Justice & Safety as the first Program of Distinction at Eastern Kentucky University in 1998. The Program of Distinction has funded renovations for a new Stratton annex, Ashland Building and Perkins Building, new degree programs, upgraded classrooms and computer labs, provided additional research opportunities for faculty and students, as well as scholarship opportunities for students majoring in programs offered by the college.

Associate, baccalaureate, and master's degree programs are offered by the College of Justice and Safety. Many programs are also available online.

The College is committed to a career ladder concept by providing opportunities for students enrolled in or completing associate (two-year) degree programs to transfer to a corresponding baccalaureate (four-year) program with little or no loss of credit.

Most programs in the College are housed in the Stratton Building, an outstanding and unique facility which includes two annexes, a remodeled shared entrance; renovated student commons and classrooms with new technology, 250-seat auditorium, two computer labs and a cafeteria. The Fire Science programs have additional offices, classroom, and labs in Ashland Building and the Emergency Medical Care program has offices, classrooms and labs in the Stratton Annex.

**Admission to the College**

Students seeking admission to the College of Justice and Safety must meet general University requirements and should indicate their intention to major in a program of the College.

After being admitted to the College, a student will be assigned to a professional advisor, in the Academic & Advising Center, who will assist in selecting the proper courses leading to the desired degree.

**Degree Requirements**

General University degree requirements appear in Section Four of this Catalog, and specific requirements for each of the degree programs offered by the College of Justice and Safety appear below; both sets of requirements must be met by students completing associate and baccalaureate programs. Unless otherwise specified, all programs in the College of Justice and Safety require a grade of “C” or better for all required major and supporting courses. See the program descriptions under each department for specific major and minor requirements. Common to all programs is the Student Success Seminar.

**Major and Minor Credit Minimum**

Unless otherwise specified, regardless of the advanced standing under which the student may have been admitted or what credits have transferred, 18 hours of advanced course work (courses numbered 300 or above) applied for credit toward the major subject for a baccalaureate degree, nine hours of advanced course work applied for credit toward the major subject for an associate degree, and six hours of advanced course work toward major subject for a minor must be earned at Eastern.

*College of Justice and Safety*

**Residency Requirement**

The College of Justice and Safety requires that students graduating with a baccalaureate degree from the School of Justice Studies, or the School of Safety, Security, and Emergency Management, must earn a minimum of 18 upper division credit hours in the home department of their major.

**Admission Procedure: Emergency Medical Care**

Students who have been admitted to the University and College of Justice and safety and declare a major in Emergency Medical Care are admitted to the Emergency Medical Care Program. Admission to the Emergency medical Care Program does not guarantee admission to the Advanced Emergency Medical (paramedic) sequence.

Emergency Medical Care students are accepted each semester. Students are selected for admission into the Advanced Emergency Medical Care Program once a year for the following fall semester. Selection is made based on the admission matrix. Criteria include: GPA, entrance exam scores, pre-requisite course grades and completion. Information meetings will be held. Please refer to the EMC webpage for additional information.

**Additional Requirements**

1. Students must have a minimum grade of “C” in all advanced sequence, EMC pre-requisite courses, and in BIO 171, 301.
2. Students must maintain a minimum GPA of 2.0 on a 4.0 scale.
3. Students must purchase and maintain the student liability insurance prior to enrollment in EMC 110, 115, 270, 275, 280, 342, 352, 360, 362.
4. All transfer credit evaluation and program approval must be completed prior to the application deadline.

**NREMT-P TO ASSOCIATE OF PARAMEDICINE (ASP) DEGREE PROGRAM**

**Admission Requirements:**

Current holders of National Registry of Emergency Medical Technicians – Paramedic (NREMT-P or State credentialing as defined by the program) certification may earn the Associate of Paramedicine (ASP) degree through an accelerated program offered by the EMC department. Applicants for admission into this accelerated program are accepted each semester.

**Program**

Students admitted into the NREMT-P to ASP program will be required to take all general education and supporting coursework for the Associate of Science Paramedicine (A.S.P.).

**Core Courses:**

EMC 380 and 382.

After successful completion of both EMC 380 and 382, students will receive 18 credit hours which include EMC 335, 340, 352, 360, 362.

EMC 105, 110, 225, 240.

Credit for EMC 105, 110, 225, 240 is available through successful completion of department proficiency examinations.

EMC 104, 310, 315, and 320.

Current and maintained certification in AHA CPR for Healthcare Professionals, ACLS-EP, PALS (and/or PEPP), and certification in PHTLS (or ITLS) may result in credit for EMC 104, 310, 315, and 320.

**Supporting and General Education Courses are required:**

**General Education Elements:**

Element 1. ENG 101, 102; Element 3. Arts and Humanities (3 credit hours); and Element 5B and Social Behavioral Sciences (3 credit hours);

**Supporting Courses:**

BIO 171, 301.

A total of 64 credit hours are required to obtain the Paramedicine (A.S.P.). Students must also obtain a minimum grade of “C” in all EMC courses, and BIO 171, 301. Students must also maintain an overall EKU GPA of 2.0 on a 4.0 scale.

**Transferring Paramedic Credit into the EMC Program**

Effective January 2013 the National Registry has instituted a policy requiring that all candidates for certification must complete coursework from a CoAEMSP nationally accredited paramedic program. The EKU EMC program therefore has instituted the following policy, effective with the 2012/13 academic year.

**Time Limit for Program Completion**

To maintain EKU’s status as a CoAEMSP nationally-accredited paramedic program students must progress through
their EMC advanced sequence of classes (200-level and 300-level courses, as well as the required BIO 171 and 301) within a specified time limit. Each student must successfully complete all of these courses before they are eligible to take the NREMT skill and didactic examinations to obtain the NREMT Paramedic card. National accreditation standards dictate that this must all be completed within a designated time window. The start of an individual student’s time limitation (“advanced sequence and testing clock”) will be determined by the student’s program advisor.

Credit from a CoAEMSP Accredited Paramedic Program
Students with transfer credit from a CoAEMSP accredited paramedic program may have this credit used to fulfill a portion of their major and supporting program requirements. Such work will be evaluated by EMC faculty for comparability and content; students may be required to complete departmental exams to gauge subject mastery and to assist with appropriate course placement.

Credit NOT from a CoAEMSP Accredited Paramedic Program
Coursework accepted by EKU but earned through participation in a program that is not CoAEMSP accredited cannot be used to advance a student through EKU’s nationally accredited EMC program. Such credit may fulfill general education and elective areas; but it cannot be applied toward the EMC major and supporting program requirements.

However a student who has earned a National Registry Paramedic Card may be allowed to use non CoAEMSP accredited transfer credit in partial fulfillment of major requirements. Earning the National Registry card validates placement. Students with transfer credit from a CoAEMSP accredited paramedic program may have this credit used to fulfill a portion of their major and supporting program requirements. Such work will be evaluated by EMC faculty for comparability and content; students may be required to complete departmental exams to gauge subject mastery and to assist with appropriate course placement.

Welcome to the College of Letters, Arts, and Social Sciences (CLASS). CLASS provides education in the arts, philosophy, literature, languages, and social sciences—fields that help us to understand ourselves and others and provide meaning and richness to our world. CLASS represents EKU’s enduring commitment to a liberal arts education as the intellectual foundation for work, life, and citizenship.

In CLASS, we offer courses and academic programs that provide students with the foundation for success in a dynamic, fast-paced, and diverse world. These foundational skills help students excel and lead in any career, cultivate the creativity and critical thinking to adapt to diverse environments, and resolve society’s most challenging problems in a culturally competent and ethical way. CLASS is focused on cultivating skills that are vital to the contemporary workplace - teamwork, critical thinking, communication, and leadership.

CLASS houses the departments of Anthropology/Sociology/Social Work; Art and Design; Communication; Economics; English and Theatre; Government; History; Interdisciplinary Programs; Languages, Cultures, and Humanities; the School of Music; Philosophy and Religion; and Psychology.

Interdisciplinary Programs include academic minors in African/African-American Studies, Appalachian Studies, Asian Studies, Applied Creative Thinking, Environmental Sustainability and Stewardship, International Studies, Veterans’ Studies, and Women and Gender Studies. It also houses the interdisciplinary academic areas of Service-Learning and Education Abroad.

In CLASS, students can participate in EKU’s nationally-ranked mock trial program, which affords students the chance to learn about the legal process in a simulation format.

**DEGREES OFFERED**

The College of Letters, Arts, and Social Sciences offers the following baccalaureate degrees: Bachelor of Arts, Bachelor of Science, Bachelor of Fine Arts, Bachelor of Music, Bachelor of Social Work, and Bachelor of Individualized Studies. The Associate of Arts is offered in Paralegal Studies.

**COLLEGE DEGREE REQUIREMENTS**

General University degree requirements as set forth in Section Four of this Catalog as well as specific course requirements set forth in the descriptive curricula must be met by students completing programs administered by the College of Letters, Arts, and Social Sciences. All students graduating with majors in the College of Letters, Arts, and Social Sciences must have a 2.0 GPA in the major exclusive of any supporting courses. Students pursuing a minor in the College must have a minimum 2.0 GPA in the minor. At least twenty-five percent of the courses in the major must be taken at Eastern Kentucky University. In addition, individual programs may have specific requirements that exceed College requirements. Students should consult with an advisor or department chair to learn the particular requirements of a program.

**PRE-LAW**

The Center for Pre-Law Advising assists students who are considering law school after graduation. Students interested in going to law school or exploring the possibility of doing so should contact the Center for Pre-Law Advising for an appointment as early as possible during their academic career. A Pre-Law Advisor can identify courses that will help prepare students for law school, plus provide valuable information on law schools, the Law School Admission Test (LSAT), and typical admission procedures.

There is no specific major for pre-law students. A broadly-based liberal education will best prepare one to study law, and therefore no fixed pre-law curriculum is prescribed. Law schools generally are not swayed positively or negatively by a student’s choice of major; rather, they want to see that, whatever a student’s major(s), that student performs well as indicated by his or her academic transcript. Thus pre-law students should choose a major that interests them and in which they are likely to be academically successful. Admission to an accredited law school is dependent upon a good undergraduate record with an earned baccalaureate
degree and a competitive score on the Law School Admission Test. Further information for pre-law students can be found at http://prelaw.eku.edu.

**Mock Trial**

Thomas C. Parker, J.D., Coordinator
Teaching and Learning Center
Keen Johnson Building
(859) 622-7698

EKU’s nationally-ranked mock trial program affords students the chance to learn about the legal process in a simulation format. Students play the roles of witnesses and attorneys, competing against teams from other schools in tournaments held across the nation. Mock trial develops critical thinking and communication skills, teaches students to work as members of a team, and requires students to respond creatively to unexpected challenges during rounds of competition. Students receive two hours of academic credit (POL 466A and B) per term. Auditions for positions on the team are held each Fall.

**Three-Two Curriculum**

In addition to standard pre-professional curricula, Eastern Kentucky University may approve specially arranged combined curricula. Students approved for these curricula complete the first three years of requirements at EKU. At the end of these three years, they enroll in one of several highly rated professional schools. After the first year of professional study, they transfer the work back in order to secure a Bachelor of Arts or a Bachelor of Science degree from Eastern Kentucky University. This plan may shorten, by one year, the time needed to obtain both a baccalaureate and a professional degree.

**ANTHROPOLOGY**

Anthropology is the study of human diversity. It explores the meaning of being human – from the study of culture and social relations, to human biology and physical evolution, to language, to music and art and to vestiges of human habitation. Anthropology addresses fascinating questions such as how peoples’ behavior changes over time, how and why people from distant parts of the world and dissimilar cultures are in many ways similar, how the human species has evolved over millions of years, and how individuals understand and operate successfully in distinct cultural settings. Anthropology includes four sub-fields: cultural anthropology, physical anthropology, archaeology, and linguistics. The Anthropology program at EKU offers exposure to all of these sub-fields, with the opportunity to specialize, if so desired. Two great reasons to study anthropology include: 1) study topics are intellectually exciting; and 2) Anthropology prepares students for excellent jobs and opens doors to various career paths. Anthropological study provides training particularly well suited to the 21st century. Anthropology is the only contemporary discipline that approaches human questions from historical, biological, and cultural perspectives. As a result, career opportunities exist in academic, corporate, nonprofit and government settings. Many anthropologists with bachelor’s degrees work for contract archaeology firms at archaeological sites, in physical anthropology laboratories, and in museums in a wide range of areas. International health organizations and development banks employ anthropologists to help design and implement a wide variety of programs. Governmental organizations use anthropologists in planning, research, and managerial capacities. Forensic anthropologists find work in university and museum settings along with police departments to help identify mysterious or unknown remains. Anthropology is a career that embraces people of all kinds. It is a discipline that thrives with heterogeneity – in people, ideas, and research methods. Anthropologists know the wisdom of listening to multiple voices and linking the work from researchers who bring different backgrounds and apply various approaches to their endeavors.

COLLEGE OF LETTERS, ARTS & SOCIAL SCIENCES

The Social Work Program prepares students for beginning generalist social work practice. The primary purpose of the social work profession is to enhance human well being. Social workers help meet the basic human needs of all people and empower those who are vulnerable, oppressed, or living in poverty. Social workers help identify and manage the environmental forces that create, contribute to, and address problems in living. Social workers are an integral part of most non-profit agencies and also offer their services and knowledge in private practice. The social work program has been continuously accredited by the Council on Social Work Education since 1977.

ADMISSION AND PROGRESSION

Any student who is accepted by the University Admissions Office and declares his/her major as social work will be classified as a pre-social work major. Admission to pre-social work does not guarantee admission to the Professional Social Work Program. Admission to the program is required for progression in the major beginning with SWK 350 and 354. To be admitted students must have earned at least 32 hours of college credit, meet the minimum program GPA requirement of 2.50, complete SWK 210 and other supporting course work with a minimum grade of “C,” and successfully complete application procedures. Students choosing to double-major must declare social work as the first major. For admission requirements and procedures contact the Social Work Program office, (859) 622-1645.

MISSION AND GOALS

The Eastern Kentucky University Social Work Program provides a student-centered collaborative and dynamic environment that prepares students for competent and ethical social work practice in a diverse world. This is accomplished through self-reflection, rigorous academics, knowledge based on scientific inquiry and experiential learning in a safe and nurturing environment. We strive to graduate students who understand the complexities of the relationship between people and their environments, value human rights and believe in the dignity and worth of all human beings. Completion of EKU’s generalist social work degree will provide the knowledge, values and skills to become practitioners who can think critically and creatively. Our mission is to graduate ethical leaders who advocate for social and economic justice in rural, urban and global communities, with an emphasis on EKU’s identified service region. Program goals are to (1) provide a fluid curriculum, grounded in a liberal arts perspective that prepares students for competent and effective entry-level generalist professional social work practice with individuals, families, groups, organizations, and communities through mastery of the knowledge, values, and skills that inform the ten core competencies; (2) integrate into the program the values, knowledge and skills of the social work profession and to socialize students to the profession through self-assessment and self-awareness; (3) prepare students to deliver ethical social work practice through the development of critical thinking to guide professional judgments and practice; and (4) prepare students for advocacy and service to diverse populations-at-risk and to advance economic and social justice.

SOCIOLOGY

The sociology program provides students with an advanced understanding of social structure, social institutions, human groups, social stratification, social interaction, social relationships, social deviance (crime, juvenile delinquency), and social change. Sociology faculty are skilled in teaching the theoretical foundations of sociology and methods of social research, while they teach students to think critically. The broad knowledge base of sociology, combined with basic skills in research methods and analysis, contributes to a person’s flexibility in a rapidly changing economy where specialized jobs often become outdated. Students who major in sociology possess the advantage of a more general foundation upon which to adapt to changes in the labor market, because...
they are taught to think critically, communicate effectively, and respond constructively to the challenges and opportunities they will encounter. A major in sociology provides a gateway to many different careers. Many sociology graduates move into professional careers in the following areas: social services, law enforcement, human relations, law and legal services, policy analysis, teaching, and health fields. Others find employment in management and administrative careers in government agencies as well as in a wide range of private sector firms. Still others work to achieve their goals in less traditional careers such as grassroots activism or private entrepreneurship.

FINE ARTS

Upon completion of a Baccalaureate of Fine Arts (B.F.A.) degree with a Concentration in Ceramics, Graphic Design, Jewelry and Metals, Painting, Photography, Printmaking or Sculpture, students will be able to apply elements and principles of art and design, be more aware of the influence of perception and observation, and be able to use a variety of media and techniques to communicate ideas effectively and expressively. Students will demonstrate critical and creative thinking through analysis and research, both verbal and written, of their own or others’ art and design works, with an understanding of historical and contemporary concepts, theories, methods, periods and styles.

The B.F.A. degree prepares students for professional careers as artists and designers of listed Concentrations below. Students will demonstrate professional practice, writing, portfolio development and presentation for employment in art and design studios, companies, or freelancing, and for applications to graduate schools, exhibitions, competitions, grants, and fellowships.

BFA Admission Requirements

All students who are accepted by the Office of Admissions and seek a baccalaureate fine arts degree are admitted to the University as a pre-BFA major and must select from at least one pre-BFA concentration area in Ceramics, Graphic Design, Jewelry and Metals, Painting, Photography, Printmaking or Sculpture.

Pre-BFA students are eligible to apply to the BFA degree program after completing 15 credit hours of Studio Foundation courses.

When applying for the BFA program, pre-BFA students must have completed or be enrolled in the courses specified for their declared Pre-BFA concentration.

Students are also required to submit an application, statement of goals, and portfolio for review by the BFA Entrance Review Committee once the minimum requirements have been met, usually by the fourth or fifth semester, depending on the Concentration area (transfer students must meet equivalent minimum requirements and complete a minimum of 24 hours in Art and/or Design). Students will be notified of the results and can meet with their area supervisor. Students not accepted to the BFA degree program

190  2016-2017 EKU UNDERGRADUATE CATALOG
may re-apply at a later date or seek another degree program. Portfolio requirements include examples of drawing, 2D and 3D works (from a variety of courses), as well as examples specific to a concentration area. Students wishing to pursue the BFA degree should average and maintain a 3.0 GPA and earn a grade of “C” or higher in all major and supporting course requirements in order to apply to, and complete the BFA degree program. Consult with a departmental advisor, area supervisor, or visit our website at www.art.eku.edu to obtain a copy of the “Entrance Criteria and Degree Requirements for the BFA in Art and Design.”

**Progression Requirements**

Once students are admitted to the BFA degree program, they are eligible to take upper division courses that require “admission to the BFA” as listed in the course descriptions of this Catalog and are expected to participate in all major and supporting course requirements, including a BFA exhibition and review. Any BFA student whose major GPA falls below 3.0, or who earns a grade lower than “C” in a major or supporting course requirement, will be placed on BFA probation. Once on BFA probation, students have one semester to either raise the major GPA to the required 3.0, or retake the course in which he/she earned a low grade and pass with a “C” or higher. If any student on BFA probation fails to meet either of the above conditions, he/she will be removed from the BFA program. Such students may reapply at a later date or seek another degree program.

DEPARTMENT OF COMMUNICATION

Chair
Dr. Pam Parry, Interim Chair
(859) 622-8318
Combs 317

Faculty

The Department of Communication offers four-year Bachelor of Arts degree programs in four areas: Broadcasting and Electronic Media, Communication Studies, Journalism, and Public Relations.

DEPARTMENT GOALS

The Department of Communication’s student-centered program seeks to transform lives through excellence in instruction, advising, scholarship, and service. The department strives to produce creative and effective communicators by providing cutting-edge programs emphasizing hands on and practical learning. Empowered by this experience, students are prepared to work, lead and serve in a global society.

PROGRAM OBJECTIVES

BROADCASTING AND ELECTRONIC MEDIA

Graduates of the Broadcasting and Electronic Media program pursue careers in the broadcasting/film industry, as well as in cable companies, industrial and corporate video facilities, advertising agencies, and production houses. Students in the General Concentration must demonstrate excellence in their ability to produce and edit either audio or video material to create a variety of projects. Students in the News Concentration must demonstrate excellence in gathering information, writing, and visual story-telling that meets accepted journalistic standards using a variety of visual platforms. Students in the Film Techniques and Technology Concentration must demonstrate excellence in writing, visualizing, shooting, editing, and cinematic story telling.

JOURNALISM

Graduates of the Journalism program find jobs with newspapers, newsletters, magazines, online publications, businesses, governmental public information offices, and advertising firms. Journalism majors must be able to accurately gather information, analyze it, and present it to audiences using a variety of media platforms.

PUBLIC RELATIONS

Graduates of the Public Relations program pursue careers with corporations, non-profits, educational, governmental, and public relations agencies. Managing the communication between an organization and its publics, practitioners write newsletters, speeches, reports, ad copy, and feature stories, to name a few. They manage social media accounts, plan events, and provide appropriate counsel. Students must demonstrate excellence in research, planning, communication and evaluation of public situations using a variety of platforms to meet standards for public relations education as published by the Public Relations Society of America.

COMMUNICATION STUDIES

Graduates of the Communication Studies (CMS) program pursue careers in labor relations, human resources, tourism, banking, corporate relations, sales, and many other professional contexts. Communication Studies students learn how to successfully demonstrate and promote effective human communication, including relationship building and maintenance, resolving conflict, persuading and negotiating, professional speaking, communication training and development, and leadership skills. CMS students must exhibit cognitive and behavioral learning by demonstrating (a) sufficient knowledge about various human communication processes and (b) satisfactory skills related to communication competency.

MINORS

The department also offers minors in Advertising, Broadcast News, Broadcasting and Electronic Media, Communication Studies, Journalism, Public Relations, and Visual Media.

MEDIA PRODUCTIONS

The student newspaper, *The Eastern Progress*, is housed in...
the Department of Communication. Numerous video productions and films are also produced within the department. Majors and non-majors can receive academic credit for work on some productions.

**REQUIREMENTS**

Some courses may require special skills and equipment such as the ability to keystroke a minimum of 25 words per minute. Instructors will notify students of these requirements at the first class meeting.

Students may earn up to 16 credit hours toward their degree by enrolling in cooperative education courses. Credit for additional practical experience may be earned through practicums. Students majoring or minoring in the Department of Communication are required to attain a minimum grade of "C" in all courses (core and supporting) for a major or minor and a 2.25 or better GPA in all majoring or minoring in the Department of Communication. Numerous video productions and films are also produced within the department.

**BACHELOR OF ARTS (B.A.) AND MASTER OF ARTS (M.A.) ENGLISH ACCELERATED 3+2 DUAL DEGREE PROGRAM**

CIP Code: 13.1305

Students accepted to the 3+2 Accelerated Dual Degree Option are able to complete their B.A. degree and M.A. degree within 5 calendar years because up to 9 semester hours of graduate-level coursework will apply to both the undergraduate B.A. degree and the graduate M.A. degree. Only undergraduate students of proven academic ability will be considered for the program. Students should be aware that, in order to maintain their progress in the accelerated 3+2 program, careful coordination with their advisor is required.

Entrance requirements for the 3+2 adhere to the requirements for the M.A. English Program in the Graduate Catalog. Students admitted into the program will remain coded as undergraduate until fulfilling their BA requirements. Students admitted into the 3+2 program must complete the English BA degree with a minimum 3.0 GPA to be allowed to proceed on with graduate program coursework. Students must fulfill all graduation requirements listed below.

Students may apply to the Graduate School for admission to the 3+2 program in their junior or senior year. Approval of both the department and Graduate School is required (see the form at http://gradschool.eku.edu/graduate-school-forms).

**English Program Special Admission Requirements:**

IV. EXIT REQUIREMENTS

Comprehensive Examination — All students are required to pass a written comprehensive examination (GRD 857e). Comprehensive examinations will be scheduled approximately one month before the end of the student’s final enrollment period in graduate work for the degree. Non-thesis students will take a two part examination: 1) a breadth-of-knowledge assessment (common to all students in a given concentration) and 2) a depth-of-knowledge assessment (tailored to the individual student’s scholarly interests). Thesis students will take only the breadth-of-knowledge assessment for their concentration.

Thesis — The thesis is optional in this program. Students electing the thesis option must register for ENG 898 as one of their elective courses. A student wishing to write a thesis must prepare a prospectus and have it approved by the thesis committee before registering for thesis hours. The thesis must be prepared in conformity with the regulations approved by the Graduate Council and the Department of English and Theatre. Students seeking to complete a thesis are required to pass an oral defense of their thesis (GRD 858e). Oral examinations will be scheduled approximately one month before the end of the student’s final enrollment period in graduate work for the degree. Detailed information concerning the preparation and submission of the thesis may be obtained from the program coordinator.

Bachelor of Arts in Political Science

Political Science is the study of power, conflict, and war, and of the human endeavor to maintain peace, order, and cooperation, and of the principles and ethics that guide that effort. It is the study of governments, in the United States and in other countries, and of the making and carrying out of laws and policies, by Presidents and governors, legislatures, courts, and the administrative agencies and civil service they oversee, and of the media and journalists who observe them and inform us of their actions. It is the study of cities and counties, and of their efforts to maintain and develop communities, politically, socially, and economically. It is the study of public agencies and services, and the special ways they must be organized and managed. It is the study of human values and beliefs, how they are formed and expressed in the public arena, in voting and elections, in political parties, and in the activities of organized interests, both self-seeking and public-spirited. The ancient Greek philosopher, Aristotle, said that politics is “the master science” because it influences how all other knowledge is used in society.

The objective of the political science program is to develop graduates who understand political institutions and behavior, and who in the process become able writers, speakers, thinkers, and informed students of human conflict, organization, and governance. With such knowledge and skills, graduates are well prepared for a variety of careers. Professions to which such abilities are obviously relevant include public service in government and non-profit service agencies, law, education, journalism, and military command. But political science graduates have succeeded as well in careers in a variety of different areas of business, including banking, investment management, extractive and manufacturing industries, insurance, and sales. And political science is a natural minor to accompany other majors in which such knowledge and skills are important, including social work, public health and health administration, parks and recreation, business management, and all the other social sciences.

Paralegal Program

The paralegal programs offer a Bachelor of Arts degree and Post-Baccalaureate Certificate in paralegal science and an associate of arts degree in paralegal studies. The objectives of the programs are: (1) to create, implement, and maintain a strong, flexible program directed to the quality education of occupationally competent paralegals; (2) to provide a paralegal education program that leads to employment of its graduates by a wide range of employers; (3) to provide paralegals with a well-rounded, balanced education founded on a beneficial mix of general education, theory,
and practical courses stressing understanding and reasoning rather than rote learning of facts; (4) to support the general principles of ethical legal practice, professional responsibility, and the prohibitions against the unauthorized practice of law by a lay person; (5) to provide an educational program that is responsive to the varied needs of the state of Kentucky and the region and contributes to the overall advancement of the legal profession; (6) to provide a program which instills respect for the legal profession and its foundations, institutions, and quest for justice; and (7) to maintain equality of opportunity in the educational program without discrimination or segregation on the grounds of race, color, religion, natural origin, or sex.

Paralegals are paraprofessionals who must work under the supervision of an attorney. The laws of Kentucky and other states prohibit paralegals from engaging in the practice of law or providing legal services directly to the public, except as permitted by law. Therefore, completion of a major, minor, or certificate in Paralegal Studies/Sciences does not entitle one to practice law, provide legal services directly to the public, or render legal advice, except as provided by law.

**Paralegal Degree Requirements**

Paralegal majors, minors, and certificates must attain a minimum grade of “C” in all major and supporting courses, a minimum grade of “C” must be earned in LAS 210 before taking LAS 220. A minimum grade of “C” must be earned in LAS 220 before being admitted to any of the other upper division requirements. Paralegal majors, minors, and certificates must take a minimum of ten (10) semester credits of courses from Major/Minor requirements in a traditional in-person or ITV format. No courses taken in an online or web-based format can count toward this ten (10) semester credit requirement.

**Paralegal Transfer Students**

Transfer students must take a minimum of 15 semester hours of paralegal (LAS) courses at EKU to earn a paralegal degree. Please see the EKU Paralegal Program website (www.paralegal.eku.edu) or contact the Paralegal Program Director for more information on the transfer policy for paralegal specialty courses.

**Pre-Law Program**

A broadly-based liberal education will best prepare one to study law, and therefore no fixed pre-law curriculum is prescribed. Admission to an accredited law school is dependent upon a good undergraduate record with an earned baccalaureate degree and a competitive score on the Law School Admission Test.

Students interested in going to law school or exploring the possibility of doing so should make an appointment with the Pre-Law Advisor in the Center for Pre-Professional Advising as early in their academic career as possible. The Pre-Law Advisor can guide the student in selecting courses that will help prepare the student for law school, plus provide valuable information on law schools, the Law School Admission Test, and typical admission procedures.

Further information for pre-law students can be found at http://preprofessional.eku.edu.

Accelerated 3+2 Dual Degree Program
CIP Code: 45.1001

Students accepted to the 3+2 Accelerated Dual Degree Program are able to complete their B.A. degree and M.P.A. degree within 5 calendar years because up to 9 semester hours of graduate-level coursework will apply to both the undergraduate B.A. degree and the graduate M.P.A. degree. Only undergraduate students of proven academic ability will be considered for the program. Students should be aware that, in order to maintain their progress in the accelerated 3+2 program, careful coordination with their advisor is required.

Entrance requirements for the 3+2 adhere to the requirements for the M.P.A. Public Administration Program in the Graduate Catalog. Students admitted into the program will remain coded as undergraduate until fulfilling their BA requirements. Students admitted into the 3+2 program must complete the Political Science BA degree with a minimum 3.0 GPA to be allowed to proceed on with graduate program coursework. Students must fulfill all graduation requirements listed below.

Students may apply to the Graduate School for admission to the 3+2 program in their junior or senior year. Approval of both the department and Graduate School is required (see the form at http://gradschool.eku.edu/graduate-school-forms.

**BACHELOR OF ARTS (B.A.) GLOBALIZATION AND INTERNATIONAL AFFAIRS**  
*CIP Code: 30.2001*

The intent of the Globalization and International Affairs (GLO) major is to create an interdisciplinary major that focuses on the nature of globalization and its impacts on individuals, communities, regions, and nations, and to assist in broadening the international horizons of EKU students. The program will graduate culturally aware students who are comfortable in a variety of international public-sector, private-sector, and non-profit positions. GLO students will possess an enhanced awareness of worldwide economic and political events and will be able to assess their impacts on international affairs. Upon completion of the GLO
degree, graduates will be able to: (1) analyze cultural, economic, geographical, historical, political and social forces affecting globalization, (2) identify factors which impede or encourage globalization, (3) evaluate the impacts of increasing globalization on individuals, communities, regions, and nations, (4) integrate globalization ideas and concepts from the various disciplines into a unified whole, and (5) compete well for international positions or for domestic positions requiring international expertise.

 Electives..............................................................................12 hours
- OR substitute 3 hours of special topics courses as approved by the Director of Legal Studies.

Students are strongly advised to enroll in LGS 300 before beginning Legal Studies elective studies. Students may not take more than six hours of electives with the same course prefix. Students may not count Legal Studies electives towards any other major or minor.

Co-op or Research Requirement.......................................3 hours
- LGS 349 or LGS 400

Total Curriculum Requirements......................................18 hours

MINOR IN LEGAL STUDIES

The Legal Studies Minor is an interdisciplinary program with a liberal arts focus that provides students with the opportunity to study the law, legal ideas/concepts, and legal systems/processes from a variety of perspectives. The minor is designed to provide a broad conceptual framework to explore legal studies and complement a chosen major of study. While the minor may be appropriate for those considering attending law schools, it is not a “pre-law” program and does not provide legal or paralegal training.

Core Requirement.......................................................3 hours
- LGS 300

Electives..........................................................................12 hours
- OR substitute 3 hours of special topics courses as approved by the Director of Legal Studies.

Students are strongly advised to enroll in LGS 300 before beginning Legal Studies elective studies. Students may not take more than six hours of electives with the same course prefix. Students may not count Legal Studies electives towards any other major or minor.

CO-OP OR RESEARCH REQUIREMENT..............................3 hours
- LGS 349 or LGS 400

Total Curriculum Requirements......................................18 hours

MINOR IN PARALEGAL STUDIES

A student may minor in Paralegal Studies by completing a total of 18 hours as follows: LAS 210, 220, 300 or 300W, 350, 355, and 410.

MINOR IN POLITICAL SCIENCE

A student may minor in political science by completing POL 101 plus 15 hours of which nine hours must be in courses numbered 300 or above. No more than three hours of POL 349 may count toward the minor.

MINOR IN PUBLIC ADMINISTRATION

A student may minor in public administration by completing a total of 18 hours as follows: POL 101, POL 370, POL 374, and nine hours from POL 332 or POL 333, POL 371, POL 373, POL 376, POL 377, and POL 565. Upper division courses applied to the public administration minor may not be applied to the political science minor.

Program Objectives

Upon successful completion of this program, graduates will be able to: 1) demonstrate knowledge of U.S. history, European history, and selected aspects of non-Western history at a high level; 2) demonstrate their ability to communicate effectively in both oral and written form (all students in the program will complete term papers as part of their major requirements); and 3) execute a major research project utilizing both primary and secondary sources.

All students in the baccalaureate program will submit a formal research project which includes both primary and secondary sources.

Because the program puts history into real-world application, it offers 24 unique pathways to prepare students for careers in: public history, education, media, the legal field, government, non-governmental organizations including non-profits, and business/management. And students can complete any of the career preparation pathways in just four years!

While a major in History Teaching prepares students to teach high school Social Studies or to join the educational arm of such entities as historical museums and sites, majoring in History provides students with the research skills and critical thinking and communication capabilities applicable and essential to any path they pursue post-graduation. More importantly, by combining a History major with a second major or minor in such areas as communications, political science, geography, business, or tourism and recreation, students gain profession-specific skills. They also acquire real world-experience because many of these majors require or stress completing an internship. Completion of one of History’s career pathways prepares a student for pursuing such opportunities as: curatorial positions in museums and historical sites, video production, broadcasting including reporting, publishing, event planning and promotion, employment with state and federal agencies or international and non-profit organizations, and entry into graduate or professional programs such as law school.

For more information on the career preparation pathways offered by the department go to www.history.eku.edu or contact the department at the number provided above.

Accelerated 3 + 2 Dual Degree Program

CIP Code: 54.0101

Program Requirements:

Students accepted to the 3+2 Accelerated Dual Degree Option are able to complete their B.A. degree and M.A. degree within 5 calendar years because up to 9 semester hours of graduate-level coursework will apply to both the undergraduate B.A. degree and the graduate M.A. degree. Only undergraduate students of proven academic ability will be considered for the program. Students should be aware that, in order to maintain their progress in the accelerated 3+2 program, careful coordination with their advisor is required.

Entrance requirements for the 3+2 program adhere to the requirements for the M.A. History Program in the Graduate Catalog. Students admitted into the program will remain coded as undergraduate until fulfilling their B.A. requirements. Students admitted into the 3+2 program must complete the History B.A. degree with a minimum 3.0 GPA to be allowed to proceed on with graduate program coursework. Students must fulfill all graduation requirements listed below. Students may apply to the Graduate School for admission to the 3+2 program in their junior or senior year. Approval of both the department and Graduate School is required (see the form at http://gradschool.eku.edu/graduate-school-forms).

Special Admissions Requirements:

You must satisfy all the following conditions:

1. Junior or Senior standing
2. Overall grade point average (GPA) of at least 3.0 at the time of admission to the 3+2 option
3. Approval from department and Graduate School (see the form at http://gradschool.eku.edu/graduate-school-forms)
4. Must maintain an overall undergraduate and graduate grade point average (GPA) of at least 3.0 to continue in the 3+2 option.

Education Abroad and Exchanges
Jennifer White, Education Abroad Administrator
Keith 129
(859) 622-1705

Studying abroad is the right choice for you. Eastern Kentucky University encourages all students to take advantage of education abroad opportunities and join the top 10% of American students who have an internationalized degree. The Education Abroad Office has, or will find, options of a short-term winter, summer, semester or year abroad that will fit any major/minor, country of interest and budget. The Education Abroad Office manages institutional scholarship funds that can help to bring study abroad within financial reach.

Study Abroad:

Summer, Spring break, winter break, full semester, or academic year options are available through EKU’s many study abroad providers, including the Cooperative Center for Study Abroad (CCSA), the Kentucky Institute for International Studies (KIIS), The Knowledge Exchange Institute (KEI), AIFS Study Abroad, University Studies Abroad Consortium (USAC), SOL Education Abroad (SOL), CISabroad (CIS), as well as any number of EKU faculty-led programs that are created yearly. We can help find a winter, summer, semester, or year-long program for any student in any major.

Institutional Exchanges:

Exchanges allow for the most immersive experience abroad possible. EKU has a number of direct, institution-to-institution exchanges in a variety of countries. We are also a member of The Magellan Exchange organization (www.magellanexchange.org) through which EKU students can study at any one of 16 partner institutions around the world. Students on these exchanges have the opportunity to use their financial aid to pay regular tuition and fees at EKU but go abroad to a partner institution where they will take classes alongside local students.

Language instruction is predominately in English on most exchange programs but opportunities to begin, or to perfect, foreign language abilities is possible through taking classes offered in the local language. Students from the partner institutions in turn come to EKU for a semester or year. Partner institutions are located in Japan, China, Australia, Germany, South Korea, France, Belgium, Denmark, Costa Rica, the Netherlands, Finland, Mexico, Spain and Austria. For more information on exchange options as well as our direct exchange agreements, please contact the Education Abroad Administrator for an appointment.

For More Information:

Feel free to visit the Education Abroad Office in Keith 129 to pick up brochures on all the programs offered. Students interested in education abroad, whether short term, semester or exchange, are encouraged to make an appointment with the Education Abroad Administrator at 622-1705 or ekuabroad@eku.edu as soon as possible to discuss all options, application procedures, course
Minor in International Studies

The globalization of the economy, increased cross-cultural relations, instantaneous reporting from world-wide media outlets, cross-border ecological crises, and political transformations are all making international studies more important in this rapidly changing world. As such, the international studies minor encourages students to begin thinking and acting within a global perspective, in order to meet these current challenges. Courses in the minor deal with topics as diverse as the relations of the United States with other countries; critical language studies; international economics; cultures and religions of Latin America or Asia.

The minor consists of 18 credit hours across a number of disciplines, providing a broad-based, general exposure to international issues through a solid set of three core courses. A commitment to foreign language and/or international experience is an integral part of the minor. A wide range of electives rounds off the minor.

MISSION
To offer an interdisciplinary academic minor that promotes global citizenship through coursework integrating comparative studies, the transnational effects of policies, laws and traditions, and cultural immersion experiences.

Core Courses.................................................................6 hours
Six credit hours from among the following courses: GEO 100, POL 212, HIS 370, POL 220, GEO 322.

Study Abroad or Foreign Language............................6 hours
Six credit hours from either a Study Abroad course (through Eastern Kentucky University or another accredited university, with credit transferred back to EKU), or six credit hours of foreign language at or above the 200 level. Students may split this requirement by taking 3 credit hours of Study Abroad and 3 credit hours of a foreign language at or above the 200 level.

Electives...........................................................................6 hours
Six credit hours from among the following courses (Note: Many of these courses, including all College of Business upper division courses have prerequisites): ANT 120, CMS 375, COM 300, ECO 394, 395, ENG 360, FCC 220, 222, 226, 227, FIN 330, GBU 201, GEO 302, 322, 347, HIS 147, 300B, 300C, 305, 321, 322, 324, 330, 332, 336, 337, 339, 343, 345, 350, 357, 363, 365, 370, 374, 376, 379, 380, 384, 385, 386, 413, HUM 300, 350, 360, MGT 430, MKT 400, PHI 330, POL 310, 312, 314, 315, 316, 318, 319, 325, 327, 410, 495B, REL 301, 301W, 335, 340, 345, 350, 355, 360.

Environmental Stewardship and
Stewardship

Environmental Stewardship is an ethic that embodies responsible care and respect for the natural environment through conservation, preservation, restoration, and responsible individual and collective behavior. Environmental Sustainability implies a cross-generational commitment to this responsibility, and to its economic, and political, and social dimensions. Considerations include—but are not limited to—ecosystem function, climate change, energy use, natural resource and ecosystems/land use, and human health and well-being.

Minor in Environmental Sustainability and Stewardship

The minor in Environmental Sustainability and Stewardship (ENV) emphasizes:

- Scientific understanding of the natural laws that govern the functioning of the biosphere;
- Human connections to the physical and natural world;
- Environmental ethics, values and behavior and how they are expressed in individuals, communities, societies, and institutional structures
- Technological and economics to sustainability and stewardship; and
- Practical service and experience that links sustainability & stewardship theory to the real world, and to the student’s major and career plans

The minor in Environmental Sustainability and Stewardship requires a minimum of 18 credit hours, with a minimum of 3 hours from each of the following categories:

VETERANS STUDIES
Deanna Kasitz, Program Coordinator
Keith 143
(859) 622-7325
vetstudies.eku.edu

Veterans Studies (VTS) is an academic minor or certificate program that prepares students to identify and understand the often unique experiences and challenges faced by veterans of military service. VTS offers a multi-disciplinary program that provides veteran and non-veteran students a foundation of understanding regarding military structure, culture, combat, and the psychological and physiological changes resulting from military service. This first-of-its-kind program is dedicated to educating non-veterans and veterans alike about Veteran issues. The VTS Program facilitates an environment of inquiry about the transformative nature of military service and provides students the knowledge necessary to improve services for veterans and their interaction and relations with veterans. AGS students may obtain a concentration in Veterans Studies.

WOMEN AND GENDER STUDIES
Dr. Lisa Day, Director
Keith 143
(859) 622-7235

Women and Gender Studies (WGS) is a multidisciplinary program offering both a minor and a certificate. WGS acquaints students with the growing research on women and gender studies by addressing the intersections of gender, race, class, sexualities, and abilities and by promoting active learning and social engagement. By analyzing competing perspectives and integrating knowledge across traditional academic boundaries, students learn to identify and examine gender-based assumptions and biases and to recognize their consequences on individual, social, and cultural levels.

**SERVICE LEARNING AND COMMUNITY BASED RESEARCH**

Karrie Adkins, Coordinator
Keith 143
(859)622-7699

Service learning is a credit-bearing, high-impact teaching and learning strategy that integrates meaningful community service with instruction and reflection to enrich the learning experience, teach civic responsibility, and strengthen communities.

Community-based research is scholarly activity undertaken by faculty and/or students in collaboration with community organizations that puts the intellectual and technical resources of the university to work on community-identified needs while enriching the scholarship of the institution.

Courses with an “S” designation following the course and prefix number have been officially recognized as service-learning courses.

**Mission and Goals**
The Department of Languages Cultures and Humanities is a multi-disciplinary unit which offers a variety of programs through which students gain new insights into other cultures, and develop the language skills necessary for participation and leadership in the global community. Our major and minor programs in Comparative Humanities provide students with opportunities to explore the literary and cultural heritage of other peoples and to acquire a critical understanding of their own heritage. The French and Spanish programs prepare the students to communicate in two major world languages which are both spoken on several continents. Our French and Spanish teaching degrees help meet the increasingly critical need for foreign language teachers in Kentucky. We also offer certificate programs primarily for non-language majors with concentration on basic conversation skills and cultural understanding, currently available in French, German, Japanese, and Spanish. The department helps students to fulfill General Education requirements in Blocks III and VIII through course offerings in French (FRE), German (GER), Japanese (JPN), Latin (LAT), Spanish (SPA), and occasionally other languages such as Arabic (as FLS courses); through foreign culture and civilization courses (FCC); and also through the basic sequence of Humanities courses (HUM). All our courses, whether in language, literature, culture, or humanities, strive to foster an atmosphere in which students can experience the joy of learning and intellectual fulfillment while developing deeper understanding and appreciation of cultural diversity.

1. Certain courses are inappropriate for students with native or near-native fluency in a particular language. Native speakers of a foreign language (i.e. a language other than English) are welcome to take our courses at an appropriate skill level. However, such students cannot be given credit for introductory courses (100/200 level), in their native language either by enrolling in the course or by taking an exam for credit. Exceptions to this restriction, such as heritage speakers who need to take a lower level course to correct language deficiencies, must be approved by the relevant foreign language faculty in consultation with the chair. Other exceptions may apply, at the discretion of the coordinator and foreign language faculty in conjunction with the chair.

2. Students who transfer credits must earn no fewer than 15 upper-division hours in the major and 9 upper-division hours in the minor at EKU, the exact minimum to be determined by the department chair in consultation with the faculty in the major area.

3. Eastern Kentucky University students are required to obtain the department chair’s written prior approval of any course work they plan to transfer back to EKU for application to the major or minor.

4. A grade of “C” or higher is required in each course to be applied toward the major and minor.

5. Students in teaching programs must attain a minimum 2.75 GPA in their teaching major to be recommended for student teaching.

6. French and Spanish majors must attain a minimum 2.75 GPA in the major, and must also pass a departmental proficiency exam which covers spoken and written language, culture, and literature. Teaching majors must pass the proficiency exam to be recommended for student teaching. Students will ordinarily take the exam no later than in the first semester of their senior year.

works through a senior project. All music industry students will demonstrate music technology skills, identify trends in the many facets of this business field, and demonstrate an ability to work with professionals through cooperative learning experiences. All performance majors will prepare two performance recitals and analyze repertoire presented on those recitals, in addition to identifying different pedagogical approaches in their area.

A number of recent graduates of the Bachelor of Music program are furthering their education at graduate schools across the country, preparing to be performers and college/public school teachers. Many graduates are public school teachers across the country, performers/conductors in the church music field, professional composers or arrangers, on Broadway, in U.S. service bands, in professional orchestras, university professors, and music industry professionals in the recording, manufacturing, marketing, computer software, and sales fields.

**Admission to the Music Major Program**

Admission to the Bachelor of Music programs requires an audition and theory placement interview. The student is expected to demonstrate acceptable levels of achievement in performance in terms of intonation, tone quality and rhythmic accuracy. Incoming students will be expected to perform two selections of contrasting styles. May be accepted on probationary status at the discretion of the applied teacher and the department chair.

**Bachelor of Music Core Requirements**

**APPLIED MUSIC**

All music majors must complete a minimum of seven semesters of applied lessons with at least three of the semesters at the upper division levels (numbered 300 or 400). Applied students must complete a jury examination at the end of each semester. Each major is required to enroll in applied music every semester of full-time enrollment.

**Solo Recital Performance**

Each major is expected to perform the equivalent of a half recital (MUS 399) during the course of study.

**Ensemble Requirements**

Each major is expected to enroll in a major ensemble reflecting the major applied area of study every semester of full-time enrollment. Wind and percussion majors will enroll in MUS 256 Marching Band, MUS 255A or B/MUS 455A or B Symphonic or Concert Band, or MUS 235/435 Symphony Orchestra. With permission of the Department Chair, MUS 254/454 may be submitted for the major ensemble requirement for wind and percussion majors. Orchestral string majors will enroll in MUS 235/435 Symphony Orchestra or MUS 236/436 String Orchestra. Some string bass majors may be assigned to MUS 255A/455A Symphonic Band pending auditions. Guitar majors will enroll in MUS 257/457 Guitar Ensemble. Vocal majors will enroll in MUS 225/425 Concert Choir or MUS 226/426 University Singers. Keyboard majors may substitute accompaniment (MUS 313 or 513) for ensemble credits. Even if the student plans to study in two or more applied areas, one of them must be declared the major.

**Recital Attendance**

All majors are expected to attend 16 recitals including the Friday recitals and other departmental concerts held throughout the semester (MUS 101) for at least six semesters. Performances off
campus must receive approval by department chair.

**Music Education**

All wind and percussion majors must complete at least three semesters of MUS 256. All Music Education majors must elect MUS 383. Students enrolling in more than three ensembles should receive permission for such participation from their applied teacher, ensemble director, and advisor. All wind and percussion majors have required corequisite small and large ensembles with their applied lessons. Voice/strings majors have a corequisite large ensemble required with applied lessons and must demonstrate experience in small choral/string ensembles.

**Music Performance**

All performance majors must pass an audition beyond the entrance audition. They will be on probationary status for four semesters. At the end of the probationary period, the student may re-audition for full candidacy. The Audition Committee will consist of at least three members of the music faculty including the applied teacher. All performance majors must give a full recital (MUS 499) in addition to the half recital required of all majors. Vocal performance majors must elect foreign language as part of their Gen. Ed. studies.

**Music Industry**

All music industry majors must complete six credits of Co-op (MUS 349). All Co-op projects must be approved by the Co-op office, department chair, and Co-op coordinator.

**Music Theory and Composition**

Theory and composition majors must complete two credits of beginning composition (MUS 283) and eight credits of advanced composition (MUS 483). Composition students will include the performance of their compositions as part of the recital requirement. All theory and composition majors must elect additional piano studies. Theory students will complete a senior thesis or project (MUS 499) as part of this degree program.

McSpirit (Anthropology, Sociology, & Social Work), R. Mitchell (Psychology), L. Newhart (Philosophy & Religion), L. Noblitt (Government), B. Pratt (Agriculture), S. Sumithran (Biology), and S. Tsiang (English)

Program Objectives

Animal Studies (ANS) is an interdisciplinary major that concentrates on nonhuman animals, their interactions and relationships with people, and the mutual influences humans and nonhuman animals have on each other’s existence, evolution, and history. Students in Animal Studies receive training in sciences, humanities, and applied fields. Within their cross-disciplinary training, students will choose to emphasize at least one of these areas of study. Graduates of the program will gain knowledge of and be able to evaluate ideas about nonhuman animals, humans, and their mutual influences informatively from diverse perspectives. Upon completion of the ANS degree, graduates will be able to (1) analyze contexts and events concerning animals knowledgeably and from diverse points of view; (2) elucidate the motives and consequences for diverse human-animal interactions; (3) evaluate the impacts of human uses of and attitudes toward animals on individuals and communities, and on evolution and history; (4) integrate cross-disciplinary ideas into an awareness of divergent perspectives on animals and humans; and (5) use skills and expertise in understanding animals and humans to obtain employment.

The College of Science offers baccalaureate and masters programs in a number of disciplines encompassing the natural and mathematical sciences. The college also offers an associate degree in science for engineering; pre-professional programs in engineering, optometry, pharmacy, and medical sciences; minors in Biology, Chemistry, Computer Science, Earth Science Teaching, Geography, Geology, Mathematics, Statistics, and Physics; and certificate programs in Productivity, Innovation and Technology and Geographic Information Systems (GIS). The College of Science plays a central role in the University’s general education program through which all University students are provided the opportunity to develop the skills, the knowledge, and the discernment essential to the full development of each person as an individual and as a member of society.

Through its disciplines, the College of Science strives to provide all students an excellent education with the most complete and current resources; to provide service to the University and to the community through its academic programs; and to encourage and support research in all the disciplines included in the College.

**DEGREES OFFERED**

The College of Science offers the following baccalaureate degrees: Bachelor of Arts, Bachelor of Science, Bachelor of Individualized Studies, and Bachelor of General Studies. The Associate of Science is offered in Science for Engineering.

**COLLEGE DEGREE REQUIREMENTS**

General University degree requirements as set forth in Section Four of this Catalog as well as specific course requirements set forth in the descriptive curricula must be met by students completing programs administered by the College of Science. All students graduating with majors in the College of Science must have a 2.0 GPA in the major exclusive of any supporting courses. Students pursuing a minor in the College must have a minimum 2.0 GPA in the minor. At least twenty-five percent of the courses in the major must be taken at Eastern Kentucky University. In addition, individual programs may have specific requirements that exceed College requirements. Students should consult with an advisor or department chair to learn the particular requirements of a program.
and the Kentucky University Partnership for Environmental Education, which includes all eight state universities and the Kentucky Community and Technical College System.

For further information about the use and availability of EKU’s Natural Areas for research, education, leisure or educational programming, please call (859) 622-1476 or visit the website, www.naturalareas.eku.edu.

AFFILIATED ACTIVITIES AND RESOURCES

Gulf Coast Research Laboratory

Eastern Kentucky University is affiliated with the Gulf Coast Research Laboratory, Ocean Springs, Mississippi. This affiliation provides undergraduate and graduate students with the opportunity to take courses and conduct research in marine sciences at an established, well equipped laboratory located on the Gulf of Mexico. Students electing to study at Gulf Coast Research Laboratory do not pay out-of-state tuition.

Courses are taught at Gulf Coast Research Laboratory, only during the summer. The Laboratory furnishes the staff for course work and research. Applications for the program and additional information are available in the departments of Biological Sciences, Chemistry, Geosciences, and in the Division of Natural Areas.

Technology Information Center

The College of Science Technology Information Center (TIC) is a Computer Center that offers a wide variety of services to faculty, staff and students. Located in Memorial Science 270, the Center houses a variety of technological equipment including 23 PCs all of which are connected to the Internet and high quality laser printers.

We provide technical assistance to faculty and staff in the areas of computer-related problems, workshops on a wide variety of subjects, and web development. The Center can be reserved by faculty, staff, and graduate assistants for computer-based classes and workshops. The Center is also equipped with a SmartBoard, making it an excellent room for teaching.

PRE-HEALTH PROFESSIONS ADVISING

James Luba, Ph.D.
New Science Building Room 2108
(859) 622-7894

EKU has a number of programs that will help prepare students for professional schools following graduation. These schools generally do not require a specific major, provided that their prerequisite courses are taken. All professional schools are highly competitive in their admissions process. Thus, students should aim for strong GPA and professional school admission test scores. Students are encouraged to seek a major that they feel comfortable with, that they have a strong aptitude for, that is interesting and challenging, and that provides additional career concentrations. Additional information may be found at www.science.eku.edu.

PRE-PHARMACY

It is recommended for students interested in pharmacy to complete a four-year degree with a B.A. (Pre-Pharmacy Concentration) in chemistry. The chemistry pages in this Catalog list the appropriate courses for this concentration. An advisor from the Chemistry Department familiar with the pharmacy admissions process will be assigned. Students interested in pharmacy may major in any subject provided certain pre-requisite courses are taken. While it is possible for students to be admitted to a pharmacy school after just two years of undergraduate training, the competitive nature of these programs suggest students should complete their major in preparation for pharmacy school.

Pharmacy schools differ in their individual requirements, so students should check the web pages of the pharmacy school of their choice, and then determine which courses to take after consulting their pre pharmacy advisor. The application process typically begins in the fall of the senior year. Pharmacy schools require the PCAT and they look for students with leadership potential, a strong sense of empathy, a community and university service record, and extensive experience shadowing pharmacists or working as a pharmacy technician. Admission to pharmacy schools depends on a good balance among each of these areas in addition to strong PCAT scores and a high GPA.

PRE-PHYSICIAN ASSISTANT

Physician assistant professional schools are primarily in university schools of medicine and allied health. Although programs vary in length, most physician assistant programs require 24-28 months to complete. Most programs require applicants to have completed a minimum of three years of college prior to admission and to have had previous health care experience. Most successful applicants to PA programs have earned a bachelor’s degree, and have accumulated a significant number of hours shadowing a Physician Assistant and working with patients in a clinical setting.

Prerequisite course requirements vary from school to school. Students are encouraged to consult with the Center for Pre-Health Professions Advising to determine which physician assistant programs are of interest, and pattern their course work to fulfill...
these specific program requirements.

**Pre-Medical Science**

Students with career interests in allopathic medicine, osteopathic medicine, or podiatry may achieve admission to professional schools by graduating in any major, provided certain prerequisites are met. Typically, 75% of students that enter medical school majored in the physical, natural, or social sciences, with the remaining 25% from other disciplines.

The College of Science offers both the Biomedical Sciences (Pre-Medical Concentration) in Biology and the Bachelor of Art (Pre-Medical Concentration) or Bachelor of Science (Pre-Medical Concentration) degree in Chemistry. Students pursuing degrees in either department will complement their studies with appropriate courses in humanities, social sciences, and communications. Courses in mathematics and physics will also be required. All students interested in these areas are urged to visit the Department pages in this Catalog, or go on-line to find details of these major programs. More information may be found at the EKU pre-professional web page at preprofessional.eku.edu

Students interested in medical school should consult the medical school admission requirements for their schools of interest or those published in the MSAR (Medical School Admissions Requirements) book.

Students in Biomedical Sciences or Chemistry pre-med concentrations are assigned to a pre-medical sciences advisor in their Department. These advisors work closely with each student to help plan programs of study and prepare for the process of gaining admission to the chosen professional school. EKU also has a University Pre-Health Advisory Committee. This committee assists students in their application process and prepares committee letters of evaluation for them. The application process typically lasts over a year, so it is important for students to contact the chair of the University Pre-Health Advisory Committee by the end of their junior year.

Each medical school requires an admission exam, either the MCAT for medical schools or the GRE or MACAT for podiatry schools. These professional schools also look for students with leadership potential, a strong sense of empathy, a community and university service record and, and extensive experience shadowing professionals in these fields. Admission to professional schools is highly competitive and depends on a good balance among each of these areas, in addition to strong MCAT and a high GPA.

**Pre-Dentistry**

Dental schools require the DAT admission exam, and they look for students with leadership potential, a strong sense of empathy, a community and university service record, and extensive experience shadowing dentists. Admission to dental schools is highly competitive and depends on a good balance among each of these areas, in addition to strong DAT scores and a high GPA.

**Pre-Optometry**

Students interested in admission to optometry school may complete any degree program, but typically they major in either Chemistry (B.A., Pre-Optometry concentration) or Biomedical Sciences (Pre-Dental concentration). See the Department pages in this Catalog for details of these programs. Refer to specific optometry school admission requirements for listings of appropriate prerequisite courses. Students in Biomedical Sciences or Chemistry will be assigned an advisor knowledgeable about optometry admissions procedures who will assist them in their application process. This process typically begins in the fall of the senior year. Optometry schools require the OAT exam, and look for students with leadership potential, a strong sense of empathy, a community and university service record, and extensive experience shadowing optometrists.

Admission to optometry schools is highly competitive and depends on a good balance among each of these areas in addition to strong OAT scores and a high GPA.

There are no Kentucky optometry schools, but colleges of optometry at Indiana University at Bloomington, the University of Alabama at Birmingham, and Southern College of Optometry at Memphis, all have contracts with Kentucky for a limited number of spaces for Kentucky residents. Students accepted under this program are exempt from the out-of-state tuition charge at these schools. For residents of Kentucky to be accepted under the Kentucky quota, application must be made directly to one of the contract schools.

**Pre-Veterinary Medicine**

Students who have career interest in veterinary medicine may fulfill admission requirements of specific veterinary schools by pursuing either the Biomedical Sciences major (Pre-Veterinary Medicine concentration) or the Agriculture major (B.S.). See the Department pages in this Catalog for details of these programs. Refer to specific veterinary schools for listings of appropriate prerequisite courses. Students should complement their studies with appropriate courses in humanities, social sciences, communications, and agriculture. Courses in mathematics and physics will also be required.

Students in Biomedical Sciences will be assigned an advisor knowledgeable about veterinary-school admissions procedures who will assist them in their application process. Applications generally must be submitted by October 1st of the senior year. Veterinary schools typically require the GRE, and they look for students with leadership potential, a strong sense of empathy, a community and university service record, and extensive experience shadowing veterinarians. Admission to these schools is highly competitive, more so than admission to medical schools, and depends on a good balance among each of these areas in addition to strong GRE scores and a high GPA. For more information, please refer to preprofessional.eku.edu

No Kentucky institution has a program in veterinary medicine; however, the Commonwealth has contracts to allocate a limited number of places in Auburn University’s College
of Veterinary Medicine and Tuskegee University’s School of Veterinary Medicine to Kentucky residents. Students accepted under this program are exempt from the out-of-state tuition charge at these schools. For residents of Kentucky to be accepted under the Kentucky quota, application must be made directly to one or both of the contract schools.

**BIOMEDICAL/HEALTH-RELATED RESEARCH**

Students with an interest in careers in biomedical/health-related research should consider a B.S. in Biochemistry or a B.S. in Biomedical Sciences (Research concentration). With these B.S. degrees, students may work in academic and industry research laboratories. Some students may choose to earn an advanced degree at either the M.S. or Ph.D. level. Both the Biochemistry major and the Biomedical Sciences major will prepare students for these advanced degrees.

**PRE-ENGINEERING**

There are two pre-engineering curricula offered by the College of Science, described below. Students interested in a particular engineering program should see the pre-engineering advisor in either the Department of Physics and Astronomy or the Department of Chemistry.

**TWO-TWO OPTION**

In the first pre-engineering curriculum, referred to as the Two-Two Option, students spend two years at EKU taking basic science, mathematics, and general-education courses. Students then transfer their credits to the engineering school of their choice. Students can usually complete a degree in engineering after two years of additional course work at the engineering school.

**THREE-TWO OPTION**

In the second curriculum - the Three-Two Option, which is a Dual-Degree program, students spend three years at EKU and then take two years of work in engineering at the University of Kentucky, Auburn University, or another university with an accredited engineering program earning both a baccalaureate degree from EKU in Physics or Chemistry and an engineering degree from the engineering school. The additional year spent at EKU allows students to do more work in a science major, thus improving the breadth of their background.

All students pursuing a Dual-Degree Engineering Program in the Department of Physics and Astronomy should pursue the Engineering Physics Concentration of the Physics B.S. program. Because preferred general education and supporting courses may vary depending upon the partner engineering school, it is essential that students pursuing the Dual-Degree Program in Engineering work closely with their departmental advisors.

**THREE-TWO CURRICULUM**

In addition to standard pre-professional curricula, Eastern Kentucky University may approve specially arranged combined curricula. Students approved for these curricula complete the first three years of requirements at EKU. At the end of these three years, they enroll in one of several highly rated professional schools. After the first year of professional study, they transfer the work back in order to secure a Bachelor of Arts or a Bachelor of Science degree from Eastern Kentucky University. This plan may shorten, by one year, the time needed to obtain both a baccalaureate and a professional degree.

