Notifications

All statements in this publication are announcements of present policy only and are subject to change without prior notice. Nothing contained in this publication is intended to create nor shall be construed as creating a contract, either express or implied, or guarantee for any term or for any specific procedures.

Eastern Kentucky University is an Equal Opportunity/Affirmative Action employer and educational institution and does not discriminate on the basis of age, race, color, religion, sex, sexual orientation, disability, national origin or Vietnam era or other veteran status in the admission to, or participation in, any educational program or activity which it conducts. Any complaint arising by reason of alleged discrimination should be directed to the Equal Opportunity Office of Eastern Kentucky University (Jones Building, Room 106, CPO 37A, Richmond, KY 40475-3102, 859- 622-8020 v/tdd), or to the Director of the Office for Civil Rights, U.S. Department of Education, Philadelphia, PA.

The Board of Regents of Eastern Kentucky University does hereby reaffirm the University’s commitment to providing educational opportunities to all qualified students regardless of economic or social status and ensuring that participation in all University sponsored activities will be administered in a way that furthers the principles of equal employment and educational opportunities.

Eastern Kentucky University does not discriminate on the basis of disability in the admission or access to educational opportunities, programs or activities. The Director of Services for Individuals with Disabilities, Turley House, Room 1, Eastern Kentucky University, Richmond, Kentucky 40475, coordinates compliance with all federal, state and local laws and regulations concerning access for disabled individuals. Requests for information concerning the Americans with Disabilities Act and other federal and state laws relating to disabilities and the rights provided thereunder, as well as all requests for accommodations based upon disability should be directed to this office.

Eastern Kentucky University is committed to providing a healthy and safe environment for its students, faculty and staff through its compliance with the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendment of 1989. In accordance with these laws, students, faculty and staff are hereby notified of the standards of conduct which shall be applicable while on University property, on University business or at University sponsored activities.

By University rules and regulations, federal laws, state laws, and local ordinances, students, faculty and staff are prohibited from the unlawful possession, use, dispensation, distribution, or manufacture of illicit drugs on University property, on University business and/or at University sponsored activities.

Any member of the student body, faculty or staff who violates the University’s standards of conduct shall be subject to appropriate disciplinary action up to and including expulsion and/or termination. In addition to disciplinary sanctions, students or employees may face prosecution and imprisonment under federal and/or state laws which make such acts felony or misdemeanor crimes. The specifically defined standards of conduct, the disciplinary procedures and possible sanctions appear in the Student Handbook and the Faculty Handbook.

Expulsion of a student is permanent separation and removal from the University. The sanction of expulsion must be approved by the University president or the president’s designee; it requires a student to be withdrawn or failed from all classes, suspended from the residence halls or graduate housing (if applicable), banned from all University facilities (and subject to arrest for trespassing), rendered ineligible to register for any University class, and prohibited from participating in University activities. The student’s transcript will indicate that the student was expelled, with the notation: “Expelled - Ineligible to Return”.

Continuous efforts are made to make students, faculty and staff aware of the on-campus and off-campus programs which provide information and professional services on matters related to the abuse of alcohol and drugs. For additional information individuals should contact the Eastern Kentucky University Counseling Center.

Federal Regulations

(as amended)
PUBLIC LAW 93-380

This is to serve notice to all students of Eastern Kentucky University of the rights and restrictions regarding the maintenance, inspection, and release of student records contained in the Family Educational Rights and Privacy Act of 1974 (FERPA), as amended. The University is composed of five colleges and offers a wide variety of services to students. Each college and service requires the maintenance of some records concerning students enrolled in a particular college or participating in a nonacademic service. The location and type of record maintained by the University depends upon the field of study or service in which the student is enrolled. The following is a list of the types of records maintained by the University for students:

1. Grade reports
2. Transcripts
3. Curriculum information
4. Applications for graduation
5. Correspondence with students, if any
6. Withdrawal records, if applicable
7. Admission forms
8. ACT test scores
9. Student teacher evaluations, if applicable
10. Letters of recommendation, if applicable
11. Nominations for awards if applicable
12. Biographical data
1. Access to Records: In general, the records maintained by the University are available only to the student, to University personnel with legitimate educational interests, to other institutions where the student is seeking financial aid, and to authorized representatives of the Comptroller General of the U.S., the Secretary of Education, or an administrative head of an education agency, in connection with an audit or evaluation of federally support programs, and as provided by Section 164.283 of the Kentucky Revised Statutes. However, information may be released by the institution to appropriate persons in connection with an emergency if the knowledge of such information is necessary to protect the health or safety of a student or other persons. Records may also be furnished in compliance with a judicial order or pursuant to a subpoena or with the consent of the student.

Students may inspect and review all records pertaining to them within forty-five (45) days of making request for same, except for (1) records created or maintained by a physician, psychiatrist, psychologist or other recognized professional or paraprofessional assisting in a professional capacity in connection with treatment of the student (except that the student may have these records reviewed by a physician or appropriate professional designated by the student), (2) financial records of the student’s parents, (3) confidential letters and recommendations put in the files prior to January 1, 1975, and (4) confidential recommendations relating to admission, applications for employment, or honors, if the student has waived his/her right to review such records. Where a particular record cannot be reviewed by a student without revealing confidential information relating to other students, the records custodian will inform the student, upon request, of the contents of the record pertaining to that student.

Parents who claim a student as a dependent may present their federal tax declaration, in lieu of having the student’s written consent, to gain access to information concerning their children’s grades.

2. Disciplinary Records: Disciplinary records are defined as those records (maintained in any format) which relate exclusively to violations of University General Regulations Governing Student Behavior which have been adjudicated through the office of Student Rights and Responsibilities. Complaints to the Office of Student Rights and Responsibilities which have been dismissed or withdrawn by the University are not considered disciplinary records. A student disciplinary record includes and is limited to: (1) violation report, (2) student notification letter, (3) sanction sheet, (4) notice of hearing, (5) students right form, (6) roll call of hearing participants in any hearing, (7) documents presented as evidence during any hearing, (8) record of Student Disciplinary Council hearing; (9) appeal letter with accompanying documents; and (10) final disposition of appeal.

3. Directory Information: The University may release information without the student’s consent where the information is classified as “directory information.” The following categories of information have been designated by the University as directory information: name, address (excluding EKU residence hall room number), telephone listing (excluding cell phone), email address, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, academic level (undergraduate or graduate), academic class (freshman, sophomore, junior, or senior), dates of attendance, enrollment status, degrees and awards received, student photo or likeness, and the most recent previous education institution attended by the student. Students who do not wish such information released without their consent should notify the Student Records Office in writing. Any such request should be sent to Office of the Registrar, Office of Academic Records/Transcripts, Eastern Kentucky University, Student Success Building Room 239, CPO 58, 521 Lancaster Avenue, Richmond, Kentucky 40475-3158.

4. Notification of Rights Under FERPA for Postsecondary Institutions: The Family Educational Rights and Privacy Act affords students certain rights with respect to their education records. All EKU students are informed of their FERPA rights each year during the fall term through an email notification sent to their official EKU email address. Each student’s FERPA rights are:

   (1) The right to inspect and review the student’s education records within 45 days of the day the University receives a request for access. Students should submit to the registrar, dean, head of the academic department, or other appropriate official, written requests that identify the record(s) they wish to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

   (2) The right to request the amendment of the student’s education records that the student believes are inaccurate or misleading.

Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write the University official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the University decides not to amend the record as requested by the student, the University will notify the student of the decision.
and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate education interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the University discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

(4) The right to file a complaint with the U.S. Department of Education concerning allege failures by the University to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are: Family Policy Compliance Office, U.S. Department of Education, 600 Independence Avenue SW, Washington, DC 20202-4605.

5. Procedures for Challenge: A student who believes that any record maintained by the University pertaining directly to that student is inaccurate, misleading, or otherwise violative of the right of privacy of the student as provided by Title IV of Pub. L. 90-247, as amended, and Publ. L. 93-380 as amended by Senate Joint Resolution 40 (1974) may request a hearing before a panel of three persons appointed by the President of the University. The panel may direct that appropriate action be taken to correct, explain, or expunge the record(s) challenged.

Request for hearings should be addressed to the Office of University Counsel, Eastern Kentucky University, Coates Room 205, CPO 40A, 521 Lancaster Avenue, Richmond, Kentucky 40475-3102.

Student Right-To-Know Act
(Pub. L. 101-542)
Eastern Kentucky University
1999-2000

Section 103 of the Student Right-To-Know and Campus Security Act of 1990 (Public Law 101-542) as amended by the Higher Education Technical Amendments of 1991 (Public Law 102-26) requires public disclosure of relevant graduation rate information for students enrolled in colleges and universities receiving federal financial assistance annually beginning July 1, 1993. Graduation rate information is published each year in the University Handbook for Students or may be obtained upon request from the Office of the Senior Vice President for Academics and Provost, Coates Administration Building, Room 110, CPO 30A, 521 Lancaster Avenue, Richmond, Kentucky 40475-3102.

Introduction

Eastern Kentucky University is a regional, coeducational, public institution of higher education offering general and liberal arts programs, pre-professional and professional training in education and various other fields at both the undergraduate and graduate levels. Located in Richmond, Madison County, Kentucky, Eastern Kentucky University has a distinguished record of more than a century of educational service to the Commonwealth.

Situated near the heart of the Bluegrass, Richmond is served by a network of major highways which makes Eastern Kentucky University easily accessible from all parts of Kentucky and surrounding states. Richmond is 26 miles southeast of Lexington, Kentucky. Interstate Highways 1-75 (north-south) and I-64 (east-west) make the metropolitan areas of Cincinnati, 112 miles to the north, and Louisville, 110 miles to the west, within convenient distance by automobile. Richmond is also served by U.S. Route 25 from south Eastern Kentucky and Kentucky Route 52 from the east and west. The Kentucky Turnpike and the Mountain, Hal Rogers, and Cumberland Parkways provide even greater accessibility by automobile since the city is located near the convergence of these arterial highways into the interstate system.

Richmond, the county seat of Madison County, is an expanding community of approximately 30,000 population.

In and around Richmond are many areas of historic and scenic interest. Boonesborough State Park, birthplace of Kentucky, is located 12 miles to the north. Many other historical places are within easy driving distance. Scenic and recreational areas surround this section of the state.

History

The Kentucky General Assembly of 1906 enacted legislation establishing the Eastern Kentucky State Normal School. Governor J. C. Beckham signed the bill into law on March 21, 1906. On May 7 of that year, the Normal School Commission, meeting in Louisville, selected the campus of the old Central University, founded in 1874, in Richmond, Kentucky, as the site of the new school. On June 2, 1908, Ruric Nevel Roark was chosen President of the Normal School and the training of teachers was begun.

In 1922, Eastern Kentucky University became a four-year institution known as the Eastern Kentucky State Normal School and Teachers College. The first degrees were awarded by this institution in 1925. In 1928, the College was accredited by the Southern Association of Colleges and Secondary Schools. In 1930, the General Assembly renamed the school the Eastern Kentucky State Teachers College.

In 1935, a graduate program was approved at Eastern, leading to the Master of Arts degree in Education. In 1948, the General Assembly removed the word "Teachers" from the name of the college and granted the college the right to award nonprofessional degrees.

The most significant day since its founding came for Eastern on February 26, 1966, when Governor Edward T. Breathitt signed into law a bill renaming the institution Eastern Kentucky University (EKU) and sanctioning the awarding of graduate degrees in academic fields other than education.

During this period of time, Eastern Kentucky University has increased rapidly in size and stature. Beginning with a few students engaged in short review and certificate courses, the University today serves thousands of Kentuckians. The curriculum leads to associate degrees, baccalaureate degrees, and an expanding graduate program that currently offers degrees at the master’s level in many other fields as well as the already well-established Master of Arts degree in Education and the various fifth- and sixth-year leadership programs in education. Specialist degree programs have been implemented in education and psychology.

In 2008, EKU offered its first doctoral degree, the Doctor of Education (Ed.D.). Since that time, EKU also offers the Doctor of Nursing Practice (DNP) and the Occupational Therapy Doctorate (OTD).

Ever-mindful of the purpose of its founding, Eastern continues to recognize its historic function of preparing quality teachers for the elementary and secondary schools of the Commonwealth. However, a strong liberal arts curriculum leading to appropriate degrees, together with pre-professional courses in several areas and graduate programs, enable Eastern to serve the Commonwealth as a regional comprehensive university.

Mission Statement

As a school of opportunity, Eastern Kentucky University fosters personal growth and prepares students to contribute to the success and vitality of their communities, the Commonwealth, and the world.

Eastern Kentucky University is committed to access, equal opportunity, dignity, respect, and inclusion for all people, as integral to a learning environment in which intellectual creativity and diversity thrives.

Core Values

Eastern Kentucky University’s values shall permeate the mission and will be the fiber of the institution for it to achieve its vision.

Since its inception in 1874, Eastern Kentucky University (then known as Central University) has been driven by core values. Although its mission has evolved and expanded to meet the changing needs of citizens of the Commonwealth (and increasingly other places in the world), core values are still an integral part of the University community. Values are the code of organizational conduct. They guide decision-making in all parts of the University. They direct our actions and must inspire all of us in the EKU community to be true to them. The EKU community is committed to embodying these values in our policies and procedures in our day-to-day activities to accomplish our mission and achieve our vision. EKU has been and will continue to be guided by the following values when planning strategies and implementing decisions regarding the University community’s teaching, scholarly, and service activities.

Intellectual Vitality, which is characterized by knowledge, scholarly inquiry, creativity, critical thinking, and curiosity, all with a global perspective;

Sense of Community, which is characterized by a supportive environment with strong relationships and a commitment to service, shared governance, collaboration, and unity of purpose;

Cultural Competency, which is characterized by equitable opportunities and treatment, mutual respect, and the inclusion and
celebration of diverse peoples and ideas;

**Stewardship of Place**, by which the University enhances the intellectual capacity, economic vitality, environmental sustainability, and quality of life of the communities it serves;

**Accountability**, which is characterized by fiscal responsibility, operational transparency, and responsiveness to the needs of internal and external stakeholders; and

**Excellence**, which is achieved through integrity, continuous quality improvement, and a focused emphasis on the personal and professional growth of students, faculty, and staff.

### Vision

Eastern Kentucky University will be a premier university dedicated to innovative student engagement and success, advancing Kentucky, and impacting the world.

The vision expresses the principal ideal to which the University aspires and toward which it continually works. This vision statement for the University Strategic Plan was developed after gathering input from external and internal constituents, including top-down and bottom-up perspectives of EKU’s future.

### Institutional Goals

Eastern Kentucky University’s institutional goals give substance to our core values, vision statement, and mission statement. The goals impact all facets of university life, and accomplishment of them will help Eastern to become a leading comprehensive university in the Commonwealth with a national reputation for excellence.

- Academic Excellence
- Commitment to Student Success
- Institutional Distinction
- Financial Strength
- Campus Revitalization
- Service to Communities and Region

### Strategic Directions

#### Make No Little Plans: A Vision for 2020

With input from the University communities and the Strategic Planning Steering Committee, this plan outlines the areas we need to add, emphasize, or grow in order to achieve our vision of being a premier university dedicated to innovative student engagement and success, advancing Kentucky, and impacting the world.

#### Strategic Goal 1: Academic Excellence

Strategic Direction 1.1: Invest in Our Faculty
Strategic Direction 1.2: Promote Innovative Instruction and Programming.
Strategic Direction 1.3: Strengthen Academic Programs

#### Strategic Goal 2: Commitment to Student Success

Strategic Direction 2.1: Invest in Our Students
Strategic Direction 2.2: Focus on Strategic Enrollment
Strategic Direction 2.3: Increase Efforts to Retain and Graduate Students

#### Strategic Goal 3: Institutional Distinction

Strategic Direction 3.1: Invest in Our Staff
Strategic Direction 3.2: Advance the EKU Brand
Strategic Direction 3.3: Create a Dynamic, Diverse, and Inclusive University Culture

#### Strategic Goal 4: Financial Strength

Strategic Direction 4.1: Optimize Campus Resources
Strategic Direction 4.2: Increase External Support
Strategic Direction 4.3:

#### Strategic Goal 5: Campus Revitalization

Strategic Direction 5.1: Initiate and complete EKU Revitalization plan, which includes rehabilitation of existing facilities and construction of new ones with a focus on the EKU student experience.

#### Strategic Goal 6: Service to Communities and Region

Strategic Direction 6.1: Become the 1st-Choice Partner in Regional Educational, Economic, Cultural, and Social Development
Strategic Direction 6.2: Become Nationally Prominent in Fields with Regional Relevance
Strategic Direction 6.3: Bring EKU to Our Service Region
Strategic Direction 6.4: Bring Our Service Region to EKU
SECTION TWO

ADMISSION AND RESIDENCY

Directory

Admission to the University .................................................................9
Kentucky Pre-College Curriculum ......................................................12
Student Residency ...........................................................................12
Residency Appeals Policy and Procedures ................................. 17
ADMISSION TO THE UNIVERSITY

GENERAL REQUIREMENTS FOR UNDERGRADUATE ADMISSION

All applicants must provide an application and evidence of appropriate scholastic achievement through prior educational experience.

Please note that certain degree programs have special admission requirements. Admission to the University does not mean automatic admission to all degree programs.

The completed application and all required supporting documentation must be received by the University no later than:
- August 1 for fall enrollment
- December 1 for spring enrollment
- May 1 for summer enrollment

To apply for undergraduate admission to Eastern Kentucky University (EKU), submit completed application materials noted below and the $35 application fee to: Office of Admissions, Whitlock Bldg. 112, CPO 54, 521 Lancaster Avenue, Eastern Kentucky University, Richmond, KY 40475-3154.

ADMISSION REQUIREMENTS FOR FIRST-TIME FRESHMEN

GUARANTEED ADMISSION

Students who meet the following criteria will be granted full admission to the University:

Have graduated from an accredited high school earning a minimum cumulative high school grade point average of 2.5 on a 4.0 scale.1

AND

Have submitted a minimum ACT or SAT score of:2

• ACT English: 18+ or SAT Evidence Based Reading/Writing: 510
• ACT Math: 19+ or SAT Math 510
• ACT Reading: 20+ or SAT Evidence Based Reading/Writing: 510

AND

Meet the Kentucky Pre-College Curriculum

AND

Have submitted an official six-semester high school transcript, or a General Equivalency Diploma (GED), or documentation indicating completion of an EKU approved home-school or distance learning high school program.3

1All students must submit official test scores at the time of application.
2Adult Learners (21 years of age or older) may use Residual ACT, or University Placement Exam results in place of ACT or SAT scores.
3Students must submit final high school transcripts that show graduation.

STANDARD ADMISSION

Students who meet the criteria for guaranteed admission and have ACT (or equivalent SAT) subject scores below 18 in English or 20 in reading, or are missing Pre-College Curriculum requirements, will be granted admission to the University in this category.

Students who have an ACT (or equivalent SAT) subject scores at or above 16 in Mathematics, 14 in English, or 14 in Reading will be granted Success First Admission and must successfully complete directed coursework during the first academic year.

Students who submitted test scores subsequent to admission demonstrating proficiency at or above the indicated scores will be permitted to register for fall classes.

SUCCESS FIRST ADMISSION

Students who do not meet the specified criteria for guaranteed or standard admission and/or have a high school GPA of 2.0-2.49 on a 4.0 scale may be granted admission to the University through the Success First Initiative. Students will be admitted to associate level programs initially until they demonstrate academic success.

Refer to Success First Initiatives on page 44 in the College Readiness section for further details.

NOTE: All admitted students must meet the state-mandated college readiness standards for all subjects prior to registering for classes, or they must enroll in required preparatory coursework beginning their first academic semester.

ADMISSION ON APPEAL

Students who apply but are denied admission to the University may submit a written appeal to the Admissions Appeals Committee.

The committee will carefully consider all aspects of the applicant’s situation, including academic record, ACT or SAT scores that indicate the applicant has met benchmark in the academic readiness areas of English, mathematics, and/or reading and desire to attend EKU, as presented in the appeal request.

If granted admission by the committee, students will partner with an academic success coach and sign a Student Success Agreement specifying academic expectations and requirements for remaining enrolled at the University.

The admissions appeal form and information regarding the appeals process can be found on the EKU Admissions website or in the Office of Admissions. For more information regarding the Student Success Agreement, see that portion of the catalog.

REQUIREMENTS FOR INTERNATIONAL STUDENTS

International applicants must also submit:

1. International application for admission and application fee.
2. TOEFL Scores—minimum requirement 530 (paper based), 195 (computer based), or 71 (internet based with no band score below 16) OR Official IELTS Scores—must have at least 5.0 in all categories and 6.0 overall. Prospective Japanese students may qualify with an Eiken test score of Pre-1. Eastern Kentucky University will accept completion of level 112 from any English Language Services (ELS) program in lieu of TOEFL/IELTS Scores. Students may also submit ACT or SAT scores with reading and English scores for consideration as demonstrated language proficiency.

ACT sub-scores of an 18 in English and 19 in Reading OR SAT Evidence-Based Reading + Writing score of 510 or higher will also be sufficient to meet the English Language and Reading requirements.
To be admitted as a transfer student, you must:

(1) Submit a final official transcript from each regionally accredited institution you have attended. Eastern Kentucky University does not accept credits from institutions that are not regionally accredited. Note that the transcript must be sent from the student’s institution to Eastern Kentucky University’s Office of Admissions. Hand-carried transcripts will not be accepted. See Section Five of this catalog for information regarding transfer course credit.

(2) Have a 2.0 grade point average (GPA) on a 4.0 scale on all work from accredited institutions.

(3) Provide evidence that you are eligible to return to any institution you have previously attended when good academic standing is not indicated on the official transcript.

(4) Students with less than 24 college academic credits awarded since high school graduation will be considered first time freshmen for admissions purposes and will need to also submit ACT scores and high school transcripts. A student’s college coursework and academic performance will be considered in determining admissibility. While ACT scores are not required for transfer students with greater than 24 credit hours earned since high school graduation, students are encouraged to submit scores for proper course placement in English, mathematics, and reading courses. If proficiency in English, mathematics, and/or reading cannot be established by a review of the college transfer record, students will be required to prove proficiency through testing or appropriate course completion. Questions may be directed to the Office of Academic Readiness, 859-622-1892.

*Note:* If you are admitted as a transfer student, your institutional GPA will include hours attempted and quality points earned from all regionally accredited institutions. The Academic Advising Office and the academic department of your major will determine the applicability of your courses to your academic program.

*Note:* Eastern Kentucky University subscribes fully to the policies of the “General Education Transfer Agreement” of the Kentucky Council on Postsecondary Education. Thus, Eastern Kentucky University will apply courses transferred from Kentucky public institutions to its general education requirements in accord with those policies.

**Requirements for Readmission**

All previously enrolled EKU undergraduate students who have not attended Eastern Kentucky University for a period longer than 24 months must apply and be approved for readmission to the University before being allowed to continue taking classes.

Students who wish to return to EKU, who do not meet the established institutional GPA (see Good Academic Standing table on page 47), will return on Academic Probation status. These students will be assigned an academic coach in the Office of University Advising, and will develop an academic success plan with their coach before being allowed to register for classes. Continued enrollment is contingent upon adherence to their signed academic Student Success Agreement and meeting EKU Academic Standards Policy.

Students who wish to return to EKU but left with an institutional GPA of less than 1.5 must appeal for readmission through the Admissions Appeal Committee, in addition to submitting an application for readmission to the Office of Admissions. The form and instructions for an appeal for readmission can be found on the EKU Registrar’s website (http://www.registrar.eku.edu/Forms; Academic Standing/Readmit Appeals Form).

If the student’s appeal is approved he/she will be readmitted upon submitting an application for readmission. Both the application to the Office of Admissions, and the appeal to the Admissions Appeal Committee may be submitted simultaneously. The Admissions Appeal Committee may require an in-person interview during the appeal consideration process. If their appeal to return to EKU is approved these students will return on Academic Probation status. They will be assigned an academic coach in the Office of University Advising, and will develop an academic success plan with their coach before being allowed to register for classes. Continued enrollment is contingent upon adherence to their signed academic Student Success Agreement and meeting EKU Academic Standards Policy.

If a student has attended another institution since leaving EKU, and has been out of the University for longer than 24 months, his/her return to EKU will be considered under the readmission guidelines above instead of the student being considered a transfer student.

Former students with ACT subscores less than English 14, Mathematics 16, and/or Reading 14 who did not formerly complete academic readiness needs through EKU coursework will have to prove proficiency for entry into a credit-bearing Academic Readiness course.

Students who were dismissed under the former Developmental Dismissal policy must submit documentation (a transcript or official test scores) indicating that proficiency has been earned for any needed developmental coursework before they may be readmitted to the University.

See the “Stopping Out” procedure in Section Five for additional information.
OTHER TYPES OF ADMISSION

1. High School Specials

Students who have one unit less than the number required for high school graduation with superior grades (i.e., 3.0+ grade point average) may be admitted upon the written recommendation of the high school principal or guidance counselor.

2. EKU Dual Credit

EKU’s dual credit program is open to high school juniors and seniors, residing within Kentucky, who meet eligibility requirements, and whose school is partnering with EKU through a memorandum of agreement. Dual credit programs are designed to reduce degree cost and time to degree for Kentucky students.

Dual Credit students may enroll in a maximum of 2 courses per fall and spring semester of their junior and senior years in high school at the reduced dual credit tuition rate. Dual credit students are enrolled as non-degree seeking students in order to maintain freshman eligibility after high school graduation. Enrollment in dual credit courses as a non-degree seeking student does not guarantee admission as a degree seeking student. A maximum of eight courses in total may be taken at the dual credit tuition rate.

Students may enroll at any EKU campus offering applicable courses. Courses may include general education courses, career pathway courses or departmentally approved introductory courses for specific majors. Students may attend approved EKU courses on high school campuses via face-to-face, telepresence, or online instruction.

Students are required to meet all course pre-requisites. Students are not permitted to enroll in academic readiness corequisite courses.

EKU Dual Credit courses offered in the high school are to be composed only of students enrolled for EKU Credit.

To qualify for the EKU Dual Credit Program, high school juniors or seniors must have a 3.0 weighted or unweighted high school GPA and have a minimum ACT English sub-score of 18 (or SAT, KYOTE or EKU placement test equivalent college readiness score in English) or EN 101 equivalent from another post-secondary institution. Scores must be on file with EKU at the time of application. It is highly recommended that students also meet college readiness in Reading in order to meet EKU pre-requisite requirements.

To apply for EKU Dual Credit, students must submit an online Dual Credit application, ACT scores, a high school transcript and a consent form (located on the EKU Dual Credit website) by the application deadline specified for each semester. A new application and supporting documentation must be submitted each academic year to continue. EKU waives the application fee for Dual Credit admission.

Dual Credit students will attend special advising sessions and register for courses during a specified period prior to the beginning of an academic semester. Advising and registration sessions will be available on each of EKU’s participating campuses.

Continued participation in EKU’s Dual Credit program is dependent upon successful completion of courses. Dual Credit students are expected to maintain a 2.0 minimum institutional GPA. Students who earn a “D” or an “F” in a course(s) will be required to successfully repeat the course(s) and earn a 2.0 term GPA in order to continue in the Dual Credit program. Students who elect to repeat a course will contact the Office of the Registrar for registration approval and assistance. Students repeating courses will be charged full dual credit tuition.

All dual credit students are responsible for the cost of tuition, textbooks (including digital texts), course materials/supplies, and parking permits when applicable. Students, 16 and older, electing to use the Student Recreation Center may request that this charge be added to their accounts.

NOTE: KYOTE test scores, EKU Placement Test scores, and ALEKS Mathematics, or scores may be substituted for ACT sub-scores. Additional information on academic readiness scores is available from EKU Academic Testing: 859-622-1281 or visit https://academicreadiness.eku.edu/

Exceptions to the high school GPA requirement for juniors and seniors will be taken into consideration upon the written recommendation of the high school principal. The request will be routed through the Office of the Senior Vice President for Academics and Provost for final approval. High schools may have a maximum of 2% of their EKU Dual Credit enrollment (or two students, whichever is higher) participating under the high school GPA exception.

3. Early High School Graduates

- Applicants must meet full admissions requirements to the university:
  - A minimum GPA of 2.5 on a 4.0 scale
  - Must meet Kentucky college readiness standards on ACT: English 18, Math 19, Reading 20
  - A complete application consists of:
    * EKU Application (online or paper)
    * An Official High School Transcript
    * ACT or SAT Scores
    * $35 Application Fee
  - Applicants must have a date of graduation prior to the start of your intended term of entry. If the high school transcript does not include an expected graduation date, we may need additional time to follow up with your high school.
  - The high school transcript must reflect that the student has completed at least 75% of our recommended high school course work (equivalent to completion of junior year) before we can make decision. For most early graduates, we expect to see at least six semester of high school work completed, though we may review transcripts with just five semesters completed for applicants graduating a full year early.
  - A letter from the applicant’s counselor, on official letterhead, stating that early graduation has been approved by the High School. If the student is completing early graduation through the State of Kentucky, a Letter of Intent must be completed as well.
  - Admission is conditional until a final, official high school transcript has been received. Admitted students are not able to register for the second semester of enrollment until a final, official transcript has been received.

4. Visiting Students

If you are a student at another institution and wish to enroll...
at Eastern Kentucky University as a visiting, or “transient,” student, you may be admitted by submitting an official transcript or a statement indicating that you are eligible to return to your institution.

5. Admission as a Non-Degree Student

Upon submission of an application, you may be admitted as a non-degree student. If so admitted,

1. Your eligibility for enrollment in specific courses will be dependent upon meeting the stated course prerequisites.
2. You must meet with an academic advisor to be advised and receive a RAC number;
3. You will not be eligible to receive financial assistance awards.

If you subsequently decide to pursue a degree, you must reapply for admission as a degree seeker. If you are thus admitted,

1. You will be required to remediate all pre-college curriculum deficiencies and to satisfy all Eastern Kentucky University academic readiness requirements.

6. O’Donnell Scholarship Recipients

If you are at least 65 years of age, you may be admitted to Eastern Kentucky University with a waiver of tuition. You need submit only an application for admission.

7. Home-Schooled Students

Eastern Kentucky University applies the same admissions requirements to home-schooled students as those who graduate from a public or private high school.

Home-schooled students are subject to the secondary education standards established by the Kentucky Department of Education and the Kentucky Council on Post Secondary Education. This includes meeting the curriculum guidelines of the State approved Pre-College Curriculum.

In order to gain admission to Eastern Kentucky University, in addition to the application and application fee, these students must submit a copy of their official transcript demonstrating they have met the PCC curriculum and have a minimum cumulative GPA of 2.0 on a 4.0 scale. They must also submit an official ACT or SAT score report.

8. International Baccalaureate

Students who complete the International Baccalaureate Diploma may present their official exam results for demonstration of completion of secondary education. Based on the exam scores received, students will qualify for advanced academic placement (See Section Four General Academic Information or www.testing.eku.edu).

KENTUCKY PRE-COLLEGE CURRICULUM

The Kentucky Pre-College Curriculum (PCC) is defined by the Kentucky Council on Postsecondary Education (CPE). According to the state admissions guidelines “pre-college curriculum” means completion of: (a) The Kentucky minimum high school graduation requirements, or another approved course of study; and (b) two units of a single world language, or demonstration through assessment of a world language proficiency. The PCC better prepares students for college-level work and reflects high school graduation requirements established by the state of Kentucky.

Kentucky minimum high school graduation requirements are a prescribed set of high school courses required for admission to an associate or baccalaureate degree program at a Kentucky public university: 4 credits of Language Arts (English I, English II, English III, English IV; students not meeting Kentucky college readiness benchmarks for Language Arts shall take an English transition course or intervention before exiting high school); 3 credits of Mathematics (to include Algebra I, Geometry or Algebra II; any mathematics course other than these listed shall be counted as an elective; students not meeting Kentucky college readiness benchmarks for mathematics shall take a mathematics transition course or intervention before exiting high school); 3 credits of Social Studies; 3 credits of Science (to include a lab-based scientific investigation experience); 1 credit of History and Appreciation of Visual and Performing Arts; a ½ credit of Health; a ½ credit of Physical Education.

World Languages Requirement: In addition to the above listed high school graduation requirements, high school students should complete two levels of the same World Language to be considered as having met the PCC for Kentucky universities. Students who do not complete two levels of the same World Language in high school are required to complete two levels (six credit hours) of the same Foreign Language at EKU. The following EKU courses will satisfy the World Languages PCC: ASL 101 and 102; or FLS 101 and 102; or FRE 101 and 102; or GER 101 and 102; or JPN 101 and 102; or LAT 101 and 102; or SPA 101 and 102. Note: Transfer students who have completed 6 hours in another World Language, such as Chinese, Portuguese, Urdu, etc. will be considered as having met the World Languages PCC. All college-level World Languages classes count toward degree credit.

Students under 21 years of age must complete the Pre-College Curriculum if they are admitted to the University as a degree seeking student and transfer to EKU with fewer than 24 credit hours. PCC deficiencies must be remediated via placement in the appropriate General Education courses before college graduation.

Questions about Kentucky Pre-College Curriculum requirements may be directed to any of the following offices: Academic Readiness, Admissions, or Advising.

STUDENT RESIDENCY

Since registration and other fees and residence hall room rents are subject to change periodically, no attempt is made in this publication to itemize these costs. This information is available from the Office of Admissions prior to the beginning of each academic year.

Any veteran of the Armed Forces of the United States or National Guard who is eligible for Post-9/11 GI Bill® benefits who enrolls as a student in the university as a non-Kentucky resident will be charged no more than the maximum tuition reimbursement provided under the Post-9/11 GI Bill® to public universities for eligible Kentucky residents. Veterans must submit a DD-214 or VA Certificate (Letter) of Eligibility for Post 9-11 (Chapter 33) GI Bill® benefits through the Office of Military and Veterans Affairs to the Office of Admissions to validate their eligibility for this
NECESSITY, FUNCTION, AND CONFORMITY: KRS 164.020(8) requires the Council on Postsecondary Education to determine tuition and approve the minimum qualifications for admission to a state-supported postsecondary education institution and authorizes the Council to set different tuition amounts for residents of Kentucky and for nonresidents. This administrative regulation establishes the procedure and guidelines for determining the residency status of a student who is seeking admission to, or who is enrolled at, a state-supported postsecondary education institution.

Section 1. Definitions.

(1) “Academic term” means a division of the school year during which a course of studies is offered, and includes a semester, quarter, or single consolidated summer term as defined by the institution.

(2) “Continuous enrollment” means enrollment in a state-supported postsecondary education institution at the same degree level for consecutive terms, excluding summer term, since the beginning of the period for which continuous enrollment is claimed unless a sequence of continuous enrollment is broken due to extenuating circumstances beyond the student’s control, such as serious personal illness or injury, or illness or death of a parent.

(3) “Degree level” means enrollment in a course or program which could result in the award of a:
   (a) Certificate, diploma, or other program award at an institution;
   (b) Baccalaureate degree or lower, including enrollment in a course by a nondegree-seeking postbaccalaureate student;
   (c) Graduate degree or graduate certification other than a first-professional degree in law, medicine, dentistry, or “Pharm. D”; or
   (d) Professional degree in law, medicine, dentistry, or “Pharm. D”.

(4) “Dependent person” means a person who cannot demonstrate financial independence from parents or persons other than a spouse and who does not meet the criteria for independence established in Section 5 of this administrative regulation.

(5) “Determination of residency status” means the decision of a postsecondary education institution that results in the award of a:
   (a) Certificate, diploma, or other program award at an institution;
   (b) Baccalaureate degree or lower, including enrollment in a course by a nondegree-seeking postbaccalaureate student;
   (c) Graduate degree or graduate certification other than a first-professional degree in law, medicine, dentistry, or “Pharm. D”; or
   (d) Professional degree in law, medicine, dentistry, or “Pharm. D”.

(6) “Domicile” means a person’s true, fixed, and permanent home and is the place where the person intends to return indefinitely, and to which the person expects to return if absent without intending to establish a new domicile elsewhere.

(7) “Full-time employment” means continuous employment for at least forty-eight (48) weeks at an average of at least thirty (30) hours per week.

(8) “Independent person” means a person who demonstrates financial independence from parents or persons other than a spouse and who meets the criteria for independence established in Section 5 of this administrative regulation.

(9) “Institution” means an entity defined by KRS 164.001(12) if the type of institution is not expressly stated and includes the Kentucky Virtual University, the Council on Postsecondary Education, and the Kentucky Higher Education Assistance Authority.

(10) “Kentucky resident” means a person determined by an institution for tuition purposes to be domiciled in, and a resident of, Kentucky as determined by this administrative regulation.

(11) “Nonresident” means a person who:
   (a) Is domiciled outside Kentucky;
   (b) Currently maintains legal residence outside Kentucky; or
   (c) Is not a Kentucky resident as determined by this administrative regulation.

(12) “Parent” means one (1) of the following:
   (a) A person’s father or mother; or
   (b) A court-appointed legal guardian if:
      1. The guardianship is recognized by an appropriate court within the United States;
      2. There was a relinquishment of the rights of the parents; and
      3. The guardianship was not established primarily to confer Kentucky residency on the person.

(13) “Preponderance of the evidence” means the greater weight of evidence or evidence that is more credible and convincing to the mind.

(14) “Residence” means the place of abode of a person and the place where the person is physically present most of the time for a noneducational purpose in accordance with Section 3 of this administrative regulation.

(15) “Student financial aid” means all forms of payments to a student if one (1) condition of receiving the payment is the enrollment of the student at an institution, and includes student employment by the institution or a graduate assistantship.

(16) “Sustenance” means:
   (a) Living expenses, such as room, board, maintenance, and transportation; and
   (b) Educational expenses, such as tuition, fees, books, and supplies.

Section 2. Scope.

(1) State-supported postsecondary education institutions were established and are maintained by the Commonwealth of Kentucky primarily for the benefit of qualified residents of Kentucky. The substantial commitment of public resources to postsecondary education is predicated on the proposition that the state benefits significantly from the existence of an educated citizenry. As a matter of policy, access to postsecondary education shall be provided so far as feasible at reasonable cost to a qualified individual who is domiciled in Kentucky and who is a resident of Kentucky.

(2) In accordance with the duties established in KRS 164.020, the Council on Postsecondary Education may require a student who is neither domiciled in, nor a resident of, Kentucky to meet higher admission standards and to pay a higher level of tuition than resident students.

(3) Unless otherwise indicated, this administrative regulation shall...
apply to all student residency determinations, regardless of circumstances, including residency determinations made by:
(a) The state-supported institutions for prospective and currently-enrolled students;
(b) The Southern Regional Education Board for contract spaces;
(c) Reciprocity agreements, if appropriate;
(d) The Kentucky Virtual University;
(e) Academic common market programs;
(f) The Kentucky Educational Excellence Scholarship Program; and
(g) Other state student financial aid programs, as appropriate.

Section 3. Determination of Residency Status; General Rules.

(1) A determination of residency shall include:
   (a) An initial determination of residency status by an institution:
      1. During the admission process;
      2. Upon enrollment in an institution for a specific academic term; or
      3. For admission into a specific academic program;
   (b) A reconsideration of a determination of residency status by an institution based upon a changed circumstance; or
   (c) A formal hearing conducted by an institution upon request of a student after other administrative procedures have been completed.

(2) An initial determination of residency status shall be based upon:
   (a) The facts in existence when the credentials established by an institution for admission for a specific academic term have been received and during the period of review by the institution;
   (b) Information derived from admissions materials;
   (c) If applicable, other materials required by an institution and consistent with this administrative regulation;
   and
   (d) Other information available to the institution from any source.

(3) An individual seeking a determination of Kentucky residency status shall demonstrate that status by a preponderance of the evidence.

(4) A determination of residency status shall be based upon verifiable circumstances or actions.

(5) Evidence and information cited as the basis for Kentucky domicile and residency shall accompany the application for a determination of residency status.

(6) A student classified as a nonresident shall retain that status until the student is officially reclassified by an institution.

(7) A student may apply for a review of a determination of residency status once for each academic term.

(8) If an institution has information that a student’s residency status may be incorrect, the institution shall review and determine the student’s correct residency status.

(9) If the Council on Postsecondary Education has information that an institution’s determination of residency status for a student may be incorrect, it may require the institution to review the circumstances and report the results of that review.

(10) An institution shall impose a penalty or sanction against a student who gives incorrect or misleading information to an institutional official, including payment of nonresident tuition for each academic term for which resident tuition was assessed based on an improper determination of residency status. The penalty or sanction may also include:
   (a) Student discipline by the institution through a policy written and disseminated to students; or
   (b) Criminal prosecution.

Section 4. Presumptions Regarding Residency Status.

(1) In making a determination of residency status, it shall be presumed that a person is a nonresident if:
   (a) A person is, or seeks to be, an undergraduate student and admissions records show the student to be a graduate of an out-of-state high school within five (5) years prior to a request for a determination of residency status;
   (b) A person’s admissions records indicate the student’s residence to be outside of Kentucky when the student applied for admission;
   (c) A person moves to Kentucky primarily for the purpose of enrollment in an institution;
   (d) A person moves to Kentucky and within twelve (12) months enrolls at an institution more than half time;
   (e) A person has a continuous absence of one (1) year from Kentucky; or
   (f) A person attended an out-of-state higher education institution during the past academic year and paid instate tuition at that institution.

(2) A presumption arising from subsection (1) of this section shall only be overcome by preponderance of evidence sufficient to demonstrate that a person is domiciled in and is a resident of Kentucky.

Section 5. Determination of Whether a Student is Dependent or Independent.

(1) In a determination of residency status, an institution shall first determine whether a student is dependent or independent. This provision shall be predicated on the assumption that a dependent person lacks the financial ability to live independently of the person upon whom the student is dependent, and therefore, lacks the ability to form the requisite intent to establish domicile. A determination that a student is independent shall be one (1) step in the overall determination of whether a student is or is not a resident of Kentucky.

(2) In determining the dependent or independent status of a person, the following information shall be considered, as well as other relevant information available when the determination is made:
   (a) Whether the person has been claimed as a dependent on the federal or state tax returns of a parent or other person for the year preceding the date of application for a determination of residency status; or
   2. Whether the person is no longer claimed by a parent or other person as a dependent or as an exemption for federal and state tax purposes; and
   (b) Whether the person has financial earnings and
resources independent of a person other than an independent spouse necessary to provide for the person’s own sustenance.

(3) An individual who enrolls at an institution immediately following graduation from high school and remains enrolled shall be presumed to be a dependent person unless the contrary is evident from the information submitted.

(4) Domicile may be inferred from the student’s permanent address, parent’s mailing address, or location of high school of graduation.

(5) Marriage to an independent person domiciled in and who is a resident of Kentucky shall be a factor considered by an institution in determining whether a student is dependent or independent.

(6) Financial assistance from, or a loan made by, a parent or family member other than an independent spouse, if used for sustenance of the student:

(a) Shall not be considered in establishing a student as independent; and

(b) Shall be a factor in establishing that a student is dependent.

Section 6. Effect of a Determination of Dependent Status on a Determination of Residency Status.

(1) The effect of a determination that a person is dependent shall be:

(a) The domicile and residency of a dependent person shall be the same as either parent. The domicile and residency of the parent shall be determined in the same manner as the domicile and residency of an independent person; and

(b) The domicile and residency of a dependent person whose parents are divorced, separated, or otherwise living apart shall be Kentucky if either parent is domiciled in and is a resident of Kentucky regardless of which parent has legal custody or is entitled to claim that person as a dependent pursuant to federal or Kentucky income tax provisions.

(2) If the parent or parents of a dependent person are Kentucky residents and are domiciled in Kentucky, but subsequently move from the state:

(a) The dependent person shall be considered a resident of Kentucky while in continuous enrollment at the degree level in which currently enrolled; and

(b) The dependent person’s residency status shall be reassessed if continuous enrollment is broken or the current degree level is completed.

Section 7. Member or Former Member of Armed Forces of the United States, Spouse and Dependants; Effect on a Determination of Residency Status.

(1) A member, spouse, or dependent of a member whose domicile and residency was Kentucky when inducted into the Armed Forces of the United States, and who maintains Kentucky as home of record and permanent address, shall be entitled to Kentucky residency status:

(a) During the member’s time of active service; or

(b) If the member returns to this state within six (6) months of the date of the member’s discharge from active duty.

(2) A member of the armed services on active duty for more than thirty (30) days and who has a permanent duty station in Kentucky shall be classified as a Kentucky resident and shall be entitled to in-state tuition as shall the spouse or a dependent child of the member.

(b) A member, spouse, or dependent of a member shall not lose Kentucky residency status if the member is transferred on military orders while the member, spouse, or dependent requesting the status is in continuous enrollment at the degree level in which currently enrolled.

(3) Membership in the National Guard or civilian employment at a military base alone shall not qualify a person for Kentucky residency status under the provisions of subsections (1) and (2) of this section. If a member of the Kentucky National Guard is on active duty status for a period of not less than thirty (30) days, the member shall be considered a Kentucky resident, as shall the spouse or a dependent child of the member.

(4) A person eligible for benefits under the federal Post-9/11 Veterans Educational Assistance Act of 2008, 38 U.S.C. 3301-3325, or any other educational benefits provided under Title 38 of the United States Code shall be entitled to Kentucky resident status for purposes of tuition charged at state-supported institutions.

(5) A person’s residency status established pursuant to this section shall be reassessed if the qualifying condition is terminated.

Section 8. Status of Nonresident Aliens; Visas and Immigration.

(1) (a) A person holding a permanent residency visa or classified as a political refugee shall establish domicile and residency in the same manner as another person.

(b) Time spent in Kentucky and progress made in fulfilling the conditions of domicile and residency prior to obtaining permanent residency status shall be considered in establishing Kentucky domicile and residency.

(2) A person holding a nonimmigrant visa with designation A, E, G, H-1, H-4 if accompanying a person with an H-1 visa, I, K, L, N, R, shall establish domicile and residency the same as another person.

(3)(a) An independent person holding a nonimmigrant visa with designation B, C, D, F, H-2, H-3, H-4 if accompanying a person with an H-2 or H-3 visa, J, M, O, P, Q, S, TD, or TN shall not be classified as a Kentucky resident because that person does not have the capacity to remain in Kentucky indefinitely and therefore cannot form the requisite intent necessary to establish domicile as defined in Section 1(6) of this administrative regulation.

(b) A dependent person holding a visa as described in paragraph (a) of this subsection, but who is a dependent of a parent holding a visa as described in subsection (2) of this section, shall be considered as holding the visa of the parent.

(c) A dependent person holding a visa described in subsection (2) of this section or paragraph (a) of this subsection, if a parent is a citizen of the United States and is a resident of and domiciled in Kentucky, shall be a resident of Kentucky for the purposes of this administrative regulation.

(4) A person shall be a Kentucky resident for the purpose of this administrative regulation if the person graduated from a Kentucky high school and:

(a) Is an undocumented alien;
Section Two - Admission and Residency

(b) Holds a visa listed in subsections (2) or (3)(a) of this section; or
(c) Is a dependent of a person who holds a visa listed in subsections (2) or (3)(a) of this section.

(5) (a) Except as provided in paragraph (b) of this subsection, a person who has petitioned the federal government to reclassify visa status shall continue to be ineligible until the petition has been granted by the federal government.
(b) A person who has petitioned the federal government to reclassify his or her visa status based on marriage to a Kentucky resident and who can demonstrate that the petition has been filed and acknowledged by the federal government, may establish Kentucky domicile and residency at that time.

Section 9. Beneficiaries of a Kentucky Educational Savings Plan Trust.
A beneficiary of a Kentucky Educational Savings Plan Trust shall be granted residency status if the beneficiary meets the requirements of KRS 164A.330(6).

Section 10. Criteria Used in a Determination of Residency Status.
(1) (a) A determination of Kentucky domicile and residency shall be based upon verifiable circumstances or actions. (b) A single fact shall not be paramount, and each situation shall be evaluated to identify those facts essential to the determination of domicile and residency. (c) A person shall not be determined to be a Kentucky resident by the performance of an act that is incidental to fulfilling an educational purpose or by an act performed as a matter of convenience. (d) Mere physical presence in Kentucky, including living with a relative or friend, shall not be sufficient evidence of domicile and residency. (e) A student or prospective student shall respond to all requests for information regarding domicile or residency requested by an institution.

(2) The following facts, although not conclusive, shall have probative value in their entirety and shall be individually weighted, appropriate to the facts and circumstances in each determination of residency: (a) Acceptance of an offer of full-time employment or transfer to an employer in Kentucky or contiguous area while maintaining residence and domicile in Kentucky; (b) Continuous physical presence in Kentucky while in a nonstudent status for the twelve (12) months immediately preceding the start of the academic term for which a classification of Kentucky residency is sought; (c) 1. Filing a Kentucky resident income tax return for the calendar year preceding the date of application for a change in residency status; or 2. Payment of Kentucky withholding taxes while employed during the calendar year for which a change in classification is sought; (d) Full-time employment of at least one (1) year while living in Kentucky; (e) Attendance as a full-time, nonresident student at an out-of-state institution based on a determination by that school that the person is a resident of Kentucky; (f) Abandonment of a former domicile or residence and establishing domicile and residency in Kentucky with application to or attendance at an institution following and incidental to the change in domicile and residency; (g) Obtaining licensing or certification for a professional and occupational purpose in Kentucky; (h) Payment of real property taxes in Kentucky; (i) Ownership of real property in Kentucky, if the property was used by the student as a residence preceding the date of application for a determination of residency status; (j) Marriage of an independent student to a person who was domiciled in and a resident of Kentucky prior to the marriage; and (k) The extent to which a student is dependent on student financial aid in order to provide basic sustenance.

(3) Except as provided in subsection (4) of this section, the following facts, because of the ease and convenience in completing them, shall have limited probative value in a determination that a person is domiciled in and is a resident of Kentucky: (a) Kentucky automobile registration; (b) Kentucky driver’s license; (c) Registration as a Kentucky voter; (d) Long-term lease of at least twelve (12) consecutive months of noncollegiate housing; and (e) Continued presence in Kentucky during academic breaks.

(4) The absence of a fact contained in subsection (3) of this section shall have significant probative value in determining that a student is not domiciled in or is not a resident of Kentucky.

Section 11. Effect of a Change in Circumstances on Residency Status.
(1) If a person becomes independent or if the residency status of a parent or parents of a dependent person changes, an institution shall reassess residency either upon a request by the student or a review initiated by the institution. (2) Upon transfer to a Kentucky institution, a student’s residency status shall be assessed by the receiving institution. (3) A reconsideration of a determination of residency status for a dependent person shall be subject to the provisions for continuous enrollment, if applicable.

Section 12. Student Responsibilities.
(1) A student shall report under the proper residency classification, which includes the following actions: (a) Raising a question concerning residency classification; (b) Making application for change of residency classification with the designated office or person at the institution; and (c) Notifying the designated office or person at the institution immediately upon a change in residency.

(2) If a student fails to notify an institutional official of a change in residency, an institutional official may investigate and evaluate the student’s residency status.

(3)(a) If a student fails to provide, by the date specified by the institution, information required by an institution in a determination of residency status, the student shall be notified by the institution that the review has been canceled and that a determination has been made. (b) Notification shall be made by registered mail, return receipt requested. (c) Notification shall be made within ten (10) calendar days
after the deadline for receipt of materials has passed.

(4) (a) The formal hearing conducted by an institution and the final recommended order shall be a final administrative action with no appeal to the Council on Postsecondary Education.

(b) A formal administrative hearing conducted by the Council on Postsecondary Education for residency determinations related to eligibility for the Academic Common Market and Regional Contract Programs shall be conducted pursuant to the provisions of KRS Chapter 13B and 13 KAR 2:070. The recommended order issued by the President of the Council shall be a final administrative action.

(5) A student shall not be entitled to appeal a determination of residency status if the determination made by an institution is because a student has failed to meet published deadlines for the submission of information as set forth in subsection (3) of this section. A student may request a review of a determination of residency status in a subsequent academic term.

Section 13. Institutional Responsibilities.

Each institution shall:

(1) Provide for an administrative appeals process that includes a residency appeals officer to consider student appeals of an initial residency determination and which shall include a provision of fourteen (14) days for the student to appeal the residency appeals officer’s determination;

(2) Establish a residency review committee to consider appeals of residency determinations by the residency appeals officer. The residency review committee shall make a determination of student residency status and notify the student in writing within forty-five (45) days after receipt of the student appeal;

(3) Establish a formal hearing process as described in Section 14 of this administrative regulation; and

(4) Establish written policies and procedures for administering the responsibilities established in subsections (1), (2), and (3) of this section and that are:

(a) Approved by the institution’s governing board;

(b) Made available to all students; and

(c) Filed with the council.

(1) A student who appeals a determination of residency by a residency review committee shall be granted a formal hearing by an institution if the request is made by a student in writing within fourteen (14) calendar days after notification of a determination by a residency review committee.

(2) If a request for a formal hearing is received, an institution shall appoint a hearing officer to conduct a formal hearing. The hearing officer shall:

(a) Be a person not involved in determinations of residency at an institution except for formal hearings; and

(b) Not be an employee in the same organizational unit as the residency appeals officer.

(3) An institution shall have written procedures for the conduct of a formal hearing that have been adopted by the board of trustees or regents, as appropriate, and that provide for:

(a) A hearing officer to make a recommendation on a residency appeal;

(b) Guarantees of due process to a student that include:

1. The right of a student to be represented by legal counsel;

2. The right of a student to present information and to present testimony and information in support of a claim of Kentucky residency; and

(c) A recommendation to be issued by the hearing officer.

(4) An institution’s formal hearing procedures shall be filed with the Council on Postsecondary Education and shall be available to a student requesting a formal hearing.

Section 15. Cost of Formal Hearings.

(1) An institution shall pay the cost for all residency determinations including the cost of a formal hearing.

(2) A student shall pay for the cost of all legal representation in support of the student’s claim of residency.

Adopted effective April 5, 1991; Amended effective May 16, 1996; Amended effective June 16, 1997; Amended effective July 13, 1998; Amended effective June 7, 1999; Amended effective November 12, 2002; Amended effective April 2, 2010; Amended effective June 9, 2015.

RESIDENCY APPEALS POLICY AND PROCEDURES

1. BASIS FOR RESIDENCY CLASSIFICATION

The Commonwealth of Kentucky has established a process and corresponding criteria for the determination of residency classification for students seeking admission to, or enrolled in, public institutions of higher education. The Council on Postsecondary Education (hereinafter referred to as “CPE”) has established Kentucky Administrative Regulation 13 KAR 2:045 (hereinafter referred to as “the Regulation”) to be followed by all public institutions of higher education in the Commonwealth concerning residency classification. This Regulation can be found in the current Undergraduate Catalog and the current Graduate Catalog and copies are available upon request from the Office of Admissions, located in the Whitlock Building, Room 112 or by calling (859) 622-21-6 or 1-800-465-9191.

2. INSTITUTIONAL ADMINISTRATION OF THE RESIDENCY POLICY

The Council on Postsecondary Education authorizes each institution to establish a procedure for the determination of residency classification based upon the Regulation.

2.1 Office of Admissions

The Office of Admissions, Whitlock Building, Room 112, CPO 54, 521 Lancaster Avenue, Richmond, KY 40475-3154, at Eastern Kentucky University serves as the coordinating office for institutional implementation of the Regulation. Instructions for filing applications for reclassification and copies of the Regulation are available in this office. Also, Admissions staff members are available to answer questions regarding policy and procedures.

2.2 Initial Classification

The initial determination of residency status is made by the University based upon the credentials submitted by an applicant for admission to the University in accordance with the Regulations.

2.3 Appeal of Residency Status
Once an initial classification of residency is made by the Office of Admissions, it is the student’s responsibility to initiate an appeal of such classification. Request for reclassification must be filed with the Dean of Students Office NO LATER THAN THIRTY (30) CALENDAR DAYS after the first full day of classes of the fall or spring academic term for which reclassification is sought or not later than ten (10) calendar days after the first day of class for the summer term. Requests for reclassification are to be made in affidavit form on the form available from the Office of Admissions or the Dean of Students Office. A student may apply only once during an academic term. A student classified as a non-resident will retain that status until a change is brought about by successful appeal. If an appeal results in a change of classification, the change will not be effective earlier than the semester during which the appeal is filed. If a student is initially classified non-resident but does not enroll the semester for which the student originally applied, the residency classification will be reassessed for subsequent semesters.

2.4 Affidavit (Application for Reclassification)
Affidavits will not be accepted unless the form is fully completed, properly signed and notarized. In no case will a decision be granted without an affidavit and all required supporting documentation.

2.5 Documentation
Because of the variety of factors related to establishing residency for tuition purposes, the number of documents required to complete an appeal may vary from case to case. In all cases, the University may require certification of authenticity of documents. It is the appealing student’s responsibility to provide sufficient documentation to clarify circumstances related to the appeal. In all cases, circumstances related to establishing domicile must be verifiable.

2.6 Review of the Residency File by the Residency Appeals Officer
A Residency Appeals Officer designated by the University shall review the affidavit and documentation and notify the student, in writing, within fourteen (14) days of making a determination. Students who do not agree with the Residency Appeals Officer’s determination may appeal his/her residency status to the University’s Residency Review Committee within fourteen (14) days of the Residency Appeals Officer’s determination.

3. UNIVERSITY RESIDENCY REVIEW COMMITTEE
Pursuant to the Regulation, Eastern Kentucky University has a Residency Review Committee (hereinafter referred to as the “Committee”) to review and evaluate student affidavits for reclassification and to consider changes in the residency classification.

3.1 Timely Appeal
The student must notify the Residency Appeals Officer in writing, if he or she wishes his/her case to be reviewed by the Committee, within fourteen (14) calendar days after notification of the Residency Appeals Officer’s determination. The Residency Appeals Officer shall immediately forward the request and the student’s residency file to the Chair of the Committee.

3.2 Committee Membership
The Residency Review Committee shall be comprised of three members: the Executive Director for Enrollment Management; a member of the Faculty-at-Large, who shall be appointed annually by the Faculty Senate; and a member of the student body, who shall be appointed by the Office of the Vice President for Student Affairs from a list of students recommended by the Student Association.

3.3 Determination of the Committee
The Committee shall issue a written decision citing the section of the Regulation on which the decision is based. The Committee may vote to defer a case for additional documentation, or the Committee may make a decision contingent upon conditions prescribed by the Committee. The Chair of the Committee will then determine when and whether contingencies are met.

3.4 Notification of Decision
The Committee shall make a determination of student residency status and notify the student, in writing, within forty-five (45) days after receipt of the student appeal. Decisions denying appeals are communicated to the student by certified mail, return receipt requested. In all cases where the Committee reaches a determination granting in-state residency status, copies of the letter of notification will be sent to the Office of Admissions, Student Accounting Services, the Registrar’s Office, and Student Financial Assistance.

4. REQUEST FOR FORMAL HEARING
Pursuant to the Regulation, the University shall provide a formal hearing in the event a student wishes to appeal the determination of the Residency Review Committee.

4.1 Timely Request
A student who wishes to appeal the determination of the Committee shall be granted a formal hearing by the University if the student notifies the Executive Director for Enrollment Management, Whitlock Building, Room 436, CPO 69, Richmond, KY 40475-3163, in writing, within fourteen (14) calendar days after notification of the Residency Review Committee’s determination. The Executive Director for Enrollment Management shall immediately forward the request and the student’s residency file to the Office of the President.

4.2 The Hearing Officer
Upon receipt of a request for a formal hearing, the University President shall appoint a Hearing Officer to conduct the hearing. The Hearing Officer shall not be a person involved in determinations of residency at a public institution of higher education in Kentucky (including the Kentucky Commonwealth Virtual University) and shall not be an employee of the same organizational unit as the Residency Appeals Officer.

4.3 Formal Hearing Procedures
The hearing shall be conducted in accordance with the following procedures:

4.3.1. Notice of Hearing
4.3.1.a. The University shall conduct the hearing as soon as practicable and shall give notice of the hearing to the parties not less than twenty (20) days in advance of the date set for the hearing. A reasonable effort shall be made to schedule the hearing on a date that is convenient to all parties involved.
4.3.1.b. The hearing notice shall be served on all parties by certified mail, return receipt requested, to the last known addresses of the parties, or by personal service.
4.3.1.c. The notice shall be in plain language and shall include:
   - the date, time and place of the hearing;
   - the name, official title, and mailing addresses of the Hearing Officer;
   - the names, official titles, mailing addresses, and, if available, telephone numbers of all parties involved in the hearing, including the counsel or representative of the University; and
   - a statement advising the student of his/her right to legal counsel.

4.3.2. Hearing Procedure
4.3.2.a. The Hearing Officer shall conduct the hearing and all related proceedings in a manner which will promote the orderly and prompt conduct of the hearing.
4.3.2.b. To the extent necessary for the full disclosure of all relevant facts and issues, the Hearing Officer shall give all parties the opportunity to respond, present evidence and argument, conduct cross-examination, and submit rebuttal evidence.
4.3.2.c. Any party to the hearing may participate in person or be represented by counsel. A student shall pay for the cost of all legal representation in support of
the student’s claim or residency. Legal counsel for the student must file a notice of appearance with the Hearing Officer prior to the date of the hearing.

4.3.2.d. The Hearing Officer may conduct all or part of the hearing by telephone, television, or other electronic means, if each party to the hearing has an opportunity to hear, and if technically feasible, to see the entire proceeding as it occurs, and if each party agrees.

4.3.2.e. The hearing shall be open to the public unless specifically closed pursuant to a provision of law. If the hearing is conducted by telephone, television, or other electronic means, and is not closed, public access shall be satisfied by giving the public an opportunity, at reasonable times, to hear or inspect the University’s records.

4.4 Findings of Fact; Evidence; Recording of Hearing; Burden of Proof
4.4.1. Findings of fact shall be based exclusively on the evidence on the record.
4.4.2. All testimony shall be made under oath or affirmation.
4.4.3. Objections to evidence presented may be made by any party and shall be noted in the record.
4.4.4. The University shall be responsible for having all testimony, motions and objections in a hearing accurately and completely recorded. Any person, upon request, may receive a copy of the recording or a copy of the transcript, if the hearing has been transcribed, at the discretion of the University, unless the hearing is closed by law. The University may prepare a transcript of a hearing or a portion of a hearing upon request but the party making the request shall be responsible for the transcription costs. The form of all requests and fees charged shall be consistent with KRS 61.870 to 61.884.
4.4.5. Unless otherwise provided by state or federal law, the student appealing the residency decision has the burden of proving the student’s right to having his/her residency status changed. The student has the ultimate burden of proof of persuasion as to this issue to be shown by a preponderance of evidence in the record. Failure to meet the burden of proof is grounds for a recommended order from the Hearing Officer.

4.5 Prohibited Communications
4.5.1. The Hearing Officer shall not communicate off the record with any party to the hearing or any other person who has a direct or indirect interest in the outcome of the hearing, concerning any substantive issue, while the hearing is pending.

4.6 Recommended Order
4.6.1. The Hearing Officer shall complete and submit to the University President, no later than sixty (60) days following receipt of the student’s residency file, a written recommended order which shall include the Hearing Officer’s findings of fact, conclusion of law, and recommended disposition of the hearing.
4.6.2. A copy of the Hearing Officer’s recommended order shall also be sent to each party in the hearing. Each party shall have fifteen (15) days from the date the recommended order is mailed within which to file exceptions to the recommendations with the University President. The recommended order may be sent by regular mail to the last known address of the party.

4.7 Final Order
4.7.1. In making the final order, the University President shall consider the record including the recommended order and any exceptions filed by, or on behalf of, the student.
4.7.2. The University President may accept the recommended order of the Hearing Officer and adopt it as the University’s final order, or he or she may reject or modify, in whole or in part, the recommended order, or he or she may send the matter, in whole or in part, back to the Hearing Officer for further proceedings as appropriate.
4.7.3. The final order shall be in writing. If the final order differs from the recommended order, it shall include separate statements of findings of fact and conclusions of law.
4.7.4. The University President shall render a final order within thirty (30) days after receipt of the recommended order unless the matter is sent back to the Hearing Officer for further proceedings.
4.7.5. A copy of the final order shall be transmitted to each party or to his/her attorney of record by certified mail, return receipt requested, sent to the last known address of the parties, or by personal service. A copy of the final order shall also be sent to the Office of Admissions, Student Accounting Services, the Registrar’s Office, and Student Financial Assistance.

5. RECORDS
All official files and materials relating to a student’s appeal of an initial residency determination shall be returned to the Office of Admissions to be placed with the application for admissions at whatever point in the process the appeals procedure is terminated.

  Technology and Related Resources ............................................ 26
The Division of Finance and Administration coordinates the following areas of University operations: 1) Accounting and Financial Services, 2) Budgeting & Financial Planning, 3) Business Services, 4) EKU Center for the Arts, 5) Facilities Management, 6) Human Resources, 7) Information Technology Services, 8) Parking & Transportation, 9) University Police & Public Safety, 10) Environmental Health & Safety, 11) Purchases & Stores, 12) Sustainability, 13) Student Accounting Services, and 14) University Card Services. Additionally, the following contractual departments report to the University through the Division of Finance and Administration: 1) University pouring rights, and 2) EKU Bookstore.

Students may view the mission statement of each of the above areas by visiting the Division of Finance and Administration web page at http://www.financialaffairs.eku.edu.

FINANCIAL OBLIGATIONS OF THE STUDENT
Any student or former student who is indebted to the University and who fails to make satisfactory settlement within a time limit prescribed is liable for administrative action. Students who are indebted to the University may not register at the University nor will their transcript or diploma be released until the debt is paid. Any student indebted to the University who cannot meet his or her financial obligations within the time limit prescribed is responsible for calling on the division of Student Accounting Services and explaining the reasons for failure to pay. Students who fail to pay their account balance in a timely manner may also be liable for additional collection costs incurred by the University in collecting the amount owed.

REFUND POLICY
No refund can be made on certain class fees and optional fees as established by the Eastern Kentucky University Board of Regents. Students wishing to withdraw from courses must do so online via EKUDirect (on the EKU home page at www.eku.edu ). When a student officially withdraws from the University or from any course or courses for which hourly rates apply, tuition and fees will be adjusted in the following manner:

<table>
<thead>
<tr>
<th>Time Period*</th>
<th>Refund</th>
</tr>
</thead>
<tbody>
<tr>
<td>During add/drop period for any class (for full semester classes = 1st week)</td>
<td>100%</td>
</tr>
<tr>
<td>From end of 1st week through end of 2nd week of class</td>
<td>75%</td>
</tr>
<tr>
<td>From end of 2nd week through end of 3rd week of class</td>
<td>50%</td>
</tr>
<tr>
<td>From end of 3rd week through end of 4th week of class</td>
<td>25%</td>
</tr>
<tr>
<td>After the 4th week of class</td>
<td>0%</td>
</tr>
</tbody>
</table>

*Partial semester courses vary in length and the percentage of refunds and the effective dates will be modified accordingly. This policy applies to refundable fees only; non-refundable fees are not included. In no case shall a refund of rent be made to a person who remains a student but moves from University housing at his or her convenience.

FINANCIAL APPEALS
An appeals process exists for students who feel that individual circumstances warrant exceptions from published policy. Financial appeals may be submitted if a student had an unforeseeable and unavoidable situation during the semester that charges were incurred that prevented them from attending classes and completing the semester. All appeal letters should be submitted by the student in writing clearly stating the reason for the appeal.

Documentation should be attached to all appeal letters to validate the situation. Circumstances that do not qualify for financial appeal include pre-existing conditions, routine pregnancy, employment opportunities and financial hardship, including denial of financial aid. In most cases, any refund that is the result of an approved appeal will be returned to the source of the payment, the student, the financial aid lender, or a third party entity. Financial appeals should be submitted to the Financial Appeals Committee, Whitlock Building CPO 60, 521 Lancaster Avenue, Richmond, KY 40475. Any student whose appeal is denied by the initial Financial Appeals Committee may ask to have their appeal reviewed by a second, escalated Financial Appeals Committee.

BARNES & NOBLE AT EKU BOOKSTORE
Keen Johnson Building
Phone: (859) 622-2696
Fax: (866) 504-8325
www.shopeku.com

The Barnes & Noble at EKU Bookstore is located at the heart of campus in the Keen Johnson Building. The Bookstore will be relocating to the Powell Building during the Spring term. The Bookstore is the place for one-stop shopping on all EKU licensed merchandise, textbooks, and much more. It offers a wide variety of products, services, and events including:

- Rental, Digital, Used, and New textbooks – all the options are available.
- Class Supplies
- Trade books, gift items, greeting cards, diploma frames, nursing shop.
- Convenience items
- Adidas, Under Armour, Nike, Champion, Cutter & Buck, and much more.
- Computers and computer supplies
- Backpacks
- Online textbook reservations
- Barnes & Noble gift cards
- Book signings
- Graduation Cap and Gowns
- Faculty receptions

The Barnes & Noble at EKU Bookstore works diligently with departments, faculty and staff to ensure that textbooks and products required for each class are readily available to students. Textbook requests are required from the departments and faculty by these dates:

- March 1 For the upcoming SUMMER sessions
- April 1 For the upcoming FALL semester
- October 1 For the upcoming SPRING semester

Textbook requests are required by the above dates for the following reasons:
- to allow ample time to receive all textbooks from the publishers in a timely manner
- to provide the most cash back to students during Book Buyback

- Book Buyback begins directly before Finals Week
SECTION THREE - STUDENT SERVICES

- If faculty use the same textbook in the next session, students will receive up to 50% back on their textbooks. But only if the textbook adoption is on file!
- to allow time to review orders and make any additional corrections if needed

Regular EKU Bookstore hours are:

Monday-Thursday  7:45 a.m. - 6:00 p.m.
Friday 7:45 a.m. - 5:00 p.m.
Saturday 11:00 a.m. - 3:00 p.m.

The Bookstore is open extended hours during the beginning and end of each semester and during special events.

CARD SERVICES
Powell 08-E (Plaza Level)
Phone: (859) 622-2179  Fax: (859) 622-8089

Card Services provides students with a variety of services related to their EKU student identification card, the Colonel Card. This identification card is used for meal plans, Colonel Cash, campus vending machines, and the EKU Bookstore. In addition, EKU has partnered with US Bank to add optional banking solutions.

Card Services is responsible for issuing new and replacement identification card, and will assist with troubleshooting potential card issues experienced by students, faculty, and staff. Students, faculty, and staff may purchase meal plans and add money to their accounts in the Card Services Office.

The Colonel Card will allow students access to the following:

- Athletic events
- University Library facilities
- Campus Recreation
- University sponsored events
- Student Health Services

The Colonel Card has three different accounts associated with the card:

- **Colonel Cash** - This is a prepaid account that can be used at the EKU Dining Services locations, the EKU Bookstore, campus vending machines, and a select number of participating off-campus merchants. This account will carry balances over from semester-to-semester.

- **Meal Plans** – EKU Dining Services has several different meal plans to accommodate any student’s needs. Meal plans can be used at any EKU Dining Services location. Freshman residential students will be automatically assigned the mandatory 5-day all access traditional meal plan. All other students enrolled in nine (9) or more credit hours who started at EKU in fall 2016, or later, are required to participate in the $300 Dining Dollar program (refundable). Meal plans may be upgraded any time during the semester and only downgraded within the first two (2) weeks of the semester.

Please check with EKU Dining Services regarding available meal plans, and terms and conditions associated with meal plans. All questions regarding the meal plan definitions, usage, and refund policy (only available with the mandatory $300 Dining Dollar program) should be directed to the EKU Card Services Office.

EKU Dining Services follows the same refund schedule, for full term, which is outlined by the University. (See Refund Policy above.) EKU’s Colonel Compass lists all important dates and deadlines associated with each term.

- **Optional Flex** - This is a prepaid account that can be used at any EKU Dining Services location. Please check with EKU Dining Services regarding terms and conditions associated with this account.

Students may purchase meal plans by logging into EKU Direct or add money to their accounts by logging into EKU GET Funds. Acceptable methods of payment for meal plans, Optional Flex, or Colonel Cash accounts are Visa and MasterCard. Meal plans, when selected on EKU Direct, will be assessed to the student account.

Card Services follows the University holiday schedule and is open during the following normal business hours:

Monday through Friday  8:00 a.m. – 4:30 p.m.

The Colonel Card is property of EKU and is issued for convenience. It must be presented (or surrendered) upon request by authorized officials of the University. Any expenditure associated with the use of this card is the responsibility of the holder until it is reported lost/stolen. A fee will be charged for damage made to the identification card or if the card is lost or stolen. The loss of a card must be reported immediately to Card Services, Powell 08-E (859) 622-2179.

EKU DINING SERVICES
Case Dining Hall, 101
Phone: (859) 622-3691
Fax: (859) 622-6226
www.ekudining.com

EKU Dining Services offers a variety of dining alternatives including fresh food options, an assortment of brand restaurants, catering, and athletic concessions. It is the goal of EKU Dining Services to provide high quality and satisfying dining experiences for the whole campus community.

The Case Kitchen and Stratton Cafe’ offer freshly cooked foods in a comforting atmosphere. The Case Food Court houses famous national brands Chick-Fil-A, Panda Express, and Subway. Java City at the Crabbie library offers gourmet coffees, bakery items, as well as grab & go salads and sandwiches. Einstein Bros. Bagels is located in the Weaver Building, while Starbucks and Steak n Shake are located in the Powell Building, Plaza Level. EKU Dining Services also operates several convenience stores throughout campus.

EKU dining provides full-service catering. The dedicated catering staff provides a variety of services for both on-campus and off-campus events. They also offer a special Student Catering guide to accommodate the dynamic requirements of the students.
The International Alumni Association serves as a link between the University and its alumni by maintaining records, fostering communication, and sponsoring programs and activities designed to enhance this relationship. All Eastern Kentucky University degree recipients and former students with 25 or more credit hours are considered alumni of EKU. The International Alumni Association is served by a board of 25 alumni volunteers, representing the diversity of our alumni constituency, who meet three times annually. Their work includes selection of the Alumni Awards, Alumni Scholarship recipients and other duties.

The Alumni Association coordinates multiple gatherings across the nation to encourage alumni and friends of EKU to come together. The greatest of these is Homecoming and Reunion Weekend held annually in the fall. This celebration brings alumni back to campus to reconnect with their classmates and learn more about University improvements and initiatives.

The International Alumni Association encourages fellow alumni to advocate in a positive way for EKU both online and among friends, attend EKU sponsored events, give back to the university financially, and volunteer your time by serving on an advisory board, mentoring a student, or assisting with an event. We encourage alumni from the past to complete these four fundamental actions to impact the future.

Colonel's Cupboard
212 Commonwealth Hall
Phone: (859) 622-3855
Email: food.pantry@eku.edu www.communityservice.eku.edu/cupboard

Who We Are
The Colonel’s Cupboard is an initiative of the Office of Student Life & First-Year Experience, opened in 2014. The Cupboard was started to fight the growing problem of food insecurity on campuses across the nation. Today, we strive to help students succeed by providing them with their basic needs of food, clothing, and toiletry items. We are entirely run off of donations from EKU students, faculty, and staff, as well as community members. All enrolled students at the university are eligible to use the Cupboard.

What We Do
• Provide food, clothing, and toiletry items to any currently enrolled student who has a need.
• Connect students with other resources, on and off campus, to help with other needs.
• Provide educational materials about food insecurity, healthy eating, etc.
• Host volunteers, both groups and individuals, who want to give back on campus.
• Donate overstocked goods to other local food pantries in need.

How it Works
• Complete the form at communityservice.eku.edu/cupboard or email food.pantry@eku.edu to make an appointment.

ADDITIONAL STUDENT SERVICES

Email: food.pantry@eku.edu www.communityservice.eku.edu/cupboard

EKP DIVISION OF PUBLIC SAFETY
Police Department and 9-1-1 Center
701 Vickers Drive
Phone: (859) 622-1111 Fax: (859) 622-2243
www.police.eku.edu

The mission of the Eastern Kentucky University Police Department is to enhance the quality of life by providing a safe and secure environment through professional service to the community. The success of our mission depends on this partnership utilizing a community policing philosophy. The department places high priority on honesty and integrity and values the need for effective and open communication with the community we serve. We value our employees and are committed to their professional development.

The University offers a variety of informational programs that inform students and employees on safety and security issues, including how to report crimes and how to prevent crimes. These programs are available on request by student groups, employees, or individuals. These programs include, but are not limited to:

• Crime Prevention and Security Awareness
• Drug and Alcohol Education Program
• Female Assault Prevention
• General Crime Prevention
• Hall Staff Training
• Harassing Communications Prevention
• Rape Aggression Defense (RAD)
• Student Orientation to Public Safety
• Others

The University Police provide 24-hour patrols of the Eastern Kentucky University campus buildings, parking lots, residence hall exteriors, and campus grounds. University police officers have county-wide law enforcement authority, although our primary jurisdiction encompasses all University property and all roads and streets adjacent to the campus. The University Police also have the authority to investigate crimes committed on University property anywhere in the state.

The Eastern Kentucky University Police Department includes 24 sworn police officers, 7 dispatchers, and several student Safety and Security officers. University Police maintain high visibility on campus through the use of police cruisers, bicycle patrol and foot patrol.

The campus police department also houses 2 full-time detectives whose primary responsibilities are investigations and working closely with surrounding agencies. The Eastern Kentucky University Police department has an excellent working relationship with state, local, and federal law enforcement agencies and other emergency providers.

The EKU Police Department is open 24 hours a day. All Criminal Activity and Other Emergencies on the Richmond Campus should be reported immediately by dialing 911 from any campus telephone or, if by cell phone, (859) 622-1111 (we recommend programming this into speed dial). Non-emergency
Emergency Management

It is important for everyone to have some basic emergency preparedness information. Knowing what to do in the event of a fire, tornado, hazardous materials release, or active shooter can be critical to your safety in an emergency situation. Below is some safety guidance and more can be found on the Emergency Management web page, the Emergency Guide Poster, and the Emergency Response Guide: http://emergency.eku.edu/

https://emergency.eku.edu/emergency-action-quick-reference-and-sheltering-place

https://emergency.eku.edu/sites/eku_emergency_guide_-_version_7.pdf

https://emergency.eku.edu/sites/eku_emergency_guide/files/1_eku_general_emergency_action_plan_-template-_11262018_0.pdf

Emergency Management reminds the community that we are all empowered and responsible for our own safety. When emergencies occur, first responders will be summoned and will respond to the scene of the incident. Responder priorities will be to stabilize the event, protect human life and health, protect the environment, and protect property. Help will come, but it will take some time to get to the affected individuals. The EKU Emergency Response Guides were written to provide everyone with practical information, which can be used to make good decisions, and help individuals to be safe in times of crisis. The Emergency Response Guides inform you of what you can do, and the Emergency Notification System informs you that there is an emergency.

Rave Mobile Safety - Emergency Notifications

With Rave Mobile Safety, you can manage your own contact information. We encourage you to review your information on a regular basis, and make changes to it as your circumstances change. It is easy to maintain your information. You can use this link and follow the instructions to manage your contacts.

https://emergency.eku.edu/emergency-notifications

Rave Mobile Safety is EKU’s primary mass notification system. The University has implemented a multi-modal emergency notification system to inform the community about incidents and emergencies affecting campus. Realizing that message redundancy is a necessity, EKU has seven primary notification systems available for the community. Any one, or a combination, of these alert methods may be used depending on the nature and severity of the event.

Systems Include:

• Siren/Public Address System - Audible sirens and announcements can be broadcast over loudspeakers strategically placed on campus. This system can be activated by the EKU Division of Public Safety as well as the Madison County Emergency Management Agency for weather and community emergency notifications.

• Text Messaging - An opt-out notification where a text message can be received on your mobile phone. EKU does not charge for this service; however, your carrier may have standard text messaging charges. (Important: Students should re-enroll their mobile phone numbers if and when their mobile phone numbers change)

• Voice Messaging - An opt-out notification where a voice message can be received on your mobile or home phone. (Important: Students should re-enroll their mobile phone numbers if and when their mobile phone numbers change)

• Email Messaging - This notification provides an email message about an event. Current students, faculty, and staff are automatically registered to receive notifications on their EKU email account and cannot opt-out of this type of notification. You can opt-in to receive emails on other email accounts. Community members are encouraged to check their email frequently throughout the day to be sure they see any message sent by this alert method.

• RSS Feeds - A message can be posted on the Emergency Management, Police Department, or University web pages.

• Network Messaging - Visual notifications can be made across alert beacons and computers connected to the EKU network. When an alert is sent out, a pop-up box appears on your screen. No personal information is gathered or transmitted with the use of this alerting system.

• Social Media - EKU can use Twitter and Facebook to send notifications to the community. These social systems require the user to check to receive any messages posted. Follow @EKUEmergency on Twitter and LIKE EKU Emergency Management on Facebook.

To Register:

Current Students, Faculty, and Staff:

• Log on to EKU Direct (https://web4s.eku.edu/pls/prod/ twbkwbis.P_WWWLogin) with your EKU ID and PIN.

• In the Main Menu, click the Rave Mobile Safety - Emergency Notifications link.

• Register to receive text, voice, and/or email messaging.

*Note: Email messages are automatically sent to all current EKU email addresses and you cannot opt-out of receiving messages on your EKU email account.

• To receive text and voice messages you may opt-in by entering your telephone number(s).

Other Community Members:

• Go to the Rave Site Look-up and search for Eastern Kentucky University https://www.getrave.com/login/eku

• Click the Register Button in the upper right hand corner.

• Register your information and select to receive text, voice, and/or email messaging.

More information about emergency notifications is available at http://emergency.eku.edu/emergency-notifications.

Live Safe Mobile App

We encourage all members of the campus community to download and use the LiveSafe mobile app. LiveSafe is a mobile-safety technology that allows EKU to connect to its community on safety- and security-related issues via discreet and effective two-way communication.
Vehicle registration at Eastern Kentucky University requires the registration of all motor vehicles utilizing campus parking facilities. Vehicle registration information can be obtained by contacting Parking Services at (859) 622-1063 or by visiting www.parking.eku.edu.

During the registration period, prior to the first day of classes, students registering for classes may park in any legal, non-reserved parking space in all areas, except employee parking lots (Zone E) which are marked by yellow signs.

After the commencement of classes, residential hall lots (Zone R), which are marked by blue signs, are restricted to residence hall permits 24 hours per day, seven days a week. Enforcement of employee and commuter parking zone regulations begins at 2:00 a.m. Monday-Friday. Commuter permits are also valid from 4:30 p.m. to 7:00 p.m. in employee (Zone E) parking lots. The Jones Lot is an exception to this rule and is reserved for employees only until 9:00 p.m. Evening parking for unregistered vehicles without permits is available in the Alumni Coliseum Lot from 4:30 p.m. to 2:00 a.m., Monday through Friday, and all day Saturday and Sunday.

Visitors may register for temporary parking 24 hours a day, 7 days a week at the Parking Services Office in Commonwealth Hall or at the Police Dispatch Center located at on Vickers Drive. Short-term temporary parking permits, not to exceed five (5) days, are available to individuals who have not registered a vehicle.

Speech-Language-Hearing Clinic
Wallace Building 245
Phone: (859) 622-4444
www.slhclinic.eku.edu

The Communication Disorders Program in the Department of Educational Leadership, Counselor Education, and Communication Disorders offers free services to students, faculty, staff, and members of the community at the Speech-Language-Hearing Clinic in Wallace 245. Diagnostic and clinical treatment services provided by the Clinic include the following:

1. Screening for speech, language, swallowing, and hearing problems.
2. Assessment and treatment of articulation disorders, phonological delays, delayed or disordered language, stuttering, voice disorders including laryngectomy, swallowing, speech and language problems resulting from stroke or head injury, language disorders related to learning disability, and speech and language problems of individuals in areas of exceptionality such as mental handicap, developmental delay, cerebral palsy, cleft palate, hearing impairment, autism spectrum disorder, and emotional/behavioral disorder.
3. Accent modification for speakers of English as a second language and those desiring Standard English skills.

Anyone interested in the above services should contact the Clinic Office Associate at (859) 622-4444, Wallace 245, or visit the Clinic website: www.slhclinic.eku.edu

Student Publications

Eastern Kentucky University provides a variety of laboratory experiences through student publications. The Eastern Progress Media Network has been established to provide professional involvement in the activities of The Eastern Progress, the University’s student online and print publication. Academic and support units coordinate the institutional support of student
The courts have consistently held that where a tradition of student decision making exists in student publications, those publications are afforded the same Constitutional First Amendment protection as other publications. Concomitant with those rights, go certain responsibilities, which also accrue to the student publications. Accordingly, the responsibility for the content of the publications is that of the student editors and writers and not Eastern Kentucky University or its Board of Regents.

The Eastern Progress Media Network is a learning lab for students interested in media, marketing and public relations. The EPMN produces a 4,500-circulation weekly newspaper, produces online multimedia content and is the official student publication of the University. All students are encouraged to take advantage of the journalism and advertising training it offers. Since its establishment in 1922, The Progress has been rated as an All American Newspaper by Associated Collegiate Press and a Medalist paper by Columbia Scholastic Press Association. The Progress and its student journalists have won many state and national awards, including countless Kentucky Press Association honors, national Pacemakers and Gold Crown awards. Most recently, in January 2019, student journalists at the Eastern Progress Media Network and other state campus publications were recognized as KPA’s Most Valuable Member. Reach the Progress online at www.easternprogress.com.

Aurora is a magazine of student writings published by its student staff to encourage interest in literary activity. Aurora accepts poems, one-act plays, short stories, prose sketches, and essays from any Eastern student. Editions are published in the fall (online by the ENG 420 class) and spring (hard copy). Cash prizes for the best works (fiction and poetry) at the time of publication are awarded for the best works (fiction and poetry) at the time of the spring publication.

TECHNOLOGY AND RELATED RESOURCES
IT Help Desk Combs Building 208
Phone: (859) 622-3000
Website: it.eku.edu

Password & Accounts are sent by mail to all students when admitted to EKU.

- Students receive a student ID number: this is your ID for all official records and your login to EKU Direct. This ID starts with a “900” or “901”.
- Each student also receives an EKU username. The username is based on your first name_last name (ie:John Smith=John_Smith). Your username and password provide secure access to Blackboard, EKU myMail, campus computers, and various other electronic resources.
- View all articles related to passwords at it.eku.edu. Type “password” in the search bar.
- myMail (Student Email) All EKU students receive a web-based email account. The email account provides students with a 25GB mailbox and many more options. Students can keep their EKU myMail account after graduation.
- Microsoft Office 365 PRO is free for all registered students through their official myMail account. Find out more at myMail.eku.edu
- G Suite for Education and Office 365 for Education are available to all employees and students while employed by the university or a current student at the university. For more information: it.eku.edu/collaboration
- The IT Website offers more than 150+ support articles about EKU technology. The IT Search is keyword specific. Visit it.eku.edu to view the support articles and find out more about IT at EKU.

EKUDirect provides access to a wide range of data for students (pending admit through graduation). Students register for classes, secure parking permits, check grades and more with EKU Direct. Directions for EKUDirect: it.eku.edu/ekudirect

DegreeWorks helps students plan an academic roadmap to graduation. DegreeWorks, along with your advisor, will ensure you are on the right track to graduate. View DegreeWorks Video Tutorials at registrar.eku.edu/degereeworks-video-tutorials

Blackboard is EKU’s course management system. Students are automatically enrolled in Blackboard upon registration. Sites do not appear for students until the instructor opens them. Blackboard is used for all online courses and many on campus courses. Learn more about blackboard at learn.eku.edu

ResNet is the EKU residential network and provides high-speed internet access in all residence halls.

Wireless internet access is available at EKU. All EKU students and employees should use the secure Wi-Fi (EKU_SECURE). Wireless access is available to all on the EKU campus by connecting to eku_guest. To configure your PC for wireless access visit: it.eku.edu/support/wireless

View all articles related to wireless at it.eku.edu. Type “wireless” into the search bar.

Open Computer Labs An IT lab is located in the Crabbe Library Atrium (Room 207). Many other labs are available throughout campus when they are not being used for classes.

IT Geeks are EKU student’s first point of contact for all service issues, questions, troubleshooting and consultation. Call 859-622-GEEK (4335) for assistance or email them at geeks@eku.edu.

Login to EKU is located in the top right corner of the EKU homepage. Select Login to EKU for access to: Blackboard, EKU-Direct, myMail, and My Colonel Corner.

Peer-to-Peer Software must be removed before accessing any IT services. Peer-to-peer software including LimeWire, Frostwire, BitTorrent and Vuze are not permitted on the EKU network. Downloading copyrighted materials and illegal downloading of music is prohibited.

Code of Ethics for Computing & Communications: it.eku.edu/codeofethics

Phishing and Spam: IT @ EKU will NEVER request passwords or other personal information via email. Messages requesting such information are fraudulent. Forward all suspicious messages to spam@eku.edu. In the unlikely event the message is legitimate, we will tell you.
SECTION FOUR

DIVISION OF STUDENT AFFAIRS

Dr. Skip Daugherty
Vice President for Student Affairs and Campus Life
Powell Building 110, (859) 622-8947
www.studentaffairs.eku.edu

The Division of Student Affairs is dedicated to providing quality services, leadership experiences, and learning opportunities designed to help students achieve their goals while enhancing personal development and well-being.

Campus Recreation............................................28
Counseling Center..............................................29
Dean of Students, Office of...................................29

Campus Recreation
Justin Raymer, Director
Fitness and Wellness Center, SRC 105
Phone: (859) 622-6751  Fax: (859) 622-6754
www.campusrec.eku.edu

The Department of Campus Recreation provides a variety of facilities and recreational opportunities to the university community. The department promotes wellness for students, faculty, and staff by encouraging the development of lifelong skills and positive attitudes through health promotion, fitness programs, adventure programs, and competitive sports.

Campus Recreation oversees the operation of the Fitness & Wellness Center. The Fitness and Wellness Center includes:

• Full line of weight and fitness equipment
• Locker Rooms
• Climbing Wall
• Full Swing Golf Simulator
• Group Exercise Room
• Multipurpose gymnasiums
• Indoor Track
• Bouldering Wall

Coming in Fall 2019, the brand new state-of-the-art recreation center will include (in addition to the list above):
• An aquatic center
• Sauna
• Outdoor activity space
• 2 additional courts
• 2 additional group fitness studios

Fitness Program
The Fitness Program offers a variety of group fitness classes each week and are taught by trained, motivated and friendly instructors. All fitness levels are welcome. Examples of group fitness classes are yoga, pilates, cycling, Zumba, and much more. For those who need a more personal touch, we offer very affordable personal training by certified personal trainers. Personal training is a great way to attain one-on-one instruction incorporating exercise plans, goal-setting and health education.

Adventure Programs
Adventure Programs offers a wide variety of trips and workshops each semester. Previous trips have included: hiking and camping, backpacking, kayaking/canoeing, spelunking, white water rafting, climbing, canyoneering. The climbing and bouldering walls are an exciting and engaging alternative to traditional exercise. In addition, Adventure Programs provides an extensive amount of outdoor equipment so you may embark on your own adventures. Examples of outdoor rental equipment are tents, mountain bikes, kayaks, cook stoves, canoes and much more.

Competitive Sports
Competitive Sports have been a campus tradition at EKU for over 50 years. Students play with their friends or organizations and compete against fellow Eastern students. Examples of activities include...
offered are flag-football, soccer, volleyball, corn hole, dodgeball, golf, basketball, and much, much more. There are also numerous individual and dual events. For the more competitive athlete, we also supervise student lead Sport Clubs. Clubs compete on a regional and national level against other universities and colleges.

**Health Promotion**

Health Promotion is a peer education program geared towards empowering students with knowledge and facts concerning health issues. Health Promotion presents information on alcohol, obesity, sex, drug abuse, eating disorders, tobacco, and much more. The aim is not to enforce ideas but to assist students in making better informed decisions by providing students with the proper tools, knowledge, and self-worth.

**Employment**

EKU Campus Recreation is one of the largest student employers on campus. We have a variety of opportunities to join our dedicated and friendly staff! All open positions will be posted on jobs.eku.edu. Here are some entry level positions we employ, and most have opportunities for advancement:

- Facility Attendant
- Group Exercise Instructor
- Marketing Assistant
- Intramural Referee
- Health Promotion Peer Educator
- Climbing Wall Attendant
- Personal Trainer
- Graphic Designer
- Lifeguard

**Counseling Center**

Dr. Melissa Bartsch, Director
Whitlock Building 571
Phone: (859) 622-1303 Fax: (859) 622-1305
www.counseling.eku.edu

The University Counseling Center offers services designed to promote the success of students in achieving their academic, social and personal goals. The Counseling Center staff consists of licensed clinicians who provide counseling both individually and in groups. Counseling is offered on a time-limited basis. Referral is provided when the need for counseling services is beyond the role and scope of the Counseling Center. Counseling relationships are considered confidential as delineated by the American Psychological Association (APA) Code of Ethics and, to the extent permitted by law, federal and Kentucky state laws.

**Counseling Services**

Counseling is viewed as another form of learning while in college. Typical college student concerns that may result in counseling are: adjustment to college, interpersonal conflicts, dealing with loss, test anxiety, time management, stress, academic pressures, anxiety, depression, motivation, substance abuse, traumatic experiences, eating concerns and choice of a major.

**Drop-In Services**

The EKU Counseling Center offers many services that are available on a drop-in basis, including: workshops, biofeedback, guided meditation, and drop-in groups. Be sure to check out our website: counselingcenter.eku.edu for the semester schedule of services.

**QPR Suicide Prevention Training**

The EKU Counseling Center offers training in suicide prevention and only takes an hour! Participants learn: warning signs that someone might be considering suicide, how to have a caring conversation with someone about whom they are concerned, how to persuade that person to get help, and where to refer them for that assistance. Everyone can be a partner in suicide prevention.

**Services for Faculty and Staff**

The Counseling Center staff also provides consultation to the University community on referral and how to be most helpful to the distressed student. When a faculty member wishes to refer a student for immediate help, it is recommended that the faculty member call and speak with a staff member for consultation to discuss the appropriate action.

**Dean of Students**

Kenna Middleton, Dean
Whitlock Building 538
Phone: (859) 622-2402 Fax: (859) 622-3047
www.dos.eku.edu

The Dean of Students office promotes student success and development across all offices and serves as the primary contact point for students. The Dean collaborates with various departments, stays up-to-date on available student resources, and responds to student crisis.

**EKU Housing**

Bob Brown, Executive Director
Whitlock Building 552
Phone: (859) 622-1515 Fax: (859) 622-8384
www.housing.eku.edu

EKU Housing fosters the development, engagement, and success of our residential community by providing an inclusive home that enhances the collegiate experience. Campus living offers opportunities that will help you excel academically, develop leadership skills and connect with life-long friends. You will meet students from all walks of life gathered together as part of a vibrant, close-knit community.

We offer Living Learning Communities (LLCs), which consist of students with similar majors and interests who live on the same floor/floors of a residence hall. Live and learn with others who share your goals, career interests and life passions! All single, full-time undergraduate students under the age of 21 prior to the first day of classes, having fewer than 60 credit hours, or having lived in a residence hall less than four academic semesters (fall/spring) are required to live in University residence hall facilities. Exception is made for students residing with their parent(s) at their parent’s principle residence within 50 miles of the Richmond campus. Students living with parents must submit a verification form which is available through the housing office or at www.housing.eku.edu. Students may request exemption to the residency requirement under specific circumstances to the Director.

Each residence hall is equipped with the following services that come as part of the basic room rental rate:

**Cable Television**

All major network and major cable stations are offered with any cable-ready television at no cost. Enhanced services and premium channels are available at an additional charge. For additional information, contact the College Cable Services, Inc. at 800-472-2054 ext. 222.

**Phone Services**
Basic phone service is provided for all residents. Each room is equipped with one phone line. Residents are asked to provide their own touch tone phone. In order to dial long distance, students may use any calling card. Enhanced phone features are available at an additional charge. For additional information on enhanced services or long distance, contact EKU Telecommunication Services at (859) 622-1903.

**Laundry Rooms**

Several washers and dryers are located in every residence hall. All laundry machines are FREE for on campus residents.

**ResNet**

All rooms come equipped with two high-speed internet connections. Wireless network access is also available. For more information about equipping your computer for Internet access, visit www.resnet.eku.edu.

**Study Rooms**

Within most residence halls are open, quiet rooms in which to study.

**Vending**

All residence halls are serviced with a variety of drink and snack vending machines. The machines are coin operated, and many accept credit card processing as well.

Social, educational, and service-learning programs are offered and organized by University Housing staff in all of our residence halls. These programs range from movie nights on the residence hall floors to volunteering for Habitat for Humanity. Most often, the RAs on each floor host social programming so that the residents can get to know each other and enjoy their housing experience even more. Many of the University Housing programs are open to all campus residents.

EKU Housing has traditional residence halls, enhanced traditional halls (each room has built-in wardrobes and a sink), suite style halls and apartment style halls.

**Features include:**
- Large recreation rooms
- Indoor gas fireplaces
- Study rooms
- Computer labs
- Kitchen and laundry areas
- Indoor / Outdoor programming space
- Large and small classrooms space
- Leadership opportunities

Visit housing.eku.edu for rates, floor plans and more details.

**Meditation Chapel**

www.studentaffairs.eku.edu/chapel/

The Chapel of Meditation is the realization of a dream begun in 1968 when the Eastern Kentucky University Alumni Association adopted the Century Fund Project to finance a non-denominational chapel. The chapel stands as a testimonial of the love and devotion of the alumni, faculty, students and friends, commemorating the 100th anniversary of higher education on the Eastern Kentucky University campus.

The chapel is non-sectarian and is open to students, faculty, staff, alumni, and friends of the University for meditation, prayer, and spiritual reflection.

Besides providing a peaceful and serene setting for prayer and meditation, the chapel is used to house various student organization meetings and services, weddings, and annual memorial services.

software, testing accommodations and other services.

ADA/504 Coordinator
The ADA/504 Coordinator serves the University by hearing individual ADA cases including appeals for course substitutions, waivers and other accessibility-related cases and as a member of the ADA Appeals Committee. Appointments with the ADA/504 Coordinator are made by contacting Dr. Laurence Hayes, laurence.hayes@eku.edu.

Student Health Services
Rowlett 103
Phone: (859) 622-1761 Fax: (859) 622-1767
www.healthservices.eku.edu

The mission of Student Health Services at Eastern Kentucky University is to provide our students with the best quality acute ambulatory medical care in a compassionate environment, while providing education on healthy lifestyles from which our students can benefit for the rest of their lives.

Student Health Services has three primary goals: first, to address any acute medical condition that threatens health, interferes with function, reduces performance, and serves as an obstacle to learning and personal growth; second, to educate our student body on healthy lifestyle choices that promote wellness and reduce the chances of disease—the preventive approach; third, to serve as a source of information and access to community based assistance programs. Services provided at the Health Center include:

• Outpatient acute medical care
• Allergy shots
• Basic laboratory tests
• Certain immunizations
• X-Ray requests
• Tuberculosis skin testing
• Health education
• AIDS education/testing referral

To make an appointment to see a provider, please go to the SHS website and click on the icon at the bottom left corner of the home page: “Schedule Online Appointment.”

A variety of free pamphlets, booklets, and other materials are available at the SHS. Students may utilize the computer terminal with Internet access in the SHS lobby to look up health related topics of interest.

Student Life & First-Year Experience
Loni Yost, Director
Powell 128
Phone: (859) 622-3855 www.studentlife.eku.edu

The Office of Student Life & First-Year Experience (SL&FYE) at Eastern Kentucky University is dedicated to making sure every student has the opportunity to get involved and receive valuable experiences outside of the classroom. SL&FYE provides numerous services and programs for EKU students including Community Service, Colonel’s Cupboard, Fraternity & Sorority Life, Leadership, Registered Student Organizations (RSOs), and Student Activities. SL&FYE also provides educational opportunities to assist students in their holistic development.

The first step to getting involved is visiting our website: www.studentlife.eku.edu.

First-Year Experience
First-Year Experience (FYE) serves to help you connect to EKU inside and outside the classroom, and empower you with experiences and resources to make your first year a powerful, engaging experience. We strive to build all FYE programming on these three pillars:

• EXCITE your Colonel spirit by embracing EKU traditions and embarking on your individual “Eastern Experience.”
• EXCHANGE dialogue, ideas and perspectives with faculty, staff and peers to connect with the greater EKU community.
• EXCEL inside and outside the classroom by establishing positive habits that will help make you a successful Colonel at EKU and beyond.

Our cornerstone FYE program, Big E Welcome, will allow you to build friendships and connections with other first-year students, equip yourself with skills to excel in the classroom, and truly welcome you into the EKU experience! Your Colonel Crew Leader (a current EKU student) will lead you through the festivities and share the weekend with you.

Community Service and Colonel’s Cupboard
From disaster relief to blood drives, EKU students are changing the world one project at a time. Whether serving out of state on an Alternative Break trip or right here on campus, our service projects offer you the opportunity to make new friends, build your network, and grow as an individual. Our projects fit perfectly into a wide variety of majors, minors, and concentrations to provide offerings that fit everyone’s interests.

The Colonel’s Cupboard is an on-campus food pantry that assists EKU students who may be experiencing food insecurity. We also offer toiletry items and clothing items through the Clothing Bank and Closet TransForm housed within the Colonel’s Cupboard.

Fraternity & Sorority Life
EKU is home to a vibrant fraternity and sorority community comprised of nearly 30 chapters and four governing councils: Interfraternity Council (IFC), Multicultural Greek Council (MGC), National Pan-Hellenic Council (NPHC), and Panhellenic Council (NPC).

Visit greeklife.eku.edu to learn more about the recruitment process and these values-based organizations focusing on scholarship, service, leadership, and life.

• Scholarship – Each chapter has scholastic standards members are required to meet. Additionally, chapters implement academic success plans including study hours, incentives, and much more.
• Service – Greeks regularly dedicate their time, talent, and treasure to bettering the world in which we live. This is accomplished through philanthropy and community service efforts.
• Leadership – The fraternity and sorority community give members many opportunities to lead within the chapters and in the community.
• Life – Membership is a lifelong commitment. Fraternity and sorority members value brotherhood/sisterhood and being together for support and fellowship.

Leadership
SL&FYE is dedicated to providing leadership programs which cultivate your personal leadership talents to help you be successful during your time at EKU and beyond. Our leadership programs include workshops, our annual LEAD EKU conference, I AM EKU, and more!

**Parent & Family Programs**

The EKU Parent & Family Network serves to empower EKU parents, family, and friends with resources, timely and important information, and programs to support the success of their Colonel. The network assists in helping families stay connected and informed on the EKU community. More information can be found at www.familyprograms.eku.edu.

**Student Activities**

SL&FYE hosts dozens of events each semester aimed at educating, entertaining, and meeting the needs of EKU students. We also have many programs in which we collaborate with various departments across campus to enhance the out-of-classroom experience. Check out upcoming events at studentlife.eku.edu.

**Student Organizations**

SL&FYE is home to over 200 Registered Student Organizations (RSO) that EKU students are welcome to get involved with at any time! RSOs at EKU include a group of 6 or more current EKU students who have formulated an organization for a common purpose. Student organization information can be found at www.studentlife.eku.edu/student-organizations.

**Student Conduct and Community Standards**

Emily Jo Davis, Director  
1 Turley House  
Phone: (859) 622-1500

The Office of Student Conduct and Community Standards believes Eastern Kentucky University is a community of shared academic values, foremost of which is a strong commitment to intellectual honesty, honorable conduct, and respect for others. In order to meet these values, students at Eastern Kentucky University are expected to adhere to the highest standards of academic integrity. When becoming a part of the University community, the student enjoys social, cultural, and educational opportunities. The student also assumes the role of a citizen of the community and agrees to abide by the regulations and standards of conduct of the University community. The Office of Student Conduct and Community Standards provides a fair and impartial student conduct system for students, faculty and staff of Eastern Kentucky University.

The Office of Student Conduct and Community Standards will:
• Provide information to all students relating to the General Regulations for Student Behavior,
• Adjudicate all reports of alleged violations of the General Regulations for Student Behavior and the Policy for Academic Integrity in a consistent manner,
• Facilitate due process rights set forth by the University Handbook for Students, and
• Ensure fair and impartial hearings.
To ensure that students gain the most from their college experience, the Division of Student Success offers a wealth of academic support resources, student services and social enrichment opportunities to foster exploration, discovery, growth and achievement. By fully engaging in all aspects of your education, you’ll receive an immeasurable return on your investment of time and dedication throughout your life.

The Office of Admissions is responsible for recruitment and admission of qualified undergraduate students to EKU. This office is also responsible for the processing of applications for new as well as readmitted, transfer, and international students. Students who have questions regarding their residency status may address their inquiry to the Office of Admissions (admissions@eku.edu).

**Orientation**

Orientation is phase one of the first year experience for new students. During Orientation, students and families visit campus, meet with faculty, staff, and students, and learn more about life at Eastern Kentucky University. Students also register for their first semester of classes. Representatives from many areas are available during Orientation to answer questions about financial aid, tuition payment, housing, dining services, and tutoring services. There are various dates and schedules for first year, transfer and high achiever students.

**Bratzke Student-Athlete Academic Success Center**

Ms. Monika Banbel, Director  
Alumni Coliseum 103  
(859) 622-1359  
www.saasc.eku.edu

The Bratzke Student-Athlete Academic Success Center provides academic support programs and a multifaceted academic resource for all student-athletes competing on NCAA varsity teams on EKU’s campus. The Center provides opportunities and services to enhance the student-athlete’s academic performance, as well as monitoring progress to ensure all student-athletes meet their academic eligibility requirements as determined by the NCAA, OVC, and EKU.

Bratzke Center programs include academic advising, academic monitoring, mentoring, supervised studying, tutoring, and personal counseling, as well as referrals to other academic support programs on campus. Each student athlete’s academic progress is monitored closely, throughout their EKU enrollment to facilitate graduating with the highest grade point average possible, while maintaining NCAA eligibility throughout their collegiate athletic career.

The Bratzke Center also sponsors a Life Skills program designed to promote student-athlete growth in five commitment areas: academics, athletics, personal development, service, and career development. Throughout the year the Center plans and coordinates outreach activities for student-athletes in support of the local community and Eastern Kentucky.

**The Center for Career and Co-op**

Paolo Capretti, Director  
Whitlock Building 468  
(859) 622-1296

The Center assists students in achieving their career-related goals, from choosing an inspiring major/career to pursuing experiential learning and preparing to target a variety of job opportunities. Services include career counseling, co-op/internship search and assistance, job search preparation, employer events and a Part-Time Job Program.

**Choosing a Major/Career**

Career counselors at the Center help students identify and explore their major and career of choice. A variety of assessments allow students to articulate their interests, skills, personality characteristics and work related values, generating a list of major/career options to be explored in terms of reliable and factual information with the guidance of our staff. Through extensive one-on-one counseling sessions, the career counselors help students make sense of the information gathered, to reach a meaningful decision and pursue it with a realistic action plan.

**Co-op and Applied Learning (Internships)**

Internships and Co-op provide students with an opportunity to blend theory with practice resulting in a balanced education. Learning within the classroom is combined with practical on the job training in business, industry, and/or government. Acceptance of a co-op/internship position for academic credit is contingent upon a suitable learning objective approved by both the employer and the appropriate university official.

**Eligibility:**

- Faculty Coordinator approval
- Completion of a minimum of 30 credit hours prior to enrolling (specific departments may require more credit hours); transfer students required to complete at least one semester at EKU.
- Minimum of 2.0 grade point average (GPA); some departments require a higher GPA.
- Salary (when applicable) must be within State and Federal wage guidelines.
- Compliance with the Experiential Learning Guidelines defined by the Center for Career & Co-op and applied by the departments.

**Academic Credit:**

- Determined by the academic college or department
- May earn .5 to 8 hours credit per semester
- Minimum of 80 hours of employment for each semester hour of academic credit, including .5 half credit (students must work to the end of the semester). Co-op is 16 weeks for spring and fall semesters and 12 weeks for summer term. For internships, students must work a minimum of 8 weeks over the summer semester/terms and 12 during the academic semester. Experiences lasting less than a full semester should be discussed with the Center for Career and Co-op and the Faculty Coordinator and only when extenuating circumstances apply.
- Maximum of eight Summer semester hours and twelve Fall/Spring semester hours toward meeting requirements for the associate degree and sixteen hours toward the bachelor’s degree.
- Credit is awarded for co-op/internship only when the student is enrolled in the University and in compliance with the Experiential Learning Guidelines from the Center for Career and Co-op.
- Students who are not able to complete their experience in one semester will receive a grade of IP and be allowed one calendar year to successfully complete all requirements. Students who do not successfully complete a co-op/intern experience within the one calendar year maximum timeframe.
will receive a grade of “F” or “U” depending upon the grade mode.

- Students cannot use past experiences for credit. Only work completed DURING the semester that the student is registered can be counted for credit. Please consult the Timesheet for the semester you intend to co-op/intern for clarification of weeks accepted for counted hours.

**Work Requirements:**
- Students must be in an environment where they are completing worthwhile, hands-on, industry related tasks while being supervised and mentored by an industry professional who can aid in their professional development.
- A supervisor assigned by the employer to provide direction and coordination on the job; also responsible for submitting a final evaluation report on the student.
- Grades assigned by the Faculty Coordinator in accordance with criteria established by the Center for Career and Co-op and the student’s academic college/department.

**Program Options:**

**Internship**
A paid or un-paid experience that still meets all of the eligibility requirements of a for-credit experience that can be completed over one or multiple semesters.

**Co-op**
A paid, multi-term (semester) experience that meets all eligibility requirements of a for-credit experience that follows one of the following plans:

- **Parallel plan:** students work part-time for multiple semesters (three or more semesters) while maintaining a full-time course load.
- **Alternating plan:** students employed full-time, alternating classroom training with work-based training for a period of two or more semesters, following the employer’s schedule. Students may also work full-time during the summer semester (twelve weeks) but must also work in their co-op position during the fall and/or spring semesters.
- **Special plans:** developed to meet the needs of the student and employer.
- **Students participating in the Internship Program must meet the eligibility requirements of the Co-op Program, but may choose to work only one semester in either a paid or non-paid assignment or in any assignment that does not meet the Co-op multiple term or length requirements.

**Part-Time Job Program**
The Part-Time Job Program gives students opportunities to obtain part-time, temporary, and summer employment with local and regional businesses. Students who participate in the program gain experience in the workforce while networking in the community. The Part-time Job Program is open to all currently enrolled EKU students.

**Job Search Preparation**
The Center helps students target job opportunities by offering workshops, face-to-face and online appointments on resume writing, cover letter critiques, job search strategies, networking and social media. Through the mock interview program, students can practice and improve their interviewing skills with personalized assistance and feedback. The Dress for Success Closet provides business attire at no cost to EKU students seeking internships or employment in a workplace that requires professional clothing.

**Connecting with Employers**
The Center staff assists students in identifying and connecting with potential employers through job/career fairs, on-campus interviews, individual appointments, online tools, and other resources. The Center’s brand new database, Handshake, is an easy to use and innovative system that gives students and alumni access to jobs postings and employers targeting EKU students. It is easily accessible through the Center’s homepage at http://career-coop.eku.edu/

**Center for Student Parents**
(formerly Education Pays Center)
Ms. Robyn Moreland, Director
(859) 622-6684
www.studentparents.eku.edu
Available on the Richmond and Corbin Campus

The Center for Student Parents is a place to feel supported, accepted and prepared for life as a parenting college student. Through guidance, academic support, advising, workshops, referrals and employment opportunities; student parents can graduate and meet educational and personal goals. Funded by the Cabinet for Health and Family Services, the Center for Student Parents has supported EKU’s student parent population for over 20 years. Contact us to learn more about the support offered, such as:

- Private computer and Study Lab
- Family Friendly Study Space
- Lactation Room
- Work Study- only available to those receiving Kentucky Transitional Assistance (KTAP)- ask about how you qualify.
- Academic Support Services
- Personal and Professional Support
- Resource Linkage

**Community Service**
The Community Service program coordinates a variety of service opportunities throughout the year that EKU students, faculty, and staff can participate in both on and off campus. Whether it’s to fulfill a class requirement or just to get involved, students looking for volunteer opportunities can visit to get connected with local volunteer opportunities that meet their individual needs and fit their busy schedules.

There are five main ways you can engage with the Community Service program at EKU:

- Volunteer with Saturdays for Service: Since 2004, EKU students been partnering with local entities for service opportunities. Each event is a one time commitment, working with a different community partners, either in Richmond or nearby in our service region. Saturdays for Service occur on the first Saturday of each month. Transportation is provided.
- Commit to a Community Partner: Our office has a variety of community partners within driving distance of campus. By signing up through OrgSync a student can commit to volunteering one time or regularly, by themselves or with a group of friends. This is a great way to fulfill volunteer requirements for class, connect with the community, learn about yourself, or gain experience for after
college. Opportunities vary and are continuous, so a time can be found that works with each person’s schedule. You can learn about these many opportunities through our Part Time Job & Volunteer Fair hosted during Welcome Week.

- Immerse and Serve on an Alternative Break: Alternative break trips are offered year round (fall, winter, spring, summer, and even weekends). Each trip has a focus on a particular social issue, such as (but not limited to) disaster relief, poverty, education reform, hunger, and environmental stewardship. Students learn about the social issues and then perform week-long projects with local non-profit organizations.
- Join in on a Day of Service: Day of service events include onetime events throughout the academic year. Major Days of Service include 9/11 Day of Service and Remembrance & Martin Luther King Jr. Day. Throughout the year these days of service include both on and off campus on time opportunities to serve and support our community.

Students interested in taking a more action in service have the opportunity to take up student leadership positions including joining some of our service-focused RSOs and the Service Council. For more information visit: www.communityservice.eku.edu or www.facebook.com/EKUcommunityservice.

Office of Financial Aid
Mr. Bryan Erslan, Director
Whitlock Building 251
Phone: (859) 622-2361 Fax: (859) 622-2019
www.finaid@eku.edu

Financial assistance is available to help students offset the cost of their college education. There are five types of financial aid: grants, loans, employment, entitlements, and scholarships. The grants, loans, and federal work study programs are need-based. To determine how much money and for which programs the student qualifies, he/she must complete the Free Application for Federal Student Aid each year.

Entitlements include but are not limited to resources from the Veterans Administration and Vocational Rehabilitation. Scholarships are awarded from the University as well as outside sources. For information regarding entitlements, students should contact the Division of Student Financial Assistance at (859) 622-2361. This office can guide the student to the proper source depending on the type of entitlement or scholarship the student is interested in pursuing.

For scholarship information, students should contact the Scholarship Office in the Whitlock Building, Room 346 (859) 622-8032

VOCATIONAL REHABILITATION (OVR).

Eastern Kentucky University supports the efforts of OVR to serve eligible individuals with disabilities. The Kentucky Office of Vocational Rehabilitation provides vocational rehabilitation services to eligible individuals with disabilities. Individuals receiving OVR services may also contact the EKU Center For Student Accessibility for academic accommodation. For more information about eligibility criteria call the Office of Vocational Rehabilitation toll free at 1-800-372-7172 or (502) 564-7172, or visit the website at www.ovr.ky.gov.

GRANTS

Grants are considered gift aid and do not usually have to be repaid.

The Federal Pell Grant is the largest grant program. The maximum award is $5,920 for 2017-18.

The Federal Supplemental Educational Opportunity Grant (SEOG) is awarded to students who demonstrate exceptional need, and priority is given to Federal Pell Grant recipients. The average Federal SEOG award at Eastern Kentucky University is generally $550 for the academic year.

The College Access Program Grant (CAP) is awarded to eligible Kentucky residents. The amount of this grant is determined by the Kentucky Higher Education Assistance Authority (KHEAA). It is given to students enrolled for a minimum of six hours. Full-time students will receive up to $950 per semester, $1,900 for the 2017-18 academic year.

SCHOLARSHIPS

Eastern Kentucky University offers a range of academic scholarships designed to reward scholastic achievement and enhance the university community through the attraction of academically talented students.

Unless noted otherwise in the specific description, each of these scholarships is awarded for eight consecutive regular semesters of full-time undergraduate work to students earning their first undergraduate Bachelor degree, provided a satisfactory grade point average is maintained.

In addition to the general scholarship program described below, the University also awards a number of scholarships funded through private funds administered in the Eastern Kentucky University Foundation. Students need to complete the scholarship application form to be considered for all foundation scholarships the University awards (www.scholarships.eku.edu).

Some discipline specific scholarships are awarded based on selection processes within the appropriate academic department. If the department housing the major indicated on the application form awards such scholarships, you will receive information from that department.

In addition to completing the scholarship application, it is also necessary to apply for admission to the university and for financial aid. All necessary forms are available through the Office of Admissions. If you have a question, or need admission forms, please call 1-800-465-9191, or send an email to admissions@eku.edu. Scholarship applications are available online at www.scholarships.eku.edu.

Except for the book award to participants in the Honors Program, the university does not make multiple awards of the described scholarships. Recipients will receive the highest award for which they apply, are eligible and selected.

The following information is applicable to freshmen enrolling at Eastern Kentucky University for the first-time in the Fall semester, 2017.

Transfer Scholarship: Students need to apply for admission to be considered automatically for merit scholarships. To be considered for the fall semester, students must apply for admission by June 15th. To be considered for the spring semester, students must apply for admission by November 15th. To be considered for the summer semester, students must apply for admission by April 15th. The transfer scholarship qualifications and requirements for this scholarship can be found at www.scholarships.eku.edu.

AWARDS

Four-year awards can vary up to $52,000. Merit scholarships are awarded automatically upon admission to EKU. Applicants must be admitted prior to February 1st to receive priority for scholarships. We will continue to award after February 1st until funds are exhausted. The last date for scholarship upgrades is March 1st. There are no upgrades after that date. Students that
Federal Perkins Loan borrowers must be enrolled for thirty (30) days before their first Perkins disbursement can be released.

The Federal Direct Subsidized Loan Program is a need based program available to students who are enrolled at least half time. This loan is for undergraduate, and post-baccalaureate students. The interest rate is fixed and is not to exceed 8.25%. Contact the Office of Student Financial Assistance after July 1 for the current year interest rate.

The Federal Government pays the interest while the student is enrolled at least half time. A student has six months after ceasing to be enrolled as a half time student before repayment begins.

All first time Federal Direct Loan borrowers (subsidized as well as unsubsidized) must complete entrance counseling before their loan can be processed. Counseling can be completed at www.studentloans.gov.

The Federal Direct Unsubsidized Loan Program is not based on need. It has a different interest rate as the Federal Direct Subsidized Loan Program, and the student is responsible for paying the interest on this loan. The unsubsidized and the subsidized loan cannot exceed the maximum amount allowable by a student’s classification. For example:

First Year Students - $5,500 is the annual loan limit. No more than $3,500 of this amount may be in subsidized loans. All first time Federal Direct Loan borrowers must be enrolled for thirty (30) days before the first disbursement can be released.

Second Year Students - $6,500 is the annual loan limit. No more than $4,500 of this amount may be in subsidized loans.

*NOTE: This is the maximum amount ($6,500) that a student working on an Associate Degree is eligible to receive.

Third and Fourth Year Students - $7,500 is the annual loan limit. No more than $5,500 of this amount may be in subsidized loans.

Graduate Students - $20,500 is the annual loan limit. No more than $8,500 of this amount can be in subsidized loans.

Independent students may be eligible for an additional unsubsidized funds. An independent student could borrow up to an additional:

- Freshman/sophomore - $4,000
- Junior/senior - $5,000

Keep in mind that the unsubsidized and subsidized Direct Loans combined cannot exceed the student’s cost of education minus all other student financial assistance.

*Each annual loan limit is for one award year (12 month period; i.e., fall, spring, and summer).

To apply for a Federal Direct Subsidized or Unsubsidized Loan, all students must complete a Free Application for Federal Student Aid. After the student is evaluated for all federal programs, his/her eligibility for the Direct Loan program is determined. The Office of Student Financial Assistance will certify the loan and electronically submit the information to the U.S. Department of Education (DOE). If the student has a signed Master Promissory Note (MPN) on file at DOE, the loan funds will be sent to Eastern Kentucky University on the specified disbursement dates. If the student does not have a signed MPN on file at DOE, a MPN must be signed electronically at www.studentloans.gov.

Post-Baccalaureate Students—Students returning to work on a second undergraduate degree are not automatically eligible for the senior annual loan limit of $7,500. Each student must submit documentation which indicates how many hours that student has toward the second degree.

The Federal Direct Plus Loan program enables parents to borrow the cost of education minus other aid for their student who is enrolled for at least 6 hours. This is not a need based loan. As
Section Four - Division of Student Success

long as the parent who is applying for the loan is credit worthy, the loan is usually approved. The interest rate is fixed and not to exceed 9%. Interest begins to accrue 60 days after the loan is fully disbursed. The parent must complete the PLUS application process at www.studentloans.gov each year. If the parent has a signed Master Promissory Note (MPN) on file at DOE, the loan funds will be sent to EKU on the specified disbursement dates. If the parent does not have a signed MPN on file at DOE, an MPN must be signed electronically at www.studentloans.gov.

The Student Aid Society (Emergency Loan) program is designed to provide emergency short-term loans to students. It must be repaid. Students may borrow a small amount of money on a personal note at a legal rate of interest for a one month period. Money is made available through contributions of the University, alumni, private organizations and many individual friends of the University.

You must be enrolled as a full-time student, have a 2.0 (“C”) overall grade point average, a means of repayment, and must not have a past due balance. All students are eligible to apply for these short-term loans regardless if they are receiving other forms of financial aid. An application form obtained from the Loan Accounts Office in the Whitlock Building, Room 210 must be completed.

The loan must usually be repaid within four weeks, and the student is charged an interest rate of 2 percent. Students who have delinquent loans will have their grades sealed in the Registrar and will not be allowed to register for the next semester. Delinquent loans will be collected through a collection agency. Any additional expenses incurred in the collection of the note will be added to the student’s repayment.

STUDENT EMPLOYMENT

Eastern Kentucky University offers its students two employment programs. One is the federal work study program which provides part-time jobs to students who have financial need as determined by the Application for Federal Student Aid. This program is federally funded. The other is the EKU institutional work program. Eastern Kentucky University provides funds to employ students who want to work on-campus, but do not qualify for the federal work study.

Both of these programs employ students on a part-time basis, and students are paid every two weeks for the hours they have worked. Their job schedule is built around their class schedule. A variety of jobs are available including typing, filing, farm work, food service, resident hall assistants, tutorial work, as well as community service jobs. Contact Human Resources for more information at the Jones Building, Room 203, between 8:00 a.m. – 4:30 p.m. (M-F). or by phone at 859-622-5094, Option.

First-Year Courses and Learning Communities

Ms. Starr Wentzel, Director
Whitlock Building 346
Phone: (859) 622-6266
www.firstyearcourses.eku.edu

The Office of First-Year Courses & Learning Communities administers Student Success Seminars for all first-year students. Student Success Seminars include content about campus resources, study skills, critical thinking, and diversity, helping students find ways to get connected to the university during the transition to college. Eastern Kentucky University offers several variations of the seminar, depending upon a student’s major or special interests.

Our courses teach the structure and functions of the university.

Our instructors teach learning strategies backed by science. Our students participate in a variety of out-of-class experiences and co-curricular learning opportunities. These opportunities include seminars and events on topics such as financial literacy, student health, and cultural awareness.

Students in GSD 101 – Foundations of Learning complete a Major and Career Series (MaC) developed by the Center for Career and Co-op. The MaC Series helps students evaluate potential major and career paths through interviews, market data research, and personality assessments.

Student Success Seminars teach students to think critically, solve problems, and take advantage of the resources and opportunities EKU has to offer. As such, our courses are often the first step many Colonels’ take on their paths to success.

Every student seeking an Associate of Arts Degree in General Studies or a baccalaureate degree must complete a (1) or (3) credit hour Student Success Seminar*.

- Full time students must complete the Student Success Seminar during their first semester.
- Part time students must complete the Student Success Seminar within their first (18) credit hours but are strongly encouraged to complete the requirement during their first semester.
- Students who earn a grade of “W,” “F,” or “FN” in a Student Success Seminar must repeat the course the following term.

* Transfer students who have 30 or more transfer credits upon admission to EKU may have this requirement waived. Some majors require all students to take a Student Success Seminar, regardless of transfer status. Student Success Seminars will not be waived for AP and Dual Credit hours.

Eastern Kentucky University offers several variations of the seminar for some student populations or majors.

- Students who enter the University with a declared major enroll in a (1) credit hour seminar in their college (ASO, BTO, EDO, HSO, JSO, SCO, or HON 100).
- Exploratory students (students who have not declared a major in a college) will enroll in a (3) credit hour seminar, GSD 101, which incorporates a unit on major and career exploration, in addition to critical thinking and success strategies.
- Sections of GSD 101 are also offered for special populations, such as NOVA, student athletes, and veterans, as enrollment allows.
- Sections of GSD 101 are also offered for special student populations as paired Learning Communities in English (ENG 101), Psychology (PSY 200), and Communications (CMS 100). Eligible students are pre-enrolled in Learning Communities on an as-available basis. In a Learning Community, students take two classes with the same group of students and have opportunities to interact with instructors, classmates, and peer mentors outside of class.
- Students who are admitted into the university on a Learning Contract will be paired in a Learning Community with ENG 101R, ENG 101 or CMS 100. Students are pre-enrolled in these Learning Communities with their GSD 101 course contributing to the fulfillment of their Learning Contract.
The Office of International Student and Scholar Services (OISSS) provides services, programs and resources to assist international students and visitors with their transition to campus and to life in the United States. Eastern Kentucky University has more than 250 international students studying at both the undergraduate and graduate levels. These students represent approximately 45 nations.

OISSS supports international students and works with campus partners in providing educational, social and cultural programs which promote cross-cultural understanding and contribute to campus internationalization.

The office also has a dedicated staff who works directly with sponsored students studying at EKU through various governmental programs or scholarships. Finally, the office provides immigration visa advising to our international population and also serves to keep the university in compliance with federal immigration regulations.

The Office of Military and Veteran Affairs serves student veterans by assisting with admissions, obtaining VA benefits and credit for military training, and serving as an advocate for veterans’ issues throughout the campus community.

To utilize VA education benefits and to obtain a Certificate of Eligibility, student veterans or eligible dependents will need to apply directly to the Veterans Administration online at www.vets.gov. Upon receipt of the certificate, please bring, mail, or fax (859-622-5076) a copy to the Veteran Affairs office on the main campus at 317 Lancaster Avenue. Additionally, a Course Enrollment Form must be submitted online each semester for which benefits will be used, at www.va.eku.edu/course.

Covered individuals (defined by the VA as any individual who is entitled to educational assistance under Chapter 31, Vocational Rehabilitation and Employment, or Chapter 33, Post-9/11 GI Bill® benefits) may attend or participate in the course of education during the period beginning on the date on which the individual provides to the educational institution a Certificate of Eligibility (COE) for entitlement to educational assistance under chapter 31 or 33 (A “Statement of Benefits” obtained from the Department of Veterans Affairs’ VA) website -- eBenefits, or a VA Form 28-1905 form for chapter 31 authorization purposes can substitute for a COE) and ending on the earlier of the following dates:

1. The date on which payment from VA is made to the institution.
2. 90 days after the date the institution certified tuition and fees following the receipt of the COE.

The University will not impose any penalty, including the assessment of late fees, the denial of access to classes, libraries, or other institutional facilities, or the requirement that a covered individual borrow additional funds because of the inability to meet his or her financial obligations to the institution due to the delayed disbursement of funding from VA under chapter 31 or 33. If any late fees do appear, they will not be charged to the covered individual until after the 90-day period referenced above.

Basic Allowance for Housing (BAH) is calculated based upon the location of the campus where a student attends the majority of their classes, based upon Section 107 (FGIB). A “campus” may include internships, externships, training, practicums, etc. Students enrolled in 100% online programs will receive a reduced BAH amount, based upon their enrollment status. Hybrid courses must be certified at the on-campus rate, per VA regulations. All veterans and dependents who are eligible for benefits under the federal Post-9/11 Veterans Educational Assistance Act of 2008 (38 U.S.C. Section 3301 et seq.), or any other federal law authorizing educational benefits for veterans or dependents, will receive in-state tuition and fees.

Veterans needing assistance in obtaining a copy of their Joint Service Transcript or CCAF transcript should email ekuveteransaffairs@eku.edu or call 859-622-2345.

**VA Regulations for Aviation Courses**

Students using GI Bill® benefits to fund an aviation course must complete each flight lab within 19 weeks of initiation of the first flight event; failure to do so will result in the student being assigned a grade of NC (No Credit). Students using GI Bill® benefits must repay to the VA the cost (including a portion of stipends for living expenses) related to any course in which a grade of NC is earned. Important - All student participants receiving Veterans Administration benefits have 19 calendar weeks from the date of the first flight event to complete an Aviation flight lab.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at http://www.benefits.va.gov/gibill.

**Aviation Flight Hours & Costs/Fees**

A complete listing of aviation related fees for the current academic year is published on the EKUAviation Flight Fees website (http://aviation.eku.edu/aviation-flight-fees), and are included in materials provided by the flight instructors. Additionally, all VA funded flight students receive this information from the EKU Office of Military and Veteran Affairs during their enrollment certification process. Students should verify through their regional Department of Veterans Affairs processing office if they have questions regarding their eligibility to use VA resources to complete the requirements of the EKU Aviation program.

**Kentucky National Guard Tuition Award Program**

Active members of the Kentucky National Guard can utilize the Kentucky National Guard Tuition Award Program if they meet all eligibility criteria with the National Guard. Members must maintain all minimum standards, be eligible for all positive personnel actions, and have completed basic training or its equivalent. Eligible members will be awarded up to in-state tuition for full or part-time study at any Kentucky public college while funds are available. Members must apply to utilize the Kentucky National Guard Tuition Award Program each semester.
The deadline to apply for the Summer and Fall semesters is April 1, and the deadline to apply for the Winter and Spring semesters is October 1. The application is available online at https://ky.ngb.army.mil/tuitionstudent. For additional information, members can contact the Boone National Guard at (502) 607-1039.

Survivors' and Dependents' Educational Assistance

DEA (Chapter 35) provides education and training opportunities to eligible dependents and survivors of certain veterans. For more information on DEA eligibility visit www.vets.gov.

Children of Kentucky War Veterans

If you are the child of a Kentucky War Veteran, you may also be entitled to a tuition waiver in addition to your DEA benefits. Under the provisions of KRS 164.505, 164.507, and 164.515, children of Kentuckians who were killed in military action or who were permanently and totally disabled in wartime military services are eligible for this waiver. For additional information contact the Kentucky Department of Veterans Affairs, Tuition Waiver Coordinator at (502) 595-4447.

TRiO Programs

**Educational Talent Search Program**

Ms. Lisa Sons, Director
Telford House
(859) 622-5425
www.ets.eku.edu
ETS@eku.edu

The Educational Talent Search (ETS) Program is a TRiO project funded by the U.S. Department of Education. Talent Search has been at Eastern Kentucky University since 1985. The program serves 6th grade through 12th grade students who have the interest and abilities to further their education beyond high school. Two-thirds of the participants must meet federal income guidelines, and be in the first-generation in their family to pursue a post-secondary education. The goal of the program is to assist participants as they transition from middle school to high school, and on to a post-secondary educational institution. Educational Talent Search offers services related to the following areas: academic information, career resources, exposure to college campuses, career sites and cultural activities, financial literacy, financial aid program information, mentoring, tutoring and personal development activities. Educational Talent Search also offers assistance to out-of-school adults in identifying additional support services. ETS offers assistance for high school completion through referrals to GED programs and local high schools. Services are also available for those who are enrolling in postsecondary institutions for the first time or for those who are returning to school. For more detailed information, contact the Educational Talent Search Program at (859) 622-5425 or check out the Educational Talent Search Program’s website at www.ets.eku.edu.

**McNair Scholars Program**

Mr. Rich Richmond, Director
Jones 409
(859) 622-6249

The McNair Scholars Program at Eastern Kentucky University is a federal initiative funded through the U.S. Department of Education. The McNair Scholars Program encourages and assists undergraduate students from disadvantaged backgrounds who aim to enter careers that require doctoral achievement. Professional staff members provide supportive supplemental advising, offer holistic academic counseling, and facilitate structured training opportunities that enhance participants' readiness for graduate school applications and preparation for graduate school achievement.

Services provided by the program include:

- PhD faculty mentoring
- Supportive supplemental advising
- Holistic academic counseling
- Seminars and scholarly activities that prepare participants for graduate level achievement
- Paid summer research internships
- Conference and presentation opportunities
- Graduate school application preparation and support
- EKU Scholarships

Additional information about the McNair Scholars program can be found on the website at www.mcnair.eku.edu.

**NOVA Program**

**(TRiO Student Support Services)**

Ms. Sierrah Anderson, Director
Turley House 2
Phone: (859) 622-1047
Fax: (859) 622-1074
www.nova.eku.edu

The NOVA Program is a federal TRiO Student Support Services grant project committed to fostering the intellectual, personal, and professional growth of first-generation and low-income students from Orientation to Graduation. NOVA's retention model is comprehensive in design, providing targeted services designed to meet each student's individual needs. Services include:

- Academic Advising
- Career Counseling
- Classroom Instruction
- Financial Aid and Financial Literacy Consulting
- Graduate School Preparation
- Personal Counseling
- Service Learning
- Living Learning Community
- Peer Mentoring
- Personal Counseling
- Registered Student Organization
- Service Learning Experience
- Scholarship Opportunities
- Supplemental Grant Aid Opportunities
- Tutoring Services
- Workshops
- ...and much more!

Students who are interested in joining NOVA may apply online at www.nova.eku.edu or stop by the NOVA office to obtain an application.
EPUUW Bound Program
Ms. Tamara Stewart, Director
Patterson House
(859) 622-1080

EKU Upward Bound is an academic, college-preparatory program serving 125 first-generation, low-income high school students in Casey, Estill, Lee, Lincoln, Powell, and Wolfe counties. Upward Bound is funded by the U.S. Department of Education as one of the federal TRIO programs and has been at EKU since 1965.

Upward Bound provides a comprehensive year-round program each academic year and summer components encompassing a wide variety of services including educational instruction, individualized and group academic tutoring, college exposure, financial aid assistance and financial literacy, career exploration, and cultural activities. The academic year component consists of monthly on-campus academic sessions and school visits and individual contacts. The summer residential component lasts for six weeks and is designed to simulate a college-going experience by offering academic enrichment through rigorous coursework in mathematics through pre-calculus, laboratory science, foreign language, and composition and literature, as well as electives and special interest classes. Participation is at no cost to the students.

Interested students should contact their high school guidance counselor or visit the website to “Nominate a Student” at www.upwardbound.eku.edu.

STUDENT OUTREACH AND TRANSITION OFFICE
(SOTO)
Ms. Lisa Cox, Director
Whitlock Building 442
Phone: (859) 622-7686
www.soto.eku.edu/

This one-stop transitional center is designed for transfer, non-traditional and re-entry students (away from EKU for over 2 years). The Student Outreach and Transition Office provides comprehensive support to students from initial inquiry through registration for their first semester of classes, serving as an advocate to promote their needs along the way. Prospective students receive individualized consulting services in the areas of admissions, degree audits, major selection, academic bankruptcy, credit transfer process, degree completion via distance learning, and course registration prior to their first semester. This office also provides students with answers to basic questions regarding filing for financial aid, financial aid appeals, and receiving credit for prior learning. Evening appointments are available to better serve the needs of adult learners.

SOTO also serves as a hub for diverse students with access to the bi-lingual Associate Director of Latino Recruitment and Retention who is available to answer questions and refer students to appropriate resources. SOTO is also home to the Rodney Gross Scholars program. Scholars have access to dedicated study areas that include computer access, mentoring and tutoring assistance upon request.

Colonel Connection Program
The Colonel Connection Program facilitates the transfer process from other colleges to EKU, and eases students’ transition to and timely graduation from EKU. The program is available to students who are currently enrolled at another institution (e.g., a community college) and intend to transfer to EKU to complete a baccalaureate degree. Students must apply for admission to EKU, meet all admission requirements, and be accepted to EKU before enrolling in the Colonel Connection program.

Upon admission and completion of the Colonel Connection program agreement, participating students are granted continuous access to EKU’s DegreeWorks degree audit system, allowing them to view their individualized degree plan and progress towards an EKU baccalaureate degree. The degree audit is then kept current through regular submission of transcripts to EKU for credit evaluation. (Note: Colonel Connection students may not enroll in EKU coursework without first requesting visiting-student status through their advisor.)

When ready to transfer to EKU, the student must complete a Colonel Connection Admission request form in lieu of submitting another application for admission. This confirms the student intent to enroll as a degree-seeking student and locks in any transfer scholarship for which the student might be eligible.

To maintain enrollment in the Colonel Connection program, a student must:
• maintain a minimum 2.0 grade-point average (GPA) on all college-level work completed to date;
• complete, with a grade of C or better, no fewer than six (6) credits in the most recent fall/spring semester; and
• meet with an assigned EKU advisor at least twice per academic year to discuss their progress and plans for transfer and graduation.

Students who fail to meet any of the above standards will be given one fall or spring semester to comply, after which they will be disenrolled from the Colonel Connection program.

Upon enrollment in the Colonel Connection program, participants will have a catalog year associated with their student record designating the academic year for their degree program as well as General Education and University graduation requirements. Should graduation requirements subsequently change, students may request a move to the current Catalog through the Registrar’s Office. The catalog year may be found on the student’s DegreeWorks degree audit.

Students who fail to maintain their enrollment in the Colonel Connection program may apply for readmission to the program; however, their catalog year will be based on the date of re-enrollment.

For further information regarding the Colonel Connection program, contact the EKU Student Outreach and Transition Office (SOTO).

Student Success
Mr. Matt Schumacher, Senior Director
Whitlock Building 335
(859) 622-6778

Student Success offers services and resources to assist students in persisting and completing their undergraduate degrees. These services include:
• Coordinating recruit-back
• Executing Progress Reports
• Leading retention initiatives
• Providing assistance and support to first-generation students
Diverse Student Retention coordinates the Freshman Academy. The Freshman Academy is an interactive learning experience that promotes retention of all students, with particular focus on minority students. It is designed to provide first-year students with the information, encouragement and direction they need in order to navigate college life and reach their academic, personal, and professional goals at Eastern Kentucky University. The Academy connects first-year students with their fellow classmates, and introduces them to EKU faculty, staff and student leaders who will provide on-going support throughout their college career at EKU and beyond. The Student Success Center is the one-stop resource for answers to any questions students may have during their college experience.

Student Success Center
Dr. Lara Vance, Director
Library 106D and Whitlock Building, First Floor
(859) 622-7861
SuccessCenter@eku.edu
www.successcenter.eku.edu

The Student Success Center is the one-stop resource for students who need answers to any questions they may have during their college experience. Our full-time staff members serve as resources for students as they navigate college, often proactively reaching out to students who may need assistance. They also provide referrals to other EKU resources about which students may not be aware.

The EKU Gurus are trained tutors and mentors who work through Student Success Center programs to provide peer-to-peer service to EKU students. The Student Success Center has the College Reading and Learning Association’s International Tutor Training Certification and International Mentor Training Certification. Each EKU Guru is trained under CRLA guidelines to provide students with study skills, time management, critical reading strategies, test preparation approaches, and other skills necessary for college success. Additionally, Gurus provide content help in over 100 courses. For each course they cover, the Guru has earned a high grade in that class and has a faculty recommendation to tutor in that course. Additionally, staff members are trained to help students deal with life issues that may be impeding their success at college.

The workshops and other programs in the Chellgren Success Series are designed to help students with study skills, time management, choosing a major, and more. The Student Success Center also serves as a study area for students so that they can do homework and study with tutors nearby if they need assistance because asking for help is a habit that will help students be more successful. The center’s administrators track check-ins for reporting study and tutoring hours for many programs on campus. All of our services are free and no appointment is necessary.

Office of University Advising
Mr. Benton Shirey, Director
Whitlock Building 347
(859) 622-2276

Academic advising is a dialogue between student and advisor to promote responsible and appropriate choices and facilitate a successful academic experience. All undergraduate students are assigned an academic advisor through the Office of University Advising. Designated departmental faculty and college staff serve as advisors to students with declared majors. Professional advisors in the Office of University Advising serve as advisors for students seeking an Associate of Arts in General Studies degree, for exploratory students, and for students with two or more college readiness needs.

The Office of University Advising collaborates with students, faculty, and staff across campus to develop a meaningful academic plan tailored to a student’s needs and goals. University Advising serves students, faculty, and staff by:

- Providing year-round academic advising and student support to each EKU student.
- Providing advising tools and referring students to appropriate departments and campus resources.
- Providing customized academic planning and advising to Associate of General Studies (AGS) and exploratory students.
- Assisting with probation recovery for students.
- Coordinating probation recovery workshops with representative college advisors.
- Conducting mid-term recovery workshops for new, first-time freshmen.
- Assisting students with the declaration and/or change of major process.
- Collaborating with the Office of First-Year Courses, Counseling Center and the Center for Career and Co-op to assist student in clarifying educational, career, and life goals.
- Collaborating with the Center for Career and Co-op to facilitate the major exploration process.
- Coordinating campus-wide advising resources and professional development through the monthly Eastern Advising & Retention Network (EARN) meetings and the Undergraduate Advising Committee.
- Coordinating advising resources for the Summer Orientation Program in conjunction with the Office of Admissions and the Registrar.
- Working with campus volunteers to coordinate the Ask Me! Campaign- a program to welcome new students to EKU in the fall semester.

In addition to advising bachelor degree seeking Exploratory students, the Office of University Advising advises all students admitted as undeclared, associate-level (AGS) students under the Success First/Special Admission standard. Students admitted in this category are required by state statute to sign a Student Learning Agreement (Contract) before registering for their first classes. (See admission standards in this catalog).

The statute defines the contract as a student success document signed by the student and a school representative after a personal consultation. This contract sets forth the following:

1. Advising, mentoring, tutoring and support services expectations for both the student and the institution,
2. Student learning goals and expectations,
3. Student participation requirements in a financial literacy
program,
4. The process by which student progress will be monitored, and
5. The specified length of the learning contract.

The Associate Director of Academic Readiness will serve as a supplemental advisor to assist Success First/Special Admit students in completing their college academic readiness requirements.

Once a student has completed the requirements specified in the Student Learning Agreement he/she may petition to declare a major, at which time the student will return to bachelor degree seeking status and be assigned an academic advisor in the chosen college.

While in the Student Learning Agreement students may not change their class selections without permission of University Advising. The advisor may lock a student’s ability to change their individual class schedules if necessary, in order to keep the student on track and moving toward degree.

For more information visit the University Advising website at www.universityadvising.eku.edu or call (859) 622-2276.

GENERAL ACADEMIC INFORMATION

Student success is an EKU priority. The General Academic Information section provides students with key information to help them succeed on the path toward completing a degree. All students should become familiar with the General Academic Information section of the Catalog as well as specific college and departmental program requirements. Being unaware of these regulations and requirements does not exempt a student from complying with the requirements.

**APPLIED CRITICAL AND CREATIVE THINKING (ACCT)**

The ACCT is a program-directed University baccalaureate degree graduation requirement intended to showcase the unique experiential and applied components of all undergraduate degrees at EKU. The goal of the ACCT is to ensure that students integrate into their degree program experiences and/or courses that demonstrate applied critical and creative thinking skills. Any course or experience used to meet this requirement may also be used to satisfy program requirements. Options to satisfy this requirement vary by degree program and will be determined by the program. The ACCT experience is expected to be at least a 3 credit hour course, or an experience that requires equivalent effort. Students should refer to the program requirements for their majors, as listed in this Catalog, or listed on their DegreeWorks degree audit, for specific information on the ACCT requirement.

**ACADEMIC BANKRUPTCY**

**Academic Bankruptcy of EKU Work**

Academic bankruptcy allows undergraduate students who are returning to Eastern Kentucky University after remaining out for an extended period of time to remove from their GPA a portion of the work attempted during prior college enrollment(s). EKU offers this option of academic renewal because it recognizes that some students fail to perform satisfactorily due to immaturity or to other factors that interfere with their academic performance. Students considering academic bankruptcy should make careful note of the following policy conditions:

a. The student must not have attended Eastern Kentucky University or any other institution of higher education for a period of at least two consecutive years sometime after attempting work to be bankrupted.
b. The student must be currently enrolled as a degree-seeking student at EKU.
c. The student must not have previously declared bankruptcy of EKU work. Bankruptcy can only be declared once.
d. Only semesters where the term GPA is below 2.0 will be considered for bankruptcy.
e. Within eligible terms (see d, above), only courses with grades of “D” or “F,” or the equivalent, may be bankrupted.
f. During his/her first semester after being readmitted a student requesting bankruptcy must attain a minimum of a 2.0 term GPA. The student must earn no grade lower than a “C” on at least 12 hours of 100-level (or higher) EKU coursework, and pass any college readiness courses. All courses and grades, including repeated courses, will be counted in the qualifying term GPA. (*If it takes more than one semester to complete the necessary 12 credit hours, the student must maintain a consistent 2.0 term GPA since being readmitted.) For the purpose of determining bankruptcy a grade of “S” is acceptable.
g. A student who does not enroll in 12 credit hours of 100-level or higher coursework during his or her first term back at EKU will have his/her enrollment in the subsequent semester combined with that of the first to determine bankruptcy. All academic work attempted in the term that includes the twelfth credit hour is affected by the above grade restrictions.
h. Before formally requesting consideration for bankruptcy, the student must confer with bankruptcy experts in the Registrar’s Office to determine which semesters may qualify for bankruptcy and what the impact to the student’s GPA will be. The student will then complete and sign the Academic Bankruptcy form.
i. Any academic work used to complete a baccalaureate degree is not eligible for bankruptcy once the degree has been awarded.

If bankruptcy is granted, the bankrupted class(es):

- Will remain visible on the transcript, but with a “S” designation.
- Will not be counted in the student’s GPA.
- Will not count as earned hours. (Note that Financial Aid will continue to count bankrupted hours as attempted hours.)
- Will be included in the separate GPA calculation which is done when determining graduation honors.
- Will be prevented by DegreeWorks from meeting any degree requirements (including the 42 hour upper division requirement). However, the dean of the college of the student’s major may waive major, supporting, and general education requirements met by bankrupted courses. Note that this does not add back any credit hours from bankrupted courses, the student may be required to complete additional elective courses to obtain the minimum number of credit hours required to graduate.

**Academic Bankruptcy of Transferred Work**

Academic bankruptcy of transfer coursework undergraduate students who have been out of higher education for an extended period to void a portion of their earlier work attempted at other institutions. EKU offers this option because it recognizes that some students fail to perform satisfactorily due to immaturity or to other factors that interfere with their academic performance.

To qualify for transfer bankruptcy, a student must meet the following conditions:

a. The student must not have attended Eastern Kentucky University or any other institution of higher education for a period of at least two consecutive years sometime after attempting work to be bankrupted.
b. Students may request to bankrupt prior work. However, all EKU bankruptcy restrictions and rules listed in the general academic bankruptcy section of this catalog apply.
c. After being admitted to EKU, the student must attain a minimum of a 2.0 GPA with no grade lower than a “C” on at least 12 hours of college-level (i.e., 100 or above) EKU courses and pass any attempted college readiness courses. All courses and grades, including repeated courses, will be counted when determining eligibility for academic renewal. A grade of “S” is also acceptable for meeting academic renewal eligibility. All work attempted in the academic term that includes the twelfth hour is affected by these grade restrictions.

d. The transfer student must submit a completed Academic Bankruptcy request form to the Office of the Registrar. All students should consult with a bankruptcy expert in the Registrar’s Office. Together, they will identify the transfer institutions from which work is to be bankrupted, as well as the specific semesters that are to be bankrupted.

e. The student may not have previously declared transfer bankruptcy at EKU.

f. Academic work earned before completion of a baccalaureate degree is not eligible for bankruptcy once the degree has been awarded.

g. The student must be currently enrolled as a degree-seeking student at EKU.

h. If transfer bankruptcy is granted, the bankrupted work:
   • will remain on the transcript.
   • will not be counted in the student’s GPA.
   • will not count toward degree requirements, including the upper division hours requirement. However, the dean of the college in which the student is enrolled may waive major, supporting, and general education requirements met by bankrupted courses. Note that this does not add back any credit hours from bankrupted courses; the student may be required to complete additional elective courses to obtain the minimum number of credit hours required to graduate.

i. Grades for course work approved for academic bankruptcy will be included in the separate GPA calculation performed to determine students who will graduate with Latin Honors.

j. Transfer students who have participated in academic bankruptcy (or academic renewal) at a previous institution, and have not yet earned a baccalaureate degree, may petition through the University Exception process to either have the affected transfer coursework brought into EKU as it was recorded by the previous institution, or have the coursework applied through EKU’s academic bankruptcy policy.

ACADEMIC INTEGRITY

EKU students are expected to adhere to the highest standards of academic integrity. Students who are found guilty of academic dishonesty will be sanctioned in a manner that is appropriate to the infraction. Sanctions may range from receiving a failing grade on the assignment to being assigned a failing grade in the course. Stronger sanctions are possible in the event a case is assigned to the Student Disciplinary Council. Students who are assigned a grade of “F” or “FX” in a course due to academic dishonesty will not be permitted to withdraw from the course.

For a full description of academic dishonesty, including plagiarism, cheating, and fabrication, refer to the section entitled Academic Integrity Policy in the University Handbook for Students.

ACADEMIC READINESS, TESTING, AND TUTORING

Ms. Kathy Williams, Director
Whitlock Building 326
kathy.williams@eku.edu
(859) 622-2306

The Academic Readiness Program at Eastern Kentucky University helps students achieve academic success by: developing or enhancing skill level proficiencies in the areas of reading, English writing, and/or mathematics; by improving students' academic, financial literacy, and social readiness skills; and by promoting self-advocacy and personal responsibility among incoming students who are new to the University.

Academic Readiness: In Kentucky, “academic readiness,” also called college readiness is indicated by minimum ACT subscores of 18 in English, 19 in mathematics, and 20 in reading. College-level skill proficiencies in writing, reading, and mathematics also may be measured by student performance on the SAT, the KYOTE (Kentucky Online Testing), the GED College Readiness exam, ALEKS mathematics scores, and/or EKU placement tests. Students whose test scores indicate the need for additional academic readiness preparation may be required to complete one or more EKU Academic Readiness courses. Students should carefully review the General Education section of Degree Works, General Education Element 1 and/or Element 2 to confirm if they are required to complete one or more of the following academic readiness courses:

ENGLISH COMPOSITION AND READING COURSES:
• ENG 101R Research, Writing and Rhetoric I (Supported – 4 credit hours)
• ENG 102R Research, Writing and Rhetoric II (Supported – 4 credit hours)

QUANTITATIVE REASONING COURSES:
• MAT 105 Mathematics with Applications in conjunction with MAT 105P Quantitative Support for MAT 105 (4 credit hours)
• MAT 106 Applied Mathematics taken in conjunction with MAT 106P Quantitative Support for MAT 106 (4 credit hours)
• MAT 112A Algebra: Polynomials taken in conjunction with MAT 112AP (4.5 credit hours) PLUS
• MAT 112B Algebra: Functions and Matrices taken in conjunction with MAT 112BP (4.5 credit hours)
• PHI 101 Logic & Critical Thinking (3)
• PHI 101R Logic & Critical Thinking (Supported) (4 credit hours)
• STA 215 taken in conjunction with STA 215P Quantitative Support for STA 215 (4 credit hours)

Final grades for all Academic Readiness courses (except those that receive a grade of ‘S’) are calculated in the GPA.

Students transferring to Eastern Kentucky University with an Associate of Arts, Associate of Science, Associate of Applied Sciences, Associate of Science in Nursing degree, or an equivalent, will be considered proficient in the three basic skill areas of English (writing), mathematics, and reading. Please see Section Six of this Catalog for descriptions of these courses.
**Academic Readiness Course Enrollment and Completion Requirements**

Following are the policies concerning academic readiness course enrollment and completion requirements for degree seeking students:

1) All full- or part-time students, including transfer and online students, who need to complete any of the Academic Readiness courses listed above are required to enroll in and complete the needed courses during the following time frames:
   (a) ENG 101 or ENG 101R must be completed during the first semester of enrollment at EKU. Enrollment in the appropriate English course shall take precedence over enrollment in any other courses during a student's first semester.
   (b) MAT 105, MAT 105P, MAT 112/114, MAT 112A, PHI 101, and PHI 101R are restricted based on English writing and/or reading need. Any student with an ENG 101R need may not take mathematics until the second semester of enrollment OR until the ENG 101R need is completed.
   (c) Students who have met benchmark for specific mathematics and English courses may enroll in a standard ENG 1 course and a standard mathematics course appropriate for the intended major during the first semester of enrollment.

2) Mathematics or Quantitative Reasoning Course Completion: Students who have not met mathematics academic readiness benchmark are required to enroll in an academic readiness mathematics course that corresponds with an intended major no later than the second semester of enrollment, as long as all English writing and reading readiness needs have been met.

These courses may include MAT 105 + MAT 105P; OR MAT 106 + MAT 106P; OR MAT 112 A/B + MAT 112 AP/BP; OR PHI 101; OR PHI 101R; OR completion of any other mathematics course found on the EKU Academic Readiness and Course Placement Chart found at the following URL: https://transition.eku.edu/

3) Enrollment in the appropriate mathematics course shall take precedence over enrollment in any other course, with the exception of ENG 101R, at the beginning of the student’s second semester and must be completed concurrent with ENG 102R, if necessary.
4) ENG 102R must be completed in the semester immediately following completion of ENG 101R, to include the summer semester, if a student enrolls in summer courses.
5) All full- or part-time students with academic readiness needs in two or more areas (English composition, reading, and/or math) are required to take GSD 101: Foundations of Learning in the first semester of enrollment.
6) Students who fail to demonstrate continuous, progressive enrollment in required academic readiness courses may have a Registration Hold placed on the student record. Students with a Registration Hold are required to meet with an assigned advisor or academic mentor to establish a plan toward completion of remaining academic readiness requirements.

**Academic Readiness Courses as Completion of English and Quantitative Reasoning General Education Requirements**

The successful completion of ENG 101R satisfies the General Education Element 1A: Written Communication requirement.

**Colonels Now**

Colonels Now is a transition program for all students who are new to Eastern Kentucky University. It is designed to support the academic, social, emotional, and financial college readiness skills of any student new to the University who wishes to receive additional wrap-around support intended to enhance the first-year experience at EKU. Wrap-around support may include mentoring, specialized advising, specialized tutoring and academic skills support, access to specialized programming, and group-specific social events.

The Colonels Now program begins in the summer semester and extends programming throughout participants’ first year of college. Note: Students who wish to maintain contact with Colonels Now program mentors after the first year of college may do so. The Colonels Now program is offered on the Richmond, Corbin, and Manchester campuses. For more information, contact the EKU Office of Academic Readiness at (859) 622-3524.

Colonels Now students work with the Assistant Director of Academic Readiness, who coordinates the program, to enroll in needed academic readiness or first-year courses. (Course placement will be based on ACT, EKU Placement Testing, SAT, KYOTE, GED, or ALEKS Mathematics test scores.)

- Enroll in needed academic readiness or first-year courses in the appropriate sequence, during the first semester & subsequent semesters of enrollment until all courses are successfully completed. (Students who fail to demonstrate continuous, progressive enrollment in required academic readiness or first-year courses may have an Academic Readiness or Advising hold placed on the student record.)
- Obtain a minimum grade of “C” in all coursework.
- Meet with the assigned academic advisor each semester before registering for classes and enroll in courses only as agreed upon during this consultation. Note: Colonels Now students are required to consult with their major-area advisor or the Assistant Director of Academic Readiness, or another student success mentor before making any schedule changes. (A student who fails to involve an advisor and/or the Colonels Now academic program coordinator and/or a student success program coordinator in course scheduling may have an Advising or Academic Readiness hold placed on his or her account, which will block the student’s ability to register or make schedule changes.)
- Agree to meet with the Assistant Director of Academic Readiness or other assigned program mentor as requested throughout the first academic year of enrollment. Other assigned program mentors may include staff who work with students in the following areas: Academic Advising, Athletics, the Center for Student Accessibility, eCampus, Freshman Academy, NOVA, Veterans Affairs, or other programs that provide supplemental advising designed to support the academic success and degree progression of EKU students.
- Achieve satisfactory academic progress (SAP) in order to retain financial aid.
• Attend any minimum assigned hours of weekly required tutoring or other approved academic enrichment activities, as defined and approved by the Assistant Director of Academic Readiness and/or the assigned academic advisor, throughout the first year of enrollment.

**ACADEMIC RESTRICTIONS FOR STUDENTS WITH ACADEMIC READINESS**

• New first-time freshmen with Academic Readiness needs in two or more areas (English composition, reading, or mathematics) will be enrolled in the Associate of Arts in General Studies Degree program. The Office of Academic Advising will assist these students in creating linkages to departments of academic interest. The Assistant Director of Academic Readiness will serve as a supplemental advisor to guide students toward completion of college readiness requirements.
• Students with two or more Academic Readiness requirements are permitted to enroll in up to but not beyond 16 hours of University coursework.
• Students enrolled in any Academic Readiness course may be restricted in course registration based on academic department course pre-requisites.

**ACADEMIC STANDARDS**

**ACADEMIC ACHIEVEMENT AWARDS AND RECOGNITIONS**

**Dean’s List:** The dean’s list is one of several ways in which the University recognizes undergraduate students who achieve academic excellence. The dean’s list is published after each standard (fall/spring/summer) semester. Eligibility requirements for the dean’s list are as follows:

<table>
<thead>
<tr>
<th>Undergraduate Hours Earned with Normal Grading</th>
<th>Minimum Term GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>12</td>
<td>3.75</td>
</tr>
<tr>
<td>13</td>
<td>3.65</td>
</tr>
<tr>
<td>14 or more</td>
<td>3.50</td>
</tr>
</tbody>
</table>

Students earning fewer than 12 semester hours under the regular grading system are not eligible for the dean’s list. Courses below the 100 level will not be counted in determining eligibility for the Dean’s List.

**Dean’s Award:** As a further recognition of academic excellence, the University presents the Dean’s Award to undergraduate students who have achieved the Dean’s List and/or the President’s Award (see below) three times. Students receiving the Dean’s award are presented with a recognition pin by the appropriate academic dean.

**President’s Award:** The highest undergraduate recognition of academic achievement for a semester (fall/spring/summer) is the President’s Award. This award is given to students who complete a full time course load (minimum of 12 institutional credit hours earned) during a semester (fall/spring/summer), with normal grading (excluding developmental coursework), and who attain a 4.0 grade point average for that semester. Students receiving the President’s Award receive a letter of recognition from the President. In addition, the division of Public Relations and Marketing distributes the names of the recipients to appropriate news media, including their hometown newspaper.

**GOOD ACADEMIC STANDING**

**MINIMUM ACADEMIC STANDARDS**

**Satisfactory Progress:** Degree-seeking students shall be considered as making satisfactory progress toward their degree so long as they remain in good academic standing and enroll in courses required or allowed in their chosen academic program. Students having difficulty meeting academic standards are strongly advised to reduce or eliminate part-time jobs and other extracurricular activities which may detract from their studies, or to reduce the number of hours for which they are enrolled. To make timely progress toward degree students are expected to earn at least 15 credit hours per fall/spring semester.

**Good Academic Standing:** To be eligible for enrollment without being placed on academic probation, students must maintain a minimum of the following institutional grade point average (GPA) while enrolled at EKU.

<table>
<thead>
<tr>
<th>Overall GPA Hours</th>
<th>EKU GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fewer than 31</td>
<td>1.5</td>
</tr>
<tr>
<td>31-50</td>
<td>1.8</td>
</tr>
<tr>
<td>Over 50</td>
<td>2.0</td>
</tr>
</tbody>
</table>

The actions described below pertain to students whose institutional GPA falls below the established GPA threshold. Once a student’s institutional GPA returns to the established GPA threshold or above, he/she is once again in good academic standing.

**Academic Warning:** Summer Colonels Now students who pass all required academic readiness classes but were not able to meet the institutional GPA threshold may be given permission to matriculate to the fall term on a status of academic warning. While on academic warning these students may not enroll in more than 15 credit hours in either fall or spring, or more than a total of six hours during a full summer term. Students who are on academic warning and cease continuous enrollment, and subsequently wish to return to the institution, must apply for readmission and will be held to those readmission criteria (please refer to the Requirements for Readmission section of this Catalog).

At the end of a semester on academic warning students must have reached the established GPA threshold. Students not meeting the semester or cumulative institutional GPA requirement will be placed on academic probation.

**Academic Probation:** Students who do not meet the established institutional GPA (see table above) will be placed on Academic Probation after the close of that semester. While on academic probation, students may not enroll in more than 15 credit hours in either fall or spring terms or more than a total of six hours during a full (12-week) summer term. Students who are on Academic Probation and cease continuous enrollment, and subsequently wish to return to the institution, must apply for readmission and will be held to those readmission criteria (please refer to the Requirements for Readmission section of this Catalog).

**Intervention for New First‑Time Freshmen on Probation:** Because a student’s academic performance in his/her first semester at EKU is predictive of overall success and graduation, EKU increases support given to students whose institutional GPA is between 1.0 and 1.5 with 30 or fewer earned GPA hours. New first-time freshmen whose institutional GPA is between 1.0 and 1.5 are required to participate in prescribed intervention strategies and are placed on First Semester Probation, with a requirement of earning an institutional 2.0 or higher term GPA in the second semester to prevent academic suspension. New first-time freshmen...
whose institutional GPA is below 1.0 after their first semester are academically suspended from the university without being first placed on probation.

**Academic Suspension:** At the end of a semester on academic probation, students must have earned a semester GPA of at least 2.0 or raised their institutional GPA to meet the established threshold (see table above). Students not meeting the semester or institutional GPA requirement will be placed on academic suspension. Students may not enroll in classes at EKU while academically suspended. Students who are academically suspended for the first time may not enroll in classes at EKU for one full semester (summer is counted with the next fall semester if a student is academically suspended at the end of the spring term). Students may be academically suspended up to three times during their academic career at EKU. The second academic suspension is for one calendar year and a third academic suspension is for two calendar years. An academically suspended student will return to EKU on academic probation if his/her institutional GPA falls below the established threshold at the time of his/her return. Suspected students are subject to EKU requirements for readmission after they have sat out their mandatory suspension period (please refer to the Requirements for Readmission section of the Catalog).

**Academic Dismissal:** Students who have been academically suspended three times must maintain a semester GPA of 2.0 or better each semester after they return. Students who have been academically suspended three times, and after returning are unable to maintain a semester GPA of 2.0, will be academically dismissed from EKU for a period of five calendar years and are subject to EKU requirements for readmission (please refer to the Requirements for Readmission section of the Catalog).

**Attending Another School While Suspended or Dismissed:** During the time a student is academically suspended or dismissed from EKU, course work earned at another regionally accredited college or university will be considered for transfer credit when the student returns to EKU. This course work can be used to meet graduation requirements but is not counted in institutional GPA. Students are responsible for requesting that an official transcript from any other institution be sent to the EKU Office of Admissions when they apply for readmission to EKU. Students should consult with their advisor or college for the applicability of course work taken at another institution to their degree program at EKU. In some circumstances acceptance of transfer work may be subject to requirements of prior approval by the department chair of the student’s major.

**Improving Academic Standing:** Academic transfer course work is not considered when determining academic standing. Only by repeating EKU course work in which a student earned poor or failing grades can a student quickly rehabilitate his/her institutional GPA and therefore improve academic standing.

**Appealing Academic Standing:** Students may appeal an academic suspension if they believe that catastrophic circumstances beyond their control prevented them from being academically successful. They may appeal their academic suspension to the University Admissions Appeal Committee. For their petition to be considered, students must provide a written appeal with appropriate supporting documentation. Students may not appeal an academic dismissal.

**First-Time Freshmen Mid-Term Grade Review Process**
The first semester for first-time freshmen is pivotal to academic success and graduation. All first-time freshmen will have their mid-term grades reviewed by the Office of University Advising and the Registrar during their first semester at EKU.

If the calculated GPA of all reported mid-term grades is below 1.0 (indicating non-attendance and/or failure to meet course requirements) the student will be required to participate in an intervention program that includes the following:
- a study skills workshop
- a signed Student Learning Agreement (Contract)
- a registration hold that is placed on their student account
- a change of degree status to an associate-level degree status until ending a term in Good Academic Standing.

First semester new students who fail to attend the required workshop, fail to respond to communication from the University, and/or to comply with their success agreement will be withdrawn from all courses for the current semester, have any future course registration cancelled and their student record inactivated.

First-time students who cease participation in courses during their first semester at EKU, and as a result are failing all classes at midterm, will be considered to have withdrawn from the University.

For more information visit the University Advising website at www.universityadvising.eku.edu or call (859) 622-2276.

**Academic Standing Noted on Transcript**
A student’s academic standing (good standing, academic probation, academic suspension, or academic dismissal) is determined at the conclusion of each semester and is notated by term on the student’s transcript.

Expulsion is the permanent separation of a student from the institution. Expulsion at EKU is restricted to the most egregious academic or disciplinary offenses. Expulsion, due to its permanent nature, is noted on the official transcript with the comment, “Expelled – ineligible to return.”

Details of due process that can lead to expulsion of a student can be found in the Eastern Kentucky University Handbook for Students. For process and sanction details refer to the Office of Student Conduct and Community Standards page http://studentrights.eku.edu/student-conduct

**CERTIFICATES**

**EKU University-Awarded Certificate**
At EKU a long-term certificate program (requiring at least one year to complete) results in the awarding of a University Certificate. Undergraduate-level university certificates require 24 or more hours. Graduate-level university certificates require 18 or more hours. University certificates are issued by the University and printed on diploma stock. University certificates are automatically recorded on student transcripts. Students who complete a university certificate must apply for graduation at the dean’s office of the college offering the university certificate, and pay applicable fees to cover certificate processing and mailing costs. University certificates are not awarded at the Commencement ceremony and certificate-only earners do not participate in Commencement.

**EKU Department-Awarded Certificate**
A short-term certificate program (requiring less than one year to complete) results in the awarding of a Department Certificate or
CLASSIFICATION OF STUDENTS
A student’s classification is determined by the number of semester hours earned, as follows:
- Freshman 0 - 29 semester hours earned
- Sophomore 30 - 59 semester hours earned
- Junior 60 - 89 semester hours earned
- Senior 90 or more semester hours earned

GRADUATION & COMMENCEMENT INFORMATION

Application for Graduation

EKU is dedicated to all students making timely progress toward their desired degree. The EKU baccalaureate degree standard is a completion timeframe of 4 years for a 120 credit hour program. After declaring their desired baccalaureate degree program, students are expected to create a semester-by-semester degree pathway in the Degree Works academic planner, and to have this academic plan reviewed and approved by an advisor. To make appropriate progress toward their degree, students are expected to earn at least 15 credit hours per term (or 30 hours per academic year) and take only those classes needed for their declared degree program as listed on their Degree Works planner. Students must be aware that changing majors is likely to prolong time toward degree, and they should make such changes only after serious discussion with an advisor or department or program chair (see Changing Major section of this catalog for more details). Due to specific program requirements, students who transfer into EKU with more than 60 hours may require more than two years at EKU to complete a baccalaureate degree.

Applying for Graduation: 90th Hour Pre-Graduation Review Required Graduation Application and Evaluation

To assist students with completing their degree on schedule, EKU professional advisors/graduation experts will review the student’s academic progress and Degree Works graduation plan to determine the earliest, reasonable graduation semester. Baccalaureate degree seeking students will apply for graduation, and thus trigger this official graduation evaluation, during the semester in which they enroll in their 90th credit hour. The timing of this pre-graduation review is designed to be early enough to allow students to make any needed changes and avoid a graduation delay. Once evaluation has been triggered, a registration hold will be placed on the student’s record pending submission of their graduation application. This hold is lifted automatically after the student submits a graduation application, online, through EKUDirect.

Each degree and University certificate-seeking student shall apply for graduation using the online graduation application located within each student’s EKUDirect secure student services account. At the time of application each student shall have created, and have approved by an advisor, a Degree Works academic plan for every semester up through the proposed graduation term.

During the graduation evaluation the student’s current registration and Degree Works plan for future terms will be examined – to determine whether the student is on-track and efficiently headed toward graduation. The student will be informed if he or she cannot meet the graduation goal declared on the graduation application, advised how to get back on-track, and...
given a new graduation timetable.

Results from the graduation evaluation will be documented on the student’s Degree Works. Students will receive reminders when it is time to apply for graduation and initiate the graduation evaluation. Students are expected to heed warnings and follow any instructions posted on their Degree Works audit as a result of this official graduation evaluation. Students who apply to graduate without having the appropriate academic plan in Degree Works will be expected to submit the plan before being evaluated and before registering for the next semester.

**Degrees Awarded upon Completion of Program**

Each student’s degree will be awarded by the University at the first opportunity to do so upon completion of requirements for the student’s declared program, per the student’s graduation application. Students are expected to earn their baccalaureate degree no later than 6 years after initial matriculation as a first-time degree-seeking student.

Final graduation clearance, degree certification on behalf of the University, and production of diplomas are completed by the Office of the Registrar.

**Changing Major after Applying to Graduate**

After applying to graduate and having a graduation semester confirmed by the University, students are expected to maintain their declared program of study, and thus graduate on schedule. Any exception must be approved by the Dean of the College of the student’s major. Each student is expected to carefully review how any proposed change to a declared program of study would impact his or her approved graduation timetable and future financial assistance, if relevant. Given the gravity of such changes, only in extreme situations and after careful consultations with the student’s professional advisor and/or written permission from a graduation evaluator would a change that would delay graduation be considered.

**Deferral of Graduation Date**

Students who are not successful in completing all graduation requirements by their approved graduation date, but for whom the University determines the graduation goal is still easily within reach, will have their graduation term automatically deferred to the next semester. Students can have their graduation deferred for a maximum of two sequential semesters. After that time the original graduation application will be cancelled and the student will be required to submit a new application for graduation, pay a new application fee, and have a revised Degree Works graduation plan approved by the graduation evaluator.

**Graduation Fair (Grad Fest)**

There is a graduation fair (Grad Fest) on campus each fall and spring semester. This is an important event for all graduating students. At Grad Fest, students will conclude all needed graduation tasks, including picking up pre-ordered academic regalia. For additional information, please refer to the Grad Fest website at http://registrar.eku.edu/gradfest

**Graduation Fee**

There is a graduation application fee for each diploma and/or university certificate sought; the appropriate fee is assessed to the student’s EKU account upon receipt of the graduation application. This graduation fee only partially offsets the full cost of commencement celebrations and production and mailing of diplomas and certificates.

**Graduation Academic Regalia**

Students order and pay for commencement regalia (cap, tassel, hood, and gown) through the EKU Barnes & Noble bookstore (http://registrar.eku.edu/graduation) Students earning University Latin Honors receive a complimentary Honors Sash; this regalia will be available at the Registrar’s table during Grad Fest. Students graduating from the Honors Program will receive a complimentary maroon mortarboard from the Honors Program office. Refer to the Graduation Information website for more details regarding graduation fees and/or commencement.

**Commencement Participation**

Commencement ceremonies are conducted at the conclusion of the fall and spring semesters, prior to final grade processing. Students who are graduating at the end of the summer semester may participate at the preceding spring ceremony. Students who are graduating at the end of the winter term may participate at the preceding fall ceremony.

The Commencement ceremony represents a celebratory gathering of all degree candidates who are expected to complete their academic requirements by the official degree-conferral date as established by the University. Attendance at Commencement is optional. Participation in the Commencement ceremony does not represent confirmation of degree completion (“graduation”). After final grades are processed and reviewed, degrees will be conferred. Students earning only a certificate, either university or departmental, may not participate in the Commencement ceremony. For additional information regarding Commencement, please refer to the registrar’s Web site at www.registrar.eku.edu/graduationInformation/.

**Degree Conferral Date**

The Board of Regents of Eastern Kentucky University approves the conferring of degrees four times per year. These conferral dates represent confirmation that all degree and/or university certificate requirements have been met by that date. The formal conferral date is posted to the student’s academic transcript and is the date printed on the diploma and certificate. Below are the EKU degree/certificate conferral dates:

- Fall: December 31
- Winter: January 31
- Spring: May 31
- Summer: August 31

For information see the Graduation Information website at: www.registrar.eku.edu/GraduationInformation/diplomas/

**Locking Academic History**

(After degree has been awarded)

Once a degree has been conferred the academic record of all work contributed to the awarded baccalaureate, master’s, or
The Office of the Registrar takes great care to ensure that each student’s academic record is accurate. Any student who believes an error has occurred should immediately bring this to the attention of the Office of the Registrar. Students have one calendar year after a degree is awarded to identify any item on their academic record believed to be in error. After that time the record is considered to be permanent. Please note that grade challenges have a different timetable and must always be directed to the chair of the department which offered the course in question. For details regarding the timetable and process for grade challenges please refer to the student handbook at http://studentaffairs.eku.edu/studenthandbook.

DIPLOMA AND UNIVERSITY CERTIFICATE PRODUCTION

Diplomas and University Certificates are produced and mailed to students after all final grades are reviewed and it has been confirmed that all degree requirements have been met. The graduation confirmation process takes several weeks to complete. Therefore, students should expect to receive their diploma 4-6 weeks after the end of finals week. Students who are indebted to the University will not have their transcript or diploma released until the debt is paid. Any questions regarding student financial obligations should be directed to EKU Student Accounting Services.

ASSOCIATE DEGREE HONORS

With Distinction and With High Distinction

Students earning an Associate Degree are graduated “With Distinction” if they attain a GPA of at least 3.5, but less than 3.7, on all GPA hours attempted at Eastern Kentucky University and if they complete a minimum of 30 GPA credit hours, with standard grading, at Eastern Kentucky University.

GPA credit hours are courses graded using standard grades of A-F. These grades have a numerical value and can be used to calculate a student’s GPA. A course with a grade of CR or S has no numerical value and supplies no GPA hours, and cannot count toward the minimum required 30 GPA credit hours.

Students earning an Associate Degree are graduated “With High Distinction” if they attain a grade point average (GPA) of 3.7 or higher on all GPA hours attempted at Eastern Kentucky University and if they complete a minimum of 30 GPA credit hours, with normal grading, at Eastern Kentucky University.

For purposes of honors recognition, all GPA credit hours attempted at Eastern Kentucky University - including those which are subsequently repeated or bankrupted - shall be included when calculating the GPA used to award academic honors. Because of timing, honors GPA calculations - solely for the purpose of recognition at the commencement ceremony - cannot include the final semester’s course work. In-progress hours will be used to attempt to meet the 30 semester hours at Eastern Kentucky University requirement. Calculations for the permanent designation of honors on the diploma and transcript will include the final semester grades.

BACCALAUREATE DEGREE HONORS

Latin Honors: Cum Laude, Magna Cum Laude, Summa Cum Laude

Eastern Kentucky University recognizes graduating baccalaureate degree students who have achieved distinguished academic records by awarding their degree with Latin Honors.

There are three levels of Latin Honors: Cum laude (“with praise”), Magna Cum laude (“with great praise”), and Summa Cum laude (“with highest praise”). All students earning Latin honors must take at least 25% (30 GPA credit hours) of their degree applicable course work at Eastern Kentucky University.

GPA credit hours are courses graded using standard grades of A-F. These grades have a numerical value and can be used to calculate a student’s GPA. A course with a grade of CR or S has no numerical value and supplies no GPA hours, and cannot count toward the minimum required 30 GPA credit hours.

All GPA credit hours attempted at Eastern Kentucky University (including those which are subsequently repeated or bankrupted) will be used in calculating each Latin Honor grade point average (GPA). Latin honors GPA calculation — for purposes of designating which students may wear a Latin Honors sash at the graduation commencement ceremony — does not include the final semester’s course work as these calculations occur weeks before the term has finished. Once a student’s final semester has concluded and final grades are available, these grades will be included in the calculations to award the permanent designation of Latin Honors on a student’s diploma and transcript.

Cum Laude: Students earning Cum Laude must attain an institutional GPA of at least 3.5, but less than a 3.7, on all GPA credit hours attempted at Eastern Kentucky University. Additionally, a minimum of 30 GPA credit hours, with standard grading, must be taken at Eastern Kentucky University.

Magna Cum Laude: Students earning Magna Cum Laude must attain an institutional GPA of at least 3.7, but less than a 3.9, on all GPA credit hours attempted at Eastern Kentucky University. Additionally, a minimum of 30 GPA credit hours, with standard grading, must be taken at Eastern Kentucky University.

Summa Cum Laude: Students earning Summa Cum laude must attain an institutional GPA of at least 3.9, or higher, on all GPA credit hours attempted at Eastern Kentucky University. Additionally, a minimum of 30 credit hours, with standard grading, must be taken at Eastern Kentucky University.

HONORS SCHOLARS PROGRAM

Students are graduated as Honors Scholars if they successfully complete Eastern Kentucky University’s Honors Program, satisfy all comprehensive and program requirements for an undergraduate degree from this University, and graduate with an institutional GPA of at least 3.2. Honors Scholars are designated at commencement with a maroon mortarboard.

COURSE TYPES

COURSE BY SPECIAL ARRANGEMENT

A Course by Special Arrangement (CBSA) is a course that is a required part of an approved curriculum program but is being offered to a student during a term or at a time when circumstances prevent the course from being a part of the department’s regular class schedule. A CBSA will be approved only if it is within the last two semesters of a student’s pending graduation, and if the course meets a degree requirement that cannot be fulfilled by any other mechanism, including independent study. Prior to registration, students must file the CBSA Petition. This petition requires the signature/approval of the instructor, program chair, and dean. An independent study course cannot be a Course by Special Arrangement. Tuition and fees for CBSA courses are computed at the same rate as other regular on-campus courses.
INDIVIDUAL STUDY COURSE

Independent study courses, which are distinct from Course by Special Arrangement and special topics courses, are designed to provide an opportunity for a student to pursue a research/ study interest not available through any of the courses offered in a program at EKU. To qualify to enroll in an independent study course, students must have a GPA of 2.5 or higher. Independent study courses must be under the supervision/ direction of a faculty member with appropriate qualifications for the course content and must be guided by an approved research or project plan. Independent study courses must follow the prescribed Independent Study protocol and be approved in advance of enrollment. The independent study course must be appropriately designated as such in the Catalog. Independent study courses should not be used as a mechanism to teach a course not offered in a given semester or as a substitution for program requirements, though they may, with appropriate approval, fulfill such requirements. Independent study courses are not intended to be a mechanism for enrolling in a course for which a student would otherwise be ineligible. Tuition and fees for independent study courses are computed at the same rate as other regular on-campus courses.

SERVICE LEARNING

Courses that have been officially recognized as including service-learning within their curriculum are designated with the letter “S” following the course prefix and number. Service-learning is defined as:

An academic experiential educational method in which students participate in an organized service activity that meets identified community needs and reflects on the service activity in such a way as to:

• gain further understanding of course content,
• develop critical thinking skills, and
• develop an enhanced sense of civic responsibility

Students will be required to participate in at least 5 hours of community service per credit hour of course credit.

SPECIAL TOPICS COURSES

Special topics courses are designed to offer the opportunity for students to study specialized areas within a discipline. These courses are created with normal class enrollment expectations. The topic of study is designated by the course section title, and may or may not vary with each offering. Students may repeat a special topics course (for the purpose of earning additional course credit) only if the specific course title is different with each subsequent enrollment.

STUDENT SUCCESS SEMINARS

Every student seeking a baccalaureate degree or Associate of Arts Degree in General Studies must complete a 1-3 credit Student Success Seminar.

• Full time students must complete the Student Success Seminar during their first semester.
• Part time students are strongly encouraged to complete the Student Success Seminar during their first semester, and must complete it within their first 18 credits.
• Students who earn a grade of “W,” “F,” or “FN” in a Student Success Seminar must repeat the course the following term.

• Transfer students who have 30 or more transfer credits with normal grading upon admission to EKU may have this requirement waived. (Some majors require all students to take a Student Success Seminar, regardless of transfer status.)

WRITING INTENSIVE COURSES

Every student seeking a first baccalaureate degree must successfully complete one writing intensive course following completion of General Education Element 1B. Writing intensive courses may be general education courses as well as major or supporting courses. Students who enter the University with a baccalaureate degree from a regionally-accredited university are exempt from the writing-intensive requirement.

Writing-intensive courses are designated with the suffix “W” following the course prefix and number (e.g., HUM 300W). W and non-W versions of the same course (e.g., HUM 300W and HUM 300) are considered equivalent for the purposes of satisfying course requirements for prerequisites, major courses, minor courses, and supporting courses. Credit will not be awarded for W and non-W versions of the same course. A previously-taken non-W version of a course will not be used to satisfy the writing intensive baccalaureate degree requirement.

Writing Intensive Courses Available:

Writing intensive course options are listed on each student’s degree audit report. The writing intensive courses available each semester may be viewed via the online schedule by selecting all courses in the “Subject” box and writing intensive courses in the “Attribute” box. (See Section 7 of this Catalog for complete course descriptions.)

DECLARING A PROGRAM OF STUDY

CHANGING MAJOR/MINOR/CONCENTRATION

Because changing majors generally lengthens students’ time to degree, and thus can significantly increase student debt, students are limited to changing their major only one time per year.

After earning 105 credit hours, students desiring to change their major, or add a minor/concentration/certificate, must secure approval from the dean of the college of their first major, unless the change does not extend time to graduation. A What-If Degree Works Audit with the proposed new major is required to calculate the number of courses needed for graduation and thus document that the new major will not delay graduation. Students should speak with a college advisor, or the Registrar’s Office, for details regarding this process.

Once a student has applied to graduate she/he is expected to follow her/his degree plan that has been certified by a college graduation expert.

Students may declare or change their currently declared major, minor, or concentration, after careful review and advisement by completing the appropriate form and obtaining the written approval of the department chair or advisor of their desired new program. (Read below regarding programs that have specific entrance requirements).

When a major change form is received by the Registrar’s Office it will be processed, and a new advisor will be assigned by the Office of University Advising within 2-5 business days.

Students who request a change of major will be moved into the current program for the desired major, per the Catalog in force at the time the request was received. All students are subject to the
University graduation requirements and policies that are listed in this institution’s current catalog.

Some programs of study require specific admission criteria, and have a formalized admission process. These programs require a separate application for admission. Please refer to the program requirements section of this catalog to determine whether a program has a specific admissions processes or criteria.

When declaring a major, all degree-seeking students shall declare as a first major an EKU degree program, or a university certificate if that is the student’s only educational goal.

**DEGREE AUDIT**

A degree audit is the tool used by EKU to determine degree completion. DegreeWorks is a degree audit report available to students and advisors online via EKUDirect (student web and faculty web). This audit lists the requirements for a student’s program and how completed and in-progress courses apply to that program. DegreeWorks must reflect that program requirements are 100% complete before the student’s degree will be awarded. Faculty and College Advisors are expected to carefully review how DegreeWorks displays program requirements and provide immediate feedback to reg.dgw@eku.edu should they detect any programming or functional irregularities.

Students should contact their academic advisor if they have questions concerning degree requirements or their DegreeWorks report. Questions can also be emailed directly to the Degree Works programmers at reg.dgw@eku.edu

**Curriculum Guides - Academic Plans:** Curriculum guides for each program are printed in this catalog and part of the DegreeWorks Academic Planner. All students should create an academic plan in DegreeWorks, maintain and follow that plan. To make timely progress toward a degree full-time students are expected to earn at least 15 credit hours per semester.

Colleges will make available to students through appropriate advising any additional non-curricular requirements that apply to the specified major.

**DEGREE INFORMATION AND REQUIREMENTS**

**EKU Academic Residency Requirement**

A minimum of 25% of coursework applied toward the completion of any major core requirements, minors, and/or EKU certificates must be earned at EKU.

**Catalog**

For all graduation requirements, including general education, students will be governed by the Catalog in use at the time they enter the University or declare a new major. Each student has a catalog year associated with their student record, designating the academic year for the Catalog dictating their program, General Education, and University graduation requirements. The catalog year for each student may be found on the student’s degree audit. If in a subsequent year any graduation requirements change, students may elect to complete the later requirements by requesting the Registrar’s Office move them to the current Catalog. In certain circumstances, such as accreditation requirements or professional regulations, the Registrar, at the request of the dean of the college or dean of the Graduate School, may move a student to a more current catalog. Such actions would be taken if deemed prudent to protect the student’s ability to attain professional licensure and certification. In these circumstances the University will make every effort to assist the student with the transition to the new catalog’s curricular requirements.

Students who stop out for more than two years will meet all graduation requirements in place at the time they reenroll. Students who stop out for fewer than two years may elect to be returned to the graduation requirements in place at the time they declared their major by submitting a request to the Registrar’s Office.

**Current University Policy**

Student curricular requirements are tied to the associated catalog, however, with regard to policy requirements all students are governed by current University policies that have been approved by appropriate University committees.

**Comprehensive Associate Degree Requirements**

To qualify for an associate degree, students must satisfy the following requirements:

1. Complete all requirements in the degree program as established by appropriate University committees.
2. Complete University academic requirements, including basic skills proficiencies in English, reading, and quantitative reasoning; any applicable PCC; general education; and a student success seminar, as established by appropriate University committees for each degree program.
3. Complete a minimum of 60 semester credit hours.
4. Earn a minimum grade point average (GPA) of 2.0 on all college-level work taken at Eastern Kentucky University.
5. Earn a minimum of 15 semester hours through Eastern Kentucky University.
6. Earn the credits applicable to major and supporting degree requirements within eight years prior to the date the degree is awarded. Credits more than eight years old may be used to meet general education, upper division, and free elective areas. The college dean of a student's major may validate individual eight-year-old (or older) coursework as meeting major and/or supporting requirements.

**Degree Requirement Notes:**

*The Kentucky PreCollege Curriculum (PCC) is defined and prescribed by the Kentucky Council on Postsecondary Education (CPE). Six hours of the same World Language must be completed within 24 credit hours of enrollment. Applies to students under 21 when first admitted, and/or transferred into EKU fewer than 24 credit hours. See Degree Works to confirm whether a student has a PCC requirement. PCC deficiencies must be remediated within the first 24 hours of enrollment, excluding developmental hours.

*General Education Requirements for Associate Degrees: Students in associate degree programs must earn a minimum of 15 hours in courses approved for general education. These hours must include ENG 101 and ENG 102 or their equivalent. The nine additional hours must include one course in each of the following General Education Elements: 3A, or 3B (Arts and Humanities); 5A, or 5B (Social and Behavioral Sciences); and 2 (Quantitative Reasoning), or 4 (Natural Science with Lab).

**Comprehensive Baccalaureate Degree Requirements**

To qualify for a baccalaureate degree, students must satisfy the following requirements:

1. Complete all requirements in the degree program as established by appropriate University committees.
2. Complete University academic requirements, as established
by appropriate University committees for each degree program, that includes:
A) Basic skills proficiencies in English, reading and quantitative reasoning⁶, and any applicable PCC⁷,
B) Student Success Seminar (if applicable)
C) A writing-intensive course,
D) General Education; and
E) The Applied Critical and Creative Thinking (ACCT) requirement⁸.

3. Complete a minimum of 120 semester credit hours, with at least 42 hours at the 300 level or above.⁹

4. Earn a minimum grade point average (GPA) of 2.0 on all college-level work taken at Eastern Kentucky University.

5. Earn a minimum of 30 semester hours through EKU if the student is pursuing a 120 hour degree program. If the degree program sought requires greater than 120 semester hours, the minimum EKU residency credit shall be no less than 25% of the total program hours.¹⁰

6. Earn the credits applicable to the major and supporting degree requirements within eight years prior to the date the degree is awarded. Credits more than eight years old may be used to meet general education, upper division and free elective requirements, as well as major requirements for the General Studies degree. The college dean of a student’s major may validate individual 8-year-old courses to count for non-General Studies major and supporting requirements.¹¹

Degree Requirement Notes:

¹The Kentucky PreCollege Curriculum (PCC) is defined and prescribed by the Kentucky Council on Postsecondary Education (CPE). Six hours of the same World Language must be completed within 24 credit hours of enrollment. Applies to students under 21 when first admitted, and/or transferred into EKU fewer than 24 credit hours. See Degree Works to confirm whether a student has a PCC requirement. PCC deficiencies must be remediated within the first 24 hours of enrollment, excluding developmental hours.

²General Education Requirements for Baccalaureate Degrees: The General Education Program consists of 36 hours of course work in six Elements: 1. Communication, 2. Quantitative Reasoning, 3. Arts and Humanities, 4. Natural Sciences, 5. Social and Behavioral Sciences, and 6. Diversity of Perspectives and Experiences. Students must earn the specified number of hours in each of these course categories. See the General Education Requirements section in this Catalog for more detailed information about general education requirements.

³Individual major programs decide which courses or experiences can be used to satisfy the ACCT requirement. Refer to program descriptions in Section 5 of this catalog for more information.

⁴Hours Required for a Baccalaureate Degree: The University requires a minimum of 120 semester hours to earn a baccalaureate degree. In most cases this minimum is also the maximum. While there is no upper limit beyond 120 semester hours which may be set as a particular major program’s requirements, each program or program change is approved through the University’s committee system and any program requiring beyond 120 semester hours will require substantiation of additional requirements.

⁵According to AACSB International business accreditation standards, students enrolled in University baccalaureate degree programs, other than those within the School of Business, will not receive credit toward their degrees for more than 25 percent of their undergraduate programs in credit hours in courses offered through the School of Business and/or business courses (courses commonly taught in school of business) transferred from other colleges and universities or taken from other units within Eastern Kentucky University. Students who desire to take business courses are encouraged to enroll in the Business minor.

⁶Degree programs offered by the College of Business and Technology have more stringent residency requirements. Please refer to degree requirements in the College of Business and Technology section of this Catalog.

⁷The college dean of a student’s major may validate individual 8-year-old courses to count for non-General Studies major and supporting requirements.

**DEGREE PROGRAM DEFINITIONS**

**A. Major (Baccalaureate):** A major is a primary area of study defined by a set of course and/or credit hour requirements within a specified discipline or with a clearly defined multidisciplinary focus. Thirty semester hours is the minimum requirement for a baccalaureate degree major. A course that meets a core program requirement for a major may also fulfill, at the same time, a University graduation requirement; with the exception that a course cannot be used to meet both a major core requirement and a general education area. At least 25% of the major (which includes core courses, concentrations, and major electives) must be earned at EKU. See the Comprehensive Baccalaureate Degree Requirement section for more details on degree requirements.

**B. Concentrations (Baccalaureate):** A concentration (synonymous with an option, emphasis, specialty or track) represents a collection of courses offering a student the opportunity to develop a focus within the broader area of their major program. There will be a common grouping of courses (a minimum of 21 semester hours) shared by the major core and its associated concentration. The concentration adds onto the major core an additional 12-18 semester hours of specified coursework to develop the desired expertise. Concentrations may, or may not, be a required component of the program of study. Deviations from the 12-18 hour concentration may be granted by the Council on Academic Affairs when unusual program requirements dictate.

**C. Minor (Baccalaureate):** Minors require a minimum of 18 semester hours and at least 25% of all required coursework for the minor must be earned at EKU. A list of specified courses may be added for students seeking a teaching certification extension in the minor. A student may not declare a minor with the same subject matter (course prefix) as his/her declared major program of study. Students seeking only an associate degree may not declare a minor. The same course credit may be applied for both major core or supporting requirements and a student’s minor. A minor course that is a required part of major core cannot also be used to fulfill a general education requirement.

**D. Supporting Courses:** Supporting courses are courses that are outside the degree program that provide necessary skills or knowledge. A course cannot be listed as a supporting course if it is offered by the home department of the degree program, unless it is tied by prefix to a different degree program. Supporting courses that are approved as general education courses may be used to fulfill both supporting and general education requirements.

**CONCURRENT (DUAL DEGREES) AND SUBSEQUENT DEGREES**

**Concurrent Degrees:** A student may qualify to earn two degrees concurrently (dual degrees) by completing all requirements for both degrees, including major, supporting, and general education requirements. Courses used in one degree program may also be used in the other. The student has the responsibility to file a separate graduation application for each degree being sought. If the two degrees are in the same college, the student must file two applications in the office of the college dean. If they are different colleges, one application must be filed in each dean’s office. Please refer to the “Application for Graduation” section of this catalog for more details.

**Concurrent Associate Degrees:** If two 60 credit hour associate degrees are pursued concurrently, a minimum of 75 credit hours must be earned. If one or both of the associate degrees has program requirements in excess of 60 hours, the degree program with the highest number of required hours will be considered the student’s first associate degree, and the hours required to earn the second associate degree shall be 25% of the second program’s total hours. Students seeking only an associate degree may not declare a minor.

**Concurrent Baccalaureate Degrees:** If two 120-credit-hour
baccalaureate degrees are pursued concurrently, a minimum of 150 credit hours must be earned. If one or both of the baccalaureate degrees has program requirements exceeding 120 hours, the degree program with the highest number of required hours will be considered the student’s first baccalaureate degree, and the hours required to earn the second baccalaureate degree shall be 25% of the second program’s total hours.

Concurrent Baccalaureate and Associate Degree: The minimum number of hours required for concurrently earning an associate and a baccalaureate degree is the number required by the baccalaureate degree. Associate degree earners are expected to complete that degree prior to completion of their baccalaureate degree.

Subsequent Degrees: Students having earned one degree, either from Eastern Kentucky University or from another regionally accredited institution, may subsequently pursue an additional degree, either associate or baccalaureate, by completing all requirements of the subsequent degree, including major, supporting, and general education requirements. For students who earn their first degree at EKU, hours earned prior to the awarding of a first baccalaureate degree or associate degree may be counted toward the minimum required to earn a subsequent baccalaureate or associate degree.

Students must earn at least 15 approved semester hours at EKU for an associate degree beyond those required for the earlier degree. A subsequent baccalaureate degree requires at least 30 approved hours earned at EKU beyond those required for the earlier degree.

Students who have completed a previous degree elsewhere and apply to Eastern Kentucky University, should have official transcripts from the institutions previously attended sent to Eastern Kentucky University’s Admissions Office.

Multiple Majors/Minors

Students pursuing baccalaureate degrees other than General Studies may consider more than one major and/or minor. All requirements for the declared major and/or minor must be completed by the time the initial degree is awarded. Associate degrees are not eligible for minors or second/multiple majors.

Students are required to declare a primary degree program (specific baccalaureate degree and first major). This program of study is that which will be recorded on the diploma, and which will determine the degree awarded by the University. A second or additional major represents a further emphasis of study and shall be designated on the student’s academic transcript. Earning a second or other major, however, is not to be considered as completion of an additional or distinct degree program.

Double Majors vs. Dual Degrees: A student pursuing one degree, but two major areas of study, is said to have a “double major”. To complete a double major the student must earn all hours required by the degree program of their first major plus any additional course(s) needed to fulfill only the major and supporting requirements of the second major. A student who fulfills all requirements for two complete degree programs, earning no fewer than 150 credit hours is said to be a “dual degree candidate” Students who wish to earn two baccalaureate degrees (dual degrees) should refer to the Concurrent Degree policy. Note that associate degrees are not eligible for minors or second/multiple majors.

Awarding Subsequent Majors/Minors: EKU does not award a subsequent major/minor/concentration after an initial degree is conferred unless the student completes a subsequent degree program. A student who earns a double major baccalaureate degree may not return to complete a subsequent degree in either of the double major subjects. While multiple majors, minors and certificates earned by a student are formally posted to the student’s academic transcript, only the degree earned and one major will be printed on the diploma. Students interested in pursuing multiple majors, minors, certificates and/or concentrations should contact the Office of Academic Advising and Retention, a college advising office, or the department of interest for additional information.

ENROLLMENT AND CLASS SCHEDULE

Academic Load

The limitations below apply to all enrollments or combinations of enrollments for the term specified, including campus classes, regional campus classes, online study, and enrollments at other institutions. The Registrar will not record credits beyond these maximums.

Enrollment in Fall/Spring Terms: To make timely progress toward their degree, full-time students are expected to earn 15-16 credit hours each fall/spring semester or 30 credit hours per academic year (Fall/Winter/Spring/Summer). Full-time student status requires a minimum of 12 credit hours during a fall or spring term. Students carrying fewer than 12 credit hours are considered part time. A student who has established a superior record may be permitted to enroll for more than 18 hours by the dean of the college of the student’s first major. The absolute maximum load for an undergraduate student is 21 credit hours.

Enrollment in Summer Term: For enrollment verification and financial aid during the summer semester, an undergraduate student must be registered in at least 12 credit hours to be considered a full-time student. Enrolling in more than 12 credit hours is restricted to students who have established a superior academic record. Permission to enroll in more than 12 credit hours during the summer must be granted by the dean of the college of the student’s first major. The absolute maximum summer enrollment is 15 hours.

Enrollment in Winter Term: Winter term is a 4 week session falling between the fall and spring semesters. Winter term classes vary, ranging from 1 to 4 credit hours. Because of the condensed nature of winter term classes students are limited to attempting an absolute maximum academic load of 4 credit hours in a single winter term session.

Financial Aid and Enrollment Verification: Please note that, for financial aid, enrollment verification, and loan consideration, full-time status requires a minimum of twelve semester hours in any academic term.

Note: Students who are not on good standing academically have lower maximum enrollment limits. Please refer to the section on Minimum Academic Standards.

Class Schedule Changes

Dropping a Class - 1st Week of Class: If students wish to add courses to their schedule, they must do so by the date published in the Colonel’s Compass for that term. If a student drops a course by the end of a term’s Schedule Change Period (add/drop), the course will not appear on the student’s grade report or transcript. Course drops are executed online through EKUDirect.

Late Enrollment - Students who wish to add a class to their schedule after the published deadline to do so, must secure the permission of the instructor of the course, the department chair, and the dean of the college offering the course. The student shall complete the Request for Late Enrollment and submit it to the instructor of the class. If enrollment is approved, the instructor passes the form onto the appropriate department office for further
processing. The Request for Late Enrollment form is available on the Registrar’s website.

NOTE: University holds preventing registration do not constitute an excuse for attending class without being officially enrolled. Students are expected to communicate with the office which placed the hold on their account and secure permission to be enrolled – BEFORE the deadline to add a class online.

WITHDRAWING FROM A CLASS
See Withdrawal section in this catalog.

FINAL EXAMS
If a student is scheduled for more than three final examinations on the same day, the student may request, through the college dean, that the fourth examination be rescheduled.

FIRST DAY OF CLASS ATTENDANCE
All instructors are expected to participate in the First Day Attendance-Faculty Drop process. For information regarding faculty dropping students for missing the first day of class, see Class Attendance section on page 47 of the Catalog.

FEE FOR INITIAL REGISTRATION AFTER CLASSES BEGIN
Students whose initial registration for the term does not occur until on or after the first day of class will be assessed a non-refundable $50 late initial registration fee.

GENERAL EDUCATION REQUIREMENTS
The mission of general education is to promote learning that is central to the intellectual pursuits associated with our educational programs and to enable students to make informed choices about matters of public and personal significance in a diverse, democratic society and global community. The general education program helps students to become informed, independent thinkers by developing competencies in communication, quantitative analysis, and critical thinking by helping them understand and appreciate the diversity of culture, individuals, the natural environment, and the global society. Courses that are used to satisfy the program’s Major Requirements cannot also be used to satisfy General Education requirements.

The General Education Program consists of 36 hours of course work in six elements: 1. Communication, 2. Quantitative Reasoning, 3. Arts and Humanities, 4. Natural Sciences, 5. Social and Behavioral Sciences, 6. Diversity of Perspectives and Experiences. Students must earn the specified number of hours in each of these Elements.

Some courses may be listed in more than one General Education category. However, no single course can be used to satisfy more than one General Education requirement.

Changing General Education Requirements
The following General Education program is highly integrated with University requirements, therefore students moving into the newest catalog will be held to these General Education and University graduation requirements, as well as major requirements as listed in this Catalog.

Students will have one catalog year governing all graduation conditions. To see how a Catalog change will impact their progress toward degree, students are expected to first run a “What-If” DegreeWorks audit and study the impact of a Catalog change.

Once a student has moved forward to a new catalog year they cannot move back to a previous year.

The courses listed award three hours of credit, unless a number appears in parentheses following the course name. This number represents the hours awarded for such courses. Courses with an “L” are laboratory classes and one credit hour unless otherwise noted. Course numbers followed by (*) have prerequisites or other restrictions on enrollment. Refer to Course Descriptions in Section Seven of this Catalog for specific restrictions.

Students are expected to complete Elements 1 and 2 within their first 60 hours of college credit.

1. COMMUNICATION

IA Written Communication. Three hours required.
ENG 101* Reading, Writing and Rhetoric
ENG 101R* Reading, Writing, Rhetoric (Supported)
ENG 105* First Year Writing Seminar
IB Written Communication. Three hours required.
ENG 102* Research, Writing and Rhetoric
ENG 102R Research, Writing and Rhetoric (Supported)
NOTE: Students earning “A” or “B” in ENG 105 will earn six hours of credit, three hours of which will be applied to category IB, thus completing Elements 1A & 1B. Those earning “C” or “D” will earn three hours credit, completing only Element 1A, and will then take ENG 102.

1C Oral Communication. Three hours required.
CMS 100 Introduction to Human Communication
CMS 210 Public Speaking
CMS 215 Career Presentations
EES 250 Basic Social Intelligence Skills

OR
Honors Program Participants 1A & 1B & 1C
HON 102/103* Honors Rhetoric & Communication (9)

2. QUANTITATIVE REASONING. Three hours required.
HON 304W* Honors Seminar in Mathematical Sciences
MAT 105** Mathematics with Applications
MAT 106** Applied Finite Mathematics
MAT 112A** Algebra: Polynomials (1.5)
MAT 112B** Algebra: Functions & Matrices (1.5)
MAT 114* College Algebra
MAT 120* Trigonometry
3. ARTS AND HUMANITIES. Six hours required.

Select three hours in Arts courses listed in 3A and three hours in Humanities courses listed in 3B.

3A Arts. Three hours required.

GRADATES

Auditing Courses: A student may audit a course (i.e., take it without credit) with the permission of the instructor and the dean of the college involved if the course has been approved to be taken Audit. The Registrar’s Office can verify whether a course is approved to be taken as Audit. After registering for the course as usual, students must obtain the “audit a course” form from the Registrar’s Office, obtain the appropriate signatures and return it to that office, Whitlock 239. Fees are the same as for courses taken for credit. Students enrolled for audit must comply with the attendance policy of the instructor or no course entry will be made on their academic record.

Changes to Transcript: Once a degree has been posted to the transcript, changes will not be made to courses or grades that were earned prior to the posting of the degree. Students have one calendar year in which to bring to the Registrar’s attention an error on their transcript. This does not include any challenge based upon an unsatisfactory grade. Refer to the student handbook for the appropriate process for grade challenges (http://studentaffairs.eku.edu/studenthandbook).

Credit/No Credit (CR/N) Coursework: The grade of “CR” (credit) is awarded as recognition of appropriate scores on AP, IB, CLEP or other proficiency exams and prior learning assessment. International coursework transferred to EKU will be recorded as CR/NC. Existing EKU students who complete an EKU-approved/sponsored study abroad program, and have a completed Study Abroad Pre-Approval form on file in the EKU Office of International Student and Scholar Services, may receive a regular letter grade for the international coursework taken while participating in the sanctioned study abroad experience.

Undergraduate course work with CR grades may be used to fulfill major, minor, certificate, supporting program, and/or concentration area requirements, (unless explicitly prohibited by the appropriate academic department), to a maximum of 20% of the credit hours required for each component of an academic program’s major. Exceptions to this limit may be authorized by the Dean/Associate Dean of the college offering the program. There
is no limit to the number of CR credit hours used to meet general education areas or to serve as free electives.

Previous Developmental College Readiness Coursework (Zero-Level): Prior to Fall 2018, developmental courses were numbered 090 or 095. These are institutional-credit courses. Credit hours for a zero-level course do not apply toward graduation; however, zero-level courses do count toward enrollment status for purposes of financial aid eligibility and full-time student status. Grades for 090 and 095 developmental courses include A, B, C, and F. (Note: MAT 098 is a zero-level course but is not a developmental course.)

Equivalent Courses: Equivalent or cross listed courses are those in which credit will be earned for just one course. Equivalent courses may or may not be cross-listed in the schedule. Should there be a second enrollment in an equivalent or cross listed course, the student will either be disenrolled from the course or have credit removed at the end of the semester. Upon a change of major, permission for enrollment and credit for the second course, when required in the new major, must be obtained in advance from the college dean of the new major. In that instance, credit for the first taking will be removed.

Failure Due to Academic Dishonesty (FX): This grade is a sanction for repeated violations of the Academic Integrity (AI) Policy. The “FX” grade denotes failure in the course due to academic dishonesty and is a permanent grade reflected on the student’s transcript. A student assigned an “FX” grade will not be permitted to drop or withdraw from the course. A student who wishes to repeat a course in which an FX grade was applied may do so for the purpose of rehabilitating his/her GPA. The course may only be repeated at EKU. Repeating an FX course will not remove the FX grade from the student’s transcript.

Grade Appeals: If a student believes that the final grade assigned in a course is unjustified, that student should consult the instructor seeking a satisfactory explanation. If, after doing so, the student still feels that the grade is unjustified, the student may appeal the grade, in writing, to the department chair. A written appeal must be filed with the chair within 30 days after the beginning of the next semester (exclusive of summer session). Refer to the University Handbook for Students for the complete policy concerning grade appeals.

Grade Changes: All grade changes must be made by the following deadlines: for fall semester grades—the last day of regular classes (prior to finals week) for the following spring semester; and for spring and summer semester grades—the last day of regular classes (prior to finals week) for the following fall semester.

Grade Point Average (GPA): The GPA is a calculation of the sum of total quality points earned, divided by the total attempted course credits. Quality points are determined by multiplying the numerical value for each grade earned, times the credit hours for the course.

Each student has an institutional GPA reflecting his/her overall academic performance, as well as a term GPA indicating achievement for the current semester. Grades for all non-zero level EKU and transfer courses are included in a student’s overall GPA calculation. The GPA is used to measure a student’s academic standing. Successful completion of any degree or certificate program requires a minimum of a 2.0 overall as well as institutional GPA. The official EKU GPA is truncated at two decimal places; GPAs are never rounded numbers.

Each student can view his/her GPA through his/her secure online EKUDirect self-service account. In EKUDirect the GPA appears on the Official Grade Report, the student transcript, and on each student’s DegreeWorks degree audit. Each student is expected to monitor their GPA through these sources. Note that a separate GPA calculation is done for determining University graduation honors (also referred to as Latin Honors). Refer to the Latin Honor section of this catalog for rules regarding Latin Honors GPAs.

Incomplete Grades: Instructors may assign an incomplete grade “I” to students who have satisfactorily completed at least 60% of a course but are unable to complete the course due to extenuating circumstances. An “I” grade is never appropriate as a midterm grade. Instructors who assign an “I” grade must provide an Incomplete Grade Agreement within 15 university business days.

Incomplete Grades Blocking Graduation: A degree cannot be awarded to a student with any incomplete EKU courses on his/her record. Any student who is a pending graduate with unresolved EKU incomplete grades (“I”) will be given the choice of either accepting an “F” for the course (or “NC” for unresolved “IP” grades) or being deferred to the next term for graduation consideration. All incompletes for students pending graduation must be resolved before their published degree conferral date.

In-Progress Grades: Instructors may assign a grade of “IP” in certain approved courses in which it might reasonably take students more than a single semester to complete all requirements. A student assigned an “IP” grade for internship, practicum, or self-paced courses must complete requirements within the calendar year after the “IP” is awarded to receive credit. If requirements are not completed by the deadline, the Registrar will change the “IP” grade to “NC” (NO CREDIT), and the student must register again for the course to receive credit.

Incomplete Grade Agreement: When a student has extenuating circumstances that impede him/her from completing a course, an incomplete grade may be awarded as a temporary final grade. The incomplete grade cannot be used simply because a student has failed to complete the work in the course or as a means of raising the student’s grade by doing additional work after the grade report time.

Students must request an incomplete grade from the faculty member prior to the last day of class when a student wishes to pursue an incomplete grade. If the instructor agrees that the student has extenuating circumstances beyond his/her control and the instructor agrees to assign an incomplete grade, the instructor must complete an Incomplete Grade Agreement detailing all outstanding assignments and/or conditions needed to complete the course, and a due date for each assignment. An incomplete grade may not be given as a midterm grade. Any student given an incomplete is expected to have satisfactorily completed at least 60% of the course.

The following procedure applies when an instructor has agreed to assign a grade of “I” for students who are unable to complete the course because of extenuating circumstances.

1. On the Incomplete Grade Agreement, the instructor will identify all outstanding assignments and/or other conditions needed to complete the course, and due dates for each assignment.
2. Faculty are strongly encouraged to give students the shortest reasonable time period in which to complete the work. The longest possible time period is the end of the next regular semester (fall/spring); however, typically it benefits students to complete work before they begin classes the next semester.

3. The Incomplete Grade Agreement must be signed by the faculty member, student, chair of the department offering the course, and dean of the college offering the course. Student approval of the terms of the Incomplete Agreement can be submitted electronically, and attached to the form. Chairs should assure that the Agreement includes reasonable due dates for completing the work, and all signatures.

4. The Incomplete Grade Agreement must be received by the Registrar’s Office no later than 15 university business days past the deadline for final grade submission. While the faculty will be able to submit the “I” grade through the online grade submission process, any “I” grade that is not accompanied by an Incomplete Grade Agreement within 15 university business days of the advertised final grade submission deadline will be converted to an “F.”

5. Outstanding work must be completed by the student and a Grade Change form must be submitted by the instructor to the Registrar’s Office by the deadline noted on the Incomplete Grade Agreement. If a grade change is not submitted by the established deadline, the incomplete will automatically default to a failing (“F”) grade.

6. If, due to extenuating circumstances, a student is unable to complete the contracted course work to fulfill the incomplete course by the deadline on the Incomplete Grade Agreement, the student has the option of requesting a one-time, one semester extension to the incomplete deadline. The student must initiate the request through the instructor before the original deadline. Approval of the extension of an incomplete grade is not automatic and depends on the student’s unique circumstances.

**Letter Grades:** Grades, which are represented by letters, are given point values as indicated:

*FN/UN: Students who stop attending/participation in online courses and do not resume participation have unofficially withdrawn from the class. This act may have significant financial aid repercussions. EKU is required by the U.S. Department of Education to provide a last date of attendance/participation for such students.

Throughout this Catalog, specific grade requirements are to be interpreted precisely as stated. Thus, if a requirement specifies that a grade of at least “C” is required, a “C-” will not satisfy the requirement. If it is intended that “C-” is to be allowed, “C-” will be listed rather than “C.” This applies to all specific grade requirements.

The grade point average (GPA) is based on those courses in which a student earned grades of “A,” “B,” “C,” “D,” “F,” or “U.”

First-Time Freshmen Mid-Term Grade Review: See Academic Standards, 45.

Submission of Mid-Term Grades: Faculty will provide mid-term grades via the Banner (EKU Direct) system for all students in undergraduate-credit, full-semester courses by the end of the eighth week. In the case of non-standard courses, faculty will enter mid-term grades by the mid-point of the course and before the last day to withdraw from the course, as published on the Colonel’s Compass.

Mid-term grades are not required for the following types of classes: non-gradable laboratory sections, co-op, practicums, and internships.

Military Activation: A student who is called to active duty or whose spouse/legal guardian is called to active duty may be unable to complete courses in which they enrolled. If military activation affects the ability of a student to complete a course, the University provides several options, including withdrawal from the course and/or University or taking an incomplete and completing the course(s) following completion of active duty.

A student who volunteers for military service during a semester makes the decision to join the military instead of being a student, and does so while the semester is in progress, (instead of completing the semester and then joining), is not eligible for Military Withdraw, Military Incomplete, or to receive a grade early in the semester. The spouse of a student who volunteers for military service and cannot complete a semester will not be eligible for Military Withdraw, Military Incomplete, or to receive a grade early in the semester.

Students with military status (Active, Reserves, National Guard) at the beginning of the semester, or spouses of such students, finding it necessary to leave the University because of required active military duty must complete one (1) of the following:

Option 1 – Receive a Grade

1. When military activation occurs after the 12th week of the semester, the instructor has the option of assigning the student a grade in the class based upon work completed. That grade would be submitted during the normal final grade submission, and no additional work would be required of the student.

2. The request for assignment of a grade based on coursework completed must be made in writing and must be approved by the Chair of the Department and the Dean of the College in which the course(s) is offered. A copy of activation papers must be attached.

Option 2 – Receive an Incomplete Due to Military Activation

1. The affected student will petition the faculty members
Pass-Fail ("P" - "F") Option: The Pass-Fail option encourages students to take courses they might otherwise avoid because of lack of background or concern for lowering their grade point average (GPA). Not all courses are approved to be taken Pass-Fail. The Registrar’s Office will verify the course is approved to be taken as Pass-Fail.

Students who have earned 30 or more semester hours of credit with a minimum GPA of 2.0 may choose the Pass-Fail ("P" - "F") option for a total of 15 hours of free electives. These hours must be exclusive of general education, major, minor, and other course requirements for graduation. Eligible courses must belong exclusively to the category, free electives. Hours passed under the Pass-Fail option will not be used in the computation of GPA’s; however, hours failed ("F") will be used.

Students may choose the Pass-Fail option for one course per semester with a maximum of five credit hours per semester.

Students may repeat a course using the Pass-Fail option only if the previous taking was also Pass-Fail.

Students may select the “Pass-Fail” option by completing the Audit/Pass-Fail registration form, available from the Registrar’s Office. Students may change to or from the Pass-Fail option by the date specified each semester in the Colonel’s Compass. The student must submit to the Registrar’s Office the completed form as authorization to change their registered course to Pass/Fail.

Repeating Courses: Students may repeat college-level courses. In those courses, the highest grades earned will replace a lower grade in calculations of the student’s term and institutional GPA. This grade replacement occurs irrespective of whether the lower grade was earned in the original taking of the course or in a repeat enrollment.*

The repeated course and grade will still appear on the transcript but with a notation indicating whether the grade is included in, or excluded from, the student’s GPA. If a student attempts to repeat a course and replace the grade but then withdraws from the course, that course attempt will not be counted among those for which grade replacement is available.**

Students who repeat a course in which they earned a failing grade, and fail the course again, will have the most recent failing grade included in the GPA.

A student may enroll in the same course for a third time (second repeat) only under extraordinary circumstances and with permission of the dean of their major. Students seeking permission for a third enrollment shall first meet with an academic or college advisor to review why they have not previously been successful in the course, and to assess whether the student is in an appropriate major.

For GPA calculation, a grade of “S,” “CR,” “NC” or “P” will not replace a grade of any “C”, “D”, “FN”, “F” or “FX” (earned in normal grading) grades. A “P” will replace an “F” only when the “F” was earned under the Pass-Fail option. An “S” will replace a “U” or “UN” when earned under the Satisfactory-Unsatisfactory grading option.

*Some professional programs (e.g. Nursing and Occupational Science) have licensure, regulation, and accreditation requirements with restrictive time limitations for applying a course toward a degree. In those programs the best grade for a course may be excluded because it is outside the required time frame. Students should speak with a major advisor or refer to the relevant portion of this catalog to determine if such time restriction apply to any required course for their major.

**Some courses may not allow the best grade to stand if the student has been required to repeat a corequisite lecture, clinical, or lab experience. In those situations it is the most recent grade earned from both co-requisite courses that will be used to calculate the term and institutional GPA. Courses with these requirements will be identified as such in individual course descriptions found in the back of this catalog.

Satisfactory-Unsatisfactory ("S" - "U") Grading System:

Some courses are approved to be taught exclusively on a “Satisfactory” ("S") or “Unsatisfactory” ("U") basis. Each student enrolled in the class will receive either a grade of “S” or “U.” Hours passed under the Satisfactory-Unsatisfactory option will not be used in the computation of GPA’s; however, hours failed ("U") will be used.

NON-TRADITIONAL ACADEMIC CREDIT

Students who have educational experiences other than university instruction may attempt to earn academic credit through the following learning assessment mechanisms.
A. **ACE Credit**

Based upon recommendation of the American Council on Education (ACE), EKU will award credit to individuals who have completed certain non-university experiences, such as workplace or military training. Work evaluated on an ACE transcript as Lower Division will be recorded as 100- or 200-level only. Work evaluated on an ACE transcript as Upper Division will be recorded as 300-level credit. EKU will not award credit from an ACE transcript unless the work has been evaluated as Lower Division or Upper Division. Students can petition for specific course credit by first contacting the Student Outreach & Transition Office at http://soto.eku.edu/ but must have a copy of their ACE transcript sent to the Registrar’s Office, Whitlock CPO 58, 521 Lancaster Avenue, Richmond, KY 40475-3158.

B. **Credit-By-Examination**

1. Credit-by-examination is credit given through documentation and evaluation of learning, knowledge, or skills-based experience.

2. Following are the conditions which apply to receiving credit-by-examination:
   a. Only admitted and active degree seeking EKU students may have credit-by-examination recorded onto an EKU Transcript.
   b. Academic credit earned by external examinations and challenge tests (such as AP, IB, Cambridge, CLEP®, DANTES, NOCTI, and KOSSA) shall not be considered as credit earned at EKU and will not apply toward the residency credit requirement for an associate or baccalaureate degree.
   c. Credit-by-examination earned at a prior institution and submitted to EKU for review will be considered for academic credit.
   d. Credit awarded through credit-by-examination which is general in nature, not course-specific, has no inherent guarantee of meeting specific EKU degree requirements, since these are program and college specific decisions.
   e. Credit earned by examination is recorded as “CR” and is not assigned a letter grade; it has no effect upon the overall GPA.
   f. Proficiency examination credit recorded on an official transcript is eligible for transfer to EKU if it is from a nationally-recognized standardized test, earned at a college or university from which EKU accepts transfer credit, or earned at an EKU-recognized testing site.
   g. English writing, reading, or mathematics placement testing proficiency examinations completed at other SACS-accredited Kentucky universities or colleges, and that are less than four years old, may be reviewed for remediation of Academic Readiness requirements; these must be sent from the testing center of the previous institution to Academic Testing, 521 Lancaster Avenue, Whitlock CPO 64, Richmond, KY 40475, or scanned and emailed to academic.testing@eku.edu.
   h. Departmental or institution specific challenge tests presented on the official transcript of an institution from which EKU accepts transfer credit may be accepted in transfer - upon the review and approval of the academic department most closely related to the subject matter.
   i. A student may attempt to earn credit-by-examination in a course only once in a six-month period.
   j. A student will not receive academic credit for a course-specific College Level Examination Program (CLEP®) or departmental examination in an area in which advanced course work has already been completed, and EKU credit recorded.
   k. EKU students attempting a foreign language CLEP exam at the 100-299 level in their native tongue will not have academic credit awarded by EKU.
   l. Special fees are assessed for credit-by-examination and must be paid prior to taking an examination. Refer to the Testing Office website for fee and payment information (www.testing.eku.edu/fees).
   m. Students seeking to have AP or IB credit recorded on their EKU academic record should have score reports sent to the EKU Office of Academic Testing before they have earned their first 30 credit hours at EKU. AP or IB scores submitted for credit will not be given consideration after students have earned 30 credit hours.

3. Eastern Kentucky University credit-by-examination may be earned through any of the following methods:

   a) **Advanced Placement Program (APP):**

The Advanced Placement Program consists of courses of study and special examinations open to students in high school. The courses are presented during the student’s junior and senior years and are administered during the month of May. The chart below indicates the manner in which EKU accepts Advanced Placement Program examinations as credit. The most current updates to the chart below may always be found online at http://www.testing.eku.edu/advanced-placement-program-app

Section Five - General Academic Information

of high school. Cambridge International AS Level is typically a one-year program of study, while Cambridge International A Level typically takes two years. Assessment takes place at the end of each program. Most subjects can be started as a Cambridge International AS Level and extended to a Cambridge International A Level. The syllabi are international in outlook but retain local relevance. They have been created specifically for an international student body with content to suit a wide variety of schools and avoid cultural bias. The contexts or examples used in syllabi and exam question papers are culturally sensitive in an international context. Offered since 1951, these qualifications are administered by Cambridge Assessment International Education, a part of the University of Cambridge, United Kingdom. Eastern Kentucky University accepts and awards credit for Cambridge International programs.

**c) College Level Examination Program (CLEP®):**

CLEP exams are standardized tests created to assess college-level knowledge in standard academic subject areas. They recognize a student’s comprehensive subject knowledge and provide a mechanism for earning college credit without taking college classes. The Office of Academic Testing administers CLEP® exams for currently enrolled EKU students. In order to receive credit, a student must complete the Credit-by-Examination form available from the Office of Academic Testing, Whitlock, Room 340 or online at http://testing.eku.edu/clep. No credit will be given for exams without equivalent courses at EKU.

For additional information on the CLEP exam, including fees, please contact EKU Academic Testing by phone at 859-622-1281, by email at academic.testing@eku.edu, by reviewing the EKU CLEP webpage at http://testing.eku.edu/clep, or by visiting the office in Whitlock Building, Room 340.

Eastern Kentucky University recognizes and awards academic credit to admitted, active EKU students per the following table of CLEP examination scores:

#### d) Defense Activity for Non-Traditional Educational Support, DANTES Standardized Subject Test (DANTES DSST) Exams:

EKU allows credit-by-examination for some course work through DSST testing. DSST exams allow military personnel to begin or further their college careers while in the service, whether they are deployed abroad or located on a United States military base. The EKU Office of Academic Testing works with academic departments to determine academic credit for new and expanded DSST exams.

For the most current list of exams administered by the US military, please visit: http://testing.eku.edu/veterans

As DSST exam reports are received by Academic Testing, they will be submitted to the appropriate academic department for course credit review. Updates on EKU DSST credit may always be found online at: http://testing.eku.edu/veterans

Students should request that their official DANTES score report be sent to EKU Academic Testing, Whitlock CPO 64, 521 Lancaster Avenue, Richmond, KY 40475. Additional information about DANTES examinations, including information on processing fees, is available at www.testing.eku.edu.

#### e) Departmental Examinations:

A number of academic departments at Eastern Kentucky University have developed their own examinations for credit as an extension of the CLEP® program. Enrolled Eastern Kentucky University students interested in attempting to earn credit through departmental examinations should contact the Office of Academic Testing, Whitlock 340. Please note: EKU does not accept transfer credit for coursework earned via departmental proficiency exams completed at other postsecondary institutions. Information on available departmental challenge exams, fees, and procedures for registering may be found at: https://testing.eku.edu/departmental-exams.

#### f) International Baccalaureate (IB) Credit:

Created in 1968, the International Baccalaureate Organization’s Diploma Programme is a demanding pre-university course of study designed for highly motivated secondary school students aged 16 to 19. The program has earned a reputation for rigorous assessment, much like the Advanced Placement (AP) Program. For information regarding the IB program, please visit the website at www.ibo.org, or http://testing.eku.edu/international-baccalaureate-organizations-diploma-ib. IB credit is awarded by earning the required score in a specific subject area. To receive credit a student must furnish the Office of Admissions with an official IB transcript issued directly from the International Baccalaureate Organization. Course credit awarded through the IB program will apply toward degree requirements. Rather than a letter grade, a designation of CR (credit) will be assigned to credit awarded through the IB program; the GPA will not be affected. Eastern Kentucky University awards credit for IB course work in the following manner:

<table>
<thead>
<tr>
<th>IB Subject Level</th>

</table>
C. CREDIT FOR PRIOR LEARNING THROUGH PORTFOLIO ASSESSMENT

1. Belief that college-level learning can occur outside of the university/faculty interactions has been firmly established within higher education.

2. Workplace, community, volunteer activities, and military training can supplement and augment a student’s preparation for EKU academic courses and provide a valuable lead into the adult student’s program of study.

3. Portfolio assessment can target specific EKU courses where adult learners can demonstrate course subject mastery and gain academic credit for prior learning experiences.

To create a portfolio, students align their acquired knowledge and skills with specific student learning outcomes, as stated on a course syllabus. Credit earned based upon a portfolio is recorded as transfer credit with a grade of “CR” applied. The portfolio process at EKU is currently being revised. Students interested in more information regarding credit for prior learning should contact the Dean’s office in the college of their major.

D. MILITARY CREDITS

EKU will award credit to individuals who have successfully completed military service school courses, as well as award credit for Military Occupational Specialties (MOS), based upon recommendation of the American Council on Education (ACE). To receive academic credit at EKU, military credits must be evaluated by ACE with a lower level or upper level college equivalency.

Students may receive Military Science and Leadership course credit for having completed Basic Training (BT) and Advanced Individual Training (AIT). A copy of the military transcripts or DD Form-214 (Discharge Verification Certificate) must be submitted to the University through the EKU Veterans Center.

Students also must have an official copy of their ACE transcript sent from their respective service education centers to the EKU Office of Academic Testing, Whitlock CPO 64, 521 Lancaster Avenue, Richmond, KY 40475.

Army, Navy, USMC, and Coast Guard Veterans can order transcripts online at: https://jst.doded.mil/official.html

Air Force Veterans must request transcripts by letter. Include student’s full name (former name if appropriate), date of birth, social security number, service component, current address, Eastern Kentucky University Veterans Center address and the student’s signature. Send transcript request to: CAF/RRR, 130 West Maxwell Blvd., Maxwell AFB, AL 36112-6613.

PRE-PROFESSIONAL PROGRAMS

EKU has a number of programs that will help prepare students for professional schools following graduation. These schools generally do not require a specific major, provided that their prerequisite courses are taken. All professional schools are highly competitive in their admissions process. Thus, students should aim for strong GPA and professional school admission test scores. Students are encouraged to seek a major that they feel comfortable with, that they have a strong aptitude for, that is interesting and challenging, and that provides additional career options. Students should contact the advisors listed on the webpages below as early as possible after enrolling at EKU. The Advisors will assist the pre-professional student with selecting a major and provide information and advice regarding professional school admissions and requirements.

Descriptions of the following pre-professional programs may be found on the webpages listed:

Pre-Dentistry, Pre-Medical Science, Pre-Optometry, Pre-Pharmacy, Pre-Physician Assistant, Pre-Physical Therapy, Pre-Engineering, Pre-Veterinary, and Pre-Law: http://preprofessional.eku.edu/

Reverse Transfer Baccalaureate Process: Professional School Credit Transferred Back to EKU

In addition to the standard pre-professional curricula, Eastern Kentucky University allows students who matriculate into professional schools before graduation to transfer back professional school credit and thereby complete a Bachelor of Arts or a Bachelor of Science degree from Eastern Kentucky University. This plan may shorten by one year the time needed for obtaining both a baccalaureate and a professional degree.

Before leaving for professional school, students approved for this process are expected to have completed the EKU General Education curriculum and the first three years of their major requirements, as specified in the relevant undergraduate EKU Catalog.

The reverse transfer process is initiated by the student communicating with a graduation specialist in the College of Science dean’s office, submitting an application to graduate, and formally notifying their advisor of their intent to complete their degree via the reverse transfer process. After the first year of professional study the student sends an official transcript of their professional school work to EKU and notifies the graduation specialist in the College of Science dean’s office to begin the graduation clearance process.

STUDY ABROAD CREDIT

DUAL DEGREE AGREEMENTS BETWEEN EASTERN KENTUCKY UNIVERSITY AND FOREIGN EXCHANGE INSTITUTIONS

The following policies and procedures shall govern arrangements to award dual degrees to foreign students who attend Eastern Kentucky University and to EKU students who attend foreign exchange institutions under the auspices of exchange agreements or other agreements:

1. The dual bachelor’s degree agreement shall be developed by the deans of participating colleges in cooperation with appropriate representatives from foreign exchange institutions and shall be submitted to the Provost for final approval.
2. The deans and department chairs shall determine exactly which courses need to be taken by the foreign candidates to complete the major in each given field of study, and these courses must be specified. Likewise, they shall determine which courses EKU students must take at the foreign institution to complete their EKU degrees.
3. Dual degree agreements will normally require at least one full academic year in residence at the host institution (25% of the total semester hours) and three years at the home institution (75% of the total semester hours). However, other variations may be approved by the deans of the colleges for their respective colleges.
4. Each institution shall accept all course work from the other
either as elective credit or as credit for required courses, based on transfer equivalency evaluations.
5. If dual degrees are awarded concurrently, the program must meet SACS, CPE, and the college, departmental, and program requirements for general education, either by taking the general education courses or by transfer credit or by a combination of these means. The foreign degree is awarded a year or semester in advance, then the candidate will be awarded post-baccalaureate status and the general education requirement will no longer be applicable.
6. A copy of each dual degree agreement approved by the Provost shall be kept on file in the Education Abroad Office, and that office shall also maintain a file of EKU students who are attending foreign exchange institutions under dual degree agreements. The Office of International Student and Scholar Services will maintain a file of international students who are attending EKU under dual degree agreements.

STUDY ABROAD PROGRAMS

Eastern encourages all students to take advantage of study abroad opportunities. All EKU students planning to participate in a study abroad experience should complete the Course Pre-Approval Form. This form must be completed and endorsed by the EKU Education Abroad Office (Keith 129) before the student is approved to participate in a study abroad program. Students have several options for study abroad at EKU, varying in place, field of study, duration of stay, and cost.

Summer, Spring break, Winter break, full semester, or academic year options are available through EKU’s many study abroad providers, including the Cooperative Center for Study Abroad (CCSA), the Kentucky Institute for International Studies (KIIS), The Knowledge Exchange Institute (KEI), AIFS Study Abroad, University Studies Abroad Consortium (USAC), SOL Education Abroad, CISabroad (CIS), as well as any number of EKU faculty-led programs that are created yearly. In addition, EKU has multiple exchange partners worldwide. Students should visit http://studyabroad.eku.edu/ for more information.

TRANSFER STUDENT INFORMATION

CREDITS ACCEPTED IN TRANSFER

Eastern Kentucky University accepts credits transferred from regionally accredited postsecondary institutions, credits earned by examination from nationally recognized tests that meet EKU standards, and it awards credits for certain types of military experiences. Additionally, EKU will award credit for non-collegiate training experiences provided the training occurred under a University approved articulation agreement.

International transfer credits from institutions with which Eastern Kentucky University does not have an articulation or exchange agreement are recorded as free elective credits at the lower division level after they have been evaluated by an outside accrediting agency (e.g. World Education Services or Silney and Associates). Students may present supporting documents from transfer courses recorded as free electives to appeal to department chairpersons for departmental credit.

KENTUCKY GENERAL EDUCATION TRANSFER AGREEMENT

In an effort to promote a seamless transfer between Kentucky two-year and four-year public institutions, the Kentucky Council on Postsecondary Education (CPE) developed a policy to facilitate the transfer of credits from one Kentucky public college or university to another. This policy, implemented in 1996, and revised in 2011, is called the General Education Transfer Agreement and allows for the automatic transfer of a block of courses to satisfy general education degree requirements, in addition to articulating individual courses as meeting statewide general education categories.

General Education Certification for Students Transferring to EKU from a Kentucky Public Institution:

Students transferring to EKU from another Kentucky public college or university may be (1) category certified, or (2) core certified, or (3) general education certified in general education by the Registrar of the school where the course work was taken. EKU will honor any of these designations and is guaranteed to apply the KY public school transferred general education courses into EKU’s General Education curriculum in a manner that best serves the transferring student.

Category Certified. Students who have completed one or more of the five general education categories of the General Education Transfer Agreement will be category certified.

Core Certified. Students who have satisfied all five general education categories of the General Education Transfer Agreement will be general education core certified and receive 33 hours of general education credit at EKU.

General Education Certified. Students who have completed a 48-hour general education program at a Kentucky Community and Technical College and School (KCTCS) will be general education certified in general education as required by the CPE General Education Transfer Agreement. Students who have earned an Associate of Science or Associate of Arts degree from a Kentucky public institution are also considered to be general education certified. Students, however, are subject to any specified general education courses required by the major and, in all cases, are required to complete the minimum number of credit hours established by the University to earn a degree.

Transfer students from Kentucky four-year institutions who complete the general education at their first institution may request the Registrar of that institution to document them as general education certified in general education, which EKU will accept. Students who transfer to EKU without a certified transfer module will have their course work at their previous institution evaluated by EKU on a course-by-course basis for general education equivalency.

The General Education Transfer Agreement also applies to students transferring from EKU to another Kentucky public university. For additional details regarding this agreement please refer to the EKU Student Outreach & Transfer Office (SOTO) (http://soto.eku.edu/transferstudents) or the CPE website (http://www.cpe.ky.gov/policies/academicinit/Transfer/)

NOTE: After initial transfer to EKU students may not transfer in further general education certifications unless they earn a subsequent AA or AS degree at a KCTCS institution. Students may transfer in further general education certifications after their initial enrollment at EKU, only if they return to a KCTCS
Transferring General Education Courses from a Private or Out-of-State School

EKU will honor transfer general education courses from regionally accredited out-of-state or Kentucky private colleges and universities. Students should complete and submit the Transfer General Education form, along with appropriate documentation (school catalog listings of courses with relevant general education designations), to the EKU Registrar’s Office. If approved, the transfer general education courses will be applied toward the student’s EKU general education requirements where needed and as appropriate.

Transfer Credit Evaluation Process

When an acceptable transfer course, which has never been evaluated before, is presented to EKU for consideration, EKU records the course as acceptable for credit but unevaluated. The Transfer Center contacts the student and requests course descriptions and syllabus information for review. The Transfer Center forwards the course description to the appropriate academic department for their review and consideration. The academic department determines whether an exact equivalency, a subject/discipline elective, or a generic free elective is appropriate depending on course content and learning objectives. In some instances the department will request that the student provide a syllabus in order to evaluate the course. The academic department or Transfer Center can recommend that a course be considered for general education applicability even if an exact equivalency is not awarded. Students wishing to appeal the evaluation of transfer credit should consult with the Student Outreach and Transition Office.

Some EKU programs have accreditation restrictions that dictate which transfer courses can be utilized to fulfill program requirements (e.g. School of Business, Paralegal, Social Work). Students considering transferring into an EKU program which has specific professional accreditation standards should refer to the webpage for that program to see details of any transfer course restrictions.

Transfer Credits/Courses

Currently enrolled students who desire to take courses elsewhere and transfer them back to Eastern Kentucky University should consult with the EKU Transfer Center and also obtain the approval of their college dean prior to enrolling. The University will not take responsibility for courses transferred without prior approval. Students should be aware that there are limits to the number of credit hours a student may earn in any one term (see Academic Load).

Eastern Kentucky University accepts credit in transfer from other institutions with regional accreditation status. EKU also participates in and subscribes to the principles of the Kentucky Council on Postsecondary Education statewide transfer agreements. EKU accepts credits transferred from all public institutions in Kentucky accredited by SACS, or similar regional accreditation bodies, and will apply them to the general education and program requirements to the maximum extent specified in these agreements. Credits not identified in these agreements will be applied to degree requirements as deemed appropriate. Lower division courses taken at a community or junior college are accepted in transfer as the coursework is evaluated by the EKU content expert.

Eastern Kentucky University will also award credit to students for non-collegiate sponsored instruction and training programs provided an articulation agreement exists between the University and the institutions or organizations providing the instruction. Articulation agreements must be officially approved according to the University policy for such agreements and must be signed by both EKU and the collaborating institutions/organizations. A copy of the signed agreements must be on file in the Office of the Senior Vice President for Academics and Provost (original), the Office of the Registrar, and the Dean’s office of the College which initiated the agreement. Articulation agreements must be in place prior to the non-collegiate instruction or training in order for credit to be considered. In all instances, consideration will only be given to those courses/training programs whose content provides competencies equivalent or comparable to courses and educational experiences offered by EKU.

Credit and grades earned in transfer are posted to the student’s EKU transcript. Students with transfer credit should note that they must successfully complete all their curriculum requirements as well as earn an institutional (EKU) GPA of 2.0 in order to graduate with a degree or University certificate from EKU.

Post-Baccalaureate Transfer Students

Degree-seeking transfer students who have already attained a post-secondary or graduate-level degree will have that earned degree noted in their EKU academic record.

Details of the academic work counting toward a baccalaureate or graduate degree earned at another institution will not be posted, course by course, onto the EKU transcript; only the earned degree is recorded from the official transfer school transcript. All General Education requirements are waived for post-baccalaureate students.

International Student Transfer Credit Pre-Approval

It is an institutional expectation that once international students are admitted into EKU they are expected to complete their program of study using credit earned only at EKU.

Each EKU international student may submit official transcripts and have recorded in transfer all previously earned appropriate credit from other institutions of higher education, at the time the student is admitted into EKU. After initial admission into EKU an international student, who subsequently wishes to enroll at another institution, for the purpose of earning additional transfer credit, must have prior approval from EKU before accumulating additional transfer coursework.

The Registrar will not record onto an existing international student’s EKU academic record any transfer credit for which the student has not secured prior approval. This prior-approval form serves to notify the College of the student’s major and the Office of International Student and Scholar Services of the international student’s intention to enroll at another institution, and to establish the applicability of the anticipated transfer credit toward the student’s major – before the student enrolls at the non-EKU institution.

A maximum of 21 credit hours may be earned by any EKU student, (through any means), in any fall or spring term; dean’s approval (secured on a different form) is required for a student to
enroll in 19 through 21 credit hours. During the summer, 15 credit hours is the absolute maximum an EKU student may earn; dean’s approval (secured on a different form) is required to enroll in 13 through 15 credit hours. In winter term, no student may have more than 4 credit hours recorded onto EKU academic history.

EXPLORATORY STUDENTS

If students are academically exploring and are not ready to declare a major, they will be enrolled as an exploratory student. A major should be declared as soon as students decide on their field of interest. Students must officially declare a major prior to registration during the semester in which they register for their 45th hour. Until a major is declared, students’ curriculum will include general education courses appropriate for most baccalaureate programs. In addition, students will be encouraged to take exploratory electives that will allow them to sample disciplines they may like to select as a major.

WITHDRAWAL

WITHDRAWING AND FINANCIAL AID

Federal Financial Aid regulations require students to earn credit from classes funded by financial aid. Financial aid regulations do not distinguish between receiving a “W” in a course, or an “F” in a course. In both cases tuition is paid with financial aid funds and in both cases the student did not earn credit.

Students, advisors, and instructors should note therefore that multiple withdrawals can impede appropriate progress toward degree and thus negatively impact a student’s ability to retain financial aid.

IMPORTANT: Withdrawing from a class may result in the student being responsible for both tuition charges and a late withdrawal fee. Refer to the Colonel’s Compass for tuition refund dates. A class with a “W” grade will count as an attempted class for Federal Financial Aid calculations.

WITHDRAWING FROM A CLASS

Students are allowed to withdraw from classes through the 12th week of a full semester. Partial semester classes have prorated withdrawal deadlines. See the Colonel’s Compass for all withdrawal deadlines. Whether withdrawing from a single class, a few individual classes, or all classes, withdrawals are executed online through EKUDirect. A student will be assigned a grade of “W” for each withdrawn course, and a “W” will appear on the grade report and transcript.

1. Withdrawal between 2nd Week – 12th Week: A student may officially withdraw from a full-semester course online through EKUDirect from the close of the Schedule Change Period, also called the Add/Drop Period (for full-semester classes the add/drop period is the 1st week of class), through Tuesday of the 9th week of a regular (fall/spring) semester with no withdrawal fee applied. This allows students to view their mid-term grades prior to withdrawing from a class without incurring a fee.

   Beginning with Wednesday of the 9th week of the term, and until the end of the twelfth week of full-semester classes, students will be assessed a $50 per credit hour fee after withdrawing from a course (up to a maximum of $150 for a typical 3 credit hour course). No fee is incurred if a student withdraws from all courses within a single term.

WARNING: The Add/Drop Period and the withdrawal period for partial-semester classes can be significantly shorter. Always refer to the Colonel’s Compass website for all drop and withdrawal deadlines.

2. Late Withdrawal Petitions: After the withdrawal deadline has passed only students who are the victim of extraordinary circumstances may request a late withdrawal. The deadline for filing a petition for a Compassionate Late Withdrawal under extraordinary circumstances is the last day of the full semester following the term from which the student is seeking withdrawal. The student is required to complete a Compassionate Petition for Late Withdrawal form (available from the Registrar’s website) and should include justification and documentation for the withdrawal. If approved, the Registrar will assign the grade of “W” and will notify the instructor of the class. For details refer to the Registrar’s website (www.registrar.eku.edu).

   With the exception of complete semester withdrawals, all course withdrawals approved by the Compassionate Withdrawal Committee will be assessed a $50 per credit hour fee, to a limit of $150 per course. The Compassionate Withdrawal Committee is not authorized to consider any appeals of the $50 per credit hour course withdrawal fee. Only the Office of Student Accounting Services may consider late withdrawal fee appeals.

   Students who are assigned a grade of “F” or “FX” in a course due to academic dishonesty will not be permitted to withdraw from the course.

3. Withdrawal Deadlines for Partial Semester and Summer Classes: Specific calendar dates for withdrawal deadlines for partial semester and summer classes are available on the EKU Web site (see Colonel’s Compass). The withdrawal deadline for all courses should be printed on course syllabi, are published in the Colonel’s Compass, and also may be obtained by contacting the Registrar’s Office. Refer to Section 3 of this Catalog for the University’s Tuition Refund Policy.

WITHDRAWING FROM THE UNIVERSITY

Eastern Kentucky University (EKU) is strongly committed to supporting students in achieving success in their intellectual and extracurricular endeavors. Students finding it necessary to withdraw from the University may withdraw from all courses online using EKUDirect up to the twelfth week of a full semester. Students are not allowed to withdraw from a course or from the University after the twelfth week of a regular term; after that time students must petition the Compassionate Withdrawal Committee for an official withdrawal. A grade of “W” is assigned for each withdrawn class. Students who leave the University without an official withdrawal are subject to the grade of “F.”

Dining Services Refund for Students Withdrawing from the University:

For Colonel Card dollars or meal memberships please refer to the Student Accounting Services refund page:
http://colonelscompass.eku.edu/deadlines-adddrop-refunds

Housing Refund for Students Withdrawing from the University:

For Housing refunds, please submit a written request to the Director of Housing, Whitlock CPO 51, Eastern Kentucky University, 521 Lancaster Avenue, Richmond, Kentucky 40475-3151. Housing refunds are only applicable for a limited period of time at the beginning of the semester.
Withdrawals Due to Exceptional Situations

When physical or mental illness, or other extraordinary circumstances, intrude upon a student’s ability to successfully meet the requirements of his or her course of study, such that the student is unable to avail themselves of standard methods for withdrawing from the University, per the above described timeframe, the student may complete a Compassionate Petition for Late Withdrawal or a Medical Leave of Absence Request.

Compassionate Late Withdrawal

[NOTE: Withdrawals do not provide tuition refunds.]

Students who had documented extraordinary circumstances that prevented them from succeeding in a course, or all courses, and were not able to withdraw themselves by the published deadline, may consider petitioning for a Compassionate Late Withdrawal. An approved Compassionate Late Withdrawal will replace course grades with “W” grades. No tuition refund is awarded. Students petition the Compassionate Withdrawal Committee through the Registrar’s Office.

The deadline for filing a petition for withdrawal under extraordinary circumstances (Compassionate Late Withdrawal) is the last day of the full semester following the term from which the student is seeking withdrawal. The student must complete a Compassionate Petition for Late Withdrawal Form and include justification and documentation for the withdrawal. If approved by the committee, the Registrar will assign grades of “W”.

If the Committee denies the petition, the student has 30 calendar days to appeal the denial, in writing or in person. Any appeal is expected to provide additional pertinent information to the Committee. The decision of the Committee after consideration of the appeal is final.

For forms and more details, refer to the Registrar’s website (www.registrar.eku.edu) or email registrar@eku.edu

Medical Leave of Absence from the University

[NOTE: Withdrawals do not provide tuition refunds.]

Voluntary Medical Leave of Absence

Students may request a Medical Leave of Absence from EKU when serious physical or mental health issues prevent the student from continuing with coursework in the current semester. The severity and duration of the medical problems must be such that it would be unreasonable to expect the student to make up missed class work or to continue as a student during the current term.

Medical Leave of Absence is appropriate only when “incomplete” or other arrangements with instructors are not possible. A request for a medical leave of absence can only be considered when the request is to withdraw from all classes in the current semester and will not be granted if final exams have been taken for that semester. This policy does not address withdrawal from individual classes.

Requests for a Medical Leave of Absence requires thorough and credible documentation by the appropriate healthcare provider. Details regarding the process and standards for approval are found on the Registrar’s website; http://registrar.eku.edu/withdrawal-information. The deadline for filing a request for a Medical Leave of Absence is the last day of the term from which the student is seeking withdrawal.

If the request to take a medical leave of absence is due to physical issues, the appropriate documenting healthcare provider is a licensed medical practitioner with knowledge of the student’s past medical history and who is presently working with the student to resolve current physical health issues. The medical practitioner should be the student’s primary health care provider at the time of the request for Medical Leave of Absence, and should not be a family member. If the medical situation involves emergency hospitalization, documentation from the emergency room physician or hospitalist is required in lieu of the preceding information.

If the request is due to mental health reasons, the appropriate documenting healthcare provider would be a licensed psychiatrist, psychologist or counselor with knowledge of the student’s past mental health history and who is presently working with the student to resolve the current mental health problems and should not be a family member. Taking a Medical Leave of Absence of at least one full semester away from the University will enhance the likelihood of success upon the student’s return.

The student will be obligated to adhere to the requirements for returning from a medical leave of absence (see details on Registrar’s website: http://registrar.eku.edu/withdrawal-information). The student is expected to provide documentation that the physical or mental health condition has been treated and symptoms that required withdrawal from the University are sufficiently resolved to allow the student to return to the University.

A Medical Leave of Absence is designed for academic purposes, not financial purposes; it allows the student the opportunity to protect his/her academic standing with the University by preventing the student from failing all courses for that semester. Providing that the requested withdrawal is approved, tuition charges will be adjusted if applicable and based on the regular, published, refund guidelines for all classes, effective as of the date the completed Medical Leave of Absence Request form was received by the Registrar’s Office.

For details on the Medical Leave of Absence request process, refer to the Registrar’s website at www.registrar.eku.edu.

Involuntary Medical Leave of Absence

Eastern Kentucky University may place a student on an Involuntary Medical Leave of Absence for reasons of personal or community safety. The University may require a student to take medical leave of absence, if in the judgment of the Student Assistance & Intervention Team (SAIT), and in coordination with the Director of Student Health Services and/or the Director of the EKU Counseling Center, the student, (a) poses a threat to the lives or safety of himself/herself or other members of the EKU community or (b) has displayed behaviors associated with a medical or mental health condition that seriously interferes with the student’s ability to function and/or seriously interferes with the educational pursuits of other members of the EKU community. Detailed information regarding the process for determining the necessity of an Involuntary Medical Leave of Absence can be found on the Registrar’s website: www.registrar.eku.edu.

Military Withdrawals from the University

See Military Activation section.

Stopping Out and Returning to EKU

Students who either stop out* or officially withdraw** and are academically eligible to return to the University, may return to the University without reapplying if they have been gone for 24 or fewer months and meet the established institutional GPA (see the Good Academic Standing table on page 47). Students
who have stopped out or withdrawn and who do not meet the established institutional GPA must apply for readmission and will be held to EKU readmission criteria (please refer to Requirements for Readmission section of the Catalog). All regular registration deadlines apply to stop-out students, and they should contact their last assigned advisor, or department chair of their major, to schedule an advising appointment in preparation for their return to EKU. To register for classes, students can log in to their EKU Direct account. Students with a registration hold must contact the office that applied the hold and have the hold removed before they will be able to register.

Students who stop out or are withdrawn for more than 24 months must be formally readmitted to the University by submitting a readmission application to the Office of Admissions. Refer to Section Two of this Catalog for details regarding readmission. The academic record for withdrawn students must be reactivated before they can once again register for classes.

All students who have attended another college/university since attending Eastern Kentucky University, regardless the length of their absence, must submit college transcripts.

*A student who completes a semester at Eastern Kentucky University but does not return for the following term is considered to have “stopped out.” Students must be on good academic standing to qualify for stop out.

**Students who have received a “W” grade in all classes during a semester are considered to have “withdrawn” from the University.

ACADEMIC PROGRAMS

Directory

Degrees Awarded......................................................................................................77
Degree Programs....................................................................................................77
Minors ....................................................................................................................79
Certificates .............................................................................................................80
Online Programs ....................................................................................................81
Eastern Kentucky University confers the following degrees:

**Associate:**
- Associate of Applied Science (AAS)
- Associate of Arts (AA)
- Associate of Arts in General Studies (AA)
- Associate of Science (AS)
- Associate of Science in Paramedicine (AS)

**Baccalaureate:**
- Bachelor of Arts (BA)
- Bachelor of Business Administration (BBA)
- Bachelor of Fine Arts (BFA)
- Bachelor of Music (BM)
- Bachelor of Social Work (BSW)
- Bachelor of Science (BS)
- Bachelor of Science in Nursing (BSN)

**Accelerated 3+2 Dual Degree Programs:**
- Bachelor of Arts (B.A.) and Master of Arts (M.A.) 3+2
- Bachelor of Arts (B.A.) and Master of Public Administration (M.P.A.) 3+2
- Bachelor of Arts (B.A.) and Master of Science (M.S.) 3+2
- Bachelor of Science (B.S.) and Master of Public Administration (M.P.A.) 3+2
- Bachelor of Science (B.S.) and Master of Science (M.S.) 3+2

**Accelerated 3+3 Degree Programs:**
- Bachelor of Arts (B.A.) and Juris Doctorate (J.D.) 3+3

**Master:**
- Master of Arts (MA)
- Master of Arts in Education (MAEd)
- Master of Arts in Teaching (MAT)
- Master of Business Administration (MBA)
- Master of Fine Arts (MFA)
- Master of Music (MM)
- Master of Public Administration (MPA)
- Master of Public Health (MPH)
- Master of Science (MS)
- Master of Science in Nursing (MSN)

**Specialist:**
- Specialist in Education (EdS)
- Specialist in Psychology (PsyS)

**Doctoral:**
- Doctor of Clinical Psychology (PsyD)
- Doctor of Education (EdD)
- Doctor of Nursing Practice (DNP)
- Occupational Therapy Doctorate (OTD)

Eastern Kentucky University offers the following programs which are registered with the Kentucky Council on Postsecondary Education. Many of these programs include approved options designed to provide a background tailored for students' individual needs. At the undergraduate level, these options are presented with the program descriptions in this Catalog. Options at the graduate level are found in the Graduate Catalog.

Pre-Professional Interest Areas

New Students may declare a career interest in one of the following pre-professional areas. Each student is expected to eventually declare a degree program as their first major.

These interest areas will be used to pair the student with the appropriate pre-professional advisor:
Pre-Dentistry
Pre-Engineering
Pre-Law
Pre-Medical Sciences
Pre-Optometry
Pre-Pharmacy
Pre-Physical Therapy
Pre-Physician Assistant
Pre-Veterinary Medicine
Minors

Eastern Kentucky University offers minors in a number of fields. Certain minors are restricted as teaching or nonteaching. Consult the index for the location of requirements for individual minors. The following minors are offered, some offering options or areas of specialization.

Actuarial Science
Aerospace Studies
African/African-American Studies
Agriculture
American Sign Language (ASL) Studies
Anthropology
Appalachian Studies
Apparel Design and Merchandising
Applied Creative Thinking
Applied Engineering Management
Applied Ethics
Archaeology
Art History
Asian Studies
Aviation Administration
Aviation Flight
Banking and Financial Services
Biology
Biometry, Teaching
Broadcasting and Electronic Media
Business
Chemistry
Chemistry, Teaching
Child and Family Studies
Coaching (Non-Teaching)
Communication Studies
Community Health Education (Non-Teaching)
Computer Electronics Technology
Computer Information Systems
Computer Science
Construction Management
Criminal Justice
Cybersecurity and Intelligence
Design and Merchandising
Disaster Management
Dispute Resolution
Earth Science, Teaching
Emergency Medical Care
English
English, Teaching
Entrepreneurship
Environmental Health Science
Environmental Geosciences
Family and Consumer Sciences
Fire, Arson, and Explosion Investigation
Fire Protection Administration
Fire Protection and Safety Engineering Technology
Foodservice Administration
Forensic Science
Game Content Design
Geography
Geology
Globalization and International Affairs
Health Services Administration
History
Homeland Security
Horses, Humans and Health
Horticulture
Industrial Fire Protection
Informatics
International Business
Land Surveying
Legal Studies
Managerial Communication
Mathematical Sciences
Mathematics
Mathematics, Teaching
Military Leadership
Multimedia Journalism
Music
Nutrition
Occupational Safety
Office Administration
Paralegal Studies
Personal Finance
Philosophy

Security Operations
Social Justice
Social Welfare
Sociology
Soils
Spanish
Special Education
Statistics
Studio Art
Traffic Safety/Non-Teaching
Veterans Studies
Visual Media
Women and Gender Studies
**EKU Certificates and Professional Certification/Endorsement Programs**

1. **EKU Departmental Level Certificates** — These certificates are awarded by the individual academic department, not the University.

   - Adventure Recreation and Leadership
   - African/African-American Studies
   - Appalachian Studies
   - Apparel Design and Merchandising
   - Asian Studies
   - Basic Emergency Medical Technician
   - Coaching/Personal Training
   - Communication Studies
   - Community Development
   - Corporate Communication
   - Cyber Systems and Network Security
   - Early Childhood Director
   - Emergency Management & Disaster Resilience
   - Environmental Public Health
   - Environmental Sustainability & Stewardship
   - Fermentation
   - Financial Literacy
   - Foundations of Business Thought
   - French Conversation and Culture
   - German Conversation and Culture
   - Global Supply Chain Management
   - Health Services Administration
   - Horses, Humans and Health
   - Infant and Toddler Care and Education
   - Informatics
   - Interdisciplinary Studies
   - Japanese Conversation and Culture
   - Labor and Employment
   - Post-Masters APRN-Rural Health Psychiatric Mental Health Nurse Practitioner
   - Post-Masters APRN Rural Health Family Nurse Practitioner
   - Professional and Technical Writing
   - Public Administration
   - Public Health
   - Sales
   - Social Intelligence and Leadership
   - Spanish Conversation and Culture
   - Technical Skills of Financial and People Management
   - Transformation of Inputs to Outputs
   - Tourism and Event Planning
   - Veterans Studies
   - Women and Gender Studies

2. **EKU University Level Certificates** — These certificates are awarded by the University, and students receive a formal certificate produced in the same manner as a degree diploma. Students completing these programs must apply for graduation and are assessed a graduation fee. Students earning only certificates do not receive caps and gowns and do not participate in the commencement ceremony. The university graduation fee partially offsets the production and mailing of diplomas and certificates. The University absorbs cap and gown costs for degree earners. Application deadlines for completing university certificates follow the same time line as degree graduation.

   - Accounting*
   - Applied Data Science
   - Autism Spectrum Disorders
   - Communication Studies
   - Corporate Security Operations
   - Correctional Intervention Strategies
   - Emergency Management and Disaster Resilience
   - Fermentation Science
   - Geographic Information Systems
   - Homeland Security
   - Industrial Fire Protection
   - Industrial Hygiene
   - Intelligence Studies
   - Land Surveying
   - Post-Graduate APRN Certificate-Family Nurse Practitioner
   - Post-Graduate APRN Certificate-Psychiatric Mental Health Nurse Practitioner
   - Paralegal Science*
   - Security Management
   - Youth Services

3. **Professional Certification and Endorsement Preparation Programs** — These are programs of study which do not lead to a degree or to an EKU awarded recognition but instead prepare the student, upon recommendation from EKU, for professional endorsement or certification by the Commonwealth of Kentucky Education Professional Standards Board.

   - Agriculture Education Teaching
   - Career and Technical Education
   - Career and Technical School Principal
   - Public Child Welfare Certification Program
   - School Safety Endorsement
   - Teaching English as a Second Language (teaching certification endorsement)

*Post-Bacc. Acceptance into this program requires that the student has already earned a baccalaureate degree. For more details, see the relevant department’s sections of this Catalog or contact the department offering the certificate.

Note: This list may not be all-inclusive. For a comprehensive list of EKU certifications concerning teaching, please see the College of Education.
Online Academic Programs  
E-Campus Learning

Eastern Kentucky University offers students the opportunity to earn a variety of degrees and/or certificates through EKU Online. These are well-established EKU academic programs provided through online interactions, discussion boards, and engaging interactive and multi-media learning methodologies.

While the EKU Online student will have a program coordinator through the academic department offering their desired degree/certificate, EKU’s Office of e-Campus Learning serves as the primary contact for admission, financial aid, registration, degree audit, and general advising questions; centralizing all student services crucial to the distance-learning student. More information can be found at www.ekuonline.eku.edu

Online Associate Degree Programs
Associate of Arts in General Studies (For more details, see: www.ekuonline.eku.edu/eku-online-general-studies)
Associate of Applied Science in Paralegal Studies (For more details, see: https://ekuonline.eku.edu/paralegal/associates-degree-paralegal-studies)
Associate of Science in Paramedicine (For more details, see: https://ekuonline.eku.edu/paramedic/paramedicine-associates-degree)
Associate of Arts in Police Studies (For more details, see: https://ekuonline.eku.edu/law-enforcement/associates-degree-police-studies)

Online Baccalaureate Degree Programs
Bachelor of Science in Child and Family Studies – Child Development Concentration. (For more details, see: https://ekuonline.eku.edu/child-family-studies)
Bachelor of Arts in Communication Studies For more details, see: https://ekuonline.eku.edu/communicationstudies/communication-studies-bachelors-degree
Bachelor of Science in Corrections and Juvenile Justice Studies (For more details, see: https://ekuonline.eku.edu/corrections)
Bachelor of Science in Criminal Justice (For more details, see: http://ekuonline.eku.edu/criminal-justice/)
Bachelor of Science in Emergency Medical Care – Administration Option (For more details, see: https://ekuonline.eku.edu/paramedic
Bachelor of Science in Fire, Arson and Explosion Investigation (For more details, see: https://ekuonline.eku.edu/fire)

STATE AUTHORIZATION RECIPROCITY AGREEMENT (SARA)

Kentucky is a SARA state. Effective January 30, 2017 Eastern Kentucky University is a State Authorization Reciprocity Agreement (SARA) member. For more information on NC-SARA you may visit http://nc-sara.org/. Under the terms of SARA, EKU is operating in all other member states, also known as host states under the terms of SARA. For more information on the individual states please visit http://ekuonline.eku.edu/state-authorization-status.

NOTICE FOR PROGRAMS LEADING TO LICENSURE

Eastern Kentucky University is a bricks and mortar Public University located in Richmond, Kentucky and recognized by Kentucky Revised Statute 164.290. While EKU strives to be in compliance with all licensure requirements for all states where EKU offers our online programs, EKU cannot confirm whether the course or program meets requirements for professional licensure in the student’s state. Licensure requirements are established by each state’s respective board(s) and must be met to be licensed. The student is advised to contact their applicable licensing board(s) to determine whether the program meets requirements for licensure in the state where the student lives.

A full list of all applicable state board contact information can be found at: http://ekuonline.eku.edu/state-authorization-status-0/state-authorization-status-contacts

Complaint Resolution Processes

a. Complaints against an institution operating under SARA go first through the institution’s own procedures for resolution of grievances.

b. Complaints regarding student grades or student conduct violations are governed entirely by institutional policy and the laws of the SARA institution’s home state.

c. If a person bringing a complaint is not satisfied with the outcome of the institutional process for handling complaints, the
complaint (except for complaints about grades or student conduct violations) may be appealed, within two years of the incident about which the complaint is made, to the SARA portal entity in the home state of the institution against which the complaint has been lodged. That entity shall notify the SARA portal entity for the state in which the student is located of receipt of that appealed complaint. The resolution of the complaint by the institution’s home state

SARA portal entity, through its SARA complaint resolution process, will be final, except for complaints that fall under the provisions of (g), below.

d. While the final resolution of the complaint rests with the SARA portal entity in the home state of the institution against which the complaint has been lodged, the portal entity in the complainant’s location state may assist as needed. The final disposition of a complaint resolved by the Home State shall be communicated to the portal entity in the state where the student lived at the time of the incident leading to the complaint, if known to the institution’s Home State.

e. While final resolution of complaints (for purposes of adjudication of the complaint and enforcement of any resultant remedies or redress) resides in certain cases with institutions (complaints about grades or student conduct violations), or more generally with the relevant institution’s home state SARA portal entity (all other complaints), the regional compact(s) administering SARA may consider a disputed complaint as a “case file” if concerns are raised against a participating state with regard to whether that state is abiding by SARA Policies and Standards. The regional compact may review such complaints in determining whether a state under its purview is abiding by the SARA standards. Similarly, a complaint “case file” may also be reviewed by NC-SARA in considering whether a regional compact is ensuring that its member states are abiding by the SARA standards required for their participation in the agreement.

f. SARA portal entities shall report quarterly to NC-SARA the number and disposition of complaints that are not resolved at the institutional level. Such data will create transparency and can be used in determining whether a regional compact is ensuring that its SARA member states and those states’ institutions are abiding by the standards required for participation in the agreement.

g. Nothing in SARA Policies and Standards precludes a state from using its laws of general application to pursue action against an institution that violates those laws.

4.6 Oversight of complaint investigation. Complaints handled under SARA must comply with procedures established in federal rules. Investigation of a SARA-related complaint against an institution requires that a state board, agency or entity outside the institution’s immediate management be available to handle complaints that are not resolved within the institution. A system board responsible for more than one separately accredited institution may serve this role under SARA provisions. A board responsible for only one accredited institution, or which lacks enforcement authority over an institution, cannot serve as the SARA external oversight agency for such an institution. In such circumstances, the institution’s home-state SARA portal entity may serve that function.

ALABAMA

TEACHER EDUCATION PROGRAMS: Applicants for an Alabama certificate based on reciprocities must meet Alabama’s test requirements and submit a valid, renewable professional educator certificate/license issued by another state at the degree level, grade level, and in the teaching field or area of instructional support for which an Alabama certificate is sought and for which an Alabama certificate is sought and for which Alabama issues a certificate. Applicants for Alabama certification in an area of administration must also document at least three years of full-time employment as an administrator in a P – 12 school system(s). See www.alde.edu

NURSING: State approval of a program to offer Alabama licensed nurses opportunities for advanced degrees does not indicate eligibility for approval to practice as an advanced practice nurse in Alabama. Applicants for approval in Alabama are required to meet the Alabama requirements for national certification, graduation from a specific-type program for the advanced practice approval, and completion of the appropriate application. Any program offering a pre-licensure track to Alabama students shall meet the requirements of the Alabama regulations for pre-licensure programs or the graduates may not be eligible to take the licensure examination required by the Alabama Board of Nursing to enter the practice. See www.abn.alabama.gov

OREGON

Online students residing in Oregon are eligible for refunds pursuant OAR 583-030-0035(18) (c): After classes begin for a term, a student who withdraws from a course is eligible for a partial refund through the middle week of the term. Refunds shall be based on unused instructional time and shall be prorated on a weekly basis for schools using a semester, quarter or nontraditional calendar.

Terms that are 17 weeks in length require a refund through week 9.
Terms that are 10 weeks in length require a refund through week 5.
Terms that are 8 weeks in length require a refund through week 4.
Terms that are 5 weeks in length require a refund through week 3.
Terms that are 2 weeks in length require a refund through week 1.

Partial refunds will occur through the middle week of any given term, and prorated on a weekly basis as stipulated above.

OFFICE OF THE EXECUTIVE VICE PRESIDENT FOR ACADEMIC AFFAIRS & PROVOST

The Executive Vice President for Academic Affairs and Provost serves as the chief academic officer of the University. The Executive Vice President and Provost is responsible to the President for the coordination of all phases of the instructional program and institutional research. In addition, the Executive Vice President for Academics and Provost supervises the preparation of position specifications for instructional staff and administrative personnel connected with instructional activities; makes recommendations to the President concerning staffing needs and appointments, promotions, or dismissals for all instructional personnel and administrative personnel related to instruction; and is the person responsible for the coordination and development of all academic programs, including the Council on Academic Affairs.

ACADEMIC READINESS TESTING, AND TUTORING

Ms. Kathy Williams, Director
Whitlock Building 326
kathy.williams@eku.edu
(859) 622-2306

The Office of Academic Readiness, Testing, and Tutoring plans, implements and supports programs and services for students transitioning from high school or the workplace to the University, as well as continuing students seeking to improve academic performance and college readiness skills.

Academic Readiness, Testing, and Tutoring encompasses Academic Readiness, Academic Testing, College Readiness, Developmental Education, Tutoring, and summer and fall Eastern Bridge freshman transition programming. The unit provides program coordination, academic improvement, and transition and testing services that support the goals of current and potential students, the University community, and regional partners. Services allow students to demonstrate knowledge for purposes of admission to the University or to programs of study. In addition, programming is intended to build holistic college readiness skills for ongoing academic success and life-long learning. The unit also provides assessment to ensure appropriate course placement to maximize student success and degree completion, and coordinates tutoring efforts across campus.

Academic Readiness, College Readiness, and Developmental Education help students achieve academic success by developing or enhancing skill level proficiencies, and by fostering the holistic development of college success skills. ART&T provides opportunities for academic, social, and college readiness skill development via courses and programs designed to improve essential skills in writing, reading and mathematics; via the coordination and monitoring of University tutoring services and tutor training opportunities; and via high school-to-college transition programs that address the holistic development of new freshmen. Additional information about Academic Readiness, College Readiness, and Developmental Education may be found at www.developmentaleducation.eku.edu.

Academic Testing is responsible for the coordination, administration, and planning of academic assessments that are requested by the University, the educational community, and students. The types of testing provided by the office include national tests, state assessments, and locally developed exams, credit by examination, and non-traditional credit by examination. Special need accommodations are available upon request. Additional information about Academic Testing may be found at www.testing.eku.edu.

Academic Readiness, College Readiness, and Developmental Education courses, programs and services transition students to the University and provide new and continuing students with support for academic success. Programs and services include the developmental-level college readiness courses in English, mathematics, and reading; summer and fall semester Eastern Bridge high school-to-college transition programs; advising and mentoring for student admitted via Success First initiatives, tutor
training, and tutoring coordination. Additional information about these programs and services may be found at http://transition.eku.edu/academic-readiness-testing-tutoring

CHAUTAUQUA LECTURE SERIES
Dr. Erik Liddell, Coordinator
McCreary 217
(859) 622-2267

The intellectual life of our campus and community would have been less vibrant. Our program provides campus and community members an opportunity to interact with some of the leading thinkers and activists of our time. As is often the case, these thinkers and activists inform us, engage us, challenge us, infuriate us, move us, and entertain us. With our minds refreshed and our intellectual curiosity renewed, the experience is potentially transformative. At Chautauqua events, members of the audience see how speakers from various professions and disciplines tackle provocative but vital issues. And they are encouraged to do so themselves. They see how it is possible to engage in creative, critical, but civil discourse. And they are encouraged to do the same. Our program aims to address both local concerns and global imperatives, and extend the students’ liberal arts education beyond the classroom. By striking a balance between the local and the global, we help serve the students’ regional needs. By sharpening their critical and creative thinking skills, expanding their liberal arts education, and adding an international dimension to it, we enhance their chance for success beyond Appalachia. For more information, visit www.chautauqua.eku.edu or contact Chautauqua Lecture Coordinator Dr. Erik Liddell at erik.liddell@eku.edu.

COUNCIL ON ACADEMIC AFFAIRS
Dr. Sherry Robinson, Vice Provost and Council Chair

The Council on Academic Affairs is the major policy-making body for the academic programs of the University. All college curriculum committees report to the Council. Major actions of the Council are reviewed by the Faculty Senate and subsequently presented to the President of the University and the Board of Regents for final approval. Council membership is comprised of the Associate Deans; the Registrar; the Vice Chair of the Faculty Senate; the Director of the Honors Program; a representative of the Chairs Association; a faculty representative from the Academic Quality Committee of the Faculty Senate; a representative from the Libraries; one student representative from the Student Government Association; the Vice President of Student Success (non-voting); the Executive Director of Retention and Graduation (non-voting), the Director of Academic Advising (non-voting), a representative from e-campus (non-voting); and the Executive Director of Enrollment Management (non-voting). The Vice Provost serves as Chair of the Council.

GENERAL EDUCATION
Dr. Garett Yoder, Coordinator
NSB 3166
(859) 622-1527

The mission of the General Education program is to promote learning that is central to the intellectual pursuits associated with our educational programs and to enable students to make informed choices about matters of public and personal significance in a diverse, democratic society and global community. The general education program helps students to become informed, independent thinkers by developing competencies in communication, quantitative analysis, and critical thinking by helping them understand and appreciate the diversity of culture, individuals, the natural environment, and the global society. See Section Four of this Catalog for detailed information on courses.

GENERAL STUDIES
Dr. Amy Thieme, General Studies Coordinator
Combs 312
(859) 622-1320

Bachelor of Arts (B.A.)
GENERAL STUDIES
CIP Code: 24.0102

The General Studies degree program is designed for adult learners and students intending to complete a baccalaureate degree whose educational objectives are not aligned with a more traditional degree program.

In addition to the baccalaureate degree requirements in Section 5 of this Catalog, the following are required for students seeking a General Studies degree:
1. The B.A. General Studies degree is intended to be a first baccalaureate degree and is not appropriate for a concurrent or secondary baccalaureate degree.
2. Any courses ordinarily accepted for credit by Eastern Kentucky University may be chosen as hours to apply to the 120 hours required for graduation.
3. In order to declare a General Studies major students must have previously earned 60 credits from a regionally accredited institution or two years or more must have lapsed since students earned any college credit.
4. Students pursuing a General Studies degree are not permitted to declare a double major.
5. Students pursuing a General Studies degree are encouraged to declare minors and/or certificates.
6. Students in the General Studies program will graduate from and be considered alumni of a specific college based on either (a) the student’s preference (If a student has at least 18 credits in a college, excluding General Education credits, then he/she may request to be affiliated with that college); OR (b) if the student has no preference, then affiliation is based on the college in which the greatest number of credits are earned (excluding General Education credits)
7. The college from which the student graduates will not be included in the degree name. Degree name on diploma will be Bachelor of Arts General Studies.

UNIVERSITY GRADUATION REQUIREMENTS
• General Education ........................................................................... 36 hours

2019-2020 EKU UNDERGRADUATE CATALOG

85
**MAJOR REQUIREMENTS**

**ACCT Requirement..........................................................3 hours**

- GSD 399; Co-op; Service Learning (S) course; or EKU-approved Study Abroad course.

**Free Electives.................................................................78 hours**

- NOTE: General Studies students are encouraged to earn minors and/or certificates. Advisors will assist students with identifying minors and certificates.

**TOTAL HOURS TO COMPLETE DEGREE .............120 hours**

---

**OPPORTUNITIES**

The Associate of Arts in General Studies degree has become more attractive with the growth of business and industry in the area and with the increase of minimum educational requirements for employment or promotion. In addition to those students wishing to enhance their employability, other students will find the program offers numerous opportunities to seek a degree for their own personal satisfaction. This degree allows students to gain confidence in their abilities by earning a degree at the associate level prior to enrolling in a baccalaureate program. The associate degree also provides opportunities for students who wish to consolidate previously earned credits to complete their first degree. Serving students from a varied background of college readiness, this degree provides students a defined path to success in earning one or more degrees. Upon successful completion of EKU’s Associate of Arts in General Studies degree, the student will have met all General Education requirements, which will apply toward a four-year program at EKU or any other regional Kentucky institution.

**UNIVERSITY GRADUATION REQUIREMENTS**

**General Education ..........................................................36 hours**

- Standard General Education program (Elements 1-6 inclusive, per Section Four of this Catalog).

**Student Success Seminar** (GSD 101; waived for transfers with 30+ hours, not including AP and Dual Credit hours)

- ..........................................................................................3 hours

**TOTAL HOURS UNIVERSITY GRADUATION REQUIREMENTS........39 hours**

---

**ASSOCIATE DEGREE**

**ASSOCIATE OF ARTS IN GENERAL STUDIES**

(A.A.)

**GENERAL STUDIES**

**CIP Code: 24.0102**

The Associate of Arts in General Studies degree provides students, especially adult learners, the opportunity to pursue a flexible degree program to meet their unique interests, career goals, and academic needs. Reflecting EKU’s commitment to a liberal arts education, the degree allows students to concentrate in an area of interest while selecting from a wide variety of courses to meet personal, educational, or career goals. This degree is designed for students for whom this will be their first college degree and who wish to advance in their careers, change careers, pursue a lifelong interest beyond their careers, or use the degree as a pathway to a baccalaureate degree. Students who are admitted as “Special Admitance/Conditional Admission” (see page 10 of the Catalog), will be initially admitted into the Associate of Arts in General Studies degree program.

**Core Courses........................................................................12 hours**

- Courses are within an individual College and exclusive of general education requirements. One of the concentrations below may be used to fulfill this requirement

**Optional Departmental Concentration..............................12 hours**

- Students may select a concentration of interest (see list below). Students with a declared departmental concentration will be advised by faculty of that department. The Associate of Arts in General Studies concentration will be reflected on the student’s transcript.

**General Studies Exit Requirement (GSD 250)...............0 hours**

**Free Electives .................................................................9 hours**

**TOTAL HOURS TO COMPLETE DEGREE..................60 hours**

(Precise degree requirements will vary based upon concentration selected and student’s specific orientation)
The Associate of Arts in General Studies is intended to be a first degree and is not appropriate for a secondary degree. Students who declare the AA in General Studies should pursue that program as their primary degree and apply for graduation as soon as they approach completion of its requirements. Students seeking only an associate degree may not declare a minor.

**OPTIONAL A.A. IN GENERAL STUDIES CONCENTRATIONS**

The following concentrations are available in the Associate of Arts in General Studies degree program:

- **Anthropology Concentration**.................................12 hours
  - ANT 120, 200, and 201; and one upper-division ANT course (300 or above).

- **Applied Engineering and Technology Concentration**.............................12 hours
  - AEM 201, EET 251, AEM 195, and TEC 161.

- **Broadcasting and Electronic Media Concentration**.................................12 hours
  - BEM 295(4), six hours from BEM 202, 203, 301 or 353W, and two hours from BEM 349(1) or 398(1), or 491(2).

- **Communication Studies Concentration**.................................12 hours
  - CMS 200; 205W; 210 or 215; 250 or 275

- **Computer Networking Systems Concentration**.................................12 hours
  - NET 302, 303, 354; 3 hrs of NET coursework.

- **Education Concentration**.................................13 hours
  - EDF 203, 204, 205 and SED 104. Students planning to apply for admission to the Teacher Education Program after completing the AGS degree should also enroll in CMS 100 or 210, BIO 102 or PHY 102, and HIS 202. Students should confer with a College of Education Advisor to determine the required math course for each specific program.

- **Electricity and Electronics Concentration**.............................12 hours
  - EET 251, 252, 257, (EET 253 or 351).

- **English Concentration**.................................12 hours
  - ENG 301, 302; 6 hrs of other ENG courses. ENG 210, 211, and 212 may count toward the concentration but will not count toward the B.A. English degree major requirements.

- **Geographic Information Systems Concentration**.............................12 hours
  - GEO 110 or 210, 353; 6 hrs from: GEO 351, 453, 455, 456, 458, 501, GLY 351, 408.

- **Geography Concentration**.................................12 hours
  - GEO 100, 110 or 210, 6 hrs of GEO elective.

- **Geology Concentration**.................................12-14 hours
  - Two courses from GLY 104, 107, 108, 109, 302, 305 or GEO 210; plus two courses from GLY 210, 303, 309(4), 315, 408, 415(4), GEO 353 or 456.

- **History Concentration**.................................12 hours
  - HIS 102 and 103 plus 6 additional hours of HIS courses. Of those 6 additional hours at least 3 must be in a course listed in Area II (Europe) or Area III (Non-Western). HIS 290 and 450W may not count toward the concentration.

- **Homeland Security Concentration**.................................12 hours
  - HLS 101, 210, 260, 301. Students planning to later enroll in the B.S. Homeland Security should take as part of their General Education courses EES 250 (Element 1C); STA 215 (Element 2); GEO 210 (Element 4), HIS 203 (Element 5A), and POL 100 or POL 101 (Element 5B).

- **Informatics Concentration**.................................12 hours
  - INF 104 or CIS 212; INF 307, 314, 318. Completion of this concentration also fulfills requirements for the Certificate in Informatics. Students must formally declare their intention to earn the certificate before it can be awarded.

- **Mathematical Sciences Concentration**.................................14 hours
  - MAT 124(4) or 124H(4); MAT 214; STA 270(4); and CSC 160, 177, or 190. A minimum grade of “C” is required of all courses counted toward the concentration.

- **Military Studies**.................................12 hours
  - A total of 12 hours of a combination of: MSL courses, military services (ACE) credit, PHE 190, or PLS 375; at least 3 of the 12 hours must be earned in residence at EKU.

- **Physics and Engineering Concentration**.................................14 hours
  - MAT 234(4); PHY 210(5), 202(5). (Students should note that each has prerequisites.)

- **Political Science Concentration**.................................12 hours
  - POL 100, 101, 212, and 220.

- **Pre-Business Concentration**.................................12 hours
  - ACC 201, 202, GBU 204, and CIS 212 or QMB 200. A minimum grade of “C” is required of all courses counted toward the concentration.

- **Psychology Concentration**.................................12 hours
  - PSY 200 or 200W; PSY 250 or 250W; 6 hrs of PSY courses (excluding PSY 349, 402, and 403). PSY 280 may count toward the concentration but will not count toward the B.S. Psychology degree major requirements. A minimum grade of “C” is required of all courses counted toward the concentration.

- **Security Operations Concentration**.................................12 hours
  - HLS 210, 310, 320, and 350. Students planning to later enroll in the B.S. Homeland
Security should take as part of their General Education courses EES 250 (Element 1C); STA 215 (Element 2); GEO 210 (Element 4); HIS 103 (Element 5A), POL 100 or POL 101 (Element 5B).

Sociology Concentration....................................................12 hours
SOC 131, 232, and 235 and one upper-division SOC course (300 or above). These courses will count toward the B.A. Sociology degree major requirements.

Veterans Studies Concentration.......................................12 hours
VTS 200 – Introduction to Veterans Studies (Gen. Ed. E-6). VTS 200 must be taken before beginning elective studies. After completion of VTS 200, students must take at least three courses from the list below: CDF 331; CDF 437; ENG 386W; MSL 303; PLS 375; POL 415; PSY 308; PSY 320; SWK 440; WGS 304; VTS 350.

Graduate Education and Research
Dr. Jerry Pogatsnik, Interim Executive Vice President for Academic Affairs & Provost and Dean of the Graduate School
Whitlock Building 310
(859) 622-1742
Dr. Tom Martin
Interim Associate Vice President for Research
BTC 147
(859) 622-2334

The Office of Graduate Education & Research is comprised of the Graduate School, the Division of Sponsored Programs, the Office of Undergraduate Research and Creative Endeavors and the Training Resource Center. The Graduate School is responsible for the administrative oversight of EKU’s master’s specialist and doctoral programs. The Graduate School provides opportunities for undergraduate students to get a head start in obtaining a graduate degree though our concurrent enrollment and 3+2 programs. Interested students are encouraged to contact the Graduate School for more information. Additional information is also posted on the Graduate School website at gradschool.eku.edu

The Division of Sponsored Programs assists EKU faculty and staff in seeking and managing grants, contracts, and other agreements that support EKU’s mission. The Division of Sponsored Programs is also responsible for managing the university’s research compliance programs including review of the use of human subjects or animals in research and responsible conduct of research by faculty, staff and students. Information is available on the Sponsored Programs website at www.research.eku.edu

The Office of Undergraduate Research and Creative Endeavors provides opportunities for faculty-student mentorships for the purpose of deep learning, professional skill development, and contributing to the worldwide knowledge base. The Office is dedicated to achieving high quality scholarship thorough high quality mentorship.

The Training Resource Center is an innovative, university-based service collaborative focused on improving organizations and human service systems through partnerships, training, and professional development that enhances quality of life and strengthens communities.

Libraries
Julie George, Interim Dean of Libraries
Library 202A
(859) 622-1778
library.eku.edu facebook.com/ekulibraries @ekulibraries

Eastern Kentucky University Libraries includes the John Grant Crabbé Main Library, centrally located on University Drive, and two branch locations: the Elizabeth K. Baker Music Library in the Foster Building and the Business Library and Academic Commons in the Business and Technology Complex. EKU Libraries provides help, study spaces, collections, and technology designed around the academic needs of EKU’s students. EKU Libraries supports EKU regional campus and online students as well and provides a full range of services equivalent to those offered at the Main Library for these distance learners.

The Main Library offers a variety of study spaces, ranging from a large collaborative area on the first floor to the Silent Study Zone on the very top floor. Noise levels are also monitored on the Quiet fourth floor to ensure plenty of silent space for individual study. In addition to spaces designed for quiet and group study, an outdoor area is available on the Noel Reading Porch, adjacent to the Library Plaza. Refreshments are available in the Java City Library Café or the vending machines on the first floor. To learn more about EKU Libraries’ spaces or to make a reservation, visit library.eku.edu/reserve-rooms. The Main Library is open late during the fall and spring semesters and offers 24 hour study space and extended hours at the end of fall and spring.

The Main Library also includes the Learning Resources Center in support of the College of Education; the Law Library; the Noel Studio for Academic Creativity; and Special Collections and Archives. EKU Libraries collects resources to best serve students, faculty, and staff. To search the online catalog and discover the collections of libraries worldwide, visit library.eku.edu; even if EKU Libraries does not own the item you need, library staff can get it for you when you need it.

Technology is available throughout the Main Library and branches. The Main Library includes a large computer lab and computers throughout the building, a color printer, a cloud printer, fax machine, and a 3D printer available for student use. Visit library.eku.edu/technology-showcase to explore the emerging technologies EKU Libraries faculty and staff are currently collecting.

There are many ways to get help from librarians. Virtual reference services are available online or in person and research assistance is available whether you are an online student, located at a regional campus, or taking classes at the Richmond campus. Students are invited to visit one of our Help Desks, call (859) 622-6594, text (859) 903-0848, e-mail reference.library@eku.edu, tweet @ekulibaskus, or chat with us and also check out our frequently asked questions at libanswers.eku.edu.

The Noel Studio for Academic Creativity serves the EKU community as a collaborative, innovative learning experience
designed to improve communication and research skills. With integrated programs in teaching and learning, undergraduate research, and applied creative thinking, the Noel Studio is dedicated to the development of effective communication skills and practices across disciplines. This program provides student support for writing, research, and oral communication and faculty development in a central, technologically sophisticated space located in the heart of the Crabbe library. In the Noel Studio, trained consultants offer individual and small-group consultations to students and members of the EKU community seeking to refine specific projects and assist students in enhancing their research and communication skills.

**Faculty Center for Teaching and Learning**

Dr. Russell Carpenter, Executive Director  
318 Crabbe Library  
(859) 622-7403  
studio.eku.edu/about-faculty-center-teaching-learning

As a unit of the Noel Studio for Academic Creativity, the Faculty Center for Teaching & Learning (FCT&L) cultivates and supports a collaborative environment for faculty-led innovation in teaching and learning to foster student engagement and success at Eastern Kentucky University. The FCT&L inspires and encourages faculty to be leaders in innovative teaching and learning by promoting five values: Exploration of new and emerging teaching approaches; Systematic reflection in the process of designing highly engaging teaching and learning experiences; Interdisciplinary collaboration across departments, colleges, and units; Transparency in teaching and learning; and Cultivation of communities among faculty learners and leaders.

**Undergraduate Research and Creative Endeavors**

Dr. Jonathan Gore, Coordinator  
Cammack 116  
(859) 622-1115

Undergraduate Research and Creative Endeavors is a collaborative program through the Office of Graduate Education and Research and the Noel Studio. URCE coordinates and promotes undergraduate research and creative endeavors at EKU, managing such events as Posters-at-the-Capitol and the University Presentation Showcase. In addition, URCE assists faculty in mentoring student research projects, encouraging collaborations, publicizing the ongoing undergraduate research activities of the academic departments, developing grant proposals, and representing EKU at regional and national undergraduate research conferences. URCE also facilitates the publication of an online journal for undergraduate research, *The Kentucky Journal of Undergraduate Scholarship.*

**University Diversity Office**

Timothy Forde, Ph.D., MPH  
Vice Provost for Diversity and Chief Diversity Officer  
Jones 407  
(859) 622-6587

The University Diversity Office is responsible for the development, implementation, and evaluation of the Eastern Kentucky University Comprehensive Diversity Plan (EKUCDP). The EKUCDP was ratified by the EKU Board of Regents and is in compliance with the Statewide Diversity Policy. The University Diversity Office collaborates with EKU units in the development of their diversity plans and directs the University Diversity Faculty Recruitment and Retention Incentive Plan/Funds. The Chief Diversity Officer is EKU’s liaison to the Council on Postsecondary Education and the Committee for Equal Opportunity in support of the Commonwealth’s diversity, desegregation and equal opportunities plans for postsecondary education. The Chief Diversity Officer also co-chairs the EKU University Diversity Committee and Minority Retention Initiative Team.

**University Registrar**

Shannon Tipton, University Registrar  
Whitlock Building 239  
(859) 622-2320

The Office of the Registrar serves and supports students and faculty, as well as the larger campus community. The primary responsibilities of the Registrar include: being custodian of student academic records (ensuring their accuracy and integrity), serving as compliance specialist for federal and state regulations, and protecting overall institutional integrity by upholding the University Catalog with fairness and consistency.

The Registrar’s Office also administers the minimum scholastic standards of the University, posts transfer credit, oversees degree audit services, monitors and safeguards academic data integrity and security, determines NCAA student-athlete academic eligibility, coordinates commencement exercises, confirms degree completion, oversees production and delivery of diplomas, creates the schedule of classes and schedules all academic space. The Registrar reports directly to the Executive Vice President for Academics and Provost.

For additional information and a more detailed listing of services, please review the Registrar’s Office website at registrar.eku.edu.
College of Business and Technology

Dr. Thomas L. Erekson, Dean
Business and Technology Center 214
(859) 622-8111

School of Applied Sciences and Technology
Dr. William E. Davis, Associate Dean
Business and Technology Center 214

COLLEGE OF BUSINESS AND TECHNOLOGY

VISION

EKU’s College of Business and Technology...The College of Choice:

- Inspiring minds
- Enriching communities
- Creating leaders
- Making a difference

COLLEGE CORE VALUES

- Integrity
  Morality, ethical behavior, trust, and honesty
- Respect
  Openness and consideration of ideas, approaches, and thoughts
- Diversity
  Characterized by equitable opportunities and respect of diverse peoples, ideas, and programs
- Accountability
  Individual responsibility and responsiveness to the needs of internal and external stakeholders/others
- Inclusiveness
  Stewardship: of place, of the environment, of the region
- Excellence
  Intellectual vitality; rejection of mediocrity; a recognized standard of competence and performance as reflected by employability, enrollment demand, continuous improvement, financial support and accreditation

SCHOOL OF APPLIED SCIENCES AND TECHNOLOGY

Dr. William E. Davis, Associate Dean
Business and Technology Center 214
(859) 622-1574

EKU’s School of Applied Sciences and Technology is comprised of the Department of Agriculture; the Department of Applied Engineering & Technology; and the Department of Military Science and Leadership (Army ROTC).

DEPARTMENT OF AGRICULTURE

INTERIM CHAIR
DR. WILLIAM E. DAVIS
(859) 622-2228
CARTER 2

Faculty
J. Domenghini, C. Hagan, A. Lawani, M. McDermott, B. Pratt, J. Settimi, and A. Sexten

The Department of Agriculture offers Bachelor of Science and Associate of Applied Science degrees in Agriculture. Concentrations in the Agriculture degree program include Agribusiness Management, Pre-Veterinary Medicine, Fruit, Vegetable, Nursery and Greenhouse Production, Animal Sciences, Agriculture Engineering Technology, Turfgrass and Landscape Management, and Agronomy, Soils and Natural Resources. The Department also offers a joint degree program for Career and Technical Education - Agriculture Education Concentration.

Minors are offered in Agriculture and Soil Science. Students may receive the Associate degree and then continue for a Bachelor degree with no loss of credit. Students must obtain a “C” average in Department classes. The Pre-Veterinary Medicine program
has an excellent veterinary school acceptance rate. More detailed information can be obtained by reading the section on Pre-Veterinary medicine.

Students have ample opportunities to personalize their education. Academic credit can be earned for Cooperative Education. Students may receive up to eight hours of Co-Op credit for the Associate Degree and 12 for the Bachelor of Science Degree. Students can also obtain credit for experiential learning in the Department’s facilities through practicum courses. In addition, students are encouraged to participate in Independent Studies with faculty mentors.

DEPARTMENT GOALS

The Department of Agriculture’s vision is to be the first choice of students interested in addressing issues relating to food, energy and the human environment within a sound economic framework.

The mission of the Department of Agriculture is to provide programs designed to develop leaders, entrepreneurs and educators for the global challenges in which agriculture plays a significant role. Areas of study include Pre-Veterinary Medicine, Agriculture Education, Agricultural Business, Food Production, the Human Environment, and Agriculture Engineering Technology.

Programs in the Department stress the latest technical information with applications through required laboratories and practicums at the University farms or through cooperative education. The Department operates greenhouses, fruit and vegetable plots, a plant nursery and specimen garden and turf plots to support the horticultural instruction area. The University also owns and operates approximately 1000 acres devoted to the programs in agriculture. This includes state of the art facilities for beef, dairy, swine, sheep and crop enterprises.

The Department will also provide service to the University, community, region, profession, and industry; provide opportunities for faculty/staff/student collaboration in scholarly and creative activities; and engage in continuous improvement processes to ensure its programs, services, and infrastructure are current and relevant.

EUK Farms will provide a technologically current, high quality learning environment for instruction. It will demonstrate agricultural practices and techniques that are consistent with the instructional program, are environmentally sound and have practical application. Information will also be disseminated to the regional agricultural community. EUK Farms will also promote and conduct service activities such as field days, tours, seminars, demonstrations, meetings, and open houses to serve the needs of diverse consumer groups.

PROGRAM OBJECTIVES

Graduates in the agriculture area are well trained for careers in many diverse aspects of agriculture such as government agencies (Kentucky Department of Agriculture, USDA, Cooperative Extension Service, NRCS), 4-H programs, soil conservation, farm management and operations, agribusiness including agriculture financial agencies/institutions, sales, field sales, food plant supervision, retail-store management, technical service, Career and Technical Education, and the livestock industry, to name a few. Students can also continue their education in graduate school or in veterinary medicine.

HORTICULTURE

In the horticulture area, the abundance of hands-on practical experiences allow graduates in the horticulture programs to pursue careers in the regional and local food industry, the turf industry as golf course superintendents, sports turf managers, sales and service areas, professional landscape industry, the nursery industry, and in the greenhouse industry.

CAREER AND TECHNICAL EDUCATION - AGRICULTURE EDUCATION CONCENTRATION

Graduates of the BS degree program in Career and Technical Education - Agriculture Education Concentration are prepared for teaching careers in secondary schools. They are prepared to lead programs in horticulture and agriculture and to advise their chapter’s FFA members in carrying out their annual program of activities.

Numerous opportunities are available for extracurricular activities to complement the academic training. These include the Agriculture Club, Horticulture Club, Delta Tau Alpha (honorary society), student chapter of the Golf Course Superintendents Association of America, Agronomy Club, and Pre-Vet Club. Numerous local and national trips are taken to expand students’ learning experiences.

BACCALAUREATE DEGREES

BACHELOR OF SCIENCE (B.S.) AGRICULTURE
CIP Code: 01.0301

UNIVERSITY GRADUATION REQUIREMENTS

- General Education..................................................36 hours
- Student Success Seminar (BTO 100; waived for transfers with 30+ hrs.).................................................................1 hour
- Writing Intensive Course (Hrs. incorporated into Major/ Supporting/Gen Ed/Free Electives category)
- Upper division courses (42 hrs. distributed throughout Major/ Supporting/Gen Ed/Free Electives categories)
- ACCT - Agriculture majors will fulfill ACCT with AGR 499 or AGR 509 or OHO 498 or OHO 499. (Credit hours may be incorporated into program requirements below.)

Total Hours University Graduation Requirements .37 hours

MAJOR REQUIREMENTS

College Requirement: Professional Skills Seminar…0 hour

BTS 400 (CR only, no hours).

Program Core .........................................................31 hours
AGR 130 and 131(1) or OHO 131 and 132(1); AGR 115(2), 213, 215, 216(1), 304(4), 305(1), 308, 310, 319, 340, 411(1)

Program Electives.................................................15 hours
Experiential learning. 3 hours from AGR 301, 302, 349, OHO 301, 349;
ACCT capstone. Select one course from AGR 499, 509, OHO 498, 499

Upper Division Electives in AGR and/or OHO ...9 hours
Concentrations (select one):

Agribusiness Management.......................................25-28 hours
AGR 125, 126 (1), 350, 409, 440, 520; and one of the following programs:
- Advisor Approved Personalized Program (9 hours)
- Certificate in Corporate Communication: CCT 201 or 300W;
Agriculture Engineering Technology ........................................26 hours
AEM 195, 201, 202, 301, 330, 352, AGR 362(2), 383, 570
Agronomy, Soils and Natural Resources................................26 hours
AGR 125, 126 (1), 312 (4), 345; 404, 416, 430 and 570 and Upper Division electives in AGR and/or OHO (3 hours)
Animal Science.............................................................29 hours
AGR 125, 126 (1), 225 or 330 and 321(4); select two of the following: AGR 326(4), 327(4), 328(4), 329(4), 332, 380(4); select three of the following: AGR 312(4), 372, 373, 374, 375, 376, 377, 421; and Upper Division electives in AGR and/or OHO (0-2 hours)
Fruit, Vegetable, Nursery and Greenhouse Production..........................................................29 hours
AGR 404, 416; OHO 354, 365, 372(2), 375, 388; and 9 hours advisor approved electives
Turfgrass and Landscape.....................................................29 hours
AGR 404, 416; OHO 351(4), 354, 365, 370; and 10 hours advisor approved electives

Supporting Course Requirements .................................5 hours
BIO( Element 4) 111(4) or 112(4); CHE 101/101L( Element 4); CIS 212 or INF 104, or TEC 161; ECO 120 ( Element 5B).

g = Course also satisfies a General Education element. Hours are included within the 36 hr. General Education requirement above.

Supporting Courses Requirements for individual concentrations:

Agribusiness Management
ACC 200 ..........................................................3 hours
STA 215 (included in General Education hours)

Agriculture Engineering Technology
STA 215, AEM 308, 310W, 407 ..............................................12 hours
(courses also satisfy the nine hours upper division electives requirement above)
MAT 112A and 112B or 114, (included in General Education hours)

Agronomy, Soils and Natural Resources
GEO 353 .................................................................3 hours

Free Electives:
Agribusiness Management Concentration ......................1-4 hours
All Other Concentrations ................................................3 hours

TOTAL HOURS TO COMPLETE DEGREE ............120 hours

Pre-Professional

Pre-Veterinary Medicine Pathways

For students who have a strong interest in veterinary medicine, the Department of Agriculture offers two concentrations in this program of study. Each concentration is tailored to meet the entrance requirements for either Auburn University School of Veterinary Medicine or Tuskegee Institute School of Veterinary Medicine.

These schools have seats specifically designated for Kentucky residents. The student may be advised differently when applying to other veterinary schools since entrance requirements vary. Upon completion of the degree, the student is also awarded a Minor in Chemistry.

Pathway 1: Pre-Veterinary Transfer Pathway – B.S. in Agriculture

The student intends to apply and hopes to transfer to a school of veterinary medicine after their 3rd year at EKU. Students who intend to follow this pathway declare a B.S. in Agriculture as their major and the pre-vet transfer option as the concentration.

Students can then complete the B.S. degree from EKU by transferring credits from the first year of veterinary school back to EKU. Students not accepted after the junior year may elect to stay at EKU and change to the concentration below and then reapply to a school of veterinary medicine.

Pathway 2: General Pre-Veterinary Pathway – B.S. in Agriculture

Student intends to earn a B.S. degree in Agriculture at EKU and applies for admission into a school of veterinary medicine. Students will typically apply to a school of veterinary medicine during the fall of their senior year at EKU. Students who intend to follow this pathway declare a B.S. in Agriculture as their major and the general pre-vet option as the concentration.

Admission into Auburn or Tuskegee Schools of Veterinary Medicine

Kentucky is a member of the Southern Regional Educational Board Plan under which legal Kentucky residents attend Auburn University School of Veterinary Medicine or Tuskegee Institute School of Veterinary Medicine. The program is funded by an appropriation of the General Assembly to the Kentucky Council on Post-Secondary Education. A limited number of students who have completed pre-veterinary requirements are selected on a competitive basis by Auburn or Tuskegee each year and are exempt from out-of-state tuition. Both veterinary schools have similar entrance requirements, including a GRE examination.

Students should have a grade point average of 3.4 to be competitive. Students need to pass all pre-veterinary required courses with a grade of “C” or better. Courses in organic chemistry and physics must have been completed within six years of entry into the school of veterinary medicine. Students applying to Auburn use the Veterinary Medical College Application Service (VMCAS). Students apply directly to Tuskegee. Application deadlines for both are October 1. Students are expected to gain veterinary experience by working directly with a D.V.M.
UNIVERSITY GRADUATION REQUIREMENTS

• General Education .......................................................... 36 hours
• Student Success Seminar (BTO 100; waived for transfers with 30+ hrs.) ................................................................. 1 hour
• Writing Intensive Course (Hrs. incorporated into Major/Supporting/Gen Ed/Free Electives category)
• Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)
• ACCT - Agriculture majors will fulfill ACCT with AGR 499 or AGR 509. (Credit hours are incorporated into major requirements below.)

Total Hours University Graduation Requirements ... 37 hours

MAJOR REQUIREMENTS

College Requirements: Professional Skills
Seminar ............................................................................. 1 hour
AGR 305(1)

Core Courses ............................................................ 22-24 hours
AGR 321(4), 421; AGR 499 or AGR 509; two production classes from AGR 255, 326, 327(4), 328(4), 329(4), 332, or 380(4); two animal science courses from AGR 373, 374, 375, or 376.

Core Requirements ......................................................... 18 hours
AGR 125, 126(1), 304(4), 308, 349(3), and 411(1); one of the following: AGR 310, 350, or 440.

Additional Veterinary School Requirements ...... 17-21 hours
CHE 361/361L and 362/362L, AGR 374 or BIO 315 (4); select two of the following science electives: BIO 320(4), 348, 546(4), CHE 430 or PHY 132(5). Courses listed are those required by Auburn School of Veterinary Medicine for students with a Baccalaureate degree prior to starting veterinary school.

Supporting Course Requirements ................................ 13-15 hours
BIO((Element 4) 111(4), 112(4), 331; CHE(Element 4) 111/111L, 112/112L; ECO 120 (Element 5B); select one class from: MAT(Element 2) 120, 122 (5), 211, or 234(4); PHY 131(5).

= Course also satisfies a General Education element.
Hours are included within the 36 hr. General Education requirement above. Note that a maximum of six credit hours will apply to Gen Ed Element 6.

MAJOR REQUIREMENTS

College Requirements:
Pre-Service Teacher Education Program
Career and Technical Education Requirements ..........9 hours
CTE 262, 361, and 363.

Agriculture Education (includes all areas below) .45 hours
Animal Science AGR 125, 126 and one class from AGR 321, 327, 328 or 380;
Agricultural Systems Management AGR 213 and one class from
AGR 272, 311, 362 or 383;
Soil Science AGR 215 and one class from AGR 315, 317, or 318;
Plant Science AGR 130, 131 or OHO 131, 132 and one class from
AGR 312, 417 and OHO 384 or 385;
Agriculture Business AGR 308 and one class from AGR 310, 350, 409 or 440. AGR 304, 305 (1) plus Agriculture or Horticulture
electives to make 45 credit hours selected in consultation with your
advisor.

Professional Education Requirements ....................31 hours
EDC 300, EDF 310(1), 219, 413(2), EMS 300W (1), 474, 490(1),
ESE 552, *TEC 368, and 12 credit hours of Clinical Experiences: CED 150 (0.5), 200(0), 300(0.5), 400(0.5), 450(1), 499(9).

ें = Course also satisfies a General Education element. Hours are included
within the 36 hours in General Education.

Select one of the following concentrations:

Agricultural Systems Management ..................30 hours
AGR 115(2), 301(1), 362(2), 381 and 383.

Agribusiness Management .........................12 hours
AGR 310, 350, 409 and 440.

Floriculture/Greenhouse Management ...........11 hours

Landscape Horticulture ..............................11 hours
OHO 365(4); 370 or 372; OHO 391(4).

Livestock Management ................................12 hours
AGR 125, 126(1) and 321(4); AGR 327(4), 328(4), 329(4),
332, or 380(4).

Turfgrass Management ...............................12 hours
AGR 362(2), OHO 351(4), 354, and 370.

MAJOR REQUIREMENTS
Core ..................................................30 hours
AGR 130 and 131(1), or OHO 131 and 132(1); AGR
210(2), 213, 215, and 216(1); AGR 304(4) or OHO 304(4);
AGR 305(1), 308, six hours of practicum, and three hours
departmental electives.

Supporting Course ...................................0 hours
MAT 114 (ElementType 2) or higher; SED 104* (ElementType 6).

ें = Course also satisfies a General Education element. Hours are included
within the 36 hours in General Education.

Free Electives.........................................0 hours

EXIT REQUIREMENT ................................3-10 hours

PRAXIS EXAMINATION
Students must register for and take the PRAXIS exam which
 correlates to their degree program, per College of Education
requirements. Refer to DegreeWorks for exam details. The
PRAXIS exam must be taken prior to student teaching.

TOTAL HOURS TO COMPLETE DEGREE ......125 hours

Candidates earning a degree that leads to pre-service teacher
certification must take the PRAXIS Series (Professional
Assessments for Beginning Teachers) and PLT (Principles
of Learning and Teaching) exams as a requirement for graduation.
Candidates are encouraged to review the schedule for PRAXIS and
PLT registration deadlines prior to beginning the senior year (http://
Specialty exams are required for each certification area sought and
it may take more than one test date to complete all requirements.
Candidates should confer with their education advisor/counselor
to determine the most optimal time to take required exams. Career
and Technical Education concentrations require all pre-service
students to meet the general education knowledge for initial teacher
preparation requirements (see College of Education section of this
Catalog).

The BS degree program in Career and Technical Education is
accredited by the National Council for Accreditation of Teacher
Education.

MINORS

MINOR IN AGRICULTURE
Requirements .........................................18 hours

A minor consists of 18 hours of agriculture classes arranged
between the Department Chair and the student seeking the minor.
The objective is to meet the student’s need for a minor. Six or more
hours shall be upper division courses and a minimum of six hours
are to be taken at EKU. Courses counted toward a horticulture
major may not be counted toward a minor. Transfer classes are to
be evaluated by the Department Chair.

MINOR IN SOILS
Requirements .........................................18 hours

A core of courses consisting of 18 hours may be taken for a
minor in soils. Courses are AGR 130, 131(1), 215, 216(1), 340,
345; 349(1) or 410(1), and 416. At least six hours must be taken
at EKU. Transfer classes are to be evaluated by the Department
DEPARTMENT OF APPLIED ENGINEERING AND TECHNOLOGY

Chair
Dr. L. Tim Ross
(859) 622-3232
Whalin 302

Faculty

The Department of Applied Engineering and Technology offers Bachelor of Science degree programs in: Engineering Technology Management, Aviation, Construction Management, Cyber Systems Technology and Career and Technical Education.

DEPARTMENT GOALS

The Department of Applied Engineering and Technology seeks to provide an educational experience relevant to current and future societal needs to meet global economic and industrial trends. Programs in Applied Engineering and Technology prepare professionals for careers in Engineering Technology Management, Aviation, Construction and Cyber Systems Technology through the Bachelor of Science degree programs; prepare technicians for careers in Applied Engineering and Computer Electronics Technology through concentrations in the Associate of Applied Science in Technology degree program; prepare professionals for careers in Career and Technical Education through Associate of Applied Science, Bachelor of Science and Master of Science degree programs; prepare professionals for advanced career opportunities in Applied Engineering and Technology Management through the Master of Science degree program; and to provide programs of quality instruction and professional services to the University and to the community.

AVIATION

The EKU aviation program offers a Bachelor of Science degree in Aviation with three concentrations: Aerospace Management, Aerospace Technology, and Professional Flight. These concentrations combine courses in business management, communication, math, computer science and general education. The Aerospace Management Concentration prepares students for exciting professional careers in all aspects of the aerospace industry from a management perspective whereas the Professional Flight Concentration prepares students for careers as pilots. The Professional Flight Program is an FAA Part 141 approved Flight School and the only university program in Kentucky to offer the 1000 hour restricted ATP certificate.

The Aerospace Technology (AT) degree is a degree-completion concentration. By adding upper division aerospace management and operations studies, the Bachelor’s degree AT concentration is specifically designed to complete a two-year community college degree with a heavy technical aviation course load. Examples of aviation technical degrees include Airframes & Power Plants (A&P), a two-year helicopter and/or airplane pilflight degree, any two-year career technical (CTE) degree partnered with a local flight school, any two-year air traffic control program, and/or any two-year aerospace management program, and/or two-year Unmanned Aircraft Systems (UAS) programs. Additionally, non-degreed airline pilots with the Airline Transport Pilot (ATP) certificate may complete their bachelor’s degree with this concentration.

American Council for Construction Education

CONSTRUCTION MANAGEMENT

Graduates of the Construction Management program are prepared for careers with general contracting firms, starting in a variety of management positions. Typical entry-level positions include: assistant project manager, estimator, superintendent, project scheduler, cost engineer, and field engineer. The Construction Management program is accredited by the American Council for Construction Education. Graduates of this program will have oral, written and graphic communication skills for successful performance in a construction environment; possess functional computer skills including the utilization of general and construction application software; apply mathematical and scientific skills in the management and execution of construction projects; possess a basic understanding of the science of materials and the methods by which they are placed into service; possess the essential plan reading, quantity takeoff and pricing skills to function as a junior estimator; be able to prepare a project budget, analyze cost reports and make cash flow projections for a project; be able to prepare a project schedule, monitor progress toward completion, and update the schedule as needed; possess a basic knowledge of OSHA standards and be able to establish and enforce a safety plan on a job site, be able to interpret site plans, establish horizontal and vertical control on a site, and perform layout for buildings and utilities; be able to administer situations on a project site, including evaluation of subcontractor pay requests, writing of purchase orders, and recording change orders, subcontracts, shop drawings, and daily reports; and perform in an acceptable manner in internship work assignments.

ENGINEERING TECHNOLOGY MANAGEMENT

Graduates of the Engineering Technology Management...
Program are prepared for professional careers in technology related businesses. These businesses offer many opportunities to pursue exciting, challenging and rewarding careers that require technical knowledge and managerial skills. Applied Engineering Management prepares individuals for entry-level positions that may include: manufacturing engineer, production engineer, industrial supervisor, industrial engineer, industrial technician, and quality engineer.

Graduates of Engineering Technology Management will be able to relate terminology, techniques and methodology to technical managerial concepts; demonstrate the ability to formulate and apply technical problem solving and managerial concepts; and be able to apply the concepts of mathematics and the physical sciences to solve technical problems. The BS degree program in Engineering Technology Management is accredited by the Association of Technology, Management, and Applied Engineering.

CYBER SYSTEMS TECHNOLOGY
Graduates of the Cyber Systems Technology program are prepared for a career in the high-tech cyber-systems and computer electronics industry. Coursework in the program provides students with the knowledge and skills needed for installing, configuring, maintaining, and managing computer network systems and security, and digital electronic devices.

Graduates of this program will demonstrate proficiency in basic networking skills relevant to LAN/WAN environments, demonstrate proficiency in basic computing skills, demonstrate fundamental knowledge in electricity/electronics, and demonstrate effective communication skills while conveying information to technical and non-technical audiences. The Cyber Systems Technology program is accredited by the Association of Technology, Management, and Applied Engineering.

CAREER AND TECHNICAL EDUCATION
Engineering/Technology Education Concentration
Graduates of the Engineering/Technology Education concentration of the B.S. degree program in Career and Technical Education are prepared for teaching careers at the middle school and high school levels. An Engineering/Technology Education teacher is prepared to enjoy a career that is rewarding in many ways. The opportunity to plan and guide the learning experiences of students in the use of robots, computers and other “high tech” equipment in problem solving and production activities are rewards found in few other professions.

Graduates of the Engineering/Technology Education concentration of the Career and Technical Education program will complete a student teaching experience in a professional setting; will be able to prepare a portfolio that includes instructional material development, samples of assessment and a professional growth plan; and will be able to demonstrate technical competence in the areas of 1) basic engineering/technology, 2) civil engineering/technology, 3) electrical engineering/technology, and 4) mechanical/industrial engineering technology.

Technical Education Concentration
Graduates of the Technical Education concentration of the B.S. degree program in Career and Technical Education are prepared for teaching careers in secondary schools and post-secondary technical colleges in technical areas such as: computer electronics, computer aided drafting (CAD), and other technical occupational areas. A concentration is also offered in Occupational Training Development for those interested in training for business and industry.

Graduates of the Technical Education concentration of the Career and Technical Education program will be able to plan and implement instruction for technical education courses; be able to develop and analyze assessment instruments for technical education courses; be able to develop and apply appropriate teaching strategies for technical education courses; be able to complete a Practicum in Career and Technical Teaching in a professional setting; and will be able to demonstrate occupational/technical competence by obtaining discipline-specific expertise.

Occupational Training and Development Concentration
Graduates of the Occupational Training and Development concentration of the B.S. degree program in Career and Technical Education are prepared to plan and implement instruction for technical courses in a business and industry setting; are able to develop and analyze assessment instruments for technical courses; are able to develop and apply appropriate teaching strategies for technical courses; and are able to complete a Practicum in Career and Technical Teaching.

The BS program in Career and Technical Education is accredited by the Council for the Accreditation of Educator Preparation.

ASSOCIATE OF APPLIED SCIENCE
The Department of Applied Engineering and Technology also offers Associate of Applied Science degree programs (two-year programs) in Technology and Career and Technical Education. The Associate of Applied Science degree in Technology offers the student a choice of technical concentration in: Applied Engineering or Computer Electronics. The AAS degree program in Technology is accredited by the Association of Technology, Management, and Applied Engineering.

ASSOCIATE OF APPLIED SCIENCE - TECHNOLOGY
Applied Engineering
Graduates of this program concentration are prepared to become applied engineering technicians who work in product design, research and development, manufacturing, and service related jobs. Students will become familiar with the technologies that are essential for business and industry wanting to remain competitive in a global economy.

Graduates will demonstrate proficiency in the fundamentals of chemistry/physics, electricity and electronics, manufacturing processes, lean, quality, practical statistical methods, and computer aided drafting or design applications to communicate and solve design problems.

Computer Electronics
Graduates of the Computer Electronics (CE) program concentration are prepared for rewarding careers as computer electronic technicians in the public and private sector. Computer Electronics program graduates are qualified to obtain jobs in a wide variety of information technology, manufacturing and service industries. These jobs require skilled technicians for installing,
troubleshooting and maintaining microprocessor-based systems, programmable logic controllers, computer hardware and software. Graduates of the CE concentration of the AAS in Technology program will demonstrate fundamental knowledge in electricity/electronics at the technician’s level; demonstrate proficiency in basic computing skills; demonstrate proficiency in basic networking skills relevant to LAN/WAN environments; and demonstrate effective communication skills while conveying information to technical and non-technical audiences.

ASSOCIATE OF APPLIED SCIENCE - CAREER AND TECHNICAL EDUCATION
The Career and Technical Education Associate of Applied Science Degree program is designed for in-service technical teachers employed in area technical centers and post-secondary technical schools. Graduates of the Career and Technical Education AAS degree program will be able to plan and implement instruction for technical education courses; develop and analyze assessment instruments for technical education courses; develop and apply appropriate teaching strategies for technical education courses; and complete a Practicum in Career and Technical Teaching.

MINORS
The department also offers minors in Applied Engineering Management, Aviation Administration, Aviation (Flight), Computer Electronics Technology, Construction Management, and Land Surveying.

ENDORSEMENT/CERTIFICATES
A university certificate in Land Surveying is offered by the Department of Applied Engineering and Technology.

Baccalaureate Degrees

BACHELOR OF SCIENCE (B.S.) ENGINEERING TECHNOLOGY MANAGEMENT
CIP Code: 15.1501

Students interested in this program must satisfy all the following conditions:

Admission Requirements:
Only undergraduate students of proven academic ability will be considered for the program. Students should be aware that, in order to maintain their progress in the accelerated 3+2 program, careful coordination with their advisor is required. Depending upon undergraduate progress at the time of 3+2 admission, some summer-school classes may be needed.

Exit Exam Requirement
A maximum of 6 hours can apply toward Element 4.

College Requirement
BTS 300 (CR only, no hours) and BTS 400 (CR only, no hours).

Core Courses .................................................. 34-35 hours
AEM 195, 202, 308; 310W; 332, 349(1), 407, 408, 499, CON 420, STA 215 or 270(4), and TEC 161.

Manufacturing Concentration .................. 33 hours
AEM 201, 301, 330, 352, 371, 390, and EET 251, plus 12 hours from the following technical electives. AEM 336, 382, 383, 392, 395, 397, 506; AEM 530, or STA 585; CON 303, EET 252, 257, 351, NET 303, 440.

Technology Concentration .................. 33 hours
Thirty-three hours of approved technical electives.

Supporting Course Requirements .................. 6-9 hours
CHE 101/101L(4) (Element 4) or 111/111L(4) (Element 4); ECO 130 (Element 5B) or 230 (Element 5B) or ACC 200; MAT 120 (Element 2) and 211, or six hours of higher level MAT courses; and PHY 131(5) (Element 4).

Hours are included within the 36 hr. General Education requirement above. A maximum of 6 hours can apply toward Element 4.

Free Electives .................................................. 6-10 hours
Students must take an AEM assessment examination before graduation. An exam fee is required.

TOTAL HOURS TO COMPLETE DEGREE .......... 120 hours
Students must take an assessment examination before graduation. An exam fee is required.

+Transfer students with an associate degree in a technical related field may not need to take these 12 hours of electives if upper division requirement can be completed.

BACHELOR OF SCIENCE (B.S.)
ENGINEERING TECHNOLOGY MANAGEMENT
AND
MASTER OF SCIENCE (M.S.) TECHNOLOGY MANAGEMENT
[MANUFACTURING CONCENTRATION]
ACCELERATED 3+2 DUAL DEGREE PROGRAM
CIP Code: 15.1501

Students accepted to the 3+2 Accelerated Dual Degree Program are able to complete their B.S. degree and M.S. degree within five calendar years because of the accelerated curriculum and because nine semester hours of graduate coursework will apply to both the undergraduate B.S. degree and the graduate M.S. degree. Only undergraduate students of proven academic ability will be considered for the program. Students should be aware that, in order to maintain their progress in the accelerated 3+2 program, careful coordination with their advisor is required. Depending upon undergraduate progress at the time of 3+2 admission, some summer-school classes may be needed.

Admission Requirements:
Students interested in this program must satisfy all the following conditions:
1. Junior or Senior standing
2. Overall grade point average (GPA) of at least 3.0 at the time of admission to the 3+2 program
3. Approval from department and Graduate School (see the form at http://gradschool.eku.edu/graduate-school-forms)
4. Must maintain an overall undergraduate and graduate grade point average (GPA) of at least 3.0 to continue in the 3+2 program.

**UNIVERSITY GRADUATION REQUIREMENTS**

- General Education.................................................. 36 hours
- Student Success Seminar (BTO 100; waived for transfers with 30+ hrs.).................................................. 1 hour
- Writing Intensive Course (Hrs. incorporated into Major/ Supporting/Gen Ed/Free Electives category)
- Upper division courses (42 hrs. distributed throughout Major/ Supporting/Gen Ed/Free Electives categories)
- ACCT - Aviation majors will fulfill ACCT with AVN 402. (Credit hours are incorporated into program requirements below.)

**Total Hours University Graduation Requirements ...37 hours**

**MAJOR REQUIREMENTS**

**College Requirement**

BTS 300 (CR only, no hours) and BTS 400 (CR only, no hours)

**Core Courses** .................................................. 37-38 hours

AEM 195, 202, 308; 310W; 332, 349(1), 408, 499, 706, 801, 804, STA 215 or 270(4), and TEC 161.

**Manufacturing Concentration** .................................. 30 hours

AEM 201, 301, 330, 352, 371, 390, and EET 251, plus 9 hours from the following technical electives. Note that 6 hours must be upper division: AEM 336, 382, 383, 395, 397; AEM 530 or STA 585; CON 303, EET 252, 257, 351; NET 303, 440.

**Technology Concentration** ....................................... 30 hours

Thirty hours of approved technical electives.

**Supporting Course Requirements** ............................. 6-9 hours

CHE 101/101L (4) (Element 4) or 111/111L (4) (Element 4); ECO 130 (Element 5B) or ECO 230 (Element 5B) or ACC 200; MAT 120 (Element 2) and 211, or 261, or six hours of higher level MAT courses; and PHY 131(5) (Element 4).

**Exit Exam Requirement:**

AEM 467(0)

Students must take an AEM assessment examination before graduation. An exam fee is required.

**Free Electives** .................................................. 6-10 hours

**TOTAL HOURS TO COMPLETE DEGREE ........120 hours**

**Bachelor of Science (B.S.)**

**AVIATION**

CIP Code: 49.0101

**UNIVERSITY GRADUATION REQUIREMENTS**

- General Education.................................................. 36 hours
  - (9 supporting hours are included within the 36 hours of General Education requirements)
- Student Success Seminar (BTO 100; waived for transfers with 30+ hrs.).................................................. 1 hour
- Writing Intensive Course (Hrs. incorporated into Major/ Supporting/Gen Ed/Free Electives category)
- Upper division courses (42 hrs. distributed throughout Major/ Supporting/Gen Ed/Free Electives categories)
- ACCT - Aviation majors will fulfill ACCT with AVN 402. (Credit hours are incorporated into program requirements below.)

**Total hours University Graduation Requirements ...37 hours**

**MAJOR REQUIREMENTS**

**College Requirement:** Professional Skills Seminar

BTS 300 (CR only, no hours) and BTS 400 (CR only, no hours).

**Core Courses** .................................................. 36 hours

AVN 150, 315, 325, 329W, 340, 350, 370, 390, 401, 402, 410, 460. Majors must also select one of the following concentrations:

**Concentrations (select one):**

- **Professional Flight** .................................................. 33 hours
  - AVN 161 or 192 (4), 161A (1) or 192A (1), 162A (1) or 193A (1), 220 (4), 221A (1), 222A (1), 300 (2), 301A (1), 302A (1), 303A (1), 304A (1), 305 (1), 305A (1), 330, 415, 425, 435, and 480(1).

- **Aerospace Management** ........................................ 33 hours
  - ACC 201, 202, AVN 341, 360, ECO 231, GBU 204, MKT 301, and 12 hours free electives.

- **Aerospace Technology** ......................................... 31 hours
  - AVN 360, 435, and twenty-five credit hours of aviation technical electives.

**Supporting Course Requirements** ................................12 hours

AVN 335 or GEO 315; ECO 230 (Element 5B); MAT 112 or higher (Element 2); BIO 307 or MGT 300 or 301; PHY 101 or higher (Element 4); STA 215 or QMB 200, and CMS 100 or EES 250 (Element 1C); TEC 161.

- **Free Electives** .................................................. 1-4 hours

**Exit Exam Requirement:**

Students must take an Aviation exit examination before graduation.

AVN 467 (CR only) .................................................. 0 hours

**TOTAL HOURS TO COMPLETE DEGREE ........120 hours**

**Note:** VA Regulations for Aviation Courses

Students using GI Bill® benefits to fund an aviation course must complete each course and/or flight lab within one year of initial registration; failure to do so will result in the student being assigned a grade of NC (No Credit). Students using GI Bill® benefits must repay to the VA the cost (including a portion of stipends for living expenses) related to any course in which a grade of NC is earned. All student participants receiving Veterans Administration benefits have 19 calendar weeks from the date of the first flight event to complete an Aviation flight lab.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits
offered by VA is available at the official U.S. government Web site at http://www.benefits.va.gov/gibill

A complete listing of aviation related fees for the current academic year is published on the EKU Aviation Flight Fees website (http://aviation.eku.edu/aviation-flight-fees), and included in materials provided by the flight instructors.

Additionally, all VA funded flight students receive this information from the EKU and Veteran Affairs during their enrollment certification process. Students should verify through their regional Department of Veterans Affairs processing office if they have questions regarding their eligibility to use VA resources to complete the requirements of the EKU Aviation program.

Bachelor of Science (B.S.)
Career and Technical Education/Teaching
CIP Code: 13.1319

UNIVERSITY GRADUATION REQUIREMENTS
• General Education .................................................................................. 36 hours
• Student Success Seminar (BTO 100; waived for transfers with 30+ hrs.) ................................................................. 1 hour
• Writing Intensive Course (Hrs. incorporated into Major/Supporting/Gen Ed/Free Electives category)
• Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)
• ACCT - Career and Technical Education majors will fulfill ACCT with CTE 463 or ESE 499. (Credit hours are incorporated into program requirements below.)

Total Hours University Graduation Requirements............37 hours

MAJOR REQUIREMENTS
College Requirements:

Pre-Service Teacher Education Program
Career and Technical Education Requirements...9 hours
CTE 262, 361, and 363.

Agriculture Education (includes all areas below)........45 hours
Animal Science ....................................................45 hours
AGR 125, 126 and one class from AGR 321, 327, 328 or 380; Agricultural Systems Management AGR 213 and one class from AGR 272, 311, 362 or 383; Soil Science AGR 215 and one class from AGR 315, 317, or 318; Plant Science AGR 130, 131 or OHO 131, 132 and one class from AGR 312, 417 and OHO 384 or 385; Agriculture Business AGR 308 and one class from AGR 310, 350, 409 or 440. AGR 304, 305 plus Agriculture or Horticulture electives to make 45 credit hours selected in consultation with your advisor.

Technical Education** ...............................45 hours
45 semester hours of technical courses to be chosen in consultation with the advisor. A maximum of 18 semester hours (in CTE 204, 205, 206, 304, 305 and 306 may be allowed by proficiency examination; TEC 349*[9 hours]).

Engineering/Technology Education* .............45 hours
AEM 195, 201, 371, 383, CON 121, 201, 294, EET 252, NET 302, 303, TEC 161, 190, 303, 404; select three hours from AVN 150, GCM 211, TEC 102 and 141.

Professional Education Requirements ..........31 hours
EDF 203(1), 219, 413(2), EMS 300W(1), 474, 490(1), ESE 552, SED 104*( بغ Element 6), 402(2), *TEC 368, and 12 credit hours of Clinical Experiences: CED 100 (0.5), 200(0.5), 300(0.5), 400(0.5), 450(1), 499(9).

In-Service Teacher Education Program
Professional Education Core.................................25 hours
CTE 164, 261, 361, 363, 364, 463(4), EDF 320, and TEC 161.

In-Service Teacher Education/Training and Development Concentrations:

Technical Education...........................................45 hours
45 semester hours of technical courses to be chosen in consultation with the advisor. A maximum of 18 semester hours (in CTE 204, 205, 206, 304, 305 and 306 may be allowed by proficiency examination).

OCCUPATIONAL TRAINING AND DEVELOPMENT...45 hours
Technical courses chosen in consultation with advisor. A maximum of 18 semester hours (in CTE 204, 205, 206, 304, 305 and 306 may be allowed by proficiency examination).

Supporting Course.............................................36 hours
MAT 114 ( بغ Element 2) or higher; SED 104* ( بغ Element 6).

Free Electives......................................................3-5 hours

EXIT REQUIREMENT.............................................0 hours

PRAXIS EXAMINATION
Students must register for and take the PRAXIS exam which correlates to their degree program, per College of Education requirements. Refer to DegreeWorks for exam details. The PRAXIS exam must be taken prior to student teaching.

TOTAL HOURS TO COMPLETE DEGREE ....120 hours

**Graduates completing the Pre-Service Teacher Education concentration must have a minimum of 2000 clock hours of planned and supervised work experience in the occupation in which they will teach or a minimum of three years of approved work experience in the occupation in which they will teach. Students must also take the PRAXIS II Specialty Examination before graduation.

Candidates earning a degree that leads to pre-service teacher certification must take the PRAXIS Series (Professional Assessments for Beginning Teachers) and PLT (Principles of Learning and Teaching) exams as a requirement for graduation. Candidates are encouraged to review the schedule for PRAXIS and PLT registration deadlines prior to beginning the senior year. Specialty exams are required for each certification area sought and it may take more than one test date to complete all requirements. Candidates should confer with their education advisor/counselor to determine the most optimal time to take required exams.

† Those desiring eligibility to teach in pre-engineering education programs at the middle school and high school level should take the following general education courses: CHE 111, MAT 114, 120, PHY 131.

Career and Technical Education concentrations require all pre-service students to meet the general education knowledge for initial teacher preparation requirements (see College of Education section
of this Catalog).

The BS degree program in Career and Technical Education is accredited by the Council for the Accreditation of Educator Preparation.