**BIOMEDICAL SCIENCES**

CIP Code: 26.0102

The Biomedical Sciences degree program is a rigorous program designed to prepare students for careers in biomedical research and a wide variety of biomedical professional programs. The Biomedical Sciences degree can be tailored to prepare students for graduate or professional schools, including but not limited to medical, dental, physician assistants, optometry, and veterinary medicine. This degree will prepare students interested in pursuing a broad range of careers, including biotechnology, industrial microbiology, or pharmaceutical sales. The biomedical sciences degree provides students with a curriculum that develops strong creative and critical thinking skills while also providing them with the required and recommended courses for admission to graduate and professional schools.

All students must be admitted to the University by the EKU Admissions Office and declare their major as biomedical sciences (BMS). For admission to the BMS program, a high school graduate must meet the following three criteria:

1. A Math ACT score of 23 (or equivalent SAT) or a “C” or better in MAT 112 or 114
2. An English ACT score of 20 (or equivalent SAT), or a “C” or better in ENG 101

Individuals who are transfer students or wish to change their major must have attained a minimum GPA of 3.00 overall on a minimum of 24 hours attempted. Entering freshmen and transfer students who do not meet the minimum requirements are encouraged to enroll in the general option of the Biology BS Degree program, until qualified to transfer into the program.

**Progression Policy**

The Biomedical Sciences degree program limits the number of major core, concentration, and supporting courses which may be repeated. Students are allowed only one repeat per major course and a total of not more than two repeats in all major courses combined. In addition, a supporting course may be repeated only once.

To remain in the Biomedical Sciences degree program, a student must maintain an overall GPA of 3.0 with a grade of “C”/2.0 or better in each of the supporting and major courses of the curriculum. Students who fail to maintain a 3.0 GPA will be removed from the BMS program and placed in the Biology B.S. program, General Biology Concentration.

**UNIVERSITY GRADUATION REQUIREMENTS**

- General Education ........................................... 36 hours
- Student Success Seminar .......................... 1 hour
  (ASO 100; waived for transfers with 30+ hrs.)
- Wellness ........................................................... 3 hours

**MINOR**

**MINOR IN BIOLOGY**

A student may qualify for a minor in biology by completing 21 semester hours to include BIO 111, 112, 318, 319 and five additional hours selected from those 300 through 500 level courses normally taken for one of the majors in the department.

A Minor in Biology will prepare students pursuing a teaching degree to seek certification to teach Biology at the secondary level. Students pursuing any degree offered by the Department of Biological Sciences may not declare a Minor in Biology. Teacher certification with a minor in biology requires the same 21 semester hours of course work stipulated in the above paragraph.

1 Students are encouraged to pursue a Minor in Entrepreneurship in the School of Business (see page 106 of the Catalog).
Students may apply for admission to the 3+2 program in their junior or senior year. Students are able to complete their B.A. degree and M.S. degree within 5 calendar years because of the accelerated curriculum and because 9 semester hours of 700-level graduate coursework will apply to both the undergraduate B.A. degree and the graduate M.S. degree. Only undergraduate students of proven academic ability will be considered for the program. Entrance requirements for the 3+2 must adhere to the same requirements for the M.S. Chemistry Program in the Graduate Catalog, except entrance examinations (e.g. GRE) are not required for the 3+2 program. Students must fulfill all graduation requirements listed below. Students admitted into the program will remain coded as undergraduate until fulfilling their BA requirements. Students admitted into the 3+2 program must complete the Chemistry BA degree with a minimum 3.0 GPA to be allowed to proceed with graduate program coursework.

Admission Requirements:
Students interested in this option must satisfy all the following conditions:
1. Junior or Senior standing
2. Overall grade point average (GPA) of at least 3.0 at the time of admission to the 3+2 program
3. Approval from department and Graduate School (see the form at http://gradschool.eku.edu/graduate-school-forms)
4. Must maintain an overall undergraduate and graduate grade point average (GPA) of at least 3.0 to continue in the 3+2 program.

Program Requirements
Students in 3+2 Accelerated Dual Degree Option must complete the listed Chemistry (B.A.) program requirements along with the same requirements for the Chemistry M.S. Program (presented in the Graduate Catalog: listing at http://gradschool.eku.edu/graduate-catalog). Nine (9) credit hours of 700-level graduate coursework (CHE 715 and 770) are applicable to the undergraduate degree.

Total Hours University Graduation Requirements ... 40 hours

The B.A. Chemistry degree, Pre-Pharmacy concentration, completes all pre-requisites required for application to pharmacy school. While students may apply for admission to pharmacy school after pursuing this degree for three years, a significant number of applicants elect to remain at EKU and first complete their B.A. Chemistry degree.

Students accepted into pharmacy school after three years as a Chemistry major will have completed 80% of the B.A. Chemistry degree. As such these students, upon completion of pharmacy school, may transfer pharmacy coursework back to EKU, to be used in lieu of outstanding EKU Chemistry course requirements; and thereby complete the BA Chemistry degree. The student’s record will be reviewed for completion by the Registrar, and providing all other University requirements are met, the student will be awarded an EKU B.A. Chemistry degree. Students interested in transferring back pharmacy coursework can enquire by emailing registrar@eku.edu.

   *Students in the B.A. Chemistry 3+2 program are required to take CHE 770(4)
   b. Additional course in chemical/biological science or mathematics ............................................................. 3 hours

II. 800-level Requirements ..................................................... 15 hours
   a. CHE 810(2), 811(2), 880(1), and 1 additional hour from either CHE 811 or 881 ................................. 6 hours
   b. Pick three courses from the following: CHE 822, 830, 850, 860 ......................................................... 9 hours

B. Program Tracks:

   a. Thesis Track: Graduate Research – Written Thesis Required
   - CHE 899(6).

   b. Internship Track: Applied Learning in Chemistry – Written Report Required
   - CHE 839(6), or CHE 839(3); and 3 hours of CHE 700/800 level courses.

   c. Coursework Track ......................................................... 6 hours
      Three (3) hours of CHE 800 level courses and 3 additional hours from CHE 700/800 level courses.

Exit Requirements:

Thesis/Internship Option — A thesis/report based upon the original research/project in the area of the student’s research concentration must be submitted. A final comprehensive oral examination (GRD 858b) in defense of the thesis/report and related coursework is required.

Coursework Option — Candidates must earn a 3.0 GPA (or higher) for all program coursework for the option. In addition, the candidate for the coursework option must pass a final examination (GRD 858c). The committee will decide the format of the examination.

Students accepted to the 3+2 Accelerated Dual Degree Option are able to complete their B.S. degree and M.S. degree within 5 calendar years because of the accelerated curriculum and because 9 semester hours of 700-level graduate coursework will apply to both the undergraduate B.S. degree and the graduate M.S. degree. Only undergraduate students of proven academic ability will be considered for the program. Students should be aware that, in order to maintain their progress in the accelerated 3+2 program, careful coordination with their advisor is required. Depending upon undergraduate progress at the time of 3+2 admission, some summer-school classes may be needed.

Admission Requirements:
Students interested in this option must satisfy all the following conditions:

1. Junior or Senior standing
2. Overall grade point average (GPA) of at least 3.0 at the time of admission to the 3+2 program
3. Approval from department and Graduate School (see the form at http://gradschool.eku.edu/graduate-school-forms)
4. Must maintain an overall undergraduate and graduate grade point average (GPA) of at least 3.0 to continue in the 3+2 option.

Program Requirements
Students in 3+2 Accelerated Dual Degree Option must complete the listed Chemistry (B.S.) program requirements along with the same requirements for the M.S. Chemistry Program (presented in the Graduate Catalog: listing at http://gradschool.eku.edu/graduate-catalog). Nine (9) credit hours of 700-level graduate coursework (Biochemistry, Pre-medical, or Pre-Dental Concentration: CHE 715 and 770 or Chemistry Concentration: CHE 715 and 774/774L) are applicable to the undergraduate degree.

**MINOR IN CHEMISTRY**

A student may minor in chemistry by completing CHE 111, 111L, 112, 112L, 361, and 361L, plus any two additional courses* from the following list: CHE 325 (co-requisite CHE 325L), 362 (co-requisite CHE 362L), 430, 431, 450, 501, 520, 570, and FOR 440.

**TEACHING CERTIFICATION FOR CHEMISTRY MINOR**

Students may seek a minor in chemistry in conjunction with the completion of a teaching certificate**, which will qualify them to teach chemistry at the secondary level. The teaching minor in chemistry must be coupled with a secondary teaching certificate in another discipline. For students with a middle school science concentration, requirements are met. Students enrolled in a teaching program other than science who desire teaching certification in chemistry will be required to take ESE 561.

The minor will be considered an add-on certificate and cannot be recommended until the secondary teaching program is completed and a recommendation for certification has been processed. Appropriate PRAXIS exams must be completed for each area of certification being recommended.

*See Course Descriptions for prerequisite and corequisite requirements.

Program Objectives
The mission of the Bachelor of Science in Computer Science program is to provide students with an education that will prepare them to develop a career in the fields of computer science or computer forensics.

Program Educational Objectives/Goals for General Computer Science Concentration
1. Our graduates will be productive professionals in the computing field.
2. Our graduates will develop professionally through continued formal education and/or professional activities.
3. Our graduates will demonstrate leadership skills at work.
4. Our graduates will contribute to community as computing professionals.

Program Educational Objectives/Goals for Computer Forensics & Security Concentration
1. Our graduates will be productive professionals in the computer forensics field.
2. Our graduates will develop professionally through continued formal education and/or professional activities.
3. Our graduates will demonstrate leadership skills at work.
4. Our graduates will contribute to community as computer forensics professionals.

1CSC 185 will be waived for students with a 25 ACT or 590 SAT. In this case the course will be replaced by three additional hours of free electives.

2Under special circumstances, a student may seek an administrative waiver of the CSC 349 requirement from the Computer Science Curriculum Committee and the department chair. Waiver recipients are required to complete three semester hours of additional course work approved by the Computer Science Curriculum Committee.

3BIO 315 has a prerequisite of BIO 111 or 112.

MINORS

MINOR IN COMPUTER SCIENCE

Minor in Computer Science ............................................. 21 hours
A student may minor in computer science by completing CSC 185, 190, 191, 195, 310, 340, and one of CSC 200, 320, or 545.

MINOR IN INFORMATICS

Minor in Informatics.......................................................... 18 hours
A student may minor in Informatics by completing CSC 104 or CIS 212; CSC 314; CSC 123 or 307; INF 314; one of STA 215, 270*, or QMB 200*; and six additional semester hours from INF 105, 120, 301, 318, CSC 160, 174, 177, 178, 190*, CIS 215, 320, 325, STA 320, or CSC 123 or 307 (if not used above).

*Includes MAT 112 or 114 as a prerequisite

MINOR IN INTERACTIVE MULTIMEDIA
A student may minor in Interactive Multimedia by completing CSC 140, 185, 190, 191, 308, 315 and one of GEO 353, ART 100 or TEC 190.

CERTIFICATE

CERTIFICATE IN PRODUCTIVITY, INNOVATION, AND TECHNOLOGY
Requirements ......................................................................... 12 hours
A student may qualify for a Certificate in Productivity, Innovation & Technology by completing INF 104 or CIS 212; INF 307 or CCT 304S; INF 314; and three additional semester hours from INF 105, 120, 123, 301 or 318.

DEPARTMENT OF GEOSCIENCES

Chair
Dr. Melissa Dieckmann
(859) 622-1273
Roark 103

Faculty

Our programs provide students with a comprehensive understanding of the breadth and depth of the geosciences through field-based and experiential curricula, innovative teaching methods, applied research, and community outreach focused on the needs of southeastern Kentucky. The Department of Geosciences is committed to enabling our students to achieve their full potential as skilled professionals in a diverse range of companies and governmental organizations, and as effective teachers, community leaders, and educated global citizens. Our programs produce students who are informed users of a range of technologies, responsible stewards of our natural resources, lifelong learners, and active participants in a global society.

Bachelor of Arts in Geography

Geography is a wide-ranging academic discipline that strives to understand and interpret spatial patterns and relationships, and apply that information to address local and global issues. Geography as a discipline integrates knowledge and skills in three major areas - the natural world, human and social interactions, and spatial and statistical techniques – to gain a holistic perspective on the world around us and humanity’s interaction with and impact on the natural world.

Students in the Geography program will gain geographic knowledge and skills through a comprehensive, innovative and modern curriculum that allows for all types of intellectual exploration and opportunities for all students to develop professionally through applied research that they disseminate to the geographic community and active participation in professional organizations’ annual conferences.

A bachelor’s degree in geography provides marketable skills and the broad perspectives on environment and society that enable graduates to move beyond entry-level positions in a variety of settings and careers. Geography also provides a sound foundation for students who plan to enter graduate work in a variety of fields, from geography to other social and natural sciences, law, government, and medicine.

Bachelor of Science in Geology

Geology is the study of Earth; we study the processes, behavior and materials of Earth, its water and its atmosphere both in recent times and in the geologic past. Through understanding how Earth formed, how it changed over billions of years, and how it continues to function today, we can look forward in time to predict how natural processes and human actions will interact to impact Earth in the future. Knowledge of geological concepts and processes helps scientists, politicians, and business professionals make decisions about the use of Earth’s natural resources, protection of humans against natural disasters, and wise stewardship of our environment.

For students wishing to enter the professional world
immediately upon graduation, the Professional Concentration prepares our students to become competent professionals with the requisite knowledge and skills necessary to successfully pass the initial certification exam to eventually obtain their Professional Geologist designation. Students will have the opportunity to gain knowledge and skills in each of the eight areas of professional geology and geotechniques, as well as develop critical research skills through a senior thesis or field camp experience.

Students in the Academic Concentration will gain the foundational knowledge and skills in geology, mathematics and natural sciences necessary to be successful in graduate school, as well as to explore potential areas of geologic specialization through independent research or a field camp experience and elective courses.

### MINORS

#### Minor in Earth Science/Teaching
A student may minor in earth science (teaching) by completing a minimum of 21 semester hours as follows: GLY 104, 108, 109; GEO 315; AST 135; and any two from the following: GLY 303, 309, 351, 408, 410, 415, 420, and 550; or approved electives from astronomy or geography. The teaching minor in earth science must be coupled with a teaching major in biology, chemistry, computer science/mathematics, mathematics, or physics.

#### Minor in Geography
A student may minor in Geography by completing a minimum of 18 semester hours as follows: GEO 200, 210, 220, and nine hours of upper-division geography electives.

#### Concentrations

### Geographic Information Systems Concentration in the Associate of General Studies Degree
Certificate in Geographic Information Systems

Introductory Geoscience Laboratory Requirement...3 hours
Select from GEO 110, GEO 210, GLY 102, GLY 104, GLY 107, GLY 108, or GLY 109.

Core Requirements........................................9 hours
GEO 353, GEO 456, and GEO 453.

Electives.....................................................12 hours
Select from: GEO 351, GEO 455, GEO 458, GEO 501, GEO 398 or GEO 495 or GEO 498 or GLY 499 (if topic is appropriate), GLY 351, AEM 195, CON 221, STA 215 or 270 or 500, CSC 160 or 174 or 177, CSC 190.

DEPARTMENT OF MATHEMATICS AND STATISTICS

Chair
Dr. Daniel Mundfrom
(859) 622-5942
Wallace 312

Faculty

The Department of Mathematics and Statistics offers degrees and minors in these disciplines, as well as providing developmental, college readiness, and general education mathematics and statistics courses. Developmental mathematics courses are taught in one-credit-hour modules, and students are allowed to attempt to pass modules multiple times within the same semester. However, students should be aware that any student who does not pass MAT 095 Module A after four attempts (four blocks) may be required to take MAT 090 (Modules A, B, and C) before attempting MAT 095 again.

BACALOAREATE DEGREES

BACHELOR OF SCIENCE (B.S.)
MATHEMATICS
CIP Code: 27.0101

Program Objectives

Upon successful completion of this program, the graduate will: (1) be able to apply mathematical techniques to social, economic, and scientific problems; (2) understand the importance and power of mathematics in our rapidly changing technological age; (3) be prepared to pursue a graduate program in this or a related area; and (4) be well qualified for employment in any position requiring undergraduate training in mathematics.

UNIVERSITY GRADUATION REQUIREMENTS

- General Education........................................36 hours
- Student Success Seminar (ASO 100; waived for transfers with 30+ hrs.)...........................................1 hour
- Wellness ....................................................3 hours
- Writing Intensive Course (Hrs. incorporated into Major/Supporting/Gen Ed/Free Electives category)
- Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)
- ACCT – Mathematics majors will fulfill ACCT requirements with any of the following: a 349 Co-op experience in any subject area, a program-approved service-learning course, a program-approved undergraduate scholarly or creative activity, HON 420 with a program-approved thesis topic, a program-approved leadership experience, or a program-approved study abroad experience. (Credit hours may be incorporated into Major or Supporting Course requirements.)

MAJOR REQUIREMENTS

Core Courses ..............................................40 hours
a. MAT 234(4) or 234H(4); MAT 239; MAT 244(4) or 244H(4); MAT 254(4) or 254H(4); MAT 301, 308, and 315; MAT 408 or 415; MAT 498(1).
b. One additional MAT course chosen from 408, 415, or any course numbered 505 or above (507 only with departmental approval)
c. Select nine hours from CSC 300, 320, any MAT course numbered 300 or above (except for 303, 349, 501, and 502), or any STA course numbered 300 or above (except for 349, 500, and 503). No more than six hours of STA courses may be used to fulfill this requirement.
d. At least five upper division courses which satisfy the major requirements must be completed at EKU.
e. Only courses completed with a grade of at least “C” will count toward the major requirements.

Supporting Course Requirements..................3 hours
CSC 160, 177, or 190; STA 270 (G Element 2).

Free Electives ...........................................37 hours
Students planning to attend a graduate school in mathematics are strongly encouraged to select an in-depth study of a single foreign language as a part of their program.

ACCELERATED 3+2 DUAL DEGREE PROGRAM

CIP Code: 27.0101

Students accepted to the 3+2 Accelerated Dual Degree Option are able to complete their BA degree and MS degree within 5 calendar years because of the accelerated curriculum; nine semester hours of graduate coursework will apply to both the undergraduate BS degree and the graduate MS degree. Only undergraduate students of proven academic ability will be considered for the program. Students should be aware that, in order to maintain their progress in the accelerated 3+2 program, careful coordination with their advisor is required. Depending upon undergraduate progress at the time of 3+2 admission, some summer school classes may be needed.

Admission Requirements for the 3 + 2 Program:
Students interested in this program must satisfy all the following conditions:
1. Have Junior or Senior standing
2. Have an overall grade point average (GPA) of at least 3.0 at the time of admission to the 3+2 program
3. Be approved by both the Department of Mathematics and Statistics and the Graduate School (see the 3+2 Enrollment Approval Form at http://gradschool.eku.edu/graduate-school-forms)
4. Maintain an overall undergraduate and graduate GPA of at least 3.0 to continue each semester with 3+2 coursework
5. Have a cumulative undergraduate and graduate GPA of at least 3.0 to be allowed to move into graduate student status after earning the B.S. Mathematics degree

Program Requirements
Students in the 3+2 Accelerated Dual Degree Option must complete the Mathematics (B.S.) program requirements listed below, with at least a 3.0 GPA, and must apply and be approved to graduate with that degree before being admitted as a graduate student and allowed to proceed to the M.S. in Mathematical Sciences Program. Nine credit hours of graduate coursework (STA 720, MAT 809, and MAT 815) will be applicable to the undergraduate degree.

M.S. MATHEMATICAL SCIENCES PROGRAM REQUIREMENTS
Core Requirement......................................................... 15 hours
MAT 809, 810, 815, 850, and three hours from MAT 720, 755, 760, or STA 720. No course may be counted under both core requirements and concentration requirements.

Exit Requirement
GRD 857 or MAT 899

General Program
Electives¹ .................................................................. 15 hours
Fifteen hours of advisor-approved electives selected from 700- or 800-level courses with MAE, MAT, STA, or CSC prefixes.

Concentration in Mathematics
Concentration Requirements...................................... 9 hours
Nine hours of 700- or 800-level courses with MAT prefixes. Only three hours of MAT 880 may count toward fulfilling the concentration requirements.

Electives¹ .................................................................. 6 hours
Six hours of advisor-approved electives selected from 700- or 800-level courses with MAE, MAT, STA, or CSC prefixes.

Concentration in Computer Science
Concentration Requirements...................................... 12 hours
CSC 730, 831, and six hours from CSC 720, 744, 745, 746, 747, 748, 750, 815, 825, 833, 834, 842, or 880. Only three hours of CSC 880 may count toward fulfilling the concentration requirements.

Electives¹ .................................................................. 3 hours
Three hours of advisor-approved electives selected from 700- or 800-level courses with MAE, MAT, STA, or CSC prefixes.

Concentration in Statistics
Concentration Requirements...................................... 12 hours
Twelve hours from STA 707, 720, 721, 770, 775, 785, 835, 840, or 880. Only three hours of STA 880 may count toward fulfilling the concentration requirement.

Electives¹ .................................................................. 3 hours
Three hours of advisor-approved electives selected from 700- or 800-level courses with MAE, MAT, STA, or CSC prefixes.

¹No student in any concentration can apply more than 12 hours of CSC or 12 hours of STA credits toward the M.S. degree. Each student must apply 15 or more hours of MAT credits, at least 12
of which are from 800-level courses, toward the M.S. degree. Electives may include 3-6 hours of MAT 899 (Thesis).

IV. EXIT REQUIREMENTS
Comprehensive Examination or Thesis—Each student is required to pass a written examination (GRD 857h) covering the various components of the candidate’s program or to complete 3-6 hours of MAT 899 (Thesis). A student who elects to submit a thesis for partial fulfillment of the requirements of the Master of Science in Mathematical Sciences must prepare it in conformity with the regulations approved by the Graduate Council and the Department of Mathematics and Statistics. Detailed information concerning the preparation and submission of the thesis may be obtained from the program coordinator.

Each student must apply 15 or more hours from 800-level courses toward the M.S. degree.

TOTAL HOURS TO COMPLETE M.S. DEGREE …30 hours

Program Objectives
Upon successful completion of this program, the graduate will be prepared for certification to teach mathematics at the secondary level and will: (1) understand the principles of pre-college mathematics; (2) be able to explain mathematical concepts and applications to social, economic, and scientific problems; (3) understand the importance and power of mathematics in our rapidly changing technological age; and (4) be prepared to pursue a graduate program in this or some related area.

Refer to the College of Education section of this Catalog regarding several teacher certification requirements associated with this degree program.

MINORS

MINOR IN ACTUARIAL SCIENCE
A student may minor in actuarial science by completing 21 hours as follows: MAT 234(4) or 234H(4); MAT 244(4) or 244H(4); MAT 520 or STA 520; STA 270, 320, 370, and 385(1).

MINOR IN MATHEMATICAL SCIENCES
A student may minor in mathematical sciences by completing 20 hours as follows: six hours from CSC 160, 190, or 191; MAT 234(4) or 234H(4); MAT 244(4) or 244H(4); and six hours from STA 270, 320, 370, 380, 500, or 575.

MINOR IN MATHEMATICS
A student may minor in mathematics by completing 18 hours as follows: MAT 234(4) or 234H(4); MAT 244(4) or 244H(4); and ten hours from MAT 239, 254(4), 254H(4), STA 370, 520, or any MAT course numbered 300 or above (except for MAT 303, 349, and 480). Only one of MAT 520, STA 370, and STA 520 may count toward the minor. MAT 480 may be approved to count toward the minor depending on the topic chosen.

MINOR IN MATHEMATICS/TEACHING
A student may minor in mathematics teaching by completing 20 hours as follows: MAT 234(4) or 234H(4); MAT 239; MAT 244(4) or 244H(4); MAT 301, 334, and STA 270. All courses must be completed with a grade of at least “C” and the GPA in the courses used for the minor must be at least 2.75. The teaching minor in mathematics must be coupled with a secondary teaching major in another discipline.

MINOR IN STATISTICS
A student may minor in statistics by completing 18 hours as follows: STA 215 or 270; STA 320, and at least 6 hours from other STA courses (except for 349, 500, or 503). The remaining 6 hours can be selected from additional STA courses (except for 349, 500, or 503); a maximum of 3 hours of CSC courses (except for 123, 140, 307, or 349); or any calculus courses with MAT prefixes, but no more than one course from MAT 234(4), 234H(4), or 211. Only one of STA 215 or 270 can count toward the minor.

chosen engineering school.

Total Curriculum Requirements ........................... 60 hours
* A preparatory course (MAT 122) in mathematics may be
required before admission to MAT 234.

MINORS

MINOR IN PHYSICS
A student may complete a minor in physics by taking PHY
201, 202, and a minimum of eight additional hours of physics
300-level or above for a total of 18 hours. PHY 131 may be
substituted for PHY 201, and PHY 132 may be substituted for PHY
MINOR IN PHYSICS/TEACHING

A student may complete a teaching minor in physics by taking PHY 201 and 202 plus eleven additional hours in PHY or AST numbered 300 or above. PHY 131 may be substituted for PHY 201 and PHY 132 may be substituted for PHY 202. The teaching minor in physics must be coupled with a teaching major in biology, chemistry, computer science/mathematics, earth science, or mathematics.

### COURSE DESCRIPTIONS

The semester hours which may be earned by successful completion of a course are indicated in parentheses immediately following the course title, e.g., (3).

A course is offered during the semester indicated by the term-offering designation immediately following the credit hours earned:
- I — Fall Semester
- II — Spring Semester
- A — By Announcement

A course is offered during the indicated semester or by announcement on the assumption there will be adequate enrollment. If a course does not obtain adequate enrollment, it is subject to cancellation. The University reserves the right to cancel any course if the enrollment is not sufficient, to divide a course if the enrollment is too large for efficient instruction, and to change instructors when necessary.

The description of the course format for courses which include a laboratory experience is found at the end of the course description. A course which consists of three hours of classroom lecture and two hours of laboratory per week is described as "3 Lec/2 Lab."

Courses approved for general education are noted as such by the phrase “Gen. Ed.” and an element and number designation following the course description. Example: Gen. Ed. E-6 indicates a course which fulfills a requirement in General Education Element-6: Diversity of Perspectives and Experiences. Letters in brackets [ ] designate Kentucky statewide General Education core coding. See General Education Requirements in Section Four.

### COOPERATIVE EDUCATION/INTERNSHIP (APPLIED LEARNING)

XXX — 349 Applied Learning

XXX — 349 A-N Cooperative Education

Students may register for additional hours of applied learning and cooperative education beyond those specified in each course description. However, courses students are taking will then fall into a repeat cycle where the last course taken replaces the former course so that no more than the limit noted may be counted toward a degree program, minor, or certificate.
ACC—Accounting

Dr. Oliver Felts, Chair

Introduction to Financial Accounting. (3) I, II. Prerequisite: STA 215 or 270 or MAT 105 or higher. A user’s approach to understanding financial accounting and reporting, emphasizing how creditors, investors, and others use accounting information to make decisions and why financial accounting information is important to these users.

ACC 202 Introduction to Managerial Accounting. (3) I, II. Prerequisite: ACC 201 with a grade of “C” or better. A study of the objectives, preparation and use of managerial accounting information primarily from a user perspective. Emphasis on measurement, allocation, and reporting of costs to identify and solve business problems.

Introduction to Accounting Information Systems. (3) I, II. (Formerly ACC 350.) Prerequisite: ACC 201 with a grade of “C” or better. An introduction to manual and computer-based accounting information systems. Topics include business processes, transaction cycles, and computerized accounting software. The course stresses problem solving and computer application skills.

ACC 301 Intermediate Accounting I. (3) I, II. Prerequisite: ACC 301 with a grade of “C” or better. Capital stock, financial statement analysis, statement of cash flows, lease and pension accounting, accounting changes, and current and long-term liabilities, acquisitions, use and retirement of plant and equipment.

ACC 302 Intermediate Accounting II. (3) I, II. Prerequisite: ACC 301 with a grade of “C” or better. Income tax legislation-Federal and State; returns for individuals; gross income; basis and determination of gain or loss; capital gains and losses; dividends, deductions; withholding. Credit will not be awarded for both ACC 302 and ACC 322S.

ACC 322 Tax I. (3) I, II. Prerequisite: ACC 201 with a grade of “C” or better and junior standing. Income tax legislation-Federal and State; returns for individuals; gross income; basis and determination of gain or loss; capital gains and losses; dividends, deductions; withholding – using a service learning approach. Credit will not be awarded for both ACC 322 and ACC 322S.

ACC 322S Tax I. (3) I, II. Prerequisite: ACC 201 with a grade of “C” or better and junior standing. Income tax legislation-Federal and State; returns for individuals; gross income; basis and determination of gain or loss; capital gains and losses; dividends, deductions; withholding – using a service learning approach. ACC 490 Independent Study. (1-3) A. Prerequisite: ACC major with senior standing. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

ACC 501 International Accounting and Combinations. (3) II. Prerequisite: ACC 302 with a minimum grade of “C”. Corporate combinations including consolidated balance sheets and income statements and special problems with consolidations. International topics: standards, foreign exchange transactions and translation of financial statements of foreign subsidiaries.

ACC 521 Fund Accounting. (3) I. Prerequisite: ACC 302 with a minimum grade of “C”. Advanced study in accounting and fiscal procedures for institutions and for federal, state, and local governments.

ACC 523 Taxation of Corporations. (3) A. Prerequisite: ACC 322 with a minimum grade of “C”. Federal income tax report preparation with emphasis on partnership and corporate returns; estate and trusts; gift and estate taxes; special problems in preparation of tax returns.

ACC 525 Forensic Accounting. (3) A. Prerequisites: ACC 301 and 322 or 322S and GBP 204 with a grade of “C” or better. A study of investigating accounting procedures and techniques used in litigation support. Topics to be covered include financial reporting fraud, employee fraud, income reconstruction methods, testifying as an expert witness, evidence management, cybercrime, computer forensic accounting and the use of managed network accounting information. Credit will not be awarded for both ACC 525 and ACC 727.

ACC 527 Advanced Management Accounting Seminar. (3) II. Cross-listed as ACC 727. Prerequisites: ACC 302, ACC 327, AEM 202, and FIN 300 with a grade of “C” or better in each course. Addresses financial, nonfinancial, and ethical dimensions of decision-making related to planning, control, and reporting. Course content goes beyond creation and accumulation of information, emphasizing appropriate reporting, interpretation, and use of managerial accounting information.

ACC 590 Special Topics in Accounting. (1-3) A. Prerequisites: Departmental Approval. For special topics related to the field of Accounting beyond the scope of regularly offered courses. May be taken to a maximum of 6 hours provided subject to topics vary.

ADM—Apparel Design and Merchandising

Dr. Dana Bush, Chair

ADM 102 Introductory Apparel Production. (4) I, II. Basic principles of apparel production; selection, alteration, and fitting of commercial patterns.

ADM 119 Introduction to Apparel Design and Merchandising. (3) I. An introductory study of apparel and textile producers, designers, merchandisers, retailers, consumer characteristics, consumer behavior, and ethical issues. Elements of the industry and consumers are examined. Exploration of career opportunities.

ADM 201 Introduction to Textiles. (3) I, II. Introduction to fibers, yarns, fabrics, colorations, and finishes. Emphasis on textile standards and specifications. 2 Lec/2 Lab.

ADM 203 Pattern Alteration and Fitting. (3) II. Prerequisite: ADM 102. A basic study of pattern alteration and fitting using commercial patterns.

ADM 210 Dress, Appearance and Culture. (3) A. Prerequisites: CDF 132 and PSY 200. Social, cultural, and psychological factors which influence beliefs, attitudes and choices regarding appearance and dress of individuals and groups.

ADM 222 Fashion Illustration. (3) A. Methods and materials for clothing illustration, including sketching of the elongated fashion figure and computer-aided-design. Illustration, color and fabric rendering of original designs and clothing lines.

ADM 300 Apparel and Textile Sourcing. (3) I. Prerequisites: ADM 119, 201, and ECO 230. Study of domestic and international materials, manufacturers, and sourcing of clothing textiles. Examines topics related to textile/apparel production, manufacturing, import/export, retailing and consumption.

ADM 302 Textile Evaluation and Specification. (3) II. Prerequisite: ADM 201. Performance evaluation of textiles. Examination and development of textile standards and specifications. 2 Lec/2 Lab.

ADM 310 Historical Costume and the Social Order. (3) I. Cross-listed as WGS 310. Prerequisite: ADM 102 or 201. History of dress from ancient Egypt through the 20th century. Factors which influence the style of dress are studied and relationship between costume of the past and current modes. Credit will not be awarded for both ADM 310 and WGS 310.

ADM 312 Flat Pattern Draping Design. (3) A. Prerequisites: ADM 102 or department approval. Development of apparel designs through flat pattern and draping techniques.

ADM 313 Apparel Design and Quality. (3) II. A study of apparel selection including terminology, sizing of ready-to-wear, factors influencing quality levels of sewn products, and principles of design and aesthetics of dress.

ADM 319 Apparel Merchandising. (3) A. Prerequisites: ADM 119 and ECO 230. The merchandising of apparel, including merchandise control, buying procedures, vendors, vendor relations, planning assortments and budgets for basic and fashion categories. Practice in merchandise mathematics.

ADM 339 Visual Merchandising. (3) I. Prerequisite: junior standing or department approval. Principles and techniques used in the display of fashion merchandise and their application in planning and actual display of fashion goods for store windows and interiors.

ADM 349 Applied Learning in Apparel. (5-8) A. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester. Total hours: eight, associate; sixteen, baccalaureate. Minimum of 80 hours work required for each academic credit.

ADM 349 A-N Cooperative Study. (5-8) A. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester. Total hours: eight, associate; sixteen, baccalaureate. Minimum of 80 hours work required for each academic credit.

ADM 411 Advanced Apparel Production. (3) A. Prerequisites: ADM 102 or department approval. Tailoring and other advanced apparel production techniques. Exploration of appropriate production techniques for specialty fabrics.

ADM 412 Advanced Apparel Design. (3) A. Prerequisites: ADM 201 and 312 or department approval. Solving design problems through fabric selection, patternmaking techniques, and apparel production methods. Presentation of design concepts in a portfolio.

ADM 413 Apparel Product Development. (3) II. Prerequisites: ADM 102, 210, 306, 313, 349. Problem solving and the development of sewn products and services in the apparel industry.

ADM 414 Apparel Design and Merchandising Practicum. (6) A. Prerequisites: ADM 312 or 319, 413 and 2 cumulative GPA. Supervised study in apparel design and/or merchandising in manufacturing, design, retail or wholesale firms.

ADM 419 Special Problems in ADM. (1-3) A. Prerequisites: 3.0 GPA and department approval. The student selects a problem and works under the supervision of the instructor. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May
AEM 356 Introduction to Materials Inquiry. (3) A. Cross listed as EME 356. Prerequisites: EDF 219 (formerly EDF 319) or EDF 219W and admission to professional education. Pre/Corequisites: EDF 413, ESD 402. Corequisite: AEM 361 and CED 350. Developmentally appropriate materials and methods for teaching art in the secondary schools grades P-12. Minimum of 40 field/clinical hours. Credit will not be awarded to students who have credit for ESE 540.

AEM 561 Materials Inquiry in Art Education. (3) A. Aesthetic, ethical, and social considerations of materials. Diversified inquiry into art materials and processes in the elementary and secondary schools. Maximum number of repeatable hours: 6.

AEM—Applied Engineering Management

Dr. Dennis Field, Coordinator

AEM 195 Computer Aided Drafting. (3) I, II. An introductory course in freehand sketching and computer-aided drafting/design. Students will be taught basic CAD commands, tools, multi-view drawings and dimensioning techniques. 2 Lec/2 Lab.

AEM 201 Metallic Material Processes. (3) I, II. Introduction to manufacturing processes involving metallic materials. Families of processes covered are casting, molding, forming, separating, conditioning, assembling, and finishing. 2 Lec/2 Lab.

AEM 202 Introduction to Quality. (3) I, II. Prerequisite: MAT 114 or higher mathematics, and STA 215 or STA 270. Examination of lean principles, such as value mapping, continuous flow, continuous improvement, determination of customer demand, and standard work. Concepts and implementation of pull, line balancing, lean accounting, FMEA, time studies, and total productive maintenance.

AEM 310 Computer Communications in Industry. (3) I. Prerequisites: ENG 102 and TEC 161. A conceptual approach to computer aided communication systems typically applied in industrial environments. Emphasis will be placed on utilizing computer technology to integrate text and graphics in the preparation of documentation materials. Credit will not be awarded for both AEM 310 and AEM 310W.

AEM 310W Computer Communications in Industry. (3) I. Prerequisite: AFA— African/African-American Studies 105(B) or HON 102, TEC 161. An approach to computer aided written communication typically applied in the industrial environment. Emphasis will be placed on utilizing computer technology to integrate text and graphics in the preparation of documents and presentation materials. Credit will not be awarded for both AEM 310W and AEM 310.

AEM 320 Warehousing and Material Handling. (3) A. Pre/Corequisites: AEM 202 and 308. A laboratory oriented course that examines basic warehouse layout configurations, material flow, an a critical evaluation of the application of computers to control material flow, plus the use of computer simulation to analyze various scheduling, picking and material tracking. 2 Lec/2 Lab.

AEM 330 Materials Testing and Metrology. (3) A. Prerequisites: AEM 195, 201, and MAT 120. A study of geometric dimensioning and tolerancing as used in detail working drawings. Includes GD&T principles, standards, equipment, and techniques of precision electronic, mechanical measurement, and material testing. 2 Lec/2 Lab.

AEM 332 Process Control and Auditing. (3) A. Prerequisite: AEM 202. An advanced study of the Statistical Process Control methods and procedures in industry, and auditing as a method of evaluating the documentation, implementation, and effectiveness of a Quality System. 2 Lec/2 Lab.

AEM 336 Reliability and Sampling. (3, A. Prerequisite: AEM 202. An overview of reliability, testing, and sampling theories. Topics include component and system reliability, product safety, sampling plans, control charts, and standards.

AEM 338 Engineered Materials Testing. (4) A. Prerequisites: AEM 201, MAT 120, and TEC 190. Structure, composition, properties, tolerances, standards, and common applications of engineered materials. Use of GD&T and techniques for precision electronic and mechanical measurement and testing. 2 Lec/2 Lab.

AEM 349 Applied Learning in Industrial Technology. (5-8) I, II. Prerequisite: departmental approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate, sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit. 2 Lec/2 Lab.

AEM 352 Automated Technology Devices. (3) A. Prerequisite: ETE 251. The electronic hardware used in computer integrated manufacturing. Topics include PLCs, interfacing devices, sensors, data entry and bar coding, motors, ADCs, and DACs. 2 Lec/2 Lab.

AEM 371 Hydraulics and Pneumatics. (3) II. Principles of the operation, construction, control, and application of hydraulic and pneumatic components and circuits. The study of control applications includes manual, mechanical, fluid, electrical, and computer controlled fluid circuits. 2 Lec/2 Lab.

AEM 382 Advanced Material Processing. (3) A. Prerequisites: AEM 201 and 301. A laboratory course involving advanced material processing which includes project planning and management, machining, welding, precision layout, and measuring. Students will design and fabricate projects that include two-part mold designs, CNC machining, and multi-process welding. 2 Lec/2 Lab.

AEM 383 CAD/CAM Integration. (3) A. Prerequisites: AEM 201. The use of computer aided design software to link database created with computer aided design software to computer numerical controlled machine tools. 2 Lec/2 Lab.

AEM 390 3-D Parametric Solid Modeling. (3) A. Prerequisite: AEM 195. A study of advanced topics in three-dimensional computer aided design. The content will include advanced modeling and rendering. 2 Lec/2 Lab.

AEM 392 Computer Aided Machine Drawing. (3) I. Prerequisite: AEM 195. Computer generated detail and assembly drawings. Topics include threads and fasteners, gearing and cams, and dimensioning and tolerancing. 2 Lec/2 Lab.

AEM 395 Special topics in AEM—. (2-3) Prerequisite: AEM 202, Departmental approval, junior or higher standing. Explores emerging technologies in the area of applied engineering. May be repeated up to a maximum of 9 hours provided subject matter different each time.

AEM 397 Advanced Machine Drawing. (3) A. Prerequisites: AEM 390 and 392. Advanced machine drawing applications to include detail and assembly drawings, threads and fasteners, gearing and cams. Emphasis on shape description.

AEM 406 Integrated Materials Mgmt. (3) I, II. Prerequisite: AEM 202. A senior course which examines consumer demand characteristics, product bill of materials, establishing sales and operations plans, planning and controlling inventory in the supply chain.

AEM 408 Human Resource Development. (3) I, II. Topics in human relations and production management. To be scheduled the semester before graduation.

AEM 467 Comprehensive Exam for BS in AEM (8) A. Prerequisite: Consent of Advisor. Registration is required of all Applied Engineering Management BS majors during their last semester. A comprehensive assessment exam is required.

AEM 499 Senior Capstone Project. (3) II. Prerequisite: AEM 310, 352, 407, and Senior Standing. A synthesis experience involving the application of theoretical and practical knowledge in solving a realistic industrial problem. Emphasis is placed upon project setup, solution, justification, report and presentation. 2 Lec/2 Lab.

AEM 506 Six Sigma Quality. (3) A. Prerequisite: AEM 202. A study of six sigma methodology and current practices with an emphasis on key quality drivers and statistical methods for world-class products and companies.

AEM 530 Design of Experiments. (3) A. Prerequisite: AEM 202. Principles and practices of efficient experiment design for industry. Topics include the philosophy of experiment design, comparison of various designs, hypothesis testing, and the analysis of data.

AFA— African/African-American Studies

Dr. Sara Zeigler, Dean

AFA 200 Musical Languages (3) I, II. Cross-listed as EMS 200. Prerequisite: ENG 102, 105(B) or HON 102. An exploration of the diversity of Sub-Saharan Africa through an immersion in pre-Colonial children’s songs and games. The course aims at developing a deeper understanding and sensitivity to music in Africa. Credit will not be awarded for both EMS 200 and AFA 200. Gen. Ed. E-6.

AFA 201 The African Experience. (3) A. Introduces students to the historical, socio-economic,
Section Seven - Course Descriptions

cultural, and political experiences of African people in Africa and Diaspora. It fulfills a core requirement for African-American Studies. Credit will not be awarded for both AFA 201 and 201W. Gen. Ed. E-3B and E-6 [AH][GE].

AFA 201W The African Experience. (3) Prerequisite: ENG 102, or ENG 105(B), or HON 102(B). Introduction to the historical, socio-economic, cultural, and political experiences of African people in Africa and the Diaspora. It fulfills a core requirement for African-American Studies. Credit will not be awarded for both AFA 201W and 201. Gen. Ed. E-3B and E-6[AH][GE].

AFA 202 The African-American Experience. (3) A. An overview of the historical, social, political, economic, and cultural factors that have helped shape the experiences of African Americans in the United States. It fulfills a core requirement for African-American Studies. Credit will not be awarded for both AFA 202 and 202W. Gen. Ed. E-6 [GE].

AFA 202W The African-American Experience. (3) Prerequisite: ENG 102, or ENG 105(B), or HON 102(B). An overview of the historical, social, political, economic, and cultural factors that have helped shape the experiences of African Americans in the United States. It fulfills a core requirement for African-American Studies. Credit will not be awarded for both AFA 202W and 202. Gen. Ed. E-6 [GE].

AFA 225 African/African-American Health Issues. (3) A. Cross-listed as EHS 225. Provides the student with a broad understanding of the medical and public health issues relevant to the maintenance of health conditions both in the United States and Africa. Credit will not be awarded for both AFA 225 and EHS 225.

AFA 247 AFA Special Topics. (3) A. Specialized study of selected topics not available in traditional course offerings. Course designed for lower-division students. May be retaken with different topics to a maximum of six hours.

AFA 300 AFA I. Slavery in the Americas. (3) A. Cross-listed as HIS 304. The history of slavery, bound labor, and freedom in the Western Hemisphere. Special attention will be given to anti-slavery and abolitionist movements. Credit will not be awarded for both AFA 300 and HIS 304.

AFA 305 African American History. (3) A. Cross-listed as HIS 305. African history to 1500: Europe, Africa, and the Americas; trans-Atlantic and domestic slave trades; American slavery; emancipation; post-emancipation experiences and initiatives; persistence of black nationalism. Credit will not be awarded for both AFA 305 and HIS 305.

AFA 330 U.S. South and Black Education (3). A. Cross-listed as CE 330. This course introduces the major themes of Black populations pursuing educational opportunities in Southern States in the U.S. Students will acquire knowledge about historical events, people and policies shaping the evolution of Blacks in education. Credit will not be awarded for both AFA 330 and EDF 330.

AFA 345 AFA Minority Group Politics. (3) A. Cross-listed as POL 345. Examination and comparison of various theories, strategies, forms of participation, leadership styles, and concepts (e.g. Black Power) of minority group politics. Credit will not be awarded for both AFA 345 and POL 345. Gen. Ed. VIII.

AFA 346 Diversity and Criminal Justice. (3) A. Cross-listed as CRJ 345. Contemporary race, gender, and other diversity issues and their relevance to criminal offenders, crime victims, and the criminal justice system. Includes such issues as the civil rights and women’s movements, and equal opportunity. Credit will not be awarded for both AFA 346 and CRJ 345.

AFA 347 Special Topics in AFA Studies. (3) A. Specialized study of selected topics not available in traditional course offerings. May be retaken with different topics to a maximum of six hours.

AFA 349 Applied Learning in AFA Studies. (3-5) A. Work in a cooperative placement related to student’s academic studies. May earn a maximum of three hours. A minimum of 80 hours work required for each semester hour credit.

AFA 349 A AFA Cooperative Study: AFA Studies. (5-3) A. Work in a cooperative placement related to student’s academic studies. May earn a maximum of three hours. A minimum of 80 hours work required for each semester hour credit.

AFA 356 African American Political Thought. (3) Cross-listed as POL 356. Prerequisite: ENG 102, 105(B), or HON 102. Cross-listed as ENG 360. Survey of the genres and components of African literature, oral and written; study of how key concepts in African thought, culture and experiences are reflected in the literatures composed by writers from Africa or of African origin. Credit will not be awarded for both AFA 356 and 360. Gen. Ed. E-6 [GE].

AFA 360 Literature of Africa. (3) Prerequisite: ENG 102, 105(B), or HON 102. Cross-listed as ENG 360. Survey of the genres and components of African literature, oral and written; study of how key concepts in African thought, culture and experiences are reflected in the literatures composed by writers from Africa or of African origin. Credit will not be awarded for both AFA 360 and 360. Gen. Ed. E-6 [GE].

AFA 361 African American Literature. (3) A. Cross-listed as ENG 361. Survey of selected works of African-American literary traditions. Credit will not be awarded for both AFA 361 and ENG 361. Gen. Ed. E-6 [GE].

AFA 367 African Caribbean Literatures. (3) Prerequisite: ENG 102 or 105(B) or HON 102. Cross-listed as ENG 367. A study of selected literatures written by Caribbean peoples of African descent. Credit will not be awarded for both AFA 367 and ENG 367. Gen. Ed. E-6 [GE].

AFA 378 Black Women in History. (3) A. Cross-listed as WGS 378. A consideration of the lives of African-American women from slavery to the present with emphasis on the impact of race, gender, and class issues on their multi-faceted faces as women in America. Credit will not be awarded for both AFA 378 and WGS 378.

AFA 385 AFA III. African Diaspora. (3) A. Cross-listed as HIS 385. Prerequisite: three hours HIS or departmental approval. History of Africa from earliest times to 1860. Emphasis on social, political, economic, and cultural change in states and societies; oral tradition; the environmental and human activities; slavery and the slave trades. Credit will not be awarded for both AFA 385 and HIS 385.

Emphasis on the role of Islam in major socio-economic, political, and cultural transformations of West African states and societies. Credit will not be awarded for both AFA 388 and HIS 388.

AFA 435 U.S. Civil Rights Movement. (3) A. Cross-listed as HIS 435. Prerequisites: three hours AFA or departmental approval. Examination through primary and secondary sources of the origins, course, ideologies, and legacy of the mid-twentieth century American movement for race, justice and equality. Discussion of the central scholarly issues in civil rights studies. Credit will not be awarded for both AFA 435 and HIS 435.

AFA 495 Independent Study. (3) A. Prerequisites: AFA 201, AFA 202, departmental approval. Individual research on a problem/ topic pertaining to African-American, African-American and/ or Afro-Caribbean experience. Student must have the independent study proposal form approved by the faculty supervisor and the program director prior to enrollment.

AFA 510 African Textile Design. (3) A. Prerequisite: AFA 201 or AFA 202 or Departmental Approval. This course investigates the symbolism of textile design in Africa, as it examines the developments in contemporary textile art within Africa and in the African Diaspora.

AFA—Aerospace Studies (Air Force ROTC)  LT. Col. John Ard

University of Kentucky (859) 257-7115

Leadership Seminar is open to students who are members of the Air Force Reserve Officer Training Corps or are eligible to pursue a commission as determined by the Professor of Aerospace Studies.

AFA 111 Aerospace Studies I. (1) I. This course deals with the Air Force in the contemporary world through a study of the total force structure, strategic offensive and defensive forces, general purpose forces, and aerospace support forces.

AFA 112 Leadership Seminar. (1) I. A continuation of AFA 111. AFA 114 Leadership Seminar. (1) I. A course designed to develop managerial skills including superior/subordinate relationships, communications, customs and courtesies, basic drill movements and career progression requirements. Credit will not be granted toward the requirements for the degree. Pass-Fail only.

AFA 211 Aerospace Studies II. (1) I. This course is a study of air power from balloons and dirigibles through the jet age. It is an historical review of air power employment in military and nonmilitary operations in support of national objectives; and a look at the evolution of air power concepts and doctrine.

AFA 212 Leadership Seminar. (1) I. Air Force customs, courtesies, and opportunities are emphasized. The cadet is prepared for individual, flight, and squadron movements in drill and ceremonies.

AFA 213 Aerospace Studies II. (1) I. A continuation of AFA 211.

AFA 214 Leadership Seminar. (1) I. Emphasis on preparing cadets for attendance at field training during succeeding summer.

AFA 311 Aerospace Studies III. (3) I. Prerequisite: acceptance into the professional officer course. A study of management functions with emphasis on the environment. Individual motivational and behavioral process, communication, and group dynamics are included for the development of professional skills.

AFA 312 Leadership Seminar. (1) I. Involves the cadets in advanced leadership experiences to prepare for active duty. Cadet responsibilities include planning, organizing, directing, coordinating, and controlling the activities of the cadet corps and preparing briefings and written communications.

AFA 313 Aerospace Studies III. (3) I. Prerequisite: AFS 311. A study of leadership with specific emphasis on the Air Force leader. Includes theoretical, professional, and communicative aspects. In addition, military justice and administrative law are discussed within the context of the military organization.

AFA 314 Leadership Seminar. (1) II. Cadets continue preparations for fulfilling leadership positions as an active duty Air Force officer.

AFA 411 Aerospace Studies IV. (3) I. Prerequisite: AFS 311 and 313. A study of the military profession, civil-military interactions, communication skills, framework of defense policy, and formulation of defense strategy.

AFA 412 Leadership Seminar. (1) I. Involves the cadets in higher level advanced leadership experiences. In addition, the cadets receive a final block of instruction for Initial Commissioned Service.

AFA 413 Aerospace Studies IV. (3) I. Prerequisite: AFS 311 and 313. A study of the military profession, civil-military interactions, communication skills, framework of defense policy, and formulation of defense strategy.

AFA 414 Leadership Seminar. (1) II. Cadets
prepare for Initial Commissioned Service by fulfilling advanced leadership positions. Continued emphasis on group dynamics and the role of future leaders in the Air Force.

AFS 495 Independent Work. (2-6) A. Prerequisite: approval of professor of aerospace studies. A study of an advanced problem on an aerospace subject under the direction of the Chairman of the Department of Aerospace Studies.

AGR—Agriculture
Dr. John Settini, Chair

AGR 105 Introductory Topics in Agriculture. (3) I, II. A non-structured course for incoming students who have met the secondary skills standard examination requirements in the area of agriculture. Departmental chair approval required prior to enrollment. May be taken to a maximum of 6 hours.

AGR 111 Introduction to American Agriculture. (3) A. An overview of the agriculture industry in the United States including significant past events, current status and trends. Complexities of laws and regulations and their influence on the producer and consumer.

AGR 115 Operation of Agricultural Equipment. (2) I. Lecture, laboratory and field experiences related to agricultural power equipment, and their safe operation, including hydraulics, electricity, chemical, and processing and handling facilities. 1 Lec/2 Lab.

AGR 126 Animal Science Laboratory. (1) I. Corequisite: AGR 125. Applied principles in the proper handling, restraint, and management techniques in beef, dairy, sheep, swine, and horses.

AGR 131 Agronomy Laboratory. (1) I. Corequisite: AGR 130. Laboratory and field experiences related to plant growth, development, and management of agricultural crops and soils.

AGR 210 Agricultural Measurements. (2) A. Prerequisite: MAT 105 or higher. Measuring and computing areas of land, volumes and capacities of buildings, and feed structures, spray mixtures, fertilization, nutrition, and irrigation, and other measurement situations encountered on the farm. Majors must take AGR 210 during the first 60 hours of course work or credit will not be awarded. Transfer students must take AGR 210 during their first semester after declaring a major.

AGR 213 Principles of Agricultural Mechanics and Energy Systems. (3) I, II. Principles of operation, maintenance, and repair of electrical motors; basic electrical circuits, electrical power generation and electrical controls for agricultural mechanization systems and power requirements for agricultural structures; theoretical and practical experience.

AGR 215 Principles of Soils. (3) I, II. Corequisite: AGR 216. Soil origin, classification and properties, soil conservation, soil microorganisms, organic matter, soil water, soil minerals, lime and commercial fertilizers, soil erosion, soil management.

AGR 216 Principles of Soils Laboratory. (1) I, II. Corequisite: AGR 216. Laboratory and field experiences related to soils and their properties, including soil sampling, fertility, pH, liming, water and texture. 2 Lab.

AGR 225 Evaluation and Selection of Livestock, (3) II. An evaluation of dairy cattle, beef cattle, swine and sheep; use of records, body type ratings, and carcass information as they relate to functional anatomy and efficiency of production; sire selection and pedigree interpretation. 2 Lec/2 Lab.

AGR 250 Introduction to Horses. (3) A. History and roles in the horse industry, breeds of horses and ponies for work and pleasure, includes terminology, management, and responsibilities, breeding, pests, current issues and care of horses.

AGR 255 Companion Animal Management. (3) A. Corequisite: AGR 125 and 126. An overview of the care, behavior, nutrition, genetics and reproduction will be emphasized.

AGR 300 Travel Study in Agriculture Technology. (1-6) A. A travel course for groups and individuals in agriculture and horticulture to study new and emerging technologies in agriculture and horticulture, structural organizations of agricultural enterprises, and professional and interpersonal relationships. May be taken once.

AGR 301 Directed Work Experience. (1-4) I, II. Agriculture majors only; minimum sophomore standing or departmental approval. A minimum of three hours per week per hour of credit using university or other approved facilities. May be retaken for a maximum of 4 credit hours.

AGR 302 Directed Work Experience - Management Practicum. (3) I, II. Student will schedule nine hours of work per week during the semester on a university farm to practice management and production skills related to a livestock herd or machinery operations. Options may be taken to a maximum of 4 credit hours.

AGR 302A Agricultural Mechanization Option.

AGR 302B Beef Cattle Option.

AGR 302C Dairy Cattle Option.

AGR 302D Crops Option.

AGR 302F Sheep Option.

AGR 304 Pest Management. (4) II. Identification and control of agricultural and horticulture insect disease and weed pests in Kentucky. Control measures are identified with special emphasis on the safe use of chemicals and equipment calibration. Credit will not be awarded for both AGR 304 and OHO 304.

AGR 305 Professional Skills Seminar. (1) A. Prerequisite: completion of 30 hours in the Associate or more than 60 hours and less than 90 hours in the Bachelor Degree Program. Course prepares students for the job market including: resume development, cover letter preparation, job interview skills and oral presentations.

AGR 306 The Global Society’s Food Supply. (3) A. An in-depth study of the complexities of the global food production and food supply including the production, manufacturing and distribution systems. These studies include historical influences, current topics and health related food issues.

AGR 308 Agricultural Economics. (3) I, II. Prerequisite: ECO 120. An introduction to the economic environment of the agribusiness sector. Examines the role of agriculture in the U.S. and world economies. Includes concepts and principles concerning individual agribusiness decision making.

AGR 310 Principles of Agribusiness Management. (3) II. Prerequisite: AGR 308. Organization and operation of the farm related agricultural business with emphasis on budgeting, enterprise selection, financial statements, and resource management. Includes microcomputer applications and survey of government regulations that are applicable to the topics.

AGR 311 Agricultural Metal Fabrication. (2) A. Principles and techniques of arc and oxyacetylene welding and soldering as it pertains to fabrication and repair of agriculture machinery and equipment. 1 Lec/2 Lab.

AGR 312 Ecology and Management of Grasslands and Pastures (4) A. Prerequisites: AGR 130 and 131, and Junior Standing. Examination of grasslands and pastures from an ecological perspective with an emphasis on wildlife and livestock management. 3 Lec/2 Lab.

AGR 318 Soil/Water Conservation Technology. (3) A, I. Principles and procedures for basic surveying and soil-water conservation systems. This will include how rainfall, run-off, erosion, contours, ponds, lagoons, drainage, and irrigation interact with the desired conservation system. 2 Lec/2 Lab.

AGR 319 Renewable and Sustainable Energy Systems. (3) II. Cross-listed as ENV 319. Prerequisite: ENG 102 or ENG 105(B) or HON 102; and MAT 105 or higher. Principles of energy and how those needs can potentially be met in the future will be discussed. Comparisons of existing energy sources (fossil fuels, nuclear power) with renewable sources (biomass, solar, and tidal). Credit will not be awarded for both AGR 319 and ENV 319.

AGR 321 Feeds and Feeding. (4) I. Feeds used in livestock feeding; including harvesting, storage, feeding characteristics, and ration formulation from these feedstuffs. 3 Lec/2 Lab.

AGR 326 Light Horse Production and Management. (4) A. Prerequisite: AGR 125 and 126 or 250. Size and scope of horse industry, conformation and selection of horses, basics of equine nutrition and reproduction. Signs of health and illness. Routine health care procedures. 3 Lec/2 Lab.

AGR 327 Beef Production. (4) I. Prerequisites: AGR 125 and 126. History, importance, and trends associated with the beef cattle industry; systems of selecting, breeding, feeding, marketing, and management of beef cattle. 3 Lec/2 Lab.

AGR 328 Swine Production. (4) A. Prerequisites: AGR 125 and 126. History, importance, and trends associated with the swine industry; systems of selecting, breeding, feeding, marketing, and management of swine. 3 Lec/2 Lab.

AGR 329 Sheep and Goat Production. (4) A. Prerequisite: AGR 125 and 126. An overview of the sheep and goat industry. Topics include selection, breeding, reproduction, health, nutrition, management and marketing of sheep and goats and their products. 3 Lec/2 Lab.

AGR 330 Animal Products. (2) A. Principles of grading, cutting, identifying, pricing, and consumer evaluation of poultry, beef, pork, and lamb cuts, and related products. 1 Lec/2 Lab.

AGR 332 Poultry Production and Management. (3) A. History and importance of the poultry industry, breeds, brooding, feeding, and management in the layer and broiler industry.

AGR 340 Conservation of Agricultural Resources. (3) A. Cross-listed as ENV 341. Prerequisite: any ENV or AGR course and Junior standing. Conservation of soils and their productivity, water conservation, and control, soil conservation methods for individual farms, water supply and distribution, problems of water and air pollution, problems resulting from the population explosion. Credit will not be awarded for both AGR 340 and ENV 341.

AGR 345 Sustainable Agroecosystems. (3) A, I. Prerequisites: any course in chemistry, AGR 130, and 131; or OHO 131 and 132 or BIO 131. A comprehensive study of new technology related to crop and pest management practices which could enhance economic returns, environmental quality, and the resource base for the short and long term.

AGR 349 Applied Learning in Agriculture. (5-8) A. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

AGR 349 A-N Cooperative Study. Agriculture. (5-8) A. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

AGR 350 Agricultural Marketing. (3) A. Prerequisite: AGR 308. A study of concepts, principles and practices of marketing as related to the agribusiness
A study of basic principles of hydraulic systems and their application to agricultural and turf equipment. Lab experiences will provide familiarity and practice with equipment. 1 Lec/2 Lab.

AGR 372A Feeds and Feeding Laboratory. 

AGR 373 Animal Diseases. (3) I. Prerequisite: six hours of animal science. Application of genetic principles of improving farm animals including crossbreeding, inbreeding, and other mating plans.

AGR 375 Reproduction and Artificial Insemination of Domestic Animals. (3) A. Prerequisite: six hours of animal science. Application of genetic principles of improving farm animals including crossbreeding, inbreeding, and other mating plans.

AGR 376 Anatomy and Physiology of Domestic Animals. (3) Prerequisite: AGR 125. Fundamental physiological processes of livestock relating to reproduction, nutrition, and diseases.

AGR 377 Livestock Behavior and Welfare (3) A. Prerequisite: AGR 125 and 126. An overview of livestock behavior and its application in modern animal husbandry.

AGR 380 Technical Management of Dairy Cattle. (4) I. Prerequisites: AGR 125 and 126, History, economics, and nutritional importance and trends associated with the dairy industry including systems of selecting, breeding, feeding, sanitation, housing, marketing and management for financial success emphasizing both the cow and herd management. 3 Lec/2 Lab.

AGR 381 Agriculture Structures. (3) I. Study the principles of planning, drawing, locating, and constructing farm livestock and materials handling facilities. Also, develop an understanding of closely related structure aspects: such as, environmental control, waste management, ventilation, and structure design. 2 Lec/2 Lab.

AGR 383 Diesel Power Systems. (3) I. Study of the operation, maintenance, and repair of agricultural diesel powered systems; includes electrical systems, fuels, injection pumps, and nozzles; laboratory practice. 2 Lec/2 Lab.

AGR 404 Advanced Pest Management. (3) II. Prerequisite: AGR 304 or OHO 304. Physical, biological, chemical, cultural, and genetic control of insects, weeds, and diseases. Specific emphasis on the science behind pest controls and use of organic and/or sustainable control methods.