### Bachelor of Science (B.S.)
#### Construction Management
**CIP Code: 52.2001**

**UNIVERSITY GRADUATION REQUIREMENTS**
- General Education: 36 hours
- Student Success Seminar: 1 hour (waived for transfers with 30+ hrs.)
- Writing Intensive Course (Hrs. incorporated into Major/Supporting/Gen Ed/Free Electives category)
- Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)
- ACCT - Construction Management majors will fulfill ACCT with CON 499. (Credit hours may be incorporated into Major or Supporting requirements)

**Total Hours University Graduation Requirements: 120 hours**

#### MAJOR REQUIREMENTS

**College Requirement:** Professional Skills Seminar
- BTS 300 (CR only, no hours) and BTS 400 (CR only, no hours).

**Major Requirements**
- CON 121, 201, 202, 221, 294, 303, 307, 320, 322, 324, 325 (4), 326, 349 (3), 420, 421, 425, 426, 428, and 499(4). *Three separate enrollments of CON 349 are recommended in order to achieve a total of 3 cr. hrs.*

**Supporting Course Requirements**
- ACC 201; AEM 310W or CCT 201; AEM 408 or MGT 301; ECO 230 (*Element 5B*); GBU 204, and GLY 108 (*Element 4*); MAT 120 (*Element 2*), 211, and 217(1) or seven hours of higher level MAT courses; PHY 131(5) (*Element 4*), TEC 161, and three hours of ACC, CCT, CIS, ECO, FIN, GBU, RMI, MGT, MKT, QMB, or RST electives* as approved by major advisor**.

- G = Course also satisfies a General Education element.
- Hours are included within the 36 hr. General Education requirement above. A maximum of six hours will count toward Element 4.

**Exit Exam Requirement:**
- Students must take a construction assessment examination before graduation. An exam fee is required.

**TOTAL HOURS TO COMPLETE DEGREE:** 120 hours

The Construction Management program is accredited by the American Council for Construction Education.

### Bachelor of Science (B.S.)
#### Cyber Systems Technology
**CIP Code: 15.1299**

**UNIVERSITY GRADUATION REQUIREMENTS**
- General Education: 36 hours
- Student Success Seminar (BTO 100; waived for transfers with 30+ hrs.): 1 hour
- Writing Intensive Course (Hrs. incorporated into Major/Supporting/Gen Ed/Free Electives category)
- Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)
- ACCT - Cyber Systems Technology majors will fulfill ACCT with NET 499. (Credit hours may be incorporated into Major or Supporting requirements)

**Total Hours University Graduation Requirements: 120 hours**

#### MAJOR REQUIREMENTS

**College Requirement:** Professional Skills Seminar
- BTS 300 (CR only, no hours) and BTS 400 (CR only, no hours).

**Core Courses**
- Computer systems, electricity & electronics, and networking related technical electives as approved by major adviser.

**Supporting Courses**
- ACC 130 or higher in *Element 5B*; MAT 120 or higher in *Element 2*; PHY 101 or higher in *Element 4*; STA 215 or 270(4); and three hours of ACC, AEM, CCT, CIS, FIN, GBU, MGT, MKT, QMB, or RMI electives as approved by major adviser.

**Tech Systems Concentration**
- Computer systems, electricity & electronics, and networking related technical electives as approved by major adviser.

**Free Electives**
- Hours are included within the 36 hr. General Education requirement above.

**Exit Requirement:**
- NET 467 (CR only, no hours)

**TOTAL HOURS TO COMPLETE DEGREE:** 120 hours

The Department of Applied Engineering and Technology’s Cyber Systems Technology degree program has an articulation agreement for transfer of credit and cooperation with Bluegrass Community and Technical College’s Associate in Applied Science Degree in Engineering Technology with Electrical Specialization.

**Prerequisites may be required for some course selections.**

Students must take at least one computer systems, networking, security, electronics, or telecommunications technology certification or license exam approved by the advisor.
Students must take a Cyber Systems Technology exit examination before graduation. Graduates must have an overall GPA of 2.25 in major requirements.

The Cyber Systems Technology program is accredited by the Association of Technology, Management, and Applied Engineering (ATMAE).

**Bachelor of Science (B.S.) Cyber Systems Technology and Master of Science (M.S.) Applied Engineering and Technology Management [Network Security Management Concentration]**

*Accelerated 3+2 Dual Degree Program*

CIP Code: 15.1299

Students accepted to the 3+2 Accelerated Dual Degree Program are able to complete their B.S. degree and M.S. degree within five calendar years because of the accelerated curriculum and because nine semester hours of graduate coursework will apply to both the undergraduate B.S. degree and the graduate M.S. degree. Only undergraduate students of proven academic ability will be considered for the program. Students should be aware that, in order to maintain their progress in the accelerated 3+2 program, careful coordination with their advisor is required. Depending upon undergraduate progress at the time of 3+2 admission, some summer-school classes may be needed.

**Admission Requirements:**

1. Students interested in this program must satisfy all the following conditions:
2. Junior or Senior standing
3. Overall grade point average (GPA) of at least 3.0 at the time of admission to the 3+2 program
4. Approval from department and Graduate School (see the form at http://gradschool.eku.edu/graduate-school-forms)
5. Must maintain an overall undergraduate and graduate grade point average (GPA) of at least 3.0 to continue in the 3+2 program.

**UNIVERSITY GRADUATION REQUIREMENTS**

- General Education: 36 hours
- Student Success Seminar (BTO 100; waived for transfers with 30+ hrs.): 1 hour
- Writing Intensive Course (Hrs. incorporated into Major/Supporting/Gen Ed/Free Electives category)
- Upper division courses ([42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories])
- ACCT - Cyber Systems Technology majors will fulfill ACCT with NET 499. (Credit hours may be incorporated into Major or Supporting requirements)

**Total Hours University Graduation Requirements ... 37 hours**

**MAJOR REQUIREMENTS**

**College Requirement: Professional Skills Seminar**

BTS 300 (CR only, no hours) and BTS 400 (CR only, no hours).

**Core Courses**: 46 hours

AEM 352 or EET 253 or EET 351; AEM 202, 310W, 408; EET 252; NET 302, 303, 343, 349(1), 354; 395 or 440; 403, 499; NSM 815, 845; and TEC 161.

**Network Security & Electronics Concentration**: 24 hours

EET 251, 257; NET 344, 395, 454; 9 hours of CSC/CIS/INF courses (CSC 160 or higher), or (CIS 215 or higher), or (INF 130 or higher).

**Tech Systems concentration**: 24 hours

Computer systems, electricity & electronics, and networking technical electives as approved by major advisor. This is the recommended option for transfer students.

**Supporting Courses**: 6-7 hours

AEM 804; ECO 130 or higher (Element 5B); MAT 112A and 112B or higher (Element 2); PHY 101, or higher (Element 4); STA 215 or 270(4).

**Free Electives**: 6-7 hours

**Exit Requirement**

NET 467: 0 hours

Students must take an exit examination before graduation. An exam fee is required.

**TOTAL HOURS TO COMPLETE DEGREE**: 120 hours

The Department of Applied Engineering and Technology’s Cyber Systems Technology degree program has an articulation agreement for transfer of credit and cooperation with Bluegrass Community and Technical College’s Associate in Applied Science degree in Engineering Technology with Electrical Specialization.

*Prerequisites may be required for some course selections.

Students must take at least one computer systems, networking, security, electronics, or telecommunications technology certification or license exam approved by the advisor.

Students must take a Cyber Systems Technology exit examination before graduation. Graduates must have an overall GPA of 2.25 in major requirements.

The Cyber Systems Technology program is accredited by the Association of Technology, Management, and Applied Engineering (ATMAE).

**Associate Degrees**

**Associate of Applied Science (A.A.S.) Career and Technical Education (Teaching)**

CIP Code: 13.1319

Note: Enrollment in this program is restricted to in-service technical teachers and graduates of a technical program at a Community or Technical College.

**UNIVERSITY GRADUATION REQUIREMENTS**

- General Education: 20-21 hours
- Elements: 1A, and 1B (ENG 101, 102, or 105 with a grade of “A” or “B”); 2 (MAT 114 or higher); any 3A or 3B; 5A or 5B; five hours of any other General Education coursework.
- Student Success Seminar (BTO 100; waived for transfers with 30+ hrs.): 1 hour

**Total Hours University Graduation Requirements**: 21-22 hours
MAJOR REQUIREMENTS
The AAS degree program in Career and Technical Education is accredited by the Council for the Accreditation of Educator Preparation.

Graduates of this program must have a minimum of 4,000 hours of supervised work experience or four years of occupational experience in the area to be taught.

Core Courses .................................................................24 hours
TEC 161; 21 hr from the technical area, or related to the area in which the individual proposes to teach, as approved by the advisor; a maximum of nine hrs (CTE 204, 205, 206) may be earned by proficiency examination; nine hours credit may be supervised work experience (TEC 349).

Supporting Courses .....................................................21 hours
CTE 261, 361, 364, 463* (12).
*In-service teachers should substitute CTE 164, 363, 463 (4), and EDF 319 or SED 104 for CTE 463 (12).

Exit Exam:
Students must take a professional career and technical education assessment and the Teacher Occupational Competency Test (TO CT) before graduation.

EXIT REQUIREMENT.....................................................0 hours
PRAXIS EXAMINATION
Students must register for and take the PRAXIS exam which correlates to their degree program, per College of Education requirements. Refer to DegreeWorks for exam details. The PRAXIS exam must be taken prior to student teaching.

TOTAL HOURS TO COMPLETE DEGREE ..........................66-67 hours

ASSOCIATE OF APPLIED SCIENCE (A.A.S.)
TECHNOLOGY
CIP Code: 15.0612

UNIVERSITY GRADUATION REQUIREMENTS

General Education .........................................................18 hours
Elements: 1A, 1B; 1C; 2 (MAT 112A/B or higher); 3A or 3B; 5B (ECO 130 or higher).

Student Success Seminar (BTO 100; waived for transfers with 30+ hrs.).................................1 hour

Total Hours University Graduation Requirements ......19 hours

MAJOR REQUIREMENTS
Applied Engineering (AE) ..............................................40-41 hours
AEM 195, 201, 202, 301 or 392, 308, 330, 332, 336 or 352 or 383, 371 or 390; EET 251; CHE 101/110L (4) or CHE 111/111L (4) or PHY 131 (5); MAT 120; STA 215 or 270.

Computer Electronics (CE) .............................................40 hours
(AEM 352 or EET 253 or 351); (CSC 160 or higher; or CIS 215 or higher); EET 251, 252, 257; NET 302, 303, 343, 349(1), 354, 355 or 403, (399 or 499); PHY 101, or higher (*Element 4); TEC 161.

Free Electives..............................................................0-1 hours
Exit Exam.....................................................................0 hours
Students must take an assessment examination before graduation: AEM 367 (AE), NET 367a (CE), CR only, no hours.

TOTAL HOURS TO COMPLETE DEGREE ........................60 hours

The AAS degree program in Technology is accredited by the Association of Technology, Management, and Applied Engineering (ATMAE).

MINORS

MINOR IN AEROSPACE MANAGEMENT
Aviation Program
Requirements.........................................................18 hours
A student may minor in aerospace management by completing a minimum of 18 semester hours as follows: AVN 150, 315, 340, 350, 460, and three hours of approved electives.

MINOR IN ENGINEERING TECHNOLOGY MANAGEMENT
Requirements.........................................................18 hours
AEM 195, AEM 201, 202*, 308, and six hours of AEM upper division electives. No more than nine hours of courses taken for a major may be counted toward this minor.

MINOR IN AVIATION (FLIGHT)
Aviation Program
Requirements.........................................................23 hours
A student may minor in aviation (flight) by completing a minimum of 23 semester hours as follows: AVN 150, 161, 161A, 162A, 220, 221A, 222A, 300; 315; GEO 315; GEO 315 or AVN 335.

MINOR IN COMPUTER ELECTRONICS TECHNOLOGY
Requirements.........................................................18 hours
EET 251, 252, (EET 253 or 351 or AEM 352), NET 302, 303, and (NET 343 or NET 354 or 395 or upper-division NET course approved by advisor). Prerequisites may be required for some course selections.

Exit Exam:
Students must take an assessment examination for completing the minor. NET 367b (CR only, no hours)

MINOR IN CONSTRUCTION MANAGEMENT
The Construction Management minor provides technical and managerial knowledge about the construction industry. It is an appropriate supplement to a student who is majoring in a profession affiliated with construction. This minor is particularly relevant to students majoring in business, insurance, management, manufacturing, and marketing.

Requirements.........................................................22 hours
CON 121, 201, 202, 294, 325, 324, and 421. No more than nine hours of courses taken for a major may be counted toward this minor.

MINOR IN LAND SURVEYING
Designed to prepare students to take the Fundamentals of Land Surveying Examination (administered by the Kentucky State Board of Licensure for Professional Engineers & Land Surveyors) upon completion of the core curriculum in land surveying or during final year in a Baccalaureate Degree program if twelve (12) hours or more of the core curriculum in land surveying have been completed. This minor program includes all requirements of the core curriculum in land surveying.

Requirements.........................................................21 hours
LAND SURVEYING EXAMINATION.

Certificate permitting them to take the Kentucky Fundamentals of Land Surveying Examination. Upon completion of this curriculum, students will receive a certificate permitting them to take the Kentucky Fundamentals of Land Surveying Examination.

Requirements .....................................................18 hours
STA 215 or 270, AEM 202, 332, 336, 506, and 530 or STA 585. No more than nine hours of courses taken for a major may be counted toward this minor.

CONCENTRATIONS

APPLIED ENGINEERING AND TECHNOLOGY
CONCENTRATION IN THE ASSOCIATE OF ARTS IN GENERAL STUDIES DEGREE
See page 83 of this Catalog for the Applied Engineering and Technology Concentration requirements listed in the Associate of Arts in General Studies degree section.

COMPUTER NETWORKING SYSTEMS
CONCENTRATION IN THE ASSOCIATE OF ARTS IN GENERAL STUDIES DEGREE
See page 83 of this Catalog for the Computer Networking Systems Concentration requirements listed in the Associate of Arts in General Studies degree section.

ELECTRICITY AND ELECTRONICS CONCENTRATION IN THE ASSOCIATE OF ARTS IN GENERAL STUDIES DEGREE
See page 83 of this Catalog for the Electricity and Electronics Concentration requirements listed in the Associate of Arts in General Studies degree section.

CERTIFICATES

DEPARTMENTAL CERTIFICATE IN CYBER SYSTEMS AND NETWORK SECURITY
This certificate program will enhance technical competencies, including the knowledge, skills, and work practices, used for securing networked cyber systems. For students interested in continuing their studies at the Baccalaureate level, all of the courses in this certificate may be used as part of the BS degree program related to Cyber Systems Technology.

Requirements .............................................21 hours
EET 252; NET 302*, 303*, 343, 354, 403; (NET 395 or EET 351)
*Prerequisite of a computer Applications course such as TEC161, INF 104, or CIS 212.

UNIVERSITY CERTIFICATE IN LAND SURVEYING
The curriculum for the Land Surveying Certificate is aimed at students who have, or are pursuing, a four-year degree in a program other than land surveying from a college or university of recognized standing. This certificate program includes all requirements of the Kentucky core curriculum in Land Surveying. Upon completion of this curriculum, students will receive a certificate permitting them to take the Kentucky Fundamentals of Land Surveying Examination.

Requirements .....................................................24 hours
CON 221, 294, 320, 321; GBU 204; GEO 353, 453, 455.

DEPARTMENT OF MILITARY SCIENCE AND LEADERSHIP
(ARMY ROTC)

Chair
LTC Jerimiah Corbin
(859) 622-1207
Begley 524

Military Science and Leadership Faculty and Staff
Lieutenant Colonel Jerimiah Corbin, Major Samuel O’Bryan, Major Stephen Moore, Captain Shawn Douglas, Captain Joshua Pitcher, Master Sergeant Carl Ellett, Sergeant First Class John LaPlante, Sergeant First Class Benjamin Rugg, Josh Birchfield, Scholarship & Enrollment Officer Eric Sheaks, Program Administrator Rob Roane and Administrative Assistant Claire Jennings

Reserve Officer Training Corps (ROTC)
Getting a degree does not necessarily guarantee employment, however, taking Army ROTC will. The Reserve Officer Training Corps (ROTC) is a premier leadership-training program that prepares you to be a leader in any organization or business. ROTC enhances any Bachelors or Masters Degree program by making you better at time management, setting goals, making decisions, building teams, influencing others, and achieving success. The skills you develop in ROTC give you an advantage over your job-seeking peers; and at the end of the program you will have a full-time job waiting for you as a Commissioned Officer in the United States Army or part time in the Army Reserve or National Guard.

Career Opportunities
Students who graduate from Eastern’s Army ROTC program are commissioned as Second Lieutenants and serve with other dedicated young men and women in our nation’s defense. As new Lieutenants, officers serve in a variety of branches, such as Aviation, Armor, Infantry, Transportation, Military Police, Engineers, as Army Nurses, to name but a few, and have the opportunity to travel worldwide. Starting salary for an active duty Lieutenant is over $40,000, plus full individual and family medical coverage and 30 days paid vacation annually. For those who desire only a part-time commitment, the Guaranteed Reserve Forces Duty option gives students assurance they will be able to serve their country from home, adding stability to their chosen civilian career.

Leadership Development
EKU’s Department of Military Science and Leadership has a proud reputation dating back to 1936. The program has commissioned over 2,200 officers. The program’s unique approach to leadership development gives each student multiple opportunities to refine their own leadership skills and receive individualized performance feedback. Training is designed around a hands-on, experiential learning curriculum. Besides learning how to lead, students build their confidence by learning to rappel, negotiate EKU’s Challenge Course, fire the M-16 rifle and/or M-4 Carbine, complete water survival training, and other adventure
type activities. Students also learn to live the seven Army Values – Loyalty, Duty, Respect, Selfless Service, Honor, Integrity, and Personal Courage by demonstrating these values as they participate in the Cadet Battalion, the Pershing Rifles Drill Team/Color Guard, Ranger Company, and Raider Team.

Scholarships and Simultaneous Membership
Eligible students may compete for a variety of ROTC Scholarships available on-campus and through the Army Reserves and Army National Guard. These fully funded scholarships pay 100% tuition, a $1,200 annual book allowance, and a monthly tax-free living allowance. Four-year scholarship students also receive free room and board. Members of the National Guard or Army Reserves who join ROTC under the Simultaneous Membership Program (SMP) may also receive a monthly SMP Kicker in addition to the tax-free ROTC living allowance, Montgomery GI Bill® benefits, and E-5 drill pay.

Eligibility and Obligations
Students may enroll in any of the MSL 100-200 level courses without obligation. Students who desire to seek a commission must sign a contract before entering the Advanced Leadership Course (MSL 300-400 courses); they must also meet certain age, physical fitness, medical, citizenship, security clearance and military experience requirements. Military experience can be satisfied in a variety of methods (check with the ROTC Scholarship and Enrollment Officer at (859) 622-1215 for details). Students contracting into the Advanced Leadership Course will incur a military service obligation upon graduation.

Scholar-Athlete-Leader
Becoming an Army Officer doesn’t just happen; it requires a level of commitment, determination, and selflessness that few civilian careers will ever demand. Army Officers are intellectually curious, mentally adroit, physically robust, and possess a willingness and passion to take charge and make the right things happen. If you are a Scholar-Athlete-Leader who wants to join the world’s most sophisticated Army, then join EKU ROTC—“Where Leadership Excellence Begins.”

MINOR
MINOR IN MILITARY LEADERSHIP (ARMY)
Requirements.................................................................21 hours
A minor in Military Leadership is available to students from any College who wish to obtain a commission as an officer in the United States Army, Army Reserve, or Army National Guard. Students must satisfactorily complete both the Basic Course and the Advanced Course requirements. The Basic Course requirement is to complete either 1) Basic Training or 2) The Basic Camp or 3) MSL 101, 102, 201, and 202, or four years of JROTC. The Advanced Course requirement is 21 hours of advanced military science and leadership (MSL 301, 302, 303, 310, 401, 402).

AIR FORCE RESERVE OFFICER TRAINING CORPS (AFROTC)
Lt. Col John Ard
Commander, AFROTC Detachment 290 and Professor of Aerospace Studies
University of Kentucky (Host School)
859-257-7115

AIR FORCE Faculty
Major Troy Kenning & Captain Anthony Noto

AIR FORCE ROTC SCHOLARSHIPS
The types of financial assistance available through Air Force ROTC are briefly described below. For further details on eligibility and requirements, contact the Department of Aerospace Studies, 203 Barker Hall, University of Kentucky, Lexington, KY, 40506-0028, (859) 257-7115; or visit https://afrotc.as.uky.edu/ for more information. Additional information is also listed in this Bulletin under Aerospace Studies.

High School Scholarship Program (HSSP). Scholarships are available to those qualified and selected students who enroll in the Air Force ROTC program. These scholarships cover tuition and laboratory fees, provide an allowance for books, and provide a graduated nontaxable subsistence allowance ranging from $300 to $500 per month. Qualified high school students can apply for four-year Air Force ROTC scholarships. Applicants for four-year scholarships are evaluated on the basis of the following criteria: a composite score on the ACT, or a composite score on the SAT; the applicant’s high school academic record; class ranking; extracurricular and athletic activities; personal interview; and ability to qualify on an Air Force medical examination. High school students who meet the basic eligibility requirements for a four-year scholarship must submit an application anytime May 1st through December 1 of the year prior to enrollment in the program (usually the spring of their Junior year into the Fall of their Senior year).

All selections for four-year scholarships are made at Air Force ROTC headquarters. Students meet regularly scheduled boards from September to February (which is dependent upon when they officially apply). High school students should apply online at: www.afrotc.com. For additional information, contact the Air Force ROTC detachment, 203 Barker Hall, University of Kentucky, Lexington, KY 40506-0028, or by phone at (859) 257-7115.

In College Scholarship Program (ICSP). Scholarships are awarded to students enrolled as cadets currently in the Air Force ROTC program on a competitive basis. Depending on the particular scholarship program, selection may be made on campus by the Air Force ROTC detachment commander or at Air Force ROTC headquarters. Scholarships may be awarded for up to three and a half years of study. Students interested in these scholarships should call (859) 257-7115 for the latest information. Freshman Students are not eligible for an ICSP until they have completed one full-time semester of college education. Typically Freshman ICSP scholarships will be given starting Spring Semester of their freshman year, and students in the program could be awarded a scholarship from Spring Semester freshman status through Spring
September sophomore status.

Furthermore, the HQ AFROTC ICSP is an in college scholarship program available to students pursuing a degree in a critical areas needed by the Air Force. These scholarships can be up to three and a half years. These scholarships are awarded on a competitive basis for those who qualify. ICSP scholarships have historically been awarded to cadets pursuing academic majors in electrical and computer engineering, nursing, and certain foreign language studies. Selections for these particular in college scholarship program are made at Air Force ROTC headquarters. Critical areas are updated every year and are subject to change without notice. For current information, call (859) 257-7115. Information is current as of January 2015 and is subject to change.

AEROSPACE STUDIES (AIR FORCE ROTC)

The Department of Aerospace Studies provides a campus education program through which qualified students can simultaneously earn an Air Force commission and a college degree. Faculty members are experienced, active duty Air Force officers with advanced degree.

Admission to the Program
• Non-scholarship freshmen and sophomores may register for Air Force Studies (AFS) courses without incurring a military commitment.
• Students with a minimum of five semesters of school remaining in a graduate or undergraduate status may qualify for Air Force ROTC. For more information, call (859) 257-7115.

Requirements
• An academic major in aerospace studies is not offered. However, by successfully completing the Air Force ROTC program, a qualified student may concurrently earn a commission as an active duty Air Force Second Lieutenant while completing requirements for a degree. Students may enroll in some Aerospace Studies courses without joining the Air Force ROTC cadet corps. For more information, call (859) 257-7115.

AFROTC Curriculum
The AFROTC curriculum consists of both academic classes and leadership laboratory or seminar classes.
• The General Military Course (GMC) is a two-year course normally taken during the freshman and sophomore years.
• The Professional Officer Course (POC) is a two-year course normally taken during the junior and senior years. Along with academic classes each semester, all cadets also take leadership laboratory classes.

In the GMC, there are four academic classes:

Junior Semesters
• AFS 311 offered in Fall semesters
• AFS 313 offered in Spring semesters

Senior Semesters
• AFS 411 offered in Fall semesters
• AFS 413 offered in Spring semesters

These cover Air Force management and leadership and national security studies.

NOTE: Entry into the POC years is competitive and is based on
• Air Force Officer Qualifying Test scores
• Grade-point average
• Evaluation by the AFROTC Detachment Commander
• Only physically qualified students in good academic standing may compete for entry into the POC.
• Typically, these courses are for those cadets who have already completed the courses in the GMC, but the courses are open to any UK students.

Students enrolled as cadets are required to be involved once a week in a 1-credit-hour course in the cadet corps training program designed to simulate a typical Air Force organization and its associated functions. This course is known as Leadership Laboratory. Cadets are required to take all of the Leadership Laboratories each semester (fall and spring only) concurrent with their AFS courses listed above. UK students taking the courses electively are not required to take Leadership Laboratory but are also welcome. If there are questions please refer to 859-257-7115 for further inquiries on the matter.

GMC Years:
Freshman Semesters
• AFS 112 (Fall)
• AFS 114 (Spring)

Sophomore Semesters
• AFS 212 (Fall)
• AFS 214 (Spring)

POC Years:
Junior Semesters
• AFS 312 (Fall)
• AFS 314 (Spring)

Senior Semesters
• AFS 412 (Fall)
• AFS 414 (Spring)

The leadership laboratories are largely cadet-planned and conducted under the concept that they provide leadership training experiences that will improve the cadets’ capabilities as Air Force officers. This also involves three hours of physical training each week. Leadership laboratory is open to students who are members of the Air Force Reserve Officer Training Corps or are eligible to pursue a commission as determined by the Air Force ROTC Detachment Commander.

Field Training
Field training is offered at Maxwell Air Force Base in Alabama.
Students receive officer training and leadership development with other students. Simultaneously, the Air Force has an opportunity to evaluate each student as a potential member of its officer corps. Field training courses include cadet orientation, survival training, officer training, aircraft and aircrew orientation, physical training, organizational and functional aspects of an Air Force base, career orientation, small arms familiarization, first aid, and other supplemental training.

Scholarships
Students interested in AFROTC scholarships should refer to the Student Financial Aid, Awards, and Benefits section of this Bulletin or call (859) 257-7115. Information is subject to change.

School of Business
Dr. Patricia Isaacs, Interim Associate Dean
Business and Technology Center 214
(859) 622-1574

EKU’s School of Business is comprised of the Department of Accounting, Finance, and Computer Information Systems; the Department of Management, Marketing, and International Business; and the Master of Business Administration Program.

Mission of EKU’s School of Business
The School of Business creates value for our region and beyond by preparing students for successful careers in the global community. We are a school of opportunity providing a student-centered learning environment with unique and specialized business programs. Our faculty maintain expertise in their content areas through professional engagement, and quality basic, applied and pedagogical research.

Vision of EKU’s School of Business
To be known for graduating the most coveted business students in the region.

Goals of EKU’s School of Business
• Provide high quality teaching
• Provide excellent advising services
• Recruit and retain faculty members who are academically or professionally qualified as defined by AACSB
• Emphasize its commitment to stewardship of place by increasing partnerships, student projects, and involvement with business, community, and educational entities

Graduates of EKU’s School of Business (the undergraduate and graduate programs in business administration at Eastern Kentucky University) have joined the ranks of the nation’s top business schools. EKU’s School of Business, located in the College of Business and Technology, has received accreditation by the Association to Advance Collegiate Schools of Business International (AACSB) for its undergraduate and graduate programs in business administration. Less than five percent of the world’s business schools have achieved this elite distinction.

AACSB International accreditation represents the highest standard of achievement for business schools worldwide and is the hallmark of excellence in business education. Institutions that earn accreditation confirm their commitment to quality and continuous improvement through a rigorous and comprehensive peer review. Founding members of the agency include many Ivy League Schools, including Columbia, Cornell, Dartmouth, Harvard and Yale; and such top-ranked schools as the University of California at Berkeley, the University of Chicago and Northwestern also hold AACSB accreditation.

To achieve accreditation, EKU’s School of Business satisfied a wide range of quality standards related to strategic management of resources, interactions of faculty and students in the educational process, and achievement of learning goals in degree programs.

Beta Gamma Sigma
Founded as a national organization in 1913, Beta Gamma Sigma is an international honor society that provides the highest recognition a business student anywhere in the world can receive in an undergraduate or master’s program at a school accredited by AACSB International. With the global expansion of accreditation by AACSB International, membership is no longer limited to those who have studied in the U.S. or Canada.

The mission and objectives of Beta Gamma Sigma are to encourage and honor academic achievement in the study of business and personal and professional excellence in the practice of business, to foster an enduring commitment to the founding principles and values of honor and integrity, to encourage the pursuit of wisdom and earnestness, to support the advancement of business thought and practice to encourage lifelong learning, and to enhance the value of Beta Gamma Sigma for student and alumni members in their professional lives.

To be eligible for Beta Gamma Sigma, students must be in the top seven percent of the junior class, top ten percent of the senior class, or the top 20 percent of the MBA program.

Bachelor of Business Administration
Degree Requirements
General University requirements, as well as specific course requirements set forth in the description of curricula, must be met by students completing associate and baccalaureate business programs administered by the College of Business and Technology. See programs under each department for major requirements. Student Success Seminar (BTO 100) is required in all Business programs. The requirements for the Bachelor of Business Administration (BBA) are as follows:

1. An institutional 2.0 GPA must be maintained in all work taken in the BBA program.
2. Hours earned by correspondence study are accepted upon written approval of the Dean. However, not more than 25 percent of the total hours applied toward a degree may be earned via correspondence or telecourse instruction, military credit, or credit by examination.
3. At least 50 percent of the business course credit hours required for the BBA degree must be completed at EKU.
4. The BBA degree will only accept credits for business courses
transferred from other colleges and universities accredited by the Association to Advance Collegiate Schools of Business International (AACSB). As completely as possible, it will apply these credits to the student’s degree program. To ensure that they earn appropriate credits, students are strongly advised to see the College of Business and Technology Advising Office and also obtain the Dean’s approval prior to enrolling in any course work they plan to transfer. The University will not take responsibility for courses transferred without prior approval.

5. A “C” or better is required for the BBA program degree in the following courses: (See specific degree requirements for each major)

**BACHELOR OF BUSINESS ADMINISTRATION**

**BBA Supporting Courses:** CIS 212 or INF 104, ECO 230 and 231, MAT 112 or 211, and PSY 200 or 200W or SOC 131.

**BBA Pre-Business Core:** ACC 201, 202, GBU 204, and QMB 200.

**BBA Core:** CCT 300W, CIS 300, FIN 300, GBU 480, MGT 300, 370, and MKT 300.

**PREREQUISITE STRUCTURE IN EKU’S SCHOOL OF BUSINESS**

EKU’s School of Business curriculum is highly structured and carefully integrated. The content and methodology utilized in upper-division courses are based upon the assumption that students enrolled in these courses have matriculated through a specific series of lower-division courses which provide students with competencies needed for successful participation in upper-division business courses.

**ENROLLMENT IN UPPER-DIVISION EKU’S SCHOOL OF BUSINESS COURSES**

To enroll in other upper-division business courses, students are required to have met the specific prerequisite(s) for each course and have earned an overall 2.0 GPA. Students majoring in other departments whose planned curriculum includes selected business courses (by virtue of agreements of sponsoring departments with a business program) must also adhere to all specified course prerequisites. Students majoring in programs other than business cannot earn more than 25 percent of their total degree requirements in courses with business prefixes.

**Course Repeat Policy**

Courses may be repeated once. Second or subsequent repeats (maximum of three enrollments) must be requested on a College Exception form approved by the Dean of the College. Exceptions will only be considered under unusual circumstances. An enrollment is counted as a repeat if a previous enrollment in the course resulted in a passing or failing grade or a “W” due to withdrawing from the course.

**TRANSFER STUDENTS AND STUDENTS FROM OTHER EKU COLLEGES**

BBA program requirements for transfer students are the same as those for students enrolling initially at EKU. Transfer students must have completed all the requirements listed above to be eligible for upper-division business courses.

EKU’s School of Business considers lower-division credits transferred to EKU as lower division, even if EKU offers what appears to be a comparable course at the upper-division level. However, the dean of the College of Business and Technology may accept individual courses at EKU if the courses are validated using acceptable validation techniques. CLEP® and departmental exams are examples of possible validation techniques. With specified courses in accounting, the successful completion of advanced courses in the subject field for which the transfer course is a foundation or supporting requirement is an acceptable validation method. A successfully validated lower-division transfer course may not be utilized to fulfill the 43-hour upper-division graduation requirement.

**DEPARTMENT OF ACCOUNTING, FINANCE, AND INFORMATION SYSTEMS**

Chair
Dr. Oliver Feltus
(859) 622-1087
Business and Technology Center 108

**Faculty**

**BACCALAUREATE DEGREES**

**BACHELOR OF BUSINESS ADMINISTRATION (B.B.A.) ACCOUNTING**

*CIP Code: 52.0301*

Accounting is one of the key functions for almost any business. Accounting is the systematic and comprehensive recording of financial transactions pertaining to a business. Accounting also refers to the process of summarizing, analyzing and reporting these transactions to oversight agencies, regulators and tax collection entities. The reports generated by various streams of accounting, such as cost accounting and management accounting, are invaluable in helping management make informed business decisions.

**Public Accounting Concentration**

Certified Public Accountant (CPA) a license awarded to an individual meeting the educational and experience requirement under state law. They provide accounting services to the public. In our Public Accounting Concentration, students can learn the skills to specialize in: Auditing, Taxation, Management Consulting Services, Forensic Accounting, Litigation Support, Financial Planning, and Business Valuation.

**Management Accounting Concentration**

Management accountants apply their professional knowledge and skill in the preparation and presentation of financial and other decision oriented information in such a way as to assist...
Certificate in Accounting

The Certificate in Accounting is designed to prepare individuals who have a bachelor’s degree, but not in Accounting, for entry into the Public Accounting profession. Our Certificate in Accounting program satisfies the Kentucky State requirement that individuals taking the CPA Exam have a bachelor’s degree in accounting or the equivalent. Graduates with a Certificate in Accounting from EKU have been accepted by the Kentucky State Board of Accountancy as having the equivalent of an Accounting degree.

UNIVERSITY GRADUATION REQUIREMENTS

- General Education........................................... 36 hours
- Student Success Seminar (BTO 100; waived for transfers with 30+ hrs) ............................................. 1 hour
- Writing Intensive Course (hours incorporated into Major/Supporting/Gen Ed/Free Electives category)
- Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)
- ACC - Accounting majors will fulfill ACCT with GBU 480. (Credit hours may be incorporated into Major or Supporting Requirements)

Total Hours University Graduation Requirements ...37 hours

MAJOR REQUIREMENTS

College Requirements:

BTS 300 (CR only, no hours) and BTS 400 (CR only, no hours).

Core Courses:

Pre-Business Core ........................................... 12 hours
ACC 201, 202, GBU 204, and QMB 200.

Business Core.................................................. 21 hours
CCT 300W, CIS 300, FIN 300, GBU 480, MGT 300, 370, and MKT 300.

Major Core ..................................................... 9 hours
ACC 251, ACC 301, ACC 302; ACC 327, and ACC 441.

Concentrations (select one):

Public Accounting Concentration....................... 12 hours
ACC 322 or 322S and nine hours from ACC 349 (maximum of three hours toward concentration requirements), 425, 440, 490, 501, 521, 523, 525, or 590, or a non-accounting course approved by advisor.

Management Accounting Concentration ............. 18 hours
Fifteen hours: ACC 349 (maximum of three hours toward concentration requirements), 523, 527, AEM 202, and AEM 308.
Three hours from ACC 322 or 322S, 490, 501, 521, 523, 525, 590, AEM 332, 351, CIS 335, 430, FIN 301, 330, 410, MGT 375, 430 or other upper-level course approved by advisor.

Supporting Course Requirements.......................... 9 hours
MAT 112 (*Element 2) or 211 (*Element 2); CIS 212 or INF 104; ECO 230 (*Element 5B), and 231; PSY 200 (*Element 5B), 200W (*Element 5B) or SOC 131 (*Element 5B).

Free Electives (non-business courses).................... 8-14 hours

TOTAL HOURS TO COMPLETE DEGREE ..........120 hours

BACHELOR OF BUSINESS ADMINISTRATION (B.B.A.)
COMPUTER INFORMATION SYSTEMS

CIP Code: 52.1201

A Bachelor or Business Administration degree in Computer Information Systems (CIS) focuses on the applications and implications of computing in the world of business. We have two areas for students concentrate their skills: General Computer Information Systems and Network Management.

General Computer Information Systems Concentration

The General CIS Concentration prepares students for careers as: IT Manager, Project Manager, Systems Analyst, Data Analyst, and Data Base Engineer. Students learn skills such as: data mining, e-business technology, forensic computing, and project management.

Network Management Concentration

The General Network Management Concentration prepares students for careers as: Network Administrator, Network Specialist, Network Security Consultant, Technical Support Representative, IT Support Administrator, and Computer Network Support Specialist. Students learn skills such as: managing networks, installing and configuring networks, monitoring network activity, managing network resources, and investigating network activity.

BACHELOR OF BUSINESS ADMINISTRATION (B.B.A.)
FINANCE
CIP Code: 52.0801

The field of finance includes activities associated with banking, debt, credit, capital markets, money, and investments. Finance represents money management and the process of acquiring needed funds. It also encompasses the oversight, creation, and study of money, banking, credit, investments, assets, and liabilities that make up financial systems. Since individuals, businesses, and government entities all need funding to operate, the finance field includes three main sub-categories: personal finance, corporate finance, and public (government) finance.

Managerial Finance Concentration
The Managerial Finance Concentration should be selected by finance majors interested in obtaining the Certified Financial Manager (CFM) designation. Entry level positions are typically in cash, financial securities, and business debt management. Students learn how to do tax planning, prepare a financial plan for small and large companies, analyze international risk, value money, banking, credit, investments, assets, and liabilities that make up financial systems. Since individuals, businesses, and government entities all need funding to operate, the finance field includes three main sub-categories: personal finance, corporate finance, and public (government) finance.

Financial Planning Major (BBA)
The Financial Planning Concentration provides a broad education in finance. Students graduating with a degree in Financial Planning are employed in diverse fields such as financial security brokerage, bank management, credit counseling, securities analysis, investment banking, and corporate management. Students learn how to manage cash flow and debt, analyze and manage personal risk, plan and manage investments, prepare a retirement plan, trade stocks and bonds, etc.

MINORS

MINOR IN BUSINESS

The Business Minor is offered for students majoring in programs other than Business. To enroll in an upper-division business course, students must have met the prerequisite of the specific course. Students minoring in business must earn at least 12 of the total hours used for the minor in residence at EKU must earn a grade of “C” or higher in all courses comprising the minor.

Required Courses .......................................................... 21 hours
ACC 201, 202, ECO 230 and four courses from the following:
CCT 300W, CIS 300, FIN 300, GBU 204, MGT 301, MKT 301.

Total Requirements .......................................................... 21 hours

MINOR IN ENTREPRENEURSHIP

The Entrepreneurship Minor is offered to students majoring in programs other than business who have a desire to obtain basic business knowledge and skills related to starting their own
business or possibly assuming management of an existing business (family-owned, for example). The program consists of 15 hours of required courses and six hours of electives from specified business courses. To enroll in a 300-level business course, students must have completed a minimum of 60 hours and have met the prerequisites of the specific course. Students must earn at least 12 of the total hours used for the minor in Entrepreneurship at EKU and attain a cumulative GPA of 2.0 in the minor.

Required Courses........................................................................15 hours
CCT 270, 304S, MGT 301, 330, 465

Business Elective...........................................................................6 hours
Choose two courses from one of the following options:
Quantitative—Choose two of the following courses:
ACC 201, 202, FIN 310.
OR
Qualitative—Choose two of the following courses:
GBU 204, MGT 301, MKT 380

Total Requirements.........................................................................21 hours

MINOR IN INTERNATIONAL BUSINESS
The International Business Minor is offered to students majoring in programs other than business who have a desire to gain knowledge in international business and experience business courses through study abroad. To enroll in a 300-level business course, students must have completed a minimum of 60 hours and have met the prerequisites of the specific course. Students must earn at least 12 of the 18 hours for the International Business Minor at EKU and earn a C in each of the minor courses.

Required Courses..........................................................................18 hours
CCT 310, GBU 201, MGT 301, 430, and six hours of business credit from approved courses studied and completed abroad.

CERTIFICATES

CERTIFICATE IN CORPORATE COMMUNICATION
The Certificate in Corporate Communication is offered for all undergraduate students who need to increase their professional communication effectiveness in their field of study. The Certificate is designed to provide training in international communication, oral and written business presentations, research and reporting, and production of business publications. These skills are transferable to any profession and are crucial in tasks such as communicating organizational change, establishing and implementing goals, communicating internally, relating to employees, dealing with the public, and addressing the stakeholders during crisis. Students pursuing the Certificate in Corporate Communication must earn a “C” or better in all courses comprising the certificate. The Certificate consists of the following courses with 50 percent taken in residence at EKU:
Requirements ................................................................. 9 hours
CCT 201 or 300W; CCT 310, and 550/750.

CERTIFICATE IN GLOBAL SUPPLY CHAIN MANAGEMENT
The Certificate in Global Supply Chain Management is offered for all undergraduate students who need to increase their quantitative and analytical skills in context of problems that firms face in the core supply chain areas of Planning, Sourcing, Making, and Delivering. The growth in globalization has led to firms competing on multiple aspects - multi-focused planning, competitive sourcing of inputs, streamlined manufacturing, and efficient delivery to customers. As such there is tremendous need for strong supply chain management skills. The Certificate is designed to provide training in the key areas above.

Furthermore, students will be involved in quantitative analysis of comparing various scenarios and understanding multiple elements of total supply chain cost. Students will be prepared to address the needs of businesses and organizations across all industries, both domestically and internationally. Students pursuing the Certificate in Global Supply Chain Management must earn a “C” or better in all courses comprising the certificate. The Certificate consists of the following courses with 50 percent taken in residence at EKU:

Certificate Requirements
Core Courses:
- MGT 370* (Operations Management)......................... 3 hours
- MGT 375* (Supply Chain Management)......................3 hours
- MKT 315* (Logistics)..................................................3 hours
- MKT 431* (Strategic Procurement)..............................3 hours
*Course prerequisites exist. See course listing in the back of this catalog for details.

Residency:
- 50% of coursework must be taken in residence at EKU

Total Curriculum Requirements.................................................12 hours

CERTIFICATE IN MARKETING RESEARCH AND ANALYTICS
The Certificate in Marketing Research and Analytics is offered for all undergraduate students who need to increase their research and analytical skills in their field of study in the context of problems that firms face. The growth in technology has allowed for firms to capture more information than ever, and as such the need for strong marketing research and analytical skills is one of the fastest growing jobs in industry. The Certificate is designed to provide training in the marketing research process, marketing research methodology with particular emphasis on both qualitative and quantitative analysis techniques including univariate data analysis, qualitative research, and experimental design.

Furthermore, students will be involved in the research process with hands-on projects and gain valuable research experience that will prepare them to address the needs of businesses and organizations across all industries. Students pursuing the Certificate in Marketing Research and Analytics must earn a “C” or better in all courses comprising the certificate. The Certificate consists of the following courses with 50 percent taken in residence at EKU:

Total Curriculum Requirements ............................................. 12 hours
MKT 300 or 301; MKT 455, 456, and 457.

CERTIFICATE IN SALES
The Certificate in Sales is offered for all undergraduate students who are interested in a rewarding sales career. The courses in this certificate go beyond theory, providing students valuable skills to help them be successful in real sales environments. The courses are taught using a combination of lectures, hands-on exercise, business cases, projects, and role playing. This certificate will serve as solid evidence of a professional training in sales for company recruiters. Students pursuing the Certificate in Sales must earn a “C” or better in all courses comprising the certificate. The Certificate consists of the following courses:

Total Curriculum Requirements ............................................. 12 hours
MKT 300 or 301, 310, 408, 431

EKT: A LEGACY OF PREPARING EDUCATIONAL PROFESSIONALS SINCE 1874

COLLEGE OF EDUCATION STRATEGIC PLAN 2016-2020

Vision
The College of Education will be a premier college dedicated to innovative student engagement and success, advancing Kentucky, and impacting the world.

Mission
As a school of opportunity, the College of Education prepares and empowers learners to become dynamic partners in diverse communities.

Values
The College of Education’s values permeate the mission and allow the college to achieve its vision:

• ethical decision-making, which is characterized by integrity, intentional stewardship of resources, and social responsibility;
• intellectual vitality, which is characterized by quality instruction & research, critical and innovative thinking, and on-going assessment;
• equity, which is characterized by sensitivity, respect, fairness, accommodation, and impartiality for all;
• collaboration, which is characterized by respectful, reciprocal accountability and service to local & global communities; and
• reflective practice, which is characterized by goal setting, self-evaluation, and a deep understanding of critical concepts and principles within one’s discipline.

The College of Education is well known for preparing effective professionals for the disciplines within our college. At Eastern Kentucky University we strive to continuously learn and develop the most effective ways to prepare teachers, leaders, and other professionals for the variety of school and professional settings that exist today.

In order to achieve our Vision for 2016-2020, the College of Education will focus on four Strategic Goals.

• Academic Excellence - We will achieve academic excellence through investing in students, staff, and faculty to support their professional growth.
• Cultural Competency - We will demonstrate our commitment to cultural competency through recruiting diverse candidates, faculty, and staff and providing structured opportunities for education and interaction with people from diverse backgrounds.

• Stewardship of Place - We will demonstrate our commitment to the development of stewardship of place through collaboration within the College, University, and community through advocacy, civic engagement, and stewardship.

• Experiential Education - We will achieve experiential education through infusing clinical experiences throughout our programs.

Strategic Initiatives and Strategies define the primary goals, outline our work for the next five years, and ensure we achieve our primary goals.

Ongoing Commitment is to prepare every candidate to be successful in all aspects of his/her professional career.

Ongoing Commitments
• Our curriculum is designed by faculty to meet educational goals of all candidates and is focused on candidate outcomes integrated in a clinical model.
• Our programs are focused on embracing individual differences in every aspect of the educational process.

EDUCATION AS THE NEW “CLINICAL” PROFESSION
“Teaching as a clinical profession means that education candidates are expected to become knowledgeable and, to the fullest extent possible, experts in the school learning sciences. Similarly, teacher education candidates are expected to become competent and also, to the fullest extent possible, excellent diagnosticians in the academic development of their school age students. Drawing from a scholarly knowledge base, more than adequate in scope and depth, teacher education candidates study with seasoned expert faculty in the College of Education to refine diagnostic skills and learn to prescribe instructional strategies that will improve school age student performance in Kentucky and beyond.” Dr. James Bliss

Since its founding in 1906, Eastern Kentucky University has maintained a strong interest in and commitment to the preparation
of teachers.

The Professional Education Programs at Eastern Kentucky University are dedicated to preparing the highest quality educators and related professionals for Kentucky and beyond. Our graduates integrate content, effective pedagogical skills, and dispositions that foster life-long growth and learning. Being true to our heritage as a school of opportunity, Eastern Kentucky University provides a climate that supports, challenges, and enriches students aspiring to careers in a diverse society.

Professional Education at Eastern Kentucky University is a university-wide function. The programs of elementary education (P-5), middle grades education (5-9), special education, interpreter training, deaf and hard of hearing, and communication disorders are located in the College of Education. The college also has graduate degree and licensure programs in most of these areas, as well as in Counseling and Educational Leadership. Candidates in these programs are advised in the College of Education.

Secondary 8-12, Grades 5-12, Birth – Primary (interdisciplinary early childhood education), and P-12 teaching programs are located in their respective colleges with candidates receiving academic advisement from the college of their major as well as a supplemental advisor from the College of Education.

**Model Laboratory School**

Model Laboratory School is one of the few remaining lab schools nationally, and the only one in Kentucky. EKU’s Model offers a full P-12 educational curriculum. Model is one of only a handful of lab schools left that serves a P-12 population. When the current building for Model was completed in the 1960s, it was a state-of-the-art facility allowing for individual and small group observations, demonstration teaching, and student teaching. Today, teacher educators agree not only that clinical teaching experiences are crucial in preparing teachers, but also that they should begin early in preparation programs. High standards in clinical teaching experiences require the kinds of settings only laboratory schools like Model can provide.

Universities are changing preparation programs for all school personnel significantly to include diverse clinical experiences that are developmental in sequence and provide opportunity for shaping the knowledge, skill, and disposition sets of future educational professionals. Kentucky’s Education Professional Standards Board enacted a regulation requiring 200 clinical hours for initial teacher preparation prior to the professional semester or student teaching. In addition, clinical hours have been initiated for graduate or advanced preparation programs. As a result, a lab school, such as EKUs Model, plays a vital role in serving this new clinical preparation model for all educators. Additionally, it provides a site for research-based practices to prepare those planning to enter the profession and to retool currently practicing educators to enhance student engagement, learning, and achievement at all P-12 levels.

**EKU Kentucky Adult Education**

The EKU Kentucky Adult Education program, directed by Aileen Perkins, serves residents of Madison, Clay, and Garrard counties. The EKU Kentucky Adult Education program is housed in the College of Education and is located in the Vanhoose Building. The mission of the EKU Kentucky Adult Education program is to support adults in returning to school to either 1) complete their GED and/or 2) prepare to move forward in college. Our EKU Kentucky Adult Education program serves current EKU students to further develop math, language and writing skills to move beyond development level courses. In addition, students are
able to complete their Kentucky Paraeducator Certification through the EKU Kentucky Adult Education program. All classes and support offered through this program are free. Students can call 859-622-8065 to learn more about the Kentucky Adult Education programs in Madison, Garrard and Clay counties. Visit the EKU Kentucky Adult Education program at http://adulteducation.eku.edu.

Staff:
A. Perkins (Director), M. McClellan (Garrard, Lead Instructor), TBD (Clay, Lead Instructor)

The Kentucky Educational Collaborative for State Agency Children (KECSAC)
Directed by Dr. Ronnie Nolan, is a statewide collaborative that works with state agencies, school districts and local programs to ensure that state agency children receive a quality education comparable to all Kentucky students and is housed in the College of Education. Visit the KECSAC program at http://www.kecsac.eku.edu/.

Staff:
R. Chapman, L. Cole, C. Held, K. Helton, E. McManus, R. Nolan (Director), M. Parker, K. Smith

The Migrant Education Program
The Migrant Education Program, housed in the College of Education and directed by Michael Hay, is a supplemental education program that provides support for migrant children and their families. This program works to ensure that the appropriate academic services are offered to help migrant children do well in school and that they receive the needed levels of tutoring and instruction that will promote them to the next grade level. Migrant Education staff works with other school and community agencies to provide social and health needs that families may require. Visit the Migrant Education Program at http://migrated.eku.edu/.

S. Haney, M. Hay (Director), B. Perkins, J. Tate, J. Vincent (Assistant Director)

POLICIES AND PROCEDURES

Professional Education Majors
To be recommended for certification, all candidates must meet the requirements for admission to professional education, complete a College of Education approved teaching curriculum, and pass the required PRAXIS II tests, PLT exam, or Kentucky test as established by the Education Professional Standards Board.

Credits
To be applied to degree programs, credits more than eight years old must be validated by the Dean.

Credit for Transfer Work
Allowance of transfer credit by the University Office of Admissions and/or the Office of Academic Advising does not necessarily mean that all such credit will be applied toward admission to professional education or a degree from the College of Education. Therefore, candidates should read and follow closely the transfer credits/courses section in Section Five of this Catalog.

Credit for Transient Work
Undergraduate students or students (candidates) pursuing initial certification in programs housed in the College of Education who wish to take course work at another higher education institution must have approval from the Dean of the College if they wish to apply that credit to their degree program. Candidates must be in good academic standing at EKU. Transient forms are initiated with the Tracking Specialist, Office of Education Services.

Overload
In the College of Education, overloads must be approved by the candidate’s department chair. Requests for overloads must contain the student’s overall GPA and the number of hours being attempted, including those to be taken at other higher education institutions.

Planned Curriculum
Planned curricula in the College of Education are maintained in Degree Works, a comprehensive set of web-based academic advising, degree audit, and transfer articulation tools that help candidates and their advisors negotiate program requirements. Changes in the planned curriculum, initiated on the College Exception form, must include a recommendation for change by the advisor and be approved by the department chair and the Dean of the College. Changes approved verbally by phone or otherwise will not be honored unless the planned curriculum is officially altered to reflect such approval. It is the candidate’s responsibility to register for the proper courses so that all requirements are satisfied at the time of expected graduation. Completion of all course work on the candidate’s planned curriculum is required for graduation.

Progressing in Professional Education
Candidates shall not enroll in any educator preparation program courses restricted to admitted candidates.

Application for Graduation
Candidates must file an application for graduation in accordance with university policy found in the Graduation and Commencement Information section of this catalog. Applications for graduation are available online through EKU Direct.

PRAXIS Examination
Students must register for and take the PRAXIS exam which correlates to their degree program, per College of Education requirements. Refer to DegreeWorks for exam details. Effective Spring 2018, the PRAXIS exam must be taken prior to student teaching.

Student Teaching
Since student teaching is especially demanding, candidates are encouraged to avoid taking any other courses during CED 499 The Professional Semester.

Admission to the College of Education
Preparing a Community of Exemplary Professionals
- Upon admission to the College of Education, students are assigned an advisor. Candidates must enroll in Academic Orientation, EDO 100, during the first semester. Candidates are advised to enroll in EDF 203, Schooling and Society, during their freshman year. EDF 310 will be required for students who have an equivalent transfer course for EDF 203 or EDF 219.
- Secondary education majors will follow the prescribed curriculum and requirements of another academic college and
the policies for professional education stated elsewhere in this Catalog. The College of Education cooperates closely with the other colleges in matters pertaining to admission to professional education and clinical education.

LICENSURE AND CERTIFICATION

Staff:
K. Dickens, K. Henderson, L. Lanter

Located in Bert Combs 423, the Office of Licensure and Certification is responsible for the coordination of admission to initial and advanced professional education programs and the review and recommendation for initial and advance licensure.

In addition, applications for licensure for teachers, school personnel (principals, supervisors, superintendents, counselors, pupil personnel directors, business administrators, librarians, and speech pathologists) are also processed by a certification official in the Office of Licensure and Certification.

To be recommended for licensure/certification, all candidates seeking initial teacher certification, regardless of the college in which they are enrolled, must meet the requirements for admission to professional education, complete an approved teaching program, and pass the required PRAXIS II tests, PLT exam or Kentucky test as established by the Education Professional Standards Board.

Candidates are advised to enroll in EDF 203, Foundations of Education, during their freshmen year.

TEACHER ADMISSION

Bert Combs 423
(859) 622-1832

ADMISSION REQUIREMENTS and APPLICATION PROCESS

Admission to Professional Education

Professional education admission standards represent our goal to recruit candidates who have high academic achievement and ability. We welcome you to the profession.

Admission to the University (academic college) is not synonymous with admission to professional education. Candidates will apply for admission to professional education in the College of Education's Office of Licensure and Certification (Combs 423). Formal applications will be accepted based upon completion of the following requirements:

A. Hours
• Candidates must complete 30 hours of credit (excluding developmental level courses).

B. Admission Test Requirement
Candidates must have a passing score on the following tests:
Core Academic Skills for Educators (CASE): Reading (156); Writing (162); Mathematics (150).

C. GPA and Grade Requirements
• An overall grade point average 2.75 on a 4.0 scale; or a grade point average of 3.0 on a 4.0 scale on the last thirty hours of credit completed.
• A grade of “C” or higher in EDF 203 (A state criminal history background check approved by the College of Education must be completed prior to the first day of class).

• “S” grade in EDF 310 and a grade of “B” or higher in CED 150 is required for all transfer candidates.

Undergraduate degree candidate GPA is based on the hours attempted as shown on the official EKU transcript. Post degree certification candidate GPA is based on all undergraduate course work and on the hours attempted as shown on the official EKU transcript.

D. Demonstrate an Overall Disposition Essential to Being an Effective Teacher
Candidates must demonstrate proficiency in oral and written communication including:
• Critical thinking: A grade of “C” or higher in ENG 102 or HON 102 with a grade of “B” or higher in ENG 105 (those earning a “C” must also take ENG 102).
• Creativity: A grade of “C” or higher in EDF 203.
• Collaboration: A grade of “C” or higher in EDF 203.
• Communication: A grade of “C” or higher in CMS 100 or CMS 210.

E. Professional Code of Ethics, Character Fitness Declaration, and Professional Dispositions
• Candidates must review the Professional Code of Ethics for Kentucky School Certified Personnel established in 16 KAR 1:020 and sign a COE Professional Code of Ethics for Kentucky Declaration form.
• Candidates must review the character and fitness questionnaire contained in Section III of the TC-1 incorporated by reference in 16 KAR 2:010 and sign a COE Professional Character and Fitness Declaration form. EKU College of Education requires a state criminal history background check approved* by the College of Education as a condition of admission. Under certain circumstances, a national criminal history background check may be required as a condition of admission.
• Candidates must demonstrate understanding of professional dispositions expected of professional educators. Candidates must review and sign a COE Professional Dispositions Declaration form.

* “Approved” is a formal review process of the professional character and fitness declaration and criminal records report. Professional disposition issues or violations of the professional code of ethics will be referred to the Professional Education Admission Committee. Any misrepresentation of facts, by omission or addition, may result in the denial of admission to teacher education.

F. Recommendations
Candidates must submit satisfactory pre-service professional disposition reviews from two EKU faculty members including the EDF 203 or EDF 310 instructor and the advisor or another EKU faculty member.

• Candidates must complete and sign a Candidate Statement of Commitment Regarding Professional Dispositions form.

G. Student Behavior
• Candidates preparing to work in schools as teachers or other professional school personnel must demonstrate dispositions necessary to help all students learn.
• Candidates must demonstrate acceptable social behavior at the University and in the community-at-large.* A candidate interview may be required by the Professional Education
Admissions Committee.

• Candidate admission status may be reevaluated if the candidate is placed on either academic or social probation or has a record of criminal conviction(s). A candidate interview may be required by the Professional Education Admissions Committee.

*The Office of Licensure and Certification will contact the Eastern Kentucky University Office of Student Rights and Responsibilities to obtain records of infractions committed by candidates for admission to professional education. The Office of Licensure and Certification may also contact the Administrative Office of the Courts to obtain a criminal records check for each candidate for admissions to professional education.

H. Clinical Experiences

• CED 100 - Clinical I: Introduction to the Education Profession with a grade of “S”.

Progressing in Professional Education

The Office of Licensure and Certification will process the formal “Application for Admission to Professional Education.”

The Professional Education Admissions Committee (PEAC) will review applications, supporting documentation, and other relevant materials brought before the committee and will take appropriate action concerning the student’s admission to the professional education program. The candidate will be notified of the committee’s decision. Candidates shall not enroll in any educator preparation program courses restricted to admitted candidates.

Selectivity during Preparation

Professional education programs have established transition points for program progression and monitors candidates’ advancement from admissions through completion. During these transitions, candidates must show evidence of developing content knowledge, pedagogical content knowledge, pedagogical skills, and the integration of technology in each of these domains. [CAEP Standard 3]

CERTIFICATION - coecert@eku.edu
Bert Combs 423
(859) 622-1829

SELECTION AT COMPLETION

Prior to recommending any candidate for licensure, candidates’ must demonstrate an understanding of the expectations of the profession, including codes of ethics, professional standards of practice, and relevant laws and policies. [CAEP Standard 3]

APPLICATION FOR LICENSURE/CERTIFICATION

Exams

Prior to recommendation for licensure, candidates must complete PRAXIS II Series (Professional Assessments for Beginning Teachers) and PLT (Principles of Learning and Teaching) exams.

NOTE: Kentucky educator licensure/certification requirements are subject to change. Before registering for the test(s), please check the Education Professional Standards Board (EPSB) website at www.epsb.ky.gov for current test requirements and current cut scores. You may also contact the EPSB Division of Educator Preparation, Assessment, and Internship and Assessment at (502) 564-5789.

Applying for Licensure

Kentucky certification is based upon the completion of an approved teacher preparation program, including student teaching and applicable tests. This process requires a recommendation from a certification official in the Office of Licensure and Certification.

Certification

Applications may be obtained from the EPSB website at http://www.epsb.ky.gov/certification/index.asp. Applications for licensure should be filed in the Office of Licensure and Certification, Bert Combs 423, prior to graduation as follows: May graduates by April 1; August graduates by July 1; December graduates by November 1. Applications for certification are not processed until all requirements are met. Applicants must notify the Office of Licensure and Certification via email at coecert@eku.edu when applications are submitted online through EPSB’s portal.

Candidates must also request and send an official transcript to the EPSB. Be sure that you note “Hold for Degree” if your degree has not been posted at the time you complete the request form. You may access the EKU transcript request form at http://registrar.eku.edu/Transcripts. The recipient of the transcript will be the EPSB. You will be asked to provide their mailing address:

- Kentucky Department of Education
- Division of Educator Licensure and Quality
- 300 Sower Blvd., 5th Floor
- Frankfort, KY 40601

CLINICAL EDUCATION

Staff:
- J. Addison, J. Dantic (Assistant Director), K. Montgomery, D. Porter (Director)

Preparing a Community of Exemplary Professionals

Clinically based professional education programs create varied and extensive opportunities for candidates to connect what they learn while being guided by skilled clinical educators. Performance-based assessments, at key points in the program, are designed to demonstrate candidates’ development of the knowledge, skills, and professional dispositions associated with a positive impact on the learning and development of all P-12 students. [CAEP Standard 2]

The Clinical Model at Eastern Kentucky University is designed to meet the needs of learners in today’s schools and provide teacher candidates with the content, pedagogy, and assessment skills needed to assure they meet the needs of all learners. Eastern Kentucky University’s Professional Education Program provides a framework that supports our candidates’ development of content knowledge, practice, and professional behaviors. This is accomplished through high quality instruction, engaging course-learning tasks, and clinical learning experiences requiring candidates to think critically and creatively, communicate effectively, and act fairly. Our candidates will be prepared to effect change in the culture of learning in their classrooms, in our region, and beyond.

Clinical I: CED 100: Introduction to the Education Profession

(CED 150 is designed for all transfer students) (10 hours in laboratory clinical)

Clinical Experiences begin with the first semester of the program,
Introduction to the Education Profession (Clinical 1). This laboratory based clinical includes guided walkthroughs at all levels of P-12 education. Candidates also spend 6 hours in a classroom assisting and helping a teacher. While teacher candidates are introduced to all levels of public school education, they are also introduced to the profession, expectations, and dispositions of professional educators including the ethics of educators. Teacher candidates are guided to consider whether this is the right career choice, and, if it is, what level or specific licensure area interests them.

Clinical II: CED 200: Understanding the Learner (minimum of 20 school based clinical hours)

Clinical II provides laboratory based clinical experiences in the co-requisite course(s). Teacher candidates are placed in a classroom for a minimum of 20 clinical field hours. Candidates assist the teacher, provide individual student help, and tutor students as needed. Teacher candidates are also expected to spend at least 2 of the hours helping with an after-school event (Family Fun Night, Saturday School Festival, theater or dance events, art shows/ exhibitions, musical events, Odyssey of the Mind events or practice, rehearsals etc).

Clinical III: CED 300: Curriculum and Instructional Design (minimum of 45 school based clinical hours)

Clinical III focuses on curriculum and instructional design in a school based clinical, with a focus on using formative assessment in the classroom. Candidates observe and assist their assigned cooperating clinical teacher while learning the principles of curriculum and instructional design. Teacher candidates plan, teach and reflect on a minimum of 3 formal lessons in their assigned classroom. It is recommended that teacher candidates and cooperating teachers begin this clinical experience using co-teaching strategies and working together. The clinical educator and cooperating clinical teacher provide feedback using a formal observation instrument. Teacher candidates in need of more mentoring are provided additional time and support to improve performance before advancing.

Clinical IV: CED 400: Diagnosis and Prescription (minimum of 45 school based clinical hours)

In Clinical IV, teacher candidates focus on diagnosis and prescription of student behavior and academic performance in this school based clinical. Teacher candidates develop and implement a student improvement plan for behavior using Applied Behavior Analysis and an academic improvement plan for achievement based on student learning data. In addition, teacher candidates plan, teach and reflect on a minimum of three formal lessons observed by their clinical educator and cooperating clinical teacher.

Clinical V: CED 450 Practice Teaching- Residency I (formerly Methods) (minimum of 80 school based clinical hours)

CED 450, Clinical V, Residency I, requires a minimum of 80 school based clinical experiences. Candidates are expected to practice teaching for full days on their clinical schedules. This is the first part of the yearlong clinical or residency. Candidates will demonstrate expertise at planning, teaching, assessing achievement, writing units, developing professional growth plans, reflecting on outcomes, and collaborating with teachers at their assigned clinical placement school. Teacher candidates plan, implement and reflect on a minimum of 3 formal lesson plans during this clinical. All other lessons candidates are assigned to teach include lesson planning and writing. Candidates focus on improving student achievement while considering the student growth goals for their individual classroom. Monitoring and tracking student success with a plan for re-teaching throughout the duration of the year-long residency is required.

Clinical VI: The Professional Semester

CLINICAL PLACEMENT

The Professional Semester and Clinical Experiences

ekufieldplacement@eku.edu
ekustudentteaching@eku.edu
Bert Combs 425
(859) 622-8620

• The Office of Clinical Experiences receives and evaluates all applicants for the professional semester, determines appropriate professional disposition of the applicant, and provides continuous assessment of the applicant’s pre-teaching and teaching experiences during the professional semester.
• This office recognizes that cultural diversity is a fact of American life and teachers function in a pluralistic cultural environment. Experience in multi-cultural settings provides valuable enrichment for the proper development of effective teachers. That philosophy guides the candidate assignments.
• Candidates are discouraged from taking any other courses during the professional semester.
• Candidates of senior standing (90 hours or more with a minimum of 12 semester hours residence at EKU) may enroll in the professional semester if they have satisfied the following requirements:

Application for The Professional Semester

1. Applicants must be admitted to the professional education program prior to the application semester.
2. Applicants must file an application during the first four weeks of the semester prior to the term in which professional teaching is desired.
3. Applications filed will be evaluated and processed for approval or disapproval.

Evaluation of application will include in part:

1. The planned curriculum. Each applicant must have an active Degree Works plan which reflects any and all approved changes.
2. All prerequisites in professional education and pre-professional teaching semester curricula in the applicant’s area as prescribed by the Catalog, must be completed prior to the professional semester.
3. Recommendation made by the applicant’s advisor.
4. Candidate must complete a Child Abuse Neglect Check (CAN) which is submitted to the district office of your first choice with proof it was submitted provided to the Office of Clinical Experiences.

5. Professional Code of Ethics, Character Fitness Declaration, and Professional Dispositions:

• Candidates must review the Professional Code of Ethics for Kentucky School Certified Personnel established in 16 KAR
Candidates must review the character and fitness questionnaire contained in Section III of the CA-I incorporated by reference in 16 KAR 2:010 and sign a new COE Professional Character and Fitness Declaration form. KRS 161.042 requires a state and national criminal records check as a condition for admission to student teaching. Applicants must process a criminal records check in the district in which student teaching will occur and submit a copy of the report to the Office of Clinical Experiences for approval by the College of Education.

Candidates must demonstrate understanding of professional dispositions expected of professional educators. Candidates must review and sign a new COE Professional Dispositions Declaration form.

**“Approval”** is a formal review process of the professional character and fitness declaration and criminal records report. Professional disposition issues or violations of the professional code of ethics will be referred to the Professional Education Admission Committee. Any misrepresentation of facts, by omission or addition, may result in the denial of admission to student teaching and revocation of admission to teacher education. Approval is required prior to entry in the professional teaching experience.

6. Behavior that relates to the moral, ethical, social, and personal standards of professional competency. The applicant’s comportment will be subject to review and appraisal by the department responsible for the professional semester recommendation and the College of Education.

7. **Academic Requirements:** Undergraduate degree students’ GPAs are based on the hours attempted as shown on the official EKU transcript. Post degree certification students’ GPAs are based on all undergraduate course work and on the hours attempted as shown on the official EKU transcript.

- All programs: An overall grade point average of 2.75 on a 4.0 scale; or a grade point average of 3.0 on a 4.0 scale on the last thirty hours of credit completed. Instructional Technology: Candidates must complete EDF 204 with a grade of “C” or higher; candidates enrolled in a P-12 music education program will take MUS 384 with a grade of “C” or higher; Clinical Experiences: CED 100 and 200 must be completed with a S. CED 300, 400, 450 must be completed with a grade of “B” or higher in each course.
- Elementary and Middle Grade: Minimum 2.75 GPA with a grade of “C” or higher in courses in the “core and supporting course requirements,” area(s) of academic emphasis, “professional education requirements” (see program display for a list of courses), teaching minor(s), and certification endorsement(s).
- Secondary: Minimum 2.75 GPA in teaching major(s), minor(s), area(s) of academic emphasis, and certification endorsement(s). See program area for specific course grade requirements; and a minimum 2.75 GPA with a grade of “C” or higher in courses in “professional education requirements” (see program display for a list of courses). A minimum of seventy-five percent of major and seventy-five percent of supporting course requirements must be completed prior to the professional semester. Individual program areas may require a higher percentage of credit hours completion prior to the professional semester.
- Special Education: Minimum 2.75 GPA with a grade of “C” or higher in courses in the “major, core, and option,” “elementary/middle grade and supporting course requirements,” area of academic emphasis, professional education requirements (see program display for a list of courses), teaching minor(s), and certification endorsement(s).

8. Candidates must submit satisfactory pre-service disposition reviews from their advisor and a designated methods instructor as part of the application process.

9. Candidates must submit satisfactory pre-service disposition reviews from one cooperating teacher and one university supervisor at the end of the professional semester experience.

10. Candidates must have taken their PLT and applicable PRAXIS II exam(s) (see https://www.ets.org/praxis/ky) Passing the exams is required for certification, and candidates who do not pass their PLT and subject exams may be required to participate in study workshops during their professional semester.

11. Minimum of 200 hours of field experiences in a variety of Primary-12 school settings which allow the candidate to participate in the following:

A. Engagement with diverse populations of students which include (1) Students from a minimum of two different ethnic or cultural groups of which the candidate would not be considered a member; (2) students from different socioeconomic groups; (3) English language learners; (4) Students with disabilities; and (5) Students from across elementary, middle school, and secondary grade levels

B. Observation in schools and related agencies, including but not limited to: Family Resource Centers or Youth Service Centers

C. Student Tutoring

D. Interaction with families of students

E. Attendance at school board and school-based council meetings

F. Participation in a school-based professional learning community

G. Opportunities to assist teachers or other school professionals.

Clinical experience hours are submitted and performance evaluated during the term the candidate enrolls in a clinical course. In order to qualify for admission to the professional semester candidates must demonstrate that they have met all clinical performance requirements as evidenced on performance-based assessments to demonstrate candidates’ development of the knowledge, skills, and professional dispositions that are associated with a positive impact on the learning and development of P-12 students and earn a minimum grade of “S” or “B” in each clinical course.

12. Other requirements as found in the appropriate department presentation.
DEPARTMENT OF AMERICAN SIGN LANGUAGE & INTERPRETER EDUCATION

Interim Chair
Ms. Vicki Brashear
(859) 622-4966
Wallace 216

Faculty

All students who are accepted by EKU’s Admissions Office and declare their major as ASL and English Interpretation are admitted as “pre-ASL and English Interpretation” majors. However, admission to the University as a “pre-ASL and English Interpretation” major does not guarantee admission to the ASL and English Interpretation program. Specific admission criteria for each program are explained below.

Transfers from Other Colleges and Universities

Only the freshman and sophomore-level core courses [i.e. courses in ASL (ASL 101, 102, 201, and 202, 225), and interpreting (ITP 215W, 220) with the exception of ASL 205] may be transferred from other colleges to satisfy requirements for majors or minors within the Department of ASL and Interpreter Education. Courses for which credit is to be transferred must be essentially equivalent to the courses offered at Eastern Kentucky University. For transfer students seeking admission to the ASL and English Interpretation program, requests to waive ASL 105 and 106 may be considered on a case-by-case basis.

Baccalaureate Degrees

BACHELOR OF SCIENCE (B.S.)
ASL AND ENGLISH INTERPRETATION
CIP Code: 16.1603

Admission Criteria

- Overall GPA of 2.5 or higher by the end of the semester preceding application, and
- ASL 106 with a grade of “Satisfactory”, and
- ASL 201 and 202 with a grade of “B” or higher, and ITP 215W and 220 with a grade of “C” or higher and
- Completed the Degrees of Reading Power Language Test, and
- Completed an admission interview by the ITP Interview Committee.

The ASL & English Interpretation (ITP) Interview Committee will select and rank applicants using the following criteria: 1) signing skills, 2) GPA, 3) score on the Degree of Reading Power Language Test, 4) interview score, 5) disposition score. The ITP Interview Committee will determine the number of students admitted to the program in order to maintain an appropriate student-faculty ratio and based on available resources.

Application Information

- Enrollment is limited.
- Application to the ITP does not guarantee acceptance.
- The ITP accepts students for the fall semester of all even years (i.e., 2020, 2022, etc.). Deadline for application is March 15th every even year.

Progression and Retention in the Program

- A grade of “C” or higher is required for all ITP and lecture-based ASL courses (ASL 225, 325, 390, 425), and
- A grade of “B” or higher is required (with the exception of no more than one grade of “C”) for all skill-based ASL courses (ASL 301, 302, 305, 306), and
- Maintain a 2.75 GPA in the major
- Upon successful and timely completion of ITP 470 Practicum I, a student will be permitted to take ITP 495 Practicum II only with written recommendations from the ITP faculty and the department.

Program Goal

The goal of the ASL-English Interpretation Major is to prepare professional interpreters who are competent, ethical, and lifelong learners.

Program Objectives

The objectives (or outcomes) of this program are:
1. Students of the program will develop critical and creative thinking skills.
2. Students of the program will develop competency in ASL English.
3. Students of the program will develop competency in ASL thinking skills.
4. Students of the program will demonstrate at least entry-level competency in interpreting between ASL and English.
5. Students of the program will demonstrate ethical and culturally competent decision-making in various interpreter settings.
6. Students of the program will demonstrate at least entry-level competency in interpreting between ASL and English.
7. Students of the program will be able to critically assess their own work and use creative problem-solving to continually develop themselves after they leave the program.

UNIVERSITY GRADUATION REQUIREMENTS

- General Education (hours share with supporting courses) ................................................................. 36 hours
- Student Success Seminar (EDO 100; waived for transfers with 30+ hrs.) ........................................ 1 hour
- Writing Intensive Course (Hrs. incorporated into Major/Supporting/Gen Ed/Free Electives category)
- Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)
- ACCT - ASL and English Interpretation majors will fulfill ACCT with ITP 495. (Credit hours are incorporated into major requirements.)

Total Hours University Graduation Requirements ... 37 hours

MAJOR REQUIREMENTS

Prior to graduation, students are required to take the Sign Language Proficiency Interview (SLPI:ASL) or the American Sign Language Proficiency Interview (ASLPI) with scores submitted to the department. Administrators of the SLPI: ASL or ASLPI may
Minor

American Sign Language (ASL) Studies
The minor in American Sign Language teaches communication competency in a visual language. Students become knowledgeable about aspects of the Deaf and hard-of-hearing community. For careers working with the public, this minor is beneficial for understanding and communicating with Deaf and hard-of-hearing people. This minor does not prepare students to interpret, nor fulfill the pre-admission and admission process for the ASL and English Interpretation Program.

A grade of “C” or higher is required in each course while maintaining a 2.75 GPA or higher in the minor.

Required Courses ........................................... 15 hours
- ASL 201 ....................................... 3
- ASL 202 ....................................... 3
- ASL 301 ....................................... 3
- ASL 302 ....................................... 3
- ASL 225 ....................................... 3

Electives ........................................................................ 3 hours
- ASL 305, 325, 380, 385, 425, ITP 215W, or SED 337

Total Requirements ............................................................... 18 hours
2. Middle Grade Supporting and Area of Emphasis Requirements
   a.) Supporting Courses..............................................12 hours
      ASL 101(Element 6), 102 (Element 6), 201; MAE 201, 202, and
      EME 301 or MAE 302.
   b.) Area of Emphasis..................................................18-23 hours
      Candidates seeking middle grade (5-9) certification must select
      one area of emphasis from the following list and complete
      the specified courses: English and Communications,
      Mathematics, Science, Social Studies. (See options list under
      Middle Grade Education (5-9) for a list of courses and
      block statements. Some emphasis courses are also General
      Education courses and therefore will count in both areas,
      reducing total hours to degree.)

   (G = Course also satisfies a General Education element.
   Hours are included within the 36 hr. General Education
   requirement above.)

EXIT REQUIREMENT..............................................0 hours
   PRAXIS EXAMINATION
   Students must register for and take the PRAXIS exam which
   correlates to their degree program, per College of Education
   requirements. Refer to DegreeWorks for exam details. The
   PRAXIS exam must be taken prior to student teaching.

TOTAL HOURS TO COMPLETE DEGREE ....134-143 hours

In order to receive certification in Hearing Impaired with Sign
Proficiency candidates must be admitted to that program and pass the
American Sign Language Proficiency Interview (ASLPI).

PRAXIS DISCLAIMER: Kentucky educator certification requirements
are subject to change. Before registering for the test(s), please check the
Education Professional Standards Board website at www.epsb.ky.gov for
current test requirements and current cut scores. You may also contact the
Division of Professional Learning and Assessment at (502) 564-5778.

Upon completion of a degree in Elementary Education, candidates will: 1) demonstrate the broad general background
knowledge, dispositions, and skills necessary to function as a literate, informed, active citizen, and to serve as a model for middle
level students; 2) demonstrate the pedagogical skills and content
knowledge necessary to meet Kentucky’s Teacher Standards
in middle level classrooms; 3) demonstrate the appropriate
dispositions to effectively meet the diverse needs of middle level
students found in public schools.

UNIVERSITY GRADUATION REQUIREMENTS
• General Education....................................................36 hours
  Middle Grade majors must meet General Knowledge for Professional
  Education requirements for math, arts, literature, history and science.
• Student Success Seminar (EDO 100 or HON 100; waived for
  transfers with 30+ hrs.).............................................1 hour
• Writing Intensive Course (Hrs. incorporated into Major/
  Supporting/Gen Ed/Free Electives category)
• Upper division courses (42 hrs. distributed throughout Major/
  Supporting/Gen Ed/Free Electives categories)
• ACCT - Middle Grade Education majors will fulfill ACCT
  with CED 499. (Credit hours included in Professional
  Education requirements)
MAJOR REQUIREMENTS

Core Courses .................................................................12 hours
EMG 445 or 445W; EMG 447, and six hours from 491, 492, 493, 494, or 494W.

Professional Education Requirements ..........................32 hours
14 hrs of Applied Field Experiences: CED 100 (0), 200 (0), 300 (0.5), 400 (0.5), and CED 450 (1); CED 499(12), EDC 300; EDF 203; EDF 219 or 219W; EDF 413, EMS 300W, and 490.

Supporting Course Emphasis Requirements ....5 hours
EDF 204(2), SED 104(Element 6), EDC 106

Concentrations (Areas of Emphasis):

Students seeking middle grade (5-9) certification must select two areas of emphasis from English and Communications, Mathematics, Science, and Social Studies. Supporting courses which are also general education courses will have their credit hours count above in the 36 hr. Gen Ed area.

English and Communications .....................................18 hours
ENG 210, 210W, or HON 308W (Element 3B); ENG 211, 211W, 212, or 212W; ENG 303; ENG 350 or 351; EME 452; and LIB 401; CMS 100 or HON 102/103 (Element 1C); three selected from ENG 405, 510, 520, or EME 551.

Mathematics ...............................................................18 hours
ENG 211 or 234(Element 2); EME 301 or MAE 302; MAE 305; MAE 201 and 202; MAT 211 or 234(4)(Element 2); MAT 203 and 203, and STA 230.

Science .................................................................18 hours
AST 135; BIO 102(Element 4), and BIO 590; CHE 100 (Element 4), and GLY 103; GEO 115; PHY 102, and EDC/ TEC 314.

Social Studies............................................................18 hours
ECO 120, 130, 230, or 231 (Element 5B); GEO 100 or 220; HIS 102 (Element 5A); HIS 103, 303, 304, 305, 308, 401, 402, 405, or 424; HIS 100; HIS 101, 321, 331, 336, 339, 343, 351, 359, 361, 374, 379, 385, REL 301, 320, 335, 340 or 350; POL 100 or 101; and 3 hours selected from ANT 120, 325, EME 313, SOC 131, or SOC 345. Must take at least one HIS course at the 300 or 400 level.

(Element = Course also satisfies a General Education element. Hours are included within the 36 hr. General Education requirement above. Note that a max of 6 credit hours will count toward Element 4 or 5.)

EXIT REQUIREMENT.....................................................0 hours
PRAXIS EXAMINATION
Students must register for and take the PRAXIS exam which correlates to their degree program, per College of Education requirements. Refer to DegreeWorks for exam details. The PRAXIS exam must be taken prior to student teaching.

TOTAL HOURS TO COMPLETE DEGREE.......122-126 hours

Candidates earning a degree that leads to teacher certification must take the PRAXIS Series (Professional Assessments for Beginning Teachers) and PLT (Principles of Learning and Teaching) exams to be recommended for licensure in Kentucky. Candidates are encouraged to review the schedule for PRAXIS and PLT registration deadlines prior to beginning the senior year (www.kypepsb.net/ and www.ets.org/praxis). Specialty exams are required for each certification area sought and it may take more than one test date to complete all requirements. Candidates should confer with their education advisor/counselor to determine the most optimal time to take required exams. For additional information, candidates may also contact the EPSB Division of Professional Learning and Assessment at (859) 564-5778 or (888) 598-7667 (toll free).

BACHELOR OF SCIENCE (B.S.)

SPECIAL EDUCATION/TEACHING

CIP Code: 13.1001

UNIVERSITY GRADUATION REQUIREMENTS

- General Education....................................................36 hours
- Student Success Seminar (EDO 100; waived for transfers with 30+ hrs.) .................................................................1 hour
- Writing Intensive Course (Hrs. incorporated into Major/ Supporting/Gen Ed/Free Electives category)
- Upper division courses (42 hrs. distributed throughout Major/ Supporting/Gen Ed/Free Electives categories)
- ACCT – Special Education Teaching majors will fulfill ACCT with CED 499. (Credit hours may be incorporated into Major or Supporting requirements)

Total Hours University Graduation Requirements........37 hours

MAJOR REQUIREMENTS

Students must see their advisor early in the program.

LBD Core Courses ....................................................15 hours
SED 260, 356, 445, and 305.

Professional Education Requirements ..........................35 hours
EDC 300, EDF 203, 204(2); EDF 219; SED 104(Element 6), SED 270*, 350*, 390*, EMS 300W; and 11 credit hours of Clinical Experiences: CED 100(0), 200(0), 300(0.5), 400(0.5), 450(1), 499(9).
*SED 270 = EDF 204; SED 350 = EDF 413; SED 390 = EMS 490.

Concentrations: (select one)

LBD-Elementary Core Courses ....................................27 hours
ELE 101 or 102, 201, 421(1), 422(2), 423(2), 424(2), 424(2); ELE 475, EME 301 or MAE 302, EME 313; LIB 301.

Elementary Supporting Course Requirements ............18 hours
Social Science: (Element 5A and 5B): HIS 102 or HON 312W; POL 101
English: (Element 3B):ENG 210 or 210W, 211 or 211W, 212 or 212W, HON 306W or 308W; ENG 303; EME 552 or ENG 410.

Sciences/Engineering: BIO 102 (Element 4), GLY 102 (Element 4), CHE 104 or PHY 104, and EDC 314

LBD-Middle Grade Education (5-9) .......................9 hours
EMG 445 or 445W; 447; and three hours from EMG 491, 492, 493, or 494 (associated with area of emphasis).

Supporting Course Requirements:

Middle Grade Supporting and Area of Emphasis
Requirements: (5-9)

Supporting Courses .............................................9 hours
MAE 201, 202, and EME 301 or MAE 302.

Area of Emphasis .....................................................18-22 hours
Candidates seeking middle grade (5-9) certification must select one area of emphasis from the following list and complete the specified courses: English and Communications, Mathematics, Social, Social Studies. (See options list under Middle Grade
The Department offers an undergraduate degree in communication disorders and undergraduate coursework in Human Services (HSR courses) as well as degree and non-degree graduate programs.

The Counselor Education program offers graduate programs in school counseling and mental health counseling. This program also provides graduate instruction in the common core areas required of many Master’s degree programs in education and related fields, such as human development and learning, tests and measurement, and research. More complete information concerning the counseling programs can be reviewed by accessing the department website at www.counseling.eku.edu.

The Communication Disorders program offers a graduate program in communication disorders. The Master of Arts in Education Program in Communication Disorders is a two-year, full-time program leading to eligibility for certification/licensure in Speech-Language Pathology by the American Speech-Language-Hearing Association, Kentucky Board of Speech-Language Pathology, and Kentucky Teacher Certification in Communication Disorders. More complete information concerning the graduate program can be reviewed by accessing the Department website at https://www.cd.eku.edu.

**BACHELOR OF SCIENCE (B.S.) COMMUNICATION DISORDERS**

**CIP Code:** 51.0204

**Admission to Communication Disorders Program**

Any student who is accepted by Eastern Kentucky University’s Admissions Office may declare their major as Pre-communication disorders. The student will be assigned to a program advisor and will be classified as a “Pre-CD” major. However, a Pre-CD status does not guarantee admission into the CD undergraduate program. Pre-CD majors will be restricted to enrollment in the following major CDS courses: CDS 275 and 360.

To apply for admission to the CD undergraduate program, students must meet the following minimum criteria: (1) at least 40 credit hours earned on 100-level courses or higher, (2) at least a 3.0 GPA on a 4.0 scale, (3) at least a 21 composite score on the ACT, and (4) pass a speech/language/hearing screening. The CD Program requires a state criminal history background check approved* by the College of Education as a condition of admission. Under certain circumstances, a national criminal background check may be required as a condition of admission. Once admitted to the CD program, the student must earn a grade of “C” or higher in CDS 275 or equivalent transferred course before registering for any CDS courses in the major requirements. Once admitted to the CD program, students must earn a grade of “C” or higher in all CDS courses and supporting courses. Transfer students do not have to be enrolled in university courses at the time of submitting an application for admission. The CD program admits 30 new undergraduate students each year. Applicants are ranked by the GPA x ACT composite score. The most qualified applicants are admitted. Application forms are available from Wallace 245 or visit the CD program website at cd.eku.edu. Completed applications and all required documentation must be submitted by February 14 to the CD Program Coordinator.

It should be noted that enrollment in the graduate program in Communication Disorders is also limited. Admission into the
undergraduate program does not guarantee admission into the graduate program. Refer to the Graduate Catalog for information on admission to the graduate program.

An additional state criminal background check approved* by the College of Education is required prior to beginning CDS 374 or may be required at additional points in the program. Under certain circumstances, a national criminal background check may be required prior to beginning CDS 374. Students must purchase professional liability insurance prior to enrollment in CDS 374, 474, and 541. Further, that insurance coverage must be maintained throughout enrollment in these courses.

*“Approved” is a formal review process of the criminal records report. Violations will be referred to the Professional Education Admission Committee. Any misrepresentation of facts, by omission or addition, may result in the denial of admission to the Communication Disorders Program or enrollment in CDS 374.

UNIVERSITY GRADUATION REQUIREMENTS

- General Education: 36 hours
- Student Success Seminar (EDO 100; waived for transfers with 30+ hrs.): 1 hour
- Writing Intensive Course (Hrs. incorporated into Major/Supporting/Gen Ed/Free Electives category): 12-30 hours
- Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories): 30+ hours
- ACCT - Communication Disorders majors will select: CDS 475. (Credit hours may be incorporated into Major or Supporting requirements)

Total Hours University Graduation Requirements: 37 hours

MAJOR REQUIREMENTS

Core Courses: 58 hours

Supporting Course Requirements: 12-30 hours
ASL 101(Element 6); BIO 307, 308; ENG 410, 510, or 520; OTS 515; PSY 200, 200W, 280, or 280W (Element 5B); SED 104(Element 6); SED 390, 318; STA 215(Element 2), 270(Element 2) or 500.
(Element = Course also satisfies a General Education element. Hours are included within the 36 hr. General Education requirement above.)

Electives: 0-13 hours

EXIT REQUIREMENTS: 0 hours

PRAXIS EXAMINATION
Students must register for and take the PRAXIS exam which correlates to their degree program, per College of Education requirements. Refer to DegreeWorks for exam details. The PRAXIS exam must be taken prior to student teaching.

TOTAL HOURS TO COMPLETE DEGREE: 120-128 hours

ASSOCIATE DEGREE

ASSOCIATE OF ARTS IN GENERAL STUDIES
(A.A.)
GENERAL STUDIES

The Associate of Arts in General Studies degree provides students, especially adult learners, the opportunity to pursue a flexible degree program to meet their unique interests, career goals, and academic needs. Reflecting EKU’s commitment to a liberal arts education, the degree allows students to concentrate in an area of interest while selecting from a wide variety of courses to meet personal, educational, or career goals. This degree is designed for students for whom this will be their first college degree and who wish to advance in their careers, change careers, pursue a lifelong interest beyond their careers, or use the degree as a pathway to a baccalaureate degree. Students who are admitted as “Special Admittance/Conditional Admittance” will be initially admitted into the Associate of Arts in General Studies degree program.

UNIVERSITY GRADUATION REQUIREMENTS

General Education: 36 hours
Standard General Education program (Elements 1-6 inclusive, per Section Four of this Catalog). Students should refer to their DegreeWorks audit for General Education course selections.

Student Success Seminar (GSD 101; waived for transfers with 30+ hours, not including AP and Dual Credit hours): 3 hours

Total Hours University Graduation Requirements: 39 hours

MAJOR REQUIREMENTS

- AA General Studies Students must earn an institutional GPA of 2.0 on all work earned at EKU, as well as an overall GPA of 2.0 on combined transfer and EKU graded coursework.
- AA General Studies students must earn at least 15 semester hours at EKU.
- AA General Studies students will declare either a college of focus for their core courses or a departmental concentration prior to registration during the semester in which they register for their 45th hour.
- AA General Studies students must complete an approved 12-hour emphasis with an overall 2.0 GPA within an individual college outside of the General Education requirement.

Core Courses: 12 hours
Courses must be within an individual College and exclusive of general education requirements. The optional departmental concentration (see below) may be substituted for this area.

Education Concentration: 13 hours
EDF 203, 204, 205, and SED 104.

Students planning to apply for admission to the Teacher Education Program after completing the AGS degree should also enroll in CMS 100 or 210, BIO 102 or PHY 102, and HIS 202. Students should confer with a College of Education Advisor to determine the required math course for each specific program.

Mission

The mission of the College of Health Sciences is to prepare outstanding health and human service professionals and leaders who contribute to the success and vitality of their communities, the Commonwealth, and the world.

Vision

The College of Health Sciences will be the premier college that shapes and improves health and well-being, advancing Kentucky and impacting the world!

Values

- Intellectual vitality: rigor and academic excellence among faculty and students
- Cultural competency: dignity, diversity, and inclusion through culturally sensitive human services and care
- Civic responsibility: stewardship through community, professional service and engagement to enhance quality of life
- Collaboration: inter-professional and cooperative efforts among faculty, staff, students and other stakeholders
- Accountability: characterized by ethical and professional responsibility

Goals

EUK Goal 1: Academic Excellence

EUK Strategic Direction 1.1 Invest in our Faculty
CHS SD 1.1.1 The College of Health Sciences (CHS) will support faculty scholarly research and creative endeavors.

EUK Strategic Direction 1.2 Promote Innovative Instruction and Programming
CHS SD 1.2.1 The CHS will assess teaching effectiveness and use the results to enhance instruction.

EUK Strategic Direction 1.3 Strengthen Academic Programs
CHS SD 1.3.1 The CHS will continually assess and strengthen academic programs.
CHS SD 1.3.2 The CHS will provide nationally recognized, high quality, accredited and approved programs.

EUK Goal 2: Commitment to Student Success

EUK Strategic Direction 2.1 Invest in our Students
CHS SD 2.1.1 The CHS graduates will meet or exceed national pass rates on licensure certifications and standardized exam results.
CHS SD 2.1.2 The CHS will support students’ scholarly research and creative endeavors.
EUK Strategic Direction 2.2 Focus on Strategic Enrollment
CHS SD 2.2.1 The CHS will demonstrate a commitment to diversity.

EUK Goal 3: Institutional Distinction

EUK Strategic Direction 3.1 Invest in our Staff
CHS SD 3.1.1 The CHS will support staff professional development opportunities.
EUK Strategic Direction 3.2 Advance the EKU Brand
CHS SD 3.2.1 The CHS will have a brand and communication strategy.
EUK Strategic Direction 3.3 Create a Diverse, and Inclusive University Culture
CHS SD 3.3.1 The CHS will celebrate faculty, staff and student scholarly research and creative endeavors.

EUK Goal 4: Financial Strength

EUK Strategic Direction 4.1 Optimize Campus Resources
CHS SD 4.1.1 The Administrative Council for CHS will annually examine measures related to our financial effectiveness to include: workload, class size, and faculty and staff issues to strengthen programs.

EUK Strategic Direction 4.2 Increase External Support
CHS SD 4.2.1 The CHS will engage alumni, friends and other stakeholders.

EUK Goal 5: Campus Revitalization

EUK Strategic Direction 5.1 Initiate and complete EKU Revitalization plan, which includes rehabilitation of existing facilities and construction of new ones with a focus on the EKU student experience.
CHS SD 5.1.1 The CHS will assess classrooms, labs, offices, technology, and student-centered facilities required to support
program growth.

**EKU Goal 6: Service to Communities and Region**

**EKU Strategic Direction 6.1** Become the 1st Choice Partner in Regional Educational, Economic, Cultural, and Social Development

**CHS SD 6.1.1** Collaborate with the University’s regional community partners to promote academic achievement, economic development, and quality of life.

**EKU Strategic Direction 6.2** Become Nationally Prominent in Fields and Regional Relevance

**CHS SD 6.2.1** The CHS will continue to strengthen quality community and regional partnerships.

**CHS SD 6.2.2** The CHS will continue to bring distinction to our region with nationally recognized, accessible programs to promote engagement and improve health and quality of life.

**EKU Strategic Direction 6.3** Bring EKU to Our Service Region

**CHS SD 6.3.1** Collaborate with the University’s regional community partners to promote academic achievement, economic development, and quality of life. (Same as 6.1.1)

**EKU Strategic Direction 6.4** Bring Our Service Region to EKU

**CHS SD 6.4.1** CHS will offer college programs, activities, and events to encourage travel to EKU campus that improve health and quality of life.

**ADMISSION REQUIREMENTS FOR COLLEGE**

The College of Health Sciences accepts applications from all persons who are qualified for admission to the University. All applicants must provide evidence of their ability to meet the academic standards established by the various programs. Due to enrollment limitations of some programs, applications should be made early. Applications received after the deadline of a program will be processed and admissions recommended on a space available basis. Specific entrance requirements for each program are shown in the departmental sections of this Catalog.

**ADMISSION POLICIES**

1. Students must meet requirements and be admitted by the University before being considered for enrollment in programs within the College of Health Sciences. Specific admission criteria are provided under each of the Health Sciences programs. The student is responsible for obtaining information for the application process including department deadlines.

2. Transfer work must be from an accredited institution and with a minimum grade of “C” in major and supporting courses. The applicant must be eligible to return to the last institution attended.

3. Work taken more than eight years previously must be approved by the Dean of the College.

4. In the event that a student is not accepted for a program, the student who wishes to reapply must submit a new application and related materials that will be considered when a new class is accepted.

Students desiring to complete collegiate work required for admission to professional programs may complete this work at any accredited college or university. Students are urged to carefully plan their course of study to be consistent with the individual program’s curriculum progression plan of study. Students who plan to complete coursework before declaring a major in a College of Health Sciences program should consult with the individual program directors or with the College of Health Sciences Advisors.

Students who have not reached a decision on a specific health science major may obtain counseling/guidance from individual program directors in the College of Health Sciences or from College of Health Sciences Advisors.

The programs in the College of Health Sciences are designed to prepare graduates for practice in health and human services professions. Most require licensure and/or certification after graduation and prior to practice. A criminal record (excluding minor traffic violations) may make a person ineligible for licensure or certification in these professions. Students with such a history should contact the licensing or certifying body prior to enrollment to determine whether this might be the case.

**CLINICAL AGENCY PLACEMENT REQUIREMENTS**

Placement in clinical sites for certain programs in the College of Health Sciences requires students to meet specific clinical agency placement requirements. Clinical agency placement requirements for certain programs (particularly those involving direct patient contact and/or practice with children) require a criminal background check and/or a urine drug screen. Students whose results from these screenings do not meet clinical agency placement requirements will be unable to participate in clinical experiences which are required for satisfactory progression and completion of the program. Most clinical agencies and programs where students may be potentially exposed to blood borne pathogens mandate that students comply with the Hepatitis B vaccination requirement. [see Blood Borne Pathogens and Hepatitis B Statement]. Other requirements may include documentation of tuberculosis screenings indicating student is free of disease, specific immunizations, certifications, licensures, student professional liability insurance purchased through the University [see Student Liability (Malpractice) Insurance], and individual health insurance. Students who have not met clinical agency placement requirements will not be permitted to participate in clinical and laboratory learning experiences mandated for satisfactory progression and completion of the program. Specific requirements for individual programs may be obtained by contacting the departmental office for the program.

**READMISSION POLICIES**

After being admitted to one of the programs in the College, students who withdraw or who are unable to progress due to being unsuccessful in one or more courses must submit application for readmission according to the guidelines for the specific program. Readmission to the program is not guaranteed to any student.

**READMISSION APPEAL PROCESS**

The student who has been denied readmission may appeal the decision following these guidelines:

1. Notify the chair of the program’s readmission committee of the desire to appeal the decision and to provide additional pertinent information to support the appeal. The committee chair will schedule a time for the student to appear before the committee to present the appeal. A student who has agreed to a time for a meeting of the departmental readmission
committee and who does not appear at that meeting may forfeit the right to present evidence beyond that furnished in the original application for readmission.

2. The student will be notified within five working days of the committee’s decision.

3. If the student is not satisfied with the decision, the student shall schedule an appointment to present the appeal to the Department Chair. The student will be notified within five working days of the Department Chair’s decision.

4. If the student is not satisfied with the decision of the Department Chair, the student shall submit a written appeal to the Dean of the College of Health Sciences. If the Dean determines there are extenuating circumstances surrounding the student’s request for readmission and/or if the procedure for readmission has not been followed, a meeting of the College’s Readmission Committee will be scheduled. A time will be appointed for the student to appear before the committee to present the appeal. A student who has agreed to a time for a meeting of the College Readmission Committee and who does not appear at that meeting may forfeit the right to present evidence beyond that furnished in the original application for readmission.

5. Decisions of the College Readmission Committee are binding. The student will be notified of the decision within five working days.

**STUDENT AGREEMENT STATEMENT**

Programs in the College of Health Sciences may require a student to sign an agreement statement that encompasses professional expectations related to the program. This statement is to be signed when the student enters courses in the major.

**STUDENT LIABILITY (MALPRACTICE) INSURANCE**

All students whose programs require participation in clinical learning experiences must purchase and maintain liability insurance through the University during the entire clinical experience. Proof of such insurance coverage must be furnished to the department before the clinical experience is scheduled to begin. The University has arranged for appropriate insurance coverage at a modest cost to the student. Further information may be obtained at the student’s major departmental office.

**CLINICAL FACILITIES**

The University maintains formal contracts with many health care Human Services and Educational agencies located throughout Kentucky and the United States. Almost every specialty within the entire health care spectrum is available for use in providing high quality experiences for students enrolled in the programs. A list of cooperating agencies is available through the Office of the Dean. The University is not liable for, nor is there a fund from which payment can be made for those who are inconvenienced or incur expenses based upon canceled classes, assignments, or clinical placements, etc.
BLOODBORNE PATHOGENS AND HEPATITIS B STATEMENT

The College of Health Sciences attempts to minimize the risk of exposure to blood borne pathogens for students who will be involved in clinical and laboratory learning experiences where the risk of exposure could occur. To this end, students majoring in clinical programs within the College of Health Sciences where a potential risk of exposure could occur are required to receive education in universal precautions and the Occupational Safety and Health Administration’s (OSHA) Bloodborne Pathogens Standard Regulations. Students will be responsible for complying with the Hepatitis B vaccination requirement when indicated before participation in the clinical training phase of their respective programs. [see Clinical Agency Placement Requirements]. The Blood Borne Pathogens Exposure Control Plan is posted on the College of Health Sciences website and should be carefully reviewed. More information regarding specific program requirements may be obtained through the departmental offices, program student handbooks, and other program informational sources.

DEGREE REQUIREMENTS

The students are responsible for selection and registration for courses needed for reasonable progress toward their degree or certificate that will enable the students to satisfy requirements for graduation.

General Academic Information described in Section Five of this Catalog, and specific course requirements set forth in the description of curricula, must be met by students completing associate and baccalaureate programs administered by the College of Health Sciences. See programs under each department for major and minor requirements. All first-year students in the College of Health Sciences must enroll in the Student Success Seminar (HSO 100).

Appeals

Appeals procedures are detailed in the Departmental and University Handbooks and in the department sections.

HEALTH SCIENCES LEARNING RESOURCE CENTER

Director
Mrs. Raglena Salmans
(859) 622-2091
Rowlett 312

The Health Sciences Learning Resource Center is a multimedia library, study, and computer center for the College of Health Sciences. It provides support to the instructional needs of the faculty through multi-media resources, equipment, and other services. The primary purpose of the Center is to provide the student the opportunity to reinforce previous learning of clinical/classroom content through independent review of multi-media materials and computer-aided instructional software.

Students also have access to other resources such as anatomical models and charts, interactive video resources, professional articles, e-mail, the internet, literature searches, bibliographic manager, epidemiology mapping courseware and word processing. The Learning Resource Center is located in the Rowlett Building, Room 310.

DEPARTMENT OF BACCALAUREATE AND GRADUATE NURSING

Chair
Dr. Brooke Bentley
(859) 622-1956
Rowlett 223

Faculty

The nursing program leads to a baccalaureate degree. General education in the sciences and liberal arts provides the basis for and is correlated with the major in nursing. The collegiate program is devoted to a combination of physical, biological and social sciences, and humanities as deemed essential to the preparation of the professional nurse. The nursing component is composed of instruction in nursing theory and the application of nursing theory in the clinical setting under the guidance of nursing faculty. Thus, nursing is learned through a combination of formal classroom instruction and supervised experiences in hospitals, clinical agencies, and a variety of community settings. The nursing program prepares the individual to function as a generalist and lays the foundation for graduate study in clinical specialties, research, teaching, supervision, and/or administration. Graduates of the program earn a baccalaureate degree in nursing (BSN) and are eligible to make application to the national licensure examination (NCLEX). Graduates of the program who successfully write the NCLEX examination are licensed to practice as registered nurses.

The baccalaureate nursing program is based upon the belief that preparation for professional nursing encompasses a broad liberal, general, and professional education. The mission of the department is congruent with the mission of the college and university; to promote student success by providing high quality, accessible learning opportunities which encourage students to act independently, to think critically, to communicate effectively, and to practice professional or advanced levels of nursing with integrity, enlightenment and creativity; and to collaborate with regional partners to promote health.

Professional Nursing Practice Outcomes

Upon completion of the baccalaureate nursing program the BSN graduate:
1. Treats patients as holistic, unique and self-directive with the right to make decisions for themselves concerning health matters.
2. Uses the nursing process to provide, manage, and evaluate culturally competent primary, secondary, and tertiary prevention for diverse clients across the life span in a variety of settings.
3. Uses evidence-based nursing practice, critical thinking, research methodologies, informatics, and healthcare technology to provide therapeutic interventions, predict outcomes, and influence the delivery of health care.
4. Assumes a leadership role in health care by communicating and collaborating with patients, health care professionals, and health care systems.
5. Supports safe, quality, responsible, and economic interdisciplinary health care as a consumer and sociopolitical advocate within multiple health care systems.
6. Promotes the ethical and legal practice of professional nursing.
7. Demonstrates self-care, professionalism, accountability, and competence in nursing practice, with a commitment to advancing the profession of nursing.

Admission and Progression Requirements
All students who are accepted by EKU’s Admissions Office and declare their major as baccalaureate nursing (four-year nursing) are admitted to the University as pre-baccalaureate nursing majors. However, admission to the freshman year does not guarantee admission to the laboratory nursing courses. Students seeking to enter NSC 232, 242, and 252 in the third semester of the curriculum must meet minimum program GPA requirements of 2.5 and have department chair approval. Spaces in these courses are limited and are reserved for students whose academic record indicates they are more likely to be eligible to be considered for and admitted to the clinical nursing courses. To be eligible to be considered for admission to the clinical nursing courses, students must have completed the first three semesters of college work as outlined in the curriculum plan and have submitted a complete department application. All prerequisite courses must be completed with a grade of “C”/2.0 or better, and a minimum institutional GPA of 2.5 on a 4.0 scale must be obtained. For the prelicensure nursing program, [Nursing Pre-RN (B.S.N.)], some prerequisite courses (BIO 307, BIO 273/MLS 209, BIO 308, CHE 105, NFA 201, NSC 232, 232L, 242, and 252) must have been taken within five years prior to the time application is made for admission to the clinical nursing courses unless an exception has been approved by the department. For the prelicensure Nursing (B.S.N.) Second Degree Concentration, the courses in BIO 307, BIO 273/MLS 209, BIO 308, and NFA 201 must have been taken within five years prior to the time application is made for admission to the clinical nursing courses unless an exception has been approved by the department. Completion of eligibility criteria does not guarantee admission to the clinical nursing courses. Admission to the clinical courses is competitive and based on review of the applicants’ academic history by the Baccalaureate Nursing Admission/Readmission Committee. Spaces are limited and the most qualified applicants will be selected for admission.

In addition to the academic criteria required for admission, the student must meet the standards written into the Commonwealth of Kentucky Nurse Practice Act. Specifically, the Nurse Practice Act requires that each student be of good moral and ethical character, good mental and physical health, and be academically qualified to fulfill the role and responsibilities of a person licensed to practice as a professional nurse. Students must meet all clinical agency placement requirements.

For progression, students must earn a grade of “C”/2.0 or better in all nursing and supporting courses. Students who fail to meet the requirements for progression may apply for readmission through the Baccalaureate Admission/Readmission Committee. Readmission to a nursing course is not guaranteed to any student.

Please refer to the Baccalaureate Nursing Student Handbook for specific information on readmission procedures. The program reserves the right to alter the suggested plan as necessary to enhance a quality educational program. Students interested in entering graduate study may apply to the Graduate School.

For additional admission information please refer to the Selection Criteria at http://www.bsn-gn.eku.edu/bsn.

Transfers from Other Colleges and Universities
Academic credits earned at other accredited colleges or universities are transferable upon approval of the appropriate department at Eastern Kentucky University. Official transcripts are to be submitted by the student to the Office of the Registrar. Credits more than eight years old must be approved.

Transfer students must submit copies of all transcripts along with their application to the program. These transcripts will be considered a part of the application process and are necessary to determine admission and placement.

Students wishing to transfer nursing courses from another accredited institution must have a grade equivalent of “C”/2.0 or better in any nursing course to be transferred. In addition, the applicant must submit complete course outlines and/or syllabi. This material should be submitted well in advance of expected matriculation to provide time for necessary evaluation.

Specific Degree Requirements for Bachelor of Science in Nursing Degree
In addition to the general requirements for the baccalaureate degree, students must earn a grade of “C”/2.0 or better in all nursing and supporting courses.

• Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)
• ACCT- R.N. to B.S.N. majors will fulfill ACCT with NSC 442. (Credit hours are incorporated into major requirements below.)

Total Hours University Graduation Requirements ... 37 hours

MAJOR REQUIREMENTS

Core Courses ...................................................... 45 hours
NSC 340(2), 381, 383, 385(4)**, 390W(2), 440, 442, 442C

(2), 445(2), 486, 486C(2).
**Upon successful completion of NSC 385, the RN is granted credit for NSC 380, 380C, 386, 386C, 484, and 484C (19 hrs.).

Supporting Requirements ........................................... 0-3 hours
SOC 232 (does not meet Element 2) OR STA 215 or STA 270(4) (_OVERRIDE 2).

G = Course also satisfies a General Education element. Hours are included within the 36 hr. General Education requirement above.

Free Electives .......................................................... 3 hours
TOTAL HOURS TO COMPLETE DEGREE ....... 120-122 hours

Plan for Registered Nurses (RN-BSN-MSN)

The Department of Baccalaureate and Graduate Nursing offers the opportunity for registered nurses to earn both the baccalaureate and masters degree in nursing. Admission requirements include an Associate Degree in Nursing (or 3 year diploma program), and a RN license from an approved state that is free and unrestricted, meaning that it has not been subject to reprimand, revocation, probation, suspension, restriction, limitation, disciplinary action, discretionary review/hearing or encumbrance nor had any type of complaint filed against it. Students who are interested in continuing in the M.S.N. program should apply for graduate studies during the senior year. Students must complete the B.S.N and be admitted to graduate studies to continue into the M.S.N. program.

Protocol for Accepting RN-BSN Students as General Education Certified

Eastern Kentucky University will consider all RN-BSN applicants, who are currently licensed nurses with professional work experience, as General Education certified based on the following standards:

• Applicants will have completed an associate degree for which they have earned a minimum of fifteen (15) General Education credit hours.
• Applicants will have taken and passed the NCLEX RN licensure exam. Competencies demonstrated by this exam are sufficient to satisfy certain General Education competencies.
• Applicants have practical experiential learning that can be applied to the General Education competencies.

Note: Must have 120 total credit hours to complete BSN

2019-2020 EKU UNDERGRADUATE CATALOG 155
The Environmental Health Science program offers the Bachelor of Science degree. Established in the early 1970’s, the program is currently the state’s only accredited program and one of only 30 such programs in the United States accredited by the National Environmental Health Science and Protection Council. The program includes extensive study of the physical, chemical and biological threats to human health and focuses on both engineered barriers and behavioral changes required for protecting and enhancing human health. The program includes general education and support courses in biology, chemistry, and mathematics, plus a variety of environmental health courses dealing with air quality, water quality, wastewater disposal and treatment, hazardous and solid waste management, risk assessment and epidemiology, industrial hygiene, control of disease vectors, food hygiene, radiological health, environmental health program planning and law, and toxicology. During upper division study, the student must complete three credit hours of supervised field experience with appropriate agencies, industries, consulting companies, etc. Also, cooperative education opportunities are available to all students who may wish to gain experience in addition to credit hours. Eastern Kentucky University’s Environmental Health Science graduates are qualified for positions with federal, state, and local government departments of environmental health, as well as public health protection agencies such as the United States Public Health Service, the Environmental Protection Agency, Food and Drug Administration, Department of Energy, and Occupational Safety and Health Administration. Graduates are also qualified for employment in private industry and environmental consulting firms. This work may include quality control, industrial hygiene and safety, loss control and risk assessment, or many other facets of environmental health consultation. The demand for qualified environmental health practitioners is currently high and exceeds the number of graduates from accredited programs and projected to increase over the next decade.

Progression Criteria
A student majoring or minoring in environmental health science must achieve a grade of “C”/2.0 or better in all EHS and supporting courses.

Faculty
G. Brown, V. Grabeel, J. Hisel, J. Marion, C. Pinion, and S. Pressley.

Progression Criteria
A student majoring or minoring in environmental health science must achieve a grade of “C”/2.0 or better in all EHS and supporting courses.

*A minimum score of 22 on the mathematics portion of the ACT or 530 on the mathematics portion of the SAT.

**MAT 120 or department approval is a pre-requisite for PHY 131.

Minor

Minor in Environmental Health Science
A student may minor in environmental health science by completing, with a grade of “C” or better, EHS 280, 380, 530 and an additional nine hours selected from EHS courses with advisor approval for a minimum of 18 hours.

Certificates

Certificate in Environmental Public Health Studies (EPHS)
A student may complete a certificate in Environmental Public Health Studies (EPHS) by earning a total of 18 credit hours with a grade of “C” or better in the following:
Certificate Requirements...........................................18 hours
Students must document fifty (50) hours of Fitness & Wellness.

Students majoring in Sport Management are strongly encouraged to also declare a minor in Business and take the one hour of MGT 354.

The internship is offered cooperatively with a variety of sport organizations, including professional sports teams, college athletic departments, and community organizations. The internship is necessary to secure employment within the industry. The internship will give the sport management major the “hands-on” experience necessary to secure employment within the industry.

The internship is 18 hours of credit. The internship experience that will prepare the student for a career in the rapidly changing arena of sport. The students receive cutting-edge instruction in a practice major of study that culminates in a university internship experience that gives the student the “hands-on” experience necessary to secure employment within the industry. The internship is offered cooperatively with a variety of sport organizations, including professional sports teams, college athletic departments, and community organizations.

Students majoring in Sport Management are strongly encouraged to also declare a minor in Business and take the additional nine hours required for the minor.

**Course may have pre-requisite or co-requisite

DEPARTMENT OF EXERCISE AND SPORT SCIENCE

Chair
Dr. Eric Fuchs
(859) 622-1889
Moberly 233

Faculty

The Department of Exercise and Sport Science offers Bachelor of Science degrees in Sport Management, and Exercise and Sport Science with two program concentrations: Physical Fitness and Wellness Management, and Pre-Athletic Training/Pre-Physical Therapy. The department also offers minors in Physical Education (non-teaching), and Coaching (non-teaching). The Department also offers a certificate in Coaching/Personal Training.

Students who transfer from another college or university must earn a minimum of 12 hours at EKU in their major. Students who transfer from another college or university must earn a minimum of six hours at EKU in their minor.

**Course may have pre-requisite or co-requisite

Sport Management

The sport management major is offered both as a traditional on-campus degree program and 100% online degree program through e-Campus. The major in Sport Management prepares the student for administrative careers in recreational and competitive sports programs, fitness centers, and other sport-related organizations. The complexities and challenges of sports require a well-prepared professional with qualifications in sports programming, supervision, management, facility planning, promotions, and purchasing.

The Sport Management major provides a quality educational experience that will prepare the student for a career in the rapidly changing arena of sport. The students receive cutting-edge instruction in a practice major of study that culminates in an internship experience that gives the student the “hands-on” experience necessary to secure employment within the industry. The internship is offered cooperatively with a variety of sport organizations, including professional sports teams, college athletic departments, and community organizations.

Students majoring in Sport Management are strongly encouraged to also declare a minor in Business and take the additional nine hours required for the minor.

ESS 201, 322, 327, 328, 400, 423, 470(6), and 530.
(Students are required to document a minimum of fifty (50) hours of appropriately related experiences prior to enrolling in ESS 470.)

Supporting Course Requirements ................................. 15 hours
GBU 204, ACC 201, MGT 300 (for business minors) or MGT 301, MKT 300 (for business minors) or MKT 301, ECO 230
(Element 5B); and CIS 212.

Free Electives .......................................................... 38 hours

TOTAL HOURS TO COMPLETE DEGREE .................120 hours

*Students are required to document a minimum of fifty (50) hours of appropriately related experiences prior to enrolling in PHE 470.

MINORS

MINOR IN COACHING (NON-TEACHING)
Minor Requirements .................................................. 19 hours
ESS 212, 301, 322, 383(1), 423; ESS 224 or 305; ESS 407 or 590. Current CPR and First Aid certification required at the time of graduation.

MINOR IN PHYSICAL EDUCATION (NON-TEACHING)
Minor Requirements .................................................. 18 hours
Six hours from ESS 201, 212, 301, 315, 320, 325, 407, 423, 467, 562, 575; and six hours skill courses from the following:
ESS 220(2), 224, 241(1), 250(1), 300, 305, 306, 340, 345(2), 365(2), 435, 450(1); three hours approved by the department chair.

CERTIFICATES

CERTIFICATE IN COACHING/PERSomal TRAINING
Certificate Requirements ......................................... 18-19 hours

ESS 212, 301, 383(1), 423, 407; Select one class from ESS 261(2), 360(2), 361(2), 362(2), 420(2); one class from ESS 224, 305, EMC 104 (1) or CPR certification.

Current CPR required at the time of graduation.

DEPARTMENT OF APPLIED HUMAN SCIENCES

Chair
Dr. Dana Keller Bush
(859) 622-3445
Burrier 102

Faculty

The Department of Applied Human Sciences offers three Bachelor of Science (B.S.) degree programs: General Dietetics; Child and Family Studies with Concentrations in Child Development, Family Studies, Interdisciplinary Early Childhood Education; and Apparel Design and Merchandising. Minors are offered in: Apparel Design and Merchandising, Child and Family Studies, Family and Consumer Sciences, Foodservice Administration, and Nutrition. Information on the Master of Public Health with Public Health Nutrition Concentration and the Master of Arts in Teaching (M.A.T.) for Family and Consumer Sciences Education may be found in the 2015-2016 EKU Graduate Catalog.

Students following a first or second major, minor or associate degree must maintain a “C” average in departmental courses (CDF, FCS, FRM, NFA prefixes). Certain degree programs may have a higher GPA requirement.

The mission of the Department of Applied Human Sciences is to prepare professionals and leaders who improve the quality of individual, family, and community life through critical and creative thinking and effective communication.

Professional Liability Insurance
Students enrolling in the following classes — CDF 203, 246, 310, 327S, 349, 351, 399, 405, 406, 443, 450, 541, 741, 744, 849, FCS 349, NFA 326, 349, 830, 831, and 835 in the Department of Applied Human Sciences — are required to register for student Professional Liability Insurance. This fee is listed in each semester’s schedule of classes. Please see the section on Student Liability Insurance for the College of Health Sciences.

Criminal Records
Students are required to observe and/or interact with young children or school age children in a number of courses offered by the department. Therefore, students enrolled in these courses — CDF 203, 246, 310, 327S, 349, 351, 399, 405, 406, 443, 450, 541, 544, 741, 744, and 849 — must have a criminal record check and child abuse neglect (CAN) check performed. Students with a criminal or CAN record may be required to drop the course and select another major.

Tuberculosis (TB) Skin Tests
Students are required to observe and/or interact with young children or school age children in the following courses — CDF 203, 246, 310, 327S, 349, 351, 399, 405, 406, 443, 450, 541,
544, 741, 744, and 849. Therefore, students enrolled in these courses are required to submit a negative TB test. Students will be permanently dis-enrolled from the course if the negative tests results are not submitted by the deadline.

Youth Leader Report (YLR)
Students are required to observe and/or interact with young children or school age children in the following courses – CDF 203, 246, 310, 327S, 349, 351, 399, 405, 406, 443, 450, 541 and 544, must have a Youth Leader Background check performed. Students with a criminal record may be required to drop the course and select another major.

Accreditations and Approvals
The Department of Applied Human Sciences has several accreditations. All B.S. degrees are accredited by the Council for Accreditation of the American Association of Family and Consumer Sciences. The Burrier Child Development Center is accredited by the National Association for the Education of Young Children. The B.S. degree in Dietetics is also accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND). The Family Studies Concentration in the Child and Family Studies B.S. is approved by the National Council on Family Relations.

**ADM 349/FCS 330A—two hours at sophomore level.**

**Baccalaureate Degrees**

**Bachelor of Science (B.S.) Apparel Design and Merchandising**

*CIP Code: 52.1902*

Program Objectives
Upon completion of a degree in Apparel Design and Merchandising graduates will demonstrate critical/creative thinking by: 1) identifying cultural influences on the apparel/textile industry and consumer; 2) applying design principles to visual merchandising and/or apparel design projects; 3) developing apparel and textile products based on target customer need; and 4) communicating ideas and information effectively to the target audience. Graduates are prepared to work in a variety of merchandising and design positions. Recent graduates have been employed in retail management, technical design, visual merchandising, and theatrical costume design. Metropolitan areas provide the most job opportunities. Entry level positions include management trainee, assistant manager, and design assistant. Two years after graduation students can expect to be employed in positions such as retail manager, district supervisor of stores, technical designer, design journeyman, and visual merchant.

**UNIVERSITY GRADUATION REQUIREMENTS**

**MAJOR REQUIREMENTS**

Core Courses .......................................................50 hours
ADM 102, 119, 201, 210, 300, 302, 310, 313, 349 or FCS 330A, 413, ADM 414 (6), CDF 132, FCS 400 or 400W, FRM 352; ADM 319 and 339 or ADM 312 and 412. (ADM 349/FCS 330A—two hours at sophomore level)

**Supporting Course Requirements.....................................10 hours**
CHE 101/101L(Element 4); ECO 230(Element 5B); PSY 200; MGT (300 or 301) and MKT (300 or 301) or THE (220 and 320).

**Free Electives....................................................23 hours**

**TOTAL HOURS TO COMPLETE DEGREE..................120 hours**

**Bachelor of Science (B.S.) Child and Family Studies**

*CIP Code: 19.0701*

The Family Studies Concentration prepares graduates to work with individuals and families in a variety of social service settings. Positions are available in family resource centers, community agencies, profit and non-profit organizations that provide services for children, youth, adults and families. The Interdisciplinary Early Childhood Education concentration leads graduates to Kentucky public school certification for teaching children birth through five. Graduates learn to prepare individual education plans for children who experience developmental delays and support plans to assist families of those children. IECE majors will teach in private agencies serving infants to two years and public school settings (Pre-K, three and four year olds, and kindergarten not connected with primary programs for first through third grade). To be granted a degree in Child and Family Studies students must have a “C” or better in all CDF and supporting courses.

**Admission and Progression Requirements for Child and Family Studies Concentrations Child Development and IECE**

All students who are accepted by EKU’s Admission office and declare their major as Child and Family Studies are admitted to the University as pre-Child and Family Studies majors. However, admission to the pre-Child and Family Studies program does not guarantee admission to the Child and Family Studies program. To be admitted to the Child and Family Studies program the following criteria must be met: 1) Minimum of 45 hours with a 2.75 overall GPA, 2) GPA of 3.0 in the following courses CDF 203, 235, 236, 246, 310, 327S with a grade of “C” or better in each course. Once these requirements have been met, the student must apply to the Child and Family Studies Program Director for a change from the pre-Child and Family Studies program to the Child and Family Studies program.

Program Objectives
Upon completion of a degree in Child and Family Studies graduates will be able to: 1) assess developmental, political, social, cultural, economic and technological influences on the well-being and diversity of individuals, families and communities; 2) design and implement a range of services for individuals, children and families; 3) utilize and interpret appropriate individual, family and program evaluation measures; 4) access community resources and...
collaborate with community agencies/services; and 5) evaluate and monitor their professional development. The Child Development concentration prepares graduates to teach or administer in any private early childhood program. Graduates may also be employed as a trainer for resource and referral agencies or serve as Education Coordinator in early childhood facilities.

**MAJOR REQUIREMENTS**

**UNIVERSITY GRADUATION REQUIREMENTS**

- General Education ........................................... 36 hours
- Student Success Seminar (HSO 100; waived or transfers with 30+ hrs. ) ......................................................... 1 hour

**PRAXIS EXAMINATION**

Students must register for and take the PRAXIS exam which correlates to their degree program, per College of Education requirements. Refer to DegreeWorks for exam details. The PRAXIS exam must be taken prior to student teaching.

**TOTAL HOURS TO COMPLETE DEGREE .... 120-125 hours**

**GENERAL DIETETICS PROGRAM**

The General Dietetics program leads to a Bachelor of Science degree in General Dietetics. The program is accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND), an agency of the Academy of Nutrition and Dietetics, as a Didactic Program in Nutrition and Dietetics (DPND).

Students completing the DPND earn a Verification Statement, which provides eligibility to complete an accredited Dietetic Internship. Acceptance to a Dietetic Internship requires application and program matching through a competitive process. A strong academic record, work experience, and service/leadership in extracurricular activities are essential for obtaining a dietetic internship. Dietetic internships are 6 to 12 months long and include supervised practice in various areas of the dietetics profession.

After completion of the internship, the student is eligible to take the national registration exam to become a Registered Dietitian (RD). In most states, including Kentucky, RD status is sufficient to obtain a state license to practice as a dietician.

Registered Dietitians (RD) work with individuals and groups of all ages to improve health and wellness. Dietitians find employment in a variety of professional settings, including hospitals, long term care facilities, outpatient clinics, health departments, food companies, wellness programs, public health and regulatory agencies, cooperative extension, food service (including hospital, long term care, school, college/university, and prisons), private practice, sales, and research. In these settings, RDs provide medical nutrition therapy; menu planning; recipe and product development; individual counseling related to nutrition and diet; nutrition education to groups and individuals; community nutrition program development, implementation, and evaluation; and research.

Graduates who do not complete a dietetic internship find employment opportunities in public health, food service, cooperative extension, sales, and research. With the DPND verification statement, graduates are eligible to take the national Dietetic Technician registration exam, and earn the credential Dietetic Technician Registered (DTR). Graduates of the DPND may also seek admission to graduate programs to earn an advanced degree.

The program’s mission, goals, and objectives can be found on the Department of Applied Human Sciences website. Also available on the website is information about costs related to the program.

**Admission and Progression Requirements**

All students who are accepted by EKU’s Admissions Office and declare their major as dietetics are considered for admission to the University as pre-dietetics majors. However, admission to the pre-dietetics program does not guarantee admission to the dietetics program. To be admitted to the dietetics program the following criteria must be met: (1) complete a minimum of 45 semester hours; (2) attain a minimum institutional GPA of 3.0 on a 4.0 scale; (3) earn a “B” or better in CHE 101/101L, CHE 102/10L, ACC 201, and STA 215 or their equivalents if taken at another school; (4) earn a “B” or better in NFA 121, 201, 202, and 317. In addition, a program application form must be submitted. Should there be more qualified applicants than spaces available,
applicants will be ranked according to an admission scoring rubric. The application form, admission scoring rubric, and application deadlines are available on the Department of Applied Human Sciences website.

After admission to the dietetics program the student must meet the following criteria to receive a BS Degree and be granted a verification statement: (1) attain a minimum institutional GPA of 3.0 on a 4.0 scale; (2) earn a “C” or better in all major and supporting courses (other than those courses in which a “B” or better is required per admission criteria).

**DEPARTMENT OF HEALTH PROMOTION AND ADMINISTRATION**

Chair
Dr. Michael Ballard
(859) 622-1916
Dizney 117

Faculty

The Department of Health Promotion and Administration is comprised of programs in: Health Care Management and Health Informatics and Information Management, and Public Health. Admission to all programs is based on the regular admission...
policies of the University. Specific policies related to each discipline can be found following the program heading as listed.

### Baccalaureate Degrees

#### HEALTH SERVICES ADMINISTRATION

The department offers a baccalaureate degree in Health Services Administration with concentrations in Health Care Management and Health Informatics and Information Management.

**Health Care Management Concentration**

This concentration gives individuals interested in the administrative aspects of healthcare an interdisciplinary curriculum designed to provide a balance between business and healthcare. This concentration prepares students for entry-level staff and management positions in health care settings.

**Health Informatics and Information Management Concentration**

This concentration provides a diverse curriculum that provides individuals with a strong background in health care management, health data analytics, health data management, and computer applications in health care. This concentration is accredited by the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM). Graduates of this concentration are eligible to write the Registered Health Information Administrator (RHIA) exam.

**Pre-HSA Curriculum**

All students who are accepted by the EKU Admissions Office and declare their major as Health Services Administration are initially placed into a pre-HSA curriculum. The curriculum includes: ACC 200; BIO 171, 301; INF 104; INF 314; CMS 100 or 210; HSA 100, 200; MAT 105 or 114; STA 215 or 270.

Students may apply for HSA program admission when the following requirements are met:
- Institutional GPA of 2.75 or higher
- Completion of each course in the Pre-HSA curriculum with a grade of C or better after a maximum of two attempts.
- Completion of general education requirements (at least 75%)

Students who meet the minimum requirements will be accepted into the program within the enrollment limits determined by the faculty. The Program reserves the right to accept only the best qualified applicants who meet the minimum requirements.

**Admission/Progression Criteria**

All majors utilize the regular admission policy of the University for students taking courses offered during the first semester of the program. In order to continue in the program and to enroll in major courses, the student must meet the following criteria: (1) maintain an institutional GPA of 2.75 on a 4.0 scale and (2) complete all major and support courses with a minimum grade of “C” after a maximum of two attempts.

A student who is not allowed to continue in the major may appeal the decision by presenting the reasons in writing to the Program’s Admission and Progression Committee. The student may appeal this committee’s decision to the College Admissions Committee by submitting a written request to the Dean of Health Sciences. The decision of this committee shall be final.

**Professional Practice Experience**

An important part of the curriculum is professional practice experience in which the student is required to spend part of a semester at a hospital or other health care facility for observation and supervised practice of the skills required for entry into the profession.

Some sites may require health screening such as physical examinations and/or proof of immunizations. The student is responsible for these medical expenses and for living expenses and travel involved in relocation for these assignments.

PUBLIC HEALTH

Public Health offers the Bachelor of Science degree in Public Health with a Community Health Concentration, a Pre-Professional Concentration, and the Bachelor of Science degree in Public Health and Master of Public Health Accelerated 3 + 2 Dual Degree Accelerated Pathway with a Community Health concentration and a Pre-Professional Concentration. Students who complete the Community Health concentration, the Pre-Professional Concentration, or the accelerated pathway are prepared to determine the health needs of the community and plan and implement effective programs to improve the health of the populations they serve. Community Health Educators may work in Public Health Departments, Volunteer Organizations, Hospitals, and Family Resource Centers. Students who complete the Pre-Professional Concentration receive training in Public Health along with preparation for professional health related graduate programs such as medicine, dentistry, osteopathy, veterinary medicine, or physician assistant. Students in the Pre-Professional Concentration will be assigned to a Public Health advisor and should also consult with a pre-professional health advisor from the College of Science to ensure adequate preparation for professional entrance exams and the professional school application process. Students are responsible for ensuring they have the correct prerequisites for the professional program of their choice.

A student may choose a minor in Public Health. The Bachelor of Science program in Public Health is accredited by the Council on Education for Public Health.

Students who transfer from another college or university must earn a minimum of 12 hours at EKU in the major. Students who transfer from another college or university must earn a minimum of six hours at EKU in the minor. Students who are accepted by the EKU Admissions Office and declare their major as Public Health with a concentration in Community Health or Pre-Professional Concentration must maintain an overall GPA of 2.25 with a grade of “C” or better in all of the required major and supporting courses found in the Public Health Curriculum.

Professional Liability Insurance

Students enrolling in HEA 463 in the Department of Health Promotion and Administration are required to register for student Professional Liability Insurance. This fee is listed in each semester’s schedule of classes. Please see the section on Student Liability Insurance for the College of Health Sciences.

Public Health

ACCELERATED 3 + 2 DUAL DEGREE PROGRAM

CIP Code: 51.2207

Students may apply for admission to the Accelerated 3+2 Dual Degree program in their junior or senior year. When applying for admission, the student must select either a Community Health concentration or a Pre-Professional concentration. Students are able to complete their B.S. degree and M.P.H degree within 5 calendar years because of the accelerated curriculum and because 9 semester hours of 800-level graduate coursework will apply to both the undergraduate B.S. degree and the graduate M.P.H. degree. Only undergraduate students of proven academic ability will be considered for the program.

Entrance requirements for the 3+2 program must adhere to the same requirements for the Master of Public Health Program in the Graduate Catalog, except entrance examinations (e.g. GRE) are not required for the 3+2 program. Students must fulfill all graduation requirements listed below. Students admitted into the program will remain coded as undergraduate until fulfilling their B.S. requirements. Students admitted into the 3+2 program must complete the Public Health BS degree with a minimum 3.0 GPA to be allowed to proceed with graduate program coursework.

Students who complete the Pre-Professional Concentration receive training in Public Health along with preparation for professional health-related graduate programs such as medicine, dentistry, osteopathy, veterinary medicine, or physician assistant. Students in the Pre-Professional Concentration will be assigned to a Public Health advisor and should also consult with a pre-professional health advisor from the College of Science to ensure
adequate preparation for professional entrance exams and the professional school application process. Students are responsible for ensuring they have the correct prerequisites for the professional program of their choice.

Admission Requirements:
Students interested in this program must satisfy all the following conditions:
1. Junior or Senior standing
2. Overall grade point average (GPA) of at least 3.0 at the time of admission to the 3+2 program
3. Approval from department and Graduate School (see the form at http://gradschool.eku.edu/graduate-school-forms)
4. Must maintain an overall undergraduate and graduate grade point average (GPA) of at least 3.0 to continue in the 3+2 program.

Program Requirements
Students in 3+2 Accelerated Dual Degree program must complete the listed Public Health (B.S.) program requirements along with the same requirements for the M.P.H. Program (presented in the Graduate Catalog: listing at http://gradschool.eku.edu/graduate-catalog). Nine (9) credit hours of 800-level graduate coursework (MPH 810, MPH 830, and MPH 855) are applicable to the undergraduate degree.

Medical Laboratory Science (MLS) Program

The department offers a Bachelor of Science (B.S.) degree in Medical Laboratory Science. The MLS program consists of four years of study. The first two years or pre-MLS phase include general education courses and supporting courses and the last two years or upper-division MLS phase include major course requirements for the MLS program, with classes in hematology, clinical chemistry, microbiology, immunohematology, immunology, serology, body fluids, and clinical practicums in hospital laboratory affiliated with the program.

Admission Requirements

All students who are admitted to the University by the EKU Admissions Office and declare their major as medical laboratory science (MLS) are initially placed into the pre-MLS major phase/crriculum. This curriculum includes the following supporting courses: MAT 114, CHE 111/111L, CHE 112/112L, HSA 200, BIO 111, BIO 308 or 348, CIS 212 or INF 104, MLS 201, 209, 211, and 290.

Admission to the upper-division MLS program requires an overall grade point average (GPA) of 2.5 with a grade of “C”/2.0 or better in all of the major and supporting courses found in the pre-MLS curriculum. Transfer students must maintain a GPA of 2.5 in courses at EKU as well as an overall GPA of 2.5.

Application to the upper-division does not guarantee acceptance into the MLS program. The department reserves the right to accept only the best qualified applicants who meet the upper division program requirements.

Progression Criteria

To remain in the upper division MLS program, a student must maintain an overall GPA of 2.5 with a grade of “C”/2.0 or better in all upper-division MLS phase courses. Students who fail to meet the requirements for progression will be dismissed from the MLS program and must apply for readmission through the Admission and Continuation Committee. Readmission to the MLS program is not guaranteed and the Committee reserves the right to readmit any student.

Professional Liability Insurance and Criminal Records

Students enrolling in the following clinical practicum courses: MLS 432, 434, 438, 439, 440, and 441 in the MLS program – are required to register for student Professional Liability Insurance (PLI) and submit to a drug screen and criminal background check. The PLI fee is listed in each semester’s schedule of classes. Please see the section on Student Liability Insurance for the College of Health Sciences. Information about the cost and application for the drug screen and criminal background check will be given to the student before they enter the clinical practicum.

DEPARTMENT OF OCCUPATIONAL SCIENCE AND OCCUPATIONAL THERAPY

Chair
Dr. Dana Howell
(859) 622-3300
Dizney 103

Faculty

The Department of Occupational Science and Occupational Therapy provides a continuum of educational experiences that prepare a student at the undergraduate level for a career as a non-credentialed health and human service professional and at the graduate level for a career as an occupational therapist. Undergraduate students (1st degree pathway), or students who...
already hold an undergraduate degree in a field other than Occupational Science (2nd degree pathway), can enter the Occupational Science program, receive a Bachelor of Science degree, and apply for admission to the Occupational Therapy Doctorate (OTD) program. After completing the OTD degree, students are eligible to take the occupational therapy national certification examination.

The OTD program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE), 4720 Montgomery Lane, Suite 200, Bethesda, MD 20814-3449, (301) 652-2682, www.acoteonline.org. Certification for the occupational therapy profession is provided through the National Board for Certification in Occupational Therapy (NBCOT), One Bank Street, Suite 300, Gaithersburg, MD 20878, www.nbcot.org.

**Baccalaureate Degree in Occupational Science (BS)**

Occupational science, an evolving social science, is the study of human occupation. Occupational scientists study why and how we occupy our time through activity, organize ourselves through activity patterns and habits, respond to the context in which occupations occur, and create meaning through occupations.

Students may combine the study of human occupation with other areas of interest through electives or a minor, including but not limited to, Horses, Humans and Health, Psychology, Child and Family Studies, Biology, Community Health, Gerontology, and Business. Students who apply for the Baccalaureate Degree in Occupational Science are expected to progress to the OTD program. However, some may choose other graduate education options or seek employment in non-credentialed health care, education or community positions. These careers may include case manager, independent living skills coordinator, activity coordinator, medical sales representative, senior citizen program coordinator, mental health associate, and job coach for persons with developmental disabilities.

The five themes of the occupational science curriculum are occupation, communication, critical thinking, leadership, and practice. Intertwoven are the curriculum elements of concepts and knowledge, active community learning experiences, and authentic assessment and portfolio development. A value inherent in the curriculum model is that learning is optimal when educators guide student immersion in personally meaningful challenges that are processed in a supportive environment.

Graduates of the Occupational Science program meet the following outcomes:

1. Identify occupational needs, and apply occupational science and occupational therapy concepts to self and others to promote participation in occupation.
2. Utilize professional written, oral, and non-verbal communication to express the language and ideas of occupational science and occupational therapy.
3. Critically read to analyze scholarly literature to understand the impact on healthcare, occupational science, and occupational therapy.
4. Demonstrate professional behavior in the roles of student and advocate to begin to develop the identity of a doctorally prepared occupational therapist.
5. Demonstrate knowledge of occupational science concepts and therapeutic use of self to engage in the occupational therapy process for individuals, groups, and populations.
6. Explain concepts and roles in healthcare delivery models.

**Admission and Progression Requirements**

All students who are accepted by EKU’s Admission office and declare their major as Occupational Science are admitted to the University as pre-Occupational Science majors; however, admission to the University does not guarantee admission to the Occupational Science program. Admission is competitive and based on a review of the applicants’ academic history by the department’s Admission, Progression and Retention Committee. Students seeking consideration for admission to the Occupational Science program must meet the following requirements by May in the semester preceding the Fall semester start of the junior year:

1. Completion of 60 hours of coursework, including prerequisites courses
2. Overall GPA of 3.0 or above
3. A minimum of 4 “B”s and 1 “C” in the following prerequisite courses or their equivalents (BIO 307, 308, HSA 200, STA 215 or STA 270, PSY 200)
4. No more than 1 repeat per course in the following prerequisites or their equivalents (HSA 200, STA 215 or STA 270, PSY 200)
5. Health Science Reasoning Test (HSRT)

Application to the Occupational Science Program does not guarantee acceptance into the program.

Students seeking admission to the Occupational Science program and progression to the junior year must follow this process:

1. By March 15th prior to progressing to the junior year of the Occupational Science program, all students must submit an Application for Admission to the Department Chair.
2. Transfer students must be fully admitted to the University by March 15th to be considered for admission to the Occupational Science Program. Students are responsible for submitting their official transcripts to the Office of the Registrar.
3. Based on a competitive admissions review, students will be informed of admission to Occupational Science program after Spring semester grades are posted.

4. **Students admitted to the Occupational Science program will then be allowed to register for the junior year classes.**

To progress to senior year, all junior academic year required major and support courses must be completed with a grade of “B” or better.

To graduate, all senior academic year required major and support courses must be completed with a grade of “B” or better as well as completion of general education and university requirements for graduation.

For additional admission information please refer to the Selection Criteria at http://www.ot.eku.edu/

**Completion of the undergraduate program in Occupational Science does not guarantee admission into the graduate program in Occupational Therapy. Students must meet Department and Graduate School requirements to progress. Refer to the Graduate Catalog for admission requirements and procedures regarding application to the OTD program.

**Appeals**

Students may petition for a waiver of any regulations. Appeals regarding waiver of a regulation should be addressed to the Admissions and Progression Committee. Grade Appeals should be addressed to the Academic Practices Committee. See the
Admission Requirements
1. Bachelor’s degree in a discipline other than Occupational Science from a regionally accredited university.
2. “C” or better in all prerequisite coursework: Human Anatomy, Human Physiology, Abnormal Psychology, and Statistics.
3. 3.0 GPA on the most recent 60 hours of coursework (prerequisites to the transition year not included in the most recent 60 hours will be added in the calculation of GPA) or a 3.0 overall undergraduate GPA (all hours attempted in the semester in which the 60th hour occurs will be counted) determined by May 1st program application deadline. In addition, applicants who do not have an institutional GPA of 3.0 or higher must also complete the GRE to satisfy the admission requirements of the Graduate School.
4. Health Science Reasoning Test (HSRT) Overall Target Score of 15.
5. Three letters of recommendation.

Specific Criteria
Students should apply through the undergraduate school and the Department of Occupational Science and Occupational Therapy by May 1st. Prerequisite course work must be completed by the end of the Spring semester of the application year. Students may be requested to submit a course description of prerequisite course work with the application. Students will be admitted on a competitive basis using a weighted matrix. Students accepted into the Transition program are required to take a year of undergraduate courses prior to beginning Master of Science course work. Students who are accepted into the Transition program must be enrolled in Fall semester transition year courses by July 1st and will continue on into the Master of Science program after completing the transition year courses, if they maintain a GPA of 3.0 during the transition year, complete all transition year courses with a “C” or better and are accepted by the Graduate School. Students will apply to the Graduate School during the transition year of course work. The deadline for application to the Graduate School is February 1st.

UNIVERSITY GRADUATION REQUIREMENTS
• General Education .................................................. WAIVED
• Student Success Seminar ............................... WAIVED
• Writing Intensive Course .................................. WAIVED

* = Course also satisfies a General Education element.
Hours are included within the 36 hr. General Education requirement above.

Free Electives .................................................................. 19-20 hours

TOTAL HOURS TO COMPLETE DEGREE ............ 120 hours

This competitive pathway is designed to prepare students who have completed a Bachelor’s degree in a discipline other than Occupational Science for entrance into the entry level Master of Science in Occupational Therapy program. It is a one year post-baccalaureate program leading to a second Bachelor of Science degree in Occupational Science.

Minor in Horses, Humans and Health
This interdisciplinary minor offers students a chance to explore the horse-human-health connection through various professions and perspectives. Students interested in working in the equine industry may pair this minor with any major to develop their interests and career paths. An elective in human development professions and perspectives. Students interested in working in the equine industry may pair this minor with any major to develop their interests and career paths. An elective in human development offers students the ability to tailor their academic study to individual needs. A student may complete this minor by taking 18 hours (including prerequisites/corequisites) as indicated below.

Minor Requirements .................................................. 18 hours
OTS 205, REC 210*, AGR 250, OTS 479S, ANS 497* (topic: the horse), and one elective in human development from the following: CDF 235, CDF 342, CDF 441, HEA 285, OTS-421*, PSY 280, or SED 104.

*Indicates the course may have prerequisites or corequisites.

DEPARTMENT OF RECREATION AND PARK ADMINISTRATION

Chair
Dr. Jon McChesney
(859) 622-1833
Begley 407

Faculty
M. Bradley, B. Clark, M. Gerken, S. Jones, and J. McChesney

The Department of Recreation and Park Administration offers the Bachelor of Science degree in Recreation and Park Administration with four concentrations: Tourism & Resort Recreation, Natural Resources & Recreation Management, Recreation Management and Event Planning, and Therapeutic Recreation. The department also offers a minor in Recreation and Park Administration.

Students who transfer from another college or university must earn a minimum of 12 hours at EKU in their major. Students who transfer from another college or university must earn a minimum of six hours at EKU in their minor.

Graduates of the Tourism & Resort Recreation concentration find career opportunities in local, state, federal and private agencies that promote tourism, travel agencies, convention services, resort supervision and management, cruise lines, amusement and theme parks, as well as other commercial recreation agencies.

Graduates of the Natural Resources & Recreation Management concentration find a wide variety of career opportunities such as park ranger, interpretive naturalist, camp director, recreation forester, fish and wildlife positions, and youth and adult outdoor recreation programming positions.

Graduates of the Recreation Management and Event Planning concentration find professional careers available in local, state, county and federal agencies, park management, golf course management, recreation supervision, aquatics, cultural arts programming, athletic programming, YMCA and YWCA, Boy Scouts and Girl Scouts, 4-H, and various other private and public agencies providing park, recreation and leisure services.

Graduates of the Therapeutic Recreation concentration find one of the fastest growing areas in the field of recreation and leisure services. Professionals in TR design programs to meet the needs of special populations, people with physical or developmental disabilities, and people with temporary or permanent psychiatric disorders. TR professionals work in children’s hospitals, mental health institutions and psychiatric hospitals, rehabilitation clinics, nursing homes, medical care facilities, transitional living facilities, group homes, camps, community-based programs, and community residential agencies.

The BS degree in Recreation and Park Administration provides 15 credit hours of direct hands-on field experience. The senior internship (12 credit hours) serves as an excellent transition from school to work, and many students are hired directly out of their internship.

Students majoring or minoring in Recreation and Park Administration are required to attain a minimum grade of “C” in all REC courses and a 2.5 or better average in all REC courses. All REC core and REC concentration courses must be completed prior to enrollment in REC 463, Senior Internship or REC 473 Therapeutic Recreation Internship.

BACHELOR OF SCIENCE (B.S.) AND MASTER OF SCIENCE (M.S.)
RECREATION AND PARK ADMINISTRATION
Accelerated 3+2 Dual Degree Program
CIP Code: 31.0301

Students may apply for admission to the Accelerated 3+2 Dual Degree program in their junior or senior year. Students are able to complete their B.S. degree and M.S. degree within 5 calendar years because of the accelerated curriculum and because 9 semester hours of 700-level graduate coursework will apply to both the undergraduate B.S. degree and the graduate M.S. degree. Only undergraduate students of proven academic ability will be considered for the program.

Entrance requirements for the 3+2 must adhere to the same requirements for the M.S. Recreation and Park Administration Program in the Graduate Catalog, except entrance examinations (e.g. GRE) are not required for the 3+2 program. Students must fulfill all graduation requirements listed below. Students admitted into the program will remain coded as undergraduate until fulfilling their BS requirements. Students admitted into the 3+2 program must complete the Recreation And Park Administration BS degree with a minimum 3.0 GPA to be allowed to proceed with graduate program coursework.

Admission Requirements:
Students interested in this option must satisfy all of the following conditions:
1. Junior or Senior standing
2. Overall grade point average (GPA) of at least 3.0 at the time of admission to the 3+2 program
3. Approval from department and Graduate School (see the form at http://gradschool.eku.edu/graduate-school-forms)
4. Must maintain an overall undergraduate and graduate grade point average (GPA) of at least 3.0 to continue in the 3+2 program.

Program Requirements:
Students in 3+2 Accelerated Dual Degree program must complete the listed Recreation And Park Administration B.S. program requirements along with the same requirements for the Recreation And Park Administration M.S. Program (presented in the Graduate Catalog: listing at http://gradschool.eku.edu/graduate-catalog). Nine (9) credit hours of 700-level graduate coursework (REC 716, REC 730, and REC 790) are applicable to the undergraduate degree.

UNIVERSITY GRADUATION REQUIREMENTS
• General Education..................................................36 hours
• Student Success Seminar (HSO 100; waived for transfers with 30+ hrs.).........................................................1 hour
• Writing Intensive Course (hours incorporated into Major/Supporting/Gen Ed/Free Electives category)

| Summer | REC 730 | 3 |
The College of Justice and Safety at Eastern Kentucky University is one of the largest of its type in the United States and is one of the six colleges that comprise the academic structure of the University. Within the College of Justice & Safety is the School of Justice Studies, and the School of Safety, Security, & Emergency Management. Faculty in the College are nationally and internationally known for their teaching, research and service. The Commonwealth of Kentucky named the College of Justice & Safety as the first Program of Distinction at Eastern Kentucky University in 1998. The Program of Distinction has funded renovations for a new Stratton annex, Ashland Building and Perkins Building, new degree programs, upgraded classrooms and computer labs, provided additional research opportunities for faculty and students, as well as scholarship opportunities for students majoring in programs offered by the college.

Associate, baccalaureate, and master’s degree programs are offered by the College of Justice and Safety. Many programs are also available online.

The College is committed to a career ladder concept by providing opportunities for students enrolled in or completing associate (two-year) degree programs to transfer to a corresponding baccalaureate (four-year) program with little or no loss of credit. Most programs in the College are housed in the Stratton Building, an outstanding and unique facility which includes two annexes, a remodeled shared entrance; renovated student commons and classrooms with new technology, 250-seat auditorium, two computer labs and a cafeteria. The Fire Science programs have additional offices, classroom, and labs in Ashland Building and the Emergency Medical Care program has offices, classrooms and labs in the Stratton Annex.

ADMISSION TO THE COLLEGE

Students seeking admission to the College of Justice and Safety must meet general University requirements and should indicate their intention to major in a program of the College. After being admitted to the College, a student will be assigned to a professional advisor, in the Academic & Advising Center, who will assist in selecting the proper courses leading to the desired degree.

DEGREE REQUIREMENTS

General University degree requirements appear in Section Four of this Catalog, and specific requirements for each of the degree programs offered by the College of Justice and Safety appear below; both sets of requirements must be met by students completing associate and baccalaureate programs. Unless otherwise specified, all programs in the College of Justice and Safety require a grade of “C” or better for all required major and supporting courses. See the program descriptions under each department for specific major and minor requirements. Common to all programs is the Student Success Seminar.

MAJOR AND MINOR CREDIT MINIMUM

Unless otherwise specified, regardless of the advanced standing under which the student may have been admitted or what credits have transferred, 18 hours of advanced course work (courses numbered 300 or above) applied for credit toward the major subject for a baccalaureate degree, nine hours of advanced course work applied for credit toward the major subject for an associate degree, and six hours of advanced course work toward major subject for a minor must be earned at Eastern.

SCHOOL OF JUSTICE STUDIES

Associate Dean
Dr. Gary W. Potter
Stratton Building, Room 348-B

Faculty

College of Justice and Safety
Residency Requirement

The College of Justice and Safety requires that students graduating with a baccalaureate degree from the School of Justice Studies, or the School of Safety, Security, and Emergency Management, must earn a minimum of 18 upper division credit hours in the home subject of their major (excluding co-op and applied learning), as specified by Degree Works.
Eastern Kentucky University (EKU) has been certified by the State Council of Higher Education for Virginia (SCHEV) to operate in Virginia.

EKU’s Main Campus Address
Eastern Kentucky University
521 Lancaster Ave
Richmond, KY 40475
Phone: (589) 622-1000

EKU/ Mountain Empire Community College (MECC) Campus Address
Eastern Kentucky University
Dalton Cantrell Hall
3441 Mountain Empire Road
Big Stone Gap, VA 24219
Phone: (276) 523-8297

1. Each course or degree, diploma, or certificate program offered in Virginia is approved by the Kentucky Council on Post-Secondary Education (CPE), which is Eastern Kentucky University’s governing body.

2. The Kentucky Council on Post-Secondary Education (CPE) has granted Eastern Kentucky University the approval to:
   a. Offer courses or degree, diploma, or certificate programs at the level for which credit is being awarded for those courses or programs in Virginia; and
   b. Ensure that any credit earned for coursework offered by EKU in Virginia may be applied to other degree or certificate programs, as applicable, offered at other EKU locations outside of Virginia.

3. Eastern Kentucky University will provide: a) formal advising for EKU/MECC students by appointment through the link below, b) informal advising for EKU/MECC students during their education, and c) career advising/counseling - all at the Virginia location.

Link to the form for a formal advising appointment: https://cjregional.eku.edu/school-justice-studies-regional-campus-student-advising-form

Baccalaureate Degrees

Bachelor of Science (B.S.)
CORRECTIONS AND JUVENILE JUSTICE STUDIES
CIP Code: 43.0103

UNIVERSITY GRADUATION REQUIREMENTS
- General Education ...................................................36 hours
- Student Success Seminar (JSO 100; waived for transfers with 30+ hrs.) ..................................................1 hour
- Writing Intensive Course (Hrs. incorporated into Major/Supporting/Gen Ed/Free Electives category)
- Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)
- ACCT - Corrections and Juvenile Justice Studies majors will fulfill ACCT with COR 375 or CRJ 490 or CRJ 490W. (Credit hours are incorporated into major requirements below.)

Total Hours University Graduation Requirements........37 hours

MAJOR REQUIREMENTS
- Majors must have a minimum grade point average of at least 2.0 across major core, option, and elective course requirements in order to graduate.

Core Courses ..........................................................21 hours
- COR 201, 311, 360; CRJ 313 or 313S, 331, 388, 400.

COR Electives ......................................................18 hours
- Select from CRJ 490 or CRJ 490W or any upper division COR elective in consultation with major advisor.

Supporting Courses ...................................................6 hours
- Select any two of the following courses in consultation with major advisor: any upper division CRJ course; HLS 101, 201, 321, 341; PLS 103, 216, 316, 380, 390, 415; PSY 200 or 200W(Element 5B), 308, 314.

Free Electives .....................................................38 hours

TOTAL HOURS TO COMPLETE DEGREE ..........120 hours

Online Course Work
- The major requirements for the Bachelor of Science B.S. degree, as well as coursework required for professional certificates (see below), are to be completed online. For first-time freshmen, admission requirements include a high school GPA of 2.5 or greater and a 20 composite ACT or 950 SAT math and verbal combined score. If a student is below in an area they will be directed to complete a college readiness course at time of registration. Admission requirements for transfer students include a GPA of 2.0 on a 4.0 scale and good academic and financial standing at previous institution. The University requirement that B.S. students must earn a minimum of 30 of the last 36 hours through EKU is waived for students pursuing the B.S. major requirements online. However, a minimum of 32 hours must be earned through EKU.

Bachelor of Science (B.S.)
CRIMINAL JUSTICE
CIP Code: 43.0103

UNIVERSITY GRADUATION REQUIREMENTS
- General Education ...................................................36 hours
- Student Success Seminar (JSO 100; waived for transfers with 30+ hrs.) ..................................................1 hour
- Writing Intensive Course (Hrs. incorporated into Major/Supporting/Gen Ed/Free Electives category)
- Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)
- ACCT - Criminal Justice majors will fulfill ACCT with CRJ 313S, 424, 490, HON 420. PLS 349, or 349(A-N). (Credit hours are incorporated into major requirements below.)

Total Hours University Graduation Requirements........37 hours

MAJOR REQUIREMENTS
Core Courses .....................................................15 hours
- CRJ 101, 313 or 313S, 331, 388, 400.

CRJ Electives ....................................................27 hours
- Select at least one course from each of the three areas: (12 hours must be upper division).
  1. Corrections: CRJ 204, 302, 303 or 360.
  2. Law and Juvenile Justice: PLS 216, PLS 316, PLS 416, CRJ 312, CRJ 314, or CRJ 311.
UNIVERSITY GRADUATION REQUIREMENTS

• General Education ..............................................36 hours
• Student Success Seminar (JSO 100; waived for transfers with 30+ hrs) ..............................................................1 hour
• Writing Intensive Course (Hrs. incorporated into Major/ Supporting/Gen Ed/Free Electives category)
• Upper division courses (42 hrs. distributed throughout Major/ Supporting/Gen Ed/Free Electives categories)
• ACCT - Police Studies majors will fulfill ACCT with CRJ 313S, 424, 490, 490W, HON 420, PLS 349, or 349(A-N). (Credit hours are incorporated into major requirements below.)

Total Hours University Graduation Requirements ...37 hours

MAJOR REQUIREMENTS

Core Courses ..........................................................24 hours
CRJ 101, 331, 388, 400; PLS 103, 326, 414, 415.

Major Electives ......................................................24 hours
Select from PLS, CRJ or COR electives (12 hrs must be upper division courses).

Supporting Electives ..............................................6-9 hours
Select 9 hours from: APS 210, EMC 102 or 110, FOR 301, FSE 250, or TRS 332, or a combination to include 3 hrs (200 level or above) of Foreign language or American Sign Language (ASL) in consultation with major advisor (Element 6).

Free Electives ........................................................26-29 hours

TOTAL HOURS TO COMPLETE DEGREE ...............120 hours
Minor in Social Justice

A student may minor in Social Justice by completing CRJ 101; CRJ 345 or SOC 400; CRJ 325, PLS 390 or CRJ 401; CRJ 406; SOC 235 or POL 464; and SOC 313 or 375. (Students majoring in police studies or criminal justice may not minor in social justice.)

Certificates

Professional Certificate in Correctional Intervention Strategies

This certificate includes 12 hours of required courses and 12 hours of electives and is available in the online format. Courses include content that reflects the theoretical and contemporary issues facing corrections professionals. The program will enhance student knowledge regarding effective correctional interventions, provide students with practical knowledge that can be used in their daily work, and for students interested in continuing their education, provide a first step toward degree completion.

Major Requirements.................................12 hours
C OR 201, 302, 303, 360.
Electives......................................................12 hours
Select from COR 323, 340, 410, 412, 413, 420, 423; CRJ 313, 331.
Total Curriculum Requirements ..................24 hours

Professional Certificate in Youth Services

This certificate includes 12 hours of required courses and 12 hours of electives and is available in the online format. Courses include content that reflects the theoretical and contemporary issues facing juvenile justice professionals. The program will enhance student knowledge regarding effective juvenile justice interventions, provide students with practical knowledge that can be used in their daily work, and for students interested in continuing their education, provide a first step toward degree completion.

Major Requirements.................................12 hours
C OR 311, 321, 360, 422.
Electives......................................................12 hours
C OR 322, 340, 410, 420, 421, 423; CRJ 313, 331.
Total Curriculum Requirements ..................24 hours

School of Safety, Security & Emergency Management

Associate Dean
Dr. Gary W. Potter
Stratton Building, Room 354-B

Faculty

College of Justice and Safety Residency Requirement

The College of Justice and Safety requires that students graduating with a baccalaureate degree from the School of Justice Studies, or the School of Safety, Security, and Emergency Management, must earn a minimum of 18 upper division credit hours in the home subject of their major (excluding co-op and applied learning), as specified by Degree Works.

Admission Procedure: Emergency Medical Care

Students who have been admitted to the University and College of Justice and Safety and declare a major in Emergency Medical Care are admitted to the Emergency Medical Care Program. Admission to the Emergency medical Care Program does not guarantee admission to the Advanced Emergency Medical (paramedic) sequence.

Emergency Medical Care students are accepted each semester. Students are selected for admission into the Advanced Emergency Medical Care Program once a year. Selection is made based on the admission matrix. Criteria include: GPA, entrance exam scores, pre-requisite course grades and completion. Information meetings or communication will be held. Please refer to the EMC webpage for additional information.

Additional Requirements

1. Students must have a minimum grade of “C” in all advanced sequence, EMC pre-requisite courses.
2. Students must maintain a minimum GPA of 2.0 on a 4.0 scale.
3. Students must purchase and maintain the student liability insurance prior to enrollment in EMC 110, 115, 342, 352, 360, 362.
4. All transfer credit evaluation and program approval must be completed prior to the application deadline.

NREMT-P TO ASSOCIATE OF PARAMEDICINE (ASP) DEGREE PROGRAM

Admission Requirements:

Current holders of National Registry of Emergency Medical Technicians – Paramedic (NRP or State credentialing as defined by the program) certification may earn the Associate of Paramedicine (ASP) degree through an accelerated program offered by the EMC department. Applicants for admission into this accelerated program are accepted each semester.

Program

Students admitted into the NRP NREMT-P to ASP program...
will be required to take all general education and supporting coursework for the Associate of Science Paramedicine (A.S.P.).

Core Courses:
EMC 380 and 382.
After successful completion of both EMC 380 and 382, students will receive 18 credit hours which include EMC 335, 340, 342, 352, 360, 362. EMC 105, 110, 303.
Credit for EMC 105, 110, 303, is available through successful completion of department proficiency examinations.
EMC 104, 310, 315, and 320.
Current and maintained certification in AHA CPR for Healthcare Professionals, ACLS-EP, PALS (and/or PEPP), and certification in PHTLS (or ITLS) may result in credit for EMC 104, 310, 315, and 320.

Supporting and General Education Courses are required:
General Education Elements:
Element 1. ENG 101, 102; Element 3. Arts and Humanities (3 credit hours); and Element 5B and Social Behavioral Sciences (3 credit hours);
Supporting Courses:
BIO 171, 301.
A total of 64 credit hours are required to obtain the Paramedicine (A.S.P.). Students must also obtain a minimum grade of “C” in all EMC courses. Students must also maintain an overall EKU GPA of 2.0 on a 4.0 scale.

Transferring Paramedic Credit into the EMC Program
Effective January 2013 the National Registry has instituted a policy requiring that all candidates for certification must complete coursework from a CoAEMSP nationally accredited paramedic program.

Time Limit for Program Completion
To maintain EKU’s status as a CoAEMSP nationally-accredited paramedic program students must progress through their EMC advanced sequence of classes (200-level and 300-level courses, as well as supporting courses) within a specified time limit. Each student must successfully complete all of these courses before they are eligible to take the NREMT skill and didactic examinations to obtain the NREMT Paramedic card. The start of an individual student’s time limitation (“advanced sequence and testing clock”) will be determined by the student’s program advisor.

Credit from a CoAEMSP Accredited Paramedic Program
Students with transfer credit from a CoAEMSP accredited paramedic program may have this credit used to fulfill a portion of their major and supporting program requirements. Such work will be evaluated by EMC faculty for comparability and content; students may be required to complete departmental exams to gauge subject mastery and to assist with appropriate course placement.

UNIVERSITY GRADUATION REQUIREMENTS
• General Education........................................36 hours
• Student Success Seminar (JSO 100 [1]; waived for transfers with 30+ hrs.)..........................1 hour
• Writing Intensive Course (Hrs. incorporated into Major/Supporting/Gen Ed/Free Electives category)
• Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)
• ACCT - Emergency Medical Care majors will fulfill ACCT with EMC 362.
(Credit hours are incorporated into major requirements below.)

Total Hours University Graduation Requirements.......37 hours

MAJOR REQUIREMENTS
Core Courses.............................................39 hours
EMC 300, 303, 305, 310, 320, 335, 340, 342/342L, 352/352L, 360(2), 362(4), 400, FSE 489.

Major Concentrations (select one):
Emergency Services Administration, Paramedical Clinic/FSE, or Paramedic Science.

Supporting Courses:
Emergency Services Administration
Concentration..............................................26 hours
BIO 307, 308; CHE (Element 4) 101/101L, 102/102L; EMC 420, 430, or 430W, 440, 480; PSY 200 (Element 5B), 308.

Paramedical Clinic/FSE
Concentration..............................................20 hours
BIO 307, 308; CHE (Element 4) 101/101L, 102/102L; FSE 320; FSE 225 or OSH 261; PSY 200 (Element 5B), 308.

Paramedic/Science Concentration.........................32 hours
BIO 318(4), 171, 273(4), 308; CHE (Element 4) 111/111L, 112/112L, 361/361L, 362/362L; PHY 131(5).

Free Electives..............................................12-21 hours
TOTAL HOURS TO COMPLETE DEGREE...........120 hours

Baccalaureate Degrees
Bachelor of Science (B.S.)
Emergency Medical Care

• General Education........................................36 hours
• Student Success Seminar (JSO 100; waived for transfers with 30+ hrs.)..........................1 hour
• Writing Intensive Course (Hrs. incorporated into Major/Supporting/Gen Ed/Free Electives category)
• Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)
• ACCT - Fire, Arson and Explosion Investigations majors will fulfill ACCT with FSE 496.
Bachelor of Science (B.S.)
FIRE PROTECTION AND SAFETY ENGINEERING TECHNOLOGY
CIP Code: 43.0201

Program Educational Objectives
Within 3-5 years of graduation, graduates of the Fire Protection and Safety Engineering Technology Program will be able to:
1. Practice fire protection engineering regionally, nationally, and internationally in a broad range of modern professional settings.
2. Actively participate in the development of engineering decisions on societal, environmental, economical, and safety issues at the local or global levels.
3. Understand the need for lifelong learning and continued professional development.

UNIVERSITY GRADUATION REQUIREMENTS
• General Education .................................................................36 hours
• Student Success Seminar (JSO 100; waived for transfers with 30+ hrs.) .........................................................1 hour
• Writing Intensive Course (Hrs. incorporated into Major/ Supporting/Gen Ed/Free Electives category)
• Upper division courses (42 hrs. distributed throughout Major/ Supporting/Gen Ed/Free Electives categories)
• ACCT - Fire Protection Administration majors will fulfill ACCT with FSE 481.
  (Credit hours are incorporated into major requirements below.)

Total Hours University Graduation Requirements....37 hours

MAJOR REQUIREMENTS
The Department of Safety, Security, and Emergency Management requires that each graduate of Fire Protection Administration (B.S.) must complete a minimum of 32 credit hours in the College of Justice and Safety at Eastern Kentucky University and must complete a minimum of 18 upper division credits from the Safety, Security and Emergency Management Department.

Core Courses.................................................................66 hours

Supporting Course Requirements..............................14 hours
CHE 101/101L(4) (℠Element 4), 102/102L(4); MAT 114 (℠Element 2); PSY 200 (℠Element 5B).
℠ = Course also satisfies a General Education element.
Hours are included within the 36 hr. General Education requirement above. A maximum of 3 cr. hrs. will count toward Element 4.

Minor in Disaster Management
CIP Code: 43.0302

A student may minor in Disaster Management by completing,
with a grade of “C” or better, a total of 18 semester hours as
follows:

Requirements ............................................9 hours
HLS 260, 461, and 491.

Electives ..................................................9 hours
HLS 349, 391, 445, or 455, GEO 315, 325, 353, 453, or 456.

Total Curriculum Requirements ...................18 hours
MINOR IN EMERGENCY MEDICAL CARE

The Minor in Emergency Medical Care is not available to B.S. Emergency Medical Care majors. A student may minor in Emergency Medical Care by completing, with a grade of “C” or better, a total of 18 semester hours as follows:

Requirements ......................................................... 6 hours
EMC 104(1), 110, 110L(2).
Electives ............................................................... 12 hours
EMC 105(1), 300, 303, 400, 420, 430W, 440, 480, 489.
Total Curriculum Requirements .............................. 18 hours

MINOR IN FIRE AND SAFETY ENGINEERING TECHNOLOGY

The courses required to complete a minor in Fire and Safety Engineering Technology include:

Requirements ......................................................... 18 hours
FSE 120; FSE 221, FSE 224, FSE 355, FSE 445 and FSE 480.
Total Curriculum Requirements .............................. 18 hours

MINOR IN FIRE, ARSON, AND EXPLOSION INVESTIGATION

A student may minor in Fire, Arson, and Explosion Investigation by completing, with a grade of “C” or better, a total of 21 semester hours as follows:

Requirements ......................................................... 21 hours
FSE 120, 250, 350, 370, 380, 450, and 495.
Total Curriculum Requirements .............................. 21 hours

MINOR IN FIRE PROTECTION ADMINISTRATION

A student may minor in Fire Protection Administration by completing, with a grade of “C” or better, a total of 21 semester hours as follows:

Requirements ......................................................... 21 hours
FSE 120, 201, 223, 225, 365, 375, and 400.
Total Curriculum Requirements .............................. 21 hours

MINOR IN HOMELAND SECURITY

CIP Code: 43.0301

Not available to B.S. in Homeland Security majors or Homeland Security certificate-seeking students.

A student may minor in Homeland Security by completing, with a grade of “C” or better, a total of 18 semester hours as follows:

Requirements ......................................................... 18 hours
HLS 101, 210, 260 or 461, and 301; HLS 391, 401 or 465; and HLS 430.
Total Curriculum Requirements .............................. 18 hours

MINOR IN INDUSTRIAL FIRE PROTECTION

A student may minor in Industrial Fire Protection by completing, with a grade of “C” or better, a total of 21 semester hours as follows:

Requirements ......................................................... 21 hours
FSE 101, 120, 221, 224, 322, 360, and 480
Total Curriculum Requirements .............................. 21 hours

MINOR IN OCCUPATIONAL SAFETY

A student may minor in Occupational Safety by completing, with a grade of “C” or better, a total of 18 semester hours as follows:

Requirements ......................................................... 18 hours
OSH 110, 261, 262, 366, 390, and 410W.
Total Curriculum Requirements .............................. 18 hours

MINOR IN SECURITY OPERATIONS

CIP Code: 43.0112

A student may minor in Security Operations by completing, with a grade of “C” or better, a total of 18 semester hours as follows:

Requirements ......................................................... 12 hours
HLS 210, 310, 350, and 391.
Electives ............................................................... 6 hours
HLS 301, 320, 349, 402, 445, or 455.
Total Curriculum Requirements .............................. 18 hours

MINOR IN SOCIAL INTELLIGENCE AND LEADERSHIP

Required courses: (a minimum grade of “C” is mandatory in each of the following):

Requirements ......................................................... 18 hours
CRE 101, EES 250, 300, 310, 450, and 460
Total Curriculum Requirements .............................. 18 hours

MINOR IN TRAFFIC SAFETY (NON-TEACHING)

A student may minor in Traffic Safety by completing 18 hours from the following courses: TRS 103, 233, 322, 413; plus seven additional hours selected from TRS 100, 234, 332, 342, 349, 407, 491.

HOMELAND SECURITY CONCENTRATION IN THE ASSOCIATE OF ARTS IN GENERAL STUDIES DEGREE

See page 83 of this Catalog for the Homeland Security Concentration requirements listed in the Associate of Arts in General Studies degree section.

BASIC EMERGENCY MEDICAL TECHNICIAN*

Meets the National Registry of Emergency Medical Technician and Kentucky Board of Emergency Medical Services certification requirement for EMT: EMC 110, EMC 110L. Co-requisite: EMC 104.
Total Curriculum Requirements ................................................................. 6 hours

*Certificate awarded by the Department of Fire Protection and Paramedicine Sciences and not Eastern Kentucky University.

CERTIFICATE IN HOMELAND SECURITY
CIP Code: 43.0301
Not available to B.S. in Homeland Security majors or minors

Students may obtain a Certificate in Homeland Security by completing, with a grade of “C” or better, a total of 24 semester hours as follows:
Requirements................................................................. 15 hours
  HLS 101, 210, 260 or 461, 301, and HLS 430.
Electives ................................................................. 9 hours
  HLS 349, 391, 401, 441, 445, 455, or 465.
Total Curriculum Requirements .................................................. 24 hours

CERTIFICATE IN INDUSTRIAL FIRE PROTECTION
CIP Code: 43.0201

This certificate prepares student for careers in Industrial Fire Protection. The certificate requires a grade of “C” or better in 24 hours of required courses and 6 hours of specialized practicum. The courses required to complete the Industrial Fire Protection Certificate include:
  FSE 101, 120, 221, 300W, 305, 320, 360, OSH 261, FSE 480, and FSE 499(6).
Total Curriculum Requirements .................................................30-32 hours

CERTIFICATE IN INTELLIGENCE STUDIES
CIP Code: 29.0201

This certificate requires a grade of “C” or better in 12 hours of required intelligence courses and 12 hours within a single Concentration.
Requirements.................................................................12 hours
  HLS 400, 401, 402, and 403
Concentrations .................................................................12 hours
  Concentration Prerequisite: Certificate advisor must pre-approve courses selected for all concentrations.
  A Coop or Internship in an intelligence-related position may be credited to meet requirements of any concentration (3 hours maximum).
  Intelligence Collection and Analysis Concentration:
    Select 12 upper-division hours (300 or 400 level) in courses related to intelligence collection and analysis including, but not limited to, forensic accounting and computing, geographic information systems, logic, mathematics, risk analysis or statistical analysis.
  Threat Specialist Concentration:
    Select 12 upper-division hours (300 or 400 level) in courses related to threats to public and national security including, but not limited to, criminal justice, homeland security, international relations, international security, national security or terrorism/counterterrorism.
  Regional Analysis Concentration:
    Select 12 upper-division hours (300 or 400 level) in the culture, economics, environment, geography, history, military, politics, religions or security of a specific country or region (foreign or U.S.). No more than two courses may have the same prefix.

Students selecting this concentration must also have a minimum of two lower-division or upper-division courses in a language associated with the selected specific country or region.

Security Operations Concentration:
Select 12 upper-division hours (300 or 400 level) in courses related to cyber security, government/industrial security, personnel security, physical security, risk analysis, security management or workplace investigations.

Science & Technology Concentration:
Select 12 upper-division hours (300 or 400 level) in a scientific or technology discipline, including, but not limited to, astronomy, biology, biotechnology, chemistry, earth science, forensic science, health science, information systems, life science, mathematics, microbiology, pharmacology, physics, space science, toxicology; or in an engineering discipline, including, but not limited to, aerospace, civil, computer, electrical, electronic, mechanical, material, nuclear or systems engineering.

Total Curriculum Requirements ..................................................24 hours

CERTIFICATE IN SECURITY MANAGEMENT
CIP Code: 43.0112

The certificate requires a grade of “C” or better in 12 hours of required courses and 12 hours of elective courses.
Requirements .................................................................12 hours
  HLS 210, 310, 350, and 391.
Electives .................................................................12 hours
  CIS 320, 325, INF 307, GBU 101, 201, 204, HLS 301, 320, 349, 402, or INS 378.
Total Curriculum Requirements ..................................................24 hours

CERTIFICATE IN SOCIAL INTELLIGENCE & LEADERSHIP
CIP Code: 35.0101

Completing the certificate requires a minimum grade of “C” in the following required courses:
Requirements .................................................................18 hours
  CRE 101W, EES 250, EES 300, EES 310, EES 450 and EES 460.
Total Curriculum Requirements ..................................................18 hours

ENDORSEMENT

DRIVER EDUCATION ENDORSEMENT

Welcome to the College of Letters, Arts, and Social Sciences (CLASS). CLASS provides education in the arts, philosophy, literature, languages, and social sciences—fields that help us to understand ourselves and others and provide meaning and richness to our world. CLASS represents EKU’s enduring commitment to a liberal arts education as the intellectual foundation for work, life, and citizenship.

In CLASS, we offer courses and academic programs that provide students with the foundation for success in a dynamic, fast-paced, and diverse world. These foundational skills help students excel and lead in any career, cultivate the creativity and critical thinking to adapt to diverse environments, and resolve society’s most challenging problems in a culturally competent and ethical way. CLASS is focused on cultivating skills that are vital to the contemporary workplace - teamwork, critical thinking, communication, and leadership.

CLASS houses the departments of Anthropology/Sociology/Social Work; Art and Design; Communication; English; Government; History, Philosophy, and Religious Studies; Languages, Cultures, and Humanities; the School of Music; and Psychology.

Additionally, interdisciplinary programs include academic minors in African/African-American Studies, Appalachian Studies, Asian Studies, Applied Creative Thinking, Veterans’ Studies, and Women and Gender Studies. It also houses the interdisciplinary academic areas of Education Abroad, and The Honors Scholars Program.

In CLASS, students can participate in EKU’s nationally-ranked mock trial program, which affords students the chance to learn about the legal process in a simulation format.

DEGREES OFFERED

The College of Letters, Arts, and Social Sciences offers the following baccalaureate degrees: Bachelor of Arts, Bachelor of Science, Bachelor of Fine Arts, Bachelor of Music, Bachelor of Social Work. The Associate of Arts is offered in Paralegal Studies.

COLLEGE DEGREE REQUIREMENTS

General University degree requirements as set forth in Section Four of this Catalog as well as specific course requirements set forth in the descriptive curricula must be met by students completing programs administered by the College of Letters, Arts, and Social Sciences. All students graduating with majors in the College of Letters, Arts, and Social Sciences must have a 2.0 GPA in the major exclusive of any supporting courses. Students pursuing a minor in the College must have a minimum 2.0 GPA in the minor. At least twenty-five percent of the courses in the major must be taken at Eastern Kentucky University. In addition, individual programs may have specific requirements that exceed College requirements. Students should consult with an advisor or department chair to learn the particular requirements of a program.

AFFILIATED ACTIVITIES AND RESOURCES

PRE-LAW ADVISING

Mr. Dan Royalty
dan.royalty@eku.edu
Roark 105
(859) 622-8920

The Pre-Law Advisor assists students who are considering law school after graduation. Students interested in going to law school or exploring the possibility of doing so should contact the Pre-Law Advisor for an appointment as early as possible during their academic career, preferably during their freshman year. A Pre-Law Advisor can identify courses that will help prepare students for law school, plus provide valuable information on law schools, the Law School Admission Test (LSAT), and typical admission procedures.

There is no specific major for pre-law students. A broadly-based liberal education will best prepare one to study law, and therefore no fixed pre-law curriculum is prescribed. Law schools generally are not swayed positively or negatively by a student’s choice of major; rather, they want to see that, whatever a student’s major(s), that student performs well as indicated by his or her academic transcript. Thus pre-law students should choose a major that interests them and in which they are likely to be academically successful. Admission to an accredited law school is dependent upon a good undergraduate record with an earned baccalaureate degree and a competitive score on the Law School Admission Test. Further information for pre-law students can be found at http://prelaw.eku.edu.
EKU’s 3+3 Accelerated Law Degree Program

Students pursuing a law-school degree may complete their bachelors and Juris Doctorate (J.D.) degree requirements in 6 years rather than the traditional 7 through EKU’s 3+3 Accelerated Law Degree Program with Northern Kentucky University’s Salmon P. Chase College of Law (NKU Chase).

Interested students must contact the CLASS college advisor as early as possible, preferably during their freshman year, for scheduling assistance to ensure that they complete all requirements for eligibility to apply early (during their junior year) to NKU Chase. To be eligible, students can pursue any major, but must be on track to complete successfully at least 90 credits, including all courses for their selected EKU major, EKU general education, and university requirements, by the end of their third year.

In their third year, students apply for early admission to NKU Chase College of Law, and once they complete their first-year courses at Chase, they can transfer those courses back to EKU (30 hours) to complete the 120 hours required for a bachelor’s degree from EKU. Students who pursue the 3+3 Accelerated Law Program and are denied early admission to NKU Chase may reapply to NKU Chase during their senior year or thereafter without prejudice to their subsequent application based on the earlier denial of admission.

For further details, contact the CLASS Pre-Law Advisor.

Mock Trial

Mr. Thomas C. Parker, J.D., Coordinator
Roark 101
(859) 622-7698

EKU’s nationally-ranked mock trial program affords students the chance to learn about the legal process in a simulation format. Students play the roles of witnesses and attorneys, competing against teams from other schools in tournaments held across the nation. Mock trial develops critical thinking and communication skills, teaches students to work as members of a team, and requires students to respond creatively to unexpected challenges during rounds of competition. Students receive two hours of academic credit (POL 466A and B) per term. Auditions for positions on the team are held each Fall.

Education Abroad

Ms. Jennifer White, Director
Keith 129
(859) 622-1705

Studying abroad IS the right choice for you. Eastern Kentucky University encourages all students to take advantage of education abroad opportunities and join the top 10% of American students who have an internationalized degree. The Education Abroad Office has, or will find, options of a short-term winter, summer, semester or year abroad that will fit any major/minor, country of interest and budget. The Education Abroad Office manages institutional scholarship funds that can help to bring study abroad within financial reach.

Study Abroad:

Summer, Spring break, winter break, full semester, or academic year options are available through EKU’s many study abroad providers, including the Cooperative Center for Study Abroad (CCSA), the Kentucky Institute for International Studies (KIIS), the Accademia Europea di Firenze (AEF), The Knowledge Exchange Institute (KEI), AIFS Study Abroad, University Studies Abroad Consortium (USAC), SOL Education Abroad (SOL), CISabroad (CIS), as well as any number of EKU faculty-led programs that are created yearly. We can help find a winter, summer, semester, or year-long program for any student in any major.

Institutional Exchanges:

Exchanges allow for the most immersive experience abroad possible. EKU has a number of direct, institution-to-institution exchanges in a variety of countries. Students on these exchanges have the opportunity to use their financial aid to pay regular tuition and fees at EKU but go abroad to a partner institution where they will take classes alongside local students.

Language instruction is predominately in English on most exchange programs but opportunities to begin, or to perfect, foreign language abilities is possible through taking classes offered in the local language. Students from the partner institutions in turn come to EKU for a semester or year. For more information on exchange options as well as our direct exchange agreements, please contact the Director of Education Abroad for an appointment.

For More Information:

Feel free to visit the Education Abroad Office in Keith 129 to pick up brochures on all the programs offered. Students interested in education abroad, whether short term, semester or exchange, are encouraged to make an appointment with the Education Abroad Office at 622-8794 or ekubroad@eku.edu as soon as possible to discuss all options, application procedures, course approval, and costs.

Honors Program

Dr. David W. Coleman, Executive Director
University Building 137
(859) 622-2924

The mission of the EKU Honors Program is to provide its students with the best intellectual resources available at the university in order to empower them to attain their highest academic and professional goals. We develop the whole student by way of our interdisciplinary, small classes, our support of student research and travel to regional and national conferences, and our offering of a wide variety of cultural and out-of-classroom experiences.

Regardless of the student’s major, the courses taken in the honors program will apply to the student’s general education and university requirements; participation in the EKU Honors Program should not delay a student’s progress to degree. Any honors student who successfully completes the minimum required hours of honors coursework and graduates with an institutional grade point average of at least 3.20 will qualify as an EKU Honors Scholar. The University will recognize this achievement at commencement, on the academic transcript, and on the student’s diploma.

For information about eligibility and admissions to EKU Honors, consult our website (www.honors.eku.edu) or contact us at (859) 622-2924.

EKU Honors Curriculum

Students enter the EKU Honors Program under one of two curriculum tracks. Students entering EKU Honors in the
fall of their first year of college will complete the Honors Flex curriculum.

Students entering EKU Honors as a currently enrolled EKU student or as a transfer student are placed in the Current & Transfer curriculum track. This requires 18 hours of honors coursework, designed to complement the credits the student has already completed.

All honors program students will receive an honors advisor in addition to their major advisor, who will assist students in creating individualized plans as to how they will fulfill their general education, university, and EKU Honors requirements.

**EKU Honors Courses**

All students entering EKU Honors in their first semester will complete:
- HON 100 Honors Seminar .......................... 1 hr.
- HON 102 Honors Rhetoric .......................... 6 hrs.
- HON 103 Honors Communication ................3 hrs.

*(HON 102 and HON 103 are linked courses and are only taught together; the total classroom contact hours for HON 102 and HON 103 is 6 hours.)*

All students in EKU Honors have the option of fulfilling general education requirements with honors seminars. The following list includes honors seminars and the general education elements they fulfill.

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>HON 304W</td>
<td>Honors Seminar in the Quantitative Sciences</td>

<td>Honors Seminar in Diversity of Perspectives and Experiences</td>
<td>3 hrs.</td>
</tr>
</tbody>
</table>

To graduate as an EKU Honors Scholar, all students must complete:
- HON 420 Thesis Project and Seminar .......................... 6 hrs.

**GPA Requirements**

To remain active and eligible in EKU Honors, students must maintain the following minimum grade point averages:

- 3.00 institutional GPA up to 60 completed institutional hours
- 3.20 institutional GPA after 60 completed institutional hours and to graduate as an EKU Honors Scholar

**Annual Review of Students, Honors Probation, and Honors Dismissal**

At the end of each spring semester, the academic records of all EKU Honors students are reviewed. Students will be notified at their local permanent address listed in the Banner system of the university and at their official EKU student email address if they are placed on honors probation or dismissed from EKU Honors.

If it is determined that a student is not making progress toward completing honors coursework requirements, that student will be dismissed from EKU Honors for being inactive.

Students will be notified and placed on probation if their institutional GPA falls under the following thresholds:

- 3.00 for up to 60 completed institutional hours
- 3.20 after 60 completed institutional hours

Students will be placed on honors probation for one semester (not including summer). At the end of the probationary semester, a student’s academic record will be reviewed. If the student’s GPA does not improve during the probationary semester, the student may be removed from EKU Honors.

Students who are on honors probation should plan to meet with the honors program coordinator to discuss a plan to improve their academic performance.

Exceptions to these eligibility policies may be recommended by the honors executive director but must be approved by the Honors Advisory Committee.

---

**DEPARTMENT OF ANTHROPOLOGY, SOCIOLOGY, AND SOCIAL WORK**

**Chair**
Dr. Paul Paolucci
(859) 622-6780
Keith 223

**Faculty**

**Baccalaureate Degrees**

**ANTHROPOLOGY**

Anthropology is the study of human diversity. It explores the meaning of being human – from the study of culture and social relations, to human biology and physical evolution, to language, to music and art and to vestiges of human habitation. Anthropology addresses fascinating questions such as how peoples’ behavior changes over time, how and why people from distant parts of the world and dissimilar cultures are in many ways similar, how the human species has evolved over millions of years, and how individuals understand and operate successfully in distinct cultural settings. Anthropology includes four sub-fields: cultural anthropology, physical anthropology, archaeology, and linguistics. The Anthropology Program at EKU offers exposure to all of these sub-fields, with the opportunity to specialize, if so desired. Two great reasons to study anthropology include: 1) study topics are intellectually exciting; and 2) Anthropology prepares students for excellent jobs and opens doors to various career paths. Anthropological study provides training particularly...
well-suited to the 21st century. Anthropology approaches human questions from historical, biological, and cultural perspectives. As a result, career opportunities exist in academic, corporate, nonprofit and government settings. Many anthropologists with bachelor’s degrees work for contract archaeology firms at archaeological sites, in physical anthropology laboratories, and in museums in a wide range of areas. International health organizations and development banks employ anthropologists to help design and implement a wide variety of programs. Governmental organizations use anthropologists in planning, research, and managerial capacities. Forensic anthropologists find work in university and museum settings along with police departments to help identify mysterious or unknown remains. Anthropology is a career that embraces people of all kinds. It is a discipline that thrives with heterogeneity—in people, ideas, and research methods. Anthropologists know the wisdom of listening to multiple voices and linking the work from researchers who bring different backgrounds and apply various approaches to their endeavors.

**Bachelor of Arts (B.A.) ANTHROPOLOGY**

*CIP Code: 45.0201*

**UNIVERSITY GRADUATION REQUIREMENTS**

- General Education .................................................. 36 hrs.
- Student Success Seminar ........................................ 1 hr. (waived for transfers with 30 hrs.)
- Writing Intensive Course (hours incorporated into Major Supporting/Gen Ed/Free Electives category)
- Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)
- ACCT : Anthropology majors will select one of the following:
  - ANTH 306, 365, 370, 377, or 393;
  - Biological Anthropology: ANT 311, 344, 375, 377, or 393;
  - C236, 125, 132, 135, 157, 160, 170, 171;
  - Cultural Anthropology: ANT 311, 344, 375, 377, or 393;
  - Archaeology: ANT 321, 341, 355, 357, 360, 439, 470, 471;
- HON 420, or a program-approved study abroad experience.

(Credit hours will be incorporated into Major or Supporting requirements below.)

Total hours University graduation requirements........37 hours

**MAJOR REQUIREMENTS**

- Core Courses .......................................................... 33 hours
  - ANT 120, 200, 201, 330, 351W, 395 and at least one course from each of the following three categories, for a total of 15 hours.
    - Anthropology: ANT 321, 341, 355, 357, 360, 439, 470, 471;
    - Biological Anthropology: ANT 311, 344, 375, 377, or 393;
    - Cultural Anthropology: ANT 306, 365, 370, 371, 380, or 385; (ANT 490, independent study, or ANT 498, Directed Research, may also be selected; it will be classified where appropriate).

Free Electives.......................................................... 50 hours

**TOTAL HOURS TO COMPLETE DEGREE ..........120 hours**

**SOCIAL WORK**

The Social Work Program prepares students for beginning generalist social work practice. The primary purpose of the Social Work profession is to enhance human well being. Social workers help meet the basic human needs of all people and empower those who are vulnerable, oppressed, or living in poverty. Social workers help identify and manage the environmental forces that create, contribute to, and address problems in living. Social workers are an integral part of most non-profit agencies and also offer their services and knowledge in private practice. The Social Work Program has been continuously accredited by the Council on Social Work Education since 1977.

**ADMISSION AND PROGRESSION**

Any student who is accepted by the University Admissions Office and declares his/her major as Social Work will be classified as a pre-Social Work major. Admission to pre-Social Work does not guarantee admission to the Professional Social Work Program. Admission to the program is required for progression in the major beginning with SWK 350 and 354. To be admitted students must have earned at least 32 hours of college credit, meet the minimum program GPA requirement of 2.50, complete SWK 210 and other supporting course work with a minimum grade of “C,” and successfully complete application procedures. Students choosing to double-major must declare Social Work as the first major. For admission requirements and procedures contact the Social Work Program office, (859) 622-1645.

**MISSION AND GOALS**

The Eastern Kentucky University Social Work Program provides a student-centered collaborative and dynamic environment that prepares students for competent and ethical social work practice in a diverse world. This is accomplished through self-reflection, rigorous academics, knowledge based on scientific inquiry and experiential learning in a safe and nurturing environment. We strive to graduate students who understand the complexities of the relationship between people and their environments, value human rights, and believe in the dignity and worth of all human beings. Completion of EKU’s generalist Social Work degree will provide the knowledge, values and skills to become practitioners who can think critically and creatively. Our mission is to graduate ethical leaders who advocate for social and economic justice in rural, urban and global communities, with an emphasis on EKU’s identified service region. Program goals are to (1) provide a fluid curriculum, grounded in a liberal arts perspective that prepares students for competent and effective entry-level generalist professional social work practice with individuals, families, groups, organizations, and communities through mastery of the knowledge, values, and skills that inform the ten core competencies; (2) integrate into the program the values, knowledge, and skills of the social work profession and to socialize students into the profession through self-assessment and self-awareness; (3) prepare students to deliver ethical social work practice through the development of critical thinking to guide professional judgments and practice; and (4) prepare students for advocacy and service to diverse populations- at-risk and to advance economic and social justice.

TOTAL HOURS TO COMPLETE DEGREE ............. 120 hours

Minors

Minor in Anthropology

A student may minor in Anthropology by taking a minimum of 18 hours as follows: ANT 120, 200, 201, and one upper division course in each of: Archaeology, Cultural Anthropology, and Physical Anthropology. Neither ANT 351W nor ANT 395 will count toward the minor.

Minor in Archaeology

A student may minor in Archaeology by taking a minimum of 18 hours as follows: ANT 200, 351W and twelve hours of upper division archaeology electives selected from ANT 321, 341, 355, 357, 360, 439, 470, 471, and 490 (if archaeological topic).

Minor in Social Welfare

A student may minor in Social Welfare by completing the following courses: POL 101, SWK 210, 310, and 410; six hours from POL 341, POL 370, POL 371, SWK 344, SWK 365, SWK 440, SWK 455, SWK 456, SWK 457, or approved Social Work
Minor in Sociology

A student may minor in Sociology by completing the following courses: SOC 131 and 15 hours of sociology electives, 12 of which must be upper division. Three hours of upper division anthropology may be applied to the 15 hours.

Concentrations

Anthropology Concentration in the Associate of Arts in General Studies Degree

See page 83 of this Catalog for the Anthropology Concentration requirements listed in the Associate of Arts in General Studies degree section.

Sociology Concentration in the Associate of Arts in General Studies Degree

See page 84 of this Catalog for the Sociology Concentration requirements listed in the Associate of Arts in General Studies degree section.

Public Child Welfare Certification Program

The Public Child Welfare certification by the Commonwealth of Kentucky requires an application and interview process, practicum experiences in public welfare agencies, participation in required training curricula, maintenance of a 3.0 GPA in social work courses, an institutional GPA of 2.5, and post graduation work commitment. In addition to the B.S.W. degree requirements, students must complete SWK 358 and 450.

See the PCWCP Coordinator in the Social Work Program for more complete information on the application and requirements for the Public Child Welfare Certification Program.

Campbell 309

Faculty

Baccalaureate Degrees

Bachelor of Science (B.S.)
Art/Design Studio

Upon completion of the Bachelor of Science Degree (B.S) in Art/Design Studio, students will gain a broad knowledge of a variety of media and techniques, will be able to apply elements and principles of art and design, be more aware of the influence of perception and observation, and communicate ideas effectively and expressively. Students will apply critical and creative thinking through making, research, analysis, and writing to demonstrate an awareness of historical and contemporary concepts, theories, and styles across global cultures and time periods. Students pursuing the B.S. in Art/Design Studio will have the opportunity to explore multiple disciplines beyond the Department of Art and Design.

BACHELOR OF FINE ARTS

The Baccalaureate of Fine Arts (B.F.A.) degree prepares students for professional careers as artists, designers and art educators. Upon completion of a BFA degree, students will have gained a specialized knowledge of a variety of media and techniques, the ability to apply elements and principles of art and design, an awareness of the influence of perception and observation, and the ability to communicate ideas effectively and expressively. Students in the BFA degree program will have opportunities for in-depth study of various artistic media to advance their studio proficiency. Students will also apply critical and creative thinking through research, analysis, and writing to demonstrate an awareness of historical and contemporary concepts, theories, and styles across global cultures and time periods. Students will engage with professional practices and portfolio development.

BFA Admission Requirements
All students who are accepted by the Office of Admissions and wish to pursue a Bachelor of Fine Arts degree are admitted to the University as a pre-BFA major and must select from at least one pre-BFA concentration area in Art Education, Graphic Design or Studio Art.

Art Education Concentration:
*Teacher Education Majors in Art must meet all requirements for Admission to the Teacher Education Program as well as the prerequisites for Admission to Student Teaching (2.75 GPA) and earn a grade of “C” or higher in all courses within the Department of Art and Design. These are outlined in the College of Education section under Teacher Admission and Clinical Placement. http://Tes.eku.edu. To be recommended for licensure/certification, all candidates seeking initial teacher certification, regardless of the college in which they are enrolled, must meet the requirements for admission to professional education, complete an approved teaching program, and pass the required PRAXIS II tests, PLT exam or Kentucky test as established by the Education Professional Standards Board. Candidates must have taken their PLT and applicable PRAXIS II exam(s) (see https://www.ets.org/praxis/ky) Passing the exams is required for certification, and candidates who do not pass their PLT and subject exams may be required to participate in study workshops during their professional semester.

Contact: Department Art and Design
Chair: Ida Kumoji - Ankrah
Campbell Building 309
859 622-1629
Art Education Advising: Dr. Ilona Szekely

Graphic Design Concentration:
Pre-BFA students are eligible to apply to the Graphic Design BFA degree program during their 3rd semester after completing the following course requirements:

1. 12 credit hours in Foundations (ART100, 152, 153, 154)
2. 3 Credit Hours DES 250
3. Be enrolled in DES 350 and 351

Students are required to submit the official Studio BFA application form, a statement of goals, and a portfolio for review by the BFA Entrance Review Committee. Portfolio requirements include examples of drawing and 2D and 3D works completed at EKU in a variety of courses. Transfer students must meet equivalent minimum requirements and complete a minimum of 24 hours in Art and/or Design. Students wishing to pursue the Graphic Design BFA concentration must average and maintain a 2.5 GPA and earn a grade of “C” or higher in all courses within the Department of Art and Design. Consult with a departmental advisor or visit our website at www.art.eku.edu to obtain a copy of the “Entrance Criteria and Degree Requirements for the BFA in Art and Design”. Students not accepted to the Studio BFA degree program may re-apply at a later date, or pursue a Bachelor of Science in Art/Design Studio.

Progression Requirements
Once students are admitted to the Graphic Design BFA degree program, they are eligible to take upper division courses that require “admission to the BFA” as listed in the course descriptions of this Catalog. Students are required to complete all Graphic Design BFA degree requirements as listed in this catalog including a Senior BFA exhibition and review. Any BFA student whose major GPA falls below 2.5, or who earns a grade lower than “C” in any course within the Department of Art and Design, will be placed on BFA probation. Once on BFA probation, students have one semester to either raise their major GPA or retake and pass (with a “C” or higher) any necessary courses. Students on BFA probation who fail to meet these conditions will be removed from the BFA program. Such students may re-apply at a later date or pursue a Bachelor of Science in Art/Design Studio.

Studio Art Concentration:
Pre-BFA students are eligible to apply to the Studio BFA degree program during their 3rd or 4th semester after completing the following course requirements:

1. 12 credit hours in Foundations (ART100, 152, 153, 154)
2. 6 hours in Core (3 hours from ART 210, 230, 280 or DES 250, 3 hours from 240 or 290)
3. Enrolled in 3 hours in upper division studio (ART 312, 334, 341, 391 or 381)

Students are advised to consider their intended media specialization(s) (Ceramics, Jewelry and Metals, Painting, Photography, Printmaking) when choosing the Core and Upper Division Studio courses used to fulfill requirements for application to the BFA program.

Students are required to submit the official Studio BFA application form, a statement of goals, and a portfolio for review by the BFA Entrance Review Committee. Portfolio requirements include examples of drawing and 2D and 3D works completed at EKU in a variety of courses. Transfer students must meet equivalent minimum requirements and complete a minimum of 24 hours in Art and/or Design. Students wishing to pursue the Studio BFA degree must average and maintain a 2.5 GPA and earn a grade of “C” or higher in all courses within the Department of Art and Design. Consult with a departmental advisor or visit our website at www.art.eku.edu to obtain a copy of the “Entrance Criteria and Degree Requirements for the BFA in Art and Design”. Students not accepted to the Studio BFA degree program may re-apply at a later date, or pursue a Bachelor of Science in Art/Design Studio.

Progression Requirements
Once students are admitted to the Studio BFA degree program,
they are eligible to take upper division courses that require “admission to the BFA” as listed in the course descriptions of this Catalog. Students are required to complete all Studio BFA degree requirements as listed in this catalog including a Senior BFA exhibition and review. Any BFA student whose major GPA falls below 2.5, or who earns a grade lower than “C” in any course within the Department of Art and Design, will be placed on BFA probation. Once on BFA probation, students have one semester to either raise their major GPA or re-apply and pass (with a “C” or higher) any necessary courses. Students on BFA probation who fail to meet these conditions will be removed from the BFA program. Such students may re-apply at a later date or pursue a Bachelor of Science in Art/Design Studio.

Department of Communication

Chair
Dr. Deborah T. Givens, Chair
(859) 622-6564 or 622-1871
Combs 317

Faculty

The Department of Communication offers four-year Bachelor of Arts degree programs in three areas: Broadcasting and Electronic Media, Communication Studies, and Public Relations.

Department Goals
The Department of Communication’s student-centered program seeks to transform lives through excellence in instruction, advising, scholarship, and service. The department strives to produce creative and effective communicators by providing cutting-edge programs emphasizing hands on and practical learning. Empowered by this experience, students are prepared to work, lead, and serve in a global society.

Program Objectives

Broadcasting and Electronic Media
Graduates of the Broadcasting and Electronic Media program pursue careers in the media industry, as well as in cable companies, industrial and corporate video facilities, advertising agencies, and production houses. Students in the BEM Concentration must demonstrate excellence in their ability to produce, direct, write, perform, manage, and create commercials, public service announcements, sports programs, promotional videos, music videos, and entertainment programs for television, the Internet or other platforms. Students in the Film Techniques and Technology Concentration must demonstrate excellence in writing, visualizing, shooting, editing, and cinematic storytelling. Students in the Multimedia Journalism Concentration must demonstrate excellence in gathering information, writing, news production, and visual storytelling. Students will use cross-platform skills within journalistic standards and present news and commentary to a diverse audience. Our objectives are to train students for a variety of fields including traditional and emerging media, businesses and corporations, government public information, advocacy groups, and non-profit organizations. They will develop an understanding of the meaning of First Amendment freedom in the United States, and the social, political, and ethical responsibilities they will have as professionals.

Communication Studies
Graduates of the Communication Studies (CMS) program pursue careers in labor relations, human resources, tourism, banking, corporate relations, sales, and many other professional contexts. Communication Studies students learn how to successfully demonstrate and promote effective human communication, including relationship building and maintenance,
resolving conflict, persuading and negotiating, professional speaking, communication training and development, and leadership skills. CMS students must exhibit cognitive and behavioral learning by demonstrating (a) sufficient knowledge about various human communication processes and (b) satisfactory skills related to communication competency.

PUBLIC RELATIONS

Graduates of the Public Relations program pursue careers with corporations, non-profits, educational, governmental, media, and public relations and advertising agencies. Managing the communication between an organization and its publics, practitioners write news releases, video news releases, newsletters, speeches, annual reports, advertising copy, promotional pieces, feature stories, and social media entries, to name a few. Public Relations practitioners provide appropriate counsel in employee, community, financial, consumer, government, and media relations, as well as crisis communication, all based on ethical principles set forth by the Public Relations Society of America (PRSA). They manage social media accounts, plan events, fundraise, and address public concerns. Students must demonstrate excellence in writing, research, planning, communication, and evaluation of public situations strategies using a variety of platforms to meet the standards for a public relations education as published by PRSA. One of only 40 Certified Bachelor’s Degree Public Relations Programs in the World!

Certification in Education for Public Relations

MINORS

The department also offers minors in Multimedia Journalism, Broadcasting and Electronic Media, Communication Studies, Public Relations, and Visual Media.

MEDIA PRODUCTIONS

Students gain hands-on experience working at The Eastern Progress Student Media Center with a weekly newspaper, online news site, podcasts, and videos produced as part of the student media outlet and located on Third Floor Combs adjacent to BEM classrooms and faculty offices.

Numerous video productions and films are also produced within the department. Majors and non-majors can receive academic credit for work on some productions.

REQUIREMENTS

Some courses may require special skills and equipment such as the ability to keystroke a minimum of 25 words per minute. Instructors will notify students of these requirements at the first class meeting.

Students may earn up to 16 credit hours toward their degree by enrolling in cooperative education courses. Credit for additional practical experience may be earned through practicums. Students majoring or minoring in the Department of Communication are required to attain a minimum grade of “C” in all courses (core and supporting) for a major or minor and a 2.25 or better GPA in all courses (core and supporting) required for the major or minor.

Electives ...................................................... 6 hours
- Six hours from: BEM 415, 325, COM 400, PUB 325 or 325S,
  385 or 385S, 390, 400, 415S, 480, 499, 520, or MGT 301.

Supporting Course Requirements ........................ 3 hours
- BEM 200 or 200W; one of the following, any of which will fulfill “Element 5B”:
  - ANT 120, POL 100, POL 101, PSY 200, PSY 200W, SOC 131.
  - Course also satisfies a General Education element.
  - Hours are included within the 36 hour General Education requirement above.

Free Electives .................................................. 23 hours

Exit Requirement: COM 300(0)

TOTAL HOURS TO COMPLETE DEGREE ........... 120 hours

MINOR IN COMMUNICATION STUDIES

Requirements .................................................. 18 hours
- CMS 200; 210 or 215; 250 or 275; 310, 325, 375.

MINOR IN MULTIMEDIA JOURNALISM

Requirements .................................................. 23 hours
- Courses required for a Minor in Multimedia Journalism are BEM 202, 203, 295(4), 320, 395(4), 349(1), 425, 491(2).

MINOR IN PUBLIC RELATIONS

Requirements .................................................. 21 hours
- Courses required for a minor in public relations are BEM 200 or 200W, 203, 305W; PUB 320 or BEM 320, 375, 380, and 475. Courses counted toward a major may not be counted toward the minor in public relations. Substitute courses will be selected by the student and the departmental advisor.

MINOR IN VISUAL MEDIA

Requirements .................................................. 18 hours
- Courses required for a minor in visual media are BEM 295(4), 395(4), 491(1), BEM 320 or PUB 320,
  BEM 325; and BEM 412. Courses counted toward a major may not be counted toward the minor in visual media.
  Substitute courses will be selected by the student and the departmental advisor.

BACCALAUREATE DEGREES

Bachelor of Arts (B.A.)
ENGLISH
CIP Code: 23.0101

Upon completion of an English degree, graduates will demonstrate a broad awareness of the scope of English Studies, while also gaining knowledge and competency in one of three sub-disciplines. Students focusing on literature will: 1) demonstrate a clear sense of the chronological and thematic development of British and American literature, familiarity with canonical writers and works of the age, and a more specialized knowledge in various genres, periods, authors, and literary trends; 2) be prepared for post-baccalaureate professional lives; 3) demonstrate the ability to think, speak, and write more effectively as literary critics. Students focusing on creative writing will: 1) write a publishable work, critical or creative, and submit it through traditional means/e-submissions; 2) possess knowledge of appropriate writers, the history, pedagogies/theories/genres, 3) possess knowledge of and apply basic research methods in their works, creative or critical, as well as use these skills to research the literary/popular marketplace. Students focusing on technical writing will: 1) produce various types of technical documents required in the workplace that reflect knowledge of audience, purpose, clarity, and precision; 2) demonstrate competence with hardware/software expected of technical/professional writers.

UNIVERSITY GRADUATION REQUIREMENTS

• General Education.................................................36 hours.
• Orientation Course..............................................1 hour.
  (waived for transfers with 30+ hrs.)
• Writing Intensive Course (Hrs. incorporated into Major/ Supporting/Gen Ed/Free Electives category)
• Upper division courses (42 hrs. distributed throughout Major/ Supporting/Gen Ed/Free Electives categories)
• ACCT - English majors will fulfill ACCT with: ENG 490 or 491 or 492. (Credit hours may be incorporated into Major or Supporting requirements)
Total University Graduation Requirements ..............37 hours

Core Courses ...............................................................21 hours

BACHELOR OF ARTS (B.A.) AND
MASTER OF ARTS (M.A.)
ENGLISH

Accelerated 3+2 Dual Degree Program
CIP Code: 13.1305

Students accepted to the 3+2 Accelerated Dual Degree Option are able to complete their B.A. degree and M.A. degree within 5 calendar years because up to 9 semester hours of graduate-level coursework will apply to both the undergraduate B.A. degree and the graduate M.A. degree. Only undergraduate students of proven academic ability will be considered for the program. Students should be aware that, in order to maintain their progress in the accelerated 3+2 program, careful coordination with their advisor is required.

Entrance requirements for the 3+2 adhere to the requirements for the M.A. English Program in the Graduate Catalog. Students admitted into the program will remain coded as undergraduate until fulfilling their BA requirements. Students admitted into the 3+2 program must complete the English BA degree with a minimum 3.0 GPA to be allowed to proceed on with graduate program coursework. Students must fulfill all graduation requirements listed below.

Students may apply to the Graduate School for admission to the 3+2 program in their junior or senior year. Approval of both the department and Graduate School is required (see the form at http://gradschool.eku.edu/graduate-school-forms.

English Program Special Admission Requirements:
ENG 310; and overall grade point average (GPA) of at least 3.0 at the time of admission to the 3+2 program.

UNIVERSITY GRADUATION REQUIREMENTS

• General Education .................................................36 hours.
• Orientation Course (ASO 100; waived for transfers with 30+ hours).................................................................1 hour
• Writing Intensive Course (Hrs. incorporated into Major/ Supporting/Gen Ed/Free Electives category)
• Upper division courses (42 hrs. distributed throughout Major/ Supporting/Gen Ed/Free Electives categories)
• ACCT - English majors will fulfill ACCT with: ENG 490 or 491 or 492. (Credit hours are incorporated into program requirements below)
Total University Graduation Requirements ..............37 hours

B.A. 3 + 2 ENGLISH MAJOR REQUIREMENTS

Core Courses ..................................................30 hours
ENG 310, 311, 312, 313, 410, 474, and 490 or 491 or 492; 801, 808, 833

English Electives ..................................................18 hours
ENG courses at 300 level or above, including at least 9 hours at the 400 or 500 level

Free Electives ....................................................35 hours
### EXIT REQUIREMENTS

#### Comprehensive Examination

All students are required to pass a written comprehensive examination (GRD 857e). Comprehensive examinations will be scheduled approximately one month before the end of the student’s final enrollment period in graduate work for the degree. Non-thesis students will take a two part examination: 1) a breadth-of-knowledge assessment (common to all students in a given concentration) and 2) a depth-of-knowledge assessment (tailored to the individual student’s scholarly interests). Thesis students will take only the breadth-of-knowledge assessment for their concentration.

<tbody>
<tr>
<td><strong>Thesis</strong> — The thesis is optional in this program. Students electing the thesis option must register for ENG 898 as one of their elective courses. A student wishing to write a thesis must prepare a prospectus and have it approved by the thesis committee before registering for thesis hours. The thesis must be prepared in conformity with the regulations approved by the Graduate Council and the Department of English. Students seeking to complete a thesis are required to pass an oral defense of their thesis (GRD 858e). Oral examinations will be scheduled approximately one month before the end of the student’s final enrollment period in graduate work for the degree. Detailed information concerning the preparation and submission of the thesis may be obtained from the program coordinator.</td>

### UNIVERSITY GRADUATION REQUIREMENTS

- **General Education** 36 hours (waived for transfers with 30+ hrs.)
- **Orientation Course** 1 hour
- **Writing Intensive Course** (Hrs. incorporated into Major/Supporting/Gen Ed/Free Electives category)
- **Upper division courses** (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)
- **ACCT** - English Teaching majors will fulfill ACCT with CED 499. (Credit hours may be incorporated into Major or Supporting requirements)

**Total University Graduation Requirements** 37 hours

### MAJOR REQUIREMENTS

#### Core Courses 30 hours

| ENG 303, 310, 311, 312, 313, 405, 410, 510, 440, and 474. |

#### English Electives 9 hours

| 3 hours from American literature: ENG 452, 454, or 455; 3 hours from British literature: ENG 470, 472, 476, 478, 480, 482, or 485; 3 hours from Diversity (ENG 360, 361, 362, 363, 364, 366, 367). |

#### Supporting Course Requirements:

| HIS 102 or HIS 103 (Element 5A) |

#### Professional Education Requirements 37 hours

| EDC 300, EDF 203, 204(2), 219, 413, EMS 300W, 474, 490, ESE 543, SED 104 (Element 6), and 11 credit hours of Clinical Experiences: CED 100(0), 200(0), 300(0.5), 400(0.5), 450(1), 499(9). |

**G = Course also satisfies a General Education element. Hours are included within the 36 hours in General Education.**

#### Free Electives 7 hours

| **PRAXIS EXAMINATION** |

Students must register for and take the PRAXIS exam which correlates to their degree program, per College of Education requirements. Refer to DegreeWorks for exam details. The PRAXIS exam must be taken prior to student teaching.

**TOTAL HOURS TO COMPLETE DEGREE** 120 hours
Candidates earning a degree that leads to teacher certification must take the PRAXIS Series (Professional Assessments for Beginning Teachers) and PLT (Principles of Learning and Teaching) exams as a requirement for graduation. Candidates are encouraged to review the schedule for PRAXIS and PLT registration deadlines prior to beginning the senior year (http://www.kyepsb.net/assessment/index.asp AND www.ets.org/praxis). Specialty exams are required for each certification area sought and it may take more than one test date to complete all requirements. Candidates should confer with their education advisor/counselor to determine the optimal time to take required exams.

TEACHING ENGLISH AS A SECOND LANGUAGE ENDORSEMENT

ADMISSION REQUIREMENTS
Please refer to the College of Education Endorsement section of the Catalog.

Minors

MINOR IN ENGLISH
Requirements..................................................18 hours
ENG 310 and at least 15 additional hours at the 300 level or above in literature and/or writing courses.

MINOR IN ENGLISH (TEACHING)
Requirements..................................................24 hours
ENG 310, 311, 312, and 313; 405, 410 and 510; and at least three additional upper level hours. Minor is available only to students having a teaching major in another field.
Supporting Course Requirements..........................3 hours
EMS 474.
Total Curriculum Requirements..........................27 hours

Concentration

ENGLISH CONCENTRATION IN THE ASSOCIATE OF ARTS IN GENERAL STUDIES DEGREE
See page 83 of this Catalog for the English Concentration requirements listed in the Associate of Arts in General Studies degree section.

Certificate

CERTIFICATE IN PROFESSIONAL AND TECHNICAL WRITING

The Certificate in Professional and Technical Writing (CPTW) is designed for two primary groups: 1) Current EKU students from a wide variety of majors (e.g., the Sciences, Engineering, the Humanities, etc.) who wish to improve their writing and communication skills and improve their job prospects. 2) Non-degree-seeking business people from the region who want to improve their writing and communication skills and/or document those skills (in Certificate form) for present/future employers. With an emphasis on improving their writing, students pursuing a CPTW will learn how to communicate effectively – using text, speech, visual design, and interactive theory – in several multimedia formats, for technical, professional, and general audiences in regional, national, and international contexts. Upon completion of the CPTW, students will have learned first how to effectively gather, organize, and analyze pertinent information for a professional project, and then how to compose, revise, and present the results to the intended audiences across all industries.

DEPARTMENT OF GOVERNMENT

Chair
Prof. Lynnette Noblitt
(859) 622-5931
Beckham 100

Faculty

Bachelor of Arts in Political Science

Political Science is the study of power, conflict, and war, and of the human endeavor to maintain peace, order, and cooperation, and of the principles and ethics that guide that effort. It is the study of governments, in the United States and in other countries, and of the making and carrying out of laws and policies, by Presidents and governors, legislatures, courts, and the administrative agencies and civil service they oversee, and of the media and journalists who observe them and inform us of their actions. It is the study of cities and counties, and of their efforts to maintain and develop communities, politically, socially, and economically. It is the study of public agencies and services, and the special ways they must be organized and managed. It is the study of human values and beliefs, how they are formed and expressed in the public arena, in voting and elections, in political parties, and in the activities of organized interests, both self-seeking and public-spirited. The ancient Greek philosopher, Aristotle, said that politics is “the master science” because it influences how all other knowledge is used in society.

The objective of the political science program is to develop graduates who understand political institutions and behavior, and who in the process become able writers, speakers, thinkers, and informed students of human conflict, organization, and governance. With such knowledge and skills, graduates are well prepared for a variety of careers. Professions to which such abilities are obviously relevant include public service in government and non-profit service agencies, law, education, journalism, and military command. But political science graduates have succeeded as well in careers in a variety of different areas of business, including banking, investment management, extractive and manufacturing industries, insurance, and sales. And political science is a natural minor to accompany other majors in which such knowledge and
skills are important, including social work, public health and health administration, parks and recreation, business management, and all the other social sciences.

Paralegal Program

The paralegal programs offer a Bachelor of Arts degree and Post-Baccalaureate Certificate in paralegal science and an associate of arts degree in paralegal studies. The objectives of the programs are: (1) to create, implement, and maintain a strong, flexible program directed to the quality education of occupationally competent paralegals; (2) to provide a paralegal education program that leads to employment of its graduates by a wide range of employers; (3) to provide paralegals with a well-rounded, balanced education founded on a beneficial mix of general education, theory, and practical courses stressing understanding and reasoning rather than rote learning of facts; (4) to support the general principles of ethical legal practice, professional responsibility, and the prohibitions against the unauthorized practice of law by a lay person; (5) to provide an educational program that is responsive to the varied needs of the state of Kentucky and the region and contributes to the overall advancement of the legal profession; (6) to provide a program which instills respect for the legal profession and its foundations, institutions, and quest for justice; and (7) to maintain equality of opportunity in the educational program without discrimination or segregation on the grounds of race, color, religion, natural origin, or sex.

Paralegals are paraprofessionals who must work under the supervision of an attorney. The laws of Kentucky and other states prohibit paralegals from engaging in the practice of law or providing legal services directly to the public, except as permitted by law. Therefore, completion of a major, minor, or certificate in Paralegal Studies/Sciences does not entitle one to practice law, provide legal services directly to the public, or render legal advice, except as provided by law.

Paralegal Degree Requirements

Paralegal majors, minors, and certificates must attain a minimum grade of “C” in all major and supporting courses, a minimum grade of “C” must be earned in LAS 210 before taking LAS 220. A minimum grade of “C” must be earned in LAS 220 before being admitted to any of the other upper division requirements.

Paralegal majors, minors, and certificates must take a minimum of ten (10) semester credits of courses from Major/Minor requirements in a traditional in-person or ITV format. No courses taken in an online or web-based format can count toward this ten (10) semester credit requirement.

Paralegal Transfer Students

Transfer students must take a minimum of 15 semester hours of paralegal (LAS) courses at EKU to earn a paralegal degree. Please see the EKU Paralegal Program website (www.paralegal.eku.edu) or contact the Paralegal Program Director for more information on the transfer policy for paralegal specialty courses.

Pre-Law Program

A broadly-based liberal education will best prepare one to study law, and therefore no fixed pre-law curriculum is prescribed. Admission to an accredited law school is dependent upon a good undergraduate record with an earned baccalaureate degree and a competitive score on the Law School Admission Test.

Students interested in going to law school or exploring the possibility of doing so should make an appointment with the Pre-Law Advisor as early in their academic career as possible. The Pre-Law Advisor can guide the student in selecting courses that will help prepare the student for law school, plus provide valuable information on law schools, the Law School Admission Test, and typical admission procedures.

Baccalaureate Degrees

Bachelor of Arts (B.A.)
GLOBALIZATION AND INTERNATIONAL AFFAIRS
CIP Code: 30.2001

The intent of the Globalization and International Affairs (GLO) major is to create an interdisciplinary major that focuses on the nature of globalization and its impacts on individuals, communities, regions, and nations, and to assist in broadening the international horizons of EKU students. The program will graduate culturally aware students who are comfortable in a variety of international public-sector, private-sector, and non-profit positions. GLO students will possess an enhanced awareness of worldwide economic and political events and will be able to assess their impacts on international affairs. Upon completion of the GLO degree, graduates will be able to: (1) analyze cultural, economic, geographical, historical, political and social forces affecting globalization, (2) identify factors which impede or encourage globalization, (3) evaluate the impacts of increasing globalization on individuals, communities, regions, and nations, (4) integrate globalization ideas and concepts from the various disciplines into a unified whole, and (5) compete well for international positions or for domestic positions requiring international expertise.

UNIVERSITY GRADUATION REQUIREMENTS

- General Education.................................36 hours
- Student Success Seminar (ASO 100; waived for transfers with 30+ hrs.).................................1 hour
- Writing Intensive Course (hours incorporated into Major/Supporting/Gen Ed/Free Electives category)
- Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)
- ACCT - Globalization and International Affairs majors will fulfill ACCT with 6 credits selected from Study Abroad, POL 280 and POL 400W, GLO-Approved Coop/Internship (Credit hours are incorporated into Major requirements.)

Total hours University graduation requirements......37 hours

MAJOR REQUIREMENTS

A minimum grade of “C” is required in all courses counted toward this major.

Core Courses: .............................................18 hours
ANT 120 or 200; ECO 231, GEO 100, HIS 370, POL 212, and POL 220.

Major Electives............................................12 hours
Select 12 hours from these courses:
languages (not Latin, English, or ASL). Students may apply for ONE exception to the above list. The course must have significant global content and be approved by the program director.

**Capstone Requirement** ..................................................6 hours  
6 hours of GLO-Approved Study Abroad, or POL 280 and POL 400W, or 6 hours of GLO-Approved Coop/Internship

or higher spoken world languages not including Latin,
English, or ALS (Element 6).

MINOR IN LEGAL STUDIES

The Legal Studies Minor is an interdisciplinary program with
a liberal arts focus that provides students with the opportunity to
study the law, legal ideas/concepts, and legal systems/processes
from a variety of perspectives. The minor is designed to provide
a broad conceptual framework to explore legal studies and
complement a chosen major of study. While the minor may be
appropriate for those considering attending law schools, it is not a
“pre-law” program and does not provide legal or paralegal training.

Core Requirement...............................................3 hours
LGS 300

Electives...............................................................12 hours
ANT 357, FOR 465W, LAS 220, LGS 305, LGS 360, LGS
490, POL 327, 347, 360, 460, 463, 464, 466, PSY 466, SOC
340, 375, 383
OR substitute 3 hours of special topics courses as approved
by the Director of Legal Studies.

Students are strongly advised to enroll in LGS 300 before
beginning Legal Studies elective studies. Students may not
take more than six hours of electives with the same course
prefix. Students may not count Legal Studies electives
towards any other major or minor.

Co-op or Research Requirement.........................3 hours
LGS 349 or LGS 400

Total Curriculum Requirements.........................18 hours

MINOR IN PARALEGAL STUDIES
A student may minor in Paralegal Studies by completing a
total of 18 hours as follows: LAS 210, 220, 300 or 300W, 350,
355, and 410.

MINOR IN POLITICAL SCIENCE
A student may minor in political science by completing
POL 101 plus 15 hours of which nine hours must be in courses
numbered 300 or above. No more than three hours of POL 349
may count toward the minor.

**MINOR IN PUBLIC ADMINISTRATION**

A student may minor in public administration by completing a total of 18 hours as follows: POL 101, POL 370, POL 374, and nine hours from POL 332 or POL 333, POL 373, POL 376, POL 377, and POL 565. Upper division courses applied to the public administration minor may not be applied to the political science minor.

**CONCENTRATION**

**POLITICAL SCIENCE CONCENTRATION IN THE ASSOCIATE OF ARTS IN GENERAL STUDIES DEGREE**

See page 83 of this Catalog for the Political Science Concentration requirements listed in the Associate of Arts in General Studies degree section.

**CERTIFICATE**

**CERTIFICATE IN PARALEGAL SCIENCE (POST-BACCALAUREATE)**

Requirements ..................................................30-31 hours**

LAS 210, 220, 300 or 300W, 350, 355, 410, plus 12 hours of LAS courses chosen from LAS 325, 330, 340, 360, 370, 380, 385, 399.*

*LAS 399 is a 4 semester hour course.

**Students with 75 hours or more may begin taking courses toward the post-baccalaureate certificate. At least 18 hours toward the certificate must be taken subsequent to receiving a bachelor’s degree.

**CERTIFICATE IN PUBLIC ADMINISTRATION**

Requirements ..................................................18 hours

POL 101, 370, 374, and any three of the following POL 373, 376, 377, or 533.

Public Administration is an ideal certificate for individuals planning careers in public service in local, state, regional, and federal government and in non-profit management. In addition, the certificate prepares individuals in the private sector who have responsibility for public sector contracts, regulatory compliance, and other oversight activities.

**Faculty**

**BACCALAUREATE DEGREES**

**BACHELOR OF ARTS (B.A.) HISTORY**

CIP Code: 54.0101

Program Objectives

Upon successful completion of this program, graduates will be able to: 1) demonstrate knowledge of U.S. history, European history, and selected aspects of non-Western history at a high level; 2) demonstrate their ability to communicate effectively in both oral and written form (all students in the program will complete term papers as part of their major requirements); and 3) execute a major research project utilizing both primary and secondary sources. All students in the baccalaureate program will submit prior to graduation a formal research project which includes both primary and secondary sources.

Because the program puts history into real-world application, it offers many unique pathways to prepare students for careers in: public history, education, media, the legal field, government, non-governmental organizations including non-profits, and business/ management. And students can complete any of the career preparation pathways in just four years!

While a major in History Teaching prepares students to teach high school Social Studies or to join the educational arm of such entities as historical museums and sites, majoring in History provides students with the research skills and critical thinking and communication capabilities applicable and essential to any path they pursue post-graduation. More importantly, by combining a History major with a second major or minor in such areas as communications, political science, geography, business, or tourism and recreation, students gain profession-specific skills. They also acquire real world-experience because many of these majors require or stress completing an internship. Completion of one of History’s career pathways prepares a student for pursuing such opportunities as: curatorial positions in museums and historical sites, video production, broadcasting including reporting, publishing, event planning and promotion, employment with state and federal agencies or international and non-profit organizations, and entry into graduate or professional programs such as law school.

For more information on the career preparation pathways offered by the department go to www.history.eku.edu or contact the department at the number provided above.
UNIVERSITY GRADUATION REQUIREMENTS

- General Education ................................................. 36 hours
- Student Success Seminar ........................................ 1 hour (ASO 100H; waived for transfers with 30+ hrs.)
- Writing Intensive Course (Hrs. incorporated into Major/Supporting/Gen Ed/Free Electives category)
- Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)
- ACCT – History majors will fulfill ACCT with HIS 450W. (Credit hours may be incorporated into Major or Supporting requirements)

Total Hours University Graduation Requirements ... 37 hours

MAJOR REQUIREMENTS

Core Courses ......................................................... 36 hours
- HIS 100, 101, or 147; HIS 102, 103, 290, 450W, and 21 upper division hours with a minimum of six hours in each of the following distribution areas (including two of the following three courses: 302A, 302B, 302C):
  - Area II (Europe): HIS 300B (3 hours), 302B, 310, 312B, 336, 339, 343, 351, 359, 361, or 365.
  - Area III (Non-Western): HIS 300C (3 hours), 302C, 308, 312C, 321, 322, 324, 331, 370, 374, 376, 379, 384, 385, or 386.

Free Electives .......................................................... 47 hours
- At least three hours of one foreign language is strongly recommended. Students who plan to pursue a graduate degree are strongly encouraged to take at least six hours of a foreign language which will also serve to fulfill Gen Ed Element 6.

TOTAL HOURS TO COMPLETE DEGREE ............... 120 hours

Bachelor of Arts (B.A.)
HISTORY/TEACHING
CIP Code: 13.1328

Program Objectives

Upon successful completion of this program, graduates will be able to: 1) demonstrate knowledge of U.S. History, European history, and selected aspects of non-Western history at a high level; 2) demonstrate their ability to communicate effectively in both oral and written form (all students in the program will complete term papers as part of their major requirements); and 3) execute a major research project utilizing both primary and secondary sources. All students in the baccalaureate degree program will submit prior to graduation a formal research project which includes both primary and secondary sources. The History/Teaching B.A. is designed above all for those who wish to pursue careers in social studies at the secondary level or join the educational arm of such entities as historical museums and sites. Offered in cooperation with the EKU College of Education, the History/Teaching B.A. program includes secondary teaching certification in social studies. Refer to the College of Education section of this Catalog regarding the teacher certification requirements associated with this degree program.

MAJOR REQUIREMENTS

Core Courses ......................................................... 33 hours
- HIS 101 or 147; HIS 102, 103, 290, 450W; 18 hrs upper division with a minimum of 6 hrs in each of the following distribution areas (including two of the following three courses: 302A, 302B, 302C):
  - Area II (Europe): HIS 300B (3 hours), 302B, 310, 312B, 336, 339, 343, 351, 359, 361, or 365.
  - Area III (Non-Western): HIS 300C (3 hours), 302C, 308, 312C, 321, 322, 324, 331, 370, 374, 376, 379, 384, 385, or 386.

Supporting Course Requirements .................................. 12 hours
- 6 credits from the following: HIS 493, 494, 499; EDC 300, EDF 203, 204(2), 219 or 219W, 413, EMS 300W, 474, 490, ESE 549, SED 104 (Element 6), and 11 credit hours of Clinical Experiences: CED 100(0), 200(0), 300(0.5), 400(0.5), 450(1), 499(9).
- Students may only count one of the courses noted as fulfilling Element 5A and one course noted as fulfilling 5B for such purposes.
- Supporting Course Requirements (Hrs. incorporated into Major/Supporting/Gen Ed/Free Electives category)

Free Electives .......................................................... 1 hour

EXIT REQUIREMENT .................................................. 0 hours

PRAXIS EXAMINATION
- Students must register for and take the PRAXIS exam which correlates to their degree program, per College of Education requirements. Refer to DegreeWorks for exam details. The PRAXIS exam must be taken prior to student teaching.

TOTAL HOURS TO COMPLETE DEGREE ............... 120 hours
Program Requirements:
Students accepted to the 3+2 Accelerated Dual Degree Option are able to complete their B.A. degree and M.A. degree within 5 calendar years because up to 9 semester hours of graduate-level coursework will apply to both the undergraduate B.A. degree and the graduate M.A. degree. Only undergraduate students of proven academic ability will be considered for the program. Students should be aware that, in order to maintain their progress in the accelerated 3+2 program, careful coordination with their advisor is required.

Entrance requirements for the 3+2 program adhere to the requirements for the M.A. History Program in the Graduate Catalog. Students admitted into the program will remain coded as undergraduate until fulfilling their B.A. requirements. Students admitted into the 3+2 program must complete the History B.A. degree with a minimum 3.0 GPA to be allowed to proceed on with graduate program coursework. Students must fulfill all graduation requirements listed below. Students may apply to the Graduate School for admission to the 3+2 program in their junior or senior year. Approval of both the department and Graduate School is required (see the form at http://gradschool.eku.edu/graduate-school-forms).

Special Admissions Requirements:
You must satisfy all the following conditions:

1. Junior or Senior standing
2. Overall grade point average (GPA) of at least 3.0 at the time of admission to the 3+2 option
3. Approval from department and Graduate School (see the form at http://gradschool.eku.edu/graduate-school-forms)
4. Must maintain an overall undergraduate and graduate grade point average (GPA) of at least 3.0 to continue in the 3+2 option.

UNIVERSITY GRADUATION REQUIREMENTS
• General Education Requirements.........................36 hours
  (See the requirements for the regular option)
• Student Success Seminar........................................1 hour
  (ASO 100; waived for transfers with 30+ hrs.)
• Writing Intensive Course (Hrs. incorporated into Major/Supporting/Gen Ed/Free Electives category)
• Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)
• ACCT – History 3+2 majors will fulfill ACCT with HIS 802.

Total Hours University Graduation Requirements for the B.A. ........................................................................37 hours

DEPARTMENT OF LANGUAGES, CULTURES, AND HUMANITIES

Chair
Dr. Abbey Poffenberger
(859) 622-2996
McCreary 115

Faculty

Mission and Goals
The Department of Languages, Cultures and Humanities is a multi-disciplinary unit which offers a variety of programs through which students gain new insights into other cultures, and develop the language skills necessary for participation and leadership in the global community. The Spanish programs prepare the students to communicate in a major world language spoken on several continents. Our Spanish teaching degree helps meet the increasingly critical need for foreign language teachers in Kentucky. We offer certificate programs primarily for non-language majors with concentration on basic conversation skills and cultural understanding, currently available in French, German, Japanese, and Spanish. Additionally, we offer a variety of interdisciplinary programs that include academic minors and certificates in African/African-American Studies, Appalachian Studies, Asian Studies, and Gender Studies. The department helps students to fulfill General Education requirements in Elements 3, 5B, and 6 through course offerings in African/African-American Studies (AFA), Appalachian Studies (APP), French (FRE), German (GER), Japanese (JPN), Latin (LAT), Spanish (SPA), Veterans Studies (VTS), Gender Studies (WGS), and occasionally other languages such as Arabic and Chinese (as FLS courses); through foreign culture and civilization courses (FCC); and also through the basic sequence of Humanities courses (HUM). All our courses, whether in language, literature, culture, or humanities, strive to foster an atmosphere in which students can experience the joy of learning and intellectual fulfillment while developing deeper understanding and appreciation of cultural diversity.

1. Certain courses are inappropriate for students with native or near-native fluency in a particular language. Native speakers of a foreign language (i.e. a language other than English) are welcome to take our courses at an appropriate skill level. However, such students cannot be given credit for introductory courses (100/200 level), in their native language either by enrolling in the course or by taking an exam for credit. Exceptions to this restriction, such as heritage
speakers who need to take a lower level course to correct language deficiencies, must be approved by the relevant foreign language faculty in consultation with the chair. Other exceptions may apply, at the discretion of the coordinator and foreign language faculty in conjunction with the chair.

2. Students who transfer credits must earn no fewer than 15 upper-division hours in the major and 9 upper-division hours in the minor at EKU, the exact minimum to be determined by the department chair in consultation with the faculty in the major area.

3. Eastern Kentucky University students are required to obtain the department chair’s written prior approval of any course work they plan to transfer back to EKU for application to the major or minor.

4. A grade of “C” or higher is required in each course to be applied toward the major and minor.

5. Students in teaching programs must attain a minimum 2.75 GPA in their teaching major to be recommended for student teaching.

6. Spanish majors must attain a minimum 2.75 GPA in the major, and must also pass a departmental proficiency exam which covers spoken and written language, culture, and literature. Teaching majors must pass the proficiency exam to be recommended for student teaching. Students will ordinarily take the exam no later than in the first semester of their senior year.

**Baccalaureate Degrees**

### Bachelor of Arts (B.A.)

**SPANISH**

_CIP Code: 16.0905_

**UNIVERSITY GRADUATION REQUIREMENTS**

- General Education ..................................................36 hours
- Student Success Seminar (ASO 100; waived for transfers with 30+ hrs.)..................................................1 hour
- Writing Intensive Course (Hrs. incorporated into Major/Supporting/Gen Ed/Free Electives category)
- Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)
- ACCT - Spanish Teaching majors will fulfill ACCT with SPA 321S or a program-approved study abroad experience. (Credit hours are incorporated into program requirements below.)

**Total Hours University Graduation Requirements ........37 hours**

**MAJOR REQUIREMENTS**

**Core Courses.........................................................30 hours**

A student may major in Spanish by completing a minimum of 30 hours in courses numbered 200 and above; 21 of these hours must be at the 300 level or above. The following courses are required: SPA 206 (waived in case of demonstrable oral proficiency); 301 and 360; 380 or 381; three hours from 405, 406, 407; and 492.

A grade of “C” or higher is required in each course for credit toward the major. Students must attain a 2.75 GPA in their major.

**Exit Requirement:**

- SPA 492
- Free Electives......................................................53 hours

**TOTAL HOURS TO COMPLETE DEGREE ..........120 hours**

### Minor in African/African-American Studies

**Dr. Lisa Day, Director**

McCreary 221

(859) 622-7235

afastudies.eku.edu

African/African-American Studies is an interdisciplinary program that explores the histories, societies, and cultures of Africans and people of African descent throughout the Diaspora. Courses are offered from a broad range of disciplines, including the
Minor in Applied Creative Thinking

Dr. Russell Carpenter, Director
Noel Studio 310P
859-622-7403
studio.eku.edu/minor-applied-creative-thinking

The Minor in Applied Creative Thinking is offered for students in all disciplines. The minor consists of 18 hours of courses.

Requirements..............................................................18 hours
CRE 101W and CRE 400 (CRE 400 must be taken after the completion of the other five courses), and 12 hours from a list of potential courses listed on the Noel Studio website at: http://studio.eku.edu/minor-applied-creative-thinking or from the following potential courses:
- ART 100, ART 152, ART 153, ART 164, ART 376, BEM 305W, BEM 353W, CRE 201, CRE 300, CRE 301, CRE 305, CRE 350, CRE 490, ENG 350, ENG 351, ENG 352, ENG 353, MUH 272, PUB 415, TEC 305.

Students pursuing the minor in Applied Creative Thinking must earn a “C” or above in all courses counting toward the minor.

Minor in Asian Studies

Dr. Abbey Poffenberger, Director
McCreary 114
(859) 622-8240
asianstudies.eku.edu/

“If you want to understand the world you need to understand Asia” (Nicholas Kristof, Pulitzer Prize-winning columnist for The New York Times).

The Interdisciplinary Asian Studies Program at Eastern Kentucky University provides an understanding of Asia through a critical examination of the cultures, societies, languages, histories, religions, and politics of Asians and peoples of Asian descent throughout the world. An understanding of Asia enhances not only students’ understanding of the world but also their prospects for employment in a wide variety of fields, including but not limited to international trade and industry, teaching and research, translation and interpretation, foreign policy and diplomacy, human rights and development, and immigration and social service. The program offers a minor (18 hours) and a certificate (12 hours) in Asian Studies.

A student may minor in Asian Studies by completing:
- a minimum of 18 semester hours in the four areas listed below, and from at least three different departments
- at least 9 hours at the 300 level or above

Departments: English (ENG); Exercise & Sport Science (PHE); Languages, Cultures & Humanities (CHN/FCC/FLS/HUM/JPN); Geography & Geology (GEO); Government (POL); History (HIS); Honors (HON); History, Philosophy & Religious Studies (PHI/REL); Psychology (PSY); Education Abroad (IES/UNP); Women & Gender Studies (WGS)

Language and Immersion..................................................6 hours
- CHN 101 and 102 (or higher levels); or JPN 101 and 102 (or higher levels); or FLS 101 and 102 (or higher levels) (Arabic, Chinese, or any other Asian language); or 6 hours of study abroad in any Asian country(ies);
- or 3 hours of study abroad in any Asian country plus 3 hours of a language (101 level or higher) indigenous to that country.

Religion and Culture.........................................................3 hours
- FCC 227, HIS 324, REL 335, 340, 345 or 350

History and Society........................................................3 hours
- HIS 321, 322, 324, 374, 376, 379, POL 312, 313, 314, 318, or WGS 304

Electives.............................................................................6 hours
- Additional course(s) from the three areas above and/or

The Director of the Asian Studies Program may approve other courses to meet requirements for the Minor.
The certificate in Appalachian Studies requires a minimum of 12 credit hours as indicated below.

Core Requirements.........................................................3 hours
APP 200 (also fulfills General Education, E-5B or 6)
Electives Requirement......................................................9 hours
Nine hours of approved Appalachian Studies electives
Total Curriculum Requirement.......................................12 hours

Approved Appalachian Studies Courses:
- APP 200 Introduction to Appalachia
- APP 340/ECO 340 Environmental Economics
- APP 350 Special Topics: Appalachia
- APP/CRIJ 355 Rural Crime & Justice
- APP 360 Media Images of Appalachia
- APP/ENG 365 Appalachian Literature
- APP 366/SOC 365 Social Change in Appalachia
- APP/POL 373 Politics of Development in Appalachia
- APP 375 Appalachian Religion
- APP/HIS 420 Appalachia in American History
- APP/GEO/ENV 430 Sustainability in Appalachia
- APP 460 Seminar in Appalachian Studies
- APP 490 Independent Study
- APP/OTS 520 Providing Health Services in Appalachia

Students may also select content relevant special topics or independent studies courses with the approval of the Coordinator of the Appalachian Studies minor.

Certificate in Asian Studies
A student may earn a Certificate in Asian Studies by completing the following:
- a minimum of 12 semester hours from the list of Electives for the Minor in Asian Studies, and from at least three different departments
- at least 6 hours at the 300 level or above

The Director of the Asian Studies Program may approve other courses to meet requirements for the Certificate.

Certificate in French Conversation and Culture
Prerequisites .................................................................0-6 hours
FRE 101 and 102 (or equivalent).
Requirements...............................................................15 hours
FCC 220 or FCC 210 (with a topic related to the French-speaking world); nine hours from FRE 201, 202, and 207; and three hours with the FRE prefix numbered 300 and above. A grade of “C” or higher is required in each course for credit toward the certificate.
Total Curriculum Requirement.....................................15-21 hours

Certificate in German Conversation and Culture
Prerequisites .................................................................0-6 hours
GER 101 and 102 (or equivalent).
Requirements...............................................................9 hours
FCC 210 or 222; GER 201 and 202. A grade of “C” or higher is required in each course for credit toward the certificate.
Total Curriculum Requirement.....................................15 hours
Certificate in Japanese Conversation and Culture

Requirements ......................................................15 hours
FCC 227; JPN 101, 102, 201, 202. A grade of “C” or higher is required in each course for credit toward the certificate.
Total Curriculum Requirements ...............................15 hours

Certificate in Spanish Conversation and Culture

Prerequisites ......................................................0-6 hours
SPA 101 and 102 or 105 (or equivalent).
Requirements ......................................................15 hours
SPA 201, 202, 206, and six hours of upper-division Spanish courses. A grade of “C” or higher is required in each course for credit toward the certificate.
Total Curriculum Requirements ...............................15-21 hours

Certificate in Women and Gender Studies

A student may complete an interdisciplinary Women and Gender Studies certificate by taking 12 hours as indicated below:
Core Requirements..................................................6 hours
WGS 201 and 400.
Electives........................................................................6 hours
Six hours from the following courses: WGS 132, 232, 300, 302, 303, 305, 306, 308, 309, 311, 331, 345, 349, 364, 365, 366, 420, 446, 451, 495, 591, 592, 593, SOC 399, or gender-specific courses from other programs (upon WGS approval).
Total Curriculum Requirements ...............................12 hours

NOTE: Average GPA of courses applied to the minor must be 2.25 or better.

EKU School of Music

Chair
Dr. Joseph Carucci
(859) 622-3266
Foster 101

Faculty

Mission Statement
The EKU School of Music provides a relevant and comprehensive music curriculum through individualized attention and student-centered learning. We create a diverse community of musical leaders for the 21st Century who will enhance the fabric of their society, the commonwealth, and beyond through the power of music.

Baccalaureate Degrees

Bachelor of Music (B.M.)
MUSIC
CIP Code: 50.0901

Program Objectives
Upon successful completion of the Bachelor of Music program, graduates will be able to perform a recital in their major applied area, communicate effectively about the theoretical concepts in music, and identify and analyze musical works from diverse cultures and historical periods.
In addition, all music education majors will demonstrate the ability to sing, play a variety of instruments, develop lesson plans, and engage in effective teaching during a student teaching semester. All theory and composition students will demonstrate composition skills and present original compositions in public recitals as well as identifying an area of advanced analysis of musical works through a senior project. All music industry students will demonstrate music technology skills, identify trends in the many facets of this business field, and demonstrate an ability to work with professionals through cooperative learning experiences. All performance majors will prepare two performance recitals and analyze repertoire presented on those recitals, in addition to identifying different pedagogical approaches in their area.

Admission to the Music Major Program
Admission to the Bachelor of Music programs requires a successful audition for the applicable applied teacher. The student is expected to demonstrate acceptable levels of achievement in performance in terms of intonation, tone quality and rhythmic accuracy. Incoming students will be expected to perform two selections of contrasting styles. Students may be accepted on probationary status at the discretion of the applied teacher and the School of Music chair.
Bachelor of Music Core Requirements

Applied Music

All music majors must complete a minimum of seven semesters of applied lessons with at least three of the semesters at the upper division levels (numbered 300 or 400). Applied students must complete a jury examination at the end of each semester. Each major is required to enroll in applied music every semester of full-time enrollment.

Solo Recital Performance

Each major is required to perform the equivalent of a half recital (MUS 399) during the course of study.

Ensemble Requirements

Each major is expected to enroll in a major ensemble reflecting the major applied area of study every semester of full-time enrollment. Wind and percussion majors will enroll in MUS 256 (Marching Band), MUS 255A/455A (Symphonic Band), MUS 255B/455B (Concert Band), or MUS 235/435 (Symphony Orchestra). With permission of the Department Chair, MUS 254/454 (Jazz Ensemble) may be submitted for the major ensemble requirement for wind and percussion majors. Orchestral string majors will enroll in MUS 235/435 (Symphony Orchestra) or MUS 236/436 (String Orchestra). Some string bass majors may be assigned to MUS 255A/455A (Symphonic Band) pending auditions. Guitar majors will enroll in MUS 257/457 (Guitar Ensemble). Vocal majors will enroll in MUS 225/425 (Concert Choir) or MUS 226/426 (University Singers). Keyboard majors may substitute accompaniment (MUS 313 or 513) for ensemble credits. Even if the student plans to study in two or more applied areas, one of them must be declared the major. Students enrolling in more than three ensembles should receive permission for such participation from their applied teacher, ensemble director, and advisor. All wind and percussion majors have required corequisite small and large ensembles with their applied lessons. Voice/string majors have a corequisite large ensemble required with applied lessons and must demonstrate experience in small choral/string ensembles.

Recital Attendance

All majors are required to attend 16 recitals including the Friday recitals and other departmental concerts held throughout the semester (MUS 101) for at least six semesters. Performances off campus must receive approval by department chair.

Music Education

All wind and percussion majors must complete at least three semesters of MUS 256. All Music Education majors must elect MUS 383.

Music Performance

All performance majors must pass an audition beyond the entrance audition. They will be on probationary status for one to four semesters. At the end of the probationary period, the student may re-audition for full candidacy. The Audition Committee will consist of at least three members of the music faculty including the applied teacher. All performance majors must give a full recital (MUS 499) in addition to the half recital required of all majors. Vocal performance majors must elect foreign language as part of their Gen. Ed. studies.

Music Industry and Music Industry Recording Arts

All music industry and music industry-recording arts majors must complete 3 or 4 credit hours of Co-op (MUS 349) and 2 credit hours of Music Industry Senior Capstone (MUS 449). All Co-op projects must be approved by the Co-op office, department chair, and Co-op coordinator.

Music Theory and Composition

Theory and composition majors must complete two credits of beginning composition (MUS 283) and eight credits of advanced composition (MUS 483). All theory and composition majors, whose major applied area is not piano, must elect two semesters of additional piano studies. Theory students will complete a senior project (MUS 499) consisting of a theory project and a half recital of original compositions as part of this degree program.

University Graduation Requirements

- General Education .................................................. 36 hours
- Student Success Seminar (ASO 100; waived for transfers with 30+ hrs.) ........................................ 1 hour
- Writing Intensive Course (Hrs. incorporated into Major/Supporting/Gen Ed/Free Electives category) 4 hrs.
- Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories) 24 hrs.
- ACCT – Majors will fulfill ACCT with MUS 349, 482, 499, 550, or 551, or CED 499. (Credit hours may be incorporated into Major or Supporting requirements)

Total Hours University Graduation Requirements ...37 hours

Major Requirements

Core Courses .......................................................... 38 hours
MUS 110(1), 111(1), 210(1), and 211(1), or MUS 114 (2) and 115 (2); MUS 161(1), 162(1), 181, 182, 261(1), 262(1), 281, 282, 366(1), 399(1), 480, MUH 371 and 372; a minimum of 7 hrs of applied primary instrument over 7 semesters (2 credits at 100 level, 2 credits at 200 level, 2 credits at 300 level and 1 credit at 400 level); six semesters of MUS 101 (0 credit course).

Degree Concentrations:

Performance/Instrumental ........................................ 43 hours
MUS 285 or 383 or 481, 367(2) or 368(2), 384(2), 499 (1), 550 (2), 551 (2); additional 17 hrs of applied primary instrument (2 hrs at 100 and 200 levels, 6 hrs at 300 level, and 7 hrs at 400 level); a minimum of 8 hrs of ensembles over 8 semesters; 3 hrs of upper division music theory electives; 3 hrs of upper division music history electives.

Performance/Piano Pedagogy .................................. 43 hours
MUS 285 or 383 or 481, 201(1), 299(1), 303(1), 348(1), 355(1), 367(2) or 368(2), 384(2), 448(1), 451(1), 499(1), 513(1), 550(2), 551(2); additional 9 hrs of applied primary instrument (2 hrs at 100, 200 and 300 levels, and 3 hrs at 400 level); a minimum of 8 hrs of ensembles over 8 semesters; 3 hrs of upper division music theory electives; 3 hrs of upper division music history electives.

Performance/Vocal .................................................. 43 hours
MUS 220 (1), and 221(1); 285 or 383 or 481; MUS 367(2) or 368(2); 384(2), MUS 499 (1), 550 (1), 551 (1); additional 17 hrs of applied primary instrument (2 hrs at 100 and 200 levels, 6 hrs at 300 level, and 7 hrs at 400 level); a minimum of 8 hrs of ensembles over 8 semesters; 3 hrs upper division music theory electives; 3 hrs upper division music history electives.
Performance/Vocal Pedagogy..................................43 hours
MUS 202(1), 220(1), 221(1), 285 or 383 or 481, 299(1),
303(1), 348(1), 355(1), 367(2) or 368(2), 384(2), 448(1)
452(1), 499(1), 550(1), 551(2); additional 9 hrs of applied
primary instrument (2 hrs at 100, 200 and 300 levels, and
3 hrs at 400 level); a minimum of 8 hrs of ensembles over 8
semesters; 3 hrs of upper division music theory electives; 3
hrs of upper division music history electives.

Emphasis in Music Industry..........................47 hours
MUS 190(2), 191(2), 285 or 383 or 481, 290(2), 300(0), 349
(4), 390, 391, 449(2); MUH 273; 9 hrs from: ACC 200 or 201,
MGT 301, PUB 375, 385 or 415S; a minimum of 7 hrs of
ensembles over 7 semesters; 7 elective credits in MUS/MUH
courses.

Emphasis in Music Industry-Recording
Arts..................................................47 hours
MUS 190(2), 191(2), 192(2), 285 or 383 or 481, 290 (2),
292 (2), 300(0), 349(3), 390, 391, 392 (2), 492 (2), 449(2);
MUH 273; 9 credits chosen from: ACC 200 or 201,
MGT 301, PUB 375, 385, PUB 415S; a minimum of 7 hrs of
ensembles over 7 semesters.

Music Theory and Composition .....................37 hours
MUS 283 (2), 285 or 383 or 481, 384(2), 482(2), 483(8), 499
(2), 555 or 556; additional 1 hr of applied primary instrument
(at 400 level); a minimum of 8 hrs of ensembles over 8
semesters; 3 hrs upper division theory electives; 3 hrs music
electives.

Music Education/Instrumental........................23 hours
MUS 230(1), 251A(5), 251B(5), 252A(5), 252B(5), 320(1),
364(1), 365(1), 367(2), 383, 384(2); a minimum of 7 hrs of
ensembles over 7 semesters, of which 3 hours of MUS 256
must be elected by wind and percussion majors. Instrumental
students will be excused from taking the methods course that
includes their major applied instrument.

Music Education/Vocal..................................23 hours
MUS 220(1), 230(1), 251A(5), 251B(5), 313(2) 351A(5),
351B(5), 354(1), 364(1), 365(1), and 368(2), 383, 384(2); a
minimum of 7 hrs of ensembles over 7 semesters.

Supporting Course Requirements:
Performance/Vocal
Vocal Performance majors must elect 3 hrs of foreign
language (Element 6) as part of their General Education
studies.

Performance/Vocal Pedagogy
Vocal Performance/Pedagogy majors must elect 3 hrs of
foreign language (Element 6) as part of their General
Education studies.

Music Theory and Composition
Music Theory and Composition majors must elect 3 hrs of
foreign language (Element 6) as part of their General
Education studies.

Professional Education Requirements for Music
Education.................................................35 hours
EDC 300, EDF 203, 219, and 413(2); EDF 204(2) or MUS
384(2); EMS 300W(1), 474, and 490(1); EME 378 or MUE
378; ESE 579 or MUE 579; SED 104 (Element 6), and 11
credit hours of Clinical Experiences: CED 100(0), 200(0),
300(0.5), 400(0.5), 450(1), 499(9).

Free Electives.............................................0-8 hours

EXIT REQUIREMENT..................................0 hours
PRAXIS EXAMINATION
Students must register for and take the PRAXIS exam which
correlates to their degree program, per College of Education
requirements. Refer to DegreeWorks for exam details. The
PRAXIS exam must be taken prior to student teaching.

TOTAL HOURS TO COMPLETE DEGREE ....120-133 hours

MINORS

MINOR IN MUSIC

Requirements........................................20 hours
MUS 110, 111, 161, 162, 181, 182, MUH 371, 372, and four
hours of electives in music.

DEPARTMENT OF PSYCHOLOGY

Chair

BACCALAUREATE DEGREES

BACHELOR OF SCIENCE (B.S.)
PSYCHOLOGY
CIP Code: 42.0101

Program Objectives

Upon completion of the Psychology degree graduates will:
1) show breadth and depth in their understanding of the major
concepts, theoretical perspectives, empirical findings, and
historical trends in psychology; 2) use critical and creative thinking
and skeptical inquiry when critiquing and applying research
methods in psychology; 3) respect and use critical and creative
thinking, skeptical inquiry, and the scientific approach when
solving problems related to behavior and mental processes; 4)
understand and apply psychological principles in many areas of
life including personal, social and organizational; 5) be able to
weigh evidence, tolerate ambiguity, act ethically, and reflect other
values that are the underpinnings of psychology; 6) demonstrate
information competence and the ability to use technology for many
purposes; 7) be able to communicate and collaborate effectively;
8) understand and apply knowledge of human diversity to better
people’s lives; 9) develop insight into their own and others’
behavior and mental processes and apply effective strategies for
self-management and self-improvement; 10) pursue realistic ideas
about how to implement their psychological knowledge, skills, and
values in occupational pursuits in a variety of settings that meet
personal goals and societal needs.
UNIVERSITY GRADUATION REQUIREMENTS
- General Education..................................................36 hours
- Student Success Seminar (GSD 101; waived for transfers with 30+ hrs., not including AP and Dual Credit hours) 3 hours
- Writing Intensive Course (Hrs. incorporated into Major/Supporting/Gen Ed/Free Electives category)
- Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)
- ACCT – Psychology majors will fulfill ACCT with PSY 349 (3 Credits) or 400 or 419 or 579 (Credit hours may be incorporated into Major or Supporting requirements)
- Total Hours University Graduation Requirements ...39 hours

MAJOR REQUIREMENTS
A minimum grade of “C” is required in all courses counted toward the major.
Core Courses ......................................................34 hours
PSY 200; PSY 250 or 250W; PSY 258; PSY 309(4) or 309W(4); PSY 310, 499(0), and at least 3 hours from each of the following areas:
- Biological Bases of Behavior: PSY 311, 315, or 315L (students in the Substance Abuse or Brain and Cognitive Science Concentrations must select 311 for this group)
- Cognition/Learning: PSY 317/317L, 322, or 333.
- Developmental: PSY 312, 314, or 316 (students in the Child and Family Psychology must select 312; students in the Psychology of the Workplace Concentration must select either 314 or 316; students in the Art Therapy Concentration must select 312.)
- Social/Personality: PSY 300, 305, or 308 (students in the Substance Abuse, Autism Spectrum, Forensic, or Workplace and Art Therapy Concentrations must select 308)
- Skills: PSY 318, 319, 399, 405, 406, 490, or 590 (Students in the Substance Abuse Concentration must select 490; students in the Child and Family Concentration must select 406; students in the Workplace or Art Therapy Concentration must select 405)
- Capstone: 349 (3 hours), 400, 419, or 579
Concentrations (Students may choose one or more concentrations. Those who do not choose one will be placed in the General Concentration;)
- Psychology (General)..............................................9 hours
  9 hours of psychology electives. At least 3 hours must be numbered 400 or above. (PSY 280, 402 and 403 may not be used as a psychology elective.)
- Art Therapy*.....................................................12 hours
  PSY 305, 412, 314 or 316, and one of the following: 406, 408, 476, or 477
- Substance Abuse................................................12 hours
  PSY 305, 405, 406, and 429
- Developmental Disabilities/Autism
  Spectrum Disorders ..........................................12 hours
  PSY 312, 406, 408; PSY 477 or 577.
- Forensic Psychology ...........................................12 hours
  PSY 300, 305, 314, and 566.
- Child and Family Psychology ..............................12 hours
  PSY 314, 405, 408, and one of the following: 318, 321, or 377.
- Psychology of the Workplace .............................12 hours
  PSY 300, 305, 319, and 590.
- Brain and Cognitive Sciences .............................15-16 hours
  PSY 315, 317, and 513; one of the following: PSY 322, 333, or approved 497/597; one of the following: BIO 307, CSC 160, MAT 234(4) or 234H(4), or PHI 352.
- Psychiatric Rehabilitation.................................15 hours
  PSY 337; 349 or 403; 405, 429, and 437.
- Free Electives...................................................31-38 hours

TOTAL HOURS TO COMPLETE DEGREE ..........120 hours

Students pursuing any of the Concentrations are strongly encouraged but not required to complete PSY 349, Co-operative Study, in the Concentration area.
*Art Therapists are required to earn a Master’s degree in Art Therapy. Admission to Art Therapy Master’s programs requires 18 hours of studio art classes in addition to the psychology classes that make up the concentration. Students pursuing the Art Therapy Concentration must also complete an 18-hour Art minor.

BACHELOR OF SCIENCE (B.S.)
ANIMAL STUDIES
CIP Code: 38.9999

Faculty
R. Brubaker (Psychology), B. Freed (Anthropology, Sociology, & Social Work), A. Lawson (Psychology), P. Kopacz (English), R. Makecha (Psychology), S. McSpirit (Anthropology, Sociology, & Social Work), R. Mitchell (Psychology), L. Newhart (History, Philosophy & Religious Studies), L. Noblitt (Government), B. Pratt (Agriculture), S. Sumanthin (Biological), and S. Tsing (English)

Program Objectives
Animal Studies (ANS) is an interdisciplinary major that concentrates on nonhuman animals, their interactions and relationships with people, and the mutual influences humans and nonhuman animals have on each other’s existence, evolution, and history. Students in Animal Studies receive training in sciences, humanities, and applied fields. Within their cross-disciplinary training, students will choose to emphasize at least one of these areas of study. Graduates of the program will gain knowledge of and be able to evaluate ideas about nonhuman animals, humans, and their mutual influences informatively from diverse perspectives. Upon completion of the ANS degree, graduates will be able to (1) analyze contexts and events concerning animals knowledgeably and from diverse points of view; (2) elucidate the motives and consequences for diverse human-animal interactions; (3) evaluate the impacts of human uses of and attitudes toward animals on individuals and communities, and on evolution and history; (4) integrate cross-disciplinary ideas into an awareness of divergent perspectives on animals and humans; and (5) use skills and expertise in understanding animals and humans to obtain employment.

UNIVERSITY GRADUATION REQUIREMENTS
- General Education..................................................36 hours
- Student Success Seminar (GSD 101; waived for transfers with 30+ hrs., not including AP and Dual Credit hours) 3 hours
- Writing Intensive Course (Hrs. incorporated into Major/Supporting/Gen Ed/Free Electives category)
- Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)
- ACCT - Animal Studies majors will fulfill ACCT with ANS 400 or PSY 402 or PSY 419 or other relevant thesis option
approved by Animal Studies Advisor. (Hours incorporated into program requirements below.)

**Total Hours University Graduation Requirements ... 39 hours**

**MAJOR REQUIREMENTS**

**Core Courses** .............................................................. 47 hours

- **Arts & Humanities** (12 hours): ANS 320; PHI 381; SOC 300; and ANS 310, or ANS 497, or three hours of a relevant arts or humanities course, approved by Animal Studies Advisor.
- **Science** (14 hours): ANT 306 or 371; BIO 319(4); BIO 316(4) or 550(4); PSY 333.
- **Application** (12 hours): AGR 125 and ANT 370; LGS 306 or other law-related course approved by Animal Studies Advisor; and three hours of a relevant applied learning or study abroad course.
- **Career Development** (3 hours): ANS 258.
- **Capstone (ACCT Requirement)** (3 hours): ANS 400 or PSY 402 or PSY 419 or other relevant thesis option, approved by Animal Studies Advisor.

**Supporting Course Requirements** ............................ 5 hours

- ANT 120(_ELEM 5B), ANT 201(_ELEM 4); BIO 111 (4 hours) and 112(4 hours) (_ELEM 4) (3 hours of BIO 111/112 applied to General Education)

_G = Course also satisfies a General Education element. 9 hours are included within the 36 hr. General Education requirement above.

**Animal Studies Electives** ............................................. 9 hours

An additional 9 hours of relevant courses, approved by Animal Studies Advisor

**Exit Requirement** .......................................................... 0 hours

- ANS 499

**Free Electives** ............................................................. 20 hours

**TOTAL HOURS TO COMPLETE DEGREE .......... 120 hours**

---

**MINORS**

**MINOR IN PSYCHOLOGY**

Requirements for a minor are PSY 200 plus electives in PSY to total 18 hours. PSY 349, 402, and 403 cannot be counted toward the minor. A minimum grade of “C” is required of all courses counted toward the minor.

---

**MINOR IN VETERANS STUDIES**

Veterans Studies (VTS) is an academic minor or certificate program that prepares students to identify and understand the often unique experiences and challenges faced by veterans of military service. VTS offers a multi-disciplinary program that provides veteran and non-veteran students a foundation of understanding regarding military structure, culture, combat, and the psychological and physiological changes resulting from military service. This first-of-its-kind program is dedicated to educating non-veterans and veterans alike about Veteran issues.

The VTS Program facilitates an environment of inquiry about the transformative nature of military service and provides students the knowledge necessary to improve services for veterans and their interaction and relations with veterans. AGS students may obtain a concentration in Veterans Studies.

**Core Requirement** ........................................................... 3 hours

- VTS 200 – Intro to Veterans Studies (Gen Ed E-6)

**Electives** ................................................................. 15 hours

Students should take VTS 200 before beginning elective studies. Students must take a minimum of five courses from the list below:

- CDF 331; CDF 437; ENG 386W; MSL 303; PLS 375; POL 320; POL 415; PSY 308; PSY 320; SWK 440; WGS 304; VTS 350.

**Total Curriculum Requirements** .................................... 18 hours

---

**CONCENTRATIONS**

**PSYCHOLOGY CONCENTRATION IN THE ASSOCIATE OF ARTS IN GENERAL STUDIES DEGREE**

See page 83 of this Catalog for the Psychology Concentration requirements listed in the Associate of Arts in General Studies degree section.

---

**VETERANS STUDIES CONCENTRATION IN THE ASSOCIATE OF ARTS IN GENERAL STUDIES DEGREE**

See page 84 of this Catalog for the Veterans Studies Concentration requirements listed in the Associate of Arts in General Studies degree section.

---

**CERTIFICATE**

**CERTIFICATE IN VETERANS STUDIES**

**Core Requirements** ........................................................... 3 hours

- VTS 200 – Intro to Veterans Studies (Gen. Ed. E-6)

**Electives** ........................................................................ 9 hours

Students should take VTS 200 before beginning elective studies. Students must take at least three courses from the list below:

- CDF 331; CDF 437; ENG 386W; MSL 303; PLS 375; POL 320; POL 415; PSY 308; PSY 320; SWK 440; WGS 304; VTS 350.

**Total Curriculum Requirements** .................................... 12 hours

## PHILOSOPHY B.A. - THREE YEAR PLAN

### YEAR ONE
#### First Semester
- ASO 100: 1
- PHI 100: 3
- PHI 110: 3
- Gen. Ed. E-1A: 3
- Gen. Ed.: 3
- Free Elective: 3
- Total: 16

#### Second Semester
- PHI 130 or 130S: 3
- PHI Elective Upper Division: 3
- Gen. Ed. E-1B: 3
- Gen. Ed.: 3
- Free Elective: 3
- Total: 18

#### Summer Semester
- Free Elective: 3
- Elective Upper Division: 3
- Total: 6

### YEAR TWO
#### First Semester
- PHI 300: 3
- PHI 320: 3
- Gen. Ed.: 3
- Gen. Ed.: 3
- Elective Upper Division: 3
- Total: 18

#### Second Semester
- PHI 330: 3
- PHI 350 or 352: 3
- Gen. Ed.: 3
- Gen. Ed.: 3
- Free Elective: 3
- Total: 18

#### Summer Semester
- Elective Upper Division: 3
- Elective Upper Division: 3
- Free Elective: 3
- Total: 9

### YEAR THREE
#### First Semester
- PHI 371: 3
- PHI Elective Upper Division: 3
- PHI Elective Upper Division: 3
- Free Elective: 3
- Total: 18

#### Second Semester
- PHI 499 (ACCT): 3
- Elective Upper Division: 3
- Elective Upper Division: 3
- Free Elective: 2
- Total: 17

The College of Science offers baccalaureate and masters programs in a number of disciplines encompassing the natural and mathematical sciences. The college also offers pre-professional programs in pre-dental, pre-engineering, pre-optometry, pre-physician assistant, pre-pharmacy, pre-veterinary, and pre-medical sciences; minors in Biology, Chemistry, Chemistry/Teaching, Computer Science, Informatics, Cybersecurity and Intelligence, Earth Science Teaching, Environmental Sustainability and Stewardship, Forensic Science, Game Content Design, Geography, Geology, Mathematics, Mathematical Sciences, Mathematics/Teaching, Statistics, Actuarial Science, Physics and Physics Teaching and Pre-Professional Health; and certificate programs in Informatics, Fermentation, Fermentation Science, Environmental Geosciences, Geographic Information Systems (GIS), and Applied Data Science.

The College of Science plays a central role in the University’s general education program through which all University students are provided the opportunity to develop the skills, the knowledge, and the discernment essential to the full development of each person as an individual and as a member of society.

Through its disciplines, the College of Science strives to provide all students an excellent education with the most complete and current resources; to provide service to the University and to the community through its academic programs; and to encourage and support research in all the disciplines included in the College.

**DEGREES OFFERED**

The College of Science offers the following baccalaureate degrees: Bachelor of Science, and Bachelor of General Studies.

**COLLEGE DEGREE REQUIREMENTS**

General University degree requirements as set forth in Section Four of this Catalog as well as specific course requirements set forth in the descriptive curricula must be met by students completing programs administered by the College of Science. All students graduating with majors in the College of Science must have a 2.0 GPA in the major exclusive of any supporting courses. Students pursuing a minor in the College must have a minimum 2.0 GPA in the minor. At least twenty-five percent of the courses in the major must be taken at Eastern Kentucky University. In addition, individual programs may have specific requirements that exceed College requirements. Students should consult with an advisor or department chair to learn the particular requirements of a program.
outreach programs through the University, public school districts, and the Kentucky University Partnership for Environmental Education, which includes all eight state universities and the Kentucky Community and Technical College System.

For further information about the use and availability of EKU’s Natural Areas for research, education, leisure or educational programming, please call (859) 622-1476 or visit the website, www.naturalareas.eku.edu.

AFFILIATED ACTIVITIES AND RESOURCES

PRE-PROFESSIONAL HEALTH ADVISING

Sabrina Moore
Science Building Room 1234
(859) 622-7894

EKU has a number of programs that will help prepare students for professional schools following graduation. These schools generally do not require a specific major, provided that their prerequisite courses are taken. All professional schools are highly competitive in their admissions process. Thus, students should aim for strong GPA and professional school admission test scores. Students are encouraged to seek a major that they feel comfortable with, that they have a strong aptitude for, that is interesting and challenging, and that provides additional career concentrations. Additional information may be found at www.preprofessional.eku.edu

MINOR IN PRE-PROFESSIONAL HEALTH

Students who want to pursue a career in a medical profession must prepare themselves for admission to a professional school or graduate program in their area of interest. Students are not required to complete a science-oriented degree, but they must have completed certain pre-requisite courses for admission to these programs. The purpose of this minor is to provide the background that a non-science major must have to complete a successful application to medical school or other professional programs in dentistry, optometry, physician assistant, pharmacy, and other health programs.

Minor in Pre-Professional Health.........................39-40 hours
BIO 111 (4)*, 307, 308 or 348, 332 (1), CHE 111/111L (4)*, 112/112L (4), 361/361L (4), 362/362L (4) or 430, PHI 383, PHY 131 or 201 (5), and 132 or 202 (5).

*May fulfill General Education Element 4 requirements.
Other recommended courses from General Education: 6 credits of ENG (AP credit is not accepted at some medical schools), CMS 210, SOC 131, PSY 200 and higher, MAT 120 or MAT 234 depending on the program, ANT course.

BIO 112, 320, and STA 270 may also be required for admission to some professional schools. Students will need to check with each program for their particular entrance requirements. Certain schools may require more courses than are in this minor.

Students pursuing a degree in Biomedical Sciences or Chemistry may not declare the Pre-Professional Health minor.

BIOMEDICAL/HEALTH-RELATED RESEARCH

Students with an interest in careers in biomedical/health-related research should consider a B.S. in Chemistry (Biochemistry concentration) or a B.S. in Biomedical Sciences (Research concentration). With these B.S. degrees, students may work in academic and industry research laboratories. Some students may choose to earn an advanced degree at either the M.S. or Ph.D. level. Both the Chemistry major and the Biomedical Sciences major will prepare students for these advanced degrees.

PRE-PHARMACY

It is recommended for students interested in pharmacy to complete a four-year degree with a B.S. (Pre-Pharmacy Concentration) in chemistry. The chemistry pages in this Catalog list the appropriate courses for this concentration. The Pre-professional advisor, who is familiar with the pharmacy admissions process, will be assigned as a supplemental advisor. Students interested in pharmacy may major in any subject provided certain pre-requisite courses are taken. While it is possible for students to be admitted to a pharmacy school after just two years of undergraduate training, the competitive nature of these programs suggest students should complete their major in preparation for pharmacy school.

Pharmacy schools differ in their individual requirements, so students should check the web pages of the pharmacy school of their choice, and then determine which courses to take after consulting their pre-pharmacy advisor. The application process typically begins in the fall of the senior year. Pharmacy schools require the PCAT and they look for students with leadership potential, a strong sense of empathy, a community and university service record, and extensive experience shadowing pharmacists or working as a pharmacy technician. Admission to pharmacy schools depends on a good balance among each of these areas in addition to strong PCAT scores and a high GPA.

PRE-MEDICAL SCIENCE

Physician assistant professional schools are primarily in university schools of medicine and allied health. Although programs vary in length, most physician assistant programs require 24-28 months to complete. Most programs require applicants to have completed a minimum of three years of college prior to admission and to have had previous healthcare experience. Most successful applicants to PA programs have earned a bachelor’s degree, and have accumulated a significant number of hours shadowing a Physician Assistant and working with patients in a clinical setting.

Prerequisite course requirements vary from school to school. Students are encouraged to consult with the pre-professional health advisor to determine which physician assistant programs are of interest, and pattern their course work to fulfill these specific program requirements.

PRE-MEDICINE

Students with career interests in allopathic medicine, osteopathic medicine, or podiatry may achieve admission to
professional schools by graduating in any major, provided certain prerequisites are met. Typically, 75% of students that enter medical school majored in the physical, natural, or social sciences, with the remaining 25% from other disciplines.

The College of Science offers both the Biomedical Sciences (Pre-Medical Concentration) in Biology and the Bachelor of Science (Pre-Medical Concentration) degree in Chemistry. Students pursuing degrees in either department will complement their studies with appropriate courses in humanities, social sciences, and communications. Courses in mathematics and physics will also be required. All students interested in these areas are urged to visit the Department pages in this Catalog, or go online to find details of these major programs. More information may be found at the EKU pre-professional web page at preprofessional.eku.edu

Students interested in medical school should consult the medical school admission requirements for their schools of interest or those published in the MSAR (Medical School Admissions Requirements) book.

Students in Biomedical Sciences or Chemistry pre-med concentrations are assigned to a pre-medical sciences advisor in their Department or the College of Science Pre-Professional advisor. These advisors work closely with each student to help plan programs of study and prepare for the process of gaining admission to the chosen professional school. EKU also has a University Pre-Health Advisory Committee. This committee assists students in their application process and prepares committee letters of evaluation for them. It is important for students to contact the chair of the University Pre-Health Advisory Committee or the pre-professional health advisor at the beginning of the academic year in which they plan to apply to medical school.

Each medical school requires an admission exam, either the MCAT for medical schools or the GRE or MCAT for podiatry schools. These professional schools also look for students with leadership potential, a strong sense of empathy, a community and university service record, and extensive experience shadowing professionals in these fields. Admission to professional schools is highly competitive and depends on a good balance among each of these areas, in addition to a strong MCAT score and a high GPA.

**Pre-Dentistry**

Students interested in dentistry can major in either Chemistry (B.S., Pre-Dental Concentration) or Biomedical Sciences (B.S., Pre-Dental Concentration), although dental schools will accept students from any academic background, provided certain prerequisites are met. Students are encouraged to check individual dental schools for details of their requirements.

Students majoring in either Biomedical Sciences or Chemistry will be assigned an advisor in their department who is familiar with dental-school admissions procedures. Pre-Dentistry students should make use of the University Pre-Health Advisory Committee. This committee assists students in their application process and prepares letters of evaluation for them. It is important for students to contact the chair of the University Pre-Health Advisory Committee in the fall of their junior year. More information may be found at preprofessional.eku.edu.

Dental schools require the DAT admission exam, and they look for students with leadership potential, a strong sense of empathy, a community and university service record, and extensive experience shadowing dentists. Admission to dental schools is highly competitive and depends on a good balance among each of these areas, in addition to strong DAT scores and a high GPA.

**Pre-Optometry**

Students interested in admission to optometry school may complete any degree program, but typically they major in either Chemistry (B.S.) or Biomedical Sciences (Pre-Optometry concentration). See the Department pages in this Catalog for details of these programs. Refer to specific optometry school admission requirements for listings of appropriate prerequisite courses. Students in Biomedical Sciences or Chemistry will be assigned an advisor knowledgeable about optometry admissions procedures who will assist them in their application process. This process typically begins in the fall of the junior year. Optometry schools require the OAT exam, and look for students with leadership potential, a strong sense of empathy, a community and university service record, and extensive experience shadowing optometrists.

Admission to optometry schools is highly competitive and depends on a good balance among each of these areas in addition to strong OAT scores and a high GPA.

**Pre-Veterinary Medicine**

Students who have a career interest in veterinary medicine may fulfill admission requirements of specific veterinary schools by pursuing either the Biomedical Sciences major (Pre-Veterinary Medicine concentration) or the Agriculture major (B.S.). See the Department pages in this Catalog for details of these programs. Refer to specific veterinary schools for listings of appropriate prerequisite courses. Students should complement their studies with appropriate courses in humanities, social sciences, communications, and agriculture. Courses in mathematics and physics will also be required.

Students in Biomedical Sciences will be assigned an advisor knowledgeable about veterinary school admissions procedures who will assist them in their application process. Applications generally must be submitted by October 1st of the senior year. Veterinary schools typically require the GRE, and they look for students with leadership potential, a strong sense of empathy, a community and university service record, and extensive experience shadowing veterinarians. Admission to these schools is highly competitive, more so than admission to medical schools, and depends on a good balance among each of these areas in addition to strong GRE scores and a high GPA. For more information, please refer to preprofessional.eku.edu

No Kentucky institution has a program in veterinary medicine; however, the Commonwealth has contracts to allocate a limited number of places in Auburn University’s College of Veterinary Medicine and Tuskegee University’s School of Veterinary Medicine to Kentucky residents. Students accepted under this program are exempt from the out-of-state tuition charge at these schools. For residents of Kentucky to be accepted under the Kentucky quota, application must be made directly to one or both of the contract schools.

**Pre-Professional Engineering**

There is a pre-engineering curriculum offered by the College of Science, described below. Students interested in a particular engineering program should see the pre-engineering advisor in the Department of Physics and Astronomy. Many students also choose to complete their B.S. in Physics/engineering physics major at
EKT.

In the pre-engineering curriculum, referred to as the **Dual Degree Option**, students spend two or three years at EKU taking basic science, mathematics, and general-education courses. Students then transfer their credits to the University of Kentucky, Auburn University, or another university with an accredited engineering program earning both a baccalaureate degree from EKU in Physics and an engineering degree from the engineering school.

All students pursuing a Dual-Degree Engineering Program in the Department of Physics and Astronomy should pursue the Engineering Physics Concentration of the Physics B.S. program. Because preferred general education and supporting courses may vary depending upon the partner engineering school, it is essential that students pursuing the Dual-Degree Program in Engineering work closely with their departmental advisors.

After the first year of professional study, students transfer the work back in order to secure a Bachelor of Science degree from Eastern Kentucky University. This plan may shorten, by one year, the time needed to obtain both a baccalaureate and a professional degree.

**DEPARTMENT OF BIOLOGICAL SCIENCES**

**Chair**
Dr. Malcolm Frisbie
(859) 622-1531

Wigginton.

**BACCAULAUREATE DEGREES**

**BACHELOR OF SCIENCE (B.S.)**

**BIOLOGY**

*CIP Code: 26.0101*

**UNIVERSITY GRADUATION REQUIREMENTS**

- General Education .............................................................. 36 hours
- Student Success Seminar .................................................. 1 hour
  *(SCO 100; waived for transfers with 30+ hrs.)*
- Writing Intensive Course *(hrs. incorporated into Major/
  Supporting/Gen Ed/Free Electives category)*
- Upper division courses *(42 hrs. distributed throughout Major/
  Supporting/Gen Ed/Free Electives categories)*
- ACCT - Biology majors will fulfill ACCT with one of the following: BIO 320, 349, 598, HON 420 with a thesis topic approved by the Biology department, a program-approved leadership experience, or a program-approved study abroad experience. *(Credit hours are incorporated into program requirements below.)*

**Total Hours University Graduation Requirements ....37 hours**

**MAJOR REQUIREMENTS**

**Core Courses ................................................................. 29 hours**

- BIO 111(4), 112(4), 315(4), 316(4), 318(4),
  319(4), 320(4), and 495(1).

**Concentrations: (Must select at least one; courses used for one concentration may not count toward another concentration.)**

- **Aquatic Biology ............................................................. 15 hours**
  - BIO 525, 542, 557, 558, and one course from
  BIO 556, 561, or GLY 315.

- **Biodiversity and Conservation..............................15-17**
  - BIO 514, BIO 532, 6 hours from BIO 335, 342(4), 525, 528,
  536, 542, 548, 553, 554, 556, 557, 595 and 3 hours from BIO
  349(1-3), 520, 521(4), 550(4), 555, 558, 561, 598(1-6).

- **General Biology ......................................................... 12 hours**
  - Choose 12 hours from the following: any 300, 400,
  or 500 level BIO, CHE, or PHY course not included
  in Biology Core or from which Biology majors are
  not excluded, PHY 132(5) or PHY 202(5). Students
  applying to graduate school are strongly advised to include
  CHE 362/362L(4) and PHY 132(5) or 202(5) as part of the 12 hours

- **Biology Teaching.......................................................... 3 hours**
  - BIO 348

**Supporting Course Requirements:**

- **Aquatic Biology and General Biology ..................14-16 hours**
  - CHE 111/111L (4) *(Element 4)*, 112/112L (4),
  361/361L (4); MAT 234(4) *(Element 2) or
  211*(Element 2); PHY 131(5) or 201(5) *(Element 4);
  STA 215 or STA 270(4).
  *(= Course also satisfies a General Education element.
  Hours are included within the 36 hr. General Education
  requirement above.)*

- **Biodiversity and Conservation......................20-23 hours**
  - CHE 111/111L (4) *(Element 4)*, 112/112L (4), 361/361L (4);
  MAT 234(4) *(Element 2) or 211*(Element 2); PHY 131(5)
  or 201(5) *(Element 4)*; STA 215 or STA 270(4); CSC 174 or
  GEO 353; AGR 215/216(4),
  GEO 302W, GEO 325, GEO 435, GLY 303, or GLY 315.
  *(= Course also satisfies a General Education element.
  Hours are included within the 36 hr. General Education
  requirement above.)*

- **Biology Teaching.......................................................... 21-26 hours**
  *(must also complete all Professional Education Requirements)*
  - CHE 111/111L (4) *(Element 4)*, 112/112L (4),
  361/361L (4); CHE 362/362L (4); MAT 120*(Element 2),
  122(5) *(Element 2), 211*(Element 2), or 234(4)
  *(Element 2); PHY 131(5) or 201(5) *(Element 4)*;
  STA 215 or STA 270(4); PHY 132 (5) or PHY 202 (5)
  or GLY 108
  *(= Course also satisfies a General Education element.
  Hours are included within the 36 hr. General Education
  requirement above.)*

**Professional Education Requirements..........................37 hours**

- EDC 300, EDF 203, 204(2), 219, 413; SED 104
  *(Element 6), EMS 300W, 490, 474; ESE 561 and 11
  credit hours of Clinical Experiences: CED 100(0.0),
  200(0.0), 300(0.5), 400(0.5), 450(1), 499(9).
  *(= Course also satisfies a General Education element.
  Hours are included within the 36 hours in General
  Education.)*

**Free Electives.............................................................. 0-28 hours**

EXIT REQUIREMENT..............................................0 hours

PRAXIS EXAMINATION

Students must register for and take the PRAXIS exam which correlates to their degree program, per College of Education requirements. Refer to DegreeWorks for exam details. The PRAXIS exam must be taken prior to student teaching.

TOTAL HOURS TO COMPLETE DEGREE.....120‑132 hours

Bachelor of Science (B.S.)
Biomedical Sciences

CIP Code: 26.0102

The Biomedical Sciences degree program is a rigorous program designed to prepare students for careers in biomedical research and a wide variety of biomedical professional programs. The Biomedical Sciences degree can be tailored to prepare students for graduate or professional schools, including but not limited to medical, dental, physician assistants, optometry, and veterinary medicine. This degree will prepare students interested in pursuing a broad range of careers, including biotechnology, industrial microbiology, or pharmaceutical sales. The biomedical sciences degree provides students with a curriculum that develops strong creative and critical thinking skills while also providing them with the required and recommended courses for admission to graduate and professional schools.

All students must be admitted to the University by the EKU Admissions Office and declare their major as biomedical sciences (BMS). For admission to the BMS program, a high school graduate must meet the following three criteria:

1. A Math ACT score of 23 (or equivalent SAT) or a “C” or better in MAT 112A/B or 114
2. An English ACT score of 20 (or equivalent SAT), or a “C” or better in ENG 101

Individuals who are transfer students or wish to change their major must have attained a minimum GPA of 3.00 overall on a minimum of 24 hours attempted. Entering freshmen and transfer students who do not meet the minimum requirements are encouraged to enroll in the general option of the Biology BS degree program, until qualified to transfer into the program.

Progression Policy

The Biomedical Sciences degree program limits the number of major core, concentration, and supporting courses which may be repeated. Students are allowed only one repeat per major course and a total of not more than two repeats in all major courses combined. In addition, a supporting course may be repeated only once.

To remain in the Biomedical Sciences degree program, a student must maintain an EKU GPA and overall GPA of 3.0 with a grade of “C”/2.0 or better in each of the supporting and major courses of the curriculum. Students who fail to maintain a 3.0 GPA will be removed from the BMS program and placed in the Biology B.S. program, General Biology Concentration.

UNIVERSITY GRADUATION REQUIREMENTS

• General Education ...........................................36 hours

• Student Success Seminar
  (SCO 100B; waived for transfers with 30+ hrs.)..............1 hour
• Writing Intensive Course (hrs. incorporated into Major/Supporting/Gen Ed/Free Electives category)
• Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)
• ACCT - BMS majors will fulfill ACCT with one of the following: BIO 320, 598, HON 420 with a thesis topic approved by the Biology department, a program-approved leadership experience, or a program-approved study abroad experience. (Credit hours are incorporated into program requirements below.)

Total Hours University Graduation
Requirements.....................................................37 hours

MAJOR REQUIREMENTS

Biology Core ....................................................28 hours

BIO 111(4), 112(4), 315(4), 319(4), 320(4), 331, 332(1), 348, 495(1).

Concentration Requirements (must select at least one; courses used for one concentration may not count toward another concentration):

Biomedical Research...........................................25-28 hours

BIO 531(4); CHE 362/362L(4); 430 or 431, 432(1); MATH 234(4) and nine credit hours from the following: BIO 342(4), 527, 528, 533, 535(4), 546(4), 547(4), 598(1-6), CHE 430, 431.

Pre-Medical .....................................................24-28 hours

CHE 362/362L(4), 430, 431; MAT 120 or higher; PHY 132(5) or 202(5); and at least six credit hours from the following: BIO 342(4), 527, 528, 531(4), 535(4), 546(4), 547(4), 598(1-6), CHE 430, 431, 432(1).

Pre-Dental............................................................26-28 hours

BIO 342(4) or 546(4); CHE 362/362L(4); 430 or 431; MAT 120 or higher; and nine credit hours from the following: BIO 342(4), 527, 528, 531(4), 535(4), 546(4), 547(4), 598(1-6), CHE 430, 431, 432(1).

Pre-Physician Assistant ......................................16-18 hours

BIO 307 and 308; EMC 105(1) or HSA 200; MAT 120 or higher; and at least six credit hours from the following: BIO 527, 528, 531(4), 535(4), 546(4), 547(4), 598(1-6), CHE 362, 430, 431, 432(1).

Pre-Optometry ....................................................22-24 hours

CHE 362/362L(4); CHE 430 or 431; MATH 234(4); PHY 132(5) or 202(5); and six credit hours from the following: BIO 527, 528, 531(4), 535(4), 546(4), 547(4), 598(1-6), CHE 430, 431, 432(1).

Pre-Veterinary ....................................................22-28 hours

AGR 321(4) or 421; CHE 362/362L(4); 430 or 431; MAT 120 or higher; and nine credit hours from the following: BIO 342(4), 514, 527, 528, 531(4), 533, 535(4), 546(4), 547(4), 550(4), 552, 598(1-6), CHE 430, 431, 432(1).

Supporting Course Requirements

All Concentrations............................................17-18 hours

CHE 111 (‘Element 4’), 111L(1), 112/112L(4), 361/361L(4); INF 104, PHI 383 or 383W, PHY 131(5) (‘Element 4’) or PHY 201(5) (‘Element 4’); STA 215 (‘Element 2’) or STA 270(4) (‘Element 2’). STA 270 may be required for admission to Physician Assistant or other professional programs.

Pre-Medical .....................................................6 hours

PSY 200 or 200W; 280 or 308; and SOC 131 (‘Element 5B’) or HON 312W (‘Element 5B’).

Pre-Physician Assistant ....................................6 hours

PSY 200 (‘Element 5B’) or 200W (‘Element 5B’); ANT 120 or SOC
Bachelor of Science (B.S.)  
WILDLIFE MANAGEMENT  
CIP Code: 03.0601

UNIVERSITY GRADUATION REQUIREMENTS

- General Education .......................................................... 36 hours
- Student Success Seminar .................................................. 1 hour
- (SCO 100B; waived for transfers with 30+ hrs.)
- Writing Intensive Course (hrs. incorporated into Major/ 
  Supporting/Gen Ed/Free Electives category)
- Upper division courses (42 hrs. distributed throughout 
  Major/Supporting/Gen Ed/Free Electives categories)
- ACCT - Wildlife Management majors will fulfill ACCT 
  with one of the following: BIO 349, WLD 489W, HON 
  420 with a program-approved thesis topic, a program-
  approved service-learning course, a program-approved 
  undergraduate scholarly or creative activity, or a program-
  approved study abroad experience. (Credit hours are 
  incorporated into program requirements below.)

Total Hours University Graduation Requirements ......37 hours

MAJOR REQUIREMENTS

Core Courses .................................................................56 hours
- BIO 111(4), 112(4), 316(4), 318(4), 319(4), 335, 
  495(1), 532, 557; WLD 381, 382(4), 495W, 585, 586(4).

Supporting Course Requirements ....................................... 14-16 hours
- AGR 215(AGR 216 not required), CHE 101/101L(4) 
  (חנו Element 4), 102/102L(4); MAT 120 (חנו Element 2) 
  or 211 (חנו Element 2) or 234(4) (חנו Element 2) or 234H 
  (なぁ Element 2); GEO 210 (なぁ Element 4), 335; STA 215 
  (なぁ Element 2) or 270(4) (なぁ Element 2).
  = Course also satisfies a General Education element. Hours are included within the 36 hr. General Education 
  requirement above.

Concentration Requirements (must select at least one; 
courses used for one concentration may not count 
toward another concentration):

Game Management ..........................................................9 hours
- AGR 115(2); WLD 583, 584(4)

Conservation Management ................................................9 hours
- BIO 520 and two courses from GEO 325, GEO 453, 
  WLD 587

Free Electives ................................................................. 2-4 hours

TOTAL HOURS TO COMPLETE DEGREE ...............120 hours

MINOR

MINOR IN BIOLOGY

A student may qualify for a minor in biology by completing 
21 semester hours to include BIO 111(4), 112(4), 318(4), 319(4) 
and five additional hours selected from those 300 through 500 level 
courses normally taken for one of the majors in the department.

Students pursuing Biology or Biomedical Sciences degrees 
may not declare a Minor in Biology.

Teaching Certification for Biology Minor

The previously described minor in biology must be coupled 
with a secondary teaching certificate in another discipline to 
qualify students to teach biology at the secondary level. Students 
enrolled in a teaching program other than science who desire 
teaching certification in biology will be required to take ESE 561 
and student teach in biology. Please note that the biology minor 
GPA must be 2.75 or greater to seek certification in biology. The 
minor certification cannot be recommended until the secondary 
teaching program is completed and a recommendation for 
certification has been processed. Appropriate PRAXIS exams must 
be completed for each area of certification being recommended.

PRAXIS EXAMINATION

Students must register for and take the PRAXIS exam which 
correlates to their degree program, per College of Education 
requirements. Refer to DegreeWorks for exam details. The 
PRAXIS exam must be taken prior to student teaching.

DEPARTMENT OF CHEMISTRY

Chair
Dr. Tanea Reed
(859) 622-1456
Science Building 4126

Faculty
K. Abdelhay, D. Bussan, D. Dasari, J. Fredericks, P. Gao, J. 
Jenkins, C. Kaeser, J. May, M. Ndinguri, D. Quan, T. Reed, B. 
Shi, D. Wade, L. Zyzak

BACCALAUREATE DEGREES

Bachelor of Science (B.S.)  
CHEMISTRY  
CIP Code: 40.0501

UNIVERSITY GRADUATION REQUIREMENTS

- General Education.......................................................... 36 hours
- Student Success Seminar .................................................. 1 hour
- (SCO 100C; waived for transfers with 30+ hrs.)
- Writing Intensive Course (hrs. incorporated into Major/ 
  Supporting/Gen Ed/Free Electives category)
- Upper division courses (42 hrs. distributed throughout 
  Major/Supporting/Gen Ed/Free Electives categories)
- ACCT - Chemistry majors will fulfill ACCT with CHE 411, 
  495A, 495B, 515/515L, or CED 499. (Credit hours are
MAJOR REQUIREMENTS

Core Courses .................................................. 26 hours
CHE 111/111L(4), 112/112L(4), 250(2), 325/325L(5),
361/361L(4), 362/362L(4), CHE 430.

Concentrations Requirements:
Biochemistry (ACS Certification Optional), Pre-Health
(Pre-Medical, Pre-Dental, Pre-Optometry, Pre-Physician
Assistant) .................................................. 26 hours
CHE 385W, 425/425L(4), 431, 432(1), 450, 484(1), 485(1),
570(4) and one hour from the following: CHE 411, CHE
495A and/or CHE 495B, 501L, and 5 hrs hours from
either 400- or 500-level CHE or FOR electives. For ACS
Certification, CHE 515/515L(5) is required; CHE 495A and/
or 495B (chemistry research) is recommended.
This program option produces a degree certified by
the American Chemical Society (ACS) and follows the
recommendation from the American Society for Biochemistry
and Molecular Biology (ASBMB).

Chemistry (ACS Certification Optional) .................. 25 hours
For Non-ACS: CHE 385W, 425/425L(4), 450, 484(1), 485
(1), 570(4), 1 hr from either CHE 411, 432(1), 495A, 495B,
or 501L; and 8 hrs from either 400- or 500-level CHE or
FOR electives.
For ACS Certification: CHE 385W, 425/425L(4), 450,
484(1), 485(1), 515/515L (5), 574/574L(4)*, 575/575L (4
With all specified courses, this program option produces a
degree certified by the American Chemical Society (ACS). At
least 3 hours of CHE 495A and/or CHE 495B
(chemistry research) is recommended.
This program option produces a degree certified by the
American Chemical Society (ACS).

Pre-Pharmacy ................................................... 22 hours
CHE 385W, 425/425L(4), 450, 431, 432(1), 484(1), 570(4),
and three (3) hours from a combination of CHE 349, 349A-N,
495A and/or 495B.

Chemistry Teaching .......................................... 8 hours
CHE 570 (4) plus select four (4) credit hours of either 400-
or 500-level CHE or FOR courses. If CHE 495A and/or 495B is
taken, only 3 hours can be applied to the major. (Following
this curriculum and passing the appropriate standardized
teacher exams will lead to certification to teach chemistry at
the secondary education level. The student must meet the 2.75
GPA requirement listed in the College of Education section
under The Office of Teacher Education Services.)

Supporting Course Requirements:
Biochemistry .................................................... 25 hours
BIO 111(4) (Element 4), 112, 315(4), and 531 (4); MAT
234(4)* (Element 2); MAT 244(4); PHY131(5) (Element
4) or 201(5) (Element 4); PHY 132(5) or 202(5). Calculus
based physics (PHY 201 and 202) is recommended by the ACS
and ASBMB.

Pre-Health (Pre-Medical, Pre-Dental, Pre-Optometry, Pre-
Physician Assistant) ........................................ 29 hours
BIO 111(4) (Element 4), 112(4) (Element 4), 307, 331,
and 348(4), MAT 234(4) (Element 2); PHI 383 or PHI
383W; PHY 131(5) (Element 4) or 201(5) (Element 4);
PHY 132(5) or 202(5); PSY 200 (Element 5B), and SOC
131 (Element 5B). Two semesters of Calculus are highly
recommended, and Calculus based physics (PHY 201 and
202) is recommended by the ACS and ASBMB. *STA 270 may
be required for admission to some professional school
programs

Chemistry.................................................................. 9-17 hours
BIO 111(4) (Element 4); MAT 234(4) (Element 2); PHY
131 or 201(5) (Element 4), and PHY 132 or 202(5). For
ACS Certification, PHY 201(5) and PHY 202(5) along with
additional courses in calculus, MAT 244(4) and MAT 254(4)
are required.
With all specified courses, this program option produces a
degree certified by the American Chemical Society (ACS).

Pre-Pharmacy.......................................................... 33 hours
BIO 111(4) (Element 4); 112(4) (Element 4), and 307;
BIO 273(4) or 320(4); BIO 308, ECO 230; MAT 234(4)
(Element 2); PHI 383 or PHI 383W; PHY 131(5) (Element
4) or 201(5) (Element 4); PHY 132(5) or 202(5); PSY 200
(Element 5B), and STA 270(4).

Chemistry Teaching .............................................. 12 hours
(for must also complete all Prof. Educ. Requirements)
BIO 111(4) (Element 4) or 112(4) (Element 4); GLY 103
(Element 4) or 109 (Element 4); MAT 234(4) (Element
2) or PHY 131(5) (Element 4) or 201(5) (Element 4); PHY
132(5) or 202(5).

Professional Education Requirements ................... 37 hours
EDC 300, EDF 203, 204(2), 219, 413, EMS 300W, 474,
490, ESE 561, SED 104 (Element 6), and 11 credit hours of
Clinical Experiences: CED 100(0), 200(0), 300(0.5), 400(0.5),
450(1), 499(9).

Free Electives ...................................................... 0-19 hours

EXIT REQUIREMENT.............................................. 0 hours

PRAXIS EXAMINATION
Students must register for and take the PRAXIS exam which
correlates to their degree program, per College of Education
requirements. Refer to DegreeWorks for exam details. The
PRAXIS exam must be taken prior to student teaching.

TOTAL HOURS TO COMPLETE DEGREE ........ 120 hours
*Preparatory courses in mathematics may be required before
admission to MAT 122, MAT 234.

BACHELOR OF SCIENCE (B.S.) &
MASTER OF SCIENCE (M.S.)
CHEMISTRY
Accelerated 3+2 Dual Degree Program
CIP Code: 40.0501

Students accepted to the 3+2 Accelerated Dual Degree Option
are able to complete their B.S. degree and M.S. degree within 5
calendar years because of the accelerated curriculum and because
9 semester hours of 700-level graduate coursework will apply to
both the undergraduate B.S. degree and the graduate M.S. degree.
Only undergraduate students of proven academic ability will be
considered for the program. Students should be aware that, in
order to maintain their progress in the accelerated 3+2 program,
careful coordination with their advisor is required. Depending
upon undergraduate progress at the time of 3+2 admission, some
summer-school classes may be needed.
Admission Requirements:
Students interested in this option must satisfy all the following conditions:
1. Junior or Senior standing
2. Overall grade point average (GPA) of at least 3.0 at the time of admission to the 3+2 program
3. Approval from department and Graduate School (see the form at http://gradschool.eku.edu/graduate-school-forms)
4. Must maintain an overall undergraduate and graduate grade point average (GPA) of at least 3.0 to continue in the 3+2 option.

Program Requirements
Students in 3+2 Accelerated Dual Degree Option must complete the listed Chemistry (B.S.) program requirements along with the same requirements for the M.S. Chemistry Program (presented in the Graduate Catalog: listing at http://gradschool.eku.edu/graduate-catalog). Nine (9) credit hours of 700-level graduate coursework (pre-health or pre-pharmacy concentrations): CHE 715/715L, 770 or 774/774L are applicable to the undergraduate degree.

UNIVERSITY GRADUATION REQUIREMENTS
- General Education.................................................. 36 hours
- Student Success Seminar ............................................ 1 hour (SCO 100C: waived for transfers with 30+ hrs.)
- Writing Intensive Course (hrs. incorporated into Major/Supporting/Gen Ed/Free Electives category)
- Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)
- ACCT - Chemistry majors will fulfill ACCT with CHE 411, 495A, 495B, 515 or 715/715L (Credit hours are incorporated into program requirements below.)

Total Hours University graduation requirements........ 37 hours

B.S. CHEMISTRY 3+2 MAJOR REQUIREMENTS
Chemistry Core Courses .............................................. 26 hours

Concentration Requirements:  
Biochemistry (ACS Certification Optional), Pre-Health (Pre-medical, Pre-Dental, Pre-Optometry, Pre-Physician Assistant)........................................ 26 hours
CHE 385W, 425/425L(4), 431, 432(1), 450, 484(1), 485(1), 715/715L(5), and 770(4), one hour from the following: CHE 411, 432(1), 495A, 495B, 501L. CHE 495A and/or 495B (chemistry research) is recommended.

With all specified courses, this program option produces a degree certified by the American Chemical Society (ACS) and follows the recommendation from the American Society for Biochemistry and Molecular Biology (ASBMB).

Chemistry (ACS Certification Optional)....................... 25 hours
For Non-ACS: CHE 385W, 425/425L(4), 450, 484(1), 485(1), 715/715L(5), 770(4)*, 1 hr from either CHE 411, 432(1), 495A, 495B, or 501L; and 3 hrs from either 400- or 500-level CHE or FOR electives.

With all specified courses, this program option produces a degree certified by the American Chemical Society (ACS).
At least 3 hours of CHE 495A and/or CHE 495B (chemistry research) is recommended.

*One, and only one physical chemistry course must be taken at the 700-level (CHE 770(4) or 774/774L(4)). This program concentration produces a degree certified by the American Chemical Society (ACS).

Pre-Pharmacy ......................................................... 27 hours
CHE 385W, 425/425L(4), 450, 431, 432(1), 484(1), 715/715L(5), 770(4), and three (3) hours from a combination of CHE 349, 349A-N, 495A and/or 495B.

Supporting Course Requirements:
Biochemistry ........................................................... 25 hours
BIO 111(4)(Element 4), 112(4)(Element 4), 315(4), 531(4); MAT 234(4)(Element 2); 254(4); PHY 131(5)(Element 4) or 201(5)(Element 4); PHY 302(5) or 202(5). Calculus based physics (PHY 201 and 202) is recommended by the ACS and ASBMB.

Pre-Health (Pre-medical, Pre-Dental, Pre-Optometry, Pre-Physician Assistant)................................. 29 hours
BIO 111(4)(Element 4), 112(4)(Element 4), 307, 331, and 348(4), MAT 234(4)(Element 2); PHI 383 or PHI 383W; PHY 131(5)(Element 4) or 201(5)(Element 4); PHY 132(5) or 202(5); PSY 200(5)(Element 5B), and SOC 131(5)(Element 5B). Two semesters of Calculus are highly recommended, and calculus based physics (PHY 201 and 202) is recommended by the ACS and ASBMB.

Chemistry ............................................................... 9-17 hours
BIO 111(4)(Element 4); MAT 234(4)(Element 2); PHY 131 or 201(5)(Element 4), and 132 or 202(5). For ACS Certification, PHY 201(5) and PHY 202(5) along with additional courses in calculus, MAT 244(4) and MAT 254(4) are required.
With all specified courses, this program option produces a degree certified by the American Chemical Society (ACS). g = Course also satisfies a General Education element. Hours are included within the 36 hr. General Education requirement above.

Pre-Pharmacy ................................................................ 34 hours
BIO 111(4)(Element 4), 112(4)(Element 4), 307; BIO 273(4) or 320(4); BIO 308; ECO 230; MAT 234(4)(Element 2); PHI 383 or PHI 383W; PHY 131(5)(Element 4) or 201(5)(Element 4); PHY 132(5) or 202(5); PSY 200(5)(Element 5B), and STA 270(4).

Free Electives............................................................. 2-23 hours

TOTAL HOURS TO COMPLETE B.S. DEGREE........ 120-124 hours
*Preparatory course in mathematics may be required before admission to MAT 122, MAT 234 or 234H.

M.S. CHEMISTRY MAJOR REQUIREMENTS
A. Core Requirements .................................................. 27 hours
I. 700-level requirements ............................................. 12 hours
a. CHE 715/715L(5) and one of the following: CHE 770(4), *774/774L(4) or *775/775L(4)......................... 9 hours
*Students in the ACS certified B.S. Chemistry 3+2 program are required to take CHE 774/774L(4) or 775/775L(4).
b. Three additional hours in chemical/biological science or mathematics.................................................. 3 hours

II. 800-level Requirements ........................................... 15 hours
a. CHE 810(2), 811(2), 880(1), and 1 additional hour from either CHE 811 or 881 ......................... 6 hours
b. Pick three courses from the following: CHE 882, 830, 850, 860................................. 9 hours
B. Program Tracks:
Students will pick one of the following tracks

Thesis Track: Graduate Research – Written Thesis Required
6 hours
CHE 899(6)

Internship Track: Applied Learning in Chemistry – Written Report Required……………………………………6 hours
CHE 839(6) or CHE 839(3) and 3 hours of CHE 700/800 level courses.

Coursework Track …………………………………………. 6 hours
Three (3) hours of CHE 800 level courses and 3 additional hours from CHE 700/800 level courses.

Exit Requirements:
Thesis/Internship Track — A thesis/report based upon the original research/project in the area of the student’s research concentration must be submitted. A final comprehensive oral examination (GRD 858b) in defense of the thesis/report and related course work is required.

Coursework Track – Candidates must earn a 3.0 GPA (or higher) for all program coursework for the option. In addition, the candidate for the coursework option must pass a final examination (GRD 858c). The committee will decide the format of the examination.

TOTAL HOURS TO COMPLETE M.S. DEGREE ..33 hours

Bachelor of Science (B.S.)
FORENSIC SCIENCE
CIP Code: 40.0510

The Forensic Science degree program at EKU is a comprehensive science-based undergraduate education that prepares students to become leaders in the forensic science discipline. Forensic analytical work requires patience and diligence, with attention to detail and high-quality standards that will stand up in court. A forensic scientist must be able to communicate effectively, both orally and in writing, have personal integrity and high ethical standards, and have no history of drug abuse or criminal activity. Because the program provides a strong knowledge base and skill set in both molecular biology and analytical chemistry, graduates can also pursue careers in a variety of laboratory settings in industry, academic research labs, environmental work, or pharmaceutical science.

The program offers two options: 1) Forensic Chemistry and 2) Forensic Biology. The Forensic Chemistry option of the Forensic Science degree prepares analysts to use analytical chemistry to examine evidence in the crime laboratory. Forensic Chemistry graduates will typically work in trace evidence, toxicology, drug identification, or firearm sections of the crime laboratory. The Forensic Biology option of the Forensic Science degree prepares students to work in areas of a forensic laboratory requiring a knowledge of genetics, molecular biology, and analytical chemistry. The forensic biologist applies scientific knowledge and skills to solve complex real-life problems in DNA analysis in support of investigative work. Forensic Biology graduates will typically work in the DNA/serology sections of the forensic laboratory.

Admission/Progression Criteria
All forensic science majors utilize the regular admission policy of the University for students taking courses offered during the first semester of the program. In order to continue in the program, the student must maintain an institutional GPA of 2.75 on a 4.0 scale. The Forensic Science Program also limits the number of major core, concentration, and supporting courses which may be repeated. Students are allowed to repeat up to 9 credit hours of major, supporting and concentration courses. Students who fail to meet one of these criteria will be removed from the Forensic Science degree program and placed in the B.S. Chemistry, Chemistry Option, degree program.

UNIVERSITY GRADUATION REQUIREMENTS

• General Education……………………………………..36 hours
• Student Success Seminar (SCO 100C; waived for transfers with 30+ hrs.) …………………………………………..1 hour
• Writing Intensive Course (hrs. incorporated into Major/Supporting/Gen Ed/Free Electives category)
• Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)
• ACCT - Forensic Science majors will fulfill ACCT with FOR 499 (Credit hours are incorporated into program requirements below.)

Total hours University graduation requirements…….37 hours

MAJOR REQUIREMENTS

• Forensic science majors have a graduation requirement of an institutional GPA of 2.75/4.0 or better.
• The curriculum below produces a degree that meets the guidelines for accreditation by the Forensic Science Education Programs Accreditation Commission (FEPAC) of the American Academy of Forensic Science (AAFS).

Core Courses …………………………………………..37 hours

Concentration Requirements:

The internship (FOR 349) in a forensic science laboratory is an elective but highly recommended. Students interested in internship must complete FOR 310 Training for Forensic Internship before FOR 349.

Forensic Chemistry ………………………………………27 hours
CHE 325/325L(5), 520 or 720, 570 or 770 (4), CHE 425/425L(4) or FOR 411/411L(4), FOR 412/412L(4), 442/442L(4), and 3 hrs of electives from the following: CHE 349/349A-N(0.5-8), CHE 349/349A-N(0.5-8), 432(1), 450, 501, 501L(1), FOR 310(1), FOR 331, 331L(1), 349(0.5-8), 460, 490(1-3), FSE 350, 380.

Forensic Biology ………………………………………27 hours
CHE 315(4), 395(4), 401(3), FOR 331, 331L(1), 531(4); CHE 431(2), FOR 331L(1), and 10 hrs of electives from the following: BIO 527, 528, 533, 535, 546, CHE 325/325L(5), CHE 425/425L(4) or FOR 411/411L(4), 520 or 720, FOR 310(1), FOR 349(0.5-8), 412/412L(4), 442/442L(4), 460(1-3), 490(1-3).

Supporting Course Requirements ……………………15-16 hours
BIO 111(4)(Element 4); MAT 234(4)(Element 2) or 234H*(4)(Element 2); PHY 131(5)(Element 4) or 201(5)(Element 4); PHY 132(5) or 202(5); STA 215 or 270(4), PLS 316.

* = Course also satisfies a General Education element.
Hours are included within the 36 hr. General Education requirement above.

Free Electives………………………………………….3-4 hours

TOTAL HOURS TO COMPLETE DEGREE ………..120 hours
The Forensic Science degree program at EKU is a comprehensive science-based undergraduate education that prepares students to become leaders in the forensic science discipline. Forensic analytical work requires patience and diligence, with attention to detail and high-quality standards that will stand up in court. A forensic scientist must be able to communicate effectively, both orally and in writing, have personal integrity and high ethical standards, and have no history of drug abuse or criminal activity. Because the program provides a strong knowledge base and skill set in both molecular biology and analytical chemistry, graduates can also pursue careers in a variety of laboratory settings in industry, academic research labs, environmental work, or pharmaceutical science.

The program offers two options: 1) Forensic Chemistry and 2) Forensic Biology. The Forensic Chemistry option of the Forensic Science degree prepares analysts to use analytical chemistry to examine evidence in the crime laboratory. Forensic Chemistry graduates will typically work in trace evidence, toxicology, drug identification, or firearm sections of the crime laboratory. The Forensic Biology option of the Forensic Science degree prepares students to work in areas of a forensic laboratory requiring a knowledge of genetics, molecular biology, and analytical chemistry. The forensic biologist applies scientific knowledge and skills to solve complex real-life problems in DNA analysis in support of investigative work. Forensic Biology graduates will typically work in the DNA/serology sections of the forensic laboratory.

**Admission/Progression Criteria**

All forensic science majors utilize the regular admission policy of the University for students taking courses offered during the first semester of the program. In order to continue in the program, the student must maintain an overall (institutional) GPA of 2.75 on a 4.0 scale. The Forensic Science Program also limits the number of major core, concentration, and supporting courses which may be repeated. Students are allowed to repeat up to 9 credit hours of major, supporting and concentration courses. Students who fail to meet one of these criteria will be removed from the Forensic Science degree program and placed in the B.S. Chemistry, Chemistry Option, degree program.

Students accepted to the 3+2 Accelerated Dual Degree Option are able to complete their B.S. degree and M.S. degree within 5 calendar years because of the accelerated curriculum and that 9 semester hours of 700-level graduate coursework will apply to both the undergraduate B.S. degree and the graduate M.S. degree. Only undergraduate students of proven academic ability will be considered for the program. Students should be aware that, in order to maintain their progress in the accelerated 3+2 program, careful coordination with their advisor is required. M.S. CHEMISTRY PROGRAM REQUIREMENTS

A. Core Requirements .................................................. 27 hours

I. 700-level requirements ............................................ 12 hours
   a. CHE 715/715L and one of the following: CHE 770*(4) or 774/774L(4) or 775/775L(4) ....................................... 9 hours
   *Students in the B.S. Forensics Science/Chemistry 3+2 program are required to take CHE 770*
   b. Additional course in chemical/biological science
   c. Additional course in mathematics ................................................. 3 hours

II. 800-level Requirements ...................................... 15 hours
   a. CHE 810(2), 811(2), 880(1), and 1 additional hour from either CHE 811 or 881 ......................................... 6 hours
   b. Pick three courses from the following: CHE 822, 830, 850, 860 ................................................................. 9 hours

B. Program Tracks:

Students will pick one of the following tracks

Thesis Track: Graduate Research – Written Thesis Required
   6 hours
   CHE 899(6)

Internship Track: Applied Learning in Chemistry – Written Report Required.......................................................... 6 hours
   CHE 839(6) or CHE 839(3) and 3 hours of CHE 700/800 level courses

Coursework Track .......................................................... 6 hours
   Three (3) hours of CHE 800 level courses and 3 additional hours from CHE 700/800 level courses.

Exit Requirements:

Thesis/Internship Option — A thesis/report based upon the original research/project in the area of the student’s research concentration must be submitted. A final comprehensive oral examination (GRD 858b) in defense of the thesis/report and related course work is required.

Coursework Option – Candidates must earn a 3.0 GPA (or higher) for all program coursework for the option. In addition, the candidate for the coursework option must pass a final examination (GRD 858c). The committee will decide the format of the examination.

TOTAL HOURS TO COMPLETE M.S. DEGREE .. 33 hours

PRAXIS EXAMINATION

Students must register for and take the PRAXIS exam which correlates to their degree program, per College of Education requirements. Refer to DegreeWorks for exam details. The PRAXIS exam must be taken prior to student teaching.

**See Course Descriptions for prerequisite and corequisite requirements.

MINOR IN FORENSIC SCIENCE

The minor in Forensic Science requires a minimum of 18 credit hours as indicated below:

Core Requirements ................................................................ 9 hours
   FOR 301, 401, 460.

Elective Requirements .................................................. 9 hours
   Nine (9) hours of electives from the following: FSE 250, PLS 220, PLS 316, FOR 331/331L(4), 440, 442/442L(4), 451/451L, 490(1-3).

Total Curriculum Requirements ................................ 18 hours

CERTIFICATE

CERTIFICATE IN FERMENTATION SCIENCE

UNIVERSITY CERTIFICATE

A student may complete a long-term (university) certificate in fermentation science by completing the following requirements:

Core Requirements ** ..................................................13 hours
   FMT 140 (4), 343, 344 (4), 345 (2)

Electives .............................................................................. 11 hours
   If a University certificate is chosen, then eleven additional credit hours must come from the following list**: CHE or FMT 349, 349A-N, 495A/B, 501A-D. FMT 549, CHE 101/101L or CHE 111/111L, BIO 111, AGR 130, 131(1), 430, EHS 280, 380, OSH 110, or department approved courses. If CHE or FMT 349, 349A-N and/or 495 is taken, only 3 hours can be applied to the certificate.

Total Curriculum Requirements ..................................24 hours

**See Course Descriptions for prerequisite and corequisite requirements.

MINOR IN CHEMISTRY/TEACHING*

A student may minor in chemistry by completing CHE 111/111(4), CHE 112/112L(4), CHE 361/361(4), plus six credit hours from the following list**: CHE 250(2)*, 325/325L(5), 362/362L(4), 430, 450, 501, 520, or 570(4).

*Teaching Certification for Chemistry Minor
   The previously described minor in chemistry must include CHE 250 and be coupled with a secondary teaching certificate in another discipline to qualify students to teach chemistry at the secondary level. Students enrolled in a teaching program other than science who desire teaching certification in chemistry will be required to take ESE 561. Please note the chemistry minor GPA must be 2.75 or greater, and student teaching in chemistry is required.
   The minor cannot be recommended until the secondary teaching program is completed and a recommendation for certification has been processed. Appropriate PRAXIS exams must be completed for each area of certification being recommended.

CERTIFICATE IN FERMENTATION

DEPARTMENTAL CERTIFICATE

A student may complete a short-term (Departmental) certificate in Fermentation by taking the following requirements:

Core Requirements** ..................................................13 hours
   FMT 140(4), 343, 344(4), 345(2)

Total Curriculum Requirements ..................................13 hours

** See Course Descriptions for prerequisite and corequisite requirements.
DEPARTMENT OF COMPUTER SCIENCE

Chair
Dr. Ka-Wing Wong

Faculty
C. Bragg, K. Chang, D. Kim, C. Rhee, E. Styer, K. Wong, M. Yang, and S. Zhang

BACCALAUREATE DEGREES

BACHELOR OF SCIENCE (B.S.)
COMPUTER SCIENCE
CIP Code: 11.0101

Program Objectives
The mission of the Bachelor of Science in Computer Science program is to provide students with an education that will prepare them to develop a career in the fields of computer science or computer forensics.

Program Educational Objectives/Goals for General Computer Science Concentration
1. Our graduates will be productive professionals in the computing field.
2. Our graduates will develop professionally through continued formal education and/or professional activities.
3. Our graduates will demonstrate leadership skills at work.
4. Our graduates will contribute to community as computing professionals.

Program Educational Objectives/Goals for Computer Forensics & Security Concentration
1. Our graduates will be productive professionals in the computer forensics field.
2. Our graduates will develop professionally through continued formal education and/or professional activities.
3. Our graduates will demonstrate leadership skills at work.
4. Our graduates will contribute to community as computer forensics professionals.

UNIVERSITY GRADUATION REQUIREMENTS
- General Education ........................................... 36 hours
- Student Success Seminar SCO 100I ...................... 1 hour (waived for transfers with 30+ hrs.)
- Writing Intensive Course (Hrs. incorporated into Major/Supporting/Gen Ed/Free Electives category)
- Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)
- ACCT - Computer Science majors will fulfill ACCT with CSC 349, 440, 491, 549, or 495 with a program-approved topic. (Credit hours may be incorporated into Major or Supporting requirements)
Total Hours University Graduation Requirements ... 37 hours

MAJOR REQUIREMENTS
Core Courses .................................................... 25 hours
CSC 185\(1\), 190, 191, 195, 310, 313, and 340; CSC 308; CSC 499(1).

Concentrations:
- Computer Science (General) ..................... 25 hours
(Accredited by the Computer Science Accreditation Commission of ABET, http://www.abet.org)
CSC 311, 320, 360, 400, 440, 460, 541, 545; and 1 credit hour of CSC 494, 495, or 496.

- Computer Technology ...................... 22 hours
CSC 360, 440, 460, 545, 3 hours of CSC 349; CSC 330 or 544; 1 course from: CSC courses 300 level or above except CSC 349, 490, 494, 495, 496.

- Interactive Multimedia .................. 22 hours
CSC 140, 315, 316, 491, 550, one of 520 or 555, and 1 additional CSC course 300 level or above except CSC 349, 490, 494, 495, 496.

- Computer Forensics and Security ............ 24 hours
CSC 332, 360, 400, 520, 542, 547, 548, and 549.

- Artificial Intelligence in Data Science ....... 22 hours
CSC 311, 320, 545, 546, 581, 582, 583; and 1 credit hour of CSC 494, 495, or 496.

Supporting Course Requirements:
- Computer Science (General) ............ 23-27 hours
EET 252; MAT 234(4) or 234H(4)(Element 2), MAT 239, 244(4) or 244H(4); STA 270(4).
Choose One of the following sequences:
  a) BIO 111(4) (Element 4), 112(4) (Element 4)
  b) CHE 111/111L(4) (Element 4), 112/112L(4) (Element 4)
  c) GLY 108 (Element 4), and 109 (Element 4)
  d) PHY 201(5) (Element 4); PHY 202(5) (Element 4)
And Choose 2 courses from a, b, c, or d not taken as part of the sequence.

- Computer Technology .................. 22 hours
EET 252; MAT 312,313, and 343; NET 344 or 395; NET 354, 403, 454; and one course from the following: MAT 234(4) (Element 2), 234H(4)(Element 2), or 211(4)(Element 2).

- Interactive Multimedia .................. 31 hours
BEM 200 (Element 5B), EET 252, MUS 290(2), PHY 201(5) (Element 4), STA 270(4), and two courses from ART 200 (Element 3A), and either ARH 392 or 393; MAT 234(4) or 234H(4)(Element 2); MAT 239, 244(4) or 244H(4); one course from ART 100, TEC 190, or GCM 313; one of the following sequences:
  a) MKT 301, 310, or
  b) MGT 301, 465, or
  c) GEO 353, 453.

- Computer Forensics and Security .......... 31-32 hours
FOR 301, 401, INF 318, 321, 322, NET 303, 354, and STA 270(4); MAT 234(4) or 234H(4)(Element 2); choose two courses from the following: BIO 111(4) (Element 4), CHE 111/111L(4) (Element 4), and PHY 201(5) (Element 4); 3 credit hours of CSC 349 or INF 495.

- Artificial Intelligence in Data Science .... 30-34 hours
MAT 234(4) or 234H(4)(Element 2); MAT 244(4) or 244H(4); STA 270(4), 340, 373, 380, 575, 580, 585, and one of the following sequences:
  a) AEM 202 and (332, 336, or 506);
  b) BIO 315(4), 533;
  c) ECO 230, 311 (Element 5B);
  d) ECO 320, 420;
  e) INS 370 and (372, 374, or 378);
f) STA 520, 521;
g) CSC 332 and (542, 547, or 548);
h) GEO 353* and 453;
i) Two courses from HLS 401, 402, 403.

Free Electives.................................................0-12 hours

TOTAL HOURS TO COMPLETE DEGREE ....120-121 hours

1Students without a 25 ACT or 590 SAT will be advised to take CSC 170 as preparation for CSC 185 and 190.
2Under special circumstances, a student may seek an administrative waiver of the CSC 349 requirement from the Computer Science Curriculum Committee and the department chair. Waiver recipients are required to complete three semester hours of additional course work approved by the Computer Science Curriculum Committee.
3BIO 315 has a prerequisite of BIO 111 or 112.
4 GEO 353 has a prerequisite of one course from: AGR 216, GEO 100, 210, 220, GLY 102, 107, or 108.

BACHELOR OF SCIENCE (B.S.)
DIGITAL FORENSICS AND CYBERSECURITY
CIP Code: 43.0116

Program Mission
The mission of the Bachelor of Science program in Digital Forensics and Cybersecurity is to provide students with an education that will prepare them to build a solid foundation of knowledge and skills in digital forensics and cybersecurity and develop a career in the related professional fields.

1. Our graduates will be productive professionals in the digital forensics and cybersecurity fields.
2. Our graduates will develop professionally through continued formal education and/or professional activities.
3. Our graduates will demonstrate leadership skills at work.
4. Our graduates will contribute to community as digital forensic and cybersecurity professionals.

UNIVERSITY GRADUATION REQUIREMENTS
- General Education.............................................36 hours
- Student Success Seminar ..................................1 hour
  (waived for transfers with 30+hrs.)
- Writing Intensive Course (Hrs. incorporated into Major/
  Supporting/Gen Ed/Free Electives category)
- Upper division courses (42 hrs. distributed throughout Major/
  Supporting/Gen Ed/Free Electives categories)
- ACCT - Digital Forensics and Cybersecurity majors will
  fulfill ACCT with CSC 549 or CSC 495 or INF 495 with a
  program-approved topic. (Credit hours may be incorporated
  into Major or Supporting requirements)

Total Hours University Graduation Requirements ...37 hours

MAJOR REQUIREMENTS
Core Courses ..................................................57 hours
CSC 189 or CSC 190, 210, 313, 332, 360, 400, 410, 536, 537, 547, 548 and 549; CSC 308 or 309; INF 318, 321, and 322;
two courses selected from CSC 520, 533, 542, 543, and 544; and 3 credit hours of CSC 349 or 495.

Supporting Course Requirements .........................25-26 hours
CMS 210 (\textsuperscript{4}Element 1); FOR 301, 401, 465W; STA 270 (4);
MAT 234 (4) (\textsuperscript{4}Element 2); two courses selected from BIO 111(4) (\textsuperscript{4}Element 4), CHE 111/111L (\textsuperscript{4}Element 4), and PHY 201(5) (\textsuperscript{4}Element 4); two courses selected from CRJ 101, PLS 216, 316, and 416; one course selected from CIS 320, 325, HLS 400, 401, 402, 403, NET 303, 354, and 454.
\textsuperscript{a} = Course also satisfies a General Education element. Hours are included within the 36 hr. General Education requirement above.

Free Elective ..................................................0-1 hour

TOTAL HOURS TO COMPLETE DEGREE...120 hours

MINORS

MINOR IN COMPUTER SCIENCE
Minor in Computer Science................................21 hours
A student may minor in computer science by completing CSC 185, 190, 191, 195, 310, 313, and 340.

MINOR IN CYBERSECURITY AND INTELLIGENCE
Minor in Cybersecurity and Intelligence..............21 hours
A student may minor in Cybersecurity and Intelligence by completing HLS 401, HLS 402, HLS 403, INF 321, INF 322, and
two courses from CIS 320, CIS 325, CSC 332, CSC 520, CSC 542,
CSC 548, INF 307, INF 314, or INF 318.

MINOR IN GAME CONTENT DESIGN
Minor in Game Content Design.........................20 hours
A student may minor in Game Content Design by completing
INF 130, CSC 140, MUS 290(2), INF 330, BEM 353W, INF 430,
and one of ART 100, INF 120 or ENG 306.

MINOR IN INFORMATICS
Minor in Informatics.......................................18-19 hours
A student may minor in Informatics by completing INF 104 or
CIS 212; INF 314; INF 123 or 307; one of STA 215, 270(4)*, or
QMB 200*; and six additional semester hours from INF 105, 120,
130, 301, 318, 330, 495, CSC 140, 160, 170, 174, 177, 178, 190*,
CIS 215, 320, 325, HSA 370, STA 340, or INF 123 or 307 (if not
used above).
*Includes MAT 112 A/B, 114 or 122 as a prerequisite

CERTIFICATE

CERTIFICATE IN INFORMATICS
Requirements..................................................12 hours
A student may qualify for a Certificate in Informatics by
completing INF 104 or CIS 212; INF 307; INF 314; and three
additional semester hours from INF 105, 120, 123, 130, 301, 318
or 330, or CSC 140, 160, 170, or CIS 420, or INF 510*

*Bachelor in General Studies students who are also seeking the
professional Certificate in Informatics must take CIS 420 or INF
510.
DEPARTMENT OF GEOSCIENCES

Chair
Dr. Melissa Dieckmann
(859) 622-1273
Science Building 2234

Faculty

Our programs provide students with a comprehensive understanding of the breadth and depth of the geosciences through field-based and experiential curricula, innovative teaching methods, applied research, and community outreach focused on the needs of southeastern Kentucky. The Department of Geosciences is committed to enabling our students to achieve their full potential as skilled professionals in a diverse range of companies and governmental organizations, and as effective teachers, community leaders, and educated global citizens. Our programs produce students who are informed users of a range of technologies, responsible stewards of our natural resources, lifelong learners, and active participants in a global society.

Bachelor of Science in Geographic Information Science

The digitization of geographic data, and the wide availability of portable, low-cost technology that utilizes spatial data (smart phones, unmanned aerial vehicles (“drones”), OnStar), has created a booming demand for geographic information. The proliferation and availability of satellite data, and increasing global competition have fueled the hunger for geographic information from businesses, governments and government agencies, and private citizens. Apps and games that make use of altered or virtual reality rely on up-to-date, accurate geographic data to function. As a result, the need for qualified geographic information scientists and mapping professionals is larger than the current supply of these professionals, and employment for these professions is increasing at rates much higher than national rates for other STEM fields.

The B.S. Geographic Information Science program prepares students for graduate study or for employment in the field of geospatial techniques, as well as in fields where geospatial techniques are used to solve problems of importance to businesses, communities, and society. The program provides a foundation of geographic knowledge in introductory coursework through which data of geographic relevance can be understood, analyzed and interpreted; foundational skills in spatial data collection and interpretation in core coursework; and advanced knowledge and skills in geographic information science. Through internships, independent research opportunities, service learning opportunities within our curriculum, applied collaborative projects with other departments on EKU’s campus and entities within our service region, students will be well poised to use their geographic information science knowledge and skills as a prerequisite for gaining employment, and geographic information is, by nature, an interdisciplinary area of study that is utilized in a variety of careers spanning all six of EKU’s Colleges.

Bachelor of Science in Environmental and Applied Geology

Geology is the study of Earth; we study the processes, behavior and materials of Earth, its water and its atmosphere both in recent times and in the geologic past. Through understanding how Earth formed, how it changed over billions of years, and how it continues to function today, we can look forward in time to predict how natural processes and human actions will interact to impact Earth in the future. Knowledge of geological concepts and processes helps scientists, politicians, and business professionals make decisions about the use of Earth’s natural resources, protection of humans against natural disasters, and wise stewardship of our environment.

For students wishing to enter the professional world immediately upon graduation, the Professional Concentration prepares our students to become competent professionals with the requisite knowledge and skills necessary to successfully pass the initial certification exam to eventually obtain their Professional Geologist designation. Students will have the opportunity to gain knowledge and skills in each of the eight areas of professional geology and geotechniques, as well as develop critical research skills through a senior thesis or field camp experience.