AGR 409 Agriculture Business Records and Analysis. (3) I. Management and analysis of record systems for decision support involving organization, enterprise selection, and operation of agricultural and horticultural businesses.

AGR 410 Independent Study in Agriculture: ________ (1-3) I, II. Prerequisite: Departmental approval. Students choose a problem and work under the supervision of the instructor in the field of the problem. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be taken for a maximum of 6 credit hours provided topics are different. Credit will not be awarded for both AGR 410 and OHO 410.

AGR 411 Senior Seminar. (1) I, II. Prerequisite: senior standing. Preparation of graduates to enter the job market. Students complete oral presentations, resumes, job applications, cover letters, job interviews and register with CD and P. Includes overall assessment of the graduate and department curriculum.

AGR 416 Soil Fertility and Management. (3) A. Prerequisite: AGR 215 and 216. Management of soils used in turfgrass, vegetable, and crop production. Topics include soil fertility principles and management of various soil amendments such as lime, organic and inorganic fertilizers, soil fertility programs, problem soils, and soil conservation.

AGR 417 Plant Tissue Culture Techniques. (3) I, II. A study of regeneration and morphogenesis of plant material using media preparation, callus induction, and in vitro propagation for several economic plant species. 1 Lec/4 Lab.

AGR 421 Animal Nutrition. (3) II. Prerequisite: AGR 130 and 131. Advanced study of crop production theories and practices for row crops and crops for biofuels. Topics include ecological, physiological and economic aspects of production. 2 Lec/2 Lab.

AGR 440 Agricultural Financing. (3) II. Uses and types of agricultural credit, credit institutions, and relating credit needs to farm enterprises.

AGR 449 Agricultural Advocacy and Issues (3) A. Prerequisite: Junior or Senior standing. Developing critical thinking skills, debates of current issues facing agriculture, and training to become agriculture advocates.

AGR 501 Independent Study in Agriculture: ________ (1-3) A. Prerequisite: for exceptional seniors involving independent study and research related to problems of a theoretical and/or practical nature. May be taken to a maximum of six hours. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

AGR 509 Agricultural Research Methods and Interpretation (3). I. Prerequisite: Junior or Senior standing. Exploration of research methodologies in the fields of modern agriculture and agricultural adaptive management, including: the scientific method, observation, experimentation, and data interpretation with an examination of fallacies that masquerade as science. May be repeated up to six hours provided topics are different.

AGR 520 Global Food Systems (3) A. Prerequisite: AGR 308. A wide-ranging examination of various domestic and international food systems. The supply chain will be analyzed from farm to market to farm gate through marketing and transportation to the consumer. Emphasis on the economics of the food supply chain.

AGR 570 Advanced Technical Agriculture: ________ (3). A. Advanced study of agriculture with emphasis on understanding, developing, and applying current and developing competency in modern technology. May be repeated to a maximum of nine hours provided the topic varies.

AGR 577 Workshop in the Conservation of Natural Resources. (3) A. For teachers returning for graduate work. Instruction is given in the areas of soil, water, fish and wildlife, forest conservation, and methods of teaching related units at the elementary and junior high level.

ANTS—Anthropology

ANT 200 Anthropology of Human Society. (3) A. Study of the evolution of human societies through time and over space. The course focuses on hunter-gatherer, agricultural, agrarian and industrial societies, and their change through time. Credit will not be awarded to students who have credit for both ANT 210 and 211. Gen. Ed. E-5A [SB].

ANT 201 Introduction to Physical Anthropology. (3) I, II. General survey of the human biological species and its evolution, emphasizing the study of genetics, osteology, primate behavior, and biology, fossil populations, and contemporary human biological variation. 2 Lec/2 Lab. Gen. Ed. E-4 [NS].

ANT 306 Human Evolution. (3) A. Prerequisite: ANT 201 or departmental approval. A detailed analysis of primate and human development emphasizing the fossil evidence of hominid’s evolution.

ANT 307 Quantitative Methods in Anthropology (3) A. Prerequisite: ANT 201 and completion of Gen. Ed. E-2. Addresses how anthropologists collect and organize quantitative data, and select and utilize appropriate statistical analyses and procedures, and summarize results. Emphasis is given to physical anthropology applications.

ANT 311 Anthropology of Religion (3) A. Prerequisite: ANT 120 or 200. Anthropological exploration of religious belief systems across cultures and time. Analyzes the intersection of religion with subsistence strategies, economic systems, political systems, and gender structures. Topics include magic, witchcraft, sorcery, monotheism, polytheism, possession, and health.

ANT 321 Historical Archaeology. (3) A. Prerequisite: ANT 120 or ANT 200. This course provides an introduction to the material culture of North America’s recent past. Lecture is combined with hands-on exercises using historic artifacts and documentary sources.

Animals are examined as food, objects of entertainment and knowledge, companions, and representations.
ANT 330 American Indians. (3) A.
Prerequisite: ENG 102, 105(B), or HON 102. Explores the diverse cultural heritage of American Indians by examining their historical and contemporary lives. Focus on cultural similarities and differences of American Indian groups living in ecologically diverse areas. Gen. Ed. E-6 [GE].

ANT 341 North American Archaeology. (3) A.
Prerequisite: ANT 120 or 200. A basic, but comprehensive introduction to North American archaeology from the earliest peopling through European Contact. Credit will not be awarded for both ANT 377 and ANT medical anthropology theory and methods, apply critical health, healthcare, and healing cross-culturally. Through structured, habitat use, diet, locomotion, seasonality, plant-archaeological goals, methods, practice and challenges. ANT 120, 200, and 201, and ENG 102 or ENG 105(B) or HON 102. A comprehensive introduction to archaeological goals, methods, practice and challenges. Based on extensive cross-cultural case materials, examines the historical, current, and potential applications of anthropological perspectives to social problems.

ANT 351W Archaeology. (3) A.
Prerequisites: ANT 120, 200, and 201, and ENG 102 or ENG 105(B) or HON 102. A comprehensive introduction to archaeological goals, methods, practice and challenges. Data-based problem solving, critical thinking and writing are integral components of this course. Credit will not be awarded for both ANT 351W and ANT 350.

ANT 376 Topics in Archaeology: (1-3). A.
Prerequisite: ANT 120 or 200 or departmental approval. Topics vary. Offered occasionally. May be repeated to a maximum of nine hours, provided the subject matter differs each time.

ANT 370 Primate Conservation (3) A.
Prerequisite: ANT 201 or departmental approval. The local human and biological impact of conservation programs affecting primate communities throughout the world. Topics include forest fragmentation, historical perspectives on conservation, agroforestry, ecotourism, ethnobotany, and disease.

ANT 371 Primate Ecology & Sociality. (3) A.
Prerequisite: ANT 201. Ecological relationships within primate communities. Students examine primate social structure, habitat use, diet, locomotion, seasonality, plant-primate interactions, and predator-prey relationships.

ANT 375 Selected Topics in Cultural Anthropology: (1-3). A.
Prerequisite: ANT 120 or 200 or departmental approval. Topics vary. Offered occasionally. May be repeated to a maximum of nine hours, provided the subject matter differs each time.

ANT 377 Medical Anthropology. (3) A.
Prerequisite: ANT 120 or ANT 200. Exploration of health, healthcare, and healing cross-culturally. Through medical anthropology theory and methods, apply critical perspectives to the health status of populations, the distribution of health in societies, and health outcomes. Credit will not be awarded for both ANT 377 and ANT 377S.

ANT 377S Medical Anthropology: Service Learning. (3) A.
Prerequisite: ANT 120 or ANT 200. Exploration of health, healthcare, and healing cross-culturally. Through medical anthropology theory and methods, apply critical perspectives to the health status of populations, the distribution of health in societies, and health outcomes. Credit will not be awarded for both ANT 377 and ANT 377S.

ANT 380 Forensic Anthropology. (3) A.
Prerequisite: ANT 201. Forensic osteology and dentistry; including demographic methods, pathology, and practical methods of collecting human physical evidence; and the role of the forensic anthropologist in FBI, local, state, and federal investigative agencies.

ANT 385 Human Osteology. (3) A.
Prerequisite: ANT 201. Analysis of individual skeletal remains, focusing on functional anatomy and bone physiology, disease and injury, and nutrition. Includes introduction to forensic anthropology, and biocultural reconstruction.

ANT 393 Kinship and Marriage. (3) A.
Prerequisite: ANT 120 or ANT 200. Explores anthropological perspectives on kinship, marriage, and family. Focus on cross-cultural variation in kinship structures, families, and marriage across cultures. Through case examples, understand the anthropological methods and theories that guide studies of how cultures and societies organize social units.

ANT 395 History and Theory of Anthropology. (3) A.
Prerequisites: ANT 120, ANT 200, ANT 201 and Senior standing. A capstone investigation of past and present practices and theories used to interpret data from each of anthropology’s four subdisciplines. Professionalism in anthropology also integrated.

ANT 439 Practicum in Archaeology. (3) A.
Prerequisite and/or Corequisite: ANT 315W, ANT 470, or departmental approval. Internship pairs senior anthropology majors with professional archaeologists for on-the-job training. Practicum options may include federal and state governments, private archaeological consultants, and anthropology museums.

ANT 470 Directed Methods in Archaeology. (6) A.
Prerequisite: ANT 315W with a minimum grade of “B.” A hands-on study of archaeological field methods including excavation techniques as well as some laboratory analysis of archaeological remains.

ANT 471 Archaeological Materials Analysis (3).
Prerequisite: ANT 315W with minimum grade of “B.” Familiarizes students with processing, analysis, and interpretation of archaeological materials. This course serves as a laboratory component for students who work with archaeological materials.

ANT 490 Independent Study in Anthropology. (1-6) A.
Prerequisite: student must consult with the faculty supervisor and have the independent study proposal form approved by faculty supervisor and departmental chair prior to enrollment.

ANT 498 Directed Research in Anthropology. (3) A.
Prerequisite: ANT 120, ANT 200, ANT 201, and departmental approval. A directed research experience with an anthropological major that integrates a research experience with the student’s professional development and the production of a substantive deliverable product (e.g., poster or conference presentation).

APP—Appalachian Studies
Dr. Sara Ziegler, Dean
Dr. Alice Jones, Director

APP 200 Introduction to Appalachia. (3) A.
An introduction to the interdisciplinary study of the Appalachian region. Special emphasis on the region’s place in a national and global context, and on internal and external definitions of the region. Gen. Ed. E-5B and E-6 [SB][GE].

APP 350 Special Topics: _____ (3) A.
Exploration of particular topics not covered in the existing curriculum. May be taken for a maximum of six hours provided the subject matter is different each time.

APP 355 Rural Crime and Justice (3) A.
Cross-listed as CRJ 355. Prerequisite: sophomore standing. Survey of rural crime and justice issues, crime trends, policing and criminal justice with particular attention given to Kentucky and Appalachia. Credit will not be awarded for both CRJ 355 and APP 355.

APP 360 Media Images of Appalachia. (3) A.
Prerequisites: POL 131W; HON 102; ANT 200. Recommended but not required. Explores representations of Appalachia in a variety of media including documentary and feature film, television, music, magazines, news media, advertising and marketing, and in the context of contemporary sources such as social media. AST 130 Introductory Astronomy. (3) I, II. Prerequisite: MAT 105 or higher. Elementary survey course covering study of the Moon, Sun, stars and planets, solar system; near stars and Milky Way. Non-laboratory. Credit will not be awarded for both AST 130 and AST 135. Gen. Ed. E-4 [NS] (only when combined with AST 133).

AST 133 Astronomy Transition Lab. (1) I, II. Prerequisite: AST 130 or departmental approval. A transition laboratory that will allow students with credit for AST 130 to gain credit for a laboratory science course that is equivalent to AST 135. 2 Lab. Gen. Ed. E-4 [NS].

AST 335 Stars, Galaxies & Cosmology. (3) A. Prerequisite: MAT 105 or higher or ACT mathematics sub-score of 20 or higher, or departmental approval. Gen. Ed. ENG 102 or ENG 105(B) or HON 102. A survey course describing the origin and evolution of stars, including black holes, galaxies, and the Universe. Credit will not be awarded to students who have credit for AST 130. 2 Lec/2 Lab. Gen. Ed. E-4 [NS].

ASTR 201 Practicum I. (3) L. Prerequisite: PHE 212 and EMC 104 or EMC 110. Corequisite: ASTR 211. This first practicum course provides the student with clinical skill based opportunities within a variety of athletic training settings. Classroom and laboratory sessions are designed to introduce the learner to specific educational competencies and clinical proficiencies. The proficiencies will be practiced and assessed to given specific standards of achievement and linked to courses previously taken. This practicum requires students to complete a minimum of 20 hours and a maximum of 25 hours per week as assigned by their preceptor.

ASTR 202 Practicum II. (3) L. Prerequisite: Athletic Training major and ASTR 201. This second practicum course provides the student with clinical skill based opportunities within a variety of athletic training settings. Classroom and laboratory sessions are designed to introduce the learner to specific educational competencies and clinical proficiencies. The proficiencies will be practiced and assessed to given specific standards of achievement and linked to courses previously taken. This practicum requires students to complete a minimum of 20 hours and a maximum of 25 hours per week as assigned by their preceptor.

A TR  101 Introduction to Athletic Training. (1) I. Prerequisite: For students who will be applying for admission to the Athletic Training Education Program. Students will receive an introduction to professional organizations and issues, in addition to instruction and assessment of clinical skills necessary for progress to the next athletic training course. 2 Lab hours.

A TR  201 Practicum I. (3) L. Prerequisite: PHE 212 and EMC 104 or EMC 110. Corequisite: ATR 211. This first practicum course provides the student with clinical skill based opportunities within a variety of athletic training settings. Classroom and laboratory sessions are designed to introduce the learner to specific educational competencies and clinical proficiencies. The proficiencies will be practiced and assessed to given specific standards of achievement and linked to courses previously taken. This practicum requires students to complete a minimum of 20 hours and a maximum of 25 hours per week as assigned by their preceptor.

A TR  202 Practicum II. (3) L. Prerequisite: Athletic Training major and ATR 201. This second practicum course provides the student with clinical skill based opportunities within a variety of athletic training settings. Classroom and laboratory sessions are designed to introduce the learner to proper evaluation and assessment techniques of the lower extremity and lumbar spine. Credit will not be awarded to students who have credit for ATR 211. 2 Lec/2 Lab. Gen. Ed. E-4 [NS].

A TR  210 Evaluation of Lower Extremity Injuries. (4) L. Prerequisite: acceptance into the professional Athletic Training Education program. Corequisite: ATR 201. Students will learn how to properly evaluate common injuries of the lower extremity and lumbar spine. Classroom and skill laboratory sessions are designed to introduce the learner to proper assessment techniques of the lower extremity and lumbar spine and common athletic injuries. 3 Lec. 1 Lab. ATR 212 Evaluation of Upper Extremity Injuries. (4) L. Prerequisite: ATR 211. Students will learn how to properly evaluate common injuries
of the upper extremity, cervical spine, head, and face. Classroom and skill laboratory sessions are designed to introduce the student to the assessment and intervention techniques of these areas in the various athletic training clinical settings. 3 Lec/2 Lab.

ATR 221 Sport and Exercise Nutrition. (1) A. Prerequisite: ATR 100, PHE 212, and PHE 180. This course will cover injury and understanding of the theoretical principles and application underlying the use and effectiveness of proper nutritional guidelines to influence the performance and well being of competitive and recreationally active athletes.

ATR 225 Applied Anatomy for Healthcare Providers (3). A. Prerequisite: BIO 171 with a grade of “C” or better. Corequisite: ATR 225L. Students repeating ATR 225 must also enroll in 225L and the most recent grade in these two cor-requisites will be applied toward student’s GPA. Provide students with the opportunity to identify, explore and compare human musculoskeletal, nerve, and vascular body structures. This course will focus on anatomy function and assessment from the healthcare perspective. 3 Lec.

ATR 225L. Applied Anatomy for Healthcare Providers Lab (1). A. Corequisite: ATR 225. Students repeating ATR 225L must also enroll in ATR 225 and the most recent grade in these two cor-requisites will be applied toward student’s GPA. Provide students with hands on opportunity to locate, explore and compare human body structures through palpation. This course will focus on musculoskeletal, nerve and vascular structures as they relate to various disease and injury states. 2 Lab.

ATR 301 Practicum III. (3) I. Prerequisite: ATR 202. This third practicum course provides the student with clinical skill based opportunities within a variety of athletic training settings. Classroom and laboratory sessions are designed to introduce the learner to specific educational competencies and clinical proficiencies. The proficiencies will be practiced and assessed to given specific standards of achievement and linked to courses previously taken. This practicum requires students to complete a minimum of 25 hours and a maximum of 30 hours per week as assigned by their preceptor.

ATR 302 Practicum IV. (3) II. Prerequisite: ATR 301. This fourth practicum course provides the student with clinical skill based opportunities within a variety of athletic training settings. Classroom and laboratory sessions are designed to introduce the learner to specific educational competencies and clinical proficiencies. The proficiencies will be practiced and assessed to given specific standards of achievement and linked to courses previously taken. This practicum requires students to complete a minimum of 25 hours and a maximum of 30 hours per week as assigned by their preceptor.

ATR 311 Therapeutic Modalities. (4) I. Prerequisite: ATR 211. Study and practice related to physical effects, indications, and contraindications of therapeutic modalities. 3 Lec/2 Lab.

ATR 312 Therapeutic Exercise. (4) II. Prerequisite: ATR 311. Study and development of therapeutic exercise programs. Emphasis on understanding the influence of the pathological status of a tissue on its response to various types of activity. 3 Lec/2 Lab.

ATR 322 Therapeutic Interventions. (5) II. Prerequisite: ATR 311. Study of the therapeutic use of drugs in patients, including pharmacokinetics, pharmacodynamics, and routes of administration, in addition to the legal, moral and ethical implications of drug administration by the athletic trainer. Further study will include the principles of psychosocial intervention with respect to injury and rehabilitation.

ATR 330 Foundations of Orthopedic Evaluation. (3) I. Prerequisite: ATR 225, 225L and PHE 212, each with a grade of “C” or better. Students will learn how to properly evaluate common injuries of the lower and upper extremity and spine. Students will learn how to apply these techniques to various structures and pathologies across the entire human body. 3 Lec.

ATR 340 Foundations of Rehabilitation. (2) A. Prerequisite: ATR 330 with a minimum grade of “C”. Corequisite: ATR 340L. Students repeating ATR 340 must also enroll in ATR 340L, and the most recent grade in these two cor-requisites will be applied toward student’s GPA. Study and development of therapeutic exercise program design. Emphasis on understanding the interaction between healing, exercise selection and the return to function. 2 Lec.

ATR 340L Foundations of Rehabilitation Lab. (1) A. Corequisite: ATR 340. Students repeating ATR 340L must also enroll in ATR 340 and the most recent grade in these two cor-requisites will be applied toward student’s GPA. Application of rehabilitation techniques to further understand the interaction between healing, exercise selection and the function to return. 2 Lab.

ATR 398 Pre-Season Practicum in Athletic Training. (3). A. Prerequisites: ATR 202. Pre-season clinical experience in athletic training, requires students to complete a minimum of 30 hours and a maximum of 48 hours weekly during pre-season athletic camps at an EKU affiliated clinical site from August 1 through December 1. This course is designed to introduce the learner to specific educational competencies and clinical proficiencies. The proficiencies will be practiced and assessed to given specific standards of achievement and linked to courses previously taken. Includes a minimum of 15 service-learning hours. This practicum requires students to complete a minimum of 25 hours and a maximum of 35 hours per week as assigned by their preceptor.

ATR 402 Practicum VI. (3) III. Prerequisite: ATR 401. This sixth practicum course provides the student with clinical skill based opportunities within a variety of athletic training settings. Classroom and laboratory sessions are designed to introduce the learner to specific educational competencies and clinical proficiencies. The proficiencies will be practiced and assessed to given specific standards of achievement and linked to courses previously taken. This practicum requires students to complete a minimum of 10 and a maximum of 30 hours per week as assigned by their preceptor.

ATR 411 General Medical. (3) I. Prerequisite: ATR 322. Study of general medical conditions and disabilities.

ATR 421 Organization and Administration. (3) I. Prerequisite: ATR 322. Study of concepts of health care organization and administration relative to athletic training. The course will include such topics as legal liability, fiscal management, facilities operation, personnel supervision, public relations, and organizational structures.

ATR 421 Senior Seminar. (2) I. Prerequisites: ATR 411 and ATR 412. Integration and application of athletic training clinical skills and knowledge through research and presentation of critical questions and contemporary issues in athletic training.

ATR 430 Foundations of Clinical Practice. (3) A. Prerequisites: ATR 340 and 340L, each with a grade of “C” or better. Students will receive an introduction to the clinical management of patients and/or physical therapy through didactic education, basic skill performance, and clinical observation; preparing them for future clinical practice.

AVN—Aviation

Mr. Ralph Gibbs, Director of Aviation

AVN 150 Introduction to Aviation. (3) A. An introductory course designed for students to obtain a broad understanding of the aviation world including varying aspects of space exploration. Includes a study of aviation history and the general aviation environment.
and overall 2.0 GPA. Third Robinson 44 Helicopter flight lab for pilots weighing more than 185 pounds is offered. Prerequisite: Helicopter pilot certification using FAA-approved Part 141 flight training syllabus (Lab).

AVN 205A Intermediate Supervised Flight I. (1) A. Prerequisites: departmental approval and an overall GPA of 2.0. This course is designed to permit students holding the private pilot license to acquire additional supervised flight time. This course includes approximately 24 flight hours.

AVN 206A Intermediate Supervised Flight II. (1) A. Prerequisite: departmental approval and an overall GPA of 2.0. This course is designed to permit students holding the private pilot license to acquire additional supervised flight time. This course includes approximately 24 flight hours.

AVN 220 Instrument Pilot Flight I. (1) A. Prerequisites: departmental approval and an overall GPA of 2.0. Provided aeronautical knowledge and 20 hours flight simulation necessary to prepare student pilots to successfully complete the FAA Instrument Pilot written examination. 3 Lec/2 Lab.

AVN 220A Instrument Pilot Flight I. (1) A. Prerequisite: appropriate flight credentials. A study of basic information regarding fundamentals of flight, professional and problem solving processes. A study of guidelines for aviation management and also of Aviation Service Businesses in the aviation industry, to include managerial and operational problems encountered, and future requirements.

 grounded. (2) A. Prerequisites: AVN 192 and 220, with "C" or better, 193A and 222A with "S", and overall 2.0 GPA. Provides additional flight and 5 hours flight simulation necessary to prepare student pilots to successfully complete FAA Commercial Pilot written examination.

AVN 300A Commercial Pilot: Flight. (1) A. Prerequisites: departmental approval and an overall GPA of 2.0. This course is designed to permit students holding the private pilot license to acquire additional supervised flight time. This course includes approximately 24 flight hours.

AVN 301A Commercial Pilot-SEL: Flight I. (1) A. Prerequisite or corequisite: AVN 300 with "C" or better. Prerequisite: AVN 193A and 222A with "S" grade, and overall 2.0 GPA. First twenty dual flight hours leading to the FAA commercial pilot SEL certification using FAA-approved Part 141 flight training syllabus.

AVN 302A Commercial Pilot-SEL: Flight II. (1) A. Prerequisite: AVN 301A with "S" grade and overall 2.0 GPA. Second twenty solo flight hours leading to the FAA commercial pilot SEL certification using FAA-approved Part 141 flight training syllabus.

AVN 303A Commercial Pilot-SEL: Flight III. (1) A. Prerequisite: AVN 333A and overall 2.0 GPA. Eleven Student CRM time building flight hours leading to the FAA commercial pilot MEL certification using FAA-approved Part 141 flight training syllabus.

AVN 333A Commercial Pilot-MEL: Flight III. (1) A. Prerequisite: AVN 332A and overall 2.0 GPA. Twenty-two student CRM time building flight hours leading to the FAA commercial pilot MEL certification using FAA-approved Part 141 flight training syllabus.

AVN 340A Cooperative Study: Aviation. (3) I, II. A study of guidelines for aviation management and administrative functions including problems, trends, and planning regarding operation of airports.

AVN 340B Applied Learning in Aviation. (5-8) A. Prerequisite: coordinator approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. A minimum of 80 hours work required for each academic credit.

AVN 340C-A-N A study of the historical development of the air transportation system covering facilities, impact of regulations, problems encountered, and future requirements.

AVN 350 Air Transportation. (3) A. A survey of the historical development of the air transportation system covering facilities, impact of regulations, problems encountered, and future requirements.

AVN 360 Essentials of Aviation Management. (3) I, II. Designed to provide students with an understanding of an airport Fixed Base Operator’s role and also of Aviation Service Businesses in the aviation industry, to include managerial and operational problems.

AVN 370 Techniques: Aviation Supervisors. (3) I, II. A study of decision theory and its application to practical situations in the aviation industry.

AVN 370E Aviation Administration Decision Making. (3) I, II. A study of decision theory and its application to aviation administration decision-making and problem solving processes.

AVN 400 Multi-Engine Pilot: Ground. (1) A. Prerequisite: appropriate flight credentials. The course is designed to provide appropriate aeronautical knowledge about multi-engine aircraft to facilitate successful completion of the multi-engine flight component.

AVN 400A Multi-Engine Pilot: Flight (1) A. Prerequisites: departmental approval and an overall GPA of 2.0. A one hour laboratory course integrated with AVN 400 consisting of the dual and solo flight hours required for FAA certification.

AVN 401 Airline Management. (3) A. Prerequisite: AVN 350 with a "C" or better. Acquaints students with the development, administrative, and operational factors peculiar to FAR Part 121 Airline Operations. Emphasis is placed on proper market analysis, financial matters, the company plan, aircraft selection, aircraft acquisition, route structure, timetable, performance, and profit and loss analysis.
and pertinent regulatory requirements.

AVN 402 Corporate and Business Aviation. (3) The study of the operation of a corporate flight department. Course includes the value of management mobility, aircraft and equipment evaluation, maintenance, flight operations, administration and fiscal considerations.

AVN 410 Air Traffic Control. (3) I, II. A study of the air traffic control system. Emphasis on basic air traffic control procedures; the role of centers, approach control, towers, and flight service centers; communications; navigation procedures, radar operations, and computer systems. Corequisite: AVN 334 or AVN 334A.

AVN 415 Instructor Pilot-SEL: Ground. (3) A. Prerequisite: AVN 192, AVN 220, and AVN 300 with “C” grade or better and overall 2.0 GPA. Provides student pilots for the FAA Certified Flight Instructor (CFI) & Fundamentals of Instruction (FODI) written exams.

AVN 415A Instructor Pilot-SEL: Flight. (1) A. Prerequisite: AVN 364A with “S” grade. Prerequisite or corequisite: AVN 415 with “C” or higher, and overall 2.0 GPA. Fifteen dual flight hours and 5 hours flight simulation leading to the FAA instructor pilot (SEL) certification using FAA-approved Part 141 flight training syllabus.

AVN 416A Instructor and Commercial Pilot—SEL: Flight. (3) A. Prerequisite: BEM 334 or BEM 334A with “C” grade or better, and overall 2.0 GPA. Twenty-five dual flight hours and 5 hours flight simulation leading to the FAA Instructor Pilot (IP) SEL and Commercial Pilot-SEL certifications using FAA-approved Part 141 flight training syllabus.

AVN 420A Flight Training Techniques III. (1) A. Prerequisites: appropriate flight credentials, AVN 420A with “C” or better, an overall GPA of 2.0, or coordinator approval. Flight preparation for FAA CFI Multi-Engine flight test.

AVN 421 Instrument and Multi-Engine IP: Ground. (2) A. Prerequisite: AVN 415 with “C” grade or better and overall 2.0 GPA or an Instructor Pilot-SEL rating. Provides study of aeronautical information for becoming instrument and multi-engine flight instructor, and preparation for FAA Instrument Instructor written.

AVN 421A Instrument Instructor-SEL: Flight. (1) A. Prerequisite or corequisite: AVN 421 with “C” or better. Prerequisite: AVN 304A or AVN 334A, and overall 2.0 GPA. Ten dual flight hours and 5 hours flight simulation leading to the FAA Instrument Instructor Pilot (IP) SEL using FAA-approved Part 141 flight training syllabus.

AVN 422A Commercial and Instructor Pilot—MEL: Flight. (1) A. Prerequisite: AVN 421 and AVN 415 with “C” or better, AVN 304A and 305A with “S” grade or better, and overall 2.0 GPA. Twenty-five dual flight hours and 5 hours flight simulation leading to the FAA commercial multi-engine add-on and multi-engine instructor ratings using FAA-approved Part 141 flight training syllabus.

AVN 423A Instructor Pilot—Multi-Engine: Flight. (1) A. Prerequisite: AVN 421 & AVN 334A with “C” & “S” grades respectively, and overall 2.0 GPA. Ten dual flight hours and 10 hours flight simulation leading to the FAA Multi-Engine instructor rating using FAA-approved Part 141 flight training syllabus.

AVN 425 Applied Aerodynamics. (3) A. Prerequisite: MAT 114 or higher, and PHY 101. Applied theories of flight and flight factors, including a study of the principles of aircraft performance, stability and control, and operational data.

AVN 435 Turbine Aircraft Systems. (3) A. Prerequisite: AVN 325 with a “C” or better or instructor approval. A study of the functioning theory and integral components of the jet engine. Additionally, provides a study of electrical, mechanical and hydraulic systems as they relate to turbine engine aircraft.

AVN 460 Aviation Law. (3) I, II. Prerequisite: junior standing and 15 semester hours. A study of civil law as it pertains to aviation and includes the historic development of United States and international aviation law while surveying governmental responsibility for aviation accidents.

AVN 467 Comprehensive Exam for BS in Aviation (B) A. Prerequisite: Consent of Advisor. Registration in AVN 467 is required of all undergraduate B.S. (Aviation) students for the term in which they wish to take their comprehensive examination, including the exit exam and advisor approved certification or license.

AVN 470 National Air Space System. (3) A. An overview of the operational system with emphasis on problems of implementation, safety considerations, and social/economic impact.

AVN 480 Glass Flight Deck Technologies. (1) Prerequisite: AVN 222A or AVN 232A and 330. Provides an integrated approach to the theory, technology, and operations of “Glass” flight deck technologies to prepare student pilots to successfully operate “glass” flight deck aircraft. Course includes 5 hours in “Glass” equipped AATD flight simulator.

AVN 490 Airline Flight Operations. (3) A. Prerequisite (s): AVN 330, 435, and 480. Provides an academic and AATD flight simulation-based transition from the general aviation reciprocal engine flight operations at 130 KIAS to airliner turboprop flight operations at 350 KIAS or faster. Actual airline flight operations, to include flight deck flows and checklist usage will be included. Student pilots will fly 10 hours in an AATD jet transition flight simulation as a 2 person crew. 2 Lec 2 Lab

AVN 495 Internship. (1-3) A. Prerequisite: departmental approval. Students will work under departmental supervision in a private or public agency engaged in aviation professions.

AVN 498 Independent Study. (1-3) A. Prerequisite: AVN major with senior standing. Student must have the independent study proposal form approved by faculty supervisor and program coordinator prior to enrollment. May be retaken to a maximum of six hours.

BEM—Broadcasting and Electronic Media

Dr. Fran Dickson, Chair

BEM 240 Basic Media Skills. (3) I, II. An examination of the audio, lighting, and web-based skills needed by broadcast professionals in today’s integrated media marketplace.

BEM 295 Video Production I. (4) I, II. Training in non-studio video production and editing. Includes applied aesthetics and production of dramatic informational or experimental work on video. Introduction to techniques, styles, and image structure. Requires weekly projects, critiques. 3 Lec 3 Lab.

BEM 350 National Air Space System. (3) I, II. Prerequisite: ENG 102 or ENG 105B or HON 102. Examines developments in directing, acting, editing, and other areas of cinema as an art form. Feature length and short films viewed. Gen. Ed. E-3A [AH]. 2 Lec 2 Lab

BEM 351 Cinema History II. (3) A. Prerequisite: ENG 102 or ENG 105B (or HON 102). Historical survey from 1939 to present. Includes theories, styles, and critical positions related to the sound film and considers origins and implications for future directions. Feature length and short films viewed. Gen. Ed. E-3A [AH]. 2 Lec 2 Lab

BEM 352 Film Techniques & Technology. (3) I. Prerequisite and/or Corequisite: BEM 350 or 351. The study of various technologies employed in traditional electronic film production with emphasis on the study of social, economic, technological and political factors and their effects on the development of cinematic techniques.

BEM 353W Art and Craft of Screenwriting. (3) A. Prerequisite: ENG 101 and 102 (or 105) or HON 102. Conceiving, structuring, writing and marketing the contemporary American screenplay. Requires developing and writing original screenplays for marketing in the contemporary film environment.

Credit will not be awarded for both BEM 353W and 353.

BEM 370 Electronic Cinema Production. (4) I, II. Prerequisites: BEM 240, 295, and 352 with a minimum grade of “C”. Principles and procedures behind single-camera dramatic narrative film production, and edited on videotape. Requires group and individual portfolio projects involving a critical and artistic understanding of sound-image relationships. Includes multi camera production, directing and producing. 3 Lec 3 Lab.

BEM 373 Electronic Cinema Practicum. (1-3) I, II. Prerequisite: BEM 370. Supervised practical experience in film making, editing, and other aspects of film production. May be repeated to a maximum of three hours. One hour may be counted toward the major.

BEM 375 Writing for the Electronic Media. (3) I, II. Prerequisites: ENG 101 and 102 (or 105) or HON 102. Examination of the specialized forms of contemporary visual and verbal planning elements as well as practical experience in writing commercial, public service, narrative, and promotional copy.

BEM 395 Video Production II. (4) I, II. Prerequisite: BEM 295. Training on and mastery of advanced production and post production equipment. Requires group and individual portfolio projects involving a critical and artistic understanding of sound-image relationships. Includes multi camera production, directing and producing. 3 Lec 3 Lab.

BEM 396 Motion Graphics. (3) I, II. Prerequisite/Corequisite: BEM 395. Training on industry standard motion graphics software used for post-production design and editing. The course examines visual effects and multimedia, covering techniques needed to improve students’ command of motion graphics in video production.

BEM 398 Electronic Video Practicum. (1-3) I, II. Prerequisite: BEM 295. Supervised practical experience on the staff of a television station or other video facility. May be taken to a maximum of three hours. One hour may be counted toward the major.

BEM 400 Studies in Electronic Media (1-4) A. Prerequisite: departmental approval. Study of specific areas of media through a course examining timely or topical concerns in the field. Specific topic included in the schedule. May be retaken to a maximum of nine hours.
Section Seven - Course Descriptions

BEM 401 Broadcast News, (3) A. Prerequisites: BEM 295 and 301. Introduces television news production. Designed to acquaint students with techniques, principles and equipment used in broadcast journalism; emphasizes writing, field reporting and editing; evaluation of commercial station newscasts; individual and team projects.

BEM 402 Advanced Broadcast News, (3) A. Prerequisite: BEM 401. Advanced study in broadcast journalism. Planning, gathering, writing, editing and producing news for television; critical evaluation of broadcast news. Individual and team projects.

BEM 425 Electronic Media Operations, (3) A. Prerequisite: COM 200 or 200W. Study of the management styles and issues that impact managing and operating a radio/television facility, cable system, or media web enterprise. Includes regulation issues imposed by FCC and other governmental agencies.

BEM 453 Advanced Screenwriting, (3) I.II. Prerequisites: BEM 353W or departmental approval. Writing and marketing the screenplay for television and journalism; emphasizes writing, field reporting and planning, gathering, writing, editing and producing news for television; critical evaluation of broadcast news. Individual and team projects.

BIO 291 Cell Biology and Molecular Biology, (4) I, II. Prerequisite: Completion of all developmental requirements. An introduction to the fundamental principles of cell and molecular biology as they apply to plants, animals, and microbes; the molecular basis of life, cellular structure and function; cellular differentiation and culture, types of diseases, causative agents in diseases of humans with emphasis on differentiation and culture, types of diseases, and coordination of the human body. Credit will not be awarded for both BIO 100 and 101. 2 Lec/2 Lab. Gen. Ed. E-4 [NS].

BIO 111 Cell and Molecular Biology, (4) I, II. Prerequisite: Completion of all developmental requirements. An introduction to the fundamental principles of cell and molecular biology as they apply to plants, animals, and microbes; the molecular basis of life, cellular structure and function; cellular differentiation and culture, types of diseases, causative agents in diseases of humans with emphasis on differentiation and culture, types of diseases, and coordination of the human body. Credit will not be awarded for both BIO 100 and 101. 3 Lec/2 Lab. Gen. Ed. E-4 [NS].

BIO 112 Ecology and Evolution, (4) I, II. Prerequisite: Completion of all developmental requirements. An introduction to the fundamental principles of ecology and evolution: interactions among plants, animals, microbes, and their environment, and the diversification of life through evolutionary processes. Designed for biology majors. 3 Lec/2 Lab. Gen. Ed. E-4 [NS].

BIO 171 Human Anatomy, (3) I, II. Prerequisite: Completion of all developmental requirements. A detailed study of the human body and appropriate correlations with body functions. 2 Lec/2 Lab.

BIO 215 Insects and Society (3/A). An introduction to insects and their influence on human society. Impacts of insects on our food supply, health and beauty, as well as the influence of insects on culture, world history, and the long-term maintenance of the earth’s critical support systems. May not be used to satisfy major or minor requirements. 2 Lec/2 Lab.

BIO 271 Advanced Human Anatomy. (3) II. Prerequisites: BIO 171. An advanced study of human anatomy. Emphasis is placed on the musculoskeletal and nervous systems and their anatomical and functional relationships. May not be used to satisfy major or minor requirements. 2 Lec/2 Lab.

BIO 273 Clinical Microbiology. (4) I, II. Prerequisite: BIO 271. A study of microorganisms as causative agents in diseases of humans with emphasis on differential and culture, types of diseases, and microbial epidemiological considerations. May not be used to satisfy area, major, or minor requirements. Credit will not be awarded for both BIO 273 and CLT 269. 2 Lec/4 Lab.

BIO 301 Human Physiology, (3) I, II. Functions of human life processes at the cellular, tissue, and organ-system levels of organization with emphasis on differentiation and culture, types of diseases, and coordination of the human body. Credit will not be awarded to satisfy area, major, or minor requirements.

BIO 303 Human Heredity and Society. (3) I, II. Inheritance of human traits, including blood groups, sex and sex-related traits, lethal factors, mental capacities, and metabolic disorders; pedigrees, family traits, and population trends. A current background in general biology (BIO 100 or NAT 101) is recommended but not required. May not be used to satisfy major, area, or minor requirements.

BIO 305 Biology of Sex (3) III. Prerequisite: ENG 102, 105(B), HON 102, or departmental approval. Fundamental principles related to human sexual reproduction. Structure, function, control and coordination of the human reproductive system. Problems associated with fertility, sexuality, birth control, STDs, and human population will be discussed. May not be used to satisfy major, area, or minor requirements. Full-time UG students: Conflict of interest requirement.

BIO 310 Biology of Aging, (3) A. Prerequisite: BIO 100 or NAT 101 or BIO 171 or instructor approval. System by system approach to the biological effects of the aging process on the human body. May not be used to satisfy major, area, or minor requirements in the Department of Biological Sciences. Fulfills University Wellness requirement.

BIO 315 Genetics, (4) I, II. Prerequisite: BIO 111 or 112 or departmental approval. Discussion of Mendelian genetics, molecular genetics, genetic counseling, and population genetics. Emphasis on critical thinking skills and logic through experimental analysis. Laboratory will include experimental manipulation of prokaryotic and eukaryotic organisms. 3 Lec/3 Lab.

BIO 316 Ecology, (4) I, II. Prerequisite: BIO 112. Basic concepts of ecology as applied to the study of organisms or groups of organisms in their interrelations to each other and to their environments. 2 Lec/4 Lab.

BIO 318 General Botany, (4) I, II. Prerequisites: BIO 111 or 112. Both courses are recommended. Structure and functions of vascular plants; morphology, classification, life histories, ecology and evolution of autotrophs, plantlike protists, and fungi. 3 Lec/3 Lab. Credit will not be awarded for both BIO 318 and 131.

BIO 319 General Zoology, (4) I, II. Prerequisite: BIO 111 or 112. Both courses are recommended. Morphology, physiology, comparative anatomy, development, life history, evolution, and diversity of animals. 3 Lec/3 Lab. Credit will not be awarded for both BIO 319 and 141.

BIO 320 Principles of Microbiology, (4) I, II. Prerequisites: BIO 111 and CHE 112; or departmental approval. A study of bacteria and other microorganisms, their morphology, development and function; techniques of isolation, cultivation and identification; physiology, nutrition, and genetics; role of microbes in medicine, agriculture, and industry. 2 Lec/4 Lab.

BIO 331 Cell Biology, (3) I. Prerequisites: BIO 111 and CHE 112. An introduction to the structure and function of plant and animal cells, with emphasis on the structure and function of cell organelles. An overview of molecular techniques used in the study of cellular metabolism.

BIO 332 Careers in Biomedical Sciences (1) A. Prerequisites: BIO 331 and ENG 101(B) or HON 102. Students will explore the diverse range of career options within the biomedical sciences, develop job acquisition skills, and gain an appreciation for biomedical ethics. This course requires experiential learning through an internship/shadowing experience. 1 Lec.

BIO 335 Plant Systematics, (3) I. Prerequisites: BIO 111, 112, and 318. Identification, classification and phylogeny of vascular plants; principles of taxonomy. 1 Lec/4 Lab.

BIO 342 Comparative Vertebrate Anatomy. (4) I. Prerequisites: BIO 112 and 319, or departmental approval. Evolutionary relationships of the classes of vertebrates are investigated through their anatomy. Laboratory studies of organs and systems of vertebrate animals primarily compare the dogfish shark, the mudpuppy (Necturus), and the cat. 2 Lec/4 Lab.

BIO 348 Vertebrate Physiology. (3) I, II. Prerequisites: BIO 111 and CHE 112; and PHY 131 or 201. Command of human physiology through an integrated study of the physical, chemical, and cellular aspects of physiological systems across vertebrates. Group work and critical thinking will be stressed utilizing human case studies and computer simulations. 3 Lec.

BIO 349 Applied Learning in Biology, (5-8) A. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: one to eight, associate: sixteen, baccalaureate. A minimum of 80 hours of employment required for each semester hour of academic credit. May not be used to satisfy area, major, or minor requirements.

BIO 349 A-N Cooperative Study: Biology. (5-8) A. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate: sixteen, baccalaureate. A minimum of 80 hours of employment required for each semester hour of academic credit. May not be used to satisfy area, major, or minor requirements.

BIO 371 Neuroanatomy. (3) I, II. Prerequisite:
BIO 171 or instructor approval. Anatomy of the nervous system and the relationships to functions of systems of the human body. May not be used to satisfy area, major, or minor requirements in the Department of Biological Sciences. 2 Lec/2 Lab.

BIO 375W Microbes and Food. (3) A. Prerequisites: ENG 102, 105 (B), or HON 102, and BIO 111, 112, 113. General overview and food safety, the role of microbes in food production and the relationships between diet and the human microbe.

BIO 378 Human Physiology Laboratory. (1) I, II. Prerequisites: BIO 315 and junior or senior standing. An overview of the cells and tissues of the human body. The laboratory component will allow students to perform experiments that will demonstrate the impact upon physiological processes of activities or diseases that relate to human physiology. May not be used to satisfy area, major, or minor requirements. 2 Lab.

BIO 490 Biology Seminar. (1) I, II. Prerequisite: junior or senior standing in biology. Students and members of the faculty meet to present, discuss, and exchange ideas on selected topics, based on the scientific literature for the biological sciences.

BIO 495 Evolutionary Application and Theory. (1) I, II. Prerequisite: BIO 315 and junior or senior standing. Discussion of topics relating to evolutionary theory. Special emphasis on the impact of evolution in everyday life. This is a course that builds upon evolutionary concepts learned throughout the biology curriculum. 2 Lab.

BIO 500 Environmental Issues. (3) II. Prerequisite: Senior Standing: BIO 100, 102 or 112. Students will learn to identify, investigate and evaluate environmental issues as well as plan appropriate action based on their analysis. Credit will be awarded to students who have credit for ENV 500 or CNM 800.

BIO 514 Evolution. (3) I. I, II. Prerequisites: BIO 112 and 315 or departmental approval. A study of Darwinism, the history of life in the context of contemporary biology and the evidences and mechanisms of evolutionary change, with particular emphasis on human evolution and the challenges of teaching and understanding evolution in modern society.

BIO 521 Plant Ecology. (4) A. Prerequisites: BIO 316, 318, or 335 or departmental approval. Ecological concepts and principles relevant to eastern terrestrial ecosystems. Required weekend field trips and an extended field trip in the region. 2 Lec/4 Lab.

BIO 527 Immunology. (3) A. Prerequisites: BIO 320 and 341 or instructor approval. Characteristics of immune reactions at the molecular level and in vivo. Nature and interactions of antigens and antibodies, and allergic phenomena. 2 Lec/3 Lab.

BIO 528 Virology. (3) A. Prerequisite: BIO 320. Fundamentals of classification, structure, and pathogenesis of viruses. Host-virus interactions and their applications to medicine and industry. Viral related areas of immunology, cell culture procedures, and applications will be introduced. 2 Lec/3 Lab.

BIO 529 Microbiology in Everyday Life. (3) I, II. Prerequisite: BIO 100, 102, 111, 112, or departmental approval. Microbes in medicine, agriculture, and industry; emphasis on teaching microbiology in the classroom. Course open only to Biology-Teaching or Education majors.

BIO 531 Principles of Molecular Biology I (4) A. Prerequisites: BIO 320 or 331, and CHE 361. An in-depth study of the structure, function, and technological applications of nucleic acids and proteins. A service-learning component. Laboratory experiences will involve manipulation of DNA and RNA molecules for the purpose of isolation, genetic engineering, forensics, and gene expression analysis. Credit will be awarded for both BIO 531 and 531L. 2 Lec/4 Lab.

BIO 531S Principles of Molecular Biology I (4) A. Prerequisites: BIO 320 or 331, and CHE 361. An in-depth study of the structure, function, and natural history of the amphibians and reptiles including taxonomy, general ecology, behavior, distribution, breeding, and food habits. 2 Lec/3 Lab.

BIO 532 Conservation Biology. (3) I. Prerequisite: BIO 316 or instructor approval. Examination of principles and practices of conserving global biological diversity. Causes, consequences and solutions. 2 Lec/3 Lab.

BIO 533 Bioinformatics: Principles and Applications. (3) I. Prerequisite: BIO 315. An introduction to the theory and practice of bioinformatics, as they relate to laboratory (Cell and Molecular Biology, Biochemistry) and field (Evolutionary and Population Biology) research applications in the life sciences. What is bioinformatics? The principles and practice of bioinformatics. The role of databases in the life sciences. The application of bioinformatics to research. Design and interpretation of bioinformatics data. Laboratory exercises will allow students to design a research problem and make informed predictions. May be repeated up to a maximum of 12 hours provided subject matter is different each time. 1 Lec/4 Lab.

BIO 542 Freshwater Invertebrates. (3) A. Prerequisites: BIO 112 and 319 or departmental approval. Collection, systematics, distribution, behavior, ecology, and life histories of freshwater invertebrates. 2 Lec/5 Lab.

BIO 546 Histology. (4) II. Prerequisites: BIO 331 and 348. This course will provide students with an understanding of human anatomy. 2 Lec/4 Lab.

BIO 547 Comparative Vertebrate Embryology. (4) Prerequisite: BIO 530. A study of the development of birds, mammals, and amphibians. 2 Lec/4 Lab.

BIO 550 Animal Behavior. (4) A. Prerequisites: BIO 111 and 112. Advanced study of behavior with emphasis on inherited behavioral patterns in relation to the evolution and ecology of animals. 3 Lec/2 Lab.

BIO 552 Hormones and Behavior (3) A. Prerequisites: BIO 111 and 112. Provide an understanding of modern-day issues in endocrinology by exploring the effects of hormones on behavior within all taxa. 2 Lec/2 Lab.

BIO 554 Mammalogy. (3) A. Classification, natural history, field methods, and distribution of mammals. 1 Lec/4 Lab. BIO 316 or 342 recommended prior to enrollment. 2 Lec/4 Lab.

BIO 560 Embryology. (3) A. Prerequisite: BIO 111 and 112 or departmental approval. Avian biology with emphasis on field identification of local avifauna, anatomy, physiology, ecology, evolution, migration, economic importance, distribution, and behavioral patterns. Early morning field trips required. 2 Lec/4 Lab.

BIO 555 Behavioral Ecology. (3) A. Prerequisite: BIO 316 or instructor approval. How behavior is inherited and its relationship to ecological conditions. Emphasis on quantitative and experimental methods and on integrating theoretical ideas with field and laboratory evidence. 2 Lec/4 Lab.
all Business and Technology students who have earned at least 90 hours. Credit (CR) will be given when students have attended the annual College of Business and Technology’s Student Success: College to Careers Conference.

CAE—Council for Adult and Experiential Learning

CAEL 100 Prior Learning Theory & Practice (3) A. Prerequisites: ENG 102(C) or ENG 105(B) or HON 102 or approval of chair of student’s major. Course start and end dates may differ or be no different than other EKU courses. Students will have a small window in which they may drop, but cannot withdraw from this course. Course drop dates will be published on the CAEL 100 website. Students are responsible for reading the course policies on the credit-for-credit learning website. Course helps students identify prior learning that may be appropriate for college credits. Guides students through the preparation and compilation of all components required for evaluation of a portfolio of prior learning through LearningCounts.Org. Graded CR (Credit) or NC (No-Credit) basis.

CAS—Letters, Arts, & Social Sciences

Interdisciplinary

CAS 349 Applied Learning (5-8) A. Prerequisite: 2.0 GPA and college approval. Work under field supervisors in placement related to academic study. Minimum 80 hours work for each credit hour. Repeatable up to 16 credit hours.

CAS 349 A-N Cooperative Study (5-8) A. Prerequisite: 2.0 GPA and college approval. Work under field supervisors in placement related to academic study. Minimum 80 hours work for each credit hour. Repeatable up to 16 credit hours.

CCT—Corporate Communication and Technology

Dr. Lana Carnes, Chair

CCT 201 Professional Communication. (3) I, II. Prerequisites: ENG 101 and 102 (or 105). Principles and practices of modern professional communication; various types of professional letters and reports are studied; emphasis on writing letters and reports.

CCT 270 Entrepreneurship. (3) I, II. Formerly CCT 271 A survey of entrepreneurship in the global economy. The processes of innovation, idea generation and evaluation. Analysis for creating and launching a new business, based on the economic environment and types of business ownership.

CCT 300W Managerial Reports. (I-3) A. Prerequisites: ENG 101, 205, 207, 249W, 250 and 251 (with a minimum grade of “C”). Development of business document design techniques using Windows and desktop publishing.

CCT 302 Desktop Publishing for the Business Office. (3) I, II. Prerequisite: CCT 200 or 250 or CIS 212 (with a minimum grade of “C”). Development of business document design techniques using Windows and desktop publishing.

CCT 304S Applied Entrepreneurship and Service Learning. (3) A. Prerequisite: CCT 270 (with a minimum grade of “C”). Development of business document design techniques using Windows and desktop publishing.

CCT 310 International Business Communication. (3) A. Prerequisites: ENG 101 and 102 (or 105) (with a minimum grade of “C” in the prerequisite course). Characteristics of cultural differences that alter communication symbols and meanings for international business activity. Topics include culture profiles and conducting business, business protocol, international documents/U.S. documents, negotiation strategies, and oral presentations to intercultural business audiences.

CCT 349 Applied Learning in Corporate Communication and Technology. (5-8) A. Prerequisites: minimum GPA of 2.25 and 30 hours for associate degree or high school graduate degree. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work for each credit hour. Three hours required in Office Systems Technology. Three hours may be used as an upper division business elective in the undergraduate program. May be repeated up to 8 credit hours for the associate degree and 16 credit hours for undergraduate program.

CCT 350 Cooperative Study: Corporate Communication and Technology. (5-8) A. Prerequisites: minimum GPA of 2.25 and 30 hours for associate degree, 50 hours for baccalaureate degree. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work for each credit hour. Three hours required in Office Systems Technology. Three hours may be used as an upper division business elective in the undergraduate program. May be repeated up to 8 credit hours for the associate degree and 16 credit hours for undergraduate program.

CCT 520 Corporate Training. (3) A. Prerequisite: 90 credit hours completed. This course applies assessment techniques with an emphasis on web design and multi-media applications. Topics include instructional design; strategy; technology; and the implementation, evaluation, and management of training in an organizational environment.

CCT 550 Integrated Corporate Communication. (3) A. Prerequisite: senior or graduate standing. Examines effective integrated communication skills to achieve organizational objectives. Emphasizes analysis and application of communication process and strategies for decision making. Examines change process, corporate culture, and negotiation issues. Provides corporate training component.

CCT 570 Web Design for Offices. (3) A. Prerequisites: CCT 250 or CIS 212 or INF 104 (with a minimum grade of “C” in each prerequisite course). Advanced development of business document design techniques with an emphasis on web design and multi-media resources. Geared for education, small offices or businesses, personal use, and non-profit organizations.

CDD—Child and Family Studies

Dr. Dana Bush, Chair

CDF 132 Introduction to the Family. (3) I, II. Cross-listed as WGS 132. Ecological and systems approach applied to public and private family concepts; historical changes and current status; relationships among individuals, families, consumers, and communities; status of women, men, children and the elderly; public policy related to changes in the family. Credit will not be awarded for both CDF 132 and WGS 132.

CDF 147 Role of EC Educator. (2) I, II. An introduction to the profession: Exploration of the qualities, expectations, and responsibilities of an EC professional. Relationships among early learning standards, interdisciplinary fields, professional organizations, & philosophial approaches. Requires 5 hours of field experience.

CDF 203 Philosophical & Historical Foundations of the EC Professional. (3) I, II. An orientation to the profession: Exploration of the qualities, expectations, & responsibilities of an EC professional. Relationships among early learning standards, history of the profession, interdisciplinary fields, professional organizations, & philosophial approaches. Course is required of all transfer students. Requires 5 hours of field experience. Credit will not be awarded for both CDF 203 and EDF 203.

CDF 210 Special Topics in Early Childhood Education: (1-3) A. Selected topics in child development and early childhood program planning. May be taken a maximum of six hours provided topics vary.

CDF 232 Identity and Sexuality. (3) I, II. Cross-listed as WGS 232. An exploration of the changing attitudes about and among men/women and their effect on each other and intersexual relationships. Emphasis will be on promotion and maintenance of positive mental, physical, emotional, and sexual development. Credit will not be awarded to students who have credit for HEA 375 or 572. Gen. Ed. E-6 (Gen. Ed. 2). 38-232.

CDF 235 Child Development: Conception-Eight Years. (3) I, II. Developmental characteristics and theory pertinent to children conception to age eight. Special emphasis on early childhood theoretical frameworks.

CDF 236 Interaction and Guidance. (3) I, II. Overview of guidance strategies in fostering children’s social competency within group or individually. Adults’ role in various interactions (e.g, parent-child, teacher-child) and resources for working with families/parents (e.g. parent education workshop) will be explored.

CDF 243 Introduction to Family Life Programs. (3) A. Prerequisite or Corequisite: CDF 132. Examination of programs which focus on forming partnerships with families through the public, private, and nonprofit sectors to support family and individual well-being. Career development and opportunities explored.

CDF 246 Creative Activities and Materials for Young Children. (3) I, II. Prerequisite: CDF 235 or department approval. Survey of learning experiences in various curriculum areas. Planning activities, including techniques and materials, to provide environment appropriate to the age and background of young children for the individual child based on age, ability, culture and ethnicity.

CDF 299 Case Study: Observational Assessment. (1) A. Survey of observational methods applied to individual studies. Open to transfer students only.

CDF 310 Observation and Assessment in ECE. (3) I, II. Prerequisite: CDF 235. Corequisite: CDF 450. Authentic assessment approaches through observation of children in natural environments. Intentional planning and implementation of Developmentally Appropriate Practice in EC settings. Special emphasis on linking assessment to the EC curriculum.

CDF 327S Family Involvement with Young Children. (3) I, II. Prerequisites: CDF 235 or CDF 241 and 244, 236, and 246 or CDF 345 or departmental approval. Study of effective parent-child-family relationships. Methods and materials useful in fostering family life education, including adult learning principles. Experiences include implementing family service plans, planning discussion groups, conducting home visits, and parent-teacher conferences. Includes 15 service learning hours.

CDF 331 Marriage and Intimate Relationships. (3) I. Cross-listed as WGS 331. The process within and types of intimate relationships in contemporary times. Topics include singlehood, partner selection, marriage, divorce, remarriage, long-term enduring marriage, and factors which affect the success of intimate relationships. Credit will not be awarded for both CDF 331 and WGS 331.

CDF 342 Child and Adolescent Development. (3) II. Study of U.S. youth, utilizing systems theory and a life-course perspective approach. Effects of economic, social, and technological change on policies and programs affecting youth of diverse backgrounds. Emphasis on choices and interpersonal relationships. Use of information collected from screening and arena-based assessment for program planning in center and home-based settings.
CDF 349 Applied Learning in Child Development. (5-8) A. Prerequisite: department approval. Corequisite CDF 405 and 406. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit. Maximum of three hours may be counted in major requirements toward degree.

CDF 349A-N Cooperative Study: Child Development. (5-8) A. Prerequisite: department approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit. Maximum of three hours may be counted in major requirements toward degree.

CDF 349R Applied Learning in IECIE I (5) A. Corequisite: CDF 399. Collaborate with teachers in educational settings with classroom(s) and curriculum and planning/curriculum. Minimum of 80 hours field experience required.

CDF 349T Applied Learning in IECIE I (5) A. Corequisite: CDF 3278. Collaborate with teachers in program settings with classroom(s) and planning/curriculum. Minimum of 80 hours field experience required.

CDF 351 Practicum for Early Childhood Practitioners. (3) A. Prerequisite: department approval. 2.5 cumulative GPA, minimum grade of “C” in all courses with “CDF” prefix. Enrollment limited to students who have earned a Child Development Associate credential with college credit. Teaching experience will include classroom(s) and curriculum and planning/curriculum. Minimum of 80 hours field experience.

CDF 363 Early Childhood Literacy (3) I. Prerequisite: Admission to Child & Family Studies or department approval. An exploration of the emergent literacy development of young children within the language-rich context of play. Emphasis on state and national language standards, 2nd language acquisition, literacy assessment, resources for literacy instruction. Course material presented within tectorical context.

CDF 399 Early Childhood Practicum. (3-6) III. Prerequisites: Admission to Child and Family Studies or department approval. Corequisite CDF 349. Practicum experience in programs serving young children & families. Focus on organizations at the public, private and non-profit sectors. Open to A.A.S. and B.S. child development students only. Minimum of 100 hours field experience.

CDF 405 Program Planning for Infants and Toddlers. (3) I. Formerly CDF 344. Prerequisite: Admission to Child and Family Studies or department approval. Corequisite CDF 450. Planning, implementation, and evaluation of developmentally and culturally appropriate environments for infants and toddlers. Emphasis is placed on the caregiver-infant relationship, intentional teaching and curriculum/program assessment, learning opportunities and environments, and environmental adaptations for special needs.

CDF 406 Program Planning for Preschool Children. (3) I. Formerly CDF 343. Prerequisites: Admission to Child and Family Studies or department approval. Corequisite CDF 450. Planning, implementation, and evaluation of developmentally and culturally appropriate environment for preschool children. Emphasis on intentional teaching, curriculum/program assessment, learning opportunities and environments, project work, collaborative work with families/communities, and various programs (e.g. Montessori, Head Start, HighScope). Credit will not be awarded for both CDF 406 and 343.

CDF 424 Diversity Awareness for Professional Practice. (3) I. Prerequisite: junior standing. Professionals working with individuals and families today must develop cultural competency. With a focus on sensitivity and respect, this course provides an overview of diversity in society, including race, gender, socioeconomic status, sexual orientation, religion, and other factors. Current and historical topics and issues will be explored.

CDF 437 Family Stress and Resilience. (3) I, II. Prerequisite: CDF 132 or department approval. Study of stressors which may affect the quality of family life and resilience. These stressors come from work and individual relationships. Students must employ coping effectively with these stressors. Current research and models of family stress and resilience are studied.

CDF 441 Family Dynamics in Adulthood and Aging. (3) A. Individual and family development from young adulthood through death. Particular focus on changing family roles as members age. Emphasis on social changes affecting life satisfaction, living environments, and social relations of the middle-aged and elderly.

CDF 443 Family Studies Practicum. (9) A. Prerequisites: CDF 132, 243, and 247 or 327 or 327S; 3.0 GPA in major, and minimum of “C” in all courses with a CDF prefix. Practicum experience in family life education, family resources and community-based programs serving individuals and families in the public, private, and nonprofit sectors.

CDF 449 Special Problems in Child Development. (1-3) I. Prerequisite: department approval and a 3.0 GPA (major). Major may be retaken to a maximum of six hours provided topics vary. The student chooses a problem and works under the supervision of the instructor. The student must complete 25 clock hours of observation by the end of this semester.

CDF 450 Early Childhood Practicum. (9) I, II. Prerequisites: CDF 247 or 327 or 327S, 248 or 406 and 246 or 345, 3.0 GPA in major requirements, and minimum grade of “C” in all courses with a CDF prefix. Practicum focusing on designing and evaluating the environment, implementing learning experiences, developing strategies for guiding young children, and arranging effective communication for family involvement. Meetings for collaborative planning and reflective discussion to make program decisions.

CDF 499 Supervised Teaching IECIE. (12) I, II. Prerequisites: corequisite of all major courses, supporting courses, special education minor, and professional courses. Practice teaching in programs for children ages birth through five years focusing on organizing environments for learning, planning and implementing developmentally appropriate curricula, selecting and implementing guidance strategies, assessing individual strengths and concerns of children and their families and colleagues for the benefit of children.