Students in the Academic Concentration will gain the foundational knowledge and skills in geology, mathematics and natural sciences necessary to be successful in graduate school, as well as to explore potential areas of geologic specialization through independent research or a field camp experience and elective courses.

Baccalaureate Degrees

Bachelor of Science (B.S.)
Geographic Information Science

UNIVERSITY GRADUATION REQUIREMENTS
• General Education ..........................................................36 hours
• Student Success Seminar SCO 100 ............................ 1 hour
• Writing Intensive Course (Hrs. incorporated into Major/ Supporting/Gen Ed/Free Electives category)
• Upper division courses (42 hrs. distributed throughout Major/ Supporting/Gen Ed/Free Electives categories)
• ACCT - Geology majors will fulfill ACCT with GLY 498 and 499, or 451(6). (Credit hours are incorporated into program requirements below.)
Total Hours University Graduation Requirements ... 37 hours

MAJOR REQUIREMENTS
Core Courses ................................................................. 41 hours
GEO 353; GLY 309(4), 409(4), 410(4), 415(4), 420(4), 450W, and 535; GLY 498 and 499, or 451(6); Six (6) hours from the following: GEO 104, 107, 108, 109, or GEO 210.
Required Concentrations (select one):
Academic ...................................................................... 9 hours
Three hours from GEO 325, 325S, GLY 303, or 408; six (6) hours from the following: GEO 302W, 315, 325, 343, 351, 453, 455, 456, 458, 501, GEO 210, 303, 315, 351, 408, 460, 480, 482, 580, STA 215 or 270.
Professional ................................................................. 12 hours
GEO 456; GLY 315; and six (6) hours from the following: GEO 302W, 315, 343, 351, 453, 4545, 458, 501, GEO 210, 303, 351, 408, 460, 480, 482, 580.
Supporting Course Requirements
Academic ...................................................................... 13 hours
CHE 111/111L(4) *(Element 4), 112/112L(4); MAT 234*(4) *(Element 2); PHY 131(5) or 201(5) *(Element 4); PHY 132(5) or 202(5).
Professional ............................................................... 3-5 hours
CHE 111/111L(4) *(Element 4); MAT 122(5) or higher *(Element 2); PHYS 101, 131(5), or 201 *(Element 4).
*Preparatory course in mathematics may be required before admission to MAT 122, or MAT 234.
G = Course also satisfies a General Education element. Hours are included within the 36 hr. General Education requirement above.
Free Electives .............................................................. 20-27 hours
TOTAL HOURS TO COMPLETE DEGREE ....... 120 hours

MINORS

MINOR IN EARTH SCIENCE/TEACHING
A student may minor in earth science (teaching) by completing a minimum of 21 semester hours as follows: GEO 104, 103 or 108, 109; GEO 315; AST 135; and any two from the following: GEO 303, 309(4), 351, 408, 410(4), 415(4), 420(4), and 450W; or approved electives from astronomy or geography.

The teaching minor in earth science must be coupled with a secondary teaching degree in another discipline to teach earth science at the secondary level. Students enrolled in a teaching program other than science who desire teaching certification in earth science will be required to complete ESE 561 and student teach in earth science. Please note that the earth science minor GPA must be 2.75 or greater to seek certification in earth science. The minor certification cannot be recommended until the secondary teaching program is completed and a recommendation for certification has been processed. Appropriate PRAXIS exams must be completed for each area of certification being recommended.

PRAXIS EXAMINATION
Students must register for and take the PRAXIS exam which correlates to their degree program, per College of Education requirements. Refer to DegreeWorks for exam details. The PRAXIS exam must be taken prior to student teaching.

MINOR IN ENVIRONMENTAL GEOSCIENCES

The minor in Environmental Geosciences emphasizes:
• Scientific understanding of the natural laws that govern the functioning of the Earth as a system;
• Human connections to the physical and natural world;
• Environmental ethics, values and behavior and how they are expressed in individuals, communities, societies, and institutional structures;
• Technological and economic applications of environmental geosciences; and
• Practical applications of environmental geosciences to the real world, and to the student’s major and career plans.

The minor in Environmental Geosciences requires a minimum of 18 credit hours.

Core Requirement ................................................... 3 hours
GEO 353 and a minimum of 3 hours from five of the six following content areas:

a) Human Connections to the Physical and Natural World .................................................. 3 hours
Three hours from: GEO 110 (Gen. Ed. E-4); GLY 303; BIO 500; ANT 370; EHS 425; SOC 383;

b) Environmental Behaviors, Values, and Ethics ................................................... 3 hours
Three hours from: GEO 302W; ENG 208W, Gen Ed Element 3B; REC 290; AGR 345; PHI 385.

c) Natural Systems Function ................................................... 3-4 hours
A minimum of three hours from GEO 315; GLY 315; GLY 415(4); WLD 317; BIO 590; BIO 112(4) (Gen Ed Element 4)

d) Technological and Economic Applications ................................................... 3 hours
Three hours from: AGR 319; ECO 340 or APP 340; AGR 340; GEO 325 or 325S; GEO 430 or APP 430; GLY 535.
e) Applied Studies ........................................3 hours
   Three hours from:
   GEO 349; GEO 349a-n; GEO 435; GLY 408;
   EMS 561; EMS 564S.

f) Geospatial Techniques............................3 hours
   Three hours from GEO 453; GEO 455; GEO 456

**Total Curriculum Requirement**..........................18-19 hours

**MINOR IN GEOGRAPHY**
A student may minor in geography by completing a total of 18 semester hours as follows: GEO 100, 210, 353, and nine hours of geography electives, six of which must be at the 300-level or above.

**MINOR IN GEOLGY**
A student may minor in Geology by completing a minimum of 18 semester hours as follows: a maximum of six hours from GLY 102 or 104 or 107 or 108 or 109; a minimum of 12 additional hours of upper-division geology courses.

**CONCENTRATIONS**

**GEOGRAPHIC INFORMATION SYSTEMS CONCENTRATION IN THE ASSOCIATE OF ARTS IN GENERAL STUDIES DEGREE**
See page 83 of this Catalog for the Geographic Information Systems Concentration requirements listed in the Associate of Arts in General Studies degree section.

**GEOGRAPHY CONCENTRATION IN THE ASSOCIATE OF ARTS IN GENERAL STUDIES DEGREE**
See page 83 of this Catalog for the Geography Concentration requirements listed in the Associate of Arts in General Studies degree section.

**GEOLGY CONCENTRATION IN THE ASSOCIATE OF ARTS IN GENERAL STUDIES DEGREE**
See page 83 of this Catalog for the Geology Concentration requirements listed in the Associate of Arts in General Studies degree section.

**CERTIFICATE**

**Certificate in Environmental Sustainability and Stewardship**
The certificate in Environmental Sustainability and Stewardship requires a minimum of 12 credit hours as indicated below.

**Core Requirement**........................................3 hours
   ENV 200

**Electives Requirement**....................................9 hours
   Nine hours of electives from any approved AGR, ANT, APP, BIO, EHS, GEO, REC, or WLD courses, with no more than 6 hours from any one “Content Area”

**Total Curriculum Requirement**........................12 hours

**CERTIFICATE IN GEOGRAPHIC INFORMATION SYSTEMS**

**Introductory Geoscience Laboratory Requirement**........3 hours
   Select from GEO 110, GEO 210, GLY 102, GLY 104, GLY 107, GLY 108, or GLY 109.

**Core Requirements**....................................9 hours
   GEO 353, GEO 456, and GEO 453.

**Electives**..................................................12 hours
   Select from: GEO 351, GEO 455, GEO 458, GEO 501, GEO 398 or GEO 495 or GEO 498 or GLY 499 (if topic is appropriate), GLY 351, AEM 195, CON 221, STA 215 or 270 or 500, CSC 160 or 174 or 177, CSC 190.

**Total Curriculum Requirements**..........................24 hours

**DEPARTMENT OF MATHEMATICS AND STATISTICS**

Chair
Dr. Daniel Mundfrom
(859) 622-5942
Wallace 312

Faculty

The Department of Mathematics and Statistics offers degrees and minors in these disciplines, as well as providing college readiness and general education mathematics and statistics courses.

**BACCALAUREATE DEGREES**

**BACHELOR OF SCIENCE (B.S.) MATHEMATICS**

**CIP Code:** 27.0101

**Program Objectives**
Upon successful completion of this program, the graduate will: (1) be able to apply mathematical techniques to social, economic, and scientific problems; (2) understand the importance and power of mathematics in our rapidly changing technological age; (3) be prepared to pursue a graduate program in this or a related area; and (4) be well qualified for employment in any position requiring undergraduate training in mathematics. In addition, students in the Teaching concentration will be prepared for certification to teach mathematics at the secondary level. Refer to the College of Education section of this Catalog regarding several teacher certification requirements associated with this degree program.

**UNIVERSITY GRADUATION REQUIREMENTS**

- General Education........................................36 hours
- Student Success Seminar (SCO 100M; waived for transfers with 30+ hrs.)..........................1 hour
COLLEGE OF SCIENCE

• Writing Intensive Course (Hrs. incorporated into Major/Supporting/Gen Ed/Free Electives categories)
• Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)
• ACCT – Mathematics majors will fulfill ACCT requirements with any of the following: CED 499, a 349 Co-op experience in any subject area, a program-approved service-learning course, a program-approved undergraduate scholarly or creative activity, HON 420 with a program-approved thesis topic, a program-approved leadership experience, or a program-approved study abroad experience. (Credit hours may be incorporated into Major or Supporting Course requirements.)

Total Hours University Graduation Requirements ... 37 hours

MAJOR REQUIREMENTS

Core Courses ............................................................. 24 hours
a. MAT 234(4), MAT 239; MAT 244(4), MAT 254(4), MAT 301, 308, and 315.
b. At least five upper division courses which satisfy the major requirements must be completed at EKU.
c. Only courses completed with a grade of at least “C” will count toward the major requirements.

Concentrations:

General Mathematics.................................................. 16 hours
a. MAT 408 or 415; MAT 498(1).
b. One additional MAT course chosen from 408, 415, or any course numbered 505 or above (507 only with departmental approval).
c. Select nine hours from CSC 300, 320, any MAT course numbered 300 or above (except for 334, 394, 501, and 502), or any STA course numbered 300 or above (except for 349 and 500). No more than six hours of STA courses may be used to fulfill this requirement.

Mathematics Teaching.................................................. 15-18 hours
The student must meet the 2.75 GPA requirement listed in the College of Education section under The Office of Teacher Education Services.
MAT 306, 334, 380, MAE 475 and one of the following combinations:

General Combination: three additional hours of courses chosen from CSC 300, 320; any MAT course numbered 300 or above (except for 334, 394, 501, or 502); or any STA course numbered 300 or above (except for 349 and 500).

Statistics Combination: STA 340 and one of STA 470 or 520.

Supporting Course Requirements .................................. 4 hours
CSC 160, 177, or 190; STA 270(4) (3 hours count toward Element 2).

Professional Education Requirements (Required for Mathematics Teaching concentration) .................. 37 hours
EDC 300, EDF 203, 204(2), 219, 413, EMS 300W, 474, and 490; ESE 550 or MAE 550; SED 104 (Element 6), and 11 credit hours of Clinical Experiences: CED 100(0), 200(0), 300(0.5), 400(0.5), 450(1), 499(9). Appropriate PRAXIS exams must be completed for each area of certification being recommended.

Free Electives .......................................................... 0-39 hours
Students planning to attend a graduate school in mathematics are strongly encouraged to select an in-depth study of a single foreign language as a part of their program.

EXIT REQUIREMENT .................................................. 0 hours

PRAXIS EXAMINATION
Students must register for and take the PRAXIS exam which correlates to their degree program, per College of Education requirements. Refer to DegreeWorks for exam details. The PRAXIS exam must be taken prior to student teaching.

TOTAL HOURS TO COMPLETE DEGREE ............ 120 hours

Bachelor of Science (B.S.)
Statistics
CIP Code: 27.0501

Program Objectives
Upon successful completion of this program, the graduate will: (1) understand the applications and use of statistics in everyday life; (2) be able to apply a wide variety of statistical techniques; (3) be familiar with computer packages which perform statistical analysis; (4) be well qualified for employment in industry, government, and the actuarial profession; and (5) be prepared to pursue graduate work in statistics.

University Graduation Requirements

MAJOR REQUIREMENTS

Core Courses ............................................................. 24 hours
a. STA 270(4), 340, 498W, 520, 521, and 585.
b. Six hours from STA 375, 380, 470, 570, 575, or 580 (must include at least one of STA 575 or 580).
c. MAT 239; MAT 244(4); MAT 254(4).
d. Six hours from CSC/MAT/STA courses numbered 300 or above (excluding: any 349 courses, CSC 306, MAT 303, 501, 502, STA 500). STA 480 will count for only approved topics. Courses cannot count for both point b and point d.
e. Only courses completed with a grade of at least a “C” will count toward the major requirements.

Supporting Course Requirements .................................. 4 hours
CSC 160, 174, 177, or 190; MAT 234(4) (3 hours count toward Element 2).

Professional Education Requirements (Required for Mathematics Teaching concentration) .................. 37 hours
EDC 300, EDF 203, 204(2), 219, 413, EMS 300W, 474, and 490; ESE 550 or MAE 550; SED 104 (Element 6), and 11 credit hours of Clinical Experiences: CED 100(0), 200(0), 300(0.5), 400(0.5), 450(1), 499(9). Appropriate PRAXIS exams must be completed for each area of certification being recommended.

Free Electives .......................................................... 37 hours

TOTAL HOURS TO COMPLETE DEGREE ............ 120 hours

Minors

Minor in Actuarial Science
A student may minor in actuarial science by completing 23 hours as follows: MAT 234(4) or 234H(4); MAT 244(4) or
Minor in Mathematical Sciences
A student may minor in mathematical sciences by completing 21 hours as follows: 6 hours from CSC 160, 190, or 191; MAT 234(4) or 234H(4); MAT 244(4) or 244H(4); STA 270(4), and STA 340.

Minor in Mathematics
A student may minor in mathematics by completing 18 hours as follows: MAT 234(4) or 234H(4); MAT 244(4) or 244H(4); and 10 hours from MAT 239, 254(4), 254H(4), STA 470, 520, or any MAT course numbered 300 or above (except for MAT 303, 349, and 480). Only one of MAT 520, STA 470, and STA 520 may count toward the minor. MAT 480 may be approved to count toward the minor depending on the topic chosen.

Minor in Mathematics/Teaching
A student may minor in mathematics teaching by completing 21 hours as follows: MAT 234(4) or 234H(4); 239; 244(4) or 244H(4); MAT 301, 334, and STA 270(4). All courses must be completed with a grade of at least “C” and the GPA in the courses used for the minor must be at least 2.75. The teaching minor in mathematics must be coupled with a secondary teaching major in another discipline.

Minor in Statistics
A student may minor in statistics by completing 18-21 hours as follows:

a) STA 215 or STA 270(4); 340;
b) 6 hours selected from STA courses numbered 300 or above (except for 340, 349, or 500);
c) 6-8 hours selected from STA courses numbered 300 or above (except for 340, 349, or 500); a CSC course (except for 140, 306, or 349); or calculus courses with a MAT prefix. No more than three hours of CSC courses may be used to fulfill this requirement.
d) A maximum of one course from MAT 234(4), 234H(4), or 211 can count toward the minor.
e) No course may be used to satisfy both b) and c) above.

Certificate in Applied Data Science

Certificate in Applied Data Science

Introductory Statistics Requirement 3-7 hours
Select from STA 270(4), STA 215, or PSY 309* or 309W* and PSY 310

Core Requirements 13 hours
MAT 234(4), STA 580, CSC 174 or 190, and MAT 239 or STA 340

Statistics Elective 3 hours
Select from STA 375, 480 (approved topics), 570, or 575

Domain Knowledge Electives 6-8 hours
Select two courses from one of the following categories:
a) Anthropology and Sociology
   ANT 371, SOC 232, 395, or 465
b) Biology and Environmental Health Sciences
   EHS 280 and 370, BIO 315* and 533, or BIO 316* and 532
c) Computer Information Systems
   CIS 335* and 430
d) Computer Science and Informatics
   CSC 310*, 313*, 581, or INF 314*
e) Government
   POL 280* and 440
f) Geosciences
   GEO 351*, 353, 453, 456, or 458
g) Psychology
   PSY 250*, 315 or 315L, or 590

Total Curriculum Requirements 25-31 hours

* requires a pre-requisite course

Concentration

Mathematical Sciences Concentration in the Associate of Arts in General Studies Degree

See page 83 of this Catalog for the Mathematical Sciences Concentration requirements listed in the Associate of Arts in General Studies degree section.

DEPARTMENT OF PHYSICS AND ASTRONOMY

Chair
Dr. Anthony Blose
(859) 622-1521
NSB 3140

Faculty
A. Blose, M. Ciocca, J. Frey, T. Jarvis, J. Lair, M. Pitts, J. Ross, J. Wang, and G. Yoder

Baccalaureate Degrees

Bachelor of Science (B.S.)
Physics
CIP Code: 40.0801

Program Objectives

Upon completion of this program the graduate will: 1) be able to apply mathematics to analyze problems in Physics; 2) be able to use fundamental physical results, such as conservation laws, to study physical systems; 3) be able to analyze important processes occurring in physical systems. Additionally, graduates of this program will 1) be prepared for employment in Physics or a related field in the public or private sector; 2) be prepared for admission to a graduate program in Physics or a related field. 3) be prepared to take and pass the Praxis exam in Physics; and physics teaching majors will be prepared to teach Physics in a secondary school.

University Graduation Requirements

- General Education 36 hours
- Student Success Seminar 1 hour
- (SCO 100P; waived for transfers with 30+ hrs.)
- Writing Intensive Course (Hrs. incorporated into Major/Supporting/Gen Ed/Free Electives category)
**MINORS**

**MINOR IN PHYSICS**
A student may complete a minor in physics by taking PHY 201(5), 202(5), 211(4) and a minimum of four additional hours of physics 300-level or above for a total of 18 hours. PHY 131 may be substituted for PHY 201, and PHY 132 may be substituted for PHY 202.

**MINOR IN PHYSICS/TEACHING**
A student may complete a teaching minor in physics by taking PHY 201(5), 202(5), 211(4), and 302(4) or 302W(4). PHY 131 may be substituted for PHY 201 and PHY 132 may be substituted for PHY 202. The teaching minor in physics must be coupled with a teaching major in biology, chemistry, or mathematics to qualify students to teach physics at the secondary level. Students enrolled in a teaching program other than science who desire teaching certification in physics will be required to take ESE 561. Please note the physics minor GPA must be 2.75 or greater, and student teaching in physics is required. The minor certification cannot be recommended until the secondary teaching program is completed and a recommendation for certification has been processed. Appropriate PRAXIS exams must be completed for each area of certification being recommended.

**PRAXIS EXAMINATION**
Students must register for and take the PRAXIS exam which correlates to their degree program, per College of Education requirements. Refer to DegreeWorks for exam details. The PRAXIS exam must be taken prior to student teaching.

**CONCENTRATION**

**PHYSICS AND ENGINEERING CONCENTRATION IN THE ASSOCIATE OF ARTS IN GENERAL STUDIES DEGREE**

See page 83 of this Catalog for the Physics and Engineering Concentration requirements listed in the Associate of Arts in General Studies degree section.

- **XXX** —349 A-N Cooperative Education

### Course Descriptions

The semester hours which may be earned by successful completion of a course are indicated in parentheses immediately following the course title, e.g., (3).

A course is offered during the semester indicated by the term-offering designation immediately following the credit hours earned:
- **I** —Fall Semester
- **II** —Spring Semester
- **A** —By Announcement

A course is offered during the indicated semester or by announcement on the assumption there will be adequate enrollment. If a course does not obtain adequate enrollment, it is subject to cancellation. The University reserves the right to cancel any course if the enrollment is not sufficient, to divide a course if the enrollment is too large for efficient instruction, and to change instructors when necessary.

The description of the course format for courses which include a laboratory experience is found at the end of the course description. A course which consists of three hours of classroom lecture and two hours of laboratory per week is described as “3 Lec/2 Lab.”

Courses approved for general education are noted as such by the phrase “Gen. Ed.” and an element and number designation following the course description. Example: Gen. Ed. E-6 indicates a course which fulfills a requirement in General Education Element-6: Diversity of Perspectives and Experiences. Letters in brackets [ ] designate Kentucky statewide General Education core coding. See General Education Requirements in Section Four.

### Cooperative Education/Internship (Applied Learning)

- **XXX —349 Applied Learning**
- **XXX —349 A-N Cooperative Education**

Students may register for additional hours of applied learning and cooperative education beyond those specified in each course description. However, courses students are taking will then fall into a repeat cycle where the last course taken replaces the former course so that no more than the limit noted may be counted toward a degree program, minor, or certificate.
ACC—Accounting
Dr. Oliver Feltus, Chair
ACC 200 Survey of Accounting (3, I, II). Prerequisite: MAT 105 or higher. Not for students majoring or minoring in the School of Business. Survey of foundational concepts in accounting for the user and preparer of financial statements. Emphasis on (a) how business transactions affect financial statements and (b) measurement and behavior of costs to identify and solve business problems.

ACC 201 Introduction to Financial Accounting (3, I, II). Prerequisite: STA 215 or 270 or MAT 105 or higher. A user’s approach to understanding financial accounting and reporting, emphasizing how creditors, investors, and others use information in decision making and why financial accounting information is important to these users.

ACC 202 Introduction to Managerial Accounting (3, I, II). Prerequisite: ACC 201 with a grade of “C” or better. A study of the objectives, preparation and uses of managerial accounting information primarily from a user perspective. Emphasis on measurement, allocation, and reporting of costs to identify and solve business problems.

ACC 251 Introduction to Accounting Information Systems (3, I, II). Prerequisite: ACC 201 with a grade of “C” or better. An introduction to manual and computer-based accounting information systems. Topics include business processes, transaction cycles, and computerized accounting software. The handling of accounting problems solving and computer application skills.

ACC 301 Intermediate Accounting I (3, I, II). Prerequisite: ACC 251 and CIS 212 (or INF 104) with a grade of “C” or better in each course. Financial statements, current and non-current assets, liabilities, current and long-term liabilities, acquisitions, use and retirement of plant and equipment.

ACC 302 Intermediate Accounting II (3, I, II). Prerequisite: ACC 301 with a grade of “C” or better. Capital stock, financial statement analysis, statement of cash flows, lease and pension accounting, accounting changes, and deferred taxes.

ACC 322 Tax I (3, I, II). Prerequisite: ACC 201 with a grade of “C” or better and junior standing. Income tax legislation-Federal and State; returns for individuals; individual income tax return preparation with emphasis on partnership and corporate returns; estate and trusts; gift and estate taxes; special problems in preparation of tax returns.

ACC 523 Taxation of Corporations. (3) A. Prerequisite: ACC 321 with a grade of “C” or better. An in-depth study of federal, state, and local income tax law, planning, preparation, and representation of corporate clients.

ACC 524 Advanced Management Accounting Seminar. (3) A. Cross-listed as ACC 727. Prerequisites: ACC 301, and ACC 321 with a minimum grade of “C”. Credit will not be awarded for both ACC 527 and ACC 727.

ACC 525 Forensic Accounting. (3) A. Prerequisite: ACC 301 or 322 or ACC 201 with a grade of “C” or better. A study of investigative accounting procedures and techniques used in litigation support. Topics to be covered include financial reporting fraud, employee fraud, forensic accounting methods, economic evidence, and professional responsibilities.

ACC 527 Advanced Management Accounting. Seminar. (3) A. Cross-listed as ACC 727. Prerequisites: ACC 301, and ACC 321 with a minimum grade of “C”. Credit will not be awarded for both ACC 527 and ACC 727.

ACC 590 Special Topics in Accounting: _________. (.5-8) A. Prerequisites: Departmental Approval. For special topics related to the field of Accounting beyond the scope of regularly offered courses. May be taken to a maximum of 6 hours provided subject/topics vary.

ADM— Apparel Design and Merchandising
Dr. Dana Bush, Chair

ADM 102 Introductory Apparel Production. (3, I, II). Basic principles of apparel production; selection, alteration, and fitting of commercial patterns.

ADM 119 Introduction to Apparel Design and Merchandising. (3) I. An introductory study of apparel and textile producers, designers, merchandisers, retailers, consumer characteristics, consumer behavior, and ethical issues. Information sources about the industry and consumers are examined. Exploration of career opportunities.

ADM 201 Introduction to Textiles. (3, I, II). Introduction to fibers, yarns, fabrics, colorations, and finishes. Emphasis on consumer use. 2 Lec/2 Lab.

ADM 203 Pattern Alteration and Fitting. (3) II. Prerequisite: ADM 102. A basic study of pattern alteration and fitting using commercial patterns.

ADM 222 Fashion Illustration. (3) A. Methods and materials for clothing illustration, including sketching of the elongated fashion figure and computer-aided design. Illustration, color and fabric rendering of original designs and clothing lines.

ADM 300 Apparel and Textile Sources. (3) I. Prerequisites: ADM 119, 201, and ECO 230. Study of domestic and international apparel and textile sources of supply. Examines topics related to textile/apparel production, manufacturing, import/export, retailing and consumer behavior.

ADM 302 Textile Evaluation and Specification. (3) II. Prerequisite: ADM 201. Evaluation of textiles. Examination and development of textile standards and specifications. 2 Lec/2 Lab.

ADM 310 Historical Costume and the Social Order. (3) I. Cross-listed as WGS 310. Prerequisite: ADM 102 or 201. History of dress from ancient Egypt through the 20th century. Factors which influence the style of dress are studied and relationship between costume of the past and current modes. Credit will not be awarded for both ADM 310 and WGS 310.

ADM 312 Flat Pattern Draping Design. (3) A. Prerequisites: ADM 102 or department approval. Development of apparel designs through flat pattern and draping techniques.

ADM 313 Apparel Design and Quality. (3, II). A study of apparel selection including terminology, sizing of ready-to-wear, factors influencing the selection of sewn products, and principles of design and aesthetics of dress.

ADM 319 Apparel Merchandising. (3) A. Prerequisites: ADM 119 and ECO 230. The merchandising of apparel, including merchandise control, buying procedures, vendors, vendor relations, planning assortments and budgets for basic and fashion categories. Practice in merchandise mathematics.

ADM 339 Visual Merchandising. (3) I. Prerequisite: junior standing or department approval. Principles and techniques used in the display of fashion merchandise and their application in planning and actual display of fashion goods for store windows and interiors.

ADM 349 A-N Cooperative Study: Apparel. (1-3) A. Prerequisites: 3.0 GPA and department approval. Supervised practice in apparel design and merchandising. May be taken up to a maximum of 6 hours provided acceptable credit.

ADM 411 Advanced Apparel Production. (3) A. Prerequisites: ADM 102 or department approval. Tailoring and other advanced apparel production techniques. Exploration of appropriate production techniques for specialty fabrics.

ADM 412 Advanced Apparel Design. (3) A. Prerequisites: ADM 201 and 312 or department approval. Solving design problems through fabric selection, patternmaking techniques, and apparel production methods. Presentation of design concepts in a portfolio.

ADM 413 Apparel Product Development. (3) II. Prerequisites: ADM 102, 210, 300, 313, 349. Problem solving and the development of sewn products and services in the apparel industry.

ADM 414 Apparel Design and Merchandising Practicum. (6) A. Prerequisites: ADM 312 or 319, 415 and 2.0 institutional GPA. Supervised practicum studying apparel design and/or merchandising in manufacturing, design, retail or wholesale firms.

ADM 419 Special Problems in ADM. (1-3) A. Prerequisites: 3.0 GPA and department approval. The student selects a problem and works under the supervision of the instructor. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours provided topic differs.

ADM 550 ADM Topics: _________. (1-3) A. A course designed to offer specialized expertise in
numerous areas related to textiles, clothing, and fashion. May be taken to a maximum of six hours provided topics vary.

AED - Art Education
Ida Kumoji- Ankrah, Chair

AED 360 Introduction to Materials Inquiry. (3) A. Students will explore processes and materials used in K-12 programs, will present exploration results through seminar-style discussions and demonstrate understanding and will begin to understand and practice developmentally appropriate teaching strategies through peer teaching. Credit will not be awarded for both AED 360 and ART 360.

AED 361 Art Teaching Grades P-5. (3) I. Cross listed as EME 361. Prerequisites: EME 360 and department approval, and admission to professional education. Developmentally- appropriate curriculum, materials, and methods for grades P-5. Minimum of 10 field/clinical hours. Credit will not be awarded for both EME 361 and AED 361.

AED 540 Teaching Art in the Schools. (3) I. Cross listed as ESE 540. Prerequisites: admission to professional education; EDF 413 (C), EMS 490 (C), EDF 425 (B) or permission of the instructor. In Art Education program. Pre/Corequisites: EDF 413, SED 402. Corequisite: AED 561 and CED 450. Developmentally appropriate materials and methods for teaching art in the schools. Credit will not be awarded for both AED 540 and ESE 540.

AED 561 Materials Inquiry in Art Education. (3) A. Prerequisites: AED 360 and admission to professional education. Corequisite: CED 450. Diversified inquiry into art materials and processes in the elementary and secondary schools. Maximum number of repeatable hours: 6.

AEM—Applied Engineering Management
Dr. Dennis Field, Coordinator

AEM 195 Computer Aided Drafting. (3) I, II. An introductory course in freehand sketching and computer-aided drafting/design. Students will be taught basic CAD commands, tools, multi-view drawings and dimensioning techniques. 2 Lec/2 Lab.

AEM 201 Metallic Material Processes. (3) I, II. Introduction to manufacturing processes involving metallic materials. Families of processes covered are casting, forming, separating, conditioning, assembling, and finishing. 2 Lec/2 Lab.

AEM 202 Introduction to Quality. (3, I, II) Prerequisite: MAT 112 or 112B or higher mathematics with grade of C or better, and STA 215 or 270. Role of statistical thinking in modern quality control. Methods for problem solving, data collection, and process improvement. Deriving actionable conclusions from data analyses. Understanding, quantifying, and reducing variation to improve business performance.

AEM 242 Furniture and Cabinet Construction. (3) A. Prerequisite: TEC 141. Principles of furniture and cabinet construction, elements of structural design, advanced woodworking operations; care and sharpening of tools; related technical information; furniture and cabinet construction and finishing. 2 Lec/2 Lab.

AEM 301 Non-Metallic Material Processes. (3) I. Introduction to manufacturing processes used to shape or form wood, plastic, and composite materials. Families of processes covered are casting, molding, forming, separating, conditioning, assembling, and finishing. 2 Lec/2 Lab.

AEM 308 Methods of Lean Operations. (3) I, II. Prerequisite: MAT 112 or 112B or higher with a grade of C or better, and STA 215 or 270. Examination of lean principles, such as value mapping, continuous flow, continuous improvement, determination of customer demand, and standard work. Concepts and implementation of pull, line balancing, lean accounting, FMEA, time studies, and total productive maintenance.

AEM 310 Technical Communication. (3)

I, II. Prerequisites: ENG 102 or 102R and TEC 161. A conceptional approach to computer aided communication skills typically applied in industrial environments. Emphasis will be placed on utilizing computer technology to integrate text and graphics in the preparation of documents and presentation materials. Credit will not be awarded for both AEM 310 and AEM 310W.

AEM 310W Technical Communication. (3) I, II. Prerequisites: ENG 102 or 102R or ENG 105(B) or HON 102, TEC 161. An approach to computer aided communication skills typically applied in industrial environments. Emphasis will be placed on utilizing computer technology to integrate text and graphics in the preparation of documents and presentation materials. Credit will not be awarded for both AEM 310W and AEM 310.

AEM 320 Warehousing and Material Handling. (3) A. Prerequisites: AEM 202 and 308. A laboratory oriented course that examines basic warehouse layout configurations, material flow, and a critical evaluation of the application of computers to control material flow, plus the use of computer simulation to analyze various warehouse layout options for scheduling, picking and material tracking. 2 Lec/2 Lab.

AEM 340 Engineering Materials Testing. (3) A. Prerequisites: AEM 195, 201, and MAT 120. A study of geometric dimensioning and tolerancing as used in detail working drawings and the principles, standards, equipment, and techniques of precision electronic, mechanical measurement, and material testing. 2 Lec/2 Lab.

AEM 336 Reliability and Sampling. (3, A) Prerequisite: AEM 202. An overview of reliability, testing, and sampling theories. Topics include component and system reliability, product safety, sampling plans, control charts, and standards.

AEM 338 Engineered Materials Testing. (4) A. Prerequisites: AEM 201, 202, and TEC 190. Structure, composition, properties, tolerances, standards, and common applications of engineering materials. Use of GD&T and techniques for precision electronic and mechanical measurement and testing.

AEM 349 Applied Learning in Industrial Technology. (5, I, II) Prerequisite: departmental approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate, sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

AEM 349 A-N Cooperative Study: Industrial Technology. (5, I, II) Prerequisite: departmental approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate, sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

AEM 352 Robotics and Automated Systems. (3, A) Prerequisite: EET 251. Introduction to fixed and flexible automation equipment with an emphasis placed on industrial robot systems. Topics include robot safety, programming and operation, and effector design, programmable logic controllers, interfacing devices, and sensors. 2 Lec/2 Lab.

AEM 367 Comp Exam for AAS in Technology, Applied Engineering (0) A. Prerequisite: Departmental Approval. Registration is required of all A.A.S. Technology, Applied Engineering majors during their last semester. A comprehensive assessment exam is required.

AEM 371 Hydraulics and Pneumatics. (3) Prerequisite: AEM 202. The study of fluid and pneumatic systems and the study of hydraulic and pneumatic components and circuits. The study of control applications includes manual, mechanical, fluid, electrical, and computer controlled fluid circuits.

2 Lec/2 Lab.

AEM 382 Advanced Material Processing. (3) A. Prerequisites: AEM 201. The use of computer applications software to link data bases created with computer aided design software to computer numerical controlled machine tools. 2 Lec/2 Lab.

AEM 383 CAD/CAM Integration. (3) A. Prerequisite: AEM 195. A study of advanced topics in three-dimensional computer aided design. The content will include advanced modeling and rendering. 2 Lec/2 Lab.

AEM 390 3-D Parametric Solid Modeling. (3) A. Prerequisite: AEM 195. Computer generated detail and assembly drawings. Topics include threads and fasteners, gearing and cams, and dimensioning and tolerancing. 2 Lec/2 Lab.

AEM 395 Special topics in AEM. (2-3) Prerequisite: AEM 202. Developmental or special normal, junior or higher standing. Explores emerging technologies in the area of applied engineering. May be repeated up to a maximum of 9 hours provided subject matter is different each time.

AEM 397 Advanced Machine Drawing. (3) A. Prerequisites: AEM 390 and 392. Advanced machine drawing applications to include detail and assembly drawings, threads and fasteners, gearing and cams. Emphasis on shape description. 2 Lec/2 Lab.

AEM 406 Integrated Materials Mgmt. (3) I, II. Prerequisite: AEM 202. A senior course which examines consumer demand characteristics, product bill materials, establishing sales and operations plans, planning and controlling inventory in the supply chain.

AEM 408 Human Resource Development. (3) I, II. Topics in human relations and production management. To be scheduled the semester before graduation.

AEM 409 Comprehensive Exam for BS in AEM (0) A. Prerequisite: Consent of Advisor. Registration is required of all Applied Engineering Management B.S. majors during their last semester. A comprehensive assessment exam is required.

AEM 499 Senior Capstone Project. (3) II. Prerequisite: AEM 310, 352, 407, and Senior Standing. A synthesis experience involving the application of theory in solving a realistic industrial problem. Emphasis is placed upon project setup, solution, justification, report and presentation. 2 Lec/2 Lab.

AEM 506 Six Sigma Quality. (3, A) Prerequisite: AEM 202. A study of six sigma methodology and current practices with an emphasis on key quality drivers and statistical methods for world-class products and companies.

AEM 530 Design of Experiments. (3) A. Prerequisite: AEM 202. Principles and practices of efficient experiment design for industry. Topics include the philosophy of experiment design, comparison of various designs, hypothesis testing, and the analysis of data.

AFA—African/African-American Studies
Dr. Lisa Day, Director

AFA 101 Exploring Africa Through Play (3) I. Cross listed as EMS 101. Prerequisite: ENG 102 or 102R, 105(B) or HON 102. An exploration of the diversity of Sub-Saharan Africa through an immersion in pre-Colonial children’s songs and games. The course aims at developing a deeper understanding and sensitivity
to cultural diversity in Africa. Credit will be awarded for both EMS 200 and AFA 200. Gen. Ed. E-6.

AFA 201 African Experience. (3) A. Introduces students to the historical, socio-economic, cultural, and political experiences of African people in Africa and Diaspora. It fulfills a core requirement for African/African-American Studies. Credit will not be awarded for both AFA 201 and 201W. Gen. Ed. E-3B and E-6 [AH][GE].

AFA 202 The African American Experience. (3) A. An overview of the historical, social, political, economic, and cultural factors that have helped shape the experiences of African Americans in the United States. It fulfills a core requirement for African and African American Studies. Credit will not be awarded for both AFA 202 and 202W. Gen. Ed. E-6 [GE].

AFA 202W The African American Experience. (3) A. A continuous course that explores the cultural, social, economic, and political factors that shaped the experiences of African Americans in the United States. It fulfills a core requirement for African and African American Studies. Credit will not be awarded for both AFA 202 and 202W. Gen. Ed. E-6 [GE].

AFA 225 African/African-American Health Issues. (3) A. Cross-listed as EHS 225. Provides the student with an overview of the historical, social, political, and cultural factors that have helped shape the experiences of African Americans in the United States and Africa. Credit will not be awarded for both AFA 225 and EHS 225.

AFA 247 AFA Special Topics: Africa and Diaspora. (3) A. Special study of selected topics not available in traditional course offerings. Course designed for lower-division division students. May be retaken with different topics to a maximum of six hours.

AFA 304 Slavery in the Americas. (3) A. Cross-listed as HIST 304. The history of slavery, bound labor, and freedom in the Western Hemisphere. Special attention will be given to anti-slavery and abolitionist movements. Credit will not be awarded for both AFA 304 and HIST 304.

AFA 305 African American History. (3) A. Cross-listed as HIS 305. African history to 1500: Europe, Africa, and the Americas; trans-Atlantic and domestic slave trades; American slavery; emancipation; post-emancipation changes and initiatives for persistence of black nationalism. Credit will not be awarded for both AFA 305 and HIS 305.

AFA 330 U.S. South and Black Education. (3) A. Cross-listed as EDSE 330. This course introduces the major themes of Black populations pursuing educational opportunities in Southern States in the U.S. Students will acquire knowledge about historical events, people, and policies shaping the evolution of Blacks in education. Credit will not be awarded for both AFA 330 and EDSE 330.

AFA 345 Minority Group Politics. (3) A. Cross-listed as POL 345. Examination and comparison of various theories, strategies, forms of participation, leadership styles, and concepts (e.g. Black Power) of minority group politics. Credit will not be awarded for both AFA 345 and POL 345. Gen. Ed. VIII.

AFA 347 Special Topics in AFA Studies. (3) A. Specialized study of selected topics not available in traditional course offerings. May be retaken with different topics to a maximum of six hours.

AFA 349 Applied Learning in AFA Studies. (3-5) A. Work in a cooperative placement related to student’s academic studies. May earn a maximum of 3 hours. A minimum of 80 hours work required for each semester hour credit.

AFA 349 A-N Cooperative Study: AFA Studies. (3-5) A. Work in a cooperative placement related to student’s academic studies. May earn a maximum of three hours. A minimum of 80 hours work required for each semester hour credit.

AFA 356 African American Political Thought. (3) A. Cross-listed as POL 356. Prerequisite: ENG 102 or 102R, or ENG 105B, or HON 102. Examination of political ideas espoused by African American activists from the nineteenth century to the present. Credit will not be awarded to students who have credit for POL 356. Gen. Ed. E-6.

AFA 360 Literatures of Africa. (3) A. Prerequisite: ENG 102 or 102R, or 105B, or HON 102. Cross-listed as ENG 360. Survey of the genres and components of African literature, oral and written; study of how key concepts in African thought, culture and experiences are reflected in the literatures composed by writers from Africa or of African origin. Credit will not be awarded for both AFA 360 and ENG 360. Gen. Ed. E-6 [GE]

AFA 361 African American Literature. (3) A. Prerequisite ENG 102 or 102R or 105B or HON 102. Cross-listed as ENG 361. Survey of selected works of African American literary traditions. Credit will not be awarded for both AFA 361 and ENG 361. Gen. Ed. E-6 [GE]

AFA 367 African Caribbean Literatures, (3) A. Prerequisite: ENG 102 or ENG 102R or 105B or HON 102. Cross-listed as ENG 367. A study of selected literatures written by Caribbean writers of African descent. Credit will not be awarded for both AFA 367 and ENG 367.

AFA 372S Blacks in Madison County (3) A. Through a service-learning approach this course provides an opportunity for students to research the historical people, institutions, and cultural factors that helped shape the experience of African-Americans in Madison County, Kentucky.

AFA 378 Black Women in History. (3) A. Cross-listed as WGS 378. Examines the lives of African-American women from the present with emphasis on the impact of race, gender, and class issues on their multi-faceted lives as women in America. Credit will not be awarded for both AFA 378 and WGS 378.

AFA 385 Early African History. (3) A. Cross-listed as HIS 385. Prerequisite: ENG 102 or 102R, 105 B, or HON 102. History of Africa from earliest times to 1860. Emphasis on social, political, economic, and cultural change in states and societies; oral traditions, the environmental and human activities; slavery and the slave trades. Credit will not be awarded for both AFA 385 and HIS 385.

AFA 386 Modern African History. (3) A. Cross-listed as ENG 102 or 102R, 105 B, or HON 102. History of Africa from the 19th century to the present. Themes include: trade and politics; European conquest and African resistance; rural survival and urban popular culture; race, class, gender, ethnicity, and age; African nationalism and independence. Credit will not be awarded for both AFA 386 and HIS 386.

AFA 388 Islam in West Africa. (3) A. Cross-listed as HIS 388. History of Islam and politics in West Africa from 1000 C.E. to the present. Emphasis on the role of Islam in major socio-economic, political, and cultural transformations of West African states and societies. Credit will not be awarded for both AFA 388 and HIS 388.

AFA 400 Race and Ethnicity. (3) A. Cross-listed as SOC 400. Prerequisites: SOC 131 or SOC 235; ENG 102 or ENG 102R or ENG 105B or HON 102. Analysis of the development of racial and ethnic relations from the perspective of sociology and related social sciences. Examination of issues related to dominant and minority group status in the United States and cross-culturally. Credit will not be awarded for both AFA 400 and SOC 400.

AFA 435 U.S. Civil Rights Movement. (3) A. Cross-listed as HIS 435. Prerequisites: three hours AFA or departmental approval. Examination through primary and secondary sources of the origins, course, ideologies, and legacy of the mid-twentieth century American movement for racial justice and equality. Discussion of the central scholarly issues in civil rights studies. Credit will not be awarded for both AFA 435 and HIS 435.

AFA 495 Independent Study. (3) A. Prerequisites: AFA 201, AFA 202, and departmental approval. Individual study and/or research on a problem/topic not offered in Africana, African American or African Caribbean experience. Student must have the independent study proposal form approved by the faculty supervisor and the program director prior to enrollment. AFA 510 African Textile Design. (3) A. Prerequisite: AFA 201 or AFA 202 or Departmental Approval. This course investigates the symbolism of textile design in Africa, as it examines the developments in contemporary textile art within Africa and in the African Diaspora.

AFS—Aerospace Studies (Air Force ROTC) Lt. Col. John Ard University of Kentucky (859) 257-7115 Leadership Seminar is open to students who are members of the Air Force Reserve Officer Training Corps or are eligible to pursue a commission as determined by the Professor of Aerospace Studies.

AFS 111 Aerospace Studies I. (1) I. This course deals with the Air Force in the contemporary world through a study of the total force structure, strategic offensive and defensive forces, general purpose forces, and aerospace support forces.

AFS 112 Leadership Seminar. (1) I. Introduces Air Force customs and courtesies, drill and ceremonies, and wear of the uniform. The course also includes a discussion of career opportunities in the Air Force.

AFS 113 Aerospace Studies I. (1) II. A continuation of AFS 111.

AFS 114 Leadership Seminar. (1) II. A course designed to develop managerial skills including superior/subordinate relationships, communications, customs and courtesies, basic drill movements and career progression requirements. Credit will not be granted toward the requirements for the degree. Pass-Fail only.

AFS 211 Aerospace Studies II. (1) I. This course is a study of air power from balloons and dirigibles through the jet age. It is an historical review of air power employment in military and nonmilitary operations in support of national objectives; and a look at the evolution of air power concepts and doctrine.

AFS 212 Leadership Seminar. (1) I. Air Force customs, courtesies, and opportunities are emphasized. The cadet is prepared for individual flight, and squadron movements in drill and ceremonies.

AFS 213 Aerospace Studies II. (1) II. A continuation of AFS 211.

AFS 214 Leadership Seminar. (1) II. Emphasis on preparing cadets for attendance at field training during succeeding summer.

AFS 311 Aerospace Studies III. (3) I. Prerequisite: acceptance into the professional officer course. A study of management functions with emphasis on the environment. Individual motivational and behavioral process, communication, and group dynamics are included for the development of professional skills.

AFS 312 Leadership Seminar. (1) I. Involves the cadets in advanced leadership experiences to prepare for active duty. Cadet responsibilities include planning, organizing, directing, coordinating, and controlling the activities of the cadet corps and preparing briefings and written communications.

AFS 313 Aerospace Studies III. (3) II. Prerequisite: AFS 311. A study of leadership with specific emphasis on the Air Force leader. Includes theoretical, professional, and communicative aspects. In addition, military justice and administrative law are discussed within the context of the military organization.

AFS 314 Leadership Seminar. (1) II. Cadets continue preparations for fulfilling leadership positions as an active duty Air Force officer.
AFS 411 Aerospace Studies IV. (3) I. Prerequisites: AFS 311 and 313. A study of the military profession with emphasis on military interactions, communication skills, framework of defense policy, and formulation of defense strategy.

AFS 412 Leadership Seminar. (1) I. Prerequisite: AFS 411. Involves the cadets in higher level advanced leadership experiences. In addition, the cadets receive a final block of instruction for Initial Commissioned Service.

AFS 413 Aerospace Studies IV. (3) II. Prerequisite: AFS 411. Continues the study of strategies and the management of conflict, formulation and implementation of U.S. defense policy, defense organization, and case studies in defense policy making.

AFS 414 Leadership Seminar. (1) II. Cadets prepare for Initial Commissioned Service by fulfilling advanced leadership positions. Continued emphasis on group dynamics and the role of future leaders in the Air Force.

AFS 495 Independent Work. (2-6) A. Prerequisite: approval of professor of aerospace studies. A study of an advanced problem on an aerospace subject under the guidance of the Chairman of the Department of Aerospace Studies.

AGR—Agriculture

Dr. William E. Davis, Interim Chair

AGR 105 Introductory Topics in Agriculture. (3) I, II. A non-structured course for incoming students who have met the secondary skills standard examination requirements in the area of agriculture. Departmental chair approval required prior to enrollment. May be taken as a maximum of 6 hours.

AGR 111 Introduction to American Agriculture. (3) A. An overview of the agriculture industry in the United States including significant past events, current status and trends. Complexities of laws and regulations and their influence on the producer and consumer.

AGR 115 Operation of Agricultural Equipment. (2) I. Lecture, laboratory and field experiences related to agricultural power equipment, and their safe operation, including hydraulics, electricity, chemical, and processing and handling facilities. 1 Lec/2 Lab.

AGR 125 Principles of Animal Science. (3) I. Prerequisite: AGR 124. Management and production of livestock enterprises; types, market classes, and grades of beef cattle, sheep and swine, and the breeds and products of dairy cattle.

AGR 126 Animal Science Laboratory. (1) I. Applied principles in the proper handling, restraint, and management techniques in beef, dairy, sheep, swine, and horses.

AGR 130 Plant Science. (3) A. Corequisite: AGR 131. Principles of plant growth, reproduction, and plant-soil relationships. Provides foundations of information for further study in field crop production and soil management. Credit will not be awarded to students who have credit for OHO 131.

AGR 131 Plant Science Laboratory. (1) A. Corequisite: AGR 131. Laboratory study of plant growth, development, and management of crops. Credit will not be awarded to students who have credit for OHO 132.

AGR 210 Agricultural Measurements. (2) A. Prerequisite: MAT 105 or higher. Measuring and computing areas of land, volumes and capacities of buildings, and feed structures, spray mixtures, fertilizer needs, parts per million, feed rations and other measurements associated with cadets on the farm. Majors must take AGR 210 during the first 60 hours of course work or credit will not be awarded. Transfer students must take AGR 210 during their first semester after declaring an agricultural major.

AGR 213 Principles of Agricultural Mechanics and Energy Systems. (3) I, II. Principles of operation, maintenance, and repair of electrical motors; basic electrical circuits, electrical power generation and electrical controls for agricultural mechanization systems and power requirements of agricultural structures; theoretical and practical experience.

AGR 215 Principles of Soils. (3) I, II. Corequisite: AGR 216. Soil origin, classification and properties, soil conservation, soil microorganisms, organic matter, water, lime and commercial fertilizers, soil erosion, soil management.

AGR 216 Principles of Soils Laboratory. (1) I, II. Corequisite: AGR 215. Laboratory and field experiences related to soils and their properties, including soil sampling, fertility, pH, liming, water and texture. 2 Lab.

AGR 225 Evaluation and Selection of Livestock. (3) II. An evaluation of dairy cattle, beef cattle, swine, and poultry, records, body type ratings, and carcass information as they relate to functional anatomy and efficiency of production; sire selection and pedigree interpretation. 2 Lec/2 Lab.

AGR 250 Introduction to Horses. (3) A. History and role of horses and the equine industry, breeds of horses and ponies for work and pleasure, includes terminology, management, and responsibilities, breeding, pests, current issues and care of horses.

AGR 255 Principles of Animal Management. (3) A. Care and management of dogs, cats, rabbits, birds, reptiles and tropical fish. Companion animal breeds, behavior, nutrition, genetics and reproduction will be emphasized.

AGR 300 Travel Study in Agriculture Technology. (1-6) A. A travel course for groups and individuals in agriculture and horticulture to study new and emerging technologies in agriculture and horticulture, structural organizations, agricultural enterprises, and professional and interpersonal relationships may be retaken once.

AGR 301 Directed Work Experience. (1-4) I, II. Agriculture majors only; minimum sophomore standing or departmental approval. A minimum of three hours per week per hour of credit using university or other approved facilities. May be retaken for a maximum of 4 credit hours.

AGR 302 Directed Work Experience - Management Practicum. (3) I, II. Student will schedule nine hours of work per week during the semester on a university farm to practice management and production skills related to a livestock herd or machinery operations. Options may be taken to a maximum of 12 hours.

AGR 302A Agricultural Mechanization Option.

AGR 302B Beef Cattle Option.

AGR 302C Swine Option.

AGR 302D Dairy Cattle Option.

AGR 302E Crops Option.

AGR 302F Sheep Option.

AGR 304 Pest Management. (4) II. Identification of the principal agriculture and horticulture insect disease and weed pests in Kentucky. Control measures are identified with special emphasis on the safe use of chemicals and equipment calibration. Credit will not be awarded for both AGR 304 and OHO 304. 3 Lec/2 Lab.

AGR 305 Professional Skills Seminar. (1) A. Prerequisite: completion of 30 hours in the Associate or more than 60 hours and less than 90 hours in the Bachelor Degree Program. Course prepares students for the job market including; resume development, cover letter preparation, job interview skills and oral presentations.

AGR 308 Agricultural Economics. (3) I, II. Prerequisite: ECO 120. An introduction to the economic environment of the agriculture sector. Examines the role of agriculture in the U.S. and world economies. Includes concepts and principles concerning individual agribusiness decision making.

AGR 310 Principles of Agribusiness Management. (3) II. Prerequisite: AGR 308. Organization and operation of the farm related agricultural business with emphasis on budgeting, enterprise selection, financial statements, and resource management. Includes microcomputer applications and survey of government regulations that are applicable to topic.

AGR 311 Agriculture Metal Fabrication. (2) A. Principles and techniques of arc and oxyacetylene welding and soldering as it pertains to fabrication and repair of agriculture machinery and equipment. 1 Lec/2 Lab.

AGR 312 Ecology and Management of Grasslands and Pastures (4) A. Prerequisites: AGR 130 and 131, and Junior Standing. Examination of grasslands and pastures from an ecological perspective with an emphasis on wildlife and livestock management. 3 Lec/2 Lab.

AGR 318 Soil/Water Conservation Technology. (3) A, I. Principles and procedures for basic surveying and soil-water conservation systems. This will include how rainfall, run-off, erosion, contours, ponds, lagoons, drainage, and irrigation interact with the desired conservation system. 2 Lec/2 Lab.

AGR 326 Live Horse Production and Management. (4) A. Prerequisite: AGR 125 and 126 or 250. Size and scope of horse industry, conformation and selection of horses, basics of equine nutrition and reproduction. Signs of health and illness. Routine health care procedures. 3 Lec/2 Lab.

AGR 327 Beef Production. (4) I. Prerequisites: AGR 125 and 126. History, importance, and trends associated with the beef cattle industry; systems of selecting, breeding, feeding, marketing, and management of beef cattle. 3 Lec/2 Lab.

AGR 328 Swine Production. (4) A. Prerequisites: AGR 125 and 126. History, importance, and trends associated with the swine industry; systems of selecting, breeding, feeding, marketing, and management of swine. 3 Lec/2 Lab.

AGR 329 Sheep and Goat Production (4) A. Prerequisite: AGR 125 and 126. An overview of the sheep and goat industry. Topics include selection, breeding, reproduction, health, nutrition, management, and marketing of sheep and goats. 3 Lec/2 Lab.

AGR 330 Animal Products. (2) A. Principles of grading, cutting, identifying, pricing, and consumer evaluation of poultry, beef, pork, and lamb cuts, and related products. 1 Lec/2 Lab.

AGR 332 Poultry Production and Management. (3) A. History and importance of the poultry industry, breeds, breeding, feeding, and management in the layer and broiler industry.

AGR 340 Conservation of Agricultural Resources. (3) A. Cross-listed as ENV 341. Prerequisite: any ENV, AGR, or OHO course. Conservation of soils and their fertility, erosion and control, soil conservation methods for individual farms, water supply and distribution, problems of water and air pollution, problems resulting from the population explosion. Credit will not be awarded for both AGR 340 and ENV 341. 3 Lec/2 Lab.

AGR 345 Sustainable Agroecosystems. (3) A, I. Prerequisites: any course in chemistry, AGR 190, and 131; or OHO 131 and 132 or BIO 131. A comprehensive study of new technology related to crop, and pest management practices which could enhance economic returns, environmental quality, and the resource base for the short and long term.

AGR 349 Applied Learning in Agriculture. (5-8) A. Work under faculty and field supervisors in placements related to academic studies. One to eight
hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours credit per semester or summer. A minimum of 80 hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

AGR 349 A-N Cooperative Study: Agriculture. (5-8) A. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

AGR 350 Agricultural Marketing. (3) A. A study of concepts, principles and practices of marketing as related to the agricultural business system. Emphasis on agricultural input, production and processing/ manufacturing sectors. Includes agriculture futures commodity market theory, mechanics and practical applications.

AGR 362 Hydraulic Systems. (2) A. A study of basic principles of hydraulic systems and their application to agricultural and turf equipment. Lab experiences will provide familiarity and practice with equipment. 1 Lec/2 Lab.

AGR 372 Topics and Laboratories in Animal Sciences. (2-6) A. May be taken to a maximum of six hours, provided the topics are different. Lec/Lab hours will vary depending on topic.

AGR 373 Animal Diseases. (3) I. Prerequisite: six hours of animal science. Treatment, prevention, and eradication of infectious and parasitic disease of farm animals.

AGR 374 Genetics of Livestock Improvement. (3) II. Prerequisite: six hours of animal science. Reproductive systems, study and practice of artificial insemination, and pregnancy diagnosis of domestic animals. 2 Lec/2 Lab.

AGR 375 Reproduction and Artificial Insemination of Domestic Animals. (3) A. Prerequisite: six hours of animal science. Reproductive systems, study and practice of artificial insemination, and pregnancy diagnosis of domestic animals. 2 Lec/2 Lab.

AGR 377 Livestock Behavior and Welfare (3) A. Prerequisite: AGR 125 and 126. An overview of livestock behavior and its application in modern animal husbandry.

AGR 380 Technical Management of Dairy Cattle. (4) I. Prerequisites: AGR 125 and 126. History, economics and nutritional importance and trends associated with the dairy industry including systems of selecting, breeding, feeding, sanitation, housing, marketing and financial planning as related to the dairy industry and the nutritional aspects of dairy production.

AGR 381 Agriculture Structures. (3) I. Study the principles of planning, drawing, locating, and constructing farm livestock and materials handling facilities. Also, develop an understanding of closely related structure aspects: such as, environmental control, waste management, ventilation, and structure design. 2 Lec/2 Lab.

AGR 383 Diesel Power Systems. (3) I. Study of the operation, maintenance, and repair of agricultural diesel powered systems; includes electrical systems, fuels, injection pumps, and nozzles; laboratory practice. 2 Lec/2 Lab.

AGR 404 Advanced Pest Management. (3) II. Prerequisite: AGR 304 or OHO 304. Physical, biological, chemical, cultural, and genetic control of insects, weeds, and diseases. Specific emphasis on the science behind pest control and use of organic and/or sustainable control methods.

AGR 409 Agriculture Business Records and Analysis. (3) I. Management and analysis of record systems for decision support involving organization, enterprise selection, and operation of agricultural and horticultural businesses.

AGR 410 Independent Study in Agriculture: ______. (1-3) I, II. Prerequisite: Departmental approval. Students choose a problem and work under the supervision of the instructor in the field of the problem. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken for a maximum of 6 credit hours provided topics are different. Credit will not be awarded for both AGR 410 and OHIO 410.

AGR 411 Senior Seminar. (1) I, II. Prerequisite: senior standing. Preparation of graduates to enter the job market. Students complete oral presentations, research job applications, cover letters, job interviews and register with CD and P. Includes overall assessment of the graduate and department curriculum.

AGR 416 Soil Fertility and Management. (3) A. Prerequisite: AGR 215 and 216. Management of soils used in turfgrass, vegetable, and production. Topics include soil fertility and various soil amendments such as lime, organic and inorganic fertilizers, soil fertility programs, problem soils, and soil conservation.

AGR 421 Animal Nutrition. (3) II. Prerequisite: AGR 321 or instructor approval. Principles of nutrition basic to modern livestock feeding: symptoms of nutrient deficiencies, nutritional diseases, metabolism of nutrients, feed additives, and modern methods of feed preparation and feeding.

AGR 430 Field Crop Production (3) A. Prerequisite: AGR 130 and 131 or OHO 131 and 132. Advanced study of crop production theories and practices for agronomic crops. Topics include ecological, physiological and economic aspects of production of currently relevant crops.

AGR 440 Agricultural Financing. (3) II. Uses and types of agricultural credit, credit institutions, and relating credit needs to farms and businesses.

AGR 499 Agricultural Advocacy and Issues Capstone (3) A. Prerequisite: Junior or Senior standing. Development of critical thinking skills, debates of current issues facing agriculture, and training to become agriculture advocates.

AGR 501 Independent Study in Agriculture: ______. (3) A. A course for exceptional seniors involving independent study and research related to problems of a theoretical and/or practical nature. May be retaken to a maximum of six hours. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

AGR 509 Agricultural Research Methods and Interpretation (3) I, II. Prerequisite: Junior or Senior standing. Examines the scientific underpinnings of modern agriculture and adaptive management, including: the scientific method, observation, experimentation, and data interpretation with an examination of fallacies that masquerade as science.

AGR 520 Global Food Systems (3) A. Prerequisite: AGR 308. A wide-ranging examination of various domestic and international food systems. The supply chain will be analyzed from field to farm gate and every step in the supply chain will be examined from farm to food service. Emphasis on the economics of the food supply chain.

AGR 570 Advanced Technical Agriculture: ______. (3) A. Advanced study of agriculture with emphasis on updating, understanding, and developing competency in recent technology. May be retaken to a maximum of nine hours provided the topic varies.

AGR 577 Workshop in the Conservation of Natural Resource (3) A. A course focusing on research for graduate work. Instruction is given in the areas of soil, water, fish and wildlife, forest conservation, and methods of teaching related units at the elementary and junior high level.

AOS—Animal Studies

Dr. Robert Brubaker, Chair

ANT 200 Archaeology and Human Cultures. (3) A. Anthropology of human cultures through time and space using archaeological and ethnographic methods to understand the multifaceted study of cultural change. Gen. Ed. E-5A [SB].

ANT 201 Introduction to Biological Anthropology. (3) I, II. General survey of the human biological species and its evolution, emphasizing the study of genetics, osteology, primate behavior and biology, fossil populations, and contemporary human biological variation. 2 Lec/2 Lab. Gen. Ed. E-1E [NS].

ANT 306 Human Evolution. (3) A. Prerequisite: ANT 201 or departmental approval. A detailed analysis of primate and human development emphasizing the fossil evidence of human evolution.

ANT 311 Anthropology of Religion (3) A. Prerequisite: ANT 120 or 200. Anthropological exploration of religious belief systems across cultures and time. Analyzes the intersection of religion with subsistence strategies, economic systems, political systems, and gender structures. Topics include magic,
ANT 341 North American Archaeology. (3) Prerequisite: ANT 120 or 200. A basic but comprehensive introduction to North American archaeology from the earliest peopling through European Contact.

ANT 344 Applied Anthropology (3) A. Prerequisite: ANT 120 or ANT 200. Comprehensive survey of applied anthropology theories, methods, and approaches. Based on extensive cross-cultural case materials, examines the historical, current, and potential applications of anthropological perspectives to social problems.

ANT 351W Archaeology. (3) Prerequisites: ANT 120, 200, and 201, and ENG 102 or ENG 105(B) or HON 102. A comprehensive introduction to archaeological goals, methods, practice and challenges. Data collection, critical thinking and writing are integral components of this course. Credit will not be awarded for both ANT 351W and ANT 350.

ANT 355 Selected Topics in Archaeology: — (1-6) A. Prerequisites: ANT 120 or 200 or departmental approval. Topics vary. Offered occasionally. May be retaken to a maximum of nine hours, provided the subject matter differs each time.

ANT 357 Archaeology and the Law. (3) A. Prerequisite: ANT 120 or ANT 200. The study of archaeological past, the colonial experience, and the contemporary reality of the Indians of Mesoamerica, focusing on the Ancient Maya.

ANT 365 Selected Topics in Physical Anthropology: — (1-3) A. Prerequisite: ANT 201 or departmental approval. Topics vary. Offered occasionally. May be retaken to a maximum of nine hours, provided the subject matter differs each time.

ANT 370 Primate Conservation (3) A. Prerequisite: ANT 201 or departmental approval. The local human and biological impact of conservation programs affecting primate communities throughout the world. Topics include forest fragmentation, historical perspectives on conservation, agroforestry, ecotourism, ethnography, and disease.

ANT 371 Primate Ecology & Sociality. (3) A. Prerequisite: ANT 201. Ecological relationships within primate communities. Students collect, organize, and analyze behavioral data, and examine primate social structure, habitat use, diet, locomotion, seasonality, plant-primate interactions, and predator-prey relationships.

ANT 375 Selected Topics in Cultural Anthropology: — (1-3) A. Prerequisite: ANT 120 or 200 or departmental approval. Topics vary. Offered occasionally. May be retaken to a maximum of nine hours, provided the subject matter differs each time.

ANT 380 Forensic Anthropology. (3) A. Prerequisite: ANT 201. Forensic osteology and dentistry; including demographic methods, pathology, and practical methods of causal evidence; and the role of the expert witness. 2 Lec/2 Lab.

ANT 385 Human Osteology. (3) A. Prerequisite: ANT 201. Analysis of individual skeletal remains, focusing on functional anatomy and bone physiology, disease and injury, and variation. Includes introductions to bioarchaeology, forensic anthropology, and biocultural reconstruction.

ANT 393 Kinship and Marriage. (3) A. Prerequisite: ANT 200. The study of kinship by applying anthropological theory and methods to the examination of major demographic processes and the organization of social units.

ANT 395 History and Theory of Anthropology. (3) Prerequisites: ANT 120, ANT 200, ANT 201 and Junior standing. A capstone investigation of past and present practices and theories used to interpret data from each of anthropology's four subdisciplines. Professionalism in anthropology also integrated.

ANT 439 Practicum in Archaeology. (3) A. Prerequisites: ANT 120, 200, and 351W or ANT 470, or departmental approval. This course pairs senior anthropology majors with professional archaeologists for on-the-job training. Practicum options may include federal and state governments, private archaeological consulting, and natural history museums.

ANT 470 Field Methods in Archaeology. (6) A. Prerequisite: ANT 351W with a minimum grade of "B." A hands-on approach to archaeological field methods including excavation techniques and data collection. Students are also given a laboratory analysis of archaeological remains.

ANT 471 Archaeological Materials Analysis (3) Prerequisite: ANT 351W with minimum grade of "B." Familiarizes students with processing, analysis, and interpretation of archaeological materials. ANT 208B is acceptable for some laboratory analysis of archaeological remains.

ANT 490 Independent Study in Anthropology. (1-6) A. Prerequisite: student must consult with the faculty supervisor and have the independent study proposal form approved by faculty supervisor and departmental chair prior to enrollment.

ANT 498 Directed Research in Anthropology. (3) A. Prerequisite: ANT 351W, ANT 200, and departmental approval. A directed research experience for anthropology majors that integrates a research experience with the students’ professional development and the production of a substantive deliverable product (e.g., poster or conference presentation).

APP—Appalachian Studies Dr. Lisa Day, Director

APP 200 Introduction to Appalachia. (3) A. An introduction to the interdisciplinary study of the Appalachian region. Special emphasis on the region’s place in a national and global context, and on internal and external definitions of the region. Gen. Ed. E-5B and E-6 [SB][GE].

APP 350 Special Topics: Appalachian Studies (3). A. Exploration of particular topics not covered in the existing curriculum. May be taken for a maximum of six hours provided the subject matter is different each time.

APP 355 Rural Crime and Justice (3) A. Cross-listed as CJR 355. Prerequisite: sophomore standing. Survey of rural crime and justice issues, crime trends, policing, and the intersection of rural physical evidence with particular attention given to Kentucky and Appalachian. Credit will not be awarded for both CJR 355 and APP 355.

APP 360 Media Images of Appalachia. (3) A. Prerequisites: ENG 102 or 105(B), or HON 102; APP 200 recommended but not required. Explores representations of Appalachia in a variety of media including documentary and feature film, television, music, magazines, news media, advertising, and marketing, and in the context of contemporary sources such as social media. Credit will be awarded for only one of the following courses: APP 360, APP 363, SOC 363.

APP 365 Appalachian Literature. (3) I. Cross-listed as ENG 365. Prerequisite: ENG 102 or 102R or 105(B) or HON 102. Study of selected Appalachian artists, with emphasis on interdisciplinary, cultural, and aesthetic concerns raised in works by writers such as Awbery, Butker, and Still. Credit will not be awarded to students who have credit for ENG 365, ENG 365W, or APP 365W. Gen Ed. E-6 [SB][GE].

APP 365W Appalachian Literature. (3) I. Cross-listed as ENG 365W. Prerequisite: ENG 102 or 102R or 105(B) or HON 102. Writing-intensive study of selected Appalachian artists, with emphasis on interdisciplinary, cultural, and aesthetic concerns raised in works by writers such as Awbery, Berry, and Still. Credit will not be awarded to students who have credit for ENG 365, ENG 365W or APP 365. Gen. Ed. E-3B and E-6 [AHI][GE].

APP 366 Social Change in Appalachia. (3) A. Cross-listed as SOC 365. Completion of SOC 131 or SOC 235 is advised before taking APP 366. Analysis of patterns of social change and development in an important area of the Southern United States, Central and Southern Appalachia. Emphasis will be placed upon competing theoretical perspectives and the importance of historical research. Credit will not be awarded for both APP 366 and SOC 365.

APP 373 Politics of Development in Appalachia. (3) A. Cross-listed as POL 373. Prerequisite: ENG 102 or 102R, 105(B), or HON 102. This course examines community and economic development in the Appalachian region with special emphasis on Kentucky. Focus will be on the political, economic, and social aspects affecting development. Credit will not be awarded to students who have credit for POL 373. Gen. Ed. E-6.

APP 375 Appalachian Religion. (3) A. Prerequisite: ENG 102 or 102R, or ENG 105 (B), or HON 102; APP 200 recommended but not required. Examines the history and diversity of Appalachian religious traditions, practices, beliefs and symbol systems and how they have influenced social order, politics, community activism, health services, leadership development, education, and environmental stewardship throughout the region. Credit will be awarded for only one of the following courses: APP 375, APP 370, SOC 370.

APP 420 Appalachia in U.S. History. (3) A. Cross-listed as HIS 420. Prerequisites: ENG 102 or 102R, 105(B), or HON 102; three hours HIS or department approval. The relationship between Appalachia and the rest of the United States. Topics include the “yoeman” myth, coal industrialization, settlement houses, company towns, and the identification of the region with poverty. Credit will not be awarded for both APP 420 and HIS 420.

APP 430 Sustainability in Appalachia (3) A. Cross-listed as GEO 430. Prerequisites: GEO 100, 110, 210, or 220; ENG 102 or 102R, ENG 105(B), or HON 102; MAT 105 or higher or STA 215 or 270; or departmental approval. Examination of Appalachia’s ecological, social, and economic patterns and the processes through which residents can ensure their social, economic and ecological sustainability in the future. Credit will not be awarded for students who have credit for GEO 430 or ENV 430.

APP 460 Seminar in Appalachian Studies. (3) A. Prerequisite: 12 hours Appalachian Studies or instructor approval. In-depth analysis of current social, economic, or environmental concerns in the Appalachian region through a directed research project or applied service-learning field experience.

APP 490 Independent Study. (1-3) A. Prerequisite: Student must have the independent study form/proposal approved by the faculty member and Center director prior to enrollment. May be taken for a maximum of six hours provided the subject matter is different each time.
ART—Art History

Ida Kumoji-Ankrah, Chair

ART 392 Survey of Global Art History I (3) I, II. Prerequisites: ENG 102 or 102R(C) or 105(B) or HON 102(C). A survey of art across world cultures from prehistory to the medieval period. Credit will not be awarded to students who have credit for ARH 392W, or ARH 390 or 390W.

ART 392W Survey of Global Art History I (3) I, II. Prerequisites: ENG 102 or 102R(C) or 105(B) or HON 102(C). A writing intensive survey of art across world cultures from the Early Renaissance (c. 1400) to the present. Credit will not be awarded to students who have credit for ARH 392; or ARH 390 or 390W.

ART 393 Survey of Global Art History II (3) I, II. Prerequisites: ENG 102 or 102R(C) or 105(B) or HON 102(C). A survey of art across world cultures from the Early Renaissance (c. 1400) to the present. Credit will not be awarded to students who have credit for ARH 393W; or ARH 391 or 391W.

ART 391 Survey of Global Art History I (3), II. Prerequisites: ENG 102 or 102R(C) or 105B or HON 102(C). A writing intensive survey of art across world cultures from the Early Renaissance (c. 1400) to the present. Credit will not be awarded to students who have credit for ARH 393; or ARH 391 or 391W.

ART 463 Problems in Art History. (3) A. Prerequisites: ARH 392 or 392W, or 393 or 393W, or departmental approval. Limited to seniors. Continuation of study begun in departmental art history courses. May be retaken to a maximum of nine hours.

ART 464 Renaissance and Baroque Art. (3) A. Prerequisite: ARH 392 or 392W, or 393 or 393W, or departmental approval. Limited to seniors. Continuation of study begun in departmental art history courses. May be retaken to a maximum of nine hours.

ART 465 History of Graphic Arts. (3) I, II. Prerequisite: ARH 392 or 392W or 393 or 393W, or departmental approval. An in-depth study of representative aspects of the painting, sculpture, and/or architecture of Europe between 1400 and 1750.

ART 465U U.S. Architectural History. (3) I, II. Prerequisites: HIS 202 and 203; or ARH 392 and 393. A specialized study of the history of American architecture from the beginnings of colonization in the 16th century to the late 20th century, focusing on regional and period styles and the range of typologies.

ART 490 Art in the Age of Revolutions (3) A. Prerequisites: ARH 392 or 392W or 393 or 393W or departmental approval. A study of European art and culture during periods of artistic, social, and political upheavals in the first half of the nineteenth century. Credit will not be awarded for both ARH 490 and ARH 496.

ART 491 The Rise of Modernism (3) A. Prerequisites: ARH 392 or 392W or 393 or 393W or departmental approval. An in-depth study of the development of modernism and the avant-garde in mid-19th and early-20th century Europe. Credit will not be awarded for both ARH 491 and ARH 496.

ART 496 Methods and the Visual Arts. (3) I, II. Prerequisite: ARH 392 or ARH 392W or ARH 393 or ARH 393W or departmental approval. A study of the roles of women in visual art and culture from various perspectives. Featuring women as artists, patrons, subjects in eighteenth- and nineteenth-century European art.

ART 497 History of Modern Art. (3) A. Prerequisite: ARH 392 or 392W or 393 or 393W, or departmental approval. A specialized study of art and architecture in Europe and America from the late nineteenth to the late twentieth centuries. Examination of recent and historical factors which have an impact on the health of the Appalachian people. Credit will not be awarded for both APP 520 and OTS 520/720.

ART 498 U.S. Art History. (3) A. Prerequisites: ARH 392 or 392W or 393 or 393W, or departmental approval. An in-depth study of the arts of the United States of America from 1565 to 2000.

ART—Art

Ida Kumoji-Ankrah, Chair

ART 100 Drawing I. (3) I, II. A. Introduction to basic principles and techniques of drawing, emphasizing perceptual skills and the use of value and line.

ART 152 Design, Two-Dimensional. (3) I, II. Introduction to the elements and principles of design as they apply to the two-dimensional surface.

ART 153 Design, Three-Dimensional. (3) I, II. Introduction to the methods, materials, and concepts related to the control of space.

ART 154 Digital Media. (3) A. Introduction to the practice of digital media, including raster and vector graphics, 3D modeling, and time-based media relevant to contemporary art and design.

ART 164 Introduction to Art & Design. (3) I, II. An introduction for Art & Design majors, providing an understanding of how art is made, how it is evaluated, and the ways in which it relates to society. Includes experience in written and oral analysis of art and design work in terms of artist’s or designer’s intent and function.

ART 200 Art Appreciation: Orientation. (3) I, II. Introduction to the visual arts and their purposes, emphasis on ways and means available to the artist. Not open to art majors or minors. Gen. Ed. E-3A [AHI].

ART 210 Painting I. (3) A. Prerequisite: ART 100; 152, 153. Introduction to painting, emphasizing basic painting techniques and concepts, perceptual skills, and the use of color. Credit will not be awarded for both ART 210 and ARH 210.

ART 216 Painting for Non-Majors. (3) A. Prerequisite: ENG 101 or 101R or departmental approval. An introduction to the craft and art of painting for non-art majors, providing fundamental experiences with materials, processes, and painting application, directed toward both aesthetic and abstract problem-solving in the making of paintings. Credit will not be awarded to students who have credit for ART 210.

ART 220 Sculpture Survey I. (3) I, II. Prerequisites: Art 100, 153. Provides an introduction to basic sculpture problems, approaches, and techniques. Course problems are set in additive, substitutive, and subtractive processes. Credit will not be awarded to students who have credit for ART 210. Credit will not be awarded for both ART 220 and ART 226.

ART 230 Intermediate Sculpture I. (3) A. Prerequisite: ART 220. Provides an in-depth exploration of sculptural problems at the intermediate level, developed through projects designed to fit personal interests in foundry processes.

ART 231 Intermediate Sculpture II. (3) A. Prerequisites: ART 230 or ART 236 or DES 250 or DES 256 or Departmental approval. Prerequisite: ART 230 or 236 or 250 or 256 or Departmental approval. Course builds on previous painting courses, providing opportunity to explore contemporary and traditional techniques, media, and subject matter. Course builds on previous painting courses, providing opportunity to explore contemporary and traditional techniques, media, and subject matter.

ART 290 Ceramics – Hand Building Methods. (3) A. Prerequisite: ART 100, ART 153. An introduction to ceramics with investigation through multiple hand-building techniques. Students will be introduced to the ceramic material studio process including clay and glaze mixing, high and low temperature firings, and studio safety procedures. Credit will not be awarded for both ART 290 and ART 376.

ART 300 Drawing Media. (3) A. Prerequisite: ART 100 or ENG 101 or ENG 101R or Departmental approval. Investigation of various media for drawing, emphasizing experimentation and the development of technical skills in each.

ART 301 Figure Drawing. (3) A. Prerequisite: ART 100 or ENG 101 or ENG 101R or Departmental approval. A drawing course aimed at developing an increased understanding of the human figure and its possibilities as subject matter for art.

ART 312 Painting II. (3) A. Prerequisite: ART 210 or 216, or departmental approval. Continuation of painting, emphasizing further development of skills and conceptual abilities as they relate to image-making.

ART 313 Painting III. (3) A. Prerequisite: ART 210 or 216 or 312. Intermediate course in painting. Course builds on previous painting courses, providing opportunity to explore contemporary and traditional techniques, media, and subject matter. Maximum repeatable hours: 6

ART 321 Sculpture Survey II. (3) I, II. Prerequisite: ART 230. Continuation of Sculpture sequence, with basic sculptural problems set in foundry, constructive, and mixed-media processes.

ART 322 Intermediate Sculpture I. (3) A. Prerequisite: ART 231. Provides an in-depth exploration of sculptural problems at the intermediate level, developed through projects designed to fit personal interests in foundry processes.

ART 323 Intermediate Sculpture II. (3) A. Prerequisite: ART 230. Provides an in-depth exploration of sculptural problems at the intermediate level, developed through projects designed to fit personal interests in figurative sculpture.

ART 334 Traditional Printmaking (3). A. Prerequisite: ART 230 or ART 236 or Departmental approval. Advanced study in printmaking as an art medium and provides opportunity for creative exploration. Research in traditional printmaking Etching, Serigraphy, Relief, Papercrafting and Book Arts.

ART 335 Print Media (3). A. Prerequisite: ART 230 or ART 236 or DES 250 or DES 256 or Departmental approval. Presentation of Print Media technology topics. Emphasis placed on exploration of media. Credit will not be awarded to students who have credit for ART Special Topics: Workshop in Printmaking Technology and Aesthetics.

ART 336 Contemporary Printmaking (3). A. Prerequisite: ART 230 or ART 236 or Departmental approval. Advanced study in printmaking as an art medium and provides opportunity for creative exploration. Research in contemporary printmaking techniques related technologies. May be retaken up to 6 credits.

ART 341 Jewelry and Metalsmithing II. (3)

2019–2020 EKU UNDERGRADUATE CATALOG 289
ART 424 BFA Sculpture. (3) I, II.
Prerequisites: ART 423, Major GPA 2.5, and admission to the BFA program. Corequisite: ART 499. Final exit course in BFA sculpture area with emphasis on professional development. Course includes preparation for senior show, writing of senior thesis, and portfolio assembly.

ART 430 Contemporary Print Media. (3) A.
Prerequisite: ART 334 or 335 or 336 or Departmental approval. Advanced study in Print media as an art medium and provides opportunity for creative exploration. Research in contemporary print media techniques and printing technology. May be retaken up to 6 credits. B.S. Art/Design Studio students may count a maximum of 3 credits toward major requirements. B.F.A. students may count a maximum of 6 credits toward major requirements.

ART 443 Intermediate Sculpting. (3) A.
Prerequisites: ART 344, Major GPA 2.5, and admission to the BFA program. Designed for the advanced student pursing a career as a professional jeweler/metallsmith. Attention given to developing a personal aesthetic or design philosophy. Students will submit a work proposal for the semester and develop a cohesive body of work for exhibition. Maximum number of repeatable hours: 9.

ART 461 Studio Art Professional Practices. (3) A.
Prerequisite: ART 393 or 393W or Departmental Approval. This course will survey contemporary studio art professional practice standards and provide students with the necessary tools to further their artistic careers.

ART 463 Independent Study: Problems in Art and Design. (1-3) A.
Prerequisite: approval of proposal by department. Limited to seniors.
Continuation of study began in regular departmental courses. Prerequisite: student and instructor to submit an independent study proposal form approved by the faculty supervisor and department chair prior to enrollment. May be retaken up to a maximum of nine hours.

ART 483 Photography V. (3) A.
Prerequisites: ART 382, Major GPA 2.5, and admission to the BFA program. Corequisite: ART 499. Advanced course builds on creative skills and techniques learned in previous photography courses. Course may cover traditional, digital or alternative processes.

ART 491 Ceramic Wheel Forming 2. (3) A.
Prerequisite: ART 391 or Departmental Approval. Advanced ceramic wheel forming course focusing on concept-driven design strategies that form a body of work unique to each student artist. Additional emphasis will be placed on student driven materials research, experimental firing techniques, and professional applications of the completed art work. May be retaken up to 6 credits. B.S. Art/Design Studio students may count a maximum of 3 credits toward major requirements. B.F.A. students may count a maximum of 6 credits toward major requirements.

ART 492 Ceramic Materials and Methods. (3) A.
Prerequisite: ART 392 or Departmental Approval. Advanced ceramics course focused on mold-making, slip-casting, and ceramic material testing strategies relevant to the ceramic process. Each student will address their personal approach to production and design strategies, while developing a studio practice that prepares them for a career in the arts. May be retaken up to 6 credits. B.S. Art/Design Studio students may count a maximum of 3 credits toward major requirements. B.F.A. students may count a maximum of 6 credits toward major requirements.

ART 499 Senior Exhibition. (0) A.
Prerequisite: Major GPA 2.5 and last semester senior in BFA program or Departmental Approval. Corequisite: DES 454. Organization and presentation of an exhibition of the student's work. May be retaken with different topics to a maximum of nine hours.

ART 563 Art Theory & Criticism Seminar. (3) A.
Prerequisites: ART 392 or 392W or 393 or 393W; Junior Standing. A seminar that investigates leading historical and contemporary theories and analytical methodologies that impact the ways in which art is produced, viewed, and written about today.

ASL—American Sign Language

Dr. Laurence Hayes, Chair

ASL 101 American Sign Language I. (3) I.
A functional notional approach to learning beginning American Sign Language (ASL). Development of basic knowledge and understanding of conversational ASL and cultural features of the language and community. 3 Lec/1 Lab. Gen. Ed. E-6 [GE].

ASL 102 American Sign Language II. (3) I.
Prerequisite: ASL 101 with a minimum grade of “C” or departmental permission. Continued development of basic knowledge of and understanding of conversational ASL and cultural features of the language and community. 3 Lec/1 Lab. Gen. Ed. E-6 [GE].

ASL 105 ASL Discourse & Depiction I. (1) I, II.
Corequisite or prerequisite: ASL 101 and declaration of Pre-Interpretation or Pre-Deaf Studies majors. Development of ASL conversational behavior, comprehension, depiction, discourse, and fingerspelling. Cultural engagement with members of the ASL linguistic minority. 1 Lec/1 Lab.

ASL 106 ASL Discourse & Depiction II. (1) I, II.
Prerequisite: ASL 105 with a grade of “Satisfactory”. Pre- or co-requirequisite of ASL 102 and declaration of Pre-Interpretation or Pre-Deaf Studies majors. Continued development of ASL conversational behavior, comprehension, depiction, discourse, and fingerspelling. Cultural engagement with members of the ASL linguistic minority. 1 Lec/1 Lab.

ASL 201 American Sign Language III. (3) I, II.
Prerequisite: ASL 102 with a minimum grade of “C” or departmental permission. Development of intermediate expressive and receptive ASL skills and cultural features of the language and community. 3 Lec/1 Lab.

ASL 202 American Sign Language IV. (3) I, II.
Prerequisites: ASL 201 with a minimum grade of “C” or departmental permission. Continued development of intermediate expressive and receptive ASL skills and cultural features of the language and community. 3 Lec/1 Lab.

ASL 205 ASL Discourse & Depiction III. (1) I, II.
Prerequisite: ASL 106 with a grade of “Satisfactory”. Pre- or co-requirequisite of ASL 201 and declaration of Pre-Interpretation or Pre-Deaf Studies majors. Continued development of ASL conversational behavior, comprehension, depiction, discourse, sign production, and fingerspelling. Cultural engagement with members of the ASL linguistic minority. 1 Lec/1 Lab.

ASL 210 ASL Fingerspelling & Numbers. (3) I, II.
Prerequisite: ASL 201 with a minimum grade of “C” or departmental permission. The course will focus on aspects of receptive and expressive fingerspelling usage, including lexicalized fingerspelling and various numbering systems within ASL.

ASL 225 Introduction to Deaf Studies (3)
I.
Introduces students to the historical, sociological, cultural and political experiences of Deaf people. Provides overview of Deaf people’s experiences, images, and issues from a wide variety of disciplinary perspectives. TTP Majors and ASL Minors may not audit this course. Gen. Ed. E-6 [GE].

ASL 301 American Sign Language V. (3)
I.
Prerequisite: ASL 202 with a minimum grade of “C” or departmental permission. Development of advanced expressive and receptive ASL skills and cultural features of the language and community. 3 Lec/1 Lab.

ASL 302 American Sign Language VI. (3)
II.
Prerequisite: ASL 301 with a minimum grade of “C” or departmental permission. Continued development of advanced expressive and receptive ASL skills and cultural features of the language and community. 3 Lec/1 Lab.
ASL 305  ASL Comprehension and Fluency I.  (3) I. Prerequisite: ASL 201 with a grade of “C” or higher and admission to the interpreting program, Deaf Studies Major, or departmental approval. Students will continue to increase their ASL comprehension and fluency through skill-building activities. Emphasis on identifying how native ASL signers construct meaning through depictive and disursive devices.

ASL 306  ASL Comprehension and Fluency II.  (3) I. Prerequisite: ASL 305 with a grade of “C” or higher and admission to the interpreting program, Deaf Studies Major, or departmental approval. Students will continue to increase their ASL comprehension, flexibility, and fluency through skill-building activities. Emphasis on the passive expression of the depictive and discursive devices that native ASL signers use to construct meaning.

ASL 310  Application of Fingerspelling & Number Systems.  (3) I. Prerequisite: ASL 301 with a grade of “C” or better or departmental approval. The course will focus on aspects of receptive and expressive fingerspelling usage, including lexicalized fingerspelling and various numbering systems within ASL.

ASL 325  Historical & Current Perspectives of Deaf Ways of Being.  (3) I. Prerequisites: ASL 202 and 225 with a grade of “C” or higher. Historical overview of Deaf people and their contributions to society. Comparative analysis of Deaf individuals and their diverse communities from internal and external perspectives. Emphasis of practical solutions to promote social justice.

ASL 380  Special Topics in Deaf Studies.  (1-3) I. Prerequisite: ASL 225(C). For special workshops or topics related to the field of Deaf Studies beyond the scope of regularly offered courses. May be taken to a maximum of 9 hours provided subtitle/topics vary. See bulletin for title.

ASL 385  Independent Work in Deaf Studies.  (1-3) A. Prerequisite: ASL 225(C) and departmental permission. For independent work related to the field of Deaf Studies beyond the scope of regularly offered courses. May be taken to a maximum of 6 hours provided subtitle/topics vary. Students must have the independent study proposal approved by faculty supervisor and department chair prior to enrollment.

ASL 390  Contrastive Analysis: ASL and English.  (3) I. Prerequisite: ASL 202, with a minimum grade of “C” and permission of the Deaf Studies Program or departmental approval. The linguistic properties of ASL and English are compared and contrasted. Areas explored include phonology, prosody, morphology, syntax, discourse, and semantics. Sociolinguistic and modality differences are also examined.

ASL 400  ASL Skills for Majors (1) I. II. Prerequisite: ASL 202, with a minimum grade of “C” and departmental approval. The course will continue to focus on aspects of receptive and expressive fingerspelling usage, including lexicalized fingerspelling and various numbering systems within ASL.

ASL 425  Deaf Literature (3) A. Prerequisite: ASL 225(C), 202(C). Cultural and literary analysis of ASL and Deaf-related literature (major works in text, cinema, and video) in contemporary society. Literary style, register, grammatical features, and linguistic expression will be explored in a cultural context.

ASL 485S  Deaf Studies Capstone.  (3) I. Prerequisite: ASL 225, 301, 325, and ITP 215W with a grade of “C” or better or departmental approval. Corequisite: ASL 225. Students repeating ASL 325L must also enroll in 325L. Provide students with hands on opportunity to identify, differentiate, and assess human musculoskeletal, nerve, and vascular body structures. This course will focus on anatomy function and evaluation from the healthcare perspective. Credit will not be awarded for both ATR 225 and ATR 325.

ATR 325  Applied Palpation Anatomy for Healthcare Providers (3) A. Formerly ATR 225. Prerequisite: BIO 307 with a grade of “C” or better. Corequisite: ATR 335L. Students repeating ATR 325 must also enroll in 325L. Provide students with hands on opportunity to identify, differentiate, and assess human musculoskeletal, nerve, and vascular body structures. This course will focus on anatomy function and evaluation from the healthcare perspective. Credit will not be awarded for both ATR 225 and ATR 325.

ATR 325L  Applied Palpation Anatomy for Healthcare Providers Lab (1) A. Formerly ATR 225L. Corequisite: ATR 335L. Students repeating ATR 325L must also enroll in 325L. Provide students with hands on opportunity to identify, differentiate, and assess human body structures through palpation. This course will focus on musculoskeletal, nerve and vascular structures assessment for healthcare providers. Credit will not be awarded for both ATR 225L and ATR 325L. 2 Lab

ATR 340L  Foundations of Orthopedic Evaluation.  (3) I. Prerequisite: ATR 325, 325L, and ESS 212, each with a grade of “C” or better. Students will learn how to properly evaluate common injuries of the lower and upper extremity and spine. Students will learn how to apply these techniques to various structures and pathologies across the entire human body. 3 Lab

Astronomy. Dr. Anthony Blose, Chair

AST 133  Astronomy Transition Lab.  (1) I. II. Prerequisite: ASTR 130 or departmental approval. A transition laboratory that will allow students with credit for AST 130 to gain credit for a laboratory science course that is equivalent to ASTR 135. 2 Lab. Gen. Ed. E-4 [NS].

AST 135  Introductory Astronomy.  (3) I. II. Prerequisite: MAT 105 or higher and admission to the interpreting program, Deaf Studies Major, or departmental approval. A travel survey course; topics include backyard astronomy, motion of the Moon and stars, the use of light in astronomy, telescopes, the Solar System, and the Sun. Credit will not be awarded to students who have credit for AST 130. 2 Sec/2 Lab. Gen. Ed. E-4 [NS].

AST 335  Stars, Galaxies & Cosmology.  (3) I. Prerequisite: MAT 105 or higher and admission to the interpreting program, Deaf Studies Major, or departmental approval. A potential survey course; topics include the origin and evolution of stars, including black holes, galaxies, and the universe. We will demonstrate how observations, models and quantitative analysis with graphs lead to the current state of knowledge. Credit will not be awarded for both AST 335 and AST 350. 4 Lab/3 Credit. Gen. Ed. E-4 [NS].

ATH - Athletic Training

Dr. Eric Fuchs, Chair

ATH 212  Evaluation of Upper Extremity Injuries.  (4) II. Prerequisite: ATH 211. Students will learn how to properly evaluate common injuries of the upper extremity, cervical spine, head, and face. Class and cold laboratory sessions are designed to introduce the learner to proper assessment techniques of these areas in the various athletic training clinical settings. 3 Rec/2 Lab

ATH 339  Foundations of Rehabilitation.

(3) I. Prerequisite: ATR 225 and ATR 330. Students repeating ATR 330 must also enroll in 330L. Provide students with hands on opportunity to identify, differentiate, and assess human musculoskeletal, nerve, and vascular body structures. This course will focus on anatomy function and evaluation from the healthcare perspective. Credit will not be awarded for both ATR 225 and ATR 330.

ATH 339L  Foundations of Rehabilitation Lab.

(1) I. Prerequisite: ATR 225L and ATR 330L. Students repeating ATR 330L must also enroll in 330L. Provide students with hands on opportunity to identify, differentiate, and assess human musculoskeletal, nerve, and vascular body structures. This course will focus on anatomy function and evaluation from the healthcare perspective. Credit will not be awarded for both ATR 225L and ATR 330L. 1 Lab
A VN—Aviation

Mr. Dennis Sinnott, Coordinator of Aviation

AVN 150 Introduction to Aviation. (3) A

An introductory course specifically designed for students to obtain a broad understanding of the aviation world including varying aspects of space exploration. Includes a study of aviation history and the general aviation environment.

AVN 161 Private Pilot-Airplane: Ground (Part 61) (4) A

Prerequisite: Math ACT of 22 or higher, or Math 110. Provides aeronautical knowledge necessary to prepare student pilots to successfully complete FAA Private Pilot-Airplane written examination. See http://aviation.eku.edu/aviation-flight-fees for estimated flight hours and related course and flight fees.

AVN 162A Private Pilot-Airplane: Part (61) (4) A

Prerequisite: Private Pilot certificate or A VN 161 and overall 2.0 GPA. Student receives 25 dual and/or initial solo flight instruction hours as part of the FAA private pilot certificate or FAA part 61 Rules. See http://aviation.eku.edu/aviation-flight-fees for estimated flight hours and related course and flight fees.

AVN 170 Introduction to Unmanned Aircraft Systems (UAS). (3) A

Prerequisite: Provides an introduction to Unmanned Aircraft Systems (UAS). A history of UAS, typical applications and an overview of regulations, airframe and powerplant systems, sensors, ground control stations, airspace, weather, and other foundational skills needed to safely operate UAS in the U.S. airspace systems will be covered.

AVN 192 Private Pilot-SEL: Ground. (4) A

Provides aeronautical knowledge to prepare student pilots to successfully complete FAA Private Pilot written examination. See http://aviation.eku.edu/aviation-flight-fees for estimated flight hours and related course and flight fees.

AVN 192A Private Pilot-SEL: Flight I. (1) A

Prerequisite: Provides aeromedical knowledge and preflight knowledge to prepare the student pilot for the FAA private pilot SEL certification using FAA part 61 rules. See http://aviation.eku.edu/aviation-flight-fees for estimated flight hours and related course and flight fees.

AVN 193A Private Pilot-SEL: Flight II. (1) A

Prerequisite: Dept. approval (i.e. students must make satisfactory flight progress, as determined by the Aviation Coordinator, before being allowed to register into subsequent AVN flight labs). Student will receive 25 flight hours leading to FAA private pilot SEL certification using FAA-approved Part 141 flight training syllabus.

AVN 220 Instrument Pilot: Ground. (4)

Prerequisite: A VN 161A or A VN 192A, and overall 2.0 GPA. Provides aeronautical knowledge necessary to prepare student pilots to successfully complete the FAA Instrument Pilot written examination.

AVN 222A Instrument Pilot: Flight I. (1) A

Prerequisite: Dept. approval (i.e. students must make satisfactory flight progress, as determined by the Aviation Coordinator, before being allowed to register into subsequent AVN flight labs). Students receive 13 flight and 10 simulator hours leading to the FAA instrument pilot certification using FAA-approved Part 141 flight training syllabus. See http://aviation.eku.edu/aviation-flight-fees for estimated flight hours and related course and flight fees.

AVN 222A Instrument Pilot: Flight II. (1) A

Prerequisite: Dept. approval (i.e. students must make satisfactory flight progress, as determined by the Aviation Coordinator, before being allowed to register into subsequent AVN flight labs). Students receive 24 flight hours leading to the FAA instrument pilot certification using FAA-approved Part 141 flight training syllabus. See http://aviation.eku.edu/aviation-flight-fees for estimated flight hours and related course and flight fees.

AVN 231A Instrument Pilot-MEL: Flight I. (1) A

Prerequisite: Dept. approval (i.e. students must make satisfactory flight progress, as determined by the Aviation Coordinator, before being allowed to register into subsequent AVN flight labs). Students receive 25 dual MEL flight hours, 10 simulation and 5 ground hours leading to the FAA instrument pilot certification using FAA-approved Part 141 flight training syllabus.

AVN 231B Instrument Pilot-MEL: Flight II. (1) A

Prerequisite: Dept. approval (i.e. students must make satisfactory flight progress, as determined by the Aviation Coordinator, before being allowed to register into subsequent AVN flight labs). The course consists of all or part of the dual and solo flight hours required for FAA commercial pilot certification.

AVN 300 Commercial Pilot: Ground. (2) A

Prerequisite: A VN 222A. Provides aeronautical knowledge necessary to prepare student pilots to successfully complete FAA Commercial Pilot written examination.

AVN 300A Commercial Pilot: Flight. (1) A

Prerequisite: Dept. approval (i.e. students must make satisfactory flight progress, as determined by the Aviation Coordinator, before being allowed to register into subsequent AVN flight labs). The course consists of all or part of the dual and solo flight hours required for FAA commercial pilot certification.

AVN 301A Commercial Pilot-SEL: Flight I. (1) A

Prerequisite: Dept. approval (i.e. students must make satisfactory flight progress, as determined by the Aviation Coordinator, before being allowed to register into subsequent AVN flight labs). Students receive 30 dual and/or solo flight hours as part of the curriculum leading to the FAA commercial pilot SEL certification using FAA-approved Part 141 flight training syllabus.

AVN 302A Commercial Pilot-SEL: Flight II. (1) A

Prerequisite: Dept. approval (i.e. students must make satisfactory flight progress, as determined by the Aviation Coordinator, before being allowed to register into subsequent AVN flight labs). Students receive an additional 25 dual and/or solo flight hours as part of the FAA commercial pilot SEL certification using FAA-approved Part 141 flight training syllabus.

AVN 303A Commercial Pilot-SEL: Flight III. (1) A

Prerequisite: Dept. approval (i.e. students must make satisfactory flight progress, as determined by the Aviation Coordinator, before being allowed to register into subsequent AVN flight labs). Students will fly an additional 28 dual and/or solo flight hours as part of the FAA commercial pilot SEL certification using FAA-approved Part 141 flight training syllabus.

AVN 304A Commercial Pilot-SEL: Flight IV. (1) A

Prerequisite: Dept. approval (i.e. students must make satisfactory flight progress, as determined by the Aviation Coordinator, before being allowed to register into subsequent AVN flight labs). Students continue with 22 flight hours and 5 ground instruction hours leading to subsequent AVN flight labs. Student will fly the remaining 39 dual and/or solo flight hours as part of the curriculum leading to the FAA commercial pilot SEL certification using FAA-approved Part 141 flight training syllabus.

AVN 305 Multi-Engine Pilot (MEL): Ground. (1) A

Prerequisite: A VN 301A. Provides multi-engine aeromedical knowledge necessary for successful completion of multi-engine practical examination.

AVN 305A Multi-Engine: Flight. (1) A

Prerequisite: A VN 304A. Students will complete the multi-engine land (MEL) flight training required to earn the FAA MEL pilot certification.

AVN 310A Flight Training Techniques I. (1) A

Prerequisites: Dept. approval (i.e. students must make satisfactory flight progress, as determined by the Aviation Coordinator, before being allowed to register into subsequent AVN flight labs). Flight training to prepare students for FAA examinations.

AVN 315 Aviation Safety Programs. (3) A

Prerequisite: A VN 150. A presentation of factors, procedures, and aircraft accident investigation case studies relating to aviation safety, including risk management assessment, hazard identification analysis, safety program development, called Safety Management Systems (SMS) by Federal Aviation Administration, and evaluation of outcomes.

AVN 320 Flight Training Analysis II. (2) A

Prerequisite: appropriate flight credentials. A study of aeromedical information and instructional background material necessary for becoming instrument flight instructors. Included in the course is teaching methodology, instrument interpretations, and instrument flight procedures.

AVN 320A Flight Training Techniques II. (1) A

Prerequisite: Dept. approval (i.e. students must make satisfactory flight progress, as determined by the Aviation Coordinator, before being allowed to register into subsequent AVN flight labs). Flight training to prepare students for FAA examinations.

AVN 325 Aircraft Systems. (3) I, II

A study of electrical, mechanical and hydraulic systems, design and performance standards, capabilities and limitations, and conformance to FAA specifications.

AVN 329W Aviation Human Factors. (3) A

Prerequisites: A VN 315, ENG 102 or 102R, 105(S), or HON 102. A study of human factors that affect and influence behavior, with application to aviation safety and connection to all disciplines within the aviation industry.

AVN 330 Crew Resource Management. (3) A

Prerequisite: A VN 315 and 329W. A survey of crew resource management history and development in commercial aviation with emphasis on the factors that influence crew interaction and performance.

AVN 331A Commercial Pilot-MEL: Flight I. (1) A

Prerequisite: Dept. approval (i.e. students must make satisfactory flight progress, as determined by the Aviation Coordinator, before being allowed to register into subsequent AVN flight labs). Students receive initial 17 dual flight hours and 5 ground instruction hours leading to the FAA commercial pilot MEL certification using FAA-approved Part 141 flight training syllabus. See http://aviation.eku.edu/aviation-flight-fees for estimated flight hours and related course and flight fees.

AVN 332A Commercial Pilot-MEL: Flight II. (1) A

Prerequisite: Dept. approval (i.e. students must make satisfactory flight progress, as determined by the Aviation Coordinator, before being allowed to register into subsequent AVN flight labs). Students continue with 20 dual flight hours and 5 ground instruction hours leading to the FAA commercial pilot MEL certification using FAA-approved Part 141 flight training syllabus. See http://aviation.eku.edu/aviation-flight-fees for estimated flight hours and related course and flight fees.

AVN 333A Commercial Pilot-MEL: Flight III. (1) A

Prerequisite: Dept. approval (i.e. students must make satisfactory flight progress, as determined by the Aviation Coordinator, before being allowed to register into subsequent AVN flight labs). Students continue with 22 flight hours and 5 ground instruction hours leading to subsequent AVN flight labs. Student will fly the remaining 39 dual and/or solo flight hours as part of the curriculum leading to the FAA commercial pilot MEL certification using FAA-approved Part 141 flight training syllabus.
the FAA commercial pilot MEL certification using FAA-approved Part 141 flight training syllabus. See http://aviation.eku.edu/aviation-flight-fees for estimated flight hours and related course and flight fees.

AVN 334A Commercial Pilot—MEL: Flight IV. (1) A. Prerequisite: Dept. approval (i.e. students must make satisfactory flight progress, as determined by the Aviation Coordinator, before being allowed to register into subsequent AVN flight labs). Students continue with 24.5 dual and or/and PDPC Flight hours and 5 ground instruction hours as part of the curriculum leading to the FAA commercial pilot MEL certification using FAA-approved Part 141 flight training syllabus. See http://aviation.eku.edu/aviation-flight-fees for estimated flight hours and related course and flight fees.

AVN 335 Weather Reporting/Analysis. (3) I, II. A comprehensive analysis of weather conditions and patterns as they apply to flight.

AVN 340 Airport Management I: Operations and Security. (3) I, II. An in-depth overview of airport operational issues, unmanned systems integration, air traffic control issues, safety, security, and planning.

AVN 341 Airport Management II: Planning and Administration. (3) I, II. An in-depth overview of airport administration, finance, marketing, airport development, community relations, and leadership techniques, with application to practical problems.

AVN 347 Applied Learning in Aviation. (5‑8) A. Prerequisite: coordinator approval. Work under faculty and field supervisors in placements related to academic studies. Work credit is earned per semester or summer. A minimum of 80 hours work required for each academic credit.

AVN 349 A‑S Cooperative Study: Aviation. (1.5‑8) A. Cooperative study. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. A minimum of 80 hours work required for each academic credit.

AVN 350 Air Transportation. (3) A. A survey of the historical development of the air transportation system covering facilities, impact of regulations, problems encountered, and future requirements.

AVN 360 General Aviation Management. (3) I, II. Designed to provide students with an understanding of an airport Fixed Base Operator’s role and also of Aviation Service Businesses in the aviation industry, to include managerial and operational problems.

AVN 370 Aviation Supervision and Leadership. (3) I, II. A study of effective supervisory and leadership techniques, with application to practical situations in the aviation industry.

AVN 390 Aviation Decision Making. (3) A. A study of decision theory and its application to aviation decision-making and problem solving.

AVN 400 Multi-Engine Pilot: Ground. (1) A. Prerequisite: appropriate flight credentials. The course is designed to provide appropriate aeronautical knowledge about multi-engine aircraft to facilitate successful completion of the multi-engine flight component.

AVN 400A Multi-Engine Pilot: Flight (1) A. Prerequisites: Dept. approval (i.e. students must make satisfactory flight progress, as determined by the Aviation Coordinator, before being allowed to register into subsequent AVN flight labs). A one hour laboratory course consisting of the dual flight hours required for FAA certification.

AVN 401 Airline Management. (3) A. Prerequisite: AVN 350 with a “C” or better. Acquaint students with the development, administrative and operational functions peculiar to FAR Part 121 Airline Operations. Emphasis is placed on proper market analysis, financial matters, the company plan, aircraft selection, aircraft acquisition, route structure, timetable and reservation systems.

AVN 402 Corporate and Business Aviation. (3) A. The study of the operation of a corporate flight department. Course includes the value of management mobility, aircraft and equipment evaluation, maintenance, flight operations, administration and fiscal considerations.

AVN 409 Introduction to Media Writing. (3) A. Prerequisite: ENG 105(B), or HON 102. Introduction to mass media writing. Considers issues/trends, including ethics, legal controls, violence and censorship. Credit will not be awarded to students who have completed or are enrolled in ENG 200, or ENG 102R. Formerly COM 200W. Prerequisites: ENG 102 or 102R, or ENG 105(B), or HON 102. Introduction to mass media issues. Analyzes mass media impact on social, political and economic sectors of American and world societies. Considers issues and trends, including ethics, legal controls, violence and censorship. Credit will not be awarded to students with credit for: BEM 200W, COM 200, COM 200W. Gen. Ed. E‑5B [SB].

BEM 200 Mass Media and Society. (3) I, II. Formerly COM 200. Introduction to mass media issues. Analyzes mass media impact on social, political and economic sectors of American and world societies. Considers issues and trends, including ethics, legal controls, violence and censorship. Credit will not be awarded to students with credit for: BEM 200, COM 200, COM 200W. Gen. Ed. E‑5B [SB].

BEM 202 Information Gathering. (3) A. A survey of research strategies and methods for locating, analyzing, and managing information from a variety of sources through use of the core techniques of making observations, conducting interviews and accessing documents from government agencies, archives, popular press and other basic sources.

BEM 203 Introduction to Media Writing. (3) A. Prerequisites: ENG 102 or 102R or 105(B) or HON 102. Study of the coverage of news for all types of media. Developing writing skills for broadcast, electronic, and print media distribution platforms including television, radio, podcasts, Internet news sites, newspapers, magazines, and social media. Credit will not be awarded for both BEM 202 and COM 201.

BEM 295 Video Production I. (4) I, II.
### Section Seven - Course Descriptions

**BEM 350 Cinema History I (3) A.**
Prerequisite: ENG 102 or 102R or ENG 105(B) or HON 102. Historical survey of cinema from its origins to 1939. Examines developments in directing, acting, editing, and production of films. **BEM 351 Cinema History II (3) A.**
Prerequisite: ENG 102 or 102R or ENG 105(B) or HON 102. Historical survey from 1939 to present. Includes theories, styles, and critical relations related to the sound film and considers origins and implications for future directions. 

#### BEM 335W The Art and Craft of Screenwriting (3) A.
Prerequisite: ENG 101 or 101R and 102 or (105(B) or HON 102). Conceiving, structuring, writing and marketing the contemporary American screenplay. Requires developing and writing original screenplays for production in the entertainment environment. Credit will not be awarded for both BEM 335W and 353.

#### BEM 357 Sound Design for Film and Video (3) A.
Prerequisite: BEM 200. Training in audio mixing and sound design for narrative films and other types of video projects. Exploring electronic audio software and postproduction sound techniques and principles.

#### BEM 360 Advanced Lighting Techniques (4) I, II.
Prerequisite: BEM 200 and 200W or COM 200 or 200W. Advanced lighting techniques for film and television production. Stresses the technical considerations and aesthetics of lighting through analytical and hands-on applications of lighting and film/electronic cinematography. 

#### BEM 370 Electronic Cinema Production (4) I, II.
Prerequisites: BEM 295(C) and 352(C). Principles and procedures behind single-camera dramatic productions recorded and edited on videotape. Requires group and individual portfolio projects involving a critical and artistic understanding of sound-image relationships. Includes multi-camera production, directing and producing. 

#### BEM 373 Electronic Cinema Practicum. (1-3) I, II.
Prerequisite: BEM 370. Supervised practical experience in film making, editing, and other aspects of film-style production. May be retaken to a maximum of three hours. One hour may be counted toward the major. 

#### BEM 375 Motion Graphics. (3) I, II.
Prerequisite/Corequisite: BEM 395. Training on industry standard motion graphics software used for post-production design and editing. The course examines visual effects and multimedia, covering techniques needed to improve students’ command of motion graphics in video production.

#### BEM 385 Electronic Video Practicum. (1-3) I, II.
Prerequisite: BEM 295. Supervised practical experience on the staff of a television station or other video facility. May be taken to a maximum of three hours. One hour may be counted toward the major. 

#### BEM 395 Video Production III. (4) I, II.
Prerequisite: BEM 395 or 370. Advanced study in broadcast journalism. Planning, gathering, writing, editing and producing news for television; critical evaluation of broadcast news techniques; individual and team projects.

**BEM 402 Advanced Broadcast News. (3) A.**
Prerequisite: BEM 401. Advanced study in broadcast journalism. Planning, gathering, writing, editing and producing news for television; critical evaluation of broadcast news techniques; individual and team projects.

**BEM 406 Media Law. (3) A.** Formerly COM 405. Prerequisite: BEM 200 or 200W or COM 200 or 200W or department approval. Examination of First Amendment rights and free expression philosophies that impact multimedia platforms, including access to information and public spaces, copyright, fair use, libel, slander, privacy, free press/fair trial, obscenity, and commercial speech regulation. Credit will not be awarded for both BEM 405 and COM 405.

**BEM 412 Multimedia Web Development. (3) I, II.
Formerly JOU 412. Prerequisite: PUB 320(C) or JOU 320(C) or BEM 320(C). An introduction to web design, HTML and CSS. Subjects covered include organizing web content, web hosting, the languages of HTML and CSS, digital image preparation and deployment, browser development tools, Javascript libraries (jQuery), and best practices for coding and deploying multimedia online. Prerequisite: credit for JOU 412 or PUB 412.

**BEM 415 Media Ethics. (3) A.** Formerly COM 415. Prerequisite: BEM 200 or 200W or COM 200 or 200W. Examination of ethical standards and practices of the media. Includes decision-making skills. Credit will not be awarded for both BEM 415 and COM 415.

**BEM 425 Electronic Media Operations (3) A.**
Prerequisite: BEM 200 or 200W or COM 200 or 200W. Study of the issues that impact managing, programming and operating a media enterprise, including federal regulations.

**BEM 445 Broadcast and Cable Promotion. (3) I, II.
Formerly COM 445. Prerequisite: BEM 295. Study of broadcast and/or cable promotion in the areas of writing, production, marketing, and public relations. Includes exercises in promotions. Credit will not be awarded for both BEM 445 and COM 445.

**BEM 453 Advanced Screenwriting. (3) I, II.
Prerequisite: BEM 353W or departmental approval. Writing and marketing the screenplay for television and film. Emphasis is placed on structuring and composing the screenplay for advanced writers. Open to all majors.

**BEM 460 Advanced Film Genre. (3) I, II.
Detailed study of the types of motion pictures. Requires independent research, extended analysis, and critical evaluation of films. May be retaken to a maximum of six hours with different course content. 2 Lec/2 Lab.

**BEM 471 Media Sales. (3) A.** Previously COM 471. Prerequisite ENG 102 or 102R or 105(B) or HON 102. Problems and practices of both print and electronic media sales. Includes case studies in both print and broadcast sales development (local, regional, and national), pricing, production, promotion, and basic sales campaigns. Credit will not be awarded to students who have credit for COM 471.

**BEM 491 Senior Seminar. (2) I, II.
Prerequisites: completion of 90 hours with at least one hour from BEM 349 or 343 or 398. Evaluates students’ progress toward a career in mass communications, especially the development of an electronic portfolio, and develops job search strategies and skills. Includes assessment of instruction and curriculum.

**BEM 495 Video Production III. (4) I, II.
Prerequisite: BEM 395 or 370. Advanced study in video production, directing, acting, and operating a television news set. Includes writing program proposals, scripts, and shooting schedules. Programs produced outside normal class hours. 3 Lec/3 Lab.

**BEM 499 Independent Study in Electronic Media. (1-4) A.**
Prerequisite: Student must consult with the faculty supervisor and have the independent study proposal form approved by the faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of four hours.
BIO—Biology
Dr. Malcolm Frisbie, Chair

BIO 100 Introductory Biology. (3, I, II. Prerequisite: Completion of all academic readiness requirements in English and reading; Math ACT score of 19 or higher; Math SAT score of 510 or higher, MAT 105 or higher, or STA 215 or higher. The course will deal with introductory principles of biology that are fundamental to an individual’s knowledge as it pertains to the interrelationships of organisms in the natural world. Topics to be addressed: cellular basic structure, metabolism, genetics, biological diversity, reproduction, evolution, ecology, and environmental biology. May not be used to satisfy area, major, or minor requirements. Credit will not be awarded to students who have credit for BIO 101 or 102. 2 Lec/2 Lab. Gen. Ed. E-4 [NS].

BIO 101 Essentials of Biology. (3, I, II. ONLINE ONLY. Prerequisite: Completion of all academic readiness requirements in English and reading; Math ACT score of 19 or higher; Math SAT score of 510 or higher, MAT 105 or higher, or STA 215 or higher. Biological principles and applications as relates to life on earth from the molecular to ecosystem scale; current topics in genetics, evolution, ecology, plant and animal diversity, and disease will be discussed. May not be used to satisfy area, major, or minor requirements. Credit will not be awarded to students who have credit for BIO 100 or 102. 2 Lec/2 Lab. Gen. Ed. E-4 [NS].

BIO 102 Inquiry Biology for Teachers. (3, I, II. Prerequisite: Completion of all academic readiness requirements in English and reading; Math ACT score of 19 or higher, Math SAT score of 510 or higher, MAT 105 or higher; pre-teaching or elementary and middle school, special education, and DHH majors only, or departmental approval. An inquiry-based, conceptual-approach biological sciences course for teaching majors. Topics include the nature of science, cell biology, biodiversity, inheritance, ecology and ecosystems, evolution and adaptation. May not be used to satisfy area, major or minor requirements. Credit will not be awarded to students who have credit for BIO 100 or 101. 2 Lec/2 Lab. Gen. Ed. E-4 [NS].

BIO 111 Cell and Molecular Biology. (4) I, II. Prerequisite: Completion of all academic readiness requirements in English and reading; Math ACT score of 19 or higher, Math SAT score of 510 or higher, MAT 105 or higher, or STA 215 or higher. An introduction to fundamental principles of cell and molecular biology as they apply to animals, plants, and microbes; the molecular basis of life, cellular structure and function, genetic and molecular biology. Designed for biology majors. 3 Lec/2 Lab. Gen. Ed. E-4 [NS].

BIO 112 General Biochemistry. (4) I, II. Prerequisite: Completion of all academic readiness requirements in English and reading; Math ACT score of 19 or higher, Math SAT score of 510 or higher, MAT 105 or higher, or STA 215 or higher. An introduction to the fundamental principles of ecology and evolution: interactions among plants, animals, microbes, and their environment, and the diversification of life through evolutionary processes. Designed for biology majors. 3 Lec/2 Lab. Gen. Ed. E-4 [NS].

BIO 271 Advanced Human Anatomy. (3) II. Prerequisites: BIO 171 (grade of C or better) or 308 (grade of C or better). An advanced study of human anatomy. Emphasis is placed on the musculoskeletal and nervous systems and their anatomical and functional relationships. May not be used to satisfy area, major, or minor requirements. 2 Lec/2 Lab.

BIO 273 Clinical Microbiology. (4, I, II. Prerequisite: BIO 171 (grade of C or better) or 308 (grade of C or better). A study of microorganisms as causative agents in diseases of humans with emphasis on differentiation and culture, types of diseases, modes of transmission, prophylactic, therapeutic and epidemiological measures. May not be used to satisfy area, major, or minor requirements. Credit will not be awarded for both BIO 273 and MSL 209. 2 Lec/4 Lab.

BIO 301 Human Physiology. (3, I, II. Functions of human life processes at the cellular, tissue, and organ-system levels of organization with emphasis on homeostatic mechanisms will be considered in this course. May not be used to satisfy area, major, or minor requirements.

BIO 303 Human Anatomy and Physiology I. (3, I, II. Prerequisite: Completion of all academic readiness requirements in English and reading; ACT math of 19 or higher (SAT math 510 or MAT 105 or higher or STA 215 (grade of C or better); (SAT1040) or completion of BIO 100 (grade of C or better) or 111 (grade of C or better). Basic chemistry and the interrelationship of structure and function of body systems including cell structure, cell physiology, metabolism, tissue origins, organ locations, skeletal, muscular, sensory and nervous systems. Lecture 2 hours, Laboratory 2 hours. Credit will not be awarded for both BIO 171 and BIO 307. 2 Lec/4 Lab.

BIO 308 Human Anatomy and Physiology II. (3, I, II. Prerequisite: BIO 307 (grade of C or better) or BIO171 (C or better) or major in pre-medical lab science or EHS. The interrelationship of structure and function of body systems including endocrine, cardiovascular, circulatory, respiratory, integumentary, reproductive, lymphatic and immune systems. Lecture 2 hours, Laboratory 2 hours. Credit will not be awarded for both BIO 308 and BIO 361, 378.

BIO 310 Biology of Aging. (3, A. A prerequisite: BIO 111 (grade of C or better) or 171 (grade of C or better) or 308 (grade of C or better) or departmental approval. System by system approach to the biological effects of the aging process on the human body. May not be used to satisfy area, major, or minor requirements in the Department of Biological Sciences.

BIO 315 Genetics. (4, I, II. Prerequisite: BIO 111 (grade of C or better) and 112 (grade of C or better). Discussion of Mendelian genetics, molecular genetics, genetic mapping, and population genetics. Emphasis on critical thinking skills and logic through experimental analysis. Laboratory will include experimental manipulation of prokaryotic and eukaryotic organisms. 3 Lec/3 Lab.

BIO 316 Ecology. (4, I, II. Prerequisite: BIO 111 (grade of C or better) and 112 (grade of C or better). Basic concepts and principles as applied to the study of organisms or groups of organisms in their interrelations to each other and to their environments. 3 Lec/3 Lab.

BIO 318 General Botany. (4, I, II. Prerequisites: BIO 111 (grade of C or better) and 112 (grade of C or better). Structure and functions of vascular plants; morphology, classification, life histories, ecology, adaptation and evolution of autotrophs, plantlike protists, and fungi. 3 Lec/3 Lab. Credit will not be awarded to students who have credit for BIO 131.

BIO 319 General Zoology. (4, I, II. Prerequisite: BIO 111 (grade of C or better) and 112 (grade of C or better). A study of the invertebrates such as insects, mollusks, crustaceans, echinoderms, and vertebrates such as fishes, amphibians, reptiles, and mammals. 3 Lec/3 Lab.

BIO 320 Principles of Microbiology. (4, I, II. Prerequisites: BIO 111 (grade of C or better), 112 (grade of C or better) and CHE 112 (grade of C or better); or Environmental Health Science major with BIO 111 (C) and CHE 112 (C). A study of bacteria and other microorganisms, their morphology, development and function; techniques of isolation, cultivation and identification; physiology, nutrition, and genetics; role of microes in medicine, agriculture, and industry. 2 Lec/4 Lab.

BIO 331 Cell Biology. (3, I. Prerequisites: Junior standing in Biology, Biomedical Sciences, Wildlife Management or Chemistry, or departmental approval. An examination of cellular structure and function. Emphasis will be placed on intracellular biosynthesis, gene expression, membrane dynamics, cytoskeletal function, intracellular signaling cascades, protein trafficking, and intercellular interactions. Molecular research methods and their applications will also be discussed. 2 Lec/4 Lab.

CAREERS IN BIOMEDICAL SCIENCES (1)

I, A. Prerequisites: BIO 111 (C or better), and CHE 112 (C or better). Students will explore the diverse range of career options within the biomedical sciences and develop materials and skills for successful admission into graduate/professional programs. This course requires 50 hours of experiential learning through an internship/ shadowing experience. 1 Lec.

BIO 335 Plant Systematics. (3, II. Prerequisites: BIO 112 (grade of C or better), BIO 111 (grade of C or better), and 318 (grade of C or better); or departmental approval. Identification, classification and phylegogy of vascular plants; principles of taxonomy. 1 Lec/4 Lab.

BIO 342 ComparativeVertebrate Anatomy. (4, I. Prerequisites: BIO 112 (grade of C or better) and 319 (grade of C or better); or departmental approval. Evolutionary relationships of the classes of vertebrates will be investigated through taxonomic and morphological studies of organs and systems of vertebrate animals primarily compare the dogfish shark, the mudpuppy (Necturus), and the cat. 2 Lec/4 Lab.

BIO 348 Vertebrate Physiology. (3, I, II. Prerequisites: BIO 331 (C or better), or BIO 111 (B or better), CHE 112 (B or better) and admission to the teacher education program; or departmental approval. Command of human physiology through an integrated study of the physical, chemical, and cellular aspects of physiological systems across vertebrates. Group work and critical thinking will be stressed utilizing human case studies and computer simulations. 3 Lec.

BIO 349 Applied Learning in Biology. (5-8) A. Prerequisites: BIO 331 (C or better), or BIO 112 (C or better). Work in placements related to academic studies. One to eight hours credit per semester or summer. A minimum of 80 hours of employment required for each semester hour of academic credit. Three hours may be applied to the major. May not be used to satisfy minor requirements.

BIO 349 A-N Cooperative Study: Biology. (5-8) A. Prerequisites: BIO 111 (C or better) or BIO 112 (C or better). Work in placements related to academic studies. One to eight hours credit per semester or summer. A minimum of 80 hours of employment required for each semester hour of academic credit. Three hours may be applied to the major. May not be used to satisfy minor requirements.

BIO 371 Neuroanatomy. (3, I, II. Prerequisite: BIO 171 (grade of C or better) or 308 (grade of C or better) or departmental approval. Anatomy of the nervous system and the relationships to functions of systems of the human body. May not be used to satisfy area, major, or minor requirements in the Department of Biological Sciences. 2 Lec/2 Lab.

BIO 375W Microbes and Food. (5) A. Prerequisites: ENG 102 or 102R or 105(B), or HON 105(B). Prerequisite: BIO 111 (grade of C or better) or departmental approval. An overview of food-borne illness and food safety, the role of microbes in food production and the relationships between diet and the human microorganisms. 2 Lec/4 Lab.

BIO 378 Interdepartmental Laboratory. (1, I, II. Prerequisite or Corequisite: BIO 301 (grade of C or better) or departmental approval. A series of experiments will be presented which will allow students to demonstrate some of the typical physiological processes.
of animals as these relate to human physiology. May not be used to satisfy area, major, or minor requirements. 2 Lab.

BIO 490 Biology Seminar. (1) I, II.
Prerequisite: junior or senior standing in biology.
Students and members of the faculty meet to present, discuss, and交换 ideas on selected topics, based on the reading material in the biological sciences.

BIO 495 Evolutionary Application and Theory. (1) I, II.
Prerequisite: Senior standing in Biology, Biomedical Sciences, or Wildlife Management. Discussion of topics relating to evolutionary theory with special emphasis on the impact of evolution in everyday life. This is a course that builds upon evolutionary concepts learned throughout the biology curriculum. 2 Lab.

BIO 500 Environmental Issues. (3) II.
Prerequisite: Senior Standing; BIO 100 (grade of C or better), 102 (grade of C or better) or 112 (grade of C or better). Students will learn to identify, investigate and evaluate environmental issues as well as plan appropriate action based on their analysis. Credit will not be awarded to students who have credit for ENV 500.

BIO 514 Evolution. (3, 4).
Prerequisites: BIO 112 (grade of C or better) and 315 (grade of C or better) or department approval. A study of Darwinism, the history of life in the context of contemporary biology, and the evidences and mechanisms of evolutionary change, with particular emphasis on human evolution and the challenges of teaching and understanding evolution in modern society. 5 Lab.

BIO 520 Invasive Species Management. (3)
Prerequisites: Senior standing; BIO 316 (C or better) or department approval. Examination of the circumstances that lead to species becoming invasive. Reviews the current approaches used to reduce the incidence and impact of invasive species. Credit will not be awarded to students who have credit for BIO 599/799 Special Topics: Invasive Species Management. 4 Lab.

BIO 525 Aquatic and Wetland Plants. (3)
A.
Prerequisites: BIO 111 (grade of C or better), 112 (grade of C or better), 318 (grade of C or better); or department approval. Introduction to the identification, distribution, ecology, and reproduction of aquatic and wetland vascular plants. 5 Lab.

BIO 527 Immunology. (3).
A.
Prerequisites: BIO 320 (grade of C or better) and CHE 361 (grade of C or better) or department approval. Characteristics of immune reactions at the molecular level and in vivo. Nature and interactions of antigens and antibodies, and allergenic phenomena. 2 Lec/3 Lab.

BIO 528 Virology. (3).
Prerequisite: BIO 320 (grade of C or better); or departmental approval. Fundamentals of classification, structure, and pathogenesis of viruses. Host-virus interactions and their applications to medicine and industry. Viral related areas of immunology, cell culture procedures, and applications will be introduced. 2 Lec/3 Lab.

BIO 529 Microbiology in Everyday Life. (3, 4).
Prerequisite: BIO 100 (grade of C or better), 102 (grade of C or better), or 111 (grade of C or better), or 112 (grade of C or better) or departmental approval. Microbes in medicine, agriculture, and industry; emphasis on teaching microbiology in the classroom. Course open only to Biology-Teaching or Education majors.

BIO 531 Principles of Molecular Biology (4).
Prerequisites: BIO 320 (grade of C or better) or 331 (grade of C or better), and CHE 361 (grade of C or better), or departmental approval. An in-depth study of the molecular basis of technological applications of nucleic acids and proteins. Laboratory experiences will involve manipulation of DNA and RNA molecules for the purpose of isolation, genetic engineering, forensics, and gene expression analysis. Credit will not be awarded for both BIO 531 and 531S. 2 Lec/4 Lab.

BIO 531S Principles of Molecular Biology (4).
Prerequisites: BIO 320 (grade of C or better) or 331 (grade of C or better), and CHE 361 (grade of C or better), or departmental approval. An in-depth study of the structure, function, and technological applications of nucleic acids and proteins enhanced with a service-learning component. Laboratory experiences will involve manipulation of DNA and RNA molecules for the purpose of isolation, genetic engineering, forensics, and gene expression analysis. Credit will not be awarded for both BIO 531 and 531S. 2 Lec/4 Lab.

BIO 532 Conservation Biology. (3).
Prerequisite: BIO 316 (grade of C or better) or departmental approval. Examination of principles and practices of conserving global biological diversity. Emphasis on causes, consequences and rates of extinction, as well as the natural resource planning and policies used to mitigate the loss of biodiversity. Focus will be given to the application of philosophical, biological, sociological, legal, and on-the-ground management principles for the conservation of genes, species and ecosystems.

BIO 533 Bioinformatics: Principles and Applications. (3)
Prerequisite: BIO 515 (grade of C or better) or departmental approval. An exposure to the theory and practice of bioinformatics, as they relate to laboratory (Cell and Molecular Biology, Biochemistry) and field (Evolutionary and Population Biology) research applications in the life sciences. Discussion and utilization of the professional databases and methodologies currently used in Bioinformatics.

BIO 535 Pathogenic Microbiology. (4).
Prerequisite: BIO 320 (grade of C or better) or departmental approval. Studies in the field of advanced clinical microbiology. Topics include the morphology, cultivation, biochemistry, and serological identification of bacterial diseases; aspects of pathogenesis, epidemiology, and control measures of bacterial and mycotic diseases. 2 Lec/4 Lab.

BIO 536 Dentistry. (3).
Prerequisite: BIO 111 (grade of C or better), 112 (grade of C or better), and 318 (grade of C or better) or departmental approval. Dental sociology with emphasis on field identification of trees and shrubs in morphology and ecology, behavior, distribution, and food habits. 2 Lec/4 Lab.

BIO 542 Freshwater Invertebrates. (3)
Prerequisites: BIO 112 (grade of C or better) and 319 (grade of C or better) or departmental approval. Collection, systematics, distribution, behavior, ecology, and life histories of freshwater invertebrates. 2 Lec/3 Lab.

BIO 546 Histology. (4). II.
Prerequisite: BIO 331 (grade of C or better) and 348 (grade of C or better), or departmental approval. This course will provide students with an essential understanding of functional morphology in vertebrate tissues and organs. Pathology examples will be used to explain the cellular and molecular basis of normal function related to structure. 2 Lec/4 Lab.

BIO 547 Comparative Vertebrate Embryology. (4)
Prerequisite: BIO 331 (B or better); or departmental approval. Gametogenesis, fertilization, morphogenesis, and originogenesis of the frog, bird, and mammal. Particular emphasis is placed on mammalian development. 2 Lec/5 Lab.

BIO 548 Insect Diversity. (3)
Prerequisite: BIO 319 (grade of C or better) or departmental approval. An introduction to the insects with an emphasis on classification, identification, natural history, and evolution of insect orders and common families. (2Lec/5 Lab). Credit will not be awarded for both BIO 548 and BIO 599: Topics in Biological Sciences.

BIO 549 Neurobiology. (3).
Prerequisites: BIO 331 (grade of C or better) or departmental approval. The cellular architecture of the nervous system, with emphasis on the biochemical and electrophysiological properties of neurons and glia that control cognition, learning and memory, emotion, sensation and perception, endocrine regulation, and neurological illness. An overview of molecular research methods used to investigate neural function.

Prerequisites: BIO 111 (grade of C or better) and 112 (grade of C or better); or departmental approval. Advanced study of behavior with emphasis on inherited behavioral patterns in relation to the evolution and ecology of animals. 3 Lec/2 Lab.

BIO 553 Mammalogy. (3).
Prerequisites: BIO 111 (grade of C or better) and 112 (grade of C or better) or departmental approval. Classification, natural history, field methods, and distribution of mammals. 1 Lec/4 Lab. Requires participation in an extended field trip outside of normal class hours.

BIO 554 Ornithology. (3).
Prerequisite: BIO 111 (grade of C or better) and 112 (grade of C or better) or departmental approval. Avian biology with emphasis on field identification of local avifauna, anatomy, physiology, ecology, evolution, migration, economic importance, distribution, and behavioral patterns. Early morning field trips required. 2 Lec/4 Lab.

BIO 555 Behavioral Ecology. (3).
Prerequisite: BIO 316 (grade of C or better) or departmental approval. How human behavior is modeled by natural selection in relation to ecological conditions. Emphasis on quantitative and experimental methods and on integrating theoretical ideas with field and laboratory evidences. 2 Lec/4 Lab.

BIO 556 Herpetology. (3).
Prerequisite: BIO 112 (grade of C or better) and 319 (grade of C or better) or departmental approval. Natural history of the amphibians and reptiles including taxonomy, general ecology, behavior, distribution, breeding, and food habits. 2 Lec/4 Lab.

BIO 557 Ichthyology. (3).
Prerequisite: BIO 112 (grade of C or better) and 319 (grade of C or better) or departmental approval. A phylogenetic examination of morphological, ecological, and behavioral adaptations of fish of the world, with special attention to the Appalachian fauna. Laboratory devoted to anatomy, identification, and reproductive strategies. 2 Lec/4 Lab.

BIO 558 Freshwater Ecology. (3).
Prerequisite: BIO 316 (grade of C or better) or departmental approval. Ecology of lakes and streams with special reference to physical, chemical, and biological factors. To include a variety of methods and instruments. 2 Lec/3 Lab-disc.

BIO 561 Fisheries Biology. (3).
Prerequisites: BIO 112 (grade of C or better) and 316 (grade of C or better) or departmental approval. Ecology of fish populations and fish community structure, including age and growth, food habits, and yield. Emphasis on economic and ecological importance of management decisions. 2 Lec/4 Lab.

BIO 590 Ecology for Teachers. (3).
Prerequisite: Senior Standing; BIO 100 (grade of C or better), 102 (grade of C or better), or 112 (grade of C or better). This course introduces ecology and the environment through an interdisciplinary approach beginning with the physical environment progressing to whole ecosystems and onto analyses of ecological sustainability. Classroom strategies and techniques will be modeled. Credit will not be awarded to students who have credit for ENV 590 or CNM 599.

BIO 595 Topics in Field Biology . (3).
Prerequisites: Senior standing, BIO 318 (grade of C or better) or 319 (grade of C or better) or departmental approval. Concepts, methods, analyses, and organismal identification used to study selected topic. Material will be determined by a combination of lecture, discussion, and experiential learning via hands-on field activities. May be repeated up to a maximum of 12 hours provided subject matter is different each time. 1 Lec/4 Lab.

BIO 596 Special Problems. (1-3).
II.
Prerequisites: junior or senior standing; students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. Independent research in the biological

SECTION SEVEN - COURSE DESCRIPTIONS

2019-2020 EKU UNDERGRADUATE CATALOG
Section Seven - Course Descriptions

 ecological and systems sciences. Cross-listed as WGS 132. Ecological and systems sciences. Credit will not be awarded for BIO 599 Topics in Biological Sciences. (I-6) A. Prerequisites: Senior standing, BIO 111 (grade of C or better), 112 (grade of C or better), and departmental approval. Special topics in the biological sciences of current interest to faculty and students may be presented through lecture, discussion, lab and field experiences, and reports. May be retaken to a maximum of nineteen hours provided subject matter differs each time.

BTO—Business and Technology Orientation
Dr. Tom Erekson, Dean

BTO 100 Student Success Seminar. (1) I, II. Designed to orient the student to university academic life and afford background for career choice and preparation. Included are University regulations and calendar, catalog details, registration, various career opportunities, and program requirements. Open to all students during their first two semesters of enrollment at EKU; beyond that open to students with fewer than 30 semester hours (1 Lab for School of Business Majors Only).

BTS—Business and Technology Seminar
Dr. Tom Erekson, Dean

BTS 300 Professional Skills Seminar. (0) I, II. Required of all Business and Technology students who have earned at least 60 hours. Credit (CR) will be given when students have attended and/or completed department-sponsored activities regarding professional skills and careers.

BTS 400 College to Careers Seminar. (0) I, II. Prerequisite: AGR 305 or BTS 300. Required of all Business and Technology students who have earned at least 90 hours. Credit (CR) will be given when students have attended the annual College of Business and Technology’s Student Success: College to Careers Conference.

CAS—Letters, Arts, & Social Sciences
Dr. Sara Zeigler, Dean

CAS 349 A N Cooperative Study: Corporate Communication and Technology. (5-8) A. Prerequisites: 2.0 GPA and college approval. Work under field supervisors in placement related to academic studies. Minimum 80 hours work for each credit hour. Repeatable up to 16 credit hours.

CCT—Corporate Communication and Technology
Dr. Mike Roberson, Chair

CCT 201 Professional Communication. (3) I, II. Prerequisites: ENG 101 or 101R and 102 (or 105). Principles and practices of modern professional communication; various types of professional letters and reports are studied; emphasis on writing letters and reports.

CCT 300W Managerial Reports. (3) I, II. Prerequisites: ENG 101 or 101R and 102 (or 105), ACC 201, 202 and ECO 230 with a grade of “C” or better in each course; Junior Standing (A minimum of 60 hours) with an overall minimum 2.0 GPA. A writing intensive study of applications of communication theory, research methods, and information technology to communication within organizations. Includes common communication tasks faced by managers; communication task and audience analysis; collecting, organizing, analyzing, and interpreting data. Emphasizes written and oral reporting.

CCT 302 Desktop Publishing for the Business Office. (3) I, II. Prerequisite: CCT 200 or CIS 212 (with a minimum grade of “C”). Development of business document design techniques using Windows and desktop publishing.

CCT 304S Applied Entrepreneurship and Service Learning. (3) A. Prerequisite: CCT 270 (with minimum grade of “C”). Provides entrepreneurship opportunities for students to apply skills and knowledge for integration of new business development, aid to existing businesses, and service learning strategies for the EKU region.

CCT 310 International Business Communication. (3) A. Prerequisites: ENG 101 or 101R and 102 (or 105) (with a minimum grade of “C”) in each prerequisite course. Characteristics of cultural differences that alter communication symbols and meanings for international business activity. Topics include culture profiles and conductive business, business protocol, internal documents, U.S. documents, negotiation strategies, and oral presentations to intercultural business audiences.

CCT 349 Applied Learning in Corporate Communication and Technology. (5-8) A. Prerequisites: minimum GPA of 2.25 and 30 hours for associate degree, 60 hours for baccalaureate degree. Co-op Coordinator and approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work for each credit hour. Three hours required in Office Systems Technology. Three hours may be used as an upper division business elective in the university program. May be repeated up to 8 credit hours for the associate degree and 16 credit hours for undergraduate program.

CCT 349 A N Cooperative Study: Corporate Communication and Technology. (5-8) A. Prerequisites: 2.0 GPA and 30 hours associate degree, 60 hours for baccalaureate degree. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work for each credit hour. Three hours required in Office Systems Technology. Three hours may be used as an upper division business elective in the undergraduate program. May be repeated up to 8 credit hours for the associate degree and 16 credit hours for undergraduate program.

CCT 520 Corporate Training. (3) A. Prerequisite: 90 credit hours completed. This course applies theories of learning and instructional development to office employees' education and skills training. Topics include instructional design; strategy; technology; and the implementation, evaluation, and management of training in an organizational environment.

CCT 550 Integrated Corporate Communication. (3) A. Prerequisite: senior or graduate standing. Examines effective integrated communication skills to achieve organizational objectives. Emphasizes analysis and application of communication process and strategies for managerial decision-making. Examines change process, corporate culture, and negotiation issues. Provides corporate training component.

CCT 570 Web Design for Offices. (3) A. Prerequisites: CCT 200 or CIS 212 and INF 104 (with a minimum grade of “C” in each prerequisite course). Advanced development of business documents design techniques with an emphasis on design and multimedia resources. Geared for education, small offices or departments.

CDE—Child and Family Studies
Dr. Dana Bush, Chair

CDF 132 Introduction to the Family. (3) I, II. Cross-listed as WGS 132. Ecological and systems approach applied to public and private family concepts; historical changes and current status; relationships among individuals, families, consumers, and communities; status of women, men, children and the elderly; public policy related to changes in the family. Credit will not be awarded for both CDF 132 and WGS 132.

CDE 203 Philosophical & Historical Foundations of the EC Profession. (3) I, II. Corequisite CED 100. An orientation to the profession: Exploration of core values, qualities, expectations, & responsibilities of an EC professional. Relationships among early learning standards, history of the profession, interdisciplinary fields, professional organizations, & philosophical approaches. Background check College approved.

CDE 210 Special Topics in Early Childhood Education: (1-3) A. Selected topics in child development and early childhood program planning. May be retaken to a maximum of six hours provided topics vary.

CDE 212 Identity and Sexuality. (3) I, II. An exploration of the changing attitudes about and among men/women and their effect on choices and interpersonal relationships. Emphasis will be on promotion and maintenance of positive mental, physical, emotional, and sexual development. Credit will not be awarded to students who have for WGS 232. Gen. Ed. E-6 [GE].

CDE 235 Child Development: Conception - Eight Years. (3) I, II. Developmental characteristics and theory pertinent to child development through age eight. Special emphasis on early childhood theoretical frameworks.

CDE 236 Interaction and Guidance. (3) I, II. Overview of guidance strategies for promoting children's social competency within group or individually. Adults' role in various interactions (e.g. parent-child, teacher-child) and resources for working with families/parents(e.g. parent education workshop) will be explored.

CDE 243 Introduction to Family and Child Care Programs. (3) A. Prerequisite or Corequisite: CDE 132. Examination of programs which focus on forming partnerships with families through the public, private, and nonprofit sectors to support family and individual well-being. Career development and opportunities explored.

CDE 246 Creative Activities and Materials for Young Children. (3) I, II. Prerequisite: CDE 235 or departmental approval. Survey of learning experiences in various curriculum areas. Planning activities, including techniques and materials, to provide environment appropriate to the age and background of young children for the individual child based on age, ability, culture and ethnic background.

CDE 310 Observation and Assessment in ECE. (3) I, II. Prerequisite: CDE 235. Authentic assessment approaches through observation of children in natural environments. Intentional planning and implementation of Developmentally Appropriate Practice in EC settings. Special emphasis on linking assessment to the EC curriculum.

CDE 327S Family Involvement with Young Children. (3) I, II. Prerequisites: CDE 235 or departmental approval. Survey of learning experiences in various curricula. Planning discussions, conducting home visits, and parent-teacher conferences. Includes 15 service learning hours.

CDE 331 Marriage and Intimate Relationships. (3) I. Cross-listed as WGS 331. The process within and types of intimate relationships in contemporary times. Topics include singlehood, partner selection, marriage, divorce, remarriage, long-term enduring marriage, and factors which affect the success of intimate relationships. Credit will not be awarded for both CDE 331 and WGS 331.

CDE 342 Child and Adolescent Development. (3) I. Study of U.S. youth, utilizing systems theory and...
Section Seven - Course Descriptions

A life-course perspective approach. Effects of economic, social, and technological change on policies and programs affecting youth of diverse backgrounds.

CDF 349 A-N Cooperative Study: Child Development. (5-8) A. Prerequisite: department approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit. Maximum of three hours may be counted in major requirements toward degree.

CDF 351 Practicum for Early Childhood Practitioners. (3) A. Prerequisites: department approval, 2.5 institutional GPA, minimum grade of "C" in all courses with "CDF" prefix. Enrollment limited to students who have earned a Child Development Associate credential with college credit. Teaching experience in early childhood programs emphasizing emergent curriculum, documentation, project work, and family involvement. Meetings for collaborative planning/preparation.

CDF 363 Early Childhood Literacy (3) I, II. Prerequisite: Admission to Child & Family Studies or department Approval. An exploration of the emergent literacy development of children within the language-rich context of play. Emphasis on state and national language arts standards, 2nd language learners, literacy assessment, research for literacy instruction. Course material presented within theoretical context.

CDF 399 Early Childhood Practicum. (3-6) III. Prerequisites: Admission to Child and Family Studies or departmental approval. Practicum supervised experience in programs serving young children & families. Experiences at the public, private and non-profit sectors. Open to B.S. child development students only. Minimum of 160 hours of field experience.

CDF 405 Program Planning for Infants and Toddlers. (3) I, II. Formerly CDF 344. Prerequisite: Admission to Child & Family Studies or department approval. Planning, implementation, and evaluation of developmentally and culturally appropriate environments for infants and toddlers. Emphasis is placed on the caregiver-infant relationship, intentional teaching and curriculum/program assessment, laboratory and field experiences, and environmental adaptations for special needs.

CDF 406 Program Planning for Preschool Children. (3) I, II. Prerequisite: Admission to Child and Family Studies or department approval. Planning, implementation, and evaluation of developmentally and culturally appropriate environment for preschool children. Emphasis on intentional teaching, curriculum/program assessment, inquiry learning, documentation, project work, collaborative work with families, colleagues/community, and various programs (e.g. Montessori, Head Start, HighScope).

CDF 424 Diversity Awareness for Professional Practice. (3) II. Prerequisite: junior standing. Professionals working with individuals and families today must develop cultural competency. With a focus on sensitivity and respect, this course provides an overview of diversity in society, including race, gender, socioeconomic status, sexual orientation, religion, and other forms of diversity.

CDF 437 Family Growth and development. (3) I, II. Prerequisite: CDF 132. Emphasis on the family as a system and the development and assessment of families and their functioning. Topics vary.

CDF 441 Family Dynamics in Adulthood and Aging. (3) A. Individual and familial development from young adulthood through death. Particular focus on changing family roles as members age. Emphasis on social changes affecting life satisfaction, living environments, and social relations of the middle-aged and elderly.

CDF 443 Family Studies Practicum. (9, A) Prerequisites: CDF 132, 243, and 247 or 327 or 327S; 3.0 GPA in major, and minimum of "C" in all courses with a CDF prefix; senior standing. Supervised practicum experience in family resources and community-based programs serving individuals and families in the public, private, and nonprofit sectors.

CDF 449 Special Problems in Child Development. (1-3) A. Prerequisites: department approval and a 3.0 GPA (major). May be repeated to a maximum of six hours provided topics vary. The student chooses a problem and works under the supervision of the instructor. Student must have the independent study proposal formalized with faculty supervisor and department chair prior to enrollment.

CDF 450 Early Childhood Practicum. (9) I, II. Prerequisites: CDF 247 or 327 or 327S, 248 or 343 or 406 and 246 or 246S; 3.0 GPA in major requirements, and minimum grade of "C" in all courses with a CDF prefix. Practicum focusing on designing and equipping the environment, implementing learning experiences, developing strategies for guiding young children, and arranging effective communication for family involvement. Meetings for collaborative planning and reflective discussion to make program decisions.

CDF 499 Supervised Teaching I/ECE. (12) I, II. Prerequisites: completion of all major courses, supporting courses, and education minor, and professional courses. Practice teaching in programs for children ages birth through five years focusing on organizing environments for learning, planning and implementing developmentally appropriate curricula, selecting and planning strategies, assessing individual strengths and concerns of children and their families and colleagues for the benefit of children.

CDF 501 Prenatal and Infant Development. (3) I, II. A study of growth and development from conception to three years. In-depth study of theories and issues related to development during the first three years and before birth. Impact of family, education, and community will be explored.

CDF 508 Research Analysis in Child and Family Studies. (3) I. Prerequisites: CDF 235 and six hours in CDF; or department approval. Students will acquire the skills required to read and evaluate professional research literature in child and family studies by examining current studies. Students will also compare and contrast the treatment of current issues in their field in both popular and professional writing.

CDF 538 Research Analysis in Child and Family Studies. (3) I. Prerequisites: CDF 235 and six hours in CDF; or department approval. Students will acquire the skills required to read and evaluate professional research literature in child and family studies by examining current studies. Students will also compare and contrast the treatment of current issues in their field in both popular and professional writing.

CDF 541 Infant-Toddler Development and Group Planning. (3) I, II. Prerequisites: department approval and a 3.0 GPA (major). May be repeated to a maximum of six hours provided topics vary. The student chooses a problem and works under the supervision of the instructor. Student must have the independent study proposal formalized with faculty supervisor and department chair prior to enrollment.

CDF 550 Child and Family Studies. (3) A. Prerequisites: CDF 237 or 247, 343, or 406 or 248, and 344 or 405 or department approval. Review of the theories influencing the definition of goals, philosophies and rationales for establishment of early childhood programs (0-5). Study of the process for designing early childhood programs, and discussion of the management processes for administering quality early childhood programs.

CDF 555 Communication Disorders. (3) A. Prerequisite/Corequisite: CDS 340. Fundamentals of communication disorders and sciences, CDS 372 and 373, and overall 3.0 GPA; or Clinic Director approval. Supervised clinical practicum in communication disorders services. May be repeated to a maximum of six credit hours.

CDS 380 Introduction to Clinical Audiology. (3) Prerequisite: admission to CDS program. Physics of sound, anatomy & physiology of hearing, auditory pathologies, and introduction of basic audiological assessment.

CDS 464 Language Disorders: Intervent. (3) II. Prerequisites: CDS 360 and 365. Study of language impairment in children and principles for remediation.

CDS 465 Disorders of Fluency. (3) I. Prerequisite: admission to the CDS program. Lectures and selected readings in the theoretical, etiological, and developmental views of assessment and management of stuttering problems in children.

CDS 474 Advanced Practicum in Speech Pathology. (3) II. Prerequisites: Overall 3.0 GPA, and CDS 374, or Clinic Director approval. Advanced supervised clinical practice in communication disorders services. May be repeated to a maximum of six credit hours.
simulations. Techniques for audiometric data collection, interpretation, and reporting. Lec/Lab.

CED 201 Clinical II: Understanding the Learner. (0, 1, I, II). Corequisites: EDF 203(C) or 310(C); CED 100 or 150 (grade of B or higher). Corequisites: EDF 203 or CDP 235 for IEC majors. Guided laboratory-based experiences emphasizing the assessment and analysis of student learning and engagement and the school environment from varied learning theory perspectives. (laboratory-based clinical experience – a minimum of 20 hours is required; additional hours may be required based upon candidate performance). Must earn a grade of Satisfactory for Admission to Professional Education.

CED 300 Clinical III: Curriculum and Instructional Design. (5) I, II, Prerequisites: CED 200 and Admission to Professional Education. Corequisite: EMS 300 or EMS 300W. Guided school-embedded experiences that emphasize impacting student growth through well-planned and aligned instructional units and lessons. (school-embedded clinical experience – a minimum of 45 hours is required; additional hours may be required based upon candidate performance). Must earn B or higher for Professional Education.

CED 350 Integrated Clinical Experiences. (5) I, II, Prerequisite: admission to professional education, CED 300, (B). Co-requisite: EMS 300, EMS 300W, EDC 300, EDF 413, EMS 490, SED 350, SED 390, or SED 510. Integrated school-embedded experiences that emphasize skills and performances related to the content of professional core courses. Successful completion of the clinical experiences and course expectations is required for candidates to progress in their teaching programs. CED 350 may be retaken for up to 1 full credit hour. Must earn a grade of B or higher for professional education.

CED 375 Clinical V: Practicing Teaching. (1, I, II, Prerequisite: Admission to Professional Education or Dean approval. Corequisite: CED 450. Supervised, sustained practice teaching experiences in an assigned instructional setting. Experiences include individual, small group and whole class teaching opportunities. (school-embedded clinical experience – a minimum of 40 hours is required; additional hours may be required based upon candidate performance). Must earn B or higher for Professional Education.

CED 400 Clinical IV: Diagnosis and Prescription. (5) I, II, Prerequisites: CED 300 (grade of B or higher) and Admission to Professional Education. Corequisites: EDF 413 and EMS 490; or SED 352 and EMS 390 or EMS 490 for ECE majors; or [SED 510 and SED 390 or EMS 490 for DHH/ECE Majors]; or [SED 350 and SED 390 for BLD/ELE and LBD/MG majors]. Guided school-embedded experiences emphasizing the development, implementation, interpretation and reporting of a variety of assessment tools for learners, the classroom and school environment and the subsequent design of instruction. (school-embedded clinical experience – a minimum of 45 hours is required; additional hours may be required based upon candidate performance). Must earn B or higher for Professional Education.

CED 450 Clinical V: Practicing Teaching. (1, I, II, Prerequisite: CED 400 (grade of B or higher) and Admission to Professional Education. Corequisites: ELE 422; or EME 447, or ESE 540, 543, 549, 552, 553, 561, 566, 573, 579, 587, 550; MAE 550; MUE 579; or CDF 544 for IEC majors. Supervised, sustained practice teaching experiences in an assigned instructional setting. Experiences include individual, small group and whole class teaching opportunities. (school-embedded clinical experience – a minimum of 80 hours is required; additional hours may be required based upon candidate performance). Must earn B or higher for Professional Education.

CED 499 Clinical VI: The Professional Semester. (3-12) I, II. Prerequisite: CED 450 (grade of B or higher) and Admission to the Professional Semester. Full-time assignment to an accredited school to observe, participate, and teach in classroom settings with special emphasis on the impact of instruction on student learning. (school-embedded clinical experience – a minimum of 70 days is required).

CED 499I Clinical VI: The Professional Semester - International. (1-12) I, II. Prerequisite: CED 450 and Admission to the Professional Semester, and application to student teach abroad with committee approval. Corequisite: CED 450I. Guided school-embedded experiences that emphasize impacting student growth through well-planned and aligned instructional units and lessons. Credit will not be awarded to students who have credit for CED 350 or 350I. Must successfully complete all pre-student teaching abroad seminars and requirements. Must demonstrate above average knowledge, skills and dispositions of a professional teacher prior to CED 499I. Overall EEU GPA must be 3.0 or above. Part-time assignment for four weeks in an EEU approved international school to observe, participate, and teach in classroom settings with special emphasis on the impact of instruction on student learning (school-embedded clinical experience – a minimum of 70 total days is required – will be a combination of CED 499 and 499I).

CHE — Chemistry

Dr. Tanea Reed, Chair

CHE 100 Inquiry Chemistry for Middle School Teachers. (3) A. Prerequisite: completion of all academic readiness requirements in English and reading; Math ACT score of 21 or higher, Math SAT score of 510 or higher, or MAT 105 or higher; pre-teaching or teaching middle school, special education, and DHH education majors only. Activity-oriented chemistry; elements, molecules, solutions, acids and bases, reactions, energy and environmental topics. 2 Lec/2 Lab. Gen. Ed. E-4 [NS].

CHE 101L Introductory Chemistry Lab I. (1) I, II. Prerequisite: completion of all academic readiness requirements in English and reading. Math ACT score of 21 or higher, Math SAT score of 530 or higher, or MAT 105 or higher. Corequisite: CHE 101L. Students who plan to take no more than one year of chemistry. Basic principles of structure and properties of matter, chemical nomenclature and reactivity. Relates chemistry concepts to everyday life phenomena. A withdrawal from CHE 101 must be matched by a withdrawal from CHE 101L. Gen. Ed. E-4 with CHE 101L [NS].

CHE 101L Introductory Chemistry Lab II. (1) I, II. Prerequisite: Admission to Professional Education. Corequisite: CHE 101L. Laboratory component of CHE 101. Basic laboratory techniques, methods of separation, types of chemical reactions, solution preparation, titrations, household chemicals, molecular modeling. 2 Lab. Credit will not be awarded to students who have credit for CHE 101L and CHE 101. Gen. Ed. E-4 with CHE 101L [NS].

CHE 102 Introductory Chemistry II. (3) I, II, Prerequisite: CHE 101 and 101L, or CHE 111 and 111L. Corequisite: CHE 102L. Continuation of CHE 101. A survey of the classes of organic molecules including their common uses and physical and chemical properties. In addition, an introductory look at the structure and function of biological macromolecules. Withdrawal from CHE 102 must be matched by a withdrawal from CHE 102L.

CHE 102L Introductory Chemistry Lab II. (1) I, II. Prerequisite: CHE 101 and 101L, or CHE 111 and 111L. Corequisite: CHE 102L. Lab component of CHE 102. Perform basic organic reactions, and conduct laboratory procedures including melting point, distillation, and recrystallization. 2 Lab. Credit will not be awarded to students who have credit for PHY 104, 2 Lec/2 Lab.

CHE 104 Inquiry Physical Science for Elementary Teachers (3) I, II. Cross-listed with PHY 104. Prerequisite: Elementary education elementary, and DHH elementary education majors only, sophomore standing, and MAT 112 or 112B or higher with a grade of C or better. An activity-oriented conceptual course in the physical sciences. Topics include the structure and properties of matter, heat and temperature, forces, motion, magnets, energy, and sound waves. Credit will not be awarded to students who have credit for PHY 104. 2 Lec/2 Lab.

CHE 105 Chemistry for the Health Sciences. (3) I, II. Prerequisite: completion of all academic readiness indicators in English and reading; Math ACT score of 19 or higher, Math SAT score of 510 or higher, MAT 105 or higher; or STA 215 or higher. Prerequisite or Corequisite: CHE 105. An introductory course for students in allied health. Principles of bonding, structure, and reactivity related to biological processes. A withdrawal from CHE 105 must be matched by a withdrawal from CHE 105L. Gen. Ed. E-4 with CHE 105L [NS].

CHE 105L Health Science Chemistry Lab. (1) I, II. Prerequisite: completion of all academic readiness requirements in English and reading; Math ACT score of 19 or higher. Part-time assignment for four weeks in an EEU approved international school to observe, participate, and teach in classroom settings with special emphasis on the impact of instruction on student learning (school-embedded clinical experience – a minimum of 70 total days is required – will be a combination of CED 499 and 499I).
of 19 or higher, Math SAT score of 510 or higher, MAT 105 or higher, or STA 215 or higher. Prerequisite or Corequisite: CHE 105. Laboratory component of CHE 105. Laboratory experiments that demonstrate chemical concepts and laboratory techniques related to the health science profession. 2 Lab. Gen. Ed. E-4 with CHE 105 [NS].

CHE 110 General Chemistry Preparation. (3) A. Prerequisite or Corequisite: ACT math score 21 or higher; or SAT math score equivalent; or MAT 105 or higher. Prerequisite or Corequisite: CHE 110L. Introduces atomic structure, bonding models, acid-base chemistry, states of matter. Prepares students for further studies in chemistry. One year of high school chemistry is recommended. A withdrawal from CHE 110 must be matched by a withdrawal from CHE 111L. Gen. Ed. E-4 with CHE 110 [NS].

CHE 111 General Chemistry I. (3) I, II. Prerequisite or Corequisite: CHE 111L and ACT math score of 22 or higher; or SAT math score equivalent; or MAT 112B (C or better) or MAT 114 (C or better) or higher or departmental approval. Principles of atomic and molecular structure and reactivity, stoichiometry, states of matter. Prepares students for further studies in chemistry. One year of high school chemistry is recommended. A withdrawal from CHE 111 must be matched by a withdrawal from CHE 111L. Gen. Ed. E-4 with CHE 111 [NS].

CHE 112 General Chemistry II. (3) I, II. Prerequisite or Corequisite: CHE 112L or CHE 112L with MAT 112B (C or better). Continuation of CHE 111. Kinetics and equilibrium, solution chemistry, energy changes in chemical reactions, descriptive inorganic chemistry. Prepares students for further studies in chemistry. A withdrawal from CHE 112 must be matched by a withdrawal from CHE 112L or CHE 112LII.

CHE 112L General Chemistry Lab II. (1) I, II. Prerequisite or Corequisite: CHE 111 and 111L (C or better). Laboratory component of CHE 111. Basic laboratory techniques, methods of separation, types of chemical reactions, solution preparation and standardization, titrations, molecular models, and manicure. 3 Lab. Gen. Ed. E-4 with CHE 111 [NS].

CHE 115 General Chemistry Preparation. (3) A. Prerequisite or Corequisite: CHE 115L. Chemistry including the discovery of the elements, their properties, and the periodic table. A prerequisite for further study in chemistry. A withdrawal from CHE 115 must be matched by a withdrawal from CHE 115L. Gen. Ed. E-4 with CHE 115 [NS].

CHE 200 Volunteering in Chemistry. (0) A. An exposure to chemistry outreach activities, including, but not limited to exploring chemical research projects, organizing chemistry community service, and assisting other chemistry outreach activities. Students can choose the focus of the volunteering in each semester. Passing grade accepted for attending 80% of the designated activities in each semester.

CHE 250 Descriptive Inorganic Chemistry. (2) A. Prerequisite: CHE 112 and CHE 112L with grade of “C” or better. Basic principles of inorganic chemistry including the discovery of the elements, their properties, and the periodic table, atomic structure, bonding models, acid-base chemistry, oxidation-reduction chemistry, and coordination chemistry. (2 Lec.)

CHE 261 Organic Chemistry Preparation. (3) A. Prerequisite: CHE 112 and CHE 112L with grade of “C” or better. Basic principles of organic chemistry including the discovery of the elements, their properties, and the periodic table, atomic structure, bonding models, acid-base chemistry, oxidation-reduction chemistry, and coordination chemistry. (2 Lec.)

CHE 262 Organic Chemistry I. (3) I, II. Prerequisites: CHE 112 and 111L (C or better). Alcohols and ethers; aldehydes and ketones; carboxylic acids and derivatives; carbanions; carboxylic acids; and amino acids. A withdrawal from CHE 262 must be matched by a withdrawal from CHE 262L.

CHE 262L Organic Chemistry Lab I. (1) I, II. Prerequisite or Corequisite: CHE 262. Laboratory component of CHE 261. Experimental work to illustrate principles of organic chemistry. Basic techniques including synthesis, spectroscopic methods, and selected syntheses. 3 Lab.

CHE 361 Organic Chemistry II. (3) I, II. Prerequisites: CHE 361 and CHE 361L (C or better). Alcohols and ethers; aldehydes and ketones; carboxylic acids and derivatives; carbanions; amines; phenols; carbohydrates and amino acids. A withdrawal from CHE 362 must be matched by a withdrawal from CHE 362L.

CHE 362L Organic Chemistry Lab II. (1) I, II. Prerequisite: CHE 362 and 362L (C or better). Laboratory component of CHE 362. Experimental work to illustrate principles of organic chemistry. Selected chemical syntheses and advanced techniques such as separation and spectroscopic methods. 3 Lab.

CHE 385W Chemical Literature (3) A. Prerequisites: CHE 112(C) and ENG 102 or 102R, or HON 102. Course introduces chemical literature searching, and methods for disseminating chemical data. At the end of this course students will be able to demonstrate the skill to create effective and appropriate styled chemical reports and presentations. Credit will not be awarded to students who have credit for CHE 385.

CHE 411 Practicum (1–3) A. Prerequisite: departmental approval. Students will gain specific experiences through participation in planning, teaching, analysis, and/or required maintenance in a designated undergraduate chemistry course. Formal project assigned by a faculty mentor. May be retaken for a maximum of three hours. 3–9 Lab.

CHE 425 Instrumental Analysis (3) A. Prerequisites: CHE 325, 325L, 362, 362L, PHY 132 (or 202); MAT 234 (C or better in each course). Prerequisite or Corequisite: CHE 425L. Fundamental principles of the operation and application of analytical techniques including spectroscopy, chromatography, electrochemistry, and mass spectrometry found throughout industrial, government, forensic, and/or research environments are presented. Credit will not be awarded to those who have received credit for CHE 525 (or CHE 525L). 3 Lab. CHE 425L Instrumental Analysis Lab. (1) A. Prerequisite or Corequisite: CHE 385 or 385W and CHE 425. Lab component of course CHE 425. Lab course designed to provide hands-on exposure to modern chemical instrumentation for qualitative and quantitative measurements found throughout industrial, government, and/or research environments. Credit will not be awarded for both CHE 425L and FOR 411L. 3 Lab.

CHE 430 Biochemistry of Macromolecules. (3) A. Prerequisites: CHE 362 and 362L. Structure, analysis, and organization of proteins, nucleic acids, and lipids; physical and organic mechanisms of enzyme action; chemistry of membrane function and the immune system. Credit will not be awarded for both CHE 430 and CHE 530.