CDF 501 Prenatal and Infant Development. (3) I, II, A. Growth and development from conception to three years. In-depth study of theories and issues related to development during the first three years and before birth. Impact of family, education, and community will be explored.

CDF 538 Research Analysis in Child and Family Studies. (3) I. Prerequisites: CDF 235 and six hours in CDF; or department approval. Students will acquire the skills required to read and evaluate professional research literature related to child and family studies by examining current studies. Students will also compare and contrast the treatment of current issues in their field in both popular and professional writing.

CDF 541 Infant-Toddler Development and Group Child Care. (3) A. Prerequisite: corequisite of all major courses. Development from conception to three years. Focus on family intervention, appropriate practices and policies for group care, assessment, disabilities, multicultural and gender issues, and ethical issues.

CDF 544 Early Childhood Development and Program Planning. (3) A. Theory pertinent to early childhood development and learning including constructivism, socially-mediated intelligence, multiple intelligences and creativity. Emphasis on emergent curriculum and teaching strategies reflecting social collaboration such as webbing, project work, and multimedia documentation.

CDF 547 Organization and Administration of Early Childhood Programs. (3) I. Prerequisites: CDF 237 or 247, 343, or 406 or 248, and 344 or 405 or department approval. Review of the definition of goals, philosophies and rationales for establishment of early childhood programs (0-5), study of the procedures for organizing early childhood programs, and discussion of the management processes for administering quality early childhood programs.

CDF 550 Child and Family Studies Topics: (0-3) A. Study of various topics in child and family studies selected to meet student needs and interests. May be retaken to a maximum of six hours provided topics vary.

CDS—Communication Disorders and Sciences
Dr. Karen Maloley, Chair

CDS 100 Speech-Language Laboratory. (3) A. Clinical approach to communication problem(s). Instruction in proper use of speech mechanism. Individualized remediation of articulation, fluency, and/or voice problems. Concurrent enrollment in Speech-Language-Hearing Clinic may be required. Institutional credit cannot be used toward graduation.

CDS 250 Phonetics. (3) I. Prerequisite: admission to CDS program. An introduction to phonetic and phonological postures and movements used to produce standard English and defective sounds. Introduction of the International Phonetic Alphabet and practice in using it to transcribe both normal and defective speech.

CDS 273 Observation in Communication Disorders. (1) II. Prerequisite: admission to CDS program. Supervised clinical observation of therapy and/or diagnostic services for individuals with communication disorders. Instruction in report writing and observing in various settings. Students must complete 25 clock hours of observation by the end of this semester.

CDS 275 Introduction to Communication Disorders. (3) I. Introduction to the nature and causes of speech, language, and hearing disorders. An overview of the field of communication disorders and sciences.

CDS 285 Anatomy and Physiology of Speech and Hearing Mechanism. (3) I. Prerequisite: admission to CDS program. Introduction to the anatomical and physiological bases of hearing, respiration, phonation, resorption, and articulation.

CDS 360 Normal Speech and Language Development. (3) II. Normal speech and language acquisition from birth through the developmental years; basic linguistic concepts and theories; language differences.

CDS 365 Language Disorders: Assessment. (3) I. Prerequisite: admission to the CDS program. Corequisite: CDS 360. Methods of assessing language content/form/use. Assessment techniques will include standardized tests, language sampling and analysis, and observational techniques and scales.

CDS 372 Methods and Materials in Communication Disorders. (3) II. Prerequisite: admission to the CDS program. Overview of scope of practice and credentials for service delivery; management of therapy sessions; clinical policies and procedures; Code of Ethics; precautions for infectious disease control; development of therapy materials and oral mechanism examination kit.

CDS 374 Practice of the Articulationist. (3) I. Prerequisite: 25 hours of observation in communication disorders and sciences, CDS 372 and 373, and overall 3.0 GPA, or Clinic Director approval. Supervised clinical practicum in communication...
disorders services. May be retaken to a maximum of six credit hours.

CDS 380 Introduction to Clinical Audiology. (3) I. Prerequisite: admission to CDS program. Physics of sound, anatomy & physiology of hearing, auditory pathologies, and introduction of basic audiological assessment.

CDS 464 Disorders of Fluency, (3) I. Prerequisite: admission to the CDS program. Lectures and selected readings in the theoretical, etiological, and developmental views of assessment and management of stuttering problems in children.

CDS 474 Advanced Practicum in Speech Pathology, (3) II. Prerequisite: Over-all 3.0 GPA and CDS 374, or Clinic Director approval. Advanced supervised clinical practice in communication disorders services. May be retaken to a maximum of six credit hours.

CDS 475 Voice Disorders, (3) I. Prerequisite: admission to the CDS program. Lectures and selected readings in etiological perspectives of functional and organic voice disorders, diagnosis and management, classification, and treatment designs for vocal pathologies in children.

CDS 487 Aural Rehabilitation, (3) Prerequisites: CDS 380 and departmental approval. Fundamentals of aural habilitation/rehabilitation in the form of amplification (hearing aids, cochlear implants, assistive listening devices), speech reading, auditory-visual/kinesthetic perception, pediatric rehab techniques, educational management, auditory-vestibular integration, and visual-vestibular integration. Lab.

CDS 488 Practicum in Audiology, (1) I, II. Prerequisite: Over-all 3.0 GPA or Clinic Director approval. Supervised clinical practice in audiology. May be retaken to a maximum of two credit hours.

CDS 520 Augmentative and Alternative Communication Systems. (3) A. An overview of various approaches to aided non-verbal systems of communication. Various devices and symbol systems will be discussed.

CDS 525 Literate Language, (3) I. Prerequisites: CDS 360, CDS 365, and CDS 464 or departmental approval. Study of language disorders in children and principles for remediation in written language acquisition.

CDS 530 Therapeutic Relationships in Special Education. (3) II. Prerequisite: Admission to CD program or departmental approval. Overview of therapeutic relationship between individuals with disabilities, their families, and professionals. Emphasis on empathetic listening, interviewing skills, and change process.

CDS 541 School Services in Communication Disorders. (3) II. Prerequisites: Over-all 3.0 GPA, and admission to CDS program; or departmental approval. Organization and management of speech-language therapy services in the schools. Lab.

CDS 571 Neural Bases of Communication. (3) I. Prerequisite: admission to the CDS program or instructor approval. A study of neuroanatomic and neurophysiologic bases of communication including developmental issues and neurologic deficits resulting in communication disorders. Credit will not be awarded for both CDS 571W and CDS 571.

CDS 571W Neural Bases of Communication. (3) A. Prerequisites: admission to the CDS program or instructor approval and ENG 102 or ENG 105/TCH 112. A study of neuroanatomic and neurophysiologic bases of communication including developmental issues and neurologic deficits resulting in communication disorders. Credit will not be awarded for both CDS 571W and CDS 571.

CDS 572 Speech & Hearing Science. (3) II. Study of the physics of sound, acoustic characteristics of speech and processes, perception of speech, and psychophysical processes of communication.

CDS — Clinical Education

Dr. Laurence Hayes, Associate Dean

CDS 100 Clinical I: Introduction to the Education Profession, (5). I, II. Corequisites: EDF 203. Guided laboratory-based experiences emphasizing the identification, evaluation, and treatment of the roles and responsibilities of teachers and other education professionals and components of the education system. (laboratory/school-based clinical experience – a minimum of 10 hours is required; additional hours may be required based upon candidate performance). Must earn a grade of B or higher for Admission to Professional Education.

CDS 150 Clinical Transition: Education Profession, (5). I, II. Corequisite: EDF 316. Guided laboratory-based experiences emphasizing the education profession. (laboratory-based clinical experience – a minimum of 10 hours is required; additional hours may be required based upon candidate performance).

CDS 208 Foundations of Understanding the Learner, (5). I, II. Prerequisite: CDS 100 (grade of B or higher). Corequisites: EDF 219; or EDF 320 for CTE majors; or CDF 235 for IECE majors. Guided laboratory-based experiences emphasizing the assessment and analysis of student learning and performance. Must earn B or higher for Professional Education.

CDS 300 Clinical III: Curriculum and Instructional Design. (5) I, II. Prerequisites: CED 200 (grade of B or higher) and Admission to Professional Education or Dean approval. Corequisites: EDF 300. Guided school-based experiences that emphasize student growth through well-planned and aligned instructional units and lessons. (school-based clinical experience – a minimum of 50 hours is required; additional hours may be required based upon candidate performance).

CDS 375 Clinical V: Practicing Teaching, (1). I, II. Prerequisite: Admission to Professional Education or Dean approval. Corequisite: CED 450. Supervised, sustained practice teaching experiences in an assigned instructional setting. Experiences include individual, small group, or whole class teaching opportunities. (school-based clinical experience – a minimum of 40 hours is required; additional hours may be required based upon candidate performance).

CDS 400 Clinical IV: Diagnosis and Prescription, (5) I, II. Prerequisites: CDS 300 (grade of B or higher) and Admission to Professional Education or Dean approval. Corequisites: EDF 413 and EMS 490; or EDF 352 and EDF 590 for IECE majors. Guided school-based experiences emphasizing the development, implementation, interpretation and reporting of various assessment tools for learners, the classroom and school environment and the subsequent design of instruction. (school-based clinical experience – a minimum of 50 hours is required; additional hours may be required based upon candidate performance). Must earn B or higher for Professional Education.

CDS 450 Clinical V: Practicing Teaching, (1). I, II. Prerequisites: CED 400 (grade of B or higher) and Admission to Professional Education or Dean approval. Corequisites: ELE 446 or ELE 446W, or ENG 447, or ESE 540, 543, 549, 552, 553, 561, 566, 573, 579, 587, or 550; or SED 436 for IECE majors. Supervised, sustained practice teaching experiences in an assigned instructional setting. Experiences include individual, small group and whole class teaching opportunities. (school-based clinical experience – a minimum of 80 hours is required; additional hours may be required based upon candidate performance). Must earn B or higher for Professional Education.

CDS 499 Clinical VI: The Professional Semester, (3-12) I, II. Prerequisite CED 450 (grade of B or higher) and Admission to the Professional Semester. Full-time assignment in an accredited school to observe, participate, and teach in classroom settings with special emphasis on the impact of instruction on student learning. (school-based clinical experience – a minimum of 70 days is required).

CDS 499I Clinical VI: The Professional Semester International, (1-12) I, II. Prerequisite: CED 450 and Admission to the Professional Semester, and application to student teach abroad with committee recommendation to the College of Education Dean for approval. Must successfully complete all pre-student teaching abroad seminars and requirements. Must demonstrate above average knowledge, skills and dispositions of a professional teacher prior to CED 499I. Overall ECU GPA must be 3.0 or above. Part-time assignment for four weeks in an EKU approved international school to observe, participate, and teach in classroom settings with special emphasis on the impact of instruction on student learning. (school-based clinical experience – a minimum of 70 total days is required – will be a combination of CED 499 and 499I).

CHE—Chemistry

Dr. Lori Wilson, Chair

CHE 100 Inquiry Chemistry for Teachers, (3). A. Prerequisite: completion of all developmental requirements; pre-teaching or teaching elementary and middle school education majors only. Activity-oriented chemistry; elements, molecules, solutions, acids and bases, reactions, energy and environmental topics. 2 Lab/Core practical. Prereq: Admission to Professional Education or Departmental Approval. Corequisite: CHE 101. Section 101 may be retaken to a maximum of six credit hours. Must earn B or higher for Professional Education.

CHE 101I Introductory Chemistry I (3) I, II. Prerequisite: completion of all developmental requirements. Prerequisite or Corequisite: CHE 101 and MAT 098 or higher. For students who plan to take no more than one year of chemistry. Basic principles of structure and properties of matter, chemical nomenclature and reactivity. Relates chemistry concepts to everyday life phenomena. A withdrawal from CHE 101 must be matched by a withdrawal from CHE 101L. Gen. Ed. E-4 with CHE 101L [NS].

CHE 101IL Introductory Chemistry Lab I (1). I, II. Prerequisite: completion of all developmental requirements. Prerequisite or Corequisite: CHE 101 and MAT 098 or higher. Laboratory component of CHE 101. Basic laboratory techniques, methods of separation, types of chemical reactions, solution preparation, titrations, household chemicals, molecular models. CHE 101L credit will not be awarded for both CHE 101IL and CHE 101. Gen. Ed. E-4 with CHE 101L [NS].

CHE 102 Introductory Chemistry II. (3) I, II. Prerequisite: CHE 101 and 101L, or CHE 111 and 111L. Corequisite: CHE 102L. Continuation of CHE 101. A survey of the classes of organic molecules including their common uses and physical and chemical properties. In addition, an introductory look at the structure and function of biological macromolecules. Withdrawal from CHE 102 must be matched by a withdrawal from CHE 102L.

CHE 102L Introductory Chemistry Lab II (1) I, II. Prerequisite: CHE 101L and 101IL, or CHE 111L and 111IL. Corequisite: CHE 102L. Continuation of CHE 101L. Must be matched by a withdrawal from CHE 102L.

CHE 102L Introductory Chemistry Lab II (1) I, II. Prerequisite: CHE 101L and 101IL, or CHE 111L and 111IL. Corequisite: CHE 102L. Introductory course for students in allied health. Principles of bonding, structure, and reactivity related to biological processes. A withdrawal from CHE 102L must be matched by a withdrawal from CHE 105L. Gen. Ed. E-4 with CHE 105L [NS].

CHE 105L Health Science Chemistry Lab. (1) I, II. Prerequisite: completion of all developmental
requirements. Prerequisite or Corequisite: CHE 105. Laboratory component of CHE 105. Laboratory experiments introduce chemical concepts and laboratory techniques related to the health science profession. 2 Lab. Gen. Ed. E-4 with CHE 101L [NS].

CHE 110 General Chemistry Preparation. (3) A. Prerequisite or Corequisite: CHE 111 or CHE 111L. Preparation for quantitative problem solving in general chemistry. Topics will include introduction to matter, chemical formulas and reactions, bonding and molecules, chemical calculations, the periodic table. May not be used to satisfy area, major or minor requirements.

CHE 349 A-N Cooperative Study. Chemistry. (5-8) A. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: sixteen, baccalaureate. A minimum of 80 hours of employment required for each semester hour of academic credit. May not be used to satisfy area, major or minor requirements.

CHE 361 Organic Chemistry I. (3) I, II, Prerequisite: CHE 112 and (C or better). May not be used to satisfy area, major or minor requirements.

CHE 361L Organic Chemistry Lab I. (1) I, II. Prerequisite or Corequisite: CHE 112L. Laboratory component of CHE 361. Experimental work to illustrate principles of organic chemistry. 3 Lab. Credit will not be awarded for both CHE 361 and CHE 361L. May be retaken to a maximum of two hours.

CHE 425 Instrumental Analysis. (3) A. Prerequisite: CHE 362. Instrumental methods for qualitative and quantitative analysis, and/or required maintenance in a designated undergraduate chemistry course. Formal project assigned by faculty mentor and departmental chair prior to enrollment. Credit will not be awarded for both CHE 425 and CHE 425L. May be retaken to a maximum of six hours.

CHE 501A-B Chemistry Colloquium. (1) I, II. Prerequisites: CHE 325 and 362. Lectures and presentations of chemical information by local or visiting scholars currently involved in chemical research. One weekly meeting. Cannot be taken concurrent with CHE 485. May be retaken for a maximum of two hours.

CHE 515 Synthetic & Analytical Methods. (3) A. Prerequisite or Corequisite: CHE 362. Analytical techniques and/or chemical instrumentation, including advanced chemical instrumentation/analysis, synthetic methods, computational chemistry, or molecular modeling. Topics vary according to student needs. May be retaken to a maximum of nine hours. Student must have the independent study proposal form approved by faculty supervisor and departmental chair prior to enrollment. Credit will not be awarded for both CHE 495A and CHE 495B.

CHE 540 Biochemistry of Macromolecules. (3) A. Prerequisites: CHE 362 and 362L. Structure, analysis, and organization of proteins, nucleic acids, and lipids; principles of enzymatic mechanisms of enzyme action; chemistry of membrane action and the immune system. Credit will not be awarded for both CHE 430 and CHE 530. May be retaken to a maximum of two hours.

CHE 541 Metabolic Biochemistry. (3) A. Prerequisites: CHE 362 and 362L. Continuation of CHE 430. Chemistry, catalysis, and biosynthesis of carbohydrates, lipids, amino acids, and nucleotides; analysis of nucleic acids and structure, function, and control of cellular genetic apparatus. Credit will not be awarded for both CHE 430 and CHE 531. May be retaken to a maximum of three hours.

CHE 550A-B Independent Chemical Research. (1-3) A. Prerequisite: CHE 112 and departmental approval. An introduction to research in all fields of chemistry. Literature-based assigned research project with a faculty mentor that will require a formal research report. May be retaken to a maximum of three hours. Student must have the independent study proposal form approved by faculty supervisor and departmental chair prior to enrollment. Credit will not be awarded for both CHE 495 and CHE 495A.

CHE 585A-B Independent Chemical Research. (1) I, II. Prerequisite or Corequisite: CHE 430 or 431 or departmental approval. Experimental techniques characteristic of biochemical research. Purification and characterization of proteins and nucleic acids, use of computers in modeling biochemical systems. Credit will not be awarded for both CHE 432 and CHE 532.

CHE 450 Inorganic Chemistry. (3) I. Prerequisites: CHE 362 and MAT 234 (C or better). Principles of inorganic chemistry. Valency, symmetry, chemical bonding, including atomic and molecular orbital theory, and reactivity. Application of these principles to acid-base, coordination, organometallic, and bioinorganic materials and chemistry are included. Credit will not be awarded for both CHE 450 and CHE 550.

CHE 484 Chemistry Colloquium (1). I, II. Prerequisites: CHE 325 and 362. Lectures and presentations of chemical information by local or visiting scholars currently involved in chemical research. One weekly meeting. Cannot be taken concurrent with CHE 485. Credit will not be awarded for both CHE 495 and CHE 495A.

CHE 495A Independent Chemical Research. (1) A. Prerequisite: CHE 112 and departmental approval. An introduction to research in all fields of chemistry. Literature-based assigned research project with a faculty mentor that will require a formal research report. May be retaken to a maximum of three hours. Student must have the independent study proposal form approved by faculty supervisor and departmental chair prior to enrollment. Credit will not be awarded for both CHE 495 and CHE 495A.

CHE 495B Laboratory Independent Research: (1-3) A. Prerequisites: CHE 112 and departmental approval. Objectives and techniques of chemical research. Problems in all fields of chemistry. May be retaken to a maximum of nine hours. Student must have the independent study proposal form approved by faculty supervisor and departmental chair prior to enrollment. Credit will not be awarded for both CHE 495 and CHE 495A.
higher (C or better), and either MAT 234 or MAT 261. Prerequisite or Corequisite: PHY 131 or 201. An introduction to physical and chemical explanations of biological phenomenon and physical chemistry theories and methodologies applied on biological systems. Topics include thermodynamics, chemical equilibrium, kinetics, quantum chemistry, spectroscopy, and selected topics. 6 Lec / 1 Lab. Credit will not be awarded for both CHE 570 and CHE 770. Credit will not be awarded for both CHE 574 and CHE 470.

CHE 574 Physical Chemistry I. (3) A. Prerequisite: CHE 361 (C or better). Prerequisite or Corequisites: CHE 574L and MAT 244 and PHY 131 or 201 (C or better in each course). A study of thermodynamic properties in physical and chemical systems; electrochemical processes; rates and mechanisms of chemical reactions. Credit will not be awarded for both CHE 574 and CHE 471.

CHE 574L Physical Chemistry Lab I. (1) A. Prerequisite: CHE 325 and 325L (C or better in each course). Prerequisites or Corequisites: CHE 574 and CHE 385 (C or better in each course). Laboratory component of CHE 574. Experimental work to illustrate principles of physical chemistry that include thermochemistry, thermodynamics, equilibrium, and reaction kinetics. 3 Lab.

CHE 575 Physical Chemistry II. (3) A. Prerequisite: CHE 361 (C or better). Prerequisite or Corequisite: CHE 575L and MAT 254 and PHY 132 or 202 (C or better in each course). An introduction to quantum mechanics as applied to model, atomic, and molecular systems; applications of atomic and molecular spectroscopy; introduction to computational chemistry. Credit will not be awarded for both CHE 575 and CHE 472.

CHE 575L Physical Chemistry Lab II. (1) A. Prerequisite: CHE 325 and 325L (C or better in each course). Prerequisites or Corequisites: CHE 575 and CHE 385 (C or better in each course). Laboratory component of CHE 575. Experimental work to illustrate principles of physical chemistry including UV-visible, infrared, and fluorescence spectrometric techniques, fundamentals of laser operation, statistical mechanics, and computational chemistry.

CHN—Chinese

CHN 102 Conversational Chinese II. (3) I, II. Recommended CHN 101 or equivalent proficiency with departmental approval. Continuation of CHN 101. Emphasis on conversation. Students entering CHN 102 by referral or placement will receive three hours credit for CHN 101 with an "A. Gen. Ed. E-6.

CHS—College of Health Sciences

Dr. Deborah Whitehouse, Dean

CHS 210 Special Problems in Health Sciences. (1-4) A. Prerequisite: departmental chair approval. For independent work, special workshops, or a special topic. May be taken to a maximum of six hours.

CHS 342 Understanding AIDS (1) I, II. A seminar intended to inform students about risk factors and implications associated with acquiring AIDS (Acquired Immune Deficiency Syndrome).

CHS 349 Applied Learning in Health Sciences Lab (1) A. Work, under faculty and field supervisors, in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. Minimum 80 hours work required for each academic credit.

CHS 349 A-N Cooperative Study: Health Sciences. (5-8) A. Work, under faculty and field supervisors, in placements related to academic studies. One to eight hours credit per semester or summer.

Total hours: eight, associate; sixteen, baccalaureate. Minimum 80 hours work required for each academic credit.

CHS 410 Special Problems in Health Sciences. (1-4) A. Prerequisite: departmental chair approval. For independent work, special workshops, or a special topic. May be taken to a maximum of six hours.

CHS 420 Special Topics for Health Professions. (1-2) A. Prerequisite: senior standing and/or departmental approval. Topics of current interest to students enrolled management are applied credit. May be retaken to a maximum of six hours.

CHS 570 Health Care of the Aged. (3) A. Theories of gerontology; common health problems of the aged; focus on quality health care.

CIS—Computer Information Systems

Dr. Oliver Felts, Chair

CIS 212 Introduction to Computer Information Systems. (3) I, II. Introduction to computer hardware and software systems, the Internet, HTML, and microcomputer applications including spreadsheets, word processing, database, presentation graphics, electronic mail, and word processing systems. 6 Lab. Prerequisite: CIS 215.

CIS 215 Introduction to Business Programming. (3) I, II. Prerequisite: CIS 212 or CIS 240 or INF 104 with a grade of "C" or better. Introductory computer programming course using an object-oriented programming language to solve business problems. This course will introduce: algorithm concepts and development; object-oriented programming methodologies; language syntax; graphical interface design and event handling.

CIS 230 Business Applications of Microcomputers. (3) A. Prerequisite: CIS 212 or CIS 240 or INF 104 or equivalent with a grade of "C" or better. Advanced word processing, spreadsheets, database management, and computer information software.

CIS 240 Introduction to Web Information Systems. (3) I, II. Introduction to design and development of Web-based systems. Includes Internet and Web technology; Web development using design procedures, HTML, CSS, and XML; client-side scripting languages, and hands-on experience in web page authoring.

CIS 250 Business Programming II. (3) I, II. Prerequisite: CIS 215 or CIS 240 with a grade of "C" or better. Intermediate computer programming course introducing: data structures; file input-output using sequential and random techniques; database access; business report generation; advanced graphical interface design and event-based processing.

CIS 300 Management Information Systems. (3) I, II. Prerequisites: ACC 201, 202, CIS 212 or INF 104 and ECO 230 with a grade of "C" or better in each course; junior standing (a minimum of 60 hours) with an overall minimum of 2.0 GPA. Role of information systems in supporting managers, decision making and organizational goals; planning and managing e-business systems; global competition; social and ethical issues.

CIS 320 Forensic Computing: Investigations (3) A. Prerequisite: CIS 212 or CIS 240 or INF 104 or NET 302 with a grade of "C" or better and junior standing. Intermediate computer programming course introducing: data structures; file input-output using sequential and random techniques; database access; business report generation; advanced graphical interface design and event-based processing.

CIS 325 Forensic Computing: Acquisitions (3) A. Prerequisite: CIS 212 or CIS 240 or INF 104 or NET 302 with a grade of "C" or better and junior standing. Students will understand and experience the portion of the digital investigation beginning with digital evidence acquisition, then analyze and explain that evidence.

CIS 355 Advanced Business Programming. (3) Prerequisite: CIS 212 or CIS 240 with a grade of "C" or better. An object-oriented computer programming course to solve business problems. This course will introduce: object oriented design; inheritance and composition; advanced interface and component reuse; integration techniques; server-side controls.

CIS 360 Computer Information Systems Internship. (2-4) A. Prerequisites: GPA of 2.25 and advisor-departmental approval. Practical experience in computing information systems.

CIS 370 Seminar in Computer Information Systems. (3-3) A. Prerequisite: instructor approval. Selected topics of special and contemporary interest to business students. May be retaken under different topics to a maximum of six hours.

CIS 375 Networks and Telecommunication. (3) A. Prerequisite: Junior standing and CIS 240 or NET 303 with a grade of "C" or better. The study of networking and telecommunications fundamentals, including LANs, WANs, and the Internet. Data communication and telecommunication concepts, models, standards, and protocols are studied. Installation, configuration, and management of infrastructure technologies are practiced.

CIS 380 Information Systems Analysis and Design. (3) A. Prerequisite: Junior standing and CIS 215 or 300 with a grade of "C" or better in each course. Systems development life cycle with the emphasis on analysis and design. Topics include requirements determination, logical design, physical design, and implementation planning; feasibility analysis; RAD, prototyping, and object-oriented modeling techniques; software package evaluation, acquisition, and integration.

CIS 400 Electronic Business Planning and Strategy. (3) I, II. Prerequisites: Junior standing and CIS 300 or CIS 240 with a grade of "C" or better in each course. Electronic business planning and strategy. Emphasizes e-business models and technology, assessing company performance and value; design, promotion, global and social issues.

CIS 410 Project Management and Practice. (3) Prerequisites: Junior standing and CIS 300 or CIS 240 or NET 303 with a grade of "C" or better in each course. This course presents the theory and practice of modern project management. The technical and behavioral aspects of project management and change management are applied with the context of an information systems project.

CIS 420 Forensic Computing: Network Analysis. (3) II. Prerequisites: Junior standing and CIS 309 or CIS 2212 and NET 303 with a grade of "C" or better.
This course provides students with an understanding of computer forensics, in the context of managing computer networking and wireless networks, as well as in the context of corporate investigations and business litigation. Students learn tools and techniques to investigate network logs, network traffic, and web sites to conduct a forensics investigation.

CIS 430 Business Data Mining (3) A. Prerequisites: (CIS 212 or 240 or INF 104 or TEC 161) and (QMB 200 or STA 270), all with a grade of C or above. Introduces the basic concepts and practical business applications of data mining. Topics include: data types, data patterns, data preprocessing, data cleaning, outlier analysis, features reduction, feature discretization, data integration, data mining process, model estimation, Bayesian inference, regression analysis, classification, and prediction.

CIS 436 Advanced Data Base Management. (3) A. Prerequisite: CIS 335; CIS 215 or CIS 340 with a grade of “C” or better in each course. An in-depth study of modern data base management to include advanced and current database topics. Coverage includes advanced data modeling and relational database design and implementation to include current technologies and techniques; database programming; database applications development for electronic business.

CIS 475 Advanced Telecommunications. (3) A. Prerequisite: CIS 375 or permission of instructor. More in-depth coverage of telecommunications and networking to include installation and configuration, management, connectivity, activity, running applications, monitoring and optimization, trouble shooting, and resources.

CIS 480 Information Systems Implementation. (3) I, II. Prerequisites: CIS 215, CIS 340, CIS 380 and CIS 335 with a grade of “C” or better in each class. An in-depth study of systems development life cycle with an emphasis on implementation of an IS project. Students develop program specifications, test plans, planned-language software application, and provide system documentation.

CIS 490 Special Problems in Computer Information Systems. (1-4) A. Prerequisite: advisor or departmental approval. Independent study in information systems. May be repeated under different sub-topics to a maximum of six hours. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

CIS—Communication Studies

Dr. Fran Dickson, Chair

CIS 100 Introduction to Human Communication. (3) A. An introduction to the study of human communication. Overview of major topics in contemporary theories of interpersonal, intergroup, small group, and public communication. Practice in the development of skills in each of these areas. Gen. Ed. E-1 (CIC).

CIS 200 Interpersonal Communication. (3) I, II. A theoretical and skills based approach to building communication competence in personal relationship development, maintenance, and dissolution.

CIS 205 Advocacy and Opposition. (3) I. The study of the techniques and principles of formal arguative discourse. Emphasis on developing, presenting, and defending and opposing positions on controversial questions. Credit will not be awarded for both CIS 205 and 205W.

CIS 205W Advocacy and Opposition. (3) I, II. Prerequisites: ENG 102, or ENG 105B, or HON 102. The study of the techniques and principles of formal arguative discourse. Emphasis on developing, presenting, defending, and opposing positions on controversial questions through intensive writing and oral communication. Credit will not be awarded for both CIS 205 and 205W.

CIS 220 Careers in Communication Studies (1-3) A. An exploration of career opportunities in communication studies. All students must take the class for one credit hour; students may elect to take the class for three credit hours, which involves onsite visits to organizations.

CIS 250 Interviewing. (3) I. Analysis and application of the communication skills necessary for becoming an effective interviewer and interviewee in organizational contexts. Learn and apply various interviewing techniques, informative, employment and persuasive interviews.

CIS 300 Business and Professional Speaking. (3) I, II. Prerequisites: CIS 205W and 210. An advanced speaking course, in which students organize and deliver business presentations, learn and practice professional electronic/telephonic communication protocols, and conduct business meetings.

CIS 305 Research Design in Communication Studies (3) I. Prerequisite: CIS 205W and MAT 105 or 106 or 107 or 108 or 124 or 124H or 211. An introduction to the techniques of experimental, survey, and ethnography research designs as each pertains to the study of human communication.

CIS 310 Introduction to Mediation and Small Group Communication. (3) I, II. Prerequisites: CIS 200. Emphasis on the role of communication in the development of group norms, roles, leadership styles, problem-solving techniques and decision-making techniques in small group interaction. May be retaken for a maximum of three hours.

CIS 320 Persuasion. (3) A. Prerequisites: CIS 200, and 205. Study of contemporary research and theories of persuasion and social influence. Practice in the design, analysis, and implementation of persuasive messages.

CIS 325 Communication in Conflict Management. (3) I, II. Prerequisites: CIS 100 or departmental approval. A study of the communication components that contribute to the initiation, perpetuation, and resolution of conflict. Emphasis on building appropriate communication skills for productive conflict management.

CIS 335 Advanced Public Speaking (3) I, II. Prerequisite: CIS 210 or departmental approval. An advanced study of the invention, organization, style, delivery, and audience adaptation of various types of speeches.

CIS 349 Applied Learning in Communication Studies. (5-8) A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

CIS 349 A-N Cooperative Study: Communication Studies. (5-8) A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

CIS 350 Interpersonal Communication. (3) I. Survey of theoretical and empirical literature dealing with communication behavior as it occurs within the context of organizations. Students examine communicative behaviors through case study and field observations.

CIS 353 Health Communication. (3) A. Prerequisites: CIS 100 or 210. A survey of recent development in the field of health communication. Emphasis is on the role of professional communication and family narrative in the health care setting, patient/ provider interactions, and multicultural health awareness.

CIS 375 Intercultural Communication. (3) A. Prerequisites: CIS 200, 205W or 205W, and 210. A study of the communication process across cultures with emphasis on intercultural perceptions, values and language problems as well as non-verbal expression in personal and professional settings.

CIS 380 Communication and Recruitment. (3) A. Prerequisites: Departmental approval. This course is designed to provide students with both theory and methods in recruitment, using interpersonal communication and public speaking skills. The class will utilize extensive role-playing activities to develop these skills.

CIS 400 Communication and Gender. (3) A. Prerequisites: CIS 200, 205W or 205, and 210. Focuses on relationships between communication and gender, race, and social class. Examines ways in which gender roles are created and recreated in society and in personal and professional relationships.

CIS 410 Human Communication Theory. (3) A. A general overview of the theoretical approaches to understanding communication. The goals of the class include developing and understanding of the role of theory in the research process and the ability to critique theories.

CIS 420 Negotiation. (3) A. This course combines communication theory and practice in resolving conflicts using the negotiation process. Extensive role-playing activities will be utilized to develop these skills.

CIS 435 Family Communication. (3) A. Prerequisite: CIS 200. Survey of theoretical and empirical research literature in family communication. Focus is on the role of communication in creating and maintaining healthy marriages and families.

CIS 445 Advanced Interpersonal Communication. (3) A. Prerequisite: CIS 200 and CIS 205 or 205W. Analysis of theory and research in personal and professional communication. Topics include relationship messages, stages of interpersonal relationships, intimate dialogue, the dialogue of distance, maintaining relationships through dialogue, and developing effective communication in relationships.

CIS 450 Mediation. (3) A. Prerequisites: CIS 325 or departmental approval. The study of mediation as an alternative dispute resolution technique. Involves the analysis and practice of communication skills applicable to the mediation process. Extensive mediation role-plays are an integral part of the course.

CIS 485 Communication Training and Development. (3) I, II. Prerequisite: CIS 200, 205W, 250, and 300. An introduction to the field of communication training and development for corporate, industrial, institutional, medical or educational settings. Students will practice training dealing with communication in the workplace. Credit will not be awarded to students who have credit for CIS 406 or 485.

CIS 490 Special Topics in Communication. (1-3) A. Presentation of course material of a timely, specialized, or topical nature. Specific course orientation will appear beside title. May be retaken to a maximum of nine hours if subject matter is different each time. Credit will not be awarded for both CIS 495 and CIS 490 Special Topics in Leadership.

CIS 495 Communication, Leadership and Change. (3) I, II. Prerequisites: CIS 200, 205W or 205, and senior standing. Study of relationships between communication and leadership skills and organizational/ societal change. Focus on leadership roles, theories, and qualities. Additional emphasis on career exploration and leadership.

CIS 499 Independent Study in Communication Studies. (1-6) I, II. Individual research and reading on a specified subject or communication subject. Regular consultation and final paper or performance required. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours.

SECTION SEVEN - COURSE DESCRIPTIONS
COM—Communication

Dr. Pam Parry, Chair

COM 200 Mass Media and Society. (3) I, II.
Introduction to mass media issues. Analyzes mass media impact on social, political and economic sectors of American and world societies. Considers issues and trends, including ethics, legal controls, violence and censorship. Credit will not be awarded for both COM 200 and 200W. Gen. Ed. E-5B [SB].

COM 200W Mass Media and Society. (3). I, II.
Prerequisite: ENG 102, ENG 202, or ENG 105(B) or HON 102. Introduction to mass media issues. Analyzes mass media impact on social, political and economic sectors of American and world societies. Considers issues/trends, including ethics, legal controls, violence and censorship. Credit will not be awarded for both COM 200W and COM 200. Gen. Ed. E-5B [SB].

COM 201 Writing and Reporting News I. (3) I, II.
Prerequisites: ENG 101 and 102 or 105(B) or HON 102. Study of the elements of news for print and electronic media. STYLE, structure, sources, interviewing, story types, libel and ethics. Practice in gathering, writing and evaluating news.

COM 290 Topics in Communications. (1-3). I.
Prerequisite: department approval. Special topics beyond the scope of regularly offered courses. May be taken to a maximum of nine hours provided the subject matter differs each time. Specific topics included in the schedule.

COM 301 Writing and Reporting News II. (3).
Prerequisite: COM 201. Advanced study of news for print and broadcast media. Includes source development, deadline reporting, visual reporting, electronic news sources, in-depth reporting. Introduction to careers and government reporting.

COM 325 Advertising Copy and Production. (3) I, II.
Prerequisites: ENG 102 or ENG 105(B) or HON 102. Introduction to copywriting and production for the electronic and print media. Topics include advertising strategy, motivation, appeals, visualization and layout. Applies research and communication theory to creation of advertising. Credit will not be awarded for both COM 325 and 325S.

COM 325S Advertising Copy and Production. (3) I, II.
Prerequisites: ENG 102 or ENG 105(B) or HON 102. Using a service-learning-based approach, students learn copywriting and production for electronic and print media. Topics include advertising strategy and practice, motivation, appeals, visualization and layout, applied research and communication theory. Credit will not be awarded for both COM 325 and 325S.

COM 330 Sportswriting and Reporting. (3).
Prerequisite: COM 201 or department approval. Writing of game, feature and interview stories for print and broadcast. Includes play by play, sports commentary and analysis.

COM 345 Literature and Film. (3).
A. Cross-listed as ENG 345. Prerequisites: ENG 102 or (105B) or HON 102. Examination of the relationships between film and literature through a comparative study of the stylistic and technical elements of the two media. Credit will not be awarded for both COM 345 and ENG 345.

COM 349 Applied Learning in Multi-Media Studies. (5-8).
A. Prerequisites: junior standing, “B” average in all courses within the department, and departmental approval. Work under faculty and field supervisor in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen baccalaureate. A minimum of 80 hours work required for each academic credit. May not satisfy major or minor requirements within the department.

CON—Construction

Dr. Scott Arias, Coordinator

CON 201 Cooperative Study: Multi-Media Studies. (5-8).
A. Prerequisites: junior standing, “B” average in all courses within the department, and departmental approval. Work under faculty and field supervisor in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen baccalaureate. A minimum of 80 hours work required for each academic credit. May not satisfy major or minor requirements within the department.

CON 201 Fund raising. (3) I, II.
An overview of fund raising, including planning, management, marketing, and the common sense needed to raise money from private sources.

CON 400 Studies in Communications: ______. (1-3). A.
Prerequisite: will vary with course offering. Study of selected communications through workshops, short courses, institutes, or through the presentation of a specific course which examines timely, topical, or specialized concerns in the field. Specific topic included in the schedule. May be taken to a maximum of nine hours.

CON 405 Media Law. (3) A.
Prerequisite: COM 200 or 200W or department approval. Examination of legal philosophies relating to the media, including press freedom, copyright, libel, slander, privacy, press/fair trial, and regulation. Emphasizes the legal rights and responsibilities of the media.

CON 415 Media Ethics. (3) A.
Prerequisite: COM 200 or 200W or department approval. Examination of ethical standards and practices of the mass media. Includes development of ethical decision-making skills.

CON 420 Mass Communications Research. (3) I, II.
Prerequisite: PUB 380 with a grade of “C” or higher or departmental approval. Introduction to the research process, research approaches, basic statistics, and applied research in the field of mass communications.

CON 425 Media Planning and Buying. (3) I, II.
An introduction to media planning and buying. Emphasis on basic measurements and calculations, reach and frequency, strategy, evaluation, and budgeting.

CON 430 Legislative Reporting. (3) A.
Prerequisite: COM 201 or department approval. Reporting on the state legislature for print and broadcast media. Counts as JOU/BEM elective.

CON 445 Broadcast and Cable Promotion. (3) I, II.
Study of broadcast and cable promotion techniques, with an emphasis on advertising/media campaign based on an actual case study. Includes primary research, media planning, creative design/execution, and evaluation. Students produce professional quality advertising materials for class projects. Grading will not be awarded for both CON 490 and MKT 426.

CON 599 Independent Study in Communication: ______. (1-3). A.
Prerequisites: Completion of at least 90 hours; students must have the Independent Study Proposal Form approved by faculty supervisor and department chair prior to enrollment. May be taken to a maximum of three hours, providing additional study projects differ.

CON—Construction Management

Dr. Scott Arias, Coordinator

CON 133 Introduction to Construction. (3) I, II.
A. Survey of the construction industry. Nature, scope, and general characteristics of the industry with an emphasis on careers, safety, and typical contracting methods.

CON 201 Materials and Methods of Construction I. (3) I, II.
Composition, manufacture and grades of construction materials and building products with emphasis on wood, metal, glass, roofing, finishing, and plastic materials. Methods, including safety, involved in the placement and installation of these materials.

CON 202 Materials and Methods of Construction II. (3) II.
Composition, manufacture, and grades of construction materials and building products with an emphasis on concrete and masonry. Methods, including safety, involved in the placement and installation of these materials.}

CON 211 Plane Surveying. (3) I, II.
Prerequisite: MAT 120 with a minimum grade of “C”. Principles of surveying, including the measurement of distances, elevations, and angles. Calculations for the various operations, including traverse computations. Introduction to the use of surveying instruments and note keeping.

CON 294 Construction Graphs. (3).
A. Basic principles of residential and small commercial planning; styles of architecture; a comparative study of structural systems and the preparation of working drawings. 2 Lec/2 Lab.

CON 303 Statics and Strength of Materials. (3) I, II.
Prerequisites: MAT 120 or 234 (4) with a minimum grade of “C”, and PHY 131 or 201. Study of loads, forces and their effects on rigid bodies and structures at rest. Computation of equilibrium reactions, internal forces, shear, moments, couples, friction, stress, strain, and deformation. Finding centroids and moments of inertia.

CON 304 Soils and Foundations. (3) I, II.
Prerequisite: ENG 303. A study of various soils as it relates to foundation construction. Topics include soil classification, engineering properties, compaction testing, types of foundation systems, and methods of foundation construction.

CON 210 Construction Surveying. (3) I, II.
Prerequisite: COM 221. The application of surveying skills as they relate to horizontal and vertical control on construction projects. Activities include building layout, centerline staking, earthwork computations, and slope staking. The use of electronic instruments is emphasized. 2 Lec/2 Lab.

CON 320 Boundary Surveying. (3) I.
Prerequisite: COM 221. This course introduces students to the principles of boundary surveying and provides them with the basic knowledge and skill to practice boundary surveying under the supervision of a registered professional surveyor.

CON 321 Construction Structural Design. (3) I, II.
Prerequisites: COM 303 and MAT 211 or 234 (4) and 217(1-2). A study of the design of beams and columns using steel and wood. Principles of structural design related to the design of temporary structures used in various construction processes.

CON 323 Estimating. I, II.
Prerequisites: COM 201, 202, and MAT 120 with a grade of “C”. A study of the materials and labor required in the construction of commercial projects. Experience is gained in reading drawings, calculating material quantities, and listing work items in a standardized format. 2 Lec/2 Lab.

CON 324 Mechanical/Electrical Systems. (3) I, II.
Prerequisites: COM 201 and 21 additional hours of CON courses. A study of plumbing, heating, air-conditioning, electrical power distribution, and lighting for vertical and horizontal construction. Basic fundamentals of water supply, waste drainage, electrical circuits, and heat loss/gain calculations are studied. 2 Lec/2 Lab.

CON 325 Construction Estimating. (5) I, II.
Prerequisites: COM 201, 202; MAT 120 with a minimum grade of “C”; and TEC 161. A study of estimating construction materials, equipment, labor, and costs, through reading drawings and calculating quantities and costs. Estimating software and cost databases are utilized to list work items in standardized format. 4 Lec/2 Lab.

CON 349 Applied Learning in Construction Management. (5-8) A.
Prerequisites: 30 hours of credit including 9 credit hours of CON courses with a 2.0 GPA and departmental approval. Transfer students must have completed at least one semester of full-time work at EKU. Work under faculty and field supervisor in placements related to construction management.

CON 349 A-N Cooperative Study: Construction Management. (5-8).
A. Prerequisites: 30 hours of credit including 9 credit hours of CON courses with a 2.0 GPA and departmental approval. Transfer students must have completed at least one semester of full-time work at EKU. Work under faculty and field supervisor in placements related to construction management.
with a 2.0 GPA and departmental approval. Transfer students must have completed at least one semester of full-time study at EKU. Work under faculty and field supervisors in placements related to construction management.

**COR 401 Special Problems in Construction Management. (1-3) A.** An independent study course for construction management undergraduate students. A study proposal will be developed by the student and approved by the faculty supervisor and department chair prior to enrollment. May be retaken provided the topic of study is different.

**CON 420 Engineering Economy. (3) I, II.** Junior Class Restriction. A systematic application of engineering economy to design, selection of construction materials, and construction methods. A study of first costs, operating and maintenance costs, service life, and replacement costs.

**CON 423 Estimating II. (3) I, II.** Prerequisite: CON 316. Construction project tasks with moderate complexity are divided by scope, then materials are quantified and costed. Cost databases are utilized for estimating labor, materials, equipment, and overhead. Emphasis is placed on the use of estimating software. 2 Lec/2 Lab.

**CON 425 Project Organization and Supervision. (3) II.** Prerequisites: MGT 300 or MGT 301 or AEM 408 and CON 421. A study of principles of construction project organization, administration, systems for efficient operation of office and field personnel, and dispute avoidance and resolution procedures. The construction process is followed from project inception to closeout.

**CON 426 Scheduling, (3) I, II.** Prerequisites: ACE 201 and CON 320. A study of scheduling and planning of construction activities and project costing. Topics include critical path method scheduling, metric based progress monitoring, cash flow analysis, and cost control. Standard scheduling software is used. 2 Lec/2 Lab.

**CON 480 Construction Management Graduate Preparation. (1-6) A.** Prerequisite: Admission to MS program in Applied Engineering and Technology Management, Construction Management concentration, and departmental approval. A guided-study of construction management modules meant for graduate students who have an undergraduate degree in an unrelated field but who have a minimum of 3 years of verified construction experience.

**CON 499 Construction Mgt. Capstone. (4) II.** Corequisites and/or prerequisites: CON 425, CON 426. A project-based capstone course in construction management for senior-level majors. This course will emphasize the integration of knowledge and skills acquired in previous undergraduate courses. 3 Lec/2 Lab.

**COR—Correctional and Juvenile Justice Studies**

**Dr. Betsy Matthews, Coordinator**

**COR 201 Introduction to Corrections (3) A.** Introduction to historical, philosophical, and operational frameworks of US corrections. Debates the goals of punishment and explores institutions and community-based sentencing options.

**COR 302 Living and Working in Prison (3) A.** Cross-listed as CRJ 302. Examines inmate subcultures and violence in prisons. Analyzes prison environment for correctional and EKU students. Explores life behind bars and offender difficulties in reentering society. Credit will not be awarded to students who have credit for COR 301 or CRJ 302.

**COR 303 The Offender in the Community (3) A.** Formerly COR 330. Cross-listed as CRJ 303. Explores impact offenders have on community. Examines formal correctional options and alternative methods of social control used to manage offenders in community. Credit will not be awarded to students who have credit for COR 330 or CRJ 303.

**COR 310 Foundations of Correctional and Juvenile Justice Practice. (3) A. Cross listed as CRJ 331. Provides a basis for informed responses to delinquency and crime. Examines the conceptual foundations of correctional and juvenile justice practice from a multidisciplinary perspective and their implications for the effectiveness of these practices. Credit will not be awarded for both COR 310 and CRJ 310 or CRJ 311W.

**COR 311 The Juvenile Justice System. (3) A.** Cross-listed as CRJ 311. Examines the evolution of the juvenile justice system, police response to delinquency, and juvenile court’s role in protecting the public and serving children. Credit will not be awarded for both COR 311 and CRJ 311.

**COR 321 Delinquency Interventions. (3) A.** Provides in-depth analysis of risk factors for delinquency. Examines effectiveness of individual, school, and family-based interventions in both community and residential settings.

**COR 322 School-Based Interventions for At-Risk Youth (3) A.** Examines school-based problems and interventions commonly experienced by at-risk youth. Discusses strategies for effective collaboration between schools and other community organizations. Credits will not be awarded for both COR 322 and COR 320 “School-Based Interventions for at-Risk Youth.”

**COR 323 Legal and Ethical Issues in Adult Corrections. (3) A. Formerly COR 315. Cross-listed as CRJ 323. An overview of legal court decisions related to adult corrections. Analyzes ethical issues surrounding adult correctional contexts and practices. Credit will not be awarded to students who have credit for COR 315 or CRJ 315.

**COR 340 Correctional and Juvenile Justice Administration. (3) A.** Introduces students to organizational theory and managerial principles, and examines their application to the unique challenges of correctional and juvenile justice settings.

**COR 349 Applied Learning in Corrections and Juvenile Justice. (5-6) A.** Prerequisites: 30 hours of college coursework and departmental approval. Work under faculty and field supervisors, in placements related to academic studies. Total hours: six, baccalaureate. A minimum of 80 hours work experience is required for each academic credit.

**COR 349-A N Cooperative Study: Corrections and Juvenile Justice. (5-6) A.** Prerequisites: 30 hours of college coursework and departmental approval. Work under faculty and field supervisors, in placements related to academic studies. Total hours: six, baccalaureate. A minimum of 80 hours work experience is required for each academic credit.

**COR 360 Rehabilitation Strategies for Adult and Juvenile Offenders (3) A.** Cross-listed as CRJ 360. Debates the rehabilitative goal of corrections and juvenile justice. Examines contemporary strategies and their effectiveness in controlling/changing offender behavior. Credit will not be awarded to students who have credit for COR 350 or CRJ 350.

**COR 375 Applied Skills Practicum. (1-6) A.** Prerequisites: Departmental approval. Designed primarily for in-service personnel and others where COR 349 is inappropriate, this course provides the student with opportunity to integrate academic knowledge with a field experience.

**COR 410 Female Offenders (3) A. Formerly COR 423.** Analyzes how policy and practice has impacted female arrests and incarceration. Explores gendered pathways to crime and the importance of gender-specific programming. Credit will not be awarded for both COR 410 and COR 423. “Women in Corrections”.

**COR 412 Exploring the Death Penalty (3) A.** Introduction to the history and use of the death penalty in the US. Examines past, present, and claims for efficacy of death penalty through balanced coverage of the debate. Credit will not be awarded to students who have credit for COR 320: “Exploring the Death Penalty.”

**COR 413 Addressing Mental Health and Substance Abuse Needs of Adult Offenders (3) A. Formerly COR 320.** Cross-listed as COR 413. Examines etiology and effects of substance abuse/mental health problems of adult offenders. Describes intervention strategies. Credit will not be awarded to students who have credit for COR 320: “Addressing Mental Health and Substance Abuse Needs of Adult Offenders” or COR 413.

**COR 420 Diversity in Corrections (3) A. Formerly COR 320. Cross-listed as AFA 346, CRJ 345, WGS 345. Focuses on issues, status, and special needs of “non-mainstream” sub-populations within the US correctional system, both inmates and personnel. Credit will not be awarded to students who have credit for COR 423 “Diversity in Corrections.”

**COR 421 Intervening with Juvenile Sex Offenders (3) A. Formerly COR 423. Provides comprehensive overview of field of juvenile sex offenders and the risk they pose. Focuses on etiology, evaluation, assessment, treatment, and management of juvenile sex offenders. Credit will not be awarded to students who have credit for COR 423: “Intervening with Juvenile Sex Offenders.”

**COR 422 Legal Issues in Juvenile Justice. (3) A.** Introduces the major bodies of law that inform juvenile justice practice and examines their application to the unique challenges of juvenile justice. May be retaken to a maximum of twelve hours on different topics.

**COR 460 Independent Study. (1-6) A.** Prerequisites: Departmental approval and/or research on a problem pertaining to corrections and/or juvenile justice. Student must have the independent study proposal approved by the faculty supervisor and department chair prior to enrollment.

**CRE—Applied Creative Thinking**

**CRE 101W Introduction to Applied Creativity (3) A.** Prerequisite or Corequisite: ENG 102 or ENG 105 (with a minimum grade of “P”) or HON 102. A communication-intensive introductory course establishing a foundation in creative thinking through instruction in basic theories and practices. Concentration on language and fundamental and powerful concepts in creativity studies. Credit will not be awarded to students who have credit for CRE 101.

**CRE 201 Innovation and Creativity (3) A.** Prerequisite: ENG 102 or departmental approval. An examination of pedagogical theories and practical strategies in the field of creativity studies. Emphasis on application of these approaches.

**CRE 301 Creativity Texts & Technology (3) A.** Prerequisite: ENG 102 and at least 3 credits of CRE courses, or departmental approval. Explores the creative nature of modern and historic innovations in business, industry, and education through a case study approach.

**CRE 300 Pedagogy of Creativity Studies (3) A.** Prerequisite: ENG 102 or departmental approval. An examination of pedagogical theories and practical strategies in the field of creativity studies. Emphasis on application of these approaches.

**CRE 301 Creativity Texts & Technology (3) A.** Prerequisite: ENG 102 and at least 3 credits of CRE courses, or departmental approval. Explores the creative nature of modern and historic innovations in business, industry, and education through a case study approach.

**CRE 300 Pedagogy of Creativity Studies (3) A.** Prerequisite: ENG 102 or departmental approval. An examination of pedagogical theories and practical strategies in the field of creativity studies. Emphasis on application of these approaches.

**CRE 350 Studio Theory & Practice (3) A.** Prerequisite: ENG 102 or ENG 105(B) or HON 102. This course teaches students theories and practices of...
CRJ 101 Introduction to Criminal Justice. (3) A. A general overview of the criminal justice system including a description of the major agencies: police, prosecution, courts, and corrections, and an analysis of their interdependence in the criminal justice process.

CRJ 204 Foundations of Corrections (3) A. An in-depth study of correctional institution structure and functioning of corrections in the United States. Examines correctional processes, populations, and issues.

CRJ 301 Drugs, Crime, and Society. (3) A. CRJ 101 with a grade of "C" or better, sophomore standing, or departmental approval. An examination of drug trafficking, the connection between drug use and other types of crime, and a review of drug control policies, including the impact of the media and politics.

CRJ 302 Living and Working in Prison (3) A. Cross-listed as COR 302. Prerequisite: Junior or Senior standing. Examines inmate subcultures and violence in prisons. Analyzes prison environment for correctional officers. Explores how and why prisoners/offender difficulties reoccur in society. Credit will not be awarded for both CRJ 302 and COR 302.

CRJ 303 The Offender in the Community (3) A. Cross-listed as COR 303. Prerequisite: Junior or Senior standing. Examines how the offender/individual’s interaction and experiences lead to social change.

CRJ 305 Domestic Violence. (3) A. Cross-listed as WGS 305. Prerequisites: CRJ 101 with a grade of "C" or better, sophomore standing, or departmental approval. An examination of the theoretical and empirical literature on domestic violence offenders, in addition to the victims, women, children, and elders. Addresses such issues as physical and sexual abuse of children, courtship violence, domestic violence, marital rape, and elder abuse. Credit will not be awarded for both CRJ 365 and WGS 365.

CRJ 311 Juvenile Justice System (3) A. Cross-listed as COR 311. Prerequisite: Junior or Senior standing. Examines the evolution of the juvenile justice system, police response to delinquency, and juvenile court’s role in protecting the public and serving children. Credit will not be awarded for both CRJ 311 and COR 311.

CRJ 312 Judicial Processes. (3) A. Prerequisites: CRJ 101 with a grade of "C" or better, sophomore standing, or departmental approval. An in-depth study of law-making and the American judicial process. Includes a systematic and comprehensive analysis of American courts, their pivotal role in the criminal justice system, and the function and responsibilities of the courts and judges. Credit will not be awarded for both CRJ 312 and COR 312.

CRJ 313 Criminal Justice Ethics. (3) A. Prerequisites: CRJ 101 with a grade of "C" or better, sophomore standing, or departmental approval. Examines the philosophical and normative obligations of the state and criminal justice professionals. Surveys the philosophies and theories of ethics and deviance. Credit will not be awarded for both CRJ 313 and 313S.

CRJ 314 Law and Society (3) A. Prerequisite: Junior or Senior standing. Critically examines law in everyday life. Law infuses popular media, constructs (and constrains) identity, and pervades language. In turn, media, identity, and discourse construct our understandings of law. Particular attention is paid to the law’s role in practices and discourses of resistance and in exerting social control.

CRJ 315 Administration of Justice. (3) A. Prerequisites: CRJ 101 with a grade of "C" or better, sophomore standing, or departmental approval. Examines theories of organization and management as they relate to both private and governmental organizations, as well as non-profit organizations. Leadership personnel management, bureaucracy, resource management, and other critical administration issues are addressed.

CRJ 322 Legal and Ethical Issues in Adult Corrections (3) A. Cross-listed as COR 322. Prerequisite: Junior or Senior standing. An overview of legal court decisions related to adult corrections. Examines ethical issues surrounding adult correctional contexts and practices. Credit will not be awarded for both CRJ 322 and COR 322.

CRJ 325 White Collar Crime. (3) A. Prerequisites: CRJ 101 with a grade of "C" or better, sophomore standing, or departmental approval. An overview of white-collar crime. Includes historical and contemporary developments. Credit will not be awarded for both CRJ 331 and COR 311 or CRJ 331W.

CRJ 331W Perspectives on Crime and Delinquency (3) A. Prerequisite: Junior or Senior standing. An overview of crime and its control. Examines law making, law breaking, and the social response from theoretical perspectives including social, economic, cultural, symbolic, psychological and biological. Includes historical and contemporary developments. Credit will not be awarded for both CRJ 331W and CRJ 331 or COR 310 or CRJ 331W.

CRJ 331W Perspectives on Crime and Delinquency (3) A. Prerequisites: ENG 102 or ENG 105, or HON 102 and CRJ 101 or COR 201 with a grade of C or better, sophomore standing, or departmental approval. An overview of crime and its control. Examines law making, law breaking, and the social response from theoretical perspectives including social, economic, cultural, symbolic, psychological and biological. Includes historical and contemporary developments. Credit will not be awarded for both CRJ 331W and CRJ 331 or COR 310.

CRJ 334 Diversity and Criminal Justice. (3) A. Cross-listed as AFA 334 and WGS 334. Prerequisites: sophomore standing or departmental approval. Contemporary race, gender, and other diversity issues that affect offenders, victims, society, and the criminal justice system. Credit will not be awarded for both CRJ 334 and COR 334.

CRJ 350 International and Comparative Criminal Justice Systems. (3) A. Prerequisites: CRJ 101 with a grade of "C" or better, sophomore standing, or departmental approval. A survey of selected world criminal justice systems including police, courts, and corrections. Cross-national and cross-cultural criminality from several perspectives will be examined. Credit will not be awarded for both CRJ 350 and APP 355.

CRJ 355 Social Problems and Juvenile Delinquency. (3) A. Prerequisite: sophomore standing. Survey of rural crime and juvenile issues, crime trends, policing and control of rural crime with particular attention given to Kentucky and Appalachia. Credit will not be awarded for both CRJ 355 and APP 355.

CRJ 360 Rehabilitation Strategies for Adult and Juvenile Offenders (3) A. Cross-listed as COR 360. Prerequisites: Junior or Senior standing. Debates and examines the rehabilitative role of corrections and juvenile justice. Examines contemporary strategies and their effectiveness in controlling/changing offender behavior. Credit will not be awarded for both CRJ 360 and COR 360.

CRJ 375 Climate Change and Crime. (3) A. Prerequisites: Junior standing: CRJ 101 with a grade of C or higher. Overview of climate change and its effects. Draws on leading crime theories to discuss the potential impact of climate change on crime. Credit will not be awarded for both CRJ 375 Climate Change and Crime and CRJ 406 Critical Issues in CRJ: Climate Change and Crime.

CRJ 388 Criminal Justice Research (3) A. Prerequisite: Junior or Senior standing. Overview of the research process, with emphasis on finding, using, and evaluating criminal justice research. Examination of both quantitative and qualitative social science research methods and procedures appropriate to the study of crime policy and criminal justice. Credit will not be awarded to students who have credit for COR 388 or CRJ 388W.

CRJ 388W Criminal Justice Research (3) A. Prerequisite: ENG 102, or ENG 105, or HON 102 and CRJ 101 or COR 201 with a grade of C or better, sophomore standing, or departmental approval. Overview of the research process, with emphasis on finding, using and evaluating criminal justice research. Examination of both quantitative and qualitative social science research methods and procedures appropriate to the study of crime policy and criminal justice. Credit will not be awarded to students who have credit for COR 388 or CRJ 388.

CRJ 400 Applied Criminal Justice Analysis. (3) A. Prerequisite: Junior or Senior standing. Analytical and statistical concepts and procedures relevant to crime and criminal justice data. Includes quantitative and qualitative techniques.

CRJ 401 Organized Crime. (3) A. Prerequisites: CRJ 101 with a grade of "C" or better, sophomore standing, or departmental approval. An overview of organized crime. History, scope, and methods of control of organized crime. Emphasis on local, regional, national and international control of organized crime. Credit will not be awarded to students who have credit for COR 388 or CRJ 388.

CRJ 403 Crime Mapping. (3) A. Prerequisite: sophomore standing. The purpose of this class is to introduce the student to theoretical and practical aspects of crime mapping and the spatial analysis of crime. In addition the lab portion of the class will provide hands-on training in crime mapping practices. 3 Lec/2 Lab.

CRJ 406 Critical Issues in Criminal Justice. (3) I, II. Prerequisites: CRJ 101 with a grade of "C" or better, sophomore standing, or departmental approval. Examines the criminal justice system process with an emphasis on problems and trends. This course provides an analytical overview of justice and its response to the needs of society. May be retaken for a maximum of six hours on different topics.

CRJ 410 Alcohol and the Law. (3) A. Prerequisite: sophomore standing. This course is an overview of the history of alcohol and prohibition in the U.S. Subtopics include: the American temperance tradition, moderation vs. prohibition, government enforced morals, and the interconnection among religion, politics and the law.

CRJ 411 Capital Punishment in the U.S. (3) A. Prerequisites: Junior or Senior standing: CRJ 101 with a grade of C or higher. Examines the historical and contemporary administration of the death penalty in the United States. Credit will not be awarded for both CRJ 411 Capital Punishment in the U.S. and CRJ 423 Topical Seminar: Capital Punishment in the U.S.

CRJ 412 Gender, Class and Race. (3) A. Prerequisite: Junior or Senior standing. Critically examines gender, class and race and their intersections as they pertain to crime, offending, victimization, and punishment. This course will provide an understanding of how the criminal justice apparatus operates within larger social, political, and economic systems of oppression and domination over marginalized populations.

CRJ 413 Addressing Mental Health and Substance Abuse Needs of Adult Offenders (3) A. Formerly: COR 320. Prerequisite: Junior or Senior standing. Cross-listed as COR 413. Examines etiology
and effects of substance abuse/mental health problems of adult offenders. Describes intervention strategies. Credit will not be awarded to students who have credit for COR 413 or COR 320.

CRJ 415 Prostitution and Criminal Justice. (3) A. Prerequisite: sophomore standing. This course is an analytic overview of the history of prostitution in the United States. Subtopics that will be included are: the American reform tradition, deviance, social control, religion, and prostitution, feminism, and politics.

CRJ 422 Human Trafficking. (3) A. Prerequisite: Junior or Senior standing. Critically examines the global problem of human trafficking. Using both historical and comparative frameworks, this course reveals the intricacies of human trafficking in different regions of the world and efforts to combat human trafficking by means of prevention, protection, prosecution, and partnership.

CRJ 423 Topical Seminar: ____. (3) A. Prerequisites: departmental approval, sophomore standing. Intensive study of selected topics related to criminal justice. May be retaken 1 time for 6 total credit hours.

CRJ 425 Criminal Gangs. (3) A. Prerequisite: Junior or Senior standing. Course examines single purpose criminal gangs that commit crimes for profit for a short time and organized criminal gangs that have extensive supporting networks and long histories of criminal activity such as adult street gangs, prison gangs, outlaw motorcycle gangs and drug trafficking organizations.

CRJ 430 Crime and the Economy. (3) A. Prerequisites: CRJ 101 with a grade of “C” or better. Examines capitalism as it contributes to crime. Demonstrates how cultural aspirations and structural forces contribute to crime and delinquency.

CRJ 440 Pathological Gambling and Crime. (3) A. Prerequisites: Junior or Senior standing; CRJ 101 with a grade of C or higher. This course examines problem gambling and its relationship to crime and criminal justice. Special attention is given to gambling, corrections, and offending. Credit will not be awarded for both CRJ 440 Pathological Gambling and Crime and CRJ 423 Human Trafficking.

CRJ 460 Independent Study. (1-3) A. Prerequisites: departmental approval, sophomore standing. Individual study and/or research on a problem pertaining to criminal justice. Student must have the independent study form approved by faculty supervisor and departmental chair prior to enrollment. May be retaken for a maximum of six hours.

CRJ 490 Senior Seminar. (3) A. Prerequisites: senior standing and completion of CRJ 351, CRJ 388 and at least 21 hours of CRJ coursework or departmental approval. Capstone course consisting of development and production of a senior level research paper grounded in relevant criminal justice literature. Emphasis on integration of knowledge acquired in previous courses.

CRJ 490W Senior Seminar. (3) A. Prerequisites: ENG 102 or ENG 105 or HON 102 and senior standing or departmental approval. Capstone course requiring the production of a senior level paper grounded in relevant criminal justice literature. Emphasis on integration of knowledge acquired in previous courses. Credit will not be awarded for both CRJ 490 and CRJ 490W.

CSC—Computer Science

Dr. Ka-Wing Wong, Chair

CSC 140 Introduction to Computer Game Design. (3) I, II. Introduction to computer game design, framework concepts, game design, gameplay mechanics, and object-oriented programming. Credit will not be awarded for both CSC 250 and 140.

CSC 160 Introduction to Programming: (3) A. Prerequisite: MAT 098 or higher, or a minimum score of 22 on the mathematics portion of the ACT, or a minimum score of 510 on the mathematics portion of the SAT. Introduction to problem solving with computers and the Internet using an appropriate programming language. Basic concepts include data types, control structures, functions, and input/output features.

CSC 174 Introduction to Programming for Science & Engineering (3) I, II. Prerequisite: MAT 098 or MAT 110 with a grade of “C” or higher, MAT 105 or higher, a minimum score of 22 on the mathematics portion of the ACT, or a minimum score of 510 on the math portion of the SAT. Introduction to programming in the event driven graphical programming language Visual Basic. Topics include forms, common controls/objects, coding, procedures, file management and developing Windows applications.

CSC 178 Programming in Java (I, II). (3) A. Prerequisite: completion of all mathematics developmental requirements. Programming in selected object-oriented languages, with appropriate applications. May be retaken to a maximum of six hours, provided the languages are different.

CSC 185 Intro to Computing Concepts. (3) I, II. Prerequisite: MAT 098 or higher, or a minimum score of 22 on the mathematics portion of the ACT, or a minimum score of 510 on the math portion of the SAT. Study fundamental programming concepts, mathematical structures, and logical principles required to design computer programs. Practice step-by-step problem solving in support of good algorithm design and verification practices.

CSC 190 Object-Oriented Programming I. (3) I, II. Prerequisite: a minimum of 22 on the mathematics portion of the ACT, or a minimum score of 510 on the mathematics portion of the SAT or a minimum grade of “C” in CSC 160, 174, 177, 178 or 185. Introduction to problem solving with computers using an object-oriented programming language. Concepts include data types, input/output, classes, control structures, and arrays. 2 Lec/2 Lab.

CSC 191 Object-Oriented Programming II. (3) I, II. Prerequisite: a minimum grade of “C” in CSC 190 and a minimum grade of “C” in the mathematics portion of the ACT, a minimum of 590 on the mathematics portion of the SAT, or a minimum grade of “C” in CSC 185. Object-oriented programming, recursion, arrays, inheritance, file input/output, exception handling, multi-thread programming, GUI, object-oriented analysis and design. 2 Lec/2 Lab.

CSC 195 Intro to Discrete Structures. (3) I, II. Prerequisites: A minimum grade of “C” in CSC 190 and a minimum of 25 on the mathematics portion of the ACT, a minimum of 590 on the mathematics portion of the SAT, or a minimum grade of “C” in CSC 185. Topics to be covered include sets, relations, functions; logic; algorithm design/analysis, recursive algorithms, recurrence relations, mathematical induction, counting, probability.

CSC 200 Computer to Computer Organization. (3) I, II. Prerequisite: CSC 191 with a minimum grade of “C” in CSC 191 and a minimum grade of “C” in CSC 190. Computer language assembly, instruction set, addressing, data representation, macro definition and generation, utility programs, programming techniques.

CSC 250 Intro to Interactive Games/App. (3) A. Prerequisite: CSC 190 with a minimum grade of “C” in CSC 190. Introduction to game programming and scripting. Topics include frame-based animation, video editing, sound effects, program logic, and object-oriented programming. Credit will not be awarded for both CSC 250 and 140.

CSC 300 Introduction to Numerical Methods. (3) A. Prerequisites: MAT 224 or 224H; an approved programming language. Error analysis, nonlinear equations, interpolation, numerical differentiation and integration, ordinary differential equations, direct and interactive methods of solving linear systems, approximation.

CSC 302 Introduction to System Environments. (3) I, II. Prerequisite: CSC 191 with a minimum grade of “C”. Introduction to computer system environments, utilities, system programming, system administration, networking and operating systems.

CSC 306 Ethics for the Computer Professional. (3) A. Prerequisite: CSC 191 with a minimum grade of “C”. Responsibilities of the computing professional, social implications of computing, privacy, crime and abuse, risk and responsibilities, copyright, and patents.

CSC 308 Mobile App Development for Apple iOS. (3) A. Prerequisite: CSC 191 with a minimum grade of “C”. Introduction to developing mobile applications for Apple iOS. Topics include development tools, APIs, user interfaces, mobile-specific technologies and application design.

CSC 309 Mobile App Dev for Android. (3) A. Prerequisite: CSC 191 with a minimum grade of “C”. Introduction to developing mobile device applications for Android. Topics include development tools, APIs, user interfaces, mobile-specific technologies and application design.

CSC 310 Data Structures. (3) I, II. Prerequisites: CSC 191 and CSC 195 with a minimum grade of “C” in both. The application and implementation of data structures including arrays, stacks, queues, linked lists, and trees. Internal searching and sorting techniques. The analysis of algorithms.

CSC 312 File Processing. (3) I, II. Prerequisite: CSC 310 with a minimum grade of “C”. File organization and file storage devices. Topics include external sorting, sequential file processing, hashing, B+ trees, and introduction to databases.

CSC 313 Database Systems. (3) A. Prerequisite: CSC 310 with a minimum grade of “C” in both. Introduction to databases, storage and retrieval of data, data management and database application development, online queries, XML, multimedia database, and database security.

CSC 315 3D Modeling. (3) A. Prerequisite: CSC 191 with a minimum grade of “C”. An introduction to geometric representations in 3D. Topics include polygon and spline modeling, texture mapping, materials, 3D scanning, and topics in animation including character rigging.

CSC 316 3D Game Engine Design. (3) A. Prerequisite: CSC 310. Introduction to 3D animation and programming. Topics include coordinate systems, vertices, lines, polygons, geometric objects, 3D models, motion control, and interaction design.

CSC 320 Introduction to Algorithms. (3) A. Prerequisites: CSC 310 with a minimum grade of “C” and MAT 234 or 234H. Fundamental algorithms required in computer science; algorithm design/analysis methods, graph algorithms, probabilistic and parallel algorithms, and computational models.

CSC 330 System Environments & Networks. (3) A. Prerequisite: CSC 191 with a minimum grade of “C”. Introduction to computer system environments, utilities, system administration, and service management.

CSC 332 Digital Storage Device Forensics. (3) A. Prerequisite: a minimum grade of “C” in CSC 310. Introduction to digital storage forensics. Topics include digital investigation fundamentals, fundamentals of storage devices (hard disk, optical, flash, consumer electronics devices, and mobile devices), disk volume analysis, and file systems analysis (FAT/NTFS, Ext2/3/4, FFS/HFS+/HFSX).

CSC 340 Ethics & Software Engineering. (3) A. Prerequisite: CSC 310 with a minimum grade of “C”. Responsibilities of software professionals, social implications of software such as privacy, crime and abuse, risk and responsibilities, copyright, and patents, software project planning, software analysis, software design, and software testing.

CSC 349 Applied Learning in Computer Science. (5-8) I, II; (1-6) SUMMER ONLY. Prerequisite: students must have successfully completed
Section Seven - Course Descriptions

30 semester hours of course work including six hours of Computer Science major courses. In addition, transfer students must have completed at least one semester of full-time course work at EKU. Work in placements related to academic studies. A maximum of three hours may be applied toward the Computer Science technology option degree only. Credit does not apply to general Computer Science major or minor requirements. Total hours: eight, associate; sixteen, baccalaureate. The minimum of 80 hours of employment is required for each semester hour of academic credit. Credit may not be awarded for both CSC 360 and 370.

CSC 360 Computer Org & Architecture (3) A. Prerequisite: CSC 191 with a minimum grade of “C”. Information representation, instruction set architecture, assembly language, instruction execution, basic computer units, input/output organization, memory and storage organization, pipelining and parallel processing, parallel processing, and performance evaluation. Credit will not be awarded for both CSC 360 and 370.

CSC 390 Advanced Programming Techniques with (3) A. Prerequisite: CSC 191, with a minimum grade of “C”. Advanced programming and programming language, with appropriate applications. May be taken to a maximum of six hours, provided the languages are different.

CSC 400 Operating Systems (3) I, II. Prerequisites: CSC 310, and 360. Overall structure of multiprocessing systems details, addressing techniques, memory-management, file system design and management, traffic control, interprocess communication, system module design, interfaces.

CSC 401 Network and System Programming. (3) A. Prerequisites: CSC 302, CSC 370 or EET 254. Technical programming in the UNIX and the Internet environments: shell scripts, TCP/IP, HTML, CGI, and JavaScript. Survey of Internet protocols.

CSC 425 Compiler Construction. (3) I, II. Prerequisites: CSC 320 and 350. Basic concepts of lexical analysis and syntax analysis. A programming team project will implement these concepts.

CSC 460 Computer Network & System Administration. (3) A. Prerequisite: CSC 310 with a minimum grade of “C”. Introduction to the subject of computer networks and layered protocols, architecture of data communication systems, point-to-point networks, local networks, end-to-end protocols and internetworking, and server-side technology to create interactive web applications.

CSC 490 Seminar in__, (1-3) A. Prerequisite: departmental approval. For advanced students in computer science. Subject announced when offered. May be retaken to a maximum of 12 hours, provided that the topics are different.

CSC 491 Game Design Capstone. (3) A. Prerequisite: CSC 316 and senior status. Level design, storyboarding, character modeling, game scripting, game interface design, audio effects, marketing, and ethics. Students will work in groups to develop a computer game term project.

CSC 494 Innovative Problem Solving (1-3) A. Prerequisite: Departmental approval. An individually developed project related to an innovative solution of a problem provided by the software industry. The result is to be presented in open forum. May be retaken to a maximum of 6 hours provided the topics are different.

CSC 495 Independent Work, (1-3) I, II. Prerequisites: ENG 102, 105/B or HON 102, and departmental approval. Directed study/research on a problem or area chosen in consultation with the instructor. Final paper required. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of twelve hours.

CSC 496 Senior Seminar. (1) A. Prerequisite: CSC 340 with a minimum grade of “C”. Critically evaluate current issues in computer science and effectively communicate creative ideas with professionals to foster collaborative problem solving.

CSC 507 Special Topics in__, (1-3) A. Prerequisite: three hours of a programming language or department approval. The top-down design of algorithms, structured programming, control structures, subprograms, files and lists. Programs will be written in a high level language. Credit does not apply to the Baccalaureate degree in computer science.

CSC 530 Concepts of Programming Systems. (3) A. Prerequisites: CSC 496 or departmental approval. The top-down design of algorithms, structured programming, control structures, subprograms, files and lists. Programs will be written in a high level language. Credit does not apply to the Baccalaureate degree in computer science.

CSC 535 Discrete Structure. (3) A. Prerequisite: MAT 112, 114, or equivalent. Corequisites: CSC 530. Logic, sets, functions, Boolean algebra, probability and their applications, number theory, recursion, graph theory, introduction to proofs with application of these topics to computer science.

CSC 538 Computer Crime and Forensics. (3) A. Introductory course on computer crime and forensics. Computer criminal evidence collection, analysis and handling; computer forensics tools; data acquisition; digital evidence control; Windows and Linux systems investigation; email investigation; network forensics; computer forensic report writing.

CSC 540 Integrated DB Applications. (3) Prerequisite: CSC 310 with a minimum grade of “C.” Techniques and tools for creating an integrated database application. Topics include architecture of a client/server database, creation of named program units stored in the database and the development of an interface file system, developer utilities and domain integrity.

CSC 541 Software Testing. (3) A. Prerequisites: Senior standing and CSC 310. The purpose of this course is to study software testing, process, methods, techniques and tools. Topics include black box testing, white box testing, integration testing, acceptance testing, regression testing, performance testing, stress testing, and testing of object-oriented software.

CSC 542 Internet Forensics. (A). Prerequisite: CSC 322 with a minimum grade of “C”. This course covers the basic knowledge and skills necessary to analyze Internet-based applications artifacts for digital evidence recovery. The topics include popular Web browsers, instant messengers, and social media apps.

CSC 544 Database Admin and Security. (3) A. Prerequisite: CSC 310 with a minimum grade of “C.” This course covers database management system concepts, database system architecture, installation and setup, data management, performance monitoring and tuning, backup and recovery, database security models and management, database auditing.

CSC 545 Theory of Database Systems. (3) A. Prerequisite: a minimum grade of “C” in CSC 301. Models and principles of information systems. Database languages. The logical and physical design as well as the implementation and use of database systems.

CSC 546 Artificial Intelligence. (3) A. Prerequisite: CSC 310 with a minimum grade of “C” or CSC 530. The use of programming languages to model concepts selected from artificial intelligence. The application of heuristics to problem solving. Perception and pattern recognition.

CSC 547 Network Forensics and Investigation (3) A. Prerequisites: Senior standing and CSC 400. Introduction to Windows network forensics. Topics include: Windows network structure; Windows password/authentication mechanisms; Windows ports and services; Live analysis techniques; Windows registry structure and evidence; Forensic analysis of events logs; Network forensics tools and reporting.

CSC 548 Personal Electronic Device Forensics. (3) A. Prerequisites: CSC 322. Introduction to personal electronic device forensics. Topics include architecture, functionality, operating systems and implementation of PEDs (cell phones, PDAs, iPod, MP3 music players, GPS devices), recovering evidence from PEDs, and hostile forensic and booby-trapping techniques.

CSC 549 Computer Forensics Capstone. (3) A. Prerequisite: CSC 332. Project course. Students are trained in digital forensic science, and software and hardware tools to perform an objective on a case for digital evidence collection, handling, analysis, and reporting.

CSC 550 Graphics Programming. (3) A. Prerequisites: CSC 316. 3-D geometry, model transformation, matrices, computer algorithms and protocols, texture mapping, camera control, and collision detection.

CSC 555 Topics in Multimedia. (3) A. Prerequisite: departmental approval. Advanced students in computer science. Subject announced when offered. May be retaken to a maximum of six hours, provided the topics are different.

CTE - Career and Technical Education

CTE 100 Orientation to Career and Technical Education. (3) A. Introduction to new technical teachers in areas of principles of instruction, lesson planning, oral instruction, instructional media, demonstrations, evaluation and follow-up. Satisfactory-unsatisfactory grading.

CTE 204 Related Science, Mathematics, and Technology in Occupations I. (3) A. Offered only through written examination; applicant must be eligible for vocational teaching certificate.

CTE 205 Manipulative Skills in Occupations I. (3) A. Offered only through technical competence examination; applicant must be eligible for vocational teaching certificate.

CTE 206 Related Knowledge: Occupations I. (3) A. Offered only through written examination; applicant must be eligible for vocational teaching certificate.

CTE 261 Foundations of Career and Technical Education. (3) A. For in-service career and technical teachers. A study of the historical, philosophical, economical, sociological, and psychological foundations of career and technical education related to elementary, secondary, and post-secondary education. Credit will not

analyze Internet-based applications artifacts for digital evidence recovery. The topics include popular Web browsers, instant messengers, and social media apps.
Integration of lighting issues that are essential and specific to the industry and profession of interior design. DES 332: Housing for the Elderly. (3) A. Examination of the housing options and alternatives for the elderly population resulting in an awareness of and responsiveness to the needs of the user. DES 349 Applied Learning in Art & Design (5.8- A). Work in a professional environment related to academic studies. One to eight hours credit per semester or summer. A minimum of 80 hours employment required for each semester hour credit. Students must have successfully completed 30 semester hours of course work and transfer students must have completed at least one semester of full-time course work at EKU with a GPA of 3.0. DES 349 A-N Cooperative Study: Art & Design (5.8- A). Work in a professional environment related to academic studies. One to eight hours credit per semester or summer. A minimum of 80 hours employment required for each semester hour credit. Students must have successfully completed 30 semester hours of course work and transfer students must have completed at least one semester of full-time course work at EKU with a GPA of 3.0. DES 350 Typography I. (3) II. Prerequisite: DES 250. Corequisite: DES 351. Departmental approval and 3.0 GPA in ART, ARH, and DES courses. Introduction to the use of letterforms in graphic design and visual culture. Students will research typographic terms and history and will develop an understanding of visual strategy in graphic design. DES 351 Sophomore Studio. (3) I, II. Prerequisite: DES 250. Corequisite: DES 350. Departmental approval and 3.0 GPA in ART, ARH, and DES courses. An exploration of visual communication issues and applications in graphic design. The relationship of visual form to meaning, type and image relationships will be examined. DES 352 Image Making. (3) II. Prerequisites: DES 251, 351, Major GPA 3.0, and admission to the BFA program. Corequisite: DES 353. An advanced integration of various techniques and materials, both traditional and contemporary, to promote understanding of the importance of imagery within the field of graphic design. DES 353 Production for Graphic Design. (3) II. Prerequisites: DES 350, 351, Major GPA 3.0, and admission to the BFA program. Corequisite: DES 352. Exploration of materials, surface graphics, marketing, and production problems as they relate to the advancement and integration of many design principles. DES 354 Typography II. (3) I. Prerequisites: DES 350, 351, Major GPA 3.0, and admission to the BFA program. Corequisite: DES 451. Advanced study of typography as an expressive medium. Special attention to multi-page document work, advanced issues of typography in scale as well as its usage in new media and alternative situations. DES 421 Supervised Field Experience in ID. (6) SUMMER ONLY. Prerequisites: open to Interior Design BFA students only, DES 325 and 326, minimum 2.25 overall GPA, and 3.0 major GPA. Observation of an interior design firm’s operation, with performance in assigned tasks. Students are placed with an architecture or interior design firm for a continuous full time ten-week experience. DES 422 Interior Design Studio V. (3) I. Prerequisites: DES 326 and 328, Major GPA 3.0, and admission to the BFA program. Advanced studio experience in interior design with emphasis on one or more of the following: residential, exhibit/retail, hospitality, office, historic preservation and adaptive-use. Studio meets for 3 hours twice a week. DES 424 Issues in Interior Design. (3) A. Prerequisite: junior standing or departmental approval. Individual and group investigation of current responsibilities and issues relevant to the field of interior design. DES 426 Interior Design Studio VI. (3) II. Prerequisites: DES 421 and 422, Major GPA 3.0, and admission to the BFA program. Corequisite: ART 499.
Advanced studio experiences in interior design requiring students to design a comprehensive large-scale project. Students will meet twice each week.

ECO 450 Professional Practices in Graphic Design. (3) I, II. Prerequisites: DES 354, 451, Major GPA 3.0, and admission to the BFA program. Corequisite: DES 453. This course examines the professional standards and practices specific to the field of graphic design.

ECO 451 New Media. (3) A. Prerequisites: DES 352 and 353, Major GPA 3.0, and admission to the BFA program. Corequisite: DES 354. Introduction to the artistic and technical issues of multimedia through website creation and animation.

ECO 453 Senior Workshop in Design. (3) I, II. Prerequisite: DES 354, 451, Major GPA 3.0, and admission to the BFA program. Corequisite: DES 450. Exploration of current issues, technical procedures, and design products.

ECO 454 BFA Graphic Design. (3) I, II. Prerequisites: DES 453, Major GPA 3.0, and admission to the BFA program. Corequisite: ART 499. Final phases of the student designer’s transition into the profession. Additional guidance towards portfolio and senior thesis development.

ECON 463 Problems in Design. (3) I, II. Prerequisites: DES 354 and 451 or Department Approval. Individualized instruction in design builds on creative skills and techniques learned in prior design courses. This course stresses the development of a specialized vision and the evolution of ideas and concepts for a design portfolio. May be retaken with different topics to earn a maximum of nine hours.

DES 517 Interior Design Study Tour II. (1-3) Prerequisite: Interior Design major who has completed 90 hours or departmental approval. Tour of interior design resources, wholesale and retail showrooms. Study in museums, libraries, and interior design centers when possible. Special study projects.

DES 525 Decorative Arts. (3) A. Furniture and accessories of the 18th, 19th, and 20th centuries with emphasis upon the influence of major designers and their interpreters, their stylistic characteristics and technical habitations.

ECO—Economics
Dr. Gyan Pradhan, Chair

ECO 110 The Individual and the Economy. (3) A. Prerequisite: MAT 905 or ACT math score of 18 or SAT math score of 490 or higher. An examination of the nature and role of individual decision making in the economy; the economic environment and the individual’s decision making process, policies and the decisions of the individual. Credit will not be awarded to students who have credit for ECO 230 or 231.

ECO 120 Economic Reasoning and Issues. (3) I, II. Prerequisite: completion of all developmental math requirements. An excellent preparatory course for ECO 230 or 231, dealing with basic concepts of a market-based economy, including scarcity, opportunity cost, comparative advantage, demand and supply, marginal analysis, market failures, economic growth, unemployment, inflation, and international trade. Credit will not be awarded to students who have credit for ECO 230 or 231 with a minimum grade of “C”. Gen. Ed. E-B/ SB [SB].

ECO 130 Contemporary Economic Problems. (3) I, II. Prerequisite: completion of developmental math requirements. An excellent preparatory course for ECO 230 or 231, dealing with such contemporary economic problems as unemployment, inflation, energy, health, pollution, education, crime, poverty, discrimination, and protectionism. Students who have completed ECO 230 or 231 with a grade of C or better, or are currently enrolled in ECO 230 or 231, will not receive credit for ECO 130. Gen. Ed. E-B/ SB [SB].

ECO 220 Statistical Methods for Economics I. (3) A. Prerequisite: MAT 112 or 114. Business and economic applications of frequency distributions, measures of location, variation; probability, sampling, estimation, test of hypothesis, linear regression, index numbers, and time series analysis. Credit will not be awarded to students who have credit for CRJ 400 or EPY 842 or HEA 450 or PSY 310 or QMB 280 or STA 208 or STA 215 or STA 270.

ECO 230 Principles of Microeconomics. (3) I, II. Prerequisite: completion of developmental requirements. For students with a composite ACT score of less than 21, completion of ECO 120 or 130 is strongly recommended prior to taking this course. Microeconomic principles, including market structure, consumer and producer choices, market demand and supply, pricing and resource allocation, comparative advantage and international trade. Gen. Ed. E-B/ SB.

ECO 231 Principles of Macroeconomics. (3) I, II. Prerequisite: completion of developmental requirements. For students with a composite ACT score of less than 21, completion of ECO 120 or 130 is strongly recommended prior to taking this course. Macroeconomic principles, including the study of measures of national economic performance, determinants of aggregate production, employment and prices, monetary and fiscal policy, balance of payments, economic growth and development. Gen. Ed. E-B/ SB.

ECO 250 Principles of Macroeconomics. (3) A. Prerequisite: ECO 230. Economic concepts that are directly applicable to business decision making including cost and production, profits, business strategy, government subsidies of sports venues and venues and sports labor markets.

ECO 315 Economic Policy Analysis. (3) A. Prerequisite: ECO 230. Foundations and rationale for economic policy, including market failure and income inequality. Objective of economic policy, specific analysis of selected policies in areas such as international trade, environment, education, health care, welfare, social security, and economic development.

ECO 320 Research Methods in Economics I. (3) Prerequisite: ECO 220, STA 270 or QMB 200; ECO 230 and 231; or departmental approval. Combining economic theory and statistical models in empirical work in economics; the linear statistical model and its extensions, application to production and cost, demand and economic growth, forecasting, and policy analysis; classical time series analysis.

ECO 324 Money and Banking. (3) A. Prerequisite: ECO 231. Functions of money, monetary systems, history of banking functions of the commercial bank, bank assets and reserves, loans and discounts, bank supervision, the Federal Reserve System, central banking policies, monetary and fiscal policies.

ECO 330W Intermediate Microeconomics. (3) I. Prerequisite: ECO 220, STA 270 or QMB 200; ECO 230 and 231; or departmental approval. Application of intermediate microeconomic theory, trade and investment patterns, payments system, balance of payments, international companies, and international issues.

ECO 395W Economics of Developing Countries. (3) A. Prerequisites: ECO 230 or 231. Intermediate Microeconomics. This course is a special problems course designed to introduce the student to the economic development process, including the role of international trade, the problems of growth, income distribution, poverty, and inequality. Emphasis is placed on the major economic development issues in developing countries, with particular attention to the problems of growth, income distribution, poverty, and inequality. The course is designed to provide a comprehensive understanding of the major economic development issues in developing countries, with particular attention to the problems of growth, income distribution, poverty, and inequality. The course is designed to provide a comprehensive understanding of the major economic development issues in developing countries, with particular attention to the problems of growth, income distribution, poverty, and inequality.

ECO 396W Economics of Developing Countries. (3) A. Prerequisites: ECO 230 or 231. This course is designed to introduce the student to the economic development process, including the role of international trade, the problems of growth, income distribution, poverty, and inequality. Emphasis is placed on the major economic development issues in developing countries, with particular attention to the problems of growth, income distribution, poverty, and inequality. The course is designed to provide a comprehensive understanding of the major economic development issues in developing countries, with particular attention to the problems of growth, income distribution, poverty, and inequality. The course is designed to provide a comprehensive understanding of the major economic development issues in developing countries, with particular attention to the problems of growth, income distribution, poverty, and inequality.

ECO 430 Mathematical Economics. (3) A. Prerequisites: three hours of ECO and MAT 124, 211, or 261. Mathematical formulations of economic theories. Models of the consumer, the firm, markets, economic growth, and business cycles.

ECO 492 Business Cycles. (3) A. Prerequisite: ECO 231. Growth, instability, inflation, business cycle theories, spending and saving decisions, government expenditures and tax patterns, prices, output, and employment, historical cyclical patterns, economic forecasting.

ECO 560 Special Problems in Economics. (1-4) A. Prerequisite: advisor or departmental approval. Independent work, special workshop, special topics
or seminar. Student must have the independent study proposal form approved by faculty supervisor and departmental approval for general enrollment.

ECO 590 Regional Economics. (3) A.
Prerequisite: three hours of ECO. Analysis of patterns of regional growth and development. Use of economic models for regional forecasting and policy evaluation; the problems of marginal areas in developed economies.

EFD—Educational Studies
Dr. Ginni Fair, Interim Chair

EFD 203 Educational Foundations. (3) I, II.
Co-requisite: CED 100. An introduction to social and cultural influences on schools, the purposes of schooling, the governance, financing, and administration of schools, and the role of the individual as an educator. Background check College approved procedure must be ordered and paid for by the first day of class. Credit will not be awarded for both CDF 203 and EFD 203.

EFD 204 Emerging Instructional Technologies. (2) I, II.
Technological applications to education, training, and instruction within educational and human services settings. Students examine, develop, and/or evaluate emerging instructional technologies. For students interested in exploring technological applications in teaching and learning.

EFD 205 Creative Learning and Teaching. (3) II.
An introduction to the basic theories and principles of creativity as applied to development of your own creative thinking and how teachers, professionals and parents can encourage creativity in others.

EFD 219 Human Development and Learning. (3) I, II.
Corequisite: CED 200. The study of theories and principles of human development and learning as applied to the classroom. Credit will not be awarded to students who have credit for EDF 320 or EDF 219W.

EFD 219W Human Development and Learning. (3) I, II.
Corequisite: CED 200. Prerequisite: ENG 101 and 102, or a grade of “C” or better, or ENG 105 with a grade of “B” or better. The study of theories and principles of human development and learning as applied to the classroom. Credit will not be awarded to students who have credit for EDF 320 or EDF 219.

EFD 310 Transition to Education. (1-3) I.
Prerequisite: Completion of background check prior to the first day of the semester. Candidates will follow the College of Education background check and Certification approved procedure. Corequisite: CED 150. EDF 310 is required of candidates who have an equivalent transfer course(s) for [EDF 203, CDF 203] or [EDF 219, CDF 235].

EFD 320 Human Development and Learning for Vocational Education. (3) I, II.
The study of theories and principles of human development and learning as applied within vocational-industrial technical education classrooms. Credit will not be awarded for both EDF 320 and EDF 319.

EFD 330 U.S. South and Black Education. (3).
A. Cross-listed as AFA 330. This course introduces the major themes of Black populations pursuing educational opportunities in Southern States. Students will acquire knowledge about historical events, people and policies shaping the evolution of Blacks in education. Credit will not be awarded for both EDF 330 and AFA 330.

EFD 413 Assessment in Education. (3) I, II.
Prerequisite: Admission to Professional Education. Co-requisites: EMS 490 and CED 400. Principles and procedures in assessing and evaluating pupil growth in skills, attitudes, aptitudes, and understandings. Assessment concepts, analysis, marking systems, and authentic assessment systems will be addressed.

EEO—Education Orientation
Dr. Sherry Powers, Dean

EEO 100 Student Success Seminar. (1) I.
Designed to orient the student to university academic life and afford background for career choice and preparation.

Included are University regulations and calendar, catalog details, registration and preregistration, various career opportunities, and program requirements. Open to all students during their first two semesters of enrollment at EKU; beyond that open to students with fewer than 30 semester hours earned.

EES—Essential Elements of Success
Dr. Charlotte Tanara, Director

EES 250 Basic Social Intelligence Skills (3) I, II.
A focus on human elements of basic instructional and researched-based social skills. Students learn to operationalize theories into social intelligence skills and practice initiating, observing, listening, evaluating, and responding in ways that promote positive interactions and relationships. Gen. Ed. E/FC [OC].

EES 300 Advanced Social Intelligence Skills (3) I, II.
Prerequisite: Junior standing. Prerequisite or Corequisite: EES 250 or departmental approval. This is an advanced course that builds on core skills presented in Basic Social Intelligence Skills. It provides additional knowledge and skills for successfully engaging in more complex social and professional interactions and relationships.

EES 310 Applied Critical Thinking (3) I.
Prerequisite: Junior or Senior standing. This course will address the application of critical thinking skills within various fields of study. Students will learn critical thinking skills and how to integrate them into a successful career.

EES 320 Basic Facilitation Skills. (3) A.
An introduction to facilitation and maximizing group potential. Students learn and practice basic methods for designing and planning effective meetings, creating and maintaining safe and engaging environments, and stimulating creative and critical thinking within groups.

EES 330 Applied Critical and Creative Thinking (3) I, II.
Prerequisite: junior or senior standing. This course addresses the application of critical thinking and creative thinking skills within multiple fields of study. Students will learn critical thinking and creative thinking skills and how to integrate those skills into a successful career.

EES 360 Advanced Facilitation Skills. (3) A.
Advanced methods and techniques to maximize group potential are taught and practiced, including problem solving, generating actionable ideas, decision-making, conducting meaningful conversations, and safely and constructively addressing controversial issues.

EES 450 Leaders Without Titles (3) I, II.
This course focuses on the personal dimensions that are needed to form the foundation of one’s competencies and abilities to lead self and others.

EES 460 The Science and Application of Leadership (3) I, II.
Prerequisite: EES 450. This course provides students opportunities to examine, define, operationalize, and apply universal elements of leadership. Effective leaders need to be knowledgeable and skilled in these elements.

EET—Electrical and Electronics Technology
Dr. Vigyan Chandra, Coordinator

EET 251 Electricity and Electronics. (3) I, II.
Prerequisite: Grade of at least “C” in MAT 095 or a minimum math ACT score of 18 or a minimum SAT math score of 490. This course develops basic knowledge of electricity, circuit operation, and electronics. Topics include electrical components, measurements, power, characteristics of AC-DC, basic circuit laws, circuit simulation, magnetism, energy conversion, and sources. 2 Lec/2 Lab.

EET 252 Digital Electronics. (3) I, II.
Prerequisite: grade of at least “C” in MAT 090 or equivalent. A survey of digital electronics fundamentals and applications. Include basic electronics, digital mathematics, logic families, logic gates, multiplexers, demultiplexers, comparators, counters, decoders, displays, and converters. 2 Lec/2 Lab.

EET 253 Microprocessor Control Systems. (3)
Prerequisite: EET 251 and 252. The operation and application of microprocessor-based control systems in electronic/mechanical projects. Topics include data, address, and control signals; memory; software; interfacing digital and analog devices; ports; and data communications. 2 Lec/2 Lab.

EET 254 Machine Language for Microcontrollers. (3) A.
Prerequisite/Corequisite: EET 252. Machine language programming for ROM based microprocessor based industrial controllers. Emphasis on software manipulation of I/O control devices in real-time, interrupt driven, process control environments. 2 Lec/2 Lab.

EET 257 Electronic Devices and Circuits. (3) A.
Prerequisite: EET 251. An analysis of the characteristics of solid state devices and the common circuits that utilize these devices. Emphasis on problem solving supplemented by laboratory activities and demonstration of electronic circuits and devices. 2 Lec/2 Lab.

EET 349 A-N Cooperative Study: CET/ EEN 181, 281 I, II.
Prerequisite: departmental approval, sophomore (30-59 hours) or higher standing and minimum of 2.0 GPA. Work under faculty and field supervisors in placements related to academic studies in Computer Electronics Technology (CET) or Computer Electronic Networking (CEN). 1-8 credit hours per semester or summer. Transfer students must have completed at least 12 hours of coursework at EKU. A minimum of 80 hours work required for each academic credit hour.

EET 350 Industrial Electronics I. (3) A.
Prerequisite: EET 257. Principles of timing, power control circuitry, transducers, and programmable controllers in commercial and industrial applications. 2 Lec/2 Lab.

EET 351 Programable Logic Controllers. (3) A.
Prerequisite: EET 251 or 252. The study of programmable logic controllers (PLCs). PLC function, PLC programming, selection, wiring, and programming. 2 Lec/2 Lab.

EET 452 Electrical Power & Drives. (3) A.
Prerequisites: EET 257, MAT 120 or higher, and PHY 101. Principles of electromagnetic induction as applied to the generation, distribution, conversion, control and measurement of electrical power. Analysis of the electronics used for electrical drives. Installation, programming and maintenance of digital drives. 2 Lec/2 Lab.

EHS—Environmental Health Science
Dr. Carolyn Harvey, Chair

EHS 225 African/African-American Health Issues. (3) I.
Cross-listed as AFA 225. Provides the student with an understanding of the medical and public health issues relevant to the maintenance of health conditions both in the United States and Africa. Credit will not be awarded for both EHS 225 and AFA 225.

EHS 230 EHS Diseases and Hazards of Leisure. (3).
Prerequisite: An understanding of the biological, chemical and physical threats to health and life from the recreational, amusement, travel and tourist environments.

EHS 280 Introduction to Environmental Health Science. (3) A.
Elements of environmental health, including water and waste treatment, air pollution, food sanitation, vector control, solid waste disposal, and general sanitation problems.

EHS 290 Seminar in Environmental Health. (2) I, II.
Prerequisite: departmental approval. Discussion and analysis of literature related to selected current environmental health problems.

EHS 300W Water Supplies and Waste Disposal. (2) I, II.
Prerequisite: EHS 280, BIO 320 or MLS 209 and MLS 211. Drinking water safety in both individual private systems and larger public systems. Maintenance of raw water quality, water purification, delivery systems, and surveillance. Techniques for collection, treatment, and disposal of sewage also discussed. Credit will not be awarded for students who have credit for EHS 300.

SECTION SEVEN - COURSE DESCRIPTIONS

EHS 335 Hazardous and Solid Waste Management. (3) II. Prerequisites: CHE 111, 111L and EHS 280 or departmental approval. Nature of toxic and hazardous wastes and methods for their disposal to protect health and the environment and to prevent contamination of groundwater. The environmental health and safety aspects of solid waste collection, treatment and disposal, and regulations governing waste management are also discussed.

EHS 340 Industrial Hygiene. (3) I, II. Prerequisites: BIO 111, CHE 111, 111L, and EHS 280; or departmental approval. The impact of the workplace on safety and health, and methods for avoiding work-related illnesses. Emphasis will be on the evaluation and the control of the work environment to protect worker health.

EHS 345 Advanced Industrial Hygiene. (3) I. Prerequisite: EHS 340 or departmental approval. In-depth discussion of the chemical and physical hazards of the workplace and their evaluation and to provide hands-on experience in industrial hygiene sampling and analysis.

EHS 349 Applied Learning in Environmental Health Science. (5-6) A. Prerequisite: departmental approval. Work in placements related to academic studies. One to six hours credit per semester or summer. A minimum of 80 hours work required for academic credit.

EHS 349 A-N Cooperative Study: Environmental Health Science. (5-6) A. Prerequisite: departmental approval. Work in placements related to academic studies. One to six hours credit per semester or summer. A minimum of 80 hours work required for academic credit.

EHS 355 CBR Terrorism & Environmental Health. (3) I. This course will provide students with environmental health principles required to protect individuals and communities in times of war, general emergencies and disaster, both natural and human, due to chemical, biological and radioactive threats.

EHS 357 Nutrition and Health. (A) A. Prerequisites: CHE 112, 112L and EHS 280; or departmental approval. Health effects of air pollution, including a discussion of the primary sources of airborne pollutants, their transport and transformation, the control of air pollution, state and national standards. 

EHS 370 Risk Assessment and Environmental Epidemiology. (3) I, II. Prerequisites: EHS 280 and STA 215; or departmental approval. The use of data to define the health effects of exposed individuals or populations to hazardous materials and situations.

EHS 380 Food Hygiene. (3) I, II. Prerequisites: EHS 280 or departmental approval. A study of the health effects of food hygiene, including an in-depth discussion of the physical, chemical, and biological contaminants that cause an estimated 76 million cases of food-borne illnesses annually in the U.S. An examination of the food processing and food service industry’s failure and efforts to prevent food-borne illnesses will be the primary focus.

EHS 390 EHS Special Problems in Environmental Health. (1-4) A. Prerequisite: departmental approval. For independent work, or special workshops, or special topics as they relate to environmental health issues and problems. May be retaken for maximum of eight hours.

EHS 425 Environmental Health Program Planning. (3) A. Prerequisites: EHS 280 and 335. Administration, planning, implementation, and evaluation of environmental health programs. Discussion of resources and promotional techniques, and the role of the environmental health specialist dealing with community agencies and organizations.

EHS 440 Environmental and Industrial Toxicology. (3) II. Prerequisites: CHE 112, 112L and EHS 280; or departmental approval. Health effects and nature of toxic substances with discussion of dose-response relationships, latency, target organs, and potential exposures in the environment.

EHS 460 Housing and Institutional Environments. (3) A. Prerequisite: EHS 280 or departmental approval. Corequisite: EHS 485. Discusses the requirements for healthful housing means of attachment and the rationale for these requirements. Reviews environmental health concerns relating to day-care centers, schools, hospitals, nursing homes, and prisons. Describes surveillance, evaluative, and corrective processes.

EHS 463 Field Experience in Environmental Health. (3) A. Prerequisites: EHS 300, 335, 380, and departmental approval. Supervised and directed field experience in local, state, regional environmental health agencies, or with appropriate industries. Eight to twelve weeks full-time required depending on work place.

EHS 485 EHS Professional Practice Seminar. (1) A. Prerequisite: 90 hours. Corequisite: EHS 460. Provides the graduating student a certification and licensure review for their required state and national exams. The student will also be taught how to develop professional success strategies and long range career plans.

EHS 498 Independent Study in Environmental Health. (1-3) A. Prerequisite: student must have the independent study proposal form approved by faculty supervisor and department coordinator prior to enrollment. Opportunity for individual work on an environmental health research problem in a supervised situation.

EHS 510 Radiological Health (3) A. Provides the student with the principles of health effects from ionizing radiation, including radiation sources, detection, measurement, control, and safety devices. Student will be able to identify, evaluate and control radiation in the work environment; implement a radiation monitoring program; establish emergency plans for actions to be taken in event of radiological accident; develop risk assessment and communication program. Credit will not be awarded for both EHS 510 and 410.

EHS 530 Environmental Control of Disease Vectors. (3) II. Prerequisite: Senior Standing. BIO 111 and EHS 280. This course is a homestudy on principles of the identification, evaluation, and control of vectors, and vector borne diseases of public health concern including pesticides and their safe use.

ELE 101 Creative Thinking Through Performance Arts. (3) I, II. Prerequisite: CHE 111, 111L and EHS 280. The study of the thinking processes and forms of art making and the integration of the visual and media arts in other content areas.

ELE 102 Creative Thinking Through Visual Arts. (3) I, II. Study of elementary art and media techniques. Create, reflect, and implement essential age-appropriate art instruction that highlights the importance of art making and the integration of the visual and media arts in other content areas.

ELE 201 Practical Living (3) I, II. Explores personal wellness, nutrition, safety, psychomotor skills, and lifetime wellness for the elementary grades. Fulfills University Wellness requirement.

ELE 301 Mathematics Foundations P-5. (3) I, II. Prerequisites: Admission to professional education. MAT 107 or 114 with a grade of “C” or better. An overview of the foundations of mathematics standards for teaching mathematics in grades K-5, and theories and research related to teaching and learning mathematics. Minimum of ten field hours are required.

ELE 302 Language Arts Foundations Grades P-5. (3) I, II. Prerequisite: admission to professional education. An overview of the language arts, content and state standards for teaching the language arts, and theories and research related to teaching and learning the language arts. Minimum of 10 field hours are required.

ELE 311 Math Content, Pedagogy, & Assessment Grades K-1. (3) I, II. Prerequisites: MAT 112 College Algebra with a “C” or higher; Admission to professional education. An examination of early numeracy (K-1) and relevant content, standards, instructional practices, and assessments for learners at this developmental stage.

ELE 312 Language Arts Content, Pedagogy, and Assessment Grades K-1. (3) I, II. Prerequisites: ELE 302 with a minimum grade of “C”; admission to professional education. An examination of emergent literacy and relevant content, standards, instructional practices, and assessments for learners at this developmental stage. A minimum of 10 field hours are required.

ELE 313 Social Studies Curriculum, Pedagogy, and Assessment: US History, Government, Economics (3) I, II. Prerequisite: Admission to professional education. This course teaches the content and pedagogical content knowledge in US History, Government, and Economics included in elementary state curriculum and the Common Core State Standards.

ELE 314 Science Content, Pedagogy, and Assessment: Physical Sciences (1), I, II. Prerequisite: Admission to professional education. Corequisite: CHE 100/PHY 102. Inquiry-based course focusing on content, pedagogy, assessment and materials for teaching physical science concepts in primary through grade five.

ELE 322 Physical Education in the Elementary School. (3) I, II. Prerequisites: EDF 203 with a “C” or higher or EDF 310 with an “S”; admission to professional education. The study of the role of movement for the elementary school child; philosophy, principles, purposes, and programs of elementary physical education. Educational dance, gymnastics, and educational games are emphasized.

ELE 361 Art in the Elementary Grades P-5. (3) I, II. Prerequisite: EDF 203 with a “C” or higher or EDF 310 with an “S”; admission to professional education. Fundamental concepts of art education and those found in KERA. Exploration of art materials, processes, and activities for children in the elementary grades including those with special needs. Ten field/clinical hours.

ELE 362 Music Education for the Classroom Teacher. (3) I, II. Prerequisite: EDF 203 with a “C” or higher or EDF 310 with an “S”; admission to professional education. Study and appraisal of teaching techniques, music literature, learning activities, curricular plans, and materials essential to the sequential development of musical learning in the elementary school. Ten field/clinical hours.

ELE 365 Health Education P-5. (2) I, II. Prerequisite: EDF 203 with a “C” or higher or EDF 310 with an “S”; admission to professional education. A study of curriculum design, teaching/learning strategies, resources, and evaluation procedures in elementary school health education. Topics include drugs, mental health, family living, nutrition, fitness, consumerism, environment, disease, and personal health. Ten field/clinical hours.

ELE 401 Math Content, Pedagogy, & Assessment Grades 2-3. (3) I, II. Prerequisites: MAT 112 with a minimum grade of “C”; Admission to professional education. An examination of Mathematics for Primary Grades 2-3 and relevant standards, instructional practices, and assessments for learners at this developmental stage. Minimum of ten field hours are required.

ELE 402 Language Arts Content, Pedagogy, and Assessment Grades 2-3. (3) I, II. Prerequisite: ELE 302 with a minimum grade of “C”; admission to professional education. An examination of beginning literacy and relevant content, standards, instructional practices, and assessments for learners at this developmental stage. A minimum of 10 field hours are required.

ELE 403 Social Studies Content, Pedagogy, and Assessment: US History, Government, and Civics (3) I, II. Prerequisite: Admission to professional education. An examination of relevant state academic standards, instructional practices, and assessments for US history government and civics for elementary P-5.

ELE 404 Science Content, Pedagogy, and...
Assessment: Earth and Space Sciences (1) I, II.
Prerequisite: Admission to professional education.
Corequisites: EDF 413, 414, ELE 302.
Inquiry-based course focusing on content, pedagogy, assessment, and materials for teaching earth and space science concepts in primary through grade five.

ELE 411 Math Content, Pedagogy, and Assessment: Grades 4-6. (3) I, II.
Prerequisites: MAT 112 with a minimum grade of “C” Admission to professional education. An examination of Mathematics for grades 4-6 and relevant standards, instructional practices, and assessments for learners at this developmental stage. Minimum of ten field hours are required.

ELE 412 Language Arts Content, Pedagogy, and Assessment: Grades 4-6. (3) I, II.
Prerequisites: ELE 302 with a minimum grade of “C” admission to professional education. An examination of fluent literacy and relevant content, standards, instructional practices, and assessments for learners at this developmental stage. A minimum of 10 field hours are required.

ELE 413 Social Studies Content, Pedagogy, and Assessment: World History, Cultures, and Economics (2) I, II.
Prerequisite: Admission to professional education. An examination of relevant content, standards, instructional practices, and assessments for world history, cultures, and economics for elementary P-5.

ELE 414 Science Content, Pedagogy, and Assessment: Life Sciences. (1) I, II.
Prerequisite: Admission to professional education. Content, pedagogy, and instructional practices for teaching science for grades P-5.

ELE 421 Advanced Math Pedagogy and Assessment. (2) I, II.
Prerequisites: EDF 219, 413, EMS 490, ELE 301, 311, 401, 411 and MAT 112 with a grade of “C” or higher; admission to professional education. Corequisites: CED 450, ELE 421, 423, and SED 402. Methods and materials of teaching P-5 Mathematics emphasizing on discovering and developing mathematical concepts as a foundation for problem solving.

ELE 422 Advanced Language Arts Pedagogy and Assessment. (3) I, II.
Prerequisites: EDF 219, 413, EMS 490, ELE 302, 312, 402, and 412 with a grade of “C” or higher; admission to professional education. Corequisites: CED 450, ELE 421, 423, and SED 402. Examination of advanced pedagogical skills for teaching the social studies in grades P-5 with an emphasis on formative and summative assessment to monitor student learning, differentiated instruction, and teacher and student use of technology for instruction and assessment.

ELE 423 Advanced Social Studies Pedagogy and Assessment (2) I, II.
Prerequisites: EDF 219, 413, EMS 490, ELE 313, and 403 with a minimum grade of “C” or higher. Corequisites: CED 450, ELE 421, 422, and SED 402. Examination of advanced pedagogical skills for teaching the social studies in grades P-5 with an emphasis on formative and summative assessment to monitor student learning, differentiated instruction, and teacher and student use of technology.

ELE 424 Advanced Science Pedagogy and Assessment (2) I, II.
Prerequisites: EDF 219, 413, EMS 490, ELE 302, 402, and 412 with a grade of “C” or higher; admission to professional education. Corequisites: CED 450, ELE 421, 423, and SED 402. Examination of advanced pedagogical skills for teaching science in primary through grade five.

ELE 445 Foundations of Reading/Language Arts. (3) I, II.
Cross-listed as EMG 445. Prerequisites: junior standing; 2.75 GPA; and admission to professional education. Corequisite or Prerequisite: EDF 319, 319W, 319R, 419, or 419W. An overview of reading/language arts components P-5, teacher competencies, organization and planning for instruction. Twenty field/practical experiences. Credit will not be awarded to students who have credit for ELE 446W or ELE 446G.

ELE 445W Foundations of Reading/Language Arts. (3) I, II.
Cross-listed as EMG 445W. Prerequisites: junior standing; 2.75 GPA; ENG 101 and 102, or HON 102 with a minimum grade of “C”, or ENG 105 with
or child with cardiopulmonary arrest or shock. Adheres to American Heart Association and Academy of Pediatrics guidelines and performance standards. AHA/PALS. Provider evidence of course completion available.

**EMC 320 Advanced Life Support: Trauma.** (3) II, A. Prerequisites: EMC 115, 240, BIO 171, 301. Prehospital management of complex patients with multiple systems failure secondary to trauma related pathologies.

**EMC 335 Advanced Life Support: Medical Emergencies I.** (3) I, A. Prerequisites: EMC 240, BIO 171, 301, ENG 115, 225, and Department approval. Pathophysiology and advanced level prehospital management of emergencies of the respiratory, cardiovascular, endocrine, nervous, gastrointestinal, genitourinary, and reproductive systems.

**EMC 336 Case Management I.** (1) I, II, A. Prerequisite or Corequisite: EMC 335 and 342 or department approval. Hands-on advanced case management of medical and trauma emergencies using low and high-fidelity patient care simulation.

**EMC 340 Advanced Life Support: Medical Emergencies II.** (3) II, A. Prerequisite: EMC 335. Pathophysiology and advanced level prehospital management of emergencies involving anaphylaxis, toxicology, infectious diseases, environmental hazards, and pediatric and geriatric patients.

**EMC 341 Case Management II.** (1) I, II, A. Corequisite: EMC 340 and 352 or department approval. Advanced case management of medical and trauma emergencies requiring critical thinking, oral critical thinking, practical and didactic assessment. May be retaken up to two times.

**EMC 342 Advanced Clinical I.** (3) I, A. Prerequisite: EMC 335 and 342L. Integration of basic and advanced life support concepts and psychomotor skills in patient care situations developed through supervised assignments in various hospital settings.

**EMC 342L Advanced Clinical I Lab (0)** Corequisite: EMC 335 and 342C. Integration of basic and advanced life support concepts and psychomotor skills in patient care situations developed through supervised assignments in various hospital settings.

**EMC 349 A-N Cooperative Study:** Emergency Medical Care. (5-8) I, II, A. Work in placement related to academic study. A minimum of 80 hours of employment is required for each semester credit hour.

**EMC 352 Advanced Clinical II.** (3) II, A. Prerequisite: EMC 342. Corequisites: EMC 320 and 340. EMS field assignments allow continued development and application of cognitive and psychomotor skills in critical situations. Autonomous decision-making skills developed under supervision through increased participation in patient care.

**EMC 352L Advanced Clinical I Lab (0)** Prerequisite: EMC 342 and 342L. Corequisite: EMC 340 and EMC 352. Hospital assignments allow continued development and application of cognitive and psychomotor skills in critical situations. Autonomous decision-making and critical thinking skills in clinical situations developed under supervision through increased participation in patient care.

**EMC 360 Advanced Field Internship.** (2) A. Prerequisite: EMC 205, 212, 215, 310, 320, and 352. Minimum 120 hours supervised experience on paramedic ambulance. Progresses from advanced emergency care delivery observation to beginning team member responsibilities.

**EMC 362 Advanced Field Internship II.** (4) A. Prerequisite or Corequisite: EMC 200, 205, 215, 360. Continuation of supervised experience on advanced life support ambulance. Assumes team member role with preceptor and team leader. Minimum advanced internship experience requires 75 ALS Contacts.

**EMC 380 Advanced Prehospital Theory** Medical. (4) A. Prerequisites: Kentucky Certified EMT-Paramedic and admission to EMC major. Foundation course for paramedic students which focuses on pathophysiological basis for prehospital interventions and management. Includes in-depth history and assessment skills.

**EMC 382 Advanced Prehospital Theory: Trauma.** (4) A. Prerequisites: Kentucky Certified EMT-Paramedic and admission to EMC major. Foundation course for paramedic students which focuses on pathophysiological basis for prehospital interventions and management in trauma settings. Includes in-depth history and assessment skills.

**EMC 388 Cross-listed Special Topics:** (1 – 3) I, II, A. Prerequisite or Corequisite: EMC 320, 335 and 342 or departmental approval. Development and presentation of research in contemporary methods, techniques, practices, and devices in the field. May be retaken under different topics to a maximum of 12 hours.

**EMC 400 Emergency Care Systems Management.** (3) I, II, A. Prerequisite: ENG 300 or FSE 200. EMS systems design and typical agency divisions, including operations, communications, training and customer service. Projects focus on system design, training and efficiency.

**EMC 420 Emergency Services Design and Budget.** (3) A. Prerequisite or corequisite: EMC 300 or FSE 200 or departmental approval. Identify and compare issues with staffing, operations, communications, training and mission with various EMS systems models. Develop and revise sample budgets for EMS systems.

**EMC 430 Legal and Ethical Aspects of Emergency Services**. (3) A. Prerequisite: departmental approval. Examine and apply moral and ethical decisions made in emergency services. Issues of diversity, expanded health care settings, aging population, and others will be explored. Credit will be awarded for both EMC 430W and EMC 430.

**EMC 440 EMS Instruction.** (3) A. Prerequisite: departmental approval. Introduction to the principles involved in EMS adult learning. Roles, issues, domains of learning, and instruction models will be emphasized. Organization and planning for the EMS community including diverse learning populations and regulations.

**EMC 450 Disaster Medical Operations.** (3) A. Emergency medical communications, cooperation and support in response to a natural or human-made disaster. Planning, delivery and recovery of medical systems by various local, state and federal agencies and the private sector.

**EMC 480 Topics in Emergency Medicine.** (3) I, II, A. Investigation into the pathophysiology of traumatic and medical emergencies which applies to the latest trends in recognition and management.

**EMC 489 Introduction to Research Methods.** (3) A. Prerequisites: ENG 300 or FSE 300, and FSE 200. Introduction to basic research methods for professionals in emergency services and public agency practitioners and educators. This includes foundational principles of statistical analyses and application, as well as human subjects protections.

**EME—Elementary and Middle Grade** Dr. Ginni Fair, Interim Chair

**EME 461 Teaching Art P-8.** (3) I. Cross listed with AED 361. Prerequisites: Major in art; admission to professional education, major in foreign language. Developmentally appropriate curriculum, materials, and methods for the P-8 physical education program. Minimum of 20 field/critical hours.

**EME 465 Teaching Physical Education in P-R.** (3) A. Prerequisites: admission to professional education, PHE 323, major in physical education. Developmentally appropriate materials and methods for teaching P-R physical education. Minimum of 20 field/critical hours.

**EME 551 Linguistics in the Curriculum.** (3) A. Prerequisite: admission to professional education. Investigation of elements in the science of linguistics and their application to communication of students.

**EME 552 Teaching Grammar and Punctuation P-8 (3) I, II). Pre-requisites: ENG 101 and 102, or ENG 105 with a minimum grade of “B” or HON 102. Review, practice and reflect on research-based instructional approaches to instruction and develop instructional plans to improve elementary and middle grade students’ use of standard written and oral English. Credit will not be awarded to students who have credit for ENG 752.

**EME 586 Health Education P-R.** (3) A. Prerequisites: admission to professional education, major in school health. Developmentally appropriate curriculum, materials, and methods for the health P-8 program. Minimum of 20 field/critical hours.

**EMG—Middle Grade Education** Dr. Ginni Fair, Interim Chair

**EMG 349 Applied Learning: Middle School Teaching.** (1). I. Corequisite: EMC 447. Collaborate with teachers in middle level classroom(s) and assist with instructional planning and teaching. Minimum of 80 hours of field experience required.

**EMG 430 Middle Grade Curriculum.** (3) I, II. Prerequisites: admission to professional education, EDF 319 with a “C” or higher. Corequisite: EME 349R. An examination of the curriculum and the responsibilities of teaching in the middle grade.

**EMG 445 Foundations of Reading/Language Arts.** (3) I, II. Cross-listed as ELE 445. Prerequisites: junior standing, 2.75 GPA; admission to professional education program. Prerequisite/Corequisite: EDF 319, 319W, 219, or 219W. An overview of reading/language arts components 5-9, teacher competencies, organization and planning for instruction. Twenty hours of field/critical experiences. Credit will not be awarded to students who have credit for ELE 445, EME 445W, ELE 445W, or ELE 302.

**EMG 445W Foundations of Reading/Language Arts.** (3) I, II. Cross-listed as ELE 445W. Prerequisites: junior standing, 2.75 GPA, ENG 101 and 102, or HON 102 with a grade of “C” or better, or ENG 105 with a grade of “B” or better; admission to professional education program. Prerequisite/Corequisite: EDF 319, 319W, 219W, or 219W. An overview of reading/language arts components 5-9, teacher competencies, organization and planning for instruction. Twenty hours of field/critical experiences. Credit will not be awarded to students who have credit for ELE 445W, EME 445W, ELE 445W, or ELE 302.

**EMG 447 Reading/Language Arts in the Middle Grades.** (3) I, II. Prerequisites: EME 445 or 445W, EDF 319 or 319W and admission to professional education. Prerequisite or Corequisite: EDF 413. Corequisite: CED 450. The theory, content and practice of teaching reading and language arts in the middle grades utilizing content area materials. Twenty hours field/critical experiences.

**EMG 491 Mathematics in the Middle Grades.** (3) Prerequisites: EME 445 or 445W, EDF 319 or 319W, and admission to professional education. Prerequisite or Corequisite: EDF 413. Corequisite: CED 450. The theory, content and practice of teaching reading and language arts in the middle grades utilizing content area materials. Twenty hours field/critical experiences.

**EMG 491 Mathematics in the Middle Grades.** (3) Prerequisites: EME 445 or 445W, EDF 319 or 319W, and admission to professional education. Prerequisite or Corequisite: EDF 413. Corequisite: CED 450. The theory, content and practice of teaching reading and language arts in the middle grades utilizing content area materials. Twenty hours field/critical experiences.
EMG 492 Science in the Middle Grades. (3) I, A. Prerequisites: EDF 319 or 319W, EDF 413, EMG 430 and admission to professional education and English emphasis. Course: EDF 450. Introduces prospective teachers to the modern materials and methods of teaching science in the middle grades.

EMG 493 Social Studies in the Middle Grades. (3) I, A. Prerequisites: EDF 319 or 319W, EDF 413, EMG 430 and admission to professional education and social studies emphasis. Course: EDF 450. Appropriate materials and methods for teaching social studies in the middle grades.

EMG 494 English and Communication in the Middle Grades. (3) I, A. Prerequisites: EDF 319 or 319W, EDF 413, EMG 430 and admission to professional education and English emphasis. Course: EDF 450. Study of effective teaching techniques, strategies and materials for middle grade English/communication skills. Credit will not be awarded for both EMG 494 and EMG 494W.

EMG 494W English and Communication in the Middle Grades. (3) I, A. Prerequisites: EDF 319 or 319W, 219 or 219W, EDF 413, EMG 430 and admission to professional education and English emphasis; Grade of “C” or higher in ENG 101 and 102, or for ESPR, or ENG 105 with a grade of “B” or higher. Course: EDF 450. Study of effective teaching techniques, strategies and materials for middle grade English/communication skills. Credit will not be awarded for both EMG 494 and 494W.

EMO 507 Problems in Middle Grade Education: (1-3) A. Prerequisite: advisor approval. Independent work, workshops, special topics, or seminar. May be retaken to a maximum of six hours under different study titles.