CHE 431 Metabolic Biochemistry. (3) A. Prerequisites: CHE 362, 362L and 430. Continuation of CHE 430. Chemistry, catalysis, and biosynthesis of carbohydrates, lipids, amino acids, and nucleotides; pathways of metabolic control. Will not be awarded for both CHE 431 and CHE 531.

CHE 432 Biochemistry Laboratory. (1) A. Prerequisite or Corequisite: CHE 430 or 431 or departmental approval. Experimental techniques characteristic of biochemical research. Publication and characterization of proteins and nucleic acids; use of computers in modeling biochemical data. 3 Lab. Credit will not be awarded for both CHE 432 and CHE 532.

CHE 450 Inorganic Chemistry. (3) A. Prerequisites: CHE 250 (C) and CHE 362(C). Principles of inorganic chemistry with emphasis on advanced chemical bonding models and their applications to solid-state, coordination, organo metallic, bioinorganic, and materials chemistry. (3 Lec.)

CHE 484 Chemistry Colloquium (1) I, II. Prerequisites: CHE 325 and 362. Lectures and presentations of chemical information by local or visiting scholars currently involved in chemical research. One weekly meeting. Cannot be taken concurrently with CHE 385 or 385W or with CHE 485. May be retaken for a maximum of two hours.

CHE 485 Chemistry Seminar. (1) I, II. Prerequisites: CHE 325(C) and 385(C) or 385W(C). Presentation of specific chemical research from recent literature and/or performed experimentation to members of the chemistry faculty and departmental majors. One weekly meeting. Cannot be taken concurrently with CHE 480. Credit will not be awarded for both CHE 485 and 480.

CHE 495A Independent Chemical Research. (1) A. Prerequisite: CHE 112 and departmental approval. An introduction to research in all fields of chemistry. Literature-based assigned research project with a faculty mentor that will require a formal research report. May be retaken to a maximum of three hours. Student must have the independent study proposal form approved by faculty mentor and departmental chair prior to enrollment. 3 Lab. Credit will not be awarded for both CHE 495A and 495B.

CHE 495B Chemistry Laboratory Independent Research. (1) A. Prerequisites: CHE 112 and departmental approval. Objectives and techniques of chemical research. Problems of all fields of chemistry. May be retaken to a maximum of nine hours. Student must have the independent study proposal form approved by faculty supervisor and departmental chair prior to enrollment. Credit will not be awarded for both CHE 495A and 495B.

CHE 501A–E Chemotopsies. (1–3) A. Prerequisite: departmental approval. Topics to be chosen from current and/or specialized area of chemistry based on interests and/or need. A: Analytical, B: Biochemistry, C: Inorganic, D: Organic, or E: Physical. May be retaken to a maximum of six hours.

CHE 501L Chemotopsies Lab. (1–3) A. Prerequisite: departmental approval. Laboratory experiences chosen from specialized areas of chemistry including advanced chemical instrumentation / analysis, synthetic methods, computational chemistry, or molecular modeling. Topics vary according to student needs. May be retaken to a maximum of two hours. 3 Lab.

CHE 515 Synthetic Chemistry Methods. (3) A. Prerequisites: CHE 362, 362L, 425 (or FOR 411), 425L (or FOR 411L) (C or better in each course). Senior standing. Prerequisite or Corequisite: CHE 450 (C or better). CHE 515L (or CHE 515L). Introduction to synthesis, characterization, properties, and patterns of reactivity in organic and inorganic materials including transition metal complexes, organometallics, bioinorganic, and solid state materials. (3 Lec.)
CHE 515L Synthetic & Analytical Methods

Lab (2) A. Prerequisites: CHE 362, 362L, 425 (or FOR 425) (C or better in each course). Senior standing. Prerequisite or Corequisite: CHE 450 (C or better), CHE 515 or CHE 715 (C or better). Synthesis, isolation, purification, and characterization (including spectroscopy and other analytical methods) of inorganic compounds and mixtures. Other methods include handling of air and moisture sensitive compounds and molecular computations. 6 Lab.

CHE 520 Mass Spectrometry, (3) A. Prerequisites: CHE 251 or CHE 361 (C or better). Topics include types of mass spectrometers; qualitative and quantitative mass spectrometry, different ionization processes, sample inlet systems (including chromatography systems), and interpretation of mass spectral data. Credit will not be awarded for both CHE 520 and FOR 475.

CHE 570 Biophysical Chemistry I. (4) I, II. Prerequisite: CHE 361 (C or better), BIO 111 or higher (C or better), and either MAT 234 or MAT 261. Prerequisite or Corequisite: PHY 131 or 201. An introduction to physical and chemical explanations of biological phenomenon and physical chemistry theories and methodologies applied on biological systems. Topics include thermodynamics, chemical equilibrium, kinetics, quantum chemistry, atomic spectroscopy, and selected topics. 6 Lec / Lab / Rec. Credit will not be awarded for both CHE 570 and CHE 770. Credit will not be awarded for both CHE 570 and CHE 470.

CHE 574L Physical Chemistry Lab I. (1) A. Prerequisite: CHE 325 and 325L (C or better in each course). Prerequisites or Corequisites: CHE 574L and MAT 244 and PHY 131 or 201 (C or better in each course). A study of thermodynamic properties in physical and chemical systems; electronic, magnetic, rates and mechanisms of chemical reactions. Credit will not be awarded for both CHE 574L and CHE 471.

CHE 574L Physical Chemistry Lab II. (1) A. Prerequisite: CHE 361 (C or better). Prerequisite or Corequisite: CHE 574L and MAT 254 and PHY 132 or 202 (C or better in each course). An introduction to quantum mechanics as applied to model, atomic, and molecular systems; applications of atomic and molecular spectroscopy; introduction to computational chemistry. Credit will not be awarded for both CHE 574L and CHE 472.

CHE 575L Physical Chemistry Lab II. (1) A. Prerequisite: CHE 325 and 325L (C or better in each course). Prerequisites or Corequisites: CHE 575 and CHE 385 or CHE 385W (C or better in each course). Laboratory component of CHE 574. Experimental work to illustrate principles of physical chemistry that include thermochemistry, thermodynamics, equilibrium, and reaction kinetics. 3 Lab.

CHE 575 Physical Chemistry II. (3) A. Prerequisite: CHE 361 (C or better). Prerequisite or Corequisite: CHE 575L and MAT 254 and PHY 132 or 202 (C or better in each course). An introduction to quantum mechanics as applied to model, atomic, and molecular systems; applications of atomic and molecular spectroscopy; introduction to computational chemistry. Credit will not be awarded for both CHE 574L and CHE 472.

CHS 210 Special Problems in Health Sciences. (1-4) A. Prerequisite: department chair approval. For independent work, special workshops, or a special topic. May be retaken to a maximum of six hours.

CHS 342 Understanding AIDS (1) I, II. A seminar intended to inform students about risk factors and implications associated with acquiring AIDS (Acquired Immune Deficiency Syndrome).

CHS 349 Applied Learning in Health Sciences. (5-8) A. Prerequisites: CHE 101 or CHS 101 (C or better). Selected topics in field and faculty supervisors, in placements related to academic studies. One to six hours credit per semester or summer. Total hours: eight; associate, sixteen, baccalaureate. Minimum 80 hours work required for each academic credit.

CHS 499 A-N Cooperative Study: Health Sciences. (5-8) A. Work, under faculty and field supervisors, in placements related to academic studies. One to six hours credit per semester or summer. Total hours: eight, associate, sixteen, baccalaureate. Minimum 80 hours work required for each academic credit.

CHS 410 Special Problems in Health Professions. (1-2) A. Prerequisite: department chair approval. For independent work, special workshops, or a special topic. May be retaken to a maximum of six hours.

CHS 420 Special Topics for Health Professions. (1) A. Prerequisite: instructor approval.

CHS 550 Health Care of the Aged. (3) A. Prerequisite: student standing. Prerequisite or Corequisite: CHE 570 and CHE 470. Introduction to the aging process and its impact on health and well-being in the context of current health care issues. Topics include geriatric assessment, diagnosis, treatment, and management of health problems in the older patient. Credit will not be awarded for both CHE 550 and CHE 450.

CHS 560 Health Care of the Elderly. (3) A. Prerequisite: student standing. Prerequisite or Corequisite: CHE 570 and CHE 470. Introduction to the aging process and its impact on health and well-being in the context of current health care issues. Topics include geriatric assessment, diagnosis, treatment, and management of health problems in the older patient. Credit will not be awarded for both CHE 560 and CHE 460.

CHS 570 Health Care of the Aged. (3) A. Prerequisite: instructor approval. Selected topics of special and contemporary interest to business students. May be retaken under different subtopics to a maximum of six hours.
of computer forensics, in the context of managing computer networking and wireless networks, as well as in the context of corporate investigations and business litigation. Students learn tools and techniques to investigate network logs, network traffic, and web sites to conduct a forensics investigation.

**CIS 483 Business Data Mining (3)** (3 A.) Prerequisites: CIS 212 or 214 or INF 104 or TEC 161 and (QMB 200 or ECO 220 or STA 215 or STA 270), all with a grade of C or better. Introduces the basic concepts and practical business applications of data mining. Topics include data types, data patterns, data preprocessing, data cleaning, outlier analysis, features reduction, feature discretization, data integration, data mining process, model estimation, Bayesian inference, regression analysis, classification, and prediction.

**CIS 490 Special Problems in Computer Information Systems. (1-4) A.** Prerequisite: advisor/ departmental approval. Independent study in information systems. May be taken under different sub-topics to a maximum of six hours. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

**CMS—Communication Studies**

**Dr. Deborah T. Givens, Chair**

---

**CMS 100 Introduction to Human Communication. (3) I, II.** An introduction to the study of human communication. Overview of major topics in contemporary theories of interpersonal, intergroup, small group, and public communication. Practice in the development of skills in each of these areas. Gen. Ed. E-I[C].

**CMS 200 Interpersonal Communication. (3) I, II.** Develop the communication skills necessary to build and maintain healthy and fulfilling relationships. Students will examine the implications of technology on relationships and will learn strategies to enhance interpersonal communication through the appropriate use of self-disclosure, verbal and nonverbal messages, and effective conflict management.

**CMS 205W Advocacy and Opposition (3). I, II.** Prerequisites: ENG 102 or 102R, or ENG 105(B), or HON 102. The study of the techniques and principles of formal argumentative discourse including developing, presenting, summarizing, and analyzing positions on controversial questions through research, writing and oral communication. Emphasis on the use of online mediums for promoting and opposing ideas. Credit will be awarded for both CMS 205W and CMS 205.

**CMS 210 Public Speaking. (3) I, II.** Principles of and practice in the art of public speaking. Study of the invention, organization, style, delivery, and audience adaptation of informative, persuasive, and commemorative speeches. Gen. Ed. E-I[C]. Credit will not be awarded to students who have credit for CMS 215.

**CMS 215 Business and Professional Presentations. (3) A.** Students develop and practice multiple types of presentations vital for the professional arena. Learn the skills associated with effective verbal and nonverbal delivery, how to create appealing visual aids, how to motivate and inspire others through persuasive speaking, and how to deliver technical information clearly and concisely. May be retaken under different sub-topics to a maximum of three hours. May involve onsite visits to organizations.

**CMS 250 Interviewing. (3)** (I, II. Analysis and application of the communication skills necessary for becoming an effective interviewer and interviewee in organizational contexts. Learn and apply various interviewing techniques: informative, employment and persuasive interviews. Credit will not be awarded to students who have credit for CMS 275.

**CMS 275E Advanced Interpersonal Communication Skills. (3) A.** Study of applied communication skills for professionals in organizational contexts. Develop communication skills in conducting one-on-one interviews, data preprocessing, creating resumes, managing a professional online presence and in using appropriate business etiquette. Credit will not be awarded for both CMS 250 and CMS 275.

**CMS 300 Business and Professional Speaking. (3) I, II.** Prerequisite: CMS 200. An advanced speaking course, in which students organize and deliver business presentations, and learn practice professional electronic/telephonic communication protocols, and conduct business negotiations.

**CMS 305 Research Design in Communication Studies. (3) I, II.** Prerequisites: CMS 205W. Introduction to the philosophy, methods, practice and everyday application of communication research. Topics include reading, summarizing and critiquing the academic literature, and using information technology in the collection, organization, interpretation, and presentation of data in a scholarly or workplace context.

**CMS 310 Team Building and Small Group Communication. (3)** (I, II. Prerequisite: CMS 200. Study of the role of communication in the development of group norms, roles, leadership styles, problem-solving techniques and decision-making techniques in team building and small group interactions in both face-to-face and virtual team environments.

**CMS 315 Communication Studies Practicum. (1-3) I, II.** Prerequisite: instructor approval. Practical field experiences that allow a student to observe and document how workplace individuals perform their job responsibilities. Students will also participate to a limited extent in performing tasks under supervision by program professors and on-site staff. May be retaken for a maximum of three hours.

**CMS 320 Persuasion. (3) A.** Prerequisites: ENG 101 or 101R, and 102. Study of contemporary research and theories of persuasion and social influence. Practice in the design, analysis, and implementation of persuasive messages.

**CMS 325 Communication in Conflict Management. (3) I, II.** Prerequisites: Junior or senior standing or departmental approval. Study of the human communication and technology components contributing to the introduction, continuation, and resolution of conflict in personal and professional relationships. Learn to identify root causes of conflict and practice communication strategies for productive conflict management including active listening, perception-checking, the healthy expression of emotions, power balancing, and problem-solving.

**CMS 335 Advanced Public Speaking (3) I, II.** Prerequisite: CMS 210 or departmental approval. An advanced study of the invention, organization, style, delivery, and audience adaptation of various types of speeches.

**CMS 349 Applied Learning in Communication Studies. (3-8) A.** Prerequisite: CMS 210. An exploration of career opportunities in communication studies. All students must take the class for one credit hour; students may elect to take the class for three credit hours, which involves onsite visits to organizations. Credit will not be awarded to students who have credit for CMS 215. Gen. Ed. E-I[C].

**CMS 220 Careers in Communication Studies (1-3) A.** An exploration of career opportunities in communication studies. All students must take the class for one credit hour; students may elect to take the class for three credit hours, which involves onsite visits to organizations. Credit will not be awarded to students who have credit for CMS 215.
CMS 495 Communication, Leadership and Change. (3) A. Prerequisites: Senior standing and CMS 305. A capstone course that helps students reflect on and apply their learned experiences in communication with an emphasis on leadership. Students integrate learned theory and experiences to real world situations. Completion of a capstone project is required. Corequisite: CMS 499 Independent Study in Communication Studies. (1-6) I, II. Individual research and reading on a specified speech communication subject. Regular consultation and final paper. Work under faculty supervision. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours.

COM—Communication
Dr. Deborah T. Givens, Chair

COM 290 Topics in Communications:. (1-3) A. Prerequisite: department approval. Special topics beyond the scope of regularly offered courses. May be retaken to a maximum of nine hours provided the subject matter differs each time. Specific topics included in the schedule.

CON 300 Exit Requirement: Communication. (0) A. Required of all Department of Communication students who have earned at least 60 hours. Credit (CR) will be given when students have attended and/or completed department-sponsored activities regarding professional and personal development. May substitute for BTS 300, BTS 400, or GDS 300.

COM 345 Literature and Film. (3) A. Cross-listed as ENG 345. Prerequisites: ENG 102 or 105R or HON 102. Examination of the relationships between film and literature through a comparative study of the stylistic and technical elements of the two media. Credit will not be awarded for both COM 345 and ENG 345.

COM 349 Applied Learning in Multi-Media Studies. (5-8) A. Prerequisites: junior standing, “B” average in all courses within the department, and departmental approval. Work under faculty and field supervisor in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen baccalaureate. A minimum of 80 hours work required for each academic credit. May not satisfy major or minor requirements within the department. COM 349 A-N Cooperative Study: Multi-Media Studies. (5-8) A. Prerequisites: junior standing, “B” average in all courses within the department, and departmental approval. Work under faculty and field supervisor in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen baccalaureate. A minimum of 80 hours work required for each academic credit. May not satisfy major or minor requirements within the department.

COM 400 Studies in Communications: . (1-3) A. Prerequisite: will vary with course offering. Study of specific areas of communications through workshops, short courses, institutes, or through the presentation of a specific course which examines timely, topical, or specialized concerns in the field. Specific topic included in schedule. May be retaken to a maximum of nine hours.

CON 599 Independent Study in Communication: . (1-3) A. Prerequisites: Completion of at least 90 hours; students must have the Independent Study Proposal Form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of three hours, providing additional study projects differ.

CON—Construction Management
Dr. Scott Arias, Coordinator

CON 121 Introduction to Construction. (3) I, II. A survey of the construction industry. Nature, scope, and general characteristics of the industry with an emphasis on careers, safety, and typical contracting methods.

CON 201 Materials and Methods of Construction I. (3) I, II. Composition, manufacture and grades of construction materials and building products with emphasis on wood, metal, glass, roofing, finishing, and plastic materials. Methods, including safety, involved in placement and installation of these materials. 2 Lec/2 Lab.

CON 202 Materials and Methods of Construction II. (3) II. Composition, manufacture, and grades of materials and building products with an emphasis on concrete and masonry. Methods, including safety, involved in the placement and installation of these materials. 2 Lec/2 Lab.

CON 221 Plane Surveying. (3) I, II. Prerequisite: MAT 120 with a minimum grade of “C”. Principles of surveying, including the measurement of distances, elevations, and angles. Calculations for the various operations, including traverse computations. Introduction to the use of surveying instruments and note keeping.

CON 294 Construction Graphics. (3) A. Basic principles of residential and small commercial planning; styles of architecture; a comparative study of structural systems and the preparation of working drawings. 2 Lec/2 Lab.

CON 303 Statics and Strengths of Materials. (3) I, II. Prerequisites: MAT 120 or 234 (4) with a minimum grade of “C” and PHY 131 or 201. Study of loads, forces and their effects on rigid bodies and structures at rest. Computation of equilibrium reactions, internal forces, shear, moments, couples, friction, stress, strain, and deformation. Finding centroids and moments of inertia.

CON 307 Soils and Foundations. (3) I. Prerequisite: CON 303. A study of soil mechanics as it relates to foundation construction. Topics include soil classification, excavation, compaction, testing types of foundation systems, and methods of foundation construction.

CON 320 Construction Surveying. (3) I, II. Prerequisite: CON 221. The application of surveying skills as they relate to horizontal and vertical control on construction projects. Activities include building layout, centerline staking, earthwork computations, and slope staking. The use of electronic instruments is emphasized. 2 Lec/1 Lab.

CON 321 Boundary Surveying. (3) I. Prerequisite: CON 221. This course introduces students to the principles of boundary surveying and provides them with the basic knowledge and skill to practice boundary surveying under the supervision of a registered professional surveyor.

CON 322 Construction Structural Design. (3) I, II. Prerequisites: CON 303 and MAT 211 or 234 (4) and 217 (1-2). A study of the design of beams and columns using steel and wood. Principles of structural design related to the design of temporary structures used in the construction process.

CON 323 Estimating I. (3) I, II. Prerequisites: CON 201, 202, and MAT 120 with a grade of “C”. A study of the materials and labor required in the construction of commercial projects. Experience is gained in reading drawings, calculating material quantities, and listing work items in a standardized format. 2 Lec/2 Lab.

CON 324 Mechanical/Electrical Systems. (3) II. Prerequisites: CON 201 and 21 additional hours of CON courses. A study of plumbing, heating, air-conditioning, electrical power distribution, and lighting for residential and commercial construction. Basic fundamentals of water supply, waste drainage, electrical circuits, and heat loss/gain calculations are studied. 2 Lec/2 Lab.

CON 325 Construction Estimating. (4) I, II. Prerequisites: CON 201, 202; MAT 120 with a minimum grade of “C”; and TEC161. A study of estimating construction materials, equipment, labor, and costs, through reading drawings and calculating quantities and costs. Estimating software and cost databases are utilized to list work items in standardized format. 3 Lec/1 Lab. CON 326 Horizontal Construction Management. (3) A. A study of construction equipment, roadwork, bridge construction and various other topics involved in horizontal construction means and methods.

CON 349 Applied Learning in Construction Management. (5-8) A. Prerequisites: 30 hours of credit including 9 credit hours of CON courses with a 2.0 GPA and departmental approval. Transfer students must have completed at least one semester of full-time work at EKU. Work under faculty and field supervisors in placements related to construction management.

CON 349 A-N Cooperative Study: Construction Management. (5-8) A. Prerequisites: 30 hours of credit including 9 credit hours of CON courses with a 2.0 GPA and departmental approval. Transfer students must have completed at least one semester of full-time work at EKU. Work under faculty and field supervisors in placements related to construction management.

CON 420 Engineering Economy, (3) I, II. Junior Class Restriction. A systematic application of engineering economy to design, selection of construction materials, and construction methods. A study of first costs, operating and maintenance costs, service life, and replacement costs.

CON 423 Estimating II. (3) I, II. Prerequisite: COM 223 and TEC 161. Construction projects of moderate complexity are divided by scope, then materials are quantified and costed. Cost databases are utilized for estimating labor, materials, equipment, and overhead. Emphasis is placed on the use of estimating software. 2 Lec/2 Lab.

CON 425 Project Organization and Supervision. (3) II. Prerequisites: MGT 300 or MGT 301 or AEM 408 and CON 421. A study of principles of construction project administration, systems for efficient operation of office and field personnel, and dispute avoidance and resolution procedures. The construction process is followed from project inception to closeout.

CON 426 Scheduling. (3) I, II. Prerequisites: ACC 201 or FIN 310 and CON 325. A study of the planning and control of construction activities and project costing. Topics include critical path method scheduling, metric based progress monitoring, cash flow analysis, and cost control. Standard scheduling software is used. 2 Lec/2 Lab.

CON 428 Construction Sustainability (3) A. A study focused on understanding the concept of sustainability in construction, which uses the requirements and procedures for obtaining Leadership in Energy and Environmental Design (LEED) professional accreditation.

CON 480 Construction Management Graduate Preparation. (1-6) A. Prerequisite: Admission to MS program in Applied Engineering and Technology Management, Construction Management concentration, and departmental approval. A guided-study of construction management modules meant for graduate students who have an undergraduate degree in an unrelated field but who have a minimum of 3 years of verifiable construction experience.

CON 499 Construction Mgt. Capstone. (4) II. Corequisites and/or prerequisites: CON 425, CON 426. A project-based capstone course in construction management for senior-level students. The course will emphasize the integration of knowledge and skills acquired in previous undergraduate courses. 3 Lec/2 Lab.

COR—Correctional and Juvenile Justice Studies
Dr. Betsy Matthews, Coordinator

COR 201 Introduction to Corrections (3) A. Introduction to historical, philosophical, and operational
frameworks of US corrections. Debates the goals of punishment and explores institutional and community-based sentencing options.

COR 302 Living and Working in Prison (3) A. Cross-listed as CRJ 302. Examines inmate subcultures and violence in prisons. Analyzes prison environment for correctional officers. Explores life behind bars/offender difficulties and reintegration society. Credit will not be awarded to students who have credit for COR 301 or CRJ 302.

COR 303 The Offender in the Community (3) A. Formerly COR 330. Cross-listed as CRJ 303. Examines impact offenders have on community. Examines formal correctional options and alternative methods of social control used to manage offenders in community. Credit will not be awarded to students who have credit for COR 310 or CRJ 303.

COR 311 The Juvenile Justice System. (3) A. Cross-listed with CRJ 311. Examines the evolution of the juvenile justice system, police response to delinquency, and juvenile court’s roles in protecting the public and serving children. Credit will not be awarded for both COR 311 and CRJ 311.

COR 321 Delinquency Interventions. (3) A. Provides in-depth analysis of risk factors for delinquency. Examines individual, school, and family-based interventions in both community and residential settings.

COR 322 School-Based Interventions for At-Risk Youth (3) A. Examines school-based problems and interventions experienced by at-risk youth. Discusses strategies for effective collaboration between schools and other youth-serving organizations. Credit will not be awarded for both COR 322 and COR 320 “School-Based Interventions for At-Risk Youth.”

COR 323 Legal Issues in Adult Corrections (3) A. Formerly COR 315. Cross-listed as CRJ 323. An overview of legal court decisions related to adult corrections. Analyzes legal issues surrounding adult correctional contexts and practices. Credit will not be awarded to students who have credit for COR 315 or CRJ 323.

COR 340 Correctional and Juvenile Justice Administration. (3) A. Introduces students to organizational theory and managerial principles, and examines their application to the unique challenges of correctional and juvenile justice settings.

COR 349 Applied Learning in Corrections and Juvenile Offenders (3) A. Prerequisites: 30 hours of college coursework and departmental approval. Work under faculty and field supervisors, in placements related to academic studies. Total hours: six, baccalaureate. A minimum of 80 hours work experience is required for each student.

COR 349 A-N Cooperative Study: Corrections and Juvenile Justice. (5-6) A. Prerequisites: 30 hours of college coursework and departmental approval. Work under faculty and field supervisors, in placements related to academic studies. Total hours: six, baccalaureate. A minimum of 80 hours work experience is required for each academic credit.

COR 360 Rehabilitation Strategies for Adult and Juvenile Offenders (3) A. Cross-listed as CRJ 360. Debates the rehabilitative goal of corrections and juvenile justice. Examines contemporary strategies and their effectiveness in controlling/changing offender behavior. Credit will not be awarded to students who have credit for CRJ 360 or COR 360.

COR 375 Applied Skills Practicum. (1-6) A. Prerequisites: Departmental approval. Designed primarily for in-service personnel and others where COR 349 is inappropriate, this course provides the student with opportunities to integrate academic knowledge with a field experience.

COR 410 Female Offenders (3) A. Formerly COR 423. Analyses how policy and practice has impacted women’s arrest and incarceration. Examines gendered pathways to crime and the importance of gender-specific programming. Credit will not be awarded for both COR 410 and COR 423: “Women in Corrections.”

CRE 302 Exploring the Death Penalty (3) A. Introduction to the history and use of the death penalty in the US. Examines the debate over the efficacy of death penalty through balanced coverage of the debate. Credit will not be awarded to students who have credit for COR 320: “Exploring the Death Penalty.”

CRE 311 Legal Issues in Juvenile Justice. (3) A. Introduces the major bodies of law that inform juvenile justice practice and examines juvenile’s legal rights. Credit will not be awarded to students who have credit for COR 312: “Addressing Legal Issues in Juvenile Justice.”

CRE 323 Topical Seminar: ______. (1-3) A. Intensive study of selected topics related to corrections and juvenile justice. May be taken to a maximum of twelve hours credit. Credit will not be awarded for both CRJ 313 and 313S.

CRE 340 Pedagogy of Creativity Studies (3) A. Cross-listed as CRJ 340. Provides comprehensive overview of field of juvenile sex offenders and the risk they pose. Focuses on etiology, evaluation, assessment, treatment, and management of juvenile sex offenders. Credit will not be awarded to students who have credit for COR 432: “Intervening with Juvenile Sex Offenders.”

CRE 341 Legal Issues in Juvenile Justice. (3) A. Cross-listed as CRJ 341. Examines the evolution of the juvenile justice system, police response to delinquency, and juvenile court’s roles in protecting the public and serving children. Credit will not be awarded for both CRJ 313 and 313S.

CRJ 301 Criminal Justice Dr. Dawn Rotte, Chair

CRJ 101 Introduction to Criminal Justice. (3) A. General overview of the criminal justice system including an examination of the roles and functions of police, prosecution, courts, and corrections, and an analysis of their interdependence in the criminal justice process.

CRJ 204 Foundations of Corrections (3) A. An overview of the evolution of corrections, structure, and functioning of corrections in the United States. Examines correctional processes, populations, and issues.

CRJ 300 Domestic Violence. (3) A. Cross-listed as WGS 305. Prerequisites: CRJ 101 with a grade of “C” or better, sophomore standing or departmental approval. Explores legal and social dynamics of family violence, including attitudes toward domestic violence within families. Credit will not be awarded for both CRJ 303 and COR 303.

CRJ 311 Juvenile Justice System. (3) A. Cross-listed as CRJ 311. Prerequisites: Junior or Senior standing. Examines the evolution of the juvenile justice system, police response to delinquency, and juvenile court’s role in protecting the public and serving children. Credit will not be awarded for both CRJ 311 and COR 311.

CRJ 313 Criminal Justice Ethics. (3) A. Prerequisites: CRJ 101 with a grade of “C” or better, sophomore standing, or departmental approval. Examines the moral, legal and normative obligations of the state and criminal justice professionals. Surveys the philosophies and theories of ethics and deviance. Credit will not be awarded for both CRJ 313 and 313S.
CRJ 314 Law and Society (3) A. Prerequisite: Junior or Senior standing. Critically examines law in everyday life. Law infuses popular media, constructs (and constrains) identity, and pervades language. In turn, media, identity, and discourse construct our understandings of law. Particular attention is paid to the law’s role in practices and discourses of resistance and in extending to students.

CRJ 322 Legal Issues in Adult Corrections (3) A. Cross-listed as COR 323. Prerequisite: Junior or Senior standing. An overview of legal court decisions related to adult corrections. Analyzes legal issues surrounding adult correctional contexts and practices. Credit will not be awarded for both CRJ 323 and COR 323.

CRJ 325 White Collar Crime/Crimes of the Powerful (3) A. Prerequisite: sophomore standing. A review and analysis of the upper world crimes of business and government committed in the course of legitimate occupations and financial activities.

CRJ 331 Criminological Theory. (3) A. Prerequisite: Junior standing. Overview of criminological theoretical perspectives that attempt to explain crime. Credit will not be awarded for both CRJ 331 and COR 310 or CRJ 331W.

CRJ 331W Criminological Theory. (3) A. Prerequisites: ENG 102 or ENG 105 or HON 102 and junior standing. Overview of criminological perspectives that attempt to explain crime. Credit will not be awarded for both CRJ 331W and CRJ 331 or COR 310.

CRJ 340 Crime and Media (3) A. Prerequisites: Sophomore standing. Critiques images of crime, criminals and punishment in American popular culture. Focuses on movies, television, film and popular media as sites of cultural production and consumption. Credit will not be awarded to students who have credit for CRJ 423 Topical Seminar: Crime and Media.

CRJ 342 Victimization (3) A. Prerequisite: Sophomore standing. Focuses on the "meanings" of victim and the social response to the victimization experience. Theories are utilized to examine victimization at the individual, organizational and societal levels within the U.S. and globally. Credit not awarded to students who have credit for CRJ 423 Victimization Seminar: Crime and Media.

CRJ 344 Violence Against Women (3) A. Prerequisites: Sophomore standing. Cross listed as WGS 344. Explores the social character of violence against women. A variety of theories are utilized to examine this phenomenon at the individual, organizational and societal levels. Credit will not be awarded to students who have credit for CRJ 423 Topical Seminar: Violence Against Women or WGS 344 Violence Against Women.

CRJ 346 International and Comparative Criminal Justice Systems. (3) A. Prerequisites: CRJ 101 with a grade of "C" or better, sophomore standing, or departmental approval. A survey of selected world criminal justice systems including police, courts, and corrections. Cross-national and cross-cultural criminality from several perspectives will be examined.

CRJ 355 Rural Crime and Justice. (3) A. Prerequisite: sophomore standing. Survey of rural crime and justice issues, crime trends, policing and control of rural crime with particular attention given to Kentucky and Appalachia. Credit will not be awarded for both CRJ 355 and APP 355.

CRJ 360 Probation and Parole., (3) A. Cross-listed as COR 360. Prerequisite: Junior or Senior standing. Debates the rehabilitative goal of corrections and juvenile justice. Examines contemporary strategies and their effectiveness in controlling/changing offender behavior. Credit will not be awarded for both CRJ 355 and APP 355.

CRJ 375 Climate Change and Crime. (3) A. Prerequisites: Junior standing; CRJ 101 with a grade of C or higher. Overview of climate change and its effects. Draws on articles and departmental approval, sophomore standing. Designed to broaden the educational experience through appropriate observational work assignments. (Intended for pre-service students in non-somn-sweem positions.) May be retaken 1 time for 6 total credit hours.

CRJ 388 Research Methods. (3) A. Prerequisite: Junior standing. Overview of the research process with emphasis on finding, using, and evaluating criminal justice research. Examination of both quantitative and qualitative social science research methods and procedures appropriate to the study of crime policy and criminal justice. Credit will not be awarded to students who have credit for CRJ 388W.

CRJ 388W Research Methods (3) A. Prerequisites: ENG 102 or ENG 105 or HON 102, junior standing. Overview of the research process, with emphasis on finding, using, and evaluating criminal justice research. Examination of both quantitative and qualitative social science research methods and procedures appropriate to the study of crime policy and criminal justice. Credit will not be awarded to students who have credit for CRJ 388.

CRJ 400 Criminal Justice Statistics. (3) A. Prerequisite: Junior or Senior standing. Analytical and statistical concepts and procedures relevant to crime and criminal justice data. Includes quantitative and qualitative techniques.

CRJ 401 Organized Crime. (3) A. Prerequisites: CRJ 101 with a grade of "C" or better, sophomore standing, or departmental approval. Examines the historical and contemporary administration of the death penalty in the United States. Credit will not be awarded for both CRJ 411 Capital Punishment in the U.S. and CRJ 423 Topical Seminar: Capital Punishment in the U.S.

CRJ 412 Gender, Class and Race. (3) A. Prerequisite: Junior or Senior standing. Critically examines gender, class and race in the United States. In this course students determine why people commit crime, offending, victimization and punishment. This course will lead students to an understanding of how the criminal justice apparatus operates within larger social, political, and economic systems of oppression and domination over marginalized populations.

CRJ 413 Addressing Mental Health and Substance Abuse Needs of Adult Offenders (3) A. Formerly: COR 320. Prerequisite: Junior or Senior standing. Cross-listed as COR 413. Examines etiology and effects of substance abuse/mental health problems of adult offenders. Describes intervention strategies. Credit will not be awarded to students who have credit for COR 413 or COR 320.

CRJ 422 Urban Human Trafficking. (3) A. Prerequisite: Junior or Senior standing. Critically examines the global problem of human trafficking. Using a historical and comparative framework, this course reveals variation in human trafficking patterns in different regions of the world, and attempts to combat human trafficking by means of prevention, protection, prosecution, and partnerships.

CRJ 423 Topical Seminar: (3) A. Prerequisites: departmental approval or sophomore standing. Intensive study of selected topics related to criminal justice. May be retaken with different topics up to 12 credit hours.

CRJ 424 Field Experience. (3) A. Prerequisites: departmental approval, sophomore standing. Designed to broaden the educational experience through appropriate observational work assignments. (Intended for pre-service students in non-somn-sweem positions.) May be retaken 1 time for 6 total credit hours.

CRJ 426 Victimology. (3) A. Prerequisites: Sophomore standing. This course describes and examines victimization broadly including those of crime, their treatment by the criminal justice system, their resources, rights and needs, and situating the study of victims within larger social and power structures. Credit will not be awarded to students who have credit for CRJ 406 Critical Issues in Criminal Justice or CRJ 423 Topical Seminar in Victimology.

CRJ 430 Crime and the Economy. (3) A. Prerequisite: CRJ 101 with a grade of "C" or better. Examines capitalism as it contributes to crime. Demonstrates how cultural aspirations and structural barriers create a criminogenic society and socio-economic bias in criminal justice.

CRJ 440 Pathological Gambling and Crime. (3) A. Prerequisites: Junior or Senior standing; CRJ 101 with a grade of C or higher. This course examines problem gambling and its relationship to crime and criminal justice. Special attention is given to gambling, corrections, and offending. Credit will not be awarded for both CRJ 440 Pathological Gambling and Crime and CRJ 423 Topical Seminar: Problem Gambling.

CRJ 460 Independent Study. (1-3) A. Prerequisites: departmental approval, sophomore standing. Individual study and/or research on a problem pertaining to criminal justice. Student must have the independent study proposal form approved by faculty supervisor and departmental chair prior to enrollment. May be retaken for a maximum of six hours.

CRJ 490 Senior Seminar. (3) A. Prerequisites: senior standing and completion of CRJ 331, CRJ 388 and at least 21 hours of CRJ coursework or departmental approval. Capstone course requiring the production of a senior level research paper grounded in relevant criminal justice literature. Emphasis on integration of knowledge acquired in previous courses.

CRJ 490W Senior Seminar. (3) A. Prerequisites: ENG 102 or ENG 105 or HON 102 and senior standing or departmental approval. Capstone course requiring the production of a senior level research paper grounded in relevant criminal justice literature. Emphasis on integration of knowledge acquired in previous courses. Credit will not be awarded for both CRJ 490 and CRJ 490W.

CSC—Computer Science

Dr. Ka-Wing Wong, Chair

CSC 140 Introduction to Computer Game Design. (3) I, II. Introduction to computer game design, framed around animation, sound based and procedural, game scripting, and object oriented programming. Credit will not be awarded for both CSC 250 and 140.

CSC 160 Introduction to Web Programming: (3) A. Prerequisite: MAT 112A/B or higher with a grade of "C" or higher, or a minimum score of 22 on the mathematics portion of the ACT, or a minimum score of 530 on the math portion of the SAT. Introduction to problem solving with computers and the Internet using an appropriate programming language. Basic concepts include data types, objects, control structures, functions, and input/output features.

CSC 170 Intro to Game Programming, (3) A. Prerequisite: MAT 112 or 112B or 114 with a grade of "C" or better, or Math ACT score of 23 or higher, or Math SAT score of 560 or higher. Introduction to game programming using Python. Programming concepts including data types, input/output, and control structures will be introduced through the construction of various types of games. Lecture/Lab

CSC 174 Introduction to Programming for Science & Engineering (3) I, II. Prerequisite: MAT 122 or higher with a grade of "C" or higher, or a minimum score of 25 on the mathematics portion of the ACT, or a minimum score of 590 on the math portion of the SAT. Introductory programming for scientific and engineering applications, input/output, decision, loops, arrays, subroutines, functions, files and simulation.

2019-2020 EKU UNDERGRADUATE CATALOG 305
Section Seven - Course Descriptions

CSC 177 Introduction to Visual Basic. (3) I, II. Prerequisite: MAT 112A/B or higher with a grade of “C” or higher, or a minimum score of 22 on the mathematics portion of the ACT, or a minimum score of 530 on the math portion of the SAT. Introduction to programming in the event driven/graphical programming language Visual Basic. Topics include forms, common controls, object-oriented programming, file management and developing Windows applications.

CSC 178 Introduction to C. (3) A. Prerequisite: Minimum ACT Math score of 19, Minimum SAT Math score of 550 or completion of Algebra 1 or higher with a “C” or higher grade. Introduction to selected topics in computer science. May be retaken to a maximum of nine hours, provided the topics are different.

CSC 185 Intro to Computing Concepts, (3) I, II. Prerequisite: A minimum grade of “C” or higher, or a minimum score of 25 on the mathematics portion of the ACT, or a minimum score of 590 on the math portion of the SAT. Study fundamental programming concepts, mathematical structures, and logical principles required to design computer programs. Practice step-by-step problem solving in support of good algorithm design and verification practices.

CSC 189 Computing Concepts and Programming I. (3) I, II. Prerequisite: MAT 122 or higher (minimum grade of C) or a minimum of 25 on the mathematics portion of the ACT, or a minimum score of 590 on the mathematics portion of the SAT. Introduction to the computing concepts and programming. Topics include system-level computing, object-oriented programming, problem solving with computers using an object-oriented programming language. 3 Lec/2 Lab.

CSC 190 Object-Oriented Programming I. (3) I, II. Prerequisite: A minimum grade of “C” or higher in both CSC 185 and 190. Object-oriented programming, recursion, arrays, inheritance, file input/output, exception handling, multi-thread programming, GUI, object-oriented analysis and design. 3 Lec/2 Lab.

CSC 191 Object-Oriented Programming II. (3) I, II. Prerequisite: a grade of “C” or higher in both CSC 185 and 190. Topics to be covered include sets, relations, functions; logic; algorithm design/analysis, recursive algorithms, recurrence relations, mathematical induction, counting, probability. 3 Lec/2 Lab.

CSC 210 Data Structures and Programming. (3) A. Prerequisite: A minimum grade of “C” in CSC 189 or CSC 190. Object-oriented programming, inheritance, arrays, stacks, queues, trees, hashing, recursions, and exception handling. 2 Lec/2 Lab.

CSC 215 Intro to Discrete Structures. (3) I, II. Prerequisite: A grade of “C” or higher in both CSC 185 and 190. Topics to be covered include sets, relations, functions; logic; algorithm design/analysis, recursive algorithms, recurrence relations, mathematical induction, counting, probability. 3 Lec/2 Lab.

CSC 308 Mobile App Development for Apple iOS. (3) A. Prerequisite: A minimum grade of “C” in CSC 191 and 195 or in CSC 210. Introduction to developing mobile applications for Apple iOS. Topics include development tools, APIs, user interfaces, mobile-specific technologies and application design.

CSC 309 Mobile App Dev for Android. (3) A. Prerequisite: A minimum grade of “C” in CSC 191 and 195 or in CSC 210. Introduction to developing mobile device web sites and applications for Android. Topics include development tools, APIs, user interfaces, mobile-specific technologies and application design.

CSC 310 Data Structures. (3) I, II. Prerequisite: CSC 191 or 195 with a minimum grade of “C” in both. The application and implementation of data structures including arrays, stacks, queues, linked lists, and trees. Internal searching and sorting algorithms are analyzed.

CSC 311 Algorithms I. (3) A. Prerequisite: CSC 191, CSC 195, and MAT 234 with a grade of “C” or higher in all three courses. Logic and proof, mathematical induction; order of magnitude, recurrence relations, analysis of recursive algorithms; Boolean algebra and logic networks, networks for adding, merging, and sorting; matrix operations, computers, push-down automata, linear bound automata, Turing machines; formal languages.

CSC 313 Database Systems. (3) A. Prerequisite: A minimum grade of “C” in CSC 191 and 195 or in CSC 210. Introduction to database management, database systems, query languages, transaction processing, and database design. Credit will not be awarded for both CSC 360 and 370.

CSC 316 3D Game Engine Design. (3) A. Prerequisite: CSC 310 with a grade of “C” or higher. Introduction to 3D animation and programming. Topics include coordinate systems, vectors, lines, polygons, geometric objects, 3D models, motion control, and interaction design.

CSC 320 Algorithms II. (3) A. Prerequisites: CSC 310 and 311 with a grade of “C” or higher in both courses. Fundamental algorithms required in computer science; algorithm design/analysis methods, graph algorithms, probabilistic and parallel algorithms, and computational models.

CSC 330 System Environments & Networks. (3) A. Prerequisite: CSC 310 with a grade of “C” in CSC 191 or CSC 210. Introduction to computer system environments, utilities, system administration, and networking.

CSC 332 Digital Storage Device Forensics. (3) A. Prerequisite: a minimum grade of “C” in CSC 210 or CSC 310. Introduction to digital storage devices. Topics include digital imaging fundamentals, fundamentals of storage devices (hard disk, optical, flash, consumer electronics devices), disk volume management, file system design, and file system analysis. (FAT/NTFS, Ext2/3/4, UFS1/2, HFS/HFS+/HFSX).

CSC 340 Ethics & Software Engineering. (3) A. Prerequisite: CSC 310 and 313 with a grade of “C” or higher in both courses. Responsibilities of software professionals, social implications of software such as privacy, crime and abuse, risk and liabilities, copyright, and patents, software project planning, software requirements analysis, software design, and software testing.

CSC 349 Applied Learning in Computer Science. (5-8) I, II; (1-6) SUMMER ONLY. Prerequisite: students must have successfully completed 30 semester hours of course work including six hours of Computer Science major courses. In addition, transfer students must have completed at least one semester of full-time course work at EKU. Work in placements related to academic studies. A maximum of three hours may be applied toward the Computer Science technology option degree only. Credit does not apply to general Computer Science major or minor requirements. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours of employment is required for each semester hour of academic credit. Credit may only be awarded in the semester in which the work is completed.

CSC 349 A-N Cooperative Study: Computer Science. (5-8) I, II; (1-6) SUMMER ONLY. Prerequisite: students must have successfully completed 30 semester hours of course work including six hours of Computer Science major courses. In addition, transfer students must have completed at least one semester of full-time course work at EKU. Work in placements related to academic studies. A maximum of three hours may be applied toward the Computer Science technology option degree only. Credit does not apply to general Computer Science major or minor requirements. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours of employment is required for each semester hour of academic credit. Credit may only be awarded in the semester in which the work is completed.

CSC 360 Computer Org & Architecture (3) A. Prerequisite: A minimum grade of “C” in CSC 191 or CSC 210. With a minimum grade of “C”. Information representation, instruction set architecture, assembly language, instruction execution, basic processing units, input/output organization, memory and storage organization, overlap and pipeline processing, parallel processing, and performance evaluation. Credit will not be awarded for both CSC 360 and 370.

CSC 390 Advanced Programming Techniques with ____. (3) A. Prerequisite: A minimum grade of “C” in CSC 210 and CSC 360 or in CSC 310 and 360. Overall structure of multiprogramming systems, details of addressing techniques, memory-management, file system design and management, traffic control, interprocess communication, system module design, interfaces.

CSC 410 Cyber Networking and Security. (3) A. Prerequisite: A minimum grade of “C” in CSC 210 and CSC 310. This course covers cryptographic algorithms of computer networking and cyber security. Topics include layered protocols of computer network, Internet architecture and applications, cyber security and defense technologies.

CSC 425 Compiler Construction. (3) I, II. Prerequisites: CSC 320 and 350 with a grade of “C” in both courses. Basic concepts of lexical analysis and syntax analysis. A programming team project will implement these concepts.

CSC 440 Applied Software Engineering. (3) A. Prerequisites: A minimum grade of “C” in CSC 340. Techniques and tools for software requirements, software design, software testing, and software project planning as a team project for majors in computer science.

CSC 460 Computer Netw & System Administration. (3) A. Prerequisite: A minimum grade of “C” in CSC 210 or CSC 310. Introduction to the subject of computer networks and layered protocols, architecture of data communication systems, point-to-point networks, local networks, end-to-end protocols and internetworking, and server-side technology to create interactive web pages.

CSC 490 Seminar in ____. (1-3) A. Prerequisite: departmental approval. For advanced students in computer science. Subject announced when offered. May be retaken to a maximum of 12 hours, provided that the topics are different.

CSC 491 Game Design Capstone. (3) A. Prerequisite: CSC 316 with a grade of “C” or higher and senior status. Level design, storytelling, character modeling, game scripting, game interface design, audio effects, marketing, and ethics. Students will work in groups to develop a computer game term project.

CSC 494 Innovative Problem Solving (1-3) A. Prerequisite: Departmental approval. An individually developed project related to an innovative solution of a problem provided by the software industry. The result is to be presented in open forum. May be retaken to a maximum of 6 hours provided the topics are different.

CSC 495 Independent Work. (1-3) I, II. Prerequisites: A grade of “C” or higher in ENG 102 or HONR 102, HONR 105(B) or HON 102, and departmental approval. Directed study/research on a problem or area chosen in consultation with the instructor. Final paper required. Student must have the independent study proposal form approved by faculty supervisor and department chair before beginning. May be retaken to a maximum of twelve hours.

CSC 496 Senior Seminar. (1) A. Prerequisite: CSC 340 with a minimum grade of “C”. Critically evaluate current issues in computer science and effectively communicate creative ideas with professionals to foster collaborative problem solving.

CSC 499 CS Career Preparation. (1) A. Prerequisite: CSC 310 with a grade of “C” or better.
CSC 507 Special Topics: (1-3) A. Prerequisite: departmental approval. Topics vary with offering. May be taken to a maximum of six hours with advisor approval. The topics are determined by the context of various computing platforms. Topics include dead-box analysis, memory analysis, log analysis, and malware analysis in Windows, Linux, and Mac Operating Systems.

CSC 539 MAC Forensics. (3) A. Prerequisite: A minimum grade of “C” or higher. Introduction to personal electronic device forensics. Topics include architecture, functionality, operating systems and implementation of PEDs (cell phones, PDAs, iPod, MP3 music players, GPS devices), recovering evidence from PEDs, and hostile forensic and booby-trapping techniques.

CSC 540 Computer Forensics Capstone. (3) A. Prerequisite: CSC 332 with a grade of “C” or higher. Project course. Students apply learned digital forensic knowledge, techniques, and software and hardware tools to work on a team project on a case for digital evidence collection, handling, analysis, and reporting.

CSC 543 Windows Forensics. (3) A. Prerequisite: INF 322. This course covers the basic knowledge and skills necessary to analyze windows operating system artifacts for digital evidence recovery. The topics include: Windows OS overview, System bitlocker, GPT file system, Windows Security Model, Windows registry, USB devices, Windows event logs, Windows recycle bin, and other related topics.

CSC 454 Database Admin and Security. (3) A. Prerequisite: A minimum grade of “C” in CSC 210 or CSC 310. This course covers database management system concepts, database system architecture, installation and setup, data management, performance monitoring and tuning, backup and recovery, database security, and database administration. Database access and usage will also be included.

CSC 545 Theory of Database Systems. (3) A. Prerequisite: a minimum grade of “C” in CSC 210 or CSC 310. This course study of the historical, philosophical, economical, sociological, and psychological foundations of career and technical education related to elementary, secondary, and post-secondary education. Credit will not be awarded for both CTE 261 and 262.

CSC 555 Topics in Multimedia: (3) A. Prerequisite: departmental approval. For advanced students in computer science. Subject announced when offered. May be taken to a maximum of six hours, provided the topics are determined by the context of various computing platforms. Topics include dead-box analysis, memory analysis, log analysis, and malware analysis in Windows, Linux, and Mac Operating Systems.

CSC 556 Graphic Design for Non-Majors. (3) A. Prerequisite: INF 101 or 101R. Introduction to the field of professional graphic design and its conceptual and technical makeup. Credit will not be awarded for both DES 250 and DES 251.

CSC 562 Web Application. (3) A. Prerequisite: CSC 310. This course is designed to cover advanced topics in web application development, including web design, user interface design, user experience design, and web development frameworks. Credit will not be awarded for both CSC 563 and CSC 250.

CSC 563 Introduction to Web Application Development. (3) A. Prerequisite: CSC 310. This course is designed to cover advanced topics in web application development, including web design, user interface design, user experience design, and web development frameworks. Credit will not be awarded for both CSC 563 and CSC 250.

CSC 570 Network and System Administration. (3) A. Prerequisite: A minimum grade of “C” in CSC 210 or CSC 310. This course is designed to cover advanced topics in network and system administration, including network protocols, network security, network management, and network troubleshooting. Credit will not be awarded for both CSC 570 and CSC 250.

CSC 571 Introduction to Software Testing. (3) A. Prerequisite: CSC 310. This course is designed to cover advanced topics in software testing, including test planning, test design, test execution, and test reporting. Credit will not be awarded for both CSC 571 and CSC 250.

CSC 572 Database Design and Implementation. (3) A. Prerequisite: A minimum grade of “C” in CSC 210 or CSC 310. This course is designed to cover advanced topics in database design and implementation, including database modeling, database normalization, and database query languages. Credit will not be awarded for both CSC 572 and CSC 250.

CSC 573 Database Management Systems. (3) A. Prerequisite: A minimum grade of “C” in CSC 210 or CSC 310. This course is designed to cover advanced topics in database management systems, including database concepts, database models, and database management systems. Credit will not be awarded for both CSC 573 and CSC 250.

CSC 574 Computer Architecture. (3) A. Prerequisite: A minimum grade of “C” in CSC 210 or CSC 310. This course is designed to cover advanced topics in computer architecture, including computer organization, computer design, and computer hardware. Credit will not be awarded for both CSC 574 and CSC 250.

CSC 575 Operating System. (3) A. Prerequisite: A minimum grade of “C” in CSC 210 or CSC 310. This course is designed to cover advanced topics in operating systems, including operating system concepts, operating system architecture, and operating system design. Credit will not be awarded for both CSC 575 and CSC 250.

CSC 576 System Software. (3) A. Prerequisite: A minimum grade of “C” in CSC 210 or CSC 310. This course is designed to cover advanced topics in system software, including system software concepts, system software design, and system software development. Credit will not be awarded for both CSC 576 and CSC 250.

CSC 577 Database Systems. (3) A. Prerequisite: A minimum grade of “C” in CSC 210 or CSC 310. This course is designed to cover advanced topics in database systems, including database concepts, database models, and database management systems. Credit will not be awarded for both CSC 577 and CSC 250.

CSC 578 Computer Networks. (3) A. Prerequisite: A minimum grade of “C” in CSC 210 or CSC 310. This course is designed to cover advanced topics in computer networks, including computer networks concepts, computer networks design, and computer networks development. Credit will not be awarded for both CSC 578 and CSC 250.

CSC 579 Software Engineering. (3) A. Prerequisite: A minimum grade of “C” in CSC 210 or CSC 310. This course is designed to cover advanced topics in software engineering, including software engineering concepts, software engineering design, and software engineering development. Credit will not be awarded for both CSC 579 and CSC 250.

CSC 580 Artificial Intelligence. (3) A. Prerequisite: A minimum grade of “C” in CSC 210 or CSC 310. This course is designed to cover advanced topics in artificial intelligence, including artificial intelligence concepts, artificial intelligence design, and artificial intelligence development. Credit will not be awarded for both CSC 580 and CSC 250.

CSC 581 Machine Learning. (3) A. Prerequisite: A grade of “C” or higher in both CSC 210 and STA 270. Introduction to machine learning and its core models and algorithms. Hands-on R programming for data visualization and learning algorithms to analyze real-world data sets.

CSC 582 Big Data. (3) A. Prerequisite: A grade of “C” or higher in both CSC 210 and STA 270. Advanced cutting edge and state-of-the-arts knowledge, techniques, and software and hardware tools for increasing the understanding of complex data and implementation in big data. Modern deep learning tools for analyzing real-world data sets.

CSC 583 Data Visualization. (3) A. Prerequisite: CSC 310 with a grade of “C” or higher. Principles and techniques for data visualization, including visual representation methods and techniques for increasing the understanding of complex data and models. Hands-on visual programming experiences in data collection and demonstration.

CSC 584 Human-Computer Interaction. (3) A. Prerequisite: A grade of “C” or higher in both CSC 210 and STA 270. An introduction to the field of human-computer interaction and its conceptual and technical makeup. Credit will not be awarded for both CSC 584 and CSC 250.

CSC 585 Computer Ethics. (3) A. Prerequisite: A grade of “C” or higher in both CSC 210 and STA 270. An introduction to the field of computer ethics and its conceptual and technical makeup. Credit will not be awarded for both CSC 585 and CSC 250.

CSC 586 Cybersecurity. (3) A. Prerequisite: A grade of “C” or higher in both CSC 210 and STA 270. An introduction to the field of cybersecurity and its conceptual and technical makeup. Credit will not be awarded for both CSC 586 and CSC 250.

CSC 587 Mobile Computing. (3) A. Prerequisite: A grade of “C” or higher in both CSC 210 and STA 270. An introduction to the field of mobile computing and its conceptual and technical makeup. Credit will not be awarded for both CSC 587 and CSC 250.

CSC 588 Cloud Computing. (3) A. Prerequisite: A grade of “C” or higher in both CSC 210 and STA 270. An introduction to the field of cloud computing and its conceptual and technical makeup. Credit will not be awarded for both CSC 588 and CSC 250.

CSC 589 Internet of Things. (3) A. Prerequisite: A grade of “C” or higher in both CSC 210 and STA 270. An introduction to the field of internet of things and its conceptual and technical makeup. Credit will not be awarded for both CSC 589 and CSC 250.

CSC 590 Big Data Analytics. (3) A. Prerequisite: A grade of “C” or higher in both CSC 210 and STA 270. An introduction to the field of big data analytics and its conceptual and technical makeup. Credit will not be awarded for both CSC 590 and CSC 250.
Introduction to the use of letterforms in graphic design and visual culture. Students will research typographic terms and history and will develop an understanding of visual hierarchy in graphic design.

**DES 351 Sophomore Studio. (3)** A. Prerequisite: DES 250, departmental approval and 2.5 GPA in ART, ARH, and DES courses. Corequisite: DES 350. Prerequisite: completion of visual communication issues and applications in graphic design. The relationship of visual form to meaning, type and image relationships will be examined.

**DES 352 Image Making. (3)** A. Prerequisites: DES 353, 354, Major GPA 2.5, and admission to the BFA program. Corequisite: DES 451. An integration of various techniques and materials, both traditional and digital, to promote understanding of the importance of image in the field of graphic design.

**DES 353 Production for Graphic Design. (3)** A. Prerequisites: DES 350, 351, Major GPA 2.5, and admission to the BFA program. Corequisite: DES 354. Exploration of materials, surface graphics, marketing, and production problems as the refinement and integration of many design principles.

**DES 354 Typography II. (3)** A. Prerequisites: DES 350, 351, Major GPA 2.5, and admission to the BFA program. Corequisite: DES 353. Advanced study of typography as an expressive medium. Special attention to multi-page document work, advanced issues of typography in scale as well as its usage in new media and alternative situations.

**DES 450 Professional Practices in Graphic Design. (3)** A. Prerequisites: DES 352, 451, Major GPA 2.5, and admission to the BFA program. Corequisite: DES 452. This course examines the professional standards and practices specific to the field of graphic design.

**DES 451 New Media. (3)** A. Prerequisites: DES 353 and 354, Major GPA 2.5, and admission to the BFA program. Corequisite: DES 352. Introduction to the artistic and technical issues of multimedia through website application.

**DES 452 New Media II. (3)** A. Prerequisites: DES 352 and 451, Major GPA 2.5, and admission to the BFA program. Corequisite: DES 450. Advanced communication through multimedia applications.

**DES 453 Senior Workshop in Design. (3)** A. Prerequisite: DES 450, 452, Major GPA 2.5, and admission to the BFA program. Exploration of current issues, techniques and procedures, and design products.

**DES 454 BFA Graphic Design. (3)** A. Prerequisites: DES 453, Major GPA 2.5, and admission to the BFA program. Corequisite: ART 499. Final phases of the student artist’s transition into the profession. Additional guidance towards portfolio and senior thesis development.

**DES 463 Problems in Design:... (3)** I, II. Prerequisites: DES 354 and 451 or Department Approval. Individualized instruction in design builds on creative skills and techniques learned in prior design courses. This course stresses the development of a specialized study of techniques and concepts for a design portfolio. May be retaken with different topics to earn a maximum of nine hours.

**ECO—Economics**

Dr. Oliver Felts, Chair

**ECO 120 Economic Reasoning and Issues.** (3) I, II. Prerequisite: completion of all math academic readiness indicators. An excellent preparatory course for ECO 230 or 231, dealing with such contemporary economic problems as unemployment, inflation, national debt, energy, health, pollution, education, crime, poverty, discrimination, and protectionism. Students who have completed ECO 230 or 231 with a grade of C or better, or are currently enrolled in ECO 230 or 231, will not receive credit for ECO 130. Gen. Ed. E-5B [SB].

**ECO 220 Statistical Methods for Economics I. (3)** A. Prerequisite: MAT 112 or 112B with a grade of C or better or 114. Business and economic applications of frequency distribution, correlation, variation; probability, sampling, estimation, test of hypothesis, linear regression, index numbers, and time series analysis. Credit will not be awarded to students who have credit for CRJ 400 or EPI 842 or HEA 450 or PSY 310 or QMB 200 or STA 208 or STA 212 or STA 270.

**ECO 230 Principles of Microeconomics. (3)** I, II. Prerequisite: completion of academic readiness indicators. An excellent preparatory course for ECO 120 or 130 is strongly recommended prior to taking this course. Microeconomic principles, including the study of opportunity cost, consumer and producer choices, market demand and supply, pricing and resource allocation, comparative advantage and international trade. Gen. Ed. E-5B [SB].

**ECO 231 Principles of Macroeconomics. (3)** I, II. Prerequisite: completion of academic readiness indicators. For students with a composite ACT score of less than 21, completion of ECO 130 is strongly recommended prior to taking this course. Macroeconomic principles, including the study of measures of national economic performance, determinants of aggregate production, employment and prices, monetary and fiscal policy, balance of trade, economic growth and development. Gen. Ed. E-5B [SB].

**ECO 300 Managerial Economics. (3)** A. Prerequisite: ECO 230. Economic concepts that are directly applicable to business decision making including cost and production, profits, demand and pricing, capital budgeting and investment, and forecasting.

**ECO 314 Sports Economics. (3)** A. Prerequisite: ECO 230 or departmental approval. Economics applied to sports. Topics include collusion versus competitive behavior, pricing strategies, government subsidies of sports ventures and venues and sports labor markets.

**ECO 315 Economic Policy Analysis. (3)** A. Prerequisite: ECO 230. Foundations and rationale for economic policy, including market failure and income inequality. Objectives, evaluation and analysis of selected policy areas in such as international trade, environment, health care, welfare, social security, and economic development.

**ECO 320 Research Methods in Economics I. (3)** I, II. Prerequisite: ECO 220, STA 270 or QMB 200; ECO 230 and 231; or departmental approval. Combining economic theory and statistical models in empirical work in economics; the linear statistical model and its extensions, application to production and cost, demand, and economic growth, forecasting, and policy analysis; classical time series analysis.

**ECO 324 Money and Banking. (3)** A. Prerequisite: ECO 231. Functions of money, monetary systems, history of banking, functions of the commercial bank, bank assets and reserves, loans and discounts, bank supervision, the Federal Reserve System, central banking policies, monetary and fiscal policies

**ECO 330W Intermediate Microeconomics. (3)** I. Prerequisite: ECO 230 or departmental approval; ENG 102 or 102R or ENG 105(B) or HON 102. A writing-intensive introduction to microeconomics. Analysis of consumer and producer behavior, market equilibrium, pricing and resource allocation under alternative market structures, risk aversion and information. Credit will not be awarded for both ECO 330 and ECO 330W.

**ECO 331 Intermediate Macroeconomics. (3)** II. Prerequisite: ECO 231. Analysis of aggregate economic activity; consumption, investment, employment, output, money and prices, exports and imports; stabilization policy.

**ECO 340 Environmental Economics. (3)** A. Cross-listed as APP 340 and ENV 340. Prerequisite: ECO 230. Applications of basic economic analysis to a study of the environment and environmental problems. Major topics include benefit-cost analysis for environmental decision making, the potential for market-based solutions to environmental problems, and the role and development of environmental policy. Credit will only be awarded for ECO 340, or APP 340, or ENV 340.

**ECO 345 Topics in Economics:... (1-3)** A. Prerequisite: to be announced. Selected topics for study. Variable topics across semesters. May be retaken to a maximum of six hours, provided the subject matter differs each time.

**ECO 349 Applied Learning in Economics.** (5-6) A. Prerequisite: minimum GPA 2.25. Co-curricular work experience under faculty and field supervisors. Training plan required. May be retaken to a maximum of six hours. Minimum 80 hours work required for each academic credit hour. May not count towards major.

**ECO 360 Industrial Organization. (3)** A. Prerequisite: ECO 230 or 231. A study of the strategic interactions of firms in imperfectly competitive markets, market performance, and public policy.

**ECO 365 Public Finance. (3)** A. Prerequisite: ECO 230. Economics of the public sector, including the scope and rationale for government, public goods and externalities, voting schemes and public choice, taxes and subsidies, and transfer payments.

**ECO 394 International Economics. (3)** A. Prerequisites: ECO 230 or 231 and junior standing. An introduction to international trade theory emphasizing international business, international trade theory, trade and investment patterns, payments system, balance of payments, international companies, and international issues.

**ECO 395 Economics of Developing Countries** (3). A. Prerequisites: ECO 230 or 231 and junior standing. Economics of development including: theories of growth, income distribution, investment in human capital, alleviation of poverty; study of selected countries. Credit will not be awarded for both ECO 395 and 395W.

**ECO 395W Economics of Developing Countries** (3). A. Prerequisites: ECO 230 or 231 and junior standing; ENG 102 or 102R or ENG 105(B) or HON 102. Economics of development including: theories of growth, income distribution, investment in human capital, alleviation of poverty, strategies for growth; study of selected countries. Credit will not be awarded for both ECO 395W and 395.

**ECO 410 History of Economic Thought.** (3) A. Prerequisites: three hours of ECO. The history of economic ideas from Adam Smith through J. M. Keynes.

**ECO 420 Research Methods II. (3)** II. Prerequisite: ECO 320 or departmental approval. Problems of heteroscedasticity, serial correlation, and endogeneity in the linear statistical model; nonlinear models and modern time series analysis. Formulation and execution of empirical research projects.

**ECO 430 Mathematical Economics.** (3) A. Prerequisites: three hours of ECO and MAT 124, 211, or 261. Mathematical formulations of economic theories. Models of the consumer, the firm, markets, economic growth, and business cycles.

**ECO 560 Special Problems in Economics.** (1-4) A. Prerequisite: advisor(departmental approval. Independent work, special workshop, special topics or seminar. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.
This course focuses on the personal dimensions that are needed to form the foundation of one’s competencies and abilities to lead self and others.

EES 460 The Science and Application of Leadership (3) II. Prerequisite: EES 450. This course provides students opportunities to examine, define, operationalize, and apply universal elements of leadership. Effective leaders need to be knowledgeable and skilled in these elements.

EET—Electricity and Electronics Technology
Dr. Vignay Chandra, Coordinator

EET 251 Electricity and Electronics. (3) I, II. Prerequisite: Completion of math readiness indicator or a minimum math ACT score of 18 or a minimum SAT math score of 490. Principles of basic electricity, circuit operation, and electronics. Topics include electrical components, measurements, power, characteristics of AC/DC, basic circuit laws, circuit simulation, magnetism, energy conversion, and sources. 2 Lec/2 Lab.

EET 252 Digital Electronics. (3) I, II. Prerequisite: Completion of math readiness indicator. A survey of digital electronics fundamentals and applications. Topics include number systems, digital mathematics, logic families, logic gates, multiplexers, demultiplexers, comparators, counters, decoders, displays, and converters. 2 Lec/2 Lab.

EET 253 Microprocessor Control Systems. (3) A. Prerequisite: EET 251 or 252. The operation and application of microprocessor-based control systems in electro-mechanical project environments. Topics include data, address, and control signals; memory; software; interfacing digital and analog devices; ports; and data communications. 2 Lec/2 Lab.

EET 257 Electronic Devices and Circuits. (3) A. Prerequisite: EET 251. An analysis of the characteristics of solid state devices and the common circuits that utilize these devices. Emphasis is on problem solving supplemented by laboratory activities and demonstration of electronic circuits and devices. 2 Lec/2 Lab.

EET 351 Programmable Logic Controllers. (3) A. Prerequisite: EET 251 or 252. The study of programmable logic controllers (PLCs). PLC functioning theory, selection, wiring, and programming. 2 Lec/2 Lab.

EHS—Environmental Health Science
Dr. Ismail El-Amouri, Chair

EHS 230 EHS Diseases and Hazards of Leisure. (3) II. Provides the student with an understanding of the biological, chemical and physical threats to health and life from the recreational, amusement, travel and tourist environments.

EHS 280 Introduction to Environmental Health Science. (3) A. Elements of environmental health, including water and waste treatment, air pollution, food sanitation, vector control, solid waste disposal, and general sanitation problems.

EHS 300W Water Supplies and Waste Disposal. (4) I, II. Prerequisite: ENG 102 or 102R, 105(B), or HON 102, EHS 280, BIO 320 or MLS 209 and MLS 211. Drinking water safety in both individual private systems and larger public systems. Maintenance of raw water quality, water purification, delivery systems and surveillance. Techniques for collection, treatment, and disposal of sewerage also discussed. Credit will not be awarded for students who have credit for EHS 300.

EHS 335 Hazardous and Solid Waste Management. (3) I, II. Prerequisites: CHE 111, 111L and EHS 280; or departmental approval. Nature of toxic and hazardous wastes and methods for their disposal to protect health and the environment and to prevent contamination of groundwater. The environmental health and safety aspects of solid waste collection, treatment and disposal, and regulations governing waste management are also discussed.

EHS 340 Industrial Hygiene. (3) I, II.
Prerequisites: BIO 111, CHE 111, 111L, and EHS 280; or departmental approval. The impact of the workplace on safety and health, and methods for avoiding work-related illnesses. Emphasis will be on the evaluation and the control of the work environment to protect worker health. 

EHS 345 Advanced Industrial Hygiene. (4) II. Prerequisite: EHS 340 or departmental approval. In-depth discussion of the chemical and physical hazards of the workplace and their evaluation and to provide hands-on experience in industrial hygiene sampling and analysis. 

EHS 349 Applied Learning in Environmental Health Science. (5-6) A. Prerequisite: departmental approval. Work in placements related to academic studies. One to six hours credit per semester or summer. A minimum of 80 hours work required for academic credit. 

EHS 355 CBR Terrorism & Environmental Health. (3) II. This course will provide students with environmental issues required to protect individuals and communities in times of war, general emergencies and disaster, both natural and human, due to chemical, biological and radioactive threats. 

EHS 360 Air Pollution and Health. (4) A, P: CHE 112, 112L and EHS 280, or departmental approval. Health effects of air pollution, including a discussion of the primary sources of airborne pollutants, their transport and transformation, the control of air pollutants and national and international standards. 

EHS 370 Risk Assessment and Environmental Epidemiology. (3) I, II. Prerequisites: EHS 280 and STA 215; or departmental approval. The use of data to define the health effects of exposed individuals, populations or populations to hazardous materials and situations. 

EHS 380 Food Hygiene. (3, 5) I, II. Prerequisites: EHS 280 or departmental approval. A study of the health effects of food-borne disease, including an in-depth discussion of the physical, chemical, and biological contaminants that cause an estimated 76 million cases of food-borne illnesses annually in the U.S. An examination of the food processing and food service industry’s failings and how to prevent food-borne illness will be the primary focus. 

EHS 390 EHS Special Problems in Environmental Health. (1-4) A. Prerequisite: departmental approval. For independent work, or special workshops, or special topics as they relate to environmental health issues and problems. May be retaken for a maximum of eight hours. 

EHS 425 Environmental Health Program Planning. (3) A. Prerequisites: EHS 280 and 335. Administration, planning, implementation, and evaluation of environmental health programs. Discussion of resources and promotional techniques, and the role of the environmental health specialist dealing with community, state, and regional agencies. 

EHS 440 Environmental and Industrial Toxicology. (3) II. Prerequisites: CHE 112, 112L and EHS 280; or departmental approval. Health effects and nature of toxic substances with discussion of dosage/response relationships, latency, target organs, and potential exposures in the environment. 

EHS 460 Housing and Institutional Environments. (3) A. Prerequisite: EHS 280 or departmental approval. Corequisite: EHS 485. Discusses the theories for healthy living, the means of attaining and maintaining these requirements. Reviews environmental health concerns relating to day-care centers, schools, hospitals, nursing homes, and prisons. Describes surveillance, evaluative, and corrective methods. 

EHS 485 Field Experience in Environmental Health. (3) A. Prerequisites: EHS 300, 335, 380, and departmental approval. Supervised and directed field experience in local, state, regional environmental health agencies, or with appropriate industries. Eight to twelve weeks full-time required depending on work placement. 

EHS 485 EHS Professional Practice Seminar. (1) A. Prerequisite: 90 hours. Corequisite: EHS 460. Provides the graduating student a certification and licensure review for their required state and national exams. The student will be able to evaluate, assess and develop professional success strategies and long range career plans. 

EHS 490 Independent Study in Environmental Health. (1-3) A. Prerequisite: student must have the independent study proposal form approved by faculty supervisor and department coordinator prior to enrollment. Opportunity for individual work on an environmental health research problem in a supervised situation. 

EHS 510 Radiological Health (3) A. Provides the student with the principles of health effects from ionizing radiation, including radiation sources, detection, measurement, control, and safety devices. Student will be able to identify, evaluate and control radiation in the work environment; implement a radiation monitoring program; establish emergency plans for actions to be taken in event of radiological accident; develop risk assessment and response plans; and be able to confront legal and ethical situations. Credit will not be awarded for both EHS 510 and 410. 

EHS 530 Environmental Control of Disease. (3) II. Prerequisite: Senior Standing; BIO 111 and EHS 280. The student will acquire an understanding of the principles, biology, identification, evaluation, and control of vector borne diseases and other emerging/re-emerging diseases of public health concern. 

ELE — Elementary Education Dr. Ginni Fair, Chair 

ELE 101 Creative Thinking Through Performance Arts. (3) I, II. Study of elementary music and movement techniques. Perform, reflect, and implement essential age-appropriate musical instruction that highlights the importance of creative music making and the integration of the performing arts in other content areas. 

ELE 102 Creative Thinking Through Visual Arts. (3, 5) I, II. Study of elementary art and media techniques. Create, reflect, and implement essential age-appropriate art instruction that highlights the importance of art making and integration of the visual and media arts in other content areas. 

ELE 201 Practical Living (3) I, II. Explores personal wellness, nutrition, safety, psychomotor skills, and lifetime wellness for the elementary grades. 

ELE 202 Health Education P-5. (2) I, II. Provides the graduating student a certification and state licensure review for their required state and national exams. The student will be able to evaluate, assess and develop professional success strategies and long range career plans. 

ELE 213 Social Studies Curriculum, Pedagogy, and Assessment: US History, Government, and Civics (3, 5) I, II. Prerequisite: Admission to professional education. This course teaches the content and pedagogical knowledge required to teach U.S. History, Government, and Civics. 

ELE 214 Science Curriculum, Pedagogy, and Assessment: Physical Sciences (1, 3) I, II. Prerequisite: Admission to professional education. Requisite: CHE 101. Inquiry-based course focusing on content, pedagogy, assessment, and materials for teaching physical science concepts in primary through grade five. 

ELE 312 Physical Education in the Elementary School. (2, 3) I, II. Prerequisite: EDF 203 with a “C” or higher or EDF 310 with an “S”; admission to professional education. The study of the role of movement for the elementary school child; philosophy, principles, purposes, and programs of elementary physical education. Educational dance, educational gymnastics, and educational games are emphasized. 

ELE 361 Art in the Elementary Grades P-5. (3, 5) I, II. Prerequisite: EDF 203 with a “C” or higher or EDF 310 with an “S”; admission to professional education. Fundamental concepts of art education and those found in KERA. Explanation and appreciation of visual arts processes, and activities for children in the elementary grades including those with special needs. Ten field/clinical hours. 

ELE 362 Music Education for the Classroom Teacher. (3) I, II. Prerequisite: EDF 203 with a “C” or higher or EDF 310 with an “S”; admission to professional education. A study of curriculum design, teaching/learning strategies, resources, and evaluation procedures in elementary school health education. Topics include drugs, mental health, family living, nutrition, fitness, consumerism, environment, disease, and personal health. Ten field/clinical hours. 

ELE 401 Math Content, Pedagogy, & Assessment Grades 2-3. (3) I, II. Prerequisites: MAT 112 or 112B with a minimum grade of “C”; admission to professional education. A study of curriculum design, teaching/learning strategies, and assessment for learners at this developmental stage. Minimum of ten field hours are required. 

ELE 402 Language Arts Content, Pedagogy, and Assessment Grades 2-3. (3, 5) I, II. Prerequisite: ELE 302 with a minimum grade of “C”; admission to professional education. An examination of literacy and relevant content, standards, instructional practices, and assessments for learners at this developmental stage. A minimum of 10 field hours are required. 

ELE 403 Social Studies Content, Pedagogy, and Assessment: US History, Government, and Civics (3, 5) I, II. Prerequisite: Admission to professional education. An examination of relevant content, state academic standards, instructional practices, and assessments for US history government and civics for elementary P-5. 

ELE 404 Science Content, Pedagogy, and Assessment: Earth and Space Sciences (1, 3) I, II. Prerequisite: Admission to professional education. Corequisite: GY 102. Inquiry-based course focusing on content, pedagogy, assessment, and materials for teaching earth and space science concepts in primary through grade five. 

ELE 411 Math Content, Pedagogy, & Assessment Grades 4-6. (3, 5) I, II. Prerequisites: MAT 112 or 112B with a minimum grade of “C”; Admission to professional education. An examination of Mathematics for grades 4-6 and relevant standards,
Prerequisites: EDF 319, EDF 413, ELE 445. Prerequisite: Admission to professional education. An examination of relevant content, state academic standards, instructional practices, and assessments for learners at this developmental stage. A minimum of 10 field hours are required.

ELE 431 Advanced Science Pedagogy and Assessment (2) I, II. Prerequisites: [ELE 312(C) and ELE 400(B); ELE 400(B) and Elem Ed major]; [or [SED 295(C) and ELE 400(B); Spec Ed Teaching major w/LBD/ELE concentration]; or [SED 296(C) and ELE 400(B); and DIH major w/ELE concentration]; admission to professional education. Corequisites: EDE 450 and ELE 423. Examination of advanced pedagogical skills for teaching language arts with an emphasis on assessing, diagnosing, prescrib ing, and monitoring for student learning, differentiated instruction, and teacher and student use of technology for instruction and assessment.

ELE 423 Advanced Social Studies Pedagogy and Assessment (2) I, II. Prerequisites: [EDE 413(C) and admission to professional education]; or [SED 390(C) and EDE 400(B); Spec Ed/Teaching major w/LBD/ELE concentration]; or [SED 510(C) and EDE 400(B); and DIH major w/ELE concentration]; admission to professional education. Corequisites: EDE 450 and ELE 424. Examination of advanced pedagogical skills for teaching the social studies in grades P-5 with an emphasis on formative and summative assessment to monitor student learning, differentiated instruction, and teacher and student use of technology.

ELE 424 Advanced Science Pedagogy and Assessment (2) I, II. Prerequisites: [EMS 490(C) and admission to professional education]; or [SED 390(C) and EDE 400(B); Spec Ed Teaching major w/LBD/ELE concentration]; or [SED 510(C) and EDE 400(B); and DIH major w/ELE concentration]; admission to professional education. Co-requisites: EDE 450 and ELE 421. Mid-level materials and methods for teaching inquiry-based science in primary through grade five.

ELE 405 Foundations of Reading/Language Arts (3) I, II. Cross-listed as EME 445, EME 445W, EME 445W, or EME 302. Prerequisite: junior standing; 2.75 GPA; and admission to professional education. Co-requisite: EDF 319, 219, or 219W. An overview of reading/language arts components P-5; teacher competencies, organization and planning for instruction. Twenty field/clinical hours. Credit will not be awarded to students who have credit for EME 445, EME 445W, EME 445W, or EME 302.
the emergency medical field. Topics include legal and ethical issues; infection control; disaster preparedness; and recognition and care of patients with behavioral emergencies. Credit will not be awarded to students who have credit for EMC 200 or EMC 215.

EMC 303 Introduction to Cardiology. (3) I, II and A. Introduction to prehospital electrocardiography and use and classification of pharmacological agents. Credit will not be awarded to students who have received credit for EMC 225 and EMC 240.

EMC 305 Prehospital Management of OB/GYN/Neonatal Emergencies (3) II and A. Pathophysiology and advanced level assessment and management of OB, GYN, and pediatric patients. Credit will not be awarded to students who have received credit for EMC 200 or EMC 300.

EMC 310 Advanced Cardiology. (3) II, A. Prerequisites and/or corequisites: EMC 303 and 335; or departmental approval. Advanced diagnostics, interventions, and management of cardiovascular emergencies involving cardiac resuscitation adhering to the standards of the American Heart Association. AHA ACLS Provider required for course completion. 2 Lec/2 Lab.

EMC 320 Advanced Life Support: Trauma. (3) A. Prerequisite: EMC 310. Preceded by EMC 115, 240, BIO 171, 301. Prehospital management of complex patients with multiple systems failure secondary to trauma related pathologies.

EMC 335 Advanced Life Support: Medical Emergencies I. (3) I, A. Prerequisites: EMC 240. BIO 171, 301, EMC 115, 225, and department approval. Pathophysiology and advanced level prehospital management of emergencies of the respiratory, cardiovascular, endocrine, nervous, gastrointestinal, genitourinary, and reproductive systems.

EMC 336 Case Management I. (1) I, II, A. Prerequisite or Corequisite: EMC 335 and 342 or department approval. Hands-on advanced case management of patients with prehospital trauma emergencies using low and high-fidelity patient care simulation.

EMC 340 Advanced Life Support: Medical Emergencies II. (3) II, A. Prerequisite: EMC 335. Pathophysiology and advanced level prehospital management of emergencies involving anaphylaxis, toxocology, alcoholism, drug abuse, infectious diseases, environmental hazards, and pediatric and geriatric patients.

EMC 341 Case Management II. (1) I, II, A. Corequisite: EMC 340 and 352 or department approval. Advanced case management of medical and trauma emergencies requiring critical thinking, oral critical thinking, practical and didactic assessment. May be repeated for a maximum of 4 hours.

EMC 342 Advanced Clinical I. (3) I, A. Corequisite: EMC 335 and EMC 342L. Integration of basic and advanced life support concepts and psychomotor skills in patient care situations developed through supervised assignments in various hospital settings.

EMC 342L Advanced Clinical I Lab (0) Corequisite: EMC 335 and EMC 342. Integration of basic and advanced life support concepts and psychomotor skills in patient care situations developed through supervised assignments in various hospital setting.

EMC 350 A-N Cooperative Study: Emergency Medical Care. (5-8) I, II, A. Work in placements related to academic studies. A minimum of 80 hours of employment is required for each semester credit hour.

EMC 352 Advanced Clinical II. (3) II, A. Prerequisite: EMC 342. Corequisites: EMC 320 and 340 and EMC 352L. Hospital assignments allow continued development and application of cognitive and psychomotor skills in critical situations. Autonomous decision making and professional education developed under supervision through increased participation in patient care.

EMC 352L Advanced Clinical II Lab (0) Pre-requisite: EMC 342 and 342L. Corequisite: EMC 340 and EMC 352. Hospital assignments allow continued development and application of cognitive and psychomotor skills in critical situations. Autonomous decision making and professional education developed under supervision through increased participation in patient care.

EMC 360 Advanced Field Internship. (2) A. Prerequisites: EMC 205, 212, 215, 310, 320, and 352. Minimum 120 hours supervised experience on paramedic ambulance. Progresses from advanced emergency care observation delivery to beginning team member responsibilities.

EMC 362 Advanced Field Internship II. (4) A or Prerequisite or Corequisite: EMC 200, 205, 212, 215, 301, 360. Continuation of supervised experience on advanced life support ambulance. Assumes team member role with progression to team leader. Minimum advanced internship experience and requires 75 ALS Contacts.

EMC 380 Advanced Prehospital Theory. Medical. (4) A. Prerequisites: Kentucky Certified EMT-Paramedic and admission to EMT major. Foundation course for paramedic students which focuses on pathophysiological basis for prehospital interventions and management. Includes in-depth history and assessment skills.

EMC 382 Advanced Prehospital Theory: Trauma. (4) A. Prerequisite or Corequisite: EMC 320, 335 and 342 or departmental approval. Development and presentation of research in contemporary methods, techniques, practices, and devices in the field. May be taken under different topics to a maximum of 12 hours.

EMC 400 Emergency Care Systems Management. (3) I, II, A. Prerequisite: ENG 300 or FSE 200. Advanced level prehospital and typical agency divisions, including operations, communications, training and customer service. Projects focus on system design, training and efficiency.

EMC 420 Emergency Services Design and Budget. (3) A. Prerequisite or corequisite: ENG 300 or FSE 200 or departmental approval. Identify and compare issues with staffing, operations, communications, training and mission with various EMS systems models. Develop and revise sample budgets for EMS systems.

EMC 430 Legal and Ethical Aspects of Emergency Services. (3) A. Prerequisite: departmental approval. Examine and apply moral and ethical decisions made in emergency services. Issues of diversity, expanded health care settings, aging population, and others will be explored.

EMC 430W Legal and Ethical Aspects of Emergency Services. (3) A. Prerequisite: departmental approval. Examine and apply moral and ethical decisions made in emergency services. Issues of diversity, expanded health care settings, aging population, and others will be explored. Credit will not be awarded for both EMC 430W and EMC 430.

EMC 440 EMS Instruction. (3) A. Prerequisite: departmental approval. Introduction to the principles involved in EMS adult learning. Roles issues, domains of learning, and instruction models will be emphasized. Organization and planning for the EMS community including diverse learning populations and regulations.

EMC 450 Disaster Medical Operations. (3) A. Emergency medical communications, cooperation and support in response to a natural or human-made disaster. Planning, delivery and recovery of medical systems by various local, state and federal agencies and the private sector.

EMC 480 Topics in Emergency Medicine. (3) I, II, A. Prerequisites: Admission to professional education; MAE 115 or 112B or higher and MAE 202 each with a grade of “C” or better. Concepts beyond algorithmic computation are emphasized. Topics include algebraic thinking, basic algebra topics (i.e. variables, expressions, equations, graphs and linear problems solving skills) and geometry. Credit will not be awarded to students who have credit for MAE 302.

EMC 481 Elective Courses. (3) I, II, A. Prerequisite: Admission to professional education; MAE 115 or 112B or higher and MAE 202 each with a grade of “C” or better. Credit will not be awarded to students who have credit for MAE 302.

EME—Elementary and Middle Grade Dr. Ginni Fair, Chair

EME 301 Mathematical Concepts for P-9. (3) I, II. Corequisites: Admission to professional education; MAT 115 and 112B or higher and MAE 202 each with a grade of “C” or better. Concepts beyond algorithmic computation are emphasized. Topics include algebraic thinking, basic algebra topics (i.e. variables, expressions, equations, graphs and linear problems solving skills) and geometry. Credit will not be awarded to students who have credit for MAE 302.

EME 313 Interdisciplinary Approach to Social Studies Teaching. (3) I, II. Prerequisite: Admission to professional education; MAT 115 or 112B or higher and MAE 202 each with a grade of “C” or better. Concepts beyond algorithmic computation are emphasized. Topics include algebraic thinking, basic algebra topics (i.e. variables, expressions, equations, graphs and linear problems solving skills) and geometry. Credit will not be awarded to students who have credit for MAE 302.

EME 315 Art Teaching Practices in Grades P-9. (3) I, II. Cross-listed with MAE 315. Prerequisites: Admission to professional education, major in music. Co-requisite: CED 400. Developmentally appropriate materials and methods for teaching P-8 music. Credit will not be awarded to students who have credit for MUE 378.

EME 316 Art Teaching Foreign Language in Grades P-8. (3) I, II. Cross-listed with MAE 316. Prerequisites: Admission to professional education, major in foreign language. Developmentally appropriate curriculum, materials, and methods for the P-8 foreign language program. Minimum of 10 field/clinical hours. Credit will not be awarded for both EME 316 and AED 361.

EME 378 Teaching Music in Grades P-8. (3) I, II. Cross-listed with MAE 378. Prerequisites: Admission to professional education, major in music. Developmentally appropriate curriculum, materials, and methods for the P-8 music program. Minimum of 10 field/clinical hours.

EME 440 Legal and Ethical Aspects of Education. (3) I, II, A. Prerequisites: Admission to professional education, major in music. Credit will not be awarded to students who have credit for MUE 378.

EME 452 Teaching Grammar and Punctuation P-8. (3) I, II. Prerequisite: Admission to professional education, ENG 101 or 101R(C) and 102(C), or ENG 105 with a grade of “B” or higher. Integrative methods for teaching P-8 grammar and mechanics. Corequisites: ELE 302, SED 260, or EMG 445. Review, practice and reflect on research-based instructional approaches to instruction and develop instructional plans to improve elementary and middle grades students’ use of standard written and oral English. Credit will not be awarded to students who have credit for EME 552.

EME 465 Teaching Physical Education in P-8. (3) A. Prerequisites: Admission to professional education, PHE 333, major in physical education. Developmentally appropriate materials and methods for teaching P-8 physical education. Minimum of 20 field/clinical hours.

EME 469 Teaching Physical Education in P-8. (3) Prerequisites: Admission to professional education, PHE 333, major in physical education. Developmentally appropriate materials and methods for teaching P-8 physical education. Minimum of 20 field/clinical hours.

EME—Middle Grade Education Dr. Ginni Fair, Chair

EMG 349 Applied Learning: Middle School Teaching. (1) I. Corequisite: EMG 447. Collaborate with teachers in middle level classroom(s) and assist with instructional planning and teaching. Minimum of 80 hours field experience required.
EMG 430 Middle Grade Curriculum. (3) I, II. Prerequisites: admission to professional education, EDF 319 with a “C” or higher. Corequisite: EMS 348E. An examination of the curriculum and the responsibilities of teaching in the middle grade.

EMG 445 Foundations of Reading/Language Arts. (3) I, II. Cross-listed as ELE 445. Prerequisites: junior standing, 2.75 GPA, ENG 101 or 101R and 102, or HON 102 with a grade of “C” or better, or ENG 105 with a grade of “B” or better; admission to professional education program. Prerequisite/Corequisite: EDF 319, 319W, 219, or 219W. An overview of reading/language arts components 5-9, teacher competencies, organization and planning for instruction. Twenty hours of field clinical experiences. Credit will not be awarded to students who have credit for ELE 445, EMG 445W, ELE 445W, or ELE 302.

EMG 445W Foundations of Reading/Language Arts. (3) I, II. Cross-listed as ELE 445W. Prerequisites: junior standing, 2.75 GPA, ENG 101 or 101R and 102, or HON 102 with a grade of “C” or better, or ENG 105 with a grade of “B” or better; admission to professional education program. Prerequisite/corequisite: EDF 319, 319W, 219, or 219W. An overview of reading/language arts components 5-9, teacher competencies, organization and planning for instruction. Twenty hours of field clinical experiences. Credit will not be awarded to students who have credit for ELE 445, EMG 445W, ELE 445W, or ELE 302.

EMG 447 Disciplinary Literacy in the Middle Grades. (3) I. Prerequisites: EMG 445 or 445W; admission to professional education. Corequisite: CED 450. An in-depth examination of the teaching and practice of reading and language arts in the middle grades utilizing disciplinary literacy materials.

EMG 491 Mathematics in the Middle Grades. (3) I, A. Prerequisites: admission to professional education. [EDF 413 (C) and EMS 490 (C) and CED 400 (B) and Middle Grades major]; or [SED 350 (C) and SED 390 (C) and CED 400 (B) and Spec Ed/Teaching major w/LBD/EMG concentration]; or [SED 350 (C), SED 390 (C) and CED 400 (B) and DHH major w/EMG concentration]. Corequisite: CED 450. Appropriate materials and methods for teaching mathematics in the middle grades. Candidates must have completed (or be completing) at least 18 hours of math content in order to be eligible for this methods course.

EMG 492 Science in the Middle Grades. (3) I, A. Prerequisites: admission to professional education and [EDF 413 (C) and EMS 490 (C) and CED 400 (B) and Middle Grades major]; or [SED 350 (C) and SED 390 (C) and CED 400 (B) and Spec Ed/Teaching major w/LBD/EMG concentration]; or [SED 350 (C), SED 390 (C) and EMS 490 (C), CED 400 (B), and DHH major w/EMG concentration]. Corequisite: CED 450. Introduces the modern methods and materials of teaching science in the middle grades. Candidates must have completed (or be completing) at least 18 hours of science content in order to be eligible for this methods course.

EMG 493 Social Studies in the Middle Grades. (3) I, A. Prerequisites: admission to professional education and [EDF 413 (C) and EMS 490 (C) and CED 400 (B) and Middle Grades major]; or [SED 350 (C) and SED 390 (C) and CED 400 (B) and Spec Ed/Teaching major w/LBD/EMG concentration]; or [SED 350 (C), SED 390 (C) and EMS 490 (C), CED 400 (B), and DHH major w/EMG concentration]. Corequisite: CED 450. Introduces the modern methods and materials of teaching social science in the middle grades. Candidates must have completed (or be completing) at least 18 hours of field social sciences content in order to be eligible for this methods course.

EMG 494 English and Communication in the Middle Grades. (3) I, A. Prerequisites: admission to professional education, [EDF 413 (C) and EMS 490 (C) and CED 400 (B) and Middle Grades major]; or [SED 350 (C) and SED 390 (C) and CED 400 (B) and Spec Ed/Teaching major w/LBD/EMG concentration]; or [SED 350 (C), SED 390 (C) and EMS 490 (C), CED 400 (B), and DHH major w/EMG concentration]. Corequisite: CED 450. An examination of effective teaching techniques, strategies and materials for middle grade English/communication skills. Credit will not be awarded for both EMG 494 and EMG 494W. Candidates must have completed (or be completing) at least 18 hours of English/Language Arts content in order to be eligible for this methods course.

EMG 494W English and Communication in the Middle Grades. (3) I, A. Prerequisites: admission to professional education, [EDF 413 (C) and EMS 490 (C) and CED 400 (B) and Middle Grades major]; or [SED 350 (C) and SED 390 (C) and CED 400 (B) and Spec Ed/Teaching major w/LBD/EMG concentration]; or [SED 510 (C), SED 390 (C) or EMS 490 (C), CED 400 (B), and DHH major w/EMG concentration], and grade of “C” or higher in ENG 101 or 102, or HON 102; or ENG 105 with a grade of “B” or higher. Corequisite: CED 450. Study of effective teaching techniques, strategies and materials for middle grade English/communication skills. Credit will not be awarded for both EMG 494 and EMG 494W. Candidates must have completed (or be completing) at least 18 hours of English/Language Arts content in order to be eligible for this methods course.

EMG 507 Problems in Middle Grade Education: __ (1-3).A. Prerequisite: advisor approval. Independent work, workshops, special topics, or seminar. May be retaken to a maximum of six hours under different topics.

EMG 567 Curriculum and Instructional Strategies for Home Economics in the Middle Grades. (3) A. Prerequisite: certification in home economics. Study of curriculum content, instructional materials, and strategies appropriate for home economics instruction in the middle grades.

EMS — Elementary, Middle, Grade, and Secondary Education

Dr. Ginni Fair, Chair

EMS 200 Exploring Africa Through Play. (3) I, II. Cross-listed as AFA 200. Prerequisite: ENG 102 (C) or ENG 105 (B) or ENG 105 (B) or ENG 105 (B) or ENG 105 (B) or ENG 105 (B) or HON 102, and MAT 105 or higher, or departmental approval. Classroom service learning strategies and techniques will be modeled. Discussion about practical application and reflection on class activities will follow. An environmental service learning project will be planned and carried out during the course. Credit will not be awarded to students who have credit for ENV 565S.

EMS 565S Teaching in the Outdoors (3) SUMMER ONLY. Formerly EMS 864S. Basic principles of outdoor teaching will be combined with outdoor skills and an environmental service learning investigation. Due to its content, this will be taught in a workshop format during the summer semester. Credit will not be awarded to students who have credit for EMS 765S or 864S.

EMS 575 Methods and Materials for Teaching English as a Second Language (3) SUMMER ONLY. Prerequisites: Junior-level standing, ENG 102 or 102R or ENG 105 (B) or HON 102, and MAT 105 or higher, or departmental approval. Classroom service learning strategies and techniques will be modeled. Discussion about practical application and reflection on class activities will follow. An environmental service learning project will be planned and carried out during the course. Credit will not be awarded to students who have credit for ENV 565S.

EMS 576 Assessment Methods for ELLs (3) III. Prerequisites: ENG 227, 413. This course is designed to examine the major principles and methods of assessment for English Language Learners, including standardized testing, classroom-based performance, and alternative assessment. Sociocultural issues related to assessment will also be explored. (20 hours of clinical experience required). Credit will not be awarded to students who have credit for EMS 777.

EMS 577 Cultural Competency with ELLs (3) III. Prerequisites: ENG 227, 413. This course is designed to examine the major principles and methods of assessment for English Language Learners, including standardized testing, classroom-based performance, and alternative assessment. Sociocultural issues related to assessment will also be explored. (20 hours of clinical experience required). Credit will not be awarded to students who have credit for EMS 777.

ENG — English

Dr. James Keller, Chair

ENG 100 English for Non-Native Speakers. (3) A. Review and practice of English for non-native speakers. Review of English grammar with intensive practice of academic language skills in listening, speaking, reading, and writing. Required of non-native speakers on basis of department placement exam. 2 Lec 2 Lab.

ENG 101 Reading, Writing, and Rhetoric. (3) I, II. Prerequisites: ACT English subscore of 18 or higher of embedded clinical experiences.
Section Seven - Course Descriptions

higher and ACT Reading subscore of 20; or SAT writing score of 430 or higher and SAT reading score of 470 or higher.

ENG 101R Reading, Writing and Rhetoric (Supported) (4) I, II. Prerequisite: SAT Evidence-Based Reading & Writing score of 430-479, or ACT score of 14-17 on English and 14-19 on Reading. Additionally, students with an English ACT score of 18 or higher will be placed in ENG 101R if their ACT Reading score is 14-19. A writing course developing critical reading skills while integrating and responding to varied sources; composing texts including summaries, analyses, evaluations, responses, and arguments; emphasizing style, organization, purpose, and persuasion for different audiences. Students are required to meet 1 hour per week outside of class time with a Course Embedded Consultant. Students must pass ENG 101R with a B or C to enroll in ENG 102R; students passing ENG 101R with a B or C must enroll in ENG 102R. Students who fail the class will retake ENG 101R. Credit will not be awarded to students who have credit for ENG 101. Gen. Ed. E-1A [WC].

ENG 102 Writing, Reading and Rhetoric (3) I, II. Prerequisite: ENG 101(C) or ENG 101R(A). A writing course refining components of ENG 101/101R studying information sources and research methods; accessing, critically reading, evaluating, integrating, and documenting primary and secondary sources; utilizing information technology for inquiry, analysis, and argumentation. Credit will not be awarded for both ENG 102 and ENG 102R. Gen. Ed. E-1B [WG].

ENG 103 English, Writing and Rhetoric (Supported) (4) I, II. Prerequisite: ENG 101R (C). A writing course refining components of ENG 101R studying information sources and research methods; accessing, critically reading, evaluating, integrating, and documenting primary and secondary sources; utilizing information technology for inquiry, analysis, and argumentation. Students are required to meet 1 hour per week outside of class time with a Course Embedded Consultant. Students who fail the class will retake ENG 101R. Credit will not be awarded to students who have credit for ENG 102. Gen. Ed. E-1B [WG].

ENG 105 First Year Writing Seminar. (3, 6) I, II. Prerequisite: ACT English subscore of 28 or SAT reading/verbal score of 490 or higher. Accelerated writing course, critical reading and rhetorical approaches for various purposes and audiences. Students will access, evaluate, integrate, and document primary and secondary sources while utilizing information technology for inquiry, analysis, and argumentation. Proficiency exam required. Students graded “A” or “B” will receive six hours credit for ENG 105; students with “C” or “D” will receive three hours credit for ENG 105 and must take ENG 102 or 102R. Gen. Ed. E-1A [WC].

ENG 110 Introduction to Literature. (3) I, II. Prerequisite: completion of reading and writing academic readiness indicators. Developing reading strategies to better engage with and appreciate a range of literary texts from a variety of cultures and historical periods. Gen. Ed. E-3B [AH].

ENG 200 Topics in English. (1-3) A. Prerequisite: ENG 102R or 105R or HON 102. Introduction to areas of literature, writing, and language use through upper-division coursework. Designed primarily for English majors/minors; may be retaken with different topics to a maximum of six hours.

ENG 208W Literature and the Environment. (3) I, II. Prerequisites: ENG 102 or 102R or 105 or HON 102. Writing-intensive study of the human-environmental connection as expressed in literature, including attention to environmental sustainability and personal responsibility to the natural world within larger social and ethical values. Credit will not be awarded for both ENG 208W and ENV 208W. Gen. Ed. E-3B [AH].

ENG 210W Enjoying Literature. (3) I, II. Prerequisite: ENG 102 or 102R or 105 or HON 102. Understanding and enjoying the distinctive aesthetic qualities, forms and meanings of literary works within ethical and cultural contexts. Credit will not be awarded for both ENG 210W and 2110W. Gen. Ed. E-3B [AH].

ENG 211W Survey of World Literature I. (3) I, II. Prerequisite: ENG 102 or 102R or 105 or HON 102. Selected readings from masterpieces of world literature from ancient times through the Renaissance. Credit will not be awarded for both ENG 211 and 211W. Gen. Ed. E-3B [AH].

ENG 212W Survey of World Literature II. (3) I, II. Prerequisite: ENG 102 or 105R or HON 102. Selected readings from masterpieces of world literature from the 17th century to the present. Credit will not be awarded for both ENG 212W and 212W. Gen. Ed. E-3B [AH].

ENG 212W Survey of World Literature II. (3) I, II. Prerequisite: ENG 102 or 102R or 105 R. A writing course developing critical reading skills while integrating and responding to varied sources; composing texts including summaries, analyses, evaluations, responses, and arguments; emphasizing style, organization, purpose, and persuasion for different audiences. Students are required to meet 1 hour per week outside of class time with a Course Embedded Consultant. Students must pass ENG 101R with a B or C to enroll in ENG 102R. Students who fail the class will retake ENG 101R. Credit will not be awarded to students who have credit for ENG 101. Gen. Ed. E-1A [WC].

ENG 301 Advanced Composition. (3) I, II. Prerequisites: ENG 102R or 105R or HON 102. Refinement of writing skills; application of rhetoric in expository and argumentative writing; planning and writing a research paper. Gen. Ed. E-3B [AH].

ENG 302 Principles of Literary Study. (3) I, II. Prerequisite: ENG 102 or 105 or HON 102. Introduction to the genres of poetry, short fiction, and drama, as well as to the traditional literary devices, the major critical approaches, and several bibliographical tools. Gen. Ed. E-3B [AH].

ENG 303 Advanced Composition for Teachers. (3) I, II. Prerequisites: ENG 101 or 101R and 102 or 105. Develops students as writers and as teachers of writing through experiences in writing workshop, portfolio assessment, teaching strategies for writing, and an introduction to writing’s theoretical context. Credit will not be awarded for both GEN 303 and ENG 301. Gen. Ed. E-3B [AH].

ENG 306 Introduction to Creative Writing. (3) A. Prerequisite: ENG 102 or 102R or 105 or HON 102. Introduction to fundamentals of short story, poetry, play, or personal essay writing. Gen. Ed. E-3B [AH].

ENG 310 Introduction to English Studies (3) A. Prerequisites: ENG 102 or 105R or HON 102. Introduces students to broad areas of English as a discipline: literature, composition and rhetoric, creative writing and technical writing. Course will culminate in a final research project. Credit will not be awarded to students who have credit for ENG 302.

ENG 311 Early British Literature Survey (3) A. Prerequisites: ENG 102R or 105R or HON 102. A study of selected significant texts, genres, historical trends, and cultural influences in British literature from its beginnings to the 17th century. Credit will not be awarded to students who have credit for ENG 312.

ENG 312 British and American Literature Survey I (3) A. Prerequisites: ENG 102 or 105R or HON 102. A study of selected significant texts, genres, historical trends, and cultural influences in British and U.S. literature in English from the 17th to the 19th centuries.

ENG 313 British and American Literature Survey II (3) A. Prerequisites: ENG 102 or 105R or HON 102. A survey of representative British and American poets from Hopkins and Dickinson to the present.

ENG 334 Modern Drama. (3) A. Prerequisite: ENG 102 or 105R or HON 105R. A study of representative modern plays from Ibsen to the present. Credit will not be awarded for both ENG 335W and ENG 335. Gen. Ed. E-3A [AH].

ENG 335W Modern Drama (3) A. Prerequisite: ENG 102 or 105R or HON 102. A study of representative modern plays from Ibsen to the present. Credit will not be awarded for both ENG 335W and ENG 335. Gen. Ed. E-3A [AH].

ENG 337 The Bible as Literature. (3) A. Prerequisite: ENG 102 or 105R or HON 102. Survey of selected stories and poetry from the Bible from distinctly literary perspectives.

ENG 340 Mythology. (3) A. Prerequisite: ENG 102 or 105R or HON 102. Study of selected myths through historical, psychological, and literary approaches.

ENG 343 Science Fiction. (3) A. Prerequisite: ENG 102 or 105R or HON 102. A survey of science fiction from Mary Shelley to the present. Gen. Ed. E-3A [AH].

ENG 345 Literature and Film. (3) A. Cross-listed as COM 345. Prerequisite: ENG 102 or 105R or HON 102. An examination of the relationship between film and literature through a comparative study of the stylistic and technical characteristics of selected texts. Credit will not be awarded for both ENG 345 and COM 345.

ENG 346 Fantasy Literature. (3) A. Prerequisite: ENG 102 or 105R, or HON 102. A study of selected works of fantasy from the nineteenth century to the present. May include study of subgenres such as kunstmärchen, epic fantasy, “weird” fiction, dark fantasy/horror and magical realism.

ENG 347 Special Studies in English. (1-3) A. Prerequisite: ENG 102 or 105R or HON 102. Specialized study of selected topics not available in more traditional course offerings. Designed primarily for English majors/minors. May be retaken with different topics to a maximum of six hours.

ENG 349 Applied Learning in English. (5-8) A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, six, four, or two. Consistent, baccalaureate-level employment for a minimum of 40 hours employment required for each semester hour credit.

ENG 349-A N Cooperative Study: English. (5-8) A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, four, or two. Consistent, baccalaureate-level employment for a minimum of 40 hours employment required for each semester hour credit.

ENG 350 American Literature I (3, 3)
Prerequisite: ENG 102 or 105 or HON 102. A study of selected works by representative authors reflecting the chronological development of American literature from its beginnings to 1865.

ENG 351 American Literature I. (3) I, II. Prerequisite: ENG 102 or 105 or HON 102. A study of selected works by representative authors reflecting the chronological development of American literature from 1865 to the present. Credit will not be awarded for both ENG 351 and ENG 351W.

ENG 351W American Literature II. (3) I, II. Prerequisite: ENG 102 or 105 or HON 102. A study of selected works by representative authors reflecting the chronological development of American literature from 1865 to the present. Credit will not be awarded for both ENG 351 and ENG 351W.

ENG 352 English Literature I. (3) I. Prerequisite: ENG 102 or 105 or HON 102. A study of selected works by representative authors reflecting the chronological development of English literature from its beginnings through the eighteenth century.

ENG 353 English Literature II. (3) II. Prerequisite: ENG 102 or 105 or HON 102. A study of selected works by representative authors reflecting the chronological development of English literature from the Romantic period to the present. Credit will not be awarded for both ENG 353 and 353W.

ENG 353W English Literature II. (3) II. Prerequisite: ENG 102 or 105 or HON 102. A study of selected works by representative authors reflecting the chronological development of English literature from the Romantic period to the present. Credit will not be awarded for both ENG 353W and ENG 353.

ENG 361 African-American Literature. (3) A. Prerequisites: ENG 102 or 105 or HON 102. A survey of works of African-American literary traditions. Credit will not be awarded to students who have credit for AFA 361 or ENG 342. Gen. Ed. E-6 [GE].

ENG 363 Latin American/Latino Native Literature. (3) A. Prerequisite: ENG 102 or 105 or HON 102. A study of representative literature written by North American natives. Gen. Ed. E-6 [GE].

ENG 363 Latin American/Latino Literature. (3) A. Prerequisites: ENG 102 or 105 or HON 102. Survey of Latin American literature in translation and selected works by Latin/o writers.

ENG 364 Women’s Literature. (3) A. Cross-listed as SF 364. Prerequisite: ENG 102 or 105 or HON 102. Study of selected literature by women writers from varying cultures, genres, and periods. Credit will not be awarded to students who have credit for WGS 364 or ENG 335. Gen. Ed. E-3B and E-6 [AH][GE].

ENG 365W Appalachian Literature. (3) I. Cross-listed as APP 365. Prerequisite: ENG 102 or 105 or HON 102. Study of selected Appalachian artists, with emphasis on interdisciplinary, cultural, and aesthetic concerns raised in works by writers such as Shields, Z. Millay, and Still. Credit will not be awarded to students who have credit for ENG 365W, APP 365 or 365W. Gen. Ed. E-3B and E-6 [AH][GE].

ENG 406 Advanced Fiction Workshop. (3) A. Prerequisite: ENG 102 or 105 or HON 102. A study of selected works by representative authors reflecting the chronological development of English literature from its beginnings through the eighteenth century.

ENG 407 Poetry Writing Workshop. (3) A. Prerequisite: ENG 306. Advanced study in the techniques of writing poetry.

ENG 408 Advanced Fiction Workshop. (3) A. Prerequisite: ENG 306. Advanced writing workshop in fiction, with supplemental reading in genre. Weekly writing and critiques of student work. Analysis of the writing market.

ENG 409 Creative Nonfiction Workshop. (3) A. Prerequisite: ENG 306 or departmental approval. Theory, models, and advanced practice in such areas as autobiographical writing, the personal essay, “on assignment” research projects, and interviewing techniques.

ENG 410 Grammar, Traditional and Modern. (3) A. Prerequisite: ENG 102 or 105 or HON 102. A study of selected literature by women writers from varying cultures, genres, and periods. Credit will not be awarded to students who have credit for WGS 364 or ENG 335. Gen. Ed. E-3B and E-6 [AH][GE].

ENG 410 Grammar, Traditional and Modern. (3) A. Prerequisite: ENG 102 or 105 or HON 102. Grammatical structure of American English and present-day terminology used to describe that structure; analysis of the linguistic and grammatical theories underlying contemporary grammar texts.

ENG 420 Stylistics, Editing, Publishing. (3) A. Prerequisite: ENG 102 or 105 or HON 102. Development of professional skills through analysis, practice, and editing. Fundamentals of online and hardcopy publishing, including surveying the markets, and preparing and submitting manuscripts.

ENG 430 Dramatic Literature. (3) A. Cross-listed as APP 430. Prerequisite: ENG 310 or departmental approval. Survey of the major periods and genres of world dramatic literature, from the Greeks to the present; selected readings from the major playwrights, critics, and theorists. Credit will not be awarded to students who have credit for THE 430.

ENG 440 Young Adult Literature. (3) A. Prerequisite: ENG 310 or departmental approval. A survey of literature for young adults intended for Secondary English Teaching majors. Critical approaches will be applied to contemporary and significant early texts. Pedagogical approaches will be modeled.

ENG 452 American Romanticism. (3) A. Prerequisite: ENG 310 or departmental approval. A survey of the 19th century Romantic movement, concentrating on selected major authors through Whitman.

ENG 454 American Literature. (3) A. Prerequisites: ENG 310 or departmental approval. A study of the American Realistic movement from the late nineteenth century through the 20th century, concentrating on selected major authors from Twain to the present.

ENG 455 American Fiction Since 1990. (3) A. Prerequisites: ENG 310 or departmental approval. A study of American short stories and major novels of the past 30 years, concentrating on the work of contemporary American writers.

ENG 470 Chaucer and His Age. (3) A. Prerequisites: ENG 310 or departmental approval. A study of Chaucer’s works, The Pearl poet, Langland, Malory, medieval drama, and lyric.

ENG 472 Renaissance Literature. (3) A. Prerequisites: ENG 310 or departmental approval. A study of the English Renaissance, focusing on Shakespeare and his contemporaries.

ENG 473 Milton and His Age. (3) A. Prerequisites: ENG 310 or departmental approval. A study of Milton’s works, Paradise Lost, and Metaphysical Poetry, the masque, and prose of the period.

ENG 476 Restoration and Eighteenth Century Literature. (3) A. Prerequisites: ENG 310 or departmental approval. A study of Restoration literature and its relationship to the literature of the 18th century.

ENG 480 Romantic Literature. (3) A. Prerequisites: ENG 310 or departmental approval. Survey of British poetry, essays, and fiction of the Romantic period.

ENG 482 Victorian Literature. (3) A. Prerequisites: ENG 310 or departmental approval. Survey of British poetry, prose, and drama of the 19th century, emphasizing works by Dickens, Tennyson, Browning, and Thackeray.

ENG 485 British Fiction Since 1900. (3) A. Prerequisites: ENG 310 or departmental approval. A study of selected novels and short stories of the 20th century.

ENG 490 Creative Writing Capstone. (3) I, II. Prerequisites: ENG 306 and at least 3 credit hours in the following courses: ENG 406, 407, 408, 409, 409, 502, 503, 504. Portfolio creation, assessment, and career guidance.

ENG 491 Technical Writing Capstone. (3) I, II. Prerequisites: ENG 300 and junior status. Provides professional technical writing experience by placing students in appropriate positions with area businesses and industries.

ENG 492 English Literature Capstone. (3) A. Prerequisites: ENG 300 or departmental approval. Survey of representative British novels and short stories of the 19th century.

ENG 499 Independent Study. (3-15) A. Prerequisites: ENG 310 or departmental approval. Individual study and/or research on a problem pertaining to literature or language. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retained with different topics to a maximum of six hours.

ENG 502 Advanced Creative Writing. (3) A. Prerequisites: ENG 310 and departmental approval.
Open to students who desire to have their manuscripts criticized, fiction, drama, poetry, biography, or the informal essay accepted; guest lectures and discussion with writers in residence.

ENG 503 Creative Writing Workshop. (1) A. Prerequisites: ENG 310 and departmental approval. One week course of lectures and discussions by faculty and guest lecturers. Each student must submit a short story, a one-act play, four poems, or equivalent. May be retaken for a maximum of three hours.

ENG 504 Creative Writing Mentorship. (2) Formerly ENG 504 X. Prerequisite: ENG 503. Corresponding with instructor online and in conference, students will continue to develop projects begun in ENG 503.

ENG 510 Introduction to Linguistic Theory. (3) A. Prerequisites: ENG 102 or 102R or 105 or HON 102, and one additional ENG course. An introduction to current linguistic theory and practice.

ENG 515 English as a Second Language. (4) A. Prerequisite: ENG 102 or 102R or 105 or HON 102 or departmental approval. Study of theories advanced to explain the learning of English as a second language.

ENG 520 History of the English Language. (3) A. Prerequisites: ENG 102R or 105 or HON 102, and one additional ENG course. Study of the history of the English language in terms of social, historical, and linguistic forces from which it developed into modern English.

ESS 520 Topics in a Genre. (3) A. Prerequisites: ENG 310 and one additional literature course; or departmental approval. Study of a designated literary genre, such as the novel, epic poetry, classical drama, or a popular literature genre. May be retaken with different topics to a maximum of six hours.

ENG 550 Topics in Literature. (3) A. Prerequisites: ENG 310 and one additional literature course. An intensive study of a particular aspect of literature such as theme, movement, or contrary directions/experiments. May be retaken with different topics to a maximum of six hours.

ENR—Learning Skills

Dr. James Keller, Chair

ENR 112 Academic Literacy and Learning. (3) I, II. Prerequisite: completion of all ENR academic reading courses in 50 hours or fewer. Provider practice in critical reading of arts and humanities texts. Students examine ways that writers express culturally relevant themes and concepts in various genres. Emphasis on strategic reading, writing, and learning practices.

ENR 115 Learning Dynamics. (1) I, II. Five-week course concentrates on learning techniques for efficient and effective study of college reading materials. Emphasis on learning, storing, and retrieving information. Credit will not be awarded for both ENR 115 and ENR 112.

ESE—Secondary Education

Dr. Ginni Fair, Chair

ESE 307 Clinical Experiences for Teachers. (1-3) A. Prerequisite: departmental approval. Provides clinical experiences such as observations, participation, and tutoring for prospective teachers in locations such as the learning lab. May be retaken to a maximum of six hours.

ESE 490 Secondary Curriculum, Classroom Organization and Management. (3) I, II. Prerequisites: EDF 310 and admission to professional education. Corequisite: EMS 349R. Emphasis on questions and problems encountered in secondary teaching including classroom management, state and national curriculum trends and issues.

ESE 507 Problems in Secondary Education. (1-3) A. Prerequisite: advisor/departmental approval. Independent work, special workshops, special topics, or seminars.

ESE 540 Teaching Art in the Schools. (3) I. Cross-listed as AED 540. Prerequisites: admission to professional education, EDF 413(C), EMS 490(C), EMS 490(C), and 90 hours in the BA in Art Education program. Corequisite: AED 561 and CED 450. Developmentally appropriate materials and methods for teaching art in the schools. Credit will not be awarded for both ESE 540 and PHE 190.

ESE 543 Teaching of Language Arts in the Secondary School. (3) I. Prerequisites: EDF 413(C), EMS 490(C), CED 400(B), and admission to professional education. Corequisite/Prereq: CED 363. Corequisite: CED 450. Developmentally appropriate materials and methods for teaching language arts in secondary schools.

ESE 549 Teaching Social Studies in the Secondary School. (3) I. Prerequisites: EDF 413(C), EMS 490(C), CED 400(B), admission to professional education. Corequisite: CED 450. Developmentally appropriate materials and methods for teaching social sciences in the secondary school.

ESE 552 Teaching of Career and Technical Education in Middle and Secondary Schools. (3) I. Prerequisites: EDF 413(C), EMS 490(C), CED 400(B), and admission to professional education. Corequisite/Prereq: CTE 363. Corequisite: CED 450. Developmentally appropriate materials and methods for teaching technology and career and technical education in the middle and secondary schools.

ESE 553 Family and Consumer Sciences Education Curriculum. (4) I. Prerequisites: ENG 310 and departmental approval. Prerequisite/ Corequisite: EDF 413(C), EMS 490(C), CED 400(B), admission to professional education program. Corequisite: CED 450. Current curricular trends and methodology for teaching FCS in middle/secondary grades. Program philosophy, legislation, curriculum, and implementation.

ESE 561 Teaching Science in Secondary School. (3) I. Prerequisites: EDF 413(C), EMS 490(C), CED 400(B), and admission to professional education. Corequisite: CED 450. Developmentally appropriate materials and methods for teaching health and physical education in secondary schools.

ESE 566 Teaching of Health and Physical Education in Schools. (3) I, II. Prerequisites: EDF 413(C), EMS 490(C), CED 400(B), admission to professional education. Corequisite: CED 450. Developmentally appropriate materials and methods for teaching health education.

ESE 574 Teaching Reading in the Secondary School. (1-3) A. Prerequisites: education core and admission to professional education. Emphasis on developmental and content area reading skills, appraisal of reading abilities, appropriate materials, assessment, and organization of secondary reading programs.

ESE 579 Music Education: Principles and Practices. (3) I. Cross-listed as MUE 579. Prerequisites: EDF 413(C), EMS 490(C), EMS 490(C). Prerequisite/ Corequisite: CED 450. Developmentally appropriate materials and methods for teaching music education in secondary schools. Credit will not be awarded for both ESE 579 and PHE 190.

ESS—Exercise and Sport Science

Dr. Eric Fuchs, Chair

ESS 180 Lifetime Wellness. (3) I, II, Formerly PHE 180. Interactive learning and laboratory experiences for individual assessment, practice of exercise systems, and implications for learning. This course offers a comprehensive discussion of the critical areas of health, physical fitness, and wellness. Credit will not be awarded for both ESS 180 and PHE 180.

ESS 199 Wellness Experience. (1-2) I, II. Formerly PHE 190. Wellness activities of current interest and/or need for students. May be retaken to a maximum of six hours, if subtitles are different. Credit will not be awarded for both ESS 199 and PHE 190.

ESS 200 Dance and Culture. (3) I. Formerly PHE 200. Introduction to dance and its role as a non-verbal means of expression. The course examines several dance forms and their cultural context including folk, social, ethnic, entertainment, and dance as an art form. Gen. Ed. 3A. Credit will not be awarded for both ESS 200 and PHE 200.

ESS 201 Foundations of Sport Science. (3) I, II. Formerly PHE 201. Introduction to the profession, exposure to professional standards in the field, and historical perspective and philosophies in physical education and sports science. Credit will not be awarded for both ESS 201 and PHE 201.

ESS 212 Care and Prevention of Athletic and Exercise Injuries. (3) I, II. Formerly PHE 212. Overview of the mechanism, prevention, management, and rehabilitation of athletic and exercise injuries. Credit will not be awarded for both ESS 212 and PHE 212.

ESS 220 Team Sports I. (3) I, II. Formerly PHE 220. Basic skills, strategy, rules, officiating, and teaching techniques related to various team sports. Credit will not be awarded for both ESS 220 and PHE 220.

ESS 224 Team Sports II. (3) I, II. Formerly PHE 224. Prerequisite: Open only to majors in Physical Education or Sport Management, or those who have declared a coaching minor, coaching/ personal training certificate, or those with departmental approval. Basic strategy, rules, officiating, and teaching techniques related to basketball, volleyball, soccer, and track and field. Credit will not be awarded for both ESS 224 and PHE 224.

ESS 230 Social Dance I. (1-3) I, II. Formerly PHE 230. This course introduces the basic movement concepts of social dancing. Rhythm, style and variations of several popular social dances are covered as well as leading and following skills. Some of the dances covered includes: swing, salsa, merengue, tango, waltz and hustle. Credit will not be awarded for both ESS 230 and PHE 230.

ESS 241 Introduction to Swimming. (1) A. Develop swimming skills and endurance to intermediate level; study of fundamental mechanical principles of basic safety skills; ability to conduct a variety of aquatic activities. Credit will not be awarded for both ESS 241 and PHE 241.

ESS 250 Modern Dance I. (1) I, II. Formerly PHE 250. A beginning level modern dance technique class designed to introduce the student to basic modern dance skills and concepts including some improvisation and choreographic skills. No prior dance experience is necessary. May be retaken up to a maximum of 3 hours. Credit will not be awarded for both ESS 250 and PHE 250.

ESS 261 Coaching Baseball and Softball. (2) I, II. Formerly PHE 261. Theory and practice in coaching the fundamentals of baseball and softball, team offense and defense. Credit will not be awarded for both ESS 261 and PHE 261.

ESS 271 Ballot I. (1) A. Formerly PHE 271. A beginning ballot class designed to introduce the student to the major events of a ballot. Basic terms, center floor and across the floor combinations are performed. Ballot history and terminology are covered through the textbook readings and videos. Credit will not be awarded for both ESS 271 and PHE 271.

ESS 300 Dance Activities in the Schools. (3) I, II. Formerly PHE 300. Teaching creative and social forms of dance in the educational and recreational setting. Credit will not be awarded for both ESS 300 and
PHE 300.  
ESS 301  Foundations of Coaching. (3) I, II. Formerly PHE 301. Coaching communication, organization, motivational skills, sports skills, tactics, and philosophy. American Sport Education Program (ASEP) certification awarded to those who qualify. Credit will not be awarded for both ESS 301 and PHE 301.

ESS 302  Individual and Dual Sports I. (3) I, II. Formerly PHE 305. Prerequisite: Open only to majors in Physical Education or Sport Management, those who have declared a coaching minor, coaching personal trainers, certificated or uncertificated with departmental approval. Basic skills, strategy, etiquette, rules, and teaching techniques related to archery, bowling, and racquetball. Credit will not be awarded for both ESS 306 and PHE 306.

ESS 310  Physical Activity and Child Development. (3) I, II. Formerly PHE 310. Prerequisite: EDF 219 or 219W with a minimum grade of “C”. Understanding of motor development and the improvement of human movement through developmentally appropriate activities which are basic to readiness for performance at school. Credit will not be awarded for both ESS 310 and PHE 310.

ESS 313  Lifeguard Training. (I) I, II. Formerly PHE 313. Prerequisite: ability to pass American Red Cross lifeguarding test. Advanced technique of water safety and rescue; American Red Cross certification awarded to those who qualify. Credit will not be awarded for both ESS 313 and PHE 313.

ESS 320  Biomechanics. (3) I, II. Formerly PHE 320. Prerequisite: BIO 307. Qualitative study of human movement through anatomical, physiological, and biomechanical concepts; analysis and application. Credit will not be awarded for both ESS 320 and PHE 320.

ESS 322  Legal Issues in Sport. (3) I. Formerly PHE 322. Prerequisite: GBU 204. Legal issues involved in the provisions, management, and business operations of sport. A critical perspective of the American legal system as it applies to sport. Credit will not be awarded for both ESS 322 and PHE 322.

ESS 323  Movement Concepts and Skill Themes. (3) I, II. Formerly PHE 323. Prerequisites: physical education major, CED 100 and EDF 203. Motor skill themes and movement concepts required for planning and teaching the appropriate sequence and scope for achievement of learner outcomes through elementary physical education. Credit will not be awarded for both ESS 323 and PHE 323.

ESS 324  Policy and Governance in Sport. (3) I. Formerly PHE 324. Designed to encourage students to integrate management theory with governance and the practice of sport business operations, including budgeting, legal issues, marketing, competitive positioning, regulatory compliance, and strategies for success in sport and recreation industries. Credit will not be awarded for both ESS 328 and PHE 328.

ESS 330  Social Dance I. (2) I. Formerly PHE 330. This course will build on skills learned in Social Dance I. New dances covered will include: Triple Step, Swing, West Coast Swing, Rumba and Quickstep. More variations will also be introduced for dances learned in Social Dance I. Credit will not be awarded for both ESS 330 and PHE 330.

ESS 340  Coaching Safety Instructor. (3) I, II. Formerly PHE 340. Prerequisite: proficient swimming ability. This American Red Cross course will train students to become certified swimming instructors. Course consists of lecture, lab, technique instruction, and practice teaching. WSI certification for those who qualify. Credit will not be awarded for both ESS 340 and PHE 340.

ESS 343  Lifeguard Instructor. (3) A. Requires American Red Cross Lifeguard certification and age of 17 years or older. Course is designed to teach students who are already certified as American Red Cross Lifeguards to become American Red Cross Lifeguard Instructors (LGIs), allowing them to instruct American Red Cross Lifeguard participants first aid and CPR for the Professional Rescuer/AED. Focuses on classroom and in-water instruction, planning, organizing, sequencing, skill development, and Red Cross operation policies and procedures.

ESS 345  Dance Choreography. (2) II. Formerly PHE 345. Basics of dance choreography, applicable to entertainment and art forms of dance. Credit will not be awarded for both ESS 345 and PHE 345.

ESS 349  Application of Functional Anatomy, Basic Physiology and Physics to Dance Movement. (Imp) Formerly PHE 349. Study of the dynamics of coaching physical education. (5-8) A. Formerly PHE 349. Work in a cooperative placement related to student’s academic studies. Satisfactory (S) or Unsatisfactory (U) grade. May be retaken to a maximum of eight hours. A minimum of 80 hours work required for each semester hour credit. Credit will not be awarded for both ESS 349 and PHE 349.

ESS 349 A-N  Cooperative Learning: Physical Education. (5-8) A. Formerly PHE 349 A-N. Work in a cooperative placement related to student’s academic studies. Satisfactory (S) or Unsatisfactory (U) grade. May be retaken to a maximum of eight hours. A minimum of 80 hours work required for each semester hour credit. Credit will not be awarded for both ESS 349 and PHE 349 A-N.

ESS 350  Modern Dance I, II. (1) A. Formerly PHE 350. An intermediate level Modern Dance technique class including floor, center floor and across the floor dance combinations. The course is designed to help the student improve his/her alignment, technique, improvisation and choreographic skills. Credit will not be awarded for both ESS 350 and PHE 350.

ESS 355  Ethnic Dance Forms. (1) A. Formerly PHE 355. A beginning/intermediate dance class in a particular ethnic form of dance. Basic steps and rhythms characteristic of the dance form will be learned as well as information about the culture from which it is derived. Credit will not be awarded for both ESS 355 and PHE 355.

ESS 360  Coaching Basketball. (2) I, II. Formerly PHE 360. Theory and practice in coaching the fundamentals of basketball; team offense and defense. Credit will not be awarded for both ESS 360 and PHE 360.

ESS 361  Coaching Volleyball. (2) I, II. Formerly PHE 361. Theory and practice in coaching the fundamentals of volleyball; team offense and defense. Credit will not be awarded for both ESS 361 and PHE 361.

ESS 362  Coaching Track and Field. (2) I, II. Formerly PHE 362. Theory and practice in coaching the fundamentals of track and field. Credit will not be awarded for both ESS 362 and PHE 362.

ESS 383  Sports Officiating. (1) I, II. Formerly PHE 383. Technique and skill of officiating, structure of officiating, and relationship between performance, behavior, and the official’s duties. Credit will not be awarded for both ESS 383 and PHE 383.

ESS 390  Lifetime Activity Courses: 2-3. (1/2 - 2) I, II. Formerly PHE 390. A series of activities suitable for participation throughout life. Includes rules, skills, techniques, and strategies. May be retaken to a maximum of four hours toward graduation requirements. Credit will not be awarded for both ESS 390 and PHE 390.

ESS 400  Management of Sport Organizations. (3) I, II. Formerly PHE 400. Aspects of sport management including disciplinary foundations of sport, theoretical and applied foundations of organization and management, opportunities available in various segments of the sport industry, and professional preparation and development. Credit will not be awarded for both ESS 400 and PHE 400.

ESS 407  Strength and Conditioning Programming. (3) I, II. Formerly PHE 407. Advanced skills in developing, implementing, and evaluating strength training programs. Knowledge of strength and resistance training, spotting techniques, and safety techniques, exercises and associated anatomy, periodization, and general guidelines for all fitness levels and ages. Credit will not be awarded for both ESS 407 and PHE 407.

ESS 415  Outdoor and Lifelong Leisure Motor Activities. (3) I. Formerly PHE 415. Prerequisite: EDF 203. Knowledge and skills needed to conduct cooperative, leisure, adventure, and outdoor motor activities for achievement of personal and educational goals in the school system. Credit will not be awarded for both ESS 415 and PHE 415.

ESS 418  Dance Science. (3) A. Formerly ESS 418. Application of functional anatomy, basic physiology and physics to dance movement. Offers knowledge base for teachers to instruct safe and effective dance classes and prevent injury. Requirement for Dance Certification. Credit will not be awarded for both ESS 418 and PHE 418.

ESS 420  Coaching Football. (2) I, II. Formerly PHE 420. Theory and practice in coaching the fundamentals of football; team offense and defense. Credit will not be awarded for both ESS 420 and PHE 420.

ESS 423  Psychology of Coaching. (3) I. Formerly PHE 423. Study of the dynamics of coaching including performance enhancement and understanding the role of the coach in a group setting. Credit will not be awarded for both ESS 423 and PHE 423.

ESS 430  Fitness Program Administration. (3) I. Formerly PHE 430. Prerequisites: ESS majors and junior or senior standing. Students will learn aspects of fitness and wellness program administration, including management skills, risk management, member tracking, promotion, and record keeping. Additionally, students will be introduced to clinical exercise and electrocardiography. Credit will not be awarded for both ESS 430 and PHE 430.

ESS 433  Adult Physical Fitness Programs. (3) I. Formerly PHE 433. Prerequisites: ESS Physical Fitness & Wellness Concentration and junior or senior standing. Practice and study of exercise programs meeting the guidelines of the American College of Sports Medicine (ACSM) for improving health-related fitness in adults. Credit will not be awarded for both ESS 433 and PHE 433.

ESS 435  Group Fitness Instruction. (3) I. Formerly PHE 435. Prerequisites: ESS majors and junior or senior standing. Students will learn aspects of fitness and wellness program administration, including management skills, risk management, member tracking, promotion, and record keeping. Additionally, students will be introduced to clinical exercise and electrocardiography. Credit will not be awarded for both ESS 435 and PHE 435.

ESS 490  Outdoor and Lifelong Leisure Motor Activities. (3) I. Formerly PHE 490. Aspects of sport management including disciplinary foundations of sport, theoretical and applied foundations of organization and management, opportunities available in various segments of the sport industry, and professional preparation and development. Credit will not be awarded for both ESS 490 and PHE 490.
the dancer that has had several years of dance training and is prepared for more challenging and complex dance skills. May be retaken to a maximum of six hours. Credit will not be awarded for both ESS 540 and PHE 540.

**ESS 472** Internship: Physical Fitness and Wellness Management. (1-6) A. Formerly PHE 472. Prerequisite: 2.0 GPA; completion of physical education core courses and physical fitness and wellness option courses. Students are required to document a minimum of 50 hours of physical fitness and wellness related experiences prior to enrollment in ESS 472. Supervised experiences in the directing of sports and physical activities in various settings. May be retaken to a maximum of six hours. Credit will not be awarded for both ESS 470 and PHE 470.

**ESS 477** Practicum in Teaching Dance. (3) A. Formerly PHE 471. Practical experience creating lesson plans and teaching dance in the P-12 school system. Practicum students will teach primary, elementary, middle and secondary students, dance as an art form along with ethnic, folk and social dance. Required for Dance Certification. Credit will not be awarded for both ESS 471 and PHE 471.

**ESS 479** Internship: Sport Management. (1-6) A. Formerly PHE 472. Prerequisite: 2.0 GPA; completion of physical education core courses and physical fitness and wellness option courses. Students are required to document a minimum of 50 hours of physical fitness and wellness related experiences prior to enrollment in ESS 472. Supervised experiences in the directing of wellness and physical fitness activities in various settings. May be retaken to a maximum of six hours. Credit will not be awarded for both ESS 470 and PHE 470.

**ESS 485** Independent Study. (1-3) I, II. Formerly PHE 485. Individual work on a physical education related problem in supervised situation. Restricted to undergraduate physical education major or minor student. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. Credit will not be awarded for both ESS 485 and PHE 485.

**ESS 489** Experiences in Research (1-3) I, II. Formerly PHE 490. Prerequisites: ATR 100 or ESS 201 and departmental approval. Directed research experience in athletic training, physical education or sports management. May be retaken to a maximum of 9 hours. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. Credit will not be awarded for both ESS 490 and PHE 490.

**ESS 517** Bioenergetics in Physical Activity (3) A. Formerly PHE 517. Prerequisite: Junior/Senior standing in major or with departmental approval. Study of bioenergetics processes and the relationship to energy storage, transformation and utilization in biological systems. Study of energy metabolism during different physiological conditions and the applications to clinical exercise science and sport. Credit will not be awarded for both ESS 517 and PHE 517.

**ESS 530** Sport Communications. (3) Ii. Formerly PHE 530. Students will explore and apply communication theories to the sport and exercise industry. Emphasis will be on examination of public and media relations with a special focus on organizational communication to external and internal publics. Credit will be limited to 9 hours total credit in the PHE 530 sequence.

**ESS 562** Adapted Physical Activity, (3) I, II. Formerly PHE 562. Principles and practices of adapted physical education emphasizing the needs of people with disabilities. Emphasis will be placed on the importance of physical activity, recent legislation, assessments, individual education plans, and adapting activities. Credit will not be awarded for both ESS 562 and PHE 562.

**ESS 575** Tests and Measurements. (3) I, II. Formerly PHE 575. Administration and scoring of tests; evaluation of use of results obtained. Credit will not be awarded for both ESS 450 and PHE 450.

**ESS 580** Special Topics in Exercise and Sport Science. (1-4) A. Formerly PHE 590. Study of various topics in physical education and sport selected to meet special student needs and interests. May be retaken to a maximum of 12 hours. Credit will be awarded only for the first 6 hours of credit. Co-op Coordinator approval required. Credit will not be awarded for both ESS 590 and PHE 590.

**ESS 590** Special Topics in Exercise and Sport Science. (1-4) A. Formerly PHE 590. Study of various topics in physical education and sport selected to meet special student needs and interests. May be retaken to a maximum of 12 hours. Credit will be awarded only for the first 6 hours of credit. Co-op Coordinator approval required. Credit will not be awarded for both ESS 590 and PHE 590.

**FCC**—Foreign Culture and Civilization

Dr. Abby Pollenberger, Chair

**FCC 210** Topics in Culture: ____, (3) A. May be retaken to a maximum of 6 hours if topic is different. Introduction to the unique values and traditions of a major African, Asian, Hispanic, or European culture as reflected in its aesthetic, intellectual, and other cultural achievements. Taught in English. Gen. Ed. E-3B [AH].

**FCS**—Family and Consumer Sciences

Dr. Dana Bush, Chair

**FCS 320** Family Housing and Design. (3) I. Introduction to housing and its relationship to human needs. Historical, governmental and current issues influencing housing consumption of individuals and families. Design considerations emphasized include principles and elements, architecture, furniture, and space planning. Formerly PHE 320. Prerequisites: 2.0 GPA; completion of physical education core courses and physical fitness and wellness option courses. Students are required to document a minimum of 50 hours of physical fitness and wellness related experiences prior to enrollment in ESS 472. Supervised experiences in the directing of wellness and physical fitness activities in various settings. May be retaken to a maximum of six hours. Credit will not be awarded for both ESS 470 and PHE 470.

**FCS 330B** Field Experience in CDF. (1-8) A. Prerequisites: department approval and 2.0 institutional GPA. Supervised work experience in department approved organization. A minimum of 80 hours work required for each academic credit. May be taken to a maximum of 8 hours.

**FCS 349 Applied Learning in Family and Consumer Sciences.** (5-8) A. Prerequisite: department approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight; associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

**FCS 349-A-N** Cooperative Study: Family and Consumer Sciences. (5-8) A. Prerequisite: department approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight; associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

**FIN**—Finance

Dr. Oliver Feltus, Chair

**FIN 201** Personal Management. (3) I, II. A consumer approach to insurance, family budgeting, income taxes, elementary investment principles, and estate planning.

**FIN 300** Business Finance I. (3) I, II. Prerequisites: ACC 201, 202, ECO 230, MAT 112 or 112B or 114 or 211, and QMB 200 or ECO 220 or STA 215 or STA 270, with a grade of “C” or better in each course, junior standing (a minimum of 60 hours) and an overall minimum 2.0 GPA. Financial principles with applications to business organizations. Includes financial motivations, time value of money, risk analysis, elementary capital budgeting, residual dividend policy, elementary capital structure decisions, analysis of financial statements, and international financial considerations.

**FIN 301** Corporate Finance. (3) I, II. Prerequisites: Finance majors only or departmental approval and FIN 300 with a minimum grade of “C”.

An in-depth exploration of capital structure (including dividend policy) decisions, working capital management, financial forecasting and planning, the agency problem and its implication for security markets and firm valuation, financial market efficiency.

**FIN 302** Small Business Finance. (3) A. Prerequisite or Corequisite: FIN 301. Equity, debt and venture capital markets for small businesses and entrepreneurs. Also systems for management generation and internal controls, sources and uses of funds forecasting, short-term asset liability management, and capital structure decisions are explored. A student firm valuation project.

**FIN 304** Financial Institutions. (3) I, II. Prerequisites: ACC 201 and FIN 201. A comprehensive overview of the financial institutions industry, with an emphasis on commercial banks.

**FIN 310** Entrepreneurial Finance. (3) I, II. Selection of business form, tax planning, financing and cash flow planning; motivating and retaining employees; compensation planning; debt and equity financing; legal, tax and behavioral considerations.

**FIN 311** Personal Financial Planning. (3) I, II. Prerequisite: FIN 201 or 300 or 310, or FRM 352. Time value of money applications; personal financial statements development and assessment; cash flow and debt management; asset acquisition; education planning; planning elements of risk management; investment planning; and retirement planning.

**FIN 315** Financial Statement and Loan Analysis (3) A. Prerequisites: FIN 304, FIN 310 with a grade of “C” or better in each course. This course introduces the fundamentals of financial analysis for the purpose of credit analysis from the perspective of commercial banks. Students will learn from case studies adapted from real life examples to develop an understanding of credit risk, the development of lending policies and procedures, pricing loans and expectations of risk and return.

**FIN 324** Principles of Investments. (3) A. Prerequisite: FIN 300 or FIN 201 or FIN 310 with a “C” or better. Analysis of the characteristics, valuation, and tax implications of various investments such as common and preferred stock; corporate, federal and municipal debt; mutual funds; money market accounts; options and futures. Explores methods of trading securities.

**FIN 330** Principles of International Finance. (3) A. Prerequisite: FIN 300 with a “C” or better. Financial decision-making processes of multinational corporations; flow of funds; exchange rate determination and management; asset acquisition; currency futures and options; international arbitrage; measurement and management of exchange rate exposure; multinational capital budgeting; analysis of country risk.

**FIN 349 Applied Learning in Finance.** (5-8) A. Prerequisites: minimum GPA of 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/ or career goals. Minimum of 80 hours work for each
credit hour. May be repeated for a total of 16 credit hours.

FIN 349 A-N Cooperative Study: Finance. (5-8) A. Prerequisites: minimum GPA of 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work for each credit hour. May be repeated for a total of 16 credit hours.

FIN 390S Community Financial Literacy. (3) A. Prerequisites: FIN 201, 310, and 311 with a grade of C or better in each course. Application of financial planning for community members; teaching financial literacy to EKU’s service areas and surrounding communities.

FIN 410 Financial Analysis and Valuation. (3) A. Prerequisites: FIN 300W and FIN 300 with “C” or better. Exploration of discounted residual earnings as basis for valuation; sources of value creation; methods of forecasting future financial statements. Students are required to produce analyst report for a public company.

FIN 420 Investment and Portfolio Theory. (3) II. Prerequisites: FIN 301 and 324 with a “C” or better. Investment analysis including efficient market theory and empirical investigations, security valuation, risk free borrowing and lending; portfolio selection and performance examination. Also included are derivatives’ valuation and their role in a diversified portfolio.

FIN 424 Derivatives Valuation and Accounting. (3) A. Prerequisites: FIN 301 with “C” or better and/or ACC 302 with “B” or better and departmental approval. General valuation principles for derivatives, numerical methods of derivative valuation, regulations covering executive stock options, accounting of derivatives. Also covered are special purpose vehicles.

FIN 437 Bank Management. (3) A. Prerequisites: FIN 315 with a grade of “C” or better. A synthesis of the financial concepts and theories mastered in previous finance courses. The student will develop a quantitative and qualitative understanding of banking institutions management and how decisions are made. This course includes a bank management simulation activity.

FIN 450 Project in Finance. (1-3) III. Prerequisite: departmental approval. Selected topics of special contemporary interest to finance students. Students are required, under supervision of finance faculty, to write a paper on any finance topic of their choosing.

FIN 490 Special Problems in Finance. (1-4) A. Prerequisite: advisor/departmental approval. May be taken under different sub-topics to a maximum of six hours. Independent work, special workshops, special topics, or seminars.

FLS—Foreign Language Studies Dr. Abbey Poffenberger, Chair

FLS 100 Adventures in Language: ______. (1-3) A. This course introduces students to a language and culture through a variety of possible topics such as French cinema, German folklore, or Spanish dance. May be taken to a maximum of six hours if topic is different.

FLS 101 Language Topics: ______. (3) A. Entry level study of a less frequently taught language such as Arabic, Chinese, Greek, Swahili, or other. May be retaken to a maximum of six hours if topic is different. Gen. Ed. E-C[GE]

FLS 102 Language Topics: ______. (3) A. Continuing study of a less frequently taught language such as Arabic, Chinese, Greek, Swahili, or other. May be retaken to a maximum of six hours if topic is different. Gen. Ed. E-C[GE]

FLS 210 Language Topics: ______. (3) A. Prerequisite: Basic proficiency in the language and departmental approval. Intermediate level study of a less frequently taught language such as Arabic, Chinese, Greek, Swahili, or other. May be retaken to a maximum of six hours if topic is different.

FLS 230 Language Studies Abroad: (1-12) A. Prerequisite: Departmental approval prior to study abroad. Intensive intermediate level coursework in study abroad programs. May be retaken to a maximum of 12 semester hours for duration of study abroad program(s).

FLS 295 Independent Work in Language. (1-3) A. For students with previous language study. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of nine hours if topic is different.

FLS 300 Elements of Foreign Language: ______. (3) A. Prerequisites: departmental approval and the student’s major departmental approval. Introduces basic linguistic structures of major European languages, including pronunciation and intonation patterns; sharpens awareness of linguistic differences.

FLS 330 Language Studies Abroad: (1-12) A. Prerequisite: Departmental approval prior to study abroad. Intensive intermediate/advanced level coursework in study abroad programs. May be retaken to a maximum of 12 semester hours for duration of study abroad program(s).

FLS 490A-N Cooperative Study: ______. (5-8) A. Prerequisite: departmental approval. Work in placements related to foreign language study. One to eight hours credit per semester or summer. Total hours: 16. A minimum of 80 hours employment required for each semester hour credit.

FMT—Fermentation Science Dr. Tanea Reed, Chair

FMT 140 Introduction to Fermentation (4) A. Prerequisites: completion of all academic readiness requirements. Course will provide an introduction to chemical and biological concepts as it relates to the production of desirable beverages and other products through the biochemical pathways of microorganisms typically used (for fermentation process). 3 Lec / 3 Lab. Gen. Ed. E-4

FMT 334 Fermentation Microbiology (3) A. Prerequisites: FMT 140 (C). Course demonstrates the biochemistry, genetics, and behavior of microorganisms for the production of fermented beverages. 2 Lec / 3 Lab. Credit will not be awarded for both FMT 343 and 540.

FMT 344 Chemical Analysis & Quality Control (4) A. Prerequisite: FMT 140 (C) and ACT math score of 22+ or SAT math score of 530+ or MAT 112 (C) or higher. Course focuses on quality assurance and control (QA/QC) based on analysis using chemical and instrumental methods of initial feedstocks, water, and fermentation products. Analysis will be based on current industrial standards. 3 Lec/3 Lab.

FMT 345 Sensory Analysis (2) A. Prerequisite: FMT 140 (C) and age requirement ≥21 years. Basic principles involved in sensory perception pertaining to neurochemistry and practical sensory experience with products generated from fermentation processes. 1 Lec / 2 Lab.

FMT 349 Applied Learning in Fermentation Science. (0.5-8) A. Prerequisite: FMT 140 (C) and departmental approval. Independent investigations and study related to academic studies in fermentation science and based in a laboratory setting. One half to eight hours credit per semester or summer. A minimum of 80 hours of employment required for each semester hour of academic credit. May be repeated for maximum of 12 credit hours but only three hours may be counted toward the major requirements.

FMT 349 A-N Cooperative Study: Fermentation Science. (0.5-8) A. Prerequisite: FMT 140 (C) and Departmental approval. Work in experiences related to academic studies in fermentation science. One half to eight hours credit per semester or summer. A minimum of 80 hours of employment required for each semester hour of academic credit. May be repeated for maximum of 8 credit hours.

FMT 490 Forensic Professional Practice. (3) A. Prerequisite: FMT 310 and departmental approval. Independent laboratory work and study related to forensic science in a laboratory setting. A minimum of 80 hours of employment required for each semester hour of academic credit.

FMT 499 Forensic Research. (1-3) A. Prerequisites: FMT 140 (C) and departmental approval. Students concentrate on the objectives and techniques of fermentation science research to address a variety of issues/problems in all aspects of the field. May be repeated for a maximum of six hours but only three hours can count towards a degree. Student must have the independent study proposal form approved by faculty supervisor and departmental chair prior to enrollment. 3 Lab.

FMT 501A-D Special Topics in Fermentation: ______ (1-3) A. Prerequisite: Senior standing and departmental approval. Lecture or laboratory experience to be chosen from current and/or special areas of fermentation science including (but not limited to) historical aspects, advanced methods of analysis, or facility building. Topics will vary according to student interests and needs. May be retaken to a maximum of six hours. If a laboratory course, then three contact hours will be required for every credit hour.

FMT 549 Fermentation Project Lab. (2) A. Prerequisites: Senior standing, FMT 343 (C), and 344 (C). Age requirement ≥21 years. Course to perform an independent capstone project where students will decide on the process to make a final fermentation product. Complete analysis of the product will also be performed at different stages of production. 1 Lee/3 Lab.

FOR—Forensic Science Dr. Tanea Reed, Chair & Dr. Jamie Fredericks, Director

FOR 301 Introduction to Forensic Science. (3) A. Prerequisite: Completion of math readiness indicator. Introduction to the application of scientific methods for the examination of physical evidence in the criminal justice system; an overview of the forensic analysis of fingerprints, drugs, hair, blood, fibers, paint, glass, arson debris, etc.

FOR 310 Training for Forensic Internships. (1) A. Prerequisite: junior or senior standing in Forensic Science. This course provides the student guidance in the preparation for an internship and explains the forensic internship application process.

FOR 331 DNA Profiling. (3) A. Prerequisite: BIO 111(C). Prerequisite or corequisite: CHE 102(C) or 361(C). This course will include topics in forensic DNA profiling; sample collection, DNA extraction, DNA quantitation and amplification. Preparers students for further studies/career in forensic/molecular biology. Laboratory FOR 331L is optional with this course.

FOR 331L DNA Profiling Lab. (1) A. Prerequisite: CHE 361(C). Prerequisite or co-requisite: FOR 331. Laboratory course of FOR 331. Provides practical experience in Forensic DNA profiling; sample collection, DNA extraction, DNA quantitation and amplification. Preparers students for further studies/career in forensic/molecular biology.

FOR 349 Applied Learning in Forensic Science. (0.5-8) A. Prerequisite: FOR 310 and departmental approval. Independent laboratory work and study related to forensic science in a laboratory setting. A minimum of 80 hours of employment required for each semester hour of academic credit.

FOR 401 Forensic Professional Practice. (3) A. Prerequisite: FOR 301. Introduces professional practices and expectations for the forensic scientist. Includes discussion of professionalism, criminal justice, ethics, QA/QC, accreditation, technical writing, data treatment and interpretation.

FOR 411 Instrumental Analysis (3) A. Cross-listed with CHE 425. Prerequisites: CHE 362L, 362L, 362L, PHY 132 (or 202); MAT 234 (C or better in each course). Prerequisite or Corequisite: CHE 411L. Fundamental principles of the operation and application of analytical instrumentation including spectroscopy,
FRE—French
Dr. Abbey Poffenberger, Chair

FRE 101 Conversational French I. (3) I, II.
Prerequisite: all required reading and writing academic readiness indicators. Beginning French conversation, grammar, and language skills. Emphasis on speaking and listening comprehension. Introduction to basic written forms. Taught in context of French and francophone cultures. Laboratory work required. Gen. Ed. E-6 [GE].

FRE 102 Conversational French II. (3) I, II.
Recommended: FRE 101 or equivalent proficiency. (Students entering FRE 102 by referral or placement, with two years high school French or equivalent, receive three hours credit for FRE 101 if they make an “A” in 102.) Continuing work on communicative skills. Preparation for credit when new topics are offered. Topics and credit subject to change as the French language and culture evolve. Credit will not be awarded for both FRE 101L and FRE 412L. 3 Lab.

FRE 201 Intermediate Conversational French I. (3) I, II.
Recommended: FRE 200 or equivalent proficiency (e.g. with two or three years of successful high school French). French conversation, grammar, and communicative language skills, with increased emphasis on speaking and listening comprehension. Taught in context of French and francophone cultures. Laboratory work required. Students entering FRE 201 by referral or placement receive six hours credit for FRE 101 and 102 if they make an “A” or “B” in FRE 101L. Gen. Ed. E-6 [GE].

FRE 202 Intermediate Conversational French II. (3) I, II.
Recommended: FRE 201 or equivalent proficiency (e.g. with three or four years of successful high school French or conversational proficiency). Focus on proficiency in the four skills and prepares students for upper-level work. Taught in French.

FRE 295 Independent Work in French. (1-3) A.
Prerequisite: FRE 200 or equivalent proficiency with departmental approval. Focuses on contemporary issues related to France through a variety of topics and media. Taught in French. May be taken to a maximum of six hours, provided the subject matter differs each time with departmental approval.

FRE 305 Special Topics in French. (3) A.
Prerequisite: FRE 207 or equivalent proficiency with departmental approval. Focuses on selected topics of interest to French speakers. Taught in French. May be taken to a maximum of nine hours, provided the subject matter differs each time with departmental approval.

FRM 352 The Family as Consumers. (3) I, II.
Family resource management across the life course. Resource allocation and decision-making to attain family goals and financial wellbeing; time, money, housing, work/family balance. Role of family in marital/family satisfaction and multiple family forms. Credit will not be awarded for both FRM 352 and FIN 201.

FRM 456 Special Problems in Family Resource Management. Dr. Dana Bush, Chair

FRM—Family Resource Management

FRE 101 Conversational French I. (3) I, II.
Prerequisite: all required reading and writing academic readiness indicators. Beginning French conversation, grammar, and language skills. Emphasis on speaking and listening comprehension. Introduction to basic written forms. Taught in context of French and francophone cultures. Laboratory work required. Gen. Ed. E-6 [GE].

FRE 102 Conversational French II. (3) I, II.
Recommended: FRE 101 or equivalent proficiency. (Students entering FRE 102 by referral or placement, with two years high school French or equivalent, receive three hours credit for FRE 101 if they make an “A” in 102.) Continuing work on communicative skills. Preparation for credit when new topics are offered. Topics and credit subject to change as the French language and culture evolve. Credit will not be awarded for both FRE 101L and FRE 412L. 3 Lab.

FRE 201 Intermediate Conversational French I. (3) I, II.
Recommended: FRE 200 or equivalent proficiency (e.g. with two or three years of successful high school French). French conversation, grammar, and communicative language skills, with increased emphasis on speaking and listening comprehension. Taught in context of French and francophone cultures. Laboratory work required. Students entering FRE 201 by referral or placement receive six hours credit for FRE 101 and 102 if they make an “A” or “B” in 202. Gen. Ed. E-6 [GE].

FRE 202 Intermediate Conversational French II. (3) I, II.
Recommended: FRE 201 or equivalent proficiency (e.g. with three or four years of successful high school French or conversational proficiency). Focus on proficiency in the four skills and prepares students for upper-level work. Taught in French.

FRE 295 Independent Work in French. (1-3) A.
Prerequisite: FRE 200 or equivalent proficiency with departmental approval. Focuses on contemporary issues related to France through a variety of topics and media. Taught in French. May be taken to a maximum of six hours, provided the subject matter differs each time with departmental approval.

FRE 305 Special Topics in French. (3) A.
Prerequisite: FRE 207 or equivalent proficiency with departmental approval. Focuses on selected topics of interest to French speakers. Taught in French. May be taken to a maximum of nine hours, provided the subject matter differs each time with departmental approval.

FRE 320 French for Work and Travel. (3) A.
Prerequisite: FRE 207 or equivalent proficiency with departmental approval. Focuses on oral and written communication skills for application in diverse careers, international travel, and interaction with the French-speaking peoples of the world. Taught in French.

FRE 330 Francophone Cinema. (3) A.
Prerequisite: FRE 207 or equivalent proficiency with departmental approval. An analysis of the culture of the Francophone world through representative films. Taught in French. May be retaken to a maximum of six hours, provided the subject matter differs each time with departmental approval.

FRE 340 French Phonetics. (3) A.
Prerequisite: FRE 207 or equivalent proficiency with departmental approval. Intensive practice in the spoken language with emphasis on improving pronunciation and aural comprehension. The sound system of French is taught through phonetic exercises.

FRE 350 French Conversation. (3) A.
Prerequisite: FRE 207 or equivalent proficiency with departmental approval. Taught in French. Analysis and study of literary and non-literary texts of a chosen era (at discretion of instructor) within a relevant cultural and historical context. May be taken to a maximum of six hours, provided the subject matter differs each time.

FRE 410 Advanced Stylistics. (3) A.
Prerequisite: FRE 360 and FRE 305, 306, or 380 or equivalent proficiency with departmental approval. Taught in French. Advanced work on composition and conversation, with a focus on perfecting grammatical forms and developing advanced vocabulary. May be retaken to a maximum of six hours, provided the subject matter differs each time with departmental approval.

FRE 420 Issues in Translation. (3) A.
Prerequisite: FRE 360 and FRE 305, 306, or 380 or equivalent proficiency with departmental approval. Taught in French. Examination of the theory and method of translation (French to English) in a variety of genres. Includes the practical aspects of translation and the particulars of a career as a translator. May be retaken to a maximum of six hours, provided the subject matter differs each time with departmental approval.

FRE 430 Francophone Voices. (3) A.
Prerequisite: FRE 360 and FRE 305, 306, or 380 or equivalent proficiency with departmental approval. An in-depth study of the traditions and cultural heritage of French speakers. Taught in French. May be retaken to a maximum of six hours, provided the subject matter differs each time with departmental approval.

FRE 495 Independent Work in French. (1-3) A.
Prerequisite: departmental approval. May be counted toward major or minor only with permission of department chair. May be retaken to a maximum of six hours if content is different. Student must have the independent study proposal approved by faculty supervisor and department chair prior to enrollment.

FRM—Family Resource Management
Dr. Dana Bush, Chair

FRM 352 The Family as Consumers. (3) I, II.
Family resource management across the life course. Resource allocation and decision-making to attain family goals and financial wellbeing; time, money, housing, work/family balance. Role of family in marital/family satisfaction and multiple family forms. Credit will not be awarded for both FRM 352 and FIN 201.

FRM 456 Special Problems in Family Research.
FSE—Fire and Safety Engineering Technology

Nancye Davis, Chair

FSE 101 Fire Prevention. (3) A. An introduction to fire and safety related codes; fire prevention methods; mechanical systems; and engineering solutions for hazards. An in-depth look at the Life Safety Code, the function and testing of fire related building components.

FSE 120 Fire Behavior andCombustion. (3) A. Introduction to the chemistry and dynamics of fire; including basic terminology and concepts that are applied to the physical and chemical properties of the development and spread of fire in a structure; hazardous materials and the Computer Fire Analysis.

FSE 201 Building Construction. (3) A. A review of the analysis of building construction methods and terminology using a service learning approach. A systems approach to designing building fire safety; the Life Safety Code; the function of testing of rated building components, evaluating plans for code compliance.

FSE 201S Building Construction. (3) A. A review of the conceptual building construction methods and terminology using a service learning approach. A systems approach to designing building fire safety; the Life Safety Code; the function of testing of building components, evaluating plans for code compliance. Credit will not be awarded for both FSE 201 and FSE 201S.

FSE 221 Fire Protection Systems. (3) A. Prerequisites: FSE 101, FSE 120. Introduction to fire protection, control systems and extinguishment. Fixed and portable systems of the following types will be studied: automatic sprinklers, standpipes, dry chemical, foam, halogenated agents, fire alarm systems and detection.

FSE 223 Fire and Emergency Scene Operations (3) A. Prerequisite: FSE 201 or FSE 201S. Principles of Incident Management including emergency scene decisions, strategies, and tactics. Utilization of emergency control resources such as personnel, apparatus, and equipment.

FSE 224 Human Behavior In Fire. (3) Prerequisites: FSE 101 and FSE 120. Examine current and past research on human behavior, systems models, life safety in buildings and emergency systems by investigating interactions emergency situations. Develop a best practice building life safety system.

FSE 225 Legal Aspects of Fire Protection and Safety. (3) A. A study of legislative and legal decisions relating to personnel practices, employee safety, and public protection. Emphasizes the legal responsibilities, liabilities, and authority of the fire service practitioner. Credit will not be awarded for both FSE 225 and OSH 225.

FSE 230 Fire Prevention Organization and Management. (3) A. Prerequisite: FSE 101. An introduction to management issues related to fire prevention systems. Overview of the requirements for fire prevention codes, managing inspections, relations with public and officials and implementation of fire education programs.

FSE 250 Introduction to Fire Arson and Explosion Investigations. (3) A. An introduction to fire, arson, and explosion investigation. Topics include a historical overview of arson and terrorism statues, sources of information, the federal role in fire and explosion investigation, explosives and improvised explosive devices.

FSE 260 Proving Criminal Acts. (3) A. A study of crimes and the methodical steps in the investigation and proving of criminal acts. Explore defenses/legal remedies to enable the student to understand the obligations of managing an investigation. FSE 280 Constitutional Criminal Procedure. (3) A. Examination of obtaining evidence directly from the suspect. Fourth, Fifth, and Sixth Amendments, and rules of evidence are discussed as they relate to the investigation of criminal acts.

FSE 300W Technical Report Writing for Emergency Services. (3) A. Prerequisites: ENG 102 or 102R. Develop oral and written communication skills specific to the public emergency service sector’s needs. Focusing on the technical aspects involved in supporting public initiatives for the legal system and learning the specific requirements for submitting documentation to various technical committees. Credit will not be awarded for both FSE 300 and 300W.

FSE 305 Hazardous Materials. (3) A. Prerequisite: FSE 120. Study of hazardous material problems in transportation, storage, and use. Chemical properties relating to specific reactions, engineering controls, and control in an emergency situation. Emphasis on the role of pre-emergency planning, combating, coordinating, and controlling a hazardous materials incident. Credit will not be awarded for both FSE 305 and OSH 305.

FSE 320 Principles of Emergency Services. (3) A. An overview of the concept and management practices in the fire and safety fields. Emphasis on supervision and leadership styles, motivation, morale, and organizational behavior.

FSE 325 Fire Protection Structures and System Design (3) A. Prerequisite: FSE 221. Analysis and evaluation of specific code requirements related to the design, inspection, testing and maintenance of fire protection systems. Design projects will be included.

FSE 330 Fire Investigation. (3) A. Prerequisites: FSE 300 or FSE 300W, FSE 250, and FSE 260. A detailed study of the investigative process as it applies to fire, arson, explosion and other personal property crimes.

FSE 349 Applied Learning in Fire and Safety Engineering. (5-8) A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit. Credit will not be awarded for both FSE 349 A and OSH 349 A.

FSE 349 A-N Cooperative Study: Fire and Safety Engineering. (5-8) A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit. Credit will not be awarded for both FSE 349 A-N and OSH 349 A-N.

FSE 350 Fire Arson and Explosion Investigation I. (3) A. Prerequisite: FSE 120. An in-depth study in the analysis of fire, arson, and explosion scenes. Emphasis will be placed on the principles and techniques of scene preservation and analysis, management of investigative functions, documentation of the scene, and determination of the cause and origin of fire.

FSE 355 Fire Dynamics. (3) A. Prerequisites: CHE 101 (or higher), FSE 120, and MAT 107 or 114 (or higher). An introduction to fire-related measurement techniques, advanced fire and combustion concepts and characteristics of high energy materials. Includes basic numerical methods for understanding fire dynamics.

FSE 360 Fire Protection Hydraulics and Water Supply (3) A. Prerequisites: FSE 120 and MAT 107, 114 or higher. Water at 494 and in motion, Bernoulli’s and Pascal’s theorems; water distribution systems, velocity, friction loss, pump and nozzle pressures required for fire protection.

FSE 365 Instructional Methodology for Emergency Service. (3) A. Course provides students with opportunities to develop presentation skills used in fire service instruction. Develop lesson plans, prepare audio-visual aids and props for the class. Prepare evaluation methodologies that competently assure learning objectives during delivery of presentations.

FSE 370 Electrical and Mechanical Systems Failure Analysis. (3) A. Overview for electrical and mechanical systems and components relative to fire safety via laboratory experiments, exemplar components and photographs that depict system and component failures that result in fire. Learning opportunities include engaging in destructive and non-destructive analysis of components and systems.

FSE 375 Emergency Service Resource Management. (3) A. Introduction to management issues related to obtaining and accounting for resources. Included are financial management processes, acquisition strategies, strategies for maintenance of effort and resource prioritization, resource replacement planning and processes to assess program success.

FSE 380 Failure Analysis. (3) A. Prerequisite: FSE 370. An in-depth study of fire and arson investigations. Emphasis will be placed on the principles and techniques of scene preservation, failure analysis, report writing, and determining a causal origin.

FSE 400 Advanced Emergency Services. (3) A. Prerequisites: FSE 300 or FSE 300W, and FSE 320. A study of environmental management including the identification and analysis of key managerial issues confronting contemporary fire services managers. Application in current methods and planning, organizing, developing and evaluating public fire/emergency services organizations.