EMO 567 Curriculum and Instructional Strategies for Home Economics in the Middle Grades. (3) A. Prerequisite: certification in home economics. Study of curriculum content, instructional materials, and strategies appropriate for home economics instruction in the middle grades.

EMS—Elementary, Middle Grade, and Secondary Education
Dr. Ginni Fair, Interim Chair

EMS 300W Curriculum and Instructional Design (1-3), Pre-requisites: ENG 101 and 102, or ENG 105 with a grade of “B” or higher, EDF 203, 219 or 219W and admission to Professional Education. Co-requisite: EDF 300. In-depth review of national and state curriculum, balanced assessment, and effective teaching strategies for birth-12. Backward design will be used to plan instruction. Methods and materials related to student’s academic emphases will be stressed. (Course embedded and school-based clinical practice required).

EMS 431 Language Arts Content, Pedagogy, and Assessment Grades 6-8. (3) I, III. Prerequisites: ELE 302 with a minimum grade of “C”; admission to professional education. An examination of adolescent literacy and relevant content, standards, instructional practices, and assessments for learners at this developmental stage. A minimum of 10 field hours are required.

EMS 432 Language Arts Content, Pedagogy, and Assessment Grades 9-12. (3) I, III. Prerequisites: ELE 302 with a minimum grade of “C”; admission to professional education. Conservation of soils and their fertility, erosion and control, soil conservation methods for individual farms, water supply and distribution, problems of water and air pollution, problems resulting from the population explosion. Credit will not be awarded for both AGR 340 and ENV 341.

ENV 349  Applied Learning: Sustainability, (0.5-8) A. Prerequisite: 2.25 GPA and departmental approval. Work experience directly related to ENV major. Minimum of 40 field/clinical hours. Repeatable to 16 credit hours, only 3 of which can count toward minor.

ENV 349-A  Applied Sustainability Co-op. (0.5-8) A. Prerequisite: 2.25 GPA and departmental approval required. Work experience directly related to ENV minor. Minimum 80 hours work for each credit hour. Repeatable to 16 credit hours, only 3 of which can count toward minor.

ENV 350  Special Topics in ENV. (3) A. Prerequisite: ENV 102 or ENV 105(B) or HON 102 and departmental approval. Specialized study in selected topics related to environmental sustainability and stewardship. May be taken for a maximum of 12 credit hours provided subject matter differs each time.

ENV 385  Environmental Ethics. (3) A. Cross-listed as Phi 385. Prerequisites: ENG 102 or ENG 105(B) or HON 102. An examination of historical and contemporary views of the values and rights of nature. Possible topics include animal rights, conservationism, the land ethic, stewardship, deep ecology, ecofeminism, and indigenous approaches to the environment. Credit will not be awarded for both ENV 385 and Phi 385.

ENV 435  Teaching of Career and Technical Education in Middle and Secondary Schools. (3) I. Prerequisites: EDF 319 with a minimum grade of “C”, admission to professional education. Pre/Corequisites: EDF 413, ESD 402; Corequisite: CED 450. Developmentally appropriate materials and methods for teaching language arts in secondary schools. Minimum of 40 field/clinical hours. Credit will not be awarded for both ESE 540 and ESE 541.

ESE 543  Teaching of Language Arts in the Secondary Schools. (3) I. Prerequisites: EDF 319, admission to professional education. Pre/Corequisites: EDF 413, ESD 402; Corequisite: CED 450. Developmentally appropriate materials and methods for teaching language arts in secondary schools. Minimum of 40 field/clinical hours. Credit will not be awarded for both ESE 540 and ESE 541.
School, (1-3) A. Prerequisites: education core and admission to professional education. Emphasis on development and content area reading skills, appraisal of reading abilities, appropriate materials, assessment, and organization of secondary reading programs.

ESE 579 Music Education: Principles and Practices. (3) L. Prerequisite: EDF 319, admission to professional education. Corequisite: CED 450. Accomplishes students with a balanced vocal and instrumental music education curriculum in the secondary school. Emphasis on understanding and planning a developmental sequence to assure the musical growth of students 8-12. Minimum of 20 field/clinical hours.

FCC—Foreign Culture and Civilization
Dr. Abby Poffenberger, Chair

FCC 210 Topics in Culture: (3) A. May be retaken to a maximum of 6 hours if topic is different. Introduction to the unique values and traditions of a major African, Asian, Hispanic, or European culture as reflected in its aesthetic, intellectual, and other cultural achievements. Taught in English. Gen. Ed. E-3B [AH].

FCC 222 German Culture and Civilization. (3) A. Introduction to the unique values and traditions of the French nation and of French-speaking peoples as reflected in their aesthetic, intellectual, and other cultural achievements. Taught in English. Gen. Ed. E-3B [AH].

FCC 226 Hispanic Culture and Civilization. (3) A. Introduction to the unique values and traditions of the Hispanic nations as reflected in their aesthetic, intellectual, and other cultural achievements. Taught in English. Gen. Ed. E-3B [AH].

FCS—Family and Consumer Sciences
Dr. Dana Bush, Chair

FCS 320 Family Housing and Design. (3) I. Introduction to housing and its relationship to human needs. Historical, governmental and current issues influencing housing consumption of individuals and families. Design considerations emphasized include principles and elements, architecture, furniture, and space planning.

FSC 330 Field Experience. (1-8) A. Prerequisites: department approval and 2.0 cumulative GPA. Supervised work experience in department approved organization. A minimum of 80 hours work required for each academic credit. Options may be taken to a maximum of 8 hours. 330A Field Experience in ADM 330B Field Experience in CDF 330C Field Experience in FCS 330D Field Experience in NFA

FCS 349 Applied Learning in Family and Consumer Sciences. (4) A. Prerequisites: department approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

FCS 349 A-N Cooperative Study: Family and Consumer Sciences. (.5-8) A. Prerequisite: department approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

FCS 400W Ethics and Advocacy in Family and Consumer Sciences. (3) I, II. Prerequisites: CDF 132 and 12 additional hours in department. History and principles of the profession of Family and Consumer Sciences. Course emphasizes the interdisciplinary nature of the field and its commitment to public policy activism to benefit individuals and families.

FCS 550 Family and Consumer Sciences Topics. (1-3) A. Selected topics in Family and Consumer Sciences. May be retaken to a maximum of six hours provided topics vary.

FIN—Finance
Dr. Oliver Felts, Chair

FIN 201 Personal Money Management. (3) I. A consumer approach to insurance, family budgeting, income taxes, elementary investment principles, and estate planning. Credit will not be awarded for both FIN 201 and FRM 350.

FIN 300 Business Finance I. (3) I, II. Prerequisites: ACC 201, 202, ECO 230, MAT 112 or 114 or 211, and QMB 200 or ECO 220 or STA 215 or STA 270, with a grade of “C” or better in each course; junior standing (a minimum of 60 hours) and an overall minimum of 2.0 GPA. Financial principles with applications to business organizations. Includes firm financial motives, time value of money, risk analysis, elementary capital budgeting, residual dividend policy, elementary capital structure decisions, analysis of financial statements, and international financial considerations.

FIN 301 Corporate Finance. (3) I, II. Prerequisites: FIN 300 with a “C” or better. An in-depth exploration of capital structure (including dividend policy) decisions, working capital management, financial forecasting and planning, the agency problem and its implication for security markets and firm valuation, financial market efficiency.

FIN 302 Small Business Finance. (3) A. Prerequisite or Corequisite: FIN 301. Equity, debt and venture capital markets for small businesses are examined. Also systems for financial statement generation and analysis controls, sources and uses of funds forecasting, short-term asset and liability management, and capital structure decisions are explored. A small firm valuation project will be completed.

FIN 304 Financial Institutions. (3) I. Prerequisite: FIN 301, 324, or FIN 201. A comprehensive overview of the financial institutions industry, with an emphasis on commercial banks.

FIN 310 Entrepreneurial Finance. (3) I, II. Selection of business form, tax planning, financing and cash flow planning; motivating and retaining employees; compensation planning; debt and equity financing; legal, tax and behavioral considerations.

FIN 311 Personal Financial Planning. (3) I, II. Prerequisite: FIN 303 or 304. Time value of money applications; personal financial statements development and assessment; cash flow and debt management; asset acquisition; education planning; planning elements of risk management; investment planning; and retirement planning.

FIN 315 Financial Statement and Loan Analysis (3) A. Prerequisites: FIN 304, FIN 310 with a grade of “C” or better in each course. This course introduces the fundamentals of financial analysis for the purpose of credit analysis from the perspective of commercial banks. Students will learn from case studies adapted from real life examples to develop an understanding of credit risk, the development of lending policies and procedures, pricing loans and expectations of risk and return.

FIN 324 Principles of Investments. (3) A. Prerequisite: FIN 300 or FIN 201 or FIN 310 with a “C” or better. Analysis of the characterizations, valuation, and tax implications of various investments such as common and preferred stock; corporate, federal and municipal debt; mutual funds; money market accounts; options and futures. Explores methods of trading securities.

FIN 330 Principles of International Finance. (3) A. Prerequisite: FIN 300 with a “C” or better. Financial decision-making processes of multinational corporate; foreign exchange rate determination and forecasting; currency futures and options; international arbitrage; measurement and management of exchange rate exposure; multinational capital budgeting; analysis of country risk.

FIN 349A Applied Learning in Finance. (5-8) A. Prerequisites: minimum GPA of 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work for each credit hour. May be repeated for a total of 16 credit hours.

FIN 349A-N Cooperative Study: Finance. (5-8) A. Prerequisites: minimum GPA of 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work for each credit hour. May be repeated for a total of 16 credit hours.

FIN 390S Community Financial Literacy, (3) A. Prerequisites: FIN 201, 310, and 311 with a grade of C or better in each course. Application of financial planning for community members; teaching financial literacy to EKU service areas and surrounding communities.

FIN 410 Financial Analysis and Valuation. (3) A. Prerequisites: CCT 300W and FIN 300 with “C” or better. Exploration of discounted residual earnings as basis for valuation; sources of value creation; methods of forecasting future financial statements. Students are required to produce analyst report for a public company.

FIN 420 Investment and Portfolio Theory. (3) II. Prerequisites: FIN 301 and 324 with a “C” or better. Investment analysis incorporates modern portfolio theory and empirical investigations, security valuation, risk free borrowing and lending; portfolio selection and performance evaluation are examined. Also included are derivatives’ valuation and their role in a diversified portfolio.

FIN 424 Derivatives Valuation and Accounting. (3) A. Prerequisites: FIN 301 with “C” or better; or ACC 302 with “B” or better and departmental approval. General valuation principles, derivative attributes, numerical methods of derivative valuation, regulations covering executive stock options, accounting of derivatives. Also covered are special purpose vehicles.

FIN 437 Bank Management. (3) A. Prerequisites: FIN 315 with a “C” or better. A synthesis of the financial concepts and theories mastered in previous finance courses. The student will develop a quantitative and qualitative understanding of financial institutions management and how decisions are made. This course includes a bank management simulation activity.

FIN 450 Project in Finance. (1-3) I, II. Prerequisite: departmental approval. Selected topics of special contemporary interest to finance students. Students are required, under supervision of finance faculty, to write a paper on any finance topic of their choice.

FIN 490 Special Problems in Finance. (1-4) A. Prerequisite: advisor/departmental approval. May be retaken under different sub-topics to a maximum of six hours. Independent work, special workshops, special topics, or seminars.

FSL—Foreign Language Studies
Dr. Abby Poffenberger, Chair

FSL 100 Adventures in Language: (1-3) A. This course introduces students to language and culture through a variety of possible topics such as French cinema, German folklore, or Spanish dance. May be retaken to a maximum of six hours if topic is different.

FSL 101 Language Topics: (1-3) A.
FMT 349-A Cooperative Study: Fermentation Science. (0.5-8) A. Prerequisite: FMT 340 (C or better) and Departmental approval. Work in experiences related to academic studies in fermentation science. May be repeated for maximum of six hours per semester or summer. A minimum of 80 hours of employment required for each semester hour of academic credit. May be repeated for maximum of 12 credit hours but only three hours may be counted toward the major requirements.

FMT 349-A Applied Learning in Fermentation Science. (0.5-8) A. Formerly FOR 495. Prerequisite: FOR 310 or departmental approval. Independent laboratory work and study related to forensic science in a laboratory setting. A minimum of 80 hours of employment required for each semester hour of academic credit. May be taken for a maximum of 16 hours, but only six hours may be counted toward the major requirements. Eight to sixteen weeks.

FMT 349-A Cooperative Study: Forensic Science. (0.5-8) A. Formerly FOR 495. Prerequisite: FOR 310 or departmental approval. Work in experiences related to academic studies in forensic science. One half to eight hours credit per semester or summer. A minimum of 80 hours of employment required for each semester hour of academic credit. May be repeated for maximum of 16 credit hours but only six hours may be counted toward the major requirements.

FOR 401 Forensic Professional Practice. (1) A. Prerequisite: FOR 301. Introduces professional practices and expectations for the forensic scientist. Includes discussion of professional organizations, certification, ethics, QA/QC, accreditation, technical writing, data presentation and interpretation.

FOR 411 Instrumental Analysis (3) A. Cross-listed with CHE 425. Prerequisites: CHE 325, 325L, 362, 362L; PHY 312D (or 202); MAT 234 (C or better in departmental approval). Introduces fundamental principles of the operation and application of analytical instrumentation including spectroscopy, chromatography, electrochemistry, and mass spectrometry found throughout industrial, governmental, forensic, and/or research environments. 6 Lab, 3. A. Credit will not be awarded for both FOR 411 and CHE 425.

FOR 411L Forensic Instrumental Lab (1) A. Prerequisite: BIO 111 (C or better). Prerequisite or corequisite: FOR 411 Lab component of FOR 411 Lab providing hands-on experience operating instrumentation most commonly used in forensic science analytical laboratories, including UV-visible, infrared, Raman, X-ray fluorescence, and atomic absorption spectrophotometric techniques plus thin-layer, gas, and liquid chromatographic separation techniques. Credit will not be awarded for both FOR 411L and CHE 425L. 3 Lab.

FOR 412 Forensic Trace Evidence. (3) II. Prerequisites: FOR 411 (C), 411L (C), 451 (C), and 451L (C). Prerequisites or Corequisite: FOR 412L. Introduction to forensic trace and impression evidence and the application of instrumentation and techniques to analyze various types of trace and impression evidence. Students will learn about the numerous instruments and techniques used in forensic labs to analyze different types of trace and impression evidence: paint, glass, fibers, tapes, plastic bags, accelerants, explosives, building materials, firearms, tire and shooprints and other materials commonly encountered in the crime laboratory.

FOR 412L Forensic Trace Evidence Lab. (3) II. Prerequisites: FOR 411, 411L, 451, and 451L. Prerequisite or corequisite: FOR 412 Lab component of FOR 412. Use of microscopes and various instruments for examination of forensic trace evidence materials. 3 Lab.

FOR 440 Drug Chemistry. (3) I. Prerequisite: CHE 362 (C or better). Discusses aspects of drug chemistry relevant to understanding the properties, physiological effects, and techniques used for the separation, analysis, and identification of drugs. Emphasis is on controlled substances.

FOR 442 Forensic Analytical Toxicology. (3) II. Formerly FOR 430. Prerequisites: FOR 411 (C) and 411L (C) or CHE 425 (C) and 425L (C), or departmental approval. Pre-requisite or corequisite:
FOR 442L. Study of the chemistry, biochemical activity, isolation and identification of drugs of forensic interest in biological materials. Credit will not be awarded to students who have credit for FOR 430.

FOR 442L Forensic Analytical Toxicology Lab. (1) II. Prerequisites: FOR 411 (C) and 411L (C) or CHE 425 (C) and 425L (C). Prerequisites or corequisite: FOR 442. Introduces instrumentation and methods used for the chemical separation and analysis of drugs in both solid dosage and toxicological samples. 3 Lab.

FOR 451 Forensic Microscopy Lab. (1) I. Prerequisite or Corequisite: FOR 451. Laboratory component of FOR 451. Use of stereoscopes and polarizing light microscopes for examination of forensic materials. 3 Lab.

FRE 101 Conversational French I. (3) I, II. Prerequisite: FRE 100 or equivalent. Continuation of French I taught through phonetic exercises. May be retaken to a maximum of six hours, provided the subject matter differs each time.

FRE 102 Intermediate Conversational French I. (3) I, II. Recommended: FRE 101 or equivalent proficiency (e.g. with two years of high school French). French conversation, grammar, and communicative language skills, with increased emphasis on developing basic writing and reading skills. Taught in a context of French and Francophone culture of the Francophone world through representative films. May be retaken to a maximum of six hours, provided the subject matter differs each time.

FRE 201 Intermediate Conversational French I. (3) I, II. Recommended: FRE 162 or equivalent proficiency (e.g. with three years of successful high school French). French conversation, grammar, and communicative language skills, with increased emphasis on developing basic writing and reading skills. Taught in a context of French and Francophone culture of the Francophone world through representative films. May be retaken to a maximum of six hours, provided the subject matter differs each time.

FRE 202 Intermediate Conversational French II. (3) II, III. Recommended: FRE 201 or equivalent proficiency (e.g. with three or four years of successful high school French.) French conversation, grammar, and communicative language skills, with continued emphasis on writing skills and on reading authentic texts. Taught in context of French and Francophone cultures. Laboratory work required. Students entering FRE 202 by referral or placement receive six hours credit for FRE 101 and 102 if they make an “A” or “B” in 201. Gen. Ed. E-6 [GE].

FRE 207 Performing in French: Four Skills. (3) A. Prerequisite: FRE 202 or equivalent proficiency with departmental approval. Focuses on proficiency in the four skills (listening, speaking, reading, and writing) for students in upper-level coursework. Taught in French.

FRE 295 Independent Work in French. (3-3) A. Prerequisite: FRE 201. Prior to enrollment, student must have the independent study proposal approved by the faculty supervisor and department chair. May be retaken to a maximum of six hours, provided the subject matter differs each time with departmental approval.

FRE 305 Readings in French. (3) A. Prerequisite: FRE 304 or equivalent proficiency with departmental approval. Taught in French. Focus on how to understand, talk, and write about short readings and their cultural and literary contexts in French. May be retaken to a maximum of six hours, provided the subject matter differs each time with departmental approval.

FRE 306 France Today. (3) A. Prerequisite: FRE 207 or equivalent proficiency with departmental approval. Focuses on contemporary issues related to France through a variety of topics and media. Taught in French. May be retaken to a maximum of six hours, provided the subject matter differs each time with departmental approval.

FRE 310 Topics in Culture: _____ . (3) A. Prerequisite: FRE 207 or equivalent proficiency with departmental approval. Emphasis on communicative proficiency in context of selected topics from French or francophone cultural heritage, such as cinema, news media, cuisine, or the arts. Taught in French. May be retaken to a maximum of six hours, provided the subject matter differs each time.

FRE 312 French Literary Studies: _____ . (3) A. Prerequisite: FRE 207 or equivalent proficiency with departmental approval. Taught in French. May be retaken to a maximum of nine hours, provided the subject matter differs each time.

FRE 320 French for Work and Travel. (3) A. Prerequisite: FRE 207 or equivalent proficiency with departmental approval. Taught in French. May be retaken to a maximum of six hours, provided the subject matter differs each time.

FRE 330 Francophone Cinema. (3) A. Prerequisite: FRE 207 or equivalent proficiency with departmental approval. An analysis of the culture of the Francophone world through representative films. Taught in French. May be retaken to a maximum of six hours, provided the subject matter differs each time.

FRE 340 French Phonetics. (3) A. Prerequisite: FRE 207 or equivalent proficiency with departmental approval. Taught in French. May be retaken to a maximum of six hours, provided the subject matter differs each time.

FRE 350 French Conversation. (3) A. Prerequisite: FRE 207 or equivalent proficiency with departmental approval. Intensive practice in conversation with emphasis on vocabulary building and improving fluency in the language.

FRE 360 French Grammar in Context. (3) A. Prerequisite: FRE 207 or equivalent proficiency with departmental approval. Intensive practice in grammar in meaningful context, using authentic spoken and written language, within the framework of French and francophone cultures.

FRE 380 Texts and Contexts: _____ . (3) A. Prerequisite: FRE 207 or equivalent proficiency with departmental approval. Taught in French. Analysis and study of literary and non-literary texts of a chosen era (at discretion of instructor) within the relevant cultural and historical context. May be taken to a maximum of six hours, provided the subject matter differs each time.

FRE 410 Advanced Stylistics. (3) A. Prerequisite: FRE 360 and FRE 305, 306, or 380 or equivalent proficiency with departmental approval. Taught in French. Advanced work on composition and conversation, with a focus on perfecting grammatical forms and developing advanced vocabulary. May be retaken to a maximum of six hours, provided the subject matter differs each time with departmental approval.

FRE 420 Issues in Translation. (3) A. Prerequisite: FRE 360 and FRE 305, 306, or 380 or equivalent proficiency with departmental approval. An in-depth study of the traditions and cultural heritage of French speakers. Taught in French. May be retaken to a maximum of six hours, provided the subject matter differs each time with departmental approval.

FRE 495 Independent Work in French. (1-3) A. Prerequisite: departmental approval. May be counted toward major or minor only with permission of department chair. May be retaken to a maximum of six hours if credit is different. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

FRM—Family Resource Management Dr. Dana Bush, Chair

FRM 355 The Family as Consumers. (3) I, II. Family resource management course. Resource allocation and decision-making to attain family goals and financial wellbeing; time, money, housing, work-family balance. Role of family economics in marital/family satisfaction and multiple family forms. Credit will not be awarded for both FRM 352 and FIN 201.

FRM 456 Special Problems in Family Economics and Management. (1-3) A. Prerequisite: departmental approval. The student chooses a problem and works under the supervision of the instructor. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours provided topics vary.

FSE—Fire and Safety Engineering Technology Nancy Davis, Chair

FSE 101 Fire Prevention. (3) A. An introduction to fire and safety related codes; fire prevention methods; mechanical systems; and engineering solutions for hazards. An in-depth look at the Safety Code, the inspection and testing of fire related building components.

FSE 120 Fire Behavior and Combustion. (3) A. Introduction to the chemistry and dynamics of fire; including basic terminology and concepts that are
applied to the physical and chemical properties of the development and spread of fire in a structure; hazardous materials and the Comprehensive Fire Analysis.

FSE 200 Applied Fire and Safety Analysis (3) A. Cross-listed as OSH 200. Analytical and statistical concepts and procedures for the treatment of fire and safety related data. Includes quantitative and qualitative techniques and the development of inferential statistics. Credit will not be awarded for both FSE 200 and OSH 200.

FSE 201 Building Construction, (3) A. A review of the analysis of building construction methods and the engagement approach to designing building fire safety; the Life Safety Code; the function of and testing of rated building components, evaluating plans for code compliance.

FSE 201S Building Construction, (3) A. A review of the analysis of building construction methods and terminology using a service learning approach. A systems approach to designing building fire safety; the Life Safety Code; the function of and testing of building components, evaluating plans for code compliance. Credit will not be awarded for both FSE 201 and FSE 201S.

FSE 221 Fire Protection Systems, (3) A. Prerequisites: FSE 101, FSE 120. Introduction to fire protection systems related to extinguishment. Fixed and portable systems of the following types will be studied: automatic sprinklers, standpipes, dry chemical, foam, halogenated agents, fire alarm systems and detection.

FSE 224 Human Behavior In Fire.(3) Prerequisites: FSE 101 and FSE 120. Examine current and past research on human behavior, systems models, life safety codes and building codes. Emphasis will be placed on the importance of smoke management and the impact of decision making on emergency situations. A study of behavior and decision making in emergency situations. A study of behavior and decision making in emergency situations. A study of behavior and decision making in emergency situations.

FSE 225 Legal Aspects of Fire Protection and Safety, (3) A. Cross-listed as OSH 225. A study of legal and legislative issues related to fire service practices, employee safety, and public protection. Emphasizes the legal responsibilities, liabilities, and the authority of the fire service practitioner. Credit will not be awarded for both OSH 225 and FSE 225.

FSE 230 Fire Prevention Organization and Management, (3) A. Prerequisite: FSE 101. An introduction to management issues related to fire prevention systems. Overview of the requirements for fire prevention and the management of inspections, relations with public and officials and implementation of fire education programs.

FSE 250 Introduction to Fire Arson and Explosion Investigations. (3) A. An introduction to fire, arson, and explosion investigation. Topics include a historical overview of arson and terrorism statuses, sources of information, the federal role in fire and explosion investigation, explosives and improvised explosive devices.

FSE 260 Proving Criminal Acts, (3) A. A study of crimes and the methodical steps in the investigation and proving of criminal acts. Explore defense-legal remedies to enable the student to understand the obligations of managing an investigation.

FSE 280 Constitutional Criminal Procedure. (3) A. Examines the legal implications of obtaining evidence directly from the suspect. Fourth, Fifth, and Sixth Amendments, and rules of evidence are discussed as they relate to the investigation and prosecution of criminal acts. Credit will not be awarded for both FSE 225 and OSH 225.

FSE 300W Technical Report Writing for Emergency Services, (3) A. Prerequisite: ENG 102 and FSE 200. Develop oral and written communication skills specific to the public emergency service sector’s needs. Focusing on the technical aspects involved in supporting public initiatives operating within the legal system and the learning the specific requirements for submitting documentation to various technical committees. Credit will not be awarded for both FSE 300 and 300W.

FSE 305 Hazardous Materials, (3) A. Prerequisite: FSE 120 and OSH 305. Study of hazardous material codes in transportation, storage, and use. Chemical properties relating to specific reactions, engineering controls, and control in an emergency situation. Emphasis on the role of pre-emergency preparedness, implementing emergency plans, and coordinating and controlling a hazardous materials incident. Credit will not be awarded for both FSE 305 and OSH 305.

FSE 320 Principles of Emergency Services. (3) A. An overview of organizational and management practices in the fire and safety fields. Emphasis on supervision and leadership styles, motivation, morale, and organizational behavior.

FSE 322 Protection Structures and System Design (3) A. Prerequisite: FSE 221. Analysis and evaluation of specific code requirements related to the design, operation, and testing of fire protection systems. Design projects will be included.

FSE 323 Fire, Arson and Emergency Scene Operations (3) A. Prerequisite: FSE 201 or FSE 201S. Principles of Incident Management including emergency response strategies, as they relate to the investigation of criminal acts. Focusing on the technical aspects involved in supporting public initiatives operating within the legal system and the learning the specific requirements for submitting documentation to various technical committees. Credit will not be awarded for both FSE 300 and OSH 305. Prerequisite: FSE 120 and OSH 305. Credit will not be awarded for both FSE 300 and 300W.

FSE 324 Applied Learning in Fire and Safety Engineering, (5-8) A. Cross-listed with OSH 349. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Top: eight, associate; sixteen, bachelor. A minimum of 800 hours of employment required for each semester hour credit. Credit will not be awarded for both FSE 349 and FSE 349A.

FSE 349 A-N Fire and Safety Engineering, (5-8) A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Top: eight, associate; sixteen, bachelor. A minimum of 800 hours of employment required for each semester hour credit. Credit will not be awarded for both FSE 349A-N and OSH 349A-N.

FSE 350 Fire Arson and Explosion Investigation I. (3) A. Prerequisite: FSE 221. An in-depth study in the analysis of fire, arson, and explosion scenes. Emphasis will be placed on the principles and techniques of scene preservation, analysis, management of evidence, functions, documentation of scene, and determination of the cause and origin of fire.

FSE 355 Fire Dynamics. (3) A. Prerequisites: CBE 101 (or higher), FSE 120, and MAT 107 or 114 (or higher). An introduction to fire-related measurement techniques, advanced fire and combustion concepts and associated terminology. This course includes basic mathematical methods for understanding fire dynamics.

FSE 360 Fire Protection Hydraulics and Water Supply (3) A. Prerequisites: FSE 120 and MAT 107, 114 or higher. A study of water at rest and in motion, Bernoulli’s and Pascal’s theorems; water distribution systems, velocity, friction loss, pump and nozzle pressure requirements, protection functions.

FSE 365 Instructional Methodology for Emergency Service, (3) A. Course provides students with opportunities to develop presentation skills used in classroom instruction. Develop lesson plans, prepare audio-visual aids and training, corner thinking, cooper evaluation methodologies that adequately support learning objectives during delivery of presentations.

FSE 370 Electrical and Mechanical Systems Failure Analysis. (3) A. Overview of design criteria for electrical and mechanical systems and components relative to fire safety via laboratory experiments, exemplar components and photographs that depict system and component failures that result in fire. Learning opportunities include engaging in destructive and non-destructive analysis of components and systems.

FSE 375/Emergency Management, (3) A. Introduction to management issues related to obtaining and accounting for resources. Included are financial management processes, acquisition strategies, strategies for maintenance of effort and quality assurance, and ethics and professionalism. May be taken to a maximum of six hours providing the project title.

FSE 380 Failure Analysis, (3) A. Prerequisite: FSE 370. An in-depth study of fire and arson investigations. Emphasis will be placed on the principles and techniques of scene preservation, failure analysis, report writing, and determination of cause and origin.

FSE 400 Advanced Emergency Services, (3) A. Prerequisites: FSE 300 or FSE 300W, and FSE 320. A study of environmental management including the identification and analysis of key managerial issues confronting contemporary fire services managers. Application in current methods and planning, organizing, developing and evaluating public fire/emergency services organizations.

FSE 425 Disaster & Community Fire Defense Planning, (3) A. Prerequisite: FSE 300 or FSE 300W. Overview of the ever changing demographics of the departmental jurisdiction and the importance of community service master planning, identifying hazards then assessing risks associated with those hazards. Analysis of potential disaster and recovery methods.

FSE 445 Advanced Structural Fire Protection, (3) A. Prerequisite: FSE 349. Examines principles involved in structural fire protection: behavior of materials and design considerations for each material in regards to a structure’s design under fire attack and resistive protection methods.

FSE 450 Advanced Explosion and Bombing Investigation, (3) A. Prerequisite: FSE 380. An in-depth study of explosion scene investigation. Emphasis will be placed on the principles and techniques of scene preservation, analysis, management of evidence, functions, documentation of scene, and determination of the cause of explosions.

FSE 480 Industrial Fire Safety, (3) A. Prerequisites: FSE 101 and FSE 120. Fire scenario analyses for industrial installations using test data, loss experience and simplified theoretical modeling focusing on warehousing, storage of flammable liquids and safety of electrical equipment and computers.

FSE 481 Fire Protection Design, (3) A. Comprehensive project emphasizing a team approach to the design process. Problem formulation; project management; drawings and specifications; cost estimating; and various project components. Engineering and professional ethics.

FSE 489 Topical Seminar: (1-3) A. Prerequisite: FSE 200 or departmental approval. Development and presentation of research in contemporary methods, techniques, and devices in the field. May be taken under different topics to a maximum of 12 hours.

FSE 495 Fire Arson and Explosion Case Preparation, (3) A. Prerequisite: FSE 450. Preparation of the fire, explosion, and arson case for trial, including preparation of demonstrative evidence, scene documentation for presentation, and testimony.

FSE 496 Fire Investigation Case Preparation, (3) A. Prerequisite: FSE 450. Preparation of the fire and arson case for trial, including preparation of demonstrative evidence, scene documentation for presentation, and testimony.

FSE 498 Independent Study, (1-3) A. Prerequisite: Departmental approval. Individual reading and research project on a problem or area of fire and safety, after student consultation with the instructor. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours providing the project title.

FSE 499 Practicum, (1-12) A. Prerequisite: departmental approval. Supervised field observation,
research, and/or experience.

GBU—General Business
Dr. Lana Carnes, Chair

GBU 101 Introduction to Business, (3) I, II. A survey of modern business practices. The course explores business areas such as management, marketing, accounting, and finance. The course is designed to help prepare students for future business courses and assist students in deciding whether to choose business as a career.

GBU 201 International Business, (3) I
I. An overview of international business, including international business law, international business customs, and international business functional operations, examining the effectiveness of U.S. business ventures abroad and in competition with international companies at home.

GBU 204 Legal and Ethical Environments of Business, (3) I, II. Prerequisite: minimum 45 hours. Law and the legal system. Topics include discussion on ethical and socially responsible business decision; business forms, contracts and torts; governmental regulations and regulatory agencies that impact business.

GBU 301 E-Commerce Fundamentals, (3) A. Prerequisite: minimum 45 hours completed. Survey, analysis, evaluation of current issues and trends in e-commerce; examination of how e-commerce and electronic mediated environments are changing business and society.

GBU 310 Law of Contracts, Property, and Business Organizations, (3) I. Principles of the law of contracts, property and business organizations, relations and implications of partnerships, corporations and agencies.

GBU 311 Law of Commercial Transactions, (3) II. Principles for law of personal property transfers, negotiable instruments, secured transactions, the application of the Uniform Commercial Code and business transactions, bankruptcy, and governmental regulation.

GBU 349 Applied Learning in General Business, (5-8) A. Prerequisites: minimum GPA 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required for each credit hour. May be used as upper division business electives and/or free electives as approved. General Business Majors, depending on option, are limited to a maximum of nine co-op hours counting toward degree. Co-op hours may be repeated up to nine hours.

GBU 349 A-H Cooperative Study: General Business, (5-8) A. Prerequisites: minimum GPA 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required for each credit hour. May be used as upper division business electives and/or free electives as approved. General Business Majors, depending on option, are limited to a maximum of nine co-op hours counting toward degree. Co-op hours may be repeated up to nine hours.

GBU 350 Seminar in Business, (1-3) A. A carefully selected topic of special and contemporary interest to business students. May be retaken under different subtitles to a cumulative maximum of nine hours.

GBU 480 Business Strategy, (3) I, II. Prerequisites: CCT 300 or 300W, CIS 300, FIN 300, MGT 300, 370, and MKT 300 with a grade of “C” or better in each prerequisite course; senior standing (A minimum of 90 hours) with an overall minimum 2.0 GPA. A capstone study of administrative processes under conditions of uncertainty including integrative analysis and formulation of strategy and supporting policy at administrative/executive levels. Students must complete all business core courses prior to taking GBU 480.

GCM—Graphic Communications Management
Dr. David Dailey, Coordinator

GCM 211 Graphic Communications, (3) I, II. An overview of the market segments using the technologies of printing, publishing, packaging, electronic imaging, and their allied industries.

2 Lec/2 Lab.

GCM 217 Electronic Publishing, (3) A. Basic course in desktop publishing and preparing appropriately designed documents for Graphic Communications. Emphasis is on the analysis and practical level computer application programs for working with images, type and page layouts.

2 Lec/2 Lab.

GCM 255 Web Publishing, (3) I. Formerly TEC 255. A basic course in using current Web standards to prepare content for the World Wide Web that includes HyperText Markup Language (HTML) and Cascading Style Sheets (CSS).

2 Lec/2 Lab.

GCM 313 Digital Photography, (3) A. Formerly TEC 313. A study of current technology used to capture, manage, enhance and process photographic images for use with various computer applications. 2 Lec/2 Lab.

GCM 316 Graphic Communications II, (3) A.

I. Prerequisites: GCM 211. Advanced study of the imaging processes with particular attention given to prepress, press and post press operations related to offset presswork.

GCM 317 Electronic Publishing II, (3) II. Prerequisite: GCM 217. Advanced desktop publishing course in the design, creation, and assembling of text and graphical images. In-depth study of color theory, color management and color correction. 2 Lec/2 Lab.

GCM 318 Flexographic Printing I, (3) A. Prerequisite: GCM 211. An overview of the flexographic printing process. Emphasis will be given to products, image carrier, alignment and finishing operations in the label and corrugated packaging industry. 2 Lec/2 Lab.

GCM 319 Specialty Graphic Imaging, (3) I. Prerequisite: GCM 211. An overview of specialty imaging processes including screen, pad, and wide format printing. Emphasis will be given to the printed product, image carrier preparation, press systems and mechanics, inks and substrates. 2 Lec/2 Lab.

GCM 349 Applied Learning in Graphic Communication Management, (1-8) II. Prerequisite: departmental approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate, sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

GCM 349 A-N Cooperative Study: Graphic Communications Management, (1-8) I, II.

Prerequisite: departmental approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate, sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

GCM 355 Web Animation, (3) II. Formerly TEC 355. Prerequisite: GCM 255 and 313. Web animation with advanced Web programming. 2 Lec/2 Lab.

GCM 410 Finishing and Packaging, (3) A. Prerequisite: GCM 319. A study of post-press finishing and binding operations in the printing and publishing industries. Packaging operations will also be studied, including design, layout, printing and assembly.

2 Lec/2 Lab.

GCM 412 Color Process Printing, (3) A. Prerequisites: GCM 317 and 319. The advanced study and practical application of reproducing process color images by offset lithography. 2 Lec/2 Lab.

GCM 414 Printing Estimating and Costs, (3) II. Prerequisites: GCM 316 and 319. Methods and procedures of predetermining costs of printed products. The determination of equipment hourly rates and depreciation, cost centers, and equipment purchase decisions will be discussed with emphasis on computer related operations.

GCM 455 Web Publishing II, (3) I.

Prerequisite: GCM 255. An advanced course in preparing content for the World Wide Web that includes HTML, PHP and MySQL. Students will work with both client-side and server-side technologies to integrate databases into web pages. 2 Lec/2 Lab.

GCM 467 Comprehensive Exam for BS in GCM (0) A. Prerequisite: Consent of Advisor. Registration is required of all Graphic Communications Management B.S. majors during their last semester. A comprehensive assessment exam is required.

GCS—Interpersonal Skills and Career Counseling

GCS 199 Career Counseling Seminar, (1) I, II. Prerequisite: Degree Seeking Only. The eight-week course helps students make effective career decisions. Self-awareness, values clarification, an awareness of career alternatives, and decision-making skills are promoted in the course. Pertinent career facts are learned; i.e. salary, training, outlook, and working conditions.

GEO—Geography
Dr. Melissa Dieckmann, Chair

GEO 100 Regions and Nations of the World, (3) A. Survey of the physical, cultural, and economic geography of the world’s major regions, with an emphasis on regions undergoing change and currently of international concern. Credit will not be awarded for both GEO 100 and GEO 200. Gen. Ed. E-SB [SB].

GEO 110 Environmental Geography, (3) A.

Prerequisites: Freshman and Sophomore standing. A focus on ecological function and the physical and human dynamics contributing to environmental change across the globe and at various geographical scales. Environmental issues are explored through a geographic lens, and include clean air and water, energy systems, biodiversity, natural hazards, climate change, and food production. 2 Lec/2 Lab. Gen. Ed. E-4.

GEO 115 Hollywood Weather, (3) A. This non-technical introduction to atmospheric processes examines how meteorological events are portrayed in popular movies. Topics may include severe weather events, climate change, and weather’s impact on human systems.

GEO 210 Introduction to Physical Geography, (3) A.

Study of natural processes operating at the earth’s surface with special emphasis on weather and climate and landforms as explanations for how and why physical and human phenomena vary from place to place. 2 Lec/2 Lab.

GEO 220 Human Geography, (3) A.

GEO 300 Geography: ______, (3) A. Prerequisite: will be determined by the specific topic. Designed for study of special topics. The specific orientation (cultural, physical, field studies, etc.) will follow course title. May be taken to a maximum of nine hours provided subject matter differs each time.

GEO 302 Global Environmental Problems, (3) A. Cross-listed as ENV 302. Prerequisites: GEO 101, 110, 210, or 220; ENG 102, ENG 105(B), or HON 102; MAT 105 or higher; or departmental approval. Examination of environmental problems and conservation strategies in the context of global change, with case studies from exemplary world regions, including rainforest, mountain, desert, and island biomes. Credit will not be awarded for both GEO 302 and ENV 302.

GEO 315 Meteorology, (3-4) I, II.

Prerequisite: MAT 112, 114, 122, 211, 234, or 234H. This course focuses on important phenomena and physical processes that occur in Earth’s atmosphere, including atmospheric dynamics, radiation, stability, moisture, wind systems and severe storms.
GEO 321 Urban Geography. (3) A. Prerequisites: GEO 100, 110, 210, or 220; ENG 102, 105(B) or HON 102. Study of city functions, patterns, and past and current problems confronting the city, including the problems of planning, zoning, community housing, shopping centers, and urban renewal.

GEO 322 World Geopolitics. (3) A. Prerequisite: GEO 100, 110, 210, or 220; ENG 102, 105(B) or HON 102. Study of world political structures and events organized by territorial and regional frameworks. Specific attention to forces of global political change, including conflict and peace, ethnic resistance, and international mediation.

GEO 325 Environmental Land Use Planning (3) A. Prerequisites: GEO 100, 110, 210, or 220; ENG 102, 105(B); or HON 102; MAT 105 or higher; or departmental approval. Examines how principles of landscape ecology, resource conservation, and environmental impact analysis are incorporated into land use decisions and public policy. Emphasizes practical application at the site and regional scales. Credit will not be awarded to students who have credit for GEO 325S, ENV 325 or ENV 325B.

GEO 325S Environmental Land Use Planning (3) A. Prerequisites: GEO 100, 110, 210, or 220; ENG 102, 105(B), or HON 102; MAT 105 or higher; or departmental approval. Examines how principles of landscape ecology, resource conservation, and environmental impact analysis are incorporated into land use decisions and public policy. Emphasizes practical application at the site and regional scale. Credit will not be awarded to students who have credit for GEO 325S, ENV 325 or ENV 325SB.

GEO 349 Geographic Information Systems. (3) A. Prerequisite: GEO 100, 110, 210, or 220. Topical-regional approach to the physical characteristics, cultural complexity, and economic aspects of Kentucky with an emphasis on understanding the state’s historical development and contemporary political, economic, and social issues from a geographic perspective.

GEO 347 Regional Geography: _____ (3) A. Prerequisite: GEO 100, 110, 210, or 220. Physical, cultural, and economic geography of a selected region (e.g., Africa, North America, Oceania) with emphasis on the region’s current problems. May be retaken to a maximum of 12 hours provided subject matter differs each time.

GEO 349 A-N Cooperative Study: Geography. (5-8) A. Prerequisite: departmental approval. Work in placement related to academic studies. One to eight hours credit per semester or summer. Total hours for baccalaureate, 16. A minimum of 80 hours employment required for each semester hour credit. No more than six hours may count toward the major.

GEO 351 Geographic Data and Techniques. (3) A. Prerequisites: GEO 100, 110, 210, 220, GLY 104, 107, 108, or 109; MAT 105 or above, STA 215, or 270. Introduction to geographic data, quantitative and qualitative analysis, hypothesis testing, and appropriate representation of specific data types. Includes exposure to techniques used in geographic research and applications, including mapping, GIS, GPS, field work, remote sensing, library and Internet research, and other practical experiences. 2 Lec/2 Lab.

GEO 398 Independent Studies in Geography. (1-6) I, II. Prerequisite: departmental approval. Topic determined by student and instructor. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours, provided topic is different each time.

GEO 401 Introduction to Ecotourism. (3) A. Prerequisite: GEO 100, 110, 210, 220; ENG 101, 102B or HON 102; MAT 105 or higher; or departmental approval. A comprehensive study of current issues, trends, problems, and opportunities in the travel and tourism industry. Research paper required.

GEO 405 Advanced Geography: Infectious Diseases. (3) A. Cross-listed as APP 430 and ENV 430. Prerequisites: GEO 100, 110, 210, or 220; ENG 102, ENG 105(B), or HON 102; MAT 105 or higher; or departmental approval. Study of plant and animal distributions and the nature of earth’s major terrestrial biomes, with an emphasis on understanding the relationship of humans to living organisms. Credit will not be awarded to students who have credit for APP 430 or ENV 430.

GEO 435 Biogeography. (3) A. Cross-listed as ENV 435. Prerequisites: ENG 102 or ENG 105(B) or HON 102; and MAT 105 or higher; or departmental approval. Study of plant and animal distributions and the nature of earth’s major terrestrial biomes, with an emphasis on understanding the relationship of humans to living organisms. Credit will not be awarded to students who have credit for ENV 435.

GEO 450 Field Studies. (3) A. Prerequisite: GEO 100, 110, 210, or 220. Field techniques and applied case studies of geographic topics in local and regional environs.

GEO 455 GIS Cartography. (3) A. Prerequisite (one of the following): GEO 100, 110, 210, 220, GLY 102, 107, or 108. Principles of cartographic design for GIS applications. Hands-on experience using ArcGIS. 2 Lec/2 Lab.

GEO 456 Remote Sensing. (3) A. Prerequisite: GEO 100, 110, 210, 220, GLY 102, 107, or 108. Principles, data sources, acquisition, interpretation, and applications of Earth observations in GIS, including maps, air photos, satellite photography, and GIS digital data. Hands-on experience using ERDAS software. 2 Lec/2 Lab.

GEO 458 Advanced Geographic Imagery. (3) A. Prerequisite: GEO 353 or departmental approval. Advanced concepts, operations, and applications of raster and vector GIS. Spatial analysis using scanning, imagery, GPS, GIS digital data sets, and derived data for natural and social applications. Use of standards, metadata, open GIS, and other advanced applications. 2 Lec/2 Lab.

GEO 490 Senior Seminar. (3) A. Prerequisite: senior standing or departmental approval. A capstone course for majors that integrates students’ academic experiences with their career development options.

GEO 498 Research Project in Geography. (3) A. Prerequisite: departmental approval. A research experience for geography majors that integrates a research experience with the production of a substantive deliverable product (e.g., conference presentation map). May be retaken to a maximum of six hours if research topic differs each time.

GEO 501 Advanced Geography: _____ (3) A. Prerequisite: departmental approval. In-depth study of physical, cultural, and economic, technical (GIS) themes. May be retaken to a maximum of six hours if subject matter differs each time.

GER—German Dr. Abby Poffenberger, Chair

GER 101 Conversational German I. (3) I, II. Prerequisite: all required developmental reading and writing courses. Beginning German conversation, grammar, and language skills. Emphasis on speaking and listening comprehension, with introduction to basic written forms. Taught within the context of Germanic cultures. Laboratory work required. Gen. Ed. E-6 [GE].

GER 102 Conversational German II. (3) I, II. Recommended: GER 101 or equivalent proficiency. Conversation of GER 101. Students entering GER 102 by referral or placement receive three hours credit for GER 101 if they make an “A” in 102.) Continuing work on basic communicative skills. Taught within the context of Germanic cultures. Laboratory work required. Gen. Ed. E-6 [GE].

GER 201 Intermediate Conversational German I. (3) I, II. Recommended: GER 102 or equivalent proficiency. German conversation, grammar, and other language skills with increased emphasis on developing basic writing and reading skills. Taught in a cultural context. Laboratory work required. Students entering GER 201 by referral or placement receive six hours credit for GER 101 and 102 if they make an “A” or “B” in 201. Gen. Ed. E-6 [GE].

GER 202 Intermediate Conversational German II. (3) I, II. Recommended: GER 201 or equivalent proficiency. German conversation, grammar, and other language skills with increased emphasis on developing basic writing and reading skills. Taught in a cultural context. Laboratory work required. Students entering GER 202 by referral or placement receive nine hours credit for GER 101, 102, and 201 if they make an “A” or “B” in 202. Gen. Ed. [GE].

GER 240 Beginning Conversation. (3) A. Recommended: GER 201 or equivalent proficiency with department chair approval. Topics for conversation drawn from everyday situations. (Waived in case of demonstrable oral proficiency, but not open to students who have native or near-native fluency in German.)

GER 295 Independent Work in German. (1-3) A. Prerequisite: GER 202 or equivalent proficiency. May be retaken to a maximum of six hours if topic is different. Prior to enrollment, student must have the independent study proposal approved by faculty supervisor and department chair.

GER 310 Topics in German. (1-3) A. Prerequisite: GER 202 or equivalent proficiency with department chair approval. May be retaken to a maximum of 6 hours if topic is different. Selected topics in German language, literature, or culture.

GER 340 Independent Conversation. (3) A. Prerequisite: GER 240 or equivalent proficiency with department chair approval. Topics for conversation drawn from contemporary German life.

GER 495 Independent Work in German. (1-3) A. Prerequisite: GER 202 or equivalent proficiency. May be counted toward major or minor only with permission of department chair. May be retaken to a maximum of six hours if content is different. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

GLO—Globalization and International Affairs Dr. Gyan Pradhan, Chair

GLO 201 Introduction to Globalization. (3) A. Prerequisites: Completion of all developmental requirements. An introduction to the multi-faceted dimensions of globalization, including positive and negative aspects of globalization and some of the many cultural, economic, geographical, historical, political, ideological and social forces affecting globalization.

GLO 490 Globalization Senior Seminar. (3) A. Prerequisites: Senior standing and departmental approval. Reading, analysis and discussion of current globalization topics, with heavy emphasis on class participation and student presentations.

GLY—Geology Dr. Melissa Dieckmann, Chair

GLY 102 Earth Science for Teachers. (3) I, II. Prerequisite: pre-teaching and teaching elementary
and middle school education majors only or departmental approval. This inquiry-based course for teachers integrates geography and technology to explore Earth as an integrated set of systems and as part of the Solar System. 1 Lec/4 Lab. Gen. Ed. E-4  

GLY 104 The World Ocean. (3) I,II.
Investigation of the geologic, physical, biogeochemical, and biotic features that occur within the oceans of the world. 2 Lec/2 Lab. Gen. Ed. E-4 [NS].

GLY 105 Dinosaurs. (3) I,II.
The geologic and paleontological record of dinosaurs and their extinction. 3 Lec/2 Lab. Gen. Ed. E-4 [NS].

GLY 106 Plate Tectonics: The Active Earth. (3) I, II. Investigation of the Earth as it exists and functions today, the materials that compose the Earth, the processes that act upon and within the Earth, and the interrelationship of both materials and processes with human activity. 2 Lec/2 Lab. Gen. Ed. E-4 [NS].

GLY 109 Great Moments in Earth History. (3) I, II. Investigation of the origin of the Earth as a planet and the development of physical and biological systems through time. Important turning points in the Earth’s history will be emphasized. 2 Lec/2 Lab. Gen. Ed. E-4 [NS].

GLY 210 Introduction to Geochemistry. (3) I, II. Introduction to the study of the composition and reactions of Earth’s materials. Topics include: nomenclature, stoichiometry, bonding, chemical change) to geochemistry, including the distribution of the elements, mineral chemistry, and radiometric dating.

GLY 302 Earth Science. (3) A. Prerequisite: GLY 102, 104, 107, 108, or 109. Study of the universe and its components, the Earth’s atmosphere and climatic elements, its physical processes and features, organic development, and natural resources.

GLY 303 Environmental Geoscience. (3) A. Cross-listed as ENV 303. Prerequisite: GLY 102, 104, 107, 108, or 109; or GEO 100, 210, or 220; or departmental approval. Investigation of the Earth as a complex set of interconnected systems that cycle elements, water, and earth materials over geologic and human time scales. The course emphasizes global interrelationship of both materials and processes with our planet’s life. 2 Lec/2 Lab. Gen. Ed. E-4 [NS].

GLY 305 Dinosaur. (3) A. Prerequisite: GLY 102, 104, 107, 108, or 109; or GEO 100, 210, or 220; or departmental approval. The rise, diversification, and extinction of this prominent group of organisms. This course tries to understand how scientists make inferences about the past, including the use and limitations of physical evidence and the nature of science.

GLY 309 Mineralogy. (4) I. Prerequisites: GLY 102, 104, 107, 108, or 109; and MAT 112 or higher; or departmental approval. Study of minerals commonly encountered in rocks and soils with minor emphasis on ore deposits: mineral geochemistry, crystal structure, classification, physical properties, optical properties, and geologic environment. Laboratory develops the ability to identify minerals in hand specimens and thin sections. 3 Lec/2 Lab.

GLY 315 Hydrology. (3) I, II. Prerequisites: GLY 102, 104, 107, 108, or 109; and MAT 112 or higher; or departmental approval. Interrelationships between Earth’s components and their occurrence. This course utilizes the hydrology at aquatic bodies of water: evaporation. 2 Lec/2 Lab.

GLY 349 Applied Learning in Geology. (5-8) I, II; (1-6) SUMMER ONLY. Work in placements related to academic studies. Total hours for baccalaureate, sixteen. A minimum of 80 hours of employment required for each semester hour of academic credit. May not be used to satisfy area, major, or minor requirements.

GLY 349 A-Cooperative Study: Geology. (5-8) I, II; (1-6) SUMMER ONLY. Work in placements related to academic studies. Total hours of employment required for each semester hour of academic credit. May not be used to satisfy area, major, or minor requirements.

GLY 351 Field Methods. (3) A. Prerequisites: GLY 102, 104, 107, 108, or 109; or departmental approval. Methods of field geology including description and measurement of rock sequences, introduction to geological mapping and writing geological reports. 1 Lec/4 Field (Saturdays).

GLY 398 Independent Studies in Geology. (1-6) I, II. Prerequisite: departmental approval. Topic determined by student and instructor. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours provided topic is different each time.

GLY 408 Process Geomorphology. (3) II. Prerequisites: GLY 102, 104, 107, 108, or 109; or departmental approval. An in-depth study of the geologic processes involved in landform development.

GLY 409 Igneous & Metamorphic Petrology. (4) II. Prerequisites: GLY 309; MAT 112 or higher. Study of the origin and nature of igneous and metamorphic rocks, with emphasis on crystalline rocks. Lab develops the ability to analyze and classify rocks in hand sample and in thin section using a petrographic microscope. 3 Lec/2 Lab.

GLY 410 Structural Geology. (4) I. Prerequisite: GLY 102, 104, 107, 108, or 109; and MAT 112 or higher. Deformation of Earth’s crust across a wide range of scale with emphasis on plate tectonics and its consequences for the fossil record. Use of rock texture to analyze the geometry of deformed rock bodies and solve common structural problems. 3 Lec/2 Lab.

GLY 415 Sedimentary Geology. (4) I. Prerequisites: GLY 102, 104, 107, 108, or 109; and MAT 112 or higher; or departmental approval. Examination of sedimentary processes and products, the characteristics and origins of sedimentary rocks and their related depositional environments, and application of these principles to solve geologic problems. Laboratory develops techniques for describing and interpreting sedimentary rocks, structures, and stratigraphy. 3 Lec/2 Lab.

GLY 420 Stratigraphy. (4) II. Prerequisites: GLY 415 and MAT 112 or higher. Description, correlation, and interpretation of stratified sedimentary sequences; basic identification and interpretation of the fossils they contain. Emphasizes: rock-vs. time-stratigraphy, faces relationships, sequence stratigraphy, event stratigraphy, biostratigraphy, well log correlation. 3 Lec/2 Lab.

GLY 451 Field Camp. (6) SUMMER ONLY. Prerequisites: GLY 409 and 410. Field-training course in the northern and central Rocky Mountains (6 weeks). Analysis of rock sequences; geologic mapping of sedimentary, metamorphic, and igneous terrains; interpretation of complex rock deformation; regional geological synthesis with emphasis on tectonics; and visits to many of the state’s most spectacular geologic localities, including national parks and monuments.

GLY 460 Aquatic Geochemistry. (3) II. Prerequisite: GLY 210 or CHE 111 and 111L. Reactions between natural waters, atmospheric gases and earth materials in surface and near surface environments. Emphasis is placed on consequences of chemical weathering, composition of surface and near surface water, geochemical cycles, and natural and anthropogenic geochemical processes. 3 Lec/2 Lab.

GLY 480 Petroleum Geology. (3) II. Prerequisite: Corequisites: GLY 410 and GLY 420. Use of the petroleum systems paradigm to explore characteristics of economically-viable petroleum accumulations.
HEA 202 Community First Aid and CPR. (3) I, II. Instruction and practice in first aid and safety procedures. Includes assessment and first aid procedures regarding life-threatening emergencies, injuries, medical emergencies, and rescues. Focus on prevention, as well as first aid. Includes American Red Cross certification in First Aid, Adult, Child, AED, Child CPR, and Infant CPR. Credit will not be awarded for both HEA 202 and EMP 102.

HEA 285 Health Across the Lifespan. (3) I, II. Consideration of conditions and factors affecting individual and community health; special emphasis is on responsible decision-making, formulating philosophies, attitudes, and a behavioral understanding necessary to establish health living practices. Fulfills University Wellness requirement.

HEA 290 Foundations of Health Education. (3) I, II. The history, foundational disciplines, and principles that led to the establishment of health education. The role of health education in the present health care system.

HEA 310 Introduction To Global Health. (3) A. Prerequisite: ENG 102 or ENG 105 or HON 102. Exploration of epidemiological, economic, political, sociological, and cultural factors that impact global health with special emphasis on applying public health principles in developing as well as developed countries. Gen. Ed. E-6 [GE].

HEA 316 Introduction to Public Health. (3) I, II. An introduction to the practice, organization and functions of public health at local, state, and national levels. A. Prerequisite: Junior standing, a 2.0 GPA
within the journalism major, and department approval.
Work under faculty and field supervisors in placements
related to academic studies. One to eight total hours
of academic credit per semester or summer. Total hours:
eight, associate; sixteen, baccalaureate. A minimum of
80 hours work required for each hour of academic credit.
One credit hour required for major. Additional hours
can satisfy major or minor requirements within the
department.

**JOU 349-N Cooperative Study: Journalism. (3).
A. Prerequisite: Junior standing, a 2.0 GPA
within the journalism major, and department approval.
Provides students with practical experience in editorial
and production aspects of newspapers and magazines.

**JOU 400 Studies in Journalism (1-3) A.
Prerequisite: departmental approval. Study of specific
areas of journalism through a course examining topics or
topics in the field. Specific topic included in schedule.
May be retaken to a maximum of three hours.

**JOU 410 Public Affairs Reporting. (3) A.
Prerequisite: COM 201. Writing and reporting about
national, state, and local government and specialized
fields of labor, science, research and business. Includes
writing and reporting for wire services and daily
newspapers.

**JOU 412 Multimedia Web Development. (3)
Prerequisite: PUB 310. Prerequisite: PUB 320 or
JOU 320 with a grade of “C” or higher. An introduction
to web site design, with emphasis on communication and
design theory. Delves into fundamentals of HTML and
CSS. Course also uses software for optimizing images
and graphics for web use. Credit will not be awarded for
JOU 412 and PUB 412.

**JOU 425 Community Journalism. (3)** A.
Prerequisites: COM 201 and JOU 310. Intensive study
course of community newspapers and other media and
their relationship to their communities.

**JOU 491 Senior Seminar. (1) I, II.
Prerequisites: JOU 302 or 349. Evaluates student’s
progress toward a career in mass media, especially the
development of a portfolio, and develops job-search
strategies and skills. Includes assessment of instruction
and curriculum.

**JOU 499 Independent Study in Journalism. (1-3)
A. Prerequisite: Student must consult with the
faculty supervisor and have the independent study
proposal form approved by the faculty supervisor
and department chair prior to enrollment. May be retaken to
a maximum of three hours.

**JPN—Japanese
Dr. Abby Poffenberger, Chair

**JPN 101 Conversational Japanese I. (3) I, II.
An introduction to the grammar and structure of Japanese
taught in cultural context. Practice in pronunciation,
reading, and writing systems with an emphasis on

**JPN 102 Conversational Japanese II. (3)
A. Recommended: JPN 101 or equivalent proficiency.
Continuation of JPN 101. Emphasis on conversation.
Students entering JPN 102 by referral or placement will
receive three hours credit for JPN 101 if they make an
“A” in 102. Laboratory work required. Gen. Ed. E-6
[GE].

**JPN 201 Intermediate Japanese I. (3) A.
Recommended: JPN 102 or equivalent proficiency.
Continuation of JPN 102. Practice in writing, reading,
and speaking on cultural topics for diverse social
settings requiring increasingly complex structural patterns.
Students entering JPN 201 by referral or placement receive
six hours credit for JPN 101 and 102 if they make an
“A” or “B” in 201. Gen. Ed. E-6 [GE].

**JPN 202 Intermediate Japanese II. (3)
A. Recommended: JPN 201 or equivalent proficiency.
Continuation of JPN 201 to strengthen student’s ability
to interact in more diverse social settings requiring
increasingly complex structural patterns. Students entering
JPN 202 by referral or placement receive nine hours
credit for JPN 101, 102, and 201 if they make an

**JPN 295 Independent Work in Japanese. (1-3)
A. Prerequisite: departmental approval. Students must have
the independent study proposal form approved by faculty supervisor and department chair
prior to enrollment.

**JOU 495 Independent Work in Journalism. (1-3)
A. Prerequisite: departmental approval. May be
retaken to a maximum of six hours if content is different.
Student must have the independent study proposal form
approved by faculty supervisor and department chair
prior to enrollment.

**JSO—Justice & Safety Orientation
Dr. Victor Kappeler, Dean
LAS—Paralegal
Dr. Lynnette Noblitt, Chair/Director

LAS 210 Introduction to Law. (3) I, II.
General study of the purpose, function, and history of law; law-related occupations; court systems; case law analysis; professional ethics; the adversary system; and the major areas of law.

LAS 220 Legal Research and Writing I. (3) I, II.
Prerequisite: LAS 210 or director approval. The sources and techniques of legal research; their application to specific legal problems and the use of legal authority to construct a written legal argument.

LAS 300 Legal Research and Writing II. (3) I, II.
Prerequisite: LAS 220. The sources and techniques of advanced legal research and writing; the use of computer-assisted legal research methods and their application. Credit will not be awarded for both LAS 300 and LAS 300W.

LAS 300W Legal Research and Writing II. (3) A.
Prerequisite: LAS 220. The sources and techniques of advanced legal research and writing, the use of computer-assisted legal research methods and their application. Credit will not be awarded for both LAS 300 and LAS 300W.

LAS 305 Special Topics in the Law. (1-3) A.
Prerequisite: director approval. A course offered periodically covering topics and issues of current or special interest concerning the law. May be taken to a maximum of 9 hours; topics vary.

LAS 325 Real Estate/Bankruptcy Practice. (3) I, II.
Prerequisite: LAS 220. Paralegal practice and procedure for general law office; real estate transactions and documents, title searches, title insurance, loan closings, leases, wills, affidavits of descent, foreclosures, and bankruptcy.

LAS 330 Family Law Practice. (3) A.
Prerequisite: LAS 220. Paralegal practice in family law including forms, documents, and procedures for: marriage, divorce, separation, annulment, alimony, legitimacy of children, custody, adoption, community property, and juvenile law. Credit will not be awarded for both LAS 330 and LAS 330S.