FSE 425 Disaster & Community Fire Defense Planning. (3) A. Prerequisite: FSE 300 or FSE 300W. Overview of the ever changing demographics of the departmental jurisdictions and response during community service master planning, identifying hazards then assessing risks associated to fires and hazardous Analysis of potential disaster and recovery methods.

FSE 445 Advanced Structural Fire Protection. (3) A. Prerequisite: FSE 355. Examines principles involved in structural fire protection: behavior of materials and design considerations for each material in regards to a structure’s design under fire attack and resistive protection methods.

FSE 450 Advanced Explosion and Bombing Investigation. (3) A. Prerequisite: FSE 250 and 380. An in-depth study of explosion scene investigation. Emphasis will be placed on the principles and techniques of scene preservation analysis, management of investigative functions, documentation of scene, and determination of the cause of destructive analysis of components and systems.

FSE 480 Industrial Fire Safety. (3) A. Prerequisites: FSE 101, FSE 120 and FSE 360. Fire scenario analyses for industrial installations using test data, loss experience and simplified theoretical modeling focusing on warehousing, storage of flammable liquids and safety of electrical equipment and computers.

FSE 481 Fire Protection Design. (3). Prerequisite: FSE 445. Comprehensive project emphasizing a team approach to the design process. Problem formulation; project management; drawings and specifications; cost estimating; and various project components. Engineering and professional ethics.

FSE 489 Topical Seminar: (1-3) A. Prerequisite: Departmental approval. Development and presentation of research in contemporary methods, techniques, and devices in the field. May be taken under different topics to a maximum of 12 hours.

FSE 495 Fire Arson and Explosion Case Preparation. (3) A. Prerequisite: Departmental approval. Preparation of the fire, explosion, and arson case for trial, including preparation of demonstrative evidence, scene documentation for presentation, and testimony.

FSE 496 Fire Investigation Case Preparation. (3) A. Prerequisite: FSE 450. Preparation of the fire and arson case for trial, including preparation of demonstrative evidence, scene documentation for presentation, and testimony.
GBU 480 Business Strategy. (3) I, II. A course study of administrative processes under conditions of uncertainty including integrative analysis and formulation of strategy and supporting policy at administrative executive levels. Students must complete all business core courses prior to taking GBU 480.

GCS—Interpersonal Skills and Career Counseling

GCS 199 Career Counseling Seminar. (1) I, II. Prerequisite: Degree Seeking Only. The eight-week course helps students make effective career decisions. Self-awareness, values clarification, and awareness of career alternatives, and decision-making skills are promoted in the course. Pertinent career facts are learned; i.e., salary, training, outlook, and working conditions.

GEO—Geography

Dr. Melissa Dieckmann, Chair

GEO 100 Regions and Nations of the World. (3) A. Prerequisite: minimum 45 hours. Study of the physical, cultural, and economic geography of the world’s major regions, with an emphasis on regions undergoing change and currently of international concern. Gen. Ed. E-5B [SB].

GEO 110 Environmental Geography (3) A. Prerequisites: Freshman and Sophomore standing. A focus on ecological function and the physical and human dynamics contributing to environmental change across the globe and at various geographical scales. Environmental issues are examined through a geographical lens, and include clean air and water, energy systems, biodiversity, natural hazards, climate change, and food production. 2Lec/2Lab. Gen. Ed. E-4.

GEO 155 GIS Principles. (3) A. This non-technical introduction to atmospheric processes examines how meteorological events are portrayed in popular movies. Topics may include severe weather events, climate change, and weather’s impact on human systems. Gen. Ed. E-5B [SB].

GEO 201 Introduction to Physical Geography. (3) A. Study of natural processes operating at the earth’s surface with special emphasis on weather and climate and landforms as explanations for how why physical and human phenomena vary from place to place. 2 Lec/2 Lab.

GEO 302W Global Environmental Problems. (3) A. Prerequisites: GEO 100, 110, or 210; ENG 102 or 102R, ENG 105(B), or HON 102; STA 215 or 270; or departmental approval. Examination of environmental problems and conservation strategies in the context of global change, with case studies from exemplary world regions, including rainforest, mountain, desert, and island biomes. Credit will not be awarded to students who have credit for GEO 302 or ENV 302.

GEO 315 Meteorology. (3) I, II. Prerequisite: MAT 112 (A and B), 114, 122, 211, or 234. This course focuses on important phenomena and physical processes that occur in Earth’s atmosphere, including atmospheric dynamics, radiation, stability, moisture, wind systems and severe storms.

GEO 320 World Geopolitics. (3) A. Prerequisites: GEO 100, 110, or 210; ENG 102 or 102R, 105(B), or HON 102; STA 215 or 270; or departmental approval. Environmental problems and strategies to mitigate the risks of, and challenges to, the environment. A geographic analysis of global political structures and events organized by territorial and regional frameworks. Specific attention to forces of global political change, including globalization processes, conflict and peace, ethnic separatism, and international mediation.

GEO 325 5 Environmental Land Use Planning. (3) A. Prerequisites: GEO 100, 110, or 210; ENG 102 or 102R, ENG 105(B), or HON 102; STA 215 or 270; or departmental approval. Examines how principles of landscape ecology, resource conservation, and environmental impact analysis are incorporated into land use decisions and public policy. Emphasizes practical application at the site and regional scale. Credit will not be awarded to students who have credit for GEO 325, ENV 325 or ENV 325R.

GEO 343 Geography of Kentucky. (3) A. Prerequisite: GEO 100, 110, or 210. Topical-regional approach to the physical characteristics, cultural complexity, and economic aspects of Kentucky with an emphasis on understanding the state’s historical development and current environmental, political, and economic issues from a geographic perspective.

GEO 349 Applied Learning in Geography. (5-8) A. Prerequisite: departmental approval. Work in placement related to academic studies. One to eight hours credit per semester or summer. Total hours for baccalaureate, 16. A minimum of 80 hours employment required for each semester hour credit. No more than six hours may count toward the major.

GEO 349 A-N Cooperative Study: Geography. (5-8) A. Prerequisite: departmental approval. Work in placement related to academic studies. One to eight hours credit per semester or summer. Total hours for baccalaureate, 16. A minimum of 80 hours employment required for each semester hour credit. No more than six hours may count toward the major.

GEO 351 Geoscience Data and Techniques. (3) A. Prerequisites: GEO 100, 110, 210, GLY 104, 107, 108, or 109; MAT 105 or higher, or STA 215 or 270. Introduction to geoscience data, quantitative and qualitative analysis, hypothesis testing, and appropriate representations of specific data types. Includes exposure to techniques used in geoscience research and applications, including mapping, GIS, GPS, field work, remote sensing, library and Internet research, and others. Practical experience focus. 2 Lec/2 Lab.

GEO 353 Geographic Information Systems. (3) A. Prerequisite: (one of the following): AGR 216, GEO 100, 110, 210, GLY 102, 107, or 108. Introduction to GIS principles, methods, operations, mapping, and applications. Topics include spatial data, databases, GIS analysis, models, site suitability, environmental and social applications, and more. Hands-on emphasis using ArcGIS. 2 Lec/2 Lab.

GEO 398 Independent Studies in Geography. (1-6) I, II. Prerequisite: departmental approval. Topic determined by student and instructor. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours, provided topic is different each time.

GEO 430 Sustainability in Appalachia. (3) A. Cross-listed as APP 430. Prerequisites: GEO 100, 110, or 210; ENG 102 or 102R, ENG 105(B), or HON 102; STA 215 or 270; or departmental approval. Examination of Appalachia’s ecological, social, and economic patterns, and the processes through which residents can ensure their social, economic and ecological sustainability in the future. Credit will not be awarded for students who have credit for APP 430 or ENV 430.

GEO 435 Biogeography. (3) I. Prerequisites: ENG 102 or 102R or ENG 105(B) or HON 102; or STA 215 or 270; or departmental approval. Study of plant and animal distributions and the nature of earth’s major terrestrial biomes, with an emphasis on formulating sound spatial hypotheses to explain the variety and ever-changing geographic ranges of living organisms. Course includes a mandatory field trip during Fall Break. Credit will not be awarded to students who have credit for ENV 435.

GEO 450 Field Studies. (3) A. Prerequisite: GEO 100, 110, or 210. Field techniques and applied case studies of geographic topics in local and regional environments.

GEO 453 Advanced GIS. (3) I. Prerequisite: GEO 353 or departmental approval. Advanced concepts, operations, and applications of raster and vector GIS. Spatial analysis using scanning, imagery, GIS, global data sets, and derived data for natural and social applications. Use of standards, metadata, open GIS, and other advances. 2 Lec/2 Lab.

GEO 455 GIS Cartography. (3) A. Prerequisite: (one of the following): GEO 100, 110, 210, GLY 102, 107, or 108. Principles of cartographic design
GEO 456 Remote Sensing. (3) A. Prerequisite: GEO 110, 210, GLY 104, 107, 108. Principles, data sources, acquisition, interpretation, analysis, and application of geographic imagery, including remote sensing and GIS digital data. Hands-on emphasis using ERDAS software. 2 Lec/2 Lab.

GEO 485 Advanced Geographic Imagery. (3) II. Prerequisite: GEO 456. Characteristics, interpretation, integration and applications of advanced geographic imagery, including remote sensing and GIS digital data. Attention on satellite and multispectral imagery, including image processing. Hands-on emphasis. 2 Lec/2 Lab.

GEO 498 Research Project in Geography. (3) A. Prerequisite: departmental approval. A research experience for geography majors that integrates a research experience with the production of a substantive deliverable product (e.g., poster, conference presentation, map). May be retaken to a maximum of six hours if research topic differs each time.

GEO 501 Advanced Geography. (3) A. Prerequisite: departmental approval. In-depth study of geoscience themes using geospatial techniques. May be retaken to a maximum of nine hours if subject matter differs each time.

GER—German
Dr. Abbey Poffenberger, Chair

GER 101 Conversational German I. (3) I, II. Prerequisite: all required reading and writing academic readiness indicators. Beginning German conversation, grammar, and vocabulary skills. Emphasis on speaking and listening comprehension, with introduction to basic written forms. Taught within the context of Germanic cultures. Laboratory work required. Gen. Ed. E-6 [GE].

GER 102 Conversational German II. (3) I, II. Recommended: GER 101 or equivalent proficiency. Continuation of GER 101. (Students entering GER 102 by referral or placement receive three hours credit for GER 101 if they make an “A” in 102.) Continuing work on basic communicative skills. Taught within the context of Germanic cultures. Laboratory work required. Gen. Ed. E-6 [GE].

GER 201 Intermediate Conversational German I. (3) I, II. Recommended: GER 102 or equivalent proficiency. Intermediate conversation, grammar, and other language skills with continued emphasis on developing basic writing and reading skills. Taught in a cultural context. Laboratory work required. Students entering GER 201 by referral or placement receive six hours credit for GER 101 and 102 if they make an “A” or “B” in 201. Gen. Ed. E-6 [GE].

GER 202 Intermediate Conversational German II. (3) I, II. Recommended: GER 201 or equivalent proficiency. German conversation, grammar, and other language skills with continuing emphasis on reading and writing skills. Taught in a cultural context. Laboratory work required. Students entering GER 202 by referral or placement receive nine hours credit for GER 101, 102, and 201 if they make an “A” or “B” in 202. Gen. Ed. E-6 [GE].

GER 240 Beginning Conversation. (3) A. Recommended: GER 201 or equivalent proficiency with department chair approval. Topics for conversation drawn from everyday situations. (Waived in case of demonstrable oral proficiency, but not open to students who have native or near-native fluency in German.)

GLO—Globalization and International Affairs
Dr. Lynnette Noblit, Chair

GLO 201 Introduction to Globalization. (3) A. Prerequisites: Completion of all academic readiness indicators. An introduction to the multi-faceted dimensions of globalization, including positive and negative aspects of the modern world. This course is one of the many cultural, economic, geographical, historical, political, ideological and social forces affecting globalization.

GLO 490 Globalization Senior Seminar. (3) A. Prerequisites: 590 and departmental approval. Reading, analysis and discussion of current globalization topics, with heavy emphasis on class participation and student presentations.

GLY—Geology
Dr. Melissa Dieckmann, Chair

GLY 102 Earth Science for Elementary Teachers. (3) I, II. Prerequisite: Elementary, special education elementary, and elementary DHII education majors only or departmental approval. This inquiry-based course for middle grades teachers integrates content, pedagogy and technology to explore Earth as an integrated set of systems and as part of the Solar System. 1 Lec/4 Lab. Gen. Ed. E-4.

GLY 103 Earth Science for Middle Grades Teachers. (3) A. Prerequisite: Middle grades, special education middle grades, and DHII middle grades education majors only or departmental approval. This inquiry-based course for middle grades teachers integrates content, pedagogy, and technology to explore earth science content aligned with relevant standards in the Next Generation Science Standards and the Praxis Middle School Science exam. 1 Lec/4 Lab.

GLY 104 The World Ocean. (3) I. II. Investigation of the geologic, physical, biogeochemical, and biologic processes that occur within the oceans of the world. The course emphasizes connections between these processes, and how those connections interact with our planet’s life. 2 Lec/2 Lab. Gen. Ed. E-4 [NS].

GLY 107 Gold and Diamonds. (3) I, II. The geology of gold and diamonds, including mineralogy, natural occurrence, exploration, and mining. The impact of gold, diamonds, and other important earth materials on the environment, history, and society will also be discussed. 2 Lec/2 Lab. Gen. Ed. E-4 [NS].

GLY 108 Earthquakes and Volcanos. (3) I, II. Investigation of the Earth as it exists and functions today, the materials that compose the Earth, the processes that act upon and within the Earth, and the relationships between both materials and processes with human activity. 2 Lec/2 Lab. Gen. Ed. E-4 [NS].

GLY 109 Great Moments in Earth History. (3) I. II. Investigation of the origin of the Earth as a planet and its evolutionary development of physical and biological systems through time. Important turning points in the Earth’s history will be emphasized. 2 Lec/2 Lab. Gen. Ed. E-4 [NS].

GLY 210 Introduction to Geochemistry. (3) I. Prerequisite or Corequisite: ACT math score of 22, or SAT math score of 530, or MAT 112 or 112B with a grade of C or better or 114, or departmental approval. An introduction to the application of fundamental concepts and skills in chemistry (nomenclature, stoichiometry, bonding, chemical change) to geology, including the distribution of the elements, mineral chemistry, and radiometric dating.

GLY 302 Earth Science. (3) A. Prerequisite: GLY 102, 104, 107, 108, or 109. Study of the universe and our solar system. Focus on the Earth’s atmospheric and climatic elements, its physical processes and features, organic development, and natural resources.

GLY 303 Environmental Geoscience. (3) A. Prerequisites: GLY 102, 104, 107, 108, or 109; or GER 100, 110, or 210; or departmental approval. Investigation of the Earth as a complex set of interconnected systems that cycle elements, water, and earth materials over geologic and human time scales. The course emphasizes global environmental changes that occur on the planet because of human actions. Credit will not be awarded to students who have credit for ENV 303.

GLY 305 Dinosaurs. (3) A. Prerequisites: GLY 102, 104, 107, 108, or 109; ENG 102 or 102R, ENG 105(B), or HON 102; or departmental approval. The rise, diversification, and extinction of this prominent group of ancient organisms. Theories that may explain why scientists make inferences about the past, including the use and limitations of physical evidence and the nature of science.

GLY 309 Mineralogy. (4) I. Prerequisites: GLY 104, 107, 108, or 109; and MAT 112 (A and B) or higher, or departmental approval. Study of minerals commonly encountered in rocks and soils with minor emphasis on ore deposits: mineral geochemistry, crystal structure, classification, physical properties, optical properties, and geologic environment. Laboratory develops the ability to identify minerals in hand specimens and thin sections. 3 Lec/2 Lab.

GLY 315 Hydrology. (3) I, II. Prerequisites: One from GLY 104, 107, 108, or 109; and MAT 114 or both MAT 112A and MAT 112B or ACT 23 and above and/or SAT 550; or both departmental approval. Interrelationships between Earth’s systems and the occurrence and character of water in streams, lakes, and groundwater. Focuses on fundamental understanding of hydrologic processes and reservoirs, interaction between surface waters and groundwater and relationships between human activity and these reservoirs. 2 Lec/2 Lab.

GLY 349 Applied Learning in Geology. (5-8) I; I, II; (1-6) SUMMER ONLY. Work in placements related to academic studies. Total hours for baccalaureate, sixteen. A minimum of 80 hours of employment required for each semester hour of academic credit. May not be used to satisfy area, major, or minor requirements.

GLY 349 A-N Cooperative Study: Geology. (5-8) I; I, II; (1-6) SUMMER ONLY. Work in placements related to academic studies. Total hours for baccalaureate, sixteen. A minimum of 80 hours of employment required for each semester hour of academic credit. May not be used to satisfy area, major, or minor requirements.

GLY 351 Field Methods. (3) A. Prerequisites: GLY 104, 107, 108, or 109; or departmental approval. Methods of field geology including description and measurement of rock sequences, introduction to geographic mapping and writing geological reports. 1 Lec/4 Field.

GLY 398 Independent Studies in Geology, (1-6) I, II. Prerequisite: departmental approval. Topic determined by student and instructor. Student must have the independent study proposal approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours provided topic is different each time.

GLY 408 Process Geomorphology. (3) A. Prerequisite: GEO 110 or 210, GLY 104, 107, 108, or 109; or departmental approval. An in-depth study of the geologic processes involved in landform development.

GLY 409 Igneous & Metamorphic Petrology. (4) I, II. Prerequisites: GLY 309, MAT 112 or 112B or higher with a grade of C or better. Nature and origin of common igneous and metamorphic rocks, with emphasis on crystalline rocks. Lab develops the ability to analyze and classify rocks in hand sample and in thin section using a petrographic microscope. 3 Lec/2 Lab.

GLY 410 Structural Geology. (4) I. Prerequisites: GLY 104, 107, 108, or 109; and MAT 112 (A and B) or higher. Deformation of Earth’s crust across a wide range of scale with emphasis on plate tectonics and its consequences. Lab attempts to analyze the geometry of deformed rock bodies and solve common structural problems. Course includes a mandatory field trip during Fall Break. 3 Lec/2 Lab.

GLY 415 Sedimentary Geology. (4) I. Prerequisites: GLY 104, 107, 108, or 109; and MAT 112 (A and B) or higher; or departmental approval. Examination of sedimentary processes and products, the characteristics and origins of sedimentary rocks
and their related depositional environments, and application of these principles to solving geological problems. Laboratory develops techniques for describing and interpreting sedimentary rocks, structures, and stratigraphy. Course includes a mandatory field trip during Fall Break. 3 Lec/2 Lab.

GLY 420 Stratigraphy. (4) H. Prerequisites: GLY 409 and MAT 112 or MAT 112B or higher with a grade of C or better. Description, correlation, and interpretation of stratified sedimentary sequences; basic identification and interpretation of the fossils they contain. Emphasizes rock vs. time stratigraphy, facies relationships, sequence stratigraphy, event stratigraphy, biostratigraphy, well log correlation. 3 Lec/2 Lab.

GLY 450W Evolution of the Earth. (3) A. Prerequisite: ENG 102 or 102R or 105 or HON 102 and GLY 309, 409, 410, 415, or 420 or departmental approval. Overview of geological principles from the perspective of the Earth’s history, physical and biological. Emphasis on critical thinking and expressive writing. Credit will not be awarded to students who have credit for GLY 350.

GLY 451 Field Camp. (6) SUMMER ONLY. Prerequisites: GLY 409 and 410. Field-training course in the northern and central Rocky Mountains (6 weeks). Aim: applications, exercises, and research on the presentation of geological, physical, and geochemical sequences of sedimentary, metamorphic, and igneous terrains; interpretation of complex rock deformation; regional geological synthesis with emphasis on tectonics; and visits to many instructive geologic localities, including natural parks and monuments.

GLY 460 Aqueous Geochemistry. (3) H. Prerequisite: GLY 210 or CHE 111 and 111L. Reactions between natural waters, atmospheric gases and earth materials and their influence on surface and near surface environment. Emphasis is placed on consequences of chemical weathering, composition of surface and near surface water, geochemical cycles, and natural and anthropogenic geochemical events. 2 Lec/2 Lab.

GLY 480 Petroleum Geology. (3) H. Pre/Co-requisites: GLY 410 and GLY 420. Use of the petroleum systems paradigm to explore characteristics of economically-viable petroleum accumulations. Examines fundamental activities such as electric logging, mudlogging, and drilling. Exercises and projects model industry practices in recognizing and understanding petroleum accumulations. 2 Lec/2 Lab.

GLY 482 Paleozoic. (3) A. Prerequisite: GLY 101, 109, 415, GEO 115, 210, or 315, or departmental approval. How the interaction of ocean and atmosphere creates climate in the planet today and leaves its record in geologically accessible Earth materials, with an emphasis on the interpretation of the geological record and how we learn how the Earth’s climate has changed in the past.

GLY 498 Capstone Project in Geology. (3). A. Prerequisite: senior standing and departmental approval. A capstone experience for geology majors that integrates a research experience with the students’ professional development and the production of a substantive deliverable product (e.g., poster, conference presentation, geologic map).

GLY 499 Senior Thesis, (3) A. Prerequisites: senior standing and departmental approval. Supervised, independent thesis project for majors in geology. Thesis project must be approved by faculty supervisor and department committee prior to enrollment in the course.

GLY 535 Hydrology. (3) H. Prerequisites: GLY 104, 107, 108 or 109; and MAT 112 or 112B or higher with a grade of C or better; or departmental approval. Origin, occurrence, movement, utilization, and conservation of groundwater. Qualitative and quantitative presentation of physical, and geochemical aspects of groundwater hydrology. 2 Lec/2 Lab.

GLY 580 Selected Topics. (1-3) A. Prerequisites: senior standing or departmental approval. Designed to explore specific aspects of geology. May be retaken to a maximum of six hours provided topic is different each time.

GSD—Student Development

GSD 101 Foundations of Learning. (3). I, II. A course to promote student success and lay the foundation for critical and creative thinking across the curriculum. Open to all first year students with fewer than 30 semester hours earned. Credit will not be awarded to students who have earned at least 45 hours. Credit (CR) will be given when students complete the exam.

GSD 201 Transfer Student Seminar. (1) A. Seminar is for students who enroll with 30-90 hours. Students learn how to navigate the campus, to use library resources, to operate degree audit software, handle transfer credits and abide by Eastern’s academic integrity policy. Graded Satisfactory-Unsatisfactory.

GSD 225S Leadership Dynamics: Service Learning. (1) H. The course is designed to introduce current and emerging leaders to leadership theory and development through a dynamic service learning component including reflective activities, practice in teamwork, and engaging in service for both GSD 225S and GSD 225. May be repeated up to three hours.

GSD 250 Exit Requirement AGS (0) A. Exam for AGS students to evaluate programmatic outcomes, requiring documentation of evidence, and evidence of learning. A research project must be approved by faculty supervisor and department committee prior to enrollment in the course. Credit will not be awarded for both GSD 225S and GSD 225. May be repeated up to 16 credit hours.

GSD 299-a-n Cooperative Study. (5-8) A. Prerequisite: senior standing and departmental approval. Work under field supervisors in placements related to academic studies. Minimum 80 hours work for each credit hour. Repeatable up to 16 credit hours.

GSD 299 Professional Skill Development (3) A. A research-practicum with departmental approval. Work under field supervisors in placements related to academic studies. Minimum 80 hours work for each credit hour. Repeatable up to 16 credit hours.

GSD 349 Applied Learning. (5-8) A. Prerequisite: senior standing and departmental approval. Work under field supervisors in placements related to academic studies. Minimum 80 hours work for each credit hour. Repeatable up to 16 credit hours.

GSD 399 Professional Skill Development (3) Prerequisites: junior standing. Will help students recognize and build skills needed for desired career fields. Topics include: job search, resumes, cover letters, interview skills, and making connections between academic experience and professional goals.

GSD 401 McNair Research Symposium. (2) A. Prerequisites: ENG 101 or 101R and 102 or ENG 105; MAT 105 or any course above MAT 105. Introduction to research, writing, and expectations concerning research in academic settings. Provides essential information regarding research and writing expectations of graduate students. For McNair scholars only.

GSD 450 Exit Requirement BGS (0) A. Exam for senior BGS students to evaluate programmatic outcomes. This exam is required of all BGS students who have earned at least 90 hours. Credit (CR) will be given when students complete the exam.

GSD 466A Mock Trial 2 (6) I. Prerequisite: departmental approval. Cross-listed with POL 466A. Preparation of Mock Trial Competitions. Students will develop cases for presentation including preparing opening and closing arguments, introducing testimonial, physical and demonstrative evidence, and conducting direct and cross examination of witnesses. Students may be retaken to a maximum of 8 hours, only 2 of which may be counted toward the political science major and only 1 may be counted toward the political science minor.

GSD 466B Mock Trial 2 (1) I. Prerequisite: departmental approval. Credit will not be awarded for both GSD 466A and GSD 466B. Preparation of Mock Trial Competitions. Students will develop cases for presentation including preparing opening and closing arguments, introducing testimonial, physical and demonstrative evidence, and conducting direct and cross examination of witnesses. Students may be retaken to a maximum of 8 hours, only 4 of which may be counted toward the political science major and only 2 may be counted toward the political science minor.

GSO—Co-op Professional Seminar. (1) I, II. Prepare students for the job market prior to co-oping. Topics include: self-assessment, communication, resumes and cover letters, interviewing techniques, business etiquette. Credit will not be awarded for both GSO 149 and CMS 330.

GST—General Studies Tutoring

GST 300 Principles of Peer Mentoring/ Tutoring. (1-3) I. Prerequisite: Department approval. Students will receive instruction and training in tutoring and mentoring skills and techniques. Students will serve as a peer tutor or mentor and assist with teaching in an assigned section of Academic Orientation for freshmen. The peer tutors and mentors will record, reflect upon and evaluate their associated experiences. May be retaken up to six credit hours.

HEA—Health Education Dr. Michael Ballard, Chair

HEA 205 Health Across the Lifespan. (3) I I. Consideration of the various conditions and factors affecting individual and community health; special emphasis is on responsible decision-making, formulating philosophies in lifestyles, and a behavioral understanding necessary to establish health living practices.

HEA 290 Foundations of Health Education. (3) II. The history, foundational disciplines, and principles that led to the establishment of health education. The role of health education in the present health care system.

HEA 310 Introduction To Global Health. (3) A. Prerequisite: ENG 102 or 102R or 105 or HON 102. Exploration of epidemiological, economic, political, sociological and cultural factors that impact global health with special emphasis on applying public health principles in developing as well as developed countries. Gen. Ed. F-6 [GE].

HEA 315 Issues in Health and Disease. (3) H. Etiology, effects, remediation, and prevention of disease. Nature of health and environmental issues and forces which shape them.

HEA 316 Introduction to Public Health. (3) I, A. An introduction to the organization and functions of public health at local, state, and national levels. Identifies relationship between human ecology and the public’s health. Includes projection of future public health direction. Credit will not be awarded for both HEA 316 and HEA 416.

HEA 320 Introduction to Behavior Change Theory (3) I, II. Examine theories and models of health behavior relevant to health education in individuals and communities. Students analyze influences on behavior, and evaluate strategies for health education.

HEA 345 Drugs, the Individual, and Society. (3) I, II. Effect of drug use and abuse on the individual and society. Personal and community approaches for promoting intelligent decision making regarding drugs.

HEA 349 Applied Learning in Public Health. (5-8) A. Prerequisite: departmental approval. Work under faculty and field supervisors in a cooperative placement related to a student’s academic studies. Credit varies with hours of employment; one to eight hours per semester or summer. May be retaken to a maximum of 12 hours. Minimum 80 hours employment required for each semester hour credit.

HEA 349-A-N Cooperative Study: Public Health. (5-8) A. Prerequisite: departmental approval. Work under faculty and field supervisors in a cooperative placement related to a student’s academic studies. Credit varies with hours of employment; one to eight hours per
HEA 350 Interpretation of Health Data. (3) I. Understanding graphical, statistical, and research techniques used in health. Developing competencies in analyzing and interpreting research results.

HEA 375 Family Life Education. (3) I. Biophysical and psycho social aspects of sexuality and relationships, with emphasis on choices affecting health and well-being. Focuses on developing skills in teaching and health promotion behaviors for people working in schools and communities.

HEA 380 Mental Health Education. (3) I. Basic needs for mental and emotional wellness. Emphasis in the selection of appropriate activities for promoting mental health through community agencies.

HEA 410 Social Marketing and Advocacy in Public Health (3) Prerequisites: senior standing or department approval. Introduction to current theory and knowledge in the fields of social marketing and advocacy in public health and application of social marketing and advocacy used for promoting health behavior change strategies.

HEA 420 Senior Seminar in Public Health. (3) A. Prerequisite or corequisite: HEA 480W and Senior standing. Public health major or departmental approval. Students will draw together skills and knowledge needed to enter the workforce, and will review core competencies required of the entry level public health professional.

HEA 455 Introduction to Epidemiology. (3) I, A. Factors that affect the occurrence and courses of diseases—causative agents, susceptible hosts, favorable environments, and the effective use of statistical epidemiological methods.

HEA 460 Community Health Education Process. (3) II. Prerequisite or corequisite: HEA 316 or departmental approval. Planning, organizing, delivering, and evaluating health education activities. Credit will not be awarded for both HEA 460 and HEA 360.

HEA 463 Internship in Public Health. (1-6) A. Prerequisites: HEA 420 or departmental approval. Supervised experiences for seniors in the directing of public health activities in various settings. May be retaken to a maximum of six hours.

HEA 480W Health Promotion Program Planning Procedures: ENG 102 or 102R or ENG 105B or HON 102, restricted to majors or minors in Health Education or Public Health. A writing intensive course that is an introduction to principles, strategies, and skills, which are necessary for the planning and implementation of health education and health promotion programs in a variety of settings. Credit will not be awarded for both HEA 480W and HEA 480.

HEA 490 Evaluation of Health Promotion Programs. (3) II. HEA 480W or departmental approval. This course will provide an introduction to principles, strategies, and skills for the evaluation of health promotion programs in a variety of settings. Credit will not be awarded for both HEA 490 and HEA 580.

HEA 590 Health Education: A. (1-3) A. Study of pertinent problems in health and health education. Includes topics such as: health care delivery, child abuse, teenage pregnancy, community health organizations, elementary school health curriculum, drug education, school health services, health deviations among students, sexually transmitted diseases, etc. May be taken with advisor approval provided subtitle is different.

HEA 591 Women’s Health. (3) A. Cross-listed as WGS 591. Analysis of the major health problems of contemporary women with a special emphasis on health promotion, disease prevention, and consumer health concerns. Credit will not be awarded for both HEA 591 and WGS 591.

HEA 592 Human Sexuality. (3) A. Cross-listed as WGS 592. Study of the biological, social, and psychological aspects of human sexuality. Directed primarily toward those individuals in situations which require them to assist others in understanding the broad impact of one’s sexuality. Emphasis is placed upon student development of logical and reasoned justifications for their own value system. Credit will not be awarded for both HEA 592 and WGS 592.

HEA 593 Death and Grief. (3) A. Cross-listed as WGS 593. A study of attitudes, behaviors, and issues concerning death and grief. Includes responses to death and grief throughout the life cycle; process of grief and bereavement; theology and death; legal aspects of dying; care of the dying; suicide; post-mortem care; death and bereavement education. Credit will not be awarded for both HEA 593 and WGS 593.

HIS—History

Dr. John Bowes, Chair

HIS 100 World Topics To 1500: (3) A. Introductory exploration of a broad regional or thematic topic in world history prior to 1500. Credit will not be awarded to students who have credit for HIS 231 or 246. Limited to three credit hours. Gen. Ed. E-5A [SB].

HIS 101 World Topics Since 1500: (3) A. Introductory exploration of a broad regional or thematic topic in world history since 1500. Credit will not be awarded to students who have credit for HIS 231 or 246. Limited to three credit hours. Gen. Ed. E-5A [SB].

HIS 102 American Civilization to 1877. (3) A. Formerly HIS 202. Transition from colonial to independent nation under the influence of agrarian conditions; the influence of European foundations. Required of all majors and minors in history. Credit will not be awarded to students who have credit for HIS 202. Gen. Ed. E-5A [SB].

HIS 103 American Civilization Since 1877. (3) A. Formerly HIS 203. Conflicts between demands of an industrial society and agrarian values; interrelationships between world expressions and American experience. Required of all majors and minors in history. Credit will not be awarded to students who have credit for HIS 203. Gen. Ed. E-5A [SB].

HIS 147 World Civilizations Since 1500. (3) A. Formerly HIS 247. Analyzes patterns of historical change and interaction in various world civilizations during the modern period. Credit will not be awarded to students who have credit for HIS 101 or 247. Gen. Ed. E-5A [SB].

HIS 204W Historical Inquiry: Writing Intensive. (3) A. Prerequisites: ENG 102 or 102R or 105 (B). Introductory exploration of a particular historical problem or theme. Satisfies university’s sophomore writing requirement. Gen. Ed. E-6 [GE].

HIS 205 The Marginalized in History. (3) A. Introductory exploration of the experiences of specific historically marginalized groups or cultures. May be repeated up to 6 hrs. as long as content varies. Gen. Ed. E-6 [GE].

HIS 290 Historical Research and Methods. (3) I, II. HIS majors only. A comprehensive introduction to historical research, writing, and methodologies. Credit will not be awarded for both HIS 201 and HIS 290.

HIS 300A Topics in U.S. History. (1-3) A. Movements in U.S. history that have influenced and continue to influence the course of American culture and civilization. May be retaken to a maximum of six hours provided topics vary.

HIS 300B Topics in European History. (1-3) A. Movements in European history that have influenced and continue to influence the course of European culture and civilization. May be retaken to a maximum of six hours provided topics vary.

HIS 300C Topics in Non-Western History. (1-3) A. Movements in non-Western history that have influenced and continue to influence the course of non-Western cultures and civilization. May be retaken to a maximum of six hours provided topics vary.

HIS 302A Research Topics in History. (1-3) I, II. Prerequisites: HIS majors only, HIS 290, and ENG 102 or 102R, 105(B) or HON 102. Historical research and methodologies using case studies of specific movements in U.S. history that have influenced and continue to influence the course of cultures and civilizations.

HIS 302B Research Topics in History: ______. (3) I, II. Prerequisites: HIS majors only, HIS 290, and ENG 102 or 102R, 105(B) or HON 102. Historical research and methodologies using case studies of specific movements in European history that have influenced and continue to influence the course of cultures and civilizations.

HIS 302C Research Topics in History: ______. (3) I, II. Prerequisites: HIS majors only, HIS 290, and ENG 102 or 102R, 105(B) or HON 102. Historical research and methodologies using case studies of specific movements in Non-Western history that have influenced and continue to influence the course of cultures and civilizations.

HIS 303 Women in American History. (3) A. Cross-listed as WGS 303. Prerequisite: three hours HIS or departmental approval. Social, economic, and cultural role of women in America. Women’s work; social position and status; women in reform movements; feminism and the suffrage movements; the new feminism. Credit will not be awarded for both HIS 303 and HIS 304.

HIS 304 Slavery in the Americas. (3) A. Cross-listed as AFA 304. Prerequisite: three hours HIS or departmental approval. The history of slavery, labor, and freedom in the Western Hemisphere. Special attention will be given to anti-abolitionist movements. Credit will not be awarded for both HIS 303 and AFA 305.

HIS 305 African-American History. (3) A. Cross-listed as AFA 305. Prerequisite: three hours HIS or departmental approval. African history to 1500; Europe, Africa, and the Americas; trans-Atlantic and domestic slave trades; American slavery; emancipation; post-emancipation experiences and initiatives; persistence of black nationalism. Credit will not be awarded for both HIS 305 and AFA 305.

HIS 307 Religion in American History. (3) A. Prerequisite: ENG 102 or 102R, 105 (B), or HON 102. Examination of the impact of religious issues upon American history, including units on such questions as church-state relations and the role of religion in American perspectives on culture, ethnicity, gender, and social and economic change. Credit will not be awarded for both HIS 307 and HIS 300A: Religion in American History.

HIS 308 Native Americans to 1830. (3) A. Prerequisite: ENG 102 or 102R, 105 (B), or HON 102. Native American history from pre-contact to the Indian Removal Act of 1830. Emphasis on the nature and impact of encounters with Europeans.

HIS 309 Native Americans Since 1830. (3) A. Prerequisite: ENG 102 or 102R, 105 (B), or HON 102. Native American history from the Indian Removal Era to the present. Emphasis placed on both native perspectives and federal policies.

HIS 310 History of Science. (3) A. The development of scientific concepts through the ages, contribution of science to civilization, philosophy of science, and biographical sketches. Credit will not be awarded for both HIS 310 and SCI 310.

HIS 312A Independent Study in History: ______. (3) A. Individual research and/or reading on a problem area in U.S. history. Regular reports and final research paper required. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

HIS 312B Independent Study in History: ______. (3) A. Individual research and/or reading on a problem area in European history. Regular reports and final research paper required. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

HIS 312C Independent Study in History: ______. (3) A. Individual research and/or reading on a problem area in Non-Western history. Regular reports and final research paper required. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.
HIS 319 Topics in 20th Century U.S. History: (3). A. Prerequisite: ENG 102 or 102R, 105 (B), or HON 102. Important issues and events in the history of the United States during the Twentieth Century. May be retaken to a maximum of six hours provided topics vary.

HIS 361 Topics in the History of Eurasia: (3). A. Prerequisite: ENG 102 or 102R, 105 (B), or HON 102. Important issues and events in the history of Eurasia. May be retaken to a maximum of six hours provided topics vary.

HIS 365 Russia - Revolution & Reform: (3). A. Prerequisite: ENG 102R, 105B, or HON 102. Cultural, social, economic and political events leading to the 1917 Revolution. The history of the Soviet Union including its break-up into independent states.

HIS 373 The Modern Mediterranean: (3). A. Formerly HIS 347. Prerequisite: ENG 102R, 105B, or HON 102. Global consequences of World War II, the Cold War, decolonization, and superpower interventionism. The transition from a bipolar to a multipolar international system, the collapse of communism, and the spread of terrorism. Credit will not be awarded to students who have credit for HIS 347.

HIS 374 East Asian History to 1600: (3). A. Prerequisite: ENG 102 or 102R, 105B, or HON 102. China and Japan from the beginnings of East Asian civilization in Neolithic times to the early modern period; the development of key social, economic, and political institutions; the Confucian tradition and the introduction of Buddhism; the Ming and the Qing imperial order in China and the emergence of Japanese feudalism.

HIS 376 Japan – Samurai to Superpower: (3). A. Formerly HIS 475. Prerequisite: ENG 102 or 102R, 105B, or HON 102. Japan from 1600 to the present. Included will be the arrival of the West, industrialization, militarism, World War II, and Japan as economic superpower. Credit will not be awarded to students who have credit for HIS 475.

HIS 377 The Atlantic World: Empire and Revolution: (3). A. Formerly HIS 474. Prerequisite: ENG 102 or 102R, 105B, or HON 102. Han Chinese dissent and collaboration under Qing (Manchu) rule; conflicts with the West; rapid economic and cultural change; Revolution of 1840; communist civil war and Japanese occupation; Great Leap Forward, Cultural Revolution, and Tiananmen Square. Credit will not be awarded to students who have credit for HIS 474.

HIS 384 Modern Latin America. (3). A. Prerequisite: ENG 102 or 102R, 105B, or HON 102. The national period in Latin American history, with emphasis on dependency theory, Roman Catholicism in the region, and United States-Latin American relations. Credit will not be awarded for both HIS 384 and AFA 384.

HIS 385 European History. (3). A. Cross-listed as AFA 385. Prerequisite: ENG 102 or 102R, 105B, or HON 102. History of Africa from earliest times to 1860. Emphasis on social, political, economic, and cultural change in states and societies; colonial traditions; European activities; slavery and the slave trades. Credit will not be awarded for both HIS 385 and AFA 385.

HIS 386 Modern African History. (3). A. Cross-listed as AFA 386. Prerequisite: ENG 102 or 102R, 105B, or HON 102. History of Africa from the 19th century to the present. Themes include: trade and politics; European conquest and African resistance; rural survival and urban popular culture; race, class, gender, ethnicity, and age; African nationalization and independence. Credit will not be awarded for both HIS 386 and AFA 386.

HIS 401 American Colonial Period. (3). A. Prerequisite: three hours HIS or department approval. Political and cultural histories of 13 colonies and their neighbors; European background; settlement; westward expansion; intercolonial conflicts; beginnings of culture; colonial opposition to imperial authority.

HIS 402 Revolutionary America. (3). A. Prerequisite: three hours HIS or department approval. Colonial background of Revolution; internal and external nature of Revolution; problems associated with Confederation; events leading to the American Constitution.

HIS 405 America's Westward Expansion. (3). A. Prerequisite: three hours HIS or department approval. Colonial frontier; trans-mountain movements; Indian problems; Manifest Destiny; the sectional struggle; mining; railroads; cattle; agriculture.

HIS 416 Kentucky History. (3). A. Prerequisite: ENG 102 or 102R, 105 B, or HON 102, three hours HIS, or departmental approval. Kentucky’s social, economic and political development from frontier times to the present day. The Kentucky experience of such national trends as migration, urbanization, industrialism and expanding government. Credit will not be awarded for both HIS 416 and HIS 516.

HIS 420 Appalachia in U.S. History. (3) A. Cross-listed as APP 420. Prerequisites: ENG 102 or 102R, 105 B, or HON 102; three hours HIS or department approval. The relationship between Appalachia and the rest of the United States. Topics include the “yoeman” myth, coal industrialization, settlement houses, company towns, and the identification of the region with poverty. Credit will not be awarded to students who have credit for APP 420.

HIS 424 Civil War and Reconstruction. (3). A. Prerequisite: three hours HIS or department approval. Intellectual, social, and political roots of the sectional crisis; military and social perspectives on the war years; the continuation of the sectional crisis in Reconstruction.

HIS 435 U.S. Civil Rights Movement. (3). A. Cross-listed as AFA 435. Prerequisites: three hours HIS or departmental approval. The struggle through primary and secondary sources of the origins, course, ideologies, and legacy of the mid-twentieth century American movement for racial justice and equality. Discussion of the central scholarly issues in civil rights studies. Credit will be awarded for both HIS 435 and AFA 435.

HIS 450W Senior Seminar in History. (3). A. Prerequisites: ENG 102 or 102R, 105 B, or HON 102; HIS 200, 201 or 290; and six hours of the following: HIS 302A, 302B, 302C. Research and writing in History. Credit will not be awarded to students who have credit for HIS 450.
workplace violence mitigation. Credit will not be awarded to students who have credit for SEC 250.

HLS 320 Security Management (3) A. Prerequisite: Junior or Senior standing or departmental approval. Evolution and application of traditional and current theories in leading and managing corporate and government/industrial security operations. Areas covered include management, supervision and leadership of a security organization.

HLS 321W Critical Problem Analysis, (3) A. Prerequisites: HLS 101, HLS 210, and HLS 260 with a minimum grade of “C”, ENG 102 or 102R or HON 102 with a minimum grade of “C” or ENG 105 with a minimum grade of “B”; and HLS major or departmental approval. Develop research, critical and creative thinking and communication skills for the security profession. Credit will not be awarded to students who have credit for HLS 321.

HLS 349 Applied Learning in HLS. (5-12) A. Prerequisites: Department Chair approval, a minimum GPA of 2.0, a minimum of 30 hours completed. The student works under faculty and field supervisors in placements related to the student’s academic studies. A minimum of 80 hours work required for each academic credit. May be retaken to a maximum of twelve hours.

HLS 350 Cooperative Investigations (5-12) A. Prerequisites: Department Chair approval, a minimum GPA of 2.0, a minimum of 30 hours completed. The student works under faculty and field supervisors in placements related to the student’s academic studies. A minimum of 240 hours work required for each academic credit. May be retaken to a maximum of twelve hours.

HLS 401 Intelligence Process. (3) A. Prerequisite: HLS 101, HLS 210, and HLS 260 with a minimum grade of “C” or ENG 102 or 102R or HON 102 with a minimum grade of “C” or ENG 105 with a minimum grade of “B”; and HLS major or departmental approval. Development of critical and creative thinking and communication skills for the security profession. Credit will not be awarded to students who have credit for HLS 401.

HLS 403 Intelligence Analysis. (3) A. Prerequisite: HLS 401 or 404. Examinations processes used at local, state and federal levels to conduct intelligence analysis and develop intelligence products. Includes advanced instruction in intelligence structured analytic techniques.

HLS 430 Terrorism and Violent Extremism (3) A. Coverage of politically-motivated extremist violence in the United States. Includes discussion of definitional issues, radicalization, major attacks, current threats, and principal extremist groups and their ideologies.

HLS 435 HLS Special Topics. (1-12) A. Study of contemporary issues and special topics in homeland security. May be retaken to a maximum of twelve hours under different subtitles.

HLS 441 Homeland Security Technology. (3) A. Broad overview of homeland security technology. Technology as a tool to support homeland security regardless of functional specialty. Contribution of technology to deterrence, preemption, prevention, protection, response and recovery.

HLS 445 HLS Field Experience. (1-12) A. Prerequisites: Department Chair approval, a minimum GPA of 2.0, and a minimum of 30 hours completed. This course is designed to broaden the educational experience through appropriate observation work assignments in cooperating agencies. A minimum of 80 hours of observation is required for each academic credit. May be retaken to a maximum of twelve hours.

HLS 450 Student Study. (1-6) A. Prerequisites: Department Chair approval, a minimum GPA of 2.0, a minimum of 30 hours completed. Individual research and research on a problem within the field of homeland security. Students must have independent study proposal form approved by faculty supervisor and department chair before enrollment. May be retaken to a maximum of six hours.

HLS 451Disaster Resilience. (3) A. Concepts, theories, principles, programs, and requirements of pre- and post-disaster hazard mitigation; governmental programs, planning and practice; hazard and threat modeling and analysis; team building; case studies; project development.

HLS 455 Critical National Threats and Responses. (3) A. Course addresses concepts, theories, laws and authorities, principles, programs, and requirements associated with unconventional threats to our nation that most likely would result in mass casualties, and pose large-scale responses and cascading threats.

HLS 461 Disaster Planning and Exercises. (3) A. Prerequisite: HLS 260. Emergency planning requirements, methods and applications for all levels of government and business, including hazard mitigation planning and emergency operations planning; also considers planning for universities, colleges and secondary schools.

HLS 495 Leadership and Ethics. (3) A. Prerequisite: HLS 320 or 401 with a minimum grade of “C” and senior standing or departmental approval. Examine theories and practical applications of leadership and ethical decision making. Senior capstone course requiring synthesis of prior course work in homeland security.

HON—Honors Program Courses

HON 100 Honors Seminar. (1) I. This course is designed to be an introduction to the Honors Program and academic life at the university, as well as to promote student success across the curriculum.

HON 102 Honors Rhetoric. (6) I. Prerequisite: Permission of instructor and approval. A topics course in the fine arts meeting the goals of the Honors Program. Credit will not be awarded for both HON 102 and ENG 102 or 102R or HON 102 and admission to the Honors Program; or departmental approval.

HON 103 Honors Communication. (3) I. Prerequisite: Admission to the Honors Program or program approval. Corequisite: HON 103. Designed, with HON 103, to improve skills in writing, reasoning, oral presentation, and research, through the study of significant works of literature, philosophy, and social and cultural history from the ancient to the modern world. Each student will do a research paper that requires both significant use of library resources and the development of a cogent line of argument. Gen. Ed. E-1A & 1B, or 3B. [AH][WC][W].

HON 304W Honors Seminar in the Mathematical Sciences. (3) A. Prerequisite: ENG 102 or 102R or 105B or HON 102 and Admission to the Honors Program; and completion of all University academic readiness indicators; or departmental approval. A topics course in the mathematical sciences meeting the goals of the Honors Program. A service-learning version of HON 304W may also be offered. Students may earn up to six hours from any combination of HON 304W/304S, providing the topics differ. Gen. Ed. E-2 & E-2R [QR].

HON 307W Honors Seminar in the Arts. (3) A. Prerequisite: ENG 102 or 102R or 105B or HON 102 and admission to the Honors Program; or departmental approval. A topics course in the arts meeting the goals of the Honors Program. May be retaken with different topics to a maximum of six hours. Gen. Ed. E-3A [AH].

HON 308W Honors Seminar in the Humanities. (3) A. Prerequisite: ENG 102 or 102R or 105B or HON 102 and Admission to the Honors Program; or departmental approval. A topics course in the humanities meeting the goals of the Honors Program. May be retaken with different topics to a maximum of six hours. Gen. Ed. E-3B [AH].

HON 310W Honors Seminar in History. (3) A. Prerequisite: ENG 102 or 102R or 105B or HON 102 and admission to the Honors Program; or departmental approval. A topics course in history meeting the goals of the Honors Program. May be retaken with different topics to a maximum of six hours. Gen. Ed. E-5A [SB].

HON 312W Honors Seminar in the Social and Behavioral Sciences. (3) A. Prerequisite: ENG 102 or 102R or 105B or HON 102 and Admission to the Honors Program; or departmental approval. A topics course in the social and behavioral sciences meeting the goals of the Honors Program. A service-learning version of HON 312W may also be offered. Students may earn up to six hours from any combination of HON 312W/312S, providing the topics differ. Gen. Ed. E-3B [SB].

HON 317W Honors Seminar in the Natural Sciences. (3) A. Prerequisite: ENG 102 or 102R or 105B or HON 102 and Admission to the Honors Program; or departmental approval. A topics course in the natural sciences meeting the goals of the Honors Program. Credit will not be awarded for both HON 317 and HON 316W. 2 Lec./ 2 Lab. Gen. Ed. E-4.

HON 320W Honors Seminar in Diversity of Perspectives and Experiences. (3) A. Prerequisite: Admission to the Honors Program or departmental approval and ENG 102 or 102R or 105B or HON 102. A topics course in the diversity of perspectives and experiences meeting the goals of the Honors Program. May be retaken with different topics to a maximum of six hours. Gen. Ed. E-6 [GE].

HON 390 Directed Topics in Honors. (1-3) A. Prerequisite: approval of honors program director. Specialized study of selected topics usually culminating in an official presentation at a conference such as the annual meeting of the National Collegiate Honors Council. Student must have the special topics proposal form approved by a faculty mentor prior to enrollment. May be retaken with different topics to a maximum of three hours.

HON 404 Honors Interprofessional Health Sciences Seminar. (3) A. Prerequisites: ENG 102 or ENG 105B or HON 102. At least three hours of HON upper-division credit. Honors Program advanced seminar course designed to provide honors students in health sciences and related majors with a collaborative interprofessional experience. Biological, psychosocial, cultural, economic, legal, political, environmental, and technology factors surrounding health. Course focuses on a specific theme each semester it is taught.

HON 420 Thesis Project and Seminar. (3-6) I, II. An in-depth study or major project, approved by the honors director, and presented in a suitable format within the seminar. May be retaken for a maximum of 6 credit hours.

HSA—Health Services Administration Dr. Michael Ballard, Chair

HSA 100 Health Care Delivery Systems. (3) I, II. Overview of U.S. health care: history, factors influencing health and health care, identification and organization of health facilities and professionals, health economics, health trends, and ethics.

HSA 200 Medical Terminology. (3) I, II. Basic medical vocabulary consisting of prefixes, suffixes,
Section Seven - Course Descriptions

roots; anatomical, symptomatic, and common disease terms of the body systems.

HSA 302 Organization and Management of Health Services. (3) I, II. Prerequisite: HSA 100 (minimum grade of “C”) and a minimum 2.75 EKU GPA. Analysis of structure, function, and internal and external forces impacting healthcare services. Identification of management and non-management functions.

HSA 303 Fundamentals of Medical Science. (3) I, II. Prerequisites: HSA 200, BIO 307 and BIO 308 each with a minimum grade of “C” and a minimum 2.75 EKU GPA. An introduction to the study of disease—its causes, symptoms, and treatment.

HSA 306 Clinical Classification Systems. (3) I, II. Prerequisite: HSA 302 and 303 with a minimum grade of “C” or departmental approval. Clinical classifications, coding, and reimbursement systems for physician and hospital services.

HSA 370 Health Information Management Systems. (3) I, II. Prerequisites: HSA 302 and INF 314 with a minimum grade of “C”. Health information systems, systems analysis, and healthcare database management.

HSA 372 Health Care Reimbursement Systems. (3) I, II. Prerequisite: HSA 302 and 306 (minimum grade of “C”). An in-depth analysis of health care reimbursement systems; health insurance fraud and abuse; and procedures for patient accounting and cash flow forecasting.

HSA 375 Health Services Administration. (3) I, II. Prerequisites: MGT 301 or 300, HSA 302 (minimum grade of “C”). Prerequisite or co-requisite: MGT 320 or POL 376. Application of financial principles, strategic planning, marketing, and leadership skills to the administration of health care organizations.

HSA 401 Legal Issues in Health Care. (3) I, II. Prerequisite: HSA 100 with a minimum grade of “C” and a minimum 2.75 EKU GPA. Overview of U.S. legal system, patient privacy, and liability related to medical records and health care issues.

HSA 405 Clinical Information Management. (3) I, II. Prerequisites: HSA 370, (minimum grade of “C”). Review of health trends related to the management of clinical information systems.

HSA 406 Health Care Quality Management. (3) I, II. Prerequisites: HSA 302; STA 215 or 270 each with a minimum grade of “C”. A study of total quality management, utilization review, and risk management functions in a health care setting.

HSA 407 Advanced Health Services Administration. (3) I, II. Prerequisite: HSA 375 (minimum grade of “C”). Advanced study in trends relating to the management of health care organizations and leaders in health care services administration.

HSA 409W Health Services Research Methods (3) I, II. Prerequisites: ENG 102 or 102R, 105(B), or HON 102, HSA 302, STA 215 or 270 with a minimum grade of “C”. Introduction to health care research methods, related terminology and statistical techniques. Credit will not be awarded for both HSA 409 and HSA 409W.

HSA 411 Professional Practice Experience I. (1) I, II. Prerequisite: department approval. Internship assignment to a health care organization for observation and practice of supervisory functions.

HSA 412 Professional Practice Experience II. (1) I, II. Prerequisite: department approval. Internship assignment within the field of health information management for observation and practice of data management functions.

HSA 413 Professional Practice Experience III. (3) I, II. Prerequisite: department approval. Internship assignment to health care organizations for observation and practice of non-management functions.

HSA 415 Professional Certification Preparation (1) I, II. Corequisite: HSA 413. Preparation for the Registered Health Information Administrator (RHIA) certification exam. Course focuses on the content domains included on the exam and development of general test-taking skills.

HSA—Health Sciences Orientation Dr. Sheila Pressley, Interim Dean

HSA 100 Student Success Seminar. (1) A. Orientation to the academic life and career preparation with emphasis on University regulations, catalog details, registration, career opportunities, and program requirements. Open to all students during their first two semesters of enrollment at EKU; beyond that open to students with fewer than 30 semester hours earned.

HSA—Human Services Dr. Will Place, Chair

HSA 300 Introduction to Counseling and Human Services (3) A. This introductory course will cover the functions, history, ethical standards, theories, basic listening skills, and cultural competencies required for professionals in the field of Human Services.

HSA 305 Introduction to Career Decision-Making (3) A. Topics will include use of career information, elements of self-awareness, career exploration, decision making, and skill identification, developing personal career interest, values clarification, skill reviews; and job search skills.

HSA 400 Introduction to Human Development (3) A. This course focuses on human development throughout the lifespan, from birth to death. Students will examine central concepts related to human development as well as continuity and change within the developing individual.

HSA 405 Appalachian Issues in a Multicultural Society (3) A. This course addresses issues relevant for those who will work in human services and require knowledge of issues relevant to Appalachian and non-Appalachian communities.

HSA 410 Contemporary Issues in Counseling and Human Services (3) A. An overview of Counseling and Human Services. Focus is on ethics, practice, current research and topical events related to the Counseling and Human Services profession.

HSA 415 Human Services Administration (3) A. Includes skills and knowledge involved in effective development and administration of small human services programs and agencies: organizing, setting goals, and estimating needs, recruiting, selecting, orienting, supervising, and evaluating employees; securing and managing financial resources.

HUM—Humanities Dr. Abbey Poffenberger, Chair

HUM 124 Humanities and the Search for Meaning. (3) I, II. An introduction to the comparative and interdisciplinary study of culture, including Western and non-Western literature, visual art, music, and design emphasizing integrating thinking as a means toward affirming values for living meaningfully in today’s world. Gen. Ed. E-3A, 3B.

HUM 226 The Search for Meaning: The Ancient World. (3) I, II. Comparative and interdisciplinary approaches to the study of culture in the ancient world, including Western and non-Western literature, drama, visual art, architecture, and religion/philosophy in historical context; emphasis on integrative thinking and exploration of living meaningfully from the ancient perspective. Gen. Ed. E-3A, 3B.

HUM 300 Humanity in the Postmodern Age. (3) A. Prerequisite: ENG 102 or 102R, 105(B), or HON 102. Comparative and interdisciplinary approaches to the study of culture since 1945, including study of Western and non-Western works of literature, visual art, music, film, and religion/philosophy; focus on integrative thinking as a means toward affirming values for living meaningfully in the contemporary world. Credit will not be awarded for both HUM 300 and 300W. Gen. Ed. E-3A, 3B. AJH

HUM 302 Comparative Humanities. (3) A. An introduction to classic, formalist, structuralist, and post-structuralist approaches to the analysis of literature, visual culture, music, the dramatic arts, and design.

HUM 320 Classical Humanities. (3) A. Critical analysis of visual culture, literature, architecture, and thought from prehistory, archaic and classical cultures: Egypt, Greece, Rome reflecting the achievements and values of the ancient Mediterranean civilizations.

HUM 330 Medieval Humanities. (3) A. Critical analysis of art, music, and literature from the Judeo-Christian and Islamic traditions emphasizing the confluence of these traditions in the European Middle Ages.

HUM 340 Renaissance and Enlightenment. (3) A. Critical analysis of art, music, and literature from the Renaissance, Baroque, and the Enlightenment reflecting the religious and secular energies of Western culture and the colonial world.

HUM 350 Modern Humanities. (3) A. Science, globalization, and cultural diversity in the Modern World; critical analysis of art, music, and literature reflecting the modernization of culture and the human condition since the Enlightenment.

HUM 360 Topics in Non-Western Traditions: (3) A. Prerequisite: ENG 102 or 102R, ENG 105(B), or HON 102. Studies in the literature, visual and dramatic arts, music, and design of non-Western cultures. This course may focus on a single non-Western tradition or on a few inter-related non-Western traditions in a given semester. Repeatable up to six hours with permission of department chair. Gen. Ed. E-6 [GE]

HUM 395 Independent Work in Humanities. (1-3) A. Prerequisite: HUM 224 or 228. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours if topic is different.

HUM 400 Topics in Interdisciplinary Humanities. (3) A. Selected topics in Interdisciplinary Humanities. May be repeated with permission of the department for up to six hours.

HUM 499 Humanities Thesis. (3) A. An in-depth thesis project, approved by the department chair, directed by Humanities faculty member, and presented in the form of a research paper with appropriate visual or audio materials.

IES—Foreign Exchange Studies Jennifer White, Director

IES 300 International Exchange. (1-12) A. Prerequisites: sophomore standing, and approval from the Education Abroad Director. This course is used as a placeholder until a transfer transcript from the international institution or school of record is received, at which time this course is replaced with the transfer course.

IES 333 Study Abroad: (1-12) A. Prerequisites: sophomore standing, and approval from the Education Abroad Director. This course is used as a placeholder until a transfer transcript from the international institution or school of record is received, at which time this course is replaced with the transfer course.
INF 101 Introduction to Online Learning (1) A. Formerly CSC 101. Prepare students to take online courses at EKU including the use of the Blackboard learning environment. Help students acquire basic skills to be successful in online learning. Credit will not be awarded to students who have credit for CSC 101.

INF 104 Computer Literacy with Software Applications. (3) I, II. A non-technical survey of computers, software, and online applications. Implications of the use and misuse of computers. The effect of computers on society. Software applications such as word processors, spreadsheets, databases, and graphics. Credit will not be awarded to students who have credit for CSC 104. (3) Lec (1 Lab when taught in large lecture sections).

INF 105 Software Applications Topics: ______. (1-3) A. Formerly CSC 105. Selected topics in software applications. Topics vary with offering. May be retaken with advisor approval to a maximum of nine hours provided the topics are different.

INF 110 Introduction to the Internet. (1) I, II. Formerly CSC 110. Introduction to the Internet and the Internet processing tools. The course emphasizes the use of the World Wide Web in information gathering and retrieval tool. Credit will not be awarded to students who have credit for CSC 110.

INF 120 Introduction to Multimedia. (3) I, II. Formerly CSC 120. Introduction to multimedia technology and its application in visual and virtual communication. Topics include video editing, media file processing, video streaming, computer graphics. Credit will not be awarded to students who have credit for CSC 120.

INF 130 Virtual Worlds. (3) A. Formerly CSC 123. Exploration of the technologies used in virtual environments and their effects on society. Review of technology driving virtual environments with historical context. Emerging technology. Social/economic consequences. Communication in virtual and visual communication. Credit will not be awarded to students who have credit for CSC 123.

INF 135 3D Printing (3) A. Exploration of the technologies used in the 3D printing process. Development of skills needed to generate content for 3D printing. Software-driven solutions to 3D printing issues. Emerging technology. Social/economic consequences. Credit will not be awarded to students who have credit for previous 3D printing topics course: 3D Printing through new technologies and science fiction. Credit will not be awarded to students who have credit for CSC 307.

INF 307 Cyberspace Security and Ethics. (3) A. Formerly CSC 307. Prerequisite: A grade of “C” or higher in ENG 102 or 102R, ENG 105B, or HON 102. A non-technical survey of computing, including computers’ effect on society, computer crime, viruses and other threats, and self-protection in an online environment. Credit will not be awarded to students who have credit for CSC 307.

INF 314 MS Office & Data Analysis. (3) A. Formerly CSC 314. Prerequisite: “C” or higher in INF 104, CIS 212, or equivalent. Designing advanced Excel spreadsheets and Access databases to manage data problems with an emphasis on data calculations, data analysis, and organization of data.

INF 318 Mobile Device Security & Privacy (3) A. Formerly CSC 318. Prerequisite: A grade of “C” or higher in ENG 102 or 102R, 105B, or HON 102. Introduction to mobile and handheld device security and privacy. Topics include mobile devices including smart phones, tablets and others; mobile device threats; mobile device security including planning and implementation; mobile device forensics. Credit will not be awarded to students who have credit for CSC 318.

INF 321 Computer Forensics I (A). Formerly CSC 321. Prerequisite: A grade of “C” or higher in ENG 102 or 102R, 105B or HON 102. Introductory course on computer forensics. Topics include computer forensics concept, digital evidence, law and regulations, computer forensics lab, computer forensics investigation, digital forensics reports, court testimony, ethics and codes to expert witness. Credit will not be awarded to students who have credit for CSC 321.

INF 327 Computer Forensics II (A). Formerly CSC 323. Prerequisite: A grade of “C” or higher in INF 321 with a minimum grade of “C”, or INF 321 with a minimum grade of “C”. Introductory course on computer forensics. Topics include digital evidence, digital forensics investigation procedure, evidence identification, data acquisition, crime scene processing, digital forensics tools, quality assurance, evidence processing, investigation report, and court testimony. Credit will not be awarded to students who have credit for CSC 322.

INF 330 2D Animation (3) A. Prerequisite: A grade of “C” or higher in ART 100, BEM 240, INF 120, INF 130, CSC 140, or TEC 190. Introduction to 2D animation for use in animation and games. Graphical tablets will be used to learn various digital drawing techniques and key-framing, onion-skinning, rigging, and will be used for animation generation leading to sprite-sheet assets. Credit will not be awarded to students who have credit for previous Special Topics course: 2D Animation; and Digital Sculpting (3) A. Prerequisite: A grade of “C” or higher in ART 100, INF 130, INF 330, or CSC 315. Navigate and utilize 2D sculpting tools. Create animation ready meshes and game ready models and textures. Learn appropriate terminology and vocabulary in the field of 2D animation. Credit will not be awarded to students who have credit for previous Special Topics course: Digital Sculpting.

INF 495 Independent Work. (1-3) I, II. Prerequisite: A grade of “C” or higher in ENG 102 or 102R, 105B, or HON 102, and departmental approval. Directed study/research on a problem or area chosen in consultation with the instructor. Final paper required. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of twelve hours.

INF 507 Special Topics in Informatics: ______. (1-3) A. Prerequisite: departmental approval. Topics vary with offering. May be retaken to a maximum of six hours with advisor approval, provided the topics are different.

INF 510 Web Design and Programming in Education. (3) A. Formerly CSC 510. Introduction to design and implementation of World Wide Web applications for teachers. Development of interactive on-line class notes and testing materials. Credit will not be awarded to students who have credit for CSC 510.

INF 511 Game Design. (3) A. Prerequisite: CSC 316 with a grade of “C” or higher. Fundamentals of designing both digital and non-digital games. In-depth study of choice, motivation, and reward in gameplay systems. Additional topics related to gamification, monetization, and serious games also covered.

INF 512 Game Production and Publication. (3) A. Prerequisite: CSC 316 with a grade of “C” or higher. Review of historical and current aspects of the games industry from AAA to indie. Project Management, Agile Development in Games, Project funding, IP protection, Collaborations, and other game release issues.

INS—Insurance Dr. Oliver Felts, Chair INS 349 A-N Cooperative Study: Insurance. (5-8) A. Prerequisites: minimum GPA of 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to the field of insurance, internship, radiation. Minimum of 60 credit hours required per credit hour. Six hours may be used as a major elective. May be repeated for a total of 16 credit hours.

ITP—Interpreter Training Program Dr. Laurence Hayes, Chair ITP 215W Professional Issues in Interpreting.
Course

Course Descriptions

Section Seven - Course Descriptions

ITP 420 English-to-ASL Interpreting II. (3) I, II. Prerequisites: admission in the interpreting program, ASL 302, ITP 325 with a minimum grade of “C” and admission to the ASL and English Interpretation program or departmental approval. Continued development of ASL-to-English interpreting skills in a variety of settings. Clinical hours required.

ASL-to-English Interpreting II. (3) I, II. Prerequisites: ITP 325 with a minimum grade of “C” and admission to the ASL and English Interpretation program or departmental approval. Continued critical analysis of interpreting in various multicultural and specialized settings. Continued development of ethical and culturally competent decision-making skills. Clinical hours required.

ITP 430 Ethics & Special Settings II. (3) I. Prerequisites: admission in the interpreting program, ASL 302, ITP 320 and 325 with minimum grades of “C” or departmental approval. Potential practicum sites may be local, state, national or international. An overview of the ethical, legal and cultural requirements in the ITP 495 student practicum program or departmental approval. Continued development of ASL-to-English interpreting skills in a variety of settings. Clinical hours required.

ITP 440 Interactive Interpreting II (3) I. Prerequisites: Admission to the interpreting program, ASL 302, ITP 340, 345, 425, with a grade of “C” or better and admission to the interpreting program or departmental approval. Observation and interpreting experience under the supervision of a mentor(s) in a variety of settings. Clinical hours required.

ITP 470 Practicum in Interpreting I. (3) I. Prerequisites: ASL 302, ITP 325, 340, 425, with a grade of “C” or better and admission to the interpreting program or departmental approval. Observation and interpreting experience under the supervision of a mentor(s) in a variety of settings. Clinical hours required.

ITP 490 Linguistics and ASL II. (3) I. Prerequisites: Admission to the Interpreter Training program, ITP 390 with a minimum grade of “C” or departmental permission. Overview of syntax, discourse, and sociolinguistics. Analysis of American Sign Language and spoken languages. Clinical hours required.

ITP 495 Practicum in Interpreting II. (12) I, II. Prerequisites: admission in the Interpreter Training program, ITP faculty approval, completion of all other ASL/ITP classes with minimum grades of “C”. A structured full time practicum interpreting experience under the direct supervision of a mentor(s) in an educational, public or private setting. Students will interpret, participate in professional growth activities, keep a log of interpreting activities and adhere to all guidelines and requirements in the ITP 495 student practicum handbook. Potential practicum sites may be local, state wide, regional or national.

JPN—Japanese

Dr. Abbey Poffenberger, Chair

JPN 102 Conversational Japanese II. (3) A, B, C, D. Recommended: JPN 101 or equivalent proficiency. Continuation of JPN 101. Emphasis on conversation. Students entering JPN 102 by referral or placement will receive three credit hours for JPN 101 if they make an “A” in 102. Laboratory work required. Gen. Ed. E-6 [GE].

JPN 201 Intermediate Japanese I. (3) A. Recommended: JPN 102 or equivalent proficiency. Continuation of JPN 102. Practice in writing kanji, reading, and speaking on cultural topics for diverse social settings requiring increasingly complex structural patterns. Students entering JPN 201 by referral or placement receive six hours credit for JPN 101 and 102 if they make an “A” or “B” in 201. Gen. Ed. E-6 [GE].

JPN 202 Intermediate Japanese II. (3) A. Recommended: JPN 201 or equivalent proficiency. Continuation of JPN 201. Further development of the students’ ability to interact in more diverse social settings requiring increasingly complex structural patterns. Students entering JPN 202 by referral or placement receive nine hours credit for JPN 101, 102, and 201 if they make an “A” or “B” in 202. Gen. Ed. E-6 [GE].

JPN 295 Independent Work in Japanese. (1-3) A. Prerequisite: departmental approval. May be retaken to a maximum of six hours if content is different. Students must have independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

JPN 495 Independent Work in Japanese. (1-3) A. Prerequisite: departmental approval. May be retaken to a maximum of six hours if content is different. Students must have independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

JSO—Justice & Safety Orientation

Dr. Victor Kappeler, Dean

JSO 100 Student Success Seminar. (1) I. An overview to develop life skills and career planning and preparation. Topics include University policies and procedures, program requirements, career opportunities and introductory study skills. Open to all students during their first two semesters of enrollment at EKU; beyond that open to students with fewer than 30 semester hours earned.

LAS—Paralegal

Dr. Lynnette Noblitt, Chair/Director

LAS 210 Introduction to Law. (3) I, II. General study of the purpose, function, and history of law; law-related occupations; court systems; case law analysis; professional ethics; the adversary system; and the major areas of law.

LAS 220 Legal Research and Writing I. (3) I, II. Prerequisite: LAS 210 or director approval. The sources and techniques of legal research; their application to specific legal problems and the use of legal authority to construct a written legal argument.

LAS 300 Legal Research and Writing II. (3) I, II. Prerequisite: LAS 220. The sources and techniques of advanced legal research and writing; the use of computer-assisted legal research methods and their application. Credit will not be awarded for both LAS 300 and LAS 300W.

LAS 300W Legal Research and Writing II. (3) A, B, C. Prerequisite: LAS 220. The sources and techniques of advanced legal research and writing; the use of computer-assisted legal research methods and their application. Credit will not be awarded for both LAS 300 and LAS 300W.

LAS 305 Special Topics in the Law. (1-3) A. Prerequisite: director approval. A course offered periodically covering topics and issues of current or special interest concerning the law. May be retaken to a maximum of six hours provided topics vary.

LAS 325 Real Estate/Bankruptcy Practice. (3) I, II. Prerequisite: LAS 220. Paralegal practice and procedure for general law office; real estate transactions and documents, title searches, title insurance, loan closings, leases, wills, affidavits of descent, foreclosures and bankruptcy.

LAS 330 Family Law Practice. (3) A. Prerequisite: LAS 220. Paralegal practice in family law including forms, documents, and procedures for: marriage, divorce, adoption, child custody, legitimation of children, marriage, and juvenile law. Credit will not be awarded for both LAS 330 and LAS 330S.

LAS 340 Family Law Practice. (3) A. Prerequisite: LAS 220. Paralegal practice in family law including forms, documents, and procedures for: marriage, divorce, separation, annulment, alimony, legitimation of children, custody, adoption, community property, and juvenile law. This is a Service-Learning Course. Credit will not be awarded for both LAS 330 and LAS 330S.

LAS 340 Criminal Law Practice and Procedure. (3) A. Prerequisite: LAS 220 or director approval. An introduction to criminal law and procedure; criminal law forms and documents, and preparation for criminal litigation using the systems approach.

LAS 350 Litigation: Evidence to Discovery. (3) A. Prerequisites: LAS 220 or director approval. Study of legal principles and paralegal practice in substantive civil law. Incorporates procedural aspects of the early stages of civil litigation including evidence and investigation, pleadings, and the discovery/ disclosure process.

LAS 355 Litigation: Trial to Appeal. (3) I, II. Prerequisite: LAS 220 or Director Approval. Study of legal principles and paralegal practice in substantive civil law. Incorporates procedural aspects of the latter stages of civil litigation including settlement and ADR, trial preparation, trial, post-trial practice, and appeal.

LAS 360 Probate Practice and Procedure. (3) I, II. Prerequisite: LAS 220 or director approval. Paralegal probate practice including initial steps, asset accumulation, debt management, court appearance, estate-related tax issues and forms. A systems approach will be emphasized.

LAS 370 Corporations and Business Organization Practice. (3) A. Prerequisite: LAS 220. Documents, forms, and procedures essential to the corporate paralegal. Development of skills concerning business formations, incorporation, corporate finance, employees, corporate operation, securities, regulatory compliance, merger, acquisitions, sales and terminations.

LAS 380 Administrative Agency Practice. (3) A. Prerequisite: LAS 220. Practical paralegal skill development in administrative law and procedure. Forms, documents, pleadings, and techniques for administrative regulatory compliance; case processing; informal and formal administrative advocacy, emphasizing the systems approach.

LAS 385 Legal Administration and Computer Applications. (3) I, II. Prerequisites: LAS 220. The study of law office administration and the utilization of specific law office computer applications.

LAS 399 Paralegal Internship. (4) I, II. Prerequisite: completion of 18 hours of major (LAS) courses including LAS 300 or director approval (prior written application is required).

LAS 405 Paralegal Evidence and Trial Skills. (1) A. Prerequisite: completion of 18 hours of major (LAS) courses or director approval. Professional ethics, analysis of the internship experience, transition to the law office and current issues facing the paralegal profession.

LAS 490 Independent Study of Law. (1-3) A. Prerequisite: director approval. Individual research, skill development, and study in an area of law or paralegal practice. Students must have independent study proposal form approved by faculty supervisor and departmental chair prior to enrollment. May be retaken to a maximum of six hours.

LAS 535 Municipal Law. (3) A. Prerequisite: LAS 220 or director approval. Practical legal problems confronting municipal officials including: governing and public official liability, ordinances, taxes, levies, bonds, zoning, governmental financing, licensing, open meetings, personnel, cutback management, elections, and other issues.
Section Seven - Course Descriptions

LAT—Latin

Dr. Abbey Poffenberger, Chair

LAT 101 Beginning Latin I. (3) A. Study of basic inflections, syntax, pronunciation, and vocabulary necessary for the reading and progressive understanding of the Latin language. Particular attention is given to the relationship of Latin to English. Gen. Ed. E-6 [GE].

LAT 102 Beginning Latin II. (3) A. Recommended: one unit of high school Latin or LAT 101. A continuation of the study of the elements of Latin grammar with additional work in translation of selections from Latin writers of appropriate complexity. Some composition on cultural topics included. Students entering LAT 102 by referral or placement receive three hours credit for LAT 101 if they make an "A" in 102. Gen. Ed. E-6 [GE].

LGS — Legal Studies

Dr. Lynnette Noblitt, Chair

LGS 300 Introduction to Legal Studies (3) A. Prerequisite: ENG 102 or 102R, ENG 105, or HON 102. Examination of foundations and liberal arts perspectives of legal studies. Topics include comparative and historical introduction to forms, institutions, processes, and systems of law along with research methods for understanding questions of law and justice.

LGS 305 Special Topics: _______ (3) A. Prerequisite: LGS 300. Exploration of topics not covered in the existing LGS curriculum. May be taken for a maximum of six hours provided that subject matter is different each time.

LGS 306 Animals and the Law. (3) A. Formerly LAS 306. The study of topics that relate to the status of animals under the law. The course focuses upon cases, legislation, and cultural values toward animals worldwide. Credit will not be awarded to students who have credit for LAS 306.

LGS 349 Applied Learning for Legal Studies (5-B) A. Prerequisite: LGS 300. Work or volunteer in an area related to Legal Studies. A minimum of 80 hours employment required for each semester hour credit. No more than 3 hours may count toward LGS program.

LGS 400 Legal Studies Senior Seminar (3) A. Prerequisite: LGS 300 and at least six hours of LGS electives. Conduct research in an area related to Legal Students write a research paper, and present an oral presentation on research conducted. No more than 3 hours may count toward LGS program.

LIB—Library Science

Dr. Ginni Fair, Chair

LIB 301 Children’s Literature and Related Materials. (3) I, II. Prerequisite: ENG 101 or 101R with a minimum grade of “C,” or ENG 105 with a minimum grade of “B.” Survey course designed to acquaint P-5 teachers with print and non-print media for the school curriculum and with techniques to encourage lifelong readers. Credit will not be awarded for both LIB 301 and 3015.

LIB 301S Children’s Literature and Related Materials. (3) I, II. Prerequisite: ENG 101 or 101R with a minimum grade of “C” or ENG 105 with a minimum grade of “B.” This course designed to acquaint K-3 teachers with print and non-print media for the school curriculum and with techniques to encourage lifelong readers. Students in LIB 301S will be required to complete 15 hours of approved community service. Credit will not be awarded for both LIB 301 and 3015.

LIB 401 Adolescent Literature and Resources. (3) A. Formerly LIB 501. A course designed with inquiry-based methodologies to future teachers’ knowledge of adolescents, adolescent literature, and resources. Topics include genres, censorship, diverse authors, assessment, and multiple literacies to increase motivation, understanding and appreciation of adolescent literature. Credit will not be awarded for both LIB 401 and 501.

MAE—Mathematics Education

Dr. Daniel Mundfrom, Chair

MAE 201 Mathematical Concepts for P-9 I. (3) I, II. Prerequisites: MAT 112 or 112B or higher with a grade of “C” or higher. Concepts beyond algorithmic computation are emphasized. Topics include problem solving, whole numbers, integers, mental math, numeration, and elementary number theory.

MAE 201S Mathematical Concepts for P-9 II I, II. Prerequisites: MAT 112B or 112B or higher and MAE 201 each with a grade of “C” or higher. Concepts beyond algorithmic computation are emphasized. Topics include rational numbers (fractions, decimals, and percent) real numbers, probability, and statistics.

MAE 302 Mathematical Concepts for P-9 III. (3) I, II. Cross-listed as EME 301. Prerequisites: Admission to professional education; MAT 112 or 112B or higher and MAE 202, each with a grade of “C” or better. Concepts beyond algorithmic computation are emphasized. Topics include algebraic thinking, basic algebra topics (i.e., variables, expressions, equations, graphs and linear problems solving) and geometry. Credit will not be awarded to students who have credit for EME 301.

MAE 305 Problem Solving and Technology. (3) I, II. Prerequisite: MAE 201 and EDF 204 with a grade of C or better. Prerequisite or Corequisite: MAE 302 or EME 301. The course will enable students to use technology effectively in the mathematics classroom and explore topics to deepen mathematical understanding.

MAE 475 Math Teaching Senior Seminar. (3) I, II. Prerequisite: MAE 475. Prerequisites: admission to teacher education program and a minimum 2.75 GPA in major and supporting course requirements for MAT teaching major. Emphasis on the interrelationship between mathematical topics. Problem solving with technology. Oral presentations will be made jointly with the instructor. Credit will not be awarded for both MAE 475 and MAT 475.

MAE 480 Seminar in: _______. (1-3) A. Prerequisite will vary with the topic offered. Advanced topics in undergraduate mathematics education. May be retaken to a maximum of nine hours, provided the topics are different. Credit towards degree requirements will depend on the course content.

MAE 504 Technology for Teaching & Research. (3) A. Prerequisite: Senior standing. Technology for mathematical and statistical teaching and research. Exploration of mathematical and statistical concepts through the use of computer algebra systems, statistical software, geometry software, programming languages, and related technologies.

MAE 507 Seminar in Mathematics Education: _______. (1-3) A. Prerequisite will vary with the topic offered. Topics vary with offering. May be retaken to a maximum of nine hours, with advisor approval, provided the topics are different. Credit towards degree requirements will depend on the course content.

MAE 550 Teaching Mathematics in the Secondary School. (3) I. Cross-listed as ESE 550. Prerequisites: EDF 413 (C), EMS 490 (C), CED 400 (B), admission to professional education. Pre/Corequisites: MAE 475. Corequisite: CED 450. Developmentally appropriate materials and methods for teaching mathematics and computer science in secondary school. Credit will not be awarded for both ESE 550 and MAE 550.

MAT—Mathematics

Dr. Daniel Mundfrom, Chair

MAT 105 Mathematics with Applications. (3) I, II. Prerequisite/Corequisite: Completion of MAT 104 with a grade of "C" or better. Readings and discussion ([ACT English score of 18 or higher and ACT Reading score of 20 or higher] or SAT Reading +Writing score of 480 or higher or ENG 101 or ENG 101R(C) or a minimum placement test score) AND [ACT Mathematics score of 19 or higher or SAT Mathematics score of 500 or higher or a minimum placement test score] and concurrent enrollment in MAT 105P] This course is designed to strengthen computational skills, mathematical reasoning, problems-solving skills, and mathematical reading/communication skills while focusing on real-world problems. The mathematical topics include the mathematics of finance, statistics, geometry, combinatorics, mathematical modeling, and algorithms. Use of calculators. Gen. Ed. E-2 [QR]. MAT 105P Quantitative Support for MAT 105 (1) I, II. Corequisite: MAT 105. Corequisite support for students in MAT 105. Emphasis placed on prerequisite skills such as real number sense and operations, problem solving, analyzing graphs, mathematical modeling, and critical thinking. 2 Lab.

MAT 106 Applied Mathematics: (3) I, II. Prerequisite/Corequisite: Completion of academic readiness indicators in English and reading ([ACT English score of 18 or higher and ACT Reading score of 20 or higher] or SAT Reading +Writing score of 480 or higher or ENG 101 or ENG 101R(C) or a minimum placement test score) AND [ACT Mathematics score of 19 or higher or SAT Mathematics score of 500 or higher or a minimum placement test score] and concurrent enrollment in MAT 105P] The introduction to the application of mathematics to real-world problems. Topics are from various branches of mathematics such as graph theory, game theory, probability, geometry, and problems from the social sciences. 3 Lec. Gen. Ed. E-2 [QR].

MAT 106P Quantitative Support for MAT 106 (1) I, II. Corequisite: MAT 106. Corequisite support for students in MAT 106. Emphasis placed on prerequisite skills such as real number sense and operations, problem solving, analyzing graphs, mathematical modeling, and critical thinking. 2 Lab.

MAT 112A Algebra: Polynomials. (1.5) I, II. Prerequisite: Corequisite: SAT Mathematics score of 480 or higher or ACT English score of 18 or higher and ACT Reading score of 20 or higher) or SAT Reading +Writing score of 480 or higher or ENG 101 or ENG 101R(C) or a minimum placement test score] and concurrent enrollment in MAT 112AP or MAT 099(C), MAT 110(C), an ACT Mathematics score of 22 or higher, an SAT Mathematics score of 530 or higher, or a passing score on an algebra placement test. Students will solve application problems involving linear, quadratic, and power equations and analyze graphs of linear, quadratic, and power functions. Credit will not be awarded to students who have credit for MAT 112, 3 Lec /1 Lab. Gen. Ed. E-2 [QR]. General Education credit will not be awarded until after successful completion of both MAT 112A and MAT 112B.

MAT 112B Algebra: Functions & Matrices. (1.5) I, II. Prerequisite: MAT 112A (C) and one of the following: a minimum score of 22 on the mathematics portion of the ACT, a minimum score of 530 on the mathematics portion of the SAT, or a passing score on an algebra placement test. Corequisites: Students who do not meet the prerequisite above but have credit for MAT 112A (C) and MAT 112AP are required to enroll in MAT 112BP concurrently with MAT 112B. Students will solve application problems involving matrices, systems of linear equations, series and sequences, conics, polynomial and exponential equations; and analyze graphs of exponential and logarithmic functions. Credit will not be awarded to students who have credit for MAT 112. 3 Lec /1 Lab. Gen. Ed. E-2 [QR]. General Education credit will not be awarded until after successful completion of both MAT 112A and MAT 112B.

MAT 112AP Quantitative Support for MAT 112A (5) I, II. Corequisite: MAT 112A. Corequisite support for students in MAT 112A. Emphasis placed on prerequisite skills such as real number sense and operations, problem solving, analyzing graphs, factoring, exponents, mathematical modeling, and critical reading and thinking. 2 Lab.

MAT 112BP Quantitative Support for MAT 112B (5) I, II. Corequisite: MAT 112B.
Corequisite support for students in MAT 112B. Emphasis on prerequisite skills including real number sense and operations, problem solving, graphs, factoring, exponents, logarithms, matrices, sequences, mathematical modeling, and critical reading and thinking. 2 Lab.

**MAT 114 College Algebra. (3) I, II.** Formerly MAT 107. Prerequisite: a minimum score of 22 on the mathematics portion of the ACT, a minimum score of 530 on the mathematics portion of the SAT, or a passing score on an algebra placement test. Real and complex numbers, integer and rational exponents, polynomial and rational equations and inequalities, graphs of functions and relations, exponential and logarithmic functions. Use of graphing calculators. Credit will not be awarded to students who have credit for MAT 107. 3 Lab. Credit will not be awarded to students who have credit for MAT 114.

**MAT 211 Applied Calculus. (3) I, II.** Formerly MAT 211. Credit will be awarded to a regular lecture class in Calculus I. Lab. Credit will not be awarded to students who have credit for MAT 117.

**MAT 218 MathExcel Lab for Calculus II. (1) I, II.** Prerequisite: MAT 211. Lab. Credit will not be awarded to students who have credit for MAT 218.

**MAT 219 MathExcel Lab for Calculus III. (1-2) I, II.** Prerequisite: MAT 211. Lab. Credit will not be awarded to students who have credit for MAT 219.

**MAT 234 Discrete Mathematics. (3) I, II.** Formerly MAT 114. Prerequisite: MAT 112 or 112B or higher with a grade of "C" or better, or a Math ACT score of 22 or higher, or a Math SAT score of 560 or higher. Functions and relations, exponential and logarithmic functions, inverse functions, right and oblique triangles, vectors, and real-world applications. Students who have completed MAT 122 with a grade of "C" or better, or are currently enrolled in MAT 122, will not receive credit for MAT 120. 5 Lab. Gen. Ed. E-2 [QR].

**MAT 235 Calculus I. (5) I, II.** Formerly MAT 235. Prerequisite: MAT 112 or 112B or higher with a grade of "C" or better, or a minimum score of 23 on the mathematics portion of the ACT, or a minimum score of 570 on the mathematics portion of the SAT, or a minimum score of 22 on the mathematics portion of the SAT or a passing score on a calculus placement test. Functions, limits and continuity, derivatives and applications, integration, and introduction to and use of the computer package Mathematica or other appropriate technology. Credit will not be awarded to students who have credit for MAT 124. 5 Lab. Gen. Ed. E-2 [QR].

**MAT 236 Calculus II. (4) I, II.** Formerly MAT 236. Prerequisite: MAT 235 with a grade of "C" or better, a minimum score of 27 on the mathematics portion of the ACT, or a minimum score of 640 on the mathematics portion of the SAT or a passing score on a calculus placement test. Functions, limits and continuity, derivatives and applications, integration, and introduction to and use of the computer package Mathematica or other appropriate technology. Credit will not be awarded to students who have credit for MAT 124. 5 Lab. Gen. Ed. E-2 [QR].

**MAT 237 Calculus III. (4) I, II.** Formerly MAT 237. Prerequisite: MAT 236 or higher with a grade of "C" or better, or a Math ACT score of 27 or higher, or a Math SAT score of 620 or higher. Radians and degrees, graphs of trigonometric functions, inverse functions, right and oblique triangles, vectors, and real-world applications. Credit will not be awarded to students who have credit for MAT 124. 5 Lab. Gen. Ed. E-2 [QR].

**MAT 238 Business Calculus. (3) I, II.** Formerly MAT 238. Prerequisite: MAT 106 or higher with a grade of "C" or better, or an ACT score of 23 or higher on the mathematics portion of the SAT, or an ACT score of 570 or higher or a Math SAT score of 570 or higher. Functions and relations, exponential and logarithmic functions. Use of Mathematica. Credit will not be awarded to students who have credit for MAT 124. 5 Lab. Gen. Ed. E-2 [QR].

**MAT 254 Calculus III. (4) I, II.** Formerly MAT 254. Prerequisite: MAT 253 with a grade of "C" or better. Fundamental integration techniques, numerical integration, applications of integration, improper integrals, differentiability and continuity, infinite series, polar and parametric equations, and use of Mathematica, or other appropriate technology. Credit will not be awarded to students who have credit for MAT 224. 5 Lab. Gen. Ed. E-2 [QR].

**MAT 255 Calculus IV. (4) I, II.** Formerly MAT 255. Prerequisite: MAT 254 with a grade of "C" or better. Functions of several variables, limits and continuity, partial derivatives, multiple integrals, vector calculus including Green’s, Divergence and Stoke’s theorems, cylindrical and spherical coordinates and use of Mathematica. Credit will not be awarded to students who have credit for MAT 225.

**MAT 301 Logic and Set Theory. (3) A.** Formerly MAT 301. Prerequisites: Minimum grades of "C" and a grade point average of at least 2.0 for the corequisites, MAT 233 and 244, or departmental approval. Logic, proof techniques, set theory, relations, functions, cardinality, introduction to advanced mathematics.

**MAT 303 Mathematical Models and Applications. (3) I, II.** Formerly MAT 303. Prerequisites: A grade of C or higher in MAT 112 or 112B, 114, 211, or 234. Prerequisite or Corequisite: MAT 203 with a grade of "C" or better. The course emphasizes conceptual understanding and communication of mathematical topics through modeling, problem solving, and technology. Topics include algebra, geometry, and real-world situations. Credit does not count toward any of the B.S. in mathematics, the B.S. in mathematics teaching, or the mathematics minor or major.

**MAT 306 Discrete Mathematics. (3) I, II.** Formerly MAT 233, MAT 244, STA 270 with minimum grades of "C" and at least 2.5 GPA in all mathematics courses. Counting principles, permutations, combinations, recurrence relations, graphs, representations of graphs as matrices, trees, networks, difference equations, and linear programming.

**MAT 308 Modern Algebra I. (3) I.** Prerequisite: MAT 305 with a grade of "C" or better. Groups, cyclic and permutation groups, homomorphisms, subgroups and factor groups, Fundamental Theorem of Finite Abelian Groups, rings, fields, integral domains, and ideals.
MAT 505 Foundations of Mathematics. (3) A.
Prerequisite: MAT 308 with a minimum grade of “C.”
The nature of mathematical thought; logical systems; axiomatic concepts and methods; consideration of the work of Hilbert, Peano, Whitehead, Russell, and others.
MAT 506 Number Theory. (3) A.
Prerequisite: MAT 301 with a minimum grade of at least “C.”
Fundamental properties of integers, linear Diophantine equations, linear and quadratic congruences, famous problems of number theory.
MAT 507 Seminar in Mathematics: ______. (1-3) A.
Prerequisite: Corequisite: MAT 254. Descriptive statistics, discrete and continuous probability distributions for one and two variables, functions of random variables, sampling distributions, expectations and generating functions. Credit will not be awarded to students who have credit for STA 520.
MAT 525 Vector Analysis with Applications. (3) A.
Prerequisite: MAT 254 with a minimum grade of “C.” Algebra and geometry of vectors; vector functions of a single variable; line, surface, and volume integrals; Divergence Theorem, Stokes’ Theorem, Green’s Theorem; generalized orthogonal coordinates; Fourier Series. Prerequisite: a minimum grade of “C” in each prerequisite course.
MAT 527 Cryptology. (3) A.
Prerequisites: Senior standing and MAT 301. Classical cryptosystems, basic number theory, DES, Advanced Encryption Standard (AES), public key, discrete logs, digital signatures, elliptic curve cryptosystems, lattice methods. It is strongly recommended that students have completed a course in proof writing.
MAT 535 Principles of Geometry. (3) A.
Prerequisite: MAT 353 with a minimum grade of “C.” Wave, heat/diffusion and potential/Laplace equations, separation of variables, orthogonal sets of functions, Fourier series, boundary value problems, Fourier integrals, maximum principles, the Cauchy problem.
MAT 540 Applications of Partial Differential Equations. (3) A.
Prerequisite: MAT 353 with a minimum grade of “C.” Continuity, differentiation, integration, applications to the evaluation of real integrals. Applications of conformal mappings to boundary value problems in heat, electrostatic potential, and fluid flow. Emphasis throughout on computational techniques and applications.
MAT 555 Graph Theory. (3) A.
Prerequisite: MAT 308 or CSC 320 with a minimum grade of “C.” Introduction to the theory and applications of graph theory. Topics will include trees, planarity, connectivity, flows, matching, and coloring.
MAT 560 Point Set Topology. (3) A.
Prerequisite: MAT 301 with a minimum grade of “C.” An introduction to topology with emphasis on Euclidean and other metric spaces. Mappings, connectivity, compactness, formation of new spaces, relationship to analysis.
MAT 565 Mathematics of Structural Bioinformatics. (3) A.
Prerequisites: Senior standing, MAT 239, 254, and three hours from CSC 160, 174, 177, or MAT 555 may be used as computational approaches to analyze and understand macromolecular structure data. Methods for protein structure determination, refinement, evaluation, comparison, and visualization. Protein structure representation and shape comparison. Structure databases.
MAT 577 Introduction to Algebraic Coding Theory. (3) A.
Prerequisites: Senior standing; MAT 301, or both MAT 239 and departmental approval.
Introduction to basic concepts of coding theory, linear codes, perfect codes, cyclic codes, BCH codes, and Reed Solomon codes. Additional topics as time permits. It is strongly recommended that students have completed a course in linear algebra and a course in proof writing.
MGT—Management
Dr. Mike Roberson, Chair
MGT 201 Introduction to Golf Management. (3) I, II.
Prerequisites: Admission to PGM program, and successful completion of all prerequisites.
A survey course that introduces students to the elements of the industry in which a PGA professional must be competent, golf car fleet management; an introduction to business planning, customer relations, merchandising, and turfgrass management.
MGT 202 Introduction to Golf Instruction. (3) I, II.
Prerequisite: admission to the PGM program, MAT 201 and PGA tests accompanying MAT 202.
Introduction to human learning, the teaching process, and the elements of the game. Topics include laws, principles, and preferences of the golf swing, biomechanics, and teaching technologies. The course also addresses golf club performance variables.
MGT 203 Fundamentals of Golf Operations. (3) I, II.
Prerequisites: admission to PGM, MAT 202 and PGA tests that accompany each class. The fundamental concepts involved in developing a facility’s tournament business including promotion, implementation, and review; will be introduced. Students will gain an in-depth knowledge of the Rules of Golf.
MGT 204 Golf Operations II. (3) I, II.
Prerequisites: admission to PGM program, MAT 203, and successful completion of all level 1 PGA requirements. An introduction to golf operations; policies and procedures; effectively managing staff resources; and measuring overall performance. The course will also introduce merchandising and inventory management and customer relations and merchandising.
MGT 205 Analysis of the Golf Swing. (3) I, II.
Prerequisite (Effective Spring 2012): admission to the PGM program, MAT 201, 202, 203, and PGA tests accompanying each class. A focus on techniques that help the student improve his/her golf skills; describes drills, warm-ups, and shot techniques for intermediate students. The course also discusses golf club repair.
MGT 206 Golf Operations and Administration. (3) I, II.
Prerequisites: Successful completion of all Level 2 tests and work experience portfolio activities, MAT 204, 205, and the PGA tests that accompany each class. A study of golf operations and administration to include a deeper look at business planning; the organizational structure and policies and procedures of a golf operation; merchandise management; and a performance system for supervising employees.
MGT 207 Advance Golf Instruction & Special Programs. (3) I, II.
Prerequisite (Effective Spring 2012): admission to the PGM program, MAT 201, 202, 203, 204, 205 and the PGA tests that accompany each class. Emphasizes the integration of learning, teaching, and game elements. Covers elements of the mental game and more advanced shot-making. Club-fitting procedures will be covered and the development of instructional programs will be introduced.
MGT 208 PGA Seminar. (2) I, II.
Prerequisites: admission to the PGM program, MAT 201, 202, 203, 204, 205, 206 with a grade of “C” or better in each course, and the PGA tests that accompany each class. A study of issues related to career planning and enhancement including industry job market analysis, and business ethics, development of management thought, management in the global arena, and management careers.
MGT 301 Principles of Management (NB). (3) A.
Prerequisite: junior standing (at least 60 hours) with an overall GPA 2.0. Not for students majoring or minoring in business. Management principles with emphasis on organization theory and behavior, human resources and diversity, communications, production/operations management and quality issues, business ethics, development of management thought, management in the global arena, and management careers.
MGT 320 Human Resource Management. (3) I, II.
Prerequisite: MAT 300 or MAT 301 (with a minimum grade of “C” in each prerequisite course). Survey of principles and practices in the areas of human resource planning, job analysis, recruitment, selection, training and development, performance appraisal, compensation, job descriptions, benefits, health, employment opportunity, and personnel research.
MGT 330 Small Business Management Innovation and Entrepreneurship. (3) A.
Prerequisite: MAT 300 or MAT 301 (with a grade of “C” or better in each prerequisite course). This course offers an emphasis on the role of innovation and entrepreneurship in the creation and management of new ideas, concepts, techniques, processes, methods, ventures, and knowledge.
MGT 340 Management Science. (3) I, II.
Prerequisite: QMB 200 (with a grade of “C” or better), or STA 215 or STA 270 (with a grade of “C” or better). Business decision making approaches and quantitative techniques with an emphasis on the formulation and application of models and the practical solution methods available.
MGT 349 Applied Learning in Management. (5-8) A.
Prerequisites: minimum GPA 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required for each credit hour. May be used as upper division business electives and/or free electives as approved. Will not count as Management elective. Management Majors (all options) are limited to a maximum of nine co-op hours counting toward degree. Co-op hours may be repeated up to nine hours.
MGT 349 A-N Cooperative Study: Management. (5-8) A.
Prerequisites: minimum GPA 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required for each credit hour. May be used for upper division business electives and/or free electives as approved. Will not count as Management elective. Management Majors (all options) are limited to a maximum of nine co-op hours counting toward degree. Co-op hours may be repeated up to nine hours.
MGT 370 Operations Management. (3) I, II.
Prerequisite: MAT 300 (with a minimum grade of “C”). Practical approaches for improving productivity of operations using methods designed for quality management, sales forecasting, facility layout and location, human resource planning and scheduling, and inventory control.
MGT 375 Supply Chain Management (3) A.
and work experience portfolio activities; MAT 201, 202, 203, 204, 205, 206. A study of the golf car fleet and food service centers as revenue opportunities for a golf facility. Examine the functional design and environmental considerations of turfgrass management. Course will include a career enhancement component. Credit will not be awarded to students who have credit for MGT 208.
MGT 380 Principles of Management. (3) A.
Prerequisites: ACC 201, 202, and ECO 230 with a grade of “C” or better in each course; junior standing (minimum of 60 hours) with an overall minimum 2.0 GPA. Management principles with emphasis on organization theory and behavior, human resources and diversity, communications, production/operations management and quality issues, business ethics, development of management thought, management in the global arena, and management careers.
Prerequisite: MGT 340 (with a minimum grade of “C”). The integration of key business processes from end-user through original suppliers that add value for customers and other stakeholders. Topics include: integration and strategic partnering, procurement and outsourcing strategies, value-added services and international challenges.

MGT 400 Organization Theory. (3) I, II. Prerequisite: MGT 300 or MGT 301 (with a minimum grade of “C” in each prerequisite course). Principles of organization design as they relate to goals and strategy formulation, design conditions, technology, job design, control systems, and decision making.

MGT 415 Organizational Conflict Navigation (3) I. Prerequisite: MGT 300 or 301 (with a grade of C or better in each prerequisite course). Analysis of organizational conflict situations with a particular focus on the cause and management of such situations. Interactive development of conflict management skillset, application of skillset to conflict situations, and extensive exploration of negotiation.

MGT 425 Compensation Management. (3) II. Prerequisite: MGT 320 (with a minimum grade of “C”). Advanced study of the human resource function of employee compensation. Topics include job analysis and evaluation, job evaluation surveys, pay structures, budgeting, pay for performance systems, benefits administration, and federal regulation of compensation management.

MGT 430 International Management. (3) A. Prerequisite: MGT 300 or MGT 301 (with a minimum grade of “C” in each prerequisite course). The study of management of international organizations with emphasis on techniques, processes and structures. Topics include organizational culture, leadership, ethics, decision making, and human resource management.

MGT 435 Supply Chain Network Design. (3). I. Prerequisites: MGT 370 and 375 (with a minimum grade of “C” in each prerequisite course). Selecting the optimal role, number, location, size, and capacity of suppliers, manufacturing facilities, service locations, warehouses, retail stores and other facilities. Modeling of the supply chain to optimize operational decisions and reduce costs.

MGT 440 Human Resource Development. (3) I. Prerequisite: MGT 320 (with a minimum grade of “C”). Advanced study of human resource management functions aimed directly at enhancing organizational effectiveness. Topics include training needs analysis; training program design, implementation, and evaluation; performance management and appraisal; and costing human resource development programs.

MGT 445 Employee Recruitment and Selection. (3) B. Prerequisite: MGT 320 (with a minimum grade of “C”). Advanced study of the human resource function of staffing. Topics include: recruitment, the design and implementation of effective selection procedures which comply with federal/state requirements; analysis and reporting of employee data.

MGT 450 Management Seminar. (1-3) A. May be retaken under different sub-topics to a cumulative maximum of nine hours. Selected topics in contemporary management literature.

MGT 460 Performance Management. (3) I. Prerequisite: MGT 300(C). Managing employee, team, and organizational performance. Topics include employee feedback, coaching, discipline, team/workgroup effectiveness, workforce and HR analytics, employee engagement, and development of personal competencies for leading and managing people to achieve performance excellence.

MGT 465 Entrepreneurial Leadership (3). A. Prerequisite: MGT 300 or MGT 301 (with a minimum grade of “C” in each prerequisite course). Investigation of contemporary issues and trends in entrepreneurship through a leadership lens. Topics include values-based entrepreneurship, ethics, social responsibility, and the societal impact of entrepreneurship.

MGT 480 Organization Behavior. (3) I, II. Prerequisite: MGT 300 or MGT 301 (with a minimum grade of “C” in each prerequisite course). Determinants and consequences of behavior in business organizations are analyzed in the contemporary language of administrative social systems and models. Interdependence of economic, social, and behavioral factors is emphasized.

MGT 490 Special Problems In Management. (1-4) A. Prerequisite: advisor/departmental approval. May be retaken under different sub-topics to a cumulative maximum of six hours. Independent work, special workshop, special topics, or seminars. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

MKT — Marketing

MKT 300 Principles of Marketing. (3) I, II. Prerequisites: ACC 201, 202, and ECO 230 with a grade of “C” or better in each course; junior standing (a minimum of 60 hours) with an overall minimum 2.0 GPA. Overview of strategic processes involved in marketing goods and services to global markets; study of behavioral, organizational, and consumer variables in decision processes; use of the marketing mix and marketing information to affect buyer decisions. Credit will not be awarded for both MKT 300 and 310.

MKT 306 Services Marketing. (3) A. Prerequisite: MKT 300 or MKT 301 (with a minimum grade of “C” in each prerequisite course). Understanding the customs of the services and non-profit marketing perspectives. Examination of marketing in service industries with emphasis on the unique aspects of services marketing, the service marketing mix and the implementation of services strategies.

MKT 309 Integrated Marketing Communications. (3) A. Prerequisite: MKT 300 or MKT 301 (with a grade of “C” or better in each prerequisite course). A course covering the theories, strategies, and skills of Integrated Marketing Communication, with a special emphasis on applying IMC to the Internet and World Wide Web (WWW).

MKT 310 Personal Selling. (3) A. Prerequisite: MKT 300 or MKT 301. Personal selling in marketing, the selling process, investigating the modern, international sales/marketing approach to customer oriented problem solving.

MKT 315 Logistics. (3) A. Prerequisite: MKT 300 (with a minimum grade of “C”). Movement and storage of goods, coordination and control of inventory, customer service, packaging, materials handling, facilities location, flow of information, and transportation.

MKT 349 Applied Learning in Marketing. (5-8) A. Prerequisites: minimum GPA 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required for academic credit hour. Three hours may be used as an upper division business elective in the Marketing option. Three hours are required in the Music Marketing option. May be repeated for a total of 16 credit hours.

MKT 349-A Cooperative Study: Marketing. (5-8) A. Prerequisites: minimum GPA 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required for academic credit hour. Three hours may be used as an upper division business elective in the Marketing option. Three hours are required in the Music Marketing option. May be repeated for a total of 16 credit hours.

MKT 350 Consumer Behavior in Marketing. (3) I, II. Prerequisite: MKT 300 or MKT 301 (with a minimum grade of “C” in each prerequisite course). Role of consumer decision-making as it affects the marketing firm; basic concepts of consumer behavior and interrelationships that exist between marketing and the behavioral sciences.

MKT 370 Sports Marketing. (3) A. Prerequisite: MKT 300 or MKT 301. The strategic application of marketing theories and perspectives to the sports industry. Topics include sports franchise promotion, sport identification, consumer loyalty to teams and participation sports, and marketing with the assistance of sports figures.

MKT 380 Seminar in Marketing. (3) A. Prerequisite: MKT 300 or MKT 301. May be retaken under different sub-topics to a cumulative maximum of six hours. Selected topics in contemporary marketing literature.

MKT 400 International Marketing. (3) I, II. Prerequisite: MKT 300(with a minimum grade of “C”). Determination of marketing strategy by United States firms and multinational corporations for serving foreign markets and for adapting to variations in cultural and economic factors affecting foreign marketing efforts.

MKT 401 Digital Marketing. Prerequisite: MKT 300 or MKT 301(with a minimum grade of “C” each prerequisite course). Survey, analysis, and evaluation of current trends and issues in marketing in computer mediated environments, including how the marketing mix is adapted strategically to the Internet and World Wide Web, intranets, and other digital forms of media.

MKT 404 Retail Management. (3) A. Prerequisite: MKT 300 or MKT 301(with a minimum grade of “C” in each prerequisite course). Investigation of current problems faced by retailers in store operations, management, retail buying, and inventory control. Outside readings, oral and written case studies, and field trips to experiences are required.

MKT 405 Retail Management for PGM (3) I, II. Prerequisite: MKT 300 (with a minimum grade of “C”); junior/senior standing (a minimum of 60 hours). Investigation of current problems facing retail operations in the golf industry to include buying, vendor selection, merchandise planning, pricing, promotion, and display, inventory control, and performance management. Students will be required to complete case studies and a field project.

MKT 408 Sales Management. (3) A. Prerequisite: MKT 310(with a minimum grade of “C”). Sales function in modern organizations with emphasis on current management techniques: time management, on-the-job coaching, directing the sales force to sell key accounts, situational analysis, and decision-making.

MKT 431 Strategic Procurement. (3) A. Prerequisite: MKT 300 (with a minimum grade of “C”). The purchasing process as it focuses on supply efficiency and effectiveness relating to the fit between purchasing objectives and strategies and organizational objectives and strategies.

MKT 435 Marketing for Entrepreneurs (3) I. Prerequisite: MKT 300 or MKT 301 (with a minimum grade of “C” in each prerequisite course). Investigation and understanding of the role marketing plays within the entrepreneurial context. Includes discussion and review of tools and approaches for effective planning, implementation, and evaluation of business and marketing strategies and tactics. Topics include: product creation, market research, strategic innovation, opportunity identification, customer communication, brand building, and the role of social media.

MKT 440 Industrial Marketing. (3) A. Prerequisite: MKT 300 (with a grade minimum of “C”). An analysis of the marketing structure for industrial products. Product lines, channels of distribution, selling, pricing, and wholesaling problems.
marketing decision making; the research process, with emphasis on collection, analysis, and interpretation of data as applied to solving marketing problems. Students are required to do a research project.

MKT 456 Qualitative Research in Marketing. (3) A. Prerequisites: MKT 300 or MKT 301 with a minimum grade of “C”; junior or senior standing. Students will learn to design and actively engage in qualitative research projects, collecting and analyzing qualitative data such as interviews, in a marketing context.

MKT 457 Experimental Design for Marketing, I, II. (3) Prerequisite: MKT 455. Students will learn how to design an experimental study, collect and analyze the data in a marketing context, and interpret and present the analyses.

MKT 460 Marketing Management. (3) I. II. Prerequisites: MKT 300 (with a minimum grade of “C”), Marketing Majors with Marketing Concentration and Senior Standing. The strategic marketing planning process involving analysis of the changing market place; analysis of alternative strategies to meet the needs of target markets; and the profitable execution of the marketing plan.

MKT 481 Internship in Marketing. (3 or 6) A. Prerequisites: minimum 2.25 GPA; MKT 300, MKT 301 (with a minimum grade of “C”) in each prerequisite course, and consent of instructor. Provides student with half-time or full-time relevant work experience in marketing. Written assignments and a project are required. May be taken only once for three (3) or six (6) hours of credit and not concurrently with Cooperative Study.

MKT 490 Special Problems in Marketing: (1-4) A. Prerequisite: advisor-departmental approval. May be retaken under different sub-topics to a cumulative maximum of six hours. Independent work, special workshop, social topics, or seminars. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

MLS—Medical Laboratory Science

Dr. Ismail El-Amouri, Chair

MLS 201 Introduction to Clinical Pathology. (3) II. Formerly CLS 201. Open to all students. Techniques common to clinical laboratories. Stresses basic principles of qualitative and chemical principles of disease process. 3 Lec. Credit will not be awarded for both MLS 201 and 201 ML.

MLS 209 Microbiology for Health Sciences. (3) A. Study of bacteria, fungi, viruses, and parasites as agents of human disease with emphasis on the pathogenesis, epidemiology, and diagnosis of infectious diseases. 3 Lec.

MLS 211 Medical Microbiology Laboratory. (1) I, II. Laboratory methods in the diagnosis and management of infectious diseases. 2 Lab.

MLS 290 Medical Biochemistry. (3) A. Formerly CLS 290. Prerequisite: CHE 112, 112L, and BIO 121 or BIO 111. The study of biochemical systems of the body with emphasis on medical consequences when these systems are disrupted. Topics: proteins, carbohydrates, lipids, DNA/RNA and liver functions. 3 Lec. Credit will not be awarded for both MLS 290 and 291 MLS.

MLS 300 Clinical Laboratory Administration. (2) I. Formerly CLS 300. Prerequisite: enrollment in upper division MLS program or departmental approval. Lab calculations, instrumentation, and quality assurance. 2 Lec. Credit will not be awarded for both MLS 300 and MLS 301.

MLS 303 Clinical Laboratory Skills. (1) I, II. Formerly CLS 303. Prerequisite: enrollment in upper division MLS program or departmental permission. Skills for clinical laboratory practitioners, including laboratory safety, phlebotomy, microscopy, pipetting, universal precautions, and principles of quality assurance. Credit will not be awarded for both MLS 303 and MLS 305.

MLS 305 Analysis of Body Fluids. (2) II. Formerly CLS 305. Prerequisite: enrollment in upper division MLS program or departmental approval. Principles, procedures, and significance of analysis of urine, spinal fluid, and other fluids commonly examined in the clinical laboratory. 3 Lec/Lab. Credit will not be awarded for both MLS 305 and MLS 306.

MLS 308 Serology and Molecular Techniques. (2) I. Prerequisite: enrollment in upper division MLS program or departmental approval. Principles, procedures, sources of error, clinical application of serological tests, molecular techniques, and specimen collection. 4 Lec/Lab.

MLS 309 Clinical Immunology. (1) I, II. Formerly CLS 309. Prerequisite: enrollment in upper division MLS program of departmental approval. Principles and techniques of antigen-antibody reactions of the human immune system and their relationship to the clinical laboratory. Credit will not be awarded for both MLS 309 and MLS 309.

MLS 310 Hematology and Coagulation. (5) I. Formerly CLS 310. Prerequisite: enrollment in upper division MLS program or departmental approval. Morphology of blood cells, determination of blood parameters and disorders/diseases associated with blood cells; biochemical principles of measurement in hematology and coagulation. 3 Lec/4 Lab. Credit will not be awarded for both MLS 310 and MLS 310.

MLS 320 Immunohematology. (3) II. Formerly CLS 320. Prerequisite: enrollment in upper division MLS program or departmental approval. Blood banking, blood grouping, phenotyping, cell panels, compatibility testing, and transfusion practices. 2 Lec/2 Lab. Credit will not be awarded for both MLS 320 and MLS 320.

MLS 346 Clinical Chemistry. (5) II. Formerly CLS 346. Prerequisite: enrollment in upper division MLS program or departmental approval. Introduction to theory and lab procedures, measurement of constituents of body fluids, instrumentation, and clinical interpretation of results in relation to biochemistry of human systems. 3 Lec/3 Lab. Credit will not be awarded for both MLS 346 and MLS 346.

MLS 350 Bacteriology. (5) I. Formerly CLS 350. Prerequisite: enrollment in the upper division MLS program or departmental approval. Study of medically important bacteria with emphasis on the clinical laboratory methods of microscopy, cultivation, identification, antimicrobial susceptibility testing, and quality control. 3 Lec/4 Lab. Credit will not be awarded for both MLS 350 and MLS 350.

MLS 355 Mycology, Parasitology, and Virology. (4) II. Formerly CLS 355. Prerequisites: enrollment in the upper division MLS program or departmental approval. Study of fungi and other microbes, bacteria, and viruses as agents of human disease, with emphasis on the clinical laboratory methods of microscopy, in vitro cultivation, identification, and quality control. 3 Lec/1 Lab. Credit will not be awarded for both MLS 355 and MLS 555.

MLS 431 Clinical Correlations. (3) I, A. Formerly CLS 431. Prerequisites: enrollment in upper division MLS program and completion of all 300-level MLS courses. Correlates the sub-disciplines of clinical laboratory science. Reviews all areas and stresses laboratory medicine in the health professions. 3 Lec. Credit will not be awarded for both MLS 431 and MLS 431.

MLS 432 Clinical Chemistry Practicum. (5) I, II. Formerly CLS 432. Prerequisites: enrollment in upper division MLS program and completion of all 300-level MLS courses. Diagnostic chemical procedures in an affiliated laboratory. Credit will not be awarded for both MLS 432 and MLS 432.

MLS 434 Clinical Microbiology Practicum. (4) I, II. Formerly CLS 434. Prerequisites: enrollment in upper division MLS program and completion of all 300-level MLS courses. Clinical bacteriology, parasitology, and mycology in an affiliated laboratory. Credit will not be awarded for both MLS 434 and MLS 434.

MLS 436 Lab Management Practicum. (1) I, II. Formerly CLS 436. Prerequisites: enrollment in upper division MLS program and completion of all 300-level MLS courses. Principles of managing a medical laboratory presented in an affiliated laboratory. Credit will not be awarded for both MLS 436 and MLS 436.

MKT 437 Clinical Laboratory Seminar. (3) I, II. Formerly CLS 437. Prerequisites: enrollment in upper division MLS program and completion of all 300-level MLS courses. Case studies, advanced procedures, and problem solving in the clinical laboratory. Credit will not be awarded for both MLS 437 and MLS 437.

MKT 438 Hematology Practicum. (4) I, A. Formerly CLS 438. Prerequisites: enrollment in upper division MLS program and completion of all 300-level MLS courses. Diagnostic blood parameters and morphology studies in an affiliated laboratory. Credit will not be awarded for both MLS 438 and MLS 438.

MKT 439 Urinalysis Practicum. (1) I. Prerequisites: enrollment in upper division MLS program and completion of all 300-level MLS courses. Diagnostic urine and body fluid procedures in an affiliated laboratory. Credit will not be awarded for both MLS 439 and MLS 439.

MKT 440 Blood Banking Practicum. (2) I, II. Formerly CLS 440. Prerequisites: enrollment in upper division MLS program and completion of all 300-level MLS courses. Practical blood banking in an affiliated laboratory. Credit will not be awarded for both MLS 440 and MLS 440.

MKT 441 Immunology Practicum. (1) I, II, A. Formerly CLS 441. Prerequisites: enrollment in upper division MLS program and completion of all 300-level MLS courses. Practical immunology in an affiliated laboratory. Credit will not be awarded for both MLS 441 and MLS 441.

MSC—Military Science and Leadership

LTC Jerimiah Corbin, Chair

MSC 101 Introduction to the Army and Critical Thinking (2) I. Cadets will learn how the personal development of life skills such as cultural understanding, goal setting, time management, stress management, and comprehensive fitness related to leadership, officerhood, and the Army profession. The focus is on developing basic knowledge and comprehension of Army leadership dimensions, attributes and core leader competencies while gaining an understanding of the ROTC program, its purpose in the Army, and its advantages for the student. Students are required to apply their knowledge outside the classroom in a hands-on performance-oriented environment during leadership labs (team building exercises, field training exercises, and/or simulation exercises). 1 Lec/1 Lab.

MSC 102 Introduction to the Profession of Arms (2) I. Cadets will learn how Army ethics and values shape the Army and the specific ways that these ethics are inculcated into Army culture. Cadets can expect to explore the seven Army Values, Warrior Ethos, explore the Profession of Arms, Army Leadership and critical communication skills. Students are required to apply their knowledge outside the classroom in a hands-on performance-oriented environment during leadership labs (team building exercises, field training exercises, and/or simulation exercises). 1 Lec/1 Lab.

MSC 201 Leadership and Decision Making (2) I. Primarily is drawn from the Adaptability Army Learning Areas (ALA). The outcomes are demonstrated through Critical and Creative Thinking and the ability to apply Troop Leading Procedures (TLP). Comprehension of the officer’s role in leadership, their relationships to the chain of command, innovative solutions to problems in concert with the Principals of Mission Command. The Army Profession is also stressed through leadership forums and a leadership self-assessment. Students are required to apply their knowledge outside the classroom in a hands-on performance-oriented environment during leadership labs (team building exercises, field training exercises, and/or simulation exercises). 1 Lec/1 Lab.
Section Seven - Course Descriptions

MUS 202 Army Doctrine and Team Decision Making (3) I, II. Designed to teach students to understand and demonstrate cross-cultural competencies as they relate to Army doctrine and how they apply in a combatant commander’s engagement strategies. Army values, teamwork, and Warrior Ethos and their relationship to the Land Profession and philosophy of military science are also stressed. The ability to lead and follow is also covered through team building exercises in small units up to squad level. Students are required to apply their knowledge outside the classroom in a hands-on performance-oriented environment during Leadership Labs. 2.5 Lec/2.5 Lab.

MUS 298 Independent Leadership Studies (2-3) A. Prerequisite: departmental approval; may be taken once in lieu of MUS 201 or 202. Students record observed traits in a dimensional leadership journal and discuss observations with instructor. Independent examination of effective leadership, communications, goal setting, decision-making, problem solving, and quality improvement techniques. 2.5 Instr 2.5 Lab.

MUS 301 Training Management and the Warfighting Functions. (3) I. Prerequisites: 54 hours. MUS 201 and 202 or MUS 210; or Departmental approval. May be taken once in lieu of MUS 201 or 202. Students record observed traits in a dimensional leadership journal and discuss observations with instructor. Independent examination of effective leadership, communications, goal setting, decision-making, problem solving, and quality improvement techniques. 2.5 Instr 2.5 Lab.

MUS 302 Applied Leadership in Small Unit Operations. (3) II. Prerequisite: MUS 301 or departmental approval. May be taken once in lieu of MUS 302 or 301, 401, or 402. Students record observed traits in a dimensional leadership journal and discuss observations with instructor. Independent examination of effective leadership, communications, goal setting, decision-making, problem solving, and quality improvement techniques. 2.5 Instr 2.5 Lab.

MUS 303 American Military History (3) I. ENG 102 or 102R or ENG 105(B) or HON 102. May be taken twice in lieu of MUS 303, 302, 401, or 402. Students record observed traits in a dimensional leadership journal and discuss observations with instructor. Independent examination of effective leadership, communications, goal setting, decision-making, problem solving, and quality improvement techniques. 2.5 Instr 2.5 Lab.

MUS 304 TOPIC Military Leadership (1) A. Prerequisite: MUS 402. Study of current issues relevant to the professional development and commissioning of Second Lieutenant in the United States Army. May repeat with different topics for a maximum of 4 hours. 1 Lec/1 Lab.

MUS 498 Advanced Independent Leadership Studies (3) A. Prerequisite: departmental approval; may be taken twice in lieu of MUS 301, 302, 401, or 402. Students record observed traits in a dimensional leadership journal and discuss observations with instructor. Independent examination of effective leadership, communications, goal setting, decision-making, problem solving, and quality improvement techniques. 2.5 Instr 2.5 Lab.

MUE 579 Music Education: Principles and Practices. (3) I. Cross-listed with EME 379. Prerequisites:music majors or minors only. One or two lessons per week. May be retaken to a maximum of 4 hours.

MUH 171 Music Appreciation. (3) I, II. May not count toward a music major or minor. Provides the general college student with a cultural background in music. Masterpieces of music, composers, and techniques introduced to all students through listening and concert attendance. Gen. Ed. E-3A [AH].

MUH 225 or 226; course open to music majors or minors only. One or two lessons per week. May be retaken to a maximum of 4 hours.

MUH 227 Music History. (3) I, II. Prerequisite: MUS 114; or departmental approval. May be taken twice in lieu of MUH 225 or 226. Students record observed traits in a dimensional leadership journal and discuss observations with instructor. Independent examination of effective leadership, communications, goal setting, decision-making, problem solving, and quality improvement techniques. 2.5 Instr 2.5 Lab.

MUH 228 Music Literature. (3) I. Cross-listed with EME 379. Prerequisites: MUS 250 and 255A or 255B or 256; course open to music majors or minors only. One or two lessons per week. May be retaken to a maximum of 4 hours.

MUH 229 Survey of American Popular Music. (3) I, II. Survey of American popular music, including its origins and tracing its development to the present day. Students record observed traits in a dimensional leadership journal and discuss observations with instructor. Independent examination of effective leadership, communications, goal setting, decision-making, problem solving, and quality improvement techniques. 2.5 Instr 2.5 Lab.

MUH 237 Survey of Music History I. (3) I. Prerequisite: MUS 182 or departmental approval. Survey of music history covers two in depth areas of operation per hour. The first eight weeks includes an introduction to world music and ancient music through Medieval Western music. The second eight weeks continues with the Renaissance and Baroque periods.

MUH 371 Survey of Music History I. (3) II. Prerequisite: MUS 371 or departmental approval. Survey of music history from the Classical era to the present.

MUH—Music APPLIED MUSIC

Jeremy Mulholland, Chair

Applied music courses are only open to music majors and minors. Enrollment in applied music courses requires participation in a music ensemble.

MUS 101 Performance Class. (3) I, II. Required of all music majors for six semesters. Passing grade achieved when students have attended a minimum total of 16 concert events per semester.

MUS 107 Class Guitar for Nonmajors. (1) I, II. Instruction in guitar for non-music majors. May be taken to a maximum of 4 hours.

MUS 108 Class Voice for Nonmajors. (1) I, II. Instruction in singing for non-music majors. May be taken to a maximum of 4 hours.

MUS 110 Beginning Class Piano I. (1) I. II. Prepares non-piano majors to meet Level I Piano Proficiency Examination requirements. Basic keyboard skills, elementary repertoire, and technique. Some music reading ability required. May be taken to a maximum of two hours.

MUS 111 Beginning Class Piano II. (1) I, II. Prerequisite: MUS 110 or departmental approval. Continuation of MUS 110. May be taken to a maximum of two hours.

MUS 112 Piano I. (1-2) I, II. Corequisite: MUS 225 or 226 or 313; course open to music majors or minors only. One or two lessons per week. May be retaken to a maximum of four hours.

MUS 114 Keyboard Skills I. (2) I. Prepares piano majors and other music majors with advanced keyboard background to meet Level II Piano Proficiency Examination requirements. Emphasis is on keyboard skills, such as reading, improvising, playing by ear, harmonizing and improvising, combined with keyboard harmony, technique and memorization skills.

MUS 115 Keyboard Skills II. (2) II. Prerequisite: MUS 114 or departmental approval. Continued development of skills begun in MUS 114 to prepare piano majors and other music majors with advanced keyboard background to meet Level IV Piano Proficiency Examination Requirements.

MUS 122 Voice I. (1-2) I, II. Corequisite: MUS 225 or 226; course open to music majors or minors only. One or two lessons per week. Instruction available in violin. May be retaken to a maximum of four hours.

MUS 132a Violin I. (1-2) I, II. Corequisite: MUS 235 or 236; course open to music majors or minors only. One or two lessons per week. Instruction available in viola. May be retaken to a maximum of four hours.

MUS 132b Viola I. (1-2) I, II. Corequisite: MUS 235 or 236; course open to music majors or minors only. One or two lessons per week. Instruction available in violin ‘c’. May be retaken to a maximum of four hours.

MUS 132d String Bass I. (1-2) I, II. Corequisite: MUS 235 or 236 or 255A; course open to music majors or minors only. One or two lessons per week. Instruction available in string bass. May be retaken to a maximum of four hours.

MUS 132f Guitar I. (1-2) I, II. Corequisite: MUS 235 or 236 or 255A; course open to music majors or minors only. One or two lessons per week. Instruction available in guitar. May be retaken to a maximum of four hours.

MUS 142 Organ I. (1-2) I, II. Corequisite: MUS 225 or MUS 226 or MUS 313; course open to music majors or minors only. One or two lessons per week. May be retaken to a maximum of four hours.

MUS 145a Trumpet I. (1-2) I, II. Corequisite: MUS 250 and 255A or 255B or 256; course open to music majors or minors only. One or two lessons per
MUS 222 Voice II. (1-2) I, II. Prerequisite: MUS 112. Corequisite: MUS 250 or 255A or 255B or 256; course open to music majors or minors only. One or two lessons per week. May be retaken to a maximum of four hours.

MUS 222 Voice II. (1-2) I, II. Prerequisite: MUS 112. Corequisite: MUS 250 or 255A or 255B or 256; course open to music majors or minors only. One or two lessons per week. May be retaken to a maximum of four hours.

MUS 222 Voice II. (1-2) I, II. Prerequisite: MUS 112. Corequisite: MUS 250 or 255A or 255B or 256; course open to music majors or minors only. One or two lessons per week. May be retaken to a maximum of four hours.

MUS 222 Voice II. (1-2) I, II. Prerequisite: MUS 112. Corequisite: MUS 250 or 255A or 255B or 256; course open to music majors or minors only. One or two lessons per week. May be retaken to a maximum of four hours.

MUS 222 Voice II. (1-2) I, II. Prerequisite: MUS 112. Corequisite: MUS 250 or 255A or 255B or 256; course open to music majors or minors only. One or two lessons per week. May be retaken to a maximum of four hours.

MUS 222 Voice II. (1-2) I, II. Prerequisite: MUS 112. Corequisite: MUS 250 or 255A or 255B or 256; course open to music majors or minors only. One or two lessons per week. May be retaken to a maximum of four hours.

MUS 222 Voice II. (1-2) I, II. Prerequisite: MUS 112. Corequisite: MUS 250 or 255A or 255B or 256; course open to music majors or minors only. One or two lessons per week. May be retaken to a maximum of four hours.
comprehensive in music. Corequisite: MUS 250 and 455a or 455b or 435 or 456 or 457; course open to music majors or minors only. One or two lessons per week. Instruction available in baritone. May be retaken to a maximum of eight hours.

MUS 231 Percussion I. (1‑4) I, II.
Prerequisite: MUS 245d and completion of the sophomore comprehensive in music. Corequisite: MUS 250 and 455a or 455b or 435 or 456 or 457; course open to music majors or minors only. One or two lessons per week. May be retaken to a maximum of eight hours.

MUS 232d String Bass III. (1‑4) I, II.
Prerequisite: MUS 232d and completion of the sophomore comprehensive in music. Corequisite: MUS 250 and 455a or 455b or 435 or 456 or 457; course open to music majors or minors only. One or two lessons per week. Instruction in string bass. May be retaken to a maximum of eight hours.

MUS 232f Guitar III. (1‑4) I, II.
Prerequisite: MUS 232f and completion of the sophomore comprehensive in music. Corequisite: MUS 455a or 455b or 435 or 456 or 457; course open to music majors only. One or two lessons per week. Instruction available in French horn. May be retaken to a maximum of eight hours.

MUS 235f Flute III. (1‑4) I, II.
Prerequisite: MUS 235f and completion of the sophomore comprehensive in music. Corequisite: MUS 250 and 455a or 455b or 435 or 456 or 457; course open to music majors or minors only. One or two lessons per week. Instruction available in flute. May be retaken to a maximum of eight hours.

MUS 236e Clarinet IV. (1‑4) I, II.
Prerequisite: MUS 236e and completion of the sophomore comprehensive in music. Corequisite: MUS 250 and 455a or 455b or 435 or 456 or 457; course open to music majors or minors only. One or two lessons per week. Instruction available in clarinet. May be retaken to a maximum of eight hours.

MUS 237d Violin IV. (1‑4) I, II.
Prerequisite: MUS 237d and completion of the sophomore comprehensive in music. Corequisite: MUS 250 and 455a or 455b or 435 or 456 or 457; course open to music majors or minors only. One or two lessons per week. Instruction available in violin. May be retaken to a maximum of eight hours.

MUS 238d Viola IV. (1‑4) I, II.
Prerequisite: MUS 238d and completion of the sophomore comprehensive in music. Corequisite: MUS 250 and 455a or 455b or 435 or 456 or 457; course open to music majors or minors only. One or two lessons per week. Instruction available in viola. May be retaken to a maximum of eight hours.

MUS 239d Cello IV. (1‑4) I, II.
Prerequisite: MUS 239d and completion of the sophomore comprehensive in music. Corequisite: MUS 250 and 455a or 455b or 435 or 456 or 457; course open to music majors or minors only. One or two lessons per week. Instruction available in cello. May be retaken to a maximum of eight hours.

MUS 240e Saxophone IV. (1‑4) I, II.
Prerequisite: MUS 240e and completion of the sophomore comprehensive in music. Corequisite: MUS 250 and 455a or 455b or 435 or 456 or 457; course open to music majors or minors only. One or two lessons per week. Instruction available in saxophone. May be retaken to a maximum of eight hours.

MUS 241d Trumpet IV. (1‑4) I, II.
Prerequisite: MUS 241d and completion of the sophomore comprehensive in music. Corequisite: MUS 250 and 455a or 455b or 435 or 456 or 457; course open to music majors or minors only. One or two lessons per week. Instruction available in trumpet. May be retaken to a maximum of eight hours.

MUS 242d Bassoon IV. (1‑4) I, II.
Prerequisite: MUS 242d and completion of the sophomore comprehensive in music. Corequisite: MUS 250 and 455a or 455b or 435 or 456 or 457; course open to music majors or minors only. One or two lessons per week. Instruction in bassoon. May be retaken to a maximum of eight hours.

MUS 243d Oboe IV. (1‑4) I, II.
Prerequisite: MUS 243d and completion of the sophomore comprehensive in music. Corequisite: MUS 250 and 455a or 455b or 435 or 456 or 457; course open to music majors or minors only. One or two lessons per week. Instruction available in oboe. May be retaken to a maximum of eight hours.
MUS 392 and senior standing. Covers concepts and techniques involved in mixing audio for commercial productions. Becomes familiar with terminology and concepts specific to recording studios and sound reinforcement.

MUS 499 Senior Project/Recital. (1-2) I, II. Prerequisite: MUS 399. A full performance recital or a theory and composition project consisting of a theory project and recital of student’s own compositions.

MUS 512 Piano V. (1-4) I, II. May not be taken for credit by piano majors.

MUS 513 Techniques of Accompanying. (1) I, II. Practical training in the tradition, interpretation, and execution of accompaniments. May be retaken to a maximum of two hours.

MUS 522 Voice V. (1-4) I, II. May not be taken for credit by voice majors.

MUS 542 Organ V. (1-4) I, II. May not be taken for credit by organ majors.

MUS—Music Ensembles

Ensembles are open to all students enrolled in the University and to qualified persons not enrolled. Interested persons are invited to participate and should confer with the director of each ensemble to arrange for an audition.

MUS 127 Opera Workshop. (1) I, II. Prerequisite: instructor approval. Preparation and presentation of opera scenes and complete works. All phases of performance and technical procedures of staging, costumes, and management. May be retaken to a maximum of four hours.

MUS 205 Chamber Music. (1/2) I, II. Study and performance of standard chamber music literature. Open to pianists, vocalists, string, wind, and percussion players upon recommendation of instructor. Course may be repeated with new material.

MUS 224 Chamber Singers. (0-1) I, II. Highly select small ensemble dedicated to the highest standards of preparation and performance of choral literature from all style periods. Membership is by audition only. May be retaken to a maximum of four hours.

MUS 225 Concert Choir. (0-1) I, II. Large mixed chorus open to all singers. This choir places an emphasis on developing sight reading and performance skills necessary for pedagogy students, focusing on teaching the intermediate pianist or vocalist.

MUS 424 Chamber Singers. (0-1) I, II. Prerequisite: MUS 225. Large mixed ensemble dedicated to the highest standards of preparation and performance of choral literature from all style periods. Membership is by audition only. May be retaken.

MUS 425 Concert Choir. (0-1) I, II. Prerequisite: MUS 191. Large mixed chorus open to all singers. This choir places an emphasis on developing sight reading and performance skills while providing a challenging and satisfying musical experience. Course may be retaken.

MUS 426 University Singers. (0-1) I, II. Prerequisite: Audition. Rehearsal and performance of orchestra literature from all style periods. Concerts given both on and off campus. Three or more hours rehearsal per week. by audition only. May be retaken to a maximum of four hours.

MUS 435 Symphony Orchestra. (0-1) I, II. Prerequisite: Audition. Rehearsal and performance of string orchestra literature from all style periods. Concerts given both on and off campus. Two or more hours of rehearsal per week. Course open by audition only. May be retaken to a maximum of four hours.

MUS 226 University Singers. (0-1) I, II. The University’s premier large choral ensemble. This choir presents several major concerts throughout the year and tours annually. Membership is by audition only. May be retaken to a maximum of four hours.

MUS 236 String Orchestra. (0-1) I, II. Rehearsal and performance of standard string orchestra literature from all style periods. Concerts given both on and off campus. Two or more hours of rehearsal per week. Course open by audition only. May be retaken to a maximum of four hours.

MUS 246 String Orchestra. (0-1) I, II. Rehearsal and performance of standard string orchestra literature from all style periods. Concerts given both on and off campus. Two or more hours of rehearsal per week. Course open by audition only. May be retaken to a maximum of four hours.

MUS 250 Small Ensembles: String, Brass, Percussion, Vocal. (0-1/2) I, II. Rehearsal and performance for: string, brass, percussion, vocal, and woodwind ensembles. Course may be retaken.

MUS 253 Percussion Ensemble. (0-1) I, II. Rehearsal and performance of standard Percussion Ensemble literature including steel drums, African studies, and marimba ensemble literature. Course open by audition only. May be retaken to a maximum of four hours.

MUS 254 Jazz Ensemble. (0-1) I, II. Rehearsal and performance of standard Jazz Ensemble literature including jazz improvisation, jazz styles, and form. Course open by audition only. May be retaken to a maximum of four hours.

MUS 255A Symphonic Band. (0-1) I, II. Course open by audition only. Rehearsal and performance of standard band literature. May be retaken to a maximum of four hours.

MUS 255B Concert Band. (0-1) I, II. Course open to all students with prior experience in wind and percussion instrumentation. Rehearsal and performance of standard band literature. May be retaken to a maximum of four hours. Departmental approval required for 0 credit section.

MUS 257 Wind Ensemble. (0-1) I, II. Prerequisite: MUS 257. Course open to guitar majors only. Must have experience reading music and performance skills on the instrument. May be retaken.

MUS—Other Music Courses

MUS 267 Music Business. (0-1) I. Prerequisite: MUS 255A. Audition only. Rehearsal and performance of standard band literature. May be retaken. Departmental approval required for 0 credit section.

MUS 455B Concert Band. (0-1) II. Prerequisite: MUS 255B. Course open to all students with prior experience in wind and percussion instrumentation. Rehearsal and performance of standard band literature. May be retaken. Departmental approval required for 0 credit section.

MUS 457 Guitar Ensemble. (1-1) I, II. Prerequisite: MUS 257. Course open to guitar majors only. Must have experience reading music and performance skills on the instrument. May be retaken.

MUS 207 Music History and Analysis. (0-1) I, II. Corequisite: MUS 220. A history of music focusing on the techniques, forms, and structures that have shaped the music of the Western tradition since the Renaissance. May be retaken to a maximum of four hours.

MUS 208 Music History and Analysis. (0-1) I, II. Corequisite: MUS 220. A history of music focusing on the techniques, forms, and structures that have shaped the music of the Western tradition since the Renaissance. May be retaken to a maximum of four hours.

MUS 210 Music History and Analysis. (0-1) I, II. Corequisite: MUS 220. A history of music focusing on the techniques, forms, and structures that have shaped the music of the Western tradition since the Renaissance. May be retaken to a maximum of four hours.

MUS 212 History of the Recording Industry. (1) I. Prerequisite: MUS 191. A continuation of MUS 190. An overview of the music industry including a survey of industry careers and skills necessary to succeed in the music business.

MUS 190 Music Industry I. (2) I, II. An overview to the music industry including music copyright, publishing, and the evolution of the twenty-first century music business model.

MUS 192 History of the Recording Industry (2) A. Prerequisite: MUS 191. Understanding of the origins of recording technology, the development of production techniques, and the social / musical / cultural influences that helped shape these technologies.

MUS 220 Diction for Singers. (1) I. Prerequisite: MUS 220. For voice, education, and choral conducting students. Enunciation and projection; accurate pronunciation in English, Italian and Ecclesiastical Latin. Phonetics and the International Phonetic Alphabet (IPA).

MUS 221 Diction for Singers. (1) I. Prerequisite: MUS 220. For voice students. Enunciation and projection; accurate pronunciation in German and French poetry and poetry in song. Using the International Phonetic Alphabet (IPA).

SECTION SEVEN - COURSE DESCRIPTIONS

from the Romantic and Modern periods.

MUS 283 Beginning Composition. (1) A. Prerequisite: MUS 150 and departmental approval. An introduction to the exploration and development of compositional techniques relevant to the student's stylistic direction. Correct notation and major stylistic analysis stressed. May be repeated up to a maximum of four hours provided the subject matter differs each time. Lec/Lab.

MUS 285 Jazz Improvisation. (3) II. Prerequisite: MUS 182 or instructor approval. Develops skills for improvising in contemporary jazz idioms.

MUS 292 Fundamentals in Audio Production (2) A. Prerequisite: MUS 190. Understanding of the physics of sound, fundamentals of sound design, microphone usage, and digital audio recording technology.

MUS 349 Applied Learning in Music. (5-8) A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

MUS 349 A-N Cooperative Study: Music. (5-8) A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit. Subject matter differs each time. Lec/Lab.

MUS 367 Instrumental Conducting. (2) I. Prerequisite: MUS 366. Instrumental conducting techniques and their application in rehearsal and performance.

MUS 368 Choral Conducting. (2) II. Prerequisite: MUS 366. Choral conducting techniques and their application in rehearsal and performance.

MUS 383 Orchestration. (3) I. Prerequisite: Music majors only, MUS 182 and junior standing. Survey of ranges, timbres, and characteristics of orchestra and band instruments. Scoring for wind ensemble and full orchestra.

MUS 384 Survey of Music Technology. (2) I, II. Prerequisite: MUS 182 and junior standing in Music. Survey of music technology, including sound reinforcement, MIDI sequencing, DAW software, music specific web design notation software, and the history of music technology.

MUS 390 Music Industry III. (3) L. Prerequisite: MUS 191 or departmental approval. Continuation of MUS 191 including marketing, promotion, advertising, and starting a business. A project reflecting course study is required.

MUS 391 Music Industry IV. (3) II. Prerequisite: MUS 390 or departmental approval. Continuation of MUS 390 including non-profit organizations, grants, contracts, and website creation. A project reflecting course study is required.

MUS 449 Music Industry Senior Capstone. (1) L. Prerequisite: MUS 390 and departmental approval. Music Industry and Recording Arts students will apply knowledge and skills to the student run record label. May be retaken for a maximum of two hours.

MUS 451 Tonal Counterpoint. (3) A. Prerequisite: MUS 281 or equivalent. A study of contrapuntal music from the 18th century, including analysis of representative music and stylistic composition assignments.

MUS 482 20th Century Music Analysis. (2) A. Prerequisite: Junior standing. Corequisites and/or prerequisites: MUS 282 and MUH 372. A study of the compositional devices of the 20th century and music, and a study of specific representative literature of significant twentieth-century composers.

MUS 483 Composition. (2) A. Prerequisite: MUS 282 and 283; or departmental approval. Individual guidance in the exploration and development of compositional techniques relevant to the student’s stylistic direction. May be retaken to a maximum of eight hours, provided the subject matter is different. May be retaken to a maximum of six hours, provided the topics are different. Credit will not be awarded for both MUS 510 and 510S.

MUS 520 Advanced Diction for Singers. (1) A. Prerequisite: MUS 220. For voice and choral conducting students. Enunciation and projection; accurate pronunciation in German and French. Phonetics and the International Phonetic Alphabet used.

MUS 550 Teaching Techniques. (1-2) A. Prerequisite: MUS 399 and music majors only. Analysis of current teaching methods and materials with the intention of developing sound teaching procedures. May include a combination of lecture, laboratory, and field experience. Topics in woodwinds, brass, percussion, strings, voice, piano, and organ. May be retaken to a maximum of two hours.

MUS 551 Performance Literature. (1-2) A. Prerequisite: MUS 399 and music majors only. Analysis of current teaching methods and materials with the intention of developing sound teaching procedures. May include a combination of lecture, laboratory, and field experience. Topics in woodwinds, brass, percussion, strings, voice, piano, and organ. May be retaken to a maximum of two hours.

MUS 555 Symphonic Music Literature. (3) L. Prerequisite: MUH 371 and 372 and music majors only. Evolution of the symphony from its beginning to the 20th century with emphasis on score reading and listening. Literature and performance practice.

MUS 556 Advanced Choral Conducting. (2-3) A. Prerequisite: MUS 367 or equivalent. Development of skills in score reading, preparation, interpretation, and conducting of representative orchestra or band works.

MUS 565 Advanced Choral Music Literature. (3) A. Prerequisite: MUS 372 and music majors only. Survey of choral music literature from the 15th century to the present.

MUS 584 Network Switches & Routers. (3) A. Prerequisite: consent of Advisor. Registration in NET 349A is required of all undergraduate A.A.S. students in the Technology program specializing in Computer Electronics Technology, for course credit. May be retaken to a maximum of four hours.

MUS 588 Pedagogy of Theory. (2) A. Prerequisite: MUS 399 and music majors only. Comparative study of theory systems with emphasis upon presentation and summative exercises dealing with related theoretical problems.

MUS 589 Workshop in Choral Music. (1-4) A. Techniques, literature, and materials pertinent to a particular area or areas of preparation and performance of choral music. Topics announced. May be taken to a maximum of four hours.

NET — Network Security and Electronics Dr. Vignay Chandra, Coordinator

NET 302 PC Troubleshooting & Construction. (3) I, II. Prerequisite: TEC 161 or INF 104 or higher or CSC 140 or higher or CIS 212 or higher. Construction, operation and troubleshooting microprocessors, system memory, computer architecture, video types, monitors, hard drive, cd rom, notebook computers and printers, modern operating systems, and application programs. Building computer systems to specific requirements. 2 Lec/2 Lab.

NET 303 LANs & PC Communications. (3) I, II. Prerequisite: TEC 161 or INF 104 or higher or higher or CIS 140 or higher or CIS 212 or higher and completion of math readiness indicator or a minimum math ACT score of 18 or a minimum SAT math score of 490. Installing, configuring, managing, and troubleshooting network and computer systems communications hardware and software. 2 Lec/2 Lab.

NET 343 Network Switches & Routers. (3) A. Prerequisite: NET 303 or CIS 375. Cisco networking, switching, IOS, routing, VLANs, access lists, and wide area protocols are covered in a combination of lecture, demonstration, and laboratory. 2 Lec/2 Lab.

NET 344 Advanced Network Devices (3) A. Prerequisite: NET 343. Configure and troubleshoot network-aware devices/object in small to mid-sized LANs. Principles of network device/object startup, configuration and management, VLAN, advanced network devices and communications and internetworking. 2 Lec/3 Lab.

NET 349 Applied Learning in NET (5-8) A, B, C. Formerly EET 349. Prerequisite: departmental approval, sophomore (30-59 hours) or higher standing and minimum of 2.0 GPA. Work under faculty and field supervisors in placements related to academic studies. Transfer students must have completed at least 12 hours of coursework at EKU. A minimum of 80 hours work required for each academic credit. Credit will not be awarded for both NET 349 and EET 349.

NET 349 A-N Cooperative Study: CET/ CEN. (5-8) A, B, C. Formerly EET 349-A, N. Prerequisite: departmental approval, sophomore (30-59 hours) or higher standing and minimum of 2.0 GPA. Work under faculty and field supervisors in placements related to academic studies in Computer Electronics Technology (CET) or Computer Electronic Networking (CEN). 5-8 credit hours per semester or summer. Transfer students must have completed at least 12 hours of coursework at EKU. A minimum of 80 hours work required for each academic credit.

NET 354 Microcomputer & Network Security. (3) I, II. Prerequisite: NET 303 or CIS 375. Security considerations in computer systems and networks using appropriate hardware and software. Topics include malware, encryption, VPNs, ACLs, firewalls, Wi-Fi, and secure protocols. Testing, configuring, managing and troubleshooting security in network systems. 2 Lec/2 Lab.

NET 367a Exit Exam for AAS in Tech, with Computer Electronics (0) A. Prerequisite: Consent of Advisor. Registration in NET 367A is required of all undergraduate A.A.S. students in the Technology program specializing in Computer Electronics Technology program for the term in which they wish to take their comprehensive examination.

NET 367b Exit Exam for Minor in Computer Electronics Technology (0) A. Prerequisite: Consent of Advisor. Registration in NET 367B is required of all undergraduate students in the Minor for Computer Electronics Technology program for the term in which they wish to take their comprehensive examination.

NET 395 Special Topics in NET. (1-3) A. Prerequisite: 30 credit hours or more completed, and (EET 252 or NET 303). Emerging technologies in the area of Network security and electronics (NET): May be repeated up to a maximum of 9 hours provided subject matter differs each time. Lec:1 Hour.

NET 399 Associate Degree Capstone. (3) II. Prerequisite: 30 credit hours or more completed, with a minimum of 9 semester hours of NET coursework completed, and a minimum of 6 semester hours of EET coursework completed. A project and research oriented course which serves as a capstone experience at the Associate Degree level. Design, implementation, analysis, and troubleshooting of electronic and computer...
Section Seven - Course Descriptions

technology related systems, and managing a technical project.

NET 403 Advanced LANs and PC Communication. (3) A. Prerequisite: NET 303 or CIS 375. This course will cover installation, configuration, troubleshooting and maintaining common server platforms. The participants will be given opportunities to setup and manage network hardware, operating systems and applications. 2 Lec/2 Lab.

Net 440 Wired/Wireless Communications. (3) A. Prerequisite: EET 237, MAT 112B or higher, and PHY 101. Principles of communication over fiber and other wired/wireless media; digital and analog data transmission; modulation and multiplexing of data. Communication system components, safety, testing and troubleshooting. 2 Lec/2 Lab.

NET 454 Wireless/WAN Security. (3) A. Prerequisites: (NET 303 or CIS 375) and NET 354 Security considerations in wireless and WANS. Wi-Fi, 802.11x, WPA, RADIUS, encryption, VPNs, VLANs, AAA authentication, Network Security Appliances, and secure protocols. Laboratory based configuration and security testing of WAPs, appliances and servers. 2 Lec/2 Lab.

NET 467 Exit Exam for BS in NET (0) A. Prerequisite: Consent of Advisor. Registration in NET 467 is required of all undergraduate B.S. (NET) students for the term in which they wish to take their comprehensive examination, including the exit exam and any prerequisites. Registration deadline for licensure.

NET 499 Senior Capstone. (3) I. II. Prerequisite: 90 credit hours or more completed, with a minimum of 18 semester hours of NET coursework completed, a minimum of 9 semester hours of EET coursework completed, and AEM 310W. A project and research oriented course which serves as a capstone experience at the Bachelor Degree level. Design, implementation, analysis, and troubleshooting of networking, computers and electronics technology related systems, and managing a technical project.

NFA—Nutrition, Foods, and Food Administration Dr. Dana Bush, Chair

NFA 121 Introduction to Food Composition and Preparation. (3) I, II. A beginning food science course which deals with food composition and the relationship of scientific processes and principles to food preparation. Lecture and laboratory experiences.

NFA 201 Essentials of Nutrition, (3) I, II. A scientific study of the essential nutrients and their application to the nutritional needs of all ages. Consideration is given to food selection, nutrition misinformation, obesity, and other common dietary problems.

NFA 202 Introduction to Dietetics. (A) A professional orientation course describing the roles of the practitioner in administrative, clinical, and community dietetics, along with relationships to other health professionals.

NFA 301 Bio Nutrition. (A) Prerequisites: CHE 102 or 112/112L and NFA 201. Structures and chemical properties of CHO, PRO, fat and nucleic acids, vitamins, coenzymes, minerals, and water related to metabolic processes.

NFA 302 Nutrition Education and Counseling. (3) A. Pre-requisite: NFA 201. Discussion, practice, and application of nutrition-related education and counseling strategies and health behavior theories to develop communication and counseling skills for work with individuals and groups.

NFA 310 Junior Seminar (3) I. Prerequisite: Admission to General Dietetics Program. Preparation and planning for transition to internship, graduate school or professional work. Emphasis on professional roles and responsibilities, and ethical practice in dietetics.

NFA 317 Nutrition in the Life Cycle. (3) I, II. Study of dietary needs adapted to periods of the life cycle.

NFA 322 Experimental Foods. (3) A. Prerequisites: NFA 121 and CHE 102 or equivalent. Advanced food science course concerned with the study of the reactions and interactions of food components in complex food systems during preparation, processing, and preservation. Application to nutritional and research experiences.

NFA 325 Quantity Food Production. (3) I. Prerequisite: NFA 121. Corequisite: NFA 326. Standards, principles, and techniques for managing throughout the functional components of a food service setting; emphasis on quality, quantity, and cost controls.

NFA 326 Field Experiences in Quantity Food Production. (3) I. Corequisite: NFA 325. Supervised field experience in the technical application of theory presented in NFA 325.

NFA 344 Institutional Purchasing. (3) II. Prerequisites: NFA 325 and 326 or departmental approval. Principles and methods of purchasing foods and equipment for various types of quantity food service; emphasis on specifications and factors affecting quality; food cost control. Field trips included.

NFA 349 Applied Learning in Nutrition, Foods, and Food Administration. (5-8) A. Prerequisite: instructor approval. A project and research oriented course which serves as the capstone academic experience at the Senior Level for the B.S. (NET) major. Students will function as field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

NFA 349 A-N Cooperative Study: Nutrition, Foods, and Food Administration. (5-8) A. Prerequisite: instructor approval. Work under faculty and field supervisor in academic settings related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

NFA 401 Human Nutrition. (3) I. Prerequisites: NFA 301, BIO 307 and BIO 308. Study of the functions, requirements, and interrelations of macronutrients in normal nutrition; integration and regulation of energy metabolism and balance.

NFA 402 Medical Nutrition Therapy. (3) I. Prerequisite: NFA 401. Analysis and application of nutrition assessment, documentation, and modified feeding practices including enteral and parenteral nutrition with application for therapeutic management of gastrointestinal disorders.

NFA 403 Medical Nutrition Therapy II. (3) II. Prerequisite: NFA 402. Integration of nutrition therapy, pathophysiology, and biochemical alterations for assessment and management of trauma, diabetes, cancer, and cardiovascular, renal, hepatic, and pulmonary disorders.

NFA 404 Human Nutrition II. (3) II. Prerequisite: NFA 401. Study of the functions, requirements, and interrelations of essential and non-essential micronutrients in normal nutrition and wellness.

NFA 411 Community Nutrition. (3) A. Prerequisite: NFA 201 and 317. Survey of services, legislation, assessment, other relevant activities, and the role of nutritionists in various community settings. Development of educational resources for different populations. Field experience in community programs and settings to include individual and family nutrition counseling.

NFA 412W Research Applications in Nutrition. (3) I. Prerequisites: ENG 102 or 102R or 105(B) or HON 102 and admission to General Dietetics Program or departmental approval. Evaluation, interpretation, and application of informational and research literature in nutrition/dietetics; scientific writing (AMA format). Emphasis on making ethical, evidence-based practice decisions. Credit will not be awarded to students who have credit for NFA 392.

NFA 416 Special Problems in Nutrition. (1-3) A. Prerequisites: NFA 401 and departmental approval. The student chooses a problem and works under the supervision of an instructor. May be taken to a maximum of six hours provided the topics vary. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

NFA 445 Food Service Organization and Management. (3) A. Prerequisites: NFA 325, 326. Administrative functions within a food service system. Emphasis on top management and financial and time management, quality assurance, legislation, labor unions, merchandising, networking, and human resource management.

NFA 449 Onsite Foodservice Management. (3) II. Prerequisite: Junior standing. A study of the benefits and characteristics of successful onsite food and beverage enterprises.

NFA 500 Nutrition Concepts and Issues. (3) A. Fundamental principles of human nutrition and their application in meeting nutritional needs of all ages. Not open to dietetic or food service administration majors.

NFA 505 Maternal and Infant Nutrition. (3) A. Prerequisite: NFA 317 or equivalent. Nutritional requirements prior to and during pregnancy, lactation, and infancy. Survey the effects of dietary toxicants, deficiency and excesses of nutrients. Field experience.

NFA 507 Child and Adolescent Nutrition. (3) A. Prerequisite: NFA 201. Nutritional needs, problems, dietary habits, and motivations of the toddler through adolescent years. Field experience.

NFA 509 Nutrition and Aging. (3) A. Prerequisite: NFA 201. The theories of causes of aging; nutritional requirements, dietary deficiency and excesses of nutrients on the rate of biological aging. Field experience.

NFA 517 Sports Nutrition. (3) A. Prerequisite: NFA 201 or 500/700. Relationship of nutrition to sports performers. Nutritional aspects of nutrient use during exercise metabolism, specific nutrient needs, nutritional strategies during training, conditions requiring special consideration, controversial and potentially dangerous nutritional practices of athletes.

NSC—Nursing (Baccalaureate) Dr. Brooke Bentley, Chair

NSC 232 Health Assessment and Promotion I. (2) I, II. Prerequisites: taken in semester immediately prior to expected enrollment in NSC 380, students must meet minimum program GPA requirements of 2.5, and department approval. Corequisite: NSC 232L, 242, and 252. Students repeating NSC 232 must also enroll in NSC 232L and the most recent grade in these two corequisites will be applied toward student’s GPA. Development of assessment and health promotion skills to be used with clients throughout the life cycle.

NSC 232 Health Assessment and Promotion (1) I. Prerequisites: GPA 2.5, and Departmental approval. Corequisite: NSC 232, 242 and 252. Students repeating NSC 232L must also enroll in NSC 232 and the most recent grade in these two corequisites will be applied toward student’s GPA. Development of assessment and health promotion skills to be used with clients throughout the life cycle.

NSC 242 Communication in Nursing. (3) I, II. Prerequisite: sophomore standing and minimum 2.5 institutional GPA requirement or department approval. Corequisite: NSC 232L, 242L, and 252L. Therapeutic communication processes, theories, and techniques for building nurse client relationships throughout the life cycle. Development of beginning skills in nursing informatics and oral communication.

NSC 252 Intro to Professional Nursing. (3) I, II. Prerequisite: sophomore standing and minimum 2.5 institutional GPA requirement or department approval. Corequisite: NSC 232, 232L, and 252L. Therapeutic communication processes, theories, and techniques for building nurse client relationships throughout the life cycle. Development of beginning skills in nursing informatics and oral communication.

NSC 262 Professional Nursing Concepts. (4) I, II, A. Prerequisite: Admission to the BSN Program – Second Degree Option or department approval. Corequisite: NSC 232 and 232L. Introduction to
Nursing I. (3) A. Prerequisites: RN status and admission to the RN-BSN option. Transition to the professional nursing role for the RN student by integrating foundational concepts of professional nursing practice.

NSC 383 Perspectives in Professional Nursing II. (3). Corequisite: NSC 381 Transition to the professional nursing role for the RN student emphasizing the knowledge, skills, and critical thinking concepts and theories essential for professional practice.

NSC 385 Perspectives in Professional Nursing III. (4). Prerequisite: NSC 381. NSC 383. Advanced concepts and skills related to professional nursing practice.

NSC 386 Adult Health Nursing II. (7) I, II, A. Prerequisites: NSC 332, 350, and 380 all with a minimum grade of “C”; NSC 332L and 380C with a minimum grade of “S”. Corequisite: NSC 330 and 386C. Students repeating NSC 386 must also enroll in NSC 386C and the most recent grade in these two corequisites will be applied toward student’s GPA. Uses nursing process to develop practice solutions for selected adult health issues.

NSC 386C Adult Health Nursing II (3) I, II, A. Prerequisites: NSC 332, 350, and 380 all with a minimum grade of “C”; NSC 386C and 332L with a minimum grade of “S”; Admission to the BS Program. Corequisite: NSC 332L and 380C. Students repeating NSC 386C must also enroll in NSC 386 and the most recent grade in these two corequisites will be applied toward student’s GPA. Uses nursing process to develop practice solutions for selected adult health issues.

NSC 390W Family Health Nursing I. (2) I, II, A. Prerequisites: STA 215 or 270, or SOC 232 with a minimum grade of “C”; NSC 385 and 390W, each with a minimum grade of “S”. Corequisite: NSC 386C. Synthesizes nursing concepts and performs the nursing process to develop practice solutions for selected adult health issues.

NSC 392 Mental Health Nursing. (3) I, II, A. Prerequisites: NSC 330 and 386 each with with a grade of “C”; NSC 386 with a minimum grade of S. Corequisite: NSC 392C. Students repeating NSC 392 must also enroll in NSC 392C and the most recent grade in these two corequisites will be applied toward student’s GPA. Uses nursing process to develop practice solutions for clients throughout the life cycle with selected mental health issues.

NSC 392C Mental Health Nursing Clinical (2) I, II, A. Prerequisites: STA 215 or 270, or SOC 232 with a minimum grade of “C”; ENG 102, 102R, 105B, or HON 102. Applies research findings for evidence-based nursing.

NSC 395 Nursing Research I. (3). A. Prerequisites: RN status and admission to the RN-BSN option. Enhancement of physical assessment skills for RNs with application to clients throughout the lifespan.

NSC 442 Complex Health Systems Clinical (2). Prerequisites: NSC 340, 440, 445, and 486, each with a minimum grade of “C”; and NSC 486C with a minimum grade of “S”. Corequisite: NSC 442C. Synthesis and performance of professional nursing care competencies to address human diversity and manage care in today’s complex health systems.

NSC 445N Professional Role Transitions. (2) A. Prerequisites: RN status and admission to the RN-BSN option. Role development seminar for RNs. Critical analysis of trends which shape professional nursing practice. Analysis of strategies for instituting change in various health care delivery systems.

NSC 480 Health Care Leadership. (3) I, II. Prerequisites: NSC 390W, 392, and 396 each with a minimum grade of “C”; NSC 392C and 396C with a minimum grade of “S”. An overview of leadership and management theory within nursing including legal, ethical and economic concepts. Prepares students to assume leadership in dynamic health care systems to promote comprehensive, cost-effective health care.

NSC 484 Adult Health III Clinical (2.5) I, II. Prerequisites: NSC 392, 396, and 492, each with a minimum grade of “C”; NSC 392C and 396C with a minimum grade of “S”. Corequisite: NSC 484C. Students repeating NSC 484 must also enroll in NSC 484C and the most recent grade in these two corequisites will be applied toward student’s GPA. Uses nursing process to develop practice solutions for selected adult health issues.

NSC 486C Adult Health III Clinical (2.5) I, II. Prerequisites: NSC 392, 396, and 492, each with a minimum grade of “C”; NSC 392C and 396C with a minimum grade of “S”. Corequisite: NSC 484C. Students repeating NSC 484 must also enroll in NSC 484C and the most recent grade in these two corequisites will be applied toward student’s GPA. Uses nursing process to develop practice solutions for selected adult health issues.

NSC 486A Public Health Nursing I. (3) I, II. Prerequisites: NSC 390W, 392, and 396 each with a minimum grade of “C”; NSC 392C and 396C with a minimum grade of “S”. Corequisite: NSC 486C. Synthesizes nursing concepts and applies the nursing process to develop practice partnerships with communities and their subsystems.

NSC 486C Public Health Nursing Clinical (2). Prerequisites: NSC 390W and 390W, each with a minimum grade of “C”. Corequisite: NSC 486C. Students repeating NSC 486 must also enroll in NSC 486C and the most recent grade in these two corequisites will be applied toward student’s GPA. Synthesizes nursing concepts and applies the nursing process to develop practice partnerships with communities and their subsystems.

NSC 487 Public Health Nursing (2.5). I, II. A. Prerequisites: NSC 486, 392, 396, and 492, each with a minimum grade of “C”; NSC 392C and 396C with a minimum grade of “S”. Corequisite: NSC 487C. Students repeating NSC 487 must also enroll in NSC 487C and the most recent grade in these two corequisites will be applied toward student’s GPA. Synthesizes nursing concepts and applies the nursing process to develop practice partnerships with communities and their subsystems.

NSC 487C Public Health Nursing Clinical (2.5). Prerequisites: NSC 390W and 390W, each with a minimum grade of “C”. Corequisite: NSC 487C. Students repeating NSC 487 must also enroll in NSC 487C and the most recent grade in these two corequisites will be applied toward student’s GPA. Synthesizes nursing concepts and applies the nursing process to develop practice partnerships with communities and their subsystems.