LAS 330S Family Law Practice. (3) A.
Prerequisite: LAS 220. Paralegal Practice in family law including forms, documents, and procedures for: marriage, divorce, separation, annulment, alimony, legitimacy of children, custody, adoption, community property, and juvenile law. This is a Service-Learning Course. Credit will not be awarded for both LAS 330 and LAS 330S.

LAS 340 Criminal Law Practice and Procedure. (3) A.
Prerequisite: LAS 220 or director approval. An introduction to criminal law and procedure; criminal law forms and documents, and preparation for criminal litigation using the systems approach.

LAS 350 Litigation: Evidence to Discovery. (3) A.
Prerequisites: LAS 220 or director approval. Study of legal principles and paralegal practice in substantive civil law. Incorporates procedural aspects of the early stages of civil litigation including evidence and investigation, pleadings, and the discovery/disclosure process.

LAS 355 Litigation: Trial to Appeal. (3) I, II.
Prerequisite: LAS 220 or Director Approval. Study of legal principles and paralegal practice in substantive civil law. Incorporates procedural aspects of the latter stages of civil litigation including settlement and ADR, trial preparation, trial, post-trial practice, and appeal.

LAS 360 Probate Practice and Procedure. (3) I, II.
Prerequisite: LAS 220 or director approval. Paralegal probate practice including initial steps, asset accumulation, debt management, court procedure, estate-related taxes and forms. A systems approach will be emphasized.

LAS 370 Corporations and Business Organization Practice. (3) A.
Prerequisite: LAS 220. Documents, forms, and procedures essential to the corporate setting: corporate structure, development of corporate officers, management and control of corporate entities. Credit will not be awarded for both LAS 370 and LAS 370W.

LAS 380 Administrative Agency Practice. (3) A.
Prerequisite: LAS 220. Practical paralegal skill development in administrative law and procedure. Forms, documents, pleadings, and techniques for administrative regulatory compliance; case processing; informal and formal administrative advocacy, emphasizing the systems approach.

LAS 385 Legal Administration and Computer Applications. (3) I, II.
Prerequisites: LAS 220 and CIS 212 or CSC 104 or equivalent. The study of law office administration and the utilization of specific law office computer applications.

LAS 399 Paralegal Internship. (3) I, II.
Prerequisite: completion of 18 hours of (LAS) courses including LAS 300 or director approval (prior written application is required).

LAS 410 Paralegal Seminar. (3) A.
Prerequisite: completion of 18 hours of (LAS) courses or director approval. Professional ethics, analysis of the internship experience, transition to the law office and current issues facing the paralegal profession.

LAS 490 Independent Study of Law. (1-3) A.
Prerequisite: director approval. Individual research, skill development, knowledge of a specific area of law or paralegal practice. Student must have independent study proposal form approved by faculty supervisor and departmental chair prior to enrollment. May be taken to a maximum of six hours.

LAS 535 Municipal Law. (3) A.
Prerequisite: LAS 220 or director approval. Practical legal problems confronting municipal officials including: government and public official liability, ordinances, tax levies, bonding, zoning, soliciting, licensing, open meetings, personnel, cutback management, elections, and other issues.

LAT—Latin
Dr. Abby Poffenberger, Chair

LAT 101 Beginning Latin I. (3) A.
Study of basic inflections, syntax, pronunciation, and vocabulary necessary for the reading and progressive understanding of the Latin language. Credit does not apply toward LAT major and supporting course requirements for MAT major. Credit will not be awarded for both LAT 101 and LAT 102.

LAT 102 Beginning Latin II. (3) A.
Recommended: one unit of high school Latin or LAT 101. A continuation of the study of the elements of Latin grammar with additional work in translation of selections from Latin writers of appropriate complexity. Some composition on cultural topics included. Students entering LAT 102 by referral or placement receive three hours credit for LAT 101 if they make an “A” in 102. Gen. Ed. E-6 [GE].

LGS — Legal Studies

LGS 300 Introduction to Legal Studies. (3) A.
Prerequisite: ENG 102, ENG 105, or HON 102. Examination of foundations and liberal arts perspectives of the legal system. Development and historical introduction to forms, institutions, processes, and systems of law along with research methods for understanding questions of law and justice.

LGS 300W Introduction to Legal Studies. (3) A.
Prerequisite: ENG 102, ENG 105, or HON 102. Written application is required. A course designed with the instructor. Credit will not be awarded for both LGS 300 and LGS 300W.

LGS 305 Special Topics. (1-3) A.
Prerequisite: LAS 300W or director approval. Practical legal problems confronting municipal officials including: government and public official liability, ordinances, tax levies, bonding, zoning, soliciting, licensing, open meetings, personnel, cutback management, elections, and other issues.

LGS 329 Seminar in: ____. (1 - 3) A.
Formerly LGS 332L. Work or volunteer in an area related to Legal Studies. A minimum of 80 hours employment required for each semester hour credit. No more than 3 hours may count toward LGS program.

LGS 340 Applied Learning for Legal Studies. (1-5) A.
Prerequisite: LGS 300. Work or volunteer in an area related to Legal Studies. A minimum of 80 hours employment required for each semester hour credit. No more than 3 hours may count toward LGS program.

LIB—Library Science
Dr. Ginni Fair, Interim Chair

LIB 301 Children’s Literature and Related Materials. (3) I, II.
Prerequisite: ENG 101 with a minimum grade of “C,” or ENG 105 with a minimum grade of “B.” Survey course designed to acquaint P-S teachers with print and non-print media for the school curriculum and with techniques to encourage lifelong readers. Credit will not be awarded for both LIB 301 and 301S.

LIB 301S Children’s Literature and Related Materials. (3) I, II.
Prerequisite: ENG 101 with a minimum grade of “C,” or ENG 105 with a minimum grade of “B.” Survey course designed to acquaint P-S teachers with print and non-print media for the school curriculum and with techniques to encourage lifelong readers. Students in LIB 301S will be required to complete 15 hours of community service by choosing to read to students in Madison County, County Hospital, or the public library. Or students may choose to assist in a reading day at a local school. Credit will not be awarded for both LIB 301 and 301S.

LIB 401 Adolescent Literature and Resources. (3) A.
Formerly LIB 501. A course designed with inquiry-based methodologies to future teachers’ knowledge of adolescences, adolescent literature, and resources. Topics include genres, censorship, diverse authors, assessment, and multiple literacies to increase motivation, understanding and appreciation of adolescent literature. Credit will not be awarded for both LIB 401 and 501.

MAE—Mathematics Education
Dr. Daniel Mundfrom, Chair

MAE 301 Mathematics for Elementary Teachers I (3) A.
Prerequisites: MAT 201 and one of MAT 112, 114, 120, 121, 211 or 234/234H, with a grade of C or better in each. Prerequisite/corequisite: MAT 202. The course emphasizes conceptual understanding and communication of mathematical topics in the K – 5 Kentucky Core Academic Standards through problem solving and technology. Credit does not apply toward Middle Grades Mathematics Teaching degree content requirements.

MAE 305 Problem Solving and Technology. (3) A.
Prerequisite: MAT 201. Pre/Co-requisite: MAT 202. The course will enable students to use technology effectively in the mathematics classroom and explore topics to deepen mathematical understanding.

MAE 475 Math Teaching Senior Seminar. (3) I.
Formerly MAT 475. Prerequisites: admission to teacher education program and a minimum 2.75 GPA in major and supporting course requirements for MAT teaching major. Emphasis on the interrelationship between mathematical topics. Problem solving with technology. Oral presentation on a topic selected jointly with the instructor. Credit will not be awarded for both MAE 475 and MAT 475.

MAE 480 Seminar in: _____ (1 - 3) A.
Prerequisite will vary with the topic offered. Advanced topics in undergraduate mathematics education. May be
**MAT—Mathematics**

Dr. Daniel Mundfrom, Chair

**MAT 090A Prealgebra A (1)**

Institutional Credit. 1, II. Corequisites: MAT 099B, MAT 090C. Whole number arithmetic, operations, order of operations, introduction to solving equations, and a strong strand of geometry. 1 Lec/1 Lab.

**MAT 090B Prealgebra B (1)**

Institutional Credit. 1, II. Corequisite and/or Prerequisite: MAT 090A. Corequisite: MAT 090C. Fraction and decimal arithmetic, ratio and proportion, basic percent concepts, measurement, and radicals. 1 Lec/1 Lab.

**MAT 090C Prealgebra C (1)**

Institutional Credit. 1, II. Corequisite and/or Prerequisite: MAT 090A, 090B. Basic algebraic concepts such as solving linear equations, graphing equations in two variables, understanding algebraic expressions, polynomials, and exponents. 1 Lec/1 Lab.

**MAT 095A Introductory Algebra A (1)**

Institutional Credit. I, II. Prerequisite: MAT 090C or MAT 090 or placement into MAT 095A; ACT mathematics subscore of 16 or higher. Corequisites: MAT 095B. Real number system, algebraic expressions, linear equations and inequalities, integer exponents, polynomials, and basic descriptive geometry. 1 Lec/1 Lab.

**MAT 095B Introductory Algebra B (1)**

Institutional Credit. I, II. Corequisite and/or Prerequisite: MAT 095A Corequisite: MAT 095C. Factoring polynomials, quadratic equations, and radical expressions. 1 Lec/1 Lab.

**MAT 095C Introductory Algebra C (1)**

Institutional Credit. I, II. Corequisite and/or Prerequisites: MAT 095A, 095B. Linear equations and inequalities, systems of equations, graphing quadratic equations, and an introduction to relations and functions. 1 Lec/1 Lab.

**MAT 098 Algebra II. (3)**

Institutional Credit. I, II. Prerequisite: Completion of all developmental mathematics requirements. Real number system, algebraic expressions and sentences, linear, quadratic, polynomial, rational, inequalities, operations with exponents, systems of equations, relations and functions, graphing linear and quadratic functions. MAT 098 is one way to prepare for MAT 112 or 114, and may also be used to meet the PCC mathematics deficiency. MAT 098 is NOT REQUIRED of STUDENTS NEEDING TO MEET DEVELOPMENTAL MATHEMATICS REQUIREMENTS.

**MAT 105 Mathematics with Applications. (3)**

I, II. Prerequisite: Completion of all University developmental requirements. This course is designed to strengthen computational skills, mathematical reasoning, problems-solving skills, and mathematical reading/communication skills while focusing on real-world problems. The mathematical topics may include the mathematics of finance, statistics, geometry, combinatorics, and discrete mathematics, and algorithms. Use of calculators. Gen. Ed. E-2 [QR].

**MAT 106 Applied Finite Mathematics. (3)**

I, II. Prerequisite: completion of all University developmental requirements. The introduction to the application of mathematics to real-world problems. Topics are from various branches of discrete mathematics such as graph theory, game theory, probability, geometry, and problems from the social sciences. 3 Lec. Gen. Ed. E-2 [QR].

**MAT 110 Introduction to Algebraic Functions. (3)**

I, II. Prerequisite: Completion of all University developmental requirements. Algebraic modeling with linear, quadratic, polynomial, rational, exponential, and logarithmic functions, equations, and inequalities. 3 Lec/1 Lab. Gen. Ed. E-2 [QR].

**MAT 112 Algebra and Applications. (3)**

I, II. Prerequisite: MAT 098 or 110 with a grade of “C” or better, a minimum score of 22 on the mathematics portion of the ACT, a minimum score of 510 on the mathematics portion of the SAT, or a passing score on an algebra placement test. Students will solve application problems involving linear and quadratic equations, matrices, systems of linear equations, conics, arcs, and graphing logarithmic and exponential equations; and analyze graphs of linear, quadratic, exponential, logarithmic and power functions. 3 Lec/1 Lab. Gen. Ed. E-2 [QR].

**MAT 114 College Algebra. (3)**

I, II. Formerly MAT 107. Prerequisite: MAT 106 with a grade of “C” or better, a minimum score of 22 on the mathematics portion of the ACT, a minimum score of 510 on the mathematics portion of the SAT, or a passing score on an algebra placement test. Students will solve application problems involving linear and quadratic equations, matrices, systems of linear equations, conics, arcs, and graphing logarithmic and exponential equations; and analyze graphs of linear, quadratic, exponential, logarithmic and power functions. Use of graphing calculators. Credit will not be awarded to students who have credit for MAT 107. 3 Lec/1 Lab. Gen. Ed. E-2 [QR].

**MAT 115 Introduction to Mathematica. (1)**

A. Prerequisite: MAT 112 or 114 with a minimum grade of a “C” or better, a minimum score of 22 on the mathematics portion of the ACT, a minimum score of 510 on the mathematics portion of the SAT. Use of Mathematica. Numerical, algebraic, and symbolic capabilities, two and three-dimensional graphics with animation, decisions, loops, and list manipulations. Credit will not be awarded to students who have credit for MAT 107. 1 Lec/1 Lab. Gen. Ed. E-2 [QR].

**MAT 116 Problem Solving with Mathematica. (2)**

A. Prerequisite: MAT 115. Basic concepts include functional programming, procedural programming, rule-based programming, recursion, numerics, and graphics programming. 2 Lec/1 Lab. Gen. Ed. E-2 [QR].

**MAT 120 Trigonometry. (3)**

I, II. Formerly MAT 108. Prerequisite: MAT 112 or 114 with a grade of “C” or better, a minimum score of 22 on the mathematics portion of the ACT, or a minimum score of 530 on the mathematics portion of the SAT. Radians and degrees, properties of trigonometric functions, multiple angle expressions, triangle solutions, inverse functions, complex numbers. Use of graphing calculators. Students who have completed MAT 112 with a grade of “C” or better, or are currently enrolled in MAT 122, will not receive credit for MAT 120. Gen. Ed. E-2 [QR].

**MAT 122 Precalculus Mathematics. (5)**

I, II. Formerly MAT 109. Prerequisite: MAT 112 or 114 with a grade of “C” or better, a minimum score of 23 on the mathematics portion of the ACT, or a minimum score of 550 on the mathematics portion of the SAT. Polynomial, rational, exponential, logarithmic, and trigonometric functions and inverses. Sequences and series, systems of linear and quadratic inequalities, the complex number system, vectors, the binomial theorem, mathematical induction, and conic sections. Use of graphing calculators. Credit will not be awarded to students who have credit for MAT 109. Gen. Ed. E-2 [QR].

**MAT 201 Mathematical Concepts for Middle and Elementary School Teachers I. (3)**

I, II. Prerequisite: MAT 112 or higher with a grade of “C” or better, and a passing score on a mastery exam. (The prerequisite course requirement can be met by a combination of MAT 106 and a 23 or higher on the mathematics portion of the ACT.) Concepts beyond algorithmic computation are emphasized. Sets and functions, whole numbers, integers, rational numbers, decimals and real numbers, numeration, and elementary mathematical processes.

**MAT 202 Mathematical Concepts for Middle and Elementary School Teachers II. (3)**

I, II. Prerequisites: MAT 201 and another MAT course numbered 112 or higher with a grade of “C” or better, and a minimum score of 23 or higher on the mathematics portion of the ACT. Concepts stressed over manipulation. Geometry, measurement, metric system, probability and basic statistics.

**MAT 203 Geometry for Middle and Elementary School Teachers. (3)**

I, II. Prerequisites: admission to a certification program in elementary or middle school and MAT 201 and 202 with a combined grade point of 2.5 in the two courses. Angles and their measurement, right triangle trigonometry, perpendicular lines, congruent triangles, circle arc and area, and similarity, graphing, selected topics from analytic geometry.

**MAT 211 Applied Calculus. (3)**

A. Prerequisite: MAT 112, 114, or 120 with a grade of “C” or better, a minimum score of 22 on the mathematics portion of the ACT, or a minimum score of 550 on the mathematics portion of the SAT. Functions and graphs, differentiation, integration, exponential and logarithmic functions, and applications for business, economics, and science. Credit will not be awarded to students who have credit for MAT 261. Gen. Ed. E-2 [QR].

**MAT 217 MathExcel Lab for Calculus I (1-2)**

I, II. Formerly MAT 117. Prerequisite or Corequisite: MAT 213, 234 or 234H. This lab is to accompany a regular lecture class in Calculus I. 4 Lab. Credit will not be awarded to students who have credit for MAT 117.

**MAT 218 MathExcel Lab for Calculus II (1-2)**

I, II. Prerequisite/Corequisite: MAT 244 or 244H. This lab is to accompany a regular lecture class in Calculus II. 4 Lab.

**MAT 219 MathExcel Lab for Calculus III (1-2)**

I, II. Prerequisite/Corequisite: MAT 254 or 254H. This lab is to accompany a regular lecture class in Calculus III. No more than four credit hours of MAT 217, 218 and 219 will count toward the baccalaureate degree. 4 Lab.

**MAT 234 Calculus I. (3)**

I, II. Formerly MAT 124. Prerequisite: MAT 122 with a grade of “C” or better, a minimum score of 25 on the mathematics portion of the ACT, or a minimum score of 590 on the mathematics portion of the SAT. Functions, limits and continuity, derivatives and applications, integration, and introduction to and use of the computer package Mathematica or other appropriate technology. Credit will not be awarded to students who have credit for MAT 124 or 234H. Gen. Ed. E-2 [QR].

**MAT 234H Honors Calculus I. (4)**

A. Formerly MAT 124H. Prerequisite: MAT 122 with a grade of “C” or better, a minimum score of 27 on the mathematics portion of the ACT or a minimum score of 640 on the mathematics portion of the SAT. Functions, limits and continuity, derivatives and applications, integration, and introduction to and use of the computer package Mathematica or other appropriate technology. The material is treated in greater depth and with more rigor than in MAT 234. Challenging problems and special projects will be assigned. Credit will not be awarded to students who have credit for MAT 124, 124H or 234. Gen. Ed. E-2 [QR].

**MAT 239 Linear Algebra and Matrices. (3)**

I, II. Formerly MAT 214. Prerequisite: MAT 234 or 234H with a grade of “C” or better. Real and complex vector spaces, linear transformations, matrix theory, with applications, through the introduction of eigenvalues and eigenvectors, determinants, inner product spaces, the use
of technology. Credit will not be awarded to students who have credit for MAT 214.

MAT 244H Honors Calculus II. (4) II. Formerly MAT 244. Prerequisite: MAT 234 or 244H with a grade of "C" or better. Fundamental integration techniques, numerical integration, applications of integration, improper integrals, differential equations, infinite series, polar and parametric functions, use of technology. Credit will not be awarded to students who have credit for MAT 224, 224H or 244H.

MAT 244H Honors Calculus III. (4) A. Formerly MAT 244H. Prerequisite: MAT 244H with a grade of "C" or better. Fundamental integration techniques, numerical integration, applications of integration, improper integrals, differential equations, infinite series, polar and parametric equations, and use of Mathematica or other appropriate technology. The material is treated in greater depth and with more rigor than in MAT 244. Challenging problems and special projects will be assigned. Credit will not be awarded to students who have credit for MAT 224, 224H or MAT 244.

MAT 254 Calculus III. (4) I, II. Formerly MAT 225. Prerequisite: MAT 244 or 244H with a grade of "C" or better. Functions of several variables, limits and continuity, partial derivatives, multiple integrals, vector calculus, divergence, and Stokes' theorem, cylindrical and spherical coordinates and use of Mathematica. Credit will not be awarded to students who have credit for MAT 225, 225H or 254H.

MAT 254H Honors Calculus III. (4) A. Formerly MAT 254H. Prerequisite: MAT 244H with a grade of "C" or better. Functions of several variables, limits and continuity, partial derivatives, multiple integrals, vector calculus including Green's, Divergence, and Stokes' theorems, cylindrical and spherical coordinates, and use of Mathematica. The material is treated in greater depth and with more rigor than in MAT 254. Challenging problems and special projects will be assigned. Credit will not be awarded to students who have credit for MAT 225, 225H or 254H.

MAT 301 Logic and Set Theory. (3) A. Prerequisites: Minimum grades of "C" and a grade point average of at least 2.5 in MAT 239, 244 or 224H, or departmental approval. Logic, proof techniques, set theory, relations, functions, cardinality, introduction to advanced mathematics.

MAT 303 Mathematical Models and Applications. (3) A. Prerequisites: MAT 112 or 114. Prerequisite or Co-requisite: MAT 203 and STA 270. The course emphasizes conceptual understanding and communication of mathematical topics through modeling, problem solving, and technology. Topics include algebra, geometry, and real-world situations. Credit does not count toward any of the B.S. in mathematics, the B.S. in mathematics teaching, or the mathematics minor.

MAT 306 Discrete Mathematics. (3) II. Prerequisites: MAT 239, MAT 244, STA 270 with minimum grades of "C" and at least 2.5 GPA in all mathematics courses. Counting principles, permutations, combinations, recurrence relations, graphs, representations of graphs as matrices, trees, networks, differentiation, integration, and linear programming.

MAT 308 Modern Algebra I. (3) I. Prerequisite: MAT 301 with a minimum grade of "C" (2.0). Groups, cyclic and permutation groups, homomorphisms, subgroups and factor groups, Fundamentals of Finite Abelian Groups, rings, fields, integral domains, and ideals.

MAT 315 Introduction to Analysis. (3) II. Prerequisite: MAT 254 or 254H, and 301, each with a minimum grade of "C." Real number system, sets and functions, euclidean geometry, uniform continuity, Taylor's theorem, laws of the mean, the Riemann integral, allied topics.

MAT 334 Modern College Geometry I. (3) A. Prerequisites or Corequisite: MAT 301 with a minimum grade of "C." Euclidean parallel postulate, axiom systems, finite geometries.

MAT 349 Applied Learning in Mathematics. (5-8) I, II; (1-6) SUMMER ONLY. Prerequisite: departmental approval. Work in placements related to academic studies. Credit does not apply to major or minor requirements. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours of employment are required for each semester hour of academic credit.

MAT 350 Calculus A-N. Cooperative Study: Mathematics. (5-8) I, II; (1-6) SUMMER ONLY. Prerequisite: departmental approval. Work in placements related to academic studies. Credit does not apply to major or minor requirements. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours of employment are required for each semester hour of academic credit.

MAT 353 Differential Equations. (3) A. Prerequisite: MAT 244 or 244H with a minimum grade of "C." Differential equations of first order, applications singular solutions, linear equations with constant coefficients, miscellaneous methods for equations of higher order, solution in series, total differential equations, qualitative methods, systems of linear differential equations, the computer algebra systems.

MAT 380 Mathematics in a Historical Setting. (3). A. Prerequisite or Corequisite: MAT 301 or departmental approval. The history of mathematics from ancient times is studied through problems and through the lives and times of mathematicians.

MAT 408 Modern Algebra II. (3) A. Prerequisite: MAT 308 with a minimum grade of "C." Ring homomorphisms, polynomial rings, unique factorization domains, principal ideal domains, finite fields, field extensions, algebraic extensions, Galois theory, and geometric construction.

MAT 415 Analysis. (3). A. Prerequisite: MAT 315 with a minimum grade of "C." The Riemann integral, the Lebesgue integral, metric spaces, differentiation, sequences and series of functions, allied topics.

MAT 480 Seminar in: (1-3) A. Prerequisite: departmental approval. Advanced topics in undergraduate mathematics. May be retaken to a maximum of nine hours, provided the topics are different.

MAT 495 Independent Work. (1-3) A. Prerequisite: departmental approval. Directed study/ research on a problem or area chosen in consultation with instructor. Final paper required. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours.

MAT 498 Mathematics Capstone. (1) A. Cross-listed as STA 498. Prerequisite: senior status as either a Mathematics or Statistics major. Designed to enable the student to demonstrate their mathematical and statistical knowledge. Students will learn how to conduct research and present the results. Credit will not be awarded for both MAT 498 and STA 498.

MAT 501 Applications of Mathematics for P-9 Teachers. (3) A. Prerequisite: MAT 303. Topics in the application of mathematical models appropriate for teachers of grades P-9. Credit does not apply toward B.S. or B.S. (teaching) degree requirements for programs offered within this department.

MAT 502 Geometry with Technology for P-9 Teachers. (3) A. Prerequisites: MAT 203 and MAE 305. Topics in geometry appropriate for teachers of grades P-9. Credit does not apply toward B.S. or B.S./Teaching degree requirements for programs offered within this department.

MAT 505 Foundations of Mathematics. (3) A. Prerequisite: MAT 308 with a minimum grade of "C." The nature of mathematical systems, axiomatic concepts and methods; consideration of the work of Hilbert, Peano, Whitehead, Russell, and others.

MAT 506 Number Theory. (3) A. Prerequisite: MAT 301. Prerequisite: departmental approval of at least "C." Fundamental properties of integers, linear Diophantine equations, linear and quadratic congruences, famous problems of number theory.

MAT 577 Introduction to Algebraic Coding Theory. (3) A. Prerequisites: Senior standing; MAT 301, or both MAT 239 and departmental approval. Introduction to basic concepts of coding theory, linear codes, perfect codes, cyclic codes, BCH codes, and Reed Solomon codes. Additional topics as time permits. It is strongly recommended that students have completed a course in linear algebra and have experience in computer programming.

MAT 585 Graph Theory. (3) A. Prerequisite: MAT 308 or CSC 320 with a minimum grade of "C." Introduction to the theory and applications of graph theory. Topics will include trees, planarity, connectivity, flows, matching, and coloring.

MAT 590 Point Set Topology. (3) A. Prerequisite: MAT 301 with a minimum grade of "C." An introduction to topology with emphasis on Euclidean and other metric spaces. Mappings, connectivity, compactness, formation of new spaces, relationship to analysis.

MAT 596 Mathematical Methods for Protein Structure Analysis. (3) A. Prerequisites: Senior standing, MAT 239, and three hours from CSC 160, 174, 177, or 190. Mathematical and computational approaches to protein structure determination, refinement, evaluation, comparison, and visualization. Methods for determining atomic structures. Protein surface representation and shape comparison. Structure databases. It is strongly recommended that students have completed a course in linear algebra and have experience in computer programming.

MGT—Management
Dr. Lana Carnes, Chair
Section Seven - Course Descriptions

MGT 201 Introduction to Golf Management. (3) I, II. Prerequisite (Effective Spring 2012): Admission to PGM program, and successful completion of the PGA Qualifying Exam. Introduces PGM students to the elements of the industry in which a PGA professional must be competent, the value of business planning in the industry, the key components of a business plan and the elements that make a model golf shop, and the PGA Customer Relations Model.

MGT 202 Introduction to Golf Instruction. (3) I, II. Prerequisite to the course: junior status (a minimum of 60 hours) with an overall minimum of 2.0 GPA. Management principles with emphasis on organization theory and behavior, human resources and diversity, communications, production/operations management and quality issues, business ethics, development of management thought, management in the global arena, and leadership.

Survey of principles and practices in the areas of human resource planning, job analysis, recruitment, selection, training and development, performance appraisal, compensation, labor relations, safety and health, equal employment opportunity, and personnel research.

MGT 330 Small Business Management Innovation and Entrepreneurship. (3) A. Prerequisite: MGT 300 or MGT 301 (with a grade of “C” or better in each prerequisite course). This course offers an emphasis on the role of innovation and entrepreneurship in the creation and management of new ideas, concepts, techniques, processes, methods, ventures, and knowledge.

MGT 340 Management Science. (3) I, II. Prerequisite: QMB 200 (with a minimum grade of “C”). Business decision making approaches and quantitative techniques with emphasis on the formulation and application of models and the practical solution methods available.

MGT 349 Applied Management. (5-8) A. Prerequisites: minimum GPA 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required for each credit hour. May be used as upper division business electives and/or free electives as approved. Will not count as Management elective. Management Majors (all options) are limited to a maximum of nine co-op hours counting toward degree. Co-op hours may be repeated up to nine hours.

MGT 349-N A Cooperative Study: Management (5-8) A. Prerequisites: minimum GPA 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required for each credit hour. May be used for upper division business electives and/or free electives as approved. Will not count as Management elective. Management Majors (all options) are limited to a maximum of nine co-op hours counting toward degree. Co-op hours may be repeated up to nine hours.

MGT 370 Operations Management. (3) I, II. Prerequisite: MGT 300 (with a minimum grade of “C”). Practical approaches for improving productivity of operations using methods designed for quality management, sales forecasting, facility layout and location, human resource planning and scheduling, and inventory control.

MGT 375 Supply Chain Management (3) A. Prerequisite: MGT 340 (with a minimum grade of “C”). Focus on the integration of business processes from end-to-end. Students will work with case studies and original thought experiments throughout the course to help learners understand the implications of supply chain management.

MKT—Marketing

MLS—Medical Laboratory Science
Dr. Carolyn Harvey, Chair

MLS 201 Introduction to Clinical Pathology. (3) I, II. Formerly CLS 201. Open to all students. Techniques common to clinical laboratories. Stresses basic physical and chemical principles of disease process. 3 Lec. Credit will not be awarded for both CLS 201 and MLS 201.

MLS 209 Medical Microbiology. (3) A. Formerly MLS 209. Open to all non-MLS majors. Study of bacteria, fungi, viruses and parasites as agents of human disease with an emphasis on the pathogenesis, epidemiology, and diagnosis of infectious diseases. 3 Lec. Credit will not be awarded for both MLS 209 and MLS 211.

MLS 211 Medical Microbiology Laboratory. (1) I, II. Formerly MLS 211. Open to all non-MLS majors. Prerequisite or Corequisite: MLS 209. Laboratory methods in the diagnosis and management of infectious diseases. 2 Lab. Credit will not be awarded for both MLS 211 and MLS 212.

MLS 290 Medical Biochemistry. (3) A. Formerly MLS 290. Prerequisite: CHE 112, 112L, and BIO 121 or BIO 111. The study of biochemical systems of the body with emphasis on medical consequences when these systems are disrupted. Topics: proteins, carbohydrates, lipids, DNA/RNA and liver functions. 3 Lec. Credit will not be awarded for both MLS 290 and MLS 290.

MLS 300 Clinical Laboratory Administration. (2) former. Formerly MLS 300. Prerequisite: enrollment in upper division MLS program or departmental approval. Lab calculations, instrumentation, and quality assurance. 2 Lec. Credit will not be awarded for both MLS 300 and MLS 300.

MLS 303 Clinical Laboratory Skills. (1) I, II. Formerly MLS 303. Prerequisite: enrollment in upper division MLS program or departmental approval. Skills for clinical laboratory practitioners, including laboratory safety, phlebotomy, microscopy, pipetting, universal precautions, and principles of quality assurance. Credit will not be awarded for both MLS 303 and MLS 303.

MLS 305 Analysis of Body Fluids. (2) Formerly MLS 305. Prerequisite: enrollment in upper division MLS program or departmental approval. Principles, procedures, and significance of analysis of urine, spinal fluid, and other fluids commonly examined in the clinical laboratory. 3 Lec/Lab. Credit will not be awarded for both MLS 305 and MLS 305.

MLS 308 Clinical Serology. (2) Formerly MLS 308. Prerequisite: enrollment in upper division
MLS 309 Clinical Immunology. (1, 2) Formerly MLS 339. Prerequisite: enrollment in upper division MLS program or departmental approval. Morphology of blood cells, determination of blood parameters and disorders/diseases associated with blood cells, biochemistry, procedures and disorders/disases in coagulation. 3 Lec/4 Lab. Credit will not be awarded for both MLS 309 and MLS 309.

MLS 310 Hematology and Coagulation. (S) I. Formerly MLS 310. Prerequisite: enrollment in upper division MLS program or departmental approval. Principles and techniques of antigen-antibody reactions of the human immune system and their relationship to the clinical laboratory. Credit will not be awarded for both MLS 309 and MLS 309.

MLS 320 Immunohematology. (3) II. Formerly MLS 320. Prerequisite: enrollment in upper division MLS program or departmental approval. Practical blood banking, blood typing, ABO/Rh typing, crossmatching, testing, and transfusion practices. 2 Lec/2 Lab. Credit will not be awarded for both MLS 320 and MLS 320.

MLS 346 Clinical Chemistry. (5) II. Formerly MLS 346. Prerequisite: enrollment in upper division MLS program or departmental approval. Introduction to theory and lab procedures, measurement of constituents of body fluids, instrumentation, and clinical interpretation of results in relation to biochemistry of human systems. 3 Lec/2 Lab. Credit will not be awarded for both MLS 346 and MLS 346.

MLS 350 Bacteriology. (5) I. Formerly CLS 350. Prerequisite: enrollment in the upper division MLS program or departmental approval. Study of medically important bacteria with emphasis on the theoretical basis of the Army Leadership Requirements Model that explores the dynamics of adaptive leadership in the context of military operations. 2.5 Lec/2.5 Lab.

ML 355 Mycology, Parasitology, and Virol ology. (4) II. Formerly MLS 355. Prerequisites: enrollment in the upper division MLS program or departmental approval. Study of fungi, parasites, and viruses as agents of human disease, with emphasis on the clinical laboratory methods of microscopy, cultivation, identification, antimicrobial susceptibility testing, and quality control. 3 Lec/4 Lab. Credit will not be awarded for both MLS 355 and MLS 355.

MLS 431 Clinical Correlations. (3) I, A. Formerly CLS 431. Prerequisites: enrollment in upper division MLS program and completion of all 300-level MLS courses. Correlates the sub-disciplines of clinical laboratory science. Reviews all areas and stresses laboratory medicine in the health professions. 3 Lec. Credit will not be awarded for both MLS 431 and MLS 431.

MLS 432 Clinical Chemistry Practicum. (5) II, A. Formerly CLS 432. Prerequisites: enrollment in upper division MLS program and completion of all 300-level MLS courses. Diagnostic chemical procedures in an affiliated laboratory. Credit will not be awarded for both MLS 432 and MLS 432.

MLS 435 Clinical Microbiology Practicum. (4) II, I. Formerly CLS 434. Prerequisites: enrollment in upper division MLS program and completion of all 300-level MLS courses. Clinical bacteriology, parasitology, and mycology in an affiliated laboratory. Credit will not be awarded for both CLS 434 and MLS 434.

MLS 436 Lab Management Practicum. (1) I, II. Formerly CLS 436. Prerequisites: enrollment in upper division MLS program and completion of all 300-level MLS courses. Principles of managing a medical laboratory presented in an affiliated laboratory. Credit will not be awarded for both CLS 436 and MLS 436.

MLS 437 Clinical Laboratory Seminar. (3) I, II. Formerly CLS 437. Prerequisites: enrollment in upper division MLS program and completion of all 300-level MLS courses. Case studies, advanced procedures, and problem solving in the clinical laboratory. Credit will not be awarded for both CLS 437 and MLS 437.

MLS 438 Hematology Practicum. (4) I, A. Formerly CLS 438. Prerequisites: enrollment in upper division MLS program and completion of all 300-level MLS courses. Diagnostic blood parameters and of the hematology lab in an affiliated laboratory. Credit will not be awarded for both CLS 438 and MLS 438.

MLS 439 Urinalysis Practicum. (1) I, A. Formerly CLS 439. Prerequisites: enrollment in upper division MLS program and completion of all 300-level MLS courses. Diagnostic urine and body fluid procedures in an affiliated laboratory. Credit will not be awarded for both CLS 439 and MLS 439.

MLS 440 Blood Bank Practicum. (2) II, A. Formerly CLS 440. Prerequisites: enrollment in upper division MLS program and completion of all 300-level MLS courses. Practical blood banking in an affiliated laboratory. Credit will not be awarded for both CLS 440 and MLS 440.

MLS 441 Immunology Practicum. (1) I, II. Formerly CLS 441. Prerequisites: enrollment in upper division MLS program and completion of all 300-level MLS courses. Practical immunology in an affiliated laboratory. Credit will not be awarded for both CLS 441 and MLS 441.

M S L — M I L I T A R Y  S C I E N C E A N D L E A D E R S H I P

LTC. Darell Robinson, Chair

M S L 101 L e a d e r s h i p a n d P e r s o n a l D e v e l o p m e n t (2) I. Introduces students to the personal challenges and competencies critical for effective leadership. Students learn how the personal development of life skills such as goal setting, time management, stress management, and physical/mental fitness (resiliency training) relate to leadership, officerhip, and the Army profession. 1 Lec/1 Lab.

M S L 102 I ntroduction to Tact i c a l L e a d e r s h i p (2) I. Overviews basic leadership fundamentals such as setting direction, problem solving, listening, presenting briefs, providing feedback, and using effective writing skills. Students explore dimensions of leadership attributes and core leader competencies in the context of practical hands-on, and interactive exercises. 1 Lec/1 Lab.

M S L 201 F o u n d a t i o n s o f T a c t i c a l L e a d e r s h i p (2) I. Explores the dimensions of creative and innovative tactical leadership strategies and styles by examining team dynamics and two historical leadership theories that form the basis of the Army leadership framework (trait and behavior theories). Students practice aspects of personal motivation and team building in the context of planning, executing, and assessing team exercises and participating in leadership labs. 2 Lec/1 Lab.

M S L 202 F o u n d a t i o n s o f L e a d e r s h i p (3) I. The course highlights dimensions of operation orders, terrain analysis, and patrolling. Further study of the theoretical basis of the Army Leadership Requirements Model explores the dynamics of adaptive leadership in the context of military operations. 2.5 Lec/2.5 Lab.

M S L 203 I n t e r n s h i p (3) Summer Only. Pre and Corequisites: MLS 301, MLS 302. Internship enrolled in MLS 310 must be assigned to leadership positions with active Army units for 3-4 weeks. Students are paid and receive a written evaluation of their leadership performance and potential and must complete an after action report upon returning. May only be taken once.

M S L 401 A d a p t i v e L e a d e r s h i p (3) I. Prerequisite: MLS 302 or departmental approval. Transitions the focus of learning from being trained, measured and evaluated, to learning how to lead, mentor and evaluate underclass Cadets. Cadets will learn the duties and responsibilities of an Army staff officer and apply the Military Decision Making Process, the Army Writing Style and the Army’s Training and METL Development process during weekly Internship in Leadership (3) Summer Only. Pre and Corequisites: MLS 301, MLS 302. Internship enrolled in MLS 310 must be assigned to leadership positions with active Army units for 3-4 weeks. Students are paid and receive a written evaluation of their leadership performance and potential and must complete an after action report upon returning. May only be taken once.

M S L 402 L e a d e r s h i p i n a C o m p l e x W o r l d (3) II. Prerequisite: MLS 401 or departmental approval. Explores the dynamics of leading Soldier’s in Full Spectrum Operations in the Contemporary Operating Environment. Cadets examine differences in Customs and Courtesies, Principles of War, and Rules of Engagement in the face of Terrorism; explore aspects of interacting with Non-Government Organizations, Civilians on the Battlefield, Host Nation Support, and Counterinsurgency Operations. Also covered are Support Services available to assist Soldiers and their families. MLS IV’s will develop and present a Battle Analysis and participate in a Staff Ride at an historic military site. 2.5 Lec/2.5 Lab.

M S L 403 T o p i c s i n M i l i t a r y L e a d e r s h i p (1) A. Prerequisite: MLS 402. Study of current issues relevant to the professional development and commissioning of Second Lieutenants in the United States Army. May repeat with different topics for a maximum of 4 hours. 1 Lec/1 Lab.

M S L 498 A d v a n c e d I n d e p e n d e n t L e a d e r s h i p
Studies (3) A. Prerequisite: departmental approval; may be taken twice in lieu of MSL 301, 302, 401, or 402. Equivalent study of the materials covered in the course is being replaced. 2.5 Ind Stru/2.5 Lab.

MUE—Music Education
Jeremy Muhlholand, Chair

MUE 378 Teaching Music in Grades P-8, (3) II. Cross-listed with EME 378. Prerequisites: admission to professional education, major in music. Corequisite: CED 400. Developmentally appropriate materials and methods for teaching P-8 music. Minimum of 20 field/clinical hours. Credit will not be awarded to students who have credit for EME 378.

NET—Network Security and Electronics Dr. Vigyan Chandra, Coordinator 

NET 302 PC Troubleshooting & Construction. (3) I, II. Prerequisite: TEC 161 or INF 104 or higher or CSC 140 or higher or CIT 212 or higher. Construction, operation and troubleshooting of microprocessors, system memory, computer architecture, video types, monitors, hard drives, mice, cabling, notebook computers and printers, modern operating systems, and application programs. Building computer systems to specification. 

NET 303 LANs & PC Communications. (3) I, II. Prerequisite: TEC 161 or INF 104 or higher or CSC 140 or higher or CIT 212 or higher and a grade of “C” or better in MATH 102, or minimum math ACT score of 18 or a minimum SAT math score of 490. Installing, configuring, managing, and troubleshooting network and computer systems communications hardware and software. 2 Lec/2 Lab. 

NET 343 Advanced Network Switches & Routers. (3) A. Prerequisite: NET 303 or CIS 375. Cisco internetworking, switching, IOS, routing, VLAN’s, access lists, and WAN protocols are covered in a combination of lecture, demonstration, and laboratory. 2 Lec/2 Lab. 

NET 344 Advanced Network Switches & Routers (3-5) I, II. Prerequisite: NET 343. Configure and troubleshoot small to mid-sized switched LANs. Principles of switch and router startup, configuration and management. VLAN, trunking, STP, advanced routing, WAN, scaling IP address space. Configure, apply and verify Access Control Lists. 2 Lec/2 Lab. 

NET 349 Applied Learning in NET (1-8) I, II. For NET 349, prerequisites: departmental approval, sophomore (30-59 hours) or higher standing and a minimum of 9 semester hours of NET coursework completed and a minimum of 9 semester hours of EET coursework completed. 2 Lec/2 Lab. 

NET 354 Microcomputer & Network Security. (3) I, II. Prerequisite: NET 303 or CIS 375. Network considerations in computer systems and networks using appropriate hardware and software. Topics include malware, encryption, VPNs, ACLs, firewalls, Wi-Fi, and secure protocols. Testing, configuring, and troubleshooting security in network systems. 2 Lec/2 Lab. 

NET 367A Exit Exam for AAS in Tech, with Computer Electronics (0) A. Prerequisite: Consent of Advisor. Registration in NET 367A is required of all undergraduate A.A.S. students in the Technology program. Advisor. Registration in NET 367A is required of all undergraduate A.A.S. students in the Technology program. This comprehensive examination, including the exit exam and advisor approved certification or license. 

NET 399 Senior Capstone. (3) II. Prerequisite: 90 credit hours or more completed, with a minimum of 18 semester hours of NET coursework completed, and a minimum of 9 semester hours of EET coursework completed, and AEM 310W. A project and research oriented course which serves as a capstone experience at the Bachelor Degree level. Design, implementation, analysis, and troubleshooting of networking, computers and electronics technology related systems, and managing a technical project. 

NFA—Nutrition, Foods, and Food Administration Dr. Dana Bush, Chair 

NFA 121 Introduction to Food Composition and Preparation. (3) I, II. A beginning food science course which deals with food composition and the relationship of scientific processes and principles to food preparation. Lecture and laboratory experiences. 

NFA 201 Essentials of Nutrition. (3) I, II. A scientific study of the essential nutrients and their application in meeting nutritional needs of all ages. Consideration is given to food selection, nutrition misinformation, obesity, and other common dietary problems. 

NFA 202 Introduction to Dietetics. (3) A. A professional orientation course describing the roles of the practitioner in administrative, clinical, and community dietetics, along with relationships to other health professionals. 

NFA 201 Introduction to Dietetics. (3) A. Prerequisites: CHE 102 or 112/112L and NFA 201. Structures and chemical properties of CHO, PRO, fat and mucic acids, vitamins, coenzymes, minerals, and water related to metabolic processes.
NFA 303 Nutrition Education and Counseling. (3) A. Prerequisite: NFA 201. Discussion, practical, and supervised nutrition education and counseling strategies and health behavior theories to develop communication and counseling skills for work with individuals and groups.

NFA 325 Quantity Food Production. (3) I. Prerequisite: NFA 121. Corequisite: NFA 326. Standards, principles, and techniques for managing throughout the functional subsystems of a food service setting; emphasis on quality, quantity, and cost controls in a world of a changing economy and the experiences in Quantity Food Production. (3) I. Corequisite: NFA 325. Supervised field experience in the technical application of theory presented in NFA 325.

NFA 344 Institutional Purchasing. (3) II. Prerequisite: NFA 325 and 326 or departmental approval. Principles and methods of purchasing foods and equipment for various types of quantity food services; emphasis on specifications and factors affecting quality and price control. Field trips included.

NFA 349 Applied Learning in Nutrition, Foods, and Food Administration. (5-8) A. Prerequisite: instructor approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total has to be eight, associate, sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

NFA 349 A-N Cooperative Study: Nutrition, Foods, and Food Administration. (5-8) A. Prerequisite: instructor approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total has to be eight, associate, sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

NFA 401 Human Nutrition. (3) I. Prerequisites: NFA 301 and BIO 301. Study of the interaction between the diet, and interrelations of macronutrients in normal nutrition; integration and regulation of energy metabolism and balance.

NFA 402 Medical Nutrition Therapy. (3) I. Prerequisite or Corequisite: NFA 401. Analysis and application of nutrition assessment, documentation, and modified feeding practices including enteral and parenteral nutrition with application for therapeutic management of gastrointestinal disorders.

NFA 403 Medical Nutrition Therapy II. (3) II. Prerequisite: NFA 402. Integration of nutrition therapy, pathophysiology, and biochemical alterations for assessment and management of trauma, diabetes, cancer, cardiovascular, renal, hepatic, and pulmonary disorders.

NFA 404 Human Nutrition II. (3) II. Prerequisite: NFA 401. Study of the functions, requirements, and interrelations of essential and non-essential micronutrients in normal nutrition and wellness.

NFA 412 Research Applications in Nutrition. (3) I. Prerequisite: admission to General Dietetics Program; or departmental approval. Evaluation, interpretation, and transformation of nutrition and research literature in nutrition/dietetics. Emphasis on making ethical, evidence-based practice decisions.

NFA 416 Special Problems in Nutrition. (1-3) A. Prerequisites: NFA 401 and departmental approval. The study of a problem and work under the supervision of an instructor. May be taken to a maximum of six hours provided the topics vary. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

NFA 445 Food Service Organization and Management. (3) II. Prerequisite: Junior standing. A study of the benefits and characteristics of successful onsite food and beverage enterprises.

NFA 500 Nutrition Concepts and Issues. (3) A. Prerequisites: NFA 325, 326. Advanced food science course concerning the study of the functions, disorders.

NFA 505 Maternal and Infant Nutrition. (3) A. Prerequisite: NFA 317 or equivalent. Nutritional needs of women during pregnancy, lactation, and infancy. Survey the effects of dietary toxicants, deficiency and excesses of nutrients. Field experience.

NFA 507 Child and Adolescent Nutrition. (3) A. Prerequisite: NFA 326. Study of the nutritional needs, problems, dietary habits, and motivations of the toddler through adolescent years. Field experience.

NFA 509 Nutrition and Aging. (3) A. Prerequisite: NFA 201. Theories of causes of aging: nutritional requirements and effects of aging on nutrition on the rate of biological aging. Field experience.

NFA 517 Sports Nutrition. (3) A. Prerequisite: NFA 201 or 500/700. Relationship of nutrition to optimal sports performance. Examines energy use during exercise metabolism, specific nutrient needs, nutritional strategies during training, conditions requiring special consideration, controversies and potentially dangerous nutritional practices of athletes.

NFS ——Nursing (Baccalaureate) Dr. Mary Clements, Chair

NFS 232 Health Assessment and Promotion I. (2) I, II. Prerequisites: taken in semester immediately prior to expected enrollment in NFS 380, students must meet minimum program GPA requirements of 2.5, and departmental approval. Corequisite: NFS 232L2, 242, and 252. Students repeating NFS 232 must also enroll in NFS 232L and the most recent grade in these two corequisites will be applied toward student’s GPA. Development of assessment and health promotion skills to be used with clients throughout the life cycle.

NFS 232L Health Assessment and Promotion I. (1) I, II. Prerequisites: GPA 2.5, and Departmental approval. Corequisite: NFS 232, 242 and 252. Students repeating NFS 232L must also enroll in NFS 232L and the most recent grade in these two corequisites will be applied toward student’s GPA. Application of epidemiology to nursing practice.

NFS 330 Clinical Drug Therapy. (3) I, II, III, IV. Prerequisites: NFS 332, 350, and 380 with a grade of “C” or better. Corequisites: NFS 332L, 350, 380, and 380C. Students repeating NFS 332 must also enroll in NFS 332L and the most recent grade in these two corequisites will be applied toward student’s GPA. Development of physical assessment skills and evaluation of health patterns for clients throughout the life cycle.

NFS 332L Health Assessment and Promotion I. (3) II. Prerequisites: NFS 232, 242 and 252 all with a minimum grade of “C”; NFS 232L with a minimum grade of “S”, and admission to the baccalaureate nursing major. Corequisite: NFS 332L, 350, 380, and 380C. Students repeating NFS 332L must also enroll in NFS 332L and the most recent grade in these two corequisites will be applied toward student’s GPA. Development of physical assessment skills and evaluation of health patterns for clients throughout the life cycle.

NFS 340 Health Assessment for the RN. (3) Prerequisites: RN status and admission to the RN option. Enhancement of physical assessment skills for RNs with application to clients throughout the lifespan.

NFS 350 Pathophysiology. (3) I, II, III. Prerequisites: NFS 232, 242 and 252 with a grade of “C” or better and admission to the baccalaureate nursing major. Corequisite: NFS 332 and 380. Provides a framework for interpreting structural and functional changes associated with disease, facilitating critical thinking and decision making required of the professional nurse.

NFS 370 Health Disparities. (3) A. Prerequisite: junior standing or departmental approval. Explores the social, economic, political and historical context of health disparities experienced by groups on the basis of race/ethnic, gender and socioeconomic aggregates. Explores contributing factors and potential solutions to domestic and global health disparities.

NFS 378 Short Topics in Clinical Nursing. (1-3) A. Prerequisite: NFS 392 and 396. Provides enrichment learning for upper division nursing students and practicing registered nurses. Each segment of the course describes the current trends in nursing theory and practice including relevant pathologic processes and usual nursing management. Emphasis on in-depth study of current interest topics. May be retaken to a maximum of six hours credit.

NFS 380 Adult Health Nursing I. (2) I, II. Prerequisites: NFS 232, 242, and 252 all with a minimum grade of “C”; NFS 232L with a minimum grade of “S”, and admission to the BSN Program. Corequisite: NFS 380, 332L, 350, and 380C. Students repeating NFS 380 must also enroll in NFS 380C and the most recent grade in these two corequisites will be applied toward student’s GPA. Uses nursing process to develop practice solutions for selected adult health issues.

NFS 380C Adult Health Nursing I Clinical (2) I, II. Prerequisite: NFS 232C, 242C, and 252C all with a minimum grade of “C”; NFS 232LC with a minimum grade of “S” and admission to the BSN Program. Corequisite: NFS 332C, 332LC, 350L, and 380C. Students repeating NFS 380C must also enroll in NFS 380C and...
the most recent grade in these two corequisites will be applied toward student’s GPA. Uses nursing process to develop practice solutions for selected adult health issues.

NSC 386C Adult Nursing II (3), II, A. Prerequisites: NSC 332, 350, and 380 all with a minimum grade of “C”; NSC 332L and 380C with a minimum grade of “S.” Corequisite: NSC 330 and 390. Students repeating NSC 386C must also enroll in NSC 386C and the most recent grade in these two corequisites will be applied toward student’s GPA. Uses nursing process to develop practice solutions for selected adult health issues.

NSC 386D Nursing Concepts I (5) I, II. Prerequisites: NSC 385 and NSC 390. Synthesizes nursing concepts and applies the nursing process to develop practice partnerships with communities and their subsystems.

NSC 386E Nursing Concepts II - Perinatal Nursing (2.5) I, II. Prerequisites: NSC 385 and NSC 390. Synthesizes nursing concepts and applies the nursing process to develop practice partnerships with communities and their subsystems.

NSC 387 Public Health Nursing (2.5) I, II. A. Prerequisites: NSC 390W, 392, and 396 all with a minimum grade of “C.” Corequisite: NSC 487C. Students repeating NSC 387 must also enroll in NSC 487C and the most recent grade in these two corequisites will be applied toward student’s GPA. Uses the nursing process to develop practice solutions for selected adult health issues.

NSC 390 W Nursing Research. (2) I, II. Prerequisites: STA 215 or 270 with a grade of “C” or better. Corequisite: NSC 396. Uses the research process to guide nursing practice in the delivery of quality, cost effective health care. Credit will not be awarded for both NSC 390 and NSC 390W.

NSC 392 Mental Health Nursing. (3) I, II. A. Prerequisites: NSC 330 and 386 each with a grade of “C”; NSC 386C with a minimum grade of “S.” Corequisite: NSC 392. Students repeating NSC 392 must also enroll in NSC 392C and the most recent grade in these two corequisites will be applied toward student’s GPA. Uses the nursing process to develop practice solutions for selected mental health issues.

NSC 392C Mental Health Nursing Clinical (2) I, II. A. Prerequisites: NSC 330 and 386 each with a grade of “C”; NSC 386C with a minimum grade of “S.” Corequisite: NSC 392C. Students repeating NSC 392C must also enroll in NSC 392CC and the most recent grade in these two corequisites will be applied toward student’s GPA. Uses the laboratory and clinical settings.

NSC 396A Family Health Nursing. (5) I, II. A. Prerequisites: NSC 330 and 386 each with a minimum grade of “C”; NSC 386C with a minimum grade of “S.” Corequisite: NSC 396C. Students repeating NSC 396C must also enroll in NSC 396C and the most recent grade in these two corequisites will be applied toward student’s GPA. Uses the nursing process to develop practice solutions for families throughout the life cycle with selected mental health issues.

NSC 396B Family Health Nursing Clinical (2) I, II. A. Prerequisites: NSC 330 and 386 each with a minimum grade of “C”; NSC 386C with a minimum grade of “S.” Corequisite: NSC 396C. Students repeating NSC 396C must also enroll in NSC 396C and the most recent grade in these two corequisites will be applied toward student’s GPA. Uses the nursing process to develop practice solutions for families during the childbearing and child rearing experience.

NSC 396C Family Health Nursing (2) I, II. Prerequisites: NSC 330 and 386 each with a minimum grade of “C”; NSC 386C with a minimum grade of “S.” Corequisite: NSC 396C. Students repeating NSC 396C must also enroll in NSC 396C and the most recent grade in these two corequisites will be applied toward student’s GPA. Uses the nursing process to develop practice solutions for families during childbearing and child rearing experience.

NSC 440 Leadership and Management. (3) A. Prerequisites: RN status and admission to the RN-BSN option. An overview of leadership and management theory in health care explores the leadership role of the most recent grade in these two corequisites will be applied toward student’s GPA. Uses nursing process to develop practice solutions for selected adult health issues.

NSC 442 Complex Client Care (3). Prerequisites: NSC 440 and NSC 486 & 486C. Synthesis of professional nursing care competencies to address human diversity and manage complex health problems. Corequisite: NSC 492 and 495. Synthesizes nursing competencies to manage complex health problems, integrating legal, ethical and economic concepts.

NSC 492C Complex Client Health Care Clinical (3) I, II. A. Prerequisites: NSC 480, 484 and 487 all with a minimum grade of “C”; NSC 484C and 487C with a minimum grade of “S.” Corequisite: NSC 492 and 495. Synthesizes nursing competencies to manage complex health problems, integrating legal, ethical and economic concepts.

NSC 495 Professional Role Transition. (2) I, II. Prerequisites: NSC 480, 484, and 486 with minimum grades of “C.” Corequisite: NSC 492. Role development seminar emphasizing refinement of oral presentation skills. Critical analysis of role theory, political, economic and socioethical systems which shape nursing practice. Analyzes strategies for instituting change in the health care delivery system.

NSC 496 Application of Nursing Theory. (2) I, II. Prerequisites: NSC 480, 484, and 486 with minimum grades of “C.” Facilitates synthesis of nursing knowledge and strengthens the student’s ability to apply theory to specific patient situations. Patient case situations from all nursing clinical areas are utilized.

NSC 498 Independent Study. (1-6) A. Prerequisite: student must have the independent study program form approved by the nursing department chair prior to enrollment. Directed study or research on an issue or area of interest to nursing. May be retaken to a maximum of six hours.

NSC 500 Early Childhood Health Care. (3) A. Prerequisite: education major or instructor approval. Focuses on the development of competencies necessary for health management of young children (ages birth through five years) with special health care needs. Appropriate for non-health care professionals in the community or classroom.

NUR—Nursing (Associate)

NUR 114 Nursing Concepts 1 (5), I, II. Prerequisite: Admission to the Associate Degree Nursing Program. Corequisite: NUR 114C. Provides fundamental theoretical nursing concepts. Student learning outcomes are human flourishing, nursing judgment, professional identity, and spirit of inquiry.

NUR 114C Nursing Concepts Application I (3). LII. Prerequisite: Admission to the Associate Degree Nursing Program. Corequisite: NUR 114. This course provides application of fundamental nursing concepts in the laboratory and clinical settings.

NUR 124 Nursing Concepts II - Med-Surg. (3) I, II. Prerequisites: NUR 114, 114C, HSO 100, ENG 101, BIO 101, and HSO 101, all with a grade of “C” or better. Corequisite: NUR 124C. Builds upon previously learned concepts and skills. Provides theories and concepts for applying the nursing process while caring for patients experiencing selected health issues.

NUR 124C Nursing Concepts Application II (2) LII. Prerequisite: NUR 114 & 114C, HSO 100, BIO 171, NFA 201, ENG 101, all with a grade of “C” or better. Corequisite: NUR 124. This course provides application of nursing concepts in the clinical setting while caring for patients experiencing selected health issues.

NUR 126 Perinatal Nursing Concepts (2) LII. Prerequisites: NUR 114, 114C, HSO 100, BIO 171, NFA 201, & ENG 101, all with a grade of “C” or better. Corequisite: NUR 126C. Builds upon previously learned concepts and skills. Provides theories and concepts for applying the nursing process while caring for families throughout the childbearing experience.

NUR 126C Nursing Concepts - Perinatal (1) LII. Prerequisites: NUR 114, HSO 114,114C, HSO 100, BIO 171, NFA 201, & ENG 101, all with a grade of “C” or better. Corequisite: NUR 126. Application of the nursing process when caring for families during the childbearing experience.

NUR 200 Dosage Calculation for Nursing. (1) A. Develops competency in dosage calculation and provides progression in application for nonparenteral to parenteral medications.
Section Seven - Course Descriptions

NUR 201 Dosage Calculation for Nursing II. (1, I, II) Prerequisite: NUR 117 (S) or NUR 200 (C or better). Designed to develop competency in dosage calculations of intravenous therapies. Emphasis on IV medication titration calculations including pediatric, obstetric, and clinical care dosages.

NUR 217 Strategies for Success in Nursing. (1, I, II) Prerequisite: Readmission to the ADN program. Explores strategies to develop habits which promote success. Required for students readmitted to the ADN program after being unsuccessful in an NUR core course.

NUR 232 Nursing Concepts III-Med Surg. (5, I, II) Prerequisites: NUR 124, 124C, 126, 126C; ENG 102; BIO 301; SOC 131, all with a grade of “C” or better. Corequisite: NUR 232C. Provides theories and concepts for applying nursing judgment while caring for adult and pediatric patients experiencing selected complex health issues.

NUR 232C Nursing Concepts Application III (5) I, II. Prerequisite: NUR 124, 124C, 126, 126C; ENG 102; BIO 301; SOC 131, all with a grade of “C” or better. Corequisite: NUR 232C. Nursing Concepts Application III is a course for students who have already completed the theoretical components of Nursing Concepts III. This course provides opportunities to apply nursing concepts learned in previous courses in a clinical setting. It is designed to prepare students to provide nursing care for adult patients experiencing selected complex health issues.

NUR 234C Mental Health Concepts (2) I, II. Prerequisites: NUR 124, 124C, 126, 126C; ENG 102; BIO 301; SOC 131, all with a grade of “C” or better. Corequisite: NUR 234C. Provides theories and concepts for applying nursing judgment while caring for patients with a focus on psychosocial mental health.

NUR 240 Nursing Concepts IV-Med-Surg. (5) I, II. Prerequisites: NUR 232, 234, and BIO 273 or MLS 209. Select the topics in “C” “NUR 232C” and “NUR 234C” with a minimum grade of “S”. Corequisite: NUR 241C. Provides theory and concepts for applying nursing judgment for the care of groups of patients experiencing selected complex health issues.

NUR 241C Clinical Nursing Synthesis. (4) I, II. Prerequisite: NUR 232, 234, and BIO 273 or MLS 209-211, all with a minimum grade of “C”. “NUR 232C” and “NUR 234C” with a minimum grade of “S”. Corequisite: NUR 241C. Focuses on critical thinking and synthesizing nursing judgment in caring for groups of patients experiencing complex health issues. Must be taken during the last semester of the ADN program.

NUR 247 Holism, Health, and Success. (1, I, II) Prerequisite: CHS nursing student. Principles and theories from holistic nursing, education, and psychology are explored and applied to the creation of academic success, health, and the attainment of personal life goals.

NUR 250 Introduction to Gerontology. (3) I, II. An interdisciplinary approach to the study of aging that presents a balanced view of both normal and abnormal aspects of aging.

NUR 255 Trends and Issues in Nursing. (2, I, II) Prerequisites: NUR 232 and 234 with a minimum grade of “C”. NUR 232C and 234C with a minimum grade of S. Corequisite: NUR 241C. Focuses on current issues and trends in nursing. Ethical, legal, and professional responsibilities and career opportunities are examined.

NUR 265 Independent Study. (1-6) A. Directed study on an issue or area of interest to nursing. May be taken to a maximum of six hours credit.

NUR 300 Individual Clinical Enrichment. (1-6) A. Prerequisites: Individual Clinical Enrichment approval. Integrated theory and practice through collaborative partnerships to enhance clinical nursing competencies.

OHO—Ornamental Horticulture
Dr. John Settini, Chair

OHO 115 Operation of Horticultural Equipment. (2) I. Lecture, laboratory and field experiences related to horticultural power equipment, and their safe operation, including hydraulics, electricity, chemical, and materials management.