NSC 492 Complex Client Health Care. (2) I, II. Prerequisites: NSC 480, 484, and 487 each with minimum grades of “C”; NSC 484C and 487C with a minimum grade of “S”. Corequisite: NSC 492C. Students repeating NSC 492 must also enroll in NSC 492C and the most recent grade in these two corequisites will be applied toward student’s GPA. Synthesizes nursing competencies to manage complex...
Section Seven - Course Descriptions

NUR 492C Complex Client Health Care Clinical (3) I, II. Prerequisite: NUR 480, 484 and 487 each with a minimum grade of “C” or better. NUR 484C and 487C with a minimum grade of “S”. Corequisites: NUR 492, 492C, and 496. Synthesizes nursing competencies to manage complex client health care, integrating legal, ethical and economic concepts.

NUR 495 Professional Role Transition. (2) I, II. Prerequisite: NUR 480, 484, and 487 each with minimum grades of “C”. NUR 484C and 487C with minimum grades of “S”. Corequisites: NUR 492, 492C, and 496. Role development seminar emphasizing refinement of oral presentation skills. Critical analysis of role theory, political, economic and socioethical systems which shape nursing practice. Analyzes strategies for instituting change in the health care delivery system.

NUR Application of Nursing Theory. (2) I, II. Prerequisite: NUR 480, 484, and 487 each with minimum grades of “C”, NUR 484C and 487C with minimum grades of “S”. Corequisites: NUR 492, 492C, and 496. Facilitates synthesis of nursing knowledge and strengthens the student’s ability to apply theory to specific patient situations. Patient care situations from all nursing levels are utilized.

NUR 498 Independent Study. (1-6) A. Prerequisite: student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. Directed study or research on an area of interest to the student. May be repeated to a maximum of six hours.

NUR 500 Early Childhood Health Care. (3) A. Prerequisite: education major or instructor approval. Focuses on the developmental, health-related, and safety requirements necessary for health management of young children (ages birth through five years) with special health care needs. Appropriate for non-health care professionals in the community or classroom.

NUR—Nursing (Associate)

Cynthia Frazer, Program Coordinator

NUR 114 Nursing Concepts I (5) E. I, II. Prerequisite: Admission to the Associate Degree Nursing Program. Corequisite: NUR 114C. Provides fundamental theoretical nursing concepts. Student learning outcomes are human flourishing, nursing judgment, professional identification, and professional accountability.

NUR 114C Nursing Concepts Application I (3). I, II. Prerequisite: Admission to the Associate Degree Nursing Program. Corequisite: NUR 114. This course provides application of fundamental nursing concepts in the laboratory and clinical settings.

NUR 124 Nursing Concepts II ‑ Med/Surg. (3), (3) I, II. Prerequisites: NUR 114, 114C, HSO 100, ENG 101 or 101R, NFA 201, BIO 171, all with a grade of “C” or better. Corequisite: NUR 124C. Builds upon previously learned concepts and skills. Provides theories and concepts for applying the nursing process while caring for patients experiencing selected health issues.

NUR 124C Nursing Concepts Application II (3) I, II. Prerequisite: NUR 114 & 114C, HSO 100, BIO 171, & ENG 101 or 101R, all with a grade of “C” or better. Corequisite: NUR 124. This course provides application of nursing concepts in the clinical setting while caring for patients experiencing selected health issues.

NUR 126 Perinatal Nursing Concepts (2) I, II. Prerequisites: NUR 114, 114C, HSO 100, BIO 171, ENG 101 or 101R, all with a grade of “C” or better. Corequisite: NUR 126C. Application of the nursing process while caring for families during the childbearing experience.

NUR 200 Dosage Calculation for Nursing (2) I. A. Develops competency in dosage calculation and provides preparation in application for nonparenteral medications.

NUR 201 Dosage Calculation for Nursing II. (1) I, II. Prerequisite: NUR 117 (S) or NUR 200 (C or better). Develops competency in dosage calculations of intravenous and enteral medications on intravenous calculations including pediatric, obstetric, and clinical care dosages.

NUR 217 Strategies for Success in Nursing. (1) I, II. Prerequisite: NUR 241. Examinations; peer feedback; individual and class presentations to develop specific strategies to improve academic success. Required for students readmitted to the ADN program after being unsuccessful in an NUR core course.

NUR 232 Nursing Concepts III ‑ Med/Surg. (5) I, II. Prerequisites: NUR 124, 124C, 126, 126C; ENG 102 or 102R, BIO 301, SOC 131, all with a grade of “C” or better. Corequisite: NUR 232C. Provides theories and concepts for applying nursing judgment while caring for adult and pediatric patients experiencing selected complex health issues.

NUR 232C Nursing Concepts Application III (3) I, II. Prerequisites: NUR 124, 124C, 126, 126C; ENG 102 or 102R; BIO 301; SOC 131, all with a grade of “C” or better. Corequisite: NUR 234C. Provides theories and concepts for nursing judgment while caring for patients with a focus on mental health.

NUR 234 Mental Health Concepts (2) I, II. Prerequisites: NUR 232, 234C and 234; ENG 102 or 102R; ENG 102; BIO 301; SOC 131, all with a grade of “C” or better. Corequisite: NUR 234C. Provides theories and concepts for nursing judgment while caring for patients with a focus on mental health.

NUR 234C Mental Health Application (1) I, II. Prerequisites: NUR 124, 124C, 126, 126C; ENG 102 or 102R; BIO 301; SOC 131, all with a grade of “C” or better. Corequisites: NUR 234 and 234C. This course provides application of mental health concepts in the clinical setting when caring for patients with a focus on psychosocial mental health.

NUR 241C Clinical Nursing Synthesis. (4) I, II. Prerequisite: NUR 232, 234 and BIOS 273 or MLS 209/211, all with a minimum grade of “C”. NUR 232C and 234C with a minimum grade of “S”. Corequisite: NUR 240, and NUR 245. Clinical immersion in synthesizing nursing judgment in caring for groups of patients experiencing complex health issues. Must be taken during the last semester of the ADN program. Requires a minimum grade of “C” or better.

NUR 250 Introduction to Gerontology. (3) I, II. An interdisciplinary approach to the study of aging that presents a balanced view of both normal and problem aspects of aging.

NUR 255 Trends and Issues in Nursing. (2) I, II. Prerequisite: NUR 232 and 234 with a minimum grade of “C”; NUR 232C and 234C with a minimum grade of “S”. Corequisite: NUR 241C. Focuses on current issues and trends in nursing. Ethical, legal, and professional responsibilities and career opportunities are examined.

NUR 265 Independent Study. (1-6) A. Directed study on an issue or area of interest to nursing. May be repeated to a maximum of six hours credit.

NUR 300 Individual Clinical Enrichment. (1-6) A. Prerequisite: NUR 232 & 234 with a minimum grade of “C”. Provides theories and concepts for applying the nursing process while caring for families throughout the childbearing experience.

NUR 326C Nursing Concepts II ‑ Perinatal (1) I, II. Prerequisites: NUR 236, 236C, ENG 114C, HSO 100, BIO 171, NFA 201, & ENG 101 or 101R, all with a grade of “C” or better. Corequisite: NUR 126C. Application of the nursing process when caring for families during the childbearing experience.

NUR 400 Project Planner I. (2) A. Provides strategies and concepts for applying the nursing process while caring for families during the childbearing experience.

NUR 401 Project Planner II. (2) A. Provides strategies and concepts for applying the nursing process while caring for families during the childbearing experience.
Course Credit will not be awarded for both OSH 225 and FSE responsibilities, legal risks, liabilities, scope of authority, and delivery of a quality product or service. Provides students with an in-depth examination of the certification exams. Standing. A comprehensive review of information Prerequisites: OHO 351 or 353, and Junior or Senior department chair prior to enrollment. May be retaken field of the problem. Student must have the independent exercises involving the construction of such components retaining walls, water features, decks, and patios. Techniques. (3) II. 1 Lec/4 Lab. exercises involving the construction of such components retaining walls, water features, decks, and patios. Techniques. (3) II. 1 Lec/4 Lab. exercises involving the construction of such components retaining walls, water features, decks, and patios. Techniques. (3) II. 1 Lec/4 Lab. exercises involving the construction of such components retaining walls, water features, decks, and patios. Techniques. (3) II. 1 Lec/4 Lab. exercises involving the construction of such components retaining walls, water features, decks, and patios. Techniques. (3) II. 1 Lec/4 Lab. exercises involving the construction of such components retaining walls, water features, decks, and patios. Techniques. (3) II. 1 Lec/4 Lab. exercises involving the construction of such components retaining walls, water features, decks, and patios. Techniques. (3) II. 1 Lec/4 Lab. exercises involving the construction of such components retaining walls, water features, decks, and patios. Techniques. (3) II. 1 Lec/4 Lab. techniques in a greenhouse. The student learns operation of the landscape architect plan. 1 Lec/4 Lab. OHO 399 Applicatory Study in Horticulture (3) A. Prerequisite: OHO 365. Elements of design and the execution of the landscape architect plan. 1 Lec/4 Lab. OHO 392 Landscape Construction Techniques (3) II. 1 Lec/4 Lab. A comprehensive, integrated approach to study common landscape construction materials and their use in current landscape applications. Class will include laboratory exercises involving the construction of such components as retaining walls, water features, decks, and patios. OHO 410 Independent Study in Horticulture (1‑3) I, II, III. Prerequisite: Departmental approval. Cross-listed as AGR 410. Students choose a problem and work under the supervision of the instructor in the field of the problem. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken for a maximum of 6 credit hours provided topics are different. Credit will not be awarded for both OHO 410 and AGR 410 unless topics differ. OHO 498 Turfgrass Capstone. (3) A. Prerequisites: OHO 351 or 353, and Junior or Senior Standing. A comprehensive review of information pertinent to managing turfgrass areas that will enhance graduate’s career potential within budget, stay on task with seasonal work, and prepare for industry offered certification exams. OHO 499 Horticultural Issues Capstone. (3) A. Prerequisite: OHO 349 and Junior or Senior standing. Provides students with an in-depth examination of the issues facing contemporary horticultural managers including management principles, ethical considerations, and delivery of a quality product or service. OSH—Occupational Safety and Health Dr. Troy Rawlins, Coordinator OSH 205 Occupational Safety and Health Safety. (3) A. An occupational science perspective of OSH 225. Students will develop the necessary writing courses, study, research resource, and Blackboard navigation skills necessary to successfully complete occupational safety related curriculum. Students will also be introduced to the profession, terminology of the field, and basic foundational topics in the field. OSH 225 Legal Aspects of Occupational Safety. (3) A. Study of the OSH Act, OSHA standards, correlating laws and legislation impacting the safety function of the workplace. Emphasis on legal rights, responsibilities, legal risks, liabilities, scope of authority, ethical/professional standards for safety professionals. Credit will not be awarded for both OSH 225 and FSE 225.
and reasoning skills including information literacy of research.

**OTS 311** Self as Occupational Being. (3) A. Prerequisites: OTS 301 and OTS 432. Analysis of occupation and occupational patterns of self. Recognize the influence of occupation on the well-being of self through active learning experiences. A. Corequisites: OTS 301 and OTS 432. Analysis of occupation and occupational patterns of self. Recognize the influence of occupation on the well-being of self through active learning experiences.

**OTS 321** Occupation Across the Lifespan. (3) Prerequisites: Junior Standing and B.S. in Occupational Science majors only. Application of the constructs of context to understand the impact on occupation and health. Introduction to cultural awareness and diversity. Understanding the interplay of occupation and disability concerns in social and environmental contexts.

**OTS 335** Professional Dynamics. (3) A. Corequisite: OTS 302. Application and analysis of occupation and participation in occupation across the lifespan. Corequisite: OTS 302.

**OTS 340** Foundations in Occupation II. (3) A. Prerequisites: OTS 301. Further exploration of occupation and its influence on occupational therapy practice. Focus on the role of occupation in daily life.

**OTS 360** Designing Occupations. (3) A. Prerequisites: Junior Standing and B.S. in Occupational Science majors only. Focus on the role of occupation in daily life.

**OTS 366** Kinesiology for Occupation. (3) A. Prerequisites: BIOL 271. Corequisite: OTS 301. Application of the physics of movement and biomechanical analysis for occupational performance. Includes evaluation processes and tools necessary for designing occupation for individuals and groups. Emphasis on group dynamics and leadership.

**OTS 380** Gender and Work in the U.S. (3) A. Prerequisites: ENG 102 or 105 (B) or HON 102 or departmental approval. A survey of occupational science and sociocultural issues related to gendered work. Includes content on family work linkages, gendered organizations, and public policies in the workplace. Credit will not be awarded to students who have credit for ENG 480, WGS 380, or WGS 480.

**OTS 400** Research Methods in OT I (L). (3) A. Prerequisites: Junior Standing and B.S. in Occupational Science majors only. Introduction to research design and methods in OT; critical analysis of occupational science and occupational therapy research for evidence based practice.

**OTS 401** Practicum III: Diversity. (3) A. Prerequisites: OTS 302 with grade of C or better. Corequisites: OTS 312, 422 and BIO 271. Introduction to cultural competence and diversity. Enhance advanced understanding of occupation and health. Wellness within the community and the Commonwealth is required.

**OTS 402** Practicum IV: Advocacy & Research. (3) A. Prerequisites: OTS 401. Corequisites: OTS 362, 430, and 478/478W. Participatory experiences in the application of advocacy, ethics, and research to advance health and wellness. Course includes self-reflection and portfolio completion. Credit will not be awarded for both OTS 402 and 402S.

**OTS 410** Independent Study in Occupational Science (3) A. Prerequisite: student must have the independent study proposal approved by faculty supervisor and department chair prior to enrollment. May be taken to a maximum of six hours.

**OTS 420** Neuroscience and Occupation. (3) A. Prerequisite: OTS 302. Corequisites: OTS 362, 340, and 478/478W. participates in the application of advocacy, ethics, and research to advance health and wellness. Course includes self-reflection and portfolio completion. Credit will not be awarded for both OTS 402 and 402S.

**OTS 421** Occupation Across the Lifespan. (3) A. Corequisite: OTS 302. Analysis and application of occupation and participation in occupation across the lifespan. Content explores life-stage characteristics and contextual aspects as articulated in varied models and theories.

**OTS 422** Impact of Conditions on Occupation. (3) A. Prerequisites: OTS 360 and 362. Examination of conditions related to occupational science. Corequisites: OTS 301 and OTS 432.

**OTS 430** Occupational Therapy Assessment. (3) A. Prerequisites: Junior Standing and B.S. in Occupational Science majors only. Overview of primary concepts related to the components of healthcare assessments and documentation as an occupational therapy provider including observation, interview, standardized administration, interpretation and dissemination of results.

**OTS 432** Research in Occupation. (4) L, II. A. Prerequisites: STA 215. Corequisites: OTS 301 and OTS 311. Students will learn to be consumers and participants in qualitative and quantitative research, examine methods of research design, data collection, and prepare a research prospectus related to occupational science. Apply statistical methods and techniques to workplace environment.

**OTS 440** Research Methods in OT II. (3) A. Prerequisites: OTS 400, Junior Standing and B.S. in Occupational Science majors only. Application and analysis of research methodology to occupational science and occupational therapy research for evidence based practice.

**OTS 450** OBP: Orthopedics. (3) A. Prerequisites: Junior Standing and B.S. in Occupational Science majors only. Evaluation and intervention of clients with orthopedic diagnoses. Applying preventative, compensatory, and rehabilitative interventions to enhance transfers, orthotics, and assistive technology to support occupational performance.
PHI 130S Beginning Ethics. (3) I, II. Survey of theories concerning the nature of right and wrong, emphasizing how these theories can be applied to personal moral choices. Credit will not be awarded to students who have credit for PHI 130. Gen. Ed. E-3B [AH].

PHI 240 Philosophy of Religion. (3) A. Study of religious experience, faith and knowledge, the nature and existence of God, the problem of evil, religious ethics, and religious language. Credit will not be awarded for both PHI 240 and 240W. Gen. Ed. E-3B [AH].

PHI 249 A-N Cooperative Study: PGA Golf Management. (5) A. Prerequisites: minimum GPA 2.25 and admission to PGA. Transfer students are eligible after one semester on campus. Co-curricular work experience under PGA staff and field supervisors. The student is assigned duties and responsibilities approved by PGA Program Coordinator or Director of PGA/PGM and the PGA member on-site. A contract outlining student responsibility is required and must be signed by the student, supervising professional, and a PGA staff member prior to placement. A maximum of five credit hours may be applied toward major.

PHI 349 PGA Final Experience (0) A. Prerequisite: Consent of advisor. Exit requirement for Professional Golf Management option of the Marketing B.B.A. program. Registration in PHI 399 is required of all undergraduate B.B.A. Marketing/PGM Option students for the term in which they wish to take their comprehensive exam.

PHI 101 Logic and Critical Reasoning. (3) A. Prerequisite: ACT scores: Math 19 or higher; Reading 20 or higher; and English 18 or higher. Gen. Ed. E-2 [AH].

PHI 110 Beginning Philosophy. (3) I, II. Basic introductory course in philosophy. Consideration of perennial questions of the human experience, especially questions about reality, knowledge, self, values, and religious belief. Credit will not be awarded for both PHI 110 and 110W. Gen. Ed. E-3B [AH].

PHI 349 A-N Cooperative Study: Philosophy. (5-8) A. Prerequisite: consult with department chair before enrolling. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight; associate, sixteen; baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

PHI 340W Philosophy of Writing. (3) A. Prerequisite: ENG 102 or 102R or 105B or HON 102. A writing-intensive course in the analysis and evaluation of arguments, with a primary focus on deductive validity and the systems of categorical and propositional logic. Credit will not be awarded to students who have credit for PHI 101R. Gen. Ed. E-2 [AH].

PHI 342 American Philosophy. (3) A. An examination of historical and contemporary views of the values and rights of nature. Possible topics include animal rights, conservationism, the land ethic, stewardship, deep ecology, ecofeminism, and indigenous approaches to the environment. Credit will not be awarded for both PHI 390 and ENV 383.

PHI 110W Beginning Philosophy: Writing Intensive. (3) I, II. Prerequisite: ENG 102 or 102R or 105B or HON 102. A writing-intensive basic introductory course in philosophy. Consideration of perennial questions of the human experience, especially questions about reality, knowledge, self, values, and religious belief. Credit will not be awarded for both PHI 110 and 110W. Gen. Ed. E-3B[AH].

PHI 350 Metaphysics. (3) A. An elaboration of the various approaches to metaphysics in the history of philosophy, including contemporary anti-metaphysical points of view.

PHI 352 Theory of Knowledge. (3) A. An examination of the nature, possibility, limits, sources and value of knowledge of minds and the world.

PHI 360 Ethical Theory and Practice. (3) A. Prerequisites: PHI 130S or HON 102 or PHI 110. An advanced course in ethics that examines the intersection of ethical theory and practical ethics. Topics include major ethical theories, the nature and aims of ethics, ethical issues in religious and creative thinking in ethical problem-solving.

PHI 362 Technology and Values. (3) A. An analysis of philosophical issues related to science, technology, public health, economics, and the environment, with special attention being given to the personal and social ethical issues that arise in these contexts.

PHI 371 Symbolic Logic. (3) A. Basic introduction to modern symbolic logic: propositional logic, first order predicate logic, proofs and metaproofs, and nature and properties of formal logic systems. Credit will not be awarded for both PHI 371 and PHI 381.

PHI 381 Animal Ethics: An examination of major theories of animal welfare and rights, consideration of issues involving the use of animals as food and other goods, animal experimentation, wildlife, endangered species, hunting, animals and sport, pets, and zooking.

PHI 383W Health and Biomedical Ethics. (3) A. Prerequisite: ENG 102 or 102R or 105B or HON 102. An examination of the value-issues which surround problems that arise in health-related fields and whose resolution calls for moral judgments. Typical problems would include: euthanasia, experimentation with humans, behavior control, genetic engineering, and distribution of health care facilities. Credit will not be awarded for both PHI 383 and PHI 383W.

PHI 385 Environmental Ethics. (3) A. Prerequisite: ENG 102 or 102R or 105B or HON 102. An examination of historical and contemporary views of the values and rights of nature. Possible topics include animal rights, conservationism, the land ethic, stewardship, deep ecology, ecofeminism, and indigenous approaches to the environment. Credit will not be awarded for both PHI 385 and ENV 385.

PHI 390 Special Topics in Philosophy. (1-3) A. An examination of ethical theories, of major ethical thinkers, or of an applied ethical field like business ethics or environmental ethics. May be retaken to a maximum of fifteen hours if the topic is different.

PHI 432 Philosophy of Art. (3) A. Examination of the major philosophical theories of art and beauty and the place of aesthetic language in the general area of value judgments. Representative classical and contemporary figures will be considered.

PHI 490 Independent Work in Philosophy. (1-3) I, II. Prerequisite: consult with department chair before enrolling. Individual research and reading on a specified philosophical problem chosen by the student and instructor. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours if topic is different.

PHI 499 Senior Thesis. (3) A. Prerequisite: consult with department chair before enrolling. Supervised, independent thesis for seniors majoring in philosophy.

PHY—Physics

PHI 101 Conceptual Physics. (3) I, II. Prerequisite: MAT 105 or higher or departmental approval. Conceptual approach to topics such as kinematics, Newtonian mechanics, electricity, magnetism, and optics. Not intended for science majors. Credit will not be awarded to students who have credit for PHY 102. 4 Lec/Lab. Gen. Ed. E-4 [NS].

PHI 102 Inquiry Physics for MS Teachers. (3) A. Prerequisite: MAT 105 or higher and pre-teaching or teaching middle school education, special education, or middle grades, or DHM middle grade education majors or departmental approval. An inquiry-based, conceptual/approach physical science course for middle school teaching majors. Topics include kinematics, matter and heat, optics, electricity, and magnetism. Credit will not be awarded for both PHI 102 and 101. 1 Lec/4 Lab. Gen. Ed. E-4 [NS].

PHI 104 Inquiry Physical Science for Elementary Teachers (3) I, II. Cross-listed with

346 2019-2020 EKU UNDERGRADUATE CATALOG
CHE 104. Prerequisite: Elementary, special education elementary, and DHH elementary education majors only. Sophomore standing, and MAT 112 or 112B or higher with a grade of C or better. An activity-oriented conceptual course in the physical sciences. Topics include the structure and properties of matter, heat and temperature, forces, motion, magnets, energy, and sound waves. Credit will not be awarded for both CHE 104 and PHY 104. 2 Lec/Lab.

PHY 129 Success in College Physics (1). I, II. Corequisite: PHY 131. This course will emphasize topics presented in PHY 131 that the students may require additional instruction to master. Topics to be covered will include one-dimensional motion, Newton’s Laws of Motion, momentum, energy, and rotational motion. Students will be allowed to enroll up to four weeks after classes start. A withdrawal from PHY 131 must be matched by a withdrawal from PHY 129.

PHY 131 College Physics I. (5). I, II, III. Prerequisite: MAT 120 or higher or departmental approval. Algebra and trigonometry based approach to Newtonian mechanics, including kinematics, Newton’s laws, momentum, energy, and rotation. Credit will not be awarded to students who have credit for PHY 201. A withdrawal from PHY 131 must be matched by a withdrawal from PHY 129. PHY 129 will not be awarded to students who have credit for PHY 302.

PHY 130 College Physics II. (5). I, II, III. Prerequisite: PHY 131 or departmental approval. Algebra and trigonometry based approach to electromagnetic electricity, including electric and magnetic fields, simple DC circuits, magnetic forces and fields, magnetic induction, and optics. Credit will not be awarded to students who have credit for PHY 202. 6 Lec/Lab. Gen. Ed. E-4 [NS].

PHY 200 Volunteering in Physics and Astronomy. (0). A. An exposure to physics and astronomy activities, including, but not limited to, exploring physical and astronomical research projects, organizing physics and astronomy community service, and assisting at other physics and astronomy departmental events. Students can choose the focus of the volunteering in each semester. Passing grade achieved for attending 80% of the designated activities in each semester.

PHY 201 University Physics I. (5). I, II. Prerequisite: MAT 211, 234, or departmental approval. Composition and resolution of forces, laws of equilibrium, Newton’s laws of motion, work and energy, momentum, simple harmonic motion, hydrodynamics, heat phenomena. Credit will not be awarded to students who have credit for PHY 131. 6 Lec/Lab. Gen. Ed. E-4 [NS].

PHY 202 University Physics II. (5). I, II. Prerequisite: PHY 201 with a grade of “C” or better. Prerequisite or Corequisite: MAT 244, or departmental approval. Electrostatics, electric potential, dielectrics, A.C. and D.C. circuits, magnetic fields, Faraday’s Law, sound, wave motion, geometrical and physical optics. Credit will not be awarded to students who have credit for PHY 132. 6 Lec/Lab.

PHY 211 Intermediate Physics (4). A. Prerequisites: PHY 201 with a grade of “C” or better or PHY 131 with a grade of “B” or better; MAT 234; or departmental approval. Applications of calculus to physical principles. Topics include fluid mechanics, thermodynamics, and wave optics.

PHY 221 Statics. (3). A. Prerequisite: PHY 201. Prerequisite/Corequisite: MAT 244, or departmental approval. Study of force systems on bodies at rest, descriptions of force systems, distributed and internal forces, frames and trusses, beams.

PHY 302 Modern Physics (4). A. Prerequisites: PHY 132 or PHY 202; MAT 211, 234, or departmental approval. Physics of the 20th century. Topics include special relativity, quantum effects, wave theory, Bohr theory, nuclear structure, nuclear reactions, and other topics related to 20th century modern physics. Credit will not be awarded to students who have credit for PHY 302W.

PHY 302W Modern Physics (4). A. Prerequisites: ENG 102 or 102R, 105(B), or HON 102; PHY 132 or PHY 202; MAT 234, or MAT 211, or departmental approval. Physics of the 20th century. Topics include special relativity, quantum effects, wave theory, Bohr theory, nuclear structure, nuclear reactions, and other topics related to 20th century modern physics. Credit will not be awarded to students who have credit for PHY 302.

PHY 310 Theoretical Methods in Physics. (3). A. Prerequisites: MAT 254, or departmental approval. Prerequisite/Corequisite: PHY 202 with a grade of “C” or better or departmental approval. A study of analytical methods for characterizing physics models and solving physics problems in advanced topics are discussed, including vector analysis, linear algebra, complex analysis, infinite series, waves and Fourier series, differential equations and other techniques.

PHY 315 Electrical Circuits. (4). A. Prerequisite: PHY 202 or departmental approval. Prerequisite or Corequisite: MAT 244. Fundamental laws and principles for linear circuits whose elements consist of passive and active components used in present day practice. Determination of the sinusoidal steady state responses using the algebra of complex numbers.

PHY 349 Applied Learning in Physics. (5). A. Work in placements related to academic studies. A minimum of 80 hours employment is required for each semester hour of academic credit. Total hours: eight, associate; sixteen, bacalaureate. Hours earned in PHY 349 will not apply toward a physics major or minor.

PHY 350 Independent Study: Physics. (5). A. Work in placements related to academic studies. A minimum of 80 hours employment is required for each semester hour of academic credit. Total hours: eight, associate; sixteen, bacalaureate. Hours earned in PHY 349 will not apply toward a physics major or minor.

PHY 357 Engineering Thermodynamics. (3). A. Prerequisite: PHY 202 or departmental approval. Prerequisite or Corequisite: MAT 244. Study of temperature, thermodynamic systems, ideal gases, first and second law of thermodynamics, Carnot cycle, Kelvin temperature scale, entropy, including thermodynamic analysis of engineering devices.

PHY 402 Physical Optics. (3). A. Prerequisite: PHY 202 or departmental approval. Prerequisite or Corequisite: MAT 244. Wave motion, interference, Fraunhofer and Fresnel diffraction, electromagnetic radiation, dispersion, polarization, double refraction, lasers, holography.

PHY 406 Advanced Physics Laboratory. (3). A. Prerequisite: PHY 302 or 302W, or departmental approval. Experiments in mechanics, optics, electricity, and nuclear physics. Computer simulations of physical systems. Measurement and data analysis techniques, including error analysis. Credit will not be awarded to students who have credit for 406W. 5 Lec/Lab.

PHY 406W Advanced Physics Laboratory. (3). A. Prerequisites: ENG 102 or 102R, 105(B), or HON 102; PHY 302 or 302W, or departmental approval. Experiments in mechanics, optics, electricity, and nuclear physics. Computer simulations of physical situations. Measurement and data analysis techniques, including error analysis. Credit will not be awarded to students who have credit for PHY 406. 5 Lec/Lab.

PHY 410 Independent Study in Physics: __. (1-6). A. Prerequisite: PHY 202 or departmental approval. May be retaken to a maximum of six hours provided subject matter is different each time. Subject must have the independent study form approved by faculty supervisor and department chair prior to enrollment.

PHY 411 Special Topics in Physics: __. (1-6). A. Prerequisite: PHY 202 or departmental approval. Special topics in physics of current interest to faculty and students will be presented through lecture, discussion, and reports. May be retaken to a maximum of six hours provided subject matter is different each time.

PHY 412 Directed Research in Physics: __. (1-6). A. Prerequisite: PHY 302 and departmental approval. A directed research experience for physics majors that may include laboratory experiments, development of new equipment, physics education research, or computational solutions of special problems related to physics. May be retaken to a maximum of six hours. Student must have the independent study form approved by faculty supervisor and department chair prior to enrollment.

PHY 421 Electricity and Magnetism I. (3). A. Prerequisite: PHY 310 or departmental approval. Electrostatics in vacuum and dielectrics, solutions of Laplace’s and Poisson’s equations, magnetic fields, induced EMF’s, magnetic materials, and Maxwell’s equations.

PHY 422 Electricity and Magnetism II. (3). A. Prerequisite: PHY 421 or departmental approval. Maxwell’s equations, electromagnetic waves in insulators and conductors, energy and momentum, electromagnetic radiation, dipole radiation, special relativity, special applications.

PHY 450 Statistical and Thermal Physics (3). A. Prerequisites: PHY 302, PHY 310 with a grade of “C” or better; or departmental approval. Microscopic approach to thermal processes. Topics include probability, entropy, the canonical ensemble, blackbody radiation, and quantum statistics including Bose-Einstein and Fermi-Dirac statistics.

PHY 460 Classical Mechanics. (4). A. Prerequisite: PHY 310 and PHY 460 or departmental approval. Basic principles of wave mechanics, solutions of Schrodinger wave equation for simple systems, interpretation of solutions and application to atomic and molecular problems.

PHY 506 Physics for High School Teachers. (3). A. Credit toward major or minor only in teaching programs. Topics from general and modern physics to prepare teachers to teach high school physics and give classroom demonstrations. 2 Lec/Lab.

PLS—Police Studies

Dr. Dawn Rothe, Chair

PLS 103 Police, Order Maintenance and Crime. (3). A. Overview of the role of police. The historical development of policing, police functions and police organizations. Focus on the role of police in society. Responsibility, accountability and the role of law and order. 3 Credit.

PLS 216 Criminal Law. (3). I, II. The nature of the criminal act; the essential elements; theories of responsibility; exculpatory matters; overview of common law offenses; identification of trends in the law.

PLS 220 Criminal Investigation. (3). A. Fundamental of criminal investigation, crime scene search and recording, collection and preservation of physical evidence, scientific aids, modus operandi, sources of information, interviews and interrogation, follow-up, case preparation and case management.

PLS 315 Police Administration and Management. (3). I, II. Prerequisite: sophomore standing. Critically examines the theories of motivation, leadership, and organization in the police context. Police administrative and management functions studied emphasizing personnel management and organizational climate.

PLS 316 Criminal Evidence. (3). I, II. Prerequisite: sophomore standing. Overview of trial procedures; classification of evidence; proof; presumptions; relevance; eyewitness identification; testimonial privileges; character; hearsay; impeachment; scientific evidence; collection and preservation of evidence.

PLS 326 Ethical Decisions and Police. (3)
Section Seven - Course Descriptions

A. Prerequisite: Junior or Senior standing. Examines the problems of ethical philosophies, theories and law in the context of policing. Consideration is given to problems of police judgment arising from unanswerable questions about morality. Focuses on forms of ethical violation at the individual, group and organization levels as well as strategies for prevention and control.

PLS 330 Topics in Police Studies. (1-6) A. Prerequisite: sophomore standing. Examination of a contemporary issue in policing including historical perspective, societal issues, present status, and future development. The police response to a specific problem is the core of this course. Course may be taken for a maximum of six hours under different headings.

PLS 349 Applied Learning in Police Administration. (5-8) A. Prerequisites: departmental approval, sophomore standing. Work under faculty and field supervisors, in placements related to academic studies. One to eight credits per semester or summer. Total hours: eight, associate; fifteen, baccalaureate. Minimum 80 hours work required for each academic credit. A maximum of three hours of PLS 349 and 424 can be applied toward the PLS major or minor.

PLS 349 A-N Cooperative Study: Police Administration. (5-8) A. Prerequisites: departmental approval, sophomore standing. Work under faculty and field supervisors, in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; fifteen, baccalaureate. Minimum 80 hours work required for each academic credit. A maximum of three hours of PLS 349 and 424 can be applied toward the PLS major or minor.

PLS 375 Terrorism/Counterterrorism. (3) A. Prerequisite: Junior or Senior standing. A study of domestic, foreign, transnational and state terrorism. This course examines issues related to defining, preventing and combating terrorism. Various social and historical factors and events will be considered in order to contextualize specific key individuals, organizations and actions.

PLS 380 Police in the Popular Media. (3) A. Prerequisite: sophomore standing. A study of the public’s perception of police through popular media (music, radio, television, films, short stories and books) and how those media sources might influence policing itself.

PLS 385 Police Related Violence. (3) A. Prerequisite: sophomore standing. A descriptive, theoretical and philosophical approach to violence used by the police and violence directed toward them. Psychological and sub-cultural impacts will be examined. Additional topics will be selected with emphasis on non-lethal and non-lethal violence policy and strategies are included.

PLS 401 Multi-Culturalism and Policing. (3) A. Prerequisite: Junior or Senior standing. Examines the policing of marginalized populations and investigates the realities of these persons within policing. Specific populations can include racial and ethnic minorities, age, women, sexual minorities, persons with physical and mental disabilities, immigrant populations, veterans, and others.

PLS 403 Homicide. (3) A. Prerequisite: sophomore standing. Explore current theoretical, philosophical and empirical literature associated with homicide. Content includes descriptive, theoretical, empirical, and practical explanations of criminal homicide patterns. Included will be an examination of death investigation systems and police responses.

PLS 408 Policing and Technology. (3) A. Prerequisite: Junior or Senior standing. Examines the current realities of cyber crime and the official police response. Consideration will be given to legal issues, civil liberties, police deviance and the sociopolitical impacts of technology.

PLS 410 The Police and Community. (3) A. Prerequisite: Junior or Senior standing. Examines relationships between the police and community that address crime and quality of life problems. Community is examined as a geographical space made of multiple and diverse publics sometimes requiring different strategies and attention. A distinction is drawn between public relations and policing of private organizations.

PLS 414 Social Forces and Policing Society. (3) A. Prerequisites: CRJ 101 and PLS 103. Sophomore standing or higher. Examines the history and evolution of policing in the United States with an emphasis on the political, social, cultural and institutional forces that have molded that history. The roles and functions of police in America are examined in detail within the context of race, class and gender.

PLS 420 Contemporary Police Strategies. (3) A. Prerequisites: CRJ 101 and PLS 103 with a grade of “C” or better; Senior standing. Review of contemporary police issues, programs, and strategies. Detailed analysis and evaluation of police practices, including impact on the relationship between the police and the community. Assessment of police reform measures and accountability mechanism.

PLS 416 Criminal Procedure. (3) A. Prerequisite: PLS 216, sophomore standing, or instructor approval. A detailed study of the laws of arrest (including the use of force), search and seizure, emphasizing the constitutional basis, historical development, statutes, and recent court decisions.

PLS 421 Policing & Civility. (3) A. Prerequisite: sophomore standing. Examines the nexus of surveillance, policing, and society. The course explores how private, public, and non-profit media are used to influence public’s perception of police through popular media (music, radio, television, films, short stories and books) and how those media sources might influence policing itself.

PLS 430 — Police Science. Dr. Lynnette Noblitt, Chair

POL 100 Principles of Politics and Government. (3) I, II. A systematic study of introductory social science course focusing on the political and governmental aspects of societies. Does not count toward political science major requirements. Credit will not be awarded for both POL 100 and 100S. Gen. Ed. E-5B [SB]

POL 101 Introduction to American Government. (3) I, II. Principles, functions, and basic political institutions of the American system of government at the national level. Credit will not be awarded for both POL 101 and 100S. Gen. Ed. E-5A, E-5B [SB]

POL 201 Short Topics in Political Science. (1-3) A. A maximum of three short topics offered during any semester. The student may take any or all topics. May be retaken to a maximum of six hours when topics vary.

POL 212 Introduction to Comparative Politics. (3) I, II. Purpose, concepts, and methods used in the cross-national study of politics and government with a focus on selected countries. Gen. Ed. E-5A or E-5B [SB]

POL 220 Introduction to World Politics. (3) I, II. The study of the political interactions of countries and organizations relating to politics, economics, the environment, technology, culture and society on a global level. Gen. Ed. E-5B [SB]

POL 250 Introduction to Political Philosophy. (3) I, II. Examination of political thought from the ancient Greeks to the contemporary era with a focus on selected philosophers. Gen. Ed. E-3B and E-5B [AH] [SB]

POL 280 Research and Writing in Political Science. (3) A. Prerequisite: majors, minors, or departmental approval. Legal or an organization of techniques and methods used in collection, analysis, and written presentation of political data. No more than 6 hours of POL courses numbered 300 or above may be taken prior to completing Pol 280.

POL 310 Latin American Governments. (3) A. A study of the political institutions and issues facing the people and governments of Latin America.

POL 314 Politics of South Asia. (3) A. Prerequisite: ENG 102 or 102R, ENG 105B, or HON 102. Studies and analyzes the political situations of South Asia. Course focuses on the political situations of Afghanistan, Pakistan, and India; however, instructor may focus on additional countries or regions as well.

POL 316 Politics in Russia. (3) A. Nature and development of Russia’s political system since the end of the fall of communism. Development of political parties and civil society; superpresidentialism; nationalism; federalism and ethnic politics.

POL 318 Politics of the Middle East. (3) A. Prerequisite: ENG 102 or 102R, ENG 105B, or HON 102. Studies and analyzes the political of the countries of the Middle East and North Africa, with a focus on historical legacies, contemporary challenges to political and economic development, and international affairs. Credit will not be awarded for both POL 318 and POL 410: Politics of the Middle East.

POL 321 American Foreign Policy. (3) II. Prerequisite: three hours of POL or instructor approval. Analysis of the internal processes and external factors which affect U.S. foreign policy, with emphasis on the post-World War II period. Case studies in decision-making processes.

POL 325 Global Security. (3) L. Prerequisite: ENG 102 or ENG 105B, or HON 102. Analysis of major problems of global and human security, the role of military with emphasis on military-security policies of global import.

POL 331 Urban Politics. (3) A. Political processes of urban areas including comparisons of alternative structures of urban and other local government.

POL 332 Kentucky Government and Politics. (3) I, II. An overview of the Kentucky political system: major institutions, processes and political leaders, with emphasis on recent events and developments.

POL 333 American State and Local Government. (3) A. Study of the political processes of government of the fifty states and of cities and counties.

POL 340 Political Parties and Interest Groups. (3) A. Prerequisite: ENG 102 or 102R, ENG 105B, or HON 102. An overview of the informal institutions of American government: functions, organization, financing of political parties, interest groups, and their relationship to democracy.

POL 341 The U.S. Congress. (3) A. Prerequisite: ENG 102 or 102R, ENG 105B, or HON 102. A systematic examination of the decision-making process in Congress.

POL 342 The American Presidency. (3) A. Prerequisite: ENG 101 or 101R, ENG 105B, or HON 102. An examination of the power and functions of the offices of the President. Recent developments affecting the American President will be emphasized.

POL 343 Campaigns and Elections. (3) A. Prerequisite: ENG 101 or 101R, ENG 105B, or HON 102. An examination of U.S. campaigns and elections including topics in campaign organization and planning, voting behavior, campaign finance, and election laws for presidential, congressional, and state/local campaigns.

POL 345 Minority Group Politics. (3) A. Cross-listed as AFA 345. Examination and comparison of various theories, strategies, forms of participation, leadership styles, and concepts (e.g., Black Power) of minority group politics. Credit will not be awarded for both POL 345 and AFA 345.

POL 346 Religion and Politics in the World. (3) A. Prerequisite: ENG 102 or 102R, ENG 105B, or HON 102. Examines the relationship between religion and politics in the world from such different perspectives as public opinion, voting behavior, institutional structures, political economy, and/or policy-making.

POL 347 Politics and Religion in the U.S. (3) A. Interaction of government, religion, politics, and values in the U.S.: role of Supreme Court and Constitution in defining church-state separation and religious freedom; religious organizations as pressure groups; religion in electoral politics and foreign policy-making; religion and public
POL 357 American Political Thought. (3) A. An examination of major political philosophers and their works that have shaped the American political system. Emphasis given to problems in democratic theory and to competing ideologies within the American political system.

POL 380 Judicial Process. (3) A. Study of the judicial institutions and processes of the United States and their role in the American political process.

POL 387 Politics of Development in Appalachia. (3) A. Cross-listed as APP 387. Prerequisite: ENG 102R, ENG 105(B), or HON 102. This course examines community and economic development in the Appalachian region with special emphasis on Kentucky. Focus will be on the political, economic and social aspects affecting development. Credit will not be awarded to students who have credit for APP 373. Gen. Ed. E-6.

POL 394 Introduction to Public Administration. (3) A. Survey of organization, authority, decision making, and program evaluation in organizations and application of principles of the American bureaucracy by case studies.

POL 404 Political Theory. (3) A. Study of selected topics in state government. Credit will not be awarded to students who have credit for POL 540. Cross-listed as AFA 404. Prerequisite: ENG 102 or 102R, 105(B), or HON 102. Enrollment is by invitation only and limited to a maximum of 15 hours by registering for POL 408A and 408B.

POL 405 Special Topics in Political Science. (3) A. Exploration of a particular topic; theories may count as the formulation, implementation, and evaluation of public policies. Examples of policy decisions which might be covered include energy, housing, environmental quality, and social services.

PSY 200 Introduction to Psychology. (3) A. I, II. A survey of the major content areas and methods of psychology, including history, biological correlates, cognition, language, intelligence, motivation, emotion, development, personality, abnormal, therapy, and social behavior. Credit will not be awarded for both PSY 200 and 200W. Gen. Ed. E-5I [SB].

PSY 200W Introduction to Psychology: Writing Intensive. (3) A, I, II. Prerequisites: ENG 102 or 102R or 105(B) or HON 102, and completion of writing intensive core course. A writing intensive survey of the major content areas and methods of psychology, including history, biological correlates, cognition, language, intelligence, motivation, emotion, development, personality, abnormal, therapy, and social behavior. Credit will not be awarded for both PSY 200 and 200W. Gen. Ed. E-5I [SB].

PSY 250 Information Literacy in PSY. (3) A. Prerequisite: PSY 200 or 200W. Completion of reading and writing academic readiness indicators. Information literacy, reading, evaluating, summarizing scientific literature in Psychology; scientific writing (APA format); basic research terminology. Credit will not be awarded for both PSY 250 and 250W.

PSY 250W Information Literacy in PSY (3) A. Prerequisites: PSY 200 or 200W and completion of reading academic readiness indicators; ENG 102R or ENG 105(B) or HON 102. Information literacy, reading, evaluating, summarizing scientific literature in Psychology; scientific writing (APA format); basic research terminology. Credit will not be awarded for both PSY 250W and PSY 250.

PSY 258 Career Development in Psychology. (3) A. Pre or Corequisite: PSY 250 or PSY 250W. Will acquaint students with career opportunities, and help students recognize and build the skills needed for their desired career field. Credit will not be awarded for both PSY 258 and PSY 358.

PSY 280 Lifespan Developmental Psych.
(3) I, II. Prerequisite: PSY 200. A survey of theory and research in development psychology across the entire life span. Credit will not be awarded for both PSY 280 and 280W.

PSY 280W Life Span Developmental Psychology: Writing Intensive. (3) I, II. Prerequisites: PSY 250 and ENG 102 or ENG 105 (B) or HON 102. A writing-intensive survey of theory and research in developmental psychology across the entire life span. May not be applied to the Psychology major. Credit will not be awarded for both PSY 280 and 280W. Gen. Ed. E-5B [SB].

PSY 300 Social Psychology. (3, A). Prerequisites: PSY 250 and ENG 102 or ENG 105 (B) or HON 102. A study of the power of situations and the social environment to affect human behavior. Topics include: attitudes, persuasion, prejudice, discrimination, group behavior, interpersonal attraction, aggression and prosocial behavior. Credit will not be awarded for both PSY 309 and PSY 300W.

PSY 305 Psychology of Personality. (3). A. Prerequisites: PSY 200 and ENG 102 or ENG 105 (B) or HON 102. Descriptive study of the nature, causes, and classification of abnormal behavior, with attention to intellectual, personality, cognitive, sensory and motor functions.

PSY 309 Statistics-Research Methods I. (4) I, II. Prerequisites: MAT 105 or higher with a grade of C or better or PHI 101(C), PHI 101R (C) or STA 215(C); and PSY 250 or 250W, and ENG 102 or 102R or ENG 105B or HON 102. Introduction to the various research methods and descriptive statistics used in Psychology. Credit will not be awarded for both PSY 309 and PSY 309W.

PSY 309W Statistics-Research Methods I. (4) A. Prerequisites: MAT 105 or higher with a grade of C or better or PHI 101(C), PHI 101R (C) or STA 215(C); and PSY 250 or 250W; and ENG 102 or 102R or ENG 105B (B) or HON 102. An intensive introduction to the various research methods and descriptive statistics used in Psychology. The course includes a lab experience. Credit will not be awarded for both PSY 309 and PSY 309W.

PSY 310 Statistics-Research Methods II. (3) A. Prerequisite: PSY 309(C). Introduction to inferential statistics and continuation of PSY 309 with an emphasis on experimental research methods in Psychology.

PSY 319 Introduction to Biological Psychology. (3). A. Prerequisites: PSY 250 and ENG 102 or ENG 105B (B) or HON 102. Survey of biological, psychological, social, and cognitive influences on adolescent and adult development.

PSY 315 Sensation and Perception. (3) A. Prerequisites: PSY 250, and ENG 102 or ENG 105B or HON 102. An introduction to the sensory and perceptual processes and the role they play in our world.

PSY 331L Cognitive Psychology with Lab. (4) A. Prerequisite or Corequisite: PSY 309. Theoretical and empirical approaches to human cognition. Topics include knowledge acquisition and organization, memory, language, problem solving, and thinking skills. 3 Lec/2 Lab. Credit will not be awarded for both PSY 317L and 317L.

PSY 317L Cognitive Psychology with Lab. (4) A. Prerequisite or Corequisite: PSY 309. Theoretical and empirical approaches to human cognition. Topics include knowledge acquisition and organization, memory, language, problem solving, and thinking skills. 3 Lec/2 Lab. Credit will not be awarded for both PSY 317L and 317L.

PSY 318 Introduction to School Psychology. (3) A. Prerequisites: PSY 250; ENG 102 or 102R, ENG 105B, or HON 102; CMS 100 or CMS 210. Introduction to the field of School Psychology. Topics include developmental disabilities, mental health diagnoses, assessment, consultation, direct intervention, history of school psychology, and professional considerations.

PSY 319 Psychology of Work (3) A. Prerequisites: PSY 250, and ENG 102 or ENG 105 (B) or HON 102; CMS 100 or CMS 210. Application of psychological theories and procedures to the world of work. Topics include personnel policies and administration, performance management, organizational theory, behavior and development, occupational health, and leadership. Credit will not be awarded for both PSY 319 and 319B.

PSY 320 Health Psychology. (3) I, II. Formerly PSY 410. Prerequisites: PSY 250, and ENG 102 or 102R or ENG 105 (B) or HON 102. Theoretical and research perspectives on the relationship between psychological factors and health. Emphasis on utilizing psychological principles and methodology to understand and change illness and health behaviors. Credit will not be awarded for both PSY 320 and PSY 410.

PSY 321 Psychological Perspectives of Parenting and Child Care. (3) A. Prerequisites: PSY 300 and PSY 312. A survey of major psychological theories related to parenting and child care. Topics include attachment, development, behavior, temperament, and parenting styles.

PSY 322 Cognitive Development (3) A. Formerly PSY 530. Prerequisite: PSY 250, or departmental independent study proposal form approved by faculty supervisor and departmental approval. Overview of how individuals become intelligent through the acquisition of knowledge, learning to reason, think, and engage in abstract thought. Credit will not be awarded to students who have credit for PSY 530.

PSY 330 ABA Assessment and Measurement. (3) A. Prerequisites: PSY 250; ENG 102 or 102R, ENG 105B, or HON 102; and CMS 100 or 210. An introduction to assessment and measurement in behavior analysis.

PSY 333 Comparative Psychology. (3) A. Prerequisites: PSY 250, and ENG 102 or ENG 105 (B) or HON 102. A survey of theory and research in the psychology of animals. Topics include historical and contemporary studies, learning, memory, representation, intelligence, knowledge, innovation, culture, communication, development, emotion, social skill, consciousness, and theory of mind.

PSY 337 Introduction to Psychiatric Rehabilitation. (3) A. Prerequisite: PSY 308. Introduces students to the background and supporting research behind psychiatric rehabilitation practice, as well as the field's underlying values and principles.

PSY 338 Learning in Psychology. (5-8) A. Prerequisites: PSY 258 and departmental approval. Work in placements related to academic studies. A minimum of 60 hours employment required for each semester hour credit. Three hours may be applied toward the major, not applicable toward a minor. Course may be repeated for up to 16 credits total. Gradated Satisfactory-Unsatisfactory.

PSY 349 A-N Cooperative Study: Psychology. (5-8) A. Prerequisites: PSY 250 and departmental approval. Work in placements related to academic studies. A minimum of 60 hours employment required for each semester hour credit. Three hours may be applied toward the major, not applicable toward a minor. Gradated Satisfactory-Unsatisfactory.

PSY 350 Animal Enrichment. (3) A. Cross-listed: ANS 350, Prerequisite: ENG 200 or PSY 200. Covers the concept and practice of animal enrichment. Students will learn about the theoretical and applied aspects of enrichment and will acquire experience designing and implementing enrichment. Credit will not be awarded to students who have credit for ANS 350.

PSY 378 Psychology of Adoption (3) A. Prerequisites: PSY 308; PSY 312, 280, or 280W. A survey of developmental, familial, cultural, and psychological factors in the adoption experience.

PSY 392 Environmental Psychology. (3) I, II. Formerly PSY 404. Prerequisites: PSY 200, and ENG 102 or ENG 105B or HON 102. Study of ways in which people influence and are affected by their environment. Issues include discussion of both the natural and built environment. Credit will not be awarded for both PSY 404 and PSY 392.

PSY 397 Topics in Psychology: _______. (3) A. Prerequisites: PSY 250, and ENG 102 or ENG 105B or HON 102. Course content varies from semester to semester. Credit will not be awarded for both PSY 397 and PSY 398.

PSY 399 Research Development Skills. (3) I, II. Formerly ENG 102 or 102R, ENG 105B (B) or HON 102; PSY 309B or 309WB, and departmental approval. Prerequisite or Corequisite: PSY 310(C). Advanced development of research skills necessary for generating hypotheses and designing the appropriate methodology to test them. Students will also write a faculty-supervised research proposal, with the purpose of completing the research project in PSY 419.

PSY 400 Senior Seminar. (3) A. Prerequisite or corequisite: PSY 310, or departmental approval. The senior seminar examines contemporary psychological issues from each of the five sub-disciplines of Psychology. Issues vary from semester to semester. May be taken once, provided the subject matter differs each time.

PSY 402 Independent Work in Psychology. (1-3) I, II. Prerequisite: must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. Results must be presented in a formal paper. May be taken to a maximum of six hours provided different problems are studied.

PSY 403 Practicum in Psychology. (1-3) A. Prerequisite: must have the field experience proposal form approved by faculty supervisor and department chair prior to enrollment. Supervised field experience. May be taken to a maximum of six hours.

PSY 405 Intro to Interviewing/Therapy. (3) A. Prerequisites: PSY 250 and 308. Introduction to the basic concepts and skills of interviewing and therapeutic communication in the mental health field.

PSY 406 Intro to Behavior Therapy. (3) A. Prerequisites: PSY 250, and PSY 308, and ENG 102 or ENG 105B or HON 102. Principles and techniques of applying behavioral principles in the analysis of complex human behavior. Emphasis is placed on methods of observing behavior and analyzing functional relationships between behavior and environment.

PSY 407 Child Psychopathology. (3) A. Prerequisites: PSY 250 and PSY 309. A study of the development of disorders in children, with attention to symptoms or behavioral patterns, etiological influences, relevant research, theoretical
undergraduates, and approaches to assessment and intervention.

PSY 409 Experiential Learning in Psychology (3) I, II. Prerequisite: departmental approval. Supervised field experience in Psychology. Only full-time students may enroll.

PSY 412 The Psychology of Art. (3) A. Prerequisite: PSY 250, and PSY 305, and PSY 308, and ENG 102 or ENG 105 (B) or HON 102, or departmental approval. Exploration of the ways in which selected psychological principles contribute to our understanding of the art of painting.

PSY 415 Multicultural Psychology. (3) A. Prerequisites: PSY 250, and PSY 300, and ENG 102 or ENG 105 (B) or HON 102, or departmental approval. Examines the value-laden nuances of mainstream psychology and its early history of promoting discrimination toward diverse groups in American society, while introducing the multicultural approach for combating the resulting "isms" (e.g. racism, genderism).

PSY 419 Research Development Skills II. (3) I, II. Prerequisites: PSY 399 and Research Proposal Approval by EKU IRB. Advanced development of data gathering, data analysis, and research presentation skills. Students will write research developed in PSY 399, learn alternative data management and analyses techniques, prepare oral and written presentations of research. Credit will not be awarded to students who have credit for PSY 401 or 401W.

PSY 420 Psychology of Women and Gender. (3) A. Prerequisites: PSY 250, and PSY 300, and ENG 102 or ENG 105 (B) or HON 102, or departmental approval. Introduction to current and historical theories and research into the psychology of women, including gender differences and similarities.

PSY 429 Psychological Perspectives on Substance Abuse. (3) A. Prerequisite: PSY 308. Topics include an overview of current and historical models of addiction and methods of assessment and treatment techniques. Evidence-based practice is emphasized.

PSY 430 ABA Ethics and Intervention. (3) A. Prerequisites: PSY 330 and departmental approval. An introduction to ethical principles of behavior analysts and behavior change systems.

PSY 437 Psychiatric Rehabilitation Competencies. (3) A. Prerequisite: PSY 337. Builds on Introduction to Psychiatric Rehabilitation by focusing on key components of the Psychiatric Rehabilitation process. Emphasis will be placed on the development of practitioner skills and techniques.

PSY 458 Grad School Prep. (3) A. Prerequisite: junior or senior standing in Psychology; or departmental approval. Hands-on workshop for students intending to pursue graduate education in the near future.

PSY 476 Psychology of Trauma. (3) A. Prerequisites: ENG 101 or 101R, 102(B), or HON 102, PSY 250, 308, or departmental approval. Topics include trauma and trauma-related assessment and interventions from diverse clinical perspectives. Emphasis will be on the applications of theoretical viewpoints to a variety of posttraumatic situations with a transtheoretical approach to clinical scholarship on trauma.

PSY 477 Psychology of Intellectual and Developmental Disabilities. (3) A. Prerequisites: PSY 250 or 250W, PSY 308, PSY 408, and PSY 280 or 312, or departmental approval. Survey of developmental disabilities, including causes, impacts on the individuals and their families, and intervention approaches, as well as broader topics such as education, service delivery approaches, and ethics.

PSY 478 Forensic Psychology. (3) A. Prerequisites: PSY 250, and PSY 308, and ENG 102 or 102R or ENG 105 (B) or HON 102. Survey of clinical techniques, methods, and approaches.

PSY 497 Advanced Topics in Psychology. (3) A. Prerequisite: PSY 250, ENG 102 or 102R, ENG 105 (B), or HON 102, or departmental approval. Additional prerequisites will be determined by the specific topic. Selected topics for study. Variable topics across semesters in terms of student interest and available faculty. May be retaken for a maximum of 12 hours provided the subject matter differs each time.

PSY 499 Senior Exit Course in Psychology (3) I, II. Prerequisites: Senior standing and major in psychology. Students will complete the Senior Exit Survey and the Senior Knowledge Exam in this course.

PSY 500 Advanced Behavioral Analysis. (3) A. Prerequisite: PSY 301. This course builds on the principles of behavior analysis in creating behavior change across a range of populations, behaviors, and settings. The focus is on fundamental elements of behavior change.

PSY 510 Performing Empirical Research. (3) A. Prerequisites: PSY 310 or equivalent, and departmental approval. Students must submit proposals to instructor prior to enrollment. This course will focus on analyzing, writing and submitting results of a psychological study or experiment to an undergraduate or professional journal.

PSY 513 Mind and Brain. (3) A. Prerequisite: PSY 311 (C), 313 (C), 315 (C), 317 (C), or 530(C). A bridging discipline between cognitive science and biopsychology examining neural bases of consciousness in all contexts of complex behavior. Major topics include prefrontal cortex functioning, neural networks, decision making, working memory, emotional control, and frontal disconnections. Credit will not be awarded for both PSY 513 and PSY 413.

PSY 546 Sex, Gender and Psychology. (3) A. Formerly PSY 466. Prerequisites: PSY 250, 308, and 6 additional hours in PSY. Review the roles of clinical psychologists in the legal system, focusing on principles of forensic mental health practice, procedures, civil and criminal forensic psychological assessment, expert testimony, and forensic report writing. Credit will not be awarded to students who have credit for PSY 466.

PSY 577 The Autism Spectrum. (3) A. Prerequisite: PSY 308, and PSY 309, or departmental approval. Introduction to assessment, diagnosis, and intervention in autism spectrum disorders across the life span. Development of skills in applied assessment and intervention.

PSY 579 History and Systems of Psychology. (3) A. Prerequisites: PSY 311 or PSY 315, PSY 317, PSY 322 or PSY 530 or PSY 333; PSY 312 or PSY 314 or PSY 316; PSY 300 or PSY 305 or PSY 308 or departmental approval; CMS 100 or CMS 210. Prerequisite or corequisite: PSY 310 or departmental approval. A survey of the history of psychology and its various schools of thought and approaches to the study of behavior and mind. Formerly PSY 466.

PSY 590 Tests and Measurements. (3) A. Prerequisites: PSY 309 or departmental approval. Study of measurement principles with application in psychology, business, industry, and government. Interpretation, use, and evaluation of measurement and job analysis methods. Reliability, validity, utility, ethical, legal concerns are examined.

PSY 597 Advanced Topics in Psychology. (3) A. Prerequisite: PSY 250, and ENG 102 or 102R or ENG 105 (B) or HON 102, and departmental approval. Selected topics for advanced study. Topics vary across semesters depending on student interest and available facility. May be retaken up to 12 hours.

PSY 405 Public Relations Research. (3) A. Prerequisite: PUB 375 or related departmental approval. Introduction to the research process, research approaches, basic statistics, and applied research in public relations practice. Topics include evaluating scholarly literature, and collecting, interpreting, and utilizing relevant data in PR practice. Credit will not be awarded for students who have credit for PUB 420, COM 420, or CMS 305.

PUB 320 Design for Mass Media (3) I, II. Introductory design course for non-designers providing concepts, principles, terminology, tools, and techniques in computer-based design and production with an emphasis on public relations. Emphasis on designing audiences. Credit will not be awarded to students who have received credit for JOU 320.

PUB 325 Advertising Strategy and Practice. (3) I, II. Prerequisites: ENG 102 or 102R or ENG 105(B) or HON 102. An overview of advertising strategy, motivation, appeals, visualization, and layout. Applications and research and communication theory to creating advertising. Credit will not be awarded for both PUB 325 and PUB 325S, COM 325 or 325S.

PUB 325S Advertising Strategy and Practice. (3) I, II. Prerequisites: ENG 102 or 102R or 105(B) or HON 102. Using a service-learning-based approach, students learn copywriting and production for electronic, print and other advertising media. Emphasis on advertising strategy, motivation, appeals, visualization and layout. Applications and research and communication theory. Credit will not be awarded for both PUB 325S and PUB 325, COM 325, or 325S.

PUB 349 Applied Learning in Public Relations. (5-8) A. Prerequisites: junior standing, credit or PSY 311 or PSY 315 or departmental approval. Work under faculty and field supervisors in cooperative placements related to the student’s academic studies. One to eight hours credit per semester or summer. Total credit hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit. One hour may be used to satisfy major requirements within the department.

PUB 349-A N Cooperative Study: Public Relations. (5-8) A. Prerequisites: junior standing, "B" average in all courses within the department, and departmental approval. Work under faculty and field supervisors in cooperative placements related to the student’s academic studies. One to eight hours credit per semester or summer. Total credit hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit. One hour may be used to satisfy major requirements within the department.

PUB 375 Public Relations Principles. (3) I, II. Survey of principles and practices in disseminating information to internal and external audiences in business, industrial, educational, social and government agencies.

PUB 380 Public Relations Writing. (3) I, II. Prerequisites: BEM 203 or COM 201 and PUB 375. Practice in public relations planning and writing for publications, media releases and other mass media materials for the public and special interest groups, including institutions, organizations, and other organizations. Also includes writing in business formats.

PUB 385 PR Event Planning & Management. (3) A. Prerequisite: PUB 375 with a grade of "C" or higher. Hands-on experience identifying a public relations goal and supporting it with a special event. Also includes specific planning procedures, communication methods and evaluation procedures. Credit will not be awarded for both PUB 385 and PUB 385S.

PUB 385S PR Event Planning & Management. (3) A. Prerequisite: PUB 375 with a grade of "C" or higher. Using a service-learning-based approach, students receive hands-on experience planning and managing an event supporting public relations goals specified by an actual client. Includes specific planning, execution and evaluation procedures. Credit will not be awarded for both PUB 385 and PUB 385S.

PUB 390 Fundraising. (3) I, II. Prerequisite: PUB 375 or departmental approval. An overview of fundraising, including planning, organization, management, and marketing, and the common sense needed to raise money from private sources. Credit will not be awarded for both PUB 390 and COM 390.

PUB 400 Studies in Public Relations (1-3) A. Prerequisite: departmental approval. Study of specific areas of Public Relations through a course examining timely or topical concerns in the field. Specific topic
SECTION SEVEN - COURSE DESCRIPTIONS

 included in schedule. May be retaken to maximum of nine hours.

PUB 410 Social Media and Public Relations. (3) I, II. Introduction to social media forms and design. Emphasis on social media as a public relations tool in terms of institutional, social, and technological impact. Includes working with community partner(s) to create an online presence.

PUB 412 Web Marketing and Development. (3) I, II. Prerequisite: PUB 320, BEM 320 or JOU 320 with a grade of "C" or higher. An introduction to the components of web strategy, tools, and techniques of Internet marketing and effective web Development. Emphasis on interaction theory, interactive applications and functionality, graphics, and use of HTML and CSS. Credit will not be awarded to students who have credit for BMS 412 or JOU 412.

PUB 415S Public Relations in the Performing Arts. (3) I, II. Using a service-learning approach, students apply principles, traditional and contemporary tools, best practices, case studies, strategic planning and execution, and public relations management strategies toward a career in the performing arts or non-profit organizational management.

PUB 425 Crisis & Risk Communication (3) Prerequisites: PUB 375 and PUB 420. Communicating the correct messages through proper methods and channels before, during, and after a crisis. Exploration of social media in crises. Identification and management of appropriate publics for crisis communication. Emphasis of avoiding misinformation and communication breakdowns. Focus on how to respond to news media and blogs. Credit will not be awarded to students who have credit for PUB 400 Special Topics: Crisis Management.

REC 470 Public Relations Internship. (1-3) I, II. Prerequisites: BEM 203 or COM 201, PUB 375, PUB 380, 2.25 GPA for major and supporting courses. Supervised practical experience in a public relations operation. May be taken to a maximum of three hours. An A. Approved by the Department of Public Relations. (3) A. Prerequisite: PUB 380. Emphasizes a management approach and application of the four-step PR process to solving public relations problems through planning, design, and production of print, audiovisual, and broadcast materials used in public relations. Includes public relations case studies and problems.

PUB 480 Integrated Communications Strategies. (3) A. Prerequisite: PUB 375 with a grade of "C" or higher. Prerequisite or Corequisite: PUB 475. Examination of the interactions within an organization’s overall communication efforts, including public relations, industrial and graphic design, organizational communication, and other related initiatives.

PUB 495 Public Relations Campaigns. (3) A. Prerequisites: BEM 320 or PUB 320(C), PUB 475(C), and PUB 305(C). Application of research, planning, strategies, and evaluations to a public relations campaign. Includes budgeting and scheduling of campaigns. Credit will not be awarded for both PUB 490 and PUB 490S.

PUB 490S Public Relations Campaigns. (3) A. Prerequisite: BEM 320 or PUB 320(C), PUB 475(C), and PUB 305(C). Using a service-learning-based approach, students research, plan, and prepare an integrated public relations campaign for a specified local business or organization client. Credit will not be awarded for both PUB 490 and PUB 490S.

PUB 491 Senior Seminar in Public Relations. (1-3) I, II. Prerequisites: completion of 90 hours with at least 1 hour from COM 349, or PUB 349 or 470. Evaluates students’ progress toward a career in public relations, especially the development of a portfolio, and develops job search strategies and skills. Includes an assessment of coursework and curriculum. Credit will not be awarded for both PUB 491 and COM 491.

PUB 499 Independent Study in Public Relations. (1-3) A. Prerequisite: Student must consult with the faculty supervisor and have the independent study proposal form approved by the faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of three hours.

PUB 520 Integrated Public Relations

STRATEGIES

QMB—Quantitative Methods

Dr. Oliver Felts, Chair

QMB 200 Business Statistical I. (3) I, II. Prerequisites: MAT 112 or 112B or MAT 212 with a grade of "C" or better. Business applications of probability, measures of central tendency, dispersion, sampling, correlation and hypothesis testing.

QMB 240 Managerial Decision Models (3) I, II. Prerequisite: MAT 112 or 112B with a grade of "C" or better. Introduction to quantitative decision methodology for business. Includes breakaway analysis for linear and nonlinear revenue and cost functions, analysis of project maximizing and cost minimizing output, inventory, peak cash, and other business analytical models. BBA degree candidates who complete MAT 211 with a "C" or better are not required to take QMB 240.

REC—Recreation and Park Administration

Dr. Jon McChesney, Chair

REC 101 Recreation and Tourism Careers. (1) I, II. Introduction to the broad scope of services and employment in recreation, parks, and leisure services organizations.

REC 102 Introduction to Recreation Leadership. (3) I, II. Terms of leadership in working with individuals in groups in various settings. Methods of organization, guidance, and supervision of program activities.

REC 110 SCUBA Confined Water. (1) I. Relationships of scuba diving to adventure tourism, introduction to scuba diving equipment and techniques in confined water settings. This course is prerequisite to REC 111 Scuba Diving - Open Water.

REC 111 SCUBA Open Water. (1) II. Prerequisite: REC 110. Relationships of scuba diving to adventure tourism, introduction to SCUBA diving equipment and techniques in open water settings. This course will be conducted over a 2.5 day period at an off-campus dive site.

REC 163 Fieldwork I. (1) A. On-site observation and assistance within a recreation, park or leisure services agency. Observe and assist with recreation activities, programs and special events. A. Approved by the Department of Recreation and Park Administration. (1-3) I, II. Prerequisite: REC 100. Fieldwork I focuses on the principles and concepts of event planning, delivering fairs, festivals and special events. Course focuses on the principles and concepts of event planning, delivery, management, marketing, and evaluation.

REC 205 Tourism Videography. (3) I. An examination in tourism and recreation video production, with emphasis in field production. The course explores film, video, photography, computer graphics, video production, storytelling, and production. Students will learn the management and production aspects of video production, hands-on demonstrations, screenings, readings, lectures and discussion prepare students to develop skills in outdoor video production.

REC 263 Fieldwork II. (2) A. Prerequisite: REC 163. On-site practical experience in a recreation, park, or leisure services agency. Organize and lead recreation programs.

REC 270 Introduction to Rock Climbing (3) A. Introduces students to concepts, physical skills, technical skills and philosophical ethics required for indoor and outdoor rock climbing.

REC 280 Programming Special Events. (3) A. Introduction to the methods and techniques of delivering fairs, festivals and special events. Course focuses on the principles and concepts of event planning, delivery, management, marketing, and evaluation.

REC 290 Adventure Programming. (3) A. Application of adventure programming delivered experientially through problem solving activities, program design and technical skill development. Planning and implementation, facilitation strategies, safety procedures, equipment management, personnel administration, and program development.

REC 300 Civic Engagement Experiences. (1-3) I, II. Prerequisite: Sophomore, Junior, or Senior standing. Students will engage in structured civic engagement activities by completing community projects. Students will work as a group on enhancing the local environment or community. This course blends an ongoing academic focus with experiential learning and service experiences. May be retaken to a maximum of six credit hours.

REC 311 Introduction to Therapeutic Recreation. (3) I, II. An introductory course focusing on individuals with a variety of disabilities, legislation, barriers, accessibility, basic terminology, and awareness of special recreation, therapeutic recreation, sports, and the needs of the individuals with disabilities.

REC 325 Camp Supervision. (3) II. Supervision of camp programs, auxiliary services, and personnel.

REC 349 Applied Learning in Recreation and Park Administration. (5-8) A. Prerequisite: department chair approval. Agency supervised fieldwork course. Minimum of 90 clock hours for each academic credit. Students must register with the Cooperative Education Office.

REC 349 A-N Cooperative Study: Recreation and Park Administration. (5-8) A. Prerequisite: department chair approval. Agency supervised fieldwork course. Minimum of 90 clock hours for each academic credit. Students must register with the Cooperative Education Office.

REC 350 Supervision of Recreation Personnel. (3) A. Analysis of skills and techniques utilized in effective supervision of park, recreation, and leisure service personnel.

REC 380 Natural Resource Tourism. (3) A. Issues in understanding natural resource tourism, sustainability, tourism lifecycle, impacts associated with natural resource tourism, and effective management. Theoretical approaches, case studies and applications. Emphasis on student participation and discussion.

REC 401 Management of Recreation Services. (3) A. Management concepts and processes, organizational structure, policies, personnel, budget, and fiscal management, marketing and public relations, legal issues, and risk management.

REC 405 Planning, Design, and Maintenance of Recreation Facilities. (3) II. Planning principles and procedures of recreation and park areas. Facilities, design problems, details of structure and equipment, master planning methods, study of standards and codes.

REC 409 Independent Study. (1-3) A. Prerequisite: for majors and minors only. Independent study of special topics through directed readings and research. Student must have the independent study
propoosal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of fifteen hours if the topic is different.

REL 495 Independent Work in Religion. (1, II.) Prerequisite: for each semester hour credit. Six hours may be used as a major elective. May be repeated for a total of 16 credit hours. Credit will not be awarded to students who have credit for INS349.

RMI 370 Principles of Risk and Insurance. (3) A. Formerly INR 370. The basic theory of insurance and its economic and social significance; basic life, health, and property liability insurance for organizations and families; review of the major lines of insurance. Credit will not be awarded to students who have credit for INS349.

RMI 372 Fundamentals of Property- 
Liability Insurance. (3) A. Formerly INS 372. Prerequisite: RMI 370 or instructor approval. Planning and evaluating non-personal property-liability insurance; analysis of insurance coverage against pure risk related to property-liability insurance exposure credit. Credit will not be awarded to students who have credit for INS 372.

RMI 374 Fundamentals of Life and Health 
Insurance. (3) A. Formerly INS 373. Prerequisite: RMI 370 or instructor approval. Analysis of life and health insurance and annuity products available in the industry. Includes a discussion of systems for determining the individual’s life and health insurance needs. Credit will not be awarded to students who have credit for INS 374.

RMI 376 Excess & Surplus Lines. (3, I, II.) Prerequisites: RMI 370 or 372 (with a minimum grade of “C” in either course). The course explains the function of the nonadmitted insurers and the policies they issue in the excess and surplus lines market. The course also covers the function and purpose of reinsurance.

RMI 378 Risk Management. (3) A. Formerly INS 378. Risk Management as used by organizations; basic functions of risk management with emphasis placed on risk management decision making. Credit will not be awarded to students who have credit for INS 378.

RMI 380 Personal Risk Management. (3) A. Formerly INS 380. Prerequisite: RMI 370 or instructor approval. An intensive examination of personal loss exposures and their treatment. Emphasized is the use of risk management techniques. Topics include property and liability loss exposures for personal automobile, homeowners, premature death, illness, accidental injury, superannuation, investment risks, and estate planning. Credit will not be awarded to students who have credit for INS 380.
Section Seven - Course Descriptions

RMI 382 Claim Handling Principles and Practices. (3) A. Prerequisites: 60 hours or departmental approval. Discussion of how to apply claims handling principles and claim investigation techniques including: the claim function and professional ethics, handling process, investigation, documentation requirements, negotiation and settlement, and application of the unfair claims practices act.

RMI 400 Seminar in Insurance. (1-3) A. Formerly INS 400. Prerequisite: instructor approval. Emphasis on social maturity, motor functioning, multiple disabilities including dual sensory. The use of Milieu computer technology and assistive/adaptive devices including University regulations and calendar, catalog details, registration, and program requirements. All new students are expected to enroll in a Student Success Seminar their first semester at the University.

SCO 100B Student Success Seminar in Biology (1) I, II. Prerequisite: Biology majors only. An introduction to the programs of the University and College of Science, specifically for Biology majors. Discussion of how to study, what to consider in choosing a profession and what career opportunities exist for students who have credit for INS 485.

SCO 100C Student Success Seminar in Chemistry (1) I, II. Prerequisite: Chemistry majors only. An introduction to the programs of the University and College of Science, specifically for Chemistry majors. Discussion of how to study, what to consider in choosing a profession and what career opportunities exist for graduates from the College’s programs. Additional topics include University regulations and calendar, catalog details, registration, and program requirements. All new students are expected to enroll in a Student Success Seminar their first semester at the University.

SCO 100D Student Success Seminar in Mathematics and Statistics (1) I, II. Prerequisite: Mathematics and Statistics majors only. An introduction to the programs of the University and College of Science, specifically for Mathematics and Statistics majors. Discussion of how to study, what to consider in choosing a profession and what career opportunities exist for graduates from the College’s programs. Additional topics include University regulations and calendar, catalog details, registration, and program requirements. All new students are expected to enroll in a Student Success Seminar their first semester at the University.

SCO 100E Student Success Seminar in Computer Science (1) I, II. Prerequisite: Computer Science majors only. An introduction to the programs of the University and College of Science, specifically for Computer Science majors. Discussion of how to study, what to consider in choosing a profession and what career opportunities exist for graduates from the College’s programs. Additional topics include University regulations and calendar, catalog details, registration, and program requirements. All new students are expected to enroll in a Student Success Seminar their first semester at the University.

SCO 100F Student Success Seminar in Physics (1) I, II. Prerequisite: Physics majors only. An introduction to the programs of the University and College of Science, specifically for Physics majors. Discussion of how to study, what to consider in choosing a profession and what career opportunities exist for graduates from the College’s programs. Additional topics include University regulations and calendar, catalog details, registration, and program requirements. All new students are expected to enroll in a Student Success Seminar their first semester at the University.

SCO 400 MCAT Preparation. (2) I. Prerequisite or Co-require CHE 430 or 431, or departmental approval. This course is designed to help students prepare for the MCAT. Special attention is given to students planning on taking the MCAT within one year. Students are expected to attend MCAT sections, bring questions to meetings, and work with their classmates to improve skills. Each section of the MCAT will be reviewed. Students will discuss referral and intervention strategies, critical reading, and logical thinking, 2 lec

SEC — Security Management

SEC 110 Principles of Security Management. (3) A. Examination of how security professionals in private and government organizations identify, prioritize and manage security risks; role of private security in public safety and homeland security; and multiple career options in the security profession.

SEC 250 Personnel Security (3). A. Ensuring employee and contractor integrity through background screening, security awareness and ethics programs, and audits. Review of special programs to protect key personnel, employees in high risk environments, and to mitigate workplace violence.

SEC 260 Security and Loss Prevention (3) A. Protecting retail operations and inventories against loss from internal and external threats and administrative errors. Developing cost effective loss control policies, physical and human controls to prevent loss.

SEC 349 Applied Learning in SEC (5-9) A. Prerequisites: Departmental approval, The student works under faculty and field supervisors in placements related to the student’s academic studies. A minimum of 80 hours work required for each academic credit. May be retaken to a maximum of nine hours.

SEC 349 A-N SEC Cooperative Study (5-9) A. Prerequisite: Departmental approval. The student works under faculty and field supervisors in placements related to the student’s academic studies. A minimum of 80 hours work required for each academic credit. May be retaken to a maximum of nine hours.

SED — Special Education

Dr. Ginni Fair, Chair

SED 101 Special Education Introduction. (3) I, II. A. Overview of major categories of exceptionalities and the educational, legal, and social issues in the area of disabilities and special education. Observation/participation through field experience required. Gen. Ed. F-6 [FR]

SED 207 Topics in Special Education. (1-3) A. Work related to current issues and topics in special education, special workshops, special seminars. May be retaken with a maximum of nine hours.

SED 260 Speech Disorders of Exceptional Children. (3) I, II. Acquisition of normal language and speech in our multi-cultural society. Identification and educational management of language and speech disorders in exceptional children.

SED 270 Technology/Strategies for MSD. (3) II. Formerly SED 530. The implementation of computer technology and adaptive/adaptive devices and strategies for students with multiple and severe disabilities including dual sensory. The use of Milieu language strategies and symbolic/non-symbolic communication in natural environments and daily routines. Credit will not be awarded to students who have credit for SED 530.

SED 305 Behavior Disorders. (3) A. Formerly SED 578. Prerequisite: ENG 102 or 102R, or HON 102 with a grade of “C” or better, or ENG 105 with a grade of “B” or better. Open to non-majors. Behavior disorders and/or emotional disturbances as an educational, psychological, and sociological phenomenon. Definitions, characteristics, theoretical foundations, programmatic approaches. Credit will not be awarded to students who have credit for SED 578.

SED 318 Special Education in Early Childhood. (3) I, II. Formerly SED 518. Prerequisites: SED 104; Prerequisite or Corequisite SED 260 or CDS 360; or department approval. Overview of history, philosophy, legislation and services for young children (0-5) at risk for or with disabilities, including impact and intervention across developmental domains. Credit will not be awarded to students who have credit for SED 518.

SED 337 Education of the Deaf and Hard of Hearing. (3) A. Study of personality, intellectual, and emotional development of the deaf child and hearing impaired child. Emphasis on social maturity, motor functioning, multiple disabilities and the significant history of educational programs at all levels.

SED 350 Introduction to Special Education Assessment. (3) II. Formerly SED 576. Prerequisites: MAT 105 or higher or STA 215 or higher(C); SED 104(C); and admission to professional education. Corequisites: CED 400 and SED 390. Principles of
Section Seven - Course Descriptions

SED 352 Special Education Early Childhood Assessment (3) I, II. Prerequisite: SED 104. Assesses and informs procedures for screening and assessing young children (0-5) with disabilities or at-risk conditions in physical, communication, cognitive, psychosocial and self-help areas.

SED 356 Methods and Materials for LBD. (3) A. Prerequisites: SED 104(C) and admission to professional education. Corequisite: CED 300 or CED 400. Instructional principles and methodology; development, implementation, and evaluation of validated educational programs and materials for LBD.

SED 375 Practicum in Special Education. (3) I, II. Prerequisite: SED 351(C) or 350(C). Corequisite: CED 450. Candidates will interact with P-12 students with disabilities (IEPs) in educational settings through teaching, student engagement, assessment, and collaboration. Minimum 168 contact hours required.

SED 390 Applied Behavior Analysis (3) I, II. Formerly SED 590. Prerequisites: SED 104(C) and admission to professional education. Corequisite: CED 400 for ELE/LBD, ELE/DHH, MG/DHH, or MG/LBD majors. Behavior analysis applied to classroom and instructional management problems of learners with autism, cognitive, psychosocial and self-help areas. Planning, implementing, monitoring and evaluating IEP’s/IFSP’s.

SED 445 IEP Transition and Professional Roles in Special Education. (3) I, II. Formerly SED 545. Prerequisite: admission to professional education or departmental approval. Working with interdisciplinary team, including family, to design and implement IEP including instruction, related services, and transition for students with learning, physical, developmental, and communication disorders major, SED minors, or departmental approval. Corequisite: CED 400 for ELE/LBD, ELE/DHH, MG/DHH, or MG/LBD majors. Credit will not be awarded to students who have credit for SED 545.

SED 456 Early Intervention Programming. (3) A. Prerequisite: Admission to Professional Education or departmental approval. Developmental, family-focused intervention methods, for children (Births-5) at-risk or with disabilities. Curriculum design across physical, communication, cognitive, psychosocial and self-help areas. Planning, implementing, monitoring and evaluating IEP’s/IFSP’s.

SED 470 Critical Carceral Studies. (3) A. Prerequisites: sophomore standing and SJS 101. Examines the historical, theoretical, and political development of ‘carcerality’, including technologies of punishment, coercion, surveillance, and control. This course examines the rise of the prison industrial complex in the United States and its effects on oppressed communities.

SED 480 Ethnography for Social Change. (3) Prerequisites: sophomore standing and SJS 101 and SJS 301 and SJS 396. An advanced methods class, this course examines the use of ethnography to achieve greater understandings of, and contributions toward, social change. Readings may include studies of power and resistance in Appalachia, the homeless in San Francisco, the use of state violence in the repression of dissent, and other important works.

SED 490 Identity, Culture, and Power. (3) A. Prerequisites: sophomore standing and SJS 101 and SJS 301 and SJS 313. Examines culture as a contested site of power relations. Looking at media, economics, education, law and other areas of cultural (re)production, this course explores the diverse and even clandestine ways that power operates and that subordinated populations resist.

SOC—Sociology

Dr. Paul Paolucci, Chair

SOC 131 Introductory Sociology. (3) I, II. Basic principles in sociology, including socialization, groups and interaction, culture, social structure and institutions (family, education, religion, politics, economics), crime/deviance, social inequalities (race, class, gender), and sociological research methods and theories. Gen. Ed. E-5B [SB].

SOC 265 Sexualities and Social Issues. (3) A. Prerequisites: sophomore standing and SJS 101 and SJS 301 and SJS 313. Examines culture as a contested site of power relations. Looking at media, economics, education, law and other areas of cultural (re)production, this course explores the diverse and even clandestine ways that power operates and that subordinated populations resist.

SJS 423 Topical Seminar: (3) A. Prerequisites: departmental approval or sophomore standing. Intensive study of selected topics related to social justice. May be retaken with different topics. Gen. Ed. through Social Justice.

SJS 450S Learning through Service Engagement. (3) A. Prerequisites: sophomore standing, SJS 101, and SJS 250S. Working collaboratively with faculty, peers, and/or community representatives, students will analyze a social problem. They will enhance competencies essential to the helping, advocacy, community organization and activist roles necessary for social change. Students will prepare written and oral presentations that reflect their understanding of justice, conflict, and social change.

SJS 467 States of Violence. (3) A. Prerequisites: sophomore standing and SJS 101. Examines the relations among state regimes and their application of violence in historical and contemporary contexts. Consideration will be given to the ways state institutions such as the military, police, prisons, and welfare often exercise violence and threats thereof in struggles over justice. Alternatives to state violence will be discussed.

SJS 470 Critical Carceral Studies. (3) A. Prerequisites: sophomore standing and SJS 101. Examines the historical, theoretical, and political development of ‘carcerality’, including technologies of punishment, coercion, surveillance, and control. This course examines the rise of the prison industrial complex in the United States and its effects on oppressed communities.
SOC 235 Social Problems. (3). I, II. Analysis of selected social problems such as crime, mental illness, divorce, poverty, as well as controversies over human sexuality. The analysis includes the definition, causes, and consequences of social problems. Gen. Ed. E-51 (SB).

SOC 245W Sociology of the Family. (3). A. Prerequisite: ENG 102 or ENG 102R or GEN 105 or HON 102. Completion of SOC 131 or SOC 235 is advised before taking SOC 245W. Examines family as a social institution, including its relation to cultural and social change and to wider structure of society. Credit will not be awarded for both SOC 245W and SOC 345.

SOC 300 Animals and Society (3). A. Prerequisite: ENG 102 or 102R, or HON 102. Completion of SOC 131 or SOC 235 is advised. A survey of the sociology of animal-human interaction, focusing on the human-animal bond and conflict between human and animal worlds.

SOC 320 Mind, Self, and Society. (3). A. Prerequisite: ENG 102 or 102R, or HON 102. Completion of SOC 131 or SOC 235 is advised before taking SOC 320. Relation of the individual to the sociocultural environment, with special reference to personality development, interpersonal role-behavior, motivated and learned behaviors.

SOC 322 Sociology of Mass Media (3). A. Prerequisites: ENG 102 or 102R, 105(B), or HON 102; SOC 131, or SOC 235, or BEM 200. Mass media as social structure and audience in interpretation of mass media images through sociological analysis of media ownership, media content, and audience characteristics.

SOC 330S Sociology of Migration. (3). I, A. Prerequisites: ENG 102 or 102R, 105(B), or HON 102; SOC 131, 235 or BEM 200. An examination of the diversity of the global community. Course includes work in sociocultural anthropology and sociological analysis of the cultural, political, and economic dimensions of global migration.

SOC 349 Applied Learning in Sociology (5-6). A. Prerequisite: Sophomore Standing, Overall GPA 2.0, and Sociology Program approval. Work in a professional environment related to academic studies. A maximum of three hours may be applied to major electives. A minimum of 80 hours of employment required for each semester hour of academic credit. Graded Satisfactory/Unsatisfactory.

SOC 349 A-N Cooperative Study: Sociology (5-8). A. Prerequisites: Sophomore Standing, Overall GPA 2.0, and Sociology Program approval. Work in a professional environment related to academic studies. A maximum of three hours may be applied to major electives. A minimum of 80 hours of employment required for each semester hour of academic credit. Graded Satisfactory/Unsatisfactory.

SOC 350 Selected Topics in Sociology. (3). A. Prerequisite: ENG 102 or 102R, or HON 102. Completion of SOC 131 is advised before taking SOC 350. May be retaken to a maximum of nine hours in SOC. Student must have the independent study proposal approved by faculty supervisor and department chair. Credit will not be awarded for both SOC 350 and APP 350.

SOC 365 Social Change in Appalachia. (3). A. Cross-listed as APP 366. Completion of SOC 131 or SOC 235 is advised before taking SOC 365. Media images of the Appalachian region and its people through film and music; the processes by which such images become produced and reproduced. Credit will not be awarded for both SOC 365 and APP 365.

SOC 370 Religion in Appalachia. (3). A. Completion of SOC 131 or SOC 235 is advised before taking SOC 370. An examination of diversity and change in the religious beliefs, practices, groups, and organizations found in the Southern Appalachian Region. Credit will not be awarded for both SOC 370 and APP 370.

SOC 383 Environment and Society. (3). A. Prerequisite: ENG 102 or 102R, 105(B), or HON 102. Completion of SOC 131 or SOC 235 is advised before taking SOC 383. Analysis of the relationship between humans and their physical environment.

SOC 395 Research Methods in Sociology. (3). I, II. Prerequisite: SOC 131 or SOC 235; ENG 102 or ENG 102R or ENG 105(B) or HON 102. Emphasis will be placed upon the relationship between humans and their physical environment.

SOC 400 Religion in Appalachia. (3) A. Prerequisites: SOC 131 or SOC 235; ENG 102 or ENG 102R or ENG 105(B). May be retaken to a maximum of nine hours in SOC. Student must have the independent study proposal approved by faculty supervisor and department chair. Credit will not be awarded for both SOC 400 and WGS 399.

SOC 420 Jobs, Organizations, and Power. (3). A. Prerequisite: ENG 102 or 102R, or 105(B), or HON 102, or departmental approval. Completion of SOC 131 or SOC 235 is advised. Analysis of work in American society with a focus on labor markets, labor processes, and organizational power structure. Special attention to the future of jobs and bureaucracies in the United States.

SOC 425 Social Inequality: US & the World. (3). A. Prerequisite: ENG 102 or 102R, or 105(B), or HON 102, or departmental approval. Completion of SOC 131 or SOC 235 is advised. Analysis of the development of racial and ethnic relations from the perspective of sociology and related social sciences. Examination of issues related to dominant and minority group status in the United States and cross-culturally. Gen. Ed. E-6 [GE]. Credit will not be awarded for both SOC 400 and AFA 400.

SOC 499 Directed Research in Sociology. (3). A. Prerequisites: Sophomore Standing, Overall GPA 2.0, and Sociology Program approval. Work in a professional environment related to academic studies. A maximum of three hours may be applied to major electives. A minimum of 80 hours of employment required for each semester hour of academic credit. Graded Satisfactory/Unsatisfactory.

SPA 201 Intermediate Conversational Spanish I. (3). I, II. Prerequisites: minimum of two years High School Spanish and/or instructor approval. An intensive approach to the skills of reading, writing, speaking, listening, and understanding culture. SPA 105 covers the same material as SPA 101 and 102, but is completed in a single semester. Conducted in Spanish. Open to students who have native or near-native fluency in Spanish. Gen. Ed. E-6 [GE].

SPA 202 Intermediate Conversational Spanish II. (3) I, II. Recommended: SPA 201 or equivalent proficiency. Development of more advanced skills for speaking, listening, reading, and writing in contemporary cultural contexts. Laboratory work required. Students entering SPA 201 by referral or placement receive six hours credit for SPA 101 and 102 if they make an “A” or “B” in 201. Gen. Ed. E-6 [GE].

SPA 310 Topics in Spanish. (3). A. Prerequisite: SPA 206 or equivalent proficiency. May be retaken to a maximum of 9 hours if content is different. Prior to enrollment, student must have the independent study proposal approved by faculty supervisor and department chair.

SPA 311 The Spanish Language. (3). A. Prerequisite: SPA 206 or equivalent proficiency with department chair approval. Interactive discussion and writing on readings representative of Hispanic culture. Taught in Spanish.

SPA 319 Advanced Spanish (2). A. Prerequisites: SPA 201 or 202. May be retaken to a maximum of 9 hours if content is different. Selected topics in Spanish language, literature, or culture.

SPA 320 Business and Technical Spanish.
Section Seven - Course Descriptions

SPA 349 Applied Learning in Spanish. (5-6) A. Prerequisite: students must have successfully completed 15 hours of Spanish major courses or equivalent proficiency. In addition, transfer students must have completed one semester of full-time course work at EKU. A minimum of 80 hours of employment is required for each semester hour of academic credit. Site, plan and hours must be approved by Spanish coordinator. Work under coordinator and field supervisors in placements related to academic studies. Maximum of 6 (six) hours toward a degree.

SPA 360 Topics in Grammar: ____. (3) I, II. Prerequisite: SPA 206 and SPA 301. May be retaken to a maximum of 6 hours if content is different. Corequisite: Improving the understanding and application of Spanish through study of selected components of Spanish grammar in a variety of written cultural contexts.

SPA 370 Conversation and Composition. (3) A. Prerequisite: SPA 206 and SPA 360 or equivalent proficiency with department chair approval. Intensive practice in developing skills for effective oral and written communication in Spanish. Taught in Spanish.

SPA 380 Civilization of Latin America. (3) I, II. Prerequisites: SPA 301 and 360, or equivalent proficiency with department chair approval. An exploration of Latin America's intellectual, cultural, and historical development. Class conducted primarily in Spanish with Spanish texts for further development of reading, speaking, comprehension, and writing skills in Spanish.

SPA 401 Spanish Language Studies: ____. (3) A. Prerequisite: SPA 360. A selected topic such as phonetics, phonology, semantics, syntax, or history of the language. May be retaken to a maximum of nine hours if content is different.

SPA 405 Hispanic Literature and Culture I. (3) A. Prerequisite: SPA 301 or equivalent proficiency with department chair approval. Readings and interactive analyses of representative authors, works, and movements of both Spain and Spanish-America in their historical and cultural contexts in the 18th and 19th centuries. Taught in Spanish.

SPA 407 Hispanic Literature and Culture II. (3) A. Prerequisite: SPA 405 or equivalent proficiency with department chair approval. Readings and interactive analyses of representative authors, works, and movements of both Spain and Spanish-America in their historical and cultural contexts in the 20th century. Taught in Spanish.

SPA 410 Introduction to Interpreting (3). Prerequisite: SPA 360. This is a practical course designed to develop proficiency in community interpreting. Topics include: cultural orientation, sight translation, language skills, vocabulary and terminology research, intercultural issues, and situational ethics.

SPA 492 Senior Capstone Seminar (3). Prerequisites: At least 18 hours of 300-400 level Spanish, including 3 hours from SPA 405, 406, 407. Advanced majors will demonstrate their skills in the language, linguistics, cultures, and literatures of Hispanic peoples, via a portfolio, demonstrated proficiency in oral and written Spanish, and a final oral presentation to peers and faculty. Taught in Spanish. Required of all majors.

SPA 495 Independent Work in Spanish. (1-3) A. Prerequisite: department approval. May be counted toward major or minor only with permission of department chair. Corequisite: at a maximum of six hours if content is different. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

STA — Statistics

STA 215 Introduction to Statistical Reasoning. (3) I, II. Prerequisite: Completion of MATH 112 with a grade of “C”. Pre- or Co-requisite: SPA 206. Emphasis on improving the understanding and application of statistical concepts in a variety of written cultural contexts.

STA 215P Quantitative Support for STA 215 (1) I, II. Corequisite: STA 215. This optional lab is to accompany a regular lecture class in STA 215; topics will vary. 2 Lab.

STA 230 Probability and Statistics for Middle Grades Teachers. (3) II. Prerequisite: MAT 112 or 112B, 114, 211, or 234 with a minimum grade of “C”. Corequisite: students concurrently enrolled in STA 215. Emphasis on prerequisite skills needed for statistics, such as real number sense and operations, equations, analyzing graphs, modeling, critical thinking, and use of statistical software.

STA 230L StatLab for STA 270: ___. (1) A. Corequisite: STA 270. This optional lab is to accompany a regular lecture class in STA 270, topics will vary. 2 Lab.

STA 241 Applied Regression Analysis. (3) I, II. Prerequisite: STA 270 with a minimum grade of “C”, or STA 215 with a minimum grade of “B” and one of the following: MAT 112 or 112B or higher with a minimum grade of C, or a Math ACT score of 23 higher, or a Math SAT score of 560 or higher; or departmental approval. Simple and multiple regression, model building, variable screening methods, detection and management of multicollinearity, residual analysis, logit regression, classical time series, and use of statistical software. Credit will not be awarded to students who have credit for STA 320.

STA 349 A-N Cooperative Study: Statistics. (1-8) I, II; (1-6) SUMMER ONLY. Prerequisite: departmental approval. Work in placements related to academic studies. Does not apply to major or minor requirements. Total hours: eight; associate, sixteen, baccalaureate. A minimum of 80 hours of employment is required for each semester hour of academic credit.

STA 357 Sampling Methods. (3) A. Prerequisite: STA 270 with a minimum grade of “C”; or STA 215 with a minimum grade of “B” and one of the following: MAT 112 or 112B or higher with a minimum grade of C, or a Math ACT score of 23 or higher, or a Math SAT score of 560 or higher; or departmental approval. Basic concepts of sampling theory, random sampling, stratified random sampling, cluster sampling, systematic sampling, ratio and regression estimation, applications to surveys, and use of statistical software. Written and/or oral presentations required.

STA 375 Nonparametric Methods for STA 320 and STA 375. (3) A. Prerequisite: STA 270 with a minimum grade of “C”; or STA 215 with a minimum grade of “B” and one of the following: MAT 112 or 112B or higher with a minimum grade of C, or a Math ACT score of 23 or higher, or a Math SAT score of 560 or higher; or departmental approval. Simple, efficient nonparametric methods without normality assumptions. Tests, estimation of proportions, medians, two-sample location/dispersion, two-way layout, independence, regression, and use of statistical software. Credit will not be awarded to students who have credit for STA 501.

STA 470 Applied Probability. (3) II. Formerly STA 375. Prerequisites: MAT 244 or 254; and STA 215 or STA 270 or departmental approval. Introduction and axiomatic development of probability, set theory, counting techniques, conditional probability, Bayes Theorem, discrete distributions including univariate and bivariate cases, multinomial distributions, Markov Chains, and emphasis on applications. Credit will not be awarded to students who have credit for STA 570.

STA 480 Seminar in Statistics. (1-3) A. Prerequisite: departmental approval. Topic announced at the time of offering. May be retaken to a maximum of 12 hours, provided the topics are different.

STA 485 Probability for Actuaries. (2) A. Formerly STA 385. Prerequisite: STA 470; MAT 520 or STA 520. Review of elementary probability theory, univariate and multivariate probability distributions, moment-generating functions, transformations, order statistics, and applications of probability concepts in a risk management context. Preparation for Actuarial Exam P. Credit will not be awarded to students who have credit for STA 585.

STA 495 Independent Work. (1-3) A. Prerequisite: departmental approval. Directed study/research on a problem or area chosen in consultation with instructor. Final paper required. May be retaken to a maximum of six hours.

STA 497W Statistics Capstone. (3) A.
Prerequisite: MAT 520 or STA 520, senior standing. Statistics majors only. Careers in statistics, advanced topics in statistics, statistical research, statistical consulting, written and verbal communication skills, use of presentation software, and use of statistical software. Credit will not be awarded to students who have credit for STA 498.

STA 500 Applied Statistical Inference (3) A. Designed for students in all areas. A general background in statistical methods including normal distribution, point and interval estimation, hypothesis testing, linear correlation and regression, analysis of variance, and use of statistical software.

STA 507 Seminar in Statistics: (1-3) A. Prerequisite: departmental approval. Topics vary with offering. May be taken with advisor approval, provided that the topics are different. Credit toward degree requirements will depend on the course content.

STA 520 Mathematical Statistics I. (3) I. Cross-listed as MAT 520. Prerequisite: STA 215 or 270. Corerequisite: MAT 254. Descriptive statistics, discrete and continuous probability distributions for one or two variables, functions of random variables, sampling distributions, expectations and generating functions. Credit will not be awarded to students who have credit for MAT 520.

STA 521 Mathematical Statistics II. (3) II. Prerequisites: MAT 239; MAT 520 or STA 520. A continuation of STA 520. Estimation theory, hypothesis testing, linear regression, analysis of variance, and allied topics.

STA 570 Quality Control & Reliability. (3) A. Prerequisites: Senior standing, MAT 234, and STA 340. Analysis of six sigma techniques, statistical analysis of process capability, statistical process control using control charts, quality improvement, acceptance sampling, and an introduction to product reliability.

STA 575 Statistical Methods Using SAS. (3) A. Prerequisite: STA 270 with a minimum grade of C; or STA 215 with a minimum grade of B, and one of the following: MAT 112 or 112B or higher with a minimum grade of C, or a Math ACT score of 23 or higher, or a MAT SAT score of 560 or higher; or departmental approval. Data set manipulation, application of statistical techniques in SAS, and statistical programming.

STA 580 R and Introductory Data Mining. (3) A. Prerequisite: STA 270 or 215 with a minimum grade of “B,” MAT 234, and CSC 160 or 174 or 177 or 178. Data set manipulation, application of statistical techniques in R, statistical programming, and data mining skills.

STA 585 Experimental Design. (3) A. Prerequisite: STA 270 or departmental approval. Completely randomized designs, factorial experiments, multiple comparisons, model diagnostics, randomized blocks, Latin squares, fixed and random models, nested-factorial experiments, 2 factorial experiments, and split-plot designs. Emphasis on applications and use of statistical software.

SWK—Social Work

Dr. Paul Paulucci, Chair
Stephanie Adams, MSW, Director

SWK 100 Introduction to Food Benefits. (3) A. Integration of basic knowledge and skills to process food benefits. Enrollment is restricted to Cabinet of Health and Families employees only. Registration through UTC only.

SWK 210 Introduction to Social Work. (3) I, II. Introduces philosophy, values, ethics, and processes of the social work profession, descriptions of the Generalist practice theory; areas of practice; social justice and the role of violence in society.

SWK 310 Social Welfare Policy History. (3) I, II. Prerequisite: ENG 102 or ENG 105B or HON 102. History of social welfare policy; its role and relationship with other social institutions; structure and function of U.S. system compared to other national systems; inequitable distribution of resources; and its contribution to an optimal environment. Credit will not be awarded to students who have credit for SWK 310W.

SWK 310W Social Welfare Policy History. (3) I, II. Prerequisite: ENG 102 or ENG 105B or HON 102. History of social welfare policy; its role and relationship with other social institutions, structures and function of U.S. system compared to other national systems; inequitable distribution of resources; and its contribution to an optimal environment. Credit will not be awarded to students who have credit for SWK 310.

SWK 335 Human Behavior/Social Environment II. (3) I, II. Prerequisite: SWK 210. Prerequisite or corequisite: SWK 225. Examination and application of theories of community, organizational and group behavior. Critical analysis of the social, economic and political forces and institutions that impact human behavior.

SWK 340 Social Work Research Methods. (3) I, II. Prerequisite: SWK 310. Prerequisite or corequisite: SWK 390 and SOC 232. The course teaches techniques of both qualitative and quantitative research methods within the scope of human and social work practice.

SWK 344 Stress Management & Self-Care. (3) A. Prerequisite: ENG 102 or 102R or ENG 105 (B) or HON 102. Introduction to the science of stress and stress management. Emphasis on the development of time management habits of wellness and self-care for the helping professions. Major focus on experiential, evidence-based stress management exercises.

SWK 354 Social Work Practice Methods. (3) I, II. Corequisite: SWK 350. Focuses on interactional activities and exercises that foster the development of interviewing skills, data collection, and synthesis, assessment, service contracting and use of relationship skills.

SWK 355 Social Work Practice II. (3) I, II. Prerequisites: SWK 335, 350, and 354.Addresses the social work process with groups and families with a focus on assessments, intervention, implementation, and evaluation of practice strategies. Facilitation of psycho-educational groups to practice group work skills.

SWK 358 Child Abuse and Neglect. (3) A. Prerequisite: Admission to the Public Child Welfare Certification Program (PCWCP) and departmental approval. Knowledge base for identification, risk determination and psycho-social assessment of child abuse, neglect and dependency situations. Explores service delivery, role of the court, and the impact of cultural and institutional violence. Required course for PCWCP.

SWK 360 Social Work Practice III. (3) I, II. Prerequisite: SWK 335 and SWK 350. Prerequisite or corequisite: SWK 390. Social Work process and skills applied to the assessment and intervention with networks, organizations, and communities. Emphasis on community research; program development and evaluation; grantmanship; strategies to advance social justice and advocating for ethical and cultural violence.

SWK 365 Crisis Intervention (3) I, II. Prerequisite: ENG 102 or 102R or 105 (B) or HON 102. This course will examine current theories pertaining to crisis intervention, assessment strategies, key public policy issues, and the treatment system. This course uses on-line discussion, presentations, and videos to facilitate learning.

SWK 390 Field Experience in a Social Agency. (3) I, II. Prerequisites: SWK 350 and SWK 354 and overall GPA 2.5 or above. Corequisite: Personal Liability Insurance. A total of 112 hours spread over the semester or an agency, or community program, approved by Field Education Coordinator plus a weekly seminar is required. Applications of practice theory and process. Application must be made through Field Education Coordinator for the semester preceding placement. Social Work majors only.

SWK 410 Social Welfare Policy Practice. (3) I, II. Prerequisite: SWK 310 or SWK 310W. Dynamics of policy implementation at administrative, judicial, and legislative levels: policy analysis, formulation, modification, and evaluation; focus on policies that contribute to social injustices and policies that foster the creation, enhancement, or promotion of violence.

SWK 440 Addictions. (3) I, II. Prerequisites: Junior or Senior standing. Open to all majors. This course will examine how to assess, intervene, and treat individuals, families, and groups with substance abuse and addiction. Focus is on public agency involvement. Required course for PCWCP.

SWK 455 Selected Topics in Social Work. (3) A. Prerequisite: departmental approval. Recommended Junior or Senior standing. Open to all Majors. Course content will be determined by interest, and developments in the profession. May be retaken to a maximum of nine hours.

SWK 456 Children’s Services. (3) A. Prerequisite: Instructor approval. Critical appraisal of societal values of priorities underlying services to children. Examines range of services and skills used in social work practice with children; understanding psycho-social needs of children.

SWK 457 Assessing Needs of Older Adults. (3) A. Examines societal values relating to the elderly; psycho-social needs of the elderly; community-based and institutional services; and dynamics of working with the elderly in their families. Open to all Majors. Corequisite: Social Work Program Coordinator the semester preceding placement. Social Work majors only.

SWK 495 Independent Study in Social Work. (1-6) A. Student must consult with the faculty supervisor and have the independent study proposal form approved by faculty supervisor, program director, and department chair prior to enrollment. May be retaken to a maximum of six hours.

SWK 499 Directed Research in Social Work. (3) A. Prerequisite: Departmental approval. A directed research experience for social work majors that integrates a research experience with the students’ professional development and the production of a substantive deliverable product (e.g., poster or conference presentation).

TEC—Technology

Dr. Tim Ross, Chair

TEC 102 Technology and Society. (3) A. The role of technology in society. Characteristics of a technologically literate citizen. Perspectives, theories, issues, concerns, and facts to support the recognition of the forces and consequences of technological change. Evolution and current trends of diverse technologies.

SECTION SEVEN—COURSE DESCRIPTIONS
TEC 141 Elementary Woodworking. (3) I, II. Basic instruction in the use of common hand tools, basic machine operations, problems in furniture construction, related technical information, and finishing materials and methods. Not open to students majoring in a program within the department. 2 Lec/2 Lab.

TEC 161 Computer Applications in Technology. (3) I, II. A survey of computer systems and software applications currently used in technology related fields. 2 Lec/2 Lab.

TEC 303 Problem Solving and Engineering Design. (3) A. Prerequisites: TEC 190 or departmental approval. Application of the principles of engineering design related to various media; emphasis on experimentation and problem solving in development and construction of engineering design solutions. 2 Lec/2 Lab.

TEC 305 Creative Problem Solving. (3) I. Prerequisite: CRE 101 or departmental approval. A revision and analysis of the development of creative behavior with emphasis on its application to methods and techniques used in creative problem solving in personal/professional settings.

TEC 314 Engineering in Classroom Context. (3) I, II. Cross listed as EDC 314. Prerequisites: Admission to professional education or department approval. Introduction of engineering and technology to problem solving skills, tool use, materials processing, design capabilities, and product completion. Applications for K-8 classrooms are emphasized. Credit will not be awarded to students who have credit for EDC 314.

TEC 322 Crafts for Children. (3, I, II. Introduction to various craft media and their application in recreational elementary crafts programs. Emphasis on activities appropriate for children and the use of inexpensive and readily available materials. 2 Lec/3 Lab.

TEC 323 Product Design. (3) I, II. Prerequisite: TEC 391. Elements of product design as it relates to materials, such as woods, metals, and plastics. Emphasis placed on experimentation and problem solving in developing design solutions, detailed drawings and illustrations and the presentation of design ideas. 2 Lec/2 Lab.

TEC 333 Special Problems in Technology. (1-6) I, II. An independent study course for exceptional undergraduate students. A study proposal will be developed by the student and approved by the faculty supervisor and department chair prior to enrollment. May be taken provided the topic of study is different.

TEC 349 Applied Learning in Technology. (5-8) I, II. Prerequisite: departmental approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

TEC 349 A-N Cooperative Study: Technology. (5-8) I, II. Prerequisite: departmental approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight; associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

TEC 359 Workshop in Technology. (1-4) A. Presentation of technology topics of a timely or specialized nature. Specific course orientation will appear beside title. May be retaken to a maximum of six hours.

THE 110 Stagecraft. (3) I, II. Problems of stagecraft dealing with the scenic process—use of materials, construction and handling of scenery—and basic stage electricity. Lecture and lab. 2 Lec/2 Lab.

THE 130 Theatre Arts Practicum I. (1) A. Study and practice of theatre design, technical production, or performance through participation in departmental productions. May be retaken to a maximum of six hours. 

THE 135 Acting I. (3) I, II. Investigation and practice of the fundamentals in the acting process. Course work will include physical and mental preparation for the actor, improvisation, and beginning scene work. Gen. Ed. E-3A [AH].

THE 150 Improvement of Voice and Articulation. (3) A. Basic theory and speech production; phonetic and vocal drills for improvement of voice and articulation; adapted to students' individual speech needs.

THE 200 Theatrical Makeup. (2) A. Techniques in application and design of stage makeup, both straight and character.

THE 210 Advanced Stagecraft. (3) A. Prerequisite: THE 110. A continuation of THE 110 with emphasis on lighting, sound, and properties.

THE 220 Costume Construction. (3) A. Study and practical experience in garment construction and related costume crafts as used in theatre costume design. 2 Lec/2 Lab.

THE 235 Acting II. (1) Prerequisite: THE 135. Study and practice in analysis, character development and rehearsal as related to scene study; emphasis on characterisation and acting styles.

THE 280 Acting for Musical Theatre. (3) A. Prerequisite: THE 135 of Musical Theatre as an art form, and an examination of the acting process and how it applies to the musical genre; performance work is included.

THE 285 Theatre Dance I. (3) I, II. A beginning course in movement and dance for the stage. Expands the capacity for non-verbal self-expression and dramatic imagination. Basic work in ballet, jazz and musical theatre styles will be introduced. May be retaken to a maximum of six hours.

THE 300 Stage Management. (3) A. Prerequisites: THE 110 and 235 or departmental approval. An in-depth study of the work and responsibilities of the stage manager in theatrical production.

THE 310 Scenic Design. (3) A. Prerequisite: THE 110 or instructor approval. Principles of composition, scale, perspective, and color will be introduced as they apply to the stage; production of ground plans, sketches, and models.

THE 311 Stage Lighting. (3) A. Prerequisite: THE 110 or instructor approval. Examination of theories of lighting with application to the stage, mixed media and dance. Consideration given to color principles, lighting instruments and control equipment. Lecture and lab.

THE 320 Costume Design. (3) A. Design and execution of theatrical costumes with emphasis on originality, color and line. Attention given to costumes of various periods and styles.

THE 330 Theatre Arts Practicum II. (1) A. Prerequisite: THE 130 or departmental approval. Continuation of THE 130. May be retaken to a maximum of six hours.

THE 335 Acting III. (3) A. Prerequisites: THE 135; THE 235 or departmental approval. Advanced study and rehearsal in verse drama, concentrating on language and action analysis, and character development for performance in employment. Shakespearean. 

THE 340 Audition Workshop. (2) A. Prerequisite: instructor approval. Study and practice in theatrical auditioning, resume creation and actor’s self-presentation. Preparation thematic approaches in approach. May be retaken to a maximum of six hours.

THE 341 Directing. (3) A. Prerequisite: THE 235 or instructor approval. An introduction to the principles of play directing. Study of play selection and analysis, characterization, composition, blocking, and casting and rehearsal procedures.

THE 348 Theatre Showcase. (2) I. Creation, rehearsal and performance of theatre showcase for student recruitment in the region. Audition for enrollment is required. May be retaken to a maximum of six hours.

THE 349 Applied Learning in Theatre Arts. (5-8) A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

THE 349 A-N Cooperative Study: Theatre Arts. (5-8) A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

THE 385 Theatre Dance II. (3) I, II. Prerequisite: THE 285 or instructor approval. Emphasis is placed on enhancing strength, coordination, and technique as movement skills develop. Ensemble work, and fundamentals in ballet, jazz, partnering and musical theatre styles will be included. May be retaken to a maximum of six hours.

THE 390 Theatre History I. (3) A. Prerequisite: ENG 102 or 102R, ENG 105 (B), or HON 102. Intensive examination of development of theatre from the Greeks to the French Renaissance. The historic origins of theatrical conventions will also be examined through attendance at live theatre, and reading of dramatic literature. Gen Ed. E-3A or E-3B.

THE 391 Theatre History II. (3) A, II. Prerequisite: ENG 102 or 102R, ENG 105(B), or HON 102. Examination of the development of theatre and dramatic literature from the English Restoration to the modern period. Experiences include attendance at live theatrical events and applying knowledge of historical periods to create aesthetic judgment. Gen. Ed. E-3A or E-3B.

THE 430 Dramatic Literature. (3) A. Cross-listed as ENG 430. Survey of the major periods and genres of world dramatic literature, from the Greeks to the present; selected readings from the major playwrights, critics, and theorists. Credit will not be awarded for both THE 430 and ENG 430.

THE 490 Special Topics in Theatre Arts. (1-3) A. Presentation of course material of a timely, specialized or topical nature. Specific course orientation will appear beside title. May be retaken to a maximum of nine hours, if the subject matter is different.

THE 495 Senior Seminar. (3) A. Majors with senior standing only. A capstone experience in theatre. Synthesis of students’ total theatre education as well as creation of a professional resume and correspondence techniques.

The 499 Independent Study in Theatre Arts. (1-3) I, II. Prerequisite: departmental approval. Independent study in theatre production and research. May be retaken to a maximum of six hours. Student must have the independent study proposal form approved by faculty supervisor and program coordinator prior to enrollment.

TRS—Traffic Safety

TRS 103 Safety in Personal Transportation. (2) A. Designed to survey the basic concept of safety, including the philosophy and concept of risk, countermeasures, accidental prevention and safety instruction; experiences include a personal assessment of safety-related behavior emphasizing personal forms of transportation.

TRS 225 Basic Fleet Management

Safety Principles. (3) A. A classroom and laboratory program designed to introduce personnel to problems and practices of motor fleet safety programming and regulatory requirements.
TRS 233 Emergency and Defensive Driving Techniques. (3) A. Instruction for drivers in defensive driving techniques and emergency or unusual driving situations. Classroom and practice driving instruction in vehicle handling techniques.

TRS 234 Beginning Motorcycle Safety. (3) A. Designed to develop in students the necessary concepts, principles, and competencies for use of two-wheeled motorized vehicles including minibikes, mopeds, and motorcycles. Motorcycles and helmets are provided.

TRS 235 Emergency Vehicle Roadway Operations Safety. (3) A. Program designed to learn collision prevention and crash mitigation techniques needed when an impending driving emergency occurs in an emergency response vehicle. Included in the course work is theory to introduce and simulate avoidance maneuvers.

TRS 285 Introduction to Driver and Traffic Safety. (3) A. Designed to provide the concepts, principles, judgment, and performance for safe, efficient use of the highway system. Exposure is provided to a multiple—phased driver education instruction program.

TRS 322 Traffic Law Enforcement. (3) A. A course designed to provide the principles and practices of traffic law enforcement as related to implementation and administration of such programs.

UNP—University Programs, Study Abroad Jennifer White, Director

UNP 200 Study Abroad; __________ (1-6) Prerequisite: Study Abroad coordinator approval required. May be retaken to a maximum of six hours.

UNP 300 Study Abroad; __________ (1-6) Prerequisite: Study Abroad coordinator approval required. May be retaken to a maximum of six hours provided the subject matter is different each time.

UNP 400 Study Abroad; __________ (1-6) Prerequisite: Study Abroad coordinator approval required. May be retaken to a maximum of six hours provided the subject matter is different each time.

VTS—Veterans Studies Dr. Lisa Day, Director

VTS 200 Intro to Veterans Studies (3) A. Multidisciplinary study of military/veteran/issues and perceptions of veterans. Explores impact of training/service on individuals and society. Emphasis is different each time.

VTS 301 Introduction to Veterans Studies (3) A. Designed to give the student the opportunity to develop specific competencies by designing and conducting research in the broad area of traffic safety, or by independent reading assignments in the area of traffic safety education. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours.

VTS 407 Independent Study in Driver and Traffic Safety Education. (1-6) A. Designed to give the student the opportunity to develop specific competencies by designing and conducting research in the broad area of traffic safety, or by independent reading assignments in the area of traffic safety education. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours.

VTS 413 Current Developments in Driver and Traffic Safety. (3) A. Current problems, issues, trends, and developments in traffic safety are reviewed, analyzed, and evaluated.

VTS 487 Behavioral Approaches to Driver and Traffic Safety. (3) A. Designed to study, analyze, and develop behavioral objectives applied to driving task instruction with study and evaluation of individualized learning approaches for programs in driver education.

VTS 491 Special Topics: __________ (1-3) A. Prerequisite: departmental approval. Intensive study of selected topics in traffic and driver safety. May be retaken under different topics to a maximum of six hours.

VTS 588 Laboratory Instructional Program in Traffic Safety. (3) A. Designed to provide the background, knowledge, and competencies to instruct the laboratory phases of the multiple-car driving range and on-street instruction. Provided are experiences related to implementation and administration of such programs.

WGS—Women and Gender Studies Dr. Lisa Day, Director

WGS 132 Introduction to the Family. (3) A. Cross-listed as CDF 132. Ecological and systems approach applied to public and private family concepts; historical changes and current status; relationships among individuals, families, consumers, and communities; status of women, men, children, and child welfare policy related to changes in the family. Credit will not be awarded for both WGS 132 and CDF 132.

WGS 201 Intro to Women & Gender Studies. (3) A. Introduction to interdisciplinary field of women and gender studies and feminist scholarship. Provides overview of the diversity of women’s experiences, issues, and images from a wide variety of disciplinary perspectives. Gen. Ed. E-6 [GE].

WGS 205 Sexualities and Social Issues. (3) A. Cross-listed as SOC 205. An examination of the diversity of sexuality and related social issues in the United States and globally. Topics include culture, history, law, mass media, politics, and religion. Credit will not be awarded to students who have credit for SOC 205 or WGS 302. Gen. Ed. E-6 [GE].

WGS 300 Topics in Women and Gender Studies: __________ (3) A. Intensive study of selected topics related to recognizing and validating the experience of women and their contributions to society. May be retaken for a maximum of six hours provided the topics are different each time.

WGS 303 Women in American History. (3) A. Cross-listed as HIS 303. Provides three hours of HIS or departmental approval. Social, economic, and cultural role of women in America. Women’s work; social position and status; women in reform movements; feminism and the suffrage movements; the new feminism. Credit will not be awarded for both WGS 303 and HIS 303.

WGS 304 Gender Perspectives on Contemporary Terrorism (3) A. An interdisciplinary look at contemporary terrorism. Examining the theoretical and empirical literature on violence against women, children, and elders. Addresses such issues as physical and sexual abuse of children, courtship violence, domestic violence, marital rape, and elder abuse. Credit will not be awarded for both WGS 304 and WGS 300 Special Topics: Gender Perspectives on Contemporary Terrorism.

WGS 305 Domestic Violence. (3) A. Cross-listed as CRJ 305. Prerequisite: CRJ 101 or departmental approval. Examination of the theoretical and empirical literature on violence against women, children, and elders. Addresses such issues as physical and sexual abuse of children, courtship violence, domestic violence, marital rape, and elder abuse. Credit will not be awarded for both WGS 305 and CRJ 305.

WGS 306 Masculinity & Popular Culture (3) A. Designed to provide an understanding of the role of masculinity in popular culture. Topics are different each time.

WGS 307 Masculinity & Popular Culture: __________ (3) A. Designed to provide an understanding of the role of masculinity in popular culture. Topics are different each time.

WGS 308 Trans Studies (3) A. Prerequisites: ENG 102 or 102R or 105(B) or HON 102. Introduction to emerging field of Trans Studies through exploration of trans history, identities, experiences, politics, and culture in the contemporary U.S. Credit will not be awarded for both WGS 308 and WGS 300 Special Topics: Intimacy & Transsexuality.

WGS 309 Women and Trauma. (3) Prerequisite: ENG 102 or 102R or 105(B) or HON 102. A study of contemporary psychological trauma theories with analysis of historical and contemporary representations of trauma in film and the elderly, public and American culture. Credit will not be awarded for both WGS 309 and WGS 300: Women and Trauma.

WGS 331 Marriage and Intimate Relationships. (3) A. Cross-listed as CDF 331. The process within and types of intimate relationships in contemporary times. Topics include singlehood, partnership selection, marriage, divorce, remarriage, long-term enduring marriage, and factors which affect the success
of intimate relationships. Credit will not be awarded for both WGS 331 and CDF 331.

WGS 334 Violence Against Women (3) A. Cross-listed as CRJ 344. Prerequisites: Sophomore standing. Explores the social character of violence against women. A variety of theories are utilized to examine this phenomenon at the individual, organizational and societal levels. Credit will not be awarded to students who have credit for CRJ 344, OR CRJ 423 Topical Seminar: Violence Against Women or WGS 300 Special Topics: Violence Against Women.

WGS 349 Applied Learning in Women and Gender Studies. (5-8) A. Prerequisite: approval of Director of Women and Gender Studies. Work in job placements related to Women’s Studies. One to eight hours credit. Minimum of 80 hours employment required for semester hour credit.

WGS 349 A-N Cooperative Study: Women and Gender Studies. (5-8) A. Prerequisite: approval of Director of Women and Gender Studies. Work in job placements related to Women and Gender Studies. One to eight hours credit. Minimum of 80 hours employment required for semester hour credit.

WGS 364 Women’s Literature. (3) A. Cross-listed as ENG 364. Prerequisite: ENG 102 or 102R or 105 (B) or HON 102. Study of selected literary by women, including the influence of cultures, genres, and periods. Credit will not be awarded for both WGS 364 and ENG 364. Gen. Ed. E-6 [GE].

WGS 365 Women, Gender, and Religion. (3) A. Cross-listed as REL 365. Prerequisite: ENG 102 or ENG 102R or 105 (B) or HON 102. Examination of themes in women’s fiction and poetry with a focus on sampling and analysis of field data such as Foucault, Butler, and Sedgwick. Application of theoretical models to literary and cinematic texts. Credit will not be awarded to students who have credit for ENG 365. Gen. Ed. E-6.

WGS 378 Black Women in History. (3) A. Cross-listed as AFA 378. Examines the lives of African-American women from slavery to the present with emphasis on the impact of race, gender, and class issues on their multifaceted lives as women in America. Credit will not be awarded for both WGS 378 and AFA 378.

WGS 380 Gender and Work in the U.S. (3) A. Cross-listed as OTS 380. Prerequisite: ENG 102 or 102R or 105 (B) or HON 102. A survey view of occupational science and sociological constructs related to gendered work. Includes content on family-work linkages, gendered organizations, and public policies in the workplace. Credit will not be awarded to students who have credit for OTS 380, OTS 480, or WGS 480.

WGS 399 Gender and Society. (3) A. Cross-listed as SOC 399. Prerequisites: SOC 131 or SOC 235; ENG 102 or ENG 102R or ENG 105 (B) or HON 102. Emphasis on the relationship between the social construction of gender and the experiences of people of all genders in society. Consideration of the cultural and historical construction of gender and identity. Gen. Ed. E-6 [GE]. Credit will not be awarded for both WGS 399 and SOC 399.

WGS 400 Feminist Theory and Practice. (3) A. Cross listed with SJS 400. Prerequisite: WGS 201 or SJS 101, or departmental approval. Examinations development of feminist theory and its implications for continuing feminist scholarship. Includes related research projects in student’s major. Credit will not be awarded to students who have credit for SJS 400.

WGS 420 The Psychology of Women. (3) A. Cross-listed as PSY 420. Prerequisite: PSY 200. Psychological theory and research about important facets of girls’ and women’s lives from birth through old age. Credit will not be awarded for both WGS 420 and PSY 420. WGS 446 The Politics of Sex. (3) A. Cross-listed as POL 446. The effect of sex on social and political institutions, public policies, and court rulings. Issues may include pornography, sexual and gender discrimination, domestic violence, reproductive rights and gay rights. Credit will not be awarded for both WGS 446 and POL 446.

WGS 495 Independent Study: Women and Gender Studies. (1-5) A. Prerequisite: approval of Director of Women and Gender Studies. Study of a special topic in Women and Gender Studies. Student must have the independent study proposal form approved by the faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of ten hours.

WGS 591 Women’s Health. (3) A. Cross-listed as HIA 591/791. Analysis of the major health problems of contemporary women with a special emphasis on health promotion, disease prevention, and consumer health concerns. Credit will not be awarded for both WGS 591 and HIA 591/791.

WGS 592 Women’s Literacy and Sexuality. (3) A. Cross-listed as HIA 592/792. Study of the biological, social, and psychological aspects of human sexuality. Directed primarily toward those individuals in situations which require them to assist others in understanding the broad impact of one’s sexuality. Emphasis is placed upon student development of logical and reasoned justifications for their own value system. Credit will not be awarded for both WGS 592 and HIA 592/792.

WGS 593 Death and Grief. (3) A. Cross-listed as HIA 593/793. A study of attitudes, behaviors, and issues concerning death and grief. Topics include responses to death and grief throughout the life cycle; process of grief and bereavement; theology and death; legal aspects of dying and death; post-mortem care; death education. Credit will not be awarded for both WGS 593 and HIA 593/793.

WLD - Wildlife Management
Dr. Malcolm Frisbie, Chair

WLD 317 Conservation of Wildlife Resources. (3) I, II. Prerequisite: ENG 102 or 102R or 105 (B) or HON 102. Introduction to the principles and practices of conservation of plants and animals; requirements and values of wildlife resources; impact of human activities on resources. May not be used to satisfy area, major, or minor requirements. Credit will not be awarded to students who have credit for ENV 317.

WLD 380 Wildlife Law & Law Enforcement. (3) A. Prerequisite: ENG 102 or 102R or 105 (B) or HON 102. Discussion of pertinent state and federal wildlife laws and how law enforcement impacts wildlife management.

WLD 381 Principles of Wildlife Management. (3) I. Prerequisite or Corequisite: BIO 316 or departmental approval. Principles of wildlife management and their application to current management issues. Credit will not be awarded to students who have credit for BIO 381.

WLD 382 Wildlife Population Analysis. (4) I. Prerequisites or co-requisites: BIO 316, STA 215 or STA 270, and Wildlife Management major, or departmental approval. Quantitative population ecology of vertebrates, with a focus on sampling and analysis of field data applicable to wildlife conservation. Credit will not be awarded for both WLD 382 and WLD 382W. 2 Lec/4 Lab. WLD 499W Wildlife Research and Writing. (3) I, II. Prerequisites: WLD 382; STA 215 or 270; junior or senior status; ENG 102 or 102R or ENG 105 (B) or HON 102; and Wildlife Management major. Students will design and execute a research project. Emphasis will be placed on (a) writing a research proposal, and (b) writing a final project report in the format of a manuscript for publication. Credit will not be awarded to students who have credit for WLD 489. WLD 583 Game Species Management. (3) A. Prerequisite or corequisite: Senior standing; WLD 381 (C or better) or departmental approval. Biology and ecology of the major game species found in North America with emphasis on current management practices and problems. Credit will not be awarded to students who have credit for BIO 597/797 Special Topics: Game Species Management.

WLD 584 Upland Wildlife Management. (4) A. Prerequisite: WLD 381 or departmental approval. Ecological principles and management strategies to preserve and enhance forest and grassland wildlife and their habitats. 2 Lec/4 Lab. Credit will not be awarded to students who have credit for BIO 584.

WLD 585 Wildlife Resource Policy and Administration. (3) A. Prerequisite or Corequisite: WLD 381 or departmental approval. Discussion of state, regional, national, and international policies and agencies which impact management of wildlife resources; with emphasis in North America. Credit will not be awarded to students who have credit for BIO 585.

WLD 586 Wetland Wildlife Management. (3) A. Prerequisites or Corequisites: BIO 316 and WLD 381, or departmental approval. The strategies employed to manage urban wildlife and prevent/control animal damage in North America will be discussed. Credit will not be awarded to students who have credit for BIO 587.

WLD 587 Urban Wildlife Management. (3) A. Prerequisites or Corequisites: BIO 316 and WLD 381, or departmental approval. The strategies employed to manage urban wildlife and prevent/control animal damage in North America will be discussed. Credit will not be awarded to students who have credit for BIO 587.

WLD 599 Topics in Wildlife Management: ______. (1-6) A. Prerequisites: Senior Standing; BIO 316 (C or better), WLD 381 (C or better) and departmental approval. Special topics in wildlife management of current interest to faculty and students will be presented through lecture, discussion, and reports. May be retaken to a maximum of 6 hours, provided the subject matter differs each time.

HAGAN, CARLA ISAACS, (1998), Assistant Professor, Agriculture; MS, BS, University of Kentucky
HALE, KIMBERLY, (2006), Associate Professor, American Sign Language & Interpreter Education; EdD, Eastern Kentucky University; MA, University of South Carolina; BA, Maryville College
HANKS, COREY, (2013), Lecturer, Fire Protection & Paramedic Science; MS, BS, Eastern Kentucky University
HARDMAN, LESLIE, (2014), Assistant Professor, Occupational Science & Occupational Therapy; OTD, Chatham University; BS, Eastern Kentucky University
HARREL, SHERRY, (2000), Associate Professor, Biological Sciences; PhD, Mississippi State University; MS, BGS, University of Louisiana
HARRINGTON, MARY RACHEL, (2013), Associate Professor, Family & Consumer Sciences; MHA, Chapman University; BS, University of Kentucky
HARTCH, TODD, (2003), Professor, History, Philosophy, & Religious Studies; PhD, MAR, BA, Yale University
HARTER, CYNTHIA, (2012), Associate Professor, Accounting, Finance, & Information Systems; PhD, MS, Purdue University; BA, Tulane University
HARTER, JOHN, (1999), Professor, Accounting, Finance, & Information Systems; PhD, MS, Purdue University; BA, Yale University
HAUSMAN, CHARLES, (2009), Associate Professor, Educational Leadership, Counselor Education, & Communication Disorders; PhD, Vanderbilt University; MAEd, Texas A&M University at Commerce; BS, Texas Wesleyan University
HAYDEN, CYNTHIA, (2011), Associate Professor, Occupational Science & Occupational Therapy; DHD, A. T. Still University; MS, University of Kentucky; BS, Eastern Kentucky University
HAYES, DAVID, (2009), Associate Professor, Biological Sciences; PhD, Arkansas State University; MS, University of Louisiana; Monroe; BS, Juniata College
HAYES, J. LAURENCE, (1989), Professor, American Sign Language & Interpreter Education; PhD, University of Arizona; MS, BS, Oregon College of Education
HAYNES, GERALD, (2018), Assistant Professor, Fire Protection & Paramedic Science; MS, BS, University of Maryland; AS, J. Sargeant Reynolds Community College
HEALY, MARY BETH, (2008), Associate Professor, Accounting, Finance, & Information Systems; PhD, MS, University of Kentucky; BA, Alice Lloyd College; BA, Harvard University
HENNING, JAIME, (2007), Professor, Psychology; PhD, Texas A & M University; MS, BS, Missouri State University
HENSLEY, JULIE, (2008), Professor, English & Theatre; MFA, Arizona State University; MA, Kansas State University; BA, Bridgewater College
HENTON, MARY ELIZABETH, (2018), Instructor, Model Laboratory
School; MM, BM, Eastern Kentucky University

HERMES, SUSAN, (2019), Assistant Professor, Occupational Science & Occupational Therapy; OTD, MS, Boston University; BA, Eastern Kentucky University

HIBBARD, BRANDON, (2018), Visiting Assistant Professor, Mathematics & Statistics; PhD, MA, Eastern Kentucky University; MA, Union College; BS, Morehead State University

HICKS, WILLIAM, (2008), Professor, Fire Protection & Paramedicine Science; EdD, MS, BS, Eastern Kentucky University

HIGHT, JENNIFER, (2016), Assistant Professor, Occupational Science & Occupational Therapy; PhD, MS, BS, Eastern Kentucky University

HISEL, ADAM, (2009), Lecturer, English & Theatre; MA, BA, Eastern Kentucky University

HISEL, JAMIE, (2017), Clinical Faculty, Environmental Health Sciences; MPH, BSW, Eastern Kentucky University

HODGE, CONNIE, (2008), Assistant Professor, Curriculum & Instruction; EdD, North Central University; MAEd, Tennessee State University; BS, David Lipscomb University; AA, Sue Bennett College

HOLCOMB, DEREK, (2000), Associate Professor, Health Promotion & Administration; PhD, MS, Southern Illinois University; BS, University of Illinois at Urbana

HOUSE, SHANE, (2013), Assistant Professor, Music; PhD, University of Iowa; MM, Bowling Green State University; BM, Ball State University

HOUSTON, ROBERT, (1998), Professor, Accountancy, Finance, & Information Systems; PhD, MS, BS, University of Kentucky

HOWERMALE, RACHAEL, (2010), Associate Professor, Baccalaureate & Graduate Nursing; DNP, Eastern Kentucky University; MSN, University of Kentucky; BSN, Ball State University

HOWARD, JOHN CLAYTON, (2011), Assistant University Librarian, Libraries; JD, University of Louisville; MLS, University of Kentucky; BS, Centre College

HOWELL, DANA, (2006), Foundation Professor, Occupational Science & Occupational Therapy; PhD, University of Idaho, OTD, Creighton University; BS, Colorado State University

HOWELL, MATTHEW, (2012), Associate Professor, Government; PhD, MPP, University of Kentucky; BA, Missouri State University

HUBBARD, CONNIE, (2006), Professor, Associate Degree Nursing; MSN, University of Kentucky; MA, Lexington Theological Seminary; BSN, Berea College

HUFFMAN, F. TYLER, (2006), Associate Professor, Geosciences; PhD, MA, University of Connecticut; BA, University of Kentucky

HUME, ANNA, 2017, Clinical Faculty, Baccalaureate & Graduate Nursing; MSN, BSN, University of Kentucky, ADN, Lexington community College

HUMPHREY, CASEY, (2017), Assistant Professor, Occupational Science & Occupational Therapy; OTD, Eastern Kentucky University; MHA, Des Moines University; BS, Eastern Kentucky University

HUNT, SCOTT, (2005), Professor, Justice Studies; PhD, University of Nebraska at Lincoln; MA, University of Nebraska at Omaha; BA, University of Texas at Austin

HUNTER, GEORGE, (2006), Associate Professor, English & Theatre; PhD, Purdue University; MA, Eastern Kentucky University; BA, University of Kentucky

INCERA, SARA, (2017), Assistant Professor, Psychology; PhD, MA, Cleveland State University; MS, BS, Universidad de Salamanca

ISAACS, TRISH, (2011), Professor, Accounting, Finance & Information Systems; PhD, University of Kentucky; MBA, BBA, Eastern Kentucky University

IVONCHYK, MIKHAIL, (2019), PhD, LLM, The University of Georgia; LLM, BA, Belarusian State University

JACKSON, DAWN W., (1986), Professor, Health Promotion & Administration; DrPH, University of Kentucky; MA, Eastern Kentucky University; BS, East Carolina University

JACKSON, GLENN, (2014), Senior Lecturer, English & Theatre; MFA Murray State University; MA, Eastern Kentucky University; BA, Centre College

JANES, RHODA, (2014), Clinical Faculty, Baccalaureate & Graduate Nursing; MSN, BSN, Eastern Kentucky University; AA, ASN, Lexington Community College

JARVIS, THOMAS, (2017), Assistant Professor, Physics & Astronomy; PhD, University of Texas at Austin; BS, University of North Carolina at Chapel Hill

JAY, JACQUELINE, (2008), Professor, History, Philosophy, & Religious Studies; PhD, MA, University of Chicago; BA, The University of Toronto

JENKINS, JUDITH, (2014), Assistant Professor, Chemistry; PhD, The University of Arizona; BA, BA, Knox College

JENSEN, JACQUELYN, (2002), Professor, Family & Consumer Sciences; PhD, University of Utah; MS, BS, AS, Brigham Young University

JENSEN, NANCY, (2011), Associate Professor, English & Theatre; MFA, Vermont College; BA, Indiana University Southeast

JEON, MI-HEE, (2018), Assistant Professor, Educational Leadership, Counselor Education, & Communication Disorders; EdD, Northern Illinois University; MS, BS, Kyungpook National University

JOHNSON, MATTHEW, (2017), Assistant Professor, Music; MFA, Virginia Commonwealth University; BA, Morehead State University

JOHNSON, ROBERT, (2008), Professor, English & Theatre; MFA, Arizona State University; BA, Kansas State University; BS, Cal Poly Pomona

JOHNSON, STEVE, (2016), Instructor, Model Laboratory School; MS, BS, Eastern Kentucky University

JOHNSON, WARDELL, (2003), Associate Professor, Exercise & Sport Science; EdD, University of Kentucky; MS, Eastern Kentucky University; BS, Knoxville College

JONES, AILEEN, (2016), Clinical Faculty, Baccalaureate & Graduate Nursing; MSN, BSN, Eastern Kentucky University; BA, University of Kentucky

JONES, ALICE, (1997), Professor, Geosciences; PhD, The Ohio State University; MAG, Southwest Texas State University; BJ, University of Texas, Austin

JONES, KEVIN, (1998), Assistant University Librarian, Libraries; PhD, University of Kentucky; MLS, BA, University of Tennessee

JONES, LISA, (2006), Associate Professor, Baccalaureate & Graduate Nursing; MSN, BSN, ASN, Eastern Kentucky University

JONES, PAULA, (2017), Assistant Professor, Model Laboratory School; EdD, University of Kentucky; MAEd, BS, BBA, Eastern Kentucky University

JONES, SHERRY, (1993), Assistant Professor, Recreation & Park Administration; MS, Indiana University; BA, Benedict College

JUDD, LUCINDA, (2005), Associate University Librarian, Libraries; MLIS, University of Kentucky; BS, University of Central Florida; AA, Valencia Community College

KALKAN, KEREM, (2014), Associate Professor; Government; PhD, University of Maryland; MA, Bilkent University, BS, Middle East Technical University

KANG, SANGWOOK, (2017), Assistant Professor, Family & Consumer Sciences; PhD, MS, Iowa State University; BA, Michigan State University

KAPPELER, STEPHEN, (2006), Senior Lecturer, Justice Studies; MA, Radford University; BS, Central Missouri State University

KAPPELER, VICTOR, (1992), Foundation Professor, Justice Studies; PhD, Sam Houston State University; MS, BS, AS, Eastern Kentucky University

KAY, LISA, (2002), Professor, Mathematics & Statistics; PhD, MS, University of Kentucky; BS, Eastern Kentucky University

KEAN, KRISTEN, (2003), Professor, Music; DMA, Louisiana State University; MM, Southeastern Louisiana University; BM, Boston University

KEELLER, JAMES, (2007), Professor, English & Theatre; PhD, MA, BA, University of South Florida

KELLEY, TRICIA, (2018), Assistant Professor, Communication; MA, The American University; BS, West Virginia University

KEENER, ALLEN, (2019), Occupational Science & Occupational Therapy; OTD, Eastern Kentucky University; MS, BS, The University of Alabama at Birmingham

KIM, DAE WOOK, (2016), Assistant Professor, Computer Science; PhD, Wright State University; MS, Syracuse University; BS, Michigan State University

KIM, JEONGWOO, (2016), Associate Professor, Government; PhD, MPA, Arizona State University; MA, BA, Korea University

KIMMEL, KRISTA, (2009), Senior Lecturer, Communication; MA, University of Kentucky; BA, Murray State University

KINCAIRN, KERIM, (2005), Senior Lecturer, Management, Marketing, & International Business; MS, Central Michigan University; BA, University of Cincinnati

KIPP, ANNE, (2009), Assistant Professor, Model Laboratory School;
MAEd, BS, Eastern Kentucky University
KNEZEVICH, KYLE, (2016), Assistant Professor, Applied Engineering & Technology; MS, Tennessee State University; BS, Eastern Kentucky University
KOGER, VICTORIA, (2002), Associate University Librarian, Libraries; MLIS, Florida State University; BA, Lynchburg College
KOHL, JACQUELINE, (2014), Senior Lecturer, English & Theatre; MFA, Murray State University; BA, Miami University
KOONTZ, CHRISTOPHER JASON, (2003), Professor, Music; DMA, West Virginia University, MMA, Miami University; BME, Eastern Kentucky University
KORSON, STACEY, (2016), Assistant Professor, Curriculum & Instruction; PhD, University of Illinois at Urbana-Champaign; MS, University of Central Missouri; BS, Central Missouri State University
KOSLOW, JENNIFER, (2010), Associate Professor, Biological Sciences; PhD, Indiana University; MS, University of Miami; BA, BS, Emory University
KOZHIUMAL, SHIJIN, (2017), Lecturer, Fire Protection & Paramedic Science; PhD, Indian Institute of Technology; MT, National Institute of Technology; BT, Government College of Engineering
KRAEMER, BRADLEY, (2016), Assistant Professor, Biological Sciences; PhD, Vanderbilt University; BS, Centenary College of Louisiana
KRASKA, PETER, (1994), Professor, Justice Studies; PhD, MA, Sam Houston State University; BA, University of Alaska
KROEG, SUSAN, (2001), Professor, English & Theatre; PhD, MA, Michigan State University; BA, Alma College
KUMOJI-ANKRAH, IDA, (2005), Professor, Art & Design; MFA, University of Minnesota; BA, College of St. Catherine
LAIR, JESSICA, (2006), Associate Professor, Physics & Astronomy; PhD, MS, Clemson University; BS, West Virginia University Institute of Technology
LAKE, MELINDA, (2009), Assistant Professor, Model Laboratory School; MA, BA, Eastern Kentucky University
LAND, MICHAEL, (2014), Senior Lecturer, Justice Studies; EdD, Lincoln Memorial University; MS, BS, Eastern Kentucky University
LANE, MICHAEL, (2014), Associate Professor, Exercise & Sport Science; PhD, University of Kansas; MS, Saint Louis University; BS, Missouri State University
LARKIN, JAMES, (2001), Associate Professor, Exercise & Sport Science; PhD, Purdue University; MS, University of Wisconsin, La Crosse; BS, University of Wisconsin, Madison
LARKIN, LAURIE, (2010), Associate Professor, Health Promotion & Administration; PhD, Purdue University; MS, University of Wisconsin, La Crosse; BS, Eastern Kentucky University
LASSLO, JULIE, (2015), Assistant Professor, Health Promotion & Administration; MPH, BS, Eastern Kentucky University
LAWANI, ABDELAZIZ, (2018), Visiting Instructor, Agriculture; MA, North Carolina State University; MS, BS, Abomey-Calavi University
LAWSON, ADAM, (2007), Professor, Psychology; PhD, MS, Oklahoma State University; BA, Columbia College
LAWSON, CARLA, (2017), Lecturer, Justice Studies; MS, BS, Eastern Kentucky University
LEAVELL, ALANA, (2019), Clinical Faculty, Baccalaureate & Graduate Nursing; MSN, BSN, Eastern Kentucky University
LEMANN, MICHELLE, (2002), Assistant Professor, Model Laboratory School; MA, Eastern Kentucky University; BA, Berea College
LIDDELL, ERIK, (2009), Associate Professor, Languages, Cultures, & Humanities; PhD, MA, University of Toronto; BA, Brock University
LIN, CHANG-YANG, (1983), Professor, Accounting, Finance, & Information Systems; PhD, University of Arkansas; MS, Murray State University; BA, Soochow University
LINDON, JOSEPH, (2017), Instructor, Model Laboratory School; MAEd, BA, Eastern Kentucky University; A.A., Hazard Community College
LINGENFELDER, ROSS, (2009), Senior Lecturer, Management, Marketing, & International Business; MS, Eastern Kentucky University; BS, Methodist University
LINK-PEREZ, MELANIE, (2019), Assistant Professor, Biological Sciences; PhD, MS, Miami University; BA, Smith College
LIPPMAN, SHEILA, (2010), Assistant Professor, Model Laboratory School; MM, Austin Peay State University; BA, Alderson Broaddus University
LITZELFELNER, PAT, (2005), Associate Professor, Anthropology, Sociology, & Social Work; PhD, University of Kansas; MSW, University of Missouri; BSW, Southeast Missouri State
LIU, CHAOYUAN, (2006), Associate Professor, Mathematics & Statistics; PhD, MS, University of Illinois at Urbana-Champaign; MS, Chongdu University of Science & Technology; BS, Sichuan Normal University
LOAN, THERESA (TERRI), (2000), Professor, Baccalaureate & Graduate Nursing; PhD, MSN, University of Kentucky; BSN, ASN, Marshall University
LOVIN, CHRISTINA, (2010), Senior Lecturer, English & Theatre; MFA, New England College
LOWRY, JOHN, (2001), Associate Professor, History, Philosophy, & Religious Studies; PhD, MPH, Yale University; BA, Oberlin College
LYNN, JOSHUA, (2018), Assistant Professor, History, Philosophy, & Religious Studies; PhD, MA, The University of North Carolina at Chapel Hill; BA, Marshall University
MACDONALD, AARON, (2019), Assistant Professor, Health Promotion & Administration; MPH, University of Kentucky; BS, Morehead State University
MAHANEY, ROBERT, (2006), Associate Professor, Accounting, Finance, & Information Systems; PhD, MA, University of Kentucky; BS, Morehead State University
MAKECHA, RADIHIKA, (2013), Associate Professor, Psychology; PhD, MA, University of Southern Mississippi; BS, Texas A&M University
MALZONE, JONATHAN, (2015), Assistant Professor, Geosciences; PhD, University at Buffalo; BS, University of Pennsylvania
MAPLES, JAMES, (2014), Associate Professor, Anthropology, Sociology, & Social Work; PhD, MA, BA, The University of Tennessee-Knoxville
MARcum, BRADley, (2004), University Librarian, Libraries; MLIS, University of Kentucky; BS, Eastern Kentucky University
MARcum, TRAVIS, (2015), Instructor, Model Laboratory School; MA, University of the Cumberlands; BS, Eastern Kentucky University
MARIon, JASON, (2012), Associate Professor, Environmental Health Science; PhD, MS, The Ohio State University; MS, BS, Morehead State University; AAS, Hocking College
MARTIN, KAREN, (2014), Assistant Professor, Anthropology, Sociology, & Social Work; MSW, BSW, University of Kentucky
MARTIN, THOMAS, (2016), Assistant Professor, Management, Marketing, & International Business; PhD, MA, University of Kentucky; MBA, BA, Eastern Kentucky University
MASON, NICOLA, (2012), Associate Professor, Curriculum & Instruction; PhD, University of Kentucky; MM, Morehead State University; BM, University of Stellenbosch
MATT pets, BETSY, (1999), Associate Professor, Justice Studies; PhD, University of Cincinnati; MA, Wright State University; BA, Miami University
MAY, JEROME, (2009), Lecturer, Chemistry; PhD, MS, BS, BS, Louisiana State University
MAYER, JANA, (2015), Instructor, Model Laboratory School; MAEd, BS, Eastern Kentucky University
MCCARDLE, JILLIAN, (2017), Model Laboratory School; EdD, University of Houston; MEd, University of St Thomas; BS, McNeese State University
MCCARDLE, TODD, (2017), Assistant Professor, Curriculum & Instruction; PhD, University of Florida; MEd, University of Houston; BS, McNeese State University
MCCARDTH, SHANNON, (2016), Assistant Professor, Art & Design; MFA, Minneapolis College of Art & Design; BFA, Edinboro University of Pennsylvania
MCChESNeY, JON C., (2000), Professor, Recreation & Park Administration; EdD, University of Kentucky; MS, BA, Eastern Kentucky University
MCCLANAHAN, WILLIAM, (2017), Assistant Professor, Justice Studies; PhD, University of Essex; MS, Eastern Kentucky University; BS, Indiana University
MCCLELLAN, MICHAEL, (2015), Assistant Professor, Psychology; PhD, MS, University of Kentucky; BA, Berea College
MCDERMOTT, MICHAEI D., (2002), Associate Professor, Agriculture; PhD, MS, Iowa State University; BS, University of Wisconsin
MCGlOWN, K. JOANNE, (2017), Assistant Professor, Safety & Security; PhD, MS, HHA, AAS, AAS, University of Alabama at Birmingham; BS, University of

Faculty Listing

SCHNECK, COLLEEN, (1994), Professor, Occupational Science & Occupational Therapy; ScD, MS, Boston University; BS, Eastern Michigan University

SCHNEID, THOMAS, (1989), Professor, Safety & Security; LLM, University of San Diego; JD, MS, West Virginia University; BA, West Liberty State College

SCHUMANN, MICHAEL, (1998), Professor, Safety & Security; PhD, University of Kentucky; JD, DePaul University College of Law; MS, BS, Oregon State University

SCHWARTZ, LAUREL MILLS, (2012), Associate Professor, Health Promotion & Administration; DrPH, University of Kentucky; MPH, University of Southern Mississippi; BS, Louisiana Tech University

SCIARAFFA, MARY, (2016), Associate Professor, Family & Consumer Sciences; PhD, Louisiana State University; MS, BA, Texas Tech University

SCIASCIA, AARON, (2016), Associate Professor, Exercise & Sport Science; PhD, MS, University of Kentucky; BS, University of Delaware

SEALE, KIMBERLY, (2018), Instructor, Model Laboratory School; BA, Eastern Kentucky University

SEAHMANN, KARIN, (1990), Professor, Music; PhD, University of Iowa; MM, University of Akron; BMEd, University of Northern Iowa

SEKHAN, PHILLIP M., (1994), Professor, Music; DMA, MFA, University of Iowa; MM, University of Akron; BMEd, University of Northern Iowa

SELF, SCOTT, (2015), Instructor, Model Laboratory School; MAT, University of the Cumberlands; BS, Union College

SETTIMI, JOHN R., (2010), Professor, Agriculture; PhD, Louisiana State University; MS, University of Wisconsin BS, Colorado State University

SEXTEN, ANDREA, (2015), Associate Professor, Agriculture; PhD, Oklahoma State University; MS, BS, BS, University of Kentucky

SEXTON, CHRISTINA, (2014), Instructor, Model Laboratory School; MAEd, BS, Eastern Kentucky University

SHANAHAN, EILEEN (2017), Assistant Professor, Curriculum & Instruction; PhD, The Ohio State University; MAT, Winthrop University; BS, Ohio University

SHANNON, BRENT, (2011), Associate Professor, English & Theatre; PhD, University of Kentucky; MA, University of Cincinnati; BA, Indiana University

SHAW, RANDY, (2019), Lecturer, Safety & Security; BA, Eastern Kentucky University

SHEPPERSON, TARA, (2009), Associate Professor, Educational Leadership, Counselor Education, & Communication Disorders; PhD, University of Nevada, Reno; MA, University of Nevada, Las Vegas; BA, Santa Clara University

SHI, BUCHANG, (2008), Associate Professor, Chemistry; PhD, University of Kentucky; BS, MS, Shandong Medical University

SHUMAKER, SHANNON, (2015), Assistant Professor, Baccalaureate & Graduate Nursing; PhD, MSN, University of Kentucky; BSN, Eastern Kentucky University

SIAHKOOGHI, KIMBERLY, (2003), Senior Lecturer, English & Theatre; MA, BA, Eastern Kentucky University

SICKELS, CARTER, (2015), Assistant Professor, English & Theatre; MA, The University of North Carolina at Chapel Hill; MFA, The Pennsylvania State University; BA, Ohio University

SIMPKINS, LEAH, (2019), Assistant Professor, Occupational Science & Occupational Therapy; OTD, MS, BS, Eastern Kentucky University

SILER, NATHAN, (2015), Associate Professor; Music; PhD, University of Cincinnati; MM, MM, Peabody Institute of the Johns Hopkins University; BM, Cleveland Institute of Music

SILMPEERI, NICOLE, (2018), Instructor, Model Laboratory School; BA, Coastal Carolina University; MA, University of Kentucky; MAEd. Eastern Kentucky University

SIMPKINS, BRIAN, (2017), Safety & Security; EdD, MS, Eastern Kentucky University; BA, Marshall University

SINNETT, DENNIS, (2017), Assistant Professor, Applied Engineering & Technology; MS, Embry Riddle Aeronautical University; BS, U.S. Naval Academy

SIT, ATILLA, (2014), Assistant Professor, Mathematics & Statistics; PhD, Iowa State University; MS, Bogazici University; BS, Middle East Technical University

SIZEMORE, LINDA, (1999), Associate University Librarian, Libraries; MLIS, University of Kentucky; BA, Berea College

SIZEMORE, STAN, (2016), Clinical Faculty Physician; Bluegrass Community Health Center; MD, BS, University of Kentucky

SKUBIK-PEPLASKI, CAMILLE, (2012), Professor, Occupational Science & Occupational Therapy; PhD, University of Kentucky; MS, Wayne State University; BS, Eastern Michigan University

SLUSHER, IDA, (1998), Professor, Baccalaureate & Graduate Nursing; PhD, University of Alabama, Birmingham; MSN, University of Kentucky; BSN, Eastern Kentucky University

SMIT, TIMOTHY, (2013), Associate Professor, History, Philosophy, & Religious Studies; PhD, MA, University of Minnesota; BA, Carleton College

SMITH, CHARLES MASON, (1998), Senior Lecturer, English & Theatre; PhD, University of Kentucky; MA, Eastern Kentucky University; MA, University of Missouri at Columbia; BA, Centre College

SMITH, CHARLOTTE, (2011), Assistant Professor, Model Laboratory School; MA, BS, Eastern Kentucky University

SMITH, KELLY, (2005), Associate University Librarian, Libraries; MLSIS, Simmons College; BFA, University of North Carolina at Greensboro

SMITH, MELANIE, (2016), Instructor, Model Laboratory School; MS, Eastern Kentucky; BS, Lincoln Memorial University

SMITH, MICHELLE, (2008), Associate Professor, Mathematics & Statistics; PhD, University of Kentucky; MS, Miami University; BS, Morehead State University

SMITH, YOUNG, (2003), Associate Professor, English & Theatre; PhD, University of Houston; MFA, University of Arkansas; BA, University of Georgia

SNODGRASS, M. PAUL, (2015), Lecturer, Social Intelligence; MAEd, University of Phoenix; BA, Augsburg College; AA, North Hennepin Community College

SODERSTROM, IRINA, (1997), Professor, Justice Studies; PhD, MS, Southern Illinois University; BA, University of Illinois

SOKOLOWSKI, ERIC, (2015), Instructor, Model Laboratory School; MAEd, BS, Eastern Kentucky University

SOMMER, CAROL, (2010), Professor, Educational Leadership, Counselor Education, & Communication Disorders; PhD, Southern Illinois University

SPALM, JUDITH, (1998), Professor, Management, Marketing, & International Business; JD, Capital University Law School; BS, Grove City College

SPATA, JASMINE RUTHERFORD, (2008), Assistant Professor, Model Laboratory School; MAT, Eastern Kentucky University; BA, University of Manhoba

SPIERS, ANGELA, (2015), Assistant Professor, Educational Leadership, Counselor Education, & Communication Disorders; EdD, Argosy University; MEd, Brock University; BSW, Ryerson University

SPIEGELMAN, TRACY, (2009), Associate Professor, Exercise & Sport Science; PhD, University of Kentucky; MEd, Temple University; BS, University of Vermont

SPIRA, GEELA, (2016), Associate Professor, Occupational Science & Occupational Therapy; PhD, Nova Southeastern University; MS, Columbia University; BS, Barnard College

SPROCK, JENNIFER, (2000), Professor, History, Philosophy, & Religious Studies; PhD, MA, BA, Yale University

SPURLOCK, BARRY, (2014), Assistant Professor, Safety & Security; JD, Northern Kentucky University; BS, Eastern Kentucky University

SQUICCIARINI, LYNN, (2017), Assistant Professor, Anthropology, Sociology, & Social Work; PhD, University of Kentucky; MSW, Wayne State University; BS, Michigan State University

STADDON, WILLIAM, (2000), Associate Professor, Biological Sciences; PhD, University of Guelph; BED, University of Western Ontario; MSc, BSc, University of Toronto

STEARN, CATHERINE, (2007), Associate Professor, History, Philosophy, & Religious Studies; PhD, Rutgers, The State University of New Jersey; MA, The Courtauld Institute of Art, University of London; BA, The College of New Jersey

STEARN, JUSTIN, (2017), Assistant Professor, Accounting, Finance, & Information Systems; PhD, Southern Illinois University; MS, MBA, Webster University; MS, BS, Illinois State University

STEVENS, JEFFREY, (2018), Lecturer, Mathematics & Statistics; MS,
University of Missouri; BA, Samford University
WHITSON, AUTUMN, (2016), Clinical Faculty, Exercise & Sports Science; PhD, University of Kentucky; MS, University of Tennessee; BS, Missouri State University
WIGGINS, TIMOTHY, (2016), Assistant Professor, Music; PhD, Florida State University; MM, University of Memphis; BM, Arizona State University
WIGGINTON, ANDREW, (2013), Lecturer, Biological Sciences; PhD, University of Kentucky; BS, University of Florida
WILLET, JAMES, (1991), Assistant Professor, Music; MM, University of Akron; BM, University of Iowa
WILLIAMS, AMANDA, (2012), Assistant Professor, Model Laboratory School; MAEd, MS, Eastern Kentucky University; BS, Western Kentucky University
WILLIAMS, DAVID, (2005), ASL Specialist III, American Sign Language & Interpreter Education; MA, BS, Gallaudet University
WILLIAMS, SHANNON, (2016), Lecturer, Justice Studies; PhD, MA, University of Tennessee; BA, Eastern Kentucky University
WILLIAMSON, JOHN, (2018), Assistant Professor, Model Laboratory School; EdM, Columbia University; MA, Morehead State University; BA, Eastern Kentucky University
WILSON, BRYAN, (2008), Assistant Professor, Model Laboratory School; MAEd, Eastern Kentucky University; BA, Marshall University
WILSON, JAMES G., (2015), Assistant Professor, Applied Engineering & Technology; ME, University of Mary Washington; BS, Eastern Kentucky University
WILSON, MARY, (2002), Associate Professor, Family & Consumer Sciences; PhD, Michigan State University; BS, University of Kentucky
WILSON, STEFFEN, (1997), Professor, Psychology; PhD, MS, University of Georgia; BS, Birmingham-Southern College
WINSLOW, MATTHEW, (1998), Professor, Psychology; PhD, University of Minnesota; MA, University of California; BA, Macalester College
WOLF, JOYCE, (1995), Professor, Music; DMA, University of Kentucky; MM, BM, West Virginia University
WONG, KA-WING, (1990), Professor, Computer Science; PhD, Kansas State University; MS, BS, Middle Tennessee University
WOOD, ANGELA, (2014), Clinical Faculty, Baccalaureate & Graduate Nursing; DNP, MSN, Eastern Kentucky University; BSN, ASN, Midway College
WOOD, BRADFORD, (2000), Professor, History, Philosophy, & Religious Studies; PhD, MA, John Hopkins University; MA, Michigan State University; BA, Wake Forest University
WOODRUFF, BENJAMIN, (2014), Assistant Professor, Accounting, Finance, & Information Systems; PhD, MS, MBA, The University of Alabama; BS, Excelsior College
WOODS, PATRICIA, (1989), Associate Professor, Baccalaureate & Graduate Nursing; MSN, University of Kentucky; BSN, Eastern Kentucky University
WOOLERY, ELLEN, (2016), Instructor, Model Laboratory School; MA, BS, Eastern Kentucky University
WRIGHT, CHERYL, (2002), Assistant Professor, Model Laboratory School; MS, University of Kentucky; BS, University of Pennsylvania
WYATT, MELISSA, (2018), Assistant Professor; BA, Berea College; BS, Eastern Kentucky University; MS, University of Tennessee
WYGANT, DUSTIN, (2009), Professor, Psychology; PhD, MA, Kent State University; BA, Miami University
XIAO, QIAN, (2012), Associate Professor, Management, Marketing, & International Business; PhD, University of Alabama; MS, BS, Southwest Jiao Tong University
XU, BANGTENG, (2005), Professor, Mathematics & Statistics; PhD, MS, Northern Illinois University; MS, Wuhan University
YANG, MENGKUN, (2006), Associate Professor, Computer Science; PhD, University of Kentucky; ME, BS, Sichuan University
YAZDANI, MINA, (2011), Associate Professor, History, Philosophy, & Religious Studies; PhD, University of Toronto; MA, Wilfred Laurier University; MA, Landegg International University; BGS, Indiana University
YI, KWAN, (2011), Associate Professor, Curriculum & Instruction; PhD, MS, McGill University; MS, University of Illinois at Urbana-Champaign; BA, BS, Korea University
YODER, GARETT, (1998), Professor, Physics & Astronomy; PhD, MS, Auburn University; BS, Goshen College
YODER, MARGARET, (1995), Assistant Professor, Mathematics & Statistics; PhD, MA, South Florida University; BA, Goshen College
YONTS, LINDA, (2008), Senior Clinical Faculty, Baccalaureate & Graduate Nursing; MSN, University of Kentucky; BSN, Eastern Kentucky University
YOUNG, BILL, (2013), EdD, University of the Cumberlands; MS, Regis University; BS, Covenant College
YOW, DONALD, (2003), Professor, Geosciences; PhD, MA, University of South Carolina; BA, Harvard University; MS, University of Kentucky
YOW, SONJA, (2017), Assistant Professor, Curriculum & Instruction; EdD, University of Kentucky; IMA, BA, University of South Carolina
ZARAGOZA, SOCORRO, (2007), Associate Professor; Languages, Cultures, & Humanities; PhD, MA, Purdue University; BA, Universidad de Colima
ZEIGLER, SARA, (1996), Professor, Government; PhD, MA, University of California; BA, Reed College
ZHANG, CHENGYI, (2014), Associate Professor, Applied Engineering & Technology; PhD, Illinois Institute of Technology; MS, China University of Mining & Technology; BS, Harbin University of Commerce
ZHANG, CUI, (2012), Associate Professor, English & Theatre; PhD, Northern Arizona University; MA, Winona State University; BA, Hebei University of Technology
ZHANG, JIE, (2008), Associate Professor, Management, Marketing, & International Business; PhD, University of Central Florida; MS, MBA, Texas A&M University; BA, Tianjin Foreign Studies University
ZHANG, WEILING, (2010), Associate Professor, Management, Marketing, & International Business; DBA, MS, Louisiana Tech University; MBA, Southwest Jiao Tong University; BS, Guangdong University of Business Studies
ZOELLERS, MARGARET, (2014), Assistant Professor, Baccalaureate & Graduate Nursing; MSN, BSN, ASN, Eastern Kentucky University; AA, Sue Bennett College
ZZYAK, LI LI, (2019), Assistant Professor, Chemistry; PhD, University of South Carolina; BS, Northwestern Oklahoma State University
**Accreditations and Memberships**

**Accreditations**

Eastern Kentucky University is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award associate, baccalaureate, masters, specialist, and doctoral degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of Eastern Kentucky University. SACSCOC should be contacted only if there is evidence that appears to support an institution’s significant non-compliance with a requirement or standard.