OHO 131 Principles of Horticulture. (3) I. Corequisite: OHO 132. Introduction to the major divisions of horticulture with emphasis on plant growth, propagation, reproduction, and soil-water relationships. Exploration of the various phases of horticulture and the related employment opportunities in the industry.

OHO 132 Horticulture Laboratory. (1) I. Corequisite: OHO 131. Laboratory, greenhouse, and field work which will develop the principles of nursery, turf, and greenhouse management taught in the classroom.

OHO 301 Directed Work Experience. (1-4) I, II. A minimum of three hours per week per hour of credit using university or other approved facilities. May be retaken for a maximum of 4 credit hours. 2 Lab/2 Credit.

OHO 304 Horticulture Pest Management (4) I. Identification of the principle horticulture insect, disease, and weed pests in the transition zone. Control measures are identified with special emphasis on the safe use of chemicals and equipment calibration. Credit will not be awarded for both OHO 304 and AGR 304. 3 Lec/2 Lab.

OHO 349 A.N. Cooperative Study: Horticulture. (5-8) A. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

OHO 351 Turfgrass Management. (4) I. Prerequisite: AGR 215. The establishment and maintenance of turf and turfgrass maintenance programs and cultivars adapted to variable intensities of culture. Relationships of environmental factors and cultural practices are emphasized. 3 Lec/2 Lab.

OHO 353 Sports Turf Management. (3) A. Management techniques for today’s specialized athletic fields. The agronomic aspects of football, soccer, baseball, and some specialty fields are presented. Field trips and classroom exercises develop a practical understanding of field construction and management.

OHO 354 Irrigation Systems and Horticultural Equipment (3). An introduction to irrigation systems, their design and installation for efficient water utilization. Lecture and field experiences related to horticultural power equipment and their safe operation. 2 Lec/2 Lab.

OHO 362 Topics in Landscape Gardening. (1-6) A. Students may enroll once in each topic for a total of seven hours.

OHO 362A Home Landscape Option. (1)(L) 1 Lec/2 Lab. OHO 362E Floral Design Option. (2)(L) 2 credit hours: 1 Lec/2 Lab

OHO 362G Problems of Golf Course Operation Option. (1)(L) 1 Lec/2 Lab OHO 362K Interior Plantscaping Option. (L) 1 Lec/2 Lab OHO 362M Problems of Golf Course Operation. (1)L 1 Lec/2 Lab.

OHO 365 Landscape Plants (4) I. Study of plants used in landscaping ds including their biological identification, ornamental features, environmental adaptation, utilization, and management in the landscape. Includes construction of conventional and contemporary floral designs. 1 Lec/2 Lab.

OHO 366 Deciduous Shade Trees and Narrow Leaf Evergreens. (3) I. Study of deciduous trees and narrow leaf evergreens including their identification, growth habits, ornamental features, environmental adaptation, utilization, and management in the landscape.

OHO 367 Herbaceous Ornamental Plants (3) A. Identification, culture, and landscape use of bulbs, annuals, and herbaceous perennials, including ornamental grasses.

OHO 368 Landscape Design using CAD. (2) I. Introduces computer aided design (CAD) for landscape design. The course also provides experience in the use of commercially available programs for landscape design, project management, pricing, and bid preparation. 4 Lab.

OHO 370 Landscape Operations Management. (3) I. Management of a retail/ wholesale outlet for horticultural products. Students will develop a model retail/ wholesale business including all phases of applied sciences such as business record keeping. 2 Lec/2 Lab.

OHO 372 Horticulture Retail and Wholesale Management. (3) A. Prerequisites: OHO 131 and 132. The design, development, and management of a retail/ wholesale outlet for horticultural products. Students will develop a model retail/ wholesale business including all phases of applied sciences such as business record keeping. 2 Lec/2 Lab.

OHO 373 Fruit Production. (3) A. Study of domestic and commercial production practices of fruits including identification, agricultural and environmental characteristics, horticulture, and marketing. Fruits include tree fruits, vines, brambles, and soft fruits. 2 Lec/2 Lab.

OHO 374 Vegetable Production. (3) A. Study of domestic and commercial production practices of vegetables including identification, agricultural and environmental characteristics, horticulture, and marketing. 2 Lec/2 Lab.

OHO 375 Post Harvest Technology of Horticultural Crops (3) A. The science and procedures for packing, storing, transporting fresh fruits, vegetables and ornamentals.

OHO 384 Greenhouse Floral Crops. (3) A. The study of specialized greenhouse floral crops and methods of production; includes bed and container growing production cycles to meet peak demands and marketing techniques. 2 Lec/2 Lab.

OHO 388 Greenhouse Operation and Management. (3) II. Plant propagation and growing techniques taught in a greenhouse. The course includes operation procedures and the economics of operating a greenhouse and using cold and hot frames. 2 Lec/2 Lab.

OHO 391 Landscape Design and Methods. (4) A. Prerequisite: OHO 365. Elements of design and the execution of the landscape architect plan. 2 Lec/4 Lab.

OHO 392 Landscape Construction Techniques. (3) II. Comprehensive study of common landscape construction materials and their use in current landscape applications. Class will include laboratory exercises involving the construction of such components as retaining walls, water features, decks, and patios.

OHO 410 Independent Study in Horticulture: (1-3) I, II. Prerequisite: Departmental approval. Cross-listed as AGR 410. Students must problem and work under the supervision of the instructor in the field of the problem. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken for a maximum of 6 credit hours provided topics are different. Credit will not be awarded for both OHO 410 and AGR 410.

OHO 498 Turfgrass Capstone. (3) A. Prerequisite: OHO 351 or 353, and Junior or Senior Standing. A comprehensive review of information pertinent to managing turfgrass areas that will enhance graduate’s ability to stay within budget, stay on task with seasonal work, and prepare for industry offered certification exams.

OHO 499 Horticultural Issues Capstone. (3) A. Prerequisite: OHO 349 and Junior or Senior standing. Provides students with an in-depth examination of the issues facing contemporary horticultural managers including management principles, philosophical considerations, and delivery of a quality product or service.

OSH—Occupational Safety and Health
Dr. Troy Rawlins, Coordinator

OSH 101 Introduction to Safety Studies (3), I, II, and A. Students will develop the necessary writing , study, research resource, and Blackboard navigation.
skills necessary to successfully complete occupational safety related curriculum. Students will also be introduced to the principles, terminology of the field, and basic hazard recognition.

OSH 200 Applied Fire and Safety Analysis (3) A. Cross-listed as FSE 200. Analytical and statistical concepts and procedures for the treatment of fire and safety related data. Includes quantitative and qualitative techniques, descriptive and inferential statistics. Credit will not be awarded for both OSH 200 and FSE 200.

OSH 225 Legal Aspects of Fire Protection and Safety. (4) A. Cross-listed as FSE 225. A study of legislative and legal decisions relating to personnel practices, employee safety, and public protection. Emphasizes the legal responsibilities, liabilities, and authority of the fire service practitioner. Credit will not be awarded for both OSH 225 and FSE 225.

OSH 261 Principles of Occupational Safety and Health (3). Formerly OSH 361. History of the development of occupational safety and health. Methods of accident prevention and hazard control. Introduction to safety programs, workers' compensation, emergency preparedness and accident investigation. Credit will not be awarded to students who have credit for OSH 361 or FSE 361.

OSH 262 Principles of Occupational Safety and Health Legislation (3) A. Formerly OSH 362. Prerequisite or Corequisite: OSH 261. Review of OSHA standards with emphasis on compliance and liability reduction. Discussion of OSHA regulations including citations, penalties, inspections, and record keeping. Credit will not be awarded for both OSH 262 and OSH 362.

OSH 305 Hazardous Materials, (3) A. Prerequisite: OSH 225. Cross-listed with FSE 305. Study of hazardous material problems in transportation, storage, and use. Chemical properties relating to specific reactions, engineering controls, and control in an emergency situation. Emphasis on the role of pre-emergency, combating, coordinating, and controlling a hazardous materials incident. Credit will not be awarded for both OSH 305 and FSE 305.

OSH 349 Applied Learning in Occupational Safety. (5-8) A. Cross-listed with FSE 349. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit. Credit will not be awarded for both OSH 349 and FSE 349.

OSH 349 A-N Cooperative Study: Occupational Safety. (5-8) A. Cross-listed with FSE 349. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit. Credit will not be awarded for both OSH 349 A-N and FSE 349 A-N.

OSH 366 Hazard Identification and Control (3) A. Prerequisite: FSE 361 or departmental approval. Hands-on approach toward identification and control. Areas of study include noise levels, chemical land electrical hazards, air contaminants, and heat/cold stress. Control measures include administrative, engineering, and safeguarding methods. Credit will not be awarded for both OSH 366 and FSE 366.

OSH 367 Human Factors in Occupational Safety. (3) A. Prerequisite or Corequisite: OSH 261. Focuses on ergonomics, man/machine interface and human efficiency. Study of work-related stress and pressure related data. Includes an examination of stress and work. Solutions are reviewed for common problems found in labor-intensive operations. Credit will not be awarded for both OSH 367 and FSE 367.

OSH 379 Construction Safety. (3) A. An in-depth analysis of the federal and Commonwealth of Kentucky's OSHA requirements for construction safety. Credit will not be awarded for both OSH 379 and FSE 379.

OSH 390 Workers Compensation I, (3) A. An in-depth study of the foundations of Workers Compensation law. Emphasis will be placed on the history and theory of injuries "arising out of" and being "in the course of," OSH 390 and FSE 390. Credit will not be awarded for both OSH 390 and FSE 390.

OSH 3410V Safety Management Systems. (3) I, II, and A. Prerequisite: ENG 102, 105 (B), or HON 102; OSH 261. This writing-intensive course is designed to provide the student with the knowledge and skills to apply safety management systems components, hazard analysis, and causal analysis. Credit will not be awarded for both OSH 410 and OSH 410W.

OSH 412 Safety and Health Program Management. (3) A. Prerequisite or Corequisite: OSH 410. Emphasis on personnel aspects, communication, and motivation in managing safety and health programs. Practice in writing safety programs and implementing safety training, evaluation of the effectiveness of various methods and programs. Credit will not be awarded for both OSH 412 and FSE 412.

OSH 420 Environmental Law and Management. (3) I, II. Formerly FSE 420. Prerequisite: FSE 225 or departmental approval. Study of laws affecting workplaces, including the Clean Water Act, Clean Air Act, RCRA and CERCLA. Additionally, study of these laws and related policies/practices will be covered as related to safety. Credit will not be awarded to students who have credit for FSE 420.

OSH 450 Safety Training Strategies. (3) I, II, and A. Prerequisite or Corequisite: OSH 412. Students will learn how to apply adult learning and technical training strategies to occupational safety training programs for management and workforce safety related topics.

OSH 489 Topical Seminar: _ (1-3) I, II, and A. Prerequisite or Corequisite: OSH 261, and departmental approval. Development of special skills and content knowledge of contemporary issues in occupational safety. May be retaken to a maximum of six hours, provided the subject matter differs each time.

OSH 495 Senior Capstone (3). A. Prerequisite: OSH 361. Students examine case studies, examine real life situations, combine knowledge they have gained from previous coursework, analyze and develop strategies, develop countermeasures, engage in strategic planning and policy development and training.

OSH 496 Independent Study. (1-3) A. Prerequisite: Departmental approval. Individual reading and research on a problem or area within the field of Occupational Safety. Credit is contingent upon the student consultation with the instructor. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours providing project title differs.

OTS—Occupational Science and Occupational Therapy

Dr. Colleen Schnee, Chair

OTS 310 Occupational Perspectives: Human Services. (3) A. An occupational science perspective of health and human service professions. Through lecture, active learning and community experiences, students will explore the themes of occupation, professional identity, reasoning, communication and diversity in professional responsibilities.

OTS 205 Horse and Human Co-Occupation: (3) A. Provides information regarding the equine industry in connection with human health and wellness. Areas of focus include recognition of the horse/human co-occupation and equine movement in concert with human interaction.

OTS 301 Practicum I: Concepts. (4) A. Prerequisites: BIO 171, BIO 301, and PSY 200.

Corequisites: OSH 311 and OSH 432. Concepts of occupational science and occupational therapy. Integrate knowledge of self as a creative, active occupational being through reflection and portfolio development.

OTS 302 Practicum II: Life Narratives. (3) A. Prerequisites: OSH 301, 311 and 432 with a grade of C or better. Corequisites: OSH 313, 335, and 421. Introduction to life narratives and the influence of occupation on the well-being of self through active learning experiences.

OTS 312 Occupation by Discipline. (3) A. Corequisites: OSH 401, 422 and BIO 271. Foundational problem solving, task, and activity analysis concepts related to designing occupations. Students apply strategies to implement a design process.

OTS 313 Occupation in Context. (3) A. Corequisite: OSH 302. The student will gain an understanding of occupation as influenced by interrelated multiple contexts. Through active learning experiences the student will be able to recognize and apply the constructs of context.

OTS 335 Professional Dynamics. (3) A. Corequisites: OSH 330, and application of communication skills necessary for becoming an effective team member. Emphasizes understanding group dynamics, leadership and professional interaction skills, decision making and conflict resolution through active learning.

OTS 365S Engagement and Advocacy for Elders (3) I, II. Supervised service learning opportunities to create and implement occupation-based programming at a community-based respite care program and to advocate for elders with Alzheimer’s Disease. Credit will not be awarded for both OSH 365S and special topics course OTS/The Place to Be. Corequisites: OSH 390 Gender and Work in the U.S. (3) Prerequisite: ENG 102 or 105 (B) or HON 102 or departmental approval. A survey view of occupational science and sociological constructs related to gendered work. Includes content on family work linkages, gendered organizations, and policies of workplace. Credit will not be awarded to students who have credit for OSH 480, WGS 380 or WGS 480.

OTS 401 Practicum III: Diversity. (3) A. Prerequisite: OSH 302 with grade of C or better. Corequisites: OSH 312, 422 and BIO 271. Introduction to cultural competence and diversity. Enhance understanding of ability and disability concerns in society through interview, reflection and portfolio development.

OTS 402 Practicum IV: Advocacy & Research. (3) A. Prerequisite: OSH 401. Corequisites: OSH 362, 430, and 478/478W. Participatory experiences in the application of advocacy, ethics, and research to advance health and wellness. Course includes self reflection and portfolio completion. Credit will not be awarded for both OSH 402 and 402S.

OTS 402S Practicum IV: Advocacy and Research. (3) A. Prerequisite: OSH 401. Corequisites: OSH 362, 430, and 478/478W. Participatory experiences in the application of advocacy, ethics, and research to advance health and wellness. Course includes self reflection and portfolio completion. Credit will not be awarded for both OSH 402 and 402S.

OTS 410 Independent Study in Occupational Science. (1-3) A. Prerequisite: student must have the independent study proposal approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours.
and relationship between performance, behavior, and the official's duties.

PHE 390 Lifetime Activity Series. (1/2 - 2) I, II. A series of activities suitable for participation throughout life. Includes rules, skills, techniques, and strategies. May be retaken to a maximum of four hours toward graduation requirements. Credit will not be awarded for both PHE 390 and HPR 390.

PHE 400 Management of Sport Organizations. (3) I. Aspects of sport management including discussions of sport, theoretical and applied foundations of organization and management, opportunities available in various segments of the sport industry, and professional preparation and development.

PHE 407 Strength and Conditioning Programming. (3) I, II. Advanced skills in developing, implementing, and evaluating strength training programs. Knowledge of strength and resistance training, spotting techniques, and safety techniques, exercises and associated anatomy, periodization, and general guidelines for all fitness levels and ages.

PHE 415 Outdoor and Lifelong Leisure Motor Activities. (3) I, II. Prerequisites: EDF 203. Knowledge and skills for conducting cooperative, leisure, adventure, and outdoor motor activities for achievement of important personal and educational goals in the school system.

PHE 429 Coaching Football. (2) I, II. Theory and practice in coaching the fundamentals of football; team offense and defense.

PHE 432 Psychology of Coaching. (3) I. Study of the dynamics of coaching including performance enhancement and understanding the functions of the coaching process.

PHE 430 Fitness Program Administration. (3) I, II. Prerequisites: PHE 320, 325, and 407 with a grade of “C” or better. Students will learn aspects of fitness and wellness program administration, including management skills, budgeting, member tracking, promotion, and record keeping. Additionally, students will be introduced to electrocardiography.

PHE 433 Athletic Fitness Physical Programs. (3) I, II. Prerequisites: BIO 171, 301, PHE 325 and junior standing. Practice and study of exercise programs meeting the guidelines of the American College of Sports Medicine (ACSM) for improving body composition and cardiovascular health. Interpretation and application of results.

PHE 435 Group Fitness Instruction. (3) I. Prerequisites: PHE 320 and 325. A methods course for teaching aerobic dance-exercise. Students will learn movement and rhythmic fundamentals, effective teaching methods, how to develop appropriate and creative choreography, injury prevention, marketing techniques, and legal issues involved in starting and running a group exercise class.

PHE 450 Modern Dance III. (1) I, II. An advanced level modern dance technique class including floor, center floor and across the floor dance combinations. The course is designed to help the student improve his/her alignment, technique, improvisation and choreographic skills.

PHE 355 Ethnic Dance Forms. (1) A. A beginning/intermediate dance class in a particular ethnic form of dance. Basic steps and rhythms characteristic of the dance form will be learned as well as information about the culture from which it is derived.

PHE 360 Coaching Basketball. (2) I, II. Theory and practice in coaching the fundamentals of basketball; team offense, defense and strategy.

PHE 361 Coaching Volleyball. (2) I, II. Theory and practice in coaching the fundamentals of volleyball; team offense and defense.

PHE 383 Sports Officiating. (1) I, II. Technique and skill of officiating, structure of officiating, and passing of information to the public.

PHE 470 Internship: Sport Management. (1) I, II. Prerequisite: PHE 407 or HON 105(8). A work experience situation in which students are required to document a minimum of 50 hours of sport management related experiences prior to enrollment in PHE 470. Supervised experiences in the directing of sports and physical activities in various settings. May be retaken to a maximum of six hours.

PHE 471 Practicum in Teaching Dance. (3) I, II. Practical experience creating lesson plans and teaching dance in the P-12 school system. Practicum students will teach primary, elementary, middle and secondary students, dance as an art form along with ethnic, folk and social dance. Required for Dance Certification.

PHE 472 Internship: Physical Fitness and Wellness Management. (1-6) A. Prerequisite: 2.0 GPA; completion of physical education core courses and physical fitness and wellness options courses. Students are required to document a minimum of 50 hours of physical fitness and wellness related experiences prior to enrollment in PHE 472. Supervised experiences in the directing of wellness and physical fitness activities in various settings. May be retaken to a maximum of six hours.

PHE 485 Independent Study. (1-3) I, II. Individual work on a physical education related problem in supervised situation. Restricted to undergraduate physical education major or minor student. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

PHE 490 Experiences in Research (1-3) I, II. Prerequisites: ATR 100 or PHE 201 and departmental approval. Directed research experience in athletic training, physical education or sports management. May be retaken to a maximum of 9 hours. Student must have research proposal form approved by faculty supervisor and department chair prior to enrollment.

PHE 517 Biomechanics in Physical Activity (3) A. Prerequisite: Junior/senior standing in major or with departmental approval. Study of biomechanics with the relationship to energy storage, transformation and utilization in biological systems. Study of energy metabolism during different physiological conditions and the applications to clinical exercise science and sport.

PHE 530 Sports Information Programs. (3) II. Study of the role and function of the sports information director. Includes public relations techniques applied to sports information; press releases, publications programs, office and staff organization, time utilization, new media, and formats.

PHE 562 Adapted Physical Activity. (3) I, II. Principles and practices of adapted physical education emphasizing the needs of people with disabilities. Emphasis will be placed on the importance of physical activity, recent legislation, assessments, individual education plans, and adapting activities.

PHE 575 Tests and Measurements in Physical Education. (3) I, II. Administration and scoring of tests; evaluation of use of results obtained.

PHE 590 Special Topics in Physical Education. (1-4) A. Study of various topics in physical education and sport selected to meet special student needs and interests. May be retaken to a maximum of six hours with advisor approval provided subtitle is different.

PHI—Philosophy

PHI 100 Practical Reasoning. (3) I, II. The development of skills essential for the analysis and evaluation of reasoning and argumentation of kinds commonly encountered in essays, textbooks, news media, discussions, lectures, and work situations.

PHI 110 Beginning Philosophy. (3) I, II. Basic introductory course in philosophy. Consideration of perennial questions of the human experience, especially questions about reality, knowledge, values, and religious belief. Credit will not be awarded for both PHI 110 and 110W. Gen. Ed. E-3B [AH].

PHI 110W Beginning Philosophy: Writing Intensive (3) I, II. Prerequisites: ENG 105 or HON 102(B). A writing-intensive basic introductory course in philosophy. Consideration of perennial questions of the human experience, especially questions about reality, knowledge, self, values, and religious
PHI 300 Greek and Roman Philosophy. (3) A. Survey of philosophical thought as seen through an examination of selected issues and selected philosophers from ancient Greece through the early Roman period. Credit will not be awarded for both PHI 300 and 300W. Gen. Ed. E-3B [AH].

PHI 310 Medieval Philosophy. (3) A. Study of Christian, Jewish, and Islamic philosophical thought in the Middle Ages and in the Renaissance. Issues in various areas of philosophical inquiry are examined through selected readings from Augustine to Suaraz.

PHI 320 Modern Philosophy. (3) A. Examination of some major issues and some major philosophers from the 17th and 18th centuries. Gen. Ed. E-3B [AH].

PHI 330 Twentieth Century Philosophy. (3) A. A survey of the principal schools of philosophical thought of the twentieth century in Europe and America, with special attention to the important issues which emerge. PHI 332 Existentialism & Postmodernism. (3) A. Study of the influence of such existentialists as Nietzsche, Husserl, Sartre, de Beauvoir, and Heidegger on contemporary postmodern theories such as Foucault, Baudrillard, Derrida, Kristeva, and Irigaray.

PHI 340 Philosophy of Science. (3) A. How views of reality, knowledge, and values relate to science and scientists. Philosophical assumptions of science examined through historical examples of scientific investigations. The value and the values of scientific methods and scientific theories. Credit will not be awarded for both PHI 340 and 340W.

PHI 340W Philosophy of Science: Writing Intensive. (3) A. Prerequisite: ENG 102 or 105 (B) or HON 102 (B). A writing-intensive basic introductory course in philosophy of science. How views of reality, knowledge, and values relate to science and scientists. Philosophical assumptions of science examined through historical examples of scientific investigations. The value and the values of scientific methods and scientific theories. Credit will not be awarded for both PHI 340 and 340W.

PHI 342 American Philosophy. (3) A. A critical examination of basic beliefs held by Americans regarding themselves, their culture, and world, through the thought of modern American philosophers such as Royce, Peirce, James, Santayana, Woodbridge, Dewey, and Whitehead.

PHI 343 Learning in Philosophy. (5-8) A. Prerequisite: consult with department chair before enrolling. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours eight, associate, sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

PHI 349 A-N Cooperative Study: Philosophy. (5-8) A. Prerequisite: consult with department chair before enrolling. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours eight, associate, sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

PHI 350 Metaphysics. (3) A. An elaboration of the various approaches to metaphysics in the history of philosophy, including contemporary anti-metaphysical points of view.

PHI 352 Theory of Knowledge. (3) A. An examination of the nature, possibility, limits, sources and value of knowledge and understanding.

PHI 360 Ethical Theory and Practice. (3) A. Prerequisite: ENG 102, 105(B), or HON 102; PHI 110 or 130. An advanced course in ethics that examines the intersection of ethical theory and practical ethics. Topics include major ethical theories, the nature and aims of applied ethics, and critical and creative thinking in ethical problem-solving.

PHI 362 Technology and Values. (3) A. An examination of philosophical issues related to technology, science, public health, economics, and the environment, with special attention being given to the personal and social ethical issues that arise in these contexts.

PHI 371 Symbolic Logic. (3) A. Basic introduction to modern symbolic logic: propositional logic, first order predicate logic, proofs and metaproofs, and nature and properties of formal logic systems.

PHI 381 Animal Ethics (3) A. An examination of major theories of animal welfare and rights; consideration of issues involving the use of animals as food and other goods, animal experimentation, wildlife, endangered species, hunting, animals and sport, pets, and zoocare.

PHI 383 Health and Biomedical Ethics. (3) A. An examination of the value-issues which surround problems that arise in health-related fields and whose resolution calls for moral judgments. Typical problems would include euthanasia, experimentation with humans, behavior control, genetic engineering, and distribution of health care facilities. Credit will not be awarded for both PHI 383 and PHI 383W.

PHI 383W Health and Biomedical Ethics. (3) A. Prerequisite: ENG 102 or 105(B) or HON 102. An examination of the value-issues which surround problems that arise in health-related fields and whose resolution calls for moral judgments. Typical problems would include euthanasia, experimentation with humans, behavior control, genetic engineering, and distribution of health care facilities. Credit will not be awarded for both PHI 383 and PHI 383W.

PHI 385 Environmental Ethics. (3) A. Cross-listed as ENV 185W. Prerequisite: ENG 102 or 105(B) or HON 102. An examination of historical and contemporary views of the values and rights of nature. Possible topics include animal rights, conservationism, the land ethic, stewardship, deep ecology, ecofeminism, and indigenous approaches to the environment. Credit will not be awarded for both PHI 385 and ENV 385.

PHI 388 Special Topics in Ethics. (1-3) A. An examination of ethical theories, of major ethical thinkers, or of an applied ethical field like business ethics or environmental ethics. May be repeated to a maximum of fifteen hours if the topic is different.

PHI 390 Special Topics in Philosophy. (1-3) A. Prerequisite: consult with department chair before enrolling. Detailed examination of a problem-area or a school of philosophy in the history of philosophy or the thought on one outstanding philosopher. May be repeated to a maximum of fifteen hours if the topic is different.

PHI 432 Philosophy of Art. (3) A. Examination of technical theories of art and beauty and the place of aesthetic language in the general area of value judgments. Representative classical and contemporary figures will be considered.

PHI 499 Directed Work in Philosophy. (1-3) I, II. Prerequisite: consult with department chair before enrolling. Individual research and reading on a specified philosophical problem chosen by the student and instructor. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours if topic is different.

PHI 499 Senior Thesis. (3) A. Prerequisite: consult with department chair before enrolling. Supervised, independent thesis for seniors majoring in philosophy.

PHI 551 Classical Theory. (3) A. Cross-listed as POL 551. Examination of Western political thought from Plato to Aquinas. Credit will not be awarded to students who have credit for POL 551, POL 551W or PHI 551W.

PHI 551W Classical and Medieval Political Theory. (3) A. Prerequisite: ENG 102 or 105 (B) or HON 102(B). Cross-listed as POL 551W. Examination of Western political thought from Plato to Aquinas. Credit will not be awarded to students who have credit for POL 551, POL 551W or PHI 551W.

PHI 552W Modern Political Theory (3) A. Cross-listed as POL 552W. Prerequisite: ENG 102 or 105 (B) or HON 102. Examination of Western political theory from the mid-twentieth century to the present. Credit will not be awarded to students who have credit for POL 553, POL 553W or PHI 553W.

PHY—Physics

PHY 101 Conceptual Physics. (3) I, II. Prerequisite: MAT 105 or higher or departmental approval. Conceptual approach to topics such as kinematics, Newtonian mechanics, electricity, magnetism, and optics. Not intended for science majors. Credit will not be awarded to students who have credit for PHY 102. 4 Lec/Lab. Gen. Ed. E-4 [NS].

PHY 102 Inquiry Physics for Teachers. (3) I, II. Prerequisite: MAT 105 or higher and pre-teaching or teaching elementary and middle school education majors only or departmental approval. An inquiry-based, conceptual-approach physical science course for teaching majors. Topics include kinematics, matter and heat, optics, electricity, and magnetism. Credit will not be awarded for both PHY 101 and 102. 1 Lec/4 Lab. Gen. Ed. E-4 [NS].

PHY 129 Success in College Physics (1) I, II. Corequisite: PHY 131. This course will emphasize topics presented in PHY 131 that the students may require additional instruction to master. Topics is covered will include one-dimensional motion, Newton’s Laws of Motion, momentum, energy, and rotational motion. Students will be allowed to enroll up to four weeks after classes start. A withdrawal from PHY 131 must be matched by a withdrawal from PHY 129.

PHY 131 College Physics I. (5) I, II. Prerequisite: MAT 120 or higher or departmental approval. Algebra and trigonometry based approach to Newtonian mechanics, including kinematics, Newton’s laws, momentum, energy, and rotation. Credit will not be awarded to students who have credit for PHY 201. A withdrawal from PHY 131 must be matched by a withdrawal from PHY 129 if enrolled in both courses. 6 Lec/Lab. Gen. Ed. E-4 [NS].

PHY 132 College Physics II. (5) I, II. Prerequisite: PHY 131 or departmental approval. Algebra and trigonometry based approach to electromagnetic phenomena, including electric forces and fields, simple DC circuits, magnetic forces and fields, magnetic induction, and optics. Credit will not be awarded to students who have credit for PHY 202. 6 Lec/Lab. Gen. Ed. E-4 [NS].

PHY 200 Volunteering in Physics and Astronomy. (0) A. An exposure to physics and astronomy activities, including, but not limited to, exploring physical and astronomical research projects, organizing physics and astronomy community...
service, and assisting at other physics and astronomy departmental events. Students can choose the focus of the volunteer work. Passing grade will be assigned. Passing grade will be awarded for attending 80% of the designated activities in each semester.

PHY 201 University Physics I. (5) I, II
Prerequisite: MAT 211, 234 or 234H, or departmental approval. Composition and resolution of forces, laws of motion, Newton’s laws of motion, work and energy, momentum, simple harmonic motion, hydrodynamics, heat phenomena. Credit will not be awarded to students who have credit for PHY 131. 4 Lab/LEC. Gen. Ed. E-4 [NS].

PHY 202 University Physics II. (5) I, II
Prerequisite: PHY 201 with a grade of “C” or better. Prerequisite or Corequisite: MAT 244 or 244H, or departmental approval. Electrostatics, electric potential, dielectrics, A.C. and D.C. circuits, magnetic fields, Faraday’s Law, sound, wave motion, geometrical and physical optics. Credit will not be awarded to students who have credit for PHY 132. 4 Lab/LEC.

PHY 211 Intermediate Physics (4) A.
Prerequisites: PHY 201 with a grade of “C” or better or PHY 131 with a grade of “B” or better; or MAT 234 or 234H; or departmental approval. Applications of calculus to physical problems. Techniques include fluid mechanics, thermodynamics, and wave optics.

PHY 221 Statics. (3) A. Prerequisite: PHY 201. Prerequisite/Co-requisite: MAT 244 or 244H, or departmental approval. Study of force systems on bodies at rest or in translational motion. Force systems, distributed and internal forces, frames and trusses, beams.

PHY 302 Modern Physics (4) A. Prerequisites: PHY 132 or PHY 202; MAT 211, 234 or 234H, or PHY 201, or departmental approval. Physics of the 20th century. Topics include special relativity, quantum effects, wave theory, Bohr theory, nuclear structure, nuclear reactions, and other topics related to 20th century modern physics. Credit will not be awarded to students who have credit for PHY 302.

PHY 303 Introduction to Laser Physics. (3) A.
Prerequisite: PHY 132 or PHY 202 and instructor approval. An introduction to the theory and application of different types of lasers such as dye, nitrogen, He/Ne, diode, and mercury vapor; the characteristics of laser light, and optical measuring devices. 2 Lab.

PHY 310 Theoretical Methods in Physics. (3) A. Prerequisites: MAT 254 or 254H, or departmental approval. Prerequisite/Corequisite: PHY 202 with a grade of “C” or better or departmental approval. Analytical methods for characterizing physics models and solving physics problems in advanced topics are discussed, including vector analysis, linear algebra, complex analysis, infinite series, waves and Fourier series, differential equations and other techniques.

PHY 315 Electrical Circuits. (4) A.
Prerequisite: PHY 202 or departmental approval. Prerequisite or Corequisite: MAT 244 or 244H. Fundamentals of laws and principles for linear circuits whose elements consist of passive and active components used in present day practice. Determination of the sinusoidal steady state responses using the algebra of complex numbers.

PHY 349 Applied Learning in Physics. (3-8) A.
Work in placements related to academic studies. A minimum of 80 hours employment is required for each semester hour of academic credit. Total hours: eight, associate; fifteen, baccalaureate. Hours earned in PHY 349 will not apply toward a physics major or minor.

PHY 349 A-N Cooperative Study: Physics. (3-8) A.
Work in placements related to academic studies. A minimum of 80 hours employment is required for each semester hour of academic credit. Total hours: eight, associate; fifteen, baccalaureate. Hours earned in PHY 349 will not apply toward a physics major or minor.

PHY 375 Engineering Thermodynamics. (3) A. Prerequisite: PHY 202 or departmental approval. Prerequisite or Corequisite: MAT 244 or 244H. Study of temperature, thermodynamics, ideal gases, first and second law of thermodynamics, Carnot cycle, Kelvin temperature scale, entropy, including thermodynamic analysis of engineering devices.

PHY 402 Physical Optics. (3) A. Prerequisite: PHY 202 or departmental approval. Prerequisite or Corequisite: MAT 244 or 244H. Wave motion, interference, Fraunhofer and Fresnel diffraction, electromagnetic radiation, dispersion, polarization, double refraction, lasers, holography.

PHY 406 Advanced Physics Laboratory. (3) A.
Prerequisite: PHY 302 or 302W, or departmental approval. Experiments in mechanics, optics, electricity, and magnetism, and nuclear physics. Computer simulations of physical situations. Measurement and data analysis techniques, including error analysis. Credit will not be awarded to students who have credit for PHY 406. 5 Lab/LEC.

PHY 406W Advanced Physics Laboratory. (3) A.
Prerequisite: PHY 302 or 302W, or departmental approval. Experiments in mechanics, optics, electricity, and magnetism, and nuclear physics. Computer simulations of physical situations. Measurement and data analysis techniques, including error analysis. PHY 302W may be retaken to a maximum of six hours provided subject matter is different each time. Student must have the independent study form approved by faculty supervisor and department chair prior to enrollment.

PHY 411 Special Topics in Physics. (1-6) A.
Prerequisite: PHY 202 or departmental approval. Special topics in physics of current interest to faculty and students will be presented through lecture, discussion, and reports. May be retaken to a maximum of six hours provided subject matter is different each time.

PHY 412 Directed Research in Physics. (1-6) A.
Prerequisite: PHY 202 or departmental approval. A directed research experience for physics majors that may include laboratory investigations of new equipment, physics education research, or computational solutions of special problems related to physics. May be retaken to a maximum of six hours.

PHY 421 Electricity and Magnetism I. (3) A.
Prerequisite: PHY 310 and departmental approval. Electrostatics in vacuum and dielectrics, solutions of Laplace’s and Poisson’s equations, magnetic fields, induced EMF’s, magnetic materials, and Maxwell’s equations.

PHY 422 Electricity and Magnetism II. (3) A.
Prerequisites: PHY 421 or departmental approval. Maxwell’s equations, electromagnetic waves in insulators and conductors, energy and momentum, electromagnetic radiation, dipole radiation, special relativity, special applications.

PHY 456 Statistical and Thermal Physics (4) A. Prerequisites: PHY 302; PHY 310 with a grade of “C” or better; or departmental approval. Microscopic approach to thermodynamics. Topics include probability, entropy, the canonical ensemble, blackbody radiation, and quantum statistics including Bose-Einstein and Fermi-Dirac statistics.

PHY 470 Quantum Mechanics. (3) A.
Prerequisite: PHY 310 or PHY 460 or departmental approval. Basic principles of wave mechanics, solutions of Schrödinger wave equation for simple systems, introduction of solutions and application to atomic and molecular problems.

PHY 506 Physics for High School Teachers. (3) A.
Credit given toward major or minor only in teaching programs. Topics from general and modern physics to prepare teachers to provide high school physics and give classroom demonstrations. 2 Lab/LEC.

PLS—Police Studies
Dr. Dawn Rothe, Chair

PLS 103 Police, Order Maintenance and Crime. (3) A.
Overview of the role of the police. The historical development of policing, police functions and bureaucratic organization are examined. Police misconduct, discretion and effectiveness receive special attention.

PLS 216 Criminal Law. (3) I, II.
The nature of the criminal act; the essential elements; theories of responsibility; excusable matters; overview of common law offenses; identification of trends in the law.

PLS 220 Criminal Investigation. (3) A.
Function of criminal investigation; crime scene search and recording, collection and preservation of physical evidence, scientific aids, modus operandi, sources of information, interviews and interrogation, follow-up, case preparation and case management.

PLS 315 Police Administration and Management. (3) I, II.
Prerequisite: sophomore standing. Critically examines the theories of motivation, leadership, and organization in the police context. Police administrative and management functions studied emphasizing personal management and organizational change.

PLS 316 Criminal Evidence. (3) I, II.
Prerequisite: sophomore standing. Overview of police procedures; classification of evidence; presumptions; relevance; eyewitness identification; testimonial privileges; character; hearsay; impeachment; scientific evidence; collection and preservation of evidence. Overview avoided.

PLS 326 Ethical Decisions and Police. (3) A.
Prerequisite: Junior or Senior standing. Examines the problems of ethical philosophies, theories and law in the context of policing. Consideration is given to problems of police judgment arising from questionable assumptions about morality. Focuses on forms of ethical violation at the individual, group and organization levels as well as strategies for prevention and control.

PLS 330 Topics in Police Studies. (1-6) A.
Prerequisite: Sophomore standing. Examination of a contemporary issue in policing including historical perspective, societal issues, present status, and future development. The police response to a specific problem is the core of this course. Course may be taken for a maximum of six hours under different headings.

PLS 349 Applied Learning in Police Administration. (5-8) A.
Prerequisites: departmental approval, sophomore standing. Work under faculty and field supervisors, in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; fifteen, baccalaureate. Minimum 80 hours work required for each academic credit. A maximum of three hours of PLS 349 and 424 can be applied toward the PLS major or minor.

PLS 349 A-N Cooperative Study: Police Administration. (5-8) A.
Prerequisites: departmental approval, sophomore standing. Work under faculty and field supervisors, in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; fifteen, baccalaureate. Minimum 80 hours work required for each academic credit. A maximum of three hours of PLS 349 and 424 can be applied toward the PLS major or minor.

PLS 375 Terrorism/Counterterrorism. (3) A.
Prerequisite: Junior or Senior standing. A study of
domestic, foreign, transnational and state terrorism. This course examines issues related to defining, preventing and analyzing various types. Various social and historical forces and events will be considered in order to contextualize specific key individuals, organizations and actions.

PLS 380 Police in the Popular Media. (3) A. Prerequisite: sophomore standing. A study of the public’s perception of police through popular media (music, radio, television, films, short stories and books) and how those media sources might influence policing itself.

PLS 385 Police Related Violence. (3) A. Prerequisite: sophomore standing. A descriptive, theoretical and philosophical approach to violence used by the police and violence directed toward them. Psychological and sub-cultural impacts will be examined. Additional analysis associated with lethal and non-lethal violence policy and strategies are included.

PLS 390 Predatory Crime and Crime Patterns. (3) A. Prerequisite: sophomore standing. Examination of selected crime categories including predatory street, conventional property, and sex crimes. Areas of concentration include theoretical and ecological characteristics, victim-offender relationships, and crime patterns and responses.

PLS 401 Multi-Culturalism and Policing. (3) A. Prerequisite: Junior or Senior standing. Examines the policing of marginalized populations and investigates the realities of these persons within policing. Specific populations include interpersonal racial and ethnic minorities, age, women, sexual minorities, persons with physical and mental disabilities, immigrant populations, veterans, and others.

PLS 403 Homicide. (3) A. Prerequisite: sophomore standing. Explore current theoretical, philosophical and empirical literature associated with homicide. Content includes descriptive, theoretical, empirical, and practical explanations of criminal homicide, in addition to guidelines on the investigation of death investigations and police responses.

PLS 408 Policing and Technology. (3) A. Prerequisite: Junior or Senior standing. Examines the current realities of cyber crime and the official police response. Consideration will be given to legal issues, civil liberties, police deviance and the sociopolitical impacts of technology.

PLS 410 The Police and Community. (3) A. Prerequisite: Junior or Senior standing. Examines the relationship between the police and the community that address crime and quality of life problems. Community is examined as a geographical space made of multiple and diverse publics sometimes requiring different strategies and actions. Distinctness of the police role is drawn between public relations and community partnership.

PLS 414 Social Forces and Policing Society (3) A. Prerequisites: CRJ 101 and PLS 103. Sophomore standing or higher. Examines the history and evolution of policing in the United States with an emphasis on the political, social, cultural, legal and organizational forces that have molded that history. The roles and functions of police in America are examined in detail within the context of race, class and gender.

PLS 415 Contemporary Police Strategies. (3) A. Prerequisites: CRJ 101 and PLS 105 with a grade of “C” or better. Review of contemporary police issues, programs, and strategies. Detailed analysis and evaluation of police practices, including impact on the relationship between the police and the community. Assessment of police reform measures and accountability mechanism.

PLS 416 Criminal Procedure. (3) A. Prerequisite: PLS 216, sophomore standing, or instructor approval. A detailed study of the laws of arrest (including the use of force), search and seizure, emphasizing the constitutional basis, historical development, statutes, and recent court decisions.

PLS 420 Surveillance & Society. (3) A. Prerequisite: Junior or Senior standing. Examines the nexus of surveillance, policing, and society. The course explores the role of states, corporations and individuals in monitoring and policing of bodies, populations, property and information. Consideration is given to historical and contemporary dynamics of surveillance in socio-technical assemblages, risk and security discourses, institutional blur and inequalities and civil liberties.

PLS 426 Federal Criminal Law. (3) A. Prerequisites: PLS 216 or CRJ 312; sophomore standing. An examination of criminal law enforcement system with a focus on substantive offenses. In addition to specific crimes, the basis of federal jurisdiction will be studied.

POL—Political Science
Dr. Lynnette Noblit, Chair

POL 100 Principles of Politics and Government. (3) I, II. An introductory social science course focusing on the political and governmental aspects of society. Does not count toward political science major requirements. Credit will not be awarded for both POL 101 and 100S. Gen. Ed. E-5B [SB].

SOC 320 Mind, Self, and Society. (3) A. Prerequisite: ENG 102, 105(B), or HON 102. Completion of SOC 131 is advised before taking SOC 320. Relation of the individual to the sociocultural environment, with special reference to personality development, interpersonal role behavior, motivation, and social attitudes.
Prerequisite: students must have successfully completed 15 hours of Spanish major courses or equivalent proficiency. In addition, transfer students must have completed one semester of full-time coursework with at least a minimum of 80 hours of employment is required for each semester hour of academic credit. Site, plan and hours must be approved by Spanish coordinate. Work under coordinator and field supervisors in placements related to academic studies. Maximum of 6 (six) hours toward a degree.

SPA 349 A-N Cooperative Study: Spanish. (5-6) A. Prerequisite: students must have successfully completed 15 hours of Spanish major courses or equivalent proficiency. In addition, transfer students must have completed one semester of full-time coursework with at least a minimum of 80 hours of employment is required for each semester hour of academic credit. Site, plan and hours must be approved by Spanish coordinate. Work under coordinator and field supervisors in placements related to academic studies. Maximum of 6 (six) hours toward a degree.

SPA 360 Topics in Grammar: (3) I, II. Prerequisites: SPA 206 and SPA 301. May be retaken to a maximum of 6 hours if content is different. Emphasis on improving the understanding and application of Spanish through study of selected components of Spanish grammar in a variety of written cultural contexts.

SPA 370 Conversation and Composition. (3) A. Prerequisite: students must have successfully completed 15 hours of Spanish major courses or equivalent proficiency with department chair approval. Intensive practice in developing skills for effective oral and written communication in Spanish. Taught in Spanish.

SPA 380 Civilizations of Spain. (3) I. Prerequisite: students must have successfully completed 15 hours of Spanish major courses or equivalent proficiency with department chair approval. An exploration of Spain's intellectual, cultural, and historical development. Class conducted primarily in Spanish with Spanish texts in order to further development of reading, speaking, comprehension, and writing skills in Spanish.

SPA 381 Civilizations of Latin America. (3) II. Prerequisites: SPA 301 and 360, or equivalent proficiency with department chair approval. An exploration of Latin America's intellectual, cultural, and historical development. Class conducted primarily in Spanish with Spanish texts in order to further development of reading, speaking, comprehension, and writing skills in Spanish.

SPA 390 Advanced Spanish Literature: (3) A. Prerequisite: SPA 360. A selected topic such as literature of Latin America in centuries. Taught in Spanish.

SPA 405 Hispanic Language and Culture I. (3) A. Prerequisite: SPA 301 or equivalent proficiency with department chair approval. Readings and interactive analyses of representative authors, works, and movements of both Spain and Spanish-America in their historical and cultural contexts from the Middle Ages to 1700. Taught in Spanish.

SPA 406 Hispanic Literature and Culture II. (3) A. Prerequisite: SPA 301 or equivalent proficiency with department chair approval. Readings and interactive analyses of representative authors, works, and movements of both Spain and Spanish-America in their historical and cultural contexts in the 18th and 19th centuries. Taught in Spanish.

SPA 407 Hispanic Language and Culture III. (3) A. Prerequisite: SPA 301 or equivalent proficiency with department chair approval. Readings and interactive analyses of representative authors, works, and movements of both Spain and Spanish-America in their historical and cultural contexts, in the 20th century. Taught in Spanish.

SPA 410 Introduction to Interpreting. (3) Prerequisite: SPA 360. This is a practical course designed for students preparing for a career in interpreting. Topics may include the following: sociolinguistic background, interpreting skills, the legal system, sociocultural background, and the psychology of interpretation. Readings in sociolinguistic and sociocultural background materials may be required.
ECO 220 or EPY 842 or HEA 450 or QMB 200. Basic concepts of sampling theory, simple random sampling, stratified random sampling, cluster sampling, systematic sampling, ratio and regression estimation, applications to surveys, and use of statistical software. Written and/or oral presentations required.

STA 380 Nonparametric Statistics. (3)
A. Prerequisite: STA 215 or STA 370. Credit will not be awarded to students who have credit for STA 501.

STA 385 Probability for Actuaries. (1)
A. Prerequisite: STA 370 or STA 520. Review of elementary probability theory, univariate and multivariate probability distributions, moment generating functions, transformations, order statistics, and applications of probability concepts in a risk management context. Preparatory for Exam P.

STA 480 Seminar in __________. (1-3)
A. Prerequisite: departmental approval. Topic announced at the time of offering. May be retaken to a maximum of 12 hours, provided the topics are different.

STA 498 Statistics Capstone. (1)
A. Cross-listed as MAT 498. Prerequisite: senior status as either a Mathematics or Statistics major. Designed to enable students to synthesize and integrate their mathematics and statistical knowledge. Students will learn how to conduct research and present the results. Credit will not be awarded for both STA 498 and MAT 499.

STA 503 Statistics with Technology for P-9 Teachers. (3)
A. Topics in statistics appropriate for teachers of grades P-9. Credit does not apply toward B.S. or B.S. (teaching) degree requirements for programs offered within this department.

STA 507 Seminar in Statistics: ______. (1-3)
A. Prerequisite: departmental approval. Topics vary with offering. May be retaken with advisor approval, provided the topics are different. Credit toward degree requirements will depend on the course content.

STA 520 Mathematical Statistics I. (3)
I. Cross-listed as MAT 520. Prerequisites: MAT 244, 244H, 254, or 254H; and STA 215 or 270. Descriptive statistics, discrete and continuous probability distributions for one and two variables, functions of random variables, sampling distributions, expectations and generating functions. Credit will not be awarded to students who have credit for MAT 320.

STA 521 Mathematical Statistics II. (3)
II. Prerequisites: MAT 239; MAT 520 or STA 520. A continuation of STA 520. Estimation theory, hypothesis testing, linear regression, analysis of variance, allied topics.

STA 570 Quality Control & Reliability. (3)
A. Prerequisites: Senior standing, MAT 234 or 234H, and STA 320. Analysis of six sigma techniques, statistical analysis of process capability, statistical process control charts, quality improvement, acceptance sampling, and an introduction to product reliability.

STA 575 Statistical Methods Using SAS. (3)
A. Prerequisites: Departmental approval. STA 215 or STA 501 or STA 520 or STA 701 or STA 702 or STA 534 or STA 484 or STA 580 or STA 585 or STA 590. Statistical methods focusing on the use of the SAS computer package and interpretation of data. Assumptions of parametric and nonparametric tests.

STA 580 R and Introductory Data Mining. (3)
A. Prerequisite: STA 320, MAT 124, and CSC 160 or 174 or 177 or 190. Data set manipulation, application of statistical techniques in R, statistical programming, and data mining skills.

STA 585 Experimental Design. (3)
A. Prerequisite: STA 320 or departmental approval. Completely randomized designs, factorial experiments, multiple comparisons, model diagnostics, randomized blocks, Latin squares, fixed and random models, nested-factorial experiments, 2-factorial experiments, and split-plot designs. Emphasis on applications and use of statistical software.

SWK—Social Work

Dr. Pat Litzelfelner, Director

SWK 100 Introduction to Social Work. (3)
A. Prerequisite: departmental approval. Directed study/ research on a problem or area chosen in consultation with instructor. Final paper required. May be retaken to a maximum of six hours.

SWK 489 Social Work Research Methods. (3)

SWK 490 Social Work Practice I. (3)
I, II. Prerequisites: SWK 335 and SWK 350. Exploration of the social work process and skills, knowledge and values, service populations, networks, organizations, and communities. Emphasis on community research; program development and evaluation; grantmanship; strategies to advance social justice and address institutional and cultural violence.

SWK 491 Crisis Intervention I. (3)
I, II. Prerequisite: ENG 102 or ENG 105 or ENG 102W. Gen. Ed. E-5B [SB].

SWK 492 Crisis Intervention II. (3)
I, II. Prerequisite: ENG 102 or ENG 105 or ENG 102W. Gen. Ed. E-5B [SB].

SWK 390 Field Experience in a Social Agency. (3) I, II. Prerequisites: SWK 350 and SWK 354 and overall GPA 2.5. Prerequisite or corequisite: Personal Liability Insurance. Eight hours per week in an agency, community program, or project approved by Field Education Coordinator plus 1 1/2 hour seminar. Applications of practice theory and process. Student must apply the semester preceding course enrollment. Majors only.

SWK 410 Social Welfare Policy Practice. (3) I, II. Prerequisite: SWK 310 or SWK 310W. Dynamics of policy implementation at administrative, legislative, and institutional levels: policy analysis, formulation, modification, and evaluation; focus on policies that contribute to social injustices and policies that foster the creation, enhancement, or promotion of violence.

SWK 450 Child Abuse Interventions. (3)
A. Prerequisite: SWK 350 and admission to Public Child Welfare Certification Program (PCWCP). Development of assessment, intervention, and prevention skills in child abuse and neglect. Focus is on public agency involvement. Required course for PCWCP.

SWK 455 Selected Topics in Social Work. (3)
A. Prerequisite: departmental approval. Recommended Junior or Senior standing. Open to all Majors. Course content will be determined by interest, and developments in the profession. May be taken to a maximum of six hours.

SWK 456 Children’s Services. (3)
A. Prerequisite: instructor approval. Critical appraisal of societal values of priorities underlying services to children. Examines range of services and skills used in social work practice with children; understanding psychosocial needs of children.

SWK 457 Assessing Needs of Older Adults. (3)
A. Examines societal values relating to the elderly; psycho-social needs of the elderly; community-based and institutional services; and dynamics of working with the...
elderly and their families. Open to all majors.

SWK 498 Social Work Practicum. (12) I, II. Prerequisite: overall GPA of 2.5 and completion of all other major requirements with a minimum grade of “C.” Corquisite: Personal Liability Insurance. Supervised practice in a social agency approved by Field Education Coordinator. Typically four days a week for 15 weeks plus on-campus seminar. Application must be made through Field Education Coordinator the semester preceding placement. Social Work majors only.

SWK 499 Independent Study in Social Work. (1-6) A. Student must consult with the faculty supervisor and have the independent study proposal form approved by faculty supervisor, program director, and department chair prior to enrollment. May be retaken to a maximum of six hours.

TEC 368 Workshop in Technology. (1-4) A. Presentation of technology topics of a timely or specialized nature in a workshop format. May be retaken to provide the topics are different.

TEC 404 Principles of Engineering and Technology. (3) A. Prerequisite: CTE 361 or departmental approval. To familiarize students with important principles of engineering and technology, including electrical, civil, mechanical and other engineering and technology areas. 2 Lec/2 Lab.

THE — Theatre Arts

Dr. Tim Ross, Chair

TEC 102 Technology and Society. (3) I, II. The role of technology in society. Characteristics of a technologically literate citizen. Perspectives, theories, issues, concerns, and facts to support the recognition of the forces and consequences of technological change. Evolution and current trends of diverse technologies.

TEC 141 Elementary Woodworking. (3) I, II. Emphasis on the use of common hand tools, basic machine operations, problems in furniture construction, related technical information, and finishing materials and methods. Not open to students majoring in a program within the department.

2 Lec/2 Lab.

TEC 161 Computer Applications in Technology. (3) I, II. A survey of computer systems and software applications currently in use in technology related fields. 2 Lec/2 Lab.

TEC 190 Technical Graphics. (3) I, II. Shape and size description of objects using conventional projection techniques—multiview, axonometric, oblique, and perspective. Emphasis is placed on sketching with paper and pencil and with computers. 2 Lec/2 Lab.

TEC 303 Problem Solving and Engineering Design. (3) A. Prerequisites: TEC 190 or departmental approval. Application of the principles of engineering design related to various media; emphasis on experimentation and problem solving in development and construction of engineering design solutions. 2 Lec/2 Lab.

TEC 305 Creative Problem Solving. (3) I. Prerequisite: CRE 101 or departmental approval. A review and analysis of basic and applied research in the development of creative behavior with emphasis on its application to methods and techniques used in creative problem solving in personal/professional settings.

TEC 322 Crafts for Children. (3) I, II. Introduction to various craft media and their application in recreational children’s crafts programs. Emphasis on activities appropriate for children and the use of inexpensive and readily available materials. 2 Lec/3 Lab.

TEC 323 Product Design. (3) I, II. Prerequisite: TEC 391. Elements of product design as it relates to materials, such as woods, metals, and plastics. Emphasis placed on experimentation and problem solving in developing design solutions, detailed drawings and illustrations and the presentation of design ideas. 2 Lec/2 Lab.

TEC 333 Special Problems in Technology. (1-6) I, II. An independent study course for exceptional undergraduate students. A study proposal will be developed by the student and approved by the faculty supervisor and department chair prior to enrollment. May be repeated provided the topic of study is different.

TEC 349 Applied Learning in Technology. (5-8) I, II. Prerequisite: departmental approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

TEC 380 Cooperative Study: Technology. (5-8) I, II. Prerequisite: departmental approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

THE 110 Basic Concepts of Stagecraft. (3) A. Prerequisite: departmental approval. Problems of stagecraft dealing with the scenic process—use of materials, construction and handling of scenery—and basic stage electricity. Lecture and lab.

THE 130 Theatre Arts Practicum I. (1) I, II. Study and practical experience in theatre production through participation in departmental productions. May be retaken to a maximum of three hours.

THE 135 Acting I. (3) I, II. Investigation and practice of the fundamentals in the acting process. Course work will include physical and mental preparation for the actor, improvisation, and beginning scene work. Gen. Ed. E-3 A [AH].

THE 150 Improvement of Voice and Articulation. (3) A. Basic theory and speech production; phonetic and vocal drills for improvement of voice and articulation; adapted to students’ individual speech needs.

TRS—Traffic Safety

TRS 103 Safety in Personal Transportation. (2) A. Designed to survey the basic concept of safety; including the philosophy and concept of risk, countermeasures and priorities of safety and traffic control. Classroom instruction; experiences include a personal assessment of safety-related behavior emphasizing personal forms of transportation.

TRS 225 Basic Fleet Management

Safety Principles. (3) A. A classroom and laboratory program designed to introduce personnel to problems and practices of motor fleet safety programming and regulatory requirements.

TRS 233 Emergency and Defensive Driving Techniques. (3) A. Instruction for drivers in defensive driving techniques and emergency or unusual driving situations. Classroom and practice driving instruction in vehicle handling techniques.

TRS 234 Beginning Motorcycle Safety. (3) A. Designed to develop in students the necessary concepts, principles, and competencies for use of two-wheeled motorized vehicles including minibikes, mopeds, and motorcycles. Motorcycles and helmets are provided.

TRS 235 Emergency Vehicle Roadway Operations Safety. (3) A. Program designed to learn collision prevention and crash mitigation techniques needed when emergency situations occur in an emergency response vehicle. Included in the course work is theory to introduce and simulate avoidance maneuvers.

TRS 285 Introduction to Driver and Traffic Safety. (3) A. Designed to provide the concepts, principles, judgment, and performance for safe, efficient use of the highway system. Exposure is provided to a multiple-phased driver education instruction program.

TRS 322 Traffic Law Enforcement. (3) A. A course designed to provide the principles and practices of traffic law enforcement.

TRS 332 Traffic Crash Causation and Investigation. (3) A. A study of the principles of traffic accident causation and techniques used in investigation. Designed to increase the investigator's knowledge and understanding necessary for gathering factual information through investigation as opposed to reporting traffic accidents.

TRS 342 Advanced Accident Investigation (3) A. Prerequisite: TRS 332. Course designed to prepare participants in advanced traffic accident investigation methods and techniques.

TRS 349 Applied Learning in Traffic Safety. (5-8) A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours per semester or summer. A minimum of 80 hours work required for each academic credit.

TRS 349 A-N Cooperative Study; Traffic Safety. (5-8) A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours per semester or summer. A minimum of 80 hours work required for each academic credit.

TRS 386 Methods and Educational Media in Driver and Traffic Safety. (3) A. Designed to provide the student the opportunity to design and instruct driver education utilizing the multimedia system and the simulation system of instruction.

TRS 395 Marine Transportation Safety

(3) A. Prerequisite OSH 261 or OSH 361. This course covers the historical development of marine safety and health and the functioning regulations. Emphasis is placed on OSHA 29 CFR standards and USCG Title 46 as resources.

TRS 407 Independent Study in Driver and Traffic Safety Education. (1-6) A. Designed to give the student the opportunity to develop specific competencies by designing and conducting research in the broad area of traffic safety, or by independent reading assignments in the area of traffic safety education. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours.

TRS 413 Current Developments in Driver and Traffic Safety. (3) A. Current problems, issues, trends, and developments in traffic safety are reviewed, analyzed, and evaluated.

TRS 487 Behavioral Approaches to Driver and Traffic Safety. (3) A. Designed to study, analyze, and develop behavioral objectives applied to driving task instruction with study and evaluation of individualized learning approaches for programs in driver education.

TRS 491 Special Topics: Traffic Safety Education. (1-3) A. Prerequisite: VTS 200. Exploration of selected topics in traffic and driver safety. May be retaken under different topics to a maximum of six hours.

TRS 588 Laboratory Instructional Programs in Driver and Traffic Safety. (3) A. Designed to provide the background, knowledge, and competencies to instruct the laboratory phases of the multiple-car driving range and on-street instruction. Provided are experiences related to implementation and administration of such programs.

UNP—University Programs, Study Abroad

UNP 200 Study Abroad. (1-6) A. Prerequisite: Study Abroad coordinator approval required. Participate in an approved educational experience at a foreign university. Student may earn up to 6 credit hours of foreign educational experience at this level provided course topic is not repeated.

UNP 300 Study Abroad. (1-6) A. Prerequisite: Study Abroad coordinator approval required. Participate in an approved educational experience at a foreign university. Student may earn up to 6 credit hours of foreign educational experience at this level provided course topic is not repeated.

UNP 400 Study Abroad. (1-6) A. Prerequisite: Study Abroad coordinator approval required. Participate in an approved educational experience at a foreign university. Student may earn up to 6 credit hours of foreign educational experience at this level provided course topic is not repeated.

VTS—Veterans Studies

Allen Back, Program Coordinator

VTS 300 Veterans in Society (3) A. Prerequisite: ENG 102 or 105(B) or HON 102; VTS 200 or equivalent proficiency. (Students entering VTS 300 by referral or placement receive three hours credit for VTS 200 if they make an “A” or “B” in 300.) Concentrated study of veterans’ interactions and roles within society using the relational, cultural, and political dimensions of Veterans Studies. May include field trips. Required course for VTS certificate, concentration, or minor. Gen. Ed. E-6 [GE].

NOTE: Students earning “A” or “B” in VTS 300 will be awarded credit for VTS 200, earning six hours of credit; thus completing General Education Element 6. Those earning “C” or “D” will earn three hours credit for VTS 300, completing only half of the Element 6 requirements.

VTS 349 Applied Learning for Veterans Studies (5-8) A. Prerequisite: VTS 200 and junior standing. Work or volunteer in an area related to Veterans Studies. One to eight hours credit. A minimum of 80 hours employment required for each semester hour credit. No more than 3 hours may count toward VTS program.

VTS 350 Cooperative Study; Veterans Studies (5-8) A. Prerequisite: VTS 200 and junior standing. Work or volunteer in an area related to Veterans Studies. One to eight hours credit. A minimum of 80 hours employment required for each semester hour credit. No more than 3 hours may count toward VTS program.

WGS—Women and Gender Studies

Dr. Lisa Day, Director

WGS 132 Introduction to the Family, (3) A. Cross-listed as CDF 132. Ecological and systems approach applied to public and private family concepts; historical changes and current status; relationships among individuals, families, consumers, and communities; status of women, men, children and the elderly; public policy related to changes in the family. Credit will not be awarded for both WGS 132 and CDF 132.

WGS 201 Intro to Women & Gender Studies. (3) A. Introduction to interdisciplinary field of women and gender studies and feminist scholarship. Provides overview of the diversity of women’s experiences, images, and issues from a wide variety of disciplinary perspectives. Gen. Ed. E-5 [GE].
